Scab in Sheep.

Henry S. Randall, in his excellent work on Sheep Husbandry, says: "The scab is a cutaneous disease, analogous to the mange in horses, and itch in men. It is caused and propagated by a minute insect—the acarus. It is often produced spontaneously in England by mismanagement of various kinds, such as bad keep, starvation, hasty driving, dogging and exposure afterwards to cold and wet, and it spreads rapidly by contagion. It is very prevalent there, and annually causes an immense loss in the wool and flesh of the British flocks. In the United States it is comparatively little known, and, so far as I am able to learn, never originates spontaneously."

A German author and veterinarian of great observation and experience, who has given the subject patient and careful investigation and throw much light on the habits of these parasites, says: "If one or more female acari are placed on the wool of a sound sheep they quickly travel to the root of it, and bury themselves in the skin, the place at which they penetrate being scarcely visible, or only distinguished by a minute red point. On the tenth or twelfth day a little swelling may be detected with the finger and the skin changes in color and has a greenish blue tint. The pustule is now rapidly formed, and about the sixteenth day breaks and the mothers again appear with their little ones attached to their feet, and covered by a portion of the shell of the eggs from which they have just escaped. These little ones immediately set to work and penetrate the neighboring skin and bury themselves beneath it and find their proper nourishment and grow and propagate until the poor animal has myriads of them to prey upon him, and it is not wonderful that he should speedily sink. Some of the male acari were placed on the sound skin of a sheep, and they too burrowed their way and disappeared for a while, and the pustule in due time arose, but the itching and the scab soon disappeared without the employment of any remedy."

CONTAGION.

Upon this subject all authorities agree. Mr. Randall says: "It spreads from individual to individual and from flock to flock, not only by means of direct contact, but by the acari left on posts, stones and other substances against which diseased sheep have rubbed themselves. Healty sheep are therefore likely to contract the malady turned on pastures previously occupied by scabby sheep, though some considerable time may have elapsed since the departure of the latter." We conclude, therefore, as we stated to him at the time, that the views of our sheep owners upon the subject of the cause and contagious character of the disease are certainly erroneous. It is probable, however, that the overheating may cause heat blisters, as described, and that the loosened bunches of the wool give the acari an easier access to the skin and induce a more rapid propagation of the insect and spread of the disease.

TREATMENT.

The several remedies given by the authorities for this disease, but all agree that tobacco in one form or another is effective. Some add other ingredients. Chancellor Livingston used a decoction of tobacco, to which he adds one-third in measure of wood lye, and as much hog's lard as will dissolve in the lye, and some tar. Mr. Randall gives his experience on a flock which he purchased, among which the disease developed in a malignant form, as follows: "The sheep had been shorn, and their backs were covered with scabs and sores. They evidently had the scab. I had a large potash kettle sunk partly in the ground as an extempore vat, and an unweighed quantity of tobacco put to boiling in several other kettles. The only care was to have enough of the decoction (as it was rapidly wasted), and to have it *strong enough*. A little spirits of turpentine was occasionally throw in, say to every third or fourth sheep dipped.

It was necessary to use it sparingly, as not mixing with the fluid, but floating on the surface, too much of it otherwise came in contact with the sheep. I had each sheep caught and the scabs scoured off by two men, who rubbed them with stiff shoe brushes dipped in a suds of tobacco water and soft soap. The two men then dipped the sheep all over in the big kettle of tobacco water, rubbing the affected parts thoroughly with their hands. The effect on the sheep was almost magical. The sores rapidly healed, the the sheep gained in condition, the new wool immediately started, and I never had a more perfectly healthly flock on my farm. Though administered with little reference to economy, the remedy was a decisive one."—*Sac. Record*

A Card to the Citizens of Los Angeles County.

When the present political campaign commenced, I believed that I had entered on a contest which would be conducted against me in a gentlemanly manner. In this, however, I regret to find myself disappointed, if I may judge from the assertions of those who oppose me, and their accredited organs. The course which they have pursued, has been uniformly to defame my good name and slander me in my official capacity.

I have lived in this county for twelve years, and have always conducted myself as an honorable man should. Since I have held the position of County Treasurer, I have unceasingly striven to fulfill my duties faithfully. I affirm positively that I have kept every dollar of the county funds *intact, apart* and *separate* distinctly; I affirm also that I have kept separate and in its own place, each portion of the funds, labelled and docketed with their respective names.

