MRS. LUCE BACKED BY IKE IN BATTLE

ANAHEIM NATIVE KILLED — Alfred A. Lopez, 36, 1158 N. Parry St., was killed at 2:05 a.m. today when the car in which he was riding crashed through a road barricade and overturned. The victim, who was born in Anaheim, is survived by his widow and two children. The car, driven by Louie R. Arreola, 30, 519 E. Adele St., Anaheim, was traveling south on Blue Gum Ave., where this street forms a "T" intersection with La Palma Ave. Arreola was later booked at County Jail on a charge of felony drunk driving. Lopez, who was dead on arrival at Anaheim Memorial Hospital, was found pinned underneath the overturned vehicle. His companion, Arreola, escaped uninjured, and went to a nearby house to ask for help. The report of the California Highway Patrol indicated that Arreola's car apparently went through a boulevard stop at a high rate of speed, and then crashed through the barricade that warns motorists of the termination of Blue Gum Ave.

Rebel Invaders Reject Surrender Ultimatum

By MILTON CARR
United Press International

PANAMA CITY (UPI)—A Cuban army officer reported today Panama's rebel invaders had rejected a surrender ultimatum, but that a few were willing to call off the invasion if allowed to go free. He called the current situation a temporary truce.

Capt. Raul Torres, one of two bearded Cuban revolutionary army officers who negotiated with the invaders in the captured coastal town of Nombre de Dios (God's Name), returned here shortly before midnight to report the results of his mission to Panamanian officials.

He told newsmen the invaders, mostly Cubans, were trained fighters who were determined to carry the fight to the finish.

"Under no conditions do they want to surrender their arms — no soldier does," he said.

Mission A Failure

Panamanian Minister of Justice Jose D. Bazan said Torres' mission was "considered a failure by our government." He said the Cuban captain would not return to Nombre de Dios unless requested by the Organization of American States investigating team, which was scheduled to arrive here later today.

Torres described the current situation as a temporary truce, with most of the 80 members of the original invading party remaining in Nombre de Dios. Twenty rebels were reported pushing across the San Blas Mountains in an apparent drive toward the capital.

In addition, reports that sizable rebel reinforcements numbering about 300 men were converging on Panama from Cuba persisted.

The loyalist forces of President Ernesto de la Guardia Jr., strengthened by U.S.-supplied arms and ammunition, were moving to encircle the rebel headquarters and to cut off the 30-man spearhead moving toward Panama City.

Torres, who brought one of the insurgents with him, said the rebels felt they were liberating Panama from a dictatorship.

Castro Condemns Act

He said a few were willing to call off the fight, but only if allowed to keep their arms and if promised immunity from prosecution by both the Panamanian and Cuban governments.

Cuban Premier Fidel Castro, who was flying to Rio de Janeiro today en route to Buenos Aires for a meeting of the Organization of American States (OAS), told newsmen aboard his plane that the Panamanian invasion was "irresponsible, inconceivable" and potentially dangerous to his own revolution in Cuba.

The invasion also has been condemned by the OAS Council, which voted Tuesday in Washington to aid Panama against the invaders.

U.S. Sen. George D. Smathers (D-Fla.) urged Tuesday in a Senate speech in Washington that the OAS ask the United States to send ships and planes to defend Panama.

Michigan Faces Fiscal Collapse As Williams Orders Payless Paydays

LANSING, Mich. (UPI) — Gov. G. Mennen Williams drafted a timetable for state fiscal collapse today after ordering payless paydays for lawmakers and judges.

The order followed an unexpected decision by state Senate Republicans Tuesday to shelve a stop-gap plan to convert the veterans trust fund to cash.

"This will do incredible and lasting damage to the state," Williams said. "It is a disaster of the first magnitude."

Williams scheduled a cabinet meeting today to formulate "an orderly program for the suspension of essential state obligations until such time as the legislature provides money to meet them."

Williams halted processing of about 325 checks totaling more than $100,000 for the legislature, supreme and circuit courts.

Williams said the $5,100,000 payroll scheduled May 7 for 28,000 other state employes, including himself, will not be met unless emergency funds are provided.

The order came less than two hours after a GOP Senate caucus voted solidly to junk a plan to cash in the veterans trust fund.

A new bill will be substituted. It would tack a one-cent use tax on to the trust fund plan — but May 11 is the earliest it could clear the legislature.

"It's our answer to both the immediate cash crisis and the long-range revenue problem," said Senate Majority Leader Frank D. Beadle.

NEWS OF THE WORLD IN BRIEF

TV WORKERS STILL ON STRIKE

NEW YORK (UPI)—About 1,500 radio and television technicians remained off their jobs with the National Broadcasting Company today. No progress was reported toward settlement of a dispute over the handling of foreign-made videotape.

WRECK OF BRITISH PLANE BELIEVED SIGHTED

NICOSIA, Cyprus (UPI)—An RAF plane today spotted what was believed to be the wreckage of a British plane missing on a flight to Iran with secret rocket equipment.

It said the wreckage was on a 14,000-foot mountain north of Lake Van in eastern Turkey.

WARSAW PACT, RED CHINA ECHOS MOSCOW DEMAND

WARSAW (UPI)—The Warsaw Pact nations and Communist China lined up behind Russia today with a renewed demand that the Western Allies quit West Berlin and a warning that Western nuclear-missile policies threaten the Geneva conference.

IKE COUNTING ON REPUBLICANS

WASHINGTON (UPI)—President Eisenhower counted today on House Republicans to stop Congress from spoiling his record of never having a law enacted over his veto.

The legislation — which the Senate passed over the President's veto Tuesday — would strip Agriculture Secretary Ezra T. Benson of power over loan policies of the Rural Electrification Administration.

Anaheim Council Gives Okay for Convention Hall

Anaheim City Council last night granted a special use permit to Leo Freedman, Beverly Hills developer, to construct his proposed convention and exhibition hall at 1601 S. Manchester Ave., east of Harbor Blvd. and north of Katella.

The no-action motion which grants approval of the plan came without the slightest hesitation on the part of council members after a short speech by Freedman telling that he had obtained permission from Southern California Edison to use their easement between his northern and southern parcels of land. The north parcel is designed for parking while the southern will house the giant, 90,000 square-foot, edifice designed to handle cultural and sporting events, exhibitions and conventions.

Freedman quoted the planning commission's recommendation given the project at their April 20 meeting, saying, "... there is "a need for a convention hall in the Disneyland area."

Work on the project is expected to commence in approximately three months, with target date for completion sometime around June of 1960.

In conjunction with the convention hall, Freedman has previously told of plans to erect a 10-story hotel called the Charter House which he plans to lease to the Hotel Corporation of America. The hotel will face onto Harbor Blvd. on property adjacent and to the west of the convention hall. Work on that building will begin in June and should be completed by the end of the year.

The $5 to 6 million dollar convention hall with a permanent seating capacity of 6,000 and temporary additional seats in generally agreed to be badly needed, and a recommendation asking that a similar facility be constructed was submitted to city officials by a sub-committee of the Anaheim Citizen's Committee looking into such matters.

The second floor of the dome-shaped structure will be employed as a banquet hall and ball room, and the parking area is expected to handle 2,272 cars.

It was also learned last night that Sam Domino, owner of the Magic Star Hotel, is erecting a new $500,000 nightclub at 1735 Harbor Blvd., across from the coming hotel and convention hall. The new club, to be called the Domino Club, will have a cocktail lounge, dining room and banquet room.

Ike Disappointed Over Labor Bill

WASHINGTON (UPI) — President Eisenhower said today he was very much disappointed by the Senate-passed labor reform bill. He expressed hope that the House would strengthen it.

The President told a news conference he felt the Senate bill did not deal properly with secondary boycotts, blackmail picketing, and the assignment to the individual states of jurisdiction in purely local disputes where the National Labor Relations Board has refused to move in.

Eisenhower said the Senate version, approved 90-1 Saturday, definitely needed to be strengthened. He said he was very hopeful that the House would this.

Other highlights of his first news conference in a month:

—He rejected speculation that he was reluctant to have Christian A. Herter succeed John Foster Dulles as secretary of state. His three-day delay in appointing Herter after Dulles' resignation was due simply to the need for getting and reading a new medical report on Herter, then arranging a time when the appointment could be announced in a dignified manner with Herter present.

The President and Dulles had agreed sometime earlier that Herter was the man for the job if Dulles had to resign.

—He dismissed new criticism of him by British 'Field Marshal Bernard Montgomery.

—If a summit conference is held and Eisenhower finds it impossible to attend for the entire period, Vice President Richard M. Nixon might possibly sit in. But there is no plan for this at present, and Nixon and Eisenhower would certainly not be at a summit conference at the same time. Constitutional conditions would prohibit this.

Weather

Mostly sunny today and Thursday but fog and low clouds late tonight and Thursday morning. Continued warm today with high about 88. Low tonight 62. Cooler Thursday.

Trapped 'Coon Dog Fed Tranquilizers

OWASSO, Okla. (UPI) — Rescue workers fed Little Richard a tranquilizer pill in a pound of hamburger to keep him quiet and alive while they chip through solid rock deep in a small cave that has held the 'coon hunting hound prisoner for six days.

A three-foot, 63-pound midget tried and failed to rescue the dog Tuesday. Six dynamite blasts also did not good.

A cafe owner brought some soup that was fed to the dog through tubes. Little Richard let it trickle down his throat. He gulped the hamburger in nothing flat.

It was the first food Little Richard had since his entrapment last Thursday. Rescuers thought that letting him lose weight might help free him.

But the white spotted hound dog has lost an estimated 10 pounds and workers feared he might die from hunger. He was a chubby 60 pounds when he got stuck. He laps water from the sides of the crack dampened by a fire hose snaked into the cave.

Tuesday night, Don Dillara, a slender 16-year-old who weighs 87 pounds, slithered into the cave and tried to grab the dog. But nervous Little Richard recoiled, adding another six inches between him and freedom.

Rescuers said they might get to him today if they can chip through another 24 inches or so of rock.

Albert Leeds, Tulsa, a midget, tried to squeeze into the crack but couldn't make it.

Brown Seeks End Of Funds for Fairs

By JAMES C. ANDERSON
United Press International

SACRAMENTO (UPI) — Democratic Gov. Edmund G. Brown takes a shot today at one of the Legislature's most prized sacred cows.

Lower house supporters of the governor set as a special order of business debate on a bill to wipe out the 20-million-dollar fairs and exposition fund.

The bill was introduced at the request of Brown by Assemblyman Thomas M. Rees (D-Los Angeles).

The fairs and exposition fund is dear to the hearts of many legislators in both houses because it provides from horse racing revenues a guaranteed $65,000 a year to 72 district and county fairs plus larger amounts to four other fairs and $50,000 to the Cloverdale Citrus Fair.

Too Much Money

In many cases, the fairs simply haven't been able to spend all the money they get. At the end of the fiscal year, the Department of Finance estimated the 77 fairs would have cash reserves totaling $7,801,963.

Under the Rees bill backed by the governor, the automatic handout would stop in 1960. The fairs would hang on to their cash reserve and would get the $65,000 in the fiscal year starting July 1.

But in 1960, they would have to come before the Department of Finance and the Legislature and justify their budgets. And with the state in a period of deficit financing, many fairs would probably have a tough time getting $65,000 from the lawmakers.

Although his bill has run into some strong opposition, mostly from so-called "cow county" legislators, Rees insists it will not hurt the fair program.

"My bill in no way will hurt any legitimate, well-run fair," he said. "But the governor and we are saying that fairs should come to the Department of Finance and the Legislature the way all other agencies do and justify their budget.

In addition to the $65,000 a year guarantee to 72 fairs, the Cow Palace at San Francisco gets $250,000 as does the Los Angeles County fair at Pomona. The National Orange show at San Bernardino receives $150,000 and the 28th District fair at Los Angeles is down for $125,000.

Pending Legislation 'Would Ruin' Fair Industry County Manager Says

By Orange County News Service

A State Assembly bill now pending in Sacramento would "ruin the county fair industry," according to Stewart W. Yost, secretary-manager of the Orange County Fair.

Yost aired his views Tuesday afternoon in a press conference at the county courthouse in Santa Ana.

He urged defeat of Assembly Bill No. 1433, but recommended passage of an alternate piece of legislation known as Senate Bill No. 1230.

Yost said that the current economy wave in state government is a prime factor in Assembly Bill No. 1433, one that would abolish a special state fund that subsidizes county fairs and citrus exhibitions.

Proponents of this Assembly Bill pointed out that the present law gives about $65,000 per year to 72 county fairs throughout the state, regardless of whether the money is needed or not.

Yost agreed that the present formula for determining financial assistance to fairs is unfair. He said that 10 northern California "cow counties" have built up large surpluses.

One small county fair has a surplus of $600,000 — most of which is state money, Yost said.

However, Yost believes that the formula should be modified, instead of abolishing the special fair fund. This fund is supported by pari-mutual horse race betting.

The Assembly Bill would place

Admits Remark to Morse Ill-Advised

WASHINGTON (UPI) — President Eisenhower said today he saw no reason why Mrs. Clare Boothe Luce should resign as the new U.S. ambassador to Brazil.

Eisenhower conceded at a news conference that Mrs. Luce's remark about Sen. Wayne Morse (D-Ore.) Tuesday following her Senate confirmation may have been ill advised. But he thought it was only human.

Mrs. Luce remarked that her troubles with Morse "go some years back when Sen. Morse was kicked in the head by a horse." Morse had led a bitter, but futile attack, on Mrs. Luce's nomination.

Eisenhower revealed that, at his request, a special check was made in Brazil Tuesday afternoon. He said this showed that it was quite clear Mrs. Luce still would be welcome as this country's envoy in Brazil. Therefore, he said, he saw no major impairment of her usefulness.

Husband Urges Resignation

Mrs. Luce's husband, magazine publisher Henry R. Luce, had urged Tuesday night that his wife resign in view of the attacks made on her in the Senate.

Eisenhower said Mrs. Luce had submitted no resignation and he had not been in direct contact with her since the Senate confirmation.

Some senators who were pictured Tuesday night as ready to go on record against Mrs. Luce if she did not resign had cooled down today. A reported move by some Democrats to offer a resolution expressing lack of confidence in Mrs. Luce also appeared to have been abandoned.

Senate official sources said there

Hibernation Urged For Space Travel

By BILL WILKS
United Press International

LOS ANGELES UPI — An air Force scientist proposed today that spacemen learn to hibernate like bears in order to conserve precious oxygen and food on long journeys into space.

During periods of hibernation of up to 10 days, man's consumption of oxygen and his food needs would be cut as much as 90 per cent, according to Dr. R. J. Hock of the Arctic Aeromedical Laboratory at Ladd Air Force Base, Alaska.

Burglary Loot Totals $1,400

Three burglaries reported to Anaheim police yesterday accounted for losses valued at $1,467.58. Two of the offenses were committed during daylight hours.

The first reported crime was a robbery of the Silverwood Men's Store, 440 N. Euclid Ave., reported at 1:40 p.m., by Thomas M. Short.

According to testimony given to police, a male Negro over six feet in height, and about 20 or 25 years old, entered the store at 1:30 p.m., and requested to be shown some slacks. Short took the man to the rear of the store where the slacks are kept and showed him some. After only five minutes inspection the man declined a purchase and left the store.

Shortly afterwards, a man identified as Gunderson entered the store and asked Short if he had any Negroes employed there. Answering in the negative, Gunderson stated that he had just observed a man fitting the description of the "customer" standing at the curb between Silverwood's and the Broadway Dept. Store, with a pile of suits on his arm, and that two other negroes had picked him up in a car and driven away.

Inspection by Short disclosed that seven suits valued at $500 had been removed from the store.

In the second burglary reported at 2:02 p.m., by victim Lewis Marlon Pickel, 60, 319 S. Ohio, loss in jewelry and household appliances was estimated at $627.

Pickel told police that his wife had left the house at 11:45 a.m., to relieve him at his place of business so he could attend a service club meeting. At 2 p.m. he told police he returned to the house to find it completely ransacked. The in-

Western Allies Agree on 'Tough' Stand

By JOSEPH W. GRIGG

PARIS (UPI) —The western allies have agreed to take a "tough" stand at the beginning of the Geneva foreign ministers' conference with the Soviets next month, informed diplomatic sources said today.

The western foreign ministers were said to have decided this at the first session of their planned three-day Paris strategy talks designed to bring about a solid western position of agreement before meeting with the Russians in the Swiss city.

At the same time, the sources said, the West has agreed on a three-point agenda which it will propose to the Soviet Union at the start of the Geneva talks May 11. These include:

—German problems.

—Berlin.

—European security.

The diplomatic sources provided the guidance on developments at the morning session after the foreign ministers had decided to impose a shield of secrecy around their discussions here.

Secretary of State Christian Herter met for two hours and 20 minutes at the Quai d'Orsay with the British, French and West German foreign ministers.

They met again for two hours in the afternoon.

Their aim was to line up an agreed western strategy in preparation for the Geneva meetings.

The "tough" western line, the sources explained, would not exclude all concessions. But it would refuse to bow to Soviet attempts to squeeze it out of Berlin.

It also would mean that the West would not lay all its cards on the table at the outset in Geneva.

In particular, the sources said, the western allies will take great care not to make any proposals in the early stages of the Geneva talks with which the Russians later could trip them up.

Meanwhile, the sources said, the United States, Britain, France and West Germany still are far from full agreement on details of their Geneva strategy.

TV in Review

By WILLIAM EWALD

NEW YORK (UPI)—"Ah, Wilderness" a Eugene O'Neill memorial baked back in 1933, is one of those unsophisticated celebrations of wholesomeness that threatens constantly to topple into fatuity.

It is a kind of Penrod with sex, or to change the image, a clumsy Norman Rockwell cover redeemed from banality by the thread of coarse vitality that weaves through its innards.

Tuesday night NBC-TV's Hallmark Hall of Fame presented a 90-minute version of "Ah, Wilderness" and handled its creaky bones with reverence and a good deal of skill. Robert Hartung's adaptation was tight and geared admirably for the TV screen and director Bob Mulligan pumped enough oil and movement into the production to keep it from looking like three Father Knows Bests bunched back-to-back.

There's not much to trouble an audience in "Ah, Wilderness." Uncle Sid drinks and is canned from jobs, but he is essentially a comic figure, young Richard is pictured by adolescence, but we know he is made of Good Stuff and will muddle-his-way-through-to-happiness; Aunt Lily is settling down into old maidishness, but she seems to have adjusted to it; mother worries and father frets, but they are worries and frets that never really threaten their gingercake existence.

It's all a little like a candy musical and it would not have surprised me at all if someone had burst into "Ah, it's a beautiful morning" at any point during the proceedings.

The cast approached its tasks with varying degrees of efficiency. I liked Burgess Meredith, Betty Field, Dolores Sutton and a young lady named Abigail Kellog. Lloyd Nolan had a little trouble mouthing his lines, but was quite solid, particularly in the "facts-of-life" scene in which he played with just the proper amount of fumbling embarrassment. Lee Kinsolving as the young man had an uneven evening — sometimes just right, sometimes off-center.

As for Helen Hayes who played mama, she was at her most Helen Hayesish. Miss Hayes does not walk into a scene, she sails in — her banners flying, her guns firing. Unfortunately, she fires blanks.

Tuesday night, Miss Hayes fetched out her whole satchel of tricks: quavering voice, crinkled eyestrings, eyestrings, hand, brave little chin. She offered: a hand to the head (anxiety), a hand to the lips, mouth slightly open (trepidation), a hand rapping sharply (admonition), a biting of the lower lip, (fretfulness), a hand to the breast (oh, dear). It was an empty, manufactured exercise in fakery.

One further note: the supervisory personnel, manning the controls during the current technical-satisfied with his mission.

EVERYONE INVITED — In preparation for Western High School's Open House to be held Thursday in conjunction with Public Schools Week, Carl Lenhart puts the finishing touches to a poster proclaiming the event. Tomorrow's evening program will include extensive displays created by Western students, and the public is invited to attend and view the work being done by local youth.

Mailman Minister Finishes Trip of Preaching in India

By George MacLaren

A Placentia ordained minister was back on the job last week as a mounted mail carrier at the Brookhurst sub-station after an extended 13-week vacation spreading Christianity from Calcutta to Madras—a distance of a thousand miles—in India.

Robert (Bob) Wallace, an ordained minister of the Undenominational Church of the Lord, Placentia, went to India by invitation to establish a branch of his local church.

The mild-mannered evangelist who celebrated his 60th birthday March 13 in India returned home

He covered thousands of miles in his two-month stay where Hindu-ism is the principal religion.

He usually preached under an arbor made of palm leaves, and spoke into a microphone to a squatting congregation.

K. Krupanadam, an independent minister at Ongole, usually interpreted Wallace's words, a line at a time. His listeners' native tongue is Telegu, and that language is spoken by 23,000,000 Indians, Wallace reported.

Wallace was accompanied on his mission through Indian cities and villages by K. Krupanadam and O. J. N. Edwards, a gospel worker at Nidadavole. Both men had read the Second Comforter, paper which the local church publishes and sends all over the world.

Both, more than a year ago, invited Wallace to visit India and teach Christianity to the people. Today Krupanadam is pastor of the Undenominational Church in India, and O.J.N. Edwards, the divisional superintendent of his area.

Wallace's mother, Mrs. Elizabeth Wallace, 89, said that in the past she would have opposed the trip, but thought that now it was "the call of the Lord."

The evangelist accumulated his Post Office vacation time, and asked for some extra time to be sure of having enough for the long journey.

Wallace had never been off the North American continent, and discovered the plane ride from Los Angeles to Calcutta much more comfortable than the trip he took in a two-seater biplane as a reporter for the Galveston News in 1920.

While in India, the missionary enjoyed several modes of transportation: bullock cart, bus, train, and in cities, rickshaw drawn by bicycle.

Wallace sent regular reports to his church and to Pastor Elsie Richards. The letters have been filed away for a possible book in the future.

The Indian visitor usually preached in his customary American dress, although his hosts invited him to wear the Indian sari.

"I had nothing to offer but the Bible," Wallace said. "For nearly all my listeners, my talk was the first they had ever had about Christianity, and they want to hear more."

Wallace said he held two and sometimes three meetings a day. "I would just finish one meeting, and be informed they were already singing at the next."

The Placentia evangelist said he personally prayed for hundreds of people, and sometimes took 2½ hours to go thrpugh the prayer line.

During his mission through Indian cities and villages Wallace stayed in homes of rich and poor, Christian and Hindu.

"Living in an Indian home as a servant of God shows you're a person of humility, something you don't get living at a hotel," Wallace commented.

He appreciated the freedom of travel which the Indian government gave him. At San Francisco, he had presented his invitations from Krupanadam and Edwards to the Indian Consul-general, and traveled as "an ambassador of good will from the American people."

Very evident to Wallace during his mission was the very low standard of living. Much disease prevalent in India is caused by lack of proper food, and poor sanitation, he observed.

Upon his departure, Wallace said he was urgently invited to return. "My friends asked me to stay a year, and said they would petition Parliament for permission," Wallace noted.

Western High School Plans Dinner, Open House

Climax at Western High School of the April 27 to May 1 Public School Week observance will be the second Annual Open House and PTA—sponsored Ham Dinner on Thursday.

Parents and the general public are invited to the dinner which will be served from 5 to 7 p.m. in the school cafeteria and to then visit classrooms which will be open from 4 to 9 p.m. with teachers present.

From 6:30 to 8:30 there will be demonstrations and exhibits by faculty and students from the business education, science, mathematics, boys' physical education, industrial arts, homemaking, art, English, social studies, Spanish, ninth grade core, girls' physical education, and French departments. Printed programs will be given so that visitors will know the time and place of specially planned activities.

A highlight of this year's Open House will be tours conducted through the school's expanded facilities: especially through the new boys' gymnasium, locker rooms, and pool area.

The faculty chairman for Open House, together with a committee of the heads of the various departments, is in charge of arrangements for the evening. Mrs. Dan Bellifante is dinner chairman for the PTA.

Lockheed Announces Division's PR Director

LOS ANGELES — Appointment of Benjamin H. Cook, La Habra, as director of public relations of the new Lockheed Electronics and Avionics Division (LEAD) was announced today by Dr. Louis N. Ridenour, Lockheed vice president and LEAD general manager.

Establishment of the new division to expand Lockheed's participation in the fast growing military and industrial electronics markets was announced early last month. LEAD has opened temporary headquarters in Lockheed's branch plant near Maywood, Calif., to develop, manufacture and market a variety of electro-mechanical devices and advanced instrumentation.

Cook spent 13 years in Southern California reporting and editing work before joining Lockheed's California Division public relations staff in 1953.

Use Stereophonic Sound In Latest Hearing Aids

NEW YORK (UPI) — Stereo has gone to work for the hard-of-hearing. Hearing aids have been developed which come in pairs, one for each ear, seperately adjusted.

The Hearing Aid Industry Conference said this method of binaural hearing enables persons with certain types of defects to achieve a better sense of sound direction and distance that a single aid would give them.

Rheem And Siegler Join In Manufacturing Merge

A joint manufacturing arrangement for the manufacture of consumer products in the home equipment field has been entered into by The Siegler Corporation and Rheem Manufacturing Company, it was announced today by both companies.

