LIVES LOST IN FLOOD

SET BACK W. CENTER ST. CURBING

Council Will Proceed With Clementine Paving From Chartress to Bdway.

City council last night agreed to proceed with paving of Clementine st from Charres to Broadway despite the fact there is some objection. "Black" paving, somewhat cheaper than concrete, may be tried out.

An effort will be made to get the K. of P's, Miss Elsie Rust and Ira Chandler to move back, fronts of their buildings on the southside of Center-st in the two blocks west of Lemon-st. When the street- widening project was launched there, an agreement was set back when new construction to the extent of 50 per cent frontage had been ro erected was signed by all property owners but the K. of P.s which own the southwest corner of Lemon and Center-sts. It was stated in council that the K. of P.s were willing to extend the lease on their building for two years without taking steps to set back.

On suggestion of Councilman Gates, if the property owners whose buildings now stick out in the street do not set back, the street will be widened as originally intended, the curb set back and the sidewalk narrowed to about four feet. This will be done on the theory that tenants will raise such a howl the property owners must make the desired improvements to appease them.

Secretary Malcom Fraser and President Harry D. Illsley of the C. of C. appeared before council in a further effort to have three more rows of trees dug out of the city park so that the central decorations of the orange show would face Adele-st. Council still stuck to its decision not to dig out the trees, members asserting that there was plenty of room elsewhere on the park for the orange show, while the trees would afford shade until other trees could be grown.

The Union Pacific franchise ordinance was passed. The railway attorney stated contract was to be let Saturday for the grading from Whittier to Fullerton with provision for its continuation south of Anaheim at the same terms. The grading work will start shortly.

Council sold the Dickel house on the park tract for $875 but turned down a bid for $2513 on the Turck house. The city manager was instructed to learn what it would cost to move the Turck house to the other side of the park for a caretaker's home. It was estimated roughly last night the cost would be about $1,000.

But one bid for the comfort station was received last night, that of A. H. Pibel, for $5012. It had been estimated the cost would be $3500.

The council will arrange in the open market for construction of the building. The city manager today explained the lack of bidding by the fact that contractors were very busy on other work now and because the building is something out of the ordinary with plumbing the price of which the contractors are not familiar.

On petition of several adjacent property owners, council voted to form an assessment district to open an alley from Palm to Citron-st just north of Broadway. Property owners on both sides will be assessed benefits and damages.

Councilman Gates, to whom suggested changes in the license ordinance were referred at the previous meeting, stated he had sold the Merchants Ass'n to draft the next license ordinance.

A lengthy petition from property owners on Broadway and Olive-st protested against the erection by George Fletcher of an apartment house within six or eight feet of the curb. The petition said that the building be set back 25 feet. Excavation is now being made. The city attorney stated he didn't know what could be done to stop it. The city manager was instructed to make a request of Mr. Fletcher that he accede to the wishes of his neighbors.

City Clerk Merritt was voted $125 a month for an assistant. It was voted to increase the salary of City Health Officer Truxaw from $10 to $15 per month.

A vote of appreciation was extended to H. A. Dickel for a rainfall record for 35 years preceding Jan. 1 of last year.

Councilman Cates questioned the accuracy of the annual report of the Pac. Tel. & Tel. Co. for Assessor in sparing the annual two percent gross franchise tax. Council agreed to check up the records of the office. The report gave income in Anaheim at a little over $30,000.

JURORS BRIEF IN CHIROPRACTOR CASE

It took a jury in department No. 1 of the superior court in Santa Ana only 18 minutes to convict Vanetta Henderson, chiropractor of Fullerton, of practicing without a license. Judge Z. B. West will pass sentence on Monday at 1 p. m.

Bloodhounds Hunt Attacker of Girl

WASHINGTON, March 24.—Scores of men with bloodhounds were searching the region around Jackson Station, Va., a few miles from the capital, today for the negro assailant of Agnes Hawkins, 25, government employe. There was open talk of lynching.

The girl was brutally attacked, then chained, in a fainting state, in the barn behind her home. Becoming conscious after several hours she dragged herself to a neighbor's home, where a doctor said her condition was serious.

BANDIT ADVISES WHAT NOT TO DO

EAST VIEW, N. Y., March 24. From behind the bars of Westchester penitentiary, John Lavison, erstwhile hold-up man, has issued two sorrowful "don'ts" for aspirants to the robber craft.

First—Don't forget your gun.

Second—Don't pick the victim carelessly.

He was arrested when, without a weapon, he met Deputy Sheriff Samuel Wood on a lonesome road near Tarrytown and ordered him to "Put 'em up." He was sentenced to serve three months in jail.

MONGREL DOG IS HOSPITAL OCCUPANT

CHICAGO, March 24.—A mongrel street dog with a broken leg occupied a cot at the American hospital here. A chauffeur and a policeman picked him up in the street and as the humane associations were closed for the night, the hospital agreed to the policeman's plea to take the dog. It is believed to be the first time in the history of Chicago hospitals that a dog occupied a cot in one of them.

SCHOONER CRIPPLED OFF JERSEY COAST

NEW YORK, March 24.—The large schooner Charles H. Trickey was run down off the Jersey coast early today by the United Fruit liner Matapan, inbound for New York from the West Indies.

It was first reported that the schooner had been sunk, but later word was received at the offices of the United Fruit line that it was being stowed to port, leaking badly.

FATHER ACQUITTED IN SLAYING OF SON

CHICAGO, March 24.—Twenty minutes after the case had been given to the jury, Frank Piano was acquitted of the slaying of his son, Frank jr., who he claimed he killed to "save his soul." Piano gained the sobriquet of "the Dream-Slayer" because he alleged he had been moved to kill his son by a dream in which he visioned his offspring shooting a policeman.

MEXICAN OFFICIAL DELAYS U. S. TRIP

PARIS, March 24.— Sarah Bernhardt, 70, and Lucien Guitry, 63, will play the parts of Eve and Adam in "Adam and Eve." a play written by Sacha Guitry.

FRUIT QUEEN STARTS TO MARKET

The Valencia, queen of all the oranges, is being carted from the Anaheim district and shipped from Olive, Orange and Fullerton, according to the manager of a local packing house association. From southern California as a whole, 26 carloads of Valencias had been shipped up to Wednesday of this week, by exchange and independent associations, and shipments have been going steadily forward since then. Last year Valencias did not begin to be shipped until after April 1.

The exchange associations have participated very little in shipments so far, but the independents have been quite active. The Mutual Orange Distributors are shipping from Fullerton and from Bloomington near Redlands, among other points. The Benchley Fruit Company and the Pepper Fruit Company of Fullerton, also are shipping. So is the McInnes Fruit Company of Orange. Eadington, a Placentia grower, yesterday shipped two carloads. Montgomery, a grower on the Garden Grove road, also has been letting some of his fruit go.

J. H. Ritchie, manager of the Anaheim Co-operative Orange Association, said the buying up of oranges on the trees by cash purchasers, had not affected the independents as yet and would not do so. The association is taking whatever oranges are offered and not rushing matters.

The highest bona fide offer of which Ritchie has heard, he said, is 5 3-4 cents on the tree. This sort of thing is putting growers on the qui vive, he declared, because it is admittedly an excellent price, but the wise grower is holding firm and benefitting from the experience of other years, when sacrifices of fruit at prices a cent a pound less than the associations obtained were made by certain growers. Ritchie's own association, he said, even now could sign up many more members if it cared to do so.

Report was current today that as high as six cents a pound on the tree had been offered, but this could not be confirmed.

Inquiry failed to show a single exchange association in the county that has shipped. They are waiting until the quality of the Valencia has reached exchange brand standards, says G. W. Sandilands, manager of the Anaheim Orange and Lemon Association.

REED SELLS RANCH, BUILDS FINE HOME

J. O. Reed, who has been a grower in the vicinity of the city for 13 years, has sold his orange and walnut ranch two miles west of the city to J. A. Saulsbury of Pasadena. The place includes an 11-room frame house. Saulsbury will take possession as soon as a new house of Reed's to be erected at West and Chestnut streets is finised.

