VOL. XXVI—NO. 133 Anaheim, California, Saturday, Jan. 20, 1923 TWENTY-SIXTH YEAR

WORKER HURT IN 40-FOOT FALL OFF SCAFFOLD

H. R. Masters, an iron worker on the new Chapman building being erected in Fullerton, fell from the second story into the basement, about 40 feet, at 11 a. m. and was painfully hurt.

The accident occurred when a beam in the iron framework became unbolted, letting the plank scaffold give way.

He was taken to the Fullerton hospital in a private car where it was found that he had suffered a fractured right leg, and possibly internal injuries. His nose was also lacerated.

NAME COMMITTEES AND START PLANS FOR ORANGE SHOW

The committee on committees of Anaheim C. of C. has appointed Herman Stern, chairman, and Sidney Prince and Chas. E. Harbeson, as the executive committee of the 1923 California Valencia Orange Show. The finance committee is as follows: Chairman, Hugh Grant, and Messrs. E. M. Chalmers, G. M. Theodore, J. P. Sebastian and Oscar Heying.

Saturday, these committees met with C. of C. directors at luncheon at the Elks' Club, and discussed preliminaries for this year. A committee composed of Messrs. Riley, Adams Eysabrand and Stern agreed to call on certain persons owning property along the highway, to ascertain if a site could be had for the 1923 exposition there.

Chairman Stern of the executive committee asked that the board appoint a manager, fix his remuneration and also establish a budget amount tht would fix the 1923 expenditures. For this purpose, a special meeting of the chamber board and the California Valencia Orange Show executive and finance committees is called for 2 p. m. Monday.

The executive committee will then immediately meet and consult as to the best available dates, arrange for the selection of the many committees necessary for the putting on of the show, and begin a campaign of publicity.

FULLERTON SHIPS 24 CARS ORANGES

Twenty-four cars of oranges were shipped from Fullerton this week. Hinchley Fruit Co. moved five cars; Fullerton Mutual Orange Ass'n., four; Placentia Orange Growers Ass'n., 15.

FRED LUEBOW BUYS OUT BOSTON BAKERY

The Boston Bakery, with a house on East Center-st. and one at Clementine and Center-sts., has been sold to Fred Luebow, it was announced today by Lee Eicholtz. Mr. Luebow has been the head man at the bakery for a year and a half, and has done much towards putting the bakery on the map, says Mr. Eicholtz, who is confident it will prosper as well or better under the new management.

Bert and Dan O'Rourke, brothers-in-law of Mr. Eicholtz, will enter the baking business here this week.

Mr. Eicholtz says Anaheim is too good a town for him to leave, but that he does not know yet just what he will do. He says he is considering several propositions. In the meantime he expects to take a rest.

HOTEL VALENCIA GUESTS

Guests at Hotel Valencia: George T. Vance, Los Angeles; J. C. Maxwell, Placentia; J. S. Pugh, Long Beach; W. M. Maxwell, H. F. Dedrick, and H. F. Szarfenski, San Diego; and M. S. Markowitz, San Francisco.

Local News

Mrs. M. Norton left yesterday over the Santa Fe for Chicago.

Mr. and Mrs. C. C. Conroy of Ellendale, N. D., are guests at the J. E. Baker home.

B. T. Whitfield of the Brown-Dauner Lumber-co., left yesterday over the Santa Fe for a few days in Oklahoma City.

D. W. Anderson and George Williams purchased lots in the Eyzabroad tract on Cherry-st. and will build houses.

H. H. Colby, with wife and brother, of the Rock Bottom Stores of Fullerton, left this morning over the Santa Fe for Pittsburg, Kan.

Mr. and Mrs. Dick Crockett and little daughter Mary Ruth of Long Beach were guests of Mr. and Mrs. Della [illegible] of Zeyn-st. yesterday.

Mrs. Nina Stone of the U. A. L. league who has been ill for several days was brought to the Fullerton hospital at 3 o'clock this morning in the Seals ambulance.

Licenses have been issued Robert E. Syeinberger of Sierra Madre and Margaret Laverne Sorter, Santa Ana; George Herbert Cook, Norwalk and Juanitta Hayden, Fullerton; Irving Glen Greer and Ruby Mae Andruff both of Huntington Beach.

Maximum 80 at 2 p. m.

LEG CRUSHED BY PIECE OF STEEL

Leon Dale, a worker for the Bassh Perforating Co., of Brea, last night was painfully injured when a piece of steel fell on his leg. He was taken to the Golden Hill hospital in Los Angeles in a McAulay ambulance. His leg was broken.

COUSINS QUARREL TO DEATH OVER KLAN

MONROE, La., Jan. 20.—Shot down during a quarrel over Ku Klux Klan activities, John P. Parker Jr., former sherriff and son of a capitalist, is dead here today and his cousin and warm personal friend, Carey Calhoun, noted "dead shot", is being held in the parish jail charged with murder.

During a sudden quarrel between the two men over the recent appearance of Calhoun as a state witness in the hooded mob murder trial in Bastrop, near here, witnesses said they were on the verge of blows several times.

Calhoun was an admitted member of the klan, while Parker was reported in sympathy with it, although not a member. During the heat of the dispute Parker is said to have whispered a remark that bystanders failed to hear and Calhoun drew his revolver and fired.

UTILITIES AT COST, AIM OF NEW BILL

SACRAMENTO, Jan. 20.—Declared by its author, Assemblyman Dr. Ernest Dozier of Redding, to be a substitute for the water and power act, which was defeated at the last election, a bill which would compel municipalities to sell publicly-owned water and power at cost was introduced to the legislature here today.

ITALY AND BELGIUM APPEAL TO BRITAIN

LONDON, Jan. 20.—Both Italy and Belgium have requested Great Britain to intervene in the Rhineland in an effort to establish a reparations agreement between France and Germany, but the British will maintain their neutrality and will not interfere it was stated at the British foreign office this afternoon. The representations of Italy were particularly forceful. "For the time being, the British are determined to adhere to their policy of aloofness," it was announced at the foreign office.

FULLERTON MASONS INSTALL OFFICERS

Officers were installed last night by Azure Lodge No. 523 at the Masonic Temple in Fullerton. R. J. McKee of Fullerton was installing officer, and E. M. Trage of Santa Ana master of ceremonies.

Officers installed were: E. D. Johnson, master; H. V. Williams, senior warden; J. E. Jones, jr., junior warden; A. G. Miller, treasurer; A. A. McCormack, secretary; L. L. Tanner, chaplin; C. C. Clark, senior deacon; H. A. Delaney, junior deacon; L. F. Conover, marshall W. R. Boatman, senior steward; R. J. Starbuck, junior steward, and A. J. Collins, tyler.

H. E. Miller on behalf of the lodge presented the retiring master, L. F. Conover, with the past master's rank and Mr. Conover was presented with an electric percolator. A musical program was followed by dancing.

EXPLOSION BURNS MRS. BOB WILSON

Mrs. Bob Wilson was considering herself fortunate today following an explosion of the gas range in her apartment at the Colonial. She lit the gas open to prepare the evening meal and 15 minutes later lit a burner on top of the stove. Opening the door to the oven where the fire had gone out, accumulated gas exploded. Glasses saved her eyesight but she suffered painful blisters about the face and hair and eyebrows were badly singed. Her clothing did not ignite. Today she was resting nicely.

MAKE HOME IN FULLERTON

Enos D. Failing of Santa Fe Springs and Hazel O. Martin of San Diego were united in marriage yesterday evening by G. B. Brown, justice of the peace, in his office at the Kraemer building. They will make their home in Fullerton.

Young Woman Chaplain With Flying Squadron

REV. NORMA C. BROWN

Rev. Norma C. Brown of Bloomington, Ill., the only woman speaker of the Flying Squadron, a member of the third division, was the youngest chaplain the Illinois State Senate ever had and the only woman who has ever filled that position.

Though the youngest member of the combination, it is reported that Miss Brown is a most interesting and charming speaker. She will be heard in the afternoon and evening meetings of the last day.

The Squadron will hold six big meetings in the Anaheim Christian Church Sunday, Monday and Tuesday, at 2:30 and 7:30 P. M. daily.

TELEPHONE BOOTHS IN PLACENTIA, BREA, FULLERTON ROBBED

Coin containers in three telephone booths at Fullerton, one at Brea and one at Placentia were robbed last night. The amount of money taken is unknown.

The telephone booths robbed in Fullerton were at the Santa Fe depot, Motor Transit station and McAlvey and Volz Drug Store.

It is thot the same thief is responsible for all five.

Fullerton and Brea officers are investigating.

INVITE DIST. ATTYS. TO ATTEND HEARING

Dist. Atty. Ezra DeCota of Amada-co. has issued an invitation to district attorneys of all the counties to attend the hearing of the test case before the Supreme Court in Alameda-co., Feb. 5, when it is hoped to obtain a favorable decision regarding the question of larger funds and more employees in counties of the state for the biennium begun Jan. 1. District Attorney Al. P. Nelson said he could not go.

Nelson said the last opinion of the Supreme Court was a dictum and not a decision. A dictum signifies how the court would act if called upon. At the same time a dictum is not binding as law, said Nelson. Hence there is more hope of the Supreme Court handing down a decision permitting boards of supervisors to increase funds or forces.

VICTIM OF RABIES DIED IN HOSPITAL

Otto Buister, the Santa Ana Southern Pacific railway employe who was scratched on the chin by a dog about five weeks ago, died late yesterday in the County hospital of hydrophobia.

The unfortunate man was being transported to the Sou. Pacific hospital in Los Angeles, but his escorts became alarmed at his condition and stopped at the county hospital. He rapidly grew worse and died in a most pitable manner.

WANAMAKER LEAVES BEQUESTS TO CHARITY

PHILADELPHIA, Jan. 20.—After caring for his two daughters with a $2,000,000 trust fund, John Wanamaker, the late dry goods king, left $200,000 to the Bethany college church, in his will on file here today and also provided a fund from which a boys' home is to be erected.

GRAND JURY VENIRE

The names of the first venire of 20 for the grand jury were filed today. They are Clinton Imes, B. E. Dawson, M. S. Cloyes, Henry Diers, Guy Cunningham, F. L. Humiston, G. M. Lambert, H. H. Bristow, J. L. Harris, B. McKeeth, E. L. Tiede, J. V. Dorsey, N. E. Wray, William Kesemann, J. T. Kinsław, E. L. House, Otis Remley, H. L. Bailey, H. A. Schechet and P. A. Ponce. All have been summoned.

GAS COMPANY INCORPORATES

Articles of incorporation of the Huntington Beach Oil & Gas Co. of Oregon were filed with the County Clerk today. The capital is to be $50,000.

DESERTION DIVORCE PLEA

Lack of support, desertion, violent temper in the course of which she was slapped in the face and other reasons are given for the complaint for divorce filed today of Stella Grace Olivera from Diego Olivera.

FIRE 18 SHOTS AT WOULD-BE BANDIT

SHIPPING OF CAL. NAVELS INCREASES

Private Sale Markets Freely Taking Increasing Supplies

The market on California navels has developed into one of watchful waiting.

Offerings have not been sufficient in eastern auction centers to fully establish a market basis.

Private sale markets are freely taking increasing supplies. The quality is meeting with approval of buyers.

There have been no price changes worthy of note. Open weather in the east coupled with a desire on the part of growers to get the large sized fruit off the trees, has accelerated shipments.

The cleanup in central Calif., districts has brought shipments beyond all expectations. A week ago shippers agreed that not over 50 cars remained to go. Close pickings in the various districts resulted in 208 cars being shipped. This brings the season's total for central Calif. to 4472 cars as against 4079 cars for the corresponding period last season. A few cars still remain for shipment.

