Pfc. WILLIAM A. LANE, Jr.

Marine Guinea Pigs Survive Spectacular Nevada A-Blast

By BILL BECKER

LAS VEGAS, Nev. (AP) — Two Marine corps battalions got their first taste of atomic fire today from a billiant A-bomb bursting low over Yucca Flat.

The bomb produced the most sustained fire ball seen by observers in a Nevada daylight explosion—somewhere from 10 to 12 seconds.

The explosion, however, appeared to be unusually concentrated and did not produce a cloud as spectacular or high as several previous blasts.

The 2150 Marines, dug in in foxholes and trenches less than four miles from ground zero, the target area, came through their test uninjured, preliminary reports indicated.

• • •

Two Anaheim men were among the Marines huddled in foxholes four miles from Ground Zero (the point directly beneath the exploding bomb). They are Cpl. Jack L. Marolf, son of Mrs. Gertrude Marolf, 23 Kroeger st., Anaheim, and Pfc. William A. Lane, Jr., son of Mr. and Mrs. William Lane of 1302 E. Santa Ana st., Anaheim.

• • •

The bomb was detonated about 2000 feet above the flat. It was released by an Air Force B-50 from Kirtland Air Force base, Albuquerque, N.M., from an elevation of perhaps 30,000 feet.

The Marines were in the same positions occupied by Army troops last week, but with the burst some 1500 feet lower they undoubtedly felt more heat. They also received a good jolt. Observers on Mt. Charleston, 50 miles away, received a sound wave and an echo five minutes after the blast, but no perceptible shock.

The impact of the bomb on ground zero raised a dust column which joined the nuclear cloud within 30 seconds—in sharp contrast to last week's high level detonation where the cloud hung isolated for minutes.

The fire ball's brilliance impressed press and civilian defense observers on Mt. Charleston, but the cloud and the column did not appear to rise more than 20,000 or 25,000 feet, whereas others have towered to 30,000 and 40,000.

Nor did the base of the column appear as wide as several in the past.

The cloud and column were

Contracting Firms Sued for $250,000

Suit for more than $250,000 damages was filed today in Superior court at Santa Ana by Fred Snyder, 44, Long Beach soft tester, who was injured when heavy equipment working on a runway at El Toro Marine Base ran over him.

Defendants named in the action were William Pennington, operator of the equipment, and the firms of Bressi and Bevanda, constructors, and A. Teichert and Son, Inc., said to be contractors on the runway job. The accident took place last April 4.

Citrus Market

Sunkist Growers, Inc., reported today all auction markets California oranges were lower.

Representative Prices by Size:
SUNKIST, First Grade—
100s 8.64; 126s 8.21; 150s 7.90; 176s 7.51; 200s 6.67; 220s 5.55; 252s 4.14; 288s 3.68; 344s 3.38.

126s 6.80; 150s 6.36; 176s 5.71; 200s 5.49; 220s 4.22; 252s 3.46; 288s 3.06.

Santa Ana Boy Wins in Third 'Talent Time'

Winner of the third "Talent Time" offering was Danny Salceda, 9, 1416 W. 4th st., Santa Ana. Playing an accordion almost as large as he was, Danny apparently made a big hit with the audience.

Selection of the winner was made by written ballot on the part of the theater audience. Votes were tabulated this morning by the judges: John Williams, Al La-Mont, Walter Swanberger and Frank Calbos assisted by Charlie McCallum, field secretary of the Anaheim Chamber of Commerce.

Surprise feature of the well balanced show was the appearance of Karen King, rising young Hollywood Star accompanied by her agent Sam Armstrong. The glamorous Miss King recently finished a picture with Robert Mitchum and Susan Hayward. The picture, "Lusty Men," produced by Howard Hughes, in which she plays the part of Jenny Logan, will soon be released by United Artists. She sang three numbers including "Ballin' the Jack," and "Cuddle" in a manner that proved highly pleasing to the crowd. Nicky Stewart, formerly with Jimmy Durante and now with the Leo Carillo group did a masterful job of emceeing and Gerry (Rainbow) Dillon did his usual fine job of accompanying the contestants.

Picnic Scheduled for Junior Fire Dept.; Fire Chief Praises Program

Several hundred Anaheim boys and girls were looking forward today to the forthcoming picnic in City park sponsored by the Anaheim Fire department for badge-holders in the Junior Fire department.

The local fire prevention program was begun early in January of this year and is carried on in the sixth grades of the local public and parochial schools.

Plans for the picnic scheduled for 1 p.m., May 24, include weinerbake and an afternoon of games and activities sponsored by the Anaheim Fire department.

During the four months the fire prevention program has been in effect, fire loss has been reduced to an all-time low, according to Chief Ed Stringer of the local department.

"More than 1500 fire correction slips have been returned by students in the seven schools handling the program," Stringer said.

The program is being coordinated in the schools by James Wilson of the local department in cooperation with Chief Stringer and City Administrator Keith Murdoch.

Schools under the direction of City Superintendent Paul Cook include Thomas Jefferson, Abraham Lincoln, Benjamin Franklin, Horace Mann and George Washington. Parochial schools include St. Boniface Catholic school and Zion Lutheran school.

It was pointed out by fire officials that only holders of the "inspectors" badge and "assistant chief" badge will qualify for the picnic. To qualify, children taking part in the program must have submitted not less than five correction slips to their school class, showing how possible conditions which could have caused a fire were noted and corrected.

Local Red Cross Asks for Flood Relief Funds

Anaheim Red Cross workers will be stationed on Anaheim's downtown streets tomorrow from 10 a.m. to 9 p.m., and Saturday from 10 a.m. to 5:30 p.m. to solicit funds for relief of the victims of the disastrous floods of the Missouri and Mississippi rivers last month.

Under the co-chairmanship of Mrs. John Wilson and Miss Frieda Janss, plans have been laid to set up tables with containers for contributions which will be manned by workers of the Anaheim chapter.

A plea for more funds to handle the flood relief was received from the American Red Cross, increasing the local quota of funds from $1100 to an as yet unnamed figure.

Good Shepherd Home Pledged LWML Support

The Lutheran Women's Missionary League of the California-Nevada district, Lutheran church —Missouri Synod, this week adopted the Good Shepherd Lutheran Home of the West as their Number One project for the year June 1, 1952, to May 31, 1953, it was announced this morning by Mrs. Cora Ulrich of 206 E. Alberta st., Anaheim, secretary of the board of the home.

Mrs. Ulrich returned yesterday from the convention of the LWML, held in St. John's Lutheran church, Bakersfield. Assisting her in presenting facts about the Good Shepherd home to the convention were Mrs. E. H. Kersten and Mrs. Paul Yorde, both of Anaheim. Three hundred women attended the convention.

