

IN THE DAYS OF LONG AGO

Extracts From Files of The Gazette Issued Half a Century and a Quarter of a Century Ago. These Files Contain the Only Authentic History in Print of the Daily Doings of the Citizens of Anaheim and Orange County in the Days of the Pioneers.

50 Years Ago

May 22, 1890. The new Board of City Fathers met in regular session yesterday afternoon. Present Trustees Reiser, Littlefield, Witte, Schindler and Bennerscheidt. Trustee Schindler, chairman of the committee on Public Improvements, reported that Center street had been cleaned of weeds from the opera house to Palm street. Mr. Bennerscheidt reported that he had tested the hand engine of the city fire department and found that the air chamber of the pumping apparatus leaked in such a manner that the engine was entirely useless. He said \$25 would repair the machine but it was not worth it. He thought the best thing to do was to sell it. After further discussion he was requested to repair the town's hose including washers and fire plugs, so that the hose may be coupled to hydrants in case of fire.

The ordinance committee reported an ordinance relating to the time and place of future meetings of the Board. Mrs. Metz asked to be allowed to construct a ditch on Center street for the purpose of bringing water on her property. As it was not thought advisable to bring water in Center street because of danger to the cement sidewalks, the request was denied. She was allowed to make a crossing on Olive, Claudina and Philadelphia streets for the purpose. A communication was received from the State Board of Health asking a series of questions for the benefit of the state board. The President of the Board, Mr. Reiser, together with Dr. Bullard and Marshal Landell were appointed a board of health.

The Anaheim baseball club goes to San Diego on Saturday to play two games with the San Diego boys. The nine will be composed of Captain Wommer, McGinty Clayton, Wm. McGoffin, L. Koerner, Frank Harris, J. and Al Harlin, George Peters and James Henderson. McGoffin and Henderson will do the twirling and Harris will backstop. Our boys ought to give the bayn-climate people a pretty good game. Here's luck to them.

Marshal Landell, and a posse raided a Chinese gambling house on Sunday evening and bagged nine heathens. One of them, named Ah Sam, was found guilty by Judge Fox on Monday. The others demanded a jury trial and their case came up on Tuesday. Ah Sam agreed that if his fine was nominal the case would not be appealed. So the judge fined him \$5, which he paid and went on his way rejoicing.

The Anaheim Military band at its last week's meeting elected the following officers: C. W. Alms, president; Oscar R. Luedke, manager and secretary; W. W. Weaver, treasurer; Walter Growther, leader. The band is composed of twelve pieces and plays splendidly. Their new music elicits much favorable comment.

John Wagner of Placentia had his left forearm broken some days ago by a kick from a fractious horse. Mr. Wagner was standing in front of the animal, when suddenly it kicked with its hind leg, striking the arm in an upper-cut with the result stated. The broken member is mending as rapidly as can be expected.

It is rumored at Santa Ana that the street car line running from Tustin to Santa Ana and thence to Orange will shut down business shortly. Last year the company went behind \$2,700 in the business, and unless a sudden change ensues the running of cars over this line will be discontinued indefinitely. This will be a severe blow to our neighboring towns.

The large tank on the Blair place, east of town fell to the ground one day last week when filled with water. The tank frame is situated near the house and the falling tank narrowly escaped doing serious damage to the building, barely escaping the same in its descent. Quite a flood of water prevailed for a while.

Johns Matter, who formerly lived here, was in town last week renewing old acquaintances. He has associated himself with a partner and leased the Hotel Metropole at Catal, which will be opened in June.

Colonel Messers of Orange was over to see us on Sunday. The Colonel likes to come over on a visit to his Anaheim friends every once in a while, and says he enjoys himself when he comes.

