OBLONG VIEWS

(From an Egg-Shaped Head)

By WALDO HUNTER, P.S.B.

This column has frequently commented on the machinations of a local clique which would establish a "politburo" of self-appointed censors to pass on what text and/or reference books should or should not be allowed to remain on the shelves in our local school libraries.

We have stated that anyone of an argumentative nature, or anyone with a particular axe to grind, can take any book of fact or fiction and read into it just about anything he chooses. And he can get by with it unless confronted with reasonable rebuttal.

I dare say that (should I choose to adopt an extremely narrow-minded point of view) I could go down to the Anaheim Union High School library, pluck 100 books at random from the shelves, peruse them lightly, and write a damning indictment on all of them, showing that (to my way of thinking) they are dangerous, socialistic, atheistic, communistic, inimical to the American Way of Life, and as such should all be piled up and burned.

* * *

Another person, however, might read the same books and turn in a report highly commendatory with a foot-note suggesting that additional copies be made available immediately so that more students could avail themselves of the wealth of knowledge encompassed in the works.

I could beat that guy, however, if I had a little organization behind me to spread the alarm and sound the tocsin, especially if it were a selfish little organization bent on gaining either directly or indirectly some modicum of power and influence in the community . . . power and influence either to feed the ego or to line the pocketbook, again either directly or indirectly.

(The book "Our Changing Social Order" was wrenched from the high school reference library by a group interested in selling houses because the book made so bold as to suggest in a few passages that public housing might be the answer to certain slum problems in this country.)

* * *

I don't think I get too far out on the limb with the assertion that cancer is a bad thing for humanity. To stamp cancer out, then, should we suppress all available written information about it? Shall we outlaw study about it?

If it is bad for humanity, then common sense rules that the more we know about it the greater will become our cooperative endeavor to defeat it.

Those who raise hysterical cries at any suggestion that the minds of our students would be immediately tainted by exposure to writings favorable to any other system than our own surely must feel that our system is shot through with faults. They can't be very patriotic if they think that a smattering of knowledge about an alien form of government would cause our youngsters to turn against their own.

* * *

I say let 'em learn about that cancer which the crafty Kremlinites are trying to spread around the world. Let them study it, discuss it, and contrast it to their own way of life. How can they fight something if they know nothing about it?

But by all means, let us not embark on an indiscriminate and wanton program of tearing good books from the shelves all because some well-meaning but narrow-visioned little bigot decides they are subversive. If we follow such a course, some of the world's most enlightening and powerful literature will go down in the wreckage.

I recall curling up in the shade of an apple tree on a hot summer day as a barefoot boy and reading one of the all-time great classics of literature titled, simply: "Robin Hood." I thrilled to it, lived all the adventures of that gallant gentleman and his motley crew, and I cried when that old hag bled him to death at the end of the story. I read that book for four straight summers, and cried every summer.

* * *

Now, I note a United Press story date-lined Nottingham, England, which tells about a Mrs. Thomas J. White of the Indiana Textbook Commission who wants the story of Robin Hood kept out of our schools because it looks a deep pink if not downright red to her. She said the communists wanted to license Robin Hood "because he took from the rich and gave to the poor. That's the communist line."

This is the last straw. One of my great boyhood heroes has fallen into disrepute. It is to be hoped that Mrs. White hasn't heard the parable of Jesus feeding the multitudes. That could be construed as a form of communism, and the old gal might organize a Bible-burning society.

Tonight I shall read to my little boy another deathless classic of children's literature, but you may rest assured that I shall play it strictly safe. It will be called: "Little Green Riding Hood."

O.K. I'll go quietly.

Retarding Basin Study Ordered by Co. Supervisors

The Orange County Board of Supervisors has ordered a study of comparative costs of having a $500,000 retarding basin east of Anaheim or a larger covered storm drain through the city.

A proposal for a covered storm drain to be located under La Palma Ave., through the northern part has won approval of Anaheim city officials and supervisors.

However, supervisors indicated they might favor abandoning a proposed retarding basin at the northeast part of the city in favor of enlarging the drain.

Engineers had estimated that a channel from Carbon Canyon would carry approximately 12,000 cubic feet per second to the basin, which was proposed to cover 75 acres between Huston St. and La Palma, from Raymond Ave. northeast of Anaheim.

The retarding basin would then release up to 11,000 second feet into the covered drain through the city.

Consulting engineers suggested that any overflow could be carried on the surface of La Palma, which would have an inverted crown for its length.