Mrs. Ulrich said the LWML contribution to the Good Shepherd home fund will amount to approximately $2000 during the year, all of it coming from the mite box collections taken by the LMWL branches.

Organized to provide a Christian home for exceptional children, the Good Shepherd Home corporation was organized March 4, 1952, with the following officers selected to head it: A. J. Schutte, president; Emmett Engstrom, treasurer; and Mrs. Ulrich, secretary. Paul Yorde of Anaheim was president pro-tem during the organizational period.

WARDEL HQ. SET

State Senator Clyde Watson of Orange, member of the slate of delegates pledged to Congressman Thomas E. Wardel as opposed to the slate favoring Gov. Earl Warren for the presidential nomination, today announced opening of headquarters of the Wardel committee at 207 N. Broadway, Santa Ana.

CHICAGO—IDLE SHIPMENTS OF STEEL—Gondolas with their cargoes of steel, scheduled to be shipped to other steel plants, remain in the yards of U. S. Steel Co., South Chicago works yesterday, since other plants are shut down, with some 650,000 CIO United Steel Workers on strike across the nation.—(Associated Press Wirephoto)

Appeals Court Okays Steel Wage Hike by Government

WASHINGTON (AP)—The U.S. Court of Appeals by a 5 to 4 vote refused today to bar the government from raising wages of steel workers while it holds the seized mills.

The vote denying a plea from major steel companies that the court enjoin Secretary of Commerce Sawyer from doing anything about wages and working conditions was the same as that by which the court last night returned the steel plants to government control.

Only a few minutes before the court decision was announced, Sawyer had said in a statement he did not intend to take any "precipitate" action about wages.

"The government manager of the steel mills said the situation was so fluid that "the employees and I myself, and the operators too, are at the moment in a revolving door. We are neither coming in nor going out."

Sawyer also called in his statement for:

1. New negotiations by the industry and the CIO steelworkers union looking toward a bargained settlement of their differences.

2. Action by Congress to give the government some clear legal basis for dealing with situations such as the steel strike has created.

He said:

"We are now facing up to a situation which has long been impending where a titanic struggle

(Continued on Page 8)

Alienists Named To Check Sanity Of Aparicio

Prosecution of Julio Aparicio, 59, of Atwood, who was once convicted of murdering his friend, Santana Acosta, 57, and received a death sentence, will commence all over again this month.

The State Supreme court, on automatic appeal from the death sentence sent the case back to Orange county for a new trial ruling that the earlier procedure of convicting him first and then finding him sane, should have been reversed.

Presiding Judge K. E. Morrison in Superior court at Santa Ana yesterday appointed Dr. Hyman Tucker, head of Norwalk State hospital, and Dr. Harold E. Day, Santa Ana psychiatrist, to examine Aparicio and report on his sanity to the court May 15, at which time a hearing will be conducted.

If Aparicio is again pronounced legally sane, the date of his second murder trial will be set at that time.

In 1949, when Aparicio was charged with assault, psychiatrists declared him legally sane, but he was committed to Patten State hospital on the testimony of relatives and friends. He entered the institution Feb. 15, 1950, and was released there the following Sept. 15 as sane. The assault charge was dismissed.

In court, Aparicio told the jury that Acosta was in league with enemies who were trying to get Aparicio's property away from him. At his insanity trial, Aparicio refused counsel and told the jury not to find him insane, because he knew what he was doing.

Engineers Submit $3 Million Plan For Sanitation Treatment Plant

Preliminary plans for the proposed new treatment plant for the county sanitation program, together with principal trunk lines connecting there, were submitted to the district directors last evening by the design engineers, who estimated a cost of slightly more than $3 million for one plan and slightly less than that sum for an alternate plan.

The plans submitted by the consulting firm of Ken Harrison and Jack Woolley, of Santa Ana, with John Carollo, of the associated firm, Headman, Ferguson and Carollo, Phoenix, Ariz., were referred to Raymond R. Ribal, chief engineer and general manager of the joint sanitation districts. Ribal will study them and report to the directors May 14.

Their estimate of total cost of plans for the treatment plant and five main connecting trunk lines was $3,190,780, using present costs for constructing the original plan of Engineer Vinton Bacon in 1948, upon which the $8,308,000 sewer bonds were based. An alternate plan, using modifications of the Bacon plan suggested by the design engineers, was estimated to cost $2,988,700, an estimated saving of more than $200,000.

District directors last night approved payment of $22,764 as first-half payment for the preliminary plans. The design engineers said their estimates did not include contingencies and engineering charges.

Directors of District 1 (Santa Ana) called a meeting for May 27 at sanitation headquarters in the Santa Ana Community Center, to open bids on a proposed new trunk line extending from Santa Ana to the treatment plant. An estimate of $577,000 had been made for the line, which will extend about three miles.

Three Robbers Turned Over To LA Sheriff

Three prisoners captured by sheriff's officers in Santa Ana yesterday following a $500 market robbery at Costa Mesa were turned over to the Los Angeles county sheriff's substation at Norwalk for prosecution in connection with a robbery of a liquor store there.

David Keith, 30, his brother, Ralph Keith, 21, and Jerry Roman, 22, were said to have admitted the Costa Mesa robbery and several others in Orange county including the Hideout cafe on Euclid ave., near Anaheim, and Hunts grocery at Lincoln ave. and Hwy 39.

However, they were released to the Los Angeles county authorities for prosecution of the Norwalk robbery charge, where it was stated that a victim had been shot by the bandits.

Missing Plane's Wreckage Found In Brazil

MIAMI, Fla. (AP)—Wreckage of a missing Pan American world airways luxury stratocruiser was sighted near Carolina, Brazil, today and reports said there was no sign of any survivors.

The plane disappeared April 29 with 50 persons aboard, 19 of them Americans.

PAA officials in Miami said messages indicated the aircraft had split in two and burned.

The wreckage was spotted by a searching PAA C-46 type cargo plane in the vicinity of Carolina, some 400 miles southeast of Belem.

Carolina is a river port of about 3500 population and has a large airfield.

The stratocruiser apparently was heading there when it went down.

The $1,250,000 craft disappeared on a flight from Buenos Aires to New York. Scores of search planes have been covering a vast area of jungle and plateauland in an effort to locate it.

The plane was last reported somewhere between Barreiras in mid Brazil, and Carolina, about 300 miles north.

PAA officials said Carolina is on the Tocantins river due south of Belem and about 1100 miles north and slightly west of Rio de Janeiro.

