Colony Quips

We take our hat off to nobody when it comes to the enjoyment of the great game of American football. The only reason that some have followed it longer is that they have had more years in which to do it than we have and not many of that kind are alive today. It makes no difference to us whether the game is between high schools, junior colleges or the standard college variety. We see all the games we can and enjoy them all. With this preface which should be clear to anyone let us jump over into a discussion of this terrible thing called daylight saving time in winter. Children in high school in order to make an eight o'clock have to be up and going around six in the morning—and that is five to the old man—which is simply murder and also a very unhealthy time to arise. (Unless you are going on a trip or hunting expedition. But that sort of consideration has no place here.) The reason given for keeping this awful thing in vogue here in California is the saving in power it is supposed to make. It is supposed to keep the power companies load even. We don't know anything about that one and in the morning we don't care. But, here comes the football again, if you take a ride into any southern California community on a Friday night you will see the sky lit up, visible for miles away, at the scene of the evenings football game. Before our fields were equipped with their banks of bright lights these games were played in the afternoon. Many of the fans could not get away to see the game in the afternoon and so by lighting the field more people could get out. The gates are bigger. But we will lay you a small wager that the juice used in this way can not be made up in having daylight saving time steady for many years. We personally feel both the horns of this dilemma. What to do? Get up in the dark and don't miss any of the games. Look at the juicy week-end on tap: Anaheim vs. Fullerton on Friday night, SC vs. UCLA Saturday afternoon. Guess we will have to get up at five.

—o—

By far the finest sports section these tired old eyes have seen of late years appears in the new Los Angeles Mirror. The whole business just sparkles. Any golf nut that does not read 'Styles on the Tee' and then turns over the page to read 'Styles in Sports' is simply missing out on a lot of real pleasure. Our old friend Fixy Maxy Styles is doing a bang-up job. Add to this Dean Cromwell, Dink Templeton, Dick Nash and a host of other sparkling writers, to say nothing of an occasional haymaker by the 'Red Rooster of the Arroyo' the peerless Mark Kelly, and you have something to drool over. Maxwell Styles has been our favorite sports writer for some twenty years (he started very young) and it surely is a treat to be able to read him every day. Virgil Pinkley always had a long nose for news and now has proved the same ability in picking talent. Reading the Mirror easily gets to be a habit.

—o—

An 82 year old man has been hailed into court in New York for giving tips on the stock market. The method he uses is under fire. His prognostications are based upon comic strips and the stars in the heavens. One of the clients of this gentleman was called to the stand by the prosecution and asked about the deal. This client said he made $150,000 following this service. Then the prosecuting attorney asked him if he knew the tips were based on a comic strip and what the stars looked like. He answered that he was not interested, that he only followed the tips to make money and that he had done so to the tune of $150,000. Next case.

—o—

Paul Bakenhus, the sterling representative of Excelsior Creamery in this area, who is also a past-president of the Kiwanis club, has finally admitted the truth about his forebears. The disclosure was not made publicly and we hope we violate no confidence, but the fact is that Paul said some of his ancestors were highwaymen. He did not disclose how many were or what happened to them. But if Paul points a gun at you, put up your hands, and act like he meant business.

WILL MARK 100th BIRTHDAY DATE

Mr. and Mrs. Ambrose McDonald and son of South Claudina street, Anaheim, left Friday for San Francisco where they will attend the one-hundredth birthday celebration of Mr. McDonald's grandmother.

The state of Georgia grazes a million cattle and raises as many hogs.

Both Big Citrus Co-ops Hear Annual Reports of Executives

The percentage of the California-Arizona Citrus crop handled by Mutual Orange Distributors has shown a gradual increase for the past five years, according to the report of J. A. Steward, general manager, at the 42nd annual meeting of the members held this week at Redlands.

Notwithstanding the upward trend in costs generally, the Mutual Orange Distributors has never increased its selling retain since its organization in 1906. By strict economies, the total operating costs — selling, advertising and everything — amounted to only 12.97 cents per standard box.

Steward's report was prefaced by announcement of his retirement as general manager of the cooperative after 38 years in the organization. The board of directors reluctantly accepted his resignation at its November 15 meeting but prevailed upon him to remain in an advisory and consultant capacity.

Steward came to M.O.D. in 1911 as traffic manager. In 1920 he was appointed general sales manager, and in 1943 became general manager. He is succeeded as general manager by Robbins Russel, who, since 1943 has been general sales manager.

Russel came to Mutual Orange Distributors in 1935 and after a few years of special market analytical work, joined the M.O.D. sales department. Mr. Russel also assumes the position of general manager of Southern California Citrus Foods, the processing division of M.O.D. He is a date and citrus grower in the Coachella Valley, and prior to coming west was connected with the Chase National Bank of New York City.

In his report Mr. Steward said that the cooperative had shown a gain in membership over the previous year and detailed the problems occasioned by increasing freight rates. Using New York City as an example, Steward said that freight rates jumped 17 cents per box on oranges from California during the year, and that if an increase now being sought by the railroads were granted, it would cost another 19 cents to ship a box of fruit to the Atlantic seaboard.

Despite the fact that the per capita consumption of citrus fruit is at an all time high, about 35 percent of the national crop was marketed as canned juice which, in many cases, returned the grower less than the cost of production, Paul S. Armstrong, general manager of the California Fruit Growers Exchange, reported at the annual meeting of the citrus marketing cooperative held this week in Los Angeles.

"Citrus canning at present is a salvage operation," Armstrong stated. "While it has greatly extended the consumption of grapefruit and orange juice, it means

Grand Opening For Television, Candy Concerns

Doors of two new business firms for Anaheim opened formally last Saturday. Housed in a modern building, the two establishments are the Television Parlor at 616 North Los Angeles street and Karen's Candy House, at 614 North Los Angeles street.

General contractor for the structure, built especially for the two new comers was J. E. Hamlyn and Son.

Mr. and Mrs. E. S. Hoobler own and operate the Television Parlor. Hours are from 9 a.m. to 9 p.m., but are extended to include evening wrestling matches and football games.

The Candy House is owned and operated by Mrs. Margaret Bundgard and is named for her six-year old daughter, Karen, a student at George Washington elementary school. Business hours are from 9 a.m. to 9 or 10 p.m. week days.

A former school teacher, Mrs. Bundgard taught high school classes in Ohio for several years and adult education in California for one year.

Boasting a complete candy plant, hand dipped chocolates and pralines are included in a wide var-

(Continued on Page 8)

Retailers Vote Saturday Nite Opening Continue

Continuance of Saturday night openings in Anaheim in preference of an over-all Monday night selling campaign was given approval by members of the Retail Division of the Anaheim Chamber of Commerce at a meeting yesterday (Wednesday) noon at Mother Colony House restaurant, Chairman Oscar Solter presiding.

With the exception of some of the local furniture stores, owners of which stated they had found an increase in the volume of business on Monday night not felt on Saturday nights, most concerns find more net profit in remaining open Saturday nights. Furniture men in favor of Monday night openings added that it was out-of-town trade and not local people who were attracted to the week night openings.

John Stranahan, expert in the field of personal relations in business, was introduced by Solter as speaker of the day. Stranahan has been secured by the local chamber to conduct sessions to aid personnel in improving relations with the public and therefore to increase over-all local sales. Several meetings will be held with each session to be similar or near-identical type of concerns, Solter stated.

In discussing the slump in business which has been felt generally in this area for the past eight months, Stranahan said, "competition has come back into business. We must be mainly concerned with human behavior and present truth as a solid factor to personnel in Anaheim stores. They can't afford to sell themselves short as individuals."

Hatfield Cleaners Opens Monday

Hatfield Cleaners, 406 North Los Angeles street, opened its doors for business on Monday morning under the owner-managership of Carl Hatfield of this city.

All cleaning and pressing will be done at the plant, Hatfield stated. For 20 years he was in a similar business in Chicago, Illinois, and continued in that line for four years in this state.

Completely new is all steam fitting, electric wiring and remodelling of his plant. It boasts dark green marbelized asphalt flooring, flourescent lights, and latest of new cleaning plant equipment. Light green walls contrast with cream ceilings and partitions of combed wood.

Ample parking space is provided for the convenience of customers on the corner lot adjoining the building.

Hatfield resides with his wife, Signa, and three sons Bob, Butch and Carl, Jr., at 128 West Sycamore street, Anaheim. The family has been here for the past three years.

Dr. Kersten to Seek Variance For Big Clinic

Before the city council at its next meeting will be the application of Dr. E. H. Kersten for a variance permitting him to construct a medical center building at the southwest corner of Palm and La Palma. His application has already been approved by the city planning commission.

Dr. Kersten proposes to put up a one-story, L-shaped building about 80 by 160 feet.

Market Looks Up On Both Lemons, Oranges

With not more than 35 or 40 cars of Valencias still to be shipped this week the market on good quality fruit was what the marketeers called "very strong." With last week's increase in the average price of about 46 cents a box, the 1948 Valencia season promised to end on a sweet note.

On a rapidly dwindling supply, Valencias brought an average of about $3.20 a box f.o.b. last week. In the corresponding week of 1947 the average was $2.04; in 1946 on a microscopic volume it was $5.36 a box and in 1945, $3.37.

On off quality fruit the discount this week was heavy.

The Orange Administrative committee this week ordered open shipments on Valencias and Arizona navels and fixed the prorate on northern-central California navels at 200 cars, with the prospect that not more than 35 or 40 cars would be shipped. Maturity has unexpectedly slowed up in those territories and shippers seem to have learned that it doesn't pay to ship immature fruit to market at today's high freight rates. From 12 to 15 cars of Arizona navels were expected to go to market this week.

The average price for lemons last week was about $6.17 a box f.o.b. packing house. This was 22 cents a box more than the average lemon price in any of the three preceding years. Demand this week continued to show some improvement, higher prices being paid for good quality fruit in all sizes, and the week was expected to show a further advance in the average. On Monday of this week 56 standard cars were sold for an average of $6.10 a box which was better than the average a week ago Monday.

The improved demand last week was mainly for 360s and larger, but 432s and smaller also showed some improvement in price.

A few markets reported colds were numerous but it was believed this had not yet affected the market for lemons. Supplies were light to only normal.

Organization Complete for Week's Drive

With $100,000 in subscriptions as the goal, Anaheim Presbyterians will begin Monday a week's intensive campaign to complete funds for a new church. The building committee already has on hand $45,000 from previous solicitations. The total of $145,000 is expected to pay for one of the handsomest temple's of Christian worship in Orange county.

G. Stanley Wilson, architect, of Riverside had already drawn preliminary plans for a church of early simplified Gothic to be of reinforced concrete construction.

The new structure is to rise at the southwest corner of Broadway and Clementine street, adjoining the present building. The church may be entered from Broadway or Clementine street, but the entrance narthex or entrance lobby will be off Clementine street and the chancel will be at the Broadway end of the building. The floor plan is so arranged that worshippers in the Sanctuary facing the minister, or in the Chapel, at his right, may both see and hear him. The church proper is arranged to seat 520 and the Chapel an additional 154. The partition between the Chapel and Church may be raised, providing a total seating capacity of 674. This is double present seating accommodations.

The interior will be of exposed concrete with decorated cork ceiling. The tall, narrow windows will be of amber glass. Memorial stained glass windows can be installed later. Indirect lighting will be provided for the interior. The organ chamber will open into Church and Chapel and can be heard in both or in either space as desired. The Chapel will be always open for quiet meditation.

For the fund raising campaign to begin Monday, church membership has been carefully organized. Preliminary event will be a solicitors' dinner at the church at 6:30 tonight. The dinner will be given by the November Parish Group of which Mrs. Earl Spencer is chairman and Mrs. Page Vincent, co-chairman.

The plan provides for an intensive drive by the solicitors, ending Sunday, November 28. It is the hope of the general campaign committee that all subscriptions may be made and turned in before that date.

Members of the new building committee are H. M. Peterson, general chairman; Mrs. D. Jerry Youngs, secretary; Frank N. Gibbs, Dr. I. Kenneth Heuler, Dr. J. G. Hilleary, Albert H. Kirchmann, Arval Morris, Lloyd S. Ross and Milo C. Sharp.

Milo C. Sharp is chairman of the finance committee and campaign director. His fellow-committeemen are Marshall E. Beebe, Mrs. Mar-

(Continued on Page 10)

Mrs. Eastman Married to Frank E. Baeskens

Announcement has been received by many Orange county friends of the marriage of Mrs. Lelia Ashcroft Eastman to Frank Emil Baeskens on Saturday, November 13.

The former Mrs. Eastman was widely known in Orange county as chairman of the Republican central committee and president of the Dewey-Warren campaign committee. Mr. Baeskens has been her business associate.