In So. Calif. district growers are finding themselves in a similar position regarding crop estimates. While there are some packers who cannot see a production of over 12,000 carloads, in So. Calif. opinion of those best posted runs more nearly to 22,000 cars.

Jobbers now report increasing activity on the part of dealers because the period for heavy consumption of oranges is drawing near. The mild winter in the East has enabled all from the jobber to the peddler to properly display oranges.

The heavy surplus of large sizes is the only real obstacle with which shippers have to contend Large sizes must be heavily discounted.

Novel quotations f. o. b. California are: Size 80c, $1.75 per box, 100s, $2.25; 126s, $2.75; 150s, $3.15; smaller sizes, $2.40.

Cash quotations are largely on a basis of $2.50 per box for Orange-co. Navels on cars containing not over 12 per cent, 126s and larger. For other districts, $2.75 per box on cars running not over 20 per cent 126s and larger. A little more inquiry is reported regarding sales on a cash basis.

Warm days and cool nights throughout the Co. Calif. citrus belt during the past week have been conducive to the rapid coloring of Navels. The sugar content of the fruit is increasing daily.

Weather forecasts show nothing in the way of severe weather. Growers and shippers alike feel that the danger from freezing temperature has been safely passed.

The market on Calif. lemons is in splendid shape. An active demand in southern markets has kept the small sizes well cleaned up. Shipments to date are only 400 cars behind last season's total to the corresponding date, in spite of a contemplated crop shortage resulting from last season's freeze damage.

Summer pickings will be heavy. That the trade is standing by the California lemon is evidenced by a willingness to pay a premium over the foreign product.

Quotations f. o. b. Calif. range from $4.50 per box on extra choice size 360s to $5.50 for 300s; choice grade 300s and 360s per box.

There are on hand and available for sale within the next 30 days approximately 78,000 boxes of foreign lemons.

30 DAYS FOR RIDING TRAIN

M. J. McFarlane was sentenced to 30 days in the Orange-co jail when arraigned in Judge French's court this morning on the charge of riding the train without having paid his fare.

Tenfold Interest On $50 3 Years Loan

ALBANY, Ga., Jan. 20.—Three years ago J. M. Bundrick of Albany "fell" for a hard luck story. A few days ago the bread he cast on the waters was returned to him in the form of a cashier's check for $5000. His original investment, in humanity was $50.

Three years ago Bundrick, at that time a soldier at Columbus, Ga., befriended a man named Averti. He was impressed with the sincerity of the man and his story. He loaned him $50 that enabled the man to get home to Tulsa, Okla. A few days ago the amount was returned—ten-fold, along with a letter expressing gratitude.

Irish Execute Rebel Prisoners

DUBLIN, Jan. 20.—Eleven irregular prisoners were executed by the Free State military authorities at Tralee today.

The prisoners were found guilty by a military tribunal of having arms in their possession for purposes of rebellion and in taking part in insurrectionary activities.

STRIKE FAILS AT ELKS CAFE WITH CLUBMEN WAITERS

A strike of retiring negro kitchen help and waiters at the Elks Club café last night failed to demoralize dining service as contemplated when club members stepped into the vacated jobs.

The club was to change over last night from negro to white help in the kitchen and dining room. At 5:15 p. m. Dan Auren negress announced they would quit before instead of after dinner.

Manager Bob Wilson notified several club members who donned aprons and with George Hup, new chef and his wife, about 50 diners were served.

Among the more "fetching" waiters were "Doc" H. E. W. Barnes and Atty. Tom L. McFadden.

FRENCH CHIEFS FEAR SECRET ATTACK

PARIS, Jan. 20.—The French high command has information that leads it to fear the Germans will attempt a coup in the Ruhr in a few days, according to unofficial dispatches from Dusseldorf today.

The dispatches said the French officials had been advised important quantities of arms and ammunition" have been secretly brought into the Ruhr by the Germans.

Reports from London says that all lied authorities have been informed that German secret organizations are preparing an attack on all allied troops occupying the Ruhr.

FARMERS PLAN OWN CO-OPERTIVE BANK

NEW YORK, Jan. 20.—The farmers are today planning to start a national co-operative bank unless the government supplies adequate marketing fiuances, John W. Howard, president of the American Farm federation, told the American Acceptance council. Bankers, he said, are trying to wreck the co-operative farmers' associations by witholding credit and other means.

ANAHEIM SHIPS 24 CARS THIS WEEK

Twenty-five cars of navel oranges were shipped this week from the Anaheim district. The Randolph Marketing Co., whose principal shipments are tomatoes and vegetables, is the only remaining local packing organization that has not shipped. The latter also shipped no vegetable this week.

The warm weather continues to worry managers.

TRIES TO FORCE BOOTLEG ON WIFE

LOS ANGELES, Jan. 20.—Stella Lochowich, 18 years of age and well known in Los Angeles, filed a complaint in the superior court of San Francisco for divorce because her husband made moonshine and tried to make her drink it.

The couple had not been married long when Lochowich is alleged to have demanded that she use cosmetics. She refused, and Lochowich became angry.

REVIVAL MEETINGS AT GERMAN BAPTIST

Revival meetings will start in German Baptist church, corner of Lemon and West Broadway, Sunday January twenty-first to February second.

Rev. E. Umbach, Milwaukee, will have charge of them. He is a modern successful evangelist of sound doctrine, a captivating speaker and has had years of experience in this special line of worz. The public is cordially invited. Come and hear him.

REPORT THEFT OF PIPE

The F. J. O'Neil Co. of 746 No. Claudina-st., reported to local police today theft of 500 feet of half-inch water piping from 911 No. Los Angeles-st. last night. The only way the loot could have been taken was by truck.

BUILDS $5000 RESIDENCE

Mrs. Minta McMillan today took out a permit for a $5000 residence at 205 Malvern-ave.

FULLERTON MARSHAL AND OFFICERS ARE EVADED

Eighteen shots were fired last night at a would-bee highwayman on the boulevard between Anaheim and Stanton by aides of City Marshal Arthur Eells of Fullerton, but the fellow escaped.

Eells and his men were returning from the Stanton vicinity where they had gone after a Mexican, when they spied a young man in the road bending over a tire. He signalled to them to stop, but this stunt of enlisting sympathy for a pretended misfortune with a tire is an old stunt, and a nearer glance convinced the party that a holdup was intended.

Eells meant to let his aids cover the man while he went about and captured him, but instead of that they began to blaze away at once and the fellow fled over the fields as if seven devils were after him. None of the shots apparently took effect.

ADMITS GIVING MANN GIRL MONEY

LOS ANGELES, Jan. 20.—Admission from Dr. Lewis L. Jacobs, held in connection with the death of Fritzie Mann, beautiful slain dancer whose semi-nude body was found on the beach near Torrey Pines, that he had given Miss Mann money for a proposed operation in Los Angeles was obtained from the army surgeon by Chief of Police James Patrick of San Diego today, it was claimed.

The police chief announced that he would hold Dr. Jacobs in jail pending the outcome of a hearing on a writ of habeas corpus for the doctor scheduled for Monday.

Chief Patrick is particularly interested in the movements of Dr. Jacobs between 8:30 and 9 p. m. Sunday night, the day prior to the finding of Miss Mann's body on the beach.

Identifies Disinterred Brother After 30 Yrs.

The body of William Raymers, who was found asphyxiated in a First street rooming house, Santa Ana, on Dec. 30, was disinterred today from Fairhaven cemetery by Coroner Charles D. Brown and identified as that of the brother of E. C. Raymers, who came to Santa Ana from Marquette, Neb., for the purpose.

The latter had not seen his brother in 30 years, according to Brown.

The body will be shipped to Marquette.

KENTUCKY'S "OLD TAYLOR" DIES AT 93

FRANKFORT, Ky., Jan. 20.—"Old Taylor" was mourned by the surrounding countryside today. He was Col. Edmund H. Taylor jr., 93, distiller of whiskey that bore his name. Colonel Taylor died at "Thistleton," his home near here, from pneumonia.

LAST RITES FOR REID HEARD BY THRONGS

LOS ANGELES, Jan. 20.—Final tribute to Wallace Reid was paid today in Los Angeles and throughout the nation.

Thousands assembled at the First Congregational church, 841 South Hope-st., where the body lay in state, banked in flowers.

At 10 o'clock, when the doors of the church were opened, there was a line of men and women six block long waiting to file past the casket. A squad of police officers was on hand to handle the crowd as it increased in numbers.

The casket was placed on the steps of the altar, surrounded by floral tributes. Reid was attired in a tweed sport suit for his last gole. Outside of the church those who had viewed the body lingered in silence, reluctant to leave.

Many of the mourners who went to the church early to view the body took seats in the pews to wait for hours for the funeral services, set for 3:30 o'clock this afternoon.

EIGHT DIES IN MASS. TENEMENT

LAWRENCE, Mass., Jan. 20.—Eight persons perished in a tenement house fire here early today.

Two were injured, one seriously.

The flames swept through a three and a half-story tenement on Elm street.

SEAMON INFANT BURIED

The infant of Mr. and Mrs. Jerry Seaman of Brea died this morning. Private services were held this afternoon with burial in Loma Vista. Angus McAulay, funeral director.

HAVE WE OR HAVE WE NOT MONEY TO FINISH HIGHWAY?

R. F. McClellan, chairman of supervisors of Los Angeles-co., who refused a place on the State Highway Commission, has privately declared that former tSate Chairman N. D. Darlington of the commission was correct in his estimate of highway funds available and Toy, his successor, wrong. If so, there is hope for the completion on schedule time of the other two links of the coast highway in the county. McClellan said that $15,000,000, including bonds to be sold and Federal aid funds, would be available.

A prominent Long Beach firm, in a letter to the chairman of the Orange-co. board, filed today, urges the need of the other piece from Huntington Beach to Serra, and suggests that civic bodies get busy at once with the state commission.

Yesterday the county engineer, on instructions from Supervisor William H. Schumacher, began the work of grading and gravelling South-st from Placentia-ave. to Anaheim city limits.

This week more gravel was scattered where needed on the hospital road between the County Highway and Garden Grove road.

Today was started grading and gravelling Idaho street, LaHabra, from the state highway to Central avenue. The work will be completed probably today after grading Ocean avenue from LaMirada street, La Habra, to the Ohio street.

This week the work of grading and putting shoulders on the Huntington Beach boulevard from Westminister road south to the Wintersburg road was begun.

FORMER ANAHEIM MAN UNDER ARREST

Arrest of Vern R. Warner, formerly of Anaheim, on awarrant issued some time ago was announced today by Sheriff Sam Jernigan, who said he had received word to that effect from W. F. Jones, Sheriff of Fresno-co. Deputies who took Jake Harris of Orange to San Quentin today will be instructed to stop off at Fresno on the way home and get Warner. The latter formerly was in the automobile business here.

SOCIETY WOMAN RECKLESS DRIVER

LOS ANGELES, Jan. 20.—Charged with having driven her automobile along Hollywood boulevard in a reckless manner, a woman who gave her name as Mrs. Kelley Springer of 4018 Halldale avenue, and who was said to be prominent socially, was arrested about midnight and held in the city jail in default of $500 bail.

TWINS BORN IN DIFFERENT YEAR

BEND, Orc., Jan. 20.—Mr. and Mrs. George Doone of Terrebone, Ore., are parents of twin sons—born in different years. The stork brot number one in the fading hours of 1922. The second arrived shortly after the advent of 1923.

AT ANAHEIM HOSPITAL

New patients at the local sanitarium include: Master Delores Moreno, Anaheim, and E. E. Heinze Anaheim.