Barbara Ryan Wins Annual Elks Youth Contest

Miss Barbara Ryan, daughter of Mr. and Mrs. Richard Ryan, 527 South Indiana st., in a statewide contest conducted by the Benevolent and Protective Order of Elks, won third place among California girls in the annual Elks Outstanding Youth Leadership Contest. Miss Ryan, a senior at Anaheim Union High School, has been named one of the three valedictorians of the graduating class. Her impressive records include such honors as representative at California Girls' State, being chosen from Anaheim to enter the Daughters of the American Revolution contest, delegate to the YMCA Youth and Government Model Legislature at Sacramento.

The industrious young lady has served as president of Girls' League, secretary of Girls' Athletic association, vice-president of the Honor Society, and boasts an impressive A rating to compile a perfect school scholastic score.

Under the guidance of Al Raymond, Exalted Ruler of Anaheim Lodge, the local club carries one of the most active programs in the district. Sponsoring a Cub Pack of 65 boys, a full Sea Scout contingent, along with such annual highlights as the Elks Christmas party, the Anaheim Boy Scout and Youth Activity program specifically places a proper emphasis on youth.

"HANSEL AND GRETEL" OPERETTA FRIDAY

"Hansel and Gretel" by Humperdinck, an operetta beloved by young and old, will be presented Friday at Lincoln school's Open House program at 7:30, by the combined fifth and sixth grades, directed by Mrs. Cecilia Barnes and Wilford Edelbrock.

MAY DAY FIOT—This semi-general view shows rioters in Tokyo throwing rocks and sticks at policemen in a May Day anti-American demonstration. Three times they stormed 1000 steel-helmeted police. The police beat back the human waves of rock-throwing, club-wielding rioters with tear gas, clubs and guns fired into the ground. At least 100 persons were injured, some were Americans.—(Associated Press Wirephoto via radio from Tokyo)

Bloody Red-Leftist Riots Mark May Day Celebration

By The Associated Press

Riots, strikes and rival demonstrations by communists and non-communists flared around the world this May Day as the workers of the world—far from united—showed their colors and shouted their creeds in the cold war.

Tokyo was blooded with violent riots.

Tense Berlin, guarded by police and troops, staged rival demonstrations with the opposing factions in sight of each other.

Soviet Premier Malenkov spectacularly authenticated pro-red celebrations by appearing at Lenin's tomb to watch Soviet might troop through Red square.

MAY WEATHER

What's the weather outlook for May?

The Weatherman, in a note to newspapers, says he expects the following conversation will be typical over his telephones in Los Angeles for the coming month:

"No . . . it is not going to rain. It just looks like it."

"Yes . . . the sun will shine this afternoon at the beach."

"No . . . it is not unusual for the sun to come out so late. The trouble is your clock is one hour ahead of nature."

In general, the forecaster said, it will be cloudy mornings and partly cloudy afternoons, with sudden hot spells unlikely. There should be a little rain, probably enough to make this season the fourth wettest on record in Los Angeles.

Registered Voters Increase by 9000 In Orange County

Reflecting considerable population growth in Orange county during the last year and a half, increasing of nearly 9000 voters since the general election of 1950 was shown in registration figures announced today. The new total, 112,551, is a record. The 1950 general election total was 103,612, the record high up to that time.

Republicans widened their margin over the Democrats in the new registration figures reported by Lillian Angle, heading the registration department of the county clerk's office. There are 58,452 Republicans and 49,986 Democrats, giving the GOP a lead of 8466.

The Republicans were ahead only 1652 in November, 1950 general election, when the count was 50,525 Republicans and 48,873 Democrats. Democrats gained 1113 since November, 1950, while Republicans gained 7927.

Figures for the primary election of 1950 gave Republicans 47,441 and Democrats 45,782, a lead of 1659, and a total of 97,372, which is 15,179 below the registration for this year's primary.

New York readied a parade down Eighth avenue with 1800 police and detectives alerted to watch. But Louis Weinstock, organizer of the combined communist and leftist demonstration, was slated for another day in court where he is on trial with 15 other secondary red leaders.

Singapore was a contrast. About 5000 Chinese, Indians and Malays observed the international labor holiday by saying prayers for the dead of the two world wars.

In Tokyo, thousands of communists, swinging clubs and throwing rocks, burst through police lines upon a peaceable non-red crowd of 300,000.

Witnesses said more than 1000 persons—some of them Americans—were injured. Two American speakers—socialist Norman Thomas and the president of the American Brotherhood of Sleeping Car Porters, J. Philip Randolph—retreated from Meiji Park in Tokyo without having a chance to address the non-red workers.

Communists stoned the Dai Ichi building, until recently Allied occupation headquarters. More tried to cram into the forbidden plaza before the imperial palace. Police drove them back with clubs and tear gas.

Americans were shoved and hit by rocks. Two U.S. sailors were thrown into the palace moat. The wife of a Navy man was mauled. Two American photographers were roughed up and one was stoned three times. Twelve American-owned automobiles were overturned and burned.

American children were sent home early and told to stay in their houses.

The rioters stormed for five hours, waving red banners, carrying pictures of Stalin and shouting: "go home, Yankees."

About 3,000,000 Japanese turned out throughout Japan for more than 400 rallies. The only reported violence was in Tokyo.

Soviet troops and workers paraded before Stalin. His son, Vassily, a lieutenant general in the red air force, led aerial squadrons in a thundering stream over Moscow's sunlit Red square.

Stalin's last public appearance was on March 29, at a meeting of Russia's Supreme Soviet. He had watched last year's May Day parade.

Robeson Denied Use Of SF Opera House

SAN FRANCISCO (AP)—Barred from singing in this city's war memorial opera house, baritone Paul Robeson will give a May 22 concert in the 1800-seat auditorium of the Macedonia Missionary Baptist Negro church.

The opera house trustees refused a permit for the concert after Mayor Elmer Robinson denounced Robeson, an admirer of Russia, as a "concert of communists."

Anaheim High Baseball Victory Over Tustin Features Triple Play

After a see-saw battle that was highlighted by a triple play and saw the locals come from behind twice to tie up the ball game, Anaheim high's baseball team dropped a practice game, 9-6, to Tustin high in a game held last night on the La Palma park diamond.

Tuesday the Colonists won their league opener against Santa Ana, 2-0 and this afternoon were scheduled to take on Huntington Beach in their second loop contest.

Yesterday's practice tilt opened with three runs scored for Tustin in the first and second frames as a triple scored a walked batter in the opening canto and a walk and two successive singles scored two more in the second. Dick Gonzales, in his first hurling of the year, chucked the first two.