Jack P. H. Budd, county flood control engineer, questioned if the proposed basin would justify its cost. He said, in commenting on his study of the engineering report, that he generally agreed with the consulting engineer's proposal. However, he added that he objected to a proposal to convert the Placentia spreading basin into a retarding basin.

Budd said he feared the conversion would destroy its value for sinking water into the underground as a conservation measure.

The flood control engineer said he could approve either of two alternate routes for the channel west of Anaheim from Loara St. to Manchester Blvd. He plans further study before he will make a report on proposals for the channel from Manchester west and south.

Supervisors indicated they would accept the recommendation of Anaheim Mayor Charles A. Pearson and City Manager Keith Murdoch by proceeding with the covered drain through the city before undertaking the Carbon Canyon problem.

The complete program includes possible construction of a flood control dam in the upper canyon, diversion of water near Richfield into the Santa Ana river, then controlling the flow below there by a series of channels and retarding basins.

Before any diversion into the river will be considered, county officials said they would have to widen the river channel below Santa Ana to accommodate the flow.

The county board has authorized the Santa Ana consulting firm of Kenneth Harrison and Jack Woolley to make the comparative study on the retarding basin.

'Suitable' Method Found for Foiling Santa by Thief

The annual Orange County Christmas seal campaign kicked off this week with an avowed goal of beating last year's record of $52,953.

Principal address at the kickoff meeting in Santa Ana Community Center lounge was by Dr. David T. Proctor, Pasadena chest specialist.

He told the audience of county officials, directors and members of the County Tuberculosis and Health Association that although tuberculosis is slowly being stamped out, it is far from licked. He said TB deaths have dropped from 200 to less than 20 per 1000 population since the turn of the century.

But he warned that there can be no relaxing of the fight against the disease because tuberculosis still causes more deaths in the 15 to 35-year-old age group than any other disease.

Others on the program included Ralph C. Smedley and Dr. John Wehrly. George H. Tobias, seal sale chairman, was master of ceremonies. Invocation was led by Rabbi Philip Rosenberg of Beth Shalon Temple, Santa Ana.

2. That the zoning ordinance be revised to read that all lot widths, including those on cul de sac streets, be measured from the setback line.

3. That proceedings be started to establish setbacks at 15 feet minimum on lots around the circle of a cul de sac and that lots on the straight portion of the street require the minimum setback as of 25 feet as prescribed in the ordinance.

The group, after hearing a statement from Commissioner Mel Gauer, went on record as favoring a move requiring all subdivisions to have sidewalks.

In other business the commission approved recommendations that studies be made on placing park sites next to schools and on the feasibility of setting up a park and school fund that would be contributed to by subdividers.

Clemency Refused, Rupp Execution Slated Tomorrow

Unless Gov. Goodwin Knight grants clemency, 19-year-old William F. Rupp Jr., slayer of a teen age Yorba Linda baby sitter, will die tomorrow at 10 a.m. in San Quentin prison gas chamber. Rupp's sister, Mrs. Lois Schwinning, a University of California senior, has pleaded by letter and in person for Gov. Knight to grant a stay of execution.

In her letter to the governor, Mrs. Schwinner said her brother has a "tortured and twisted mind and spirit." She blamed a turbulent home life for her brother's crime and also wrote that family conditions once caused her to attempt suicide.

She claimed the law under which Rupp was sentenced was "archaic." She asserted that her brother is suffering from a grave mental condition aggravated by an insecure family life and said his present condition resulted from "circumstances beyond his control."

In a public statement on the letter, Gov. Knight refused to grant clemency, stating that the sister's request "overlooks the fact that if her wish were granted and the sentence commuted to life imprisonment, Rupp probably would be released in 10 or 15 years."

"My responsibility is toward those people he might kill after his release," Knight said.

"The victims of his possible repetitions have no redress or appeal. They're entitled to protection. It is my duty to extend that protection now," the governor added.

However, after the sister made a personal appeal yesterday, Knight told newsmen he had no comment to make on the case except to say he will consider the information she gave him.

Rupp was convicted of the Aug. 8 murder of Ruby Ann Payne, 15, who was shot to death after she eluded his advances in the home of a Yorba Linda beekeeper where both she and the youth were employed.

Joe Thompson, local Red Cross Chapter chairman, said no charge is made for Red Cross blood. He said those donating blood peform a valuable service to their fellowmen and the few minutes it takes to give blood may mean a life saved.