The new house is one-story, nine rooms, and built in the colonial style. The rooms include a living room 15 by 18½, dining room 12 by 18½, four bed-rooms, bath-room, den, breakfast room, kitchen and laundry, with a court in the rear and a garage 20 by 20. M. Eugene Durfee is the architect.

NOT ARRAIGNED TODAY

Oscar Alphonso and Hugo Mitat and M. W. Wright, all live south of Anaheim, charged with disturbing the peace in Santa Ana on March 13, were not arraigned today, as scheduled, Judge J. B. Cox continued the case until May 25 at 10 a. m. Mr. and Mrs. Oscar Milrat filed the complaint.

Mary S. Milrat, wife of Oscar Milrat, has filed suit for divorce, alleging that her husband, from whom she was separated, tried to remove the roof from their house, while she still was occupying it.

VALENCIA ORANGE SHOW HAS ATTRACTIVE LETTER HEAD

The new California Valencia Orange Show letter-head stationery, just printed, carries the picture of a bunch of oranges, and a palm tree against a background of orchards and mountains in the distance. At the left bottom corner there is the picture of a girl with a basket of oranges and a box of Valencia oranges nearby.

CUT SHOE PRICES

BROCKTON, Mass., March 24. —A large cut on the wholesale price of shoes made by manufacturers in this district, was announced to the nation by telegraph today.

C. OF C. ALERT FOR FLYING FIELD

Anaheim C. of C. will hold its weekly board meeting tonight at the office at 7:30, and a number of important issues are to be discussed. Recent correspondence received by the secretary from various organizations devoted to the advancement of aviation in several American centers emphasizes the value to growing towns and cities of an established landing field of adequate proportions. Anaheim C. of C., last year, leased from J. W. Newman, a small strip of land adjoining the A. T. & S. F. right-of-way, at East North-st., and made arrangements with certain Santa Ana people for the use of the field by airplanes. Before it was possible to register this field a a regular landing place, it was found too narrow for use with safety, and the lessor generously cancelled the lease.

Since that time, efforts to find a tract of land, sufficiently near Anaheim, for the location of a permanent landing field, which would serve present and future demand of passenger and transportation business, have been fruitless, for obvious reasons Secretary Fraser referred this morning to a recent local publication exploiting the benefits of such an establishment, and stating that Anaheim should awaken to its importance.

"We wish the public to know that we have made and are making due effort along these lines," said the Secretary this morning. "Everyone conversant with local values and conditions knows that sufficient land for an aviation or landing field, within convenient striking distance, cannot be had without enormous expense. Such a tract as that on Lemon-st, bought by the city for park purposes, would make an idea landing field, or even one slightly narrower, but the cost would be much larger than the total to be expended for permanent flood control. I want to feel that the public is satisfied that our chamber has been on the alert for a possible landing field. It is useless to attempt to lease such an area within three miles from our business center, and a lease would be but temporary, if we may safely count on equal growth during the coming, as in the last decade."

CLOSER WATCH OF CAR REGISTRATION

Drivers of stolen cars, or of cars on which the registration fee for 1922 has not been paid, will have a hard time of it hereafter. By a ruling of the State Motor Vehicle Department, applying especially to tourists from outside California, all motorists residing outside of Los Angeles, or where the department has not a branch office, will be required to present themselves personally with their cars to local police departments for inspection.

The inspection is designed principally to see that the motor and license number and further description of the car correspond with the appitcant's home state certificate of registration. The departments will supply the police departments with blanks to be filled out and presented, if necessary, to offices of the Automobile Clubs of Southern California.

In order to obtain the non-resident's permit, the motorist will have to present the certificate of registration of his home state, or must give bond that the owner of the machine, or show a telegram or letter from the motor vehicle department or secretary of state of his home state, proving that the car is registered. The permit is good for 90 days' travel in the state, as heretofore, a longer period requiring a complete California license.

Police departments now are being notified and instructions forwarded to them.

The application for the non-resident's license will be filled out at once by the club's offices, but it cannot be forwarded except with the evidence mentioned that the car has been registered and the avowed owner is the real owner.

The club has installed a permanent license department in charge of Joseph H. Burke, with branches at all subordinate offices. Motorists residing in any city where there is a license department must take their cars to such offices for inspection, and the club will fill out his application and give him the necessary instructions and directions.

CAREY GARAGE CONTRACTOR

Ben Carey of Fullerton has been awarded the contract to erect the new brick garage of J. J. Lilley on the south side of Wilshire-st, Fullerton. Five bids were received. The garage will measure 100 by 140 and will be of the mission type of architecture, the architect, M. Eugene Durfee announced. Jones Bros. have leased it.

G. R. Brown has opened a permanent office at 133 So. Los Angeles-st. Mr. Brown is an income tax specialist.

Shock of Big Guns Excites Anaheimers

Thousands of people who thot that Anaheim had several earthquake shocks last night may permit their minds to rest at ease today.

There were no quakes. However, some of the big guns at Los Angeles harbor were on the job. The concussion from the guns each time they were fired caused windows to rattle violently. Accompanying each discharge of the guns was a rumbling noise plainly heard in Anaheim.

It was something like being in Paris or London while the big guns were being fired along the battle front of the World War, and many persons realized they were hearing something akin to war, without war's accompanying perils.

SEIZE WOMAN, MAN IN RED CROSS FRAUD

LOS ANGELES, March 24.—Suspected of having swindled Red Cross chapters in cities from Seattle to Los Angeles by pleas of distress and belated government compensation, John W. Delaney is under arrest in San Diego on a charge of forging an indorsement to a voucher in rehabilitation check, local federal officers announced today.

In the arrest of Delaney the federal officers believe they have effected the capture of the "sick soldier" who obtained sums or money from Red Cross chapters in Pacific Coast cities for several months past.

PAIR JAILED FOR DRUNKEN DRIVING

Arrested on a charge of driving while intoxicated on North Main-st in Santa Ana after their car had climbed the curb and completely demolished a recently erected ornamental light posts, W. M. Russell, 891 East Forty-seventh street, and E. F. Bresler, 410 Crocker-st, Los Angeles, are held in the county jail.

Following the accident, in which the machine was badly wrecked, the two men were taken to the police station, where they were examined by a physician, who declared them to be under the influence of intoxicating liquor. One of the men was cut by the broken glass from the windshield and from the large frosted glass bowl of the light which crashed through the top of the car.

Witnesses of the accident declared that one of the men in the car dashed from the scene and endeavored to hide something behind a house near-by. Officers were directed to the place, and found a broken demijohn, partly filled with liquor, which was turned as evidence.

Russell, who said his true name is Jack Hays, and Bresler, were sentenced today by City Recorder W. F. Heathman of Santa Ana. Hays was given his choice of a fine of $50 or 50 days, and chose the latter. The charge against him was reckless driving. Bresler paid a fine of $10 for intoxication.

NO INTERFERENCE IN COLO. RIVER PLANS

WASHINGTON, March 24.—No license for power right will be granted Interior Secretary Diamond canyon on the Colorado river that would interfere with any other project above or below that point, it is officially declared in denying reception of an application from James Girand, former state engineer of Arizona, for license to build a power dam at the canyon. Boulder canyon plans, therefore, will not be interferred with.

A telegram was sent to Chairman Pierson, of the Colorado river commission, asserting that the entire southwest protested against any power development that did not provide for water storage and flood control. Hoover is at Palo Alto.

DISTRIBUTE FILMS THRUOUT ORIENT

LOS ANGELES, March 24. — An oriental organization, with headquarters at Tokio, for the distribution of the pictures of Mary Pickford, Douglas Fairbanks, Charlie Chaplin and D. W. Griffith, will be established soon. Sailing for Tokio Saturday from San Francisco, George Mooser, will be Far Eastern director for the United Artists; Seymour Hillard Pierson, general manager of the Tokio office; and Howard A. Boyle, sales manager. The United Artists already have offices in Shanghai, Hong Europe and in Australia, are developing South American distribution.

2 PHONE GIRLS SAVE MANY IN CLOUDBURST

PARSONS, Kans., March 24.—All communication with flood-swept Burlington has been cut off and it is feared that the loss of life and property will prove greatly in excess of first reports.

