Colony Quips

We got ahold of a little squib about that sometimes forgotten person and have decided that it is good enough for anybody to read and study. As a matter of fact we are going to make it our own platform:

A customer is the most important person ever to enter my shop.

A customer is not dependent on me, I am dependent on him.

A customer is not an interrupter of my work, he is the purpose of it. I am not doing him a favor by serving him, he is doing me a favor by giving me the opportunity to serve him.

A customer is not an outsider to me, he is part of my business.

A customer is not a cold statistic, he is a human, has feelings, prejudices and biases. A customer is not someone with whom to argue or match wits.

A customer is a person who brings me his wants. It is my job to handle them as efficiently as I can for him.

Now, all this may seem a bit elementary. Every merchant knows, or should know, that the customer is important, indispensable and so forth. But strangely enough, the customer, in actual practice, is too often the forgotten man. And when the merchant forgets the customer the customer soon forgets the merchant.

The only way any small business man can stay in business and grow larger is to develop more satisfied customers. That's the only way John Wanamaker and Marshall Field achieved their great merchandising successes, it's the only way General Motors made a billion in automobiles, it's the only way A. P. Giannini built the world's largest bank and it's the only way hundreds of other men have created great enterprises.

Whether a customer spends a dime or a hundred dollars he is the life of a business. The more that fact is realized the fewer business failures there will be.

—o—

After fully digesting the above about customers we would like to call the following memorandum to the attention of all department heads:

Subject: Death of Employees:

It has been brought to our attention that many employees are dying and refusing to fall over after they are dead. This practice must stop.

ON AND AFTER JANUARY FIRST, ANY EMPLOYEE FOUND SITTING UP AFTER HE HAS DIED WILL BE DROPPED FROM THE PAYROLL WITHOUT FURTHER NOTICE WITHIN FIFTEEN (15) DAYS.

The following procedure will be strictly adhered to:

1. Because of the highly sensitive nature of our employees and the close resemblance between death and their natural working attitudes, investigation will be made quietly so that the employees will not be disturbed if merely sleeping. If after several hours it is noted that a worker has not moved or changed position, the Supervisor will investigate. (If subject is a Supervisor, next in line will investigate.)

2. If doubt exists as to true condition of employee, extend payroll check as test. If employee does not reach for it, it may reasonably be assumed that he is dead. Investigator must not be confused, however, by reflex action or spasmodic clutching due to strongly developed instincts in life.

3. Where it is proven that deceased is being supported by a desk or other company property, an extension on the payroll will be granted.

4. In all cases, a sworn statement by the dead person must be filled in on a Special Form Pu-77-88-66½, giving particular attention to the tenth page.

5. Twenty-five copies will be made. One is sent to each department, three to this office, three will go to the deceased for identification of the corpse to eliminate further investigation before burial. The remaining copies will be filed alphabetically, numerically, by date, right side up, with two copies left for misfiling.

City Property Tax Set at 90c Per $100; Assessments Increased

A city property tax rate of 90 cents per 100 dollars of assessment for the 1949-50 fiscal year was set Tuesday evening by the city council.

This is the same rate levied last year, however, increased tax revenue will be realized with assessed valuations increased $1,289,550 for a total assessment of $18,891,030.

Total revenue to be raised from the property tax is $164,501. The 90 cent tax will be apportioned as follows: general, 52.6 cents; bonds, 19.4 cents and library, 18 cents.

Increased library funds will be set aside in an improvement fund. Of the $34,003.85 to be raised for the city's library, approximately $3,700 will be placed in this special fund.

$2,590.03 BOD Charge

Chlorination treatment costs for Anaheim's sewerage during the month of July was fixed at $2-590.03 or 69.3 per cent of the total treatments costs for all of the JOS cities. The high cost is attributed to the juice and by-products plants located here.

Anaheim's share in the maintenance of the JOS during July was set at $1,235.47 or 19.04 per cent of the total maintenance charge of $6,488.80.

Commend Kiwanis

A resolution was passed, commending the Anaheim Kiwanis club for presenting the city with four new teeter-totters in La Palma park.

In other action, the council approved the variance petition of Jack and Taylor Fenx who requested permission to build a 60x60 hardware store at 1223 North Palm street. This petition had been recomemnded for approval by the city planning commission.

