

## Now and Then

By The Editor

### ALARMING FACTS; STARVATION WAGES.

Bishop Theodore S. Henderson of the Methodist Episcopal church declares that "there has been an alarming decrease of candidates for the ministry and the churches must begin a vigorous campaign to supply that need."

There is a reason for this shortage of men volunteering their life's work to the service of mankind and the up-building of the Kingdom of God. One of the reasons is perhaps that a great majority of the ministers are compelled to live on starvation wages. Another reason perhaps is the fact that the Methodist churches in nearly every city and hamlet in the Southern states. Two churches are doing the work of one, two pastors are doing what one could do. Perhaps that is one reason why there is a shortage of preachers in the Methodist conference.

Another reason perhaps is the fact that church members are called upon to build ornate and extravagantly furnished church buildings. Less money put in such edifices and more in the purse of the pastors will do more to invite new faces into the ministry.

Unless a man is gifted with a strong and pleasing personality, good mixing ability and a good mind, his ministerial activity is not going to be productive either in acquiring converts for himself and his family or toward the extension of the Kingdom of God. Men of such attributes are being rapidly drafted into other fields because of superior financial offers.

This condition does not apply alone to the Methodist Episcopal church, and this view is not submitted as a criticism. It merely presents what the Anaheim Herald believes is a condition that must be overcome before the Word of God goes marching on as it should. A house divided almost itself cannot stand and the church in righteous life is not exempted from this condition but is pointed out by a broad minded, big hearted, contented clergyman whose salary is adequate to give him the comforts of life.

### "FULLER PROONES"; TWISTED NEWS.

A man in Washington, writer of "exclusive" news for the Los Angeles Times, says the breach between President Harding and Senator Hiram W. Johnson of California is growing wider. This he says is because the Senator is opposed to the blackmail payment to Colombia of \$25,000,000 and the appointment of a man to government position who disregarded the primary preference during the presidential campaign.

The Republicans last year claimed that the Democratic senators and members of the House were rubber stamps, because they did as their leader required. Republican campaign chieftains charged that every time President Wilson ate an apple, the Democratic majority in the Senate had a stomach ache, so close was the harmony between them. Now comes Mr. Fuller Proones or some other "exclusive" writer in a long and laborious article condemning Senator Johnson, a Republican, because he does his own thinking and "disloyally" refuses to think the way the President thinks.

One of the strongest elements in Hiram Johnson's make-up is his ability and determination to do his own thinking. May he ever be that.

We cannot imagine Hiram Johnson letting anyone think for him, not even an "exclusive" newspaper writer.

The New York World believes the world will be better when the nations hammer out pomegranates instead of swords and is gradually engineering a plan for a great world disarmament campaign. More power to the New York World. It is a Democratic newspaper in every sense.

General Wood is learning that the Filipino wants independence and he wants Uncle Sam to offer to hold the bag in case everything doesn't go along smoothly, alias samee Cuba. Uncle Sam has never been known to be unreasonable.

One of the crimes of the age and one that should be stamped out is the agitator who is paid to agitate.

## CONVENTION IN CHICAGO AFFAIR COMPARED TO OTHER MEETINGS WITH RADICAL LEADERS

Chairman of Convention Declares Object of Organization  
To Make One Big Union Out of All the Little  
Ones in the Country

### INTELLECTUAL HEADS ARE AMONG MISSING

CHICAGO, May 10.—Wild eyed Reds of the country have gone thru the laundry of conservatism and have come out a faded pink. In other words, a radical isn't what it used to be. A visit to the annual convention of the Industrial Workers of the World here today demonstrated that fact.

For instance, none of the 45 delegates carried t.n.t. bombs on their hips. Also, there were no printing presses turning out seditious literature by the ton. No long whiskered gentlemen, speaking in broad English, were numbers among the delegates. All the representatives talked the king's English and talked it fluently. Advocates of the overthrow of the government were not present. Delegate advocated the acquisition of additional members and little else.

The chief problem before the radicals was this:

"How in the world are we going to scrape up the \$75,000 to reimburse the bondsmen of our nine convicted brethren who failed to answer the call at Leavenworth prison."

Up until the time of this press, no answer was found to the question that is causing grave concern from the radicals.

## WATER BOARD MET COMMITTEES; STOCK TRANSFERRED

The regular meeting of the board of directors of the Anaheim Water Company was held on Sunday, with directors H. Tuffree, Thamer, Anlin, Miller, Rust and Holmes present. The minutes of the last regular meeting were read and approved.

Report of the finance committee was read and upon motion warrants ordered drawn in payment of the various demands. It was moved by Thamer, seconded by Miller, that a warrant be ordered drawn to Anaheim Gazette for \$22.10. Report of the superintendent and treasurer was read and upon motion accepted and filed.

Upon motion the following transfers of stock were granted: 6 shares to Cassius E. King to be divided 13 shares to Emil Kestenholtz and 12 shares to J. J. Voughs; 8 shares to Mark Stock to Geoffrey J. Stock or Mary Stock, with right of survivorship; 8 shares to C. C. J. Grinnell; 1 share to Frank Tremble to Nella Johnson; 20 shares to Anna Stavitsky; Sarah E. Holcom; P. M. Dowling and Bertha Paul Dowling to Frank M. Dowling or Bertha Paul Dowling, with right of survivorship; 8 shares to Wilhelmine J. Holcom and Dora S. Zeyn to be divided 6 shares to Edward P. Backs and 2 shares to Dora Zeyn and Wilhelmine Holcom; 2 shares to Helen E. Gilman, Mary P. Roy, Anna Pauline Ames, Lulu J. Brewer, Roberta Brewer, David L. Wright, Tom Wright.

President Hale reported on the meeting with the managers of the Amalgamated Oil Co. and the Hurley-Smith company at the Amalgamated lease April 21. This meeting was with regard to the gas from the Amalgamated lease. The matter was referred to the new oil committee for further investigation.

Robert Marsha of the Robert Marsha & Co. presented a report regarding the sale of the Pedley ranch in Riverside county. This was referred to the directors of the S. A. R. Dev. Co. Mr. Marsha also presented the leasing of the Yofa reservoir for oil. This was referred to the oil committee, which was also referred to the board of directors.

## SCHOOL CHILDREN TO BE ADMITTED FREE TO ORANGE SHOW

Notice is going out today to the superintendent of instruction of Orange county, that all school pupils of grammar, primary and kindergarten units, will be allowed free admission to the orange show Monday afternoon, May 17, if in their regular scholastic classes and accompanied by their instructors.