When the Anaheim Assistance League met last Thursday in the home of Mrs. Niels Boege, 1834 Vermont dr., considerable time was devoted to the forthcoming Farmer Market and Bazaar, the group's largest fund-raising event of the year to be held Dec. 9 in American Legion Hall on N. Lemon street.

Ways and Means chairman Mrs. Melvin Duffy described the work of various committees, emphasizing that the sale would offer many items for Christmas shoppers. The Farmers Market and Bazaar will run from 10 a.m. until 10 p.m., Mrs. Duffy said, and will include booths of hand-sewn Gift items such as aprons, slippers, felt cases for glasses, clothespin holders and the like as well as a plant booth, cooked foods, antiques and holiday decorations.

The public is invited to attend. A light lunch will be served and dinner reservations are being taken. Funds will go to the League's many local philanthropies.

At the meeting, Mrs. Harry Nutt reported on the newly-formed Junior Assistance League of which she has been appointed sponsor. She said the group is organized and already engaged in independent charitable projects. Miss Margaret Ganahl heads the Junior group and meeting dates are the third Monday of each month.

Mrs. C. A. Neighbors presided at Thursday's meeting and noted that a Presbyterian Tea will be given to honor the Juniors in

First Grandchild

Mr. and Mrs. Earle Jackson, 2037 E. Pioneer, Fullerton, are enjoying the thrill of being grandparents for the first time. Their daughter, formerly Joan Smith, and husband, Mr. and Mrs. William Delos Smith, 2962 Hyperion Ave., Glendale, are proud parents of a daughter born Nov. 16, 9 p.m. at the Good Samaritan hospital, Glendale. Tiny Ann Christine weighed 8 pounds.

Companionship Between Child, Parent Urged

To most effectively combat the growing problem of juvenile delinquency, parents attending the Benjamin Franklin PTA meeting last week were urged to be understanding companions to their youngsters.

The speaker, Cecil M. Bernard, had an authoritative background for this advice since he is the father of two and superintendent of the Orange County Juvenile Hall. Not only broken homes but also the lack of wise parental supervision and friendly companionship he has found to be among the major causes of why kids go wrong.

Supt. Bernard was introduced by program chairman Mrs. Avon Carlson. The following new officers were introduced by president Mrs. Kenyon Dawson: Mrs. Carl Berneker, secretary; Mrs. Lloyd Riddiaille, treasurer; Mrs. Richard Pebley, auditor, and Mrs. C. B. Schlund, historian.

The room count was won by the fifth grade. Janet Easton entertained with a piano solo and played the traditional penny march.

The five new classrooms were open for inspection and refreshments were served by hostess chairman, Mrs. John Fisher, assisted by Mmes. H. L. Brown, Robert Carlson, Robert Dedic, Max Rubin, Arthur Pressell and William Wilmer.

Mrs. Vera Riner who will become the bride of Arthur McCarthy December 12, was given a surprise shower by Mrs. Albert Bircher and Mrs. J. H. Hilbers at the Bircher home on Brookhurst ave. Sunday.

Mrs. Riner, thought she was attending a birthday party for her grandson, Gary Hilbers who shares a Nov. 13 birthdate with his grandmother. But with the gifts for Gary's 9th birthday was a handsome gift for Mrs. Riner's new home.

An umbrella centerpiece carried out the shower theme at the supper table where a buffet was served. Those attending included Mr. and Mrs. E. W. Beckley of Pomona, Mr. and Mrs. Bob Brasley and children of Westminster, Mr. and Mrs. Dick Lindsay and children, Mrs. Viola Knapp, Mrs. Robert Knapp and daughters, Mrs. Ernest Heinzerd of Minnesota and Arthur McCarthy.

Principal Leads PTA Discussion

Walter Krieger, principal of Zion Lutheran School, led a discussion entitled "Cooperation Between the Home and School in Spiritual Matters" when the Parent-Teacher association met in the parish hall.

President Ray Miller was in charge of the business meeting in which several reports were given. Mrs. Mollie Wampler described the progress of the citizens' committee.

Jack Kinney, chairman of the school board, announced plans were underway to buy a station wagon and to engage a driver. Miller appointed Mrs. Norman Keup, Richard Heithausen and Gilbert Reinemann to draw up a constitution.

Devotions were given by Mrs. Vern Schultz, and the room again went to Paul Lohr's fifth and sixth grades.