The wedding ceremony occurred at Eagar, Ariz., the home of the bride's brother and sister-in-law, Mr. and Mrs. Paris Ira Ashcroft.

Wm. L. Morris, Realtor Here, Passes Friday

William L. Morris, 66 years of age, well known realtor of this city, passed away very suddenly at his home at 13500 East Santa Ana street, on Friday, November 12. He had been ill for quite some time suffering from heart trouble.

Born February 3, 1882 in McNary county, Tenn., the deceased resided in Weatherford, Texas, before coming to Anaheim 29 years ago. He was a member of the Realty Board and the First Presbyterian church where he was very active in the work.

Surviving are his wife, Maude of the home; three sons, Arval, Coalson and James Morris, all of Anaheim; a daughter, Mrs. Inez M. Gates of Montebello and six grandchildren.

Last rites were conducted Monday afternoon at 2 o'clock in the chapel of Backs, Campbell and Kaulbars mortuary with the Rev. Howard S. Congdon, pastor of the Presbyterian church, officiating. Entombment was in Melrose Abbey mausoleum.

County Again Considers MWD Surplus Water

Led by its president, Vernon Heil of Schmeltzer, the Orange Vounty Water District again is talking of plans for getting water from the Metropolitan Water District. One proposal is that the county water district which covers about 90 per cent of the county become a member of MWD. An alternative proposal is that the county water district buy enough "surplus water" from MWD to refill the Santa Ana water basin on which there has been an overdraft of water for many years and which now has reached such a low level that salt water from the ocean is invading the county's chief source of water at one or two points.

There are seven universities and colleges in the state of Mississippi.

Watershed Damage of County's Worst Mountain Fire Inestimable

Mrs. Ruth C. Smith Funeral Saturday

Funeral services for Mrs. Ruth Cull Smith were held at 10:30 a.m. Saturday from the chapel of Backs, Campbell and Kaulbars mortuary with the Rev. Howard S. Congdon, pastor of the First Presbyterian church of this city, officiating.

Born May 15, 1892 in Oakland, Neb., she had resided in Anaheim for 26 years and had been librarian at Anaheim Union high school since 1927.

There had been an intensive search for Mrs. Smith after friends had found a note in her home at 331 North Janss street, indicating it was her intention to take her own life because of ill health. Oceanside police reported late Wednesday that her body had been washed ashore there and had been identified by Mrs. Chas. Harbeson and Chas. A. Pearson, both of this city.

Left to mourn her passing are one son, Mort Smith of Los Angeles; a daughter, Mrs. Thomas D. Sowder of Anaheim; a sister, Mrs. Lucille Menefee of Ann Arbor, Mich., and a brother, Cameron Cull of Nebraska.

Interment was in Fairhaven cemetery.

United Service For Thanksgiving Wednesday Eve

The community Thanksgiving service has been planned for Wednesday evening, Nov. 24, at the Church of Christ, Broadway and Helena streets, to begin at 7:30 o'clock. This annual program is being sponsored again by the Church Association of Anaheim and the Anaheim Ministerial Union.

The Rev. T. J. Crawford, president of the Ministerial Union and pastor of The First Church of the Nazarene, will preside at the service. Using for his text, "103rd Psalm," the Rev. Paul G. Neumann, pastor of the Bethel Baptist church, will bring the message to the congregation. Theme of the meeting will be "Glory of Thanksgiving."

Music by the combined choirs of the city churches will be directed by Warren Baker of the Church of Christ. Soloist will be Miss Edith Browne.

Assisting during the service will be the Rev. Al J. Casebeer, pastor of the host church; the Rev. S. F. Hilgenfeld, president of the Church Association and Marshall McFie, organist at the host church.

Irvine Fund Gives $5000 to County Chests

Orlyn N. Robertson, chairman of the Large Gifts Committee of the Orange County Federation of Community Chests, Inc., announces receipt of a check for $5,000 from the Irvine Foundation to the Community Chests of Orange county.

The Irvine Foundation gift will be allocated to each city and community on a pro rata basis in accordance with the goal of each community.

Polio Cases Totaled 95 at This Midweek

Two more infantile paralysis cases have been reported in Orange county to Dr. Edward Lee Russell, county health officer, in the past week. On November 10 a nine year old boy was brought to the county hospital from El Toro and on November 12 a 20 year old boy from La Habra was brought to the hospital with the disease.

The total number of cases in Orange county stood at midweek at 95 cases.

FORGERY SUSPECT ARRESTED HERE

Wanted by the forgery detail of the Los Angeles police department, Thomas P. Goodwin was arrested at the Anaheim branch of the Bank of America last weekend while trying to cash a check for $50. Later in the same day two officers from Los Angeles called for him.

Cancer deaths occur in the United States at the rate of about one every three minutes.

In the wake of Orange county's greatest fire, with 46,000 acres of watershed gone with the wind, full scope of damage defied assessment, and county authorities turned, instead, to the problem of preventing further vital damage, from the belated rains—rains that could have saved the watershed a few days ago, but now present a menace to denuded hills.

While delving into the program of seeding the burned area with quick-growing black mustard, sown from planes, officials looking back over the desolate battlefield where 2,000 men fought the flames for seven days and nights in the teeth of a gale found considerable pride and consolation in the manner of the struggle. But for the alert strategy of the defensive campaign, the cooperation between the organized forces engaged, and the determination of the fighters on the fire fronts, the fire and its devastation would have been immeasurably greater, they realize.

It was a time when cooperation paid off. State division of forestry, in both Orange and Riverside counties, the U. S. forest service, local volunteer fire companies in the county, military personnel from El Toro Marine air station and March Field, and local operators of spray rigs volunteering in the emergency, performed together like clockwork and covered themselves with glory, said Chairman Willard Smith of the county board of supervisors.

It was a combination of foresight, cooperation and determination that massed men and equipment at critical danger points in time to save Irvine park, the homes in Silverado canyon and at Cerro Villa Heights, Villa Park, as well as limiting the burn to the lower slopes of Lemon Heights when a river of fire rolled down adjacent Peters canyon within three hours after it climbed the rim of Santa Ana canyon more than 10 miles distant.

No one has estimated how much an acre of watershed is worth, but nearly 50,000 acres are lost, covering about 25 per cent of the watershed feeding Irvine reservoir.

There was heavy loss of game—deer, rabbits, quail, doves—as wild life fled before the sweep of flames. Fire fighters told stories of rabbits scurrying out of the fire with fur ablaze, rushing like living torches into dry brush or grass and thus starting new fires. The rubber watering troughs recently placed at vantage points for quail, by the Izaak Walton League and U. S. forest service, were mostly burned. The "Ikes" now are planning to send feed into the burned area for sore-footed deer that survived the fire.

Private damage also was heavy. The Irvine company lost miles of burned fence. Telephone and Edison lines also were destroyed in some areas, but these utility companies ran emergency lines into the danger areas and maintained uninterrupted service for the fire fighters.

But only four or five minor structures were burned and there was no loss of life. Only structures destroyed were a small shop building at the east end of Irvine dam, a small wood building at the west end of the dam, a vacant shack in Black Star canyon west of Hidden Ranch, a small cabin in Baker canyon and Ben Johnson's cabin in lower Ladd canyon.

The fire story really has two chapters. Its first sweep covered 25,000 acres, then it subsided as the wind dropped. For two days it slumbered, then the wind rose again and whipped the fire to life, for another 21,000 acre drive.

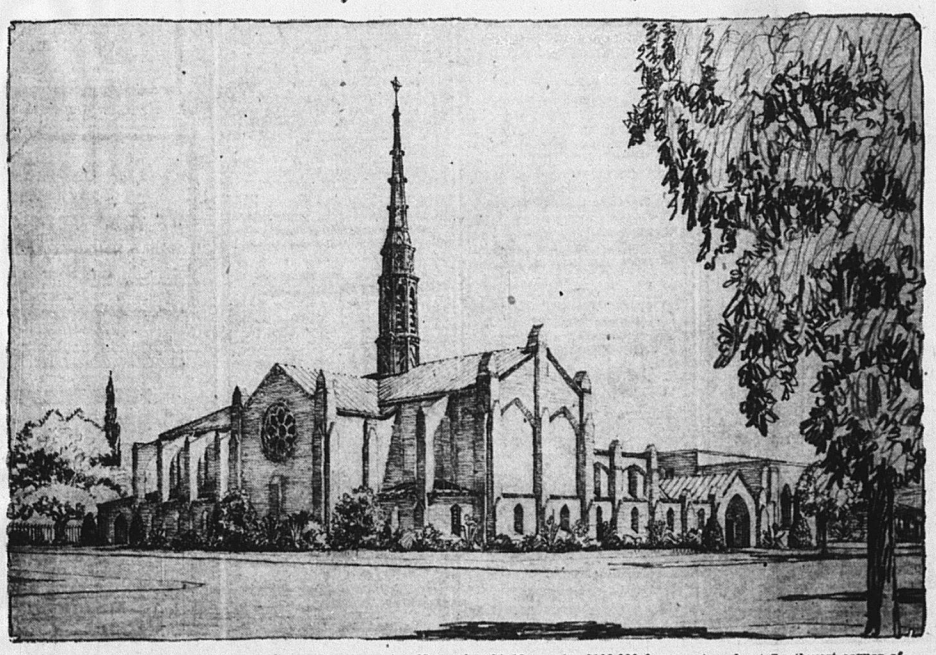

Origin of the fire remains unclear. Most accepted explanation is that a mattress caught fire on a trailer, possibly ignited by a gasoline stove, half a mile above Green River camp, which is on Santa Ana canyon highway at the Orange-Riverside county line. The motorist quickly tossed the burning material overboard and away went the fire.

The Riverside county fire quickly became an Orange county fire. It bracketed Green River camp, scorched the walls of five cabins, and burned about 200 acres before it climbed the west wall.

State Forest Ranger Joe Scherman of Orange sized up the situation shortly before 5 p.m. "If it reaches that notch," he said, pointing to the top of the ridge, "it will be at Irvine park before 8 o'clock tonight." It was 5 o'clock

Anaheim Presbyterians Plan New $145,000 Church

Rev. Howard S. Congdon and Congregation plan campaign November 21-28 to raise $100,000 for new temple at Southwest corner of Broadway and Clementine street of which G. Stanley Wilson of Riverside is architect. Church already has $45,000 as result of previous solicitations.

No. 4 Proposition—Its Fate

Although the fate of Proposition No. 4, the old age pension initiative, continues to hang by a thread, state capitol attaches today began speculating on what legal steps could be started to halt operation of the proposal.

More than a week will elapse, it was pointed out, before it is known officially whether No. 4 carried, as all absentee ballots must be canvassed to determine the issue, which at last reports had about a 23,000 lead. Some 65,000 absentee ballots are out, according to the best estimates of the Secretary of State's office.

Meanwhile, the speculation reached the point as to whether or not the proposal is constitutional within the meaning of the federal constitution.

It was pointed out that the Constitution of the United States provides in Article V, Sec. 4, that "The United States shall guarantee to every state in this Union a Republican form of government . . ."

The old age initiative, it is contended, may violate that section in that the initiative operated as a "bribe" to the voter, briefly, on the point that it held out an old age pension, provided certain individuals were elected to public office.

This factor, attorneys state, negates the democratic concept of free government, in that the people had no opportunity to nominate or elect representatives of their own choice to the public office created by the initiative, namely, Director of Social Welfare.

It was pointed out farther, that "A republican form of government" contemplates free elections on the part of the people as provided for in the state constitution, and that an election in which the people have had no opportunity to nominate candidates to public office might be in violation of this concept.

Whether it will be necessary to test this question in the courts, of course, can't be decided until the fate of No. 4 is official, but during the period it takes to get an exact count of the votes, it is conceded that many an attorney will start digging in the law books and court decisions to determine what feasible method can be used to put a stopper on the initiative.

Meanwhile, state officials are going ahead with calculations on the administrative and financial phases of the initiative. Governor Earl Warren, in a lengthy press conference, said it is the plain duty of the executive branch to administer the law if it is put into effect. He has asked Director of Finance James S. Dean to give him a report on both administrative and financial phases of the initiative.

It is believed, he said, there is sufficient money in the state treasury to start the program, and the question of raising money to finance it in the future will be up to the state legislature when it meets here in January. Whether use of available money will throw state finances into a deficit has not been determined.

Do You Borrow?