The Colonists then opened up with a brief barrage of hits to tie the score at 3-3, as reserve pitcher Eddie Harker took over mound duties. The rally got going as Lupe Gonzales got on a base-on-balls, Roberts made first on a fielder's choice, Steinborn walked and Wiethorn singled to score Roberts. Steinborn then scored on a fielder's choice and Wiethorn came home on Bishop's infield out.

The fourth inning saw an attempted Colonist rally squashed as the Anaheimers hit into one of those once-in-a-lifetime triple plays.

It all began as Fred Head singled then Dick Gonzales walked and Lupe Gonzales beat out to second base. The alert Tustin men fired from second to first to beat out Lupe, then fired to shortstop to tag Head to retire the side.

* * *

FOR THE FIRST four innings neither side was able to score a run. Then in the top of the eighth Tustin scored two men on a single after a walk and error. The Colonists charged back in their half the inning, however, to briefly tie up the game again at 5-5 as Bishop got on on an error, Hatfield walked, and Bishop came in on D. Gonzales' infield out. Hatfield roared home on a bad pitch.

It appeared Tustin was to retire scoreless in the top of the ninth as a brisk double play put two potential scorers out of business. Then the roof caved in as Tustin batters cracked out three quick singles and, Burke, who already had two RBI's for the day, smashed out a triple to score three runs. Burke himself came home on an error.

Anaheim's final run came in their half of the ninth as Wiethorn, safe on an error, came in on Hererra's triple.

Seattle Begins to Show Signs of Life As Team Take Second Straight from LA

After a dismal start, Seattle, pre-season favorite to repeat as Pacific Coast League champion, is showing signs of power.

Bill Sweeney's Rainiers have tied into Los Angeles, a club of proven strength, and come up with two impressive wins. The boys from Washington took the series opener 1-0 in a 10-inning pitchers' duel and came back last night to blast five pitchers for 15 hits and a 15-6 decision.

The victories pulled Seattle out of the cellar into seventh place, 6½ games behind the leading San Diego Padres.

The Angels' sixth loss in seven games dropped them to third. Manager Stan Hack employed five flingers. Ace Eddie Chandles failed to survive the first inning, in which Seattle racked up four runs.

Al Lyons was the most murderous of the rampaging Rainiers, accounting for six runs, three of them on a bases-loaded triple and another on a homer. George Vico also homered with two aboard.

* * *

THE PORTLAND - Oakland game was rained out and they'll play a double-header tonight.

At Sacramento intermittent showers fell during the last five innings. The dew didn't bother the Hollywood Stars, who won 9-5.

In the final frame Sacramento loaded the bags but the game ended on a ludicrous note. First baseman Mike Glynn bounced one off the right field wall but confusion ensued and only one runner scored. The other two were trapped in a double play.

At San Diego the Padres made it two in a row over San Francisco. They grabbed a 6-0 lead in the first inning and went on to win 7-4. The six tallies came on four hits, two walks, two errors and a hit batsman. Al Lien, Seal starter, and reliefer Matt Zidich were both jerked in the first and it took Bill Boemler to finally retire the side.

Eddie Stanky Inserts Stanky At Right Time

By JACK HAND
Associated Press Sports Writer

Cagey Eddie Stanky picked the right spot to throw his "intangible" into his St. Louis Cardinal starting lineup.

Beaten Tuesday night by Brooklyn's Preacher Roe for the eighth straight time and wandering two games under .500, manager Stanky finally pulled the sheets off second baseman Stanky.

The impact of Stanky's presence in the lineup against Brooklyn could be seen in the very first inning. "Stanky walked" the play-by-play read. Before the first inning was over it also read "Stanky doubled down the left field line, Westlake and Bilko scoring." The Cards scored six runs in that first inning, knocking out Chris Van Cuyk.

Stanky walked twice more before the night was over while Gerry Staley, his ace, became the first four-time winner in the major leagues this season. It was his ninth straight since last August.

Red Schoendienst, shifted to third base, took to his new position like a duck to water. He handled four chances faultlessly and smashed a bases-loaded home run off Bud Podbielan in the fifth inning.

While the debut of Stanky and the Brooks' crushing 14-2 defeat stole the play in the National League, the American was saying its farewells to two fine ball players—Ted Williams of the Boston Red Sox and Gerry Coleman of the New York Yankees, both of whom go into the Marines.

The 20th annual Eastern Intercollegiate Tennis Championships will be held during the week of June 15 on the courts of the U.S. Military Academy at West Point.

Cypress Team Continues Win Streak, 4-3

The Cypress Merchants softball team continued its winning ways by downing the Koopman's Furniture sponsored nine, 4 to 3, last night. Winning pitcher Eddie Arbisco tied up the 2 to 3 ball game in the fifth inning as he led off with a single to right field, advanced to second on a fly ball, and scored on a outfield error.

Arbisco gave up only five hits and struck out 10 men. Koopman's pitcher gave up three hits, but walked seven batters.

Shortstop Dick Gulman of the Merchants collected a two base blow in the sixth inning to drive in Richard Arbisco with the tie breaking run. Left fielder Nemecek highlighted the game by hitting a towering triple to center field, only to be thrown out at the plate when he tried to make it into a homer.

Two Local Men Run at Chaffey

Two Anaheim high track men of the four who'll go southward to San Diego State oval Saturday for the CIF prelims got a trial 880 workout yesterday as they competed in the Chaffey Invitational Track and Field meet at Chaffey high school.

Ira Webber, constantly improving 880 man who placed second in league finals last week, took a fourth place spot in a 2:4.5 two lapper, while AU miler Dick Reed copped a seventh in a field of 17 men in the same event.

The last chance for Southland track men to get in a practice conditioner run before CIF finals get under next week, the meet attracted schools throughout Southern California.

New York (Hearn 1-0) at Pittsburgh (Queen 0-1).
Boston (Bickford 0-1) at Cincinnati (Wehmeier 2-0).
Philadelphia (Roberts 2-1) at St. Louis (Chambers 1-0 or Schmidt 0-0) night.

IN KENTUCKY DERBY

LOUISVILLE, Ky. (AP)—Gushing Oil, winner of the Louisiana and Arkansas derbies and owned by Texas oil man Sam Wilson, Jr., was the first horse entered today for Saturday's running of the $100,000 added Kentucky Derby.

Gushing Oil, one of the best liked horses of the expected field of 16, was entered by his trainer, Joe Jansen at the special entry box set up on the back stretch.

The trainers have until 8 a.m. (PDT), tomorrow to name their horses for the classic and there was no rush for the entry box. In fact there were indications that not many of them would be entered before tomorrow morning.

Softball Notes

Tonight the Industrial Softball League will go into full swing at the City park.

In the first game Chicksan will do battle with Robertshaw-Fulton at 7 p.m., and P & L Transmission will lock horns with Kwikset Hornets in the second game of the evening to start at 8:30.