The plan to afford the school children an opportunity to see the big show without cost is a good one.

## RIOT OF LIGHT IN BIG TENT ORANGE SHOW

Thirty-Six Chandeliers Will  
Be Lighted For 33 Lamps

WORK GOES ON FAST

Scores of skilled workmen are at work today putting finishing touches to the interior of the big tent to house the Orange show.

The office near the main entrance has been completed and Malcolm Fraser, manager of the Orange show, has established his headquarters there. The work of completing the interior of the big tent will now be completed.

A large force of electricians are at work hanging the great chandeliers of paper draped lights, 36 of which will be suspended from the top of the tent to give light during the evening. These chandeliers will be hung with var-colored paper tubing from the rim of the chandeliers. When this is completed and when the lights are on, the interior of the tent will be a riot of color and a beautiful scene. There will be 33 lights in each chandelier, making a total of 1188 large candle power lights to illuminate the interior of the tent at night.

The box office at the main entrance is also completed and the pillars are all installed along the highway in front of the tent. The booths and exhibition booths are going rapidly forward and Manager Fraser, as well as chairman Stern see nothing in the way to retard the completion of the work before Saturday.

## FALLING TIRE RIM HITS MAN ON HEAD; DEATH FOLLOWS

The coroner's jury decided yesterday afternoon that the death of Mack Miller, 48, of Santa Ana, was caused by the dropping of an automobile rim on his head.

Miller was in the employ of the Olivetti Vulcanizing Shop. He hung the rim of a Cadillac wheel upon a pole while he was vulcanizing the tire. The rim dropped off, striking him on the head. Death followed several weeks later, the doctors declaring that the wound on his head was the cause of Miller's death.

## CYPRESS DISTRICT CITIZENS PROTEST DRAINAGE CANAL

At the regular weekly meeting of the board of supervisors Monday afternoon, residents of Cypress were heard against the proposed drainage canal to be constructed in the Cypress district. Plans and specifications were prepared by County Engineer J. L. McBride and were filed with the clerk on May 7.

The proposed drainage canal will cost approximately \$220,742. This amount will be repaid by 20 year bonds, the bonds to be payable in 20 yearly installments.

At the same time, a civil engineer, who has been retained by the board of supervisors, upheld the proposed drainage system in the face of the protest of the residents of the Cypress district.

Bids were also received from various contractors for the improvement of Lyon street and Glass street. Robert Lousie, a civil engineer, who has been retained by the board of supervisors, upheld the proposed drainage system in the face of the protest of the residents of the Cypress district.

That she would go to jail convicted of practicing medicine without a license was stated by Alice Hulse, Anaheim chiropractor, yesterday. She Aquack, Anaheim chiropractor, will go to jail Thursday as a result of her conviction of practicing a mode of healing without a license from the state medical board.

Amack's friends are planning to give a picnic in her honor at Orange county park this evening.

## GERMANS BELIEVED READY ACCEPT LAST PROPOSAL ALLIED POWERS TROOPS AWAITING TO ADVANCE

Dispatch From French Foreign Office in Berlin Indicates  
Germany will Accord to Demands Rather Than  
Invasion of Country Go Through

## FRENCH CARDINAL SAYS JUSTICE MUST OBTAIN

PARIS, May 10.—Berlin dispatches to the French foreign office today indicated Germany will accept the allies' ultimatum. The messages were not made public, but at the Quai D'Orsay it appeared to be accepted that the Germans will sign.

French troops eagerly awaiting the word to advance, will be held at the border of the Ruhr Valley, prepared to march in if Germany shows signs of evading any of the terms. With only sixty hours remaining before expiration of the allied ultimatum, France was prepared for the "jump off."

Plans for the invasion of the Ruhr Valley were complete to the last train schedule and gas mask.

Indicative of French feeling was the letter of Cardinal Dubois of Paris, made public today. Addressing the arch bishop of Cologne, the cardinal said:

"France's patience is exhausted. The people's sense of justice cannot be hurt with impunity. We demand only justice."

There was great enthusiasm among the troops already gathered at Düsseldorf and the young men who are still pouring toward the border in troop trains.

COPENHAGEN, May 10.—German armed forces have dismantled a French detachment of Koenigshutte, Silesia, according to a Warsaw dispatch today. Polish insurgents were reported in control of half the city, the Germans driven from the other part.

Germans, driven from Koenigshutte, were reported again in possession of the place. Italian soldiers drove the Poles out, the dispatch said, and handed it over to the Germans.

## WOMEN WILL ATTEND Y. M. C. A. MEETING NEXT MONDAY

For the first time since the organization of the Y. M. C. A. work in Orange county, women are to be in attendance at the annual meeting to be held at the First Methodist church next Monday evening.

The complete program probably will be available by Wednesday. Tickets are to be placed in the hands of various members of churches of the county and plans are being developed for accommodating a large number of men, women and children.

The Rev. Roy S. Russell, pastor of the First Congregational church of San Diego, will be the principal speaker at the annual session.

Activities of the Y. M. C. A. during the past year will be reported by the secretaries having charge of the various departments of the work. The organization has been very active the past year and there are anticipated reports that will show greatly increased interest in the work and enlarged membership in the group.

The dinner will be at 6:30 p. m. in the basement of the First Methodist church in Santa Ana, and the women of that church will cater. Tickets will be 50 cents each.

## BAND CONCERT IN ANAHEIM SATURDAY

The Municipal band will give a concert Saturday night, May 14, under the direction and leadership of Earl Totter.

The program will be composed of the following numbers:

March, "Mystic Fontaine," Myrra Fantassie on "My Old Kentucky Home," Dalbey.

Wittmark's "Just a Week from Today," Trinkaue.

Characteristic drum solo, "Oh, You Dreamer," H.H. Charles Mason.

Watson.

Berlin Syder, "Bright Eyes," Jerome.

Patrol, "Blue and Gray," Dalbey.

Leo Felt, "Feather Your Nest," Johnson.

Medley, "Good Night," Hildreth.

**RED CROWN GASOLINE**

*The Grand Canyon of the Colorado*

Here is an unparalleled spectacle—a sight never to be forgotten—one of nature's most stupendous wonders.

The Grand Canyon is about 250 miles long—with a width at the top varying from 5 to 12 miles. At some places it descends to a depth of a mile below the plateau surface. Its best effect, as revealed by extreme depth and brilliancy of coloring, is from a point opposite the Kaibab Plateau—about 65 miles northwest of Flagstaff, Arizona.