VISITING STAFF INSTALLS LODGE LEADERS HERE

INSTALLATION of officers in Lois Rebekah lodge last night was one of the nicest meetings of the season. District Deputy President Mrs. Mary Emily Palmer and her staff, of Orange Rebekah lodge, performed the installation ceremonies most gracefully and efficiently.

Rebekahs who will guide the destiny of the lodge for the coming year are: Noble grand, Marie Brumagin; vice grand, Emma Hedges; recording secretary, Elizabeth Mang; financial secretary, Elsa Borth; treasurer, Nellie Terry; warden, Margaret Mitchell; conductress, Flora Chandler; chaplain, Estella Pollard; right support to noble grand, Ida Tipton; left support to noble grand, Anna Bouskey; right support to vice grand, Pearl Fergus; left suport to vice grand, Hilda Dutzi; inside guard Katherine Neiswanger; outside guard, Ardis Chambers; past noble grand Frances Scott.

The outgoing noble grand was presented by the lodge with the jewel of her position, this being the custom adopted by the lodge one year ago. The incoming presiding officer was given a beautiful bouquet. She, in turn, presented all the members of the Orange staff with flowers.

Brief talks by the visiting officers, Mrs. Palmer, and by district deputy grand patriarch H. Mang, and marshal, Mrs. Baker, from Orange, concluded the program.

Adjournment was taken to the banquet room where a feast was served and dancing following until a late hour.

Refreshments were served by the unmarried men of the order, and it is whispered that snares have been set for several of them since the feed.

J. C. Play Week Away

The cast in "The Maneuvers of Jane," the Fullerton J. C. play to be given next Friday evening in the high school auditorium, is spending the final week adding the finishing touches to the play.

This, the mid-year junior college play, promises to be entertaining in every sense. It is humorous and has a good plot and affords room for a large cast of characters. The cast has been selected from students of Anaheim, Fullerton, La Habra and other places.

Anaheim has four representatives, Jean McElhiney, Hilda Gordon, Thomas Mock and Ray Callor, all in prominent roles. Tickets all reserved, may be secured throughout the week at the Fullerton junior college or at Evans confectionery, Fullerton.

Players at O. E. S.

The Anaheim Community Players will present the one-act farce, "Luncheon for Two," before Chispa Chapter, O. E. S. at the regular meeting Monday evening. The players have been invited by several organizations about Anaheim to repeat the plays which they have so successfully given to the public, and the appearance Monday night is one of the first acceptances. The characters are represented by Mrs. Iva Spahr, Mrs. Newman Sanford and Mrs. Arthur Cohen.

Noose plan a dance at Eagle Hall Tuesday night.

Conservatory Recital

It was a real treat for lovers of good music to hear the pupils of the local conservatory whom Mrs. A. Siegel presented in recital in the spacious hall of the new music store 206 West Center-st. The parents were proud of the performances of their children, and the many guests who attended were delighted with the artistic playing of the young students.

Those performing were Gertrude Oehlke, Ruth Boege, Florence Eymann, Raoul Villalves, Lillian Watson, May Tanaka, Nora Schroeder, Bernardine and Stella Bastain, Rowland Schindler, Dorothy Newman, Arthur Gross, Ruth Davis, Lucille Siegel, Frances Merrill, Juanita Brownfield, Evelyn Karsten, Helen Grafton, Dorothy Tesch, Frances Mattis, Dorothy Heide and Flora Schneider.

At the conclusion Miss Anna Marie Siegel played the Dmoll Fantasie, by Mozart, as an illustration of the highest type of classical music and Mr. Siegel rendered a flute solo, by Fesca, to the accompaniment of Mrs. Seigle.

Whist Club Yesterday

Mesdames Charles L. Turner and J. W. Sackett graciously entertained yesterday afternoon at the Masonic Temple for members of the O. E. S. whist club.

High score in the whist games were made by Mrs. Sackett, Mrs. Dahlman, second, Mrs. Clayes, third and Mrs. Mann, fourth.

After the games, the guests retired to the banquet room where they were served a dainty lunch., Poinsettias and two large baskets of red carnations furnished floral trimmings.

Covers were placed for the Mesdames J. W. Sackett, L. Dahlman, J. A. Clayes, Chas. H. Mann, Eva Boyd, W. E. McCann, J. P. Probst, A. D. Dahl, Simon Lybarger, Chas. Pearson, Asa Squires, Henry Hansen, W. P. Quarton, Dean Hasson, J. T. Lyon, W. P. Webb, V. W. LaMont, Wm. H. Houts, Miss Frieda James, and the hostesses Mrs. Turner and Sackett.

Renew Former Friendship

Mrs. John Heying, of Emily-st, invited in several ladies yesterday to pass the time with Mrs. Kolks, of Glascow, Mo., who is now visiting for some months along the Pacific coast.

The ladies talked over old times in their former home state, Missouri, and anxiously inquired concerning all the old friends. A delicious luncheon was served at 4 o'clock. The ladies visiting together were the Mesdames Kolks, Ben Lensing, D. Naugle, J. Van Booven and E. H. Heying. Two or three others were asked in but were unable to accept.

Special Writer to Speak

Alma Whitaker, the talented special writer for the Los Angeles Times, will be the speaker at the Round Table club Wednesday afternoon. Each member is privileged to bring one guest. Mrs. F. W. Tutton, chairman of the music committee, has prepared an excellent musical program.

The hostesses are the Mesdames S. F. Moore, Charles Tutter, Monroe a and Dan New.

Mrs. Mary Holman of San Diego has returned to her home after a visit with her cousin, Mrs. Della Wheeler.

Search World Libraries For Doug's Film Facts

Gathering historical facts is by no means a small job when Douglas Fairbanks undertakes to make a super-production, such as his latest photoplay sensation for United Artists release, "Douglas Fairbanks in Robin Hood," coming next Sunday to the Fairyland Theatre.

Mr. Fairbanks gathered about him experts in every line. First he obtained the services of specialists in research work—men considered the foremost authorities on history in the Twelfth Century. Dr. Arthur Woods, considered the best informed authority on this period in the country, headed this work.

It was necessary for Dr. Woods and his assistants to search through libraries both in the United States and abroad in order that this great picture might be at exact portrayal of mediaeval England in the Twelfth Century. It might be well to record here just a few of the different historical works delved into in the five months of preparation before photographic work was begun. There were eight histories of England, three histories on the art of war during the Twelfth Century—though no actual war scenes are depicted in the picture—six books on arms and armor, eight on costumes, four on archery, seven on science, literature and art, five on ornaments used in the period, four histories of the Crusades, five on sports and pastimes, seven on architecture and art, three on horses, five on manners and social life, five on paintings, four on heraldry, three on royal forests, besides scores of others, including fictional books concerning Robin Hood, the character.

After this work had been gotten under way there came the task of selecting art directors. These had to be dreamers as well as artists, for Mr. Fairbanks wanted men who not only could stick to historical facts where facts were obtainable, but who could draw on their imagination for the legendary part of the picture.

Robin Hood, you see, is full of real romance. Imagination may run riot in this wonderful story, for imagination only enhances its charm and beauty.

Mr. Fairbanks found his men. Under the supervision of Wilfred Buckland, the art direction was in the very capable hands of Irvin J. Martin, Edward M. Langley and James Mitchell Leisen.

Mr. Buckland is the man, who while in college, wrote his thesis on the Norman Period. He is now considered the foremost authority in America on the architecture of this age.

EPWORTH LEAGUE RALLY HELD FOR JUNIOR MEMBERS

THE Epworth League rally last night in the White Temple left an impression which will be lasting in the minds of those who heard Miss Emma Robinson, general secretary of junior Epworth Leagues of Methodism in an address to the young people. Representatives from many leagues in the county were present, making the attendance at almost 100.

The banquet brought the young folk together in a social manner with the opportunity to become acquainted and with time for a little chatting prior to the program.

Miss Robinson's talk was particularly interesting because of the reports of activities from so many leagues between Chicago, her headquarters, and the west. She has visited in So. Cal. leagues and spread her message among many of the societies.

Dr. Clyde M. Crist, superintendent of the San Diego district, gave a lively address of welcome and spoke briefly, and other officers were on the program. A reading by Miss Laura Schutz and a duet by two young ladies of a visiting league gave added interest.

Big Card Party

Eight ladies enjoyed the hospitality of the Altar society of the Catholic church yesterday afternoon when they entertained with five hundred. The popular game was enjoyed until a late hour. Scores were made by Mrs. John Kirsch, Jr., Mrs. Wallace and Mrs. Lewis McPherson.

Mrs. L. Z. Krooger was chairman of the afternoon and presided over the affair in her usual capable and charming manner. Cards in bloom was attractively placed about the rooms for a decorative motif. An unusually pleasing luncheon was enjoyed at a later hour.

School Presents Movie

Charlie Ray is coming to Anaheim H. S. Friday Jan. 26. Not in person but on the screen in "R. S. Y. P." one of his picture classics.

The H. S. students will give another of their popular entertainments and this film will head the bill. Other features on the program will be announced later. The proceeds will go to the H. S. for various funds.

Presbyterian Society

The regular missionary meeting of the Presbyterian church was held Friday afternoon with a large number of the ladies present. Miss Kate Rea and her committee has prepared a fine program which was much enjoyed.

Mrs. George Sloop presented the cause of the Freedmen and Mrs. N. H. White and Miss Rea told of the activities among the Chinese both in their native country and in the United States.

Mrs. George Dunsmoor played two piano solos, Rachmaninoff's prelude in C sharp minor and Grieg's Nocturne, to diversify the program.

A social hour afterward included serving tea and wafers.

Return Home with Guests

Miss Edith Craig, and the Messrs Arthur Finney and Robert Jones, of Los Angeles, were guests several days of Mr. and Mrs. W. A. Luce. They returned Wednesday, accompanied by Mrs. Luce and were joined Wednesday evening by Mr. Luce, all passing the evening at the Norse studio midweek party. A rabbit dinner with dancing after was the entertainment of the evening.

BRIDE ELECT SHOWERED WITH KITCHEN GIFTS

MISS TINA GRUSSING was the surprised honoree when Miss Martha Henning gave a kitchen shower for her at the pretty Henning home on Olive-blvd. Miss Grussing had been invited t oattend the how and on her way asked to stop at the Henning home. When she saw no lights her suspicions were not aroused, so as she opened the door, and heard cries of "surprise," she certainly was surprised.

The rooms were pretty indeed in their yellow and green color scheme, roses and ferns forming the motif, supplemented by streamers from the center of the ceiling to the corners of the room, making a canopy. A kewpie dressed as a bride, had an honored place on the table.

Games, in which Henry Henning won first prize and Miss Kate Beebe earned second were played, and later a delicious luncheon was served, in which Miss Henning was assisted by her mother, Mrs. O. Henning.

As the young ladies sat chatting a peal of the door bell announced the coming of another guest, and a disreputable looking tramp entered the room. He carried a hug bag slung from a stick over his shoulder, and a clothes basket in his arms. When excitement had subsided he placed his burden at the feet of Miss Grussing with a courteous presentation speech. The packages contained almost a complete outfit for the kitchen over which Miss Grussing will preside as the bride of Mr. Henning.

Enjoying the afternoon party were the Misses Margaret Selmers, Amanda Fraum, Bertha Schroeder, Alvina Joost, Elsie Steffens, Alma Steffens, Emma Kraemer, Lucy Kramers, Annie Otte, Esther Otte, Ada Otte, Bertha Karloff, Elsie Karloff., Meta Blankmeyer, Anna Blankmeyer, Martha Wiebe, Rose Poyet, Ida Ehrmann, Laura Mierhoff, Mrs. Ehrmann, Mrs. A. Miller, Mrs. Hanning and the, hostess, Miss Henning.

