Now and Then

By The Editor

LEAD KINDLY LIGHT:

Men are grown up boys ever. Women are women from the time they begin to play with dolls, for in mothering the little piece of clay and sawdust or even the common, every-day rag doll, little girls display interest in the crowning event of the life of every woman. Men are always boys, for they play to the gallery of the world from early boyhood to the time they start on the long, long trail. When boys are boys, they want to act like men and when they are men, they very often act like boys.

When a man becomes ill, and a surgeon's knife seems to be the only course for relief, he at once becomes a hero, for is he not approaching the Valley of the Shadow?

He is as much a hero as the boys who faced death over in France in the trenches. But he isn't. He is just kidding himself--no one else.

Reading the narrative written by the late Franklin K. Lane, who wrote to a friend a few days ago telling of an operation upon him by a noted surgeon, Mr. Lane displayed the fact that to him, the operation was his life's greatest adventure.

Giving Mr. Lane full credit for that thought, we cannot refrain from referring to the millions of mothers in the world who go as far forward the gates of Eternity to give the world material to carry on as the bravest man who ever lived.

We are far advanced in many respects, but reflection will show that it is not so long ago that we pulled our shirts on over our heads and took them off the same way, until some thoughtful person invented the shirt that we put on and take off as a coat.

It may be that in another generation we will turn our attention in the direction of the greatest of the great among us, the mothers, and devise ways and means for safeguarding and honoring the sacred plant that made us all possible.

PRICES DROPPING;
WADES FOLLOWING.

Prices on commodities during the war went up like a rocket and since the war, they have been coming gradually, but surely, down. A review on 96 of the principal commodities by Bradstreet, shows the following average relative to pre-war and present prices:

December, 1913	\$ 9.22
February, 1920	\$20.60
March, 1921	\$11.56

The drop during the past ten months has been at a rate that, if continued, will bring basic prices (or raw materials) down to the 1913 level by June 1, 1921.

White collars again sell at two for a quarter nearly everywhere. Sugar is down where we can handle it without making a face. Butter and eggs taste good again. Lumber is being used extensively again. Copper and lead are below pre-war prices.

This all means that the first step in deflation has about passed although the cost to the ultimate consumer will not drop in proportion until taxation and wages have been materially reduced.

Building is going on merrily, and there is plenty of work ahead. After a while, the government will cease building navies and maintaining an army and then taxation will hit the tobbogan.

The Anaheim Herald will carry an interesting story tomorrow showing the amount of groceries and provisions \$50.50 bought May 21st last year and how much the same amount will buy Saturday at a local grocery store.

SPORTSMANSHIP:
TWO REAL COLORS.

News from the camps of Jack Dempsey and Georges Carpentier, the two pugilists who will fight for the world's championship title, leads one to believe that of the two, Carpentier is the real sportsman and Dempsey is hunting the almighty dollar.

CHURCH BATTLEFIELD IS CHRISTIAN SABBATH

WINONA LAKE, Ind., May 19.—A concerted drive Dr. Sunday Blue Laws and a move to check wide open Sabbath agitation was started here today. Church members of all creeds and faiths were asked to fight the million dollar propaganda against our Christian Sabbath, and to urge civil authorities to prohibit Sunday amusements. The Blue Law question was thrown before the Presbyterian general assembly when session opened here today.

"The background of the churches is on the field of the Christian Sabbath," the Christian Sabbath committee stated in a report to the conference. Presbyterians, together with Baptists, Methodists and other denominations, formed the Lord's Day alliance, which was organized for the promotion of the so-called "Blue Sunday." Dr. H. L. Bowly of Newark, N. J., who is secretary of the Lord's Day alliance, is also head of the Presbyterian committee on Sabbath observance and wrote the report which was read to the assembly today.

"One of the outstanding features of the campaign," said Dr. Bowly, "is the nation wide propaganda for a

WAR OF WORDS
COUNTDOWN
ABROAD

British Press Backs Stand Of Lloyd George While Paris Attacks

CRISIS IS COMING SOON

The Franco-British war of words continues today. Each backed by regiments of newspapers, the premier of the two nations directed a heavy fire of statement and opinion on the other. The British press attacked the French government's policy of appeasement and the French press attacked the British government's policy of appeasement.

