Now and Then

By The Editor

SIGNS OF THE TIMES; ONE DAY'S TRAVELS.

We see by the papers that President Harding has appointed Lincoln Johnson, a Georgia negro to be recorder of deeds for the district of Columbia. It will be recalled by those who watched and listened in the Chicago convention last summer that Johnson admitted accepting something like $9,000 from General Wood's managers to pay his "expenses" to the convention. As recorder of deeds for the District of Columbia, we wonder if the negro politicin will record some of his own deeds in a moment of reflection.

—o—

Respectable white people of Georgia who are undoubtedly wondering why that state cannot overcome the Republican negro political supremacy and who are probably rebellious because of the appointment of the negro politicical parasite will find solace and satisfaction in the action of Attorney General Daugherty who declined to allow Jack Johnson, degenerate ex-pugilist world champion a few days off his sentence in order that he might attend the prize fight in Jersey City Saturday. The Attorney General said Johnson's crime of transporting white women for immoral purposes was repugnant to the American people. He might have gone a step farther or said a word or two more and declared that the Jersey City fight is also repugnant to American people. Johnson's term expires July 7th, five days after the fight. Three cheers and a grunt for Daugherty. We wish we could say the same of the Lincoln Johnson appointment.

—o—

Orange county and California will be called upon soon to try a woman for murder. Before being taken to jail for killing her husband, it is said, she took a drink of whiskey and on the way to jail, smoked a cigarette. Temporary insanity will probably be the defense, although witnesses to the tragedy declare the woman was cold, brutal and insolent at the time the fatal shots were fired. Nevertheless, the tax payers will bear the burden. Meanwhile, where did she get the liquor and where did she get the gun. Liquor traffic is outlawed and it is unlawful to possess fire arms without a permit. The web of responsibility in this case seems to cover a wide area.

Out in Bennington, Kansas, a baker advertises "pre-war" prices for bread, an 18 ounce loaf at 10 cents and a 26 ounce loaf at 15 cents. Bennington is in the center of the wheat belt. Wheat is the biggest element in bread. In Anaheim the 26 ounce loaf costs only 13 cents. You may take either end of the puzzle, either figure how the Anaheim baker makes bread at 13 cents far removed from the wheat belt, or how the Bennington baker gets away with his proposition.

—o—

Justice of the Peace Cox of Santa Ana, whose prominence is climbing the ladder day by day declares that wife-beaters should be made to pay the penalty in like. A man pleaded guilty to wife beating before Justice Cox a day or two ago and the Judge applied three man-sized wallops to the wife-beater's back, at the request of the aforesaid wife-beater. In various newspapers today and yesterday, interviews were printed wherein Judge Cox declared the best way to treat a wife beater is to give him the same treatment he gives his wife. Wonder why Judge Cox didn't suggest the same treatment for the husband who disgraces, deceives and ruins the life and ambitions of his wife If we were a wife, we believe we would rather be beaten than be deceived, betrayed and our outlook on life crushed by a selfish, black-hearted fiend masquerading as a respectable married man. Most women would probably rather endure a few bumps and bruises than to surround a broken heart. We are not in favor of wife-beating of course, but we are in favor of the "eye for an eye" treatment recorded in the Bible.

The sum of $18,000 will be distributed to 3,000 shareholders in four Anaheim banks, averaging $6 per share for bank stock owners in this. This of course is a drop in the bucket compared to the dividends to be paid by large city banks but at the same time it makes the lesson of thrift stand out.

FORTY-NINERS TO CONCLUDE CAMPAIGN PLANS LUNCHEON TOMORROW, MUCH HEADWAY

NEW ATTEMPT WILL BE MADE TO STOP PRIZE FIGHT IN N. J.

JERSEY CITY, June 29.—Pierce P. Garvin, procutor of Hudson county, New Jersey, will lay information before the county grand jury Friday that principals in the Dempsey-Carpentier fight are guilty of conspiracy to violate the Jersey boxing laws, it was stated today.

Garvin said that while he believed there was on effort made to violate the law, he was compelled to use the information supplied by Jersey City pastors and representatives of the International Reform Bureau.

NORTON, Pa., June 29.—The time to have opposed the Dempsey-Carpentier fight was before Tex Rickard had spent a barrel of money erecting the area, William A. (Billy) Sunday said today.

"I do not favor prize fights, but as it has been known for months that this bout was scheduled to take place the time to have opposed it was before Tex Rickard had spent a barrel of money erecting the prize ring. Now that the scrap is to come off I hope Jack Wins, because Carpentier is a foreigner and Jack an American.

"In my opinion a prize fight on Sunday is not as bad as a baseball game on Sunday."

NEGRO PUGILIST WILL STAY IN JAIL

WASHINGTON, June 29.—Jack Johnson will not be "among those present" when Dempsey and Carpentier battle for the pugilistic crown that was once his.

Attorney General Daugherty announced that he had decided not to shorten Johnson's term at Leavenworth so that he might see the fight at Jersey City, Saturday.

"I am not doing to do it, despite the fact that Johnson has been a model prisoner," said Mr. Daugherty. "The crime of which he was convicted is too repugnant to the American people. Therefore, he will have to stay in prison until his term expires on July 7."

Charman McCord Urges Every Member to Be at His Place at Table

GOOD CO-OPERATION

At noon tomorrow the second and final meeting of the campaign committee of the Chamber of Commerce will be held in the I. O. O. F. hall to consider final plans for the campaign.

"It is important that everyone of the forty-nine members be present," said Chairman McCord this morning. "Final action will be taken upon a number of matters of importance. Forty-niners, lets go!"

"I am well pleased with the progress of the campaign," said President Harry D. Riley at headquarters today. "Everyone is taking hold in splendid fashion and I look for an extremely successful campaign. If the whole town will only get the spirit of the team majors and captains we will have the greatest organization in Southern California right here at Anaheim.