The league will play 10 games in the first round and than start the second round on June 3 and play another 10 games when the playoffs will begin.

Tomorrow, Knott's Berry Farm boys will tangle with Real Gold at 7 p.m. Only game scheduled.

The Industrial League is a new league this year and consists of six teams: Chicksan, Robertshaw-Fulton, P. & L. Transmission, Kwikset Hornets, Knott's Berry Farm, and Real Gold.

Monday night the City League will see action. Cypress VFW will meet Magnolia Stars in the opener at 7:00 and Cypress Merchants will tangle with Alex Tamale in the second game at 8:30, at the City park.

This year the City League is split into two leagues which will be known as the American and National leagues. In the American league Cypress Merchants, Anaheim Merchants, Alex Tamale, Hunt Foods, Davies Bakery, and Koopman's Furniture will make up the roster.

The National league will consist of Church League Stars, Magnolia Stars, Los Alamitos Merchants, Stanton Merchantil, Cypress VFW, and Noethrop.

Every night of the week you will find great teams in action and lot of excitement. Be a softball supporter and be on hand at these games.

For Health, Eat California Fruit

WHITTIER GRID PRACTICE

WHITTIER — Spring football practice for approximately 30 Whittier college grid candidates got underway this afternoon and will continue daily for about three weeks under the direction of Coach George H. Allen and two assistants. Seventeen lettermen from last year's team, winner of only two out of nine games, were expected to be numbered among the 1952 hopefuls.

Anaheim Tennis Notes

Success of the first Anaheim Closed Tennis championships seems assured as many entries for the eight scheduled events have been placed with the Anaheim Recreation department, sponsor of the tournament, with deadline for participation still a week away. Matches will be played on the City park courts on two successive week-ends, May 10, 11, and May 17, 18, with winners in all events receiving gold tennis statuettes, and runners-up being awarded tennis medals. Entries for juniors will be 50 cents to cover the cost of balls and trophies, with open events being one dollar per players. Those unable to play on week-ends may schedule their own matches during the week as all entrants are local netters.

* * *

THOSE ALREADY definitely signed to play are:

Men's singles: Bob Carlson, Julian Martinez, Alec Faigleman, Dick Hanson, Floyd Baker, Bob Hoskins, Bob Owston, Earl Ryan, Bob Simon, Bob Santabanez, Owen Willeford, Jim Webb, Glen Lehmer, Ron Brandon, and Jim Wright.

Gerry Coleman Will Report to Los Alamitos

NEW YORK (AP) — The world champion New York Yankees bade a fond so-long—but not goodbye—to Gerry Coleman today as the star second baseman left for his home in San Francisco before switching to his new duties as Captain Gerry Coleman, United States Marines. He reports Friday to Los Alamitos Air Base, west of Anaheim.

GREAT 3-DAY SALE!... FRIDAY, SATURDAY, MONDAY

Social and Club Activities

Pat Terrebonne — 2206

ORIGINALITY AND SKILL were evident in the lovely fashions modeled yesterday morning by their own designers when the Annual Home Demonstration day was held at the Ebell club here. —(Gazette photo by Kreidt)

Home Demonstration Day Attended By 200 Orange County Women

More than 200 women from throughout Orange county were present at Anaheim Ebell club yesterday for the annual Home Demonstration day activities.

Highlight of the morning session was a fashion show in which approximately 100 women modeled garments they have made under the direction of various project leaders. An interesting feature of the show was the fact that it took into account pattern alteration. Leaders were directed in their teaching by Marion Prentiss and Lora Ward. Mrs. Dean Smiley of West Orange senter and Mrs. Ben Councilman of Silverado gave the commentary. Stage setting was by the SQR. story.

Individual scrolls were presented to each project leader by Miss Lucy Allen.

The Babbling Busybodies from Garden Grove presented a demonstration of spot removing. Jill Menzimer and Priscilla Barker were the 4-H girls who participated.

Concluding the morning program was the showing of slides on work being carried in in county departments.

Following a pot-luck lunch in city park the meeting reconvened for a talk by Mary Swift Beeks-Long Beach attorney, whose subject was "Women in Law."

Red Cross Canteen At Stanton Has First Activity

The Stanton Red Cross Canteen held its first organizational meeting and lesson of instruction Tuesday morning in the Stanton Lions Community clubhouse with 29 members registered under Mrs. Marjorie McBratney, canteen chairman appointed by the Savanna Civil Defense council, sponsors.

Miss Louise Thomas from the Southern Counties Gas company in Santa Ana, is the instructor selected by the Anaheim Chapter of the the American Red Cross helping to organize the new canteen which will be under their jurisdiction.

The next of the five meetings in the certified course will be Tuesday, May 6, at 9:30 a.m.

Members signed up to date are Mmes. Goldie Rutel, Jesse Allen, Bernice J. Pesterfield, Marie Thompson, Mabel Hacker, Mayme A. Coolidge, Pat Coolidge, Selma O. Taylor, Edith U. Evans, Pearl Rube, Florence Muraoka, Caroline Dubbs, Mabel Pollack, Hortense Wiesner, Marion Trantham, Helen McLean, Violet H. Howard, Alvylde Rutledge, Pat Dunbar, Verna Daniel, Anna E. Russell, Gertrude K. Raidy, Mary McClure, Marie Eastwood, Cynthia Briggs and Miss Delores Amling.

Any resident in the Stanton area interested in joining this canteen may contact the Savanna Red Cross chairman, Mrs. Ethel Korn, or the personnel officer, Mrs. Florence P. Black, who are organizing the class.

Women's Advisory board of the YMCA will meet tomorrow at 9:30 a.m. with Mrs. Willard Olding on Winston rd.

Toastmasters—6:30 p.m., Lum's cafe.
Job's Daughters—7:30 p.m., Masonic Temple.
American Legion Post 72—8:00 p.m., 526 N. Lemon.

Hospitality Tea For New Residents Saturday, May 3

The regular monthly Hospitality Tea sponsored by the Retail Division of the Anaheim Chamber of Commerce will be held Saturday, May 3, at the Dorothy-Wade Dinner House. Hostesses for the tea will be the ladies of the Altrusa club.

All ladies who moved to Anaheim during the month of March have been invited to the tea. The Retail merchants have taken this means to give the ladies a welcome to the city. The Altrusa club acting as hostesses have arranged a good program to tell the newcomers about Anaheim.

Plans for the May tea are under the direction of Mrs. Hildreth Ferrell of the Altrusa club and Mrs. Vera Auest, chairman of the Chamber of Commerce "Welcome Neighbor" committee. A lunch will be served by Dorothy Ford, proprietress of the Dorothy-Wade Dinner House, as her special contribution to the event. Flowers for the occasion are to be furnished by Carmen's.