John G. Brooks, Siegler president and A. Lightfoot Walker, president of Rheem, said the new arrangement will result in improved manufacturing efficiencies for both companies. The arrangement will affect plants of Rheem and Siegler located in Southern California.

The new plan, worked out through the combined efforts of the Holly-General Division of Siegler and the Home Products Division of Rheem, calls for the manufacture of Siegler's line of General water heaters at the Rheem plant in South Gate. Concurrently, plans are being made for the production of certain added lines of Rheem heating equipment at the Pasadena plant of Siegler.

Long Weekly Trips About Ended, Thanks To New Law

By RONALD BURTON
United Press International

LOS ANGELES (UPI) — For nearly 10 years, Roy Huerta, 38, has been able to see his wife only on week ends.

Almost every Saturday, Huerta, a restaurant cook, has taken a 130-mile bus trip to visit his Mexican-born wife, Manuela, 32, in Tijuana, Mexico. She has been barred from the United States since 1949 as the result of a perjury conviction that started as a language mixup.

But now, Huerta, aided by a United Press International investigation, may be able in a matter of weeks to bring his wife and six small children to Los Angeles to live with him.

"This is wonderful," he said.

"I'll take the kids out every day. I'll skip through the park with them."

Ironically, a law passed Sept. 11, 1957, probably would have permitted Mrs. Huerta to enter this country at that time despite the perjury conviction. But Huerta, a World War II Army veteran of the South Pacific campaign, didn't know about it until a UPI reporter investigated the case.

Need Documents

"We feel this is a deserving case, and it shouldn't be too long before the family can all live together here if other things are in order," said F. C. Oswald, deputy district director of immigration in Los Angeles.

"That means they need documents showing they are married and that Huerta was born in this country. The Sept. 11, 1957, legislation permits the spouse of a U.S. citizen to enter the country even if he or she would be otherwise inadmissible because of a conviction."

Oswald said the last entry in the case was in 1953 when Huerta again tried to have her admitted.

Oswald, who said he felt the case was an isolated one, spent several days running down information called to his attention by UPI.

A week ago Friday he located the file listed under Mrs. Huerta's maiden name. He telephoned Huerta, told him about the 1957 law and advised him to start proceedings at the San Ysidro border station which could win her admission in four to six weeks.

Would Be Citizens

The official also asked San Ysidro personnel to contact the U.S. Consulate in Tijuana across the border about the case. The children, he said, would become U.S. citizens without difficulty if the Huerta birth and marriage documents were in order.

"This is wonderful!" Huerta told Oswald. "I'll tell Manuela about it when I go see her this week end. She doesn't have a phone there. It will be a wonderful surprise. She'll fill out the forms and get going on it right away. It's wonderful."

The children range from infancy to nine years.

Huerta, born in Johnstown, Pa., is unable to arrange for a job in San Diego, Calif., a short distance from Tijuana.

Mrs. Huerta's difficulty occurred when the couple married in 1947 in Los Angeles, visited Tijuana and then returned. Mrs. Huerta, who speaks only a little English, became confused and said she was a U.S. citizen. She later was accused of entering the United States illegally, convicted of perjury and deported.

FIRST MAN — Who is the first man ever to climb the Matterhorn? Why, Edward Kuz of Garden Grove, of course! And here's the pictorial proof — photographed from the tiptop of that very Matterhorn Mountain . . . at Disneyland! For a "mountain climber," Kuz has an unusual occupation. He's a carpenter's foreman, directing framework construction for the "upper reaches" of Disneyland's exact scale replica of the "snow-capped" Matterhorn. Completion date for the Matterhorn is mid-June, when Disneyland visitors will race around and down its slopes in bobsleds. And inside the mountain, guests will view Glacier Caverns and Alpine Grottos. It's all part of Disneyland's greatest expansion since opening, including $6-million in new attractions.

Art of Classroom Note Writing Still Alive

COLUMBUS, Ohio (UPI) — A janitor sweeping up after a grammar school science fair found a crumpled note which proves that the ancient art of writing classroom notes is still alive.

The note said, "To Paul. Paul I'm ashamed of you. You had a nice girl like Sue and then turn around and took Beth. Don't ever ask anything of me. If the rest of the class is wise they won't ask anything of you. Be smart, go back to Sue. Sue and Nancy is the best girls in this room."

The answer: "I still like Sue. But Angelo took her from me. She hates me. Angelo is a better man than I am."

Travel Tips

By Maxine Weigand

The French have finally been "bowled over." The first American-style bowling alley in all of FRANCE is soon to be completed. It is located in the "heart" of the historic Palais Royale section of PARIS. Wonder if they will call it Pigalle?

A tourist's delight . . . the first white settlement in OHIO founded in 1772 at Schoenbrunn Village, now called NEW PHILADELPHIA, has been authentically restored to appear as it did 175 years ago as a Moravian mission colony. Mrs. Alouise Carroll who has just returned from her "Round The World Cruise on American President Lines, dropped by the office last week to say she had a wonderful trip—and so happy she lives in America!

Your ANAHEIM TRAVEL AGENCY located at 433 West Center St. is an authorized and licensed transportation service specializing in international travel arrangements and featuring "personalized itineraries" Call PR 4-5070 for further details. You'll be glad you did.

First of Three Jet Transports For Government Officials About Ready

SEATTLE, Wash. (UPI)— The first of three jet transports ordered by the Air Force for rapid transportation of U.S. government executives and military staff members will be delivered this month, the Boeing Airplane Company announced today.

The planes, Boeing VC137As, were presumed to be of the type President Eisenhower and other top government officials would use. Vice President Richard M. Nixon was expected to make his trip to Moscow in July aboard one of the big, swift jetliners that are similar to Boeing's commercial 707 jet.

Boeing said the principal difference between the commercial version of the Boeing 707 and the VC137A is in electronic equipment and the interior furnishings.

The 137A is partitioned into three main areas. The forward area contains a communication center with a radio teletype, high frequency radio sets and the intercom. A rear section houses a galley, lavatory and a compartment for eight passenger seats.

The center section is designed as an airborne headquarters, complete with conference tables, intercom-phone line to the communicatimn center and a special container for charts and a projection screen for in-flight briefings or conferences.

The 144-foot plane is designed for easy conversion to a cargo-carrier. The entire crew and passenger area is air-conditioned.

The Jet will be able to fly to Paris or London from Washington in six hours. In slightly more than eight hours, high government officials could be in Honolulu.

Santa Ana Named Site For New State Offices

Senator John A. Murdy, Jr., (Newport Beach) has announced plans of the State department of employment to obtain additional office space in Santa Ana, to be used for a farm labor office.

"Because of the rapid growth of the department's activities in both their Fullerton and Santa Ana offices, leasing negotiations will be initiated in May for the additional office devoted entirely to farm labor," Murdy said. "The department hopes they will be able to occupy the office early this fall."

The department is expected to advertise for bids in early May, the first step in acquiring the use of the 1,300 sq. ft. quarters required. It is hoped space for off street parking can be obtained.

Murdy said that the western outskirts of Santa Ana is considered the most ideal location by the department. "They feel an office in this area will best serve both laborers and farm owners."

Negotiations will be conducted by George Austin, business manager of the department of employ-

Building Hasn't Shrunk It Was Built That Way

BUFFALO, N.Y. (UPI) — Building inspector Harry J. Mathers made the startling discovery that Buffalo's 32-story city hall had apparently shrunk almost 25 feet since 1931, when its height was listed at 398 feet.

But Mathers explained that the building has always been 373 ½ feet tall. An error in addition had been accepted as fact for 28 years.

Son of U.S. Flyer To Visit Germany

A 12-year-old Fullerton boy whose father was killed during the Berlin airlift will accompany his mother to West Berlin for the 10th anniversary and annual memorial ceremonies of the airlift May 12.

Robert Stuber, son of the late First Lt. Robert Stuber, C47 pilot, and Mrs. Maxine Mene, 1007 Hollydale, are eagerly awaiting their departure May 9.

A Los Angeles travel agency will handle the tickets. The itinerary calls for a plane flight to West Berlin arriving May 11, and observances May 12.

The evening of the 12th the pair will be guests of the president of West Germany at the castle of Frederick the Great.

The following day, the Fullertonians will be guests at the Opera, taken on conducted tours, and given a reception at the Senate.

Departure date for the tourists is set for May 16.

Mrs. Mene said she first learned of the trip when she was invited to a press conference in Los Angeles for West Berlin Mayor Willy Brandt recently.

"Bob is really thrilled about the trip," Mrs. Mene commented.

The youngster is a third-year Little Leaguer in the East Fullerton League, and a seventh grader at Wilshire Junior High.

Besides the trip, a four-year scholarship at the Free University of Berlin awaits young Bob.

"I would love for him to take advantage of that when he is older," Mrs. Mene declared.

The scholarship was offered to Stuber by the West German Senate.

Aerial Highway Aids In Arizona Dam Project

NEW YORK (UPI) — Building the Glen Canyon Dam in north central Arizona is the biggest construction job going on in the U.S. today and it couldn't be done without an aerial highway of steel.

Men and materials are being carried to the ruggedly inaccessible construction site by a network of steel cables strung from towers 700 feet above the Colorado River, according to the American Iron and Steel Institute publication Steelways.

Glen Canyon, scheduled for operation in 1964, will open up some 110,000 square miles of arid land in Arizona, Colorado, Utah, New Mexico and Wyoming.

Aluminum Fences Best Says Company Official

DAVENPORT, Iowa (UPI) — State governments as well as his own industry would benefit, says Frank R. Nichols, if aluminum chain - link fences were installed along the U.S. superhighway system now being built.

Nichols, who is president of the Nichols Wire and Aluminum Co., here, pointed out that while the Federal government is paying 90 per cent of all construction costs, the states will have to pay 100 per cent of the maintenance bills.

Aluminum fences would reduce these bills, Nichols said, because they would not rust and would need no painting.

On the Payroll

HOLLYWOOD (UPI) — Aubrey Schenck, an attorney whose film clients got him interested in movie production, says the Navy made some money out of Hollywood last summer. During the filming of "Up Periscope" many Navy vessels were used. Schenck explained, and the government was paid for them.

Table talk from Abbie

Alpha Beta's Girl Thursday

What Ever Happened to "Spring Cleaning"? Remember when it meant a topsy-turvy house. Mother with her head wrapped up in a dustcap and cold cuts for supper three nights running? I think our modern housekeeping methods are much easier and much more sensible, don't you?

OF COURSE, Spring still brings out the urge to spruce things up a bit... that's why I'm going to skip the cooking today and pass along my favorite housecleaning tips.

Change Your Style when you're washing a window. Dry it on the inside with a sideways motion, on the outside with an up-and-down stroke. If any streaks remain, you'll know where

How To Foil a Moth
Store your family's winter sweaters (after cleaning) in individual covered glass jars. Sprinkle in a few moth balls or flakes. Incidentally, you'll find moth-proofing products and every other cleaning aid you need at your nearest Alpha Beta store.

Here's a Special Invite... to join an exclusive Food Club, gals. We all like to be "clubby", but now we can *all* be members of the one club I know that actually *saves* you money.

Quality "Food Club" products are sold at better markets coast to coast. But only Alpha Beta carries it for us in So. California. And the big secret we can share about Food Club is *this is the same quality we've paid more than one-third more for in other brands.* Do join Food Club now at special invitation prices. And compare!

Till next time, *Abbie*

Pending Legislation Would Ruin County Fair

(Continued From Page 1)

the racing revenue in the state general fund, and require each county fair to ask the state legislatures for an annual appropriation.

Yost feels that this practice would subject county fair finances to political pressures, and would produce an uncertainty of future revenues. In turn, this uncertainty would prohibit fair boards from long range planning of capital improvements, he said. The alternate proposed legislation, Senate Bill 1230, would inaugurate much stricter requirements for showing financial need before a county fair could receive money from the special fair fund, Yost said. Few counties would receive the maximum assistance of $65,000, he pointed out.

Other savings would result from a sharp reduction in state contributions for building improvements at county fairs, he said. According to Yost, the Senate Bill has the support of Senator John Murdy of Orange County.

The Senate Bill would delete state assistance to citrus fairs, and to the state fair. It would also return fair surpluses of small counties back to the state.

Orange County's annual fair budget has been $150,000, of which $65,000 came from the state. However, last year there was a $27,000 deficit.

In support of his stand that the Orange County Fair is deserving of both public support, and state funds, Yost asserted that the county fair is continually encouraging youthful exhibitors and projects. He said that last year's fair had 2,500 exhibits entered by youngsters.

Future plans include a junior exposition building, to be built in 1960, and an auditorium exhibition building that would accomodate 1,500 persons.

Yost said the fair board is completing negotiations for the lease of 35 acres of fair property to the Costa Mesa Park District at an annual rental of $1 per acre. This land will be used for a park site.

Kiwanis International Completed in Chicago

President. Bob Chambers, of the Anaheim Kiwanis Club has announced the completion of the new $1,000,000,000 Kiwanis International Building in Chicago. The General Office of the Club moved into the new building recently, and all 115 of the international service organization's general office employes will be housed in the new structure.

From this building 4,600 United States and Canadian Kiwanis Clubs will be serviced, the report said.

ANNOUNCEMENTS

Obituaries

Showers, Mrs. Lawrence Kieser, Mrs. Elizabeth Warnock and Mr. Louis Potratz. Also five grandchildren. Services will be held Friday, 2:30 p.m. at The Hillside Church. Rose Hills Memorial Park, Whittier. Rose Hills Mortuary directing.

TO SPEAK — Charles Deloy, a partner of Coldwell, Banker and Company, will be the principal speaker and guest of honor at the Santa Ana Chamber of Commerce quarterly membership meeting tomorrow at noon at the Masonic Temple. The meeting is a highlight in the Invest in America observance this week.

Ike Backs Mrs. Luce In Row Over Remark

(Continued From Page 1)

was no resolution of criticism now in the works that they knew of. They said the President's news conference statement supporting Mrs. Luce increased the likelihood that any action would be dropped. To carry the fight further, it was said, might damage U. S. relations with Latin America without removing Mrs. Luce as ambassador to Brazil.

In New York, a spokesma for Mrs. Luce said she had no comment to make on the President's statement at this time.

The President also took the occasion to express puzzlement over the delay in Senate confirmation of other administration appointees.

He defended Lewis W. Strauss, whose nomination as secretary of commerce has run into long delays in the Senate.

Eisenhower said Strauss, former chairman of the Atomic Energy Commissio, was one of the finest public servants he had ever known and that he knew nothing but the best about Strauss' honesty, integrity and capability.

Eisenhower said sternly that while he was not criticizing or attempting to evaluate the motives of senators, he himself saw no reason for delaying the confirmation of over 1,000 nominees.

Eisenhower was asked, in view of Tuesday's uproar, whether Mrs. Luce should go on to her post in Brazil or follow the advice of her husband and resign. Before answering directly he traced her career as ambassador to Italy and said he had always known her as a dedicated, useful public servant.

Defends Horse Statement

As for her remark about Morse being kicked in the head by a horse, he said he was sure it was not meant as any disparagement of the senator. Rather, he said, it was a perfectly human remark made when she undoubtedly felt heated on the subject.

He suggested that she probably hoped such a remark would never get in print.

But even if ill-advised, her remark about Morse was human, the President said, and the useful major impairment of her usefulness in Brazil.

He pointed out that former Secretary of State John Foster Dulles had suggested her appointment. He said that after her husband's Time magazine printed a story which was blamed for violence in Bolivia, she offered to have her nomination withdrawn. Here again, the President pointed out, was a case when the government did not think this was necessary because of sentiment in Brazil indicating she would be welcome as this nation's envoy.

Buena Park Sets New Precincts For School Vote

BUENA PARK — With the upcoming Buena Park School Bond elections the district has made another precinct in the north part of the city.

Voters living in the area north of the railway tracts in the District will have a precinct in that area for the June 16 school bonds and tax override election, according to District Superintendent Carl Gilbert.

The fifth precinct in the district will serve the Bellehurst area. The polling place will be the Teen Center at the Los Coyotes Country Club.

A portion of the precinct voting at the McComber School has been switched to the Lindbergh precinct. The area lies south of the railroad tracts, north of Artesia Street and east of Grand Ave.

At stake in the June election is a state loan acceptance of $500,000 and a bond for $450,000. Both would be used for completion of the 8th St. School, and the site purchase and building of two more schools. Both need a two-thirds majority to pass.

The tax override issue is to raise the override by 45 cents per $100 assessed valuation, to $1.55. However, a five year limitation has been imposed. If the measure fails, the 20 cent override now in effect will also be lost, and educational services will be greatly curtailed.

District Superintendent Gilbert has outlined five areas where services will be cut: 1. Four teachers in manual training, home economics, vocal music and instrumental music. 2. Class average will be upped to 32.6 pupils per room. 3. Transportation will be reduced to provide service for pupils in the Bellehurst and Coachman Lane areas. 4. Cafeteria lunch prices will be raised to make them entirely self supporting. 5. Janitorial and maintenance employment will be surveyed to effect every possible reduction.

Sheinwold on Bridge

Consider Bidding In Planning Play

How can you tell which suit is going to break horribly? This is sometimes like trying to predict where lightning is going to strike. The suit break is not, however, quite so unpredictable.

Opening lead — ♠ 6

West opens the six of spades. East puts up the king, and you win with the ace. You can now expect to win two tricks in each suit. Where will you seek the ninth trick?

Entries to your own hand are so scarce that you should forget about spades and clubs. You must plan to develop one extra trick in either hearts or diamonds.

You can pick either suit if it breaks 4-2 or 3-3. The trouble is that one of the suits may break 5-1. If you happen to start that suit first, it will then be too late to switch to the other suit.

Suppose, for example, that you duck a heart to the opponents. Back comes a club, which you must win with dummy's ace in order to save entries to your own hand. You now cash the ace of hearts and discover the bad news. The diamonds can no longer be brought in.

You might still make the contract be very expert play, but you'd be much better off if you started with the diamonds instead of the hearts. At the second trick you duck a diamond. Back comes a club to dummy's ace, and you cash the top diamonds and give up a diamond. Now you have nine sure tricks.

How do you know which suit will break 5-1? East's weak jump overcall of two spades provides a valuable clue.

East is pretty likely to be short in hearts, the suit mentioned immediately before his jump overcall. Hence the hearts may well break 5-1.

Is East likely to have five diamonds to make up for his shortness in hearts? This is unlikely. East should have a six-card spade suit. If he also has five diamonds, he is more likely to jump to three spades than to merely two spades.

Hence the 5-1 break in diamonds is very unlikely. South should start on the diamonds and make his contract easily.

Daily Question

The opponents are vulnerable, and you are not. Partner bids one heart, and the next player bids two spades. You hold: Spades A Q 9 4 Hearts 10 7 Diamonds 7 6 Clubs K 6 5 3 2. What do you say?

Answer: Double. If your partner has a decent hand, you should collect the value of a game. Your hand should take four defensive tricks, and your partner should have at least two or three for his opening bid.

Police Investigate Three Burglary Reports Here

(Continued From Page 1)

trailers had gone through every drawer in the house, tossing items removed onto the floor.

Entrance was gained, police said, by rearing the screen from the rear door and reaching inside and turning the knob.

Among the items taken were: a ladies diamond ring valued at $100, a ladies wrist watch valued at $65, a $75 rotisserie, a $50 clock-radio and a $35 deep fryer.

The third burglary, executed against the Willard Legg Shell Station at 2004 E. Orangethorpe, accounted for a $440.58 loss in tires, a clock, and an adding machine.

Thomas A. Stoerk, attendant, told police that the crime occurred between 1 a.m. and 6 a.m. He said that all was well at 1 a.m. when a customer picked his car up.

Police said that the thief gained entrance by cutting the padlock on the accordion gate to the lube rack. Tires, valued at $305.08 were taken, and the adding machine worth $135.

NEW APPRAISER

SACRAMENTO (UPI)— Orange County got its third state inheritance tax appraiser today with the appointment of William W. Thompson, 32, Santa Ana, Controller Alan Cranston announced.

IS MURRAY MANOR A MOTEL?
good Heavens no

All right then, is Murray Manor a form of etiquette? Don't be silly. *Is Murray Manor a cabaret?* No, no, no, no, no. No!! Murray Manor is a discount shopping center, that's what it is. We cut prices something awful. *Do we get it for you wholesale?* No, not quite, but we save you money by the barrel full. Bring your own barrel though.

What we sell is furniture and patio furniture, liquor by the pint, quart and gallon, women's fashions, pharmaceuticals, draperies and carpets, hardwares, little kiddies' clothes and furniture, auto accessories, and other unrelated but desirable merchandise.

If you hate high prices, come and shake our hand. We do too.

this is our shoe manager

Dave Sutton is his name, and he's somewhat better looking than this picture. After all, it was done some time ago.

If you get tired walking around Murray Manor, just remember that the shoe dept. is one place where you transact business *sitting down*. Dave has seats for every member of the family. Brother, sister, mom and dad. And shoes for them too.

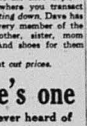

Oh yes, at *cut prices*.

here's one you never heard of

You've heard of a pole cat, a poll tax, and a pole vault. Have you ever heard of a pole clock? Of course you haven't because it's something brand new and most other stores don't have it.

It's a new kind of clock which is a sphere, about a foot in diameter. Built around a portable floor-to-ceiling pole. Very modern. No numerals. Only chunks of clear plastic, illuminated from within. Runs by electricity. Our price, $33.35.

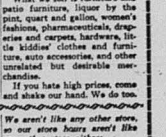

Is it any good? It's only the *most!*

HIGE JUICY OIL, SOLD BY THE CASE

Make your gas station attendant think you have the tightest bearings of anybody. Come to Murray Manor and buy a $1.65 punturing oil spout for $1.17. Then buy your motor oil from us by the case. When the gas station attendant says "Check your oil?", nod your head and try to keep a poker face. After all, why should you get your hands dirty? When it comes time to need oil, give it a squirt in your own garage and keep a good part of your money in the family.

We have the juiciest brands, like Quaker State, Pennzoil, Valvoline, Havoline, RPM, etc., etc. Don't ask us our price right here in the newspaper. Do you think we want to go to jail? Come in and we'll whisper in your ear.

We aren't like any other store, so our store hours aren't like any other store either:

SUNDAYS, 12 TO 5
MONDAYS, NOT OPEN
TUESDAYS, 1 TO 9
WEDNESDAYS, 1 TO 9
THURSDAYS, 1 TO 9
FRIDAYS, 1 TO 9
SATURDAYS, 9 TO 5
SUNDAYS, see top line

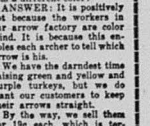

RIDDLE:

Why are the feathers on each arrow in our archery sets a different color?

ANSWER: It is positively not because the workers in our arrow factory are color blind. It is because this enables each archer to tell which arrow is his.

We have the darndest time raising green and yellow and purple turkeys, but we do want our customers to keep their arrows straight.

By the way, we sell them for 19c each, which is terribly low priced you know. The arrows, that is, this week only.

the best people have marble tops

That's because the best decorators are strong for marble-top tables. The reason we happen to mention it is because we can get them for you at Murray Manor for 35% off the list prices.

Ours is the ¾-inch marble, in eleven different types, all imported from Italy, Belgium, France or Portugal. Here, listen: *Travertine*, unfilled marble, in pitted and mottled beige. *Calacata*, in white with charcoal veining. *Crema*, cream beige with tan and brown flecks. *Breccia Stozzema*, white with violet, brown and gray veining. *Cippolino Fantastico*, gray-green with white markings. *St. Laurent Rose*, pink, pastel rose-like markings. *Arabescato*, white with heavy black veining. *Italian Rose*, pastel pink with white and dark pink veining. *Breche Romaine*, pink-beige background with grey veining. *Gris Antiques*, black with charcoal veining. *Black & Gold*, black with gold veining.

Okay, one or two scoops!

Dear Abby...

Pro & Cons!

by Abigail Van Buren

DEAR ABBY: DO DOGS HAVE A LANGUAGE? The answer is NO! They have "signals," such as a friendly greeting ("sip"), a warning bark, a growl of displeasure, or a whine of begging, but they say nothing intelligible. There are other members of the animal kingdom who communicate with each other, however. The bee does a dance to inform other bees where a flower with nectar is located. Man's closest relatives, apes and monkeys are more articulate. Marmosets have a language that can be tape recorded and when played back can cause them to line up for food. The orangutan stands on the very threshold of human speech. At least 32 words are known in the chimpanzee vocabulary ("whoo-whoo-whoo"). Gibbons have nine distinct calls, each with a special meaning such as, "Let's get some fruit" and "Stay away from my wife," etc. Vance Packard's "ANIMAL I Q" is my authority. Sincerely, BRUCE D.

DEAR ABBY: A friend of mine is a well-known animal trainer and he says that he has traveled all over the world training animals and animals DO talk. He further states that French poodles talk French and German Shepherds talk German and Russian wolfhounds talk Russian. Now, what do you say to that? ELLIS

DEAR ELLIS: I say that your friend has been handing you a little Boston Bull.