"There is so much in front of us that we surely need the co-operation of all the live wires. It surely is a splendid sign to observe the active co-operation of the Rotary and Kiwanis clubs in acting as hosts at luncheon on two days of the campaign. We may look forward to some good times as well as a few days of work."

BALL GAME

A plan has been outlined for a series of three baseball games between the two divisions on the luncheon days. It will be a blackboard game and the scores will be made according to the number of members, the amount of service fund pledges, and the amonut of collections made.

A two base hit will be given for each member secured. A two base hit will be given for each $25 pledged to the service fund as reported by the various teams. A single will be allowed for each $12.50, or major fraction, collected during the campaign. A premium of a home run will be given for each unit of five members reported by any team; a home run will be given for each unit of $100 secured in service fund pledges, and a home run for each $100 collections reported by a team.

In case a team should make no report his side is penalized one run. It is safe to assume that there will be no such penalties.

V. O. Buckles of San Bernardino transacted business here this week and was guest at the Valencia.

ANAHEIM HERALD WILL GIVE CARPENTIER-DEMPSEY FIGHT PUNCH BY PUNCH—JULY 2nd

The Anaheim Herald will give by magaphone the Carpentier-Dempsey fight next Saturday, July 2nd, punch by punch, trick by trick, just as vividly as though at the ringside in Jersey City, and just a moment after it happens.

The big fight will start about 11 o'clock, Anaheim time, Saturday morning, July 2nd. The Anaheim Herald's megaphone service will start about 10:30, and full details of the crowds at the ringside, last minute tips on the big battle and the action of the preliminaries will be megaphoned.

This report will be given in front of the Anaheim Herald office, Masonic Building, on Emily and Center streets.

ALL ORANGE COUNTY FANS ARE INVITED

KENYON WILL MAKE MATERNITY BILL DAY'S ISSUE

WASHINGTON, Jne 29.—The Sheppard-Towner maternity and infancy aid bill was discussed at some length yesterday in the Senate and will be taken up today, with Senator Kenyon, Republican, Iowa, in charge, determined to press it to a vote at the earliest possible moment.

Senator Kenyon challenged statements of opponents that the bill would promote "birth control and free love."

"We have appropriated $35,000,000 for a gang of bandits down in Colombia; why shouldn't we approparite $1,00,000 to save the lives of this Nation's babies?" he asked.

ANAHEIM BANK DIVIDENDS JULY 1ST

Four Institutions Make Dividend Payments to Stockholders

SURPLUSSES ADDED

An $18,000 melon will be cut in Anaheim Friday, July 1st, the day when most banking institutions pay stockholders semi-annual dividends.

Anaheim's banks will distribute $18,000 which represents from 5 to 10 per cent semi-annual dividends on stocks in the various institutions.

The forces in the banks are busy today making preparations to mail the dividend checks and Friday will be a happy day for Anaheim bank stockholders.

All Anaheim banks have had a very satisfactory six months and business has piled up increased surpluses in spite of the depression that came with the presidential year. The thrift campaign conducted here March 4th had much to do with the healthy growth of the banks.

The First National bank will pay 10 per cent semi-annual dividend on 500 shares, and the American Savings bank will do the same on a like nu ber of shares, making a total of $10,000 going to the stockholders of those two institutions.

The Anaheim National will declare a 4 per cent semi-annual dividend on its 500 shares, making $2,000 to stockholders in addition to a good sum added to the bank's surplus.

The Southern County bank will pay a 3 per cent semi-annual dividend to 750 shares, making $2,250 to their stockholders.

The Golden State National will pay a 5 per cent semi-annual dividend on 750 shares, distributing $3,750 to stockholders.

Deposits show a very satisfactory total, although this period is the low point in deposits during the year by reason of the fact that depositors have made heavy withdrawals in development of crops and in building operations, and against this, returns from crops not yet beginning to come in.

Money continues to remain a little "tight" but according to the bankers, is easing off, all of them being busier at this time than a few weeks ago. The returns from citrus crops will soon be coming in to the banks in steady streams. Beets, beans and walnuts, which are a steady drag on bank accounts will this fall replenish an hundred fold the bank accounts that have been drawn on during the spring and summer.

The fact that chaos reigns in Europe isn't news to the doughboy. Something was always raining when he was over there.

FRED HAS DREAMS.

MONTREAL, June 29.—Fred Beauvais, Indian guide: "I had two dreams in which I saw Carpentier winning the championship from Jack Dempsey. It was just as plain as if it had appeared on a movie screen. I also think that Dempsey will lose because Carpentier is a great boxer."

DAMAGING TESTIMONY SUBMITTED CAMPBELL INQUEST REGARDING ATTITUDE WIFE OF SLAIN MAN

BOOTLEGGERS WILL BE GIVEN DRIVE BY U. S. AGENTS

WASHINGTON, June 29.—Prohibition Commissioner Haynes today announced plans for reorganization of the flying squadron of prohibition detectives to cover the entire United States under his personal direction.

At the same time Haynes announced he plans to completely recorganize the entire prohibition enforcement unit.

ROTARIANS TAKE BOYS AS GUESTS LUNCHEON TODAY

Today was boys' day at the Rotary Club luncheon. Each member present was host to some boy for the lunch. Following the service the various members of the club told of some experience in his life when a boy that was entertaining and at the same time instructive to the younger generation.

The latter part of the meeting was devoted to talks on the Chamber of Commerce campaign with statements by Harry D. Riley and B. H. Schoubo. "I want to say," remarked Mr. Riley, "that I believe any amount of money paid to the Chamber of Commerce is one of the best investments that can be made. It is an investment in the community in which we live and expect to continue in business."

"Subscriptions will be of two classes," he continued. "First, the membership fee, which has been set at $25, and second, the service fund, to which a person may subscribe any amount he desires. The former will be used to meet the overhead expenses of the organization, the latter will go directly into promotional effort."

Mr. Schouboe, in the few minutes that were allotted to him, emphasized that the major part of the work being done for today was really building for tomorrow.