Mr. Carpenter of Westminster,

25 Years Ago

May 20, 1915. Before the week is ended it is expected all the contracts for the new hotel which is to be erected by John Zeigler on the site of the commercial hotel at the corner of Center and Lemon streets will be let, and the work of demolishing the old building will speedily follow. Mr. Zeigler is desirous of giving all of the work of construction possible to Anaheim people, consequently he did not let the contract in a lump as it would probably have been secured by an outside firm and little of the work would have been secured by local builders. By letting all the contracts himself it is probable the entire building will be constructed by home people. The excavating, the brick work, the plumbing, the wiring, etc., will all be let under contracts by Mr. Zeigler himself. Architect Eugene Durfee made the plans. The specifications call for a modern building with all possible conveniences. It has a frontage of 70 feet on Center street and 103 on Lemon. It will be four stories high and will cost \$40,000.

Satisfactory progress is being made on the other new business buildings now in course of construction. Inside finishing is all that remains to be done on the Fisher block. The front of the Odd Fellows building is climbing to ward the third story. The frame work of the new two story Yungbluth building is now being erected and it will be rapidly advanced. The Carroll building on North Los Angeles street is completed. The packing plant north of town is nearly completed.

The editor of the Garden Grove News reports that he gave a neighbor a package of beet seed that had been franked to him by Congressman Kettner and the very next day the neighbor brought in a beet three feet long that had grown from the seed. This is quick action, assuming that the statement is correct, but we are undecided whether to give the credit to the fertility of Garden Grove soil or the fertility of Editor Perry's brain.

S. R. Coate of Anaheim is the new president of the District Sunday School association, which held its annual convention in the Baptist church at Fullerton, Wednesday. Other officers chosen at the session are as follows: S. W. Windle of Fullerton, vice-president; Mrs. Carrie A. Burch, secretary and treasurer. Department superintendents, elementary, Miss Edna Welton, Fullerton; secondary, J. L. Clay, Anaheim; temperance, Mrs. C. H. Owen, Anaheim; training, S. C. Hartranft, Anaheim; home, Mrs. Coons, Anaheim; missionary, Mrs. S. M. Hasson, Buena Bark.

Frank Lagogue has traded his residence property on Adele street who owned thirty acres of land below Garden Grove, last week disposed of his property for \$100 per acre. He will probably invest in land near Anaheim.

Mr. and Mrs. Pierre Nicolas and family of eight children left last week for a visit to their old home in France. They will be absent several months.

A. L. Moye and George Bessnette, two of Santa Ana's most prominent Democrats, were in town on Saturday afternoon.

S. B. Smith, who has been residing at Santa Ana for some months past returned to Anaheim yesterday to reside.

Madame Modjeska and Count Bozenta arrived in Anaheim on Tuesday for a short visit with friends in Anaheim. They are guests of Mr. and Mrs. Langenberger.

Mrs. M. A. Wayman has moved to Tustin City to reside for a couple of months.

Henry Oelkers took a short visit to San Diego last week.

District Attorney Edwards was in town on Tuesday in attendance on the Chinese gambling cases.

Malvern Hill Post, No. 131, G. A. R. cordially invites all persons of whatever creed or political faith to join with them in observance of memorial day. Services will be held at Music hall next Sunday morning. The churches have agreed not to hold services on that day and all organizations will have an opportunity to attend. Rev. L. F. Bickford of the Congregational church in Westminster will preside.

Use of Water by MWD Cities Gains

Increase of Population and Growth of Industrial Activity Shown

Although it will be many months before the 1940 census reports are available to show population figures and industrial activity in the 13 cities of the Metropolitan water district, a steady and rapid increase in both of these items is reflected in water consumption reports now on file with the district.

Based on figures submitted by the water departments of the various MWD cities, these reports generally indicate a greater demand during the fiscal year 1938-39 for water for domestic and industrial purposes than at any previous time in the history of the water district cities. These figures are of particular interest to the citizens of the Metropolitan water district not only because they indicate the wisdom and forethought in providing a supplement water supply for these rapidly growing areas, but because they indicate the healthy manner in which these 13 southern California cities have recovered from the effects of the economic depression of the early 1930's.