According to an article in This Week magazine too many people who borrow money also borrow trouble along with it. Some of the causes of the trouble are that they borrow more than they can repay, or they sign loan contracts without first carefully reading the provisions, or they get involved with loan sharks, and so on. In giving a little good advice on how to get the money without the headache the magazine suggests that you borrow no more than you really need and in any case not more than 10 per cent of your annual salary. It is suggested, too, that you borrow from a bank rather than a loan company because of the lower bank interest rate. This also eliminates the danger of getting mixed up with unlicensed lenders who charge terrific interest rates. Besides, the banker is more interested in getting you out of debt than keeping you in it. Another pointer is not to withhold any pertinent information about your financial status in applying for a loan. And, finally, to be prompt in the payment of your obligations. Do these things and you'll get the credit you need. You'll also get more sleep.

A good many people feel—with ample justification—that football is becoming nothing more than a track meet. The trouble is that most of the running is not toward either goal line but back and forth from the bench. It's all due to the unlimited substitution rule. Changes in the lineup used to be made at one or two positions at a time. Now it is not at all unusual for one squad to be removed completely and a new one sent in—and this is often done many times during a game. It's all very confusing not only to the spectators but to the coaches themselves. In one game St. Mary's had 12 men on the field for several plays before discovering the mistake. Army had only 10 men playing at one point in its contest with Cornell, and in its game against Stanford the Cadets made almost 300 substitutions. The old substitution rule probably was not flexible enough, but the new one goes to the other extreme. Something between the two should make football once again look like football.

IN THE DAYS OF LONG AGO

75 Years Ago

November 29, 1873

Through the courtesy of E. W. Champlin we were shown over the building erected by the Odd Fellows of Anaheim. The upper floor containing the lodge room, ante room and two other rooms fronting on Los Angeles street is complete in all its appointments and reflects a great deal of credit upon the mechanics engaged in its construction. The lower story, intended for a store has not been entirely finished. The cellar has been prepared for the reception of the liquors of the new house of F. A. Korn & Co., who will occupy it on the first of December. Altogether the building reflects great credit upon the Order and presents the enterprise of Anaheim Oddfellowship in a most favorable light to the brotherhood elsewhere.

The vintage of 1873 is rapidly drawing to a close. We are informed by the resident member of the firm of Ben Dreyfus & Co. of New York that he will be through crushing by Friday of next week. He has almost one hundred tons of grapes still to arrive.

Messrs. Sacriste, Elliott & Co., of the Los Angeles Woolen Mills have established a branch depot in this place for the sale of their manufactured goods. They offer woolen goods of every description, such as blankets, underwear, etc., besides several different grades and styles of a very superior article, suitable for men's business suits. They sell at one price for cash but at much cheaper rates than are usual with jobbers. Their place of business is on Los Angeles street beneath the Planters' hotel.

The ladies social club had another of their pleasing evening entertainments on Wednesday at the residence of P. C. McKinnie. The evening passed pleasantly as is always done under the management of our ladies. It was indeed a most enjoyable affair. Another reunion will take place on the third Wednesday of next month, in order not to interfere with Christmas festivities.

William Fisher, living near the Coyote creek, met with quite a serious accident a few days ago. He was chopping fire wood and his axe slipped, striking the large toe of his left foot. A deep and painful cut extending the entire width of the foot and almost severing the toes, was the result. He was brought to the Pioneer drug-store where he received every attention.

Deeds filed—T. E. Schmidt and wife to N. H. Mitchell, lot fronting on Center street, Anaheim, consideration $250—Louis Dravsen to J. P. Zeyn, lot on southeast corner of Lemon and Fourth streets, Anaheim, consideration $1,200.—A. Crum to A. Langenberger, undivided one half interest in lot 17, vineyard lot E. S. Anaheim, consideration $350—Jacob Keller to Richard Heimann and O. George, lands in Anaheim, consideration $10,000—R. Heimann and O. George to Wm. Azbill, certain lands in Anaheim, consideration $3,000.

The Challenge restaurant undergoes another change in its management next Monday. J. W. Callahan, the present manager, retires and Robert Menzel enters upon a three year lease of the premises. Menzel will continue the bakery business but will close the restaurant department.

Born—In the Sears settlement, November 27, to the wife of H. Rogers, a son.

50 Years Ago

December 1, 1898

The board of city trustees met in regular session on Tuesday evening. Present trustees Rust, Helmsen, Schwenckert, Dickel, Schneider. The minutes of the last meeting were read and approved. Trustee Helmsen reported the auditing of one bill of George Locke of $8.25 for pasturing a horse. Trustee Schwenckert of the Public improvements committee reported the tank frame completed and that oil will be applied to the structure as soon as possible. The committee examined the ditch on West street and ordered it closed. They also reported investigating a process for using oil for sprinkling the streets instead of water which now costs the city $1060 per year for about four miles of road. Committee was ordered to visit Long Beach and Alhambra where oil is used upon the streets and report as soon as convenient. In regard to canvassing for electric lights among residents near the German church on Broadway, Clerk Nebelung reported that Mr. Fox would take several of the lights. H. C. Gade would take 4 or 5; Mrs. Bauer will take several and a number will be taken by the German church. The request of Dr. Johnston asking for one of the old street lamp posts to be placed in front of his newly rented Metz cottage on Los Angeles street was granted. The doctor is to place the light at his own expense. Chairman Rust reported that John Hunter offered to furnish the city gravel from the gravel pit at Olive owned by the county at $1 per yard delivered and spread on the roads. The committee was given power to enter into an agreement to that effect.

Theodore Blumhart drove through Center street yesterday at a rattling pace in his spring wagon and when in front of Bentz butcher shop one of the largest turkeys that has been seen hereabout this season dropped to the ground from the vehicle. The bird was for Fritz Ruhman but Fritz would have had no turkey had not some of the bystanders called to Theodore that he had lost his fowl.

The masquerade ball given at the Del Campo hotel on Friday evening under the direction of Prof. Rechnitz was quite an enjoyable social affair. The characters were as a rule well carried out and the usual surprises were in store for many when unmasking came.—The orchestra, composed of Prof. Craig, J. W. Whann and Miss Middleham furnished excellent music. The maskers were as follows: Miss Hilda Selinger, peasant girl; Miss Ida Selniger, peasant girl; Mrs. Erdman, Goddess of Liberty; Miss Callie Carver, old time Dutch girl; Miss Laura Roller and Mrs. Passmore, little girls in Blue; Miss Littlefield, ballet girl; Miss Raemella, flower girl; Miss Paschall, sweeper; Miss Bertha Selinger, Spanish dancer; Miss Hansen, in black domino; Mrs. Middleham, old darky woman; Stewart Cargill, Uncle Sam; Pat Seale, Sousa; H. C. Head, country lawyer; John Smythe, brown domino; W. E. McFadden, black domino; Clyde Nickey, up-to-date; Henry Schulte, old clown; Milton Spencer, country squire; Fred Betts, Wm. Balfour, Oscar Ingram, Billy Woods, John Eymann, S. Gardiner, F. Crist, Lee Scott, Morris Ray, Wm. Warner, sailors of the battleship Maine; Wm. Salvin, pink domino; John Wilkie, clown; John Selinger, sailor; Joe Lyons, domino; Ray Lovering, Turkish costume. Others present were Misses Jessie and Winifred Melrose, Miss Rose Lainesse, Miss Estella Lewis, Miss Melanie Cahen, Miss Olga Zeus, Mrs. Strodthoff, Mrs. Lewis, Mrs. Whann, Mrs. Lane, Miss Strodthoff, Mrs. Laurence, Miss Higgins, Miss Weaver, Misses Cargill, Miss Kate Champlin, Miss Rice, Miss Lyons, Miss Smythe, Misses Hansen, Fred Backs, Herman Stern, Hugo Strodthoff, Fred Rimpau, C. Cunningham, A. H. Cargill. Misses Ida and Hilda Selinger were awarded the first prize, Mrs. Erdman the second, the third was awarded to Miss Callie Carver. The prizes will be awarded at the Del Campo next Saturday evening. Mrs. Woods furnished refreshments.

A tomb constructed of cement has been erected on the Des Granges place at Placentia. It is twelve feet deep and towers sixteen feet above the earth. Here the body of Otto Des Granges, Sr., who died some months ago will repose, and room has been made for 21 bodies. Here the members of the family will be laid away.

The days have taken on an added chill, and one feels that winter is creeping on. Weather prophets predict rain the latter end of the week.

Orange county has made a gain of 991 voters in four years.

25 Years Ago

November 29, 1923

Today is the one day of the year when all the good people of the United States lay aside their daily tasks and give thanks for the blessings vouchsafed during the past year. President Calvin Coolidge has proclaimed it as a day of Thanksgiving and Anaheim people have much to give thanks for. It is believed that not one of our twelve thousand population will be so unfortunate as to miss out on a good dinner today.

Fifteen new members were added to the Anaheim chamber of commerce last week according to the secretary, George C. Reid. They are G. G. Beebe, agent for the Union Pacific; C. G. Cromer, manager of H. H. Dale & Co.; Harry S. Carroll, proprietor of the Crown Cafe; K. M. Brown, manager of the Western Auto Supply Co.; Fred Whitman, jeweler; Lars Hansen, manager of Gerrard Bros. & Hansen (Alpha Beta); Sam Rawicz, proprietor Sash and Door company; A. T. Lewis, Orange County Roofing Co.; A. Fancinella, manager Anaheim Creamery; Earl Tulfer, Excide Service Station; Mary Millerick, proprietor Mary Millerick shop; Mrs. H. E. McDonald; Harry I. Horn, Modern Appliance Company; Riutcel Wethered Furniture Company.

Mrs. A. L. Lewis was the hostess at a luncheon and card party at Elks club house on Tuesday afternoon. About fifty guests assembled at 1:30 o'clock and were invited to the dining room where a delicious Thanksgiving luncheon was served. After the four-course luncheon which included the time honored favorites, turkey and pumpkin pie, the ladies spent the remainder of the afternoon in playing cards. Eleven tables were arranged in the parlor, where "500" was played. Mrs. Fayette Lewis won the first prize, a boudoir lamp, Mrs. Henry Kuchel the second, a pair of candlesticks, and Mrs. Fred Backs, the third, a vase.

Mr. and Mrs. N. F. Steadman had as guests during the past week, Mrs. Megley and daughter of Portland, Oregon. The ladies are old time friends of Mrs. Steadman.

J. C. Seeman, a resident of Anaheim for more than forty years, died at his home on North Resh street Sunday. He was 86 years old and was born in Holstein, Germany, and has resided in the United States for 70 years. He is survived by his wife, five sons and six daughters. Interment was in Anaheim cemetery.

The Cherry Blossom Cafe was sold this week to Eugene Middleton of St. Joseph, Mo., who will make extensive alterations and improvements.

Walter Ross of the Walnut Growers Packing House, announced that this year's crop will bring the orchardists $265,000, which will be distributed among 150 growers.

Anaheim packing houses began picking navels this week for the Christmas market.

BABY BOY BORN

Mr. and Mrs. John Rameriz, Route 1, Box 268, Placentia, became the parents of a baby son Sunday at Orange County hospital. The infant weighed six pounds and fourteen and one-half ounces.

Anaheim Gazette since 1870.

January Draft Calls for 24 County Men

(Western News Service)

Orange county has been called upon by the State Selective Service System to supply 88 men for pre-induction physical examinations for the January draft call.

The county will be expected to furnish 24 men for the service out of the total called for pre-induction examination.

Col. K. H. Leitch, state director of the Selective Service System, said the men called for pre-induction physicals will be examined during December, and those passing the examination will be referred to induction centers during January.

The number required in January is almost double the November total, which was 673, and represents an increase over the 934 called for December.

Kreis Funeral Held Wednesday

Funeral services for Miss Rosa Kreis, 83, who died Monday night after an extended illness at her home, 12181 East Ball road, were conducted Wednesday afternoon at 2 o'clock in the Hilgenfeld chapel with Rev. Philip R. Selfridge, pastor of Evangelical United Brethren church, this city, officiating.

A native of Illinois, she had resided in Anaheim for the past 36 years.

Surviving her are one niece, Mrs. Wilma Luhring Miller of Anaheim and several nephews in the east. She was a member of the Evangelical United Brethren church.

Interment was in Fairhaven cemetery.

GET MARRIAGE LICENSE

Carl Hanford Helland of Whittier and Betty Jeanne Hanson of Anaheim obtained a marriage license at the county court house in Santa Ana this week.

A SIGN OF THE TIMES

More than ever today, the sign of the Mutual Orange Distributors stands for progressive action in the growing and marketing of citrus fruits.

In the handling of both *fresh* and *processed* fruit, the long-range planning and effective operation of this tightly-knit organization continues to work to the fruit grower's advantage.