Motor roads lead to the Grand Canyon through Ashfork, Williams and Flagstaff, Arizona—all all the way you can get "Red Crown," the all-refinery gasoline.

You'll be glad if you make your Grand Canyon trip a "Red Crown" trip.

Look for the "Red Crown" sign on service stations and garages.

Everything is set and ready to go on that vacation to the fishing camps or to the resorts where life is one grand play day

\$10.00

That's the amount the Anaheim Daily Herald will pay you if you write a shopping story as interesting and valuable, from the readers' viewpoint, as this one. Mr. Conklin of the Anaheim Daily Herald to be the sole judge.

MY DEAR: At last we're off. Yes, we're leaving at dawn tomorrow. If I had not been for the characteristic for which the Anaheim merchants are famed, I should never have been able to satisfactorily complete my arrangements in time for the Day of Days. You know, the merchants of Anaheim seem to take a personal interest in providing the very best in convenience and comfort for their patrons. Really, they are the very embodiment of that greater friendship, the friendship of business. You need never worry, no matter what your desire may be, if it's up-to-date and progressive, the Anaheim merchants are sure to have it. I cannot remember anything that I have enjoyed so much as the preparatory weeks spent in the shops of Anaheim, when I learned to fully appreciate the value of their motto—

"BUY IN ANAHEIM"

FOR THE WOMAN of discernment, the special sale at The Prince Store this week is an exceptional opportunity. Any one of their attractive dresses, dresses designed in accordance with the very latest style dictates, may be bought for only \$25.00. Worthily of more than passing interest, too, are the sport tops with their marked individuality, being offered now at The Prince Store. A jaunty velvet jacket of bright color, combined with the soft youthful lines of one of their new silk or flannel sport skirts, is charming in its very simplicity. A dainty organdie frock selected from the very complete stocks of The Prince Store, is just the thing for the informal summer dancing party. A lovely silk sweater with its trimness of fit is never more in the summer wardrobe, being suitable for a machine or for sport wear.

AN ENCHANTING HAT of white Milan straw is being shown this week at Cable's Millinery, 121 South Los Angeles street. Alluringly lovely is the facing of lavender, the very last word for summer. It's only trimming is a large saucy bow coquettishly tied right in front which forms a striking contrast with the snowy whiteness of the straw. Cable's hats are well known and always pleasing.

THERE IS AN UNMISTAKABLE air of smartness about the trim little satin strap dancing slippers at Joe Lautenbach's, corner of Lemon and Center streets. Really one's dancing costume is not complete without them. Another thing, Lautenbach's footwear retains its original good looks after months of wear. Whether they be sturdy mountain boots, the new sport oxfords of athletic cut or the distinctive walking shoes, there is a certainty that those bought from Lautenbach's are perfect fits. Joe Lautenbach also does expert repairing, and although his workmanship is the best, his prices are most reasonable.

THE ATTRIBUTES of graceful carriage belong only to the well-dressed woman. Worn beneath a dainty organdie or georgette dress, the very attractiveness of a lovely camisole adds that desired air of grace and refinement. Mrs. Taylor is selling a number of the exquisite camisoles for which the Anaheim Crest Company is noted, at the remarkable price of only \$2.98!

PARASOLS WERE ALWAYS my undoing! The Anaheim Music & Novelty Company, has just received some most bewitching new Japanese parasols. With all the art and cunning of the Orient, these parasols are designed in almost every shade imaginable to ensnare even the most fastidious.

tidious. I also took advantage of the reduced prices on bathing caps. Regular \$1.00 values are now being sold for only 25 and 35 cents at the Anaheim Music & Novelty Company.

JAPANESE CREPPES! Yes, the S. Q. R. Store has at last been able to secure a limited supply of the Japanese crepes that have been for so long almost impossible to buy—and in all the newest, bright colors, too! Their counters and shelves are also replete with gingham in the latest figured colors. Sport shirts are an accomplishment, particularly if they are fashioned from the creamy flannels, woolsens, or serges that are now being exhibited to such great advantage at the S. Q. R. Store. It is the women who demand standard value merchandise that are in a position to appreciate the varied virtues and the splendid merits of the products which the S. Q. R. Store has so faithfully upheld for fourteen years.

PRILLY AND FRIVOLOUS are the airy summer frocks which Mrs. Roberts of 315 East Broadway is making for Mary-to this week. The smartly dressed women of Anaheim know that Mrs. Roberts is an authority on style and individuality in dress. Mrs. Roberts seems to possess the secret of original creations, modeled along graceful and becoming lines. To have Mrs. Roberts make your gown is to see your own personality reflected.

EXPERT HANDIWORK of delicate beauty is strongly in demand. When Katherine E. Giss of North Lemon street fashions you a fetching collar and cuff set of sheerest organdie, you are sure of a clever design as well as an original model. Mrs. Giss' hemstitching quickly transforms the plainest of dresses into a pert and billowy sunshine frock of spring witchery.

AN INSPIRATION for a gift, you will always find at the Woman's Exchange, 124 East Center street. In her charming baby room Mrs. Hattley has gathered everything imaginable to make life happy for the little new arrival. Beautiful hand embroidered bed-spreads and pillow cases and stamped dresden scarfs and luncheon sets to be embroidered may also be found in profusion.

AS A WEDDING GIFT, Gordon's floral presentation with an exquisite pearl necklace from Hatfield's, 114 West Center street. In the selection of a correct gift from Hatfield's you are obtaining a gift of the finest quality with month's of thought behind it. There is a certain prestige in the very name of Hatfield that adds such obvious advantages and means much to the recipient.

ANOTHER OF JEAN'S WEDDING gifts was a Hobart M. Cable player piano from Hammel's Music Store at 124 East Center street. Could there be any more appropriate bridal gift than music—the very essence of harmony? I don't think there could. She was also given her selection of several dozen player rolls from Mr. Hammel's very generous stock. Did you know Mr. Hammel will arrange terms to suit you on any player you may wish to purchase?

YESTERDAY when passing Gates, the Florist, on Illinois street, I stopped in to see the ferns which Mr. Gates is intending to exhibit at the California Valencia Orange Show on May 17 in Anaheim. I can truthfully say that I have never before seen such perfect specimens of maiden hair fern as those in which Mr. Gates specializes.

I COULD PRACTICALLY LIVE in the state of Arizona, which is to be found only at Cherry Blossom Inn! On a long and dusty automobile trip you will find San Xavier Crystallized Cactus candy a real treat, always cool and refreshing. We have bought several pounds of the most delicious, pure and harmless candy made from the pulp and juice of the cactus.