Mrs. J. S. Smith has returned from Orange where she has been for past week with her mother, Mrs. A. Streech. Mr. Smith has just returned from a business trip to Banning.

Mr. and Mrs. W. P. Quarton, Irving Quarton and Mr. and Mrs. Wayne Amuck will be dinner guests tomorrow of Ensign and Mrs. Dale Quarton in Los Angeles.

J. M. White of Taft is a patient at the local sanitarium.

Mrs. Capitola Kelsey of Long Beach, will arrive at the home of her daughter Mrs. Walter Ross, today for a week-end visit with Mr. and Mrs. Ross.

BREA NEWS

BREA, Jan. 20.—(Special.)—Mr. Geo Bernachochen attended the funeral of Erraca Micheal, 13 years old, on Saturday, who was shot by a play mate Thomas Plotter. Interment was at the Calvary Cemetery, Los Angeles.

Mr. and Mrs. Harry Bates on Poplar st., Laurel Heights, were Santa Ana visitors last Monday.

Mrs. J. A. Mabee of Whittier, was at her mothers today for luncheon.

Mr. and Mrs. Weaver and Mr. and Mrs. Jones and two children were Los Angeles visitors last Monday.

Mr. and Mrs. Sutton were Riverside visitors last Saturday on business.

Mr. and Mrs. Armantage, motored to Los Angeles in their touring car last Sunday.

Yesterday, or Thursday was a delightful day for a jolly crowd of Brea Folk. They went with the H. H. Townsend Co. sightseeing and drove out through the Santa Fe oil district and from there to Huntington Beach via Downey, Bellflower, Clearwater and Artesia. Then they had a fine lunch and listened to a very interesting lecture from Mr. Harris and were entertained with a number of colored people, they certainly know how to sing. Those in attendance were Mrs. Weaver, Mrs. Harvey, Mrs. Taylor and mother Taylor, Mrs. F. M. Chambers and Mr. and Mrs. Will Foster and children and Mrs. P. A. McCall. The day was a day of merriment as well as business and they pronounced it well spent.

Mr. W. M. Gungy is visiting his sister Mrs. J. C. Knupp of Whittier this week.

Mr. and Mrs. Will Foster and three children, Howard, Dean and LeRoy, and grandmother Mrs. P. A. McCall from Phoenix, Ariz., arrived in Brea last Tuesday. They are stopping on Laurel-ave., with the former's brother, Mr. Lannon Foster and family. They will remain in the little oil town indefinitely. They motored overland.

Mrs. Sally Richards and family from Riverside, spent last Sunday at Mr. and Mrs. Merrifield's home, on S. Pomona-ave.

Mr. and Mrs. W. J. Choat on S. Pomona-ave, spent last Sunday in Los Angeles.

Mrs. Charlotte Logsden is entertaining her sister, Mrs. Lomard Cota from Redondo Beach for a few days this week.

Mrs. W. M. Gungy was delighted to have her brother, J. W. Byers from Fresno, for a dinner guest last Wednesday. He expected to spend a few days in Long Beach before returning to his home in Fresno.

Mrs. Griffith Jones and Miss Evelyn Rankin of the "Smart Shop" on Pomona-ave. spent the week-end in Beaumont with her sister, Mrs. Homer Bailey and family.

Mr. and Mrs. O. A. Crispen and Mrs. Enoch Taylor motored over to Bellflower last Wednesday afternoon.

Mr. Ord Kaylor of Fullerton was a dinner guest last Sunday at Mr. and Mrs. Ellenberger's home on S. Pomona-ave.

Mrs. W. H. Burton at 120 S. Flower-st., entertained her sister-in-law Mrs. G. Burton and baby from Pasadena for a few days this week.

Mr. Perrine returned home Thursday of this week after a trip to Red Bluff, the first of the week.

Mrs. S. M. Swigart from San Jose is visiting her daughter, Mrs. J. H. Gangy and husband this week. She has been quite sick the past week.

Mr. and Mrs. F. W. Hall and mother, Mrs. P. Walz, were visitors in Pomona last Saturday on business.

Mrs. Walter Gray and Mrs. John Gray, both of Los Angeles, were forenoon visitors at the Crispen home on S. Orange-st.

Mrs. Nellie Ryan of Huntington Beach spent Tuesday with Mrs. Perrine and family and Wednesday she and Mrs. Rita visited the cemetery at Loma Vista.

Mr. and Mrs. Crispen and daughter Edith, son Vern and grandfather Enoch Taylor, and Mrs. Charlotte Logsden and children Frank Edith and Stanley, and Mrs. Russell and baby motored to Orange County Park last Sunday afternoon.

Dr. J. H. Scoot was a Los Angeles visitor last Wednesday on business.

Mrs. Morton of the Amalgamated Lease was a dinner guest of Mrs. Perrine last Wednesday.

Hoy and Ray McCandon and Ray Reese of Whittier were visitors at the O. A. Crispen home on South Orange-st last Sunday evening. They were former school mates of Miss Edith Crispen in oClaisa.

Mrs. McCart of Rockyford, Colo., has been visiting her son in Brea for several weeks, returning home last Wednesday.

Rewards are nicely adjusted in this glorious country, and the under dog usually gets the upper berth.

ORCHESTRA SHOWS MUCH IMPROVEMENT

A pleased audience listened to the second concert of the Orange-co Symphony orchestra at the Fullerton H. S. auditorium last evening.

Beginning with the opening number, "Atlantis," the listeners were at once apprised of the fact that the orchestra had made material progress since last year and, in fact, since the last concert. The exacting number was played with much credit from the lovely hymn to Morning beginning the suite to the finale which describes in expressive interpretation the destruction of of the "Lost Continent." In the last number of the suite in particular the orchestra rose to the requirements in a splendid way.

Equally creditable was the rendering of Nevin's suite "A Day in Venice," its lovely numbers familiar to all concert goers. The Venitian love song with the lovely duo between the cello and violin was beautifully played. The "Good Night" was exquisitely rendered. The remaining single numbers were played in a manner that called forth the warm approval of the audience.

The performance of Z. Earl Meeker, baritone soloist, gave unusual satisfaction.

Mr. Meeker's interpretation is always of a highly intellectual nature and one could not imagine the requirements of the "Credo" better fulfilled than his highly artistic rendering. The simpler songs which won the heart of the audience.

FIND BIG DEMAND FOR HOME SITES

"There is no doubt about the demand for building lots," says G. H. Grefe, who with J. E. Baker is selling California Square, Anaheim's newest tract.

"We have already sold a large number of lots and have had numerous inquiries. We expect to close out the tract in short order.

"The lots are high above the streets, each with ten large Valencia trees and they are close in. The only mistake we have made is that they tell us we have priced them too low."

GREAT PROGRAM AT ARENA LAST NIGHT

(By Sargum Sprout)

It was one of those large, fine evenings at the fight emporium last night, when every event was a good one. The faithful were well repaid for braving the fog and those who did not attend missed a good entertainment.

The show started off rather tamely with Lee Reece and Tony Ross as the entertainers. The second round saw the boys warming up to action. Tony putting his best exhibition so far and held the wise El Modena lad to a draw. It was a pretty fight for a curtain raiser.

Kid McCoy and Snowy Johnson of Wineville had a great set-to in the second bout. Johnson had the Kid on the run the first two rounds and the Kid evened up in the last two by a heavy barrage of blows that the Kid engendered by bouncing off the robes. The last two rounds were so full of action that many of the fans were on their feet in a frenzy of excitement. The Kid put up a whale of a fight the last two rounds.

The real slugging bee was staged in the third bout. Johnny Nandes and Charlie Dement who had met three times, each to a draw, went out to settle their little argument for fair. Manager Darnley offered a $5 bill to the one securing a K. O. Johnny used a left chop to good advantage throughout the fight. The first round was about even. Johnny slipped a left hook through in the second that dropped Dement on the canvas for the count of nine, and which gave Johnny the round. In the third Johnny landed another haymaker that apparently had Charlie out. He was limp on the floor till the count of nine, when he staggered to his feet and in a dazed condition battered Nandes all over the ring. Charlie almost evened up the round. It was the best display of grit yet shown in the Anaheim ring.

The forth opened with a great bombbardment on both sides. Nandes finally landing a terrific right drive that stopped the pluchy Dement. This was a real fight.

Art Jackson of Seal Beach was hooked up with that battle wreck, Earl Lane, in the fourth bout. Art displayed a trick shoulder that marred his otherwise good showing.

In the first minute after Art had led off with a flying start, he suddenly sat down with his right arm hanging useless. The arm had slipped out of the shoulder. It was pulled back into place and the fight resumed. Art drew into Lane and the Oklahoma lad draped on the for most of the round. Art up an old cut over Earl's that soon had the whole ed. Lane looked to be a boy but he was staghe ring fighting back ended the round. In started off strong, pparent that Lane After a minute illing Lane landwn and out went nd in came the to Lane by a

SILVER MOON TIED FOR FIRST PLACE

The Silver Moon Cafe team won two out of three from Bill's Cafe bringing themselves to a tie for the league leadership. Logefell, shooting for the Silver Moon, shot 226 in the first game which is high single game of the league. His total of 582 was high for the night. Captain Karam had a tough night rolling 484 which is below his real form.

In the other contest "Shorty" O'Donnell's Victor Cords won the odd game from the Keen Hat Store five. "Stormy" Gordon doing the heavy work, Fred James making his first appearance since last winter, struck out in the second game, giving the Hat men their only win of the season. Sunday night "Dad" Meek will bring the Gene Murphy team here for the first half of a home and home match with the Anaheim Alley Squad. The locals will line up with "Bill" Karam, Erker, Dugas, Gardella and Jimmy Heppon.

These teams will roll the second half of the match on the El Dorado alleys in Los Angeles the following Sunday.

	770	791	794	2355

round. Art did his execution in the toe to toe slugging while Toby had it all over him in the running fighting. Art was handed a present when the judges gave him a draw. Montoya is surely a comer.

The main event was a great exhibition of in-fighting. Although one of the cleverest exhibitions of ring fighting yet staged here it did not take with the crowd. Frank Barrieau was too clever for the muscular Steve Biss. Biss was always fighting but Frank had a shade all the way. Where the judges got their draw idea is a mystery.

This was a 100 per cent show, all bouts being great.

Buena Park News

BUENA PARK, Jan. 20.—(Spl.)—The officers elect for the coming year of the Masonic order were installed on Thursday evening by the retiring Master Mead Shear. About 175 members and friends were present, including guests from Anaheim and other districts. There were also seventeen members from La Jolla with Rev. C. L. Knight, former pastor, were present also seventeen members from the La Jolla order including Rev. C. L. Knight, former pastor of the Buena Park Congregational church.

The officers installed were J. Roy Eberhart, W. Master, W. Leaforda, Senor Warden, D. Cameron, Junior Warden. H. E. Warren, treasurer; C. H. Owens, secretary; George McNeil, chaplain; Cuthbert Miller, S. Deacon; Herbert Hunt, J. Deacon; Ed Mann, Harley Jones, stewards; S. Winters, marshall, J. Watson, Tyler. An enjoyable program was given during the evening including piano solo, Mrs. George McNeil, Duet, Mr. and Mrs. Fred Bastady. Whistling solo, Dorothy Winters. Song, Mr. George Jackson of Anaheim. Reading Mr. W. Ledford. A beautiful ring was presented to the retiring master, Mead Shear, by D. Cameron.

Rev. Knight was called upon and responded with appropriate remarks. Other members from La Jolla order gave short talks. At the close of the ceremonies the guests were invited to the banquet room where delicious oyster stew, wafers, cake and coffee were served.