DEAR ABBY: I have been looking for my Bible but I can't find it. I wanted to tell you the chapter and verse where it came from, but please take my word for it. It IS in the Bible. It says in the Bible that God gave man the power to speak and he did not bestow this gift on any other living creature. That should settle the question of whether or not dogs have a language. I thank you. BIBLE STUDENT

DEAR ABBY: You wanted to know if dogs had a language of their own? Of course they do! "Shep" has been my companion for nine years, and he says to me very plainly, "HELLO THERE" and others can tell you that they can understand him, too. When Shep talks to other dogs he uses an entirely different language, but I can tell if they are arguing or just talking. When adults learn to bark they will have come a long way. SHEP'S MASTER

Are you noticed by the opposite sex? Get ABBY'S booklet, "What Every Teenager Wants To Know." Send 25 cents and a large self-addressed, stamped envelope to ABBY, care of this newspaper.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Hunt Foods Hit New First Quarter High

First quarter earnings of Hunt Foods and Industries Inc. were 40 per cent ahead of the first quarter of last year. This represents a new high for the quarter with earnings equal to 46 cents per share, up from the previous high of 33 cents for the same period of 1958.

Harold M. Williams, Hunt vice president, said, "earnings have been moving steadily upward throughout the quarter, with each month bettering the prior month's record. Since the end of the first quarter on February 28, this upward movement in earnings has been continuing. The prospects are most promising for a substantial increase in earnings for the full year."

Siegler Sales, Dividends Show Substantial Rise

For the three months ended March 31, 1959, net earnings of The Siegler Corporation, Los Angeles, California, amounted to $500,419 an increase of approximately 141 per cent over net income of $207,033 reported for the same period a year ago, it was announced today by John G. Brooks, president.

Siegler's current third quarter profit is equal to 33 cents per share on the 1,509,655 common shares currently outstanding, Brooks stated. For the three months ended March 31, 1958, Siegler earnings of $207,033 were equal to 14 cents a share on the 1,515,306 shares then outstanding. Sales for the current three-month period were $19,101,362, approximately a five per cent increase over sales of $18,170,224 for the similar period a year ago.

Mental Health Bells to Ring in Orange County

Mental health bells will ring in Orange County May 10 and 11.

Those two days mark the annual Bell Ringing campaign of the Orange County Association for Mental Health, seeking funds to promote improved care, treatment and rehabilitation of the mentally ill and handicapped.

Volunteer workers recruited by the Association will visit homes throughout the county for contributions during the two-day drive, it was announced by Mrs. Finley B. Riggs of Santa Ana, president of the Association.

In cooperation with the National Association for Mental Health and the California Association for Mental Health, the Orange County group is devoted to development of a coordinated, voluntary citizen's movement "to improve services and methods in research, prevention, diagnosis and treatment of mental illness and handicaps", Mrs. Riggs explained.

It is the only citizen's movement concerned with care and treatment of the mentally ill, and with rehabilitation of convalescent and discharged patients, she stated.

"We cooperate with other groups in educational activities and projects to promote mental health and prevent mental illness", Mrs. Riggs said.

Bell Ringing headquarters at 1302 N. Broadway, Santa Ana, provide the base of operations. Officers of the Association, in addition to Mrs. Riggs, are Warren Mendenhall, Santa Ana, assistant county superintendent of schools, first vice-president; Mrs. Ruth Ryden, South Laguna, second vice-president; Mrs. Norbert Schaik, Anaheim, secretary; Mrs. William H. Porter, Fullerton, treasurer. Dr. Raymond C. Herold, Newport Beach, is chairman of the professional advisory committee.

Mrs. Riggs announced that Frank McNeese, associated with an Orange real estate firm and formerly connected with the county health department, will serve as director of the Bell Ringing campaign.

Orange County Ad Club Elects New Officers

The Orange County Advertising Club elected new officers and directors at its monthly meeting held at the Disneyland Hotel, Anaheim.

They follow: Howard Vineyard, Howard Vineyard Advertising Agency, Santa Ana. President: Paul Mitchell, Hall-Mitchell Advertising Agency, Orange, Vice President; Bob Wilmot, Radio KEZY, Anaheim; and Bill Wineska, Costa Mesa Globe Herald, Treasurer.

Directors for the forthcoming year are: W. Worth Bernard, Orange County Industrial News, Santa Ana; George Meskell, M & W Typesetters, Anaheim; Joe Baroody, Anaheim Engravers; and Bob Geier, Robert Geier & Associates, Orange.

In addition to the elections, it was TV Night for the OCAC. Bob Breckner, vice president of programming, KTTV, was the featured speaker. Explaining how advertisers should use TV and its results, he further mentioned the new techniques in TV and the use of television as a media for publicity.

A special award was presented to Wilbur Smith, of the Wilbur Smith Advertising Agency in Santa Ana, for his outstanding contributions to the OCAC since its inception three years ago.

There is one set of twins in every 92 births. For triplets, the ratio is one in 9,600 and for quadruplets one in 657,000.

Buena Park Students Face Book Loss If Hanna-Sponsored Bill Is Successful

RECEIVES AWARDS — Receiving three safety awards for the Anaheim plant of United States Industrial Chemicals Co. is (left) Harry Barnes, manager of USI. The awards are shown being presented by Joseph J. Prabulos, Supervisor Safety Director for the National Distillers and Chemical Corp. (right), while Paul Rumfelt (center), plant chemist, looks on. One award is from the National Safety Council for 225,693 man-hours without injury, between Nov. 7, 1955 through Dec. 31, 1958. The second award was from the Greater Los Angeles Safety Council for perfect record in the Business and Industry Safety Contest. The third was received from the National Chemists' Assn. for the operation of a plant without disabling injury in the year 1958. This was the sixth time USI has won an award of this type.

(Bulletin Photo)

City Wants Present Library Site For Parking Lot for Civic Center

BUENA PARK — Not only will the students of the Buena Park Elementary District be without adequate facilities in the near future if voters again turn down the proposed bond issues and tax override for the district, they may be faced with the possibility of not having public library books to use in the schools if the state legislature dissolves the Buena Park Elementary District. Recently the bond issues for the Buena Park Elementary District went down in defeat. Among the items which the issues would provide were included, funds for the completion of the 8th. St. School, a proposed building site for an additional school and a tax override measure which would allow continuance of operation of the district on its present plane.

Now the district may not have the public library facilities made available to them in the future.

If the State legislature passes a bill sponsored by Assemblyman Richard Hanna of the 75th District the present Buena Park Library District will be dissolved.

To face up to the dilemma of the proposed library district's disbandment, the PTA Executive Council of the Buena Park Elementary District met yesterday afternoon. On the afternoon's agenda was a petition to be circulated by PTA members throughout the district to have the bill dropped.

One PTA member told the Bulletin yesterday afternoon that in view of the recent school bond election, it was hoped that the citizens residing within the bounds of the district would sign the petition in order to keep the books in the schools and to prevent the already serious consequences the district now finds itself from becoming greater.

We experienced a great reluctance on the part of voters to even go to the polls at the last election. We hope by going to them this time and acquainting them with the problems to prevent what might be termed a disaster, the PTA member said.

Other sources in PTA have indicated that according to future city plans, the present Buena Park Library will be removed to provide a parking lot for the civic center.

According to Centralia District Supervisor Glen Dysinger St., the dissolvement of the Buena Park Library District would not only be a serious blow to the community but especially so to the Centralia schools.

"We feel that the present system of library operation is one of the finest we or any other district has," Dysinger said this morning.

Each of the Schools within the Centralia District has from 300 to 600 books for use by students. If the library district is dissolved, this would mean a loss to the elementary students of public library books they now have in each of the schools expressly for their use," Dysinger added.

Mrs. Calaway, the district librarian has done a "very great service' to the Centralia District. She not only kept up with the tremendous growth the area has experienced in this district but has added to the library service within each of the six schools of the Centralia district, Dysinger said. If it were n o t for Mrs. Calaway's management of the library, none of the schools would have the books made available to them they now have, Dysinger went on.

"What most people do not realize is that in order to provide this service to the schools in Buena Park the building funds the library district had with which to expand the present facilities were nearly depleted," he added. "It was this management which has provided the schools with an educational device which is absolutely necessary for the students," Dysinger concluded.

HI, NEIGHBOR — Mayor A. J. Schutte demonstrates neighborliness by purchasing the first ticket to the Lions' Clubs - sponsored Hi Neighbor Day barbecue to be held in Anaheim Park May 16, beginning at 12 noon and continuing until 10 p.m. from Lions' President Herb Perry. The affair, which is being planned as an annual, will feature free entertainment by professional and local talent, and will end with a square dance. Tickets to the barbecue are $1.25 for those over 12 and 95 cents for children.

The Bulletin

ORANGE COUNTY NEWS

SECTION B — Wednesday, April 29, 1959

Fullerton Airport Solution Offered

BUENA PARK — The Buena Park City Council last night opened bids on a new sewer project within the city, abandoned an alley and passed the first reading for an ordinance re - zoning property in the southerly portion of the city.

Sewer Assessment District Four, Ave., and Page Road will have bids accepted by the council on May 19 when contracts will be let for construction of sewer facilities in that area.

The project will be one of a long list of future work which is being planned by City Engineer Glen Danielson and his staff and will add to the sanitation facilities designed for the city by the hard pressed engineering staff in their attempt to keep with the developments taking place in Buena Park.

Citizens in the area between Rostrata and Western Ave., who of late have been trooping to the council chambers in an effort to have the council abandon an old county easement, made their final trip last night when the council adopted a resolution closing the lover's lane hideaway which has caused nothing but trouble for those residents in the past.

The 20-foot easement was a thorn in the side of the neighborhood since it was used as a late hours rendezvous for various and sundry night blooming drinkers who littered the areas between the residents homes with old bottles and other "debris."

Council adopted the resolution and the property owners, still apparently dazed by the fast action, queried that governing body as to particularly the area of Stanton when they could erect fences and the like to prevent any further intrusion on their property.

"Immediately," came the reply. But it wasn't until City Attorney Warren Ferguson explained to them the property will be recorded back to them, that they all trooped out of the council chambers smiling and probably planning the week end construction jobs they will now undergo to seal off their property from unwanted visitors.

A zone change ordinance from C-2 to R-1 passed its first reading last night. The area in question is in the southeast corner of Ball Road and Miller Street.

There was some concern on part of the councilmen as to the limitations of commercial property by the zone change.

It was pointed out by a developing company representative that areas immediately adjacent to the property, particularly to the east, west and south were in other municipalities and were zoned for commercial use.

This would provide enough property zoned for commercial purposes to give the residents of the area enough needed shopping facilities.

Tentative plans for the improvements on Western Ave., between La Palma and Orangethorpe, have apparently met with snags on one side of the street since property owners on the west side of Western Ave., indicated to the city they do not desire to dedicate any property for the widening, curbing and guttering of their street front.

However, the developers on the other side of the street will go ahead and improve one-half of Western Ave.

The recent two-death plane crash in Buena Park came in for mention again last night when Councilman John Stecko read a letter from radio personality John McShane, who wrote the council on behalf of a pilots and airplane owners club.

The Skylarks, in the letter to the council made recommendations for the improved safety of the operation of the Fullerton Municipal Airport.

Those recommendations were such that half of the traffic entering and leaving the two air strips on the field would be diverted to one side of the field in a flight pattern, which would reduce the traffic over Buena Park.

The Skylark's letter indicated to the council that it was the desire of the club to go to the City of Fullerton and the airport Manager, with the "improved" method of traffic pattern routing for the airport.

The left hand strip would handle incoming and outgoing traffic in a left turn manner. The right hand strip would do the opposite. This would mean that half of the flights in and out of the Fullerton Airport would turn away from Buena Park and thereby reduce the hazardous flight pattern as it now exists.

The Buena Park Council was unanimous in their approval of the contents of the letter and City Clerk, Marguerite Courson was directed to reply to the Skylarks, commending them for their efforts in attempting to help solve Buena Park's dilemma.

In two other matters, parking was taken into consideration by the council last night, when a resolution restricting vehicular parking on both sides of Whitaker Ave., from Grand to Manchester, a request for commercial zoning on land now zoned residential at the easterly terminus of Stuart Dr. They also approved a rezoning from commercial to residential-professional land owned by Sheldon Chasin at the southeasterly terminus of Belfast St., northerly of Garden Grove Blvd. Apartment houses are now being built in this area and the applicants plan to erect additional units.

Ojeda was luckier on his other request. He had asked for rezoning from residential to commercial for three and one-half lots located 110 feet north of Tweentree Ave. on the east side of Harbor Blvd.

Council also authorized the purchase of a new four-door station wagon for the Police Department. Smith Motors, the Ford agency in Garden Grove, submitted the only bid on the vehicle. Their bid, which was accepted was $2,629.28. They also agreed to give the city $1,200 for the station wagon now in use by the police depart.met.

Police Chief Reese Ballard also heard the council approve his request for four new patrolmen. They will be employed by May 1.

Fire Chief Marion Umphress also heard his request for 12 new firemen meet with council approval They also will be employed by May 1.

Chief Umphress explained that the new fire station, number three for the city, will be ready June 1 and the men are needed to staff the station, located on Trask Ave. just east of Harbor Blvd. The Chief said the men would undergo a 30-day training period from May 1 until the new station was ready.

The council heard an appraisal of four parcels of land located on the north side of Acacia St., across 7th St. from the present city hall. The city is attempting to purchase the land for use as additional parking space for the city hall and for expansion of facilities.

Councilmen authorized the city to attempt to purchase the land at the appraised value of $27,110 for the four parcels. They also agreed that they would purchase any single parcel for its appraised price and condemn the other pieces of property whose owners did not wish to sell at the appraised price.

Council Approves Plans for Harbor Blvd. Buildings

A reclassification request submitted by the Tietz Construction Company but pleaded by purchaser Thomas Coughlin was granted last night by City Council in their weekly meeting.

The request was to have a change of parking requirements in the C-1 zone located on the west side of Harbor Blvd. 150 feet north of Katella Ave. The original ordinance on the matter states that 75 per cent of the property shall be employed as parking area, but due to the size of the lot, Coughlin pleaded, this would leave him but 700 square feet on which to build for commercial purposes and would therefore not be a paying venture.

The proposed businesses to be installed by Coughlin are a liquor store, delicatessen, barber shop, beauty parlor and travel agency to service the many motels in the surrounding area.

Coughlin showed plans to council and pointed out that he has a permanent easement on adjoining Union Oil Company land which, if necessary he could employ for parking, although he stated that such use would not be required as he also had an agreement to use ten parking stalls on the Union service station property.

The request was granted by council after long deliberation.

Katella-Brookhurst Annex Hearing Slated

A petition requesting annexation of inhabited territory known as the Katella Park Annexation was received by the City Council last night and a date of June 2, 7 p.m. set for a public hearing.

City Clerk Dene Williams said that a check of registered voters in the area indicated 113 qualified electors. The petition was signed by 86 persons, all of whom were found to be qualified.

Two New Principals Hired for City Schools

Two new principals for the Anaheim City School District were hired last night by the board of trustees.

Starting as principals next year will be Nick Ferrero, a helping teacher in the local district, and Norval Granz, of Long Beach, now teaching in the Los Angeles City School District.

The appointments, made on the recommendation of Superintendent Robert Shanks, came after the screening of 10 local and eight out-of-district applicants. The screening committee was authorized to meet again to pick one more principal for the district next year.

Trustees were notified last night that the district can depend upon a financial grant of $25,000 to help pay for the district's closed circuit television project. The funds will be given by the Fund for the Advancement of Education of the Ford Foundation.

In other action last night trustees approved final plans for the television studio at the old Broadway School, accepted the gift of a model eye and ear from the Katella School PTA, accepted with regret the resignations of Hal Shirey, maintenance man, and Kenneth Eley, gardener; and approved the employment of Birney A. Halleen and Angelo Oliveira as custodians.

HIRE NEW FIREMEN

Garden Grove City Council Approves Shopping Center in Southern Area

GARDEN GROVE — A new shopping center got the green light from the Garden Grove city council and it will be developed to include a supermarket, gas station, small department store and numerous speciality shops.

Owner of the land is Jerald Elsenhower and the new center will be located at the southwest corner of Westminster Ave. and Verano St. The service station will occupy the corner and the market will be alongside Verano with the remainder of the shops facing Westminster Ave. Parking facilities will be provided in the center according to the precise plan which was also approved by councilmen.

In a meeting which saw six public hearings staged, only two persons appeared, both for the same item.

The two men, one Joe Ojeda, realtor, were the only ones to approach the council on an issue and theirs was the only one denied by the council.

Ojeda had asked for commercial zoning on a parcel of land at the northeast corner of Trask Ave. and Verano St. The land is now zoned residential-professional and, following the council's denial, will remain that way.

However the council did approve

Looting of Cash Box In Anaheim Revealed

The Western Belting and Mechanicals, Inc., 114 Orangethorpe Way, was looted of approximately $190 in cash yesterday between 1 and 2 p.m.

The report by salesman Robert E. Haws, 45, led to the institution of a search for three men who are considered possible suspects.

Although Haws did not witness the actual theft, he named the three as men who had access to the cash box under the front counter while salesman Fred Fitzpatric was alone in the store.

Haws told police that the first two men entered the office first and were served by salesman Fitzpatric while he was at the bank. Fitzpatric said that one of the men remained at the counter while he took the others to the rear warehouse to examine merchandise. Upon returning to the front the two men left. Shortly after this the third suspect entered the office, asked to see some parts, then used the phone to call his employer for serial numbers. At that time, Fitzpatric said, the suspect was out of his sight and could have entered the cash box.

Lions Club Plans Sponsorship Of Hi Neighbor Day at Anaheim Park

By purchasing the first ticket to Anaheim's Hi Neighbor Day barbecue, Mayor A. J. Schutte kicked off the ticket selling drive for the May 16 affair to be held in Anaheim Park from 12 noon to 10 p.m.

Sponsored by the Anaheim Lion's Clubs, the event is designed to bring members of the community together in friendly concourse.

Professional and local talent, including television's Sgt. Preston, will entertain. High schools of the area will participate with circus stunts, gymnastics, choral singing, band and drill teams and an aquatic demonstration staged in the Anaheim Plunge by the Anaheim High Aquatic team.

Booths will be set up by civic, service and church organzations to acquaint citizens with work currently being done in those fields.

The event will come to a close at 10 p.m. with a square dance.

The Lions' sponsored affair, which is hoped to be held annually from this date, is completely free except for the barbecue, which costs $1.25 for persons over 12 and 95 cents for all children under the age of 12, chairman Bill Walker said.

Tickets for the barbecue may be obtained at the following places the Frank Tausch Agency, E. Center St.; LaMont Printing, N. Los Angeles St.; Louis Monteleone Liquors, N. Euclid; Lin - Brook Hardware, W. Lincoln; Bob Williams Sporting Goods, W. Broadway; Shipkey and Pearsons, W. Center; Firestone Store, W. Center St.; L. N. Wisser Sporting Goods, W. Center St., and the Chamber of Commerce office on N. Los Angeles St.

Absentee Vote Count For City Annex Told

After a count was made of absentee ballots at last night's meeting of the City Council, City Clerk Dene Williams announced that the proposed Magnolia - Cerritos Annexation failed to pass.

Last weeks unofficial tabulation showed 239 "no" votes cast against 206 "yes". The absentee count was three "yes" and two "no", making a total of 241 "against" and 209 "for."

PLANNING OPEN HOUSE — May 2 has been set aside as "Fire Service Day" throughout the state. This day is in honor of firemen who devote their lives to the protection of lives and property of others. Part of the fire crew at Anaheim's Fire Station One who are getting ready for the open house are (from left) Engineer Ed Lawler, behind the wheel; Engineer Bob Richard; Fire Chief Ed Stringer; Jim Heying, Assistant Chief; and Captain Tom Menasco. All three Anaheim Fire stations will be open from 9 a.m. until 4 p.m. on "Open House" Day. Headquarters Station is located in downtown Anaheim, 115 E. Broadway; Station Two, 853 Brookhurst, and Station Three is located at 1563 S. Manchester.

INSTALL PHYSICIANS — Annual installation of officers of the Orange County Osteopathic Society at the Water Wheel Restaurant in Anaheim saw Mahlon Lee McKay, D.O., of Fullerton (second from right) receive gavel from installing officer David Payne, D.O., of Huntington Beach. Dr. McKay assumed office from A. Robert West, D.O. (right), of Garden Grove while Richard Kammerman, D.O., of Santa Ana (second from left), became vice president and Robert Zimmerman, also of Santa Ana (left), became secretary-treasurer. Speaker of the event was Dr. W. Ballentine Henley, president of the College of Osteopathic Physicians and Surgeons of Los Angeles.

New Beauty for You!

By IRIS LYNNE

What is "moisture balm," or moisturizers?

They are the revolutionary new creams and lotions, most always lotions, that protect the skin during the day, and provide greaseless protection while you sleep.

A moisturizer should be used under any powder base. For those fortunate few who can forego powderbase, then a moisturizer acts as a protection in itself. They keep the skin soft and supple, help to smooth - on foundation to a natural finish, give the complexion a moist but-not-greasy look, and are the greatest asset to dry skin since our ancestors left foggy London, or any other moist climate.

For the busy housewife a thorough application of her favorite moisture balm is a must. Foundation may be added later, or simply an application of eye makeup and lipstick will see her through a day at home.

The American Way of Life means well - heated homes and offices, which mean solid comfort, but add up to a lot of parched and dry skin for most American women. Moisture balm to the rescue! And rescue you it will — from over - dry skin with a drawn dry feeling.

Many moisturizers have the added advantage of imparting hormones to the skin. These little hard-working agents immediately plump - up the tissues, aiding them to retain moisture, thereby creating a youthful looking skin, also thereby eliminating and avoiding many a wrinkle. Character lines are another thing entirely. No one should wish to go through life with a bland expressionless face. The look to strive for is a well - cared for, moist looking complexion; one with an enviable radiance. One that is wisely and regularly used moisture balm can bring about.

Dear Iris Lynne: Is it true that two - pieced swim suits will be in vogue again this year? Mrs. G.C.

Dear Mrs. G.C.: It is indeed true that two - pieced swim suits are already in Vogue this year, and also in Charm, Glamour, and Harpers Bazaar. Pardon the pun, but you really will see lots of these suits this year as well as short, some - skin-above - the-waist-showing tops for shorts and even for wearing with skirts.

Write to Iris Lynne in care of this paper.

PC Alums To Attend Annual College Dinner

Pomona College alumni of the Anaheim area will join other Pomona College alumni and friends of Orange County at the annual Pomona College dinner, tonight.

The buffet dinner, to be held at The Palms, 1019 E. Orangethorpe, Anaheim, will be served at 7 p.m. after the social hour at 6 p.m.

The program will have as its speaker, Dr. Carl L. Baumann, professor of German and chairman of the department at Pomona College. The subject of his talk will be, "Germany — Between East and West".

The meeting is being planned by the directors of the Pomona College Alumni Club of Orange County, which includes Mrs. Lee Hollenbeck, of Anaheim.

United Cerebral Palsy Research Shows Imminent Major Advances

The 1958 report of United Cerebral Palsy's Research and Educational Foundation indicates that major breakthroughs in the field of cerebral palsy are not only possible but may happen in the near future. This is according to Dr. Theodore Schoppe, president of UCP of Orange County.

Dr. Schoppe said the latest report, received by the local UCP affiliates today, notes that several important findings in research show considerable promise in determining the causes of cerebral palsy, finding methods of prevention and improving current treatment.

Among these findings is a series of studies directed toward treatment of maternal and paternal Rh factor in blood which has made possible the virtual elimination of kernicterus as a serious problem in cerebral palsy.

Clinical Program

Another development, according to the report, is the clinical application of basic research findings which now makes it possible for the neurosurgeon to remove subdural hematomas relatively soon after their occurrence in order to eliminate the resulting brain damage.

Dr. Schoppe said the report further shows that, because cerebral palsy is outside of the boundaries of a so-called cure, the universal goal of all research in cerebral palsy is to provide a means, or a series of means, of prevention. Because the task is urgent and one which involves virtually every technique employed by medical scientists to date, United Cerebral Palsy and its Research and Educational Foundation are placing more and more emphasis on basic and applied research and training of professional personnel.

The report notes that in 1958, United Cerebral Palsy awarded 66 grants and Fellowships and 58 training scholarships. Since its founding in 1949 United Cerebral Palsy has invested nearly $4,000,000 in research and training grants.

Here and There

Paul Woods, son of Paul E. Woods, 9932 Gaymont Ave., has been elected president of the sophomore class at Pepperdine College for the next school year. Woods is a freshman biology major at Pepperdine. He was graduated from Anaheim High School.

Donald Ray Porath, anthropology major at Mexico City college, has been named to the Dean's honor list for the fourth time. To be on the list signifies that the student has maintained a high scholastic average for a minimum of two quarters. Porath is the son of Mrs. Virginia Hetrick, 1100 Hermosa Dr., Anaheim.

The Alpha Gamma Chapter of Delta Kappa Gamma heard a report of the Chapter's interest in educational processes in Korea at their regular meeting held at the Santa Ana home of Miss Gertrude Amling. Miss Elizabeth Dickerson of Anaheim, president, conducted the meeting. Mrs. J. Maria Pierce, an educator from Pasadena and a state past president of Delta Kappa Gamma, was speaker.