The Hon. the County Judge has examined the county funds on hand every month since the political code came into operation. I append his official certificate to the effect that that the amounts in my custody were invariably correct.

In respect to the keeping of the county funds in a bank, I will state that I am and always have been ready and willing to have them placed in other custody than that of a bank vault, and herewith pledge myself to move the county funds to a safe place aside from either of the banks whenever the Board of Supervisors shall build a burglar-proof vault or designate the present county vault the proper place, thereby relieving myself and bondsmen from all responsibility, should the vault be opened by burglars.

I have not heretofore thought it necessary to give a pledge as Mr. Temple has done, nor did Mr. Temple himself require one from me when I held the position of teller in his bank. T. E. ROWAN.

I hereby certify that pursuant to section 4,221 of political code, I have, as County Judge, at least once in each month, counted the money in the County Treasury, and have made each time the required statements, as to the amount of money that ought to be in the Treasury, and the amount and kind of money actually therein. The said statements have been duly filed every month in the office of the County Clerk. Y. SEPULVEDA.
County Judge.

SATURDAY....... AUGUST 23, 1873.

L. P. FISHER, 20 and 21 New Merchants' Exchange, is our authorized Agent in San Francisco.

A BRIGHT OUTLOOK.

Notwithstanding the numerous disadvantages under which all newly organized communities labor, notwithstanding the many obstacles attendant upon and to be overcome by a proper development of the resources of a country, and notwithstanding the especial drawback of drouth which has existed in this section for three years past, the future of our valley presents a most flattering encouragement to those who have already elected to make Los Angeles county their home, and offers to the new-comer inducements which can not be rivaled upon the Pacific coast. The scarcity of rain, about which much complaint has been made, has resulted to the advantage of the farmer, inasmuch as his efforts have been diverted from the growing of cereals, for which this valley is not so well adapted, to the cultivation of vines and fruit trees, the legitimate and paying productions of Southern California.

The only serious drawback, which has heretofore actually existed, has been the difficulty of obtaining water for irrigating purposes. There has always been the greatest plenty of water in the Santa Ana river, but from a scarcity of means, farmers have been unable to utilize it. Now this difficulty will be remedied. The Los Angeles Land Company have engaged Gen. ALEXANDER to examine and report upon the practicability and expense of building a large canal, with reservoirs at suitable points, in order to place under irrigation the whole of the valley lying between the Santa Ana river and the Coyote creek. That his report will be favorable, we do not for a moment doubt, and we believe confidently that a commencement will be made to this great and important work at a very early day.

With this canal furnishing a never failing supply of water, and with the cheap means of transportation, which will result from the completion of the railroad now in process of construction, no spirit of prophecy is requisite to foretell for our country a most brilliant future.

AN UNJUST AND FOOLISH CHARGE.

The Los Angeles *Express*, in order to make capital against Mr. GUINN, brings against him the vague charge that he is committed to county division. It is their intention evidently to create an incorrect impression of the character of that gentleman, and by implication, to cause him to appear in the eyes of the citizens of Los Angeles a vapid, blatant, one-ideal pot-house politician. Such an accusation can accomplish no good, especially when brought against one, so widely and so favorably known as Mr. GUINN. It is universally conceded by both friend and foe that he is unquestionably the most able man upon either ticket. His scholastic attainments are of the highest order, and his personal integrity and honesty are beyond even the taint of suspicion. The *Express*, in making its accusation, recognizes these facts, and whilst acknowledging his ability, and his individual purity, advises its readers to reject one, who will represent fairly the expressed wishes of every portion of his constituents.

We have had an opportunity, from the relations existing between us, to learn Mr. GUINN's true attitude upon this question of county division. Although he has never been blindly enthusiastic upon the subject, and in fact deems it prematurely agitated, nevertheless he believes it to be the imperative duty of an honest and upright legislator to represent the interests of every portion of his constituency, and, acting upon that belief, will undoubtedly afford to our community an opportunity to present to the next Legislature the story of their grievances, and their request for relief. However, we, of this end of the county, have not and do not require any pledge from him. We have the utmost confidence in him, and in his uprightness. He is the only man, living among us, who can cause Democrat and Republican to ignore political animosity and work in unison for his success. He will receive the entire vote of this section. He will be indorsed in Los Angeles City by its intelligence and, despite the innuendoes of a Republican newspaper, working in the interests of the Democracy, and despite the insinuations of "Handsome Ben etc.," will have the proud honor of being the first Representative of Los Angeles county, of whom his constituency, knowing his rigid integrity, required no pledge.