Premier Lloyd George's offensive of yesterday when he reiterated his assertion that Germany had made a mistake in Poland to invade Silesia was met by a prompt counter attack. "It's a bit of a bluff," Premier Briand declared caustically. "France practically attacked the Silesia situation out of the air," he said today with a note of Berlin demanding that unorganized German bands be kept out of Silesia.

Upper Silesia meanwhile lay starving. Germans controlling the railways refused to send in supplies to support the invading Poles. Sporadic fighting occurred in the region for the most part, which was quiet with the Polish insurgents holding a line which included the richest portions of the district.

LONDON, May 19.—Lloyd George's gain of the support of the British press today in his new warlike attitude toward Germany, the premier, London newspapers heartily approved his assertion that "children of the treaty will not be allowed to break crockery with impunity."

There is some fear that cutting the cotton acreage in the south will reduce the wool clip this year.

CHIEF JUSTICE WHITE IS FASHION SHOW AND BATHING GIRL EVENT CALLED EARLY TODAY

WASHINGTON, May 19.—Chief Justice Edward Douglas White of the United States Supreme Court, died here today at 2 a. m. The chief justice did not arouse from the coma into which he sank late Tuesday after an operation the preceding Friday. Mrs. White, and two nieces, Miss Anne Montgomery and Miss Mary Broussard, were at his bedside when the chief justice passed away. A Catholic priest was present also. Justice White was seventy-six years old.

More than twenty-seven years he served on the supreme court. He had been chief justice since 1910. His death cast a pall of sorrow over official Washington. He was one of the best loved men in public life.

LETTA PARSONS STORY BE TOLD OF KILLING

Bride of 14 Will Tell How She Shot and Killed Her Step-daughter

NEIGHBORS FLOCKING

FARMINGTON, Mo., May 19.—Folks in the Ozark Mountains hooked up their automobiles and drove into town to hear Letta Parsons' story in court. Most everybody in Ozarks knows about Letta. For thirteen years she was nobody's child, just running around Farmington and the countryside, without father or mother, never learned to read or write—Letta is just "no white."

Then shortly after her thirteenth birthday, John Parsons, a wood chopper, married her and brought her home to mother his two children. Letta is being tried for the alleged murder of one of them, Five days after she was married she blew the top of six-year-old Lilly Parsons' head off with her shotgun.

The child bride—she didn't look it today, with her skanky pigtail and her scared eyes—says she didn't make out to kill Lilly. She says she was playing on the floor with the children and didn't know the gun was loaded.

But Johnny Parsons, her other stepchild, says she killed his sister because she acted up when Letta was trying to comb her hair. Then there are folks who say Letta isn't such a child as her thirteen years. They say she was "gettin' even" with John Parsons because he "traveled" around with another woman right after he married Letta. There is a chance the Ozark folks who know all about Letta won't get a chance to hear her story.

But they are leaving spring planting and coming away, because, although Letta is a queer little creature—wild as a hawk some say—there are a passel of folks who feel right for her. She always was "no body's child."

FASHION SHOW DRAWS HUGE CROWDS; 2 DAY
BATTED DANCE IS HIGH

The Bathing Beauties and the Fashion Show proved a big drawing card at the California Valencia Orange Show last night when the attendance swelled to more than 12,000 for the first two days of the show.

The crowd gathered early and long before time for the big event, the space in the feature exhibit division was jammed to the limit with interested spectators maneuvering for a place of vantage.

Yesterday was a great day for it show officials, their faces "wider than a broad smile" as the great throng began pouring through the gates. It meant that the success of the first California Valencia Orange Show, which means so much to Anaheim, was assured. The multitude of spectators who are struck when the fashion show begins, wearing the latest creations furnished by the community. Every one should assuredly be assured that the change which had come over the officials at the beginning of the show, responsibility began to relax for their shoulders.

Annual Valencia Orange Show

Many Interesting Exhibits In Industrial Department

The industrial section at the California Valencia Orange Show is a veritable department store offering a greater variety of wares for sale than probably any department store in the world. Everything from a needle to an automobile or tractor is on sale.

Visitors find it very interesting to inspect the many articles displayed and the unique manner in which they are demonstrated. Many mechanical exhibits attract large crowds of interested spectators from the time the tent opens until a late hour at night.