During the five-year period of the fiscal years 1934-35 to 1938-39, the 13 district cities, taken as one unit, recorded a 25 per cent increase in water consumption. In the case of the individual cities, the result of industrial activity is apparent in even greater percentage increases for the five-year period. The per cent of increase in water consumption for each city is as follows: Anaheim, 35; Beverly Hills, 33; Burbank, 76; Compton, 81; Fullerton, 51; Glendale, 33; Long Beach, 22; Pasadena, 39; San Marino, 33; Santa Ana, 20; Santa Monica, 49; Torrance, 61, and Los Angeles, 22.

for a five-acre walnut and orange grove on South Palm street belonging to August Maas.

Mrs. C. O. Servations of this city is visiting the Panama Pacific Exposition at San Francisco and is stopping at the hotel St. Regis.

Robert McAulay was taken violently ill on Saturday and was taken to the sanitarium where his appendix was removed. He is still in a critical condition but there is hope that he will recover. Bob is a student at Occident college, and is preparing himself for the ministry.

Miss Marie Schumacher, daughter of Mr. and Mrs. William Schumacher, was married at the home of her parents on North Claudina street Sunday to Conrad Mauerhan, Rev. E. J. Stanton, pastor of the Presbyterian church at Fullerton officiating.

An elaborate dinner followed the ceremony which was performed at 1 o'clock. After dinner the young couple left for San Diego where they expect to spend a week or more seeing the sights of the exposition.

Mr. and Mrs. Mauerhan are among Anaheim's most popular young people. The bride is the second daughter of William Schumacher of the Palace Market, and the groom is the son of Conrad Mauerhan a prominent East side rancher. Mr. Mauerhan will have charge of the city fire fighting apparatus when the new motor propelled machine arrives.

Mr. Beddig of the Mason theater, circulating a petition which has been numerously signed asking the city trustees not to issue a license to tent shows for more than seven consecutive days. The petition will be submitted to the trustees at a special meeting to be held this evening.

Mr. and Mrs. H. F. H. Schneider entertained thirty guests at their home corner of Sycamore and East streets Friday evening in honor of Mrs. Schneider's birthday. Five hundred was indulged in and winners in the game were Mrs. Ward, Mrs. Dahlman, Mrs. Nibelung and Messrs. W. F. Pomeroy, Frank Tausch and Herman Stock.

Mr. and Mrs. H. M. Adams and Mrs. M. T. Mayer were visitors in Los Angeles Monday.

Mrs. W. L. Finley entertained the Ladies Euchre club Thursday afternoon. Refreshments were served and an enjoyable time was spent. Mrs. Jos. Bennerscheidt, Mrs. Frank Shanley and Miss Dora Zeyn won the prizes.

G. S. Tucker and wife of Sanborn, North Dakota, are visiting at the L. C. Yoeman home in West Anaheim.

Example is a lesson that all men can read.—Gilbert West.

TUESDAY'S PRIMARIES

Press reports from Washington indicate that the results of California's presidential primary election of last Tuesday are being interpreted in Roosevelt camp in one fashion and in the Republican council chambers in another.

Somewhere between these two views, there are certain conclusions which may more or less accurately be drawn.

Of those voting, the President was a heavy popular favorite, and certainly has the nomination for the asking, at next July's Democratic convention.

Republican majorities hung up in the state primaries in the middle west tend to demonstrate that the Roosevelt majority in California has been augmented by people who have migrated to California, thousands of whom have shared in the various relief enterprises of the federal government.

This latter tendency seems to be born out by the vote in many of California's rural counties, including our own.

Orange county, which even now has a Democratic majority of several thousand, has voted for the President in the past, and was expected to give him a heavy vote last Tuesday. Yet nearly complete returns demonstrated that 13,337 Republicans voted for the untried Republican slate, while of the 15,897 Democrats who voted, there were but 10,443 who voted for the Roosevelt slate.

Is not this indicative... like the midwest farm vote... of a change of public opinion in our rural areas? Our county has not had a tremendous influx of migrants, and its population, while steadily growing, has been more or less stable.

It is true that only two presidential possibilities were presented to California last Tuesday. Of the host of others, in all parties, their popular appeal in this state is unknown.

But the seed has been sown in rural California and rural America to reap a little different harvest than the new deal crop of the last seven years.

RIVERSIDE LAND SUITS COSTING ORANGE COUNTY BIG SUM PER DIEM

Orange county is pouring hundreds of dollars a day into court proceedings in Riverside county which are getting no publicity here. It has been going on for some weeks.