The committe has sent printed invitations to all newcomers who moved into the city during the month of March. They point out however that some ladies may have moved in during the month whose names were not made available to the invitation committee. So, the committee wishes to emphasize that all March newcomers are invited to attend the tea whether they received any invitation or not. For additional information, call the Chamber of Commerce.

YLI District Conference Held

The YLI District committee was held Saturday, April 26 in San Clemente Church hall. A dessert luncheon served by Hefferman Institute preceded the meeting.

The meeting was presided over by Ann Hennessy, district deputy, and plans were made for furthering the campaign for Helen Krom, of Fullerton, who is being sponsored by Districts 17, 11 and 20 for Grand Second Vice President. Delegates and members who are planning to attend the grand convention at Sacramento are requested to contact the campaign chairman of their institute, and give her the time and date of arrival so that the reservations can be sent in at an early date.

Important matters pertaining to institutes in District 17 were discussed, and Ann Hennessy thanked all the members for their loyal co-operation accorded her this past year which made the year so very successful.

Those attending from Anaheim were Bonnie Jolissaint, Jean Lampher, Opal Rimpau, Anne Treanor, Elsie Benner, and Agnes Zinda.

County Employees Trumpet Merits Of Non-Partisan County Government

Will rapid population growth of California, bringing thousands of new residents from eastern and midwest states where the party spoils system of government extends even into city and county government, upset the nonpartisan system of county government in California?

That question it said to be related in some degree to the project of the Orange County Employees association called "Know Your County Government," which will be presented on Demonstration Day, May 17. County employees want the public to know what nonpartisan county government is like.

The impact upon California's nonpartisan county government which might be made by accumulating pressure of new citizens from states where the spoils system still exists, cannot be disregarded, some observers here contend.

People used to the party spoils system might want to transplant it here, it was suggested, unless they see the nonpartisan type is better.

The possibility and its attendant danger to the integrity of California county government is one of the important motivations behind D-Day plans of the county employees, who will devote their usual Saturday holiday to exhibiting, demonstrating and explaining county government to the people of the county.

"County employees," said one official of the association, "are just like employees in private industry—they like to work for a good firm or organization. County employees believe that county government can be good only if its stockholders, the taxpayers, and the public generally, are well-informed regarding it.

"Orange county employees," he added, "take pride in their work and the service government gives. They have ways of comparing their government with that of other counties and they are convinced that no other county has higher standards.

"They believe that the party spoils system would destroy the integrity of county government and lower its standards, by periodic political upsets that would bring new and untrained employees into government. That feeling has been a determining factor in the decision to present the "Know Your County Government" project to the people on May 17."

Anaheim Gazetteer

by JOHN S. NEUBAUER

. . . He sendeth rain on the just and on the unjust.—Matt 5:45.

* * *

NOSTALGIC YESTERYEAR — A year ago today the news budget included a story about New York's ex-mayor O'Dwyer. He was charged by a Senate group as aiding gangsters. . . The Chinese lost May Day fight to take back Seoul and pulled their troops back. . . News of the death of **Lotus H. Loudon**, 60, Anaheim publisher and civic leader, shocked the hometown. . . Sgt. **Edward P. Gilbert**, 26, was killed and John Carlisle, 22, also a Marine, was injured in an accident near Tustin. . . **Paul Alexander**, 38, drowned when a small boat he tried to salvage capsized. . . The Zion Lutheran Ladies Aid celebrated its 40th anniversary. It was founded by Rev. H. G. Schmeltzer, May 4, 1911. Mrs. Elizabeth Groud, Mrs. Otille Heming, Mrs. Adolph Martens, charter members, still reside in Anaheim. . . **Frank Fregoso**, 45, was knocked down by a car backing from a parking space. Mrs. **Sara D. Hastings** was the driver. . . A rash of mischief broke out as Anaheim youngsters literally raised cain. . . That's what happened a year ago. Remember?

* * *

ANAHEIM NEEDS — Now that a special census shows Anaheim to be a city of 17,087, it becomes all the more apparent that adequate hospital facilities are needed. Special Census Supervisor E. B. Lewis' figures indicate that Anaheim added 2565 people in two short years. Anaheim will be a city of more than 20,000 in two years. Anaheim is just beginning to grow—population-wise.

* * *

LINES-O-TYPE — **Alvin Rogers**, the motorcycle officer, cuts a handsome figure, but hardly as glamorous as **Cap Aardads** who was really one of Anaheim's finest riding that steed in the good olde days. . . **Ernest Crane**, the ambulance man, is taking time out from his errands of mercy by helping to promote the Fullerton Lion's Club's Community Fair this week. . . **Kenny Foster** doesn't know where he'll go to open the trout season. He hasn't been doing so well on his recent surf-fishing expeditions. . . Incidentally, **Jo Ann Burdick** was runner up in the Fullerton Fair Queen contest. She was second to **Ann Harrington**, daughter of **Frank Harrington** who with **C. Gilmore Ward** runs one of the largest lumber concerns in the county. . . The Mayor of Orangethorpe, **Max Boyer**, has a "For Sale" sign staked out in front of his home place.

* * *

RELIEF—A lot of well known Anaheimers are happy with the decision made by Federal Judge David Pine over ruling President Harry Truman's seizure of the steel mills, but they wouldn't want to be quoted on it.

* * *

OIL STRIKE — Long before there was a CIO, there was an oil workers' strike in California. In the 1920's some sharpie organized an oil workers' union. To show his power a strike was called. It fizzled. And the union heads went south with the membership dues. The fields in and around Brea were to be tied up. The sheriff deputized everyone and his brother to prevent damage to the company property. Old time oilworkers will recall the electrifying, spine-tingling atmosphere that accompanied the strike. The winter oilworkers were the victims of their "bosses" in that one, because the oil companies discovered they could shut down an oil well without having it sand up. Prior to that time, wells were kept going on around-the-clock schedule for fear of losing them. After that, wells were pumped just long enough to make their production.

* * *

NITECAPSULE — Really, now, a lot of trees are very feminine; they get a new outfit each spring and live off of the sap during the

Cpl. Phillip Yorba On Rotation to U.S.

WITH THE 25TH INFANTRY DIV. IN KOREA—Cpl. Phillip J. Yorba, Jr., of Route 3, Box 21062, Anaheim, recently left the 25th Infantry Division on the Korean front for rotation to the United States.

A veteran unit of the Korean war, the 25th was one of the first to see combat. It recently has been engaged in patrol action near the 38th parallel.