Already this cooperative is studying the factors that will influence tomorrow's markets. Its experience, prestige, and skilled "know-how" will combine to bring maximum returns to its members. It will pay *you* to investigate the facilities of this modern marketing cooperative.

MUTUAL ORANGE DISTRIBUTORS
REDLANDS, CALIFORNIA

Victory Dinner For Democrats

A victory dinner for all Democrats of Orange county is being held tonight (Thursday) at 6:30 o'clock in the Towne House, 516 North Spadra road, Fullerton.

The session was called to formulate plans for the organization of Orange County Democratic Club. A short business meeting of the Orange County Democratic Central Committee is scheduled for after the banquet.

Robert L. Brown of Huntington Beach is chairman of the committee; Claudia Worswick, Santa Ana, vice-chairman; Lester Van Tatenhove, Santa Ana, secretary, and Charles E. Devine, Santa Ana, treasurer. Committee members from the five supervisorial districts made reservations for the affair as did many county Democrats, according to the central group's officers.

PINK RIBBONS

A baby daughter was welcomed by Mr. and Mrs. Trinidad Duran, 214 Walnut street, Placentia, November 9, at Fullerton General hospital.

Everybody reads the Gazette.

Former Pastor Tells Kiwanis Club of Germany

Tuesday's Kiwanis club meeting at the Elks club was highlighted by a talk given by Rev. H. G. Dymmel, former pastor of the Bethel Baptist Church, who is now general chairman of the missionary activities of the North American Baptist church and has his headquarters near Chicago. Rev. Mr. Dymmel was well known here during his seven years stay and said today that California and especially Anaheim were the finest places in the world to live. His talk centered around his travels in Europe and he detailed for the Kiwanians conditions as he had found them in Germany. Most of the cities are merely skeletons and so were the people. Some were so underfed that they had even forgotten their names. The German farmers, on the other hand, were well off, as the city dwellers came out and paid any price asked for food. When he was there last year, Rev. Mr. Dymmel said, the people were even losing their faith in religion but, he thought, the Marshall Plan would give them a new outlook and keep them out of the arms of the Communists.

The meeting was presided over by President Kellogg and the chairman of the day was Paul Bakenhus.

T. W. Faulstich Dies Monday

Traugott W. Faulstich, a resident of the Lutheran Home at 891 Walnut tsreet, this city, passed away on Monday, November 15. He had resided here for the past year, coming to the home from Oakland where he had resided for a number of years. Born in Friestad, Mo., 70 years ago, he had lived in California for 35 years.

Surviving are his wife, Louise, a resident at the home; a son, Uliss Faulstich of Oakland; two daughters, Mrs. Edna Dietrich and Mrs. Hilda Hoenicke, both of San Jose.

Funeral services were conducted from the Backs, Campbell and Kaulbars chapel, Wednesday afternoon at 2 o'clock with the Rev. L. E. Eifert, pastor of Zion Lutheran church of which he was a member, officiating. The body was shipped to San Jose for interment in the family plot.

Girl Scout News

LOARA TROOP No. 40

Officers of Loara Girl Scouts Troop No. 40 were elected recently with Luane Whitman named president. Leader of the group is Mrs. L. M. Botts.

Other officers invested with the president include Joan Shrick, vice-president; Rosemary Botts, treasurer; Barbara Boege, secretary; Sharon Comstock, Juliet Lowe representative, and Bette Ann MacIntyre, scribe.

The troop members finished folding many T. B. seals and are now working on the cooking badge. Future plans call for a cook-out.

BROADWAY SCOUTS

Scouts of Broadway Troop No. 4 met recently with Rita K. Williams in charge of leading the flag salute. Barbara Lee Kibat led the Girl Scout promise.

Part of the troop is working on the agricultural requirements for the second class badge and the remainder, on the drawing and painting badges.

WRC Completes Bazaar Plans, Rummage Sale

The planned bazaar of the A. B. Paul Women's Relief Corps will be held beginning today (Thursday), Friday and Saturday at the location at 102 East Center street, formerly occupied by Monte's Barbar Shop. The bazaar will open each morning at 9:30 and remain open all day.

Named as overall chairman of the bazaar, rummage sale, designed to raise money for the Christmas fund for the group, are Mary Hatfield and Emma Schauers. Mary Ashenfelter will be in charge of a booth for plants and flowers and needlecraft work will be in charge of Olga Ballinger. Members of the organization will assist during the three days of the event.

A potluck luncheon was enjoyed at the noon hour on Tuesday when the Corps met at IOOF hall on West Center street. Chrysanthemums and a Thanksgiving motif decorated the luncheon tables. In commemoration of birthdays of members two large birthday cakes were enjoyed at the dessert course. A new member, Mrs. Gertrude Mitchell, was welcomed into the Corps.

Reports of the various committees found 455 pounds of newspaper and magazines turned in; 21 pounds of salvage fat collected; $45 for relief; $80 expended for child welfare; 60 sick calls made; 125 cards sent to sick and shutins; 42 bouquets sent; five sprays and a total of 14 miles of rides given to servicemen.

There will be no regular meeting next month but the annual Christmas party will be held instead, time, date and place to be announced later.

Chispa Chapter, O.E.S., Elects New Officers

Vera Riner and Earl Baum were elected worthy matron and worthy patron, respectively, during the annual Chispa Chapter No. 151, Order of Eastern Star election at the Masonic Temple, Tuesday evening of last week. Camille Deane, outgoing worthy matron, presided during the meeting which began with a pot luck dinner.

Other officers named included Gladys Woodward and Earle Woodward, associate matron and patron; Sallie Maude Adams, secretary; Marian Fennell, treasurer; Arlene Foster, conductress, and Addiebelle Hunt, associate conductress.

Installation of officers will be December 14 at the Temple, it was announced. At this time Mrs. Riner, as newly elected worthy matron, will appoint Star Point officers to serve.

Next regular meeting of the group will be November 23 at the Temple with Mrs. Deane presiding. Mr. and Mrs. Deane will assist in the installation rites.

Two new members, Hulda Granere, and her son, Carl, were initiated into the chapter.

The meat course for the pot luck dinner was prepared by a committee headed by Emily and Joe Wagner.

Mrs. Visel Gives Play Review At P.E.O. Tea

A versatile review of J. M. Barrie's light comedy, "Alice Sit By the Fire," presented by Mrs. Wesley Visel of this city, highlighted Chapter BP of P.E.O. guest day, Wednesday afternoon of last week at the home of Mrs. Howard Tews, 700 North Helena street, Anaheim.

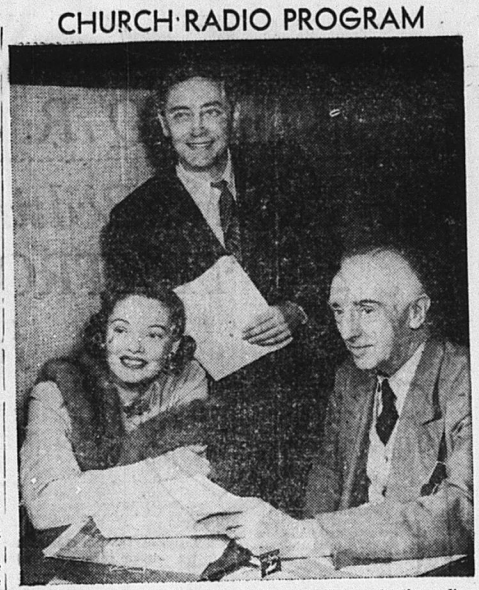

More than 50 members and guests were welcomed by Mrs. Harry Pearson, chapter president, who presided at the tea table during the social period.

Varied sizes and tones of pastel candles, clustered in an arrangement of white chrysanthemums and smilax formed an attractive centerpiece on the table.

Well known in Anaheim, Mrs. Visel was a teacher of dramatic art at The Brown School for Girls in Glendora and was formerly associated with Kate E. McCullah's Orange County School of Fine Arts, this city.

Advertise in the Anaheim Gazette and then stand by for actual results.

CHURCH RADIO PROGRAM

Miss Gene Tierney and Richard Waring will star in the radio production of "The Enchanted Cottage," with Walter Hampden, host on the program "Great Scenes from Great Plays" presented by the Protestant Episcopal church on radio station KHJ Friday evening at 8 o'clock.

May Take Part In "Messiah" Program at FJC

Anyone desiring to participate in the Fullerton Junior college presentation of the "Messiah," December 8, and who is familiar with the Christmas oratorio score, may contact Earl Narramore of the music department this week, it was announced as choirs from throughout Orange county, including the large choir from Anaheim's White Temple Methodist church, directed by George W. Burt, gathered to rehearse with college singers.

Other Anaheim churches are also participating, Narramore stated. From Orange, the entire choir of 50 voices from the First Presbyterian church, directed by Winifred Sloop, will help make up the estimated choirs of 300 at Fullerton.

The large First Methodist and First Christian Churches' choirs of Fullerton will also be heard. Numerous individuals from cities in this area will also be heard in the Junior college Yule production.

Identities of professional soloists, already engaged, will be announced to the public within a few days, Narramore added.

Each year the college presents a symbolic pageant, either from an original script and score or from a famed traditional score as an annual project honoring the Christmas season.

League Staging 'Gold Rush Days'

Being acclaimed as a huge success is the "Gold Rush Days," special annual harvest-time bazaar being sponsored all today (Thursday) and this evening by the Anaheim chapter of the Orange County Assistance League at Ebell club house.

All funds received from the affair will be turned into Assistance channels which are supported by the league, including welfare for "deserving needy," the cancer program, philanthropies, hospital equipment and scholarships for students, who, otherwise, would have no opportunity for university education.

Special "Gold Rush Days" features the country store which is stocked with food supplies of grandmother's day, and booths attractive with beautiful hand-made articles including fabric painted gifts and a wide variety of unique and appropriate Christmas remembrances.

The antique corner is centered around an old fashioned stove and antique organ. Rare specimens for gardeners are being featured at the plant corner and home-made sweets of expert creation and flavor are carried at the candy booth.

Decorations are carried out in the Centennial theme and, more typically, the "Gold Rush Days" motif when gingham clad women stayed in town or on the homesteads while husbands went prospecting. Adding to the picturesque atmosphere is the chuck-wagon, an authentic vehicle loaned for the occasion which is serving delectable foods with the end-gate serving as a counter.

Barrelled stools, knotty-legged tables are a part of the country store. For sale is the Assistance League cook book "chuck" full of recipes concocted to tantalize the palate of the entire family.

Awards are and will be given including a doll with a hand-made wardrobe change and a canopied bed.

Gala entertainment is scheduled on the full program, accenting the days of the '49ers.

Welcoming guests are Mrs. Fred Weisel, chapter chairman, and Mrs. H. H. Hunt, general bazaar chairman in addition to other committee chairmen, and active, assisting and sustaining league members. Mrs. Charles Pearson is in charge of decorations; Mrs. John Boege and Mrs. J. G. Hilleary, bazaar booth; Mrs. Sam Kraemer, entertainment; Mrs. William Hall, fabric painting; Mrs. C. R. Hoskins, plant booth; Mrs. Ben Kaulbars, Mrs. H. A. Johnston, antique corner; Mrs. Ernest Ganahl, Mrs. Joe Walter, chuck-wagon; Mrs. J. W. Truxaw, cook book; Mrs. John Larson, candy; Mrs. P. E. Fluor, Mrs. Edward Bimat, gift awards; Mrs. Charles Harbeson, dinner; Mrs. William Stehly, Mrs. A. N. Wilmsen, Mrs. Lee Deming, country store; Mrs. Leo Friis, Mrs. C. A. Neighbors and Mrs. L. H. Loudon, assisting in arrangements.

CHRISTIAN SCIENCE

"Rejoice the soul of thy servant: for unto thee, O Lord, do I lift up my soul." This quotation from the Psalms will be the Golden Text of the Sunday Lesson-Sermon on "Soul and Body" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

In his Sermon on the Mount as recorded by Matthew, Jesus asserts, "The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light. But if thine eye be evil, thy whole body shall be full of darkness." John declares in his first epistle, "Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that, when he shall appear, we shall be like him; for we shall see him as he is."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "The denial of material selfhood aids the discernment of man's spiritual and eternal individuality, and destroys the erroneous knowledge gained from matter or through what are termed the material senses."

JUNIOR RED CROSS ENROLLMENT BEGINS

Enrollment of Junior Red Cross members at Anaheim Union high school was launched with the presentation of an official film of the Junior organization, given Monday at the auditorium on the campus. Pat Booth, high school co-ed, was in charge of arrangements. Miss Neva Solt is the teacher-sponsor of the Anaheim chapter.