Marriage licenses have been issued to George E. Strachan of 1635 Chateau Pl., Anaheim, and Bernice E. Demaree of Santa Ana; and George Lautenschlager, Jr. of Garden Grove and Toni J. Gray of 1537 Hampstead, Anaheim.

New Wing at Good Shepherd Home In Terra Bella To Be Dedicated

The dedication date for the completion of a new wing at the Good Shepherd Home for mentally retarded children at Terra Bella, Calif. is scheduled for May 10 at 2:30. The children will be present at the dedication. They won't realize what "dedication" means, but they will know this is something special for them. Just as proud will be the members of the Good Shepherd Home Auxiliary, who recently contributed $13,000 to help finance the construction of the new wing.

A record attendance is expected at the dedication. A special train has been chartered to commute at least 300 people to this event from the Southern California area.

The Good Shepherd Lutheran Home of the West, located at Terra Bella, is a non - profit corporation for the housing, care and instruction of mentally retarded children who will never be able to live as you and I. At the Home, they are able to receive training which often gives them an opportunity to more nearly enjoy a normal life.

Children of all creeds are accepted, but due to lack of facilities, only 36 can be served in its first unit. Another unit is urgently needed to accommodate those on the waiting list.

The Good Shepherd Home Auxiliary has had an active role in the new wing. With a membership of 4,000, extending into 15 western states, the women adopted a $21,850 goal for 1959, aimed to provide furnishings and equipment for the new wing.

To aid the Home materially, the Auxiliary sponsors many seasonal projects and also maintains a Gift Shop in Anaheim, but depends mostly on the prayers of all Christian people and the 4,000 Christian women to guide the destiny of these mentally retarded children.

Mrs. Arnold Otte and Mrs. Henry Bamesberger, both of Anaheim, serve on the executive board of the California Unit. In addition, there are many members in the Anaheim area who give freely of their time and talent for this most worthy cause.

CC Prof To Do Graduate Work

James W. Utter, Jr., associate professor of history at Chapman College since 1945, has been granted a sabbatical leave for the 1959-1960 academic year to do post - graduate work.

Professor Utter plans to spend the year in residence at Claremont, to do graduate study in the field of American history at the Associated Colleges.

He received his A.B. degree from Chapman in 1929 and his M.A. from U.S.C. in 1946.

"I appreciate the college's making it possible for me to devote an entire year to additional and intensive study in my field," Professor Utter said.

Professor Utter will be studying next year with one of his present students — Merwin Griffiths, Air Force Major who will receive his A.B. from Chapman this June and who will be retiring after 20 years of service.

Nearly one out of six married women under the age of 45 in the U.S. bore a child in each of the past five years. Around 1940, the corresponding ratio was nearly one in eight.

WACS Going to Hawaii Again

Hawaii may officially become the 50th state at about the same time as it welcomes its first detachment of Wacs since World War II.

According to an Army announcement which predates the recent statehood vote in Congress, a Women's Army Corps detachment is scheduled to arrive on the Islands next summer. Its members are slated for clerical and administrative duties at Fort Shafter, near Honolulu, at the Headquarters of the U.S. Army, Pacific.

While many eligible residents of the Islands have become members of the Women's Army Corps during the years, no WAC detachment has been assigned there since the close of the war. Wacs in large numbers have served continuously in Japan since 1945.

'Little Lulacs' Made Official At Banquet

In a combined effort of the Anaheim Lulac Council No. 316 and the "Little Lulacs" of Anaheim, an installation and initiation banquet was held at Carpenter's Hall. The affair marked the official forming of the "Little Lulacs."

Twenty-five members were initiated and the officers installed. The "youngsters" served a delicious banquet to more than 200 persons present.

Joe O'Campo, Lulac West Coast organizer, welcomed the "Little Lulacs" and made a special note of reminding them that they were the first of their kind in the organization. O'Campo further stressed the role which they must follow in order to make this organization a valuable one.

The primary factor of this organization is to help curb juvenile delinquency. O'Campo assured the audience that there is no such thing, and concluded that the phrasing should read "adult delinquency."

Mothers to Be Guests This Saturday at Whittier College

Whittier College will honor mothers of students at the annual Whittier College mother's day program, Saturday.

A total of 700 mothers and students are expected to be present.

Included in the day's activities are coffee hours given by societies and dormitory residents from 10 to 11:30, with registration at the Mendenhall building at the same time; the program at the Whittier Woman's Club auditorium at 11:45; and lunch at the campus inn at 1:15.

The program this year includes a magic show by Professor Eugene Gloye, singing by winners from the spring sing, Hawaiian dance numbers by members of the Hawaii Club, and modern dance from the dance instruction classes of the college.

This year the mother's day co-chairmen are Bill Notthoff, from North Hollywood, and Chris Holmberg, from South Gate.

Faculty and administration of the college will be guests at the luncheon, and Dr. Paul Smith, president, will bring greetings to the mothers following the luncheon.

Patrick Henry PTA Holds Potluck Dinner

The Patrick Henry Parent Teacher Association members followed a pot luck dinner, held in the auditorium of the Horace Mann school, with a program.

It was presented by the students of Patrick Henry under the direction of Chuck Penny of the LaPalma Dance Studio.

The variety program included — "Valse 70" danced by Reginia Brandom, Marsha McClanahan, Virginia Boucher, Acrobatic, Lona Stout, Boogie and Debbie Brown; "Poor Butterfly," Reginia Brandom, the dancer; "Animal Crackers" by Maureen Smith.

"I'm in Love with Dancing School," Debbie DiLeo, Cathleen Smith, Lorna McClanahan; "Look Ma, I'm Dancin'" interpreted by Patty Glennon, Jeanne Schneider, Lona Stout; Soft Shoe, Adele Scali; "Shadow Waltz," Marsha McClanahan, Reginia Brandom; "Shimmy Sham," Jeanne Schneider, Caravan, Virginia Boucher, Charleston, Reginia Brandom, Lona Stout.

Plans for the field day to be held at the school on Saturday, May 16, were discussed. The Parent Teacher Association is the sponsoring group. All types of field events, races, games, the traditional Maypole dance, fish pond, country store, cake walk and many other games of skill are planned. There will be ribbons awarded to the winners in the field events.

The committee has also planned for the sale of baked goods, hot dogs, pizza, popcorn and cold cold drinks.

The big event will be the baseball game between the faculty and P.T.A.

Field day is open to the public and all the neighbors and friends of the school are invited to attend.

FALL WEDDING — Mr and Mrs. Raymond A. Damerell announced the engagement of their daughter Myrna Lee to Gene Paul Johnston at a dinner party held in their home, 739 N. Olive, and attended by family members and friends. The bride-elect is a senior at Anaheim Union High School. Her fiance, the son of Mr. and Mrs. J. A. Fulchum of Westminster, was educated in Santa Ana schools and served in the U.S. Air Force. He is now employed by Bell Wood, division of Packard Bell in Orange. The couple are planning a fall wedding.

Hawaii Is Study Subject at Wesley Methodist Meeting

Hawaii was the subject for study and the theme of the evening when the SOS Circle of Wesley Methodist Church held its monthly meeting in the ladies' lounge of the new unit at 1457 E. Romneya Dr.

The early Christianization of Hawaii and some present - day problems of churches there were told by Mrs. Cliff Elliott, program chairman. A playlette, "Mission to Paradise," showed some of the superstitions that still prevail there and was dramatized by Mrs. Francis Elliott, Mrs. Arthur Kent, Mrs. Hugh Nipp, Mrs. Paul Nelson, Mrs. Wayne Clark, Mrs. Ned Hutchison, Mrs. Herman Ramsey and Miss Evelyn Broms.

Mrs. Francis Elliott told something of her visit to Hawaii last summer, and furnished some of the costumes for the skit and colorful leis for the entire group.

Mrs. Roy Berry, chairman, presided over the business meeting during which plans were made for another "Dime-A-Dip" dinner to be held at the church May 28.

Nominations for new officers resulted in the election of Mrs. Cliff Elliott, chairman; Mrs. Arthur Kent, vice-chairman; Mrs. Abby McDaniels, secretary and Mrs. John Albright, treasurer. They will be installed at the meeting on May 28 with Mrs. Ned Hutchison officiating.

Hostesses for the evening were Mrs. Wayne Clark and Mrs. William Loessin who served refreshments of Hawaiian Delight, banana nut bread, homemade cookies and coffee. The table was beautifully appointed with a centerpiece of orchids, sweet syringa, bottle brush and hibiscus and each place was marked with a golden hibiscus matching the "Aloha" napkins.

Soroptimists Hold Confab In Coronado

"Crown Jewels of Soroptimism" was the theme for the English Regional Conference, Pacific Region, Soroptimist held in Coronado last week-end.

Billy Ziegler, past president of Soroptimist Federation of the Americas, Inc. gave the keynote address.

Attending from Anaheim were May Belle E. Spencer, president; Mildred Allen, Phyllis Harrison, Betty Brandt, Marge Wedel and Mary Gove.

The fall meeting of the group will be held at the Disneyland Hotel with Anaheim and Santa Ana Clubs as hosts.

Clara Barton To Hold Open House Thursday

Parents and patrons of the Clara Barton School will be welcomed to their childrens' classrooms Thursday evening from 7:30 p.m. to 9 p.m.

This year the theme "A Day in School, 1959" has been chosen. Each teacher will have on display materials which show the daily learning activities of his children. Of additional interest, will be a special Science Fair in Room Five. Each classroom in the school will participate in the "Fair".

All parents are encouraged to visit their childrens' school this week or at any other time during the school year, for interested and informed parents to build and develop the type of schools we want for our children.

Clara Barton Parent Teacher's Association will hold its next meeting May 5, with films on bicycle safety being shown. A bicycle safety course is being set up this week for Barton students by the safety committee.

Speakers Group Set Skit at Dinner-Meet

A skit, titled "Comedy of Errors" will highlight the program of the May 4 dinner meeting of Council One, SW Region, International Toastmistress Council.

Members of the Harbor Club will participate in the presentation. Toastmistress of the evening is Mrs. Willard Freeman, Lakewood Club.

Others on the program are Mrs. Charles Ishmael, Napleathene Club, and Mrs. Robert Hoisington, Huntington Beach Club.

Mrs. John Titus, presiding officer, has included in her agenda reports from the nominating committee chairman, Mrs. Leta Cole, Santa Ana Club; and the regional speech contest chairman, Mrs. Clem Fromlath, Napleathene Club.

Speakers Club Holds 'Newcomers Night'

Fullerton Toastmistress Club had a 'New Comers Night' at their meeting held at Richman School in Fullerton. Four new members gave their first speeches. These are called "ice breakers" or "maiden speeches" and are about the speaker or an interesting incident in their life.

Mrs. William Chrismore, reminiscing of her childhood days in Missouri, of her father's general store with the cracker barrel, the pot belly stove and the jars of speckled beans on the shelf.

Mrs. O. H. Jencks told of trying to round up cattle on her pony when she was a child on the family farm in Illinois. She has been a long time resident of Fullerton, raised two daughters that are now living in the midwest with their families.

Mrs. Max Frey, a native daughter, was born and raised in Corona. Her first name Felicia "in Spanish" means "Happiness." She told of the happy times with her husband and two children.

Mrs. Howard Turner told of an incident, after her husband obtained his pilot's license, when she was his first passenger.

Mrs. Stewart Briggs of Anaheim was Toastmistress for the program. Mrs. James Tyner gave the invocation and was topicmistress. Mrs. Briggs won the topics trophy.

Applications for membership were turned in by Mrs. Julie Griffen of Anaheim and Mrs. Floyd Smeltz and Mrs. Gelene Alfson of Fullerton.

Guests were Mrs. Betty Russell, Marcia Ruth Schultz and Vi Cole.

Music Alumnae To Meet for Charter Plans

Orange County alumnae of Sigma Alpha Iota, national professional music fraternity for women, recently organized, will meet in the home of the new president, Mrs. J. C. Schulke, 11451 Crissy Way, Garden Grove, Friday May 1, at 7:30 p.m.

Important business to be discussed will include a report on the progress of the application for formal chartering, information about possible service projects, and a public musicale to be given in the near future.

The evening's program will include vocal solos by Betty Neeb of Costa Mesa, and piano duets by Marian Wilhelm and Ruth Rockwood of Anaheim.

Any Sigma Alpha Iota Alumnae, not already contacted is urged to phone Mrs. Schulke, JE 4-3978, or the Membership chairman, Mrs. Wilhelm, KE 5-5308.

Mojave Chapter, DAR Hear Book Review on Paul Revere

The Mojave Chapter, Daughters of American Revolution, met at the home of Mrs. Le Roy C. Lyons Sr. with Mrs. Robert Gallager, Regent of the Hanna Hatch Society and D.A.R. member giving a book review on Paul Revere.

"A tourist in Boston enjoys the ringing of the bells which is heard everywhere. Paul Revere cast them and it was his ambition to make them the sweetest in the world. He was married twice and the father of 16 children. He was one of the finest silversmiths known, but he found time to engage in prison reform, mental health, shorter hours and better pay for the worker," said the reviewer. "It was he that engraved the plates to print our first money. The mayor of Medford is carefully chosen as he reenacts the historical ride each year on the 18th of April. He must be of the same build, as he wears the same suit Paul Revere wore, and being a good horseman is another qualification. At 83 he died, a man that was loyal, proud, full of human compassion, and loved his country deeply," said Mrs. Gallager.

Mrs. E. T. Watson gave the president general's message. Mrs. H. E. Smith told of the new mental health bill and said there were phases in it that should be watched. She also stated a study has been made of certain school books that could be of a Communistic nature, and the D.A.R. as well as other clubs, make donations so Washington could investigate.

Appreciation Noted

Mrs. Kenneth C. Main was thanked by the Mojave Chapter for all the work she had done to organize Los Ninos, the society for the children of the American Revolution. She announced the next meeting would be the election of officers for the new society.

Mrs. Le Roy Kaump, Regent, presided. Hostesses for the meeting were, Mesdames Charles Erickson, E. R. Anderson, Alvin Ford and Louis Moore.

Guests to the meeting were Mrs. Beryl Harvery, past Regent of the Patience Wright Chapter, Laguna Beach and Mrs. John Russon, La Habra, a prospective member.

PANHELLENIC TO HONOR COEDS — Coeds, who plan to attend college or university this next fall are to be honored at the May 3 teatime, the affair to be sponsored by the Northern Orange County Panhellenic at the Anaheim Assistance League clubhouse. The guest list includes graduates of Fullerton Junior College with the purpose of the tea to aid the coeds in activities of campus life. "Do's and Don'ts" will be presented in a skit on college rushing. Dr. Lois Swanson, dean of women at Long Beach State College, will speak. In above photo are committee members for the tea: (from left, back) Mrs. Edwin Casebier, Mrs. Wilbur Wright, Mrs. Harold Essign, Mrs. George McClelland and Mrs. Jack Lovell, the latter two co-chairmen for the tea; (front row) Mrs. Donald Johnston, Mrs William Irwin, Mrs. Ralph Greenberg and Mrs. David Starr.

Opti-Mrs. Club Hosts Boys' Home at Dinner

Sixty members and guests were present when the Opti-Mrs. Club of Anaheim held its annual "Boys Home" night at the local Optimist clubhouse.

The affair was held in conjunction with the regular meeting of the Optimists and included also visitors from Pomona, Santa Ana and Orange clubs.

In keeping with the season and interests of boys, a baseball theme was used in decorations. Tables featured "fields" of dichondra on which the baseball diamonds were outlined and miniature players placed. These were interspersed with pennants of the various teams. Centerpiece at the head table was a baseball bat with glove and mitt which was awarded as the grand prize of the evening and received by Optimist Fred Stone.

The meeting was opened and conducted by Mrs. Harold Botts, Opti-Mrs. president, who also introduced the following special guests: Charles Bader, president of the Optimist Boys Home in Los Angeles, and his wife from Pomona; Superintendent and Mrs. Arvin Kroeger and Tom Gaines, assistant superintendent, from Los Angeles and Past Governor and Mrs. Barney Koster of Santa Ana.

On the program Gaines presented three boys from the home. He engaged Jerry Nlendorff and Dennis Buschman in a question and answer period which brought out the duties, activities and feelings of the boys.

James Kasten, who was deserted by his family when three years old, then told the story of his life and his appreciation for the help received at the Boys Home. Gaines also reported that of 1300 students at a junior high school which the boys attend near the home 13 were selected for good posture of which five were from the home and of the final five selected two were from the home.

The Opti-Mrs. group, headed by Mrs. Leo Lansdown, Mrs. Louis Larson, Mrs. Robert Martin and Mrs. Jerry Nesmith, prepared and served the dinner. Mrs. Lester Mitchell and Mrs. Lewis Phillips designed and arranged the decorations.

Bowling League of Orange Sets Dinner

The Ladies' Wednesday Night Handicap Bowling League of Orange will have its annual awards dinner meeting at the Revere House in Tustin tonight at 7:30 p.m., according to Betty Creek of Orange, committee chairman.

The various awards will be presented by "Peter" Fisher, of Santa Ana. Winners include: First prize, league trophy, Orange County Bowlodrome; second prize, league trophy, Tartan Room; high series handicap, Marie Hiiva; high series scratch, Lorraine Roberts; hig game scratch, Marge Livings; high game handicap, Dorthea Carson.

MRS. ARDEN FARIS
. . . Katella PTA president

Mrs. Arden Faris New PTA President

Katella Parent-Teacher Association installed new officers during a meeting held at the school and conducted by Mrs. Martin Medak, out-going president.

New officers for the coming year, installed by Mrs. Nicholas Frechk, president of the Anaheim Union Council of PTA are:

Mrs. Arden Faris, president; C. Dean Cole, first vice - president; Mrs. Paul Nelson, second vice - president; Mrs. Robert Johnston, recording secretary; Mrs. W. K. Arnold, corresponding secretary; Mrs. Fred Davis, treasurer; Earl Fleischman, auditor; Mrs. Paul Traver, historian; Mrs. Martin Medak, parliamentarian. Each was presented with a PTA membership pin.

Mrs. Frechk's theme for the installation was based on the Objects of the National Congress of Parents and Teachers, basically wisdom, patience, friendliness and knowledge. Mrs. Frechk presented Mrs. Medak with a past-president's pin.

New Chairmen

Newly - installed President Mrs. Faris named the chairmen of the appointed offices: budget and finance, Fred Davis; room representative, Mrs. E. A. Cox; publications and emblems, Mrs. Frank Meier, membership, Mr. and Mrs. Al McClusky; parent and family education, Mrs. A. Proudit, publicity, Mrs. Frank J. Lee; health, Mrs. A. F. Sutherland; inside publicity, Mrs. E. E. Sebring; youth activities, Mrs. H. E. Taber; safety, Mr. and Mrs. Rufus Stacy; student welfare, Mrs. A. W. Fields; inspirational, Paul Nelson; hospitality, Mrs. Jerry Powers; and Founder's Day Program, Mrs. E. Wright.

The organization presented a plastic eye model to the school during the meeting. The model, purchased by the PTA, will be used by the teachers and school nurse in classrooms for descriptive purposes. The group also purchased a plastic ear model, which has not yet been delivered.

Arthur Fields and Paul Shadid, members of the citizens committee, disclosed future plans for recreational interests in this area. Dick Kampfhefner of the Parks and Recreation department displayed drawings and map - layouts of future parks that are being planned.

A discussion program led by Katella Principal Earl Fleischman on homework with panel members Noel James, Mrs. E. Wright and Mrs. A. Taft (all teachers at Katella) proved interesting.

In Accustomed Style

AYDIN, Turkey (UPI) — Arzuhalci Gevdet, long separated from his wife, opposed her request for a divorce which included a demand for the equivalent of $100 a month alimony. He would agree, he said, only if the alimony were made $200 a month "so she can live decently."

'MAKE MINE MUSIC' — Palm Lane music students entertained the school's Parent-Teacher Association with a program, "Make Mine Music," at the April meeting held at Loara School. Featured were (from left, back row) Paula Traver, Julie Herron, Charles Viscusi, Kathleen Kornbau, Helmuth Schoener, John Borgus; (second row) Janis Herbert, Jan Hodges, Joan Hamilton, Jim Pearce, Randy Webb; (front row) Bob Smith, Ann DeVos, Karen Bercsa and Tommey Steed.

Palm Lane PTA Entertained By Music Students at Meet

"Make Mine Music" was the theme of the music program presented by the Palm Lane music students at the monthly meeting of the Palm Lane Parent - Teacher Association held at Loara School.

The music group is under the direction of George Webster, instrumental music instructor for the Anaheim elementary schools.

The Association voted to contribute $20 to the Anaheim Bicycle Safety program which is being financed through donations from PTA groups, service organizations and business firms in Anaheim.

A motion was also passed for the purchase of a camera to be used by the publicity chairman.

Mrs. Willard Davenport, president, announced that the next meeting, May 19, would be held at Loara with a fashion show to be presented by the parents and children of Palm Lane School.

Mrs. Emma E. Williams, fourth grade teacher; Miss Glenda Mungerson, also fourth grade; and Miss Grace Hall, fifth grade teacher; tied for the room count banner.

Character and spiritual education was the committee featured for the evening, directed by Mrs. Gene Hopkins, chairman.

Fifth and sixth grade mothers were hostesses, assisted by Mrs. DeWitt Sims, room representative chairman.

'ANTE BELLUM'

Magnolia Ball Is June 13

Invitations will be mailed Friday for the Magnolia Guild Annual Magnolia Ball to be held June 13 at Disneyland Hotel, it has been announced by a spokesman of the group.

The dinner - dance, a black tie affair, will begin at 8 p.m. in the Magnolia Room which will be decorated in a "ante bellum" theme effecting an old Southern plantation garden. Tables will be decorated with pink cloths, white candles, magnolia blossoms and leaves.

Co-Chairmen for the Ball are Mrs. K. Karan Kavoian and Mrs. Jack Rover. In charge of invitations is Mrs. Joseph Fahey; reservations and seating, Mr. Samuel Gendel and Mrs. Chester Barker; hostess chairman, Mrs. RobertLoomis; decorations, the Mmes. Howard Loudon, chairman; Donald Holman, Paul Swaid, Wesley Temming, Harry Burford and Arthur Byrbee; and publicity, Mrs. Claude Owens. The decorations committee will be assisted by the Magnolia Guild Junior Auxiliary.

Proceeds from the Magnolia Ball will go to the Children's Home Society.

Church Women To Observe Fellowship Day

The Anaheim Council of Church Women will observe another one of it's great days, May Fellowship Day, Friday with a breakfast at 9:30 a.m. It will be held at the Wesley Methodist Church, 1457 E. Romneya Dr.

The subject is on Christianity and economic life, and is entitled "How Much is Enough?" Mrs. Clarence Granere is chairman of the day.

The Rev. Al Casebeer, minister of the first Christian Church of Anaheim, will be the main speaker.

Nursery care will be provided. Please call Mrs. C. R. Brandon for reservations, KE 5-4207.

TO WED JUNE 14 — Mr. and Mrs. Bruce Kauffman of 1700 S. West St., announce the engagement of their daughter Linda Ann to John R. Brannon of Newport Beach. June 1 is the date set for the rites to be performed in the First Methodist Church of this city. The bride-elect, presently employed in Waikiki, Hawaii, is tour coordinator for the Inter-Island Wind Tours. She formerly served as secretary in Security Department at Disneyland. She attended San Antonio, Texas, Junior College and Santa Ana Junior College. Her fiance is the son of Mr. and Mrs. R. W. Brannon of Pasadena. He attended Pasadena City College and is employed with the Newport Fire Department.

CHAIRMEN — Jack E. Lund of Bakersfield (left), George W. Millas of Gilroy, and Robert A. Heil of Santa Ana, are shown here. Lund and Heil are chairman of the "Building for '60" Fund Drive in their respective counties of Kern and Orange. They are discussing Fund Drive plans with Millas, chairman of the Republican State Central Committee. Drive dates are May 1 through 16. Republicans throughout the state are joining in this effort to reach the Republicans in the "grass roots" not only to broaden the base of the party's financial structure but to get the ideas of the Republicans by providing a postcard which can be returned to the State Chairman, Millas.

Cocktail Party Noise Theory Dispelled by Science

By DELOS SMITH
UPI Science Editor

NEW YORK (UPI) — One scientist's scientific observation at cocktail parties is that the noise "is practically uniform in the center of the pack, but drops off directly at the edge or corners of the room." That would be all very well except it contradicts a scientific principle.

The principle is that "when there is a diffuse sound field in an enclosed space, the sound pressure level increases three decibels at the boundary," said Dr. Howard C. Hardy, an acoustical scientist from Chicago. He lamented that science seems to understand little about the noise and other phenomena generated among people by martinis and closeness.

He called for a real scientific effort to get the answers and suggested a young scientist could make such a study the basis for his doctorate. He'd had to be dedicated, of course, Hardy said in making his suggestion to the Acoustical Society of America, because it "may be difficult to preserve the proper attitude of scientific detachment."

Contributes Observations

"There are a host of measurements needed in regard to the effect of time, space, age, social level, sex — a dangerous area — and many other factors," he said. "There are, perhaps, international variations such as cold-war tension, language, accent and space required for elbow motion."