DON'T YOU JUST LOVE Zane Grey's books? Abram's Stationery store, 116 West Center street, has a complete stock of his wonderfully entertaining and imaginative novels. Have you read his latest breath-taking

ing narrative of "The Mysterious Rider"? I have bought it and also another of his recent successes, "Seed of the Sun." A book that every true Californian should read is "Wallace Irwin on the Jap Situation," now on sale at E. D. Abrams.

I AM SIMPLY LOST without my watch. Last week I dropped and down, post-haste, to Dutton's Jewelry company on East Center street, and they do expert watch repairing. It was hardly any time before Mr. Dutton had located the trouble and it was well on the road to recovery. Mr. Dutton's work spells efficiency in every way and you will find his prices are amazingly reasonable.

AN AUTHORITY on dandruff and falling hair is Mme. Virgil at Milady's Beauty Shop, 216 West Center street. I always have her marvel my hair as she gives an electrical shock treatment. No king then there is absolutely no itching, no burning, no itching, and besides, my experience has been that the wave stays much longer and is more satisfactory after one of Mme. Virgil's treatments.

JACKSON'S MEN'S WEAR SHOP at 190 West Center street is a prime favorite with all the boys. Billy-John there has a hasty visit yesterday and the result is a new red bathing suit and a bathrobe more subdued in color to wear over it. He also bought me a shiny new suitcase of black leather with a travelling bag to match at Jackson's.

GEORGE IS FOND of ocean fishing, isn't he? Our boys are all planning to spend quite a little time at one of the beaches enjoying the sun. You know, of course, don't you, that it is necessary to have a special line of extraordinary length and a particular kind of bait? I don't profess to know the first thing about fishing, although its wonderful sport and I really enjoy it. Mr. Wisser, of Wisser's Sporting Goods Store, 171 West Center street, however, can tell you anything you may wish to know about the various kinds of fishing and give you just the right line and bait for it. There isn't any popular sport that isn't represented at Wisser's from baseball to hunting.

GEORGE B. PECK'S HARDWARE Store, 206 West Center street, seems to have everything for the camp and the home. Right there one may buy practically all their camping supplies, such as gasolene stoves, cooking utensils, lunch kits and camp-fire grills. For the home, he carries a full line of general hardware, including all sorts of utensils and electric irons, etc.

SAFETY FIRST ALWAYS! Yes, you must certainly must have some new brake linings before you start out. Why, J. P. Holditch of North Los Angeles street, is the place to go for them, of course! You may be well assured that Mr. Holditch will have the very best in quality at the lowest prices. Have you seen the new polishing mitts for automobiles? They're made of sheepskin and will polish your car just as quickly and effectively as you could have it done. The sheepskin polishing mitts may be washed in either water or gasoline, too. Drop in and ask Mr. Holditch to show them to you.

AN ARTIST when it comes to automobile painting—that's J. P. Probst, 115 West Adele street. When selecting some one to paint your car you should ask whether he possesses that inborn artistic instinct that can only be developed by practical experience; whether he realizes the importance of time and can rush an order through and still give the proper satisfaction; whether his experience has been such that he can produce good prevailing color schemes so beautiful in appearance; blemish painting; whether he is sincere and able to give full "value received." We have found that J. P. Probst "rings true" on all these questions.

OFFEN AS YOU READ of some car accident, you may find that one driver was blinded by the glaring lights of the other car. How easily it could have been averted by the use of Dyer Dimmers. What are they? A simple device made of blue safety glass, nickel plated, that may be fast-

ened on the windshield just where the blinding lights strike your eyes. They may be pushed out of the way in the day time and quickly pressed into them against the glaring light just as though it were daylight. Joe Nichols of The New Shop, 211 North Los Angeles is the sole county distributor.

CHERRY BLOSSOM INN has certainly become popular for the delicious home-cooked meals which they serve from 11:30 until 11:45. They are famed for their unvarying excellence. You know the new management of Cherry Blossom Inn is making all manner of improvements. And don't neglect trying their fountain specials, most delightful and soothing concoctions made from the very best of materials.

MY DEAR, THEY ARE WONDERFUL! Why the steel jacketed indestructible Therm-A-Jug of course! You should never be without one. They are only a good looking device to carry a gallon of hot and cold as well as iced cream, iced tea or iced coffee, and knowing that it will be steaming hot when you place it on the jug. On warm days you will find your Therm-A-Jug with sherry or ice cream, iced coffee, iced tea or iced coffee, and knowing that it will be steaming hot when you place it on the jug.

LIQUIDS may be poured without the slightest danger of spilling. A Therm-A-Jug is absolutely sanitary and may be as thoroughly and easily washed as any kitchen utensil. R. B. Ingram, 114 South Lemon street, is the exclusive dealer.

WHY NOT have the seats of your car covered with a good looking cloth? It protects and saves the leather and upholstery, really genuine economy. Earl Farris of 236 South Los Angeles street will make them in gray, or of any desired color. It takes Mr. Farris only a short while to make these covers to completely cover all the seats, and your car's appearance is increased just one hundred fold.

WHAT DO YOU THINK? The Anaheim Vulcanizing Works has just been appointed local agents for the well known Brunswick tires. Although the guarantee is unusually high, it is often that they have tires double it. When a person once uses Brunswick tires they always return for more. Furthermore, the success of the Anaheim Vulcanizing Works is assured. It is a growing concern. Bohm it is just one reason—satisfied customers! People have come to know that the Anaheim Vulcanizing Works sells only the best, therefore, anything they buy from them is good. They have a reputation for always selling at the right price. Just combine the reputations of Brunswick tires and the Anaheim Vulcanizing Works and—well, as I said, their success is assured. To safeguard against tire trouble on the trip have them equip your car with Brunswick tires.

WE HAVE HAD OUR CAR equipped with Edison Mazda lamps from the Anaheim Electric Company, 209 West Center street. As they carry the same small bulbs, both the headlights and tail-lights we are taking with us an emergency supply. I also found an electric hand-lantern, indispensable as a trouble hunter if something happens to the engine at night.

A TWO-BURNER KITCHENETTE! At last, a Two-Kitchenette with two burners. We can now fry our eggs while the coffee is cooking. Where did I make my discovery? At the Anaheim Pharmacy on West Center street, and better still, they have the cutest little tin, detachable top, that heats in a jiffy over a special Sterno stand.

