## Says Old Fashioned Cooking Way Is Best

Mrs. Leo Picard, of Church Point, Louisiana, says the cooking some women do with fancy new stoves and so forth may be easier but one certain thing doesn't get the same results.

Mrs. Picard says for an honest-to-goodness "old-fashioned meal" the kind that puts a man in trim to do farm work, she'll take old fashioned cooking methods every time. Mrs. Picard further says that since she has been taking HADACOL she doesn't have a bit of trouble cooking for her whole family and doing her chores about the house for she found that by taking HADACOL her system overcame deficiencies of Vitamins B1, B2, Nicotin and Iron, which HADACOL contains.

Here is Mrs. Picard's own statement: "About six months ago I began having annoying aches and pains. I had a very hard time getting my work done—switching my two little daughters, keeping the house clean and doing all the cooking. I had lost my appetite and I could hardly get any sleep at all. Finally I was forced to go to bed and my sister had to do my housework. I felt terrible. I then heard about HADACOL and how other folks were feeling wonderful because of HADACOL. In just three weeks' time I could tell a difference. I get a wonderful night's sleep and, best of all, I now have a fine appetite. HADACOL is certainly wonderful. I have told all my neighbors how really wonderful HADACOL is."

Buy a bottle of HADACOL, either the trial size, \$1.25 or the large family size, \$3.50, and if HADACOL does not help you, your money will be refunded. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

# Underwater Film Disproves 'Silent Deep' Theory; To be Shown Sunday

Underwater sounds—never before heard by human ears—are the dramatic subject of a new Moody Bible Institute science film, "Voice of the Deep," to be shown at the Calvary Baptist church, 717 W. Broadway, Sunday (Jan. 28), at 8:30 p.m., according to the Rev. Robert Kevoonian, pastor.

Produced in full color and sound by Dr. Irwin A. Moon, the film makes obsolete the old saying about the "silent deep." Garibaldi, snapping shrimp, porpoises, croakers and other marine animals are heard for the first time making their unique fish noises into the hydrophones (underwater microphones).

Discovery that fish talk was made accidentally during the war. The United States Navy, intending to use the hydrophones to warn of the approach of enemy craft, submerged a network of the delicate instruments into the waters of Chesapeake Bay. But on their first trial, the hydrophones indicated enough noise in the bay for the entire German Navy, thousands of miles away.

Baffled, researchers set out to find the cause. Their conclusion disproved a scientific theory that was centuries old, for they found that a school of croakers, not the German Navy, had been respon-

able for the mysterious sounds. In other words, fish talk! Later investigation into underwater sounds was made by the University of California's division of research. One of the men directing this survey was P. Alton Everest, also associate director of Moody Institute of Science, who provided Dr. Moon with the specialized knowledge necessary for "Voice of the Deep."

The 30-minute film follows "God of the Atom" and "God of Creation," earlier scientific productions of Moody Bible Institute, which have been shown to nearly four million people in this country and abroad.

The public is cordially invited to see this film.

## Fremont Findings

Fremont faculty were "shocked and offended" at the second annual Turkey dinner given by the eighth grade cooking classes last Tuesday. Mr. and Mrs. M. A. Gaier were special guests.

Entertainment was provided by Mr. Gaier, who led group singing; by Dorothy Thomas, piano solo; Dianne Coons, vocal; Marilyn Richards, with a flue solo; Dixie Seltrige, with a Bach routine and a game of charades with the teachers acting out the songs.

Election of student body officers was held at Fremont today in 7th and 8th grades' social studies classes. Nominees for office were Salo Muro, Jimmy Owtynbe and JoAnn Hannon for president; Mike Beach, Frank Doretti and Glenda Smith for vice-president; Zoe Fort and Dorothy Thomas for secretary; Gloria Taylor, Marilyn Richards and Fred Fischle for treasurer.

Next big event scheduled by the Fremont students is the Father and Son banquet to be held Tuesday evening, Feb. 6, in the school cafeteria.

Statistics have it this way—"only two things are sure: death and taxes." They forgot report cards.

The end of the semester at Fremont approaches with this coming Wednesday and that is the day the report cards will be given out.

A pleasanter subject is basketball and Fremont A's and B's have made it even better with winning teams. Wednesday the two squads defeated Fullerton by scores of 42-8 and 22-14, respectively.

## Episcopal Meet

Episcopal Pastors met today to give their annual addresses outlining goals for the diocese. Mr. Joseph Thompson will next speak about the first convention business session of Wednesday when Anaheim delegates were delighted to hear that the mission they have sponsored in Norwalk was admitted as a full diocesan mission with the name, "The Church of the Incarnation."