Troop 1 of **Buena Park are planning** to go Friday Jan. 19th to the big Boy Scout Rally at Anaheim High school auditorium. Everyone is invited and the scouts have free tickets.

The eucalyptus grove at the east end of Court street has been turned over to the Buena Park Boy Scouts for a period of two years. They are to clean it up, put in tables and fire places. People are welcome to have their dinners there. It will be announced later when it will be open.

Mrs. R. C. Cauthon motored to Los Angeles on Thursday afternoon.

Junior Tic is on the sick list this week.

Mr. and Mrs. F. Libel and Mr. and Mrs. W. Mayhew of Huntington Beach came up for the Masonic installation on Thursday night.

VETS DROP FIRST GAME TO REALTORS

Anaheim Realtors handed the American Legion its first defeat last night in the Indoor Baseball league, winning 10 to 9, the 10 runs being made in the first inning. The Realtors were short-handed at that, having to bolster their lineup with some small boys. The realtors in the lineup were Wagner, Fowler, Sanford, Hargrove, Shilling Mackey and Hensley.

Legion lineup Cohen, Pearson, Oelke, J. Elliott, Bruns, Altnow Panier, H. Panzler.

The Realtors are seeking new worlds to conquer, having challenged Santa Ana realtors to come over and sacrifice themselves next Friday night.

FOOTBALL PLAYERS PRESENTED LETTERS

In appreciation of the valiant work of football players, Prof. J. A. Clayes, in behalf of Anaheim Hi student body, presented 14 of the first squad with letters. They were the regulation eight inch block A. Receiving awards were,Captain Al Hile, Roderick Brastad, Howard Mulvey, Walter Gutosky, Johnny Feetham, Dana Newkirk, Homer Wallace, Gervictor Reese and Wildred Hays, Marin Ross, Jack Woods.

Twelve pigskin players of the 130-pound class were presented with the five-inch block A. These boys are now members of the "A" club.

Receiving the awards were John Daugherty, Lawrence Sweeney, Wallace Walton, Frank Beckett, Randall Waters, Crawford Cate, Monroe Glas, Edwin Bpebe, Howard Gregg, Harold Holdsworth, Wilbur Jabs and Kenneth Klapp.

ANAHEIM LOSES TO FULLERTON 40 TO 8

Coach Ray Elliott's first basketball team players lost yesterday at Fullerton forty to eight. The locals were not up to form, giving Fullerton a walkaway. Anaheim did not use any subs. Players were Newkirk center; Ross and Pohlmann, forwards; Janss and Hile, guards.

Fullerton 110-pounders took a drubbing from Anaheim, 16 to 12. It was a fine game and the boys did creditable work. Anaheim players: Utter and Kiler, forwards; Schwienfest, center; Alsip and Fitzgibbons, guards. Grafton subbed for Fitzgibbons.

Anaheim 130-pound and second basketball teams lost to Fullerton. The second team lost 33 to 27 and 130-pound 42 to 20.

KNIGHTS BATTLE FOR LEAGUE LEAD

It will be a tough old fight tomorrow at the Anaheim H. S. diamond when Anaheim and Glendale Knights of Columbus meet to decide the honor of standing first in the league. The H. S. field is in excellent condition.

This is the only game in Anaheim tomorrow. The bleachers are in an excellent position on the field and there are enough to accommodate the huge crowd that is expected.

Capt. Muckenthaler has arranged the following line-up Gisler, cf; Lazzeroni, c; Huarte, ss; Muckenthaler, 1b; Franke LaPlant, 3b; Richards, 2b; Bertles, lf; Celaya, rf; Perry, p. Substitutions will be made by L. Hund, T. Hund, Volz and Fred LaPlant.

ANAHEIM GIRL WINS PRIZE IN CONTEST

Edna Gist of 502 East Cypress-st. received third prize of five dollars in a county-wide insurance essay contest just closed. Approximately 125 essays were submitted on three topics and three prizes of $15, $10 and $5 in gold were awarded in each competition. The awards were made at a dinner last night in St. Ann's Inn, attended by the insurance men and their ladies, the County Board of Education and their ladies, and the prize-winners and their parents.

The topic of the essay group in which the Anaheim girl competed was "Why Daddy Should Carry Insurance to Guarantee My Education.' The 'winner of the first prize in this group was Alice Johnson of 808½ East Second-st., Santa Ana, and of the second prize Randolph Williams of San Juan Capistrano.

Catherine Miller of R. F. D. No. 1, Garden Grove, won the third prize in the third essay group, on the topic "Why is Life Insurance the Best Evidence of Thrift in the American Family?"

The Fullerton grammar schools and the Santa Ana Junior H. S. submitted no essays, and essays with hardly an exception from Placentia Schools arrived too late to be admitted to the competition, which otherwise was quite general over the county. Carl Gibson of Placentia submitted an essay in veise received too late.

The contest and dinner were under the auspices of the Life Insurance Underwriters' Ass'n. V. S. Johnston of Santa Ana, the president, presided, and R. P. Mitcheel, county superintendent, handed the youngsters the gold coins. The judges consisted of Agnes Shambaugh and W. C. Roberts of Superintendent Mitchell's office and Mitchell. Speakers included Mitchell, Underwriter Roberts of Los Angeles and Will G. Farrell. About 60 pere present.

Here is Little Miss Gist's essay:

Why Daddy Should Carry Insurance To Guarantee My Education

My Daddy should carry insurance to guarantee my education. Without an education I would be unfit to take care of myself or my Mother either. It would lengthen my mother's life to know there would be ready money with which I could finish school.

The nurse and doctor provided by insurance would give Daddy attention in illness, which otherwise he might not have. Thus his life might be lengthened, also.

Insurance would provide a protection for my mother and me. It would be a better investment than oil or real estate as either of them are only a gambling chance. Insurance is immediate and ready cash without any risk.

If Daddy does not carry insurance I would stand little chance of an education and I am told that each day spent in school is worth ten dollars a day to me in later years.

OIL STUDENTS TO HEAR ABOUT PUMPS

Mr. S. K. Burgess, an authority on oil well pumps and pumping, will address the oil production class in the Commerce bldg., of the Fullerton J. C. at 10 a. m. Wednesday.

Mr. Burgess will trace oil pumping from the early days of the industry and he will show some interesting illustrations. All oil men or others interested are invited to hear him.

This address is one of a series by experts who will tell of different phases of the oil business. Fullerton J. C. draws a substantial part of its income from assessment on oil lands and the college trustees last year inaugurated a special "Oil Production Course" that is offered free of charge to oil workers.

The course is divided into three sections. Commencing with surveying and geology the last part of the school year is devoted to underground conditions.

The hours are from 9:30 a. m. to 12:30 to enable men on morning and afternoon tour to attend.

Many oil workers are taking advantage of this opportunity for practical study and a large class of drillers, gaugers, tool dressers, rotary helpers and pumpers now assembles at the Commerce building every week day morning.

An opportunity for some new men to join the geology class will occur next week.

"DANGEROUS AGE" AT THE CALIFORNIA

"The Dangerous Age," produced by John M. Stahl for First National release, will be the next attraction at the California Theatre, according to Manager Ingram. Based on an original story by Frances Irene Reels, it is an exceptionally thrilling photoplay and contains a theme that has a universal appeal.

The picture has a splendid cast, comprising Lewis S. Stone, Ruth Clifford, Edith Roberts, Myrtle Stedman, Richard Tucker, Helen Lynch, James Morrison, Cleo Madison, Lincoln Stedman, Edward Burns and the exotic 'Dellorice."

The cast can be termed 'all-star" in the fullest sense of the phrase, for its members are acknowledged to be among the best players in the field of the motion picture. Each has been selected because of his or her peculiar fitness for the role, and all have a considerable following among the millions of motion picture fans in the country.

Mr. Stahl, determined to make this the best of all his pictures to date, spent several months in the actual filming and a considerable period of time editing and cutting the negative. The result is one of the most captivating screen offerings in the history of the silent drama.

VOL. XXVI—NO. 133 Anaheim, California, Saturday, Jan. 20, 1923 TWENTY-SIXTH YEAR

1922 IS BIG YEAR FOR DUNTON

The past calendar year was a remarkable one for George Dunton, local distributor of the Ford, Fordson tractor and Lincoln.

The year's total gross business amounted to $456,415.63. This includes sales of vehicles parts and accessories and repairs.

Dunton and his men sold 374 new Ford cars of all models, five new Lincolns, which was added to the lines a few months ago, 176 used cars, 42 new tractors and 14 used tractors.

Parts sales aggregated $45,372.14 and accessories $60,279.25.

All indications are that this January will be the best January in the history of Dunton's business. Up to Jan. 16, 23 new cars had been delivered, 17 used cars, 14 new tractors and one used tractor.

RUEDY & SON TAKE VACUUM CUP AGENCY

Distribution of the Pennsylvania Vacuum cup tires for Anaheim and vicinity has been taken over by J. Ruedy & Son at 119 West Center street. Tested tubes are also on sale by the firm.

This tire is regarded as one of the best on the market, possessing extraordinary durability and safety features. The fabric as well as the cord is exceptionally popular. "Why pay extra for safety appliances?" Ruedy asks.

Vic Ruedy, the son, is an outfielder on the Anaheim Merchants' team and one of the city's popular young men.

100,000 LICENSE PLATES FOR SO. CAL.

Will H. Marsh, chief of the State Division of Motor Vehicles, announces an extention of service to the motorists of the southern end of the state through the co-operation of the Automobile Club of So. Cal.

This year an assignment of 100,000 automobile plate will be made to that organization, to be handled thru their main office in Los Angeles. The southern club is now busily engaged in collecting from its Los Angeles membership and the membership located at all of its branch cities, 1922 certificate of registration and checks covering the renewal amount for the 1923 registration. Plates will be issued from the Los Angeles office of the club on and after Feb. 1. Receipts will be issued to each member upon the payment of their fee. This receipt to be carried in the container of the applicant for registration in lieu of the regular certificate of registration.

It is planned to confine all of the branch offices of the Motor Vehicle Division to strictly counter business.

Past experiences of the department have proven that registrations can be made in the Sacramento office by mail at a cost of one-third to one-half less than they can be made at the branch offices.

The chief of the division further announces that any resident of any city in which a branch is established, should they not desire to stand in line making their renewal, may forward their certificate and check to the Sacramento office and their registration will be mailed direct. Applications will not be received at the Sacramento ocunter until Feb. 1.

SPECIAL RADIO CONCERT

J. C. Garrick calls attention to the announcement of radio broadcasting station KHJ, The Times, that Sunday from 1 to 3 a. m. a special concert will be given at the request of the Experimenters Service Co. of New York. This time of the night is selected to avoid interference.

THOSE IN THE PICTURE READING FROM LEFT TO RIGHT ARE: L. A. MUCKENTHALER, P. H. POWERS, C. S. WILLIAMS, G. B. DANIELS, C. H. CLARKE AND G. A. GOSLIN. DANIELS AND WILLIAMS ARE THE NORTHERN ORANGE COUNTY DISTRIBUTORS, THE OTHERS ANAHEIM DEALERS IN THE BRUNSWICK TIRES AND TUBES.

SEVERAL BRUNSWICK DEALERS APPOINTED

Daniels & Williams, distributors of Brunswick tires and tubes, received another large shipment of tires last Saturday. Their list of dealers in Northern Orange County is growing each week, and Brunswick tires and service can be found in Anaheim and in any of the towns hereabouts.

The demand for the 84 per cent friction proofed Brunswick tire is increasing every day, showing that the motoring public has the utmost confidence in this tire and its manufacturer.