"These boys you have around you now," he said, "are the future citizens of Anaheim. Soon they will grow up and take their places in the business world. This community has made an investment in each one of these boys. Unless you build a city here in which they will want to remain you will lose your investment and also the benefit of their future earning power.

"Cities cannot stand still. A chamber of commerce must have a working membership. Nature has done much for Anaheim, but she has done all she will ever do The citizens must now build the town."

AGED WOMAN HIT BY AUTOMOBILE

Mrs. Emma Wright, 65 years old, was badly shaken up today two miles south of Irvine when she was struck by an automobile operated by H. W. Clarkson of San Diego. Mrs. Wright had alighted from the San Diego stage on which she was a passenger to her home in Los Angeles, and stood in the roadway while the stage driver was making minor repairs.

Mrs. Wright saw Clarkson approaching in his car, but became confused and was unable to get out of the way and Clarkson was unable to avoid the accident. He carried Mrs. Wright to the county hospital and reported the matter to the sheriff. Other than shock and a few bruises, Mrs. Wright is not seriously injured.

Neighbor in Whose House Fatal Shots Fired Said Mrs. Cambell Was Cold, Brutal and Insolent. Takes Drink of Whisky Before Going to Jail

TEMPORARY INSANITY PROBABLY BE DEFENSE

"By reason of a gun shot wound, fired by Mrs. Campbell, the wife of the deceased," was the verdict returned by the coroners jury late yesterday afternoon at the inquiry into the death of Jess V. Campbell, who was killed in Balboa Monday.

Testimony as to the actual shooting was given by Mrs. A. E. Carson, a resident of the Balboa tent city, who lives directly across the street from the Campbell home.

"Mrs. Theriait and I, heard several shots fired in rapid succession," Mrs. Carson said. "A few minutes later, we heard something bump into the side of the tent. A voice groaned and said "she's got me!" Campbell then entered the tent, and was assisted to the bed just as Mrs. Campbell entered with the gun in her hand."

"You will leave me will you," screamed Mrs. Campbell. "The man I love will never leave me," and according to Mrs. Carson, stepped to the bed and fired into her husband's back.

Mrs. Carson then argued with the woman and pleaded with her not to shoot. Enraged at this, the murderess backed Mrs. Carson into a corner of the tent and levelled the gun at her.

Seeing an attack about to be made, Campbell rose from the bed and stepped within the aim of the revolver, to save the life of Mrs. Carson. Another shot was fired while they were in this position, and then husband and wife grappled for possession of the gun. As they neared the door in the struggle, the gun was kicked from the woman's hand and it fell outside the tent, where Mrs. Theriault, another spectator, recovered it. Campbell then walked to his own home, where he was found unconscious by Gordon Grundy, a Newport doctor who was called on the case.

"Mrs. Campbell did not seem in the least hysterical or insane," Mrs. Carson declared in response to questions. "She was cold, brutal and insolent, and heaped abuse on her husband."

Testimony was given by Dr. Grundy relative to the man's condition and as to effect of wound. After an autopsy this morning it was declared that death was caused by internal hemorrage, caused by bullet wounds.

The bullet extracted from the right side of Campbell's body, and the gun, picked up by Mrs. Theriault were produced as evidence in court. Dr. Grundy testified that a bullet hole on either side of the left arm, a wound in the left side of the chest directly below the heart, and a bruise on the right side of the chest were found. It is impossible to determine which shot fired by Mrs. Campbell was the fatal one.

Testimony as to Mrs. Campbell's condition after the shooting was given by Constable Porter of Newport township.

"A strong smell of liquor was in evidence on Mrs. Campbell," Porter said. "A bottle of whiskey was sitting on the table, and she asked permission to take a drink. She also smoked a cigarette on the drive to the jail."

Mrs. Campbell was said to have said "I did it, I shot him" and to have repeated the statement several times. She is said to have told officers of several other women with whom she declares Campbell had intimate relations.

A. E. Koepsel, assistant coroner, officiated in the absence of Coroner Charles D. Brown.

M. N. Bollinger, R. G. Cartwright, H. M. Penn, D. E. Perkins and C. H. Henderson served on the coroners jury. Clyde Bishop, who has been retained as attorney for Mrs. Campbell, questioned the witnesses as to whether Mrs. Campbell was hysterical. It is believed that a defense of temporary insanity will be established in the trial.

NEW YORK.—Silence may be golden but too much of it is "unbearable" and causes mental suffering and torture, according to Mrs. Margaret Reynolds, suing for divorce because her husband kept quiet too much.

VICTIM DECEIVED HIGHWAY ROBBER COLD HEADED GUY

"This is as good a place as any to stop," a voice told H. M. Faulkes, 3445 East Seventh street, Los Angeles, last night as he was driving his truck along the Irvine road.

Turning around, Faulkes found a 38 calibre automatic facing him. Its owner, and incidentally the owner of the voice, was sitting on the top of the truck, and cheerfully commanded Faulkes to "shell out."

Stopping the truck, Faulkes handed out $1.50 and declared that that was all he had, neglecting to mention a wad of bills and a $40 watch in the other pocket.

The hold-up man appeared satisfied and rode with Faulkes on to Irvine, where he jumped off and disappeared. His description is given as 28 years old, height five feet, eight inches, dressed in a dark suit and cap. Faulkes is an employe of the Haydis Transfer Company of Los Angeles.

LOST SUM OF $75

The Garden Grove gasoline filling station was robbed of $75, according to a report made at the sheriff's office by the owner today. Foot tracks of a small boy were found about the establishment, the report said, and it is thought that some small boy appropriated the money while the owner was out to lunch.

Thoughts for Anaheim Citizens

No. 5

Four hundred men and women, working as individuals along lines of civic, social and economic development with no common meeting ground, make little progress.

These same men and women, animated by the spirit of unselfish service to the common good of their community, backed up by systematic organization, and putting forth their efforts unitedly on a project, can do anything within reason for their community.

The expanded Anaheim Chamber of Commerce will provide the agency for united effort, for the accomplishment of many things to advance the interests of this community which no single person could achieve.