Hostesses for the social hour which followed were Mrs. Alvin Wenhofz and Mrs. John H. Gilmore, seventh and eighth grade room mothers.

Creamery Official Brands Reports Of Ranch Liquidation 'Non-factual'

A recent story going around that the entire dairy organization of the Excelsior Creamery company, Garden Grove area, had been sold liquidating this long established concern is reported erroneous. "Nothing could be further from being factual," declared Clifford A. Ranney, president of Excelsior Creamery company in a letter distributed by the firm's salesmen.

"While the 400 acre Excelsior ranch will be broken up for a new residential subdivision, the creamery portion of the firm will acquire a new million dollar production plant in Orange county, producing milk from cows owned by Excelsior ranch," said Ranney. "But the Santa Ana plant will in no way be affected by the change."

"In accordance with long range plans originally contemplated five years ago, the change is merely a step in re-arranging our mechanical set-up towards obtaining a more efficient over-all operation and maintaining the same service for our many customers throughout Orange county," the company official said.

New Company Formed

Excelsior Farms, a new company, has been formed by three Excelsior officials to continue milk production, listing Clifford A. Ranney and W. D. Ranney, Jr., sons of the founder, and D. O. Tidball, long-time secretary-treasurer.

The ranch transaction was reported to involve around one million dollars and interests connected with Allison-Hoser company, sub-dividers, who are expected to spend an additional 15 million dollars in residential expansion at the Excelsior Garden Grove site.

IN THE DAYS OF LONG AGO

From the Files of Anaheim Gazette

By MRS. HENRY KUCHEL

75 Years Ago

Dr. James Ellis has had a large number of photographic views taken of his Sanitorium which will be distributed in the large cities of this country and Europe to advertise Anaheim, and the Sanitorium. Dr. Ellis came to Anaheim in 1875, after visiting all of the noted health resorts on the continent. He says that from his personal experience, the climate is preferable to that of Egypt and the famous resorts on the Mediterranian for relief of asthma and and catarrhal and inflamatory phithisis. The Sanotarium is built of brick furnished with forty-one tons of furniture shipped from England and offers to the invalid an English home in a dry sunny climate, with good food and nursing at about the same cost as is charged at a good hotel.

At the meeting of the Fire Company Wednesday night it was decided to accept the invitation to compete for the prize offered by the Agricultural society. The selection of the ten or twelve men required to pull the hose cart will be made today. The company was practicing last evening. It was also decided to give a ball on the evening of Thanksgiving day (November 27) and the following committee was appointed to make the necessary arrangements: Henry Kuchel, Fritz Fischer, A. C. Roques, Dan Payne, B. H. Wright.

The corner stone of the new Odd Fellows hall in San Bernardino will be laid next Thursday. A number of Anaheim Odd Fellows will attend.

A new plate glass front has arrived for the Federman building, formerly occupied by the postoffice. The premises will be re-modeled and a new stock of goods put in. Mr. Federman is now in San Francisco purchasing new goods, and he will have some eye-openers to snow the natives when he returns.

"Soul and Body" Christian Science Lesson-Sermon

The story of Soul and its practical effects upon human experience will be developed in the Lesson-Sermon "Soul and Body" in all Churches of Christ, Scientist, this Sunday. The Golden Text reads: "The light of the body in the eye: if therefore thine eye be single, thy whole body shall be full of light." (Matt. 6:22).

Paul teaches in his first letter to the Thessalonians (5:18,21,23), "In every thing give thanks: for this is the will of God in Christ Jesus concerning you . . . Prove all things; hold fast that which is good. . . . And the very God of peace sanctify you wholly; and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures:" "When you say, 'Man's body is material,' I say with Paul: Be 'willing rather to be absent from the body, and to be present with the Lord.' Give up your material belief of mind in matter, and have but one Mind, even God; for this Mind forms its own likeness." (p. 216)

Dear Susan: We're leaving this little note for you to read the next time you're at the telephone.

We want you to know we're delighted that the telephone rings so often for you these days ... and that you have so many friends to call.

But we hope you'll remember that we share this line with our telephone neighbors. They like to use it, too. And, of course, we know you'll keep in mind that no one can call us as long as the line is tied up. Lovingly, Mother and Dad.

Nursery Open House

Mr. and Mrs. Harold Botts welcomed a host of local home-owners and amateur gardeners at open house in the Botts Nursery, 1228 W. Lincoln Ave., recently.