A SENSIBLE VERDICT.

The sensation of last week in Los Angeles City was the trial of Col. JEFF GATEWOOD, senior editor of the San Diego *World*, for the publication of a libel against Judge WIDNEY. It will be remembered, particularly by this end of the county, that the latter gentleman took a very active part in opposition to the San Diego and Los Angeles railroad, and in favor of Stanford's Company, and thereby rendered himself liable to a criticism upon his very singular action, in which the alleged libel occurred. The jury, after a short absence, returned with a verdict of "not guilty." We congratulate Col. GATEWOOD in having found in Los Angeles a jury, who believe in the right of the Press to a freedom of expression in speaking of the public acts of public men, and who evidently think that the best method to preserve an unblemished reputation is to avoid the appearance of evil.

A PROPER ACTION DISTORTED.

Mr. GILLETTE, in canvassing the county as candidate for the Recordership, has laid great stress upon the assertion that "under Mr. MOTT county warrants have been destroyed when one year old," and has evidently, with deliberate intention, allowed the inference to be drawn that that gentleman has been in the habit of committing, not an error, but a crime. At least, if such is not his intention, we can not conceive why an action ordered by the law of the State, should be mentioned by him in discussing the merit and demerit of his opponent.

Section 1205 of the General laws of California orders that "All claims allowed by the Board of Supervisors of any county, for which warrants are not demanded and drawn from the County Auditor *within one year from the date of their allowance*, shall be *forfeited* to the county and canceled, and the Clerk of the Board of Supervisors shall write opposite the claims so forfeited, the words 'forfeited and canceled.'"

Mr. MOTT, as Clerk of the Board of Supervisors, has, as a matter of course, followed the letter of his instructions as laid down in the Statute Book, and for this he is censured by his opponent. In making this accusation, Mr. GILLETTE, is either knavish or foolish, in either case, it would not be wise for a community to place in a position of trust, one, whose want of intelligence, or whose plenitude of chicanery causes him to detract from the merit of his opponent by presenting the truth in a purposely distorted manner. It is an overwhelming evidence of the preeminent fitness of Mr. MOTT for the position to which he aspires, that no genuine exception can be taken to his official life, and that his opponent, in pursuing a mistaken policy of personal detraction, is compelled to resort to misrepresentation.

A SIGN OF THE TIMES.

It is very suggestive of the crisis impending over our political affairs, when the Democracy find it necessary to retire from the arena their old political hacks, and to attempt success by placing in nomination a man like WM. H. WORKMAN, of Los Angeles. It is suggestive also of the prominence, which the agricultural interests are acquiring in the management of the body politic. Mr. WORKMAN is a large wine-grower and is completely identified with the farming community. His course of action, as a member of the City Council of Los Angeles, in reference to the water question, shows the importance which he attached to proper legislation upon that subject and gives evidence that in him the interests of the farmer will possess a zealous and earnest advocate. His election will undoubtedly prove beneficial to our vineyardists, as he has the same causes of complaint with them and feels personally interested in obtaining relief from the present unjust system of taxation upon wines and brandies.

Knowing the high esteem in which he is held by his neighbors as an upright conscientious citizen, knowing that he has so many interests in common with our patrons, and believing that his election would result to their good, we take great pleasure in presenting his name to our readers for their favorable consideration, and we trust that his unimpeachable private record and his known integrity may do away with any bad impression that may have been created against him on account of the bad company, with which he, in his innocence of political chicanery, has associated himself.

CHILD'S PLAY.