The policy Daniels & Williams is to see that every user is satisfied with the mileage he receives, and they stand back of their dealers. The Brunswick - Balke - Collender Company's seal of quality also is on every tire, with a guarantee of satisfaction.

The Lee Service Station, which has just moved into a new and modern building, has been appointed local dealer. George H. Goslin, manager, has been selling Brunswick tires and tubes for a number years and is well acquainted with their performance over desert and mountain roads.

He feels that he is giving motorists the best in tire quality that money can buy.

The Blue and Gold Service Station, owned by the Muckenthaler Bros. at Spadra and Orangthorpe avenues, are dealers in Brunswick tires and tubes.

Another dealer is P. H. Powers, of the Powers Service Station on So. Los Angeles street. Powers, after some thought, has decided that the Brunswick 84 per cent friction proofed tire is very superior in workmanship, and will give the public the service it is paying for.

Courtney Clarke of the Five Points Service Station is strong for the Brunswick line and the service it is giving. Considering the mileage the Brunswick affords, Clarke considers himself lucky in obtaining this line.

Smith's Service Station at Buena Park has more than doubled its tire business since it was appointed a Brunswick dealer, and Brunswick users are being added daily to his list.

The Golter Service Station at Placentia is another Brunswick dealer. Golter knows that the manufacturers will maintain the same quality and standard in their tires as they do in their other lines of goods.

DEALERS DON'T ACT ON USED CAR STATUS

Sentiment last night among members of the dealers' craft, Orange-co Auto Trade Ass'n, appeared to be against any concerted plan of dealing with used cars. While certain dealers reported some difficulty in disposing of their cars at a suitable profit, others declared themselves well-satisfied. No action was taken at the meeting.

The only change likely in the method of handling will be that of adopting a more careful system in marking up sale price above trade-in price on the part of those dealers who feel they have been suffering losses.

The meeting was held at George Dunton's showrooms, and approximately 35 dealers attended. There was no speaker and practically the only topic discussed was the used car situation.

Mac-Dry Battery Used Ten Months

The fact that the Mac-Dry battery has been distributed by an Anaheim distributor for only a short time may have led to the impression that the battery is not a tried and tested make, says B. F. Herr, of 252 North Los Angeles-st.

This is a decided mistake, says Herr. E. M. Chalmers, of Anaheim, well known feed and fuel man, has had one of these dry batteries in use for two years and one-half uninterruptedly.

There are 250 of the batteries in use in Orange-co, sold by Herr alone.

The battery is the first really dry latter that has made its appearance in this vicinity, and many prominent men have testified to its value by purchasing it.

Eddy's Paint Shop Enjoys Busy Week

Eddy's Auto Paint and Top Shop reports these sales this week: Paint Jobs—Two Studebaker cars to Harry D. Riley, two Nash cars to the Bob White Co., Ford coupe to Miss Lucy Wood, three Studebaker touring cars to Bowles Motor Co., Santa Ana; Dodge touring, to R. W. Thrasher, Anaheim; Ford touring, J. C. Howard, La Habra; Jordan touring, John Herma, Orange; Hudson speedster, J. A. Adams, Corona; Buick touring, Mrs. Ben Kraemer, Placentia; Dodge touring, Frank Busch, Anaheim; Studebaker coupe, Bowles Motor Co., Santa Ana.

Top sales—Two studebaker touring cars, to Harry D. Riley; two Nash touring cars to Bob White Co.; three Studebaker touring to Bowles Motor Co.; Studebaker to J. Covell, Cypress.

LEXINGTON $100 MORE AFTER FEBRUARY 5

The declaration of the Lexington Motor company many weeks ago that Lexington prices would not be lowered before they were higher, was born out very recently, when the company's distributors announced a $100.00 advance in price effective on Feb. 5. "This is a quality year—buy a Lexington" is the company's 1923 slogan. E. L. DeCew is local distributor of the Lexington.

DRIVER SHOULD SEEK SAFETY, NOT RIGHTS

Nanby?panby auto driving vs.reckless smart-aleckness is a subject of vital importance which is coming up for attention in the present anti-accident campaign being conducted by the Safety Bureau of the Auto Club of So. Cal.

For instance, say club officials, it is neither amateurish nor nanby-panby to always slow down at a railroad crossing, and it is not "smart" to rush across the tracks just because they are not actually blocked by a moving train.

Every auto driver ought to think for two—himself and the driver of the other car.

A motorist is only as safe as the most careless driver on the road, says the club Safety Bureau. It is all very well to stand upon ones rights under ordinary circumstances, but motorists will have to admit that there is not much fun in lying under a wreck and piping up feebly—"well—I was right anyway!"

AIR CURRENTS

Air currents with a speed of 186 miles an hour can be produced in a new French wind tunnel for testing airplanes.

PATRONS TO BENEFIT FROM CASH SYSTEM

Patrons of Nenno & Bock, leading wholesale and retail auto accessories dealers, will be given the benefit of the cash basis on which the firm will go beginning Feb. 1. What the saving will amount to is still uncertain, because the credit system always has prevailed at the local shop.

The old method has been found impracticable for many reasons. One is the large number of small articles sold, costing 50 cents or less. Regardless of cost, each article sold must be put on record and listed again when a bill goes out.

Then there is the cost of collection, the loss of time between sale and deposit of collection, etc.

Besides this, there is the danger of mistakes which aren't pleasant for either store or patron.

The firm feels that the cash system will be far preferable all around.

JORDAN'S BALANCE BIG SAFETY FACTOR

Beauty is so much the pre-eminent characteristic of the Jordan, says the J. E. Walter Co., Jordan Chandler and Cleveland distributors, that the wonderful mechanism of the car is lost sight of.

Here is a car which can creep along, and noiselessly; which is so quiet that sometimes one can only be sure the engine is going because the car moves; that responds alike to accelerator and brake instantly; and that is so perfectly balanced thruout and true inside that the car sticks like a leech to the road.

Dozens of Anaheimers and others in the county testify to the long life of service which small upkeep that the Jordan gives.

Every car better than the one of previous model.

New Hudson Car's Improvements Many

The wonderful new motor of the new Hudson has distracted attention to some extent from the other features of the car, says Townsend & Medbery, Hudson and Essex distributors.

Here are some of them: The patented Hudson carburetor is perfectly automatic, only adjustment being a dash control for varying proportion of mixture. A dash operated choke is provided for starting. Air is preheated.

Battery ignition with automatic advance, a generator, a separate starting motor and a 100 ampere hour battery take care of electrical requirements.

The clutch is a multiple disc with cork-to-steel surface running in oil. The clutch throw-out is an automatically lubricated ball bearing.

The propeller shaft is tubular with spicer joints at each end and a slip joint to care for variations in the position of the rear axle.

The transmission has three speeds and a reverse with a selective cane control provided with a neutral lock. Large size roller bearings are used throughout.

The rear axle has a pressed steel banjo housing with reinforcing tubes. Spiral bevel gears giving a reduction of 4 5-11 to 1 are carried in a removable housing. The brakes are 15 1-2 inches in diameter by 2 1-2 inches wide.

MANY ROADS MUST BE REBUILT

Following a preliminary survey of state highway conditions in the southern counties of California, Harvey M. Toy, new chairman of the State Highway Commission, in an unofficial report just made to the Auto Club of So. Cal. declares that hundreds of miles of highway in this state must be rebuilt.

Both Toy and Louis Everding, also a member of the high way commission, have been spending some days with Auto Club officials in this part of the state and also between San Francisco and Los Angeles, make a preliminary investigation of the immediate states of local roads.

"It is evident to anyone riding over our state highways that hundreds and hundreds of miles must be immediately rebuilt if they are to be saved at all," said Toy in his report.

"We are determined that with the help of the two automobile clubs in the state to bring order out of chaos as rapidly as possible."

The highway commissioners on their return to Sacramento intend to visit district engineers en route for an informal discussion of highway matters.

Exide Battery Ideal For Conditions in Cal.

The fact that the Exide battery has stood up under the most extreme conditions of use, including widely differing temperatures, means that it is the ideal battery for California with its great variety of conditions, says George Ennis, local distributor. MacMillan, the Arctic explorer, used the Exide because of its dependability; most of the world's submarines are operated by the Exide; the U. S. Navy uses it; while some of America's biggest industries will have no other battery.

The makers of the Exide, the oldest battery on the market, have gone thru the mistakes that other manufacturers still are experiencing, says Ennis.

The Reo Phaeton Is Ready

A revelation of how much 1855 Dollars can achieve when they are made to do their best

TO DELIGHT the eyes, there are long low lines, a body of shining Royal Blue, a newly created Reo top, gray interior trimmings and upholstery, fenders of black and steel wheels of gray.

For crawls and spurts in heavy traffic, for mud and sand in detour lanes, for hills and stretches of open road, there are six Reo cylinders, with remarkable giant intake valves.

To defeat the shocks of a hundred thousand miles and more, there is the Reo double chassis, with its extra low-hung inner frame in which the power plant is suspended.

For the body's ease there are low seats with deep cushions of genuine hand buffed gray leather, Dualtone finish, thick carpets fitted to the floors, and ample leg-room for six-foot men.

Every essential of comfort and enduring worth is there in heaped-up Reo measure.

Thursday 7:30 p. m. messages to all by Rev. Mildred Maxwell.

MOZART WILL BE HIGHLY HONORED

NEW YORK, Dec. 23.—A million-dollar theatre, a rival to the Wagner Theatre at Bayreuth, is to be built at Salzburg, Austria, the birthplace of Mozart. Mozart festivals will be held there under the auspices of international admirers of the master's music.

If the spirit of Mozart was present at the laying of the cornerstone last summer, he must have smiled with gentle cynicism, says E. Dole in the November Mentor Magazine, for the great musician went without recognition from his native place even after he had been recognized elsewhere.

Fordson
THE UNIVERSAL TRACTOR

Cut your farm costs in half with the Fordson

$395
F.O.B. DETROIT

Save money on every acre plowed—with the Fordson

Multiply the work of your farm tools four to six times—with the Fordson

Cut your hours in the field over half—with the Fordson

Give yourself an 8-hour day—you can with the Fordson

This Value Has Never Been Duplicated

It takes something besides engineering to furnish a tractor like the Fordson to sell at this astonishingly low price.

That something is owner confidence built on permanent satisfaction. There are 170,000 Fordson tractors in use—wherever Power Farming is being done Fordson is showing superior service.

If you are not using a Fordson now, start right. The working ability of this remarkable power plant is cutting farming costs in half in almost every kind of work done, at the draw bar or from the belt.

Ask us for all the details—call, write or phone.

BUICK LIKE NEW AFTER 40,000 MILES

The history of a seven-passenger Buick touring car is well worth recording, because it tells in own story in a most convincing manner. This car was sold by George Waterman of Waterman Bros., Fresno, to J. J. Phelan of Fresno on May 6, 1922 and since that time has rolled up 40,726 miles, being driven over a newspaper route through the oil fields of California, averaging over 175 miles daily, the actual distance that must be covered in making the run. Bill Goodrum, local distributor issued the story.

Phelan is one of the most enthusiastic Buick boosters imaginable and he has a perfect right to be, judging from the enviable record that the car already has made. Phelan says the original tires are on the four wheels of the Buick and they are in good shape, and that the gasoline and oil average has been phenomenal, as he has been getting 18 miles to each gallon of gasoline and that 1126 miles is the average for three pints of oil. An accurate check is made by Phelan of the expense of operating the Buick on its daily run, and he says that it is operated more economically and gives much better satisfaction in every way than any other automobile which has been used in covering this newspaper route.