As a starter toward the studies which he hoped some young scientist would undertake, he contributed his own scientific observations. Among them were these:

Once the acoustical balance is established at a successful cocktail party, the sound pressure level is independent of the acoustical conditions of the place where the party is being held — that is, it is the same whether it is held in a room or outdoors on a lawn.

Godfrey Tells Feelings Over Pending Surgery

Editors note: The following was written by Arthur Godfrey in his room at Harkness Pavilion, Columbia-Presbyterian Medical Center, New York. It was made available to the press through Columbia Broadcasting System.

By ARTHUR GODFREY

NEW YORK (UPI) — Several reporters have asked the same question on three different occasions during the last 24 hours: How do I feel?

All I could say was: I feel fine. And physically I do. In fact, I feel very well. I have no pain of any kind, my pulse is a nice, slow, steady 72 and my blood pressure an unexciting 118 or 120 over 80. For an old cracked-up Irish ruin due to be 56 in August, that's pretty good.

Mentally, however, I'm a mess. You've heard of mixed emotions? Man, this is rough. No pain anywhere —look good —feel good — but some of the best brains in the medical profession have discovered a "thing" in my left lung. Can't tell what it is —this thing —but, whatever it is, it doesn't belong there. It must be removed. If it's a benign tumor some sort, hurray for our side —no more sweat. If the damn thing is malignant —cancerous —then there's real trouble. Maybe have to take the whole lung out.

Well, even that's not too bad. Lots of folks are walking around with only one lung these days. Such skillful and timely surgery has prolonged the life of many a man.

I won't mind one bit just so long as it doesn't cripple me up so that I can't ride or swim or fly. (I've been doing pretty well with my tinhip for some time now —it's amazing how much pain you can learn to ignore): Just so I can mount up and go bucketing across country with Mary, it'll be just learning to ride "cuttin' hosses," too, so we can help work the cattle, and that's the most fascinating business in the world.

Yes, we've been building that farm for 25 years. There we have planned to hunt and fish and swim and ride and prune and nurse the trees and shrubs and vines we've planted. To breed and train the horses to improve the herds —to feed and nurture the wildlife and try to leave the soil in better shape than when we found it. In short, to be good stewards of our lands.

All these things we had planned to do and now there is this "thing." Suddenly, out of nowhere. Never felt better in my life. Then, boom: This "thing." This horrible, skulking "thing," visible only as a ghostly shadow.

Pope John Shown 'Shaking' Vatican Traditions Now

By DANIEL F. GILMORE
United Press International

VATICAN CITY (UPI) — The man who six months ago today "with trembling and fear" accepted his election as spiritual leader of the Roman Catholic church is fast becoming known as "Pope John the Innovator."

The rotund, jolly-faced Pope John, son of peasant farmers, had hardly ascended the Throne of St. Peter before it was apparent that some of the traditions of the Papacy were in for a good, healthy shaking up.

The new pope's predecessor was a quiet, shy and ascetic Pontiff who became known as "The Pope of Peace." He went along with the centuries-old traditions of the Vatican, which dictated that every thing always be done in the same slow way.

But it appears today, at the midpoint in Pope John's first year as leader of the world's half a billion Catholics, that the Vatican is over its initial shock and is adjusted to the Pontiff's striking informality, genuine warmth of personality, and his curiosity that often leads him into such places as the Vatican garage to see what the mechanics are doing.

Pope John has swiftly demonstrated he has ideas of his own and big plans for his Papacy.

New Cardinals Named

Only 13 days after his coronation he named 23 new cardinals and brought the strength of the Sacred College of Cardinals up to an unprecedented 75 members. The death of one cardinal later reduced the complement to 74.

The Pontiff also let it be known that the Sacred College would have a lot more to do with decision-making in the Vatican. He considers the College of Cardinals a "Senate."

On Jan. 25 the new Pope did some more "work" that had worldwide reverberations. He summoned an Ecumenical Council of Bishops and other religious leaders of the world to study means of winning back to the church Eastern, Protestant and other Christian sects.

Noted religious leaders of all denominations gave a surprisingly warm response to the call. When the council is held, late next year or early in 1961, it will be the first in nearly 90 years.

The Communists, who had quietly spread the word to its press to "go easy" on Pope John because he wasn't interested in politics soon found out he would vigorously fight them.

Anaheim Father Sues For Injuries to Son

SANTA ANA (OCNS) — Damages of $110,000 are sought in a personal injury suit that has been filed in Superior Court by Anaheim man and his son.

Charles E. Hartung, 881 Avacado, claims his son, Charles, was seriously injured while riding as a passenger in a vehicle driven by Thomas Ernest Nicholas, 311 E. Ellsworth, Anaheim.

Nicholas assertedly drove his car at a high rate of speed despite the warnings of his passenger. The automobile, proceeding on Holy Jim Canyon north of Trabuco Canyon Rd., left the road and overturned. The accident occurred June 16 of last year.

Also named as defendants in the case are the parents of the driver, Mr. and Mrs. Ernest Nicholas.

The court is asked for $100,000 for the youth and $10,000 in damages for the victim's father.

New Computer Reads At Phenomenal Speed Rate

NEW YORK (UPI) — A new computer is being built that will go through more than three million health insurance contracts at least twice a day to find and handle the 65 thousand on which action must be taken daily.

The computer, which can "read" at the rate of 40,000 documents a minute, will go to work for Blue Cross in the metropolitan New York area. It is being built at the Minneapolis Honeywell Datamatic plant in Boston.

Helicopters are credited with performing nearly 10,000 evacuations and rescues of Allied troops during the Korean War.

BANNER WINNER — Judge Robert Gardner (left), president of AID-United Givers charitable donors' association, presents special banner to Mrs. C. R. Fagot, Bullock's AID chairman, and Bullock's Superintendent J. H. Adams for employes. Banner is awarded to all AID chapters having 60 per cent or better of their employes giving full AID standard contribution of 12 minutes pay per week. Seventy-one per cent of Bullock employes are participating in program.

Orange County AID Fund Helped By Bullock's

Employes of Bullock's newly opened Orange County Fashion Square store have made a first year pledge to this area's charities of more than $7,000 through the AID-United Givers Charitable donors association.

Judge Robert Gardner, president of the association, revealed the figure in a special message of congratulations and thanks to store superintendent J. H. Adams and AID chairman Mrs. C. R. Fagot, personnel manager.

Bullock's employes contributions are returned to the community of residence for distribution. Through their generosity charities in Anaheim will receive $517.08 during the next 12 months.

Judge Gardner noted that 71 per cent of the Bullock's employes are participating in the AID program at the store, including 60 per cent of the total who are giving the full AID standard contribution of 12 minutes pay per week.

"This is an exceptionally fine record for a chapter's first year as a part of the AID structure," the judge said in his message to the employes. "The acceptance of the individual's responsibility to his neighbors that this pledge represents is a good indication of the fine spirit prevalent among Bullock's employes and also an accurate reflection of the company's attitude in these matters."

Bullock's employes are now joined with several thousand other Orange Countians who do their charitable giving through membership in the AID donors program. Contributions are deducted automatically in regular installments throughout the year for distribution via formula allocation or designation to most of the locally campaigning charities. In return for AID membership, employe groups are given immunity from solicitation during the regular campaign periods of the charities.

On the Other Hand . . .

ATHENS, Ga. (UPI) — The fellow who runs the newsstand at the University of Georgia found that some students were taking papers without paying for them, so he tacked up a sign reading: "Thou Shalt Not Steal."

Next day he found a Biblical scholar had added: "The Lord Blesseth Those Who Help themselves."

Stanton Officers End Police Training Grind

Stanton police officers Don Daughtry and Ken Smith have completed a five-week course at the Riverside Sheriff's Police Training School at Riverside City College.

They attended classes Monday through Saturday from 8 a.m. to 5 p.m., and studied 40 different subjects ranging from 40 hours on penal code to "modus operandi" or how a criminal operates according to habit.

Both were chosen by Chief E. W. Patrick to attend the school with 50 other policemen and law enforcement officers.

Twenty instructors, specialists in their own fields, familiarized the students with problems that the men might encounter in their everyday duties.

Students received 12 college credits for the course.

Besides bookwork, Daughtry and Smith gained practice firing "on duty" .38 revolvers and 12 gauge shotguns. They went through a PCA course, simulating combat conditions, and fired 300 rounds.

Radiation New Way To Weigh Freight Cars

CLEVELAND, Ohio (UPI) — The New York Central Railroad's Technical Research center here has put atomic energy to work weighing freight cars as they roll by at 30 or 40 miles an hour.

The new technique uses gamma rays emitted from a cobalt 60 source beneath the rails and a scintillation counter suspended over the tracks.

As the train passes over the radioactive material, the rays penetrate each car, the contents of which absorb a certain amount of the radiation depending on their mass.

The overhead counter records the degree of absorption and feeds the information to an electronic computer which figures the weight of the car and records it.

BIG DIFFERENCE
SO MUCH THE SAME IN PRICE...SO DIFFERENT ON THE ROAD...THAT'S PLYMOUTH!
BIG DIFFERENCE IN RIDE AND PERFORMANCE
Only Plymouth of the top-selling low-price cars offers you Torsion-Aire, the famous ride that combines limousine smoothness with sport-car stability... at no extra cost! And Plymouth offers you the low-extra-cost New Golden Commando 395... biggest V-8 in the low-price field.
BIG DIFFERENCE IN FEATURES
Compare '59 Plymouth with the other two top-selling low-price cars. Here's what you'll find!

	PLYMOUTH	CAR "C"	CAR "T"
	Torsion-bar suspension	√	
	Total-Contact Brakes	√	
	Electric windshield wipers	√	√
	Most driver headroom	√	
	Most driver legroom	√	
	Greatest trunk capacity	√	
	Long-life baked enamel	√	√

PLYMOUTH	CAR "C"	CAR "T"
OPTIONAL EQUIPMENT		
Swivel Seats	√	
Rear Sport Deck styling	√	
Push-Button transmission	√	
Push-Button heating	√	
Mirror-Matic rear-view mirror	√	
Biggest engine	√	

BIG DIFFERENCE IN ECONOMY
A Plymouth V-8 has again proved that it can give better gasoline economy than Ford or Chevrolet V-8s! For the third straight year, Plymouth won its class in the famed Mobilgas Economy Run, America's recognized competitive test for economy. Plymouth's big standard V-8 registered 21.15 miles per gallon.
209-794-2-1959
And Plymouth's "Two-Mile Try-Out" proves the difference
Drive a Plymouth! Prove to yourself that it gives you the Big Difference. And be sure to ask a Plymouth salesman for price comparisons of Plymouth and the other low-price cars. You'll be glad to discover you don't have to pay for Plymouth's Big Difference!

Dog-Tags

by GEORGE COMROE

PR 4-4850

In Los Angeles County more than 2,000 dog bites are reported each month. When a dog bites a person, that dog must be placed in quarantine for two weeks. To avoid being bitten — don't tease a dog; don't force your attentions on a strange dog; don't try to break up a dog fight unless you know how to handle fighting dogs. If you are bitten by a dog, report it to the police immediately — treatment for secondary symptoms of rabies is not effective, and the disease is fatal. On the subject of rabies — if you are bitten by a mother, report it to the police immediately. It is believed these garden pests frequently carry the disease.

Many dog owners turn their dogs loose in the streets, letting them ruin the neighbors' lawns and shrubs — letting them spread disease, or pick up disease in their wanderings — letting them get to someone's female in season — letting them hurt someone, or be hurt. Consider your position — the least you can expect is to lose the friendship of those very nice people down the street.

If you've been hearing about congenital hip dysplasia (malformation of the ball and socket joint), you probably associate it with the German Shepherd — but the disease has been found in 76 breeds of dog and in mixed breeds. As a matter of fact, hip dysplasia has been observed in man for more than 2,000 years. In man or dog, the defect is inherited. If you suspect the possibility of hip dysplasia in your dog, your vet will diagnose by radiography. If the defect is mild, his advice will keep your dog alive and happy.

Several of us went to an obedience practice match in Pomona last Friday evening. You know, when your dog has had just 10 weeks of obedience training, you can have a lot of fun. The entry fee at these practice matches is usually only 50 cents or a $1, and they often have free coffee and doughnuts. And you can't help making new friends — you meet so many interesting people at obedience trials.

Have you heard about the big dog that was the terror of the neighborhood? He'd run out and attack any dog that came by, and he won every fight. One day a little old lady walked by, leading a little yellow dog. The big dog ran out and attacked, and the little yellow dog tore him to shreds. The owner of the big dog was amazed. She asked what kind of dog that was, and the little old lady said, "Well, before we cut off her tail and painted her yellow, she was a crocodile."

Military-Civilian Food Conclave Slated Soon

Government and industry personnel, concerned with the multi-billion dollar food market developed through the military services, will be brought together at the Western Regional Subsistence Conference at the Disneyland Hotel, May 14 and 15.

The conference is designed to provide a medium for the exchange of ideas and problems found in this formative market.

Principal speakers invited are Rear Admiral Joel D. Parks, supply officer, Eleventh Naval District; Major General Andrew T. McNamara, the quartermaster general; Ernest F. Hart, president Food Machinery and Chemical Corp.; Major General Hugh Mackintosh, executive director military subsistence supply agency.

In addition to key staff personnel, commissary and supply officers from some 50 military installations in California, Arizona, Nevada, Oregon and Washington will attend.

CAN'T KEEP UP

YORK, England (UPI) — East Riding County officials said they were sorry, but there seemed to be nothing they could do about a complaint contained in the annual report of County Librarian E. W. Fryer.

He had protested bitterly that too many books are being printed.

Downtown Retail Merchants Against Relocation of Anaheim City Hall

Anaheim's Downtown Retail Executive Committee went on record yesterday morning as unanimously against the relocation of the Anaheim City Hall governmental offices away from the downtown area.

The committee based their reasoning and action on the obvious devaluation of property that would result from a withdrawal of city offices from their present location.

Chairman Louis Phillips pointed out that such cities as Los Angeles and Santa Ana have found it highly beneficial to maintain a healthy core in the downtown area, and that maintaining of the city facilities is one of the greatest contributors.

Since the Anaheim Chamber of Commerce and the City planners are in the throes of planning with an eventual city-wide bond issue for the purpose of enlarging and modernizing the city facilities, it was thought wise to inform the city government of the feeling of the retailers and the downtown property owners.

Taxwise, the city would stand to lose a tremendous present income, it was decided, that would not be picked up from outside areas, and, of course, the loss would have to be passed on to the property owners of the city, as a whole, to continue to maintain the city's economic program.

In line with their thinking, the Downtown Retail Association is planning an open meeting May 6 at the Anaheim Elks Club with Simon Eisner, planning consultant of the Anaheim planning commission as guest speaker.

His talk will feature urban redevelopment and the value of maintaining a healthy downtown business core.

The meeting will be open to the general public, and will feature a social hour between 6 and 7 p.m. with buffet dinner starting at 7.

Dinner guests will include the Anaheim City Council, Anaheim Planning Commission, City Manager Keith Murdoch, and Robert Mungall of the City Planning Department.

Tickets may be purchased from any of the downtown retail merchants. Wives and guests are urged to attend.

Ask $44,000 Damages In Father-Son Suit

OCNS

A Buena Park father and his son are the defendants in a $44,000 personal injury case that is being heard by a jury in the court of Superior Judge Kenneth Morrison.

A Los Angeles couple, Arthur and Ione Miller, are seeking the damages for injuries received in a crash on Orangethorpe and Grand in Buena Park Dec. 1, 1957.

Defendants in the case are Clarence Striegel and his 16-year-old son, Leroy, both of 8331 Mango Way.

The car was reportedly driven by the youth. It was a rear end crash.

Las Vegas Ceremonial Scheduled By Shriners

The greatest Shrine caravan in Al Malaikah Temple history will leave Los Angeles Friday, May 1, for Las Vegas by trains, planes and busses to attend a Stag Ceremonial over the week end, May 1, 2 and 3.

Les White, potentate of Al Malaikah Temple, estimates that 6,300 Shriners and candidates for membership will participate in the Ceremonial Friday, Saturday, and Sunday in the Las Vegas Civic Auditorium. Highlight will be the induction of 1,250 candidates into the Shrine. A colorful Shrine parade in downtown Las Vegas will start at noon Saturday, followed by the Ceremonial and a Moslem feast.

Windy City Dubbing of Chicago Given Airing

CHICAGO (UPI) — The Indians spelled Chicago "Checagou," "Shikago" and "Chicagou," but the name still means "the place of the wild onion smell," says Virgil J. Vogel, a teacher in Chicago's Harper High School.

Writing in "Illinois History," a young people's publication of the Illinois State Historical Society, Vogel said despite many theories about the city's name, evidence indicates that the Miami Indians named it for the wild onions which once grew abundantly in the area.

The commercial forests of California contains enough sawtimber to build 35 million new houses.

INDONESIANS PROVE LOVE THROUGH THEFT

LOMBOK, Indonesia (UPI) — It's the marrying season on this East Indonesian island and the time of year when a young man's fancy turns to thoughts of love — and stealing.

In neighboring Bali, prospective bridegrooms steal only their brides. But there, a young man with marital aims must become a full - fledged thief before he can get a wife who will respect him.

Lombok police say this age-old custom causes them plenty of trouble, even though it's not as bad as it used to be.

Years ago, a suitor had to swipe a water buffalo to convince the girl — and her parents — of his affection and manliness. But, today, he can get by with stealing a rooster.

However, many youths want to outdo their fathers. So, if a fellow's father stole a water buffalo to get his mate, the son feels he must at least get a water buffalo, with a rooster for good measure.

A youth who does not have enough courage to steal sometime winds up unmarried because the girls take this stealing serious.

Professor Airs Views On Assistance Agencies

BERKELEY, Calif. (UPI) — A University of California social welfare professor believes California's public assistance agencies need some help themselves.

Kermit T. Wiltse, concluding a study on the public assistance worker, said most such agencies are improperly staffed to do an effective job of "motivating" their applicants toward self - help and readjustment.

He thinks the task of helping public assistance families solve their complex social problems demands a high level of knowledge of human behavior and skill.

"It is futile to expect the average untrained and overburdened public assistance worker to do an effective job," said Wiltse. "Either public assistance administration in California must be given the legislative support and funds to fulfill the purposes expressed in the law or else the trend of legislation should be reversed.

"Each additional statutory provision that leads to a broader concept of the objectives of the public assistance programs only widens the gap between what the administration is expected to achieve and what the current staff can actually do."

New Hampshire has the nation's largest state legislature, with 423 members. Nebraska with 43 is the smallest. Average is about 150.

Sammy Weiss Joins Del Mar Race Field

Sammy Weiss of Sacramento yesterday joined the swelling field for the Del Mar Sports Car Race Saturday and Sunday, May 2-3, and will guide his famous German Porsche RSK, the only car of its kind in America.

This is the RSK that Weiss drove to second place in the 150-mile

international Grand Prix at Pomona in March, and the one that Jean Behra of France brought to this country for the 200-mile United States Grand Prix at Riverside Raceway last October 5. Behra wheeled the little giant to fourth place overall at Riverside outfinishing domestic and imported machinery of twice the engine size. Weiss later outbid a host of eager bidders to become the owner.

Last Race

In his last race, Weiss was second in the Stockton sports car main event April 19 to Jack Flaherty's big British Lister-Jaguar.

In the Del Mar 30-lap main event on Sunday, May 3, for modified cars of under 2000cc, Weiss will clash with Jack McAfee of Hollywood, 1950 West Coast king of this division. McAfee drives a Porsche-Spyder RS, owned by Betty Shutes.

The two-day Del Mar 10-event race meet is sponsored by the Sports Car Club of America with Los Angeles, San Francisco, San Diego, and Arizona regions cooperating.

Speckens Joins

Jim Speckens of Phoenix has joined the production class with his Alfa-Veloce, while Tom Lundin and Lee Snodgrass fired a challenge at Andy Porterfield and Fred Grant by entering Corvettes.

Race officials are planning a special Corvette race with so many of them entering.

Other recent entrants include Bell Leyden, Paul Cote, Dick Hughes, Jim Parkinso, Jimmy Moore, Harry Morrow, Jim Coffin, Roland Berry, Kurt Newman, Frank Steele, and many more.

The women's race has drawn Ginny Simms, Ina Anders, Betty Shutes and Cathi Cote among others.

Grid Contest Player Selection Set Tonight

Orange County North-South game officials, fresh from a session on game rules, face a busy week as they meet tonight to pick the South team and tomorrow to select the North squad.

Two major changes in traditional high school football rules highlighted the recent game meeting as the coaches voted to extend the game time from 12 to 15 minute quarters and add the two point conversion.

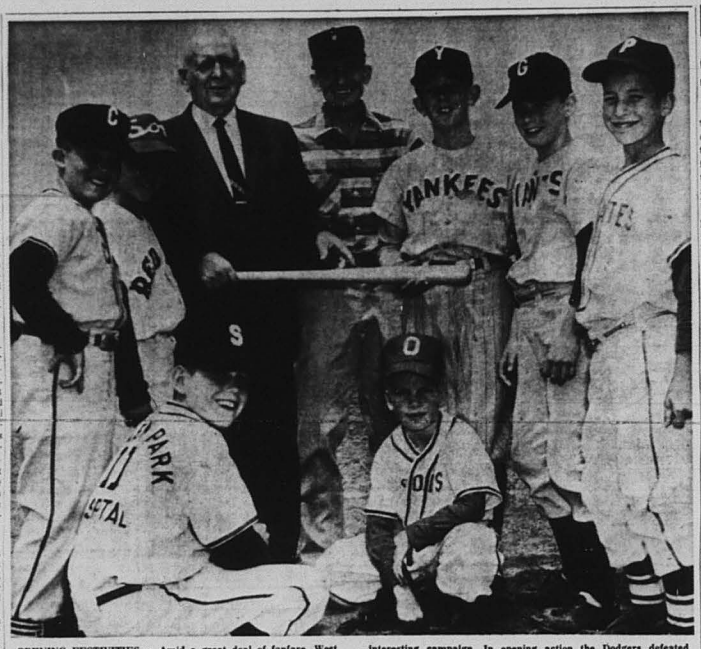

Both rule changes are designed to heighten the games crowd appeal as officials opinioned that the lengthier quarters would give county fans more chance to see their stars in actioon.

The optional one or two point conversion is also expected to add to the color of the game.

Players selected tonight and tomorrow open practice with an equipment issue and photo day, August 1 and the first contract work will be slated for the 3.

Practices will be held on the Brea and Tustin High School campuses from August 3 to 13 on a two day basis. The game is scheduled for the night of August 14, in the Santa Ana Bowl.

Proceeds of the game are to benefit the Big Brothers of Orange County, Inc.

OPENING FESTIVITIES — Amid a great deal of fanfare, West Anaheim Little Leaguers opened their 1959 campaign with a large number of parents, kids and civic dignitaries in attendance. More than 500 spectators were on hand to view Mayor A. J. Schutte toss out the first ball to start what is expected to be an interesting campaign. In opening action the Dodgers defeated the White Sox 7-6. Action was then halted because of rain. In games to be played Saturday the Cubs will meet the Pirates. All games are to be played at Maxwell Field.

Professional Cage Franchise Seen for Los Angeles in '61

NEW YORK (UPI)—The National Basketball Association was expected to announce shortly details of its plans for a Chicago franchise that will be added to the league for the 1960-61 season and a Los Angeles franchise for 1961-62.

League president Maurice Podoloff announced Tuesday night that plans for a Chicago team are nearing completion and that Los Angeles will "definitely" join the league one year after Chicago.

Both teams will be added to the present league structure, rather than involve transfers of existing franchises, Podoloff said.

The Los Angeles announcement was hailed by Bing Crosby, a backer of the team, in a telegram to Podoloff. The crooner assured the league president of his belief that "Los Angeles will support pro basketball in a major league fashion just as it has supported major league baseball."

KENTUCKY STRAIGHT BOURBON WHISKEY

OLD CROW DISTILLERY CO., FRANKFORT, KY., DISTR. BY NATIONAL DIST. PROD. CO.

Feller by the name of John Simone is well known around Anaheim.

Recently he has had as many problems as Joe Bltspik in 'Li'l Abner's comical strip. All Johnny needs is a perpetual cloud over his noggin.

John has made quite a reputation as a bowler in Orange County.

He also flies a helicopter.

Made quite a reputation with his whirly-bird and heliport too. (Never bothers me with his 'copter . . . I live six miles from the heliport.)

Just returned from St. Louis with John Simone, and I can list his many-fold problems:

1. He bowled some miserable scores when he first arrived in St. Lou.

2. He was locked out in the hallway of the beautiful Chase hotel with only his shorts on, and ladies of the matronly type heading his way.

3. He bowled beautifully in the Masters Tournament, ending 52nd in the qualifying round. 51 bowlers are taken into the finals.

4. He finally got into the finals of the Masters (being first alternate), but was bumped less than ten seconds before squad time, when the original bowler showed up.

5. Upon returning home to Anaheim, the heliport was put out of business by the City Council.

Soooo, Johnny John is back home, given perhaps one of the worst deals of all time in the Masters tournament . . . . he and famous Bill Lillard of the reknowned Budweiser team . . . .