City engineer Hapgood reported the installation of six street lights along East Center street from the old city limits to Placenia avenue would begin shortly.

This action was in response to a request of the residents of Evelyn Drive for a street light at the intersection of Evelyn and Center.

The council directed the city engineer to install a street light at Kenway and West street.

Total warrants issued for the two week period ending August 23 totaled $50,800.11.

Compromise In Sanitation Squabble Fails

Attempts to get the $8 million county sanitation show on the road failed last night as the beach group led by Mayor Dick Drake of Newport rejected the compromise plan offered by Districts 1, 2, 3 and 11.

The "big four" which includes the cities of Anaheim, Orange, Fullerton, Santa Ana, Huntington Beach and the northern rural area of the county offered to employ an engineer in charge of design and construction and retain Ewald Lemcke as operation engineer.

With stalemate evident, it was moved to hold another meeting of the steering committees in an attempt to reach agreement. Mayor Drake indicated that he would not attend.

The compromise of districts 1, 2, 3 and 11 first was offered in the form of a report of Engineer Lemcke at a special meeting of the districts on August 17.

Engineer Jenkins of Santa Ana was proposed for the position of design as he had been one of those originally recommended by the Drake group.

Doll Show Attracts 120

With over 100 entrys in the Doll Show held at the Anaheim city park on Wednesday afternoon and sponsored by the City Recreation Summer Program, judges were presented with a serious problem. Dolls of all ages, sizes and description were entered, causing Don Deer, city recreation director and his assistants much worry in selecting the winning entries.

Entries were placed in eight classes, smallest, largest, prettiest, most unusual, china dolls, rag, largest collection, prettiest clothes, and the most humorous. Winning in the first class with first and second place respectively were Joan Stabbert and Diane May. With a doll four feet tall, Helen Baert won first in the large class and Carol Ann Booth placed second.

A clever cowboy doll made of potatoes captured first prize in the most unusual class, and was entered by Joan Stabbert. Second and third place entries belonged to Sandra McLaughlin and Jan Critchfield.

Showing the prettiest dolls in the show were Shirley Meger and Phyllis Schrott with first and second place entries. With a wardrobe of hand made dresses belonging to her doll, Joan Stabbert took first place honors in the prettiest clothes division.

Two English ladies with china heads and feet won first and second place ribbons in the china doll contest for Joan Louise Mullen. Peggy Sterea received the blue ribbon for her rag doll. Jan Critchfield copped second and third places in this division.

A little "Pickaninny" with pig tails and gingham dress won for Sylvia Kliver first place in the most humorous doll contest. A red, second place, ribbon went to Denise Capperty.

Showing her collection of 20 dolls, each dressed differently and some in costumes of foreign countries, Diane May placed first in the doll collection division. Second place honors were taken by Joan Louise Mullen.

Juice Authority Arrives at Real Gold Plant Here

C. G. Beisel, one of the nation's top authorities on the new frozen concentrate of orange juice, arrived here this week to give technical advice at the Real Gold Citrus Products plant on the manufacture of the new products, according to Roy Campbell, plant manager.

A native of California and an outstanding production chemist, Beisel is one of the two men who originally developed and perfected this product two years ago. He is assistant director of research for the Florida Citrus Canner's Cooperative at Lake Wales, Florida

His work at the local processing plant of Mutual Orange Distributors will be chefly concerned with helping establish a program of rigid bacteriological control necessary for the frozen product, Campbell said.

This M.O.D. plant is one of the only two plants in the west making the frozen concentrate. Special low-temperature evaporators are necessary in order to avoid heating the juice, thereby preserving the flavor and the vitamin content, Campbell explained.

Beisel attended both the University of California and the University of Southern California. During the war he worked in the South Pacific on water supply and sanitation problems. For the past two years he has been engaged in research on frozen concentrated orange juice. He will remain here until the end of the Valencia season before returning to Florida.

QUARTET RETURNS FROM VACATION IN MEXICO

"There's no land squatting in Mexico and every thing is peaceful," was the report received this week from the Mayor of Orangethorpe, Max Royer, on his return, with his wife and Mr. and Mrs. James Tuffree of Placentia, after a week's vacation spent in fun and relaxation at La Guella Gun Club in Baja, California.

The first practical telegraph instruments were invented by Gauss and Weber in 1833.