The run from Fresno to Coalinga via Riverdale, Oil Fields and Lemoore is made with a heavy load of newspapers which Phelan says make a dead weight of at least half a ton and that a car must be sturdily constructed and easy riding in order to stand the daily grind.

From the day that Phelan bought the car until January 5, the Buick has been operating daily over this route. The car still looks and acts like new.

Nash Sales in County Second of Southland

December was a record sales month in Orange county for the Nash, says Bob White, Franklin and Nash distributor. Sales were the largest of any county in So. Cal. except Los Angeles.

Improvements on the car made this possible, says White. They include brakes with 54 per cent more service, in fact the most service per 100 pound of any American-built car; new brake equalizer, new system of cross members, new gusseted truss beneath rear tonneau doors which prevents weaving of the frame and practically stops door rattles and refinements in the carburetion, giving a perfect result at all speeds, and adding two to four miles per gallon of gas to the mileage.

RILEY SELLS SEVEN CARS PAST WEEK

Harry D. Riley reports the sale of new Studebaker cars to the following the past week: Dave Vaughn of Anaheim, light six roadster; Lyon Realty Co., light six sedan; F. A. Henderson, of Orange, light six sedan; Kay Motor Supply Co., Los Angeles, light six roadster. Others who have purchased cars are S. M. Rogers of Orange, G. B. McVay of Fullerton and Vern Adams of Placentia.

The reason small-town people are more righteous is because it is so much more difficult to get away with anything in a small town.

Used Car Should Be Reliable: Cromer

"The purchaser of a used car should have the same definite assurance of service that the purchaser of a new car has," according to C. W. Cromer, branch manager of Dale & Company, Packard and Reo distributors. "The time has gone by when a car can be sold without some sort of guidance of capacity," continued Cromer in effect. "And this applies not only to the mechanism of the car, but to its battery, ignition and tires."

Cromer instances a re-conditioned 1920 which is practically guaranteed for 15,000 miles.

The branch manager points to F. W. Smith, local cement contractor who has been driving a 1914 Reo ever since he purchased it now nine years ago, as evidence of the way the Reo stands up.

2,582 INSPECTIONS ARE MADE OF DODGE

Quantity production has not resulted in careless construction of the Dodge car, says Charley Mann, local distributor. The manufacturers in a statement just received declare that the 2,582 different inspections are made of the materials and parts that go into the car.

The raw materials are selected with the utmost care, and examined both before they reach the finished stage and afterward. The assembling similarly is inspected again and again, to see that no imperfection has been left or flaw caused in manufacture.

The number of inspections corresponds to the number of men employed who examine materials and work, says Mann.

The starting system and carburetion of the Dodge these days is winning high praise, because even in the dampest or coolest weather the same smooth response greets the driver. Close fitting curtains opening with the doors ensure comfort the year round.

STAR WILL RANK THIRD, PREDICTION

Third place in actual registration and not merely in sales as in December is predicted for January for the Star car by James E. Appleby of the Appleby Motor Company, Durant and Star distributors in Orange county. Appleby says he is confident of this forecast in view of the sales already made in January.

"We sold 33 cars in December and got registration credit for 20," said Appleby, discussing the discrepancy between the two figures.

Walter M. Brown of the Walter M. Brown motors of Los Angeles said:

"Never before has a new car been placed on the market and in less than two months displace any member of the so-called big five. It remained for the Star to again set a new mark in the annals of motor history.

"But this achievement is but a mite compared with what we have in store ahead of us. The factory is getting into volume production, and with our dealer organization being rounded into shape, both in the city and in the county, I will be disappointed if we do not wake up some morning and find ourselves definitely lodged in second place."

STATE INSPECTORS' DEPARTMENT ENDED

Following the economy plan proposed to the people of the State of California by Governor Friend Wm. Richardson, Will H. Marsh, Chief of Motor Vehicles, announces the first big step in retrenchment in his department.

This move contemplates the elimination of the inspectors' Department of the Division. Following out his plan, the department will officially go out of business today. All automobiles, and other equipment, that have been in use by the inspectors throughout the state, have been called in by Marsh, and all employes of that department will be dropped from the payroll on that date except in a few cases where it is found desirable to use some of the employes in other departments of the division.

In connection with this retrenchment move, the chief of the division states that he will deputize a few men from the inspector's force for purposes of enforcing registration. He says that probably not exceed three and they will be located, one in Sacramento, one in San Francisco and one in Los Angeles. These men will in no wise be used for traffic or patrol duty. It is the contention of the department head that this feature of enforcement of the Motor Vehicle Act should be left to local authorities.

The expense of maintaining a department such as that which will cease to exist next Saturday has been found to be prohibitive. Figures compiled by Marsh set forth that 15 inspectors employed by the division during the past year have cost the department approximately $77,000. 116 inspectors, or two for each county in the state, and operated at a like cost would mean an expenditure of $600,000. It is contended that a like number of men employed by the counties at $125.00 per month salary, and with an expense account for motorcycles, gas and oils, and equipment necessary at another $100.00 per month, would mean that the same number of enforcing officers could be put in the field at a maximum cost of $200,000.00 per year.

$5,000,000 STATE ROAD BONDS SOLD

Sale of $5,000,000 State Highway 4½ per cent bonds by Governor Friend W. Richardson was a feature of the week's developments in the matter of funds for new roads. The Anglo & London Paris National Bank of San Francisco was the purchaser at a premium of $16,200. Charles G. Johnson, State Treasurer, had charge of the auctioning of the bonds.

West Bros. Now In New Building

West Bros. got into their new cement offices, shop and garage this week, altho the finishing touches of the removal still are in progress. The building at the corner of Chestnut and South Los Angeles-st., which adjoins the new structure, has been retained for the present, and drivers can enter by the same entrances as before.

The new eight-hour charging facilities are in operation, and any battery that isn't a wreck can be re-conditioned on short notice. The battery, carburetor and electrical departments are as complete as any in the county and prompt, efficient service is possible as never before.

30 Miles a Gallon Chevrolet Record

The Chevrolet Motor company, in their effort to build an automobile, complete in every detail, have compiled much data regarding economy, comfort and equipment. One of their recent tests on gasoline mileage proved that an average speed of 20 miles per hour on an average boulevard, a Chevrolet superior model would consume one gallon of gasoline. Some cars averaged as high as 31 miles to a gallon of gasoline and others not as much.

Another interesting test was made on mountain grades in regard to shifting gears and gasoline consumption on the grades. It was found that the car would use less gas when climbing a stiff grade, if intermediate gear was used. The expression "lugging the motor" which is now becoming more than compelling the motor to work at its limit, was heavily condemned.

NASH, FRANKLIN SALES IMPROVING

Marked improvement in sales the past week is reported by Bob White, Nash and Franklin distributor. The post-Christmas and New Year's lull appears to be over, and the demand is excellent.

Among the recent deliveries of the Bob White company are: Nash four carriole to Albert Nelson of Fullerton; Nash four touring to Daniel Dakovich to Garden Grove road; Franklin demi-sedan to C. E. Conger of Olive; six trlinder Nash roadster to Albert B. Bosce of Anaheim.

FREIGHT RATES ON ABSORBERS REDUCED

The freight rate on shock absorbers from Eastern points to the Pacific coast has been reduced markedly by the Southern Pacific. From New York the rate has been cut from $3.30 per 100 to $2.28 and from St. Louis from $2.00 to $1.80. The new rates become effective as soon as the tariffs can be published.

And so Detroit will test the sanity of speeders. What better test than the speedometer?

RECORD RALLY FOR SCOUT CEREMONIES

Between 1500 and 2000 people were present last night at the presentation of the eagle badge to four Orange-co scouts at the quarterly scout meeting, held at the Anaheim high school auditorium. This is said to have been the biggest turnout at a scout rally in the history of scout work in the county. 30 scout troops out of the 32 troops in the county being represented, and the parents and friends of the scouts turning out almost en masse.

The ceremonies opened shortly past 8 o'clock with a salute and a pledge of allegiance to the flag by the scout color guard. This was followed by scout songs under the direction of Roland Dye, scout executive.

The members of the court of honor composed of D. Eyman Hall and Willard Smith of Orange, Mr. Roy S. Horton of Santa Ana, and A. B. McCord of Anaheim were then introduced by Mr. Dye, and the troop roll-call was given, 30 troops out of 32 in the county, representing about 900 of the 1000 scouts in the county, answering "present."

The presentation of the eagle badges was then made. The scouts thus honored were Jack Mattis, of Troop No. 1 of Anaheim; Waldemar Borchard of Troop No. 1 of Orange, Charles Ehrhorn of Troop No. 1 of Newport, and Jack Allen of Troop No. 1 of Newport. This makes 12 eagle scouts in the county, three of them being in Anaheim. The other two here are Jim FitzGibbons and John Shay. The scout officers hope to have 50 eagle scouts in the county within another year, and to have brot up the scout membership to 1500 which would mean 50 percent of the boys of scout age in the county. Leon O. Whitsell, chairman of the county court of honor, was in charge of the presentation.

The presentation of the eagle badges was followed by the announcement by President Huff of the annual banquet meeting of the scouts Tuesday night at St. Ann's Inn, with Dr. Von Kleinsmid of the Univ. of Sol. Cal., and S. C. Hartranft as the speaker.

The scouts and their friends were then entertained with a moving picture program, "Knights of The Square Table," featuring James A. "Uncle" Wilde, scout master.

Members of the local scouts were taken this morning by Victor E. Teaney, assistant scout executive, to the Orange-co Park, to help turn the first dirt in the new memorial drive given by James Irvine in honor of the boys who made the great sacrifice in the last war. The scouts are under the direction of Robert Northeross, scout forrester.

Jack Mattis, 15, the Anaheim boy to receive the highest scout honors last night, was the youngest in the county to qualify, receiving three marks more than any other at the time, tho there are others who since have received higher marks. He has been a scout two years. The things which a boy must know to qualify for the eagle badge include among other things first aid, machinery, cooking, handicraft, hiking, first aid to animals, camping, theties, pioneering, swimming, surveying, chemistry, life saving, signalling, music, wood carrying and astronomy.

LEGISLATION WILL BETTER RADIOGRAPHY

There is before Congress at the present time bills which will clear the air of interference. "By this I mean," says A. Bevillard, "that if the radio enthusiast has been wise and invested in a really good set", there is a fundimental principal; that the cheapest is the most expensive and that it is impossible to get something for nothing. If you pay a certain amount for anything from a reliable firm you get value for your money only and you cannot get satisfaction from a cheap radio set any more than you can from a cheap piano. Buy the best and you will not have to apologize to your friends when interference comes in.

Mr. Bevillard, will gladly demonstrate.

CRUELTY TO ANIMALS VEXES KIND JUDGE

DENVER—It is seldom that Juvenile Judge Ben Lindsey cannot find sufficient mitigation circumstances to warrant leniency toward some members of the numerous youthful "gangs" that appear before him, but "turpentining" dogs is no sport to be encouraged in "Young America," he believes. For the first time in his 20 years on the juvenile bench Judge Lindsey last week sentenced an entire group of seven boys to the state reform school at Golden because they covered a stray dog with turpentine and then set it on fire.

The dog was discovered, suffering excruciating pain, and had to be shot by a state humane officer.

Three 2000 mile radius radio stations will be erected in Central America, at the capitals of Honduras and Necaragua and in a Panama city.

5-PASSENGER COUPE NEW STUDEBAKER

Another new Studebaker model, a five-passenger coupe, is arousing considerable interest among Studebaker fans, says Harry D. Riley, Northern Orange County distributor. It has disc wheels, a spare tire, trunk and trunk rack, bumpers front and rear, motometer, automatic windshield wiper, rear view mirror, sunshade, vanity case, match box and ash tray, flower vase, interior lights, transmission lock, cowl ventilator, courtesy lamp and other features, which make it an convenient and comfortable as possible.