Yorba, who entered the Army in December 1950, arrived in Korea in July and served as a motor sergeant in Medical Company of the 25th Infantry Regiment. He was awarded the Combat Medical Badge.

Red-UN Korean Losses Compared

UNITED NATIONS, N. Y. (AP)—Twenty-two months of war in Korea have cost the United Nations forces an estimated 419,456 casualties and the communists 1,666,369, a summary of available reports showed today.

The U.N. figures came from member delegations and semi-official sources polled periodically. The Chinese and North Korean toll is estimated bi-weekly by the U. S. Army.

On the U.N. side the biggest loser has been the Republic of (South) Korea. Sources there put the total casualties, up to early this year, at 301,864—29,494 dead, 101,097 wounded, 105,672 missing and 65,601 prisoners of war.

The U. S. figure announced last week was 107,666, including 16,893 dead.

German shepherds, Doberman Pinschers and Boxers are examples of the so-called "working" dogs as opposed to the hunter type or mere pets.

FCC Radio Detective Quits; Not Enough Money to Operate With

SAN FRANCISCO (AP) — The single official responsible for detecting spy and other illegal radio transmitters throughout northern California and Nevada quit last night.

Insufficient manpower and inadequate equipment was the reason given by Frank Roach, supervisor of investigation for the Federal Communications commission (FCC).

He said engineers in similar posts across the country also are snowed under. He blamed it all on "inadequate appropriations for the FCC."

The result, he said, is that:

1. Lives of airline passengers are endangered. "There is always the possibility in unexplained (airplane) crashes that the cause was directly attributable to radio interference."

2. Armed Forces communications are threatened.

3. The way is open to gamblers to transmit race results to bookmakers. "I know there is a ring of gamblers in the East bay with radio transmitters in their cars. But . . . how can one man catch them actually transmitting?"

4. It is difficult to detect any cases of subversive transmitters. "I just don't know," Roach said, "whether there are any spies using radio transmitters . . . we don't have enough men and proper equipment to find out."

An object out in interplanetary space, away from the attraction of the earth or another planet, would have no weight but would still have mass.

Sandbag Disposal Stumps Army After Floods

The battle to save Council Bluffs and threatened sections of Omaha across the river had involved upwards of six million sandbags. Better than half were filled.

When the flood threat passed, Army engineers found themselves in a quandary; what is the most economical way to dispose of a used sandbag?

While the Army was discovering that it costs more to reclaim a used sandbag than to buy a new one, some residents were solving the problem in their own way. Stockpiled bags melted away as passers-by stowed them in the trunks of their cars.

Meanwhile farmers whose lands had been flooded gauged their losses in terms of the coming season's crops. At hard-hit Onawa, Ia., A. E. Muir, president of the Onawa State bank, said he believes less than two per cent of 124,000 acres in Onawa county which were flooded will be lost to production this year.

Police Seek Modern Lady Godiva

SOUTH PASADENA (AP) — Police searched enthusiastically early today for a modern-day Lady Godiva, reportedly attired in nothing but a poodle haircut and astride a motorcycle.

She was first reported speeding in the nude across San Pasqual bridge. Motorcycle officers from this city, Pasadena and Los Angeles joined the hunt. One officer reported sighting a motorcycle without lights in the area. But it got away.

The Lady Godiva never was found.

State Water Division Shows Rainfall Effect

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Some idea of the huge amount of water which soaked California in the form of rain and snow last fall and winter can be obtained from figures released by the State Division of Water Resources.

Although no one probably ever will know just how much water flowed back to the sea, the division's extensive and complicated system for rain and snow measurements, and calculations of runoffs give some idea of the wasted water, which is greater storage space were available, could be put to beneficial use.

The division estimates that from April 1 to July 31, the runoff season, the rivers heading in the Sierra Nevada, which find their way into the Sacramento and San Joaquin, will have a total run-off of 28,450,000 acre feet. This is from the 12 major streams.

There are 27 major reservoirs in the Sierra, according to the division, which have a total capacity of 7,901,700 acre feet of water. These reservoirs on April 1 held 5,627,110 acre feet of water, and releases were virtually at maximum to allow for flood control, and later storage when the snow runoff starts in earnest.

• • •

EVERY RESERVOIR, the division predicts, will be spilling by the time the snow is gone this summer, and a good wet storm at the present time, would result in filling even faster.

Largest reservoir is Shasta dam, on the Sacrament river, which has a maximum capacity of 4,500,000 acre feet. This week, the lake had filled to a total of 4,428,000 acre feet, which, officials said, means but little space is left for the heavy runoff expected from the Sacramento of 2,800,000 acre feet of water which the dam can't hold.

The runoff is computed in addition to the storage capacity of the major reservoirs, which means that as nearly as can be computed during the four month period, there will come from the mountains a total of 34,441,700 acre feet of water. And out of this total a little better than a fifth will be stored for irrigation, power and municipal and industrial usage. An additional 300,000 acre feet may be stored if the Pine Flat reservoir, partially completed, is used for storage purposes this year.

• • •

SOME STORAGE, of course, will be effected through natural underground reservoirs and increasing heights of the water table in the underground basin. How much is a matter of speculation, and no survey on a state-wide basis has been completed as yet to determine the increase.

Water officials pointed out that more reservoirs providing huge storage capacities will materially assist in the water conservation program. But they were skeptical as to when there would be another wet year similar to 1951-52. The last comparable season was in 1938, but the anticipated April-July runoff for 1952 averages somewhat more than in 1938.

The division and other water experts have concluded that with normal temperatures, the state faces no such flood conditions as were experienced in 1938, and the exceptional snowpack of the current year, it was stated in a special report of the division, although it has evoked wide comment on imminence of floods during the runoff periods, presents no danger of disasterous floods "if normal temperatures prevail."

The Philippine Republic won its independence from the United States in 1946.

CONQUER YOUR CONSTIPATION

A remarkable medical discovery is offered in McCoy's Norm Tabs. You can quickly conquer your constipation and restore regularity. No violent purging—no musts—no fuss—nothing to mix. McCoy's Norm Tabs create a soft gel bulk and give you comfortable bowel movements. They are harmless to take over any length of time and the dose never has to be increased. Easily carried in your purse. 21 Tabs 25c, 90 Tabs $1.00 100 Tabs $2.00. On sale at McCoy's Drug Store, 106 W. Center, Anaheim. (adv.)

NEW MARKET TEAM—"Right about there is where the meat packaging room will be," Ray Allen, proprietor of Ray's Market, 721 S. Los Angeles st., tells his co-workers, Bill Adkins, left, and Butcher Russ Rippy, right. Rearrangement and redecorating of the store will be done sometime this month. — (Gazette photo by Kreidt)

Ray Allen Resumes Operation of S. Los Angeles St. Food Market

A well-known figure in local food merchandising circles, Ray Allen, has resumed operation of Ray's Food Market at 721 S. Los Angeles st.