CHARLES H. MANN of 210 South Los Angeles street has everything in the way of standard automobile accessories at lowest prices from spot-buys to mufflers and exhaust systems. He also carries a full line of complete camp comforts, such as folding chairs that are comfortable to sit on, chairs that make it possible to really relax on a motor trip. A re-

liable speedometer is necessary to watch your speed, keep accurate account of gas consumption, and get the correct tire adjustments. Or perhaps your want is an electric signal with a real motor, a powerful "clear the way" warning note. To buy your automobile accessories from Chas. H. Mann is to buy not only service but honest-to-goodness personal attention.

BUILT BY MEN of long experience, a car that gives thousands of miles year after year in service, the Studebaker will be well represented in any trouble so remote in the car of the road endurance, we are all delighted with our new Studebaker. In buying our car Billy-John and I decided that we were making an investment—not only for weeks or months, but for years and we wished to select a car that is dependable, with flexibility, power and riding qualities, plus simplicity of control. An unusual combination you say? Yes, but the Studebaker Light Six at Harry D. Riley's. After once riding in it you will better understand the meaning of Studebaker satisfaction.

DO LET THE Auto Electric Maintenance Company put your batteries in order for the trip. Their splendidly equipped shop is at Los Angeles and Chestnut streets. They are experts in their line and thoroughly familiar with automobile batteries and the electric system of a car. It is also a competent auto electrician, transit, but if the Auto Electric Maintenance Company has gone over your car you needn't worry. If they have pronounced it O. K. it is.

BEING UNABLE TO DIVORCE Billy-John from the old-fashioned campfire, I was certainly relieved to find that the Xchange Furniture Company of East Center street has a dandy sheet metal camp stove. This camp stove made of durable materials may be folded flat and put away under the seat. When opened it stands on legs over the campfire and has an adjustable chimney, quite as remarkable to provide all the comfort of home, a hole permitting of a pot directly over the blaze has been made for "hurry-soup" cooking. It is most reasonable—like everything else at the Xchange Furniture Company, as quality and service is their motto.

I HAVE JUST HAD my white suit cleaned by the Puritan Dry Cleaners, at 220 East Center street. Their results are simply wonderful! You really must have very soiled it was, well, even the coffee stains have been entirely removed. They are also able to thoroughly clean the most delicate fabrics and they still retain the freshness of new goods.

IN YOUR RECENT LETTER you wanted to know how I am going to do my shopping on Monday and Tuesday of May 14th and 15th, and also attend the California Valencia Orange Show without interfering with my washing. Very simple, indeed. All I have to do on Monday morning or any other morning in the week is to take ten minutes of my time to gather up my laundry and then call 18, the Anaheim Laundry Company, and ask them to call for my laundry and they will do the rest. This method has been recommended to me by Miss Los Angeles some time ago. Ever since I do it neither with washing at home. I hope you will not be interfered with your washing and sewing these days, and meet me at the California Valencia Orange Show with a smile.

Sincerely, your friend,  
MISS VALENCIA.

OF COURSE Kitchen's Market is maintaining their reputation of "everything good to eat." We have ordered our camping commissary, "partiment" from Kitchen's. They were kind enough to pack the various cans in handy boxes all labeled and ready for our use. It is such a pleasure to buy from Kitchen's. They are always ready with helpful suggestions something new for sandwiches or salads and their supply of fresh vegetables is always unlimited. They are

now featuring the new Sengul flour, made strictly of the heart of the golden Kansas wheat. Once having tried it, I know you would never use any other, and you will be amazed at the price—it is so very much less than other flours of its high standing.

IT IS A PLEASURE to buy one of its meats from Strop's Market on North Los Angeles street, as everything is kept so spotlessly clean—just epic and span all the time, that one is sure of absolutely fresh and clean meats. You know Strop's have their own ice machine and cooling system with continually cold pipes running through the cases. Anaheim may well be congratulated on having so up-to-date, progressive and efficient market as Strop's. They invite public inspection and I feel you will enjoy a visit to their interesting plant.

YOU MAY AVOID disappointment at the close of a meal by serving a tempting layer cake with butter icing from the Boston Bakery, 201 East Center street, for after all, the climax of a perfect dinner or camp luncheon is a successful dessert. Above all other dishes, the dessert last to be served will be remembered, hence, your meal will be judged accordingly as a success or failure.

"THE CHARM OF OLD VIRGINY" is to be found at the Blue Bird Shop, 135 West Center street. Did you know that the Crosby's just from San Diego offer for some of the baked Virginia ham at the Blue Bird Shop? They are famous for this delicious old southern dish. In fact, it is the only place in Southern California that specializes in this toothsome delicacy. At the Blue Bird it is spiced to the Queen's taste and cooked just like Mrs. Crosby also specializes in roasts to take home. She selects the meat and cooks it to suit you.

JIMMY IS TAKING the five boxes of cigars which he bought from the Palm Cigar Store, 205 East Center

street. I really don't object to John smoking their cigars and sides, a smoke is the best thing to keep the drivers in a humor. Their mild, mellow and completely satisfying cigars are for those who think while they smoke.

DID YOU SEE the production "Forbidden Fruit" at the Fair last week? It was all their cis it was, a veritable masterpiece. Children are very much disappointed that we will not be here next Wednesday and Thursday night. Fatty buckle plays in "The Dollar a Man." You know, I certainly, his pictures, although as a rule I care at all for the comedies, screen, but if it's "Fatty" and he's playing at the Fair, well, you have two guarantees there that it's bound to be good. Mr. Head books only the best to come at all for the comedies. Wednesday and Thursday it's the Fair. They are the nights, you know, the special features are always at HOME BURNED to the ground covered by insurance! I Billy-John wouldn't take any chance on receiving such a message as I hence he has insured our home M. E. Beebe of 207 East Center. We will feel more secure while away to know that if there should be a fire, we are at least protected. Beebe's rates are very low and he dies all kinds of insurance. He tells you all about them—just drop his office, at 207 East Center, and ask him.

WELL, MY DEAR, I think I covered everything and we are ready to leave. If I have forgotten anything I can write back to the chancery of Anaheim, who are ready to co-operate, as they will my order their personal attention. I don't need to remind you to BUY IN ANAHEIM as the universal courtesy and a pull of friendliness is ever present the business of Anaheim.