SOCIAL AND CLUB ACTIVITIES OF THE WEEK

GRACE THOMPSON—Phone 2206

B.-P.W. Club Take European Trip with Mrs. Mae Neighbors

Enjoying the beauties of foreign countries was a rare treat for members of the Business and Professional Womens club Wednesday evening of last week when they met at the Chungking cafe to hear the principal speaker, Mrs. Mae Neighbors of this city, tell of her recent trip through Europe. Thirty-four members and guests were present for the regular monthly meeting.

The president, Verna Hopkins, opened the meeting and conducted the business session during which time a report was given of the food and clothing packages sent abroad. A letter was read from a family in Germany who had received one of the packages from the local group and another from a neice of a member of the club who had received a package and who told of her intention of coming to America this fall. The report on this phase of the club work included notations from several grateful recipients of these packages in various countries. In speaking of packing boxes for shipment, the president told of loosing her scissors and later receiving a letter from her sister in Van Port, who experienced the loss of everything in the recent flood there, thanking Mrs. Hopkins for the scissors but asking why she had included the article. Mrs. Hopkins told of misplacing a clown suit she had planned to use at the Hallowe'en season, and stated that very likely it was packed in an overseas package, and now she is missing her poker chips and is wondering where they will turn up. Maybe after all, items of all sorts are welcome in these packages, she wonders.

Mary Heinlein reported on the district meeting held in Ontario recently and told of a very fine talk by a doctor who explained the progress made in medical science in recent years. He also told of the great killer — heart disease. In 1948 it was the number one cause of death and that research had found that cancer will soon lead.

The announcement was made of the club winning the third prize with their float in the recent Hallowe'en festival. This award signified the third prize of the entire parade entries.

Mae Boeckman, program chairman, introduced Mrs. Neighbors who told of the many, many interesting places and countries she visited on her three months trip in Europe. Flying from New York, Mrs. Neighbors told of her trip above the clouds in a super-liner, leaving in June. The first stop was in Ireland, a beautiful country. There she visited places of interest and from that country visited England and Scotland. In London she saw the efforts of the people there trying to tidy up the war devastation and the wonderful progress made. Everything in that country is rationed and nothing is on the open market for sale.

Visiting Bergen, Norway, she saw how the Germans had stripped the country of evrything they could use and the destruction of the lands. Even with the devastation, Norway is a lovely country. Sweden was not hurt by the war since they made ammunition for Germany and maybe the United States. Holland was very badly hurt, as we all remember reading, during the war, when the enemy broke the dykes and let the salt water run over the lowlands. The peoples of that little nation are rebuilding the land but it will take many years to bring it back to its former productiveness.

Mrs. Neighbors next visited the scene of the Battle of the Bulge and then went into France, visiting Paris, then Omaha Beach, Utah Beach, so named by the American soldiers when they invaded that country on D-Day. The doughboys would openly talk about these places and the natives wouldn't know what they were discussing, an advantage to the Americans. The party with which Mrs. Neighbors traveled were not allowed to get out on German soil nor any place where there was danger.

Everywhere the group visited, they found the people making the best of everything they had to work the soil with, tools to run their factories or rebuild them or to continue the course of their everyday existence. The devastation apparent in the countries is indeed heartbreaking. Rations are short in most every country and evidences of the past found the people loosing their teeth due to the diet deficiences during the war years. Women in those countries are working the fields and carrying on the labors of their life since the man shortage is so evident.

Other countries visited included Switzerland, Italy and Spain. In Italy they visited Rome. They saw the leaning tower of Pisa. Then on the Genoa, Venice and the thrilling ride in the gondolas on the canals. Visiting Monte Carlo, the famed gaming resort, the visitors found that highly publicized resort rather slow. In Spain they found the country badly run down and prices extremely high. Portugal was a prosperous country with modern buildings, roads and shops. Next stop was the Azores and then home, three months of a wonderful trip by World Travel Service.

Guests present for the evening were Elva Mae Jones, Mae Roberts, Oriana Ross and Mary Betzsold. New members introduced were Billie and Bobby Snow and Norma Nipper.

Twenty members are planning a trip to Padua Hills theater on December 20 for dinner and the theater presentation that evening.

Enjoy Weekend At Camp Oscepla

Enjoying camp life, chapel and campfire program events were 40 south Orange county YMCA-YWCA board members and their families, at the YMCA Camp Osceola in the San Bernardino mountains last Saturday and Sunday.

A vote of thanks was given by the group to Mr. and Mrs. Paul Demaree for their wonderful meals. Demaree is president of the South Orange County District YMCA board.

Those present at the session from Anaheim were Mr. and Mrs. Ted Payne, Mr. and Mrs. Walt Taylor and family, Dr. and Mrs. Ed. Jordt, Mr. and Mrs. Bob Quast and family, Joe Quast, Mr. and Mrs. Paul Demaree and Mr. and Mrs. Tommy Thomason and family. Thomason is general secretary of the Anaheim YMCA.

Newlyweds Home In Buena Park

Returning after a honeymoon at Big Bear to their home at 8541 Holder road, Buena Park, are Mr. and Mrs. Maurice Carmichael. She is the former Miss Lois Carpenter, daughter of Mr. and Mrs. Claud Carpenter of La Habra; he is the son of Mr. and Mrs. Earl Carmichael of Anaheim.

The young couple plighted their troth at Capilla de San Antonio arranged with white chrysanthemums. Rev. M. Nicholls officiated and wedding solos were sung by Mrs. Viola Hodge.

Enhancing the bride's loveliness was her gown of white satin fashioned with a lace yoke and long train. She was given in marriage by her father. Her bouquet was an orchid surrounded by white carnations.

Miss Jeanette Carpenter, sister of the bride, was her bride's maid, wearing a gown of light blue satin and carrying a bouquet of orchid toned blossoms.

Serving as best man was the bridegroom's brother, Elmer Carmichael. Charles Bengoshea and Kenny Knapp were ushers.

Immediately following the ceremony, a reception was held at the chapel with Mrs. Lee Hodge and Mrs. Gene Stoddard assisting with hostess duties.

Mrs. Carpenter, the bride's mother, chose a gray suit while Mrs. Carmichael, mother of the bridegroom, wore a royal blue gown. Both had corsages of pink roses.

The bride is a graduate of Fullerton Union high school. Her husband is an alumnus of Anaheim Union high school.

Credit Women Meet in Regular Session Tues. Eve.

Despite heavy fog, a goodly number of the members of the Northern Orange County Credit Women's club met at the home of Catharine Miller on Dale avenue last Tuesday evening for their regular monthly session. The meeting was postponed from the week previous due to the heavy winds that disrupted electrical service in that area of the county.

Following a short business session, the meeting was turned to the leaders who presented the topic of study for the evening. Doris Archibald of Fullerton presented an interesting talk on "Taking the Application of a Person Applying for Credit." At the conclusion of her talk, a sample interview was conducted and the good and bad points of the interviewer was discussed. A great deal of the success of a credit customer depends upon the way in which the credit interviewer conducts the interview with the applicant and the information gained thereby.

"Opening an Account" was discussed by Norma Nipper in a brief discourse on this phase of credit work and the problems encountered in the credit department pursuant to obtaining a satisfactory credit customer.

Two guests were welcomed at the meeting, Mrs. Erman and Lova Gerving, both of Fullerton.

The board of directors will hold a meeting next Tuesday evening at the home of Mamie Lane at 104 So. Helena street. The next regular monthly meeting will be the Christmas party on December 14 at the home of Norma Nipper at 213 East Water street, when members will have a gift exchange of unbreakable toys that will be taken to the small children confined at the Orange county hospital.

PLAN TO MARRY

A marriage license was issued to Nelson Earl Endicott of Anaheim and Alice Doris Patterson of Santa Ana at the county court house in Santa Ana this week.

A baby son arrived for Mr. and Mrs. Donald Runyon, 9392 Magnolia street, Anaheim, Sunday at Santa Ana Community hospital. The new comer tipped the scales at seven pounds and two ounces.

CYPRESS NEWS

The many friends of Miss Joan Taylor were greatly surprised to learn of her marriage on September 28 in Yuma, Arizona. Her husband is Walter Dalgleish who is employed by Shell Oil. They are making their home in Compton. Joan finished Cypress elementary school and attended Anaheim high school two years. She is the daughter of Mrs. O. M. Hupp, of Orange avenue.

The regular monthly meeting of Centralia P.-T. A. was held Monday night with a panel discussion of "What Makes Our Schools Tick." Those taking part were teachers, bus driver, parents and a former Centralia school graduate. On Thursday, the P.-T. A. board held a meeting at the home of Mrs. Raymond Dillon on Harding street, to discuss the business and programs for the coming year. The group had a pot-luck dinner at noon.

Mr. and Mrs. W. T. Reed, popular owners of the Cypress Cleaners this week sold their business to Mr. and Mrs. E. W. Merriam and Mr. and Mrs. George Witcraft of Iowa. The two Reed boys will still run the delivery trucks. Mr. and Mrs. Reed live in Bellflower.

Mrs. Madge Lyen and son, Lynn, were guests of Dr. and Mrs. P. F. Haskell of Artesia on Armistice Day.

Mrs. Sarah Miller of Lincoln avenue, celebrated her 79th birthday last Sunday. Friends and relatives were invited to the Rainbow Angling club in Azusa. Pot luck dishes were taken along and added to the trout caught and cooked on the spot.

The Cypress Community club met in the cafeteria of the Cypress school on Tuesday afternoon at two o'clock. Plans were laid for the annual Christmas party in December which tentatively will be held in the new fire station. The turkey is furnished by the club and the rest of the menu is in the form of pot luck furnished by the members. The club still sends volunteers to the County hospital to visit and take treats each month.

The Cypress and Centralia school teachers attended the County Teachers' Institute held at Fullerton high school, Friday. Thursday, being Armistice Day, was also a school holiday. This gave the youngsters a fine long four-day vacation.

It seems that the community has two very fine entertainment spots to look forward to in the near future, both located on Lincoln boulevard, at 6612 Lincoln, a permit has been taken out for the "Cine-Car" corporation for two rest rooms, a snack bar and projection screen for a motion picture show. Construction has already been started on this project. Across the highway from the Cypress school, a sign reads: "To be erected on this spot — a 1,000 seat ultra modern theatre with 6 acres of parking space."

Good-Will Tour Plans Underway

A tour formerly to be sponsored by the Associated Chambers of Commerce to Mexico City scheduled for November 27, will take place independently under the auspices of the Don Hillman Travel Agency, Santa Ana, it was announced recently.

A special train for the junket to accommodate more than 100 persons has been arranged by Hillman with the cooperation of the Wells Fargo and Company Express, Mexico City. Several other persons will leave on the Hillman tour by airplane.

Formerly Walter Schmid, Garden Grove rancher, president of the county-wide booster agency, announced George A. Raymer of Santa Ana, former secretary of the Santa Ana Chamber of Commerce, to be chairman in charge of arrangements.

Hillman also arranged for the California Avocado Society tour last April, with 136 persons aboard a special train. Up to then it was the largest contingent ever to go to Mexico City as one caravan. Present indications show the coming junket may top this.

ILLINOIS COLLEGE SLATES MUSIC CONTEST

Monmouth college, Monmouth, Illinois, announced this week the sixth annual Psalm-Tune competition held under the J. B. Herbert bequest with a prize of $100 offered for the best setting of a prescribed metrical version of Psalm 90 in four-part harmony for congregational singing. The contest is open to all composers and closes February 28, 1949. Text and information will be sent on request by Thomas H. Hamilton, Monmouth college, Monmouth, Illinois.

HAVE NEW SON

Junior Leaders Of 4-H Clubs to Meet Saturday

The 4-H club Junior Leaders of Orange county will hold a conference from 10 a.m. to 1 p.m. Saturday at the Farm Bureau building, 353 South Main street, Orange, when the leaders will receive instructions as to their responsibilities for the coming year.

A program in which the Junior Leaders themselves may participate has been planned. It will include a general session to outline the procedure for the day, an explanation of the Junior Leader record book, and a brief talk on the histhory of 4-H. This will be presented by Nancy Bascom, a senior member of the Tustin Junior Livewires. The conference will then be divided into two groups, agricultural and home economics. These groups will hold round table discussions on 4-H projects, demonstrations, recreation and other 4-H subjects.

Those who attended the statewide Junior Leader Conference at Davis in September will tell of the subject matter presented there.

After a summary session to cover the important points and conclusions reached by the two groups, the meeting will be adjourned for a paper sack lunch.