Some of the accusations brought against Mr ROWAN are so silly and so grossly absurd that it is almost beneath the dignity of a sensible man to even listen to them. For example, the assertion made by an Anaheim correspondent of the *Star* to the effect that the friends of McFADDEN would cast their vote for TEMPLE, because ROWAN had, by his active espousal of CUMMINGS, been instrumental in defeating McFADDEN. It is an old proverb that to learn home news, one must go abroad. Such a course of action is entirely opposed to Mr. ROWAN's whole character, and we opine that outside of the evil imagination of "Westminster" no such charge has ever existed. At all events, there is not the slightest particle of truth in the assertion as we have ascertained from Mr. ROWAN himself.

Although Mr. ROWLAND has no opposition for the Shrievalty—for we do not consider Don DAVID ALEXANDER as in the race at all—still he does not wish Anaheim to think that his visits here are only paid when it is necessary to court their favor. He is in town at present, carrying out the policy which he inaugurated two years ago—winning the hearts of the citizens of the county by his rigid personal attention to the duties of his office, and by his uniform urbanity and courtesy of manner.

SATURDAY ..... AUGUST 23, 1873

Kleinigkeiten,

Services will be held in the Catholic Church to-morrow.

Forty new voters have been registered by Judge Clark.

H. S. Austin temporarily fills Mr. Guinn's place in the Anaheim school department.

Messrs. Workman Bros., the well-known harness manufacturers of Los Angeles, advertise in this issue.

"George" a Spanish boy, who has been employed in the Star Restaurant, has become insane.

Owing to the illness of Madame Catalano, the concert is postponed until next Saturday evening August 30th.

The weather during the week has been extremely hot. As Crum observed "it has been too hot to even trade horses."

Messrs. D. W. Fields and W. M. Higgins were elected to fill the vacancies in the Board of Trustees of the Presbyterian Church.

Jason Smith, the cobbler, who formerly occupied the stand now in possession of George Bauer, is at Huenema, Ventura county. His eccentric advertisement adorns the columns of the *Signal*.

The petition of J. B. Stone and others, asking that they be transferred from Orangethorpe School district to that of Anaheim, was granted by the Board of Supervisors at their last meeting.

Gen. Alexander, late chief of the Engineer corps of the U. S. A. will arrive in Anaheim about the 1st of September. His business is to examine the proposed route of the Land Co's Canal and estimate its cost.

At every place where Mr. Guinn has spoken, he has secured new supporters. The ability of his speeches, denotes his scholarly attainments, and he has received the praise of even his opponents for his masterly treatment of the various issues of the campaign.

Manuel Garcia of San Juan Capistrano is desirous of emigrating, and has adopted a novel plan of disposing of his effects. His place at San Juan, consisting of eight acres of ground, dwelling house etc., will be raffled for as soon as 400 tickets are sold. He values the place at $2,000.

We are informed that somebody by the name of Martin, appeared before the Democratic Central Committee, at its last meeting, and forbade them to put the name of Edward Evey on the regular ticket, as it was against the wishes of the Democracy of this district, of whom he was the representative. The Committee however, were proof against the arguments of this self-constituted representative.

Mr. Guinn is a gentleman; he is a man whose ability is unquestionable; he is an anti-monopolist; he is opposed to subsidy; he is in favor of laws that would benefit agriculture, and is in every respect, a man who should receive the votes of the farmers, merchants and citizens generally. We have yet to hear one good, common sense argument why he should not be elected.

The *Real Estate Reporter* is the name of a new San Francisco publication. It proposes to confine its editorials almost exclusively to matters incidental to the dealing with Land, and to give valuable information concerning Interior and Coast properties. In one of its editorials it is pleased to say that "Anaheim holds its own, by reason of the industry and economy of its inhabitants." Geo. W. Barter is connected in some way with this paper.

On Sunday last a fatal accident occurred at the ranch of Joaquin Sepulveda, about five miles from Anaheim. It seems that a *vaquero* named Jose, had received a kick on the face from a vicious horse, and had gone to the well for the purpose of procuring water to wash off the blood. While drawing the water, he lost his balance and fell to the bottom of the well—a depth of sixty-two feet. On being drawn out it was found that the fearful fall had killed him.

THE PRESBYTERIAN CHURCH IN ANAHEIM.

Its Dedication—Rev. Dr. Patterson, of Chicago—Anaheim Generosity —An Efficient Board of Trustees.