Being first alternate (Bill Lillard was second alternate), meant that John had to sweat-it-out for six hours waiting to see if a Masters finalist was going to fail to show up. Finally, the last squad was ready to go. Simone and Lillard were called in, when two men failed to arrive. They were told that once they throw a practice ball, they could not be kicked out.

The Orange County Frenchmen set an all-time record in throwing the first practice ball, eclipsing 17 seconds off a ten-year time! John and Lillard each went on to throw seven (of eight) practice frames. Suddenly a commotion arose, as the two tardy original bowlers came flying into the St. Louis Armory. After a lengthy discussion of the big-wigs, Simone and Lillard were given the heave-ho . . . . and believe me, between the St. Louis sportswriters and several others, this situation will be talked about for a long time . . . A genuine bad deal!

For a good deal, drop in and see us at Linbrook Bowl. Remember our cocktail hour Monday thru Friday from 2 p.m. 'til 6 p.m. . . . Two play areas for the kiddies . . . Lucky luncheon hour daily Mon. thru Fri. from 11:45 'til 1:15. (Someone or some party gets a free luncheon') . . . . LINBROOK BOWL, located at Lincoln and Brookhurst.

Many Top Teams Now Prepare For Tournament

A top-rate field of Orange County softball teams are expected to take part in the Anaheim Bulletin's Pre-Season Softball Tournament to start May 11 on various local fields.

The Bulletin Tourney, which is conducted by the Park and Recreation Department, will be highlighted by a full week of softball action, with the two most winning teams to battle it out May 17 for the crown.

Last year Gopher City, paced by some fine pitching and clutch hitting performances, went on to win the affair in red-hot fashion.

Their championship contest saw them drop Hallamore Electric by an 8-0 count in one of the better games seen throughout the Series.

Anaheim softball fans, looking forward to the affair, are viewing with great interest the number of teams which have already made it known that they will compete.

A field of some 20 teams have entered the fold and it is believed that many more will do so before the deadline date of May 8.

Under Tournament rules a team must win the classic two years straight and then one more year before they can retire the trophy permanently.

Otherwise, they are allowed to keep it for one season and then must hand it back to the next winner.

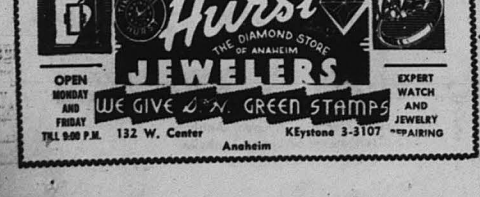

Only one team thus far has a crack at winning it permanently and that would be the Elk's Club.

This group snared the first place award during the first two runnings of the affair.

I'll Handel This

By LEONARD R. HANDEL
(Bulletin Sports Editor)

The current climb of Los Angeles' Dodgers brings to mind a question which should produce some interesting answers.

This would simply ask, "Will success spoil Walter Alston?"

For the past two years brother Walter has been the target of many experts and would-be experts who have expressed an opinion that the lad had about as much job security as a chain-smoker in a munitions plant.

In short, it has been stated, not only in this space but in other ones, that Alston was in dangerous position of having his job blown right out from under him.

General consensus of opinion had it that Dodger brass, from Club President Walter O'Malley down to the lowest second assistant secretary were waiting to see just what would happen before lowering the axe.

Well, when the National League race got under way the Dodgers started off as though they were going to take up where they left off last season.

They dropped an opener to the Cardinals and in doing so gave a number of indications that they were prepared to once again take out the option on the dungeon.

However, after just a few games they started to find their marks and everything became real rosy.

Probably their highest point of the season was when they dropped St. Louis 11-11 after blowing a number of leads.

At this writing they are perched atop the Loop ladder and while it is just a wee bit too early to start making World Series reservations, a number of interesting points can be made.

First is that Dodger pitching appears to be quite a bit more solid.

Such men as Don Drysdale, Sandy Koufax, Johnny Podres and Stan Williams have been coming through well.

One reason for this might be the additional year experience currently being enjoyed by John Roseboro, the fine catcher, who came in last season when Roy Campanella suffered his tragic injury.

The Dodgers have been receiving some fine hitting support, too, with Don Demeter, Don Zimmer, Anaheim's Wally Moon, and Charlie Neal, doing a top job.

It will be interesting to see just what the Dodgers will be able to accomplish during the remaining portion of their current Eastern swing.

Should they be able to return to Smogtown with a greater number of victories than defeats, and in so doing be riding high in National Loop standings, it could produce the most hotly-contested races in many moons.

Alston is faced with the problem, though, of having to keep the club going against some clubs which figure to have it over them like a tent in the talent department.

Milwaukee, for instance, will host the Dodgers May 4-6 and it is quite possible that this three-game set will smash a few attendance figures for the Fred Haney - managed crew.

This, by the way, brings up a few more factors.

One is that should those Dodgers come back home, as we have said, high in Circuit operations, they will be well on their way to another top season at the gate.

A number of fans have asked why it is possible the Dodgers are running behind last season's gate mark although they are winning more games.

The answer to this is simple.

Last year major league baseball was something new on the West Coast.

The Dodgers drew simply because it was big time action and friend fan was curious.

This year that factor has been eased and fandom thought it better to wait and see before shoving their hard-earned cash through the wicket.

However, if the club continues to win — and this is a distinct possibility — then gate figures will take care of themselves.

There is an old saying that it is useless to buy oats for a dead horse. It seems also that your average sports fan will add to this the fact that it is not entirely wise to pay money to see a dead ball club.

The 1959 Dodgers, though, have one thing which last year's team lacked.

This is the ability to excite by virtue of snappy fielding, good clutch hitting and pitching which must take a back seat to no crew.

Tonight Alston's lads open in Philadelphia, the City of Brotherly Love, and empty stands.

Those Phils have been in the second division for the greater majority of their years, and even when they win it is not enough to bring out the fan.

These games could do a great deal for the Dodgers, though, as if they can win at the expense of the Phils, the problem of success spoiling Alston will be that much smaller.

So, it appears that the current road trip means a great deal to the Dodgers.

The game won now need not be taken in September.

They make the task that much easier.

HURDLE TEST — Anaheim's Denis Vollom is seen as he leaps over hurdle during running of 120 Highs at yesterday's Sunset League preliminaries at Santa Ana College. Going over with him is Bob Hoyt of Santa Ana High. Vollom went on to qualify in the event as well as the high jump. The finals will be held Friday afternoon at the same location. A good turnout is expected for the track classic.

(Bulletin Photo)

Colony Tracksters Eye League Finals

SANTA ANA — A large number of Anaheim Colonist track men will return to Santa Ana college Friday afternoon at 2:30 for the running of the Sunset League finals following preliminary action, yesterday.

At that time they will meet the top cinder talent in the Orange County area before what is expected to be a near capacity turnout at the fine Santa Ana College track.

Yesterday Coach Bob Hager saw his clubs race to a number of good wins as they displayed some of their better form of the year.

Some for the finals were Bill Smith, Bob McPhillips, George Bragg, Gray Shepard, Denis Vollom, Leigh Hunt Mickey Cliff, come Dick McKnight, Ron Hunt, Gerry Woodward and Bill Key.

Smith and McPhillips qualified a real stiff test as the remaining Sunset League clubs also figure to bring forth a maximmum effort as competing clubs clash for the Loop title.

Anaheim, which will enter as the pick of some, will have to maintain a maximmum performance if they wish to take their Circuit crown.

Hager, looking towards the finals, said; "We are going to have to work hard for the finals."

He said that the Colonists can expect a great deal of trouble from Santa Ana High School, which will also enter a powerful club of some of the better track men in the Orange County area.

Each of the competing schools looked good in the prelims, which turned out to be one of the better events in recent years.

Also entered from Anaheim are a number of men who did not make to qualify in the Loop prelims.

Among these are the lads who will compete in such events as the mile run, 880 relay and pole vault.

The complete list of colonist qualifiers follows:

1959 SUNSET LEAGUE FINALS QUALIFIERS
Figures Are Best Times

100—Smith-Best, Time 9.9; McPhillips, 10.0
220—McPhillips, 21.8; Smith, 21.9; Bragg, 22.3

Race for Roses, Noses Will Highlight Alamitos Card Saturday

LOS ALAMITOS—Race fans can take in both the quarter horse horse races and the Kentucky derby Saturday at Los Alamitos race course.

Track President Frank Vessels sr. announced today that arrangements had been completed for the rental of large-screen TV sets for placement throughout the Los Alamitos Club House and grandstand for the convenience of race fans who want to see the "Run for the Roses."

Los Alamitos, itself will present the "Run for the Roses," The $20,000 Los Alamitos Quarter Horse Championship, an invitational affair at the classic quarter horse distance of 440 yards.

Entries for the championship will be drawn tomorrow with Betty Jo Kiser's Vanetta Dee, the defending champion and winner of two stakes earlier in the meeting, expected to head the list.

The championship is an invitational affair, but the RSVP's won't be sent out until after the St. Mary's Hospital Guild purse is run this afternoon.

The St. Mary's Hospital Guild Purse brings together Miss Louton, Vannevar, Quick M. Silver, Cute Trick, Pap and Pokey Pat at 400 yards and one or more of those might step up from there to starting berth in the championship.

Dick Richards' Little Robe, no closer than fifth in four previous starts at the meeting, dropped into slightly cheaper company to win yesterday's featured Santa Ana Purse by a half length before 5,698 fans.

Ridden by Darrell Banks, Little Robe led almost every step of the way while bearing out slightly and was clocked in 18.4 seconds for the 350 yards as she showed Suleona and Pamie Jo the way to the wire for a $22.50, $10.90 and $5.10 return across the board.

RIDES THREE WINNERS

LAUREL, Md. (UPI)—Jockey Howard Grant raised his riding leadership to 35 winners at Laurel Tuesday with a triple.

Flu, Yankees Worry Chicago

CHICAGO (UPI)—The Chicago White Sox faced the dreaded New York Yankees with added woes today. Ten players were weakened or absent following a siege of flu.

White Sox Manager Al Lopez, himself suffering from the bug, hopped most of his regulars could hobble onto the field for the series opener against the Yankees.

Although only break the Chicago club got was the postponement of Tuesday night's scheduled game due to wet grounds, giving the ailing players an extra day to rest.

The suffering Sox were rookie outfielder John Callison, pitchers Dick Donovan and Gerry Staley, third basemen Billy Goodman and Bubba Phillips, first basemen Earl Torgeson and Ron Jackson, catchers John Romano and Earl Battey and pinchhitter Don Mueller.

Also down with the flu were Trainer Ed Froelich and Coach Don Gutteridge.

Callison was hospitalized and may be out for several days. The others were bedded down in their hotel rooms and homes.

Lopez said the flu began making the rounds during the club's doubleheader at Cleveland Sunday.

"It was pretty cold and we started feeling it then," Lopez said. He said it "really hit us" on Monday night.

Lopez said he was feeling better and wasn't going to concede a thing to the Yankees. "I think we'll be all right," he said.

Hershey's Big Gun Leads Bear Victory

HERSHEY, Pa. (UPI)—Willie Marshall, Hershey's big gun during the regular season, led the Bears to their second straight American Hockey League Calder Cup Tuesday night.

Marshall, a 29-goal man, scored twice in pacing Hershey to a 5-2 play-off victory over the Bisons, wrapping up the best-of-seven series, four games to two.

A three-goal spree by Hershey in the final period nullified pennant-winning Buffalo's game attempt to stay alive in the play-offs. Ed Stanklewicz, Hank Yanosik and Marshall broke a 2-2 deadlock with their trio of tallies to give the fourth-place Bears the title.

Belma Wins Decision In Long Beach Bout

LONG BEACH (UPI)—Frankie Belma, 151, Wilmington, was awarded a close decision over Nicaragua's Kid Rayo, 152½, in their 10-rounder Tuesday night at Municipal Stadium.

Angry fans milled around the stadium for 15 minutes after the fight protesting referee Dick Young's 96-95 scoring. He was the sole judge in the no-knockdown bout.

In the scheduled six-round semi-final, Eddie Jackson, 187½, Los Angeles, stopped Jim Harryman, 192, Compton, in the third round.

Western Nine Defeats Valencia In High Scoring Tilt, 7-6

Exploding for seven runs in the bottom of the second inning, Western's Pioneers defeated Valencia's Tigers, 7-6 on the victor's diamond yesterday.

It was a wild contest which saw Coach Roy Merk's forces grab a 7-0 lead, only to nearly lose the decision when the spirited Tigers roared back with four tallies in the third and two more in the sixth.

It was a loosely played affair, one which would be expected earlier in the year.

Coach Roy Merk's forces came up with four errors, while the Valencians were guilty of two more.

Western started things off with a loud bang in the second when with one out Tom Quick singled.

He was advanced to second on a base hit by Keith Davis and the bases became loaded a moment later when Nick Odowick walked.

Both Quick and Davis came steaming across the plate when Marty Serlin unleashed a single to right-center and when the ball was thrown wildly back to the infield Odowick came flying home and Serlin did likewise.

It was then 4-0 and there was more to come.

Hit By Pitch

Roger Aquinaga was hit by a pitched ball and Butch Barthel suffered the same fate.

Tim McManus hit a ball to shortstop and when the throw to second was late all hands were safe.

Aquinaga, who had been running on the play, headed home and came in to score the fifth run when the toss was bad, another overthrow being charged to the Tigers.

Dennis Painter, playing right field, bounced to third base, with the runner advancing on the play.

Both Barthel and McManus came in to score the sixth and seventh runs of the evening when Bill Martin singled into right field.

Rally Ends

The rally finally ended when Quick popped to second base.

However, the game was far from over.

Valencia, thanks to three singles, a base on balls and an error tallied four in the third.

They added two more in the sixth by virtue of a single, two walks and a sacrifice fly.

Coach Merk's Pioneers will now prepare for their Thursday tussle with Rancho Alamitos in the local diamond.

Gametime is slated for 3 p.m.

Both clubs have won a single Loop game from their opponents thus far, with Western winning the first 14-0 and Rancho coming back in extra innings to take the second 3-2.

Rancho, after a slow start, is currently leading the Freeway Circuit by one full game.

Mater Dei Baseballers Lead Parochial League

By BOB LUSKEY

Mater Dei was all by itself on top of the Parochial League baseball standings today after knocking off pesty St. Paul's 6 to 0 yesterday afternoon at Memorial Park in Santa Ana.

The Monarchs had been tied for the loop leadership with defending champ Pomona Catholic, but the Spartans have lost two in a row in the past week and are now in the number two spot, one game back of the Orange Countians.

Mater Del looked good in beating the Swordsmen yesterday as Coach Pat Roberts' charges knocked out nine hits while pitcher Dennis Fraser was shutting the losers out on seven safeties.

It was a big win for Fraser who has lost his first three outings this year, following a wrist injury. The lanky senior whiffed six and walked two in going the seven inning route and except for one slight jam when he had runners on first and second, was never in any serious trouble.

Pacing Attack

Pacing the Monarchs' hitting assault was third baseman Bobby Gonzales who drilled a home run to right field in the fourth inning with nobody aboard. The Monarch third sacker also collected a double to go along with his circuit clout in four trips to the plate.

Other Mater Dei batsmen who had good afternoons were second baseman Paul Gentleman who was two for four and right fielder John Huarte who slapped a triple in three tries.

The Monarchs actually iced the game in the first inning when lead off hitter Dan Salceda drilled a double to left and came home on Gonzales' two baser. Left fielder Dave Casey then chased Gonzales home with a looping single to center.

Mater Dei added insurance tallies in the next four innings when the local forces pushed across one run in each of those frames.

The Monarchs are now 7 and 2 in Parochial League combat at 13-5 on the year. The Robertsmen will hope brace for tomorrow's invasion by third place Mary Star. The Stars had their title hopes all but snuffed out last Monday when the San Pedro squad was upset by St. John Viarney 3 to 2 in Los Angeles. The Stars, however, still sport a dangerous club and beat the Monarchs in the first round of loop action 7 to 4.

JOINS OLYMPICS STAFF

BRUNSWICK, Maine (UPI) — Dr. Daniel F. Hanley of Brunswick, Bowdoin College school physician, has been named to the U.S. Olympic Team's medical staff. Hanley will accompany the team to Rome for the 1960 games.

Sugar Cane Industry Supports Cuban Club

HAVANA, Cuba (UPI)—The Cuban Sugar Stabilization Institute announced today it is donating $20,000 to the Cuban Sugar Kings baseball team as a contribution from the sugar industry.

The action was the first help received by the team since club owner Bobby Maduro conferred with Prime Minister Fidel Castro in New York last week, at which time it was announced the baseball team would remain in Cuba.

Belting Yama Bahama Tests Moyer Tonight

PORTLAND, Ore. (UPI)—Belting Yama Bahama from Bimini, British West Indies, goes into the ring tonight for the 64th professional time against young Phil Moyer of Portland in a 10-round middleweight television match.

In 63 fights, Bahama (William Butler) has lost eight by decision, one by knockout and has drawn in two. Moyer, 21-year-old elder brother of nationally ranked welterweight Denny, has had 16 professional fights. This will be his television debut. Bahama has had 13 video matches.

RESCHEDULE GAME

NEW YORK (UPI)—The New York Yankees have announced that the postponed game of April 11 with the Boston Red Sox has been rescheduled for Yankee Stadium Wednesday night, July 8, provided the July 7 major league All-Star Game is not postponed.

Monarchs Place 10 in Meet

POMONA — Pomona Catholic and St. Francis looked like the two teams to fight it out for the Parochial League track championship Saturday night at the All League meet in Pomona after the Spartans and Knights qualified 23 and 16 men respectively at the loop prelims held yesterday afternoon at Spartan Field.

Orange County's entry in the Parochial derby, Master Del, was able to qualify only 10 men for Saturday's finals but in the process the Monarchs came up with some pretty good times.

Bob Kennedy was the outstanding athlete at the meet winning the 100 yard dash in 10.2, the 180 low hurdles in 21.5 and setting a new league record in the broad jump with a mark of 22 feet even. The old mark of 21 feet, four and a half inches was set in 1956 by Mission's Mike Novotny.

Chuck Baer smashed the old school record in the 440 with a classy clocking of 50.7, beating his own record of 51.0 set last week against Mission.

Other Monarchs to qualify for Saturday night's finals were Ray Sanchez in the 880, Lee Rand in the 120 high hurdles and 180 low, Frank O'Connor in the 880, Tom Graham in the 220, and Frank Yaggie in the pole vault.

Saturday's Parochial League finale will get under way at 5:30 in the afternoon with the beginning of the field events and the running events starting at 7:00 p.m.

Nino Valdez KO's Aggressive Dan Hodge

WICHITA, Kan. (UPI) — Nino Valdes, 217, of Cuba, scored a technical knockout at 1:21 of the eighth round Tuesday night against aggressive Dan Hodge, 190, of Wichita.

It was the 35th KO for Valdes.

FLYING CRANE — This S-58 helicopter is being used by Southern California Edison Company to place 186 40-foot wooden telephone poles over an area of four miles in Silverado Canyon, doing the job in an estimated two and one-half days where-as approximately 30 days would be required for a ground crew to do the same job. The big S-58, operated by Okanagan Helicopters, Limited, hovers a few feet above the ground and lowers the butt of the pole into the previously dug hole and releases it. Edison has employed helicopters to string lines, pour concrete, and airlift machinery to remote areas.

YOUR MONEY'S WORTH

Yearly Record Shows Remarkable Stability in General Price Level

By SYLVIA PORTER

In the past year the overall level of prices you and I, as consumers, pay for goods and services has risen less than ½ of 1 per cent. Since last June the rise has been a tiny ¼ of 1 per cent.

This is remarkable stability in the general price level. In fact, during no previous period on record have consumer prices held in so narrow a range as in the past nine months.

But the explanation for this extraordinary steadiness in the overall price index is just this: The cost of a typical food basket of a supposedly average city family has dipped perceptibly since last spring.

Outside of food, the prices of most other things and non-things we must or want to buy are still climbing — gradually, but relentlessly.

Just a few figures pound home the point. Food prices are down a full 2¼ per cent in the past 12 months and clothing prices are down another ¾ of 1 per cent. But the cost of transportation has increased 4½ per cent. The cost of medical care has jumped 5% per cent. Housing, personal care, recreation, other goods and services — all are priced higher than a year ago.

In short, "Food" alone has kept the consumer price index from leaping from peak to peak during this phase. If food is lifted out of a city family's market-basket, the "stability" in prices disappears.

It's an exceedingly important angle, for the crosscurrents obscured by the seemingly tranquil price index explain why thoughtful observers are still flashing red signals about the potentials of inflation. The fact that the steadiness in the consumer price index rests on only one item in our cost of living explains why there is no complacency among experts about the progress we're making in conquering inflation dangers.

Right now, for instance, the average of industrial prices is actually 1¼ per cent above the previous all-time high. As C. Canby Balderston, vice chairman of the Federal Reserve Board, stressed just last week, "Industrial prices have risen sooner and faster than in the two previous recessions" of 1948-49 and 1953-54, despite "unused capacity of human resources and manufacturing plants." It will be extraordinary, indeed if current price rises at the raw material and manufacturing levels don't spill over into the retail level. And if steel prices are hiked this summer there undoubtedly will be a rash of price boosts on a long list of goods we buy.

Right now auto insurance rates are being boosted the nation over. As an illustration, this month auto liability insurance rates in New York State were boosted an average 18.4 per cent, the greatest single postwar rise in these rates. As New York's millions of drivers renew policies or take out new ones, they'll feel this nick in their pocketbooks. And this is typical of what's happening in state after state.

Right now many "little" items are heading up. Again as an illustration, in response to zooming hide prices, shoe manufacturers have raised prices on their fall lines as much as 10 per cent. Now, makers of women's handbags are slated to follow with price increases.

Right now building costs are advancing, and the authoritative forecast of F. W. Dodge Corp. is for a 4 per cent increase in construction costs by next April. This telegraphs higher prices on houses.

Equally important is the fact that we're devoting a larger percentage of our spending dollar than the official price index suggests to goods and services rising in price. We're buying a greater quantity and quality of medical care than the index indicates, as well as paying 5¾ per cent more for it than a year ago. We're buying more auto transportation than the index indicates, as well as paying 4½ per cent more for it than a year ago.

As long as food prices stay steady or drop, the general price index won't go into another upsurge.

BREATHING EASY — Danger of aviation accidents resulting from malfunctions in the pilot's oxygen system are minimized with the new miniature oxygen regulator which is part of the mask being strapped on by R. M. Wensell, chief of flight test operations for North American Aviation Inc.'s Columbus Division. The oxygen regulator, designed and manufactured by the Aeronautical and Instrument Division, Robertshaw-Fulton Controls Company, operates on a sensitive "differential pressure" action which gives aircrew members effortless breathing, according to company engineers. The regulator features small size, light weight, dependability and sensitivity.

Space Age Forces Textbook Writer To New Approach

NEW YORK (UPI) — The influence of rockets and space travel is bringing a new approach to the teaching of science in American schools, including new kinds of textbooks.

One new series of textbooks, called "Adventures in Science," is aimed at junior high school students. It is published by The American Book Company and written by Dr. Willard Jacobson of Columbia University Teachers College and Robert N. King and Louise E. Killie.

"The scientific sophistication of American youngsters makes an overhaul in our teaching approach imperative," says Dr. Jacobson. "Where they already have had science instruction, there is a terrific awareness of daily developments. But even if they haven't had science in school, they have been exposed to it on radio, television and in magazines and newspapers. In other words, it is wasteful to continue teaching junior high school students as if this were their first introduction to science."

NO MORE LEFT

SOUTH HERO, Vt. (UPI) — H. Roy Allen, 80, a descendant of Vermont's famed Ethan Allen, retired after 15 years of service as the state's only male draft board clerk.

Southland Events Planned For Armed Forces Day

CAMP PENDLETON — May 16 is the date that the President of the United States and the Secretary of Defense, in coordination with the Secretaries of the Armed Services, have proclaimed as Armed Forces Day 1959.

The third Saturday in the month of May has been chosen for the observance during Armed Forces Week for many reasons.

Prior to the year 1950, the Branches of the Armed Forces celebrated their anniversaries independently, usually on the date of their original inception. However, a Presidential Proclamation in 1950 set aside the third Saturday in the month of May as the single date all branches of the Armed Forces would commemorate. This observance was designed to show the unification, common interests and interdependence of all branches of Service. The setting aside of one day each year would enable the public to see the close relationship existing between the Army, Navy, Air Force, Marine Corps, Coast Guard, Reserve Forces and related organizations at all levels of command.

The Department of Defense coordinates the observance on a nation-wide scale. To facilitate the over-all operation, the country has been divided into areas of responsibility with one of the branches of service in that area designated as the coordinating authority. By doing this the interest and emphasis on Armed Forces Week is put on a local level.

Major General R. H. Ridgely Jr., Commanding General, Marine Corps Base, Camp Pendleton has been designated as State Project Officer for Southern California. The area under the General's responsibility embraces all of southern California, bordered on the north by and including Kern and San Bernardino Counties, plus the neighboring area around Las Vegas, Nevada. This area has been further divided into four Sectors, each having a local Sector Project Officer in charge.

To date, several military leaders and high ranking Department of Defense officials are scheduled to make public appearances during Armed Forces Week, May 9 through May 17. The majority of the appearances will be on Armed Forces Day.