In no way can you do more to help bring about present and future prosperity than by joining forces with others in the expanded Anaheim Chamber of Commerce.

Give a thought to Anaheim's welfare.

ASSISTANT NAMED FOR TROOP ONE OF BOY SCOUTS

The Scouts of Troop One Anaheim, held their weekly meeting last night at the Junior High Building.

The evening was spent in business and a new assistant scout master, Mr. Sherman, was elected for that office. The nine second class scouts are to start Tuesday morning on a three-day hike to their summer camp on the Bixby Ranch near the County Park.

The following poem was written by Scout Niles Fiscus of Troop One, Anaheim.

TROOP ONE OF ANAHEIM.

1

Oh boys! Don't you wish you were in our Troop,
Where you'll have a good old time?
And we'll always keep you out of the coop
In Troop One of Anaheim.

2

Oh boy! When we get our summer camp
You'll regret that you're not a Scout
And at the camp we'll light the lamp
And hear stories that will make you shout.

3

There's always a time for play you know,
But remember there's time for work,
When Mr. Heidt begins to blow,
You'd better not try to shirk.

4

The ones that shirk you'll see
Next in the kitchen on duty.
Washing dishes and the like
Instead of going on a hike.

5

When the summer is spent, you'll often
Hear; "Who took the medals home?"
Of course you know they'll say,
With a grumble and a whine,
Troop One of Anaheim.

STILLMAN TO MEET QUESTIONS ABOUT HIS LADY FRIENDS

POUGHKEPSIE, N. Y., June 29.—Two hundred questions are aredy to be presented to James A. Stillman when he appears tomorrow at the secret hearing in his suit for divorce, John E. Mack said shortly before the hearings were renewed today.

The questions, according to Mack, guardian for Baby Guy Stillman, whose legitimacy the banker questions, will bear on Stillman's alleged reations with Mrs. Florence Leeds and other women. Stillman is ready to present himself if process servers fail to reach him with a subpoena returnable today, directing him to appear for examination.

The first witness today is expected to be Miss Isabella Armstrong, a nurse, who was brought from San Diego, Cal., to testify regarding Stillman's non-accessibility in connection with the question of Guy's legitimacy. Mr. and Mrs. F. A. Lalor, former servants at the Pleasantville estate, were to testify along similar lines.

It is understood the defense will have about fifty witneses, several of whom will be used to refute "keyhole and ladder" testimony.

The hearing began at 11 a. m. Mrs. Stillman, dressed in a black silk dress, accompanied Mack to the court room. Abel I. Smith and Jorn Brenan were present as attorneys for Mrs. Stillman.

TAFT TO BE NAMED FOR SUPREME COUNRT ON SATURDAY REPORT

WASHINGTON, June 29. — Announcement of the appointment of William Howard Taft to be chief justice of the supreme court probably will be made shortly, it was learned today.

President Harding, it is said, has practically decided on the appointment of Taft and unless there is some hitch he plans to announce his appointment tomorrow just before leaving here for a week-end vacation in New Jersey.

The supreme court does not meet until September and Harding could postpone an appointment until then. The appointment now, however, would give Taft time to familiarize himself with the work of the court. If another vacancy occurs on the supreme court former Senator Sutherland of Utah, it is believed, would be favorably considered.

BILLION DOLLARS DUE UNCLE SAM AS INTEREST ALLIES

WASHINGTON, June 29.—More than one million dollars is due the United Sttaes as interest on money loaned to foreign governments, Secretary Mellon today told the senate finance committee.

A total of $451,736,000 in interest has been paid on more than $10,000,000,000 loaned to other nations, he said, while repayments on the principal amount up to June 27 total $162,298,000.

Nations seldom have stomach for a fight until they get a war chest.

TEN PER CENT CUT WILL BE OFFERED CITRUS GROWERS

An offer to make a reduction of ten per cent in the freight rates for oranges and lemons will be made by railroad representatives to the California Citrus league at a meeting to be held in Los Angeles tomorrow.

Recently an offer to make the ten per cent reduction was rejected by the California Fruit Growers exchange. That offer, however, was based upon the demand of the railroads that the citrus men give up shipments by water.

On their part, it is said, the growers will ask that the 33 1-3 per cent increase of rail rates granted by the Interstate Commerce Commission about a year ago be abolished. Orange and lemon men declare the high rates to be ruinous to the industry.

Coastwise freight rate reductions effective July 1 have been made by the Admiral steamship line, A. F. Haines, vice-president and general manager of the company announced. The rates are subject to approval of the Commerce Commission.

Carriers' representatives who will attend the rate conference Thursday include G. W. Luce and H. C. Hallmark of the Southern Pacific, W. G. Barnwell and H. P. Anewalt of the Santa Fe, and A. S. Edmonds of the Salt Lake Route.

WHITE SLAVE PARLEY NOT INTERESTING TO UNCLE SAM

WASHINGTON, June 29. — The United States has refused an invitation of the league of nations to be represented at the forthcoming white slave traffic conference, it was learned today.

This conference is designed to take steps to abolish the white slave traffic and is to be held tomorrow at Geneva under the auspices of the league of nations.

The message of Secretary Hughes refusing the invitation was despatched on June 24, addressed to Sir Erric Drummond, secretary of the league, and was sent indirectly through an American diplomatic representative abroad.

The American refusal to be represented in this conference is regarded as showing the Harding administration is strictly adhering to its policy of not having any part in matters of the league of nations.

WALKING BAR ROOM NOT EXCLUDED SAYS JUDGE

SAN FRANCISCO, June 29.—District Attorney Joseph Connolly asked his client, Joseph Duarte, be released and the officers who arrested him be prosecuted because, he alleges, they are supposed to have found a flask of whisky in Duarte's pocket without a search warrant.

The demand was refused by United States Commissioner Krull.

Connolly then told Krull he presumed too much as he had been repeatedly ruled against by the courts.