### OAKLAND REDUCED \$250 CAUSES BIG SURPRISE HERE

The drop of \$250 in the price of the Oakland automobile came as a great surprise to the Anaheim and Fullerton dealers, C. C. and G. R. Jones. The reduction of price on the Oakland marks the first medium priced car reduction. The drop in price applies to all models, and puts the range at \$1,375, the open car at \$2,095, and the coupe and sedan at \$2,095. Speaking of the Oakland 1931 models Mr. C. C. Jones said today that the present Oakland car is considerably larger and has a much sturdier frame than the pre-war model. This, Mr. Jones said, is one of the reasons for surprise at the reduction in price.

### PERFORMANCE OF GARDNER CAR IS CAUSE OF J

"It only did what we expected, it certainly shows that the Gardner is a car," says the Los Angeles Times in commenting on the fact that the Gardner was first in class 1 in the Yosemite Eco Run. "Making the entire run of miles from Los Angeles to Curry, Yosemite, through rain, mud, slush and snow, the performance of the Gardner was one that stands for some time," says Mr. Gardner has proven it many times and in many ways a fast becoming one of the popular automobiles for the motorist.

### ROOMS NEEDED FOR VISITORS TO SHOW

Have you a spare room in your home where someone can find repose during the California Valencia Orange show which opens next Tuesday and closes the following Sunday night? If so, call J. H. Whitaker, phone 53, chairman of the Information committee of the show. Some time ago Mr. Whitaker issued a call for rooms and was successful in getting a large number, but demands are still coming in for rooms, and more must be secured to take care of the large number of people who will spend the week in Anaheim. Telephone Mr. Whitaker at once and give him as many rooms as you can spare to last for rent during the show.

### SAN DIEGO SAILOR HELD ON SERIOUS CHARGE; FELT

Elmer Woodward, San Diego, who was arrested on a statutory offense against a 17-year-old Santa Rosa girl, will be arraigned before Judge May 12.

### MAXWELL SALES IN ANAHEIM GROW

Saturday this firm or Turton Lumsden delivered two more of popular Maxwell touring cars. Hardin of La Habra and E. B. Di of Placentia being the purchasers. Maxwell sales have far exceeded expectations and at the present time they are expecting a shipment daily.

## YORBA LINDA NEWS

The dance given Saturday night in  
the Legion hall by the Lotus Club was  
a decided success. The hall was filled  
to its capacity by merry dancers,  
many who hadn't tripped to the light  
fantasy for years. The orchestra,  
which is home talent and composed of  
five pieces, was at its best. This club,  
which is a gathering of local home  
folks, young and old, means to have  
their dances and social evenings ev-  
ery other Saturday night.  
Mrs. Herbert was a Los Angeles  
shopper Monday.  
Harry Rasmussen, butcher at Forbes  
grocery store, spent Sunday in Los  
Angeles with his parents.  
A large number of Yorba Linda  
young folks attended the dance at  
Brea Friday night.  
Miss Fay Rice, formerly nurse at  
the Anaheim hospital, has now of San  
Diego, spent a day at the home of  
J. J. Alexander last week, while visit-  
ing friends in Placentia en route to  
her home in Redlands. She is on a  
vacation.  
Mr. and Mrs. J. J. Alexander drove  
up to Los Angeles Sunday to attend  
Mother's Day services at their church.  
Where Mrs. Alexander took part in  
the musical program. The last meet-  
ing of the year will be held on June 1.  
A very successful meeting of the  
P.T.A. was held at the school house.  
Mrs. W. Saxon and Mrs. W. W.  
Davis were hostesses. The last meet-  
ing of the year will be held on June 1.

## BREA NEWS

The board of trustees of the Con-  
gregational church met and decided to  
begin the erection of the new parson-  
age at once. Considerable money has  
been raised by the combined efforts  
of the Ladies' Cotterie club and the  
members of the board.  
The city council opened bids for  
the work to be done on the city water  
works. There are 5000 feet of water  
mains to be laid, and other work done.  
No action was taken on this matter.  
Other business transacted was the  
paying of bills.  
A very successful meeting of the  
P.T.A. was held at the school house.  
Mrs. W. Saxon and Mrs. W. W.  
Davis were hostesses. The last meet-  
ing of the year will be held on June 1.JUSTICE COX TIPS: HE  
ALSO GETS A TIP  
FROM TIPPEEJustice of the Peace John B. Cox  
nearly got into serious trouble last  
Sunday. The judge was strolling down  
the street when he saw a gentleman  
seated in an automobile beside the  
curb. Thinking it was an acquaint-  
ance, Judge pulled the man's cap  
down over his eyes.  
“What this?” exclaimed the man  
in the auto, as he removed the cap  
from his head with some difficulty.  
“Gee,” said the judge, “I thought  
you were Earl Abbey.”  
The stranger was not Earl Abbey,  
however, and he angrily pointed the  
judge's hat down on the judicial nose.