Four persons are known to be dead and property damage exceeding $2,000,000 already has been checked up.

Two telephone girls proved heroines of the disaster. By sticking to their posts in the face of gravest peril they sent out warnings which saved many lives.

The Neosha river is still rising and warnings have been sent to all points in the rathway of the flood.

The freshet resulted from a cloudburst that caused a torrential rain which swept without warning through the town.

Houses and stores were swept away and many miles of trackage of the Missouri, Kansas & Texas railroad were washed out.

Relief trains are being rushed to the scene of disaster from Emporia, Kan., but the condition of the roads will make the work of supplying the devastated district extremely slow. All wires to the flooded section are down and communication can only be carried on by means of runners. Even automobiles cannot get through.

The known dead are Mr. and Mrs. Thomas McGhee, Mrs. H. A. Ransdell and Miss O. Sailing.

Rain that literally fell in sheets and totalled more than 10 inches by early today inundated virtually all the business section.

A wall of water came into Burlington from Rock creek, a so-called "dry stream." It swept away 25 or more dwelling and carried away wreckage and livestock on its crest as it smashed into the main part of town.

A score of business houses were inundated. Merchandise stocks were washed into the streets and the walls of several buildings caved in.

The light plant was put out of commission with the first rush of water, an drenched survivors huddled in buildings all night.

Hazel Buhl and Margaret McClellan, telephone girls, were heroines of the disaster. As the water caved in buildings they stuck to their posts and warned those in the path of the flood of the danger.

MAINTAIN STANDARD OF CITRUS BRANDS

Reaffirmation of the action taken in 1919 against the reconditioning of citrus fruit shipped under brands of the California Fruit Growers' Exchange was taken by the exchange board of directors Wednesday, after a prolonged and heated debate, it was learned today. The board's action means a further strengthening of its stand against shipping any fruit that does not fully measure up to the 15 per cent standard set by the federal authorities.

The directors were moved, according to the statement of one of the board today, by the fact that several cars of oranges were reconditioned without its knowledge just after the freeze in the latter part of January. The fruit, shipped under well known brands, was found not to meet federal standards, whereupon salesmen acting for the exchange sorted it out so as to fulfill requirements.

According gto the director talked with, the board acted in order to prevent a recurrence of the harm done in 1913, when after a cold snap inferior fruit was shipped under brands of the exchange and the reputation of such brands ruined in various markets for years afterward.

Packing house associations will be informed of the board's action and instructed to take particular pains regarding the quality of fruit shipped, in order to avoid any possibility of such fruit not meeting the federal tests later.

The present action of the directors was foreseen by the packing houses themselves many weeks ago, and was approved. Orders were placed and now are being installed generally in exchange houses.

CAUGHT IN OFFICE, PLEADS NOT CULPABLE

Arthur Scott, who was caught by Dr. W. J. Lawrie, local dentist, while in the act of robbing his office, pleaded guilty today in Superior Court at Santa Ana. Scott said his real name was Arthur Foster. The trial was set for next Friday, March 31, at 1 p. m. Attorney L. F. Coburn of Santa Ana, was assigned to defend him.

Scott, or Foster, when caught by the dentist on Feb. 25, alleged that he had been taken to the office while intoxicated. He was still half drunk when apprehended. Some gold fillings were missing from the office and three skeleton keys were found on him.

SPIRITUALISTS HEAR FROM DR. PEEBLES

LOS ANGELES, March 24.— Dr. James Martin Peebles, whose centennial jubilee was celebrated by spiritualists last night with a dinner, gave the dinner a message, it was declared, which read in part: "I sit here this glorious day for just a short time listening to such songs as no earth bird ever sang."

"Dr. Peebles is seated in this chair beside us as I am speaking," asserted Dr. Guy Bogart, president of the Longer Life League. The message was received through Herman Kuehn, former Chicago publisher and journalist, and owned by Dr. Bogart.

Other speakers included Dr. Geo. A. Morrison, who will be 102 years old on June 4; E. M. Langley, art director of the Balboa Bankrak studios; and Bishop Irving S. Cooper of the Liberal Catholic Church of America.

NEW OFFICERS ARE CHOSEN AT ANNUAL PRES. AID MEETING

THE annual meeting of the Presbyterian Aid Society yesterday was filled with interesting and important features, although no formal program was given. Election of officers claimed attention early in the meeting and the result was as follows: President, Mrs. A. W. Reeves; vice pres., Mrs. F. K. Day; second vice pres., Mrs. Hugh Bell; secretary, Mrs. Hapgood, Jr.; and treas., Mrs. A. C. Parsons. The former president, Mrs. H. K. Day, then called the new officers and new members forward, where they were welcomed by an informal reception, which closed with singing "Blest Be the Tie That Binds."

Reports from the two division leaders, Mrs. H. N. White and Mrs. H. A. Hawley, were given and accepted with applause. The treasurer's report, ever an important one, was pronounced fine, and good reports were offered from the other committees. Mrs. Grimshaw was in charge of the devotionals at the opening exercises.

Some discussion was given to the annual supper and congregational meeting which will be held Thursday evening, March 30. The Ladies Aid will serve the repast. The old and the new officers will meet together next Monday afternoon to make further arrangements for the affair.

IMPORTANT DAY IN W. F. M. SOCIETY AT WILLIAMS HOME

A DAY long to be remembered by members of the White Temple Women's Foreign Missionary society, and their guests, the Fidelis class members, is yesterday, when these two societies met at the home of Mrs. E. P. Williams, of Katella-rd, to celebrate National Founders day. Meeting in Tremont church, Boston, on March 23, 1869, from a small beginning, the national society has grown to very large proportions, and last year the women alone raised more than two million dollars and the churches eighty-five million, for furthering the work in the missionary fields in India, Burmah, Philippines, China, Korea, Japan, Africa, Mexico, South America, Italy, Bulgaria France and Galatia.

There are more than 2700 Bible women and 2000 helpers in the fields. Seven union colleges, for which a fund of two millions is now being raised, 1200 day schools, 95 boarding schools, 439 Bible institutes, besides nineteen hospitals and many dispensaries are being maintained.

Eighty women sat down to a covered dish luncheon at noon, following a short morning business session. In the afternoon a most interesting program was heard, Mrs. Tedrick presiding.

Papers on the past, present and future of the organization were read, which proved to be chock full of interest. Mrs. W. J. Thompson, who has been a member of the missionary society for forty-four years, was dressed in the style of the period of the time when, under Bishop Thoburn, her society was started in Ohio, with Elizabeth Thoburn the first president. She told of the difficulties of the organization, and of its ultimate victories. Mrs. Louis Beck read her paper telling of the accomplishments of the present day organization, and Mrs. Gamet, of Fullerton, who was a member of the local society in 1918 and 1919, told of the work, size, etc., of that time.

Mrs. Williams, the hostess, read a paper telling of the present activities of the society, and Dr. Geissinger, of the future needs and probable accomplishments. Mrs. Castel, of Long Beach, home base secretary of the Pacific branch of the W. F. M. S., talked of the plans for the year's work. With Mrs. E. Bigelow leading, a prayer chain was conducted. Special music by Mrs. Brackett, with two solos, and the Mesdames Brackett, West Baum and Herchler, in two quartets, was greatly appreciated.

The desired contribution of bath towels and toilet soap, for use in hospitals in the foreign field amounted to a large number of the necessary articles being donated.

INTEREST CENTERS IN NEXT MEETING

A very enjoyable time was had last evening at the home of Mrs. Welcome M. Ward when she entertained the members of the Chat 'En Sean club. The girls busied themselves with their embroidery work and talking about the party on the next meeting night when Miss Hazel Withee entertains at her house for the girls and their sweethearts and husbands.

At ten o'clock Mrs. Ward, assisted by her mother, Mrs. Boyd, served a dainty luncheon. Enjoying the hospitality of Mrs. Ward were the Misses Vera O'Rourke, Evelyn and Lillian Degryse, Hazel Withee, ad Viola Elliott and the Mesdames H. K. Boyd, Norbert Anderson, Fred Scott, C. B. Goodson and R. E. Campbell and daughter Margaret Emily.