Crippled Children's Relief Assn. Starts Fund Campaign

Letters soliciting support for the Orange County Crippled Children's Relief association were being mailed this week for a fund-raising campaign which will start September 1, according to Mrs. Oscar Renner, chairman.

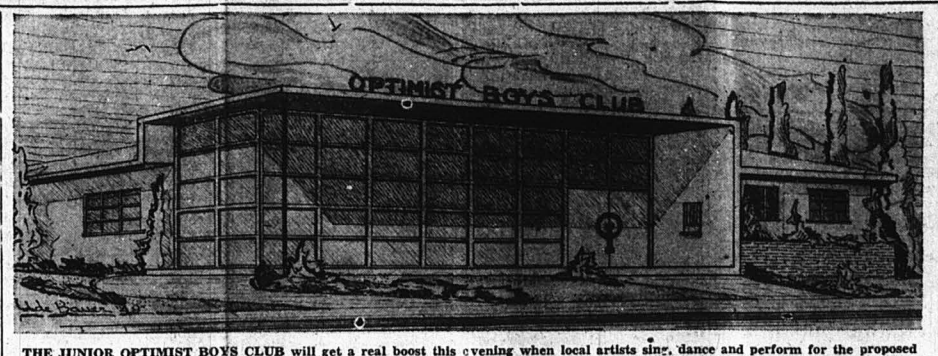

This year's goal has been set at $6,000.

City Assesses Utility Property At $1,573,950

Sacramento, (WNS) — The State Board of Equalization has announced its equalization of public utility property assessments in Anaheim.

The board fixed $1,573,950 as the amount of utility property assessed, giving the city a 1 ratio over the county assessment, which totals $1,573,950 for the property within the city limits.

The board said that throughout the state, there was an average gap of 23 percent between city and county assessments of utility properties, with some cities assessing as high as 50 percent over the county value.

THE JUNIOR OPTIMIST BOYS CLUB will get a real boost this evening when local artists sing, dance and perform for the proposed $20,000 structure at a Talent Night under the stars at La Palma park. A two-hour long show starting at eight and ending with a drawing for a combination radio-television-phonograph will feature the benefit.

MWD Water Halts Decreasing Depth Of City Wells

Lowering of the depth of water in the city's wells has been halted according to Vard Hannum, superintendent of light, power and water who reported that since the flow of MWD water into the Santa Ana river bed was started, the depth has been steadily increasing.

On August 1, the day the MWD water was released, the water in the wells was 154 feet 7 inches from the surface. On August 8 it had increased to 154 feet 9 inches but on the 15th it was recorded at 154 feet 6 inches and last Monday it was 154 feet 5 inches from the surface.

Anaheim is approximately 150 feet above sea level and so even with the increase noted, the wells were still being pumped 4 feet 5 inches below sea level.

Escondido Co-Op Joins Exchange

The Escondido Cooperative Citrus Association at Escondido is the latest citrus packing association to affiliate with the California Fruit Growers Exchange. The board of directors of the Sunkist marketing organization approved the contracts with the new affiliate on August 17.

The new Exchange association, formerly affiliated with Mutual Orange Distributors, will start shipment through the Exchange on November 1. The San Diego County Fruit Exchange, one of the 26 District Exchanges affiliated with Sunkist, will handle the marketing details.

"We are very glad to welcome the Escondido Cooperative Citrus Association into the Exchange," stated Paul S. Armstrong, general manager of Sunkist. "Membership gains over the past several years indicate that citrus growers recognize the value of the effective type of cooperation enjoyed thru affiliation with the Exchange.

The new association handles both oranges and lemons. Approximately 275 cars of oranges and 75 cars of lemons are shipped in a normal year. E. W. Miller is manager of the association; Karl Bosch is president; and Virgil Deaver is vice-president. D. W. Wolfe, J. E. Damsbo, Albert Dyckman, Walter Paul and Harvey Senker complete the board of directors of the association.

The affiliation of the Escondido Cooperative Citrus Association with the Exchange makes the third complete association sign-up in the past 12 months. The Santa Clara Lemon Association at Oxnard and the Tempe Citrus Company at Tempe, Arizona brought a total of 2,000 acres into the Exchange earlier in the year. The Oxnard group is entirely new with a new packing house.

Polio Strikes 114 in State

Sacramento, (WNS)—The State Department of Public Health reported 114 cases of polio in California last week, more than half of which were in Los Angeles county. Orange county reported 4 cases.