"No man has a right to carry liquor on his hip and then not expect to be prosecuted," said Krull. "A walking bar room loses his identity as an individual and cannot demand his constitutional rights as such."

WATER SHIPMENTS BRING GOOD SAVING

Shipment of citrus fruits by way of the Panama canal to Atlantic and European seaports at a saving of 60 cents a box on lemons and 70 cents a box on oranges is announced by the California Fruit exchange.

The saving this year on the total shipment to date by the water route in preference to rail amounts to $88,173.20, according to exchange reports. Since January 1, 225 carloads of oranges and lemons have been shipped by the water route.

Cargoes from Los Angeles harbor to Philadelphia, Savannah, London New York, Boston and Rotterdam, have included 90,427 boxes of lemons and 41,310 boxes of oranges. The largest shipment of citrus fruit this year from the harbor, it is said, was made last Tuesday and consisted of 16,000 boxes of lemons and 6000 boxes of oranges, destined for New York. Fifty-five refrigerator cars would have been necessary to carry this shipment by rail.

AGRICULTURE HEAD REAL DIRT FARMER

Secretary of Agriculture Wallace, almost immediately after taking office, established his standing as a "real dirt farmer" in keeping with the promises of President Harding to put such a man at the head of the Agriculture department.

Wallace called in newspaper men and speaking with evident earnestness, succeeded in impressing them with the fact that the American Agriculturist simply must receive a better return from his work if he is to continue to feed 105,000,000 residents of the United States. Wallace, a newspaper editor as well as farmer, knew how to "put up his copy to make it get across." It did—in a series of newspaper headlines which extended from New York to San Francisco.

Wallace's desk is constanty littered with charts, showing the financial standing of the American farmer, his problems and profits. The Secretary burns the midnight oil in getting these charts in shape for publication. And scientists in the Department also work at all hours to supply the Secretary with information to go into the charts.

MISS ROSA HOWITZ BECOMES BRIDE

Friends of Miss Rosa Horwitz, formerly of Anaheim will be happy to hear of her marriage yesterday afternoon to C. L. Smith, of Colorado. Immediate relatives were present at the ceremony at the home in Los Angeles of Mrs. E. Horwitz, mother of the bride. Following the wedding Mr. and Mrs. Smith left for a short honeymoon at Long Beach. On their return they will reside in Los Angeles.

Miss Horwitz was a former student of the Anaheim high school and even though she did not finish her course here she left many class friends who wish her much happiness. She is a sister of Mrs. J. Glitz of Fullerton and Miss Hannah Horwitz of this city. Mr. Smith recently arrived from Colorado and has taken a position in Los Angeles.

Mrs. Emory Kneip was hostess yesterday afternoon to the Merry Few Club. The afternoon was filled with pleasures including a musical program. Late in the afternoon refreshments were served.

PRESBYTERIAN'S SUNDAY SCHOOL PICNIC MONDAY

The Anaheim Presbyterian Sunday School picnic was held in Orange County park, yesterday. In the morning the children had a good time with the swings, teeter-totters, slides, and other amusements. When noon came over 75 spread their picnic dinners on the tables under the trees.

After dinner there was a baseball game between the Curtis Lemons and Owens Oranges, score 21 to 6 in favor of the Lemons. Then there were races. The boys had a three-legged race in which Edwin Beebe and Oscar Gibbs each received a hammer as first prize, and James Hall and Rector Coons received a whistle and a cricket as second prize.

A sack race in which Oscar Gibbs received a folding measure as first prize and Take Tatayama received a paper knife as a booby prize, and in the boy's foot race Nerland Tobin came in first.

The men also had a sack race in which W. T. Wallop received a hammer as first prize and F. N. Gibbs received an oil can as booby prize. While these races were underway some of the others went hiking, boating, swinging or visiting under the trees.

Before leaving for home another baseball game was enjoyed between the old men and boys. This was warmly contested and was followed by a raid on the Lemonade barrel in which every one went the limit. About 5 o'clock the automobiles were filled with children and grown-ups, and all went home.

The games were in charge of Miss Parker and Charles Pearson. Transportation was handled by A. Nagel.

The Men's Bible Class handled the iced lemonade to perfection.

Mr. W. T. Wallop and Mrs. Renner provided the coffee and tea. "Had a real good time," was the generally expressed remark on leaving the park last evening.

"Y" BOYS ENJOYED FIRST SWIM MONDAY PLANS FOR SUMMER

"Say fellows, wasn't that some swim down at the "Y"?

This is the question heard from many boys about town today after the opening of the pool yesterday. Today the regular classes start. There have been three classes organized, each having over 20 boys. Mr. Pine, who was coach of the Colton high school the past two years has been secured by the local Y. M. C. A. committee to have charge of the activities at the pool and building three days a week, under the direction of the county secretaries.

The place will be open Mondays, Wednesdays, and Fridays for the regular classes. There are to be other special events the other days which will be arranged later by Mr. Raitt. There is still room for about 15 boys in each of the classes and applications may be had by applying at the building on days mentioned.

Boys under 12 years of age meet at 9 o'clock, play for an hour and swim at 10. Boys from 12 to 14 meet at 10 o'clock for an hour on the playground and swim at 11. The intermediate group meet in the afternoon at 2:30 and follow the same schedule. It is planned to have the building and pool open to men from 5:30 to 7:00 p. m. and applications for this membership may be made at the building, the cost for the membership for the summer being $1.00 for boys and $3.00 for men.

The pool has been painted white with racing lanes marked off and the pool entirely fenced in with the sidewalk around it widened to the fence, thus insuring keeping it as clean as possible. The grounds are to be equipped with volley ball courts as well as the indoor diamond already laid off, so that a real active program can be followed. Other equipment will be added that seems necessary when the treasurer can afford to buy.