Punctually at eleven o'clock on last Sabbath, the new church building recently erected by the Presbyterians of Anaheim, was filled to its utmost capacity by a large and appreciative audience in order to witness its consecration to the worship of the Almighty. The exercises of the day were opened by a voluntary from the choir and a short prayer, invoking the Divine presence. After the usual song, prayer and reading the Scriptures, the Rev. Dr Robt. Patterson of Chicago delivered a most eloquent and impressive address. The Doctor is evidently of that nationality, which has furnished to the christian world, and more particularly to the disciples of Calvin, so many able and earnest leaders, and, judging from the substance of his discourse and the manner of its delivery, we do not doubt that he worthily occupies a not unprominent position in his profession. It is not often that Anaheimers have an opportunity of sitting under the ministration of so eminent a divine. The intense and appreciative silence, with which his remarks were received by an assemblage so heterogeneous in its religious sentiment, evidences in a striking manner the tribute which is unconsciously paid to eloquence and ability.

At the close of Dr. Patterson's remarks the Board of Trustees submitted their report, in which it was shown that the building was in debt only about $300. An appeal was made by the Pastor, Mr. Webber, to the public and with a most gratifying result. In a few moments the amount needed was subscribed, when with appropriate ceremonies, the building, unincumbered with debt, was consecrated to the service of God.

In this connection, we can not refrain from speaking a few words of commendation, regarding the Board of Trustees—Messrs. Higgins, Pierce, Tompkins, Bancroft and Mrs. McKinzie. To their energy and heart-felt interest in raising the necessary funds to build, and to their business tact and economical management of the finances of the church may be attributed the flattering exhibit made on Sunday. Knowing the many difficulties which time and again presented themselves to interfere with the discharge of their duty, we believe that we but express the feeling, actuating the Presbyterians of Anaheim, in thanking them for their valuable aid, in the erection of the first Protestant House of Worship in this place.

People's Mass Meeting.

Messrs. Bush, Guinn, Higbie, Gillette, Peck and Howard spoke their little piece to the people of Anaheim, last Tuesday night. By far the best speech of the evening was made by J. McGuinn. After giving his views on the issues before the people, he made a plain statement of the facts in connection with his nomination. He showed conclusively, that the nomination was not sought after, but rather forced on him. He did want the nomination for County Superintendent of Schools, and would have been much better pleased had it been given to him. He was not aware of having received the nomination until after the Committee had dispersed and returned to their homes. It was then too late to have their action reconsidered, and the only thing left was to accept the situation. No other recourse was left to him. We are satisfied that the impression made on the audience, by this candid statement was highly favorable, and raised him in their esteem. Certain it is, that his temperate language could not fail to have a favorable effect on them, knowing as they do, the many gross slanders that are being circulated by his opponents, with intent to injure his chances of election.

A CHANGE.—As will be seen by reference to their advertisement, Messrs. Davis and Callahan will hereafter engineer the Challenge Restaurant. As a culinary artist, Callahan is well and favorably known, and with Mr. Davis to do the agreeable, the new firm will secure a large share of the public patronage.

The People's Convention.

Pursuant to a call signed by a number of citizens of the 3d Supervisor district, primaries were held on Saturday last at the different precincts for the purpose of electing delegates to nominate some suitable person for Supervisor. The delegates met at Enterprise Hall on Monday afternoon. John Fischer was called upon to preside, and F. R. Lafaucherie acted as Secretary. Messrs. Langenberger, Baldwin and Miles were appointed a committee on Credentials, and they reported the following delegates: From San Juan—Kraszonsky and J. E. Bacon; San Joaquin—J. C. Baldwin, D. Nimmo, Joseph Baer and R. K. Sohr; Santa Ana—Trinidad Yorba; Anaheim—T. Rimpau, Oscar George, A. Langenberger, F. R. Lafaucherie W. H. Bailey, John Fischer, S. J. Davis, L. W. Kirby, George F. Miles and L. Halberstadt. S. J. Davis nominated W. M. McFadden and J. C. Baldwin nominated Edward Evey, the regular nominee on the Democratic ticket. On a ballot being had it was found that McFadden had received 14 votes and Evey 3. As is generally done in such cases, the nomination was made unanimous. In response to a call, Mr McFadden came forward and delivered himself of a neat little speech, in which he pledged himself to watch over the interests of his constituents, with a paternal care; expressed himself against increasing the fees and salaries of county officials, but rather in favor of reducing them, should they appear to him exhorbitant; was in favor of giving contracts to the lowest responsible bidder, instead of awarding them to favored individuals, and would exert himself to rid us of the many evils under which we now lie. At the confusion of his remarks the convention adjourned *sine die*.