Counties reporting polio cases were as follows:

Alameda, 11; Butte, 1; Humboldt, 3; Imperial, 1; Los Angeles, 59; Madera, 2; Monterey, 1; Napa, 1; Nevada, 7; Riverside, 2; San Bernardino, 1; San Diego, 6; San Francisco, 1; San Joaquin, 1; Santa Barbara, 1; Santa Clara, 2; Santa Cruz, 1; Stanislaus, 3; Tulare, 2; Ventura 1 and Fresno, 3.

Dog Show Set For La Palma

The Santa Ana Valley Kennel club will hold its second sanctioned match at La Palma park, October 23, according to Tom Short, chairman.

Appearing at Tuesday's city council meeting Short reported that two previous maches held by the club at La Palma established new world's records for number of entries in a sanctioned match.

In the puppy show held last November, a record was set and in the first sanctioned match held in April, a total of 453 dogs were entered. Short said the match drew an attendance of 2500.

The council granted permission to the club to conduct dog races in the park at the show. They are for whippets—pint-size greyhounds—and are strictly for time and not the Tijuana variety.

Short announced that Monday evening obedience schools are being conducted at La Palma and are open to all. He reported the club plans to present half-hour dog shows in Orange county schools during Dog Week.

Unemployment Drops in County

Sacramento (WNS) — Unemployment insurance claims filed for the week ending August 11 dropped to 274,609, according to the state department of employment.

In the Santa Ana office, the department recorded 3,031 claims filed, and 2,157 paid for the week.

Of the 274,609 claims filed throughout the state, the department paid 195,437, the report said, and of the claims filed, 34,123 were new.

The claims filed still were much in advance of a year ago, when 200,824 sought insurance for the corresponding week, and 117,585 were paid.

Anaheim Yank Prisoner of Reds for 110 Days

Recruit Donald L. Mays of Anaheim reported in Vienna, Austria, Tuesday that he had been a prisoner of the Russian authorities for 110 days.

Mays claimed the Russians offered him bribes to become a Russian spy and had held him "under abominable conditions."

It was reported that Mays, the son of James L. May of 600 East Sycamore and Mrs. Marie Prescott of 113 North Emily street had allegedly deserted from the U. S. Army prior to his being taken prisoner of the Russians.

The Anaheim Yank claimed the Russians offered money, security and good living to him and his German girl friend if he would give them the information on military installations they desired.

Pet Show for City's Kids Is Planned at Park

Anaheim's city park will be swarming with the pride of the city's small fry next Wednesday afternoon when the recreation department sponsors its annual pet show.

None of this stiff-legged competition with clipped ears and marcelled hair either! No sirree, the prize list includes awards for animals with the longest tail, the longest ears, shortest tail, smallest, largest, whitest and best groomed.

It's open to dogs cats and assorted animals including everything from rabbits to turtles. However, the kids can't show up with any livestock, so the pet horses, cows, goats and ponies will have to be left at home.

Wild animals are OK (who'd call their pet wild?) but they must be caged. Birds are fine and anything with wings can be entered.

Exchange Outlines Program For Federal Price Support Of Citrus

Working closely with officials of the U. S. Department of Agriculture and the respective legislative committees of Congress, the California Fruit Growers Exchange is leading a concerted move to obtain greater recognition of citrus fruit in Federal support and purchasing programs.

"We are neither opposing or approving the principal of mandatory price supports," states F. R. Wilcox, assistant general manager of the Exchange. "We are trying to place citrus in a more comparable position with other foods in the government program."

Wilcox has led the representation from the California citrus industry in the Washington contacts. He has been joined by representatives of other elements of the industry and by representatives speaking for the Florida industry.

Support in 1950

In all government price legislation to date, the entire gamut of vine and tree crops have been placed in a very secondary position. Government support of certain crops, including citrus, is scheduled to become effective in 1950, but such support will only be given if there are sufficient funds after more favored crops are supported. With wheat, corn, cotton and other basic commodities getting strong support, the support of citrus and other tree crops under present legislation is very doubtful, Wilcox reports.

"We feel that it is economically unsound and basically unfair to offer heavy price support to a segment of agriculture and leave another section completely out of the support picture," Wilcox says.