Next, Mrs. Joseph Thompson will tell about the converted liner on Wednesday night when the Episcopal City Mission society was in charge of the program. The Rev. John K. Saville, rector of St. Michael's and secretary of this society, was one of the speakers and told about the visitations made at the Orange County hospital by two of the volunteers of the society, Mrs. E. W. Balch and Mrs. E. J. Maffinger.

Finally, Mr. Donald Herrin will tell about the Thursday business session when the Committee on Strategy reported plans for meeting the challenge of the tremendous growing population of Southern California. A new wing for the Good Samaritan hospital, a new Diocesan House for the Administration of the Diocese and a special loan from the National Council to help new missionary work were some of the items.

Another delegate who will make his report not at St. Michael's but at the new mission in Norwalk is Mr. Jeffrey Pallen. Mr. Pallen, a leader at St. Michael's, is primarily responsible for the success of the new mission of the Incarnation in Norwalk where in addition to regular Sunday services, a men's committee, an altar guild, regular choir practices and a youth group and church baseball team have been organized.

## Anaheim Man Gets Ride Home, Then Gets Robbed

Salvador Prado, 2324 E. Sycamore st., was the unwilling recipient of an expensive ride home last night.

Prado told police today that he was forced into a car last night and was driven to his home, but after he got there two of his companions then proceeded to empty his pockets.

Prado said that he had been given a ride from Pasadena to Anaheim and had disembarked on W. Center st., to start walking toward home. Midway there, the same car—a light green, 1936 two door Ford sedan—came by and the four men inside offered to take him the rest of the way home.

When he declined the offer, Prado told police, he was hauled inside and taken there, anyway. Two men got out with him at that point, walked up the driveway, emptied his pockets, and left.

His cash loss was only \$150, according to the police, but he also was robbed of a cigarette lighter, valued at \$12.

## Anaheim, G. Grove Win 20-30 Awards

20-30 Ten Cities, sub-district 4, met last night for one of their bi-annual meetings at the Ladies Club House in Yorba Linda. A chicken dinner at 7:30 p.m. preceded the business meeting featuring Ed Kirby, of the Federal Bureau of Investigation, as guest speaker.

Anaheim club was awarded the quarterly attendance banner and Garden Grove won temporary possession of the "Whopper Gavel," for 100 per cent attendance last night.

The "Whopper Gavel" was first initiated in 1936. It is 4 feet long and weighs about 35 pounds. Anaheim won it at the last meeting, so before giving it up, Ralph Spencer rejuvenated it with varnish and polish.

Regular meeting next Monday evening at Lum's cafe. Three new members will be initiated at the meeting. They are George Maloney, Fay Foulkerson and Jack Wingert.

## Christian Moslem Film Shown at W.T.

"South of the Clouds," a natural-color motion picture depicting the life story of a Moslem girl in the Near East, who accepted Christianity and faced complex social issues as a consequence, will be shown at the regular 7 o'clock evening service Sunday night at the White Temple Methodist church.

This film marks the fourth in a series of programs on the Near East in conjunction with the annual School of Missionary Signs conducted for four different age groups in the church each Sunday night during January.

The picture is a new missionary education production which has won widespread acclaim wherever it has been previewed. The public is invited.

In the morning service at 11 o'clock, Rev. Frank E. Butterworth will preach on the theme, "Drenched With a Dream."

## Christian Science Topic 'Truth'

The healing power of Truth will be considered in the Sunday Lesson-Sermon in all Christian Science churches.

This citation from the Psalms is the Golden Text: "I will praise thee, O Lord, among the people: for thy mercy is great above the heavens; and thy truth reacheth unto the clouds" (108:3,4).

Lesson-Sermon selections include Paul's counsel to Timothy: "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (II Tim. 2:15).

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy points out: "If the student differs strictly to the teachings of Christian Science and ventures not to break its rules, he cannot fall of success in healing. It is Christian Science to do right, and nothing short of rightness has any claim to the name" (p. 448).

### Railroad Worker And His Family Praise Hadacol

Hadacol supplies Vitamin B1, B2, Nicotin and Iron, which his system lacks.

Railroad men all over the country are known for their extreme diligence and their wonderful sense of responsibility. Mr. C. E. Moncus, 121 Columbus, Montgomery, Ala., who has had sixteen full years of fine service as a railroad flagman, is no exception. He is proud of the excellent job he is doing, and his observation powers are not limited to his job by any means. For instance, when Mr. Moncus noticed how much better his wife was beginning to feel, he decided he had better try the same thing and, too, might feel better. Yes, Mr. Moncus started taking HADACOL and now he says, "I have lots of pep and energy and just feel good in every way."