DEMONSTRATED TO BIG CROWD HOW TO FIND OIL

Captain W. D. Covington, geologist for the Lessors Oil Company, before a crowd of fully a thousand people Sunday at Hansen Station, successfully demonstrated his method of locating oil. Eight holes were dug by different ones from the crowd and in four of these holes real oil was placed and then all were filled in and marked alike; Captain Covington was to test each hole in turn and distinguish the ones that had oil from the ones that did not. This he was completely successful in doing to the entire satisfaction of everyone present.

Previous to the demonstration D. A. Woodward, president of the company announced the rules of the test and called the attention of those present to the enormous possibilities that will follow the finding of oil in this field and the necessity of everyone with interest of the community at heart to loyally back the company to their fullest extent. Mr. Woodward then introduced Judge James W. Bell of Los Angeles, who addressed the assemblage with pertinent remarks about the company; how they had organized to develop their own land and were thereby assured a square deal for the investor who aligned himself with them and when necessary it was for everyone in this locality to co-operate with the company to develop a strictly worth while proposition.

ELKS PICNIC TODAY

Anaheim Elks will assemble, in Santa Ana canyon at 5:30 this evening for a barbecue and picnic. A peppery evening is promised, as it has been learned that several "baby Elks" will be given the nineteenth to the twenty-ninth degrees.

MILITARY FUNERAL FOR JESSE FOSTER

Funeral services for Jesse L. Foster, Fullerton boy, who was killed in action on the Argonne front September 29, 1918, will be held some time this week. The body will arrive from France in a day or two. Services will be held from the Seale undertaking parlors at Fullerton and will be in charge of the American Legion.

Foster was the son of Mrs. Ella Atter of Fullerton and Garden Grove Roads, Fullerton. He went to Camp Lewis on October 4, 1917, and as a member of Company E, 364th Infantry, went overseas with the Ninety-first division. He was engaged to Miss Millie Ivey of Norwalk and their marriage was to have taken place before Foster went to France but the sudden departure of his division prevented.

Miss Ivey some time ago received from Jesse Berridge of Brooklyn, New York, a locket found on Foster's dead body on the battlefield. The locket contained Foster's name and address and a picture of Miss Ivey.

MINISTERS ENJOY DAY AT BALBOA

Fifty or more pastors of Orange county, members of the ministerial union, with their wives and families, held their regular June meeting at Balboa Beach yesterday.

Though scheduled as a formal business meeting the clergy succumbed to the exhilaration of the sea air and made it a picnic, with a bare trace of business on the side.

Selection of representative men to address the union at its meeting in Santa Ana during August was discussed and it is expected thae a definite decision will be reached this week.

Rev. John Oliver of Santa Ana, and the Rev. J. A. Geissinger of Anaheim, opened their cottages at the beach for the convenience of the gathering.

WESTMINSTER MAY BE HOME OF OIL

Eyes of oil men all over the county are turned toward the wildcat well that is being drilled at Westminster. Oil may be struck there within a short time.

If oil is struck, a new era in the oil industry of the county will be entered for the Westminster well is three miles from proven territory.

The Westminster Oil company, organized by Orange county men, has leases upon a number of ranches in the vicinity of Westminster, which is directly north of the great Huntington Beach field.

Drilling has been carried forward successfully up to the present, and there is no reason to believe that the well will not be drilled to completion successfully so far as the drilling is concerned. Whether oil lies below remains to be determined.

The drilling is now going on at about 3000 feet. Yesterday the drill went through cement into a water quicksand that looks very much like the sand found in drilling the big wells at Huntington Beach. Some of those who are watching the well believe that below the quicksand a hard strata will be struck and that below the hard strata will be found the oil sand for which the company seeks.

—Some home-hunters are more interested in their quest right now than ever before. Advertise your property.

GETS GOOD START HOUSEKEEPING IN ROBBERY TUESDAY

A wholesale robbery including a set of silverware, clothes, shoes and dry goods, was reported by J. O. Day, proprietor of the Westminister general store today.

The store was entered late last night, the report said. Among the articles missing are a half dozen each of Rogers silver knives, forks, teaspoons and tablespoons, two bolts of muslin, two bolts of blue gingham, 100 yards of plaid gingham, 7 pairs of men's bicycle shoes, 12 pairs of women's tan "Star" oxford shoes, 36 pairs of men's blue cotton work shirts.

It is thought that the burglar or burglars entered with a pass key.

JUDGE HOWARD HOME FROM ARIZONA TRIP

Judge and Mrs. J. S. Howard, who went to Arizona two weeks ago to be present at the graduation of their daughter, Miss Adele Howard from the Arizona State Normal, returned home last night, accompanied by Miss Howard, who will spend the summer in Anaheim.

During their stay in Arizona, Judge Howard and his family enjoyed the wonders of the Grand Canyon and visited Phoenix, Yuma and other Arizona cities. Mrs. Howard had the misfortune to sprain an ankle while visiting the cliff dwellers during the early part of their Arizona visit and is still compelled to use a crutch.

Judge Howard said that he had heard of hotter places than Yuma and Phoenix but maintains that "it can't be done" this side of "the place you are thinking about."

DISAGREEABLE MAN SAID HIS NEIGHBOR

Charges of disturbing the peace were dismissed against Jose Murrietta, Stanton Mexican, when brought into the Santa Ana justice court today.

The charge was made by Rosario Guillen, a neighbor. When asked his grievance against Jose, Guillen's only kick was, "he is a disagreeable person." The judge didn't think that that warranted a jail sentence.

MAN ARRESTED WILL PROBABLY MAKE SOME TROUBLE

Mr. and Mrs. John H. Hoagland, family of Oceanside, started for Amarillo, Texas, via train yesterday, but were forced to postpone their trip on what appears to be a blunder of constables at Oceanside.

A telegram from S. R. Dunn, deputy constable of the southern town asked the sheriff's office in Santa Ana yesterday to take Hoagland from the train. Hoagland had absconded with $800, the telegram stated, and officers from Oceanside would appear with a warrant.

After Hoagland was safely lodged in the county jail, another telegram requesting his release was sent from Oceanside.