Those selected for Junior Leaders for this club year are Mary Jane Adams and Frank Robinson, Eager Beavers 4-H Club of Villa Park; Nancy Bascom, Mary Marks and Harriet Stolte, Tustin Jr., Livewires; Vera Berlin, Marjorie Berlin, Gladys Postlethwaite, and Hazel Wood, Garden Grove Babbling Busybodies; Nancy Burdick, Katella Thimbles; Melba Fay Davis, Betty Elliott, Dorotha Sherburne, and Maisie Sherwin, West Orange; Carson Horal, Midway City Rancheros Futuros; Jacqueline Joor, Laguna Canyon Cacklers; Donald and John Marks, Tustin Blue & Gold; Avery Poling, Placentia Tigers; Ralph and Roy Rosedale, Yorba Linda Cloverleaf 4-H Club.

Guy A. Daws Claimed by Death

Guy A. Daws, 68 years of age, passed away at Fullerton General hospital on Saturday, Nov. 13. Born in Cresco, Iowa, he had resided in Anaheim for the past 25 years, making his home at 937 North Helena street.

He was a member of the Woodmen of the World and the Calvary Baptist church.

Surviving are his wife, Ida M. Davis, of the home; two daughters, Mrs. R. J. Whipple of Fullerton, and Mrs. Ray Mahoney of Anaheim; a son, George Daws of Santa Ana; six grandchildren; two great grandchildren; two brothers, Fred Daws of Cresco, Iowa, and Frank Daws of Merrill, Ore., and a sister, Mrs. Retta Leathrop of Washington state.

Funeral services were held Tuesday at 2 p.m. from the chapel of Backs, Campbell and Kaulbars mortuary with the Rev. J. F. Cowee, pastor of Calvary Baptist church, officiating. Entombment was in Melrose Abbey mausoleum.

Goodwill Group Hear Trevethen

Cooperative relationships in the community to aid the handicapped and needy was stressed by Percy Trevethen, Boston's national executive secretary of Goodwill Industries of America, in an address given at the monthly meeting of the board of directors of Goodwill Industries of Orange county, Monday noon at the headquarters, 417 West Fourth street, Santa Ana. Ralph Smedley, president of the local board of directors, presided.

Trevethen's topic was titled "Aims of Goodwill Industries." The object behind Goodwill, the speaker pointed out, is to give employment to handicapped people financed through the cast-off materials of housewives in the community. In this way, Trevethen stated, "discards become time cards" for the needy.

The national executive secretary declared that today some 18,000 to 19,000 handicapped people of America are served by Goodwill Industries. Locally, 66 employees are maintained in the Orange county headquarters at Santa Ana.

In conclusion, Trevethen reiterated that the job of aiding the handicapped rests on the cooperative relations of everyone in the community and that the religious phase of rehabilitation should not be overlooked. In this respect, Trevethen praised the new chapel in the Santa Ana Goodwill building.

LICENSE TO WED

James Salvador Diaz of Placentia and Elena Munoz, Garden Grove, obtained a marriage license at the court house in Santa Ana this week.

Proud parents are Mr. and Mrs. Thomas Elder, 13581 Berrydale street, Garden Grove, who welcomed an eight pound one ounce baby son Sunday at Santa Ana Community hospital.

The taximeter was invented in 1895.

Both Big Citrus Co-ops Hear Annual Reports

(Continued from Page 1)

little to the grower if no profit is received on the fruit put in cans. As a matter of fact, the extremely low prices of canned citrus have placed a low ceiling on the prices of fresh fruit."

Canning has a proper place in the industry, but excessive canning is uneconomic. Armstrong pointed to the equivalent of 160,000 carloads of fresh fruit canned during the past season as being greater than the total production of citrus fruit in California and Arizona. Florida and Texas canned 92 percent of the total.

The California-Arizona citrus industry shipped a total of 105,829 cars of oranges, lemons and grapefruit during the 1947-43 fiscal year which ended October 31. Sunkist shipped 78,466 cars or 74 percent of the industry total. Exchange products plants at Ontario and Corona processed 27,800 cars into a wide variety of citrus by-products.

While all citrus production and handling costs have risen sharply since the war, the most serious has been the constant rise in freight rates. Since late 1945, the freight rate on oranges has jumped 29c per box. It now costs $1.60 to ship a box of oranges to market which is more than it costs to produce it.

"This increase is more than the traffic can bear," Armstrong stated. "High rail rates will force the use of truck and water shipments wherever possible."

Overseas exports of citrus, particularly oranges and grapefruit were remarkably good despite the fact that the larger European countries did not have dollars for fruit purchases. Biggest buyers were little Belgium and Switzerland.

The Exchange sold 600,000 gallons of orange concentrate to the British Ministry of Food during the year and almost 250,000 gallons to the School Lunch Program in the United States. These orders took 67,000 tons of fruit.

The Exchange reported the biggest gain in membership in a decade with almost 9000 additional acres of citrus affiliating with the cooperative.

Cypress-Magnolia Farm Center to Discuss Avocados

The future of avocados in Orange county is to be discussed tonight at the monthly meeting of the Cypress-Magnolia Farm Center. The discussion is to be led by Guy Steele, manager of United Avocado Growers association with headquarters at La Habra.

There will be an entertainment program, including a movie, and a potluck dinner.

When in need of job printing call the Anaheim Gazette. Phone 2206. "We'll be there in a minute."

Hilarity Marks Rotary Club's Ladies' Night

Rotarians were host to the Rotary Anns and numerous guests at a special meeting featuring a delicious ham dinner catered by Dorothy and Wade's, at the Ebell club house, Monday evening. Highlighting the affair was entertainment provided by the well known comedian Axel Christensen (alias Count Askar Waldemar Saderholm).

More than 115 members and guests enjoyed the meeting, dinner and program, with President Joe Thompson, presiding and introducing presidents of neighboring Rotary clubs and their wives. Members introduced their guests, after which a short and lively business meeting was held.

Paul Demaree was soundly fined for boasting about having a first class lie-detector (which turned out to be Mrs. Demaree), and Grant and Rose Williams were taxed for celebrating a wedding anniversary.

The now famous Rotary quartet composed of Dr. Ed Jordt, Paul Demaree, Dr. John Wilcox and Joe Thompson were applauded for a series of parodies designed to entertain all at the expense of a few good natured victims.

Earl Ryan was given two international degrees by Dr. Jordt and Max Royer, which, according to witnesses, almost left him with a foreign accent. Earl Woodward was program chairman of the day.

During the evening, Leroy Ater, immediate past president, presented President Thompson with a new collection box, hand made from stainless steel by a friend of Thompson's. It represented a producing oil well, according to Ater.

The tables were colorfully decorated with palm boats filled with many varieties of artistically arranged chrysanthemums. Table decorations and accessories were handled by Mrs. Mel Gauer, Mrs. Earl Woodward, Mrs. Joe Thompson, Mrs. Bill Wagner and Mrs. John Bovee.

NEW ELEVATOR AT SMITH-REAFSNYDER

Up with the times is Smith-Reafsnyder Furniture Company, 151 North Los Angeles street, Anaheim. Just installed at the large store is a modern elevator of latest design which the public is cordially invited to view and use.

JOE KESSLER, JR., BIRTHDAY FRIDAY

Joe Kessler, Jr., owner-manager of the Anaheim Textile store, 112 East Center street, Anaheim, will celebrate his birthday tomorrow, Friday. A special surprise dinner-party is being planned by his family.

A baby daughter was welcomed by Mr. and Mrs. Ray Cardona, Seventeenth street and Verona road, Garden Grove, at the Orange County hospital, Wednesday of last week. The newcomer tipped the scales at seven pounds and ten ounces.

Seaboard Opens Branch Office

A local branch of the Seaboard Finance Company swung open its doors for business in newly remodeled headquarters at 131 East of last week under the managership of Troy Mallard of Bellflower.

The concern handles personal loans and loans on trucks, cars and furniture. Associated with the office is Miss Martine Brown, formerly with the Bellflower office.

Mallard and his wife hope to make their home in Anaheim in the near future, housing permitting. He was transferred here from the Long Beach branch office where he had been for more than two years.

Restful modern interior of the office includes green marbelized asphalt flooring blending with pastel green walls, white celotex ceiling and fluorescent lights. Office appointments are of gray-toned metal.

Arizona flagstone and plate glass accent the building's front. C. R. Young and Son were general contractors.

Grand Opening For Television, Candy Concerns

Continued from Page 1

iety of candies made, refrigerated and sold at the Candy House.

Special assorted Christmas boxes and gift boxes made to order will be featured, Mrs. Bundgard stated.

Also having a successful grand opening Saturday was the Television Parlor. Shows begin nightly from 5 to 5:30 o'clock on, Mrs. Hoobler said.

In addition to a wide selection of electrical appliances carried in stock, the parlor has radio-phonograph combinations and television sets manufactured by Packard-Bell, Westinghouse, Motorola and Crosley. Among other merchandise are floor lamps, gas and electric stoves, washers, deep freeze units and refrigerators.

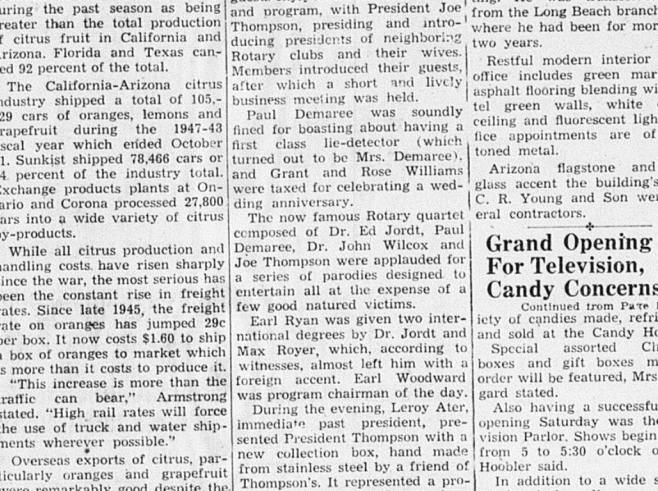

The couple is from North Long Beach where he was associated in the automotive field for 13 years. An experimental engineer, he patented a trailer under-carriage which is being manufactured by the Union Metal Company, Canton, Ohio.

Interior of both stores includes dark green marbelized asphalt tile flooring, combed wood paneling, cream walls and ceiling, and large plate glass display windows. In the television parlor is pale green felt carpeting and modern chairs upholstered in beige and Chinese red. The damask drapes were made by Mrs. Hoobler.

Frothy Priscilla curtains accent the windows of the Candy House. White lattice, covered with ivy, tops the partition between the large kitchen and display room.

LEAVE ON TRIP

Mr. and Mrs. E. E. Smith, 621 North Clementine street, Anaheim, left last week for a two or three week out-of-state trip.

Watershed Damage Of County's Worst Mt. Fire Inestimable

(Continued from Page 1)

when the fire topped the summit at Alta Vista and started riding a 50-mile gale, but there were eight mountain miles between there and Irvine park in Santiago canyon. It looked as if Scherman was too far ahead of the fire when he sent the word that mobilized all available fighting forces around Irvine park. But he wasn't too far ahead. The fire was there at 7 o'clock, and by 8 o'clock had rolled on down Peters canyon past Lemon heights to the Irvine bean fields.

All valley volunteer fire companies that could be spared, besides all county and state fire trucks, were thrown into the fight, and about 30 spray rigs were brought in to bolster the lines at critical points. The spray rigs provided one of the big stories of the fire. So did the Salvation Army, going into the fire zones with food for the front lines. The Red Cross was also on hand.

The fire reached Orange Park Acres between 10 and 11 p.m. Thursday and was at Cerro Villa Heights Friday morning. Massed equipment turned it back at both places. One man, with a bulldozer, who was levelling a building site at the head of the canyon back of Cerro Villa Heights, cleared so broad a path that the fire was kept out of the canyon.

Higher in the range, other equipment was clearing a break along the ridge west of Black Star canyon, and headed the fire at that point during Friday night. By Saturday morning it was pretty well contained, the lower areas having burned out. The wind had quieted and embers were raked back from the edge of the burn as a precaution against flare-up.

At 3 a.m. Sunday the wind rose again and raged harder than before. Apparently dead ashes began to glow, and were whipped through patrol lines at two points to start the second burn, one west of Hidden Ranch and the other at a lower level.

From Fremont (Sierra) canyon, the fire swept across Hidden Ranch and across the highway junction at the mouth of Silverado canyon to the upper end of Irvine lake, into and out of Limestone canyon and across the hills to the bean fields a second time. It was headed there by bulldozers cutting a broad firebreak along Tomato Springs canyon. Some of these from Los Alamitos Air Station, had 12-foot blades that really got things done. Ray Lambert's ranch home, threatened in the first burn down Peters canyon, again narrowly escaped disaster. Work done some time before the fire, in clearing out underbrush and leaves from eucalyptus groves at the foot of Lemon Heights, prevented the fire from climbing toward that center of palatial homes.