cemented, 8 inch; No. 2, 2445, standing  
cemented, 10 inch.  
Wolner Oil Company No. 1, building  
rig.The Shell's well on Signal Hill was  
the attractive force that drew hun-  
dreds of people, many of them oil op-  
erators to see the reported showing of  
oil struck at 2500 feet. Those who  
came were satisfied with what they  
saw as the Shell well was showing a  
good, fair showing of oil. The show-  
ing occurred in sand mixed with  
streaks of shale at 2550. As the drill-  
ing went deeper the show of oil and  
gas increased. The Shell Company  
has practically demonstrated that  
Long Beach is the next California  
field. To date the Shell Company has  
met with little success in Southern  
California wild cat ventures and it  
appears that the luck has changed  
for the big company. Great credit is  
due to Walter Howell, well superin-  
tendent, whose constant vigil detected  
the first showing of oil.The Standard Oil Company's Bixby  
No. 1 is now drilling at close to 3200  
feet. To date this well has not shown  
any very pronounced showings, and  
the outlook as yet has not looked at  
all promising.  
Sand and gravel in great quantity  
gave the E. J. Miley No. 1 well a lot  
of trouble getting started. Pipe  
trouble with the 15 1/2 delayed the  
drilling for almost two weeks. The  
drilling is now going in the hole and  
12 inch is now going in the hole and  
drilling will be underway in earnest  
in a few days.Little of importance transpired in  
the Hawthorne-Inglewood district dur-  
ing the past week. The Common-  
wealth Petroleum still battles with  
the water problem at Rosecrans No.  
1 at a depth of 2800 feet. Kioskoun  
is testing out Bohn No. 1 at 1067 1/2  
a water shut off. All three wells of  
the Milwaukee Fountain Trust Com-  
pany are standing cemented.  
The Standard drilled out the ce-  
ment at Bohn No. 1 and is making a  
water test. Landowners No. 1 and  
Union's Sommer No. 1 stand cement-  
ed.Comment on  
Today's News  
By HENRY JAMESAn evident willingness on the part  
of army officials to fix on former Ad-  
miral General Ansell the responsi-  
bility for Bergall's escape may be  
read in the testimony thus far given.  
Ansell while still in the service at-  
tacked the court martial system as  
brutal and archaic, proved his case,  
brought about reform, and hasn't been  
quite forgiven yet.Senator Borah has procured the  
printing as a public document of “an  
address to the American Congress by  
the Parliament of Ireland.” It be-  
comes necessary to remark that Bor-  
ah is supposed to be an American, and  
that while his eccentricities have  
been in evidence before, his role of  
Seln Fin propagandist is new.A huge tax fraud is alleged to have  
been perpetrated by a rich Indian,  
who is a lawyer, politician and man-  
ufacturer. This is a combination the  
government will find hard to beat.Peru seems to have acquired a dic-  
tator whose power, confined to Lima  
originally, is spreading throughout  
the country. Desirable as peace may  
be, nobody will feel inclined to in-  
terfere in the least when the Peruvians  
rise and throw the interloper out.The administration seems to be hav-  
ing ways and means to bring about  
the reduction of taxes.“Aged Man Struck Down by Mys-  
tery Speeder Is Dead.” So runs a  
headline in a Los Angeles paper. It  
marks the record of an episode start-  
lingly familiar. Some autist devoid  
of the common instincts of humanity,  
keels a stranger because of a desire to  
reach in the shortest possible time,  
a destination at which his arrival  
could be of no possible importance.The patron of a clairvoyant de-  
mands back a sum of money exacted  
that lost by an investment made on  
advice of the professional peeper  
through the veil of futurity. This  
would be a lesson to the faker, to be  
sure, and yet the patron needs a les-  
son, too.Thomas A. Edison is charged with  
saying that college men are amazing-  
ly ignorant. Mr. Edison, wise as he  
is in the field of his activities, and  
wonderful as his achievements have  
been, also is amazingly ignorant when  
he wanders from the path in which  
his genius directs him. He seems to  
think that all men should be able to  
do as he does, to go without sufficient  
food, or the natural amount of sleep,  
keep healthy and alert, and accom-  
plish great things. He fails to con-  
sider the fact that he is a genius and  
that the average man is not.It is a surprising circumstance that  
the Poles should be making troubles  
for the allies. Certainly it is far from  
being a new showing of gratitude. For  
so many years the Poles have been  
kept under that when the pressure  
was removed, the rebound was too  
great for safety.

It's not a bit of trouble to  
have plenty of good things  
to eat on hand all the time  
when you use Calumet Bak-  
ing Powder.

Mix up a batch of biscuits  
—or the finest kind of cake—  
it's all the same. There is  
never but one result—the  
sweetest and most palatable  
of foods.

There is not as much worry  
over baking costs either.  
Because Calumet costs less—when  
you buy it—the price is moderate.

—the Kind  
Mother  
Uses—

**CALUMET  
BAKING POWDER**

It costs you less when you use  
it—because you don't use as  
much of it—it has more than  
the ordinary leavening strength.  
You get more out of the flour,  
sugar, eggs, shortening, etc., because  
there are no failures—no waste.

Received highest awards  
World's Pure Food Exposition, Chi-  
cago, Paris Exposition, Paris, France.  
The largest selling brand in the world.

Pound can of Calumet contains full  
16 oz. Some baking powders come in  
12 oz. instead of 16 oz. cans. Be sure  
you get a pound when you want it.

Calumet  
Doughnut  
Recipe  
4 cups of pastry  
flour, 3 level tea-  
spoons Calumet  
Baking Powder,  
1/2 teaspoon of  
salt, 1 cup of  
sugar, 2 eggs,  
beaten together,  
2 tablespoons of  
melted butter,  
1 cup of milk.  
Then mix in  
the regular way.

# FIERY, ITCHY SKIN

## QUICKLY SOOTHED

## BY THIS SULPHUR

Mentho-Sulphur, a pleasant cream will soothe and heal skin that is irritated or broken out with eczema that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist. The moment this sulphur prepares

on is applied the itching stops and after two or three applications, the

eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store.

## SEAL BEACH NOTES

Judge J. C. Ord has left for Stockton, where he will attend the encampment of the California and Nevada A. A. R. After the encampment the judge will spend a couple of weeks at Seal Beach visiting with friends. He will be absent from town about three weeks. Then on June 15, he expects to leave for Vermont for a three month vacation at his old home town.

Mr. and Mrs. R. L. Eby have moved to Huntington Beach. The Eby of Los Angeles was in Seal Beach calling on old friends. Miss Letha McDavid of Pasadena, formerly of Seal Beach, is here for the summer.

Mr. and Mrs. Watkins of Long

Beach were Sunday guests of Mr. and Mrs. Henry Hinsch. George and Fred Steller have gone to Inglewood, where they will remain for some time before returning to Canada.

One hundred students of the Southern California Osteopathic school participated in a banquet at the Jewell cafe. After the banquet they had a dance in the pavilion.

## GARDEN GROVE

Mr. and Mrs. A. J. Carter and daughter Pauline of Yorba Linda spent Sunday with Mrs. Carter's parents, Mr. and Mrs. A. J. Bodenhamer. Miss Anna Heman of Hollywood visited at the C. C. Violett home Sunday.

Mr. and Mrs. Spindler of Santa Ana

were guests at the Conrad Orth home this week.

Mr. and Mrs. Henry Otto, Mr. and Mrs. Frank Rogers and Mr. and Mrs. Earl Ferguson motored to the Orange county park Tuesday afternoon.

Dr. and Mrs. C. C. Violett attended a medical banquet at the St. Ann's inn, Santa Ana, Tuesday evening.

Mr. and Mrs. C. A. Gedy of Venice visited the latter's mother, Mrs. O. W. Kenworthy, Tuesday and Wednesday.

Mrs. Earl Butler of Santa Ana visited in Garden Grove Tuesday.

Mr. B. Wentz was a business visitor in Los Angeles Wednesday.

## LA HABRA NOTES

The ladies of the Women's Improvement club are making great preparations for the coming reciprocity day, which will be held at the social hall on Thursday afternoon, May 12.

Every club in the county has received an invitation to send delegates, and a large response has been received.