Naturally, the Hoaglands are of the opinion that the affair was carried a bit too far. Hoagland emphatically denied that he had absconded with $800 and didn't see why he should be made to miss his train. Sheriff Jackson still doesn't understand it and would like an explanation from the great metropolis at Oceanside.

Hoagland, when he was released from the county jail this morning, declared his intention of bringing suit against the Oceanside constable for damages.

EMBEZZLEMENT CHARGE

Charged with embezzlement, J. J. Braughton, aged 50, a bookkeeper, was arrested at Sawtelle today by the Los Angeles police department. The arrest was made at the request of Santa Ana authorities. From his cell in the city jail Braughton issued a statement in which he said he was formerly employed as a bookkeeper in the offices of the Globe Milling Company in Fullerton. He said there was some confusion over his accounts and that he was corresponding with his former employers in an effort to straighten them out when he was arrested.

NOTICE OF FILING OF COMMISSIONER'S REPORT

In the Matter of Opening and Extending West Chartress Street in the city of Anaheim.

Notice is hereby given that,

WHEREAS, in persuance to a resolution entitled "In the matter of opening and extending West Chartress street in the city of Anaheim. Resolution ordering work," which said resolution was passed and adopted by the board of trustees of the city of Anaheim on the 27th day of January, 1921, and was approved by the President of the board of trustees of said city of Anaheim on the 27th day of January, 1921, Chas. Eygabroad, Geo. M. Ross and Fred C. Rimpau, were appointed commissioners to assess the benefits and damages and have general supervision of the proposed work or improvement referred to in said resolution, to-wit: The opening and extending of West Chartress street in the city of Anaheim from a point one hundred sixty and twenty-five hundredths (160.25) feet west of the west line of North Palm street in said city to a point one hundred sixteen and eight tenths (116.8) feet east of the east line of Resh street in said city, until the completion of said proposed work or improvement in compliance with law and the statutes in such cases made and provided; and

WHEREAS, said commissioners have made their assessment of benefits and damages and have made a written report thereof to the board of trustees of the city of Anaheim and have attached to said report a plat of the assessment district showing the lands to be taken for said work or improvement and the lands assessed, showing the relative location of each district, block, lot or portion of lot and its dimensions so far as said commissioners could reasonably ascertain the same, and that said commissioners have done all things by law required of them to be done and said report and plat contain all matters required therein to be done in the manner, form and substance as required by law;

NOW, THEREFORE, notice is hereby given that said report and plat were filed in the office of the city clerk of the city of Anaheim on the 25th day of May, A. D. 1921. Pursuant to the statute made and provided, the undersigned, Edward B. Merritt, city clerk of the city of Anaheim, does hereby give notice of the said filing of said report and plat, and notice is hereby given that all persons interested may be and they are hereby required to show cause if any, before the board of trustees of the city of Anaheim on or before Tuesday the 26th day of July, 1921, up to the hour of five o'clock p.m. of said last named day, why said report should not be confirmed, and said last named day is the day fixed by the clerk for that purpose.

All objections shall be in writing and filed with the city clerk of the city of Anaheim at his office in the city of Anaheim, county of Orange, state of California.

Reference is hereby made to said resolution above referred to which was adopted by the board of trustees of the city of Anaheim, on the 27th day of January, 1921, and to the report and plat of said commissioners, all of which are on file in the office of the city clerk of the city of Anaheim.

Dated Anaheim, California, this 26th day of May, 1921.

The 'Heal-All' of the Indians

There is an herb which grows wild on our Western Plains known as "Manzanita" and to which the Indians attributed wonderful curative and healing virture.

There is no question but that nature has bounteously provided in the roots and herbs of the field a remedy for many of the ills to which human flesh is heir. This is demonstrated by the wonderful success of that root and herb medicine, Lydia E. Pinkham's Vegetable Compound which for more than forty years has been relieving women of America from some of the worst forms of female ills. It will certainly pays any woman who so suffers to try it.—Adv.

The woman's household cares.

Often weaken the kidneys.

Backache, headache, dizziness.

Kidney troubles, urinary troubles frequently follow.

An Anaheim citizen tells you what to do.

C. E. Jordan, carpenter, 319 Sadelphia St., says: "My work did strain on the kidneys and backaches and attacks of backache and a dull ache across my kidneys that made it hard for me to do any stooping or lifting work. My kidneys acted irregularly too. Doan's Kidney Pills from Heine's Drug Store soon relieved my backaches and put my kidneys in good order. THE BIRDS WHO BREAK THEIR WORD

"WELL, but Killdeer," protested Malty Kitten. "Could my friend, the King of the Scales, down there in the Big Marsh, catch a heron and make them promise to let me go crawfishing?" He didn't see how else the little brown bird could fix it up for him. "How could he? He hasn't any wings?"

"He doesn't need them." Killdeer assured the anxious pussy. "A heron can't dive. He has to wade or go hungry. That clever snake can glide along under as quietly as a minnow. When he sees those two legs of the heron's sticking up side by side, he knows who it is without poking his head out to look. He can slip right up close and lasso them, any time."

"I just wish he would, then." The kitten was almost ready to trot off and ask him, "Because the herons promised they'd only fish, for ever and ever, and they'd stop hunting. But they certainly hunted Thunderpaws and men, and we aren't fish. If I told the King they'd broken their promise, what would happen then?"

"Sho, Kitten, he knows it. They're always breaking it when they think he isn't looking. They pretend they're forgotten. He takes a swim every once in a while and rubs his scales along their shanks just to keep them remembering. But you needn't trouble him. Just as soon as the news I told them about you gets clattered from beak to beak you won't have to worry about them."

"What is it?" Malty asked, a wee bit doubtfully, for Killdeer was nearly as full of jokes as Tad Coon. "Or is it too bad to tell?"