It was 5 a.m. Sunday when the fire reached the Silverado canyon road junction and Scherman alerted residents of Silverado, Modjeska and even Trabuca canyons. The population of Silverado's 385 homes, between 1600 and 1700 people, were evacuated and a fight to save that community was prepared.

From Hidden Ranch the blaze had worked east over the upper end of Baker and Black Star canyon and reached the upper end of the west fork (Deep canyon) of Ladd canyon. A fire break was run down the west ridge of Ladd canyon, last before Silverado canyon, and turned the fire downward. The last gasp of the big fire was at that ridge late Wednesday.

Meanwhile the burn had been headed on the north or upper side at the county fire road, along the county line. In some places the terrain was so rugged that land approach was impossible. A helicopter dropped 25 to 30 men there to handle spot fires.

Nearest threat to Silverado came when the fire burned over the edge of the canyon a few feet back of the church, where massed equipment once more halted it. A backfire at the mouth of the canyon burned up as far as the Silverado school and the Holtz orchard. The fire also reached a point in Lower Ladd canyon about a quarter-mile from its outlet in Silverado.

After seven days and nights it was finally out. That was long enough.

Show Post-War Film of Japan

Colored motion pictures of post-war Japan and the Philippines were presented by John Jay, author and photographer, at the Anaheim Public Forum, Monday evening, in the high school auditorium. As speaker, Jay gave a running commentary as the film was shown.

The travelogue, entitled "From Manila to Tokyo," depicted life in the Philippines and Japan after the American victory and included scenes taken on a trip through the tropical rivers of Luzon in a dug-out canoe, pictures of the shattered remains of Manila and Tokyo and portrayed a realistic cross-section of the life of modern Japanese citizens, both urban and rural.

Jay filmed the travelogue scenes while Chief of the far eastern branch of "Air Force Magazine," service journal of the AAF. From his headquarters in Manila he moved with the occupation forces into Japan.

Prior to his service in the army, Jay was on the staff of March of Time. He is especially noted for his work in photographing snow scenes. Among his special assignments have been Arctic research with the Royal Canadian Air Force and a winter test ascent of Mt. Rainier.

Forum lectures, held each Monday evening at 7:30 o'clock, are free to the public.

Stars Perform at Benefit Auction

Stuart Hamblen and Spade Cooley, popular radio stars, performed as auctioneers Sunday at Auction City, located on Firestone boulevard, one and one-half miles east of Downey, in a benefit auction for the Los Angeles Hospital for Crippled Children.

Thousands of dollars worth of merchandise, auctioned to the public, were donated by Auction City, Inc., for the occasion, the entire proceeds of which formed the donation.

Nitzschke Rites Held Monday

Funeral services for Wilhelmine Auguste Nitzschke, 70, widow of the late Rev. Wilhelm Friedrich Nitzschke, who died early Tuesday evening of last week at her home, 323 North Olive street, Anaheim, after an extended illness, were conducted at the Zion Lutheran church Monday afternoon at 2 o'clock.

Rev. L. E. Eifert, pastor of the church, officiated for the service. Entombment was in Anaheim mausoleum.

Mrs. Nitzschke is survived by one brother, Charles Kirchner of Lincoln, Nebraska, and numerous nieces and nephews in the east and in Germany.

Hilgenfeld mortuary was in charge of arrangements.

PROUD PARENTS

A baby boy was born to Mr. and Mrs. Arthur Karaus, 310 North Philadelphia street, Anaheim, Saturday at Fullerton General hospital.

Citrus Fruits Sell at Far Below Parity

The parity ratio of all farm products fell 5 points in the month ending October 15, acording to the Bureau of Agricultural Economics. But it was still 111 per cent parity while California-Arizona oranges were only 45 per cent of parity. Lemons were 83 per cent of parity and desert grapefruit was reported at 31 per cent.

On September 15 parity ratio was 116 and on October 15, 1947 is was 121 per cent.

Of the 35 commodities listed, 24 of them showed a drop, bringing the parity ratio to the lowest point since November, 1942. Corn, beef and hogs showed the biggest drop during the September-October period. All grains, excepting only rice, were at or below parity.

About 1.7 billions of dollars in war bonds were sold to Naval personnel in the Navy's war bond program from September, 1941, to July, 1947.

Most State Crops Hold Up to Early Predictions of Bumper Outturn

(Western News Service)

Rapidly closing harvests of California fruit and nut crops indicate that most crops will equal their early season production forecasts.

According to a report of the state of crop and livestock service, some tonnage of grapes, apples and late pears were still to be harvested. Almond and walnut harvests were well along but olive maturity was later than usual.

A small volume of old crop Valencia oranges and a few summer grapefruit remained for harvest but no picking of new crops had begun. Some tonnage of Tokay grapes was unsound for fresh shipping and a few late trays of raisins have been injured by the weather.

Following is a roundup of all reported crops:

Citrus fruits — production forecasts for navel and other miscellaneous crops total 18,900,000 boxes. Florida leads all state in the forecast with 62,400,000 predicted boxes.

Figs — California figs experienced a relatively good season. The crop was late thus making the harvest report later than usual. The canning tonnage for Kadotas was less than expected due to interior mold on the fruit.

Grapes — The November 1 proraisin varieties is 1,588,000 tons, for wine varieties 609,000 tons, and for table varieties 583,000 tons. Harvest of all grapes was mainly completed by November 1.

Pears — The harvested tonnage of pears has failed to make earlier estimates of 214,000 tons of Bartletts and 31,000 tons for other crops.

Olives — There is a heavy crop on the trees in many areas and fruit sizes are smaller than usual. There has been selective picking for best size fruit and the remainder is scheduled for conversion to oils.

Almonds — The harvest is well advanced and the prospective tonnage of 29,600 tons will probably be realized.

Walnuts — The harvest is not holding up to earlier predictions, and late September heat caused more damage than was realized. Preliminary estimates totaled 61,000 tons.

IT'S A BOY!

Proud parents are Mr. and Mrs. Bernard Munroe, 9742 Valdina street, Freeway Park, Anaheim, welcomed a baby son who arrived Sunday at Fullerton General hospital.

Farm Bureau to Fight Higher Freight Rates

The California Farm Bureau Federation has served notice it will oppose vigorously the request by the nation's railroads for a 13 percent freight rate increase as unjustifiable and discriminatory.

The Federation's action, taken by its board of directors, meeting in Berkeley, was announced by President Ray B. Wiser.

The Farm Bureau directors cited that:

1 The burden of transportation charges against agricultural commodities in California is already out of line with falling prices on these commodities.
2 Percentage increases in such rates, in and of themselves, are unfair and discriminatory against California shipments.
3 The rail carriers' current application for a 13 per cent rate hike would pyramid impositions against California farmers and shippers, resulting from three previous percentage increases on the volume of freight charges.

The Farm Bureau requested the California Public Utilities Commission to "use every possible effort to resist the carriers' new application, and authorized the commission to use the name of the California Farm Bureau Federation for the purpose."

Market Looks Up on Both Lemons, Oranges

(Continued from Page 1)

Industry shipments last week were 245 cars, compared to 257 for the corresponding week in 1947 and the three-year average of 278 standard cars of 406 boxes.

Eastern reports were that good quality Valencias were outselling Florida oranges at an average of $2 a box for 252s to as much as $4 and even $4.50 for 200s and 176s. Florida oranges advanced 25 cents a box, too, last week but the week's average was only $2.84 delivered. Florida fruit was reported showing improved juice content and flavor.

Florida expected to ship 2000 cars of oranges last week, 625 cars of tangerines and 625 cars of grapefruit.

Organization Complete for Week's Drive

(Continued from Page 1)

garet Buttree, Frank N. Gibbs, Dr. J. G. Hilleary, Albert H. Kirchmann, John Knutzen, Jr., Glenn E. Kunz, W. C. Maxwell, Mrs. W. C. Maxwell, Harry M. Peterson, L. Marion Pickel, Oscar H. Renner, Mrs. Oscar H. Renner, Roland T. Reynolds, Dr. R. T. Temple and Mrs. D. Jerry Youngs.

Chairman of the architectural committee is Arval Morris and serving with him are Frank N. Gibbs, Holly A. Markle, Lloyd S. Ross and Milo C. Sharp.

Dr. L. Kenneth Heuler and Mrs. J. Lee Rogers are co-chairman of the solicitors' committee. Other members are David S. Collins, Mrs. O. W. Eager, Elmer V. Hall, S. T. Hammond, Mrs. Warren C. Hodges, Carles A. Holiday, Albert H. Kirchmann, Mrs. Milton H. Kohne, Mrs. Glenn E. Kunze, W. C. Maxwell, Mrs. Eldon L. Paddock, Mrs. L. Marion Pickel, Dr. Carl P. Tompkins and Mrs. Page Vincent.

Members of the Christian Education committee are Dr. L. Kenneth Heuler, chairman; and Ted Bourne, Mrs. Howard S. Congdon, Royal C. Marten, Eldon L. Paddock, Mrs. Roland T. Reynolds, Mrs. John Seapy, Miss Helen M. Sharp, Page Vincent and Mrs. Kenneth Walker.

The music committee includes Albert H. Kirchmann, chairman; Chad Bolick, Mrs. Margaret Buttree, Mrs. Charles A. Pearson and L. Marion Pickel.

Members of the Woman's Advisory committee are Mrs. Eleanor Hilleary, chairman; Mesdames Anne Beebe, Ruth Harbeson, Ada W. Johnston, Emma E. Karlen, Ruby Morris, Virginia Paddock, Marie Pearson, Myrtle Peterson, Isalene Pickel, Jeanette Spencer, Orval Starmer and D. Jerry Youngs.

In a message to members and friends of the church the pastor, Rev. Howard S. Congdon said:

"You have all waited so many years to say 'This is our new church.' We have at last come to the moment when we can convert a vacant lot and a generation's dreams into a glorious sanctuary. Pray earnestly that God will place it upon our hearts to respond most generously and make this beautiful church a reality."

The plan for financing the new church calls for obtaining pledges for $100,000 in the week's campaign. The pledges are payable monthly over a period of 30 months. Incidentally, gifts to the fund are deductible from taxable income up to 15 per cent and the 30 months cover four income tax years.

Besides the sanctuary and the chapel, the present and proposed new buildings provide for church business office, women's parlor with adjoining kitchenette and wash room, office for minister of music with adjoining studio room which may serve also as the bride's room at weddings.

The plan now is that actual construction of the new church will begin next spring.

Retailers Vote Saturday Nite Opening Continue

(Continued from Page 1)

"There is no such thing as a 'self-made man' but only opportunities with people," the speaker commented. He added that those opportunities cannot be found if the consumer is "sore" or antagonistic and that there is no substitute for good manners and alterness in business.

Concerning the tendency of merchants to stretch out working hours each day in an attempt to capture more business he said, "Sales slump is caused by a smaller volume of money in the pocket of the average citizen. By increasing hours, the merchant only spreads this slower monetary turnover over a longer period of time and causes dissention among his help."

Stranahan predicted that the Wagner Labor act would be amended but not to the extent expected at present.

Solter, in casting a vote for Saturday night openings, said that the J. C. Penney Company, of which he is manager, realized a profit of 46.73 per cent this year from a total of 52 Saturdays, by remaining open at night as compared to the total 1947 Saturday profits. A 20 per cent increase in profit was shown in a breakdown of the 1948 Saturday returns due to night sales, he added.

In arguing for Saturday openings, merchants stated that Los Angeles had realized a highly successful grand opening of the Monday night opening campaign and small returns thereafter.

Ernest Moeller, secretary of the chamber, urged that merchants modernize store fronts or find other strong means of attracting out-of-town shoppers, to keep in stride with the face-lifting of the business area of Fullerton on Spadra road.

Several additional off-street parking lots will be cleared and oiled in time to serve Christmas shoppers, Moeller disclosed.

Tonight (Thursday) at 7 o'clock Santa Claus will make his appearance in town, riding in style with his traditional huge pack of toys and gaily wrapped gifts.

December 10 has been set tentatively for the beginning of the Christmas shopping season here. Stores will remain open Friday and Saturday nights for the convenience of customers on or near that date.

Bright Yule decorations, a project being backed by the retail division, will soon bedeck streets of this city. Colored lights and banners will be hung from the 30 cables across Anaheim streets which were purchased by the Chamber and installed by the city.