The cases involved are the condemnation proceedings against property at and near the Prado dam site. These were brought long ago about the time that work on the new dam got under way.

FIND REASONS FOR RECALL FILING

Filing of petition with a partial list of signers for the recall of Governor Olson took place in some counties last week, Orange county among them.

Observers suggest that the sudden action came, partly as a result of Olson's visit to the south end of the state where he said in his speeches that the recall had folded up.

They also suggest that the petitions were filed late last week as a proper time to have an influence on Tuesday's presidential preference primary, in which Olson headed the slate of delegates pledged to Roosevelt.

It is up to the owners whose property is condemned to show a "fair value."

STRANGE, ISN'T IT?

Eubank, in the New York Sun.

Washington Snapshots

by JAMES PRESTON

With adjournment talk already in the air, Congress is moving swiftly toward a decision on an issue of extreme importance to every American.

The surprising thing is that few farmers or businessmen or factory workers seem to take much interest in the matter.

The issue is involved in the Walter-Logan bill, which would require that more than 100 government bureaus follow standard and uniform practices in establishing and enforcing countless rules and regulations.

The house, despite the apathy of constituents, thought the Walter bill important enough to pass it by a three to one majority.

For instance, in the house discussion a member from Indiana told an interesting story concerning a farmer in his district.

Later, it was discovered that the farmer was right and the agent wrong. But the wheat was gone, and the farmer had to take the loss.

Another member, discussing the number of rules and regulations, quoted the federal superintendent of documents as offering for sale a compilation of all of them.

Chairman Summers of the house judiciary committee remarked that when congress adjourned and went home, there would be only one person in Washington administering the thousands of federal laws.

There will be many battles at Sacramento over specific acts and methods to be used in bringing government to a point where it can (and must) live within its income.

After a decade of trying to "spend ourselves rich," those statements—coming from the chairmen of the legislature's two committees directly charged with the responsibility of recommending or against new taxes—are definite encouragement to taxpayers.

There will be many battles at Sacramento over specific acts and methods to be used in bringing government to a point where it can (and must) live within its income.

The FARMER'S CORNER

by RALPH HAYLOR

Executive Secretary Agricultural Council of California

The second half of the state legislature's special session, which convenes on May 13, promises to be a meeting of vital significance to California agriculture, business, industry, labor—and all working, producing California!

For the forthcoming session, judging from the recent declarations of leaders in both houses, is expected to bring a vigorous reaffirmation and amplification of the "back to economy and sanity" principles laid down at the legislature's history-making meet in February.

There is every indication that the members of the bi-partisan economy bloc, who clamped down on extravagance, chiseling and corruption in the SRA, and shelved Governor Olson's demands for 50 million dollars in new taxes earlier this year, have sounded out home sentiment during the legislative recess—and will return to Sacramento even more firmly determined to stay by their ultimatum of "no new taxes!"

But pressure groups, on the other hand, will undoubtedly make a last-ditch, desperate stand to re-capture control of public purse strings and the SRA administrative set-up.

After a decade of trying to "spend ourselves rich," those statements—coming from the chairmen of the legislature's two committees directly charged with the responsibility of recommending or against new taxes—are definite encouragement to taxpayers.

There will be many battles at Sacramento over specific acts and methods to be used in bringing government to a point where it can (and must) live within its income.

California taxpayers, now that they have a fighting majority in the legislature, determined to halt racketeering and put a ceiling on taxes, should make certain that they hold that majority—and that the legislators get warm support from their constituents, as well as the brickbats hurled at them by self-seeking minorities.

Senator Edward H. Tickle of

at work for months definitely expects to stay on the job until ordered out next fall.

P. S. Word just comes in that the supervisors have become alarmed over the excessive costs of this hearing and will send Joe Ogle of the district attorney's office to Riverside to check up on the conduct of the case.

Observers suggest that the sudden action came, partly as a result of Olson's visit to the south end of the state where he said in his speeches that the recall had folded up.