NEW SUIT.—Messrs. M. Calisher & Co. have brought suit against the Anaheim Lighter Company to recover from them the sum of $87 12. Some time ago, we noted the fact that our merchants were complaining that the cases of merchandise consigned to them, were in many instances broken open, and part of their contents abstracted. The complaint in this case alleges that a box of boots consigned to the firm mentioned had been opened and nine pairs stolen therefrom. As the Steamship Company held the receipt of the Lighter Company for the delivery of the merchandise in good order, they refused to pay the claim of Calisher & Co. when presented, and no other recourse was left those gentlemen but to sue the Lighter Company. As there are several other firms who have suffered similar losses, this suit is probably a prelude to many more. It will be tried in Judge Clark's Court.

ENTERTAINMENT.—As a slight recompense, and in evidence of their heartfelt gratitude towards the public, whose liberality enabled them to liquidate the church indebtedness, the "Anaheim Social Society" will give a FREE entertainment at Enterprise Hall, on Wednesday, August 27th at 8 P. M. The programme will consist of tableaux, music, promenade, etc. Refreshments will also be furnished, free of charge. A general invitation is extended to the citizens of Anaheim and surrounding country.

A TURN VEREIN.—An effort is being made by certain gentlemen in Anaheim, to form a "Turn Verein" A large hall has been leased and negotiations entered into for the purchase of gymnastic apparatus. The initiation fee is $2 50, and the monthly dues will probably not exceed fifty cents. It is to be hoped that the well-known love of the Germans for this particular amusement will induce them to come forward and become members of the organization. See the call for a meeting in the advertising columns.

PERSONAL.—We had a call from J. Q. A. Stanley yesterday. This gentleman is making a thorough canvass of the county, and he thinks that his chances are extremely favorable. He is accompanied by Don David Alexander, Independent candidate for Sheriff.

COMMUNICATED.

Editor Southern Californian:

Seeing a few days ago in the *New Era* a revival of the charge made some time since against Mr. Ellis of acting in opposition to the wishes of the tax-paying citizens of this place in procuring the repeal of the city charter of Anaheim, I would request you to allow me through your columns to pronounce the charge false and totally without foundation. The petition for the repeal of the charter was signed by the property holders of this town. The remonstrance had attached to it amongst a number of non-tax-paying citizens the names of several gentlemen, who proposed to reap a benefit to themselves by obtaining from the city a railroad subsidy. These facts were known to Mr. Ellis and beyond a doubt influenced him in his action. His course received the approval of the property-holders of this place, and he is condemned and villified only by those of the community, who were disappointed in their nefarious design.

TAX-PAYER.

OFF FOR THE SPRINGS.—A large party left for the San Juan Hot Springs last Thursday. Among them we noticed Mr. and Mrs. N. T Harris, Miss Katie Harris, C. T. Harris, Mrs. Eldredge and Messrs. Scott and McRae.

PLANTERS' STABLE.—Mr. Martin Gaddy has sold a half interest in this popular stable, to L. F. Lewis, and the firm name will now be Gaddy & Lewis. We understand that a large addition of blooded stock and stylish buggies will soon be made.

EPISCOPAL SERVICE.—The Rev. Mr. Loop of San Gabriel will preach at 11 o'clock A. M. to-morrow in Enterprise Hall. All are invited to attend.

Dr. Clark Leal, of Los Angeles, will be at the Planters' Hotel, Anaheim, Wednesday and Thursday, August 27th and 28th, when he can be consulted by those suffering from chronic diseases of all kinds. Special attention given to Surgical diseases, Club-foot, cancers, tumors, removal of dead bone, diseases of the throat and lungs, catarrh, female and private diseases successfully treated.

SATURDAY .... AUGUST 23, 1873

The Railroad.