The United States Air Force has tentatively scheduled a fly-over using the latest combat aircraft, for most communities and military bases in southern California. This is in addition to the Open House activities at their home bases.

Army and Marine Corps Bases are also scheduling Open House dates. Static displays and demonstrations of troops and equipment will be featured on the different bases.

Many of the Navy and Coast Guard units throughout southern California are also scheduling Open House dates as well as making their ships ready for inspection by the public.

All dates of Open House activities will be announced by the Sector Project Officers or their assistants. The public is invited to watch for these dates and to attend the observances held at the military bases in their community.

Many communities are holding their own parades and display with units of military men and equipment included at the request of local community leaders.

The southern California area with its many manufacturing companies that contribute to the Nation's defense will undoubtedly have a greater turnout of people for the occasion than other areas of the country.

Many of the advancements that have been made in the fields of guided missiles and aviation have originated in this area. Military bases that utilize these locally produced weapons of defense will have them on display.

Firms Form Corporation in Garden Grove to Provide Reading Services

The largest private reading organization in the world affiliated this month with a Garden Grove firm to create professional reading services for this area as complete as those found anywhere in the nation.

The Garden Grove firm, Reading Guidance Center, Garden Square, with branch offices in San Francisco, Santa Barbara and Long Beach, formed a partnership with the Reading Laboratory, Inc., an international corporation with offices through out the United States, in England, Australia, India and South America.

Richard L. Zweig, Director of the Reading Guidance group, announced the affiliation at a private reception for staff members and their families.

In combination, the two groups propose to offer complete clinical and classroom facilities in every level and facet of the reading field.

According to Zweig, "The Reading Guidance Center deals in the remedial field of reading, utilizing its staff of psychologists and educators to correct the more deeply rooted reading problems of children and adults."

"On the other hand," Zweig stated, "Reading Laboratory, Inc. specializes in the 'developmental' or 'speed' reading areas, accepting both children and adults of average performance levels and accelerating them to a much more highly advanced status." This organization has conducted industrial reading programs for Time, Inc., Western Electric Company, Na-U.S. Steel and many other major firms.

Dr. George Wilkinson, head of the local office, explained that the rapid growth of professional reading organizations has developed from the fairly recent acceptance of reading as a complex educational science and not simply a minor learning skill. "Since all education is based on reading," said Dr. Wilkinson, "It is natural to find both public and private educational groups increasing their concentration in this area."

To illustrate the complexity of the reading process, Dr. Wilkinson pointed out, "Eight of the 12 staff members of the Reading Guidance Center hold a Ph.D or an Ed.D while the remaining four have completed work in excess of a Masters degree."

For the present, the partnership of the two professional groups will be limited to their offices in California. It is reported that plans for a nation wide cooperative program are currently being prepared.

READING CAN BE FUN — Dr. George Wilkinson (left) and Richard L. Zweig show corporate symbols of Reading Guidance Center, Inc. and Reading Laboratory, Inc. The model, Miss Jan Custer, is perched on the books to remind everyone that good reading is still a pleasure.

Smelt Omelet On Top For California Fish

SAN FRANCISCO (UPI) — A first - class omelet is being prepared to feed hungry trout in California's streams.

A plane from Japan recently delivered 1,800,000 smelt eggs which will be used by the state's fish and game department to supplement the food supply in artificial water areas.

Mosk Says Lie Detector Beaten By One Testee

SACRAMENTO (UPI) — California's Department of Justice has a busy lie detector.

Attorney General Stanley Mosk reported that during a recent month polygraph specialists made 31 examinations. They found that 20 persons were telling the truth, 10 were lying and one beat the machine.

EXPERT WOODSMAN — Don Tomas Robertson, owner of San Miguel Village, Ensenada, Mexico, gives members of Anaheim Boy Scout Troop 82 a lesson in proper use of an axe. Shown are (from left) Don Tomas, Alan Galuette, Doug Walker, Scott Walker, Tom Mills, Tom Kast, Rody Guilford and Alan Lewandowski.

Anaheim Boy Scout Troop Takes Trip To San Miguel Village in Ensenada

Anaheim Boy Scout Troop 82 staged a friendly invasion of Ensenada, Mexico for a Camp Out at picturesque San Miguel Village as the guests of Don Tomas Robertson. Twenty-one members of the troop made the trip.

Accompanying the Scouts were members of the Troop 82 Committee headed by Scoutmaster Maurice D. Mills. Other committee members were Leonard Wettstein, Roland Schmidt, Bert Walker, Bob Stouff and Bill James.

In preparation for the Troop 82 Camp Out, Don Tomas had his vaqueros round up eight burros for two supervised mountain rides. While one detail mounted the gentle animals for a two-hour ride to the crest of nearby Point San Miguel, Don Tomas took another detail on a wood gathering expedition in the ranch pickup truck.

A feature of the Camp Out was a demonstration of the proper way to lash a pack saddle using the famous diamond hitch. Don Tomas' ranch foreman gave the demonstration.

Troop 82 Scouts making the Mexico Camp Out were David Gooding, Floyd Wettstein, Ronald Mills, Paul Stouff, Scott Longworth, Doug Walker, Mike Walker, Wallace Peerson, Evan Maranville, Harold Grant, Tom Kast, Ronald Leigh, Jack Landis, Ben Bland, Rody Gilford, John Sullivan, Bob Galuette, George Miyake, James Bailey and Alan Lewandowski.

Weird Raw Goods List Used by Eastman Kodak

ROCHESTER, N.Y. (UPI) — In a single year, the Eastman Kodak Co. purchased more than one million dollars' worth of each of the following: silver, wood cellulose, coal, alcohol, cotton linters and animal hides and bones.

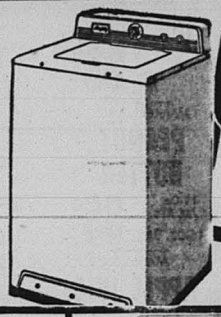

It also bought such items as plastic skeletons, fresh frozen pig skins, beef-cattle gallstones, prime steam lard and food for flies, all of which were used to develop the company's photographic and chemical products.

Anaheimer Gets Jailed For Call Girl Capers

By Orange County News Service

An Anaheim man who reportedly took approximately $10,000 from his employer and spent it on expensive Hollywood call girls is serving a 10 month sentence in Orange County Jail.

He is Alfred H. Valencich, 38, of Fort Syracuse. He was sentenced Friday by Superior Judge Robert Gardner. He also was placed on three years probation following his jail term.

His former employers, the AZXY Liquor Store, Garden Grove, had contended the Anaheim man had made off with $16,000. A lie detector test taken by the defendant fixed the range at about $5-10,000.

Valencia explained to Judge Gardner that it couldn't have been so much money. He just couldn't see how it reached such a figure.

The man, who had no prior convictions on his record, admitted he spent all the money on only one item—female companions.

"That's the only thing I spent money on," he explained, "nothing else."

THEY LIKE HIM

SPRINGFIELD, Ill. (UPI)—Fire Chief Francis J. Saunders is the happiest boss in town.

The incumbent chief was elected by a landslide when firemen were permitted, for the first time, to elect their own chief.

Woman's Civic Club Schedules Elections-Installations for May

GARDEN GROVE — Yearly reports of the chairmen of standing committees will be heard when the general meeting of the Garden Grove Woman's Civic Club takes place on May 1. Preceding the business session, a luncheon will be served at 12:30 p.m.

Recognition will be made at this meeting of members who re-

ceived certificates of award at the recent convention held at Disneyland Hotel this month. An outstanding program has also been arranged, with the well known Mrs. Lolita Baker Valley of Los Angeles reviewing current books and magazines. Since this will be such an excellent feature all club members are urged to invite their friends to enjoy this very special date with them. Reservations, must be made for the luncheon. Mrs. Frank Abbott, JE 7-6187, or either of the Miss Hedstroms, KE 5-2390, will be happy to take the listings.

At 10:30 a.m., also on May 1, the Bible Study Section will meet at the home of Mrs. Charles R. Glenn, Jr. at 9622 Skylark. Every one is welcome to attend these Bible study groups.

The Craft Section will hold installation of officers at the Greenbrier Restaurant, following a 12 o'clock luncheon on May 6. Reservations must be made by May 4, through Mrs. S. A. Levene, JE 4-1955 and Mrs. H. A. Oliver, LE 9-9422.

The Funsters will meet at 10 a.m. May 7, and each Thursday during the month, for rehearsal and selection of routines, at the Four Arts Studio, 11532 Garden Grove Blvd. These meetings are where this delightful group get their ideas for such wonderfully entertaining features for which they are noted.

On May 8, the Social Section will meet, also at the Greenbrier; there will be a social half-hour from 11 to 11:30 a.m., A short business meeting will proceed luncheon at noon, during which session election of officers will take place. Bridge and samba will be played in the afternoon with prizes for high score. The hostesses will be Mmes. H. A. Sowers, George Ray, and Raymond Kurz. Mrs. Ray and Mrs. Kurz will make reservations; their phones are LE-9-0746, and LE-9-5901.

Other Sections

Mrs. John Alexander's home, 746 Eugene Place, Anaheim, will be the meeting place when the Fine Arts Section hold their luncheon and program, at noon on May 12. Mrs. Alexander, JE 7-7415 and Mrs. Raymond Harder, assistant hostess, TW 3-0150 will make reservations. Officers will be installed at this time.

Installation of officers of the Garden Section will take place at the Revere House in Tustin on May 13. Reservations must be made by May 11, with Mrs L. E. Regan, JE 4-1961; this meeting will begin at 12:30 p.m.

At the clubhouse, also on May 13, at 8 p.m. the Mannequins will hold election of officers. Marie Bregder, LE 9-0312 and Marjorie Bazzt, LE 9-0171, will be the hostesses.

The Booklovers meet May 15 at 12:30 p.m. at the Imperial Restaurant, 8641 Garden Grove Blvd. Reservations must be in for the luncheon by May 12, to Mrs. Elizabeth Powell, JE 4-5399.

On May 18, the Contract section will hold election of officers at the clubhouse, at 7:30 p.m. the hostess will be Mrs. James E. Lander, JE 4-3488.

Young Matrons meet on May 19th at the clubhouse at 8 p.m. The chairman, who will also be hostess, is Mrs. G. W. Helwig, LE 9-6460.

NIFTY WAITRESSES — Girls of the Western High School GAA will act as waitresses when the Western High School PTA stages its annual barbecued ham dinner tomorrow night in the cafeteria. Receiving instructions from Mrs. Dan Bellinfante, dinner chairman (right), are (from left) Linda Southfield, Lynn Cybrandy and Darlene Zwart. During dinner music will be furnished by the High School Music Department. In addition to the ham dinner, the school will hold open house in honor of Public Schools Week. Classrooms will be open from 6 to 9 p.m. with teachers present to meet the parents. There will be demonstrations and exhibits in business education, art, homemaking, science, and physicial education. The PTA will not hold a regular meeting this month.

(Bulletin Photo)

VFW Auxiliary To Have Poppy Poster Contest

CYPRESS — In preparation for their annual sale of buddy poppies next month, the Cypress VFW Auxiliary 9847 voted to sponsor a poppy poster contest in the Cypress Schools again this year, when they met on Monday night in VFW Hall. It was voted to give monetary prizes for first and second place winning posters for both the Cypress and the Daniel T. Mackay Schools. Katie Sanders poppy chairman, will be in charge and make arrangements with the schools.

Fran Sherron, the new president, announced the chairmen of standing and special committees as follows: ways and means, Beatrice Hahn; community service, Arliss Rogers; publicity, Olive Williams; cancer, Ruth Pugh; hospital, Myrtle Miles; rehab, Olive Williams; poppy, Katie Sanders; membership, Julia Bouse; youth activities, Virginia Sewell; National Home, Ann Wedeking; park board, Katie Sanders, traveling basket, Ann Wedeking; and sewing, Beatrice Hahn.

Arliss Rogers reported that she had conferred with Richard Van Deren, Cypress School principal, in regard to teaching the school children the correct way of saying the pledge to the flag. She was assured that instructions were being given in the various classrooms.

It was voted to turn over the proceeds of the traveling basket to the National Home Fund. Beatrice Hahn announced that she was working on a sewing program and would announce the details at the next meeting.

Julia Bouse was hostess for the social hour when cake and coffee were served following the meeting.

Formal Tea Marks PTA Installation

BUENA PARK — An Installation Tea highlighted the April meeting of the Grand Avenue Parent-Teacher Association on Thursday afternoon in the school auditorium.

The lovely formal affair marked the 48th installation for this PTA. The Grand Avenue PTA was organized and the first installation was held in the year 1911.

Officers to be seated for the coming year were: Mrs. George Wedemeyer, president; Glen Tressler, first vice-president; Mrs. Glen Tressler, second vice-president; Mrs. George Ledbetter, recording secretary; Mrs. William Glaue, corresponding secretary; Mrs. Edwin Padfield, treasurer; Mrs. James Starr, auditor; Mrs. Edward Vinson, historian; and Mrs. Bert Schut, parliamentarian. Mrs. Cliff Page, a past president of the Grand Ave. PTA and Installing officer for the day, used a "Book Leaves" theme.

Mrs. Schut, retiring president, presided during the short business meeting preceding the installation. The Grand Avenue Choral group under the direction of Margaret Robinson, sang several numbers. Mrs. Ted Stigers, character education chairman, gave the inspirational thought for the day, selecting the words from the Hymn, "I Would Be True."

Mrs. Schut introduced Mrs. Melvin Perry, member of the Buena Park District Library Board, who spoke briefly on the coming March 19 library board election. Mrs. Paul Callaway, librarian invited the members present to visit the newly purchased Bookmobile which was on display at the school during the afternoon.

Mmes. Homer Blaisdell and Wesley Liesch, past presidents of the local PTA, poured during the tea hour. Assorted tea cakes, coffee and tea were served to more than 100 persons present. Mrs. Schut was in charge of arrangements.

Several guests, other than those present included Mrs. Grady Travis, president-elect of the Buena Park High School PTA, and Mrs. H. D. Train, immediate past president of the Lindbergh PTA and nominee for trustee at the coming school board election.

Sorority Sisters Plan Mother's Day Luncheon

Members of the Eta Chapter of the Theta Chi Epsilon sorority took time out from their regular program one evening last week and sported themselves to the showing of "Auntie Mame". Popcorn, candy and laughs were enjoyed by all.

The next event of the sorority will be their Mother's Day Luncheon set for May 9 at the Gourmet of the Disneyland Hotel. Corsages will honor each mother as she takes her place at the table.

GARDEN GROVE

HILMA DOUGLASS
JE 4-3990

The Emblem Club of Garden Grove will have an old-fashioned rummage sale on May 1 and 2, at 10822 Garden Grove Boulevard. The hours will be from 9 a.m. to 5 p.m. on both days. All the members of the club are enthusiastic as this is almost their first money-making project. Mrs. Marge Percy is chairman for the affair; assisting her are Mmes. Zetta Kitchen, publicity, Ora Johnson, Edna Hoover, Mary Szymanski and Lucille Knoll. Friends of the members are requested to send any items which they can spare.

The Business and Professional Woman's Club begin their new year on April 27. The group will meet at the home of Lorraine Hay, 1311 Berrydale St. at 7:30 p.m. At this time the various committees will be selected and the schedule of activities for the year will be discussed. Mrs. Gwen Weisner and Mrs. Charlotte Cross, delegates to the district conference held the 23rd and 24th in Pasadena will make their official reports of the meeting, while plans for attendance at the California State Business and Professional Women's Clubs to be held in Coronado, from May 21 through the 24th, will be completed.

Mr. and Mrs. H. Seymour Srigley of Nelson St., are still up in San Jose with their son, Burns Srigley, his wife and brand-new daughter, Melinda Sue. This is the first grandchild for the Srigleys. She is also Miss Mettee Chaffee's first grand-niece. Miss Chaffee is carrying on at the Srigley home.

Little Joseph DuBay, who will not be one year old until May, took his first salt-water cruise over the week end, when his father, George DuBay, his two brothers, Larry and Chucky, put their new motor boat into the water. The older boys went fishing, and although little Joe showed no enthusiasm for anything but his bottle and strained baby-foods, his proud father is expecting him to become a seasoned sailor since he is named for his uncle Joseph who has just retired after many years sailing the deep blue sea.

Boy to Take Special Math-Science Instruction

GARDEN GROVE — James S. Hanson, a junior at Garden Grove High School, has been named one of 25 outstanding students from four Southern California counties to attend a special math-science program next summer at the Thacher School, Ojai, Calif. They will receive special instruction in science and math, and conduct their own satellite-tracking project in a pilot program extending over a period of seven weeks.

Jim is the son of Mr. and Mrs. Armand J. Hanson, 14132 Marles Dr., Santa Ana, and a math-science major at the local high school.

The "gifted student" program — the first of its kind in the West — is sponsored by Caltech, Helms Foundation, Ralph B. Lloyd Foundation and Hughes Aircraft Co. Selection was made on the basis of qualifying examinations and interviews, and principals' recommendations.

Morning sessions of the summer program will comprise instruction in physics and mathematics in a curriculum designed by Caltech. Topics will include electromagnetic phenomena, trigonometry, analytic geometry and elementary calculus.

Afternoon sessions will concern satellite-tracking studies as outlined by Hughes Aircraft, with topics including trajectory calculations, optical observations and radio observations of man-launched satellites.

Contribution to True Brings Check for $100

GARDEN GROVE — When Mrs. Hilma Douglass, Anaheim Bulletin correspondent from Garden Grove, opened her mail yesterday morning, she found an envelope from True Magazine. Thinking her subscription had run out, she was very surprised to remove a check for $100 for a contribution to "This Funny Life" which she had sent in January.

She is anxiously awaiting their next edition to see her story in print.

Mrs. Alma J. Booth Dies in Coalinga

Friends of Mrs. Alma Jane Booth, 81, a resident of Orange County for 30 years before moving to Coalinga several years ago, have received word of her death last week in the northern city, after a long illness. She and her husband, the late Albert H. Booth, were associated with their son and wife, the Lyman Booths, in the operation of Booth's Service Station, Lincoln and Grand Aves., West Anaheim, for many years. Born in Ovid, Mich., she came to California from Kansas in 1917.

Mrs. Booth is survived by one son, Lyman, of Joshua Tree; a daughter, Mrs. Thelma Wilson of Coalinga; two brothers, Ira Scott of Denver, Colo., and H. B. Scott of Fort Morgan, Colo.; two grandchildren, Mrs. Geraldine Murdock of Fullerton, and Raymond Booth of Coalinga; and four great-grandchildren.

- Bottle champagne

AWARDED BY **$200.00**

ANAHEIM TRAVEL AGENCY
433 W. Center St. — PRospect 4-5070

One of prizes given by Grants — Watch weekly for changes.

EUREKA VIBRA-BEAT CLEANER

Clean 3 times faster with new EUREKA VIBRA-BEAT

In the amazing new Eureka, BEATING ACTION is now combined with powerful suction to clean three times faster . . . three times easier . . . than ordinary cleaners. Eureka's exclusive, patented Vibra-Beaters shake the rug . . . loosening deeply embedded dirt to be whisked away by powerful suction. You've never in all your life seen anything like it. Why not see a demonstration now, at Grants.

Cleans Where Others Can't — The "neck" of the nozzle swivels so you can clean under low furniture—gets into inaccessible nooks and corners.

Sits Upright On Stairs — So compact, it sits comfortably on narrow steps—lets you clean up or down quickly and easily.

Follows You On Wide Wheels — Goes where you go — so readily it seems to read your mind. Only 8½ inches high. Cannot possibly tip.

Compact . . . Convenient — Carries like a small suitcase, stores in a tiny corner of the closet. And isn't it a beauty!

10 De Luxe Cleaning Tools in "Handy-Pak" Kit — You've never had such a complete set! Includes new unbreakable hose, special floor brush and 2 rug nozzles. Also convenient kit for carrying and storage.

Complete with tools **$89.95**

This page will appear every Wednesday from April 1st, 1959 to June 24, 1959

WINNERS NAMES AND ADDRESSES WILL APPEAR EACH WEEK ON THIS PAGE Starting June 25th, 1959

READ YOUR WEDNESDAY BULLETIN OR YOU MAY BE PASSING UP A GIFT CERTIFICATE

PRIZES TO BE AWARDED WILL BE DISPLAYED IN THE SHOPS OF THE PARTICIPATING MERCHANTS

Have your Sales Slip validated. If you purchase a Gift Item and become a winner your purchase price will be refunded.

HOW PRIZES WILL BE AWARDED

Each Wednesday, starting June 17 and for two successive weeks following, gift certificates will be inserted at random through the entire run of The Bulletin. A merchant participating in the event will make the insertions.

Insertions will be made with complete secrecy, no one will know which papers contain the valuable certificates until some lucky reader discovers them in their Wednesday Bulletin.

Gift certificates must be presented to the awarding merchant by 5 o'clock Saturday of that same week to be valid, unless claimed within this time limit, the award is voided.

If the winner has purchased the awarded item prior to this date and after April 1, 1959, and produces a sales slip covering the purchase, a cash equivalent will be refunded.

Wednesday, April 29, 1959 — Anaheim (Col.) Bulletin—C-3

Depressed, But Why?

Certain elements in Congress are hard at work promoting a multi-million dollar federal handout for States having depressed areas. The theory seems to be that the Cripple Creeks of America have become ghost towns, and along with some less spectral neighbors who are suffering only from bad cases of labor anemia, need a stiff transfusion of taxpayers' blood.

As usual, the trouble is that the suggested remedy is a habit-forming brew, and is being prescribed for patients that deserve it the least. As the Council of State Chambers of Commerce pointed out the other day, the federal Area Redevelopment Bill, which was passed by the Senate last month, makes "funds from general tax revenues available for the sole benefit of certain favored areas selected on the basis of arbitrary criteria."

Twenty-four States, including California, would receive nothing, although they would contribute to its cost. (California's contribution could reach an estimated $230 millions.)

Of the 26 States that would be eligible for aid, only 11 would receive more in benefits than they would pay as their tax share.

Of these lucky 11, Michigan and Pennsylvania—two major industrial States—would rake in more than half the total benefits.

There is no denying that Michigan is a depressed State. Governor Soapy Williams and Walter Reuther have seen to that. Michigan has unemployment not because industry hasn't the money to invest there, but because Soapy's ideological suds have washed it clean of all semblance of fiscal reliability.

If the Congressional Depressed Area bleeding hearts have their way, California could well be taken to Soapy's cleaners, too.

ROM

The Mail Box

Dear Sir:

A correction to your lead editorial of April 16, 1959 castigating Richard Hanna, 75th Assembly District representative in the California Legislature, should be brought to your attention and to the attention of your readers.

Your editorial points out that Assemblyman Hanna voted for a bill that has not yet passed before him. Senate bill ACA No. 8 by O'Connell on Loyalty oaths is in committee and has not started its path to the floor of the Assembly. Assemblyman Hanna is not on the committee to which it has been assigned. He is not a co-author of the bill.

The error of following the partisan charges in the Orange County Republican Central Committee chairman's attacks on Mr. Hanna voting on the several Loyalty Oath bills now before the legislature is certainly heightened by the technical error appearing in your editorial.

Assemblyman Hanna should be praised for his votes to remove from the statute books two acts declared unconstitutional by the U.S. Supreme Court — Section 32 of the Revenue and Taxation Code which required churches to file a loyalty oath in order to obtain a property tax exemption, and Section 23705 of the same code which required civic organizations and veterans to file a loyalty oath for the same exemptions.

To quote Mr. Hanna, "We voted to remove some deadwood from our already overloaded statute books. To claim that anyone who so votes is disloyal or commits a 'breach of faith' amounts to the same thing as claiming that the United States Supreme Court is disloyal or has committed a 'breach of faith'. I would like to take this opportunity to challenge my esteemed Republican critic to charge that Earl Warren or any member of the Supreme Court is guilty of disloyalty or has committed a 'breach of faith' in ruling that this act is unconstitutional."

Mr. Hanna pointed out that the Legislature almost automatically passes bills repealing statutes which have been declared unconstitutional by the Supreme Court.

Assemblyman Hanna has been a distinguished legislator. In active service in the Assembly since the 1956 Primary Election, Assemblyman Hanna has been returned to Sacramento in two General Elections since that time. A very likeable and congenial Legislator, Assemblyman Hanna now finds himself on the Assembly Rules and Steering Committees. He has served on Education, Agriculture, and the Judiciary Committees and much legislation going through Sacramento has the stamp of Assemblyman Hanna as author, co-author, or sponsor.

It behooves those of us in Orange County who are genuinely interested in creative legislation as the means of adapting ourselves to the needs of a rapidly changing population and economic growth picture to support Assemblyman Hanna in his work in Sacramento.

Just think! We might have elected a retreater instead of a challenger!

Sincerely yours
W. Earl Calhoun, chairman
Orange County Democratic Council

Strange As It Seems

The Profaned Temple

Your Birthday

by Stella

WEDNESDAY, APRIL 29 —Born today, you have an active and clear mind. Your memory should be excellent and you are what is called a "quick study." You are able to store up information and knowledge, making use of it at the right time. You are an adroit conversationalist and usually say something important. You usually speak with authority, and those who listen to you but don't follow your lead are apt to regret it. You are impatient with those people and rarely bother with them a second time.