They also suggest that the petitions were filed late last week as a proper time to have an influence on Tuesday's presidential preference primary, in which Olson headed the slate of delegates pledged to Roosevelt.

It is up to the owners whose property is condemned to show a "fair value."

CRIPPLED CHILDREN OF COUNTY WILL BE EXAMINED AT CLINIC

Physically handicapped children of Orange county will have the opportunity for examination at the state and county diagnostic clinic to be held in the health department offices, Room 219, court house annex, Santa Ana on May 21 and 22, from 8:30 o'clock to 4 o'clock.

Dr. Walter M. Dickie, director of the state department of public health, under whose supervision these clinics are held, has detailed Miss Linda Mitschke, state orthopedic nurse, to make the preliminary arrangements for the clinic.

The District of Columbia remains a pretty good place to live. It never had a real depression because when the rest of the country hit the skids the federal payrolls grew by leaps and bounds.

There was an average income of \$1,199 for every resident in the District of Columbia in 1938—higher than the figure for any state. In New York for instance, the income per person averaged only \$882.

Thus residents in the national capital were considerably better off than those in other parts of the country. The explanation is that a lot of people work in the district but live in Maryland and Virginia.

Another member, discussing the number of rules and regulations, quoted the federal superintendent of documents as offering for sale a compilation of all of them.

Chairman Summers of the house judiciary committee remarked that when congress adjourned and went home, there would be only one person in Washington administering the thousands of federal laws.

There will be many battles at Sacramento over specific acts and methods to be used in bringing government to a point where it can (and must) live within its income.

After a decade of trying to "spend ourselves rich," those statements—coming from the chairmen of the legislature's two committees directly charged with the responsibility of recommending or against new taxes—are definite encouragement to taxpayers.

There will be many battles at Sacramento over specific acts and methods to be used in bringing government to a point where it can (and must) live within its income.

The LETTER BOX

Editor, The Gazette: On behalf of the participating organizations in our Orange County May Day Americanism program, I wish to extend to the newspapers our deep appreciation for the splendid manner in which our publicity was handled.

Sincerely, BEN OSTERMAN, General Chairman.

Every effort is being made to determine the location of every child in California who may be suffering from a physical handicap.

In many counties where these clinics have been held the local schools have carried out through their physical education classes the exercises outlined by the clinic specialist for the correction of poor posture, flat feet, etc., and have obtained fine results.

It is the old lesson—a worthy purpose, patient energy for its accomplishment, a resoluteness unadorned by difficulties, and then success.—Punchon.

Warmer Current Noticed in Ocean

Swimmers and Fishermen of Southland Hail Change In Temperature

Swimmers and ocean anglers, attention! Here is interesting information which may affect your summer vacation.

Whether this is the warm, Japanese current, moving closer in, or the El Niño current, flowing up from the equator, is a much-debated question.

From the steamship Avalon, between Wilmington and Catalina Island, 12 bottles, numbered and hermetically sealed, were dropped overboard at intervals of two miles all along the boat's course.

Whatever the cause of the higher ocean temperatures along the coast, swimmers and anglers welcome them.

"The fish that sport anglers fish for along the southern California coast don't like the cold water any more than the bathers do who dabble their toes in it and then hurry back to a nice, warm spot on the beach," they say.

Joe Huarte's Anaheim Athletics found the U. S. Rubber nine much too tough for them Sunday at La Palma stadium and dropped a 9 to 2 decision.

The Athletics got only eight hits off the slants of Gambreau, but one of them was a long triple into centerfield by Joe Heinz.

Manager Huarte intimated during the game that he would show the fans a new pitcher next Sunday, but he declined to identify him.

The writer's prediction of last week that Paul Moore, the former Brea-Olinda high school and Fullerton Jaycee runner now wearing the Stanford red, might pull a surprise and beat Louis Zamperini in the mile run at the Trojan-Indian track meet proved to be correct.

Superiority of the Metropolitan junior college track and field men over the Orange Empire group was convincingly shown last Saturday when Fullerton, king-pin of the Orange Empire, could get but fourth in the all-Southern California meet.