Last Sunday we took a walk to the depot grounds of the Southern Pacific Railroad, located nearly in front of the County Hospital, and found the track laid from the Los Angeles and San Pedro Depot, to within a few hundred yards of that point. On the grounds we found a construction camp of twelve or fifteen wagons, a dozen tents, a large number of men, horses, mules, scrapers, plows and all varieties of grading tools. The work had already been commenced and a short distance eastward, in the direction of the river, partially graded. This is, we believe, the force which, having lately finished the last section of the road built southward from Tipton, has come here to push forward the work. A sufficient quantity of ties, rails and other material to complete a considerable length of road, is already here, ready for use, and more arrives by every train from Wilmington. These things show that the railroad company mean to push the work through without delay, and already the effect is seen in an improvement of business in the city.—*Los Angeles Mirror.*

THE Napa *Register* says of E. J. Church, a St. Helena fruit-grower, that he has an acre of gooseberries, and he has gathered this year 700 pounds of the fruit. He has two acres of blackberry vines, and has this year sold from them five tons of berries, averaging about seven and a half cents per pound; an aggregate of, say, $750 from that source alone; not a bad beginning for a mountain ranch, started without capital.

Grandest Scheme Ever Known

FOURTH GRAND GIFT CONCERT, ...For the Benefit of the.... Public Library of Kentucky.

12,000 Cash Gifts, $1,500,000.

Every Fifth Ticket Draws a Gift.

$250,000 FOR $50.

The Fourth Grand Gift Concert, authorized by special act of the Legislature for the benefit of the Public Library of Kentucky, will take place in the Library Hall, at Louisville, Ky.,

Wednesday, December 3d, 1873.

Only sixty thousand tickets will be sold, and one half of these are intended for the European Market, thus leaving only 30,000 for sale in the United States where 100,000 were disposed of for the Third Concert. The tickets are divided into ten coupons or parts, and have on their back the scheme with a full explanation of the mode of drawing.

At this Concert, which will be the grandest musical display ever witnessed in this country, the unprecedented sum of

$1,500,000

Divided into 12,000 cash gifts, will be distributed by lot among the ticket holders.—The numbers of the tickets to be drawn from one wheel by blind children, and the gifts from another.

LIST OF GIFTS.

11,000 CASH GIFTS 50 each	550,000
TOTAL, 12,000 GIFTS, ALL CASH, amounting to	$1,500,000

The distribution will be positive, whether all the tickets are sold or not, and the 12,000 gifts all paid in proportion to the tickets sold—all unsold tickets being destroyed, as at the First and Second Concerts, and not represented in the drawing.

PRICE OF TICKETS.

Whole tickets, $50.00; Halves, $25.00; Tenths, or each coupon, $5.00; Eleven Whole tickets for $500.00; 22½ tickets for $1,000.00; 113 Whole tickets for $5,000.00; 227 Whole Tickets for $10,000.00. No discount on less than $500.00 worth of Tickets at a time.

The unparalleled success of the Third Gift Concert, as well as the satisfaction given by the First and Second, makes it only necessary to announce the Fourth to insure the prompt sale of every ticket. The Fourth Gift Concert will be conducted in all its details like the Third, and full particulars may be learned from circulars, which will be sent free from this office to all who apply for them.

Tickets now ready for sale, and all orders accompanied by the money promptly filled. Liberal terms given to those who buy to sell again.

Tumor of 12 Years' Growth Cured by Radway's Resolvent

BEVERLY, MASS., July 18, 1869.

DR. RADWAY:—I have had Ovarian Tumor in the ovaries and bowels. All the Doctors said "there was no help for it." I tried every thing that was recommended; but nothing helped me. I saw your Resolvent, and thought I would try it; but had no faith in it, because I had suffered for twelve years. I took six bottles of the Resolvent, and one box of Radway's Pills, and two bottles of your Ready Relief; and there is not a sign of tumor to be seen or felt, and I feel better, smarter, and happier than I have for twelve years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.

MEDICAL.

VINEGAR BITTERS — PURELY VEGETABLE — FREE FROM ALCOHOL — DR. WALKER'S CALIFORNIA — EUREKA — VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of DR. WALKER'S VINEGAR BITTERS are the best safeguard in cases of eruptions and malignant fevers. Their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, from inflammation, wind, colic, cramps, etc.

Their Counter-irritant influence extends throughout the system. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassful. Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