Mr. Moncus says: "Quite some time ago I began having indigestion and sour stomach. My food just didn't digest right. I got a dull, 'gassy' feeling after I ate. This affected my appetite and my weight. I was run-down, too. My wife started taking HADACOL and so did my daughter. I saw how much it had helped them, so I started taking it. And HADACOL has certainly helped me, too. My stomach never bothers me any more. I have a terrific appetite. I have lots of pep and energy and just feel good in every way. I think HADACOL is wonderful. I wish I could tell everyone just how wonderful it really is."

## Lifetime Homes Sold Out Here

Moving along with Anaheim's building boom and a step ahead of government credit restrictions, the last of the popular Lifetime Homes were sold out here, this week to make the second of the company's three tracts now completely sold, officials revealed today.

Now only the company's Fullerton tract on the 400 block on East Chapman, has homes that are available to veterans for no-down payment, the Lifetime office reported.

"Only a few homes remain at the Fullerton tract and when they are sold we will have no more 'nothing down' contracts," Henry C. Cox, president of the company, declared.

Early last year Lifetime Homes opened tracts in Santa Ana, Anaheim and Fullerton, totaling 3000 homes. All were of the three-bedroom, tropical modern type and available to veterans on the "nothing down" contract. The homes in Fullerton are the last of this group.

## LA Naval Base to Be Re-Established

The re-establishment of the U.S. Naval Base, Los Angeles, California, effective Feb. 1, 1951, was announced today by Rear Admiral Wilder D. Baker, Commandant of the Eleventh Naval District.

The new activity will become the second Naval Base under the command of Rear Admiral Baker, who also commands the Naval Base and the Marine Barracks and Naval Station, Long Beach.

Captain J. V. Dannenberg, USN, commanding officer of the Naval Station, Long Beach, has been designated commanding officer of the Los Angeles Naval Base. He will continue to serve as commanding officer of the Naval Station, Long Beach, and will maintain headquarters for his dual command at Long Beach.

The Naval Base, Los Angeles, was first established during World War II and was disestablished in April, 1950.

## U.S. Arctic Fighting Ability to be Shown

That American soldiers can fight effectively in the Arctic will be demonstrated by Captain Bernard Nagelmann, USA, in his two-hour illustrated lecture "Arctic Warfare" to members of the Organized Reserve Corps at ORC headquarters, 1012 N. Main st., Santa Ana, California on Thursday, Feb. 8, 1951, at 10:30 to 12:30 hours.

Also invited to attend are members of the National Guard and Reserve Officer's Training Corps. Captain Nagelmann will discuss Arctic warfare of the future and the solution of its problems. He will discuss the advantages and disadvantages of the arctic regions for military operations and demonstrate and explain equipment and techniques designed to reduce the disadvantages of Arctic climate and terrain.

## Anaheim Gazette

By JOHN S. NEUBAUER

Blessed are they whose iniquities are forgiven.—Rom. 4:7.

NEWSLETTE—There is a possibility that Anaheim may land a "500 pay roll plant." Daystrom-Balco is considering building a plant at one of two locations. One of them is in Anaheim.

TIMELY TOPIX—The Gazette owes Douglas Preston Wheeler an apology. Doug and the rest of the "Sunset League" basketball team were of the opinion that Sam Keith's team was the best high school quintet in Orange county. "Guess we were wrong. But, please, don't sell 'basketball' ever if they've lost a couple of league games. Perhaps they play a whole lot better if they get a little support from their fellow Anaheimites. They play!" Santa Ana tonight. Why not take in the game? You don't know what you're missing if you don't. Keith's boys play a lot of basketball.

PROFILES—Norbert DeCock is the motor officer who checks out the parking meters. It is a difficult job, yet he performs his duty and makes friends for the Anaheim Police Department even though he has to write out tickets for parking violations. Such a man is truly a credit to any organization. Anaheim is fortunate that it has officers like him!

NOTES—Bob Jaynes doesn't want to repeat that experience of being marooned in a stalled elevator. It gives one a mighty uncomfortable feeling when you can't go anywhere. Anaheim can be proud of its young people. Joan Kellogg and Gretchen Glover will represent the Tri-Y at the Youth Government conference at Sacramento next month. Paul Wright and Beverly Seiberg will represent the H-Y. Speaking of the YMCA and YWCA, reminds me that Tommy Thompson has 843 enrolled in Y activities. Over at Fullerton they have 396 kids in their various clubs.

PROUD PAPA—Carl Harech's chest really expanded since his wife Margaret, presented him with a set of twins 'other day. They're an ideal pair, too—a boy and a girl.

THISIS & DATA—John Okamoto and Donald Ames have joined up. They're in the air force.

Earl Dierberger is one of the size. Anaheim's who've inducted this week. Daystrom-Balco will miss the services of this genial young man. He's the type of youngster who will succeed, because he's a chip off the old block—Bill Dierberger who is an all right guy if there ever was one. He's as good as they come. Ray Wells and Joe Szaib are also being "indoctrinated" by the armed forces.