If it's from Witman's it's good.

DINE WITH NEWLYWEDS

Mrs. Edward Reuther and Miss Gladys Reuther were dinner guests last evening of Mr. and Mrs. H. M. Nolan, on Garden Grove road. Mr. and Mrs. Nolan are newlyweds and have established their home in the pretty bungalow which the groom had already prepared. They returned from their honeymoon Wednesday evening.

CHURCH SOCIETIES IN JOINT MEETING

The Christian Ladies Bible Class and the Ladies' Aid Society met in called session yesterday with Mrs. N. F. Ballou to hear the report of the committee concerning the proposed plan of securing a booth at the coming Valencia Orange show in Anaheim. As the necessary restriction would curtail their best revenue returns, it was voted to abandon the plan, and to hold cooked food sales at other times. A very pleasant feature of the meeting was the shower for two little children, one, two years of age, and one eight months, who are temporarily staying at the home of Mrs. Hans Anderson, during the absence of their mother. Many useful gifts were brought for the babies, who smiled their sweetest in appreciation, although the older child was somewhat ill during the afternoon.

Five visitors were present at the meeting, making the attendance about thirty ladies. Other money making plans were discussed and committees appointed.

If it's from Witman's it's good.

C. E. POTLUCK SUPPER

The Orange co. Christian Endeavor will give a potluck supper at the Presbyterian church Tuesday evening at 6:30 o'clock. Dr. Downing, a returned missionary from Africa, will be the speaker. Representatives from all the churches in No. Orange co are expected to be present. Hot drinks will be served. A large attendance is expected.

FIVE HUNDRED CLUB MEETS

With Mrs. Fred. Backs, Jr., as hostess the Five Hundred club met yesterday. At one-thirty, the usual hour, Mrs. Backs served a tasty luncheon, and at its conclusion interest turned toward the several rounds of five hundred, which were played before it was found Mrs. William Dolan had earned first prize and Mrs. A. B. McCord, second. Three tables were played and a very happy afternoon was passed.

Over a Half Million Happy Hens

¶ Many of the most successful poultrymen of Southern California are feeders of PCA DRY MASH. Large and small ranchers are of the same opinion when it is a question of the right feed. There is a reason for this: EXPERIENCE has shown these men true feed values and the real worth of PCA PRODUCTS. They know the greatest satisfaction comes from feeding the mash that has the greatest merit.

¶ In many districts, inquire of the ten best poultrymen as to the kind of mash they feed—eight will tell you PCA. They will heartily recommend PCA DRY MASH for they have confidence in it and know what results can be obtained from its use.

¶ Poultrymen have faith in the organization back of PCA PRODUCTS. They are acquainted with the high standards of manufacture—the perfect purity of materials—the extreme care in production.

¶ They know PCA will never disappoint either the hens or their owners BECAUSE it always has been and always will be of the same high quality.

¶ THOUSANDS OF HAPPY HENS enjoy PCA throughout the year and BRING PROFITS TO THEIR OWNERS.

¶ PCA Dry Mash never fails to make a reduction in the feed bills, or in the cost per dozen eggs, as tests have shown IT GOES FARTHER and increases production.

¶ If you you wish a mash that is properly balanced, wholesome and certain.

NEWS OF FULLERTON

MUCH INTEREST IN SCHOOL ELECTION

The school election in Fullerton a week from today is attracting much interest because the plans for the reorganization of the junior colleges will be voted upon at that time, it was announced today at the office of L. E. Plummer, high school principal. Two high school trustees will also be elected. The officers whose terms expire now are F. M. Dowling and J. D. Selvers. Selvers will not re-enter the race. Dowling will be a candidate to succeed himself. Messrs. Munger and Sargent will also be candidates. Munger is a college graduate, and has been a number of years with the oil industry.

The present junior college was organized under the laws of 1907. The new 1921 laws provide for the operation of the re-organized junior colleges in direct affiliation with the state university. A graduate from the junior college would be accepted as a junior in the state university, which is not now the case, without examinations.

In other words, he would have the same basis as though he had taken the first two years of college. The vote will be taken on whether they will be given these privileges or not.

$3000 LOSS WHEN ANNIN HOME BURNS

The home of Mr. and Mrs. C. M. Annin of Fullerton was destroyed yesterday by a fire which broke out in the garage, the cause not being determined. The loss was about $3,000, covered by insurance. Quick action on the part of the fire department kept the flames from spreading.

EXPECT BIG WALNUT CROP

The far-reaching groves of walnut trees in the Fullerton district were unharmed by either wind or frost during the past winter, and it is said by those who are familiar with the industry in the south that all signs point to a 1922 crop that will be the largest in recent years.

Of course, an exceptionally late frost or a blistering hot spell in the summer might interfere with this program, but visitations of this sort come only occasionally and are not given serious consideration by those who make the crop estimates of the section.

MASONIC MASTER LECTURES

Samuel E. Burke, grand master of the grand lodge, state of California, is giving a lecture on Masonry Monday night, March 27, following a 6:30 dinner at the Masonic temple in Fullerton.

JAIL BOYS TRYING TO STEAL MOTOR

Louie Franco and William Montayo were arrested last night by Marshal Eells, of Fullerton, on the charge of attempted grand larceny when he found them trying to get away with a car. Both the boys were school boys, and were thrust into jail to await their trial which was scheduled to be held this afternoon before Judge French.

FLAG PRESENTED AUXILIARY

The American Legion Auxiliary met Wednesday afternoon in the Legion Club rooms. The Daughters of Veterans presented them with a regular silk flag. It was a surprise. The meeting date was changed from the first to the third Tuesday of each month. The ritual was for the first time used yesterday.

MORALLES FUNERAL SAT.

Funeral services for Jesus Moralles, 55, who died recently at Yorba Linda, will be held at 10 o'clock tomorrow morning at the Central Catholic Church in Los Angeles, the body being now at the Seale funeral parlors. The interment will probably be in Los Angeles.

BOOKS ON INDIA AT FULLERTON LIBRARY

Among the new books to come out Saturday evening at the Fullerton public library there are three that will help to give a better understanding of the situation in India at the present time. Each volume presents conditions from a different viewpoint. Young's "India in Conflict" gives the reader a clear impression of the ignorance and poverty met in the teeming native villages. It defines the great needs of rural India as, first, medical aid and, second, schools of a Montessori type. The author is an experienced teacher in the mission schools of India. The author of "The Government of India" James Ramsay Macdonald, believes that the old government is antiquated and that self-government is the only solution of the Indian problem. Aga Sultan Mahomed, in his book "India in Transition" frankly criticises the British government of India and points out the need for radical changes.

Other new books of non-fiction are: Fleming, Shakespeare's plots. A study in dramatic construction. Glover, Jesus in the experience of man. Hudson, A Traveller in little things. This is a book of delightful essays showing the authors keen insight into and appreciation of the little things of life. Johnson, Modern literature for oral interpretation. Practice book for vocal expression. London, Our Hawaii. An interesting description of the islanders and the islands. Ryan, Teeth and health. How to lengthen life and increase happiness by proper care. Sidebotham, Political profiles from British public life. Stratton, Producing in little theatres. Members of the Community Players Ass'n will find this book enlightening and helpful. Tatlock, Greek and Roman mythology.

Fiction

Anthony, The Gang. Vivid tale of New York life. Burnett, Head of the house of Coombe. Conrad, A Personal record. Day, When Egypt went broke. Francis, Triumph of Virginia Dale. Frederick, Damnation of Theron Ware. Howells, The minister's charge. London, Smoke Bellew. Lutz, The Tryst. Meredith Rhoda Fleming. O'Brien, Best short stories of 1920. Pendexter, Kings of the Missouri. Society of Arts and Sciences, Prize stories of 1920 (The O. Henry Memorial award). Sterrett, Nancy goes to town. Train, By advice of counsel. Wells, War of the worlds.

Juvenile

Bailey, Stories of great adventures (Adapted from the classics). Bandini, History of California. Carrington, Boy's book of magic. Evans America first; one hundred stories from our own history. Morgan, Boys' home book of science and construction. Moses, Treasury of plays for children. Norton, Story of California.