You enjoy the beautiful in everything and, if a woman, are fond of fine clothes, and if a man, of fine food and wines. Since you have a romantic temperament, you enjoy the company of the opposite sex. You men are quick to spot a pretty face and like having your feminine company smartly dressed and attractive. Both of you are fond of home life and will enjoy making your house the center of social activity in your neighborhood. You should find great happiness in marriage.

Although you appear to be the hard-boiled executive to a casual acquaintance, you are quite different at home or when out among people socially. You are rather sensitive, although you rarely show it.

Among those born on this date are: Sir Thomas Beecham, conductor; Thomas Addis Emmet, physician and scientist; Olive Ellsworth, U. S. Chief Justice; Lorado Taft, sculptor; the Duke of Wellington.

To find what the stars have in store for you tomorrow, select your birthday star and read the corresponding paragraph. Let your birthday star be your daily guide.

Thursday, April 30

TAURUS (Apr. 21 - May 21) — Combine business and romance in a pleasureable fashion. A happy, social day for you.

GEMINI (May 22-June 21) — If looking for a new job, you could find exactly what you want today. Go after it.

CANCER (June 22-July 23) — Handle business affairs adroitly. All technical matters appear to be especially favored.

LEO (July 24-Aug. 23) — Guard against a health upset so that you will be ready and fit for a new business venture.

VIRGO (Aug. 24-Sept. 23) — A friendly, social ending to the month, but don't overdo things and put a nervous strain on your health.

LIBRA (Sept. 24-Oct. 23) — If in some phase of merchandising, selling or advertising, get an important new account today.

SCORPIO (Oct. 24-Nov. 22) —Take care of domestic duties this morning. Spend the evening socially in pleasant company.

SAGITTARIUS (Nov. 23-Dec. 22) — Make the most of today. Your own personal attitude toward things will determine your degree of success.

CAPRICORN (Dec. 23-Jan. 20)— This could be a good day to find bargains in the shops. Do the necessary purchasing to advantage.

AQUARIUS (Jan. 21-Feb. 19) — A forward-looking business day. Make an important advance in your career.

PISCES (Feb. 20-Mar. 20) — This can be a romantic day for you. Entertain friends in your home this evening. A celebration?

ARIES (Mar. 21-Apr. 21) — You can take a calculated risk to get something special you have been wanting for a long time.

(Copyright, 1959, by United Feature Syndicate, Inc.)

Farmer McCabe

Income taxes are over — thank goodness—however, the threat of upward prices is still present. Naturally this upward swing causes inflation and Congress is giving a lot of thought as to what is the best way to combat this inflation spiral. One New England lawmaker has suggested more new taxes—explaining the more the tax, the less there is to spend, and the less spent, the less sold. Well, this may be right, but, Dog-Gonit, most of us have had our pocket books leached by taxes already . . . what we need is more money and less taxes.

Farler McCabe

Assignment: Washington

by Ed Koterba

WASHINGTON—All the Supreme Court justices want to do is shock those old birds. They voted 9 to 0 for segregation.

They want to segregate all starlings, English sparrows and owls from their marble pillars on Capitol Hill.

The wise old men brought a similar decision to the House Appropriations Committee last year, but our lawmakers turned them down on the grounds that the birds would start playing musical roosts over the remaining buildings on The Hill.

Capitol architect George Stewart, for instance, suggested at that time that if those starlings were chased from the Supreme Court Building, they'd likely make the dome their home.

Well, things are different this year. Those dirty birds have come over the Capitol anyway.

So, it appears that the justices' request for $35,000 will be approved, together with Stewart's request to shock them off his dome.

For years, the starlings have been making a mess in Washington, even before what the Republicans called the Truman era. Those winged bombers cluttered up the Treasury Building and tourists' autos with their precision handiwork.

Then the General Services Administration administered the electronics skiddoo to them down there, so those feathered friends took their grievance, to the highest law in the land.

They carried that grievance so heavily—that it looked like right there in the official testimony—that they had sprained their backs.

The testimony, prepared by our justices, read:

"The columns at the front and rear of the Supreme Court Building are composed of a light colored marble subject to spraining from the birds."

Associate Justice Hugo Black came before the Appropriations Committee the other day to correct the misapprehension.

"That," he said soberly, "should be 'staining'."

Last year, the justices asked for only $33,000 for the bird-proofing. This year they want $35,000. The increase, it was pointed out, wasn't because of healthier birds, but because the cost of labor went up. Our starlings are 365 times more faithful than those swallows that keep coming back to Capistrano. Our birds return every night. Daytimes they fly out to the Virginia and Maryland suburbs.

Just why those birds have ignored the buildings occupied by our Senators and Congressmen, around the outside of the Plaza perimeter, to descend upon the Supreme Court and Capitol Buildings smack in the middle, is a modern-day mystery.

I wouldn't know what the answer is, unless maybe it's that they've heard our lawmakers already have another species of bird around them—the kind our taxpayers have been giving 'em.

THE Family Scrapbook

Big Ears Aren't Funny!

From the time he was a small baby, Johnny Jones' ears stuck straight out from his head. Following common practice, his parents clapped a cap over his ears or taped them to the side of his head.

But this did no good. His ears still "flapped in the breeze," as one not-too-tactful uncle remarked in Johnny's hearing.

When he started to school, Johnny was very self-conscious, and though the teachers tried to protect him from the jibes of the other youngsters, they were only partially successful. Gradually, he seemed to get used to his large ears, but it was clear that they were a source of real unhappiness to him.

Most parents would do anything possible to correct some physical abnormality that interfered with a child's physical functioning. Club feet, hare lips and other malformations get early attention.

But such a thing as abnormal ears may be almost as disturbing to the child. And since, according to the American Society of Plastic and Reconstructive Surgery, simple surgery can usually correct the condition, there seems to be every reason to have the job done. There's surely no merit in having to adjust to the joking and ridicule that are sure to come with "flapping" ears.

Washington Report

by James B. Utt

Legislation involving federal aid to education this year centers around the Murray-Metcalf Bill. Senator Murray is from the State of Montana, and Congressman Metcalf is also from that State. One of the gimmicks used to launch a new program authorizing the expenditure of vast sums of the taxpayers' money, is to provide in the authorization little or no cost for the first year of operation, with rapidly accelerating expenditures from that point forward. The Murray-Metcalf Bill is no exception. It has the appeal of "play now - pay later," the same psychology that makes an individual contract for a $30,000 home because the down payment is so low. Nevertheless, a contract is signed, and the obligation must be met.

The Murray-Metcalf Bill provides for an expenditure of a little over a billion dollars for fiscal year 1960. That's the down payment, and by 1963 the annual cost will have risen to approximately five billion dollars, of which you, the taxpayers of the State of California, will pay $550 million a year, with nearly $100 million a year of that money being distributed among thirty-three other States of the Union who can hardly be considered to be our poor relations. For example, the wealthy State of Texas would receive over $80 million a year more than they contribute to the fund. My heart bleeds for them. Even Montana, with its great timber and mineral wealth, would receive about $6 million more than it contributes, so Messrs. Murray and Metcalf aren't doing so badly.

Now even if the State of California received back as much as it contributed, why, oh why, should it not raise this money under its own system of taxation and spend it without a Washington bureaucrat looking over its shoulder and dictating to our State how, when and where to spend this money? Even the Secretary of Health, Education and Welfare admits that federal control of curricula is quite visible within the approximate future.

Like a political party platform, the Murray-Metcalf Bill has something for everybody. It provides that some of this money shall go to increase teachers' salaries, something that each State can do independently. But this little "goody" in the bill assures the authors that every school teacher in our District will write to me and have the members of the Parent-Teachers Association write to me demanding the passage of this legislation.

In order to confuse the public, the NEA (National Educational Association) has provided an untruthful "fact-sheet" for its members to use. In order to disillusion the hardy souls who are opposed to exporting California dollars to Washington, they compare the amount of money returning to California with the amount of income taxes paid by the State of California to the federal government, as if money spent for schools would come solely out of income taxes, rather than out of the total of federal taxes paid by California. Thus the figure is brought into balance. California pays 8 per cent of the national income taxes, but it pays nearly 11 per cent of the total federal tax revenue—a slight difference of more than two billion dollars.

Another argument which the NEA makes to me through its agents is that so many children are coming to California from other States with low IQ's that it is proper that the taxpayers in California should have their dollars spent to improve the educational standards of these other States. The truth is that California should improve its own educational standards. For example, each year I have the applicants for West Point and Annapolis take a qualifying Civil Service examination before I make the appointments. In 1955, 24 high school graduates from my District, who felt they were qualified for the academies, took the examinations. Of these, 13 made a grade of 70 or above; 11 had a grade of under 70, with a low of 44. In 1956, 19 took the examination, and only 6 had a passing grade of over 70, and 13 were below 70. In 1957, 25 took the examination, and 8 had a grade of 70 or above. In 1958, 43 took the examination and only 16 had a grade of 70 or above. You will see that on an average, only about one-third had a passing grade. Of course, among these there were some exceptional students making grades as high as 91 and 93.

I checked with my Colleague from the Fifth District of Texas, whose applicants took exactly the same examination, and, taking the results from the year 1958, 52 took the examination and only 18 had a grade of 70 or above. This ratio is not much different from our own.

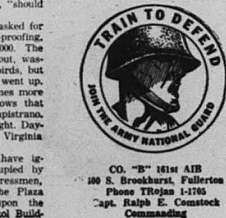

The students are less at fault than the teachers. A political science teacher in one of our California high schools, while talking to his Congressman, made the remark that he was happy the Congressman would not have to run for re-election in 1960, as he had just been elected in 1958 for a six-year term. Surely, a political science instructor in a high school should be faintly acquainted with the first Article of our Constitution, whether he got any further with his reading or not, and should know that a Congressman has to run every two years. This man is teaching YOUR children political science. Another political science teacher in one of our California high schools wrote to his Congressman urging him to support four specific bills, all of which were pending in the Legislature in Sacramento. Again I say, this man is teaching YOUR children political science. Admiral Rickover said that a good teacher can produce a better student in a barn than a poor teacher could produce in a palace.

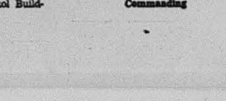

It is the theory of the NEA that it is easier to work with one federal legislature than it is to work with fifty separate legislatures, especially when the federal legislature is far removed from the taxpayer. Every time the federal government attempts to impose federal standards upon the activities of the several states, it is actually an insult to the people of those states, because it is simply saying to them that they do not know what they want or how to get it. If only the American taxpayer will realize that the federal tax dollar comes from exactly the same people that pay the city, county and state tax dollar, they would stop asking for "free" federal money. Above all, the citizens of this Republic must remember that a government which is big enough to give them everything is also big enough to take from them everything they have.

VISITORS: It was a pleasure to welcome the following recent visitors to the Washington Office: Mrs. Merwin Wagner, Placentia; Mr. and Mrs. Robert S. Barnes, Newport Beach; Mr. James H. Kindel, Jr., Miss Mary Jo Coombs, Mr. Edward P. Barrett, Mrs. Ernest C. Phillips, Santa Ana; Mr. R. B. (Dick) Phillips, Annandale, Virginia (formerly of Lemon Heights); Mr. Walter B. Chaffee, Mr. and Mrs. Z. M. (Dusty) Rhodes, Fullerton; and Mr. Philip H. Powers, Oceanside.

Sights 'n' Sounds

By GENE INGE

A SOUR NOTE . . . Who would think that when you walk up to a juke box at the corner drug or your favorite cafe and deposit your dime that you may be inciting violence? Tonight Circle Theater demonstrates how this is possible, as a drama based on fact, "Sound of Violence: The Juke Box Rackets," screens at **10 p.m., Channel 2.** Frank Sutton, Val Avery and Vincent Gardinia star in the story about how racketeers use fear, violence and other methods to force juke box owners into joining their "business organization."

• • •

COMEDY CAPERS . . . Tallulah Bankhead is Milton Berle's guest in a partial repeat of another Berle show on which she appeared, **9 p.m., Channel 4 . . .** Ozzie imagines himself as various historical characters when the Men's Club decides to give a costume dance on the Adventures of Ozzie and Harriet, **9 p.m., Channel 7.** Lyle Talbot guests.

• • •

SPORTBITES . . . Paul Moyer and Yama Bahama of Bimini square off for 10 rounds at the Portland, Oregon, Armory on Boxing, **7 p.m., Channel 7.**

DRAMA DOINGS . . . Cameron Mitchell stars on Wagon Train as an escaped convict fleeing from Scout Flint McCullough, in "The Duke LeMay Story," **7:30 p.m., Channel 4 . . .** A nightclub dishwasher gets his big chance to court the club's singer after he gets the boot from the Millionaire, **9 p.m., Channel 2 . . .** Olive Deering stars on Accused in the grisly tale of a bitter spinster accused of kidnapping and murdering a six-year-old girl, **10 p.m., Channel 7.**

• • •

THIS 'N' THAT . . . Captain Joseph Tuck of the L.A. Fire Department is featured on Danger is My Business, in "Smoke Eaters," **7 p.m., Channel 13 . . .** Viewers can watch the celebrities at the opening of the Ice Capades on **Channels 9, 11 and 13** at **8 p.m.,** and again at **10:30 p.m., Channel 5.**

• • •

MOVIES . . . "David Harum," Will Rogers, **5:30 p.m., Channel 2 . . .** "Behave Yourself," Farley Granger, **9 p.m., Channel 9 . . .** "Remember," Robert Taylor, **10:45 p.m., Channel 11 . . .** "Fighting 69th," James Cagney, **11:15 p.m., Channel 2.**

SAN FRANCISCO PREMIERE

HOLLYWOOD (UPI) — Universal - International vice president David A. Lipton has announced that "This Earth Is Mine" will be premiered in San Francisco, probably on July 27.

JAZZ FESTIVALS

NEW YORK (UPI) — The success of the Newport (R.I.) Jazz Festival has resulted in plans to hold other such festivals this year in other cities. On the schedule are: Toronto, Ont., July 22-25; French Lick, Ind., July 30-Aug. 2; Boston, Aug. 21-23. The Newport dates are July 2-5.

RICKY NELSON STARS — Heading a star-filled cast in Howard Hawk's "Rio Bravo," exciting Technicolor western drama for Warner Brothers, are Ricky Nelson, John Wayne and Dean Martin. The picture opens at the Fox-Anaheim Theater, which recently underwent a sound system change. The new hi-fi stereophonic sound system makes good movies better, according to Theater manager "Alfred" Simpson.

STARTS WEDNESDAY — Andra Martin and James Garner are an exciting new love team, as they romance together for the first time in Warner Brothers' "Up Periscope," a Technicolor-Warner-Scope drama which will start Wednesday night at the newly-refurbished Fox-Anaheim.

Man-Made Snowflakes

BOSTON (UPI) — An electric ice box, built by the Division of Engineering and Applied Physics at Harvard University, has been presented to the Boston Museum of Science. While visitors watch, the device creates giant snowflake crystals, some of them four inches across.

ART SCHOLAR

HOLLYWOOD (UPI) — Billy Dee Williams, featured in Columbia's "The Last Angry Man," has received two scholarships to art schools which he manages to attend between acting chores.

Around Hollywood

By Vernon Scott

HOLLYWOOD (UPI)—Steve McQueen, star of TV's "Wanted — Dead or Alive" oat bin epic, has slouched his way into a top-flight movie, following the sawdust trail pioneered by Jim (Maverick) Garner and Clint (Cheyenne) Walker.

A sort of a beatnik without portfolio, McQueen has a sleepy-eyed outlook on life that even a co-starring role with Frank Sinatra can't shake.

"It's nice," he said laconically. "Like I'm playing a soldier in this picture, man. You might say it's a change from this Western thing I'm doing, right?

"You know, when I first came out here I'd never ridden a horse. But I tackled my role of Josh Randall in the series like it was 'Hamlet' on Broadway. Spent four or five hours a day learning to ride. Even studied how to saddle and unsaddle my horse."

The blond, diffident actor abruptly changed the subject to his hobby—sports car racing.

"That's the way to live," he said. "When you're out there on the track you get rid of all your frustrations. It's a way to express yourself.

"Last week I broke the track record in a four-lap race. Only thing wrong is half way through the race my brakes went out on me, and things got pretty exciting for a while."

McQueen will share billing with Sinatra and Peter Lawford in "Never So Few," playing a role originally scheduled for Sammy Davis Jr.

The film won't interfere with his CBSTV series, however.

"They had to juggle my schedule around for this movie," he sighed. "But I'll be right back at it later this year.

Low-Fat Dieters White Margarine Days About Over

ST. PAUL, Minn. (UPI) — A special margarine for heart patients and others on low - fat diets has led to a kind of revival of the old "speakeasy" days in Minnesota.

The product, called Emdee, cannot be sold in Minesota because it is yellow-colored. The state, which relies so heavily on its dairy industry, allows the sale of uncolored margarines only — so there'll be no mistaking them for real butter.

As a result, according to Dr. Lowell Weber of Minneapolis in testimony before the Minnesota House health committee, some physicians are sending their patients across state lines to buy the special margarine, which contains an acid that helps to lower blood cholesterol levels.

The committee was considering a bill to legalize the sale of Emdee.

Thirsty

KENT, Ohio (UPI) — How much water does a tree need? A newly transplanted elm with a trunk diameter of 10 to 12 inches required 55,000 gallons in less than six months, according to the Davey Tree Expert Co. here.

Salesmanship Course Offered To Scientists

BERKELEY, Calif., (UPI) — Science is entering the salesman field, once dominated by those "born-to sell."

The University of California Extension's Department of Correspondence Instruction served notice that it is offering a "comprehensive" course in salesmanship.

A sampling of the subjects: The psychology of salesmanship, understanding the prospective customer, steps in the selling process, types of selling, and the consumer's attitude toward salesmanship.

Disk by Young Ladd

HOLLYWOOD (UPI) — Another actor's son is entering the disk field. Davis Ladd, 11, son of Alan Ladd, has made a Dot record, "The Sad Horse" and "Can I Carry yotir Books?"

Marriage Licenses

Curfew's Toll

MIDDLEBURY, Vt. (UPI) — Hundreds of Middlebury College coeds were fined two cents for each minute they stayed out after the Saturday night curfew. The fines totaled enough to support a Korean War orphan adopted by the Women's Undergraduate Association.

LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE
NOTICE IS HEREBY GIVEN:

That on Tues. May 12, 1959 at 11:15 a.m. at the main entrance fronting on East Erna Street, La Habra, County of Orange, State of California, of the La Habra City Hall located at 201 E. Erna Street aforesaid, SURETY ESCROW CO. a corporation, as Trustee under Deed of Trust in the original amount of $14,000.00 executed by KENNETH LEE TOMS and BETTY L. TOMS, husband and wife, and recorded on Nov. 3, 1955 in Book 3269 Page 416 of Official Records of Orange County, California, of which Deed of Trust AMERICAN SAVINGS AND LOAN ASSOCIATION, a corporation (formerly Whittier Savings and Loan Association, a corporation) is the Beneficiary, by reason of default in the payment or performance of obligations secured thereby, and notice of default and Beneficiary's election to cause to be sold the property hereinbelow described, having been recorded as provided for by law and more than three months having elapsed since such recordation, will sell at public auction to the highest bidder for cash, payable in lawful money of the United States of America at the time of sale, without warranty express or implied as to title, possession, or encumbrance, the interest conveyed to and now held by it as such Trustee, in and to the following described property in the County of Orange, State of California:

Lot 24 of Tract 2145, as per map recorded in Book 80, Pages 28, and 40 of Miscellaneous Maps, in the office of the County Recorder of said Orange County.

for the purpose of paying the obligations secured by said Deed of Trust including fees, charges and expenses of the Trustee and of the sale.

Dated this 8th day of April 1959.

SURETY ESCROW CO., as Trustee
By S. CASHDAN, Vice Pres.
By J. R. HARRISON, Asst. Secy.

LEGAL NOTICE

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF ORANGE

In the Matter of the Estate of CLARA E. LAKE, Deceased.

NO. A-37910

NOTICE OF PRIVATE SALE OF REAL AND PERSONAL PROPERTIES AS A UNIT

NOTICE IS HEREBY GIVEN that HELEN M. SLACK, as Executrix under the Last Will and Testament of the above-named decedent, will sell at private sale to the highest and best bidder upon the terms and conditions hereinafter mentioned and subject to confirmation by said Superior Court on May 8, 1959, at the hour of 10:00 A. M., or thereafter, within the time allowed by law, at the office of KAUFMAN & MORGAN, attorneys for said Executrix, at 205 California Bank Building, Anaheim, California, the following described real property:

1. Lots 12, 13, 14 in Block "A" of Tract No. 237, Owens and Jones Tract, in the City of Anaheim, County of Orange, State of California, as per map thereof recorded in Book 13, Page 24 of Miscellaneous Maps, in the office of the County Recorder of said Orange County, California.
(Located at 709-711 North Lemon Street, Anaheim, California, and known as "Hacienda Courts")

TOGETHER WITH household furniture and furnishings belonging to decedent located therein located at 709-711 North Lemon Street, Anaheim, California.

2. Lots 20 and 21 in Tract No. 115 in the City of Brea, County of Orange, State of California, as per map thereof recorded in Book 11 page 17 of Miscellaneous Maps, in the office of the County Recorder of said Orange County, California.
(Located at 215 East Ash Street, Brea, California and known as "Casa Brea Inn")

TOGETHER WITH household furniture and furnishings belonging to decedent located therein located at 215 East Ash Street, Brea, California.

Said personal property has been used upon each parcel of said real property. Each piece of real property and each piece of personal property above referred to is located thereon will be sold as a unit under one bid.

TERMS OF SALE:

Cash, lawful money of the United States, ten per cent to be paid at the time of sale, and the balance upon confirmation of sale by said Court, or upon such terms and conditions of payment as the Court may upon confirmation of sale approve. Each parcel of said real property will be conveyed subject to reservations, restrictions, easements, conditions, rights and rights of way of record.

PLACE OF SALE:

All bids must be in writing and may be left at the office of KAUFMAN & MORGAN, attorneys for said Executrix, 205 California Bank Building, Anaheim, California, or may be delivered to said Executrix personally or filed in the office of the Clerk of said Court,at any time after the first publication of this Notice and before the making of the sale.

Said Executrix reserves the right to reject any and all bids which may be received.

Dated: April 29, 1959.

1745 NEWPORT BLVD. LI. 8-9308

COSTA MESA, U.S.A.

TWO HEADS ARE BETTER THAN ONE! BUT YOU ONLY NEED ONE HEAD TO FIGURE OUT WHY...

RAMBLER DEALER "B" IS THE PLACE TO BUY!

THE "KEY" TO THE PRICE YOU PAY FOR A NEW CAR IS THE DEALERS'

"TRADING POSITION"

Trading position is determined by adding each car's proportionate share of the dealer's fixed operating expense (rent, advertising, salaries, utilities, etc.) to the price the dealer pays the factory for each car.

EXAMPLE

RAMBLER DEALER "A"		RAMBLER DEALER "B"
$10,000.00	Total Monthly Fixed Expense	$13,000.00
50	No. of Car Sales per Month	125
$200.00	Each Unit's Share of Fixed Expense	$104.00
($10,000 ÷ 50 = $200)		($13,000 ÷ 125 = $104)

NOW LOOK AT THE EFFECT ON THE CUSTOMER!

DEALER "A"		DEALER "B"
$1800	New Car Costs Dealer	$1800
200	Add Unit's Share of Fixed Expense	104
2000	Total Dealer Cost	1904
*300	Add Dealer's Minimum Profit	*200
2300	Car Costs Customer	2104

(*Sales Commission and many other expenses must be paid out of this figure. However, the more cars a dealer sells the less profit he needs to make per car.)

AS YOU CAN SEE
Dealer "B" Can Give You Almost $200.00 More
For Your Trade-In and Still Make His Normal Profit—Simply Because of His More Favorable

"TRADING POSITION"
BECAUSE OF OUR HUGE VOLUME

TOWN AND COUNTRY RAMBLER IS IN AN EVEN BETTER TRADING POSITION THAN DEALER "B" ABOVE

So . . . DON'T BUY A RAMBLER ELSEWHERE, OR YOU'LL PAY TOO MUCH!

TIP TOP TERMS ON TIME SALES
ON THE SPOT CREDIT APPROVAL!
Our Credit Department is set up to handle any kind of a credit transaction. You can buy for Nothing Down, A Small Down Payment, or Buy on Standard Bank Type Terms. WE CAN GIVE YOU ANY TYPE OF CREDIT TRANSACTION YOU CAN GET ANYWHERE ELSE AND OUR OWN FINANCE COUNSELOR APPROVES YOUR APPLICATION.

OPEN 7 DAYS A WEEK 'til 10 P.M.

Over 100 New Ramblers on Display

TREATMENT OF CUSTOMERS
We try to show customer appreciation by having top-flight fully qualified sales representatives. They are capable of handling each customer without any management interference, from the moment he steps into the agency until he departs with his new car. After selection of a car and discussion of terms and trade allowance our representative will PRESENT OUR DEAL TO YOU IN WRITING FOR YOUR APPROVAL. We receive many compliments from our customers on our approach to a sale and we think you'll like it too.