Music is heard everywhere from the numerous exhibits entered by music dealers as well as the colored jazz orchestra. The hungry innerman is not forgotten by those engaged in the business of feeding the public.

A ramble through the industrial exhibits will prove well worth anyone's time and will no doubt prove instructive as well as interesting. The California Valencia Orange Show enjoys the distinction of being the only exhibition of the kind having a daily newspaper printed and published inside its tent. The Daily Orange Aide printed by the Anaheim Herald is issued every evening from its booth. It is printed on a Miller automatic press the only one of its kind in Northern Orange county.

The California Valencia Orange Show has the distinction of being one of the few exhibitions where every detail of the show and every exhibit was completed and ready for operation at the appointed hour for the opening. One can attend the show tonight and see every exhibit and display complete and with all the finishing touches added.

Be sure to call at our booth and see the display of Pianos and Phonographs

MISS RUBY DAGGETT ANNOUNCES ENGAGEMENT

Miss Ruby Daggett of La Habra en-
tertained last night in honor of friends
from Anaheim and La Habra with an
announcement of her coming mar-
riage to Orville Schoenck of La Habra.
The girls gathered in her apartment
with expectancy, but nothing happen-
ed until late in the evening when two
of the girls left for their apartment,
saying they would return soon. Time
passed and still they failed to come
back. Miss Daggett seemed quite
anxious, so suggested they go over
to see what was the matter. On open-
ing the door the first thing that the
girls saw was a frozen image of a
man with an armor with little red
dots concealed behind it. Each
one received one with the inscription
"Orville and Ruby True," written on
it. Congratulations were then in
order.

A delicious luncheon was then
served with covers laid for fourteen.
Those from Anaheim were Mrs. Mary
Anderson, Mrs. Nettie Anderson, Mrs.
Daggett, sister-in-law of the bride to
be, and Mrs. Terry, her sister. Mrs.
Edna Curtis, Miss Viola Elliott.

The table was artistically arranged
with pink and white streamers as-
suspended from the chandelier, footed
with little fans and place cards in
the same color scheme. A large bowl
of Cecil Brunner roses and ferns rest-
ed in the center of the table.

MISS SCHUMACHER HONORED GUEST AT SHOWER

Miss Frances Schumacher was the
recipient of many beautiful and use-
ful gifts last night when a group of
her friends met at her home on North
Claudia, while she was attending the
show at a friend.

Upon returning home she noticed
the light in her sister's bed room
and opened the door to ask her a
question and was greeted with a rush
of girls. Miss Schumacher was much
surprised but was able to calm her-
self and accompany Mrs. Stafford
Sims at the piano who sang for her
friends. Mrs. Boyd then directed
Miss Schumacher to begin search for
various packages hidden about the
rooms.

The hostesses, Mrs. H. K. Boyd and
Mrs. Welcome Ward, assisted by
Mrs. F. Gates and Mrs. C. Mauerhan,
served a delicious luncheon.

Sister Penber immediately took
her position at the piano afterwards
and started the strains of the Lohen-
grin wedding march and Preacher
"Spagetti" Boyd entered in a long
coat and with a Bible stood, until
Little Ruth entered as flower girl,
followed by Sister, Valie Penber and
Lloyd Schrode, as bridesmaid and
usher. Sister Mauerhan and Brother
Ward as maid of honor and groom-
smen.

The bride, Arbozell Schumacher, in
all her glory, then came smiling with
her man-to-be, Henakali Scott, with

Little Page Degrise holding up the
lace curtain veil. A very solemn and
impressive ceremony was read. Ex-
citement reigned when the girls clam-
ored to kiss the groom.
Those present were Mesdames
Marie Mauerhan, Ella Lautsback,
Ruth Ward, Harriet K. Boyd, Frank
Gates, Minnie Herrington, Viola Kir-
by, Stafford Sims, Misses Curtis Lou
Evans, Marie Robertson, Esther Pen-
ber, Vera O'Rourke, Lillian and Eva-
lyn Degrise, Sylvia May Dumas, Valle
Pember, and the honored guest
Frances Schumacher. The following
gentlemen arrived later in the even-
ing: Lloyd Schrode, Wm. Schumacher,
Frank Lister, Welcome Ward and
Fred Scott.