FULLERTON REALTY MEN TO CONVENTION

The Fullerton Realty Board has voted to send three delegates to the State Realty Convention at the Alexandria Hotel in Los Angeles tomorrow. The delegates selected are: W. A. Moore, B. F. Pinson, and W. N. Irwin. Delegates are also expected to attend from all portions of Orange-co. Santa Ana will make a big bid to obtain the next convention, and all Orange-co will throw their weight into the scales to try to bring it to Santa Ana.

MINSTRELS PERFORM FOR HOUSER CLASS

The Houser Bible Class of Fullerton has arranged for Foster's Minstrels, made up of members of the Covina Bible class, to give a performance Friday, April 7, at the Rialto theatre, it was announced today by Rev. J. T. Houser, teacher of the class.

Sunday night will be class night at the church, when some of the men of the class will sing.

WOMAN'S CLUB MEETS

The Woman's Club held a meeting Wednesday evening at the home of Mrs. A. E. Steulke on East Chapman-ave. Miss J. Shepherdson gave a report of the Y. W. C. A. meeting which was held at her home Tuesday afternoon. Following the business meeting a musical program was given consisting of a piano solo by the Misses Isabel Ginter and Louise Redfern. There were vocal solos by the Misses Ida Shrode, Lila May Morgan, and Julia Culp. Refreshments were served.

CONTEST ARRANGED BY MUSICIANS

Under the direction of the Orange County Music Teachers' Ass'n, a contest will be staged on May 12, in which all students of voice, instrumental, orchestra, or glee club work will be eligible to compete. Mrs. Marion Higgins of the local high school is training her pupils for this contest. As the rules of the contest are arranged, only one student from each division is allowed from a school, and in each instance the entree may chose his own rendition.

Two prizes are to be awarded for each event, and the winners are to have the privilege of participating in the Annual County Forensic to be held the following week. Chairman of the committees are announced as follows: Miss Helen Wishard, Fullerton; Ollisemae Enlow Matthews, Santa Ana; Mrs. Marion Higgins, Anaheim; Miss Stevens, Tustin; Mr. Percy Richards, Orange.

Brea News

BREA, March 24.—(Spl.) Mrs. Mary Carall, music teacher in the Brea school invited a number of friends to her home in the Marwood apartments to witness the rehearsal of the operetta to be given soon at the school. Following the performance, light refreshments were served.

Mr. and Mrs. F. C. Emerson of Wyoming visited yesterday with Mr. and Mrs. J. C. Sexton of Brea.

Mr. and Mrs. Killingsworth of Huntington Beach were dinner guests last evening of Mr. and Mrs. A. D. Yost of Brea canyon.

Thursday evening a number of Brea folks motored to Pasadena to attend the services given by Evangelist McLinder of the Nazarene church. The party included Rev. and Mrs. Coriett, and niece, Esther; Margaret Coriett, and William Coriett, Mr. and Mrs. A. B. Bowie; Mr. and Mrs. L. Canterwood and son; Mrs. Campbell; Mrs. E. C. Wilson, and Mrs. Ed Carter.

Mrs. E. C. Wilson enjoyed a visit yesterday from her sister, Mrs. J. A. McCormick, and daughter, of Fullerton.

GIRL UNDERGOES MANY OPERATIONS

DALLAS, Tex., March 24.— Dorothy Cannon, 6 years old, who has undergone 14 serious operations and 45 skin-grafting applications, will be discharged from a hospital here within another month—a well child—doctors declared today. Dorothy was found lying on a live wire in a puddle of water last June and for two months after she was brought to the hospital physicians believed she would not get well.

How long she lay on the wire before she was discovered is not known. When her mother found her, her clothing had been burned away and her body was black. Members of the family and many people who became acquainted with the little girl through her illness joined upon giving skin.

"The only trouble we have had," the surgeon in charge said, "is selecting dates for the skin appliance. There were always too many present trying to give their skin."

Dorothy has been able to walk little more than a week, but in that time has gained several pounds in weight and recently tipped the scales at 46 pounds.

She will be dismissed with very few visible signs of her experience, the doctors said.

AT ANAHEIM HOSPITAL

New patients at the Anaheim Sanitarium include: Mrs. A. P. Rose, Huntington Beach; Mrs. M. B. Smith of Fullerton; Miss Shirley Heffington, Huntington Beach. Those who went home from the sanitarium yesterday included: Mrs. J. C. Crawford of Orange, M. J. Greenley of Anaheim and J. Simon of Placentia; James T. Higgins, Los Angeles.

PLATE GLASS CRACKED

The marble foundation plating of the Golden State Bank on Center-st with a plate glass window were found to have been cracked, and are now being prepared. It was stated today at the bank that it is not known how it happened, since it was done at night, but that it looks as though someone had struck it with a stone. It was covered by insurance.

AMERICAN RED CROSS APPROPRIATES $2000

WASHINGTON, March 24.— Headquarters of the American Red Cross announced tonight that upon request of S. A. Mitchell, its field director in the Dominican republic, it had appropriated $2,000 for food, medicines and other relief for smallpox victims in the republic. There are now 2,000 cases at Santiago, Meca and Lavega. Mr. Mitchell reported, and last week there were 225 deaths. The American marines stationed at Santo Domingo, it was said, were not affected.

PLAN AIR ROUTES LONDON TO BELFAST

LONDON, March 24.— British airexperts are planning establishment of air routes between Ireland and England. Co-incident with the establishment of the Free State government, plans will be ready for immediate operation of passenger and parcels services between English air ports and Queenstown, Dublin and Belfast.

Owing to the rail-boat-and-rail-route between London and Queenstown, and on some routes between London and Dublin and London and Belfast, it now takes twelve to fourteen hours to traverse the 450 miles between London and Belfast. Air mail planes, even at the moderate average speed of eighty miles an hour, will cut seven or eight hours from the Belfast trip.

PRIVATE HOTELS FOR FRENCH DIVORCEES

PARIS, Mar 24—Private hotels for estranged couples is the latest suggestion of Parisian courts which are finding the duty of granting divorce decrees hampered by the fact that the French capital's housing problem is still as serious as ever. The French law does not permit a wife to remain alone at a hotel while seeking a divorce. In fact the mere registering at a hotel by a married woman is frequently sufficient cause to warrant a husband in filing a counter action. But the judges have decided that this should not force unhappy couples to live together, and special consents are being given wives to live in small private hotels after warning that their conduct there must be perfect.

MAKE ORGANIZED FIGHT ON CRIME

Without exaggeration and without undue alarm, there is, in the country today, a rising tide of crime which verily threatens to engulf the citadels of law and order. Academic discussions as to causes are not turning back this tide, nor would they, however long they might be continued. To quote from an eminent statesman of the past, "It is a condition, not a theory, that confronts the country."

Conditions in many localities are vividly described in the words of State's Attorney Crowe, speaking of the situation in Chicago:

There is an organized band of criminals in Chicago, well intrenched; a Mafia which considers itself above and beyond the law, which not only laughs in the face of justice, but spits in the face of justice.

This is the spirit that the constituted authorities are fighting. This is the formidable system of lawlessness that menaces public safety. At this critical juncture, the determined co-operation of law-abiding citizens is needed sorely. Organized crime should be fought to the last ditch by organized honesty, moving hand in hand with the law and its machinery. If criminals are well-organized, men and women of integrity should be better organized. If criminals are shrewd, honest folk should be shrewder. In other words, good citizenship should declare open warfare, through legal methods, upon crime and should push the war to victory through forcing of "unconditional surrender" of the strongholders of criminality.

CO-OPERATE TO PROMOTE CALIFORNIA

California, coming from under the faint shadows of after-war halting in its economic life, rapidly is approaching normal, from all indications. This calendar year promises well. As the national and the world regain their economic equilibrium, California will inevitably prosper prodigiously. For this state is a wealth producer extraordinary. It produces vast quantities of commodities which no other part of the world yields so abundantly.

But California will not go forward and thrive, of its own momentum. It must be promoted, practically, persistently, pressing. In this boosting, each and every resident may have and should have some part. It may be a humble role that many can play, but even so, every little counts and helps. And a grand total of little boostful services will be tremendously beneficial, in the aggregate.