Dave Collins, the aircrafter, who is actively interested in the launching of an Anaheim Y Men's Club, was an outstanding athlete in his school days. He excelled in swimming and water polo. Homer Wallace, the building inspector, is really a busy hombre these days. Everyone, it seems, wants to build.

CHEAP ENOUGH—According to those who know, a concrete bomb shelter can be constructed for less than a ten-dollar bill. That's cheap enough.

DOPE-SHEET—Frank (White) McManell, the kid who placed in the Gazette's "Gee" Contest sponsored soapbox derby, will tell you that his brother, Bob McConnell is back in the Navy. His brother, Hubert McConnell, is still selling insurance, until his services are needed. An active reserve pilot flies over Anaheim occasionally.

Ed works and Mark Petersen take their lodge work seriously. Any organization boasting such high caliber Anaheimites on its membership rolls is destined to be outstanding.

Gordy Lamm is making out

THE NEW DeSOTO will be unveiled tomorrow in Anaheim by the Middleton Motor Sales, 420 W. Center. The DeSoto people say a multitude of sweeping changes have transformed completely the new 1951 DeSoto line. The improvements have brought distinctive and distinguished exterior and interior styling, a new standard of riding comfort and convenience, exceptional safety features, and added power from a larger engine. L. E. "Tex" Middleton is Anaheim's DeSoto dealer.

## College Students

Continued from Page 1  
will re-open in the last month of the college year the classification of all students who had been ordered to report for induction during the year but whose induction was postponed under a provision of the draft law allowing deferment of college students. This will open the way for a student, in the final month of the term, to pick his service as a volunteer.

## College Students

Under the original plan, the student enlistments would have been accepted only in the two months immediately prior to the final month of the term.

## College Students

The department's new announcement stressed that "each service would accept enlistments only to the extent that places and the drama club members were open for those who desired to enlist."

## AUHS ANGELES

By JEANNINE PARRIEE

Well, next week starts a new semester, but what a week this has been, believe me! What with half-day holidays, semester exams, and just the general confusion of everyone "hurryng" and scurrying to "get my back work made up" or "finish my notebook."

The drama department makes the news in two ways this week. First of all Miss Louise Hill, AUHS drama teacher, has disclosed that the junior play this year will be "Not in a Thousand Years," a three-act comedy by E. Clayton McCarty and that all juniors will be eligible to try out for the play Feb. 1 and 2.

Second is that "Balcany Scene," the ancient fantasy to be given at the Pasadena Playhouse in April by the Drama Club members will be previewed next Wednesday night at the Anaheim high school auditorium, by the faculty parents, and the drama club members.

Tuesday during recreation period all Comies and Comies will be digging in pockets and searching in their purses for five-cent pieces. The reason for all this is that the Girls League cabinet members will be in the cafeteria rolling cup cakes. Incidentally, the girls made the cup cakes themselves.

Tomorrow night is the night! Yes, it's finally just, you might say, around the corner. I hope you all know what I am talking about, but just in case you don't, I'll tell you. I've been talking about one of the biggest events of the year—the snow ball. It's really going to be a gala affair with special wintery decorations, and featured will be the music of Eustace Tropa Equires. The dance is to take place in the Ebell club.

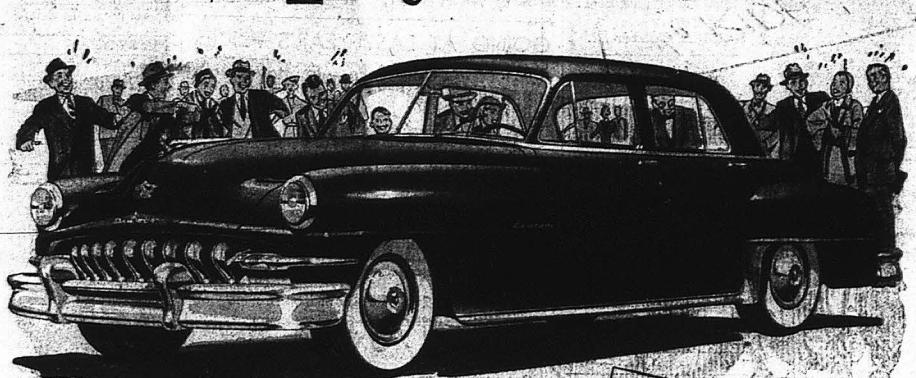

Paul Demaree, AUHS principal, has announced that drills in preparation for atomic attack are expected to start next week.

Anaheim meets Orange tonight on the Panthers' court at 8 p.m. Anaheim has lost two games since Friday with the Panthers have yet to win one.

That's all for now.

Korea became a trusteeship of the U.N. by the formal terms of surrender for Japan: September, 1945.