Allen originally purchased and opened the market in 1945 and operated it until 1950 when he opened a new market and leased the store at 721 S. Los Angeles to another operator. This year Allen sold out his interest in the new store and concentrated on a grocery in La Habra. Recently he resumed operation of the Anaheim market.

His plans include a complete rearrangement and redecoration of the store. Sometime this month, he said, he will convert the meat market to a self-service, packaged type of service. Packaging will be done in a rear room which is to be refrigerated and especially-equipped for the operation.

The store will remain open from 8 a.m. to 9 p.m., seven days per week.

Allen's merchandising experience began in 1933 when he arrived in Santa Ana from Texas and began working for the Smart and Final wholesale grocery concern. He was with them for 10 years. He is affiliated with Certified Grocers, the largest food cooperative in the United States, which, Allen says, permits him to merchandise his products at favorable prices.

Bill Adkins is working with Allen in the grocery and Russ Rippy handles the meat market.

Allen and his family, including his wife, Ruth, and children, Mark, 9, Linda, 8, and Robert, 6, live at 326 S. East st. He is a member of Anaheim Elks club.

MORE ABOUT . . .
Steel Strike
Continued from Page 1)

between giant industry and giant labor results in a paralysis in which our whole economic and social life may be at stake.

"It is time for the Congress to meet that situation calmly, wisely and promptly."

In the steel towns, the mills were closed up tight and union pickets were stationed about them.

However, Sawyer said he did not feel the men were now on strike against the government since their walkout came when U.S. District Judge David A. Pine ruled on Tuesday that the government seizure was illegal and the mills must be returned to their owners.

Yesterday, the government got an order from the court of appeals which has the effect of holding up Pine's order pending an appeal to the Supreme Court.

NAVY RECRUIT

Undergoing recruit training at the U.S. Naval Training Center, San Diego, Calif., is Pascie G. Pope, seaman recruit, USN, son of Mr. and Mrs. J. C. Cook of 7121 Thornton, Anaheim.

Pope, who entered Naval service on March 24, 1952, worked as a banker.

YOUNG & THOMAS GET PAINTING LICENSE

SACRAMENTO (CNS) — The contractors state license board announced today that Young & Thomas, 810 N. Lemon st., Anaheim, have qualified for a painting, decorating and paperhanging license.

MORE ABOUT . . .
A-Bomb
(Continued from Page 1)

swiftly dissipated by medium winds. Fifty minutes after the blast only two long streaks were visible in the blue desert sky between Las Vegas and the test site, 75 miles away.

The fire ball burst at 9:30 a.m. (11:30 a.m. EST) and hung luminously over the low mountains for at least 10 seconds. It narrowed gradually but flames were perceptible for probably another five seconds as the cloud began forming.

Spanish conquistadors of the New World trained dogs to fight the Indians.

County Hospital Sets Open House

Orange County General hospital will observe National Hospital day Saturday by having open house from 1 to 4 p.m., it was announced today by R. D. Powell, hospital director.

Visitors will register in the lobby of the new administration building, where student nurses will conduct them on a tour of the hospital premises. Light refreshments will be served at the end of the tour.

Powell requested that visitors drive to the front of Administration Building 49, where car attendants will assist them in parking.

Paul J. Tighe Gets Marine S/Sgt. Rank

WITH THE FIRST MARINE AIRCRAFT WING IN KOREA—Marine Paul J. Tighe, 23, of Anaheim, has been promoted to the rank of Staff Sergeant at an advance Marine airbase here.

He was previously stationed at the Marine Corps Air Station, El Toro, as a classification clerk. His wife, Connie, and their son, Patrick, live at 127 W. Valencia st. His parents, Mr. and Mrs. Michael J. Tighe, live in Grand Junction, Colo.

LEGAL NOTICES

(Pub. Anaheim Gazette, April 17, 24, May 1, 1952)

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the SAVANNA School District, of ORANGE County, California, will receive bids on to and including 7:00 p.m., on the 6th day of May, 1952, at the office of said School District, at which time said bids will be opened and read for the furnishing of school cafeteria equipment, in accordance with instructions, Conditions and Specifications now on file in the office of said School District, located at 7191 Cerritos, Stanton, California.

Each bid must be accompanied by a Certified Check, or Bond in a sum equal to 5 per cent of the bid, and said check or bond is to be made payable to the SAVANNA School District, and shall guarantee that the bidder will enter into a contract should his bid be accepted.

The Board of Trustees reserves the right to reject any and all bids and to waive any irregularity therein.

Dated this 16th day of April, 1952.

SAVANNA SCHOOL DISTRICT,
By: E. C. SNAVELY,
Clerk of said Board of Trustees.

Tax Ceiling Almost Reached, Warren Warns

SACRAMENTO (CNS)—Taxes have practically reached the saturation point in the United States, Governor Earl Warren declared on a radio program which discussed the issues in front of the people.

"Frankly," he said, "I don't see how they can go much higher and leave any incentive for risk capital to expand present enterprises and continue to create needed payrolls. Any material increase in taxes would substantially injure our economy."

The governor, who is a candidate for the Republican nomination for president, said he does not believe that a Republican can promise honestly any reduction in taxes, "because no man knows what our needs will be in the troubled world in which we are living."

He declared against any constitutional amendment prohibiting the extent to which any given tax can be used.

"To thus seek to limit the use of one type of tax may actually become a means of increasing the burdens imposed by other types of taxes, or necessitate deficit spending which means increasing the national debt for our children to pay, as well as encouraging inflation."

He said he has struggled with some difficult tax problems in California during the past ten years, and knows something of the difficulty of keeping taxes within reason. He suggested three steps as remedy:

1. Determine not to indulge in deficit spending; (2) improve budget making practices and (3) reorganize government to eliminate costly duplication, overlapping and obsolescence.

Questionairres Show FJC Popular

Ernest von Gruenigen, instructor at Fullerton junior college, as a result of a study he is making of graduates of Fullerton Union High school, has distributed questionnaires to 470 students who graduated in 1946 and 1951. Responses are being tabulated and will be used to modify the instructional program in light of reaction of recent graduates to it.

Most helpful are the suggestions for areas of work in which greater emphasis should be given or new subjects added, all made necessary by changing practices in business and industry. Comments from the students have been most encouraging to the school staff, according to Superintendent Stanley Warburton, who sites one typical reaction: "All in all, Fullerton Union High school rates tops with me. I'm always proud to say I graduated from FUHS. It seems to carry a lot of prestige everywhere."