These are days when lovelorn youngsters are thinking romantically of how "Mr. and Mrs." prefixed to their names, would look in print.

If anybody can bring the Boulder Dam project to consummation, Herbert C. Hoover can. But he must have the practical coo-peration of this section.

How Could She?

Girl—Have you hair nets?
Clerk—Yes, ma'am.
Girl—Invisible?
Clerk—Yes, ma'am.
Girl—Let me see one?—Life.

Before the marriage of the Princess Mary it was reported from London that the wedding gifts consisted largely of plate and jewelry. And this tip is said to have discouraged admirers who had intended sending her kitchen utensils and groceries.

If they do get busy and do away with the battleships as they say they will, and there are no ships built for 10 years, do you realize what it means to the show business?

Quartets will have to cut down on those songs about the "bounding billows," to say nothing about "When the bell in the lighthouse rings."

There will be fewer jazz bands in vaudeville.

It will be a blow to English melodramas.

It will hurt fials of burlesque shows.

But—

It will be a great help if it stops some of those people who still insist on doing sailor's horn-pipes.

It takes two to make a quarrel, but it takes only one to say, "I'm sorry."

This is the age of provisional governments. What the world needs is fewer governments and more provisions.

Now that an author has killed a book critic, the public will read nothing but favorable criticisms in the future.

"Prepare"

Today, the tomorrow of yesterday,
That loomed as a beacon on your way
Is here at last,

Before it's past,
Make golden hours their records show
With sixty sparkling minutes glow,
And each contain,
As forordained,
The diamond seconds sixty strong

Here is an old, old story that someone sent me. You will enjoy it, I am sure:

A Dutchman Addressing His Dog

"You vas only a dog, but I vish I vas you. Ven you go mit der bed in you shust turn around dree times and you lay down; ven I go mit der bed in I haf to lock up de blace, and wind up de clock and put cut de cat, and ondress myself, and my frau vakes up and scolds, den de baby vakes up and cries and I haf to valk him mit de house round, den maybe, ven I get myself to bed it is time to get up again. Ven you get up you shust stretch yourself, dig your neck a leedle and you vas up. I haf to light de fire, put on he kettle, scrap some mit my vife already, and get myself some breakfast. You play around all day and haf bleaty of fun. I haf to work all day and haf blenty of drubble. Ven you die you vas dead; ven I die I haf to go to hell yet."

For which on yesterday you longed.

Aural Upholstery to Go

Paris has decreed that feminine ears are, so to speak, "from Missouri" —they have to be shown.

How Would You Say It?

"HAS NOT AND WILL NOT"

Do not use the auxiliary, or helping verb, "has," or any other of the same class of verbs, without using with it the proper part of the principal verb.

An example of the violation of this rule was noted not long ago in the editorial columns of a New York newspaper, which said:

"It is safe to assert that the French government has not and will not listen to any advice suggesting such a course."

This should have read: "It is safe to say that the French government has not listened and will not listen to any advice suggesting such a course."

To use the word "has" alone is to leave the verk incomplete and is therefore a grammatical error.

Don't Say:

He isn't never going to pay that debt.
Iron is different to gold.
My overcoat is different than yours.
True praise differs with flattery.
I differ from the president in his views.

Say:

He isn't ever going to pay that debt.
Iron is different from gold.
My overcoat differs from yours.
True praise differs from flattery.
I differ with the president in his views.

Housework Is a Burden

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Anaheim women. Ask your neighbor!

Mrs. Lizzie Neiman, 425 E. Adele St., Anaheim, says: "I have often used Doan's Kidney Pills when my kidneys have troubled me and they have never failed to give good results. I gladly recommend Doan's to others. I had attacks of backache that made me miserable and I was often unable to do my housework, especially sweeping or lifting. I was annoyed by kidney weakness, too. Doan's Kidney Pills always relieved these attacks, strengthening my back and kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neiman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

New York Letter

by Lucy Jeanne Price

A beauty shop in Thirty-sixth-st. has utilized the spinning barber pole which it inherited from the former tenant of the place, by mounting a little figure in a delicate Empire gown in the round glass case. Now the doll nods and courteseys to the passerby in an engaging way that seems likely to set a fashion for beauty shop signals.

One realizes the presence of Ohio Societies, and New England Societies, and every other sort of "native son" society, here in conglomerate New York. But the Society of North American Indians of New York City somehow has an unexpected and startling ring to it. However it is here and it is quite up in arms at present, over a man styling himself as Chief of the Ojibway tribe of Kansas. They say there are no Ojibways in Kansas and are demanding that he prove his identity or be exposed. That part of it is quite all right. I am perfectly willing to accept their statement, but it is such an intriguing thought that they are here at all, and that being here, they are still wrought up over tribal matters.

"For Goodness Sake" is the latest musical comedy to open here and it is one of the season's best. It is truly musical, funny, with exceptionally good dancing, and even a plot. Some of the comedy is actually hilarious, and the talent featured in the production makes it even better than it might otherwise be. It is at the Lyric Theatre.

It might very properly have been the life insurance companies which prevented the holding of the bullfight scheduled for Madison Square Garden, rather than the Society for the Prevention of Cruelty to Animals, as things turned out. When the bull fight was called off for the Garden, it was arranged for a carnival just across the river in New Jersey. It was to be a "mock" bull fight—in order not to seem cruel to animals, you see. Well, Charlie Molina, Spanish matador, knew it was to be "mock"; so did the picadors and all the rest of the assemblage—except the bull. He didn't understand the "mock" part. And he was a Texas steer! Consequently, before any excitement had a chance to develop, the bull tossed the toreador lightly over the fence and looked around for anyone else who chose to contest his championship, or to think there was going to be any "cruelty to animals" so far as he was concerned.

Hades is a nice word, but when you are mad you can't remember it.

Six More Prize-Winning Pretty Girls

have been selected by the judges in the TIMES' Beauty Quest, their names and pictures to occupy a full page in the Rotogravure Section of next Sunday's TIMES, March 26.

Out of hundreds of entrants they are declared to be the six prettiest girls in Los Angeles County, and will receive $1500 in cash prizes.

On the following Sunday, April 2, will be annaunced the Grand Prize Winner, chosen from the first prize winners in the six districts, who will receive an additional prize of $1000. As the prettiest girl of all, the belle and queen of the Southwest, her picture will be given the full front page of the SUNDAY TIMES' Rotogravure Section of that date.

"A Switchboard Cinderella," another thrilling book-length novel, begins Sunday, March 26, to be completed during the week.

LOCAL REALTY MEN ATTEND L. B. FEED

Several local realty men will attend the dinner and smoker tonight at the Hotel Virginia, Long Beach, in honor of the board of directors of the Calif. Real Estate Ass'n. The Long Beach board are the hosts, and its president, Henry P. Barbour, will preside over the first part of the program, President C. C. C. Tatum of the State organization, over the latter part. More than 25 communities in southern California are expected to be represented. Barbour will be awarded the magnificent loving cup awarded by former President Fred E. Reed for the best five-minute speech at the State convention in Oakland.

The program includes: Discussion of the $5,000,000 bond issue for the Long Beach vicinity; the Own Your Own Home Campaign, with State Chairman Harry H. Culver as the principal speaker; and State association matters. State Real Estate Commissioner Edwin T. Keiser and William H. Aiken, chairman of the State association's legislative committee, will discuss the license act and how it may best be amended.

The following program will be given at the beekeepers' field day and annual picnic at 10 a. m., Saturday, April 1, at the Geo. J. Brown ranch, one mile east of Tustin:

10 A. M.—"Important Steps In Apiary Management," Prof. Ralph Benton, Bee Specialist, Chaffey Junior College.

Demonstration of "Bee Diseases and Their Control." J. E. Pleasants, Co. Bee Inspector; Prof. Ralph Benton.

12 Noon—Picnic Lunch, free coffee. Bring your picnic lunch.

1 P. M.—"Illustrated Talk On Honey Market Conditions," M. H. Wells, 1st Nat'l Bank, Los Angeles.

2 P. M.—Election of officers for Beekeepers Department of Orange County Farm Bureau.

All beekeepers and other interested in honey production are invited to attend. Come out and meet your neighbors.