Only four first places were won by the Orange Empire runners and field men, with Fullerton and Santa Ana athletes accounting for three of them.

TEMPERANCE MEETING A public meeting under the auspices of California Drys, Inc., will be given at the Church of Christ next Tuesday night at 7:30 o'clock.

Legislature Will Convene Monday

Various Committee Reports On Investigations to Be Presented

Final meetings of the state legislature's joint fact finding committee which started yesterday in Sacramento are expected to map the future of relief in California, the fate of the State Relief administration and complete reports to be presented the legislature which reconvenes next Monday.

Administration of relief in almost every state in the union has been reviewed by the committee, Senator John Phillips, chairman, revealed today, through testimony obtained from Fred K. Hoehler, state welfare director of Ohio, regarded an outstanding authority.

The report will quote Hoehler that injection of politics in relief has been the greatest handicap faced in any state. Criticism of politics in administration of California's SRA has been widespread.

Cooperating with this committee on plans for rehabilitation of California's state government for more efficiency and less waste of money and effort will be the committee on governmental efficiency and economy, headed by Assemblyman Don Allen.

All these committee reports are to be ready by next Monday, completing the most thorough investigation of California's government ever made by the legislature, which has lasted two months and extended from the Mexican border almost to the Oregon line.

Student Leader

Milton Asher, above, will welcome hundreds of Orange county high school seniors to Santa Ana junior college's 13th annual Fiesta program May 17 for the yearly program of Spanish activities.

Obituaries

GEORGE T. STILLWELL Funeral services were conducted Monday morning from the Hilgenfeld funeral home for George T. Stillwell, 60, whose death occurred last Friday night.

Stillwell is survived by two sons, Thomas of Porterville and Leslie of Fresno; four daughters, Mrs. Bertie Holmes of Fresno, Mrs. Aline Selby, Mrs. Lillie May Lee and Mrs. Christine Spurlin, all of Oklahoma; two sisters and two brothers, all of Texas, and five grandchildren.

ALLEN W. BAGWELL Funeral services for Allen W. Bagwell, 55, will be conducted tomorrow afternoon at 2 o'clock from the Hilgenfeld funeral home.

Allen W. Bagwell, a resident of Anaheim for three years, died early Tuesday morning. He is survived by his wife, Myra J. Bagwell; four daughters, Mrs. August Koch and Miss Wynell Bagwell, both of Anaheim, Mrs. Dale Smith of Oklahoma and Miss Bobbie Lee Bagwell of Hollywood, three sons, Vaughn W. Bagwell of Downey, Wayne M. Bagwell of Hollywood and Marlin R. Bagwell of Anaheim; three sisters, all of Oklahoma, and three grandchildren.

Expenditures of Schools Revealed

The Anaheim elementary school district spent an average of \$96.66 for current expenditures for each of the 1,304 pupils in average daily attendance in the district in 1938-39, according to a study of the expenditures of elementary school districts in California, recently made public by California Taxpayers' association.

The total current expenditure per pupil by the district for last year was an increase over the similar current expenditures for the 1,383 pupils in average daily attendance. Of this, \$63.36 was for teacher salaries and \$24.60 for other current expenditures.

California's paid an aggregate of \$919,000,000 taxes in 1939.

Building Permits For County Gain

In spite of the fact that indices of general business conditions for Orange county are down, business men of the community were cheered today with the report that building permits in the county for April were \$145,475 over that of the previous month.

Table showing building permits by city for April: Anaheim (7,917), Brea (9,200), Fullerton (39,805), Huntington Beach (8,466), Laguna Beach (94,749), La Habra (1,020), Newport Beach (101,235), Orange (18,756), Placentia (9,000), San Clemente (8,300), Santa Ana (130,250), Seal Beach (21,347), County of Orange (130,877).

Officers Named by Alumni Association

John J. Lutz, jr., of Santa Ana was elected president of the Orange county division of the University of California alumni association at a meeting held last Thursday night.

MOTHER'S DAY SERVICE The Wesley Methodist church will observe Mothers Day next Sunday morning at the 11 o'clock hour.

California's paid an aggregate of \$919,000,000 taxes in 1939.