It was in celebration of enlarged facilities. Gifts were awarded their friends and patrons.

No More, Please!

The number of Anaheimers who have applied for extra work at the post office during Christmas rush has been so great that more than enough have already applied.

Postmaster Louis H. Hoskins expresses his gratitude for the spirit of helpfulness shown but says it will be useless for any more to apply.

Derkowski-Heidemann Rites Held at St. Boniface Saturday

Miss Ann Heidermann became the bride of Joseph Derkowski at nine o'clock Saturday morning in nuptials performed at St. Boniface church with the Rev. Father Michael Casey officiating.

The bride is the daughter of Mr. and Mrs. Frank J. Heidemann of 1415 W. Lincoln ave., and was given in marriage by her father. She wore a slate blue suit with navy blue accessories. Her small picie hat of velvet was trimmed in rhinestones, and at her shoulder was pinned a corsage of white gardenias.

Attending the bride as maid of honor was Miss Rita De Gennario of Anaheim who wore a navy blue suit accented with a corsage of pink rose buds.

The bridegroom's mother and father, Mr. and Mrs. Anthony Derkowski of Chapel Hill, Texas, were unable to attend the wedding but were represented by the groom's brother and sister, Frank and Florence Derkowski. The brother attended the duties of best man.

Mrs. A. F. Faust was at the organ for the wedding music, and the church was filled with flowers.

Following the ceremonies, the wedding party and twenty-five guests partook of a wedding breakfast at the Greenbrier Inn, Garden Grove.

Mrs. Heidemann chose a nutmeg suit with turquoise accessories for the occasion and wore an orchid corsage. Miss Florence Derkowski, wore a grey suit with black accessories.

The new Mr. and Mrs. Derkowski left shortly afterwards for a brief honeymoon in the beach area and within several weeks will depart for Houston, Texas, where they plan to make their home.

The bride is a graduate of AUHS and attended Santa Ana Junior college. Her husband attended Texas schools and has just finished a two-year tour of duty with the U. S. Marine Corps.

Sorority Meets In Anaheim Home

The Misses Mildred and Anna Claire Mauerhan of Katella ave., entertained members of Xi Gamma Epsilon Chapter of Beta Sigma Phi recently when the group met in their home to pursue the study program, "The Road We Take." Helen Cohn presided at the meeting and Mrs. Walter Gooden described her trip to the Holy lands with the aid of colored slides.

Each member was presented with a porcelain keepsake bearing a picture of Queen Elizabeth II by Mrs. Julius Krogen who just returned from a three-months tour of Europe and visit to Norway.

Plans were made for a November 23 dinner meeting at La Fonda in Santa Ana and reservations may be made with Helen Cohn.

Boy, Girl Born Friday the 13th

Two Anaheim babies claim Friday, the 13th, for their birthday.

It was a lucky day for Mr. and Mrs. William Stevens of 222 S. Ash st., who welcomed a 6 lb. 12 oz. son in St. Joseph hospital on that day.

Lucky too, were Mr. and Mrs. Warren Tait of 20402 Highway 18, who made the acquaintance of a baby girl last Friday. Little Miss Tait tipped the scales at 7 lbs., 10 oz., in Fullerton Cottage hospital.

EOS Elects for Ensuing Year; Installation Set December 15

Susie Brown was elected Worthy Matron of the Eastern Star, Chispa Chapter No. 151, for the ensuing year last Wednesday night. Serving with her will be Everett Waymire, Worthy Patron; Margaret Peterson, associate Worthy Matron; Everett Granere, brother of Margaret Peterson was elected associate Worthy Patron.

Edna Lockhart will be Conductress; Mary Renstrom, associate Conductress; Sally Maude Adams, Secretary; and Treasurer, Helen Mueller.

Public installation will be held Tuesday evening Dec. 15. This is the regular meeting date of the social club, but because of conflicting county installations, the rate has been changed.

On December 8, preceding the social club dinner, the officers will hold an ante-room meeting. Mrs. Brown asked that Dorothy Thiessen and Donald Jones, present Worthy Matron and Worthy Patron be present together with Past Worthy Matrons of the Chispa Chapter to be the installing officers.

Followine tradition for the last meeting of the year, a baked ham dinner was served Wednesday prior to election of officers. Committee in charge were Mabel Abbott, Ollie Merrick, and Charlotte Hodges. The dining tables and chapter room were beautifully decorated with chrysanthemums by Mary Hadley.