AUTO HITS MAN ON CURB

LOS ANGELES, March 24.— J. H. Brown was standing on a curb reading safety first rules when an auto came along and knocked him down, he alleges. M. Back, he says, was the attacking party. Brown asks $5,000 damages.

GIVE AWAY 50,000 CANS OF NEWMARK'S

When a company which has enjoyed the patronage and confidence of the people for nearly three decades makes a "Free" offer, it puts the seal of real worth upon a word that has been oftentimes much abused in the past. So, when Newmark Brothers, pioneer coffee roasters and importers of So. Calif., announced that they will celebrate their 28th year in the coffee industry by giving away 50,000 cans of their high-grade coffee—"Free", it means that this number of housewives in Anaheim and a score of other So. Calif. cities will gladly take advantage of the offer.

The big event is heralded as "Newmark's Coffee Week"—first of its kind on the Pacific coast, if indeed there has ever been a "Coffee Week" observed elsewhere. The magic dates—March 25th to April 1st—embrace the eight days during which many thousands of families throughout the territory covered by the offer will have the opportunity of enjoying Newmark's coffee in their homes. Grocers in every town will furnish full particulars.

HUFF REPRESENTS SCOUTS AT CHICAGO

Announcement comes from the headquarters of the Orange-co council of the Boy Scouts that Mr. D. Eyman Huff, president of the Orange-co council will represent Orange-co in the annual meeting of the national council in Chicago next week.

This meeting is held to frame and adopt policies for the development of scouting nationally, and is the first one to be held out of New York city, so a large number of western men will be in attendance this time who have found it impossible to do so before.

The national council consists of 600 of the most prominent men in the United States chosen by their local communities as Mr. Huff has been. Warren G. Harding, president of the United States, is honorary president and Colin H. Livingston, a prominent banker of Washington, D. C., is active president.

Other California delegates who will attend this annual meeting include C. C. Moore of San Francisco, Stuart W. French of Pasadena, John A. MacGreagor of San Francisco, and Milton A. McRae of San Diego.

SOUTHERN COUNTY BANK DEPOSITS UP

With a jump in total resources of approximately $60,000 between Dec. 31 last and March 10, the dates of the last two state bank calls, the Southern County Bank shows continued growth. Deposits during the same period increased by about $68,000.

The exact figures, according to a compilation obtained of Herbert A. Hawley, the cashier, are: Dec. 31, resources, $782,977.46; deposits, $682,479.72; March 10, resources, $842,208.99; deposits, $750,313.86.

Present deposits are more than two and one half times as large as they were on Dec. 31, 1916. On that date total deposits amounted to $290,320.23. Resources then were $351,362.34 or considerably less than half as large.

The middle of March sees bank resources and deposits at a low ebb here, and at various other points in the country, because receipts from crops have not begun to be put back in quantity.

Yorba Linda News

YORBA LINDA, March 24—(Spl.) The community is to have a treat on Tuesday March 28th when Carl A. Bunday of Los Angeles will give a lecture in Ley hall. The Woman's club had secured Mr. Bundy for an afternoon meeting, but at the request of a number of the business men this meeting was changed to suit their convenience, and will be held in the evening. Preceding the lecture the ladies will give a New England dinner and as this affair is not a money making scheme, a charge of only 50 cents will be made which will include the dinner and the lecture. At this nominal price the ladies must sell about 130 tickets to make expenses and it is hoped those wishing to attend will get their tickets at once so the ladies can complete their plans for the dinner. Mr. Bundy is a noted speaker and his subject for that evening will be "The Mark of Distinction." Mr. Bundy spoke a few nights ago to the business men of Pasadena and was very well received. Mrs. Bundy's chief works is "Creative Advertising" and his lecture should be heard by all the local business men as well as many from other communities, as the women can accomodate. Tickets are on sale for a few days only at the Yorba Linda Drug Store, at 50c for the dinner and lecture.

FREIGHT KEEPS P. E. GOING

LOS ANGELES, March 24.—Earnings of the Pacific Electric Co. have been insufficient every year since 1913 and freight rates alone enable the company to continue, officials declared at the rate hearing conducted by the state railroad commission. Richard Sachse, chief engineer, and A. O. Smith, general passenger agent, were the chief speakers for the company. Tourist travel is 90 per cent less than that of last year, they declared.

MOTOR LIFEBOATS FOR LIVERPOOL PORT

LONDON, March 24.—New Brighton, near Liverpool, is to have the first of a new type of 60-foot motor lifeboats, designed by the British Lifeboat Institution. The boats will be capable of carrying 150 passengers, 50 of whom can find refuge in a heated cabin.

New Brighton always has had the biggest and best lifeboats in the service on account of the dangerous sand banks running fully ten miles out to sea. The new boats are designed above all to combat rough seas. Their speed is ten knots in moderately bad weather. All the vital machinery is protected from accident by wreckage.

GERMANY EMPLOYS 1,500,000 WORKERS

BERLIN, March 24.—German taxpayers have to support one officer for every eight soldiers in the Reichswehr, or 12,500 in the State's army of 100,000 men, according to figures on all Germany's civil servants, published today. The government has more than 1,500,000 workers, of whom nearly a million are employed by railways, and 380,000 in the postal service. The foreign office gives employment to 3,000.

All told these cost the state 44,000,000,000 marks a year. The average of classified reserve officials is placed at 32,600, the average for assistants 25,000 and the average for unclassified employees 25,1000.

IN SOCIETY

HONOR OLD TIME NEIGHBORS WITH PRETTY PARTY

MRS. J. W. NEWELL'S pretty home in Placentia was the gathering place of a company of ladies yesterday afternoon when she entertained in honor of her long-time friends and former neighbors in Denver, Colo., Mrs. J. W. Cummins and her daughter, Mrs. Dozier, but who now reside in Canyon City, and are making a visit here with relatives.

Twenty-four tables of Monte Carlo whist, which is somewhat new game, gave entertainment for some time, after which a delicious luncheon was served. Yellow flowers were artistically used about the rooms, giving their fragrance and brightness for the occasion.

Included in the guest list were six former Denver friends, some of whom now live in Los Angeles, but all of whom were most happy at the reunion. They were the Homorees, Mrs. Mrs. Cummins and Mrs. Dozier, and Mrs. Hicks, Mrs. Charles, Mrs. W. E. Alexander, Mrs. B. H. Sidnam, the two latter of Anaheim. The others of the company were from Fullerton, Anaheim and Placentia.

REGULAR R. N. MEETING MONDAY

All officers of the Royal Neighbors are urged to be present at the regular business meeting on Monday afternoon at 2:30. Refreshments will be served by the birthday hostesses of the month, who are Mrs. Ruby Closson and Mrs. Knox.

PASTIME CLUB POSTPONED

The Pastime Club, which was to have met yesterday at the home of Mr. and Mrs. W. M. Chambers, was postponed until next Thursday owing to the illness of the daughter of Mrs. Chambers.

TO VOTE ON SALE OF PROPERTY

After services next Sunday morning, the congregation of the First Christian church will vote on whether to sell the present site of the church and build elsewhere. They have received several flattering offers for the property and will take this method to settle a long discussed subject.

CONCORDIA DANCE LAST NIGHT

With twenty-four couples present at the Concordia dance last evening, the affair was a very pleasant one, although not up to the standard in gaiety, through observance of the Lenten season. The Llewellyn orchestra played an excellent program, and during intermission dainty refreshments were served.

Several of the men preferred playing cards to dancing, and tables were arranged for their convenience. The next event, which comes late in April, promises to be an extraordinarily pleasant one.

To Restore Churches In Ravaged France

PARIS, March 24.—Now that the museums in the invaded regions which were looted by the advancing Germans in 1914 and 1915 have been restored, as far as possible, to their pre-war status, attention is being given to the reconstruction of village churches, many of which were willfully damaged by dynafuite just before the armistice. Several co-operative building societies joined forces this week for the purpose of obtaining government aid in floating a loan for churches. It is estimated that with 20,000,000 francs the majority of places of worship can be put back on the map.