Miss Brown, kindergarten teacher, met with a painful accident a few days ago. She slipped and sprained her ankle and has been compelled to remain at home for a few days.

Mr. and Mrs. W. L. York were the guests at dinner of old home friends that have been spending the winter in Long Beach.

## HUNTINGTON BEACH

Bringing a steady royalty of perhaps \$750 a day to a crippled engineer of El Monte and joy to the hearts of hundreds of stockholders scattered over Southern California, Texal No. 2 came in at Huntington Beach Sunday at a 2000 barrel well.

Mr. and Mrs. B. B. Dennis brought in the second big gusher in the past two days. The other is a 2500 barrel Standard well located 400 feet north of what is known as Discovery well, the first well brought in at Huntington Beach.

## ORANGE NEWS ITEMS

The home of Dr. and Mrs. Edgar W. Christensen, 244 Roswell avenue, Long Beach, was the scene of a very pretty wedding Saturday afternoon at 4 o'clock, when Miss Henrietta Kathleen Johns, sister of Mrs. Christensen, and Mr. Wilbur Leo Welch of 12 Mission, Orange, were united in marriage.

Mr. and Mrs. Dayton Dickey returned home from their honeymoon trip Friday afternoon. They had a fine time at Camp Baldy. Dr. M. A. Shipman, noted lecturer and pastor of the Pilgrim Congregational church of Pasadena, will be Decoration Day orator at the memorial services of the G. A. R. here on May 30, according to announcement of Post Adjutant Tensdale.

Mrs. Lew Easley, niece of Mrs. B. R. Helwig, from Waterloo, Iowa, is here indefinitely, having accompanied the remains of her mother, whose interment was made in Fairhaven cemetery.

Mr. and Mrs. George W. Smith of North Shafter street drove to Los Angeles yesterday and met their son Lawrence, who arrived from the Berkeley university on the 10:30 train last evening.

Dr. Willis Hall and wife of Seattle, Washington, have arrived in Orange for a short visit with their parents, Mr. and Mrs. George W. Hall of North Shafter street.

Mr. and Mrs. Frank Scovell and little granddaughter Josephine, and Mr. and Mrs. F. Colburn spent yesterday afternoon at Newport Beach.

Mr. and Mrs. E. A. Kuechel and little son Grant, and Mr. and Mrs. Geo. Kuechel visited relatives at Downey yesterday.

The Misses Marie and Jean Dennis of U. S. C. were home with their parents, Mr. and Mrs. W. B. Dennis for the week end.

As we understand Lenine's proposition, he is willing to trade an ounce of prevention for a pound of cure.

## PLACENTIA ITEMS

At a special assembly of the Junior College called Monday afternoon recognition of students who had distinguished themselves in athletics was accorded. About twenty letters of fold color bordered with blue and with small blue letters "J. C." were awarded by Mr. Culp.

The girls receiving the letters in basketball were Rita Ogden, Florence Ford, Flora Walker, Phyllis Goodwin, Jessamyn West, Phyllis Pierotti, and Nell Housley (captain).

The men receiving letters in basketball were Sherman Yost, Leo Hitchcock, Howard Noble, George Smith, John Hawkins, Charles Lake, and Everett Houser. In track the following letters—Hawkins, Yost, Lack, Witmer and Noble.

The regular meeting of the Parent-Teachers' association has been postponed until May 17, because of the fact that the teachers had been working so hard to get the children ready for the May Day pageant. This coming meeting will probably be the last meeting of the year.

Mr. and Mrs. John Tuffree has as their guests for Sunday Mrs. Tuffree's cousins, Mr. and Mrs. M. L. Koppell of Sunset Beach.

Walter Hale of 229 Melrose avenue will start the construction of a new home on Chapman avenue in the very near future, with W. L. Tadlock as the carpenter.

A building has been constructed back of the Halber Drug store and back of Kennedy's grocery, that is to be used as a garage by Mr. Halber and a storehouse by Mr. Kennedy. Mr. John Tuffree entertained the Daughters of Veterans and the members of the G. A. R. at her home on Carolina avenue.

Mr. and Mrs. Morehouse and Josephine spent Sunday with relatives at Hermosa Beach.

A considerable proportion of the war profits have gone to pay toll charges on the road back to normalcy.

## Afraid to Face Your Banker?

Slowly the old man entered the bank and stood for a moment nervously tapping the rail by the vice-president's desk.

For a week he had dreaded this interview. Night after night he had worked over his financial statement, but now as he faced the ordeal he knew that the paper he held in his hand was a sorry mess of figures that he could not prove.

It seemed to him that bankers wanted to know a lot of fussy details that no man could be expected to answer off hand and he hated to go through all that—it seemed like a million questions to him.

The trouble with this man, and so many others in the same boat with him, is that he has never had his eyes opened to the need of getting more figure facts about his business. He thinks the cost of making daily records would eat up all his profits

and he needs to be shown that on the contrary he would make more money if he had them.

Most successful men in business today have learned that clear, accurate, detailed records of all the departments and operations of their business are the best assurance of success.

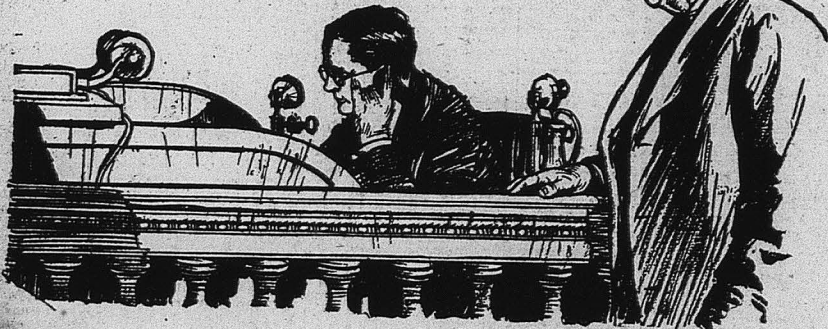

Machine methods of figuring and mechanical aids in bookkeeping and record keeping have simplified these operations so that it is no longer necessary to carry a heavy bookkeeping expense to get the necessary facts.

With a Burroughs figuring machine an inexperienced clerk can work out automatically all the figure problems of business transactions as: adding sales and charge slips, footing all sorts of figure columns, proving postings, taking trial balances, checking invoices, distributing sales by clerks or departments, totaling weights and quantities and so on.

Telephone the nearest Burroughs office and ask them to show you the type of machine you need and how to get the facts about your business.