MISS BETTY BRUS HONORED GUEST

Miss Betty Brus was given a de-
lightful surprise last night at the
home of her sister when a number of
friends came at the invitation of Mrs.
E. E. Brus in honor of her birthday
anniversary. Five hundred was the
evening's amusement, with Mr. and
Mrs. A. Novatny taking the high
score and Mr. and Mrs. Erickson re-
ceiving the consolation.

A light luncheon was served at the
close of the evening to sixteen friends.
The home was decorated for the oc-
casion in pink roses and ferns with
the luncheon service carried out in
the same style.

Read

your instruction book
It says—

Old oil should be drained from the crankcase
regular intervals and replaced with fresh oil.

This statement is made because engine operation causes
road dust, carbon, fine metal particles and other impurities
to accumulate in the crankcase oil. The gritty oil circulates
through the engine, impairing its performance, and ulti-
mately leads to rapid depreciation and repairs.

These careful instructions from the manufacturer are
often disregarded; cleaning the crankcase is a job generally
disliked.

To meet this need Modern Crankcase Cleaning Service
has been established by first-class garages and other
dealers co-operating with the Standard Oil Company.
These garages and dealers use Calol Flushing Oil—the
scientific agent that cleans out old oil, dirt, grit and other
impurities and does not impair the lubricating efficiency
of fresh oil used. The cleaned crankcase is refilled with the
proper grade of Zerolene.

Look for the garage or dealer displaying the sign shown
below—it means "Better operation and longer engine
life."

THE EFFICIENT WOMAN

We hear a great deal nowadays about the efficiency of women. In the novels of fifty years ago we have heard a woman praised for her executive ability, force, and energy. In the sense that it is used today, the frail, delicate, helpless ideal of womanhood has passed away. How is it possible to measure up to the ideal of modern womanhood? In the first place, we must keep our bodies in the best possible condition.

Thousands of women have succeeded through daily baths, exercise in the fresh air, and Lydia E. Pinkham's Vegetable Compound at the first sign of female weakness.

EXTENSION WORK OF UNIVERSITY FARM

(Farm Bureau Bulletin)

Orange county people are already well acquainted with the agricultural extension division of the University of California, which maintains farm advisors, home demonstration agents, boys and girls' agricultural clubs, and agricultural specialists. They may not be so well acquainted with the general extension division which maintains another source of education for persons not resident at the university.

The general extension division has departments of class instruction lectures, visual instruction, and correspondence instruction. This extension division offers correspondence courses dealing with a wide range of subjects, both elementary and advanced. They aim to serve the needs of the general public, and are open to all the people on payment of a small fee—in most cases \$5.

During the year from July, 1919, to July, 1920, more than 3500 persons in California took work by correspondence in subjects not directly concerned with agriculture.

People in rural communities should find great practical value in such correspondence courses as those in millinery, sewing and dressmaking, electricity for rural use, the gasoline automobile, mental and moral training for children, feeding of infants and children, pre-natal and infant care, English grammar, composition and literature.

There are correspondence courses also in such subjects as economic engineering, history and languages, which enable persons to continue work begun in the past or to enter new fields of interesting and profitable study.

The Extension Division, 301 California Hall, Berkeley, or the Farm Advisor, will gladly furnish information upon application.

At a recent meeting of the directors of the Orange County Farm Bureau Dairy department, it was decided that dairymen of the county should have an annual meeting at this time of the year.

Very probably the milk producers will gather at Orange county park about June 18. The exact date will be announced later. An interesting program in home work can be carried through the Farm Advisor's office.

Crow's Feet, Wrinkles, Enlarged Pores

The first application of Howard's Buttermilk Cream will astonish you. The duldest, most lifeless complexion is turned to radiant beauty and red or rough hands or arms made snowy white, yet there is not the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, crow's feet or lines around mouth or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that these troubles will quickly disappear with the use of Howard's Buttermilk Cream.

To prove this to your complete satisfaction, get a package today at any first class drug or toilet goods counter. Insist on Howard's Buttermilk Cream, no other cream can take its place. If you cannot obtain it, send 10 cents silver or stamps for generous trial package of Cream and Soap to Howard Bros. Company, 457 Washington street, Buffalo, N.Y. All drug stores can supply you—Adv.