H. G. Meiser and Mr. Noble came before the Board regarding the proposed pipe line on West Walnut-st, Fullerton. Upon motion Attorney Head was instructed to prepare a resolution for the City Trustees of Fullerton granting this company permission to construct this proposed pipe line on West Walnut-st and to request that this company be furnished with a certified copy of the resolution when same is passed by the B. of T. and also to notify the city trustees that we require the signatures of the adjoining property owners. Mr. Meiser requested to furnish this company with an agreement permitting this company to the use of his private pipe line along the east line of the southeast quarter of the southwest quarter of section 33, 3, 10.

Regarding the piping of the open cement ditch along the south side of the Walnut Park subdivision in Fullerton, the ditch committee instructed to secure permission from the city of Fullerton, to construct this pipe line and secure rights-of-way from the property owners adjoining.

Regarding the piping of the cement ditch along the front of Mrs. Mary L. Smith's place in Fullerton, the ditch committee instructed to secure permission from the city of Fullerton to construct this line and secure a right-of-way form. Mrs. Mary L. Smith.

Communication read from O. E. Steward, city manager of Anaheim, requesting that the company pipe the open cement ditch along the east side of block C. of the Kroeger subdivision, Anaheim. City of Anaheim and property owners agreeing to pay one-half the cost. Upon motion this pipe line was ordered in when property owners furnish a satisfactory right-of-way.

Regarding the piping of the open cement ditch on East-st between Broadway and Center-st, Anaheim, this was ordered in when property owners furnish satisfactory right-of-way inside of property line.

Regarding the request from the city of Anaheim that this company pipe the open cement ditch on East Broad-st, Anaheim, upon motion this line was ordered in when the property owners furnish a right-of-way along and inside their property line. The city and property owners to bear one-half the expense of replacing cement ditch.

Ditch committee reported regarding the request of Mr. Pierotti to turn flood water into company ditch. They reported as unfavorable to granting this request. Upon motion the report was accepted.

Upon motion the Kraemer-ave line was referred to the ditch committee, engineer, and superintendent, to investigate and report at the next meeting.

Mr. Oscar L. Horn representing the utilities bureau of the California Farm Bureau Federation came before the board requesting that this company donate toward the investigation of electric power rates. Upon motion by Thamer, seconded by Miller, president and secretary authorized to issue warrant for $500.00 toward this cause.

C. W. Murphy reported on the gas and oil tests recently made on the Amalgamated lease. Oil committee instructed to confer with Attorney Head regarding this matter and report at the next meeting.

Oil committee reported as favorable to leasing the loading rack in Placentia to the Wonder Oil Co. Attorney Head instructed to draw up a lease with the Wonder Oil Co., for the loading rack in Placentia, this lease to call for $50.00 per month rental and to contain a 30-day cancellation clause. President and secretary authorized to execute same.

Upon motion the following transfers of stock were granted: six shares H. M. Jencks to O. H. Jencks; 1 share Petroleum Development Co. to S. James Tuffree; nine shares B. H. Christlieb to Wm. Kroeger; one share Sarah E. Harvey to Arnold R. Kraemer; seven shares Lizzie M. Dorn to be divided three shares to Harry Medlicott and four shares to Lizzie M. Dorn.

Oil production reports from the Amalgamated Oil Co., St. Helen's Petroleum Co., and Gilmore Petroleum Co., were read and ordered filed.

Communication read from the Golden State Portland Cement Co., submitting a bid on cement. Action deferred until a later meeting.

MAJ. MENOHER RELEASED

HONOLULU, T. H., March 24. — Maj. Gen. Charles T. Menoher, who entered Tripler military hospital here Feb. 24 under war department orders for a thorough physical examination, was released today under certificate from the special examining board that he was "in good physical condition and fit for active service." Maj. Gen. Menoher, who for-welcome here, although she would ice, arrived here Feb. 15 to command the Hawaiian division. On his discharge from the hospital today he immediately resumed command of the division.

WILL SEEK ASSAILANTS

CHICAGO, March 23—John Silk, teacher in the Church of the Latter Day Saints, will spend all he has in hunting down two men who, he alleges, forced their way into his apartment and mutilated him with a knife. He had been ill for two months but will recover. Silk says he was mistaken for some one else.

PORTLAND BRINGS STRONGEST LINEUP AGAINST ANAHEIM

That Portland is going to put its strongest team in the field against Anaheim's champ Elks Sunday was the admission of Bill Kenworthy, manager of the Pacific Coast League team, over the phone today to Manager Billy Knott of the locals.

"We'll bring 14 and possibly 16 men, which means our first string," Kenworthy told Knott.

More interest is being displayed in this contest between Anaheim and the fast northern team than for any game this season. The game fills a long-expressed desire. Supporters of Captain Buster Callan's scoring machine have long maintained that it could make a Coast League team get out and hustle. This is the chance to see what there is to be seen along this line.

It is expected that Kenworthy will give several of his pitchers a workout.

Knott stated today he had arranged for another umpire.

Eddie Dunn, former Western League, who is employed in the oil-fields and who will be remembered as having played a mighty fine game last year with the locals, both in the field and at the bat, will be out in uniform Sunday.

S. A. TENNIS TEAM DEFEATS FULLERTON

Fullerton high school lost the tennis tournament to Santa Ana this week, being defeated by a score of 20 to 5. The only victory won by the Fullerton girls was by Evelyn Bellefeldt. She did some splendid playing, and will doubtless become the champion girl tennis player of Orange co. The Fullerton girls will play the Whittier team next Wednesday.

ANAHEIM LOSES TO WHITTIER BY 14-2

Whittier set the pace in the baseball game on the local grounds last evening and Coach Youngman's men lost by 14 to 2.

The local line-up was: c. Janss; p. Carroll, 1b. Mann; 2b. Schuetz; ss. Newkirk; 3b. Cook; lf. Clayes; cf. Crist; rf. Neeley. This was the second league game of the season.

PRESIDENT TELLS HITCH IN RECOGNIZING MEXICO

NEW YORK, March 24. — "The only hitch anywhere is one of proceeding," says President Harding with regard to recognition of Mexico. The president wrote to that effect in response to a letter from John Barrett, former director general of the Pan-American Union.

President Harding said: "I am not at all surprise at the expression of sentiment in the Latin-American republics which your letter conveys. As a matter of fact we feel no difference of opinion as to what is necessary to restore friendly relations between our own republic and that of Mexico. The only hitch anywhere is one of proceedings. Undoubtedly both countries are of the same kind, excepting that we cannot arrive at a program which cures the whole situation in one complete program which is to be executed at one time."

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

"They Satisfy"

An Announcement of Importance to the People of Orange County

To the Citizens of Anaheim:

It gives me great pleasure to announce that I have appointed Messrs. Brandenburg & Engle as the exclusive agents for Emerson Shoes in Anaheim.

I have been making Emerson Shoes for 43 years. I have always tried to make the best shoe possible at the price I asked you to pay. I have built every shoe as though I were going to wear it myself.

Today over a million men and women are wearing Emerson Shoes. They are known the country over for their smart styles, their supreme wearing quality and maximum of comfort.

Good shoes need the services of good shoemen to see that they are properly fitted.

Because Messrs. Brandenburg & Engle have had many years of experience in retailing, because they are thoroughly reliable and conscientious in all their dealings I consider them worthy representatives to carry on the Emerson name and policies in Anaheim.

I trust you will call at their new store and look over the wide variety of new Emerson models they are offering.

C. O. EMERSON, Founder.

Men and Women of Anaheim

On Saturday, March 25 we are opening our new Shoe Store at 214 West Center St. with a complete line of Emerson Shoes for men and Women for Spring and Summer wear.

Emerson Shoes are made in Rockland, Massachusetts, in the heart of the world's largest fine shoe making district.

Every shoe bears the trade mark of the manufacturer as his guarantee of quality.

We cordially invite you to visit this new store of ours and look over our new styles whether you are in the market for Shoes at the moment or not.

Every style we show is new this season and absolutely authentic. Our shoes are stocked directly from the factories so that the models are always up-to-date and the last word in smart, snappy styles.