Little Pointy-wings laughed till his feathers fluttered. "Don't worry, Puss-kitten," said he. "The joke's all on the herons this time. You see you aren't the only furry-foot they've been bothering. I told them all the woods were complaining about them. I said they sent the skunk, because he and the King of the Scales are such good friends, ever since that time in the First-off Beginning. And he took you with him because he can't climb. So you went up their tree to see what they were feeding their greedy heron nestlings.

"They wanted to know what you said about them and I pretended I didn't know because you talked his secret hiss-talk snakes use among themselves all the time you were with him. Scared? Every last one of them is feather-deep, now, as if he were

awfully busy fishing, except a few who are trying to balance on one leg. They think if the King does come after them, maybe they can fool him, that way."

"Ee-ee—yoww!" squalled Malty (It's his way of shouting "Hooray") "I'am going crawfishing, crawfishing, crawfishing!" He began to dance around and practice on every pebble within paw-reach, till he sent them spinning.

CARPENTIER'S WAR RECORD IS GREAT DEMPSEY'S NOT

By HENRY L. FARRELL

NEW YORK, June 29.—Much has been said of Georges Carpentier's war record. France considers him one of the war idols. In America some say Dempsey's challenger was a slacker who wrapped the flag around him for defense. Others claim that he was virtually drafted and placed far behind the lines, out of danger.

His war record, secured from the Dossier French aviation headquarters, shows that he was a real fighter, spent eighteen months actually at the front and was decorated with the Croix de Guerre and Medaille Militaire.

His service record, which records his every move for five years, shows that he reported at the outbreak of the war in 1914 and was first attached to the Second Aercnautic Division as al chauffeur, in which capacity he served until he received a license as a pilot May 24, 1915.

He was sent to the front with a squadron and remained there three months in active service flying over the German lines in a Farman two-seater. He was sent back as a spare pilot to the general reserve headquarters on August 16, 1915, to await assignment to another escadrille.

Twelve days later he injured his leg in an accident, but recovered and was sent back to the front Sept. 11, 1915, with the Farnum escadrille No. 55. He was engaged there in reconnaissance work in preparation for the unsuccessful Champagne drive which began Sept. 15, 1915.

Carpentier won the Croix de Guerre for his work in this offensive with the following citation: "Sept. 25, he did not hesitate to fly during misty weather and rain less than 200 yards above the enemy lines. He has given proof of many circumstances of sangfroid, never returning until his mission was accomplished, often with his machine riddled with bullets and shell splinters."

Carpentier was transferred to Farman escadrille No. 8 on April 19, 1916, during the attack of the Crown Prince on Verdun.

On Nov. 5, 1916 he received the Medaille Militaire for heroic action during the French counter- attack by which Daumont Vaux was recaptured. The citation follows:

"Sergeant Pilot Carpentier as a clever aviator impresses everyone with bravery executing really perilous missions. He distinguished himself during the attack October 26 flying over the enemy lines at a low altitude for four hours, despite unfavorable weather and even in contempt of danger."

Carpentier was forced by illness in December, 1916, to quit the front and he never returned. He went to the Viry Chatillon hospital and was then transferred to Cignan Court, just outside of Paris. He was granted two months leave Jan. 15, 1917, and in February obtained permission to visit the United States giving exhibitions, but the trip later was called off.

On May 16, 1917, he was assigned to the escadrille stationed at Algeria but was declared unfit to continue as a pilot and was detached from aviation. He then became physical instructor at the Joinville school of the French Army, five miles outside of Paris.

He served as a boxing instructor touring all of the French camps and many of the American camps. Six months after the armistice he was transferred back to aviation and then demobilized.

CHICAGO.—Fire! Fire! Thus shouted a woman at the municipal pier. Thousands ran and the fire department came. Later it was discovered she was just describing a fire she saw in New York.

Making sport of policemen in the movies may be comedy, but it isn't funny to the policeman who must serve as the bad guy's target.

FARM LABOR WILL BE DISCUSSED AT MEETING FRIDAY

(Farm Bureau Bulletin.)

The farm labor situation in Orange county for the coming season will be reported and thoroughly discussed at a county meeting of labor users Friday, July 1st, 2 p. m. at the Farm Bureau headquarters, Santa Ana.

The meeting has been called by the directors of the Farm Bureau for the purpose of learning the needs of each section of the county if such exist at this time. Scattered efforts have been made from time to time to get farmers together on this matter, but with no result.

This will be the first county-wide present from the packing houses, fruit associations, sugar factories, walnut associations, bean ranchers, trucking sections and the large ranches.

Reports coming into the Farm Bureau office indicate that labor is not especially scarce, but some associations are looking for an improvement in the distribution and the efficiecy of help.

Hundreds of Mexicans are preparing to leave for the vineyards of San Joaquin Valley. Hordes are returning to Old Mexico. The best crop, walnut crop and lima beans are coming soon, besides the regular picking of oranges and lemons.

Authorized representatives will speak for the needs of their particular field.

Mr. G. B. Hodgkins will discuss the organized labor associations of other agriculutral centers.

Some definite action will result from this meeting as to the labor policy of the various farming industries of the county and their interrelation.

The public is invited to attend.

CAPISTRANO'S PIG CLUB IS TO CLOSE

EVENING PROGRAM.

Big Dance—Walnut Warehouse.8 p.m.

EVERYBODY WELCOME.

The contestants will have their porkers on the grounds Saturday. The people in the community are much interested in this constructive, educational work. H. R. Henry and Roy Cook have planned a raffle to raise money for prizes to encourage the boys and girls.

Messrs. John and Frank Foster, pioneers of this locality, are asking arrangements to stage an old-time barbecue at noon. They have both had many round-ups and barbecues in the past and no doubt will make a big success of the affair on July 2nd.

Mr. Dave Ross, Russell Cook and W. J. Gallis are responsible for the stunts following the regular program. It has been rumored that a "greased pig" will be turned loose. Foot races and baseball throwing contest will make up the athletics.

The entertainment committee, Mrs. Frank and Joan Foster and Mrs. Smith have scheduled a good orchestra from Santa Ana for the dance in the Walnut Warehouse at eight in the evening.