L. H. Loudon, stated from official tabulations from the State Board of Equalization that retail business totalled 17 million dollars in Anaheim in 1947, and 19 million dollars this year, due to greatly increased outlets here. The large factory payroll in Anaheim should be reassuring to local merchants, he commented.

Ronald Dow, Son Of Former Pastor, Wins Contest

Ronald S. Dow, 14 year old son of the Rev. and Mrs. D. Howard Dow of Pacific Grove, former rector of St. Michael's Episcopal church of this city, was recently declared winner of the Navy Day essay contest sponsored by his high school in the northern city. He is a freshman. His prize for winning the contest will be a cruise on a Navy combat ship.

There is a reason for young Dow's good fortune, however, for he won first prize in the Navy League sponsored essay contest for high school boys on the Monterey Peninsula. Theme of the contest was "Your Navy in War and Peace." Over 400 entries were received from elementary and secondary schools on the Peninsula and 12 prizes were awarded.

Last year Donald won third in the elementary division contest and was awarded an additional prize of a day-long cruise in San Francisco Bay.

The Dow family are well known in this city, since the Rev. Dow and his family resided in Anaheim for fourteen years.

Participate in Armistice Parade

Anaheim was well represented in the huge Armistice Day parade last Thursday morning in Santa Ana by the brightly-uniformed Anaheim Union high school band, the crack Elks Lodge No. 1345 band and marchers of American Legion Post No. 72.

Thousands of spectators lined Santa Ana streets to witness the county's mammoth parade sponsored by three veterans' organizations, Disabled American Veterans, American Legion and Veterans of Foreign Wars.

Heading the procession, which included more than 2100 marchers, 15 bands, servicemen and veterans and more than 2100 horsemen, was Col. Nelson M. Holderman, colonel-commandant in the State Department of Veterans Affairs, holder of the Congressional Medal of Honor. Queen of the day was Mrs. Emma Christensen, Gold Star Mother.

Servicemen for both World War I and II marched in the parade as did veterans of the Spanish-American war. A flight of 40 planes from El Toro Marine Air station was viewed by spectators at noon.

The parade line of march proceeded west on Fourth street from the Santa Fe station, turned north on Flower street, then entered the Santa Ana bowl to disband.

A benefit for welfare funds of the three sponsoring organizations was a three-ring circus in the bowl that afternoon. The event was preceded by demonstrations by the San Gabriel American Legion and the Santa Ana VFW Drum and Bugle Corps. Both received championships. Other awards were given to parade winners in different classes.

Dances in the American Legion hall and the VFW meeting hall climaxed the day's program.

Bank of America Declares Dividend

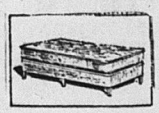

A regular dividend on the common stock of the Bank of America has been declared by the board of directors of the bank for the current semi-annual period. The dividend is $1.25 per share for the six months, at the regular annual rate of $2.50 per share, and is payable on December 31, 1948, to shareholders of record at the close of business November 30.

Attorney for
said Administratrix.

"HANK" SAYS . . .

The United States Constabulary Army's youngest organization whose mission is the securing of American interests in occupied Germany, has gained three Anaheim recruits for its ranks.

They are Herbert R. Perez, 17, son of Henry L. Perez, 316 E. Alberta, Anaheim, who earned letters in football and basketball while a student at Anaheim high school.

Frederick A. Booher, 17, also a letterman, son of Mr. and Mrs. E. A. Booher, 821 N. Topeka street, this city, who was a broadjumper and half back at the same school.

Laverne E. Kinney, 18, Golden and Valencia streets, who graduated this year from Santa Ana high school where he was awarded three letters in football.

The three youths will sail for Europe soon after completion of their basic training at Fort Ord, Calif.

* * *

Having seen many foreign places in the Pacific area during almost two years service in the U. S. Navy during World War II, Ernest Q. Arce, 22, son of Mr. and Mrs. Elpedio Arce, 10922 Harcourt street, Anaheim, will soon cross the Atlantic to serve in the regular army. He enlisted this week for three years in the U. S. Constabulary and will soon join that organization whose mission is the securing of American interests in occupied areas of Europe.

* * *

The U. S. Army is making a concerted effort to increase its number of 2nd Lieutenants. Twenty-three thousand are needed and the Commanding Officer of the southern California Recruiting District is authorized to review and approve the applications of qualified men. Qualifications for these openings are: have at least one years active service in any of the armed forces during the period 7 December, 1941 to 30 June, 1947 and were separated under honorable conditions. Must have reached their 19th birthday and not have passed their 32nd birthday at the time of application, must meet the required physical and mental qualifications, and have at least two years of college in an accredited school.

Applications and further information on this program is available at your U. S. Army and U. S. Air Force Recruiting Station, 128 South Los Angeles, Anaheim, and our phone is 3686.

Advertise in the Anaheim Gazette and then stand by for actual results.

Ben Liebermann Warns Former POWs of Racket

Former prisoners of war are advised by Ben Liebermann, Orange county service officer, to think twice before they sign a contract with any "committee" or "agency" offering, for a fee, to represent them in applying for special compensation to which they are entitled by federal law.

An organization with headquarters in the east is known to have representatives in some parts of California who offer to assist veterans in collecting what is due them under the War Claims Act of 1948, charging 10 per cent of the amount collected as a fee.

In one county seat, four veterans who were formerly POWs signed such contracts, only to learn shortly afterward that local facilities exist for assisting them, without charge, to collect the food allowance that the War Claims Act entitles them to for the time they spent as enemy prisoners. This allowance has been fixed at $1 a day.

To date, no federal government machinery has been set up even to prepare application forms for this benefit. In the meantime, ex-POWs are invited to inquire at the Orange county Service office, located at 225 North Broadway, Santa Ana, for information about their rights under the War Claims Act.

REPORT HEAVY RUN OF BIG SEA BASS

Two extra charter boats were made available this weekend at Port Orange, Newport Beach, due to an exceptionally heavy run of large white sea bass, bull bass and the fantastically spined Sculpin fish, it was disclosed by Bob Williams, local sporting goods store owner.

Toastmasters Plan Area Meet

Two representatives of the Anaheim Toastmasters club will participate with delegates from throughout the county at a Toastmasters meeting next Monday night at 7 o'clock in the Santa Ana Civic Center under the direction of E. M. Sundquist, area governor of Toastmasters, it was disclosed at the regular meeting at La Palma Grill, Monday evening.

Local speakers at the special meeting, to be attended by many out-of-town Toastmasters and the entire local club, will be Royal Marten and Herman Hoch.

At the regular meeting here, three guests from Westminster club No. 554 were introduced. They were James A. Gill, Leonard H. Fry and Vance Jolly.

The invocation was given by Page Vincent. B. J. Roberts presented the table topic, "Free Enterprise or Safe Enterprise in These United States," for round table discussion.

Toastmaster of the evening, C. J. Stillson introduced the speakers. The Patterson trophy went to Marion Pickel who spoke eight minutes on "History of Orange County." His individual critic was Vic Huber.

Vance Jolly from the Westminster club was awarded the Optimist trophy for his six minute discussion of "Berwick on Tweed." His critic was Bob Allen.

"Motions and Amendments" was the topic of Herman Hoch. His four minute presentation was criticized by Louis Taylor. Guest Leonard Fry spoke nine minutes on "Why I Am a Union Man." His critic was Robert H. Allen. James Auest was grammarian.

Tuesday evening Ed Wright and Vic Huber presented speeches as delegates to the Garden Grove club which meet each Tuesday night at 7 o'clock at Mother's Kitchen, this city. The exchange speaker program launched recently in this area is proving highly successful according to local club spokesmen.

Next week's program assignments are as follows: James Auest, table topic chairman; Royal Marten, evaluator and Ernie Bullock, grammarian. A debate will be held with R. H. Allen and R. J. Allen on the affirmative side and B. D. Roberts and Al Holve on the negative side. Referee will be Vic Huber. Controversial topic will be "Resolved: We Need Government Subsidies."

BABY BOY BORN

A baby son was born to Mr. and Mrs. Earl Williams, 7701 South Raymond avenue, Anaheim, Thursday, Armistice Day, at Fullerton General hospital.

BLUE RIBBONS

Mr. and Mrs. Karl H. Gerhardt, Route 1, Box 98, Placentia, became the proud parents of a seven pound and one-half ounce baby son who arrived Wednesday of last week at Fullerton Cottage hospital.

While most prices expanded like popcorn . . .

THE PRICE OF GAS STAYED DOWN!

GAS COSTS YOU LESS TODAY THAN IN 1939

There's as much difference between most prewar and present prices as between a kernel of corn before and after popping. The prices of almost everything you buy have doubled or tripled. *One exception is gas!* It didn't go up in price. Gas actually costs you less today than in 1939.

* * *

The popcorn comparison aptly applies to our expenses too. They're the largest in our history. Extensions to serve new customers, for example, cost us 2½ to 3 times more than before the war. But we have kept down the price of gas to you by 1) serving more gas to more people . . . 60% more customers than ten years ago . . . and 2) striving constantly to find new ways to achieve greater efficiency and more economical operation.

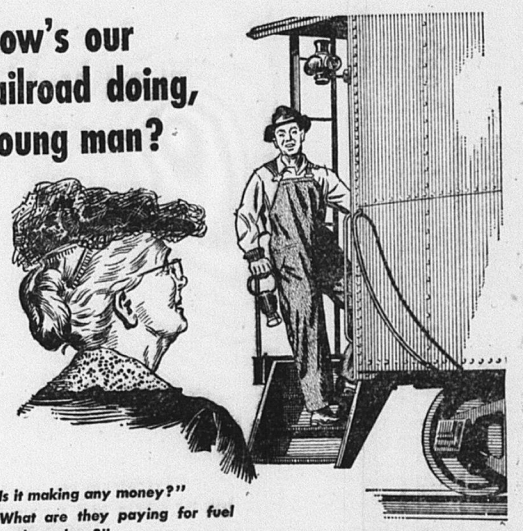

* * *

Perhaps you have never stopped to consider just how low the cost of gas is. This economy . . . and superior performance in modern automatic appliances . . . is why gas is used so widely in Southern California for cooking, water heating, house heating and refrigeration.

How's our railroad doing, young man?

"Is it making any money?"
"What are they paying for fuel these days?"
"Are you hauling much freight?"
"Do you like your job?"

The little old lady is not a busybody—she is merely looking after one of her investments.

She has some money in the Santa Fe. Maybe it's ten, maybe it's twenty, maybe it's fifty shares of Santa Fe stock.

She is entitled to attend a stockholders' meeting. She can get on her feet and ask our board of directors questions just like the above. She can compliment those gentlemen for their management, or she can bang her umbrella on the table and tell them off.

Alone, her few shares of stock can't do a lot. Alone, she couldn't elect a president of the United States. But stockholders just like her — housewives, teachers, merchants, salesmen, laborers—can tell us how to run the Santa Fe, and they do. (Actually 29,178 Santa Fe stockholders are women, most of them holding only a small number of shares each.)

And that's the beauty of America—the voice of the people is the voice that runs things, whether it's operating a transcontinental railroad or putting a man in the White House.

Isn't it a wonderful country where so many can own so much? That's "Free Enterprise."

Santa Fe stockholders, just as those of any railroad, know that American railroads must be permitted to earn at least 6% (many other industries earn more) on their investment in order to maintain sound and progressive operations and to continue to provide shippers and passengers with the finest in rail transportation.

Last Ditch Fight On Colorado River Water Coming Up

Southern California citizens were warned this week that they face a "light ditch" fight for their Colorado River water supply in the next Congress.

Announcement of the forthcoming legislative battle was made by Preston Hotchkis at a civic luncheon at the California Club. The Colorado River Association, which Hotchkis, heads, and the Metropolitan Water District were joint sponsors of the meeting.

"Water for 5,000,000 southern Californians is at stake," Hotchkis said. "We need Colorado River water to support our tremendous population and industrial growth because there is no other source to which we can turn."

La Palma School Is No More

Since last Monday there has been no La Palma school in Anaheim. The faculty and 149 students were transferred to Horace Mann school where double sessions went into effect for kindergarten and the first four grades of elementary school.

Meantime housemovers have begun preparations for moving two bungalows from La Palma grounds to Horace Mann school. When they are in place they will be put into use as class rooms and the double sessions will be discontinued.

La Palma school main building and the grounds are up for sale and additional play ground space is sought at Horace Mann school.

Associated as general manager at the Victor G. Loly Jewelry store, 138 West Center street, is Leonard Pruyn, formerly of Los Angeles, now of Anaheim. Pruyn is a graduate of the University of California at Los Angeles, class of 1948. He majored in business management and allied subjects.