The dark brown velour rugs to match the upholstery is very pleasing. The car is equipped with one of the best heaters made, a decided comfort on cold nights. The low, rangy and sporty lines have made a hit among prospects. Dealers are swamped with orders.

Riley sold the first one he received to Charles Saunders, north of Fullerton within two days.

HINTS BY WALTER ABOUT AUTO TIRES

Don't make the mistake of taking it for granted that it makes little difference whether or not a cap is used on the tire valve and when a cap is lots use the tire without one. This idea is entirely erroneous, says S. R. WWalters, of the Anaheim Vulcanizing Works, local representative of the KellySpringfield Tires and motorists who do not use the valve cap can expect valve trouble.

When the cap is not used there is every probability that sand and dirt will work down into the valve and ultimately produce a leak. While a tire remains inflated this dirt in some cases may do no harm. But when a new inflation is made the pump drives the dirt down into the valve and makes an air-tight connection almost impossible.

DODGE BROTHERS MOTOR CAR

Winter never fails to bring this car renewed praise.

It is because the starting system and carburetor seem to be almost immune from cold weather troubles. The response is prompt, even on the coldest mornings.

The cord tires, with their safety tread, are also particularly desirable in winter.

DAILY GREETINGS TO OUR READERS

As carefully as a mother arranges the room where her child will pass the day, does God prepare each hour that opens before me. Whatever has to be done, it is His will that I should do it; and, in order that it should be done well, He provides the necessary time, intelligence, aptitude, and knowledge.—Gold Dust.

California would benefit immensely by having more business and less politics in its government.

Los Angeles is waging war on crime. Which should embrace warfare on conditions which breed criminality in the young.

It should be possible for the legislature to reapportion California without anything like a civil war developing from it.

The grippe is no respecter of persons. It attacks the president in the White House, the same as the humble man in the hovel.

France must be convinced, by this time, that it has made a bad situation worse by invading Germany and arousing war-like venom.

Europe's crisis is self-made. The United States had no part in making the critical conditions. This country cannot lift the crisis unless Europe helps itself to the utmost.

No lynching is justifiable in this country. There may be great provocation, and public feeling may become greatly inflamed over a hideous crime but mob passion never should supplant the law.

President booms are springing up like mushrooms in damp, dark places. Some of these booms will live about as long as the fragile mushroom. Political forecasting for 1924 is decidedly hazy just now.

There is nothing more despotic than the spirit of the mob. Its motto is, "Rule or ruin." Sometimes it both rules and ruins. This land should have no rule of the mob. Rule should be by the orderly processes of law. The law is the safe haven for all classes of honest citizens. Mob rule is safe for no class.

MILLION MORE HOMES NEEDED IN U. S.

America is short about one million homes, according to Herbert Hoover, secretary of commerce. In making this estimate in connection with the "Better Homes in America" campaign, Mr. Hoover said:

"In cities, such as shortage implies the challenge of congestion. It means that in practically every American city of more than 200,000 from 20 to 30 per cent of the population is adversely affected, and that thousands of families are forced into unsanitary and dangerous quarters. This condition, in turn, means a large increase in rents, a throw-back in human efficiency and that unrest which invariably results from inhibition of the primal instinct in all of us for home ownership. It makes for nomads and vagrants."

It is estimated that $7,000,000,000 will be spent in new building construction in the United States during 1923. According to President Frazier O. Reed, of the California Real Estate Ass'n, more than $375,000,000 to $400,000,000 of this immense national building outlay will be expended in new California buildings and homes during the present year. One dollar out of every 20 spent by a nation of 115,000,000 people, will be spent in California, President Reed predicted. In 1922 California cities and towns expended about $300,000,000 in new buildings and homes.

Nature is taking cognizance of the slogan, "Meet Them With Flowers," and is supplying blossoms in abundance and extremely beautiful, here in California, this winter.

Use of motion pictures in schoolrooms does not mean that schools are to be turned into picture theaters. Textbooks are not to be—should not be—discarded. Pictures are to be only auxiliary to textbook instruction.

Every war fraud should be punished severely, no matter how influential the guilty person or corporation may be. Justice in such cases as in all other infractions of law, should be blind to power or distinction in the accused.

Abe Martin

Wouldn't it be fine if th' Federal court allowed th' consumer t' raise his rates when he don't break even like it does corporations? We don't know nothin' about Grover Bergdoll, but we know lots o' good reliable people that run int' Tom an' Jerry durin' th' holidays.

PARAGRAPHS

(By Robert Quillen)

Another thing that makes girls go wrong is a silly mother.

A hick town is a place where you can park your cow on Main street.

Still, it's fair enough that a war to end war should be followed by a peace to end peace.

When knighthood was in flower, there were not so many vamps to nip it in the bud.

If he draws $23 a week, and handles the company money, and his wife has social aspirations, find the shortage.

The chap who says he can drink or let it alone isn't bragging about his will power. He's bragging about his money.

When a cake-eater feels an urge to express his individuality, he buys a longer cigarette holder.

A tactful barber is one who can say "Shampoo, sir?" to a bald man and keep it from sounding sarcastic.

A writer says the modern interpretative dancer hasn't anything on the ancients. But why drag in the last two words?

At any rate, that New York man who slipped on an icy walk and broke a $3000 vase can't be called a cheap skate.

Before petting your children too much, it's a good idea to figure out why weeds are hardier than flowers.

About the only way to kiss a girl while driving a car is to have a girl who doesn't mind doing the work.

In the old days they took a little wine for the stomach's sake. Now they take a little antidote for that purpose.

Another thing this country needs is a return to the grand old doctrine that patches are no disgrace.

Death in Surface Film

W. E. ALLEN
California Biological Feature Service

There are few causes of death to other living things which are not also common to man. He, like other organisms, may be killed by poisons by the attack of disease germs, by crushing weights, by projectiles and by many other methods, but for him the surface film holds no danger. This source of destruction is dangerous to only the very small (microscopic or almost microscopic) creatures.

A few days ago I was examining a small dish of sea water in which large numbers of tiny plants and animals had been entrapped. On the surface of this water there were some whitish flecks of material in some of which a little motion could be discerned.

By use of the microscope these flecks were seen to consist mainly of several little shrimp like animals (copepods) with many long, projecting appendages. Two of these appendages attached to the head were extremely long and slender. Some of the animals were already dead and their entangled amongst their appendages helped to give the whitish appearance already mentioned. Others were still moving feebly while one or two were more vigorous. All had been caught in the surface film of the water and they were dying there.

What is this deadly surface film? It is merely the surface portion of the mass of water, a layer microscopically thin, and its character depends upon the attraction of the particles of water for each other. Every one knows that if a drop of cold water be placed upon an oily flat surface or a smooth piece of glass it keeps to an almost spherical form. The attraction of the particles of water just beneath any part of the surface is reinforced by the attraction of particles nearer to and beyond the center in that line. At the same time particles to the side of the point lack that amount of reinforcement and there are no attracting particles beyond the surface. Therefore attraction exerted upon all surface particles is greatest toward the center or the largest mass of water observed. Since there is less room toward the center this means that surface particles are pressed together and held in a state of tension which can only be broken by the exertion of force.

The attraction of particles of water for each other is not great enough to require very much force for this breaking, hence the surface film of water will not support very large objects. But it will support very small ones, especially if they have relatively large surfaces in contact with the film. The slender appendages of copepods expose great surface as compared with the little material which goes to compose them. Furthermore, the bodies of the little animals are so small (about the size of the point of an ordinary pin) that they exhibit the same condition. As a consequence if the animal swims too near the surface or if it is thrown into it by waves or by shaking in a bottle it is held suspended by the surface film and its body is mostly out of water. It then soon dies from too much dryness of tissue as it cannot breathe the air directly and so obtain the oxygen to keep it alive.

Such tragedies are familiar to all microscopists who handle living microscopic material. Rotifers, small crustaceans, small worms, single cell animals and many newly hatched creatures are in danger if they get too close to the surface film. There is nothing just like it in human experience. Perhaps drowning approaches it as nearly as anything, at least in a physiological sense. Man drowns (suffocates, because he is kept too long below the surface of the water so that he cannot get oxygen from the air in the only way for which he is fitted. Microscopic things die (suffocate) in the surface film because they are held out of the water in the air from which they cannot get oxygen and because they are solely fitted for getting it from water in which it is mixed.

New York Letter

Huge as the Hippodrome is, it was forced to turn away crowds from its doors the other day during the funeral services of Amy Stone, the original "little Eva" of "Uncle Tom's Cabin." The services were held under the auspices of the Actor's Fund of America. Mrs. Stone, who was 86 years old, was probably one of the best known actresses of a generation ago.

In a drug store over in the theater district, a highly polished skull rests on the prescription counter. Every time Russell Mack, playing in a nearby theater, goes in there, he gazes at the skull and quotes the lines from Hamlet, "Alas, poor Yorick, I knew him well." The other day, a stranger in the place remarked to the soda clerk, "I wonder what poor devil that skull belonged to?" "Oh, that?" came from the clerk. "It belonged to a fellow named York. An actor in the show at the Carroll Theater knew him well."

One of the interesting and I am sure, significant features of our musical life that has struck me this season is the great number of men one sees at afternoon concerts. Men who scorn theatrical matinees flock to Carnegie and Aeolian halls for symphonies. A few years ago, the sight of a male member in such an audience would have been the occasion for curiosity—almost amusement. This same increase of men is notable in the study of music, I am told. Dr. Frank Damrosch, Director of the Institute of Musical Art, tells me that eighteen years ago, when the Institute opened, the young men formed sixteen per cent of its student body, and today they make up forty-eight per cent of it. This seems to me proof of the growth of very real musical appreciation and interest among for the same reason. But when boys us. Girls often took music lessons study music and when men go to because it was the expected thing to hear it, it is for just one reason—do. Their mothers went to concerts they enjoy it.

BIG SEED CATALOG READY FOR GROWERS

Morris & Snow Seed Company of Los Angeles Issues Big Annual Book

The Morris & Snow Seed Company of Los Angeles, one of the oldest and largest seed houses in California, has just issued its 1923 catalog. The book contains a vast amount of valuable information to orchardists, ranchers, gardeners and growers generally. The big book is really a manual because of the "Hints on Growing," which presents valuable information on spraying fumigating, fertilizing and use of insecticides. It tells how and when to sow seeds and set out plants for best results, and explains the correct use of tools and implements. Notes on marketing, telling how, when and where to buy and sell to advantage is another feature of the 1923 volume. The big book contains 64 pages and has more than 150 illustrations. It is said to be the most complete book of its kind ever issued in the Southwest. The company announces that a copy of the book will be sent free to readers of this paper who write for it. The address of the Morris & Snow Seed Company is G-429 South Main Street, Los Angeles, California. Adv.

Don't WAIT for Your Ship to Come In—
Buy Your Lot at
EASTMONT
WHITTIER BOULEVARD
EASTMONT
The Workingman's Opportunity
There are enough rent receipts issued every year to float a ship. But that boat load of fortune never reaches the renter. It comes "in" for the landlords.
Throw a life-line around your OWN ship with a lot at Eastmont. Then build a temporary home, and you'll be sitting pretty. What you save in rent will pay for the lot and house. Put the rest in the bank for a permanent home later or when the old job peters out. Hundreds have made big money just that way. They're doing it every day at Eastmont. No one ever lost a penny.
But Eastmont's too good to last long. So you've got to hurry now or worry later on. Don't wait for your ship to come in. It's anchored for you at Eastmont. Come and get it TODAY.
Big Lots $450 to $875