Federal Purchases

The Exchange proposal to the Department of Agriculture and the Senate Committee of Forestry and Agriculture is divided into two sections. The first covers Federal purchases of citrus and support of an overseas export program. The second deals with proposals on price support.

Pointing to the fact that Federal funds are available from Section 32 (50 per cent of import duties); the School Lunch Program and ECA, the industry asks government to purchase the following:

1. School lunch to June 30, 1950, excluding the request already made to the Department for the current Valencia crop:

a. Orange concentrate—one million gallons.

b. Pure lemon juice base—75,-000 gallons.

2. Expenditures for an export payment program. The estimated costs shown here are based upon an export payment covering 50 per cent of the F.A.S. value. (Ex-

State Leads Nation In '49 March of Dimes

California contributed the largest amount of money in the nation to the 1949 March of Dimes, it was announced by officials of the National Foundation for Infantile Paralysis.

The total was placed at $2,483,-734.24, by the state representative, L. Dee Belveal. This represents an increase of more than a million dollars over the 1948 campaign and places California in front of New York state for the first time in the history of the organization. Increase was approximated "in excess of 87%!"

Highest per capita return was attained by Inyo county with a return of more than 81 cents for each person residing there. Greatest percentage of increase was produced by Santa Barbara county. Santa Barbara's campaign this year was 315% over the 1948 drive, for a total collection of $30,295.00.

In commenting upon results of the fund drive, Belveal termed it the greatest effort ever made to halt the march of the disease which has stricken more than seven thousand Californians in the past eighteen months.

"In spite of the magnificent response which was made in January's campaign, many of our county chapters are already operating on epidemic advances made from National Headquarters," he said.

"A heavy hold-over case load from the '48 epidemic is greatly complicating the handling of this year's cases, both from the financial and the hospital care angles. Never-the-less," he added, "full resources of the National Foundation are being thrown into the breach wherever help is needed. Personnel, money, and equipment will be used until the last case is cared for."

Julia Donnelly, Long-Time Local Resident, Passes

Mrs. Julia Donnelly, beloved wife of Dennis J. Donnelly of 8291 Lincoln avenue, Anaheim, passed away at the Nolan Rest Home in Orange on Friday, August 19, after an illness of several months.

Born in Killarney, Ireland, 74 years ago, she came to the United States 56 years ago and had lived in Anaheim 40 years of that time. She was a member of St. Boniface Catholic church and the Altar Society.

Surviving other than her husband, are two daughters, Mrs. Alfred T. Chamie of Pacific Palisades, and Mrs. John Burnside of Washington, D. C., and two grandchildren, Denise and Peter Chamie.

Recitation of Holy Rosary was held at the chapel of Backs, Campbell and Kaulbars mortuary on Monday evening at 7:30 o'clock with Mass Tuesday morning at 9 o'clock. Interment was in Holy Sepulchre cemetery.

Bank to Award Trophies to Youth Farmers

Bank of America will again award serviceable trophies to members of the 4-H and Future Farmer exhibitors at the State Fair in Sacramento September 1-11.

Awards will be silver carafon sets and will be given by Elwood Boerlin, bank Crop and Livestock department representative. Winners will be judged on the basis of all-around proficiency in animal husbandry.

Talent Show Tonight at La Palma Park

At eight p.m. this evening the curtain will rise on the Anaheim Optimist's Talent Night to be staged under the stars at La Palma park.

The star-studded cast of local talent includes a variety of musical entertainment including the splendid singing of Reynaldo Robles, singing star of Anaheim Antics; Sybil Ring's baton twirling majorettes and the music of soloists from the Anaheim Conservatory of Music.

Bobbie Martin's accordion band will perform as will Val Moore's Hawaiian dance students; Floyd Lewis, steel guitarist and Anita Schulz who will present several comedp vocal numbers.

The evening will get underway with community singing led by Bud Paschall and will end with the drawing of a $795 television set to be presented to one of the donors.

All proceeds of the show will go to the building fund of the proposed $20,000 Junior Optimist Boy's Club.

Approve $17,078 Chest Budget

A $17,078 budget was adopted by the Community Chest for the coming year by the board of directors at a meeting Monday evening.

Five civic organizations will participate in this year's campaign including the Boy and Girl Scouts, Catholic Welfare, Salvation Army and the Visiting Nurses Association.

Dropped from the chest is the Teen Canteen which is slated to come under the direction of the city's recreation program. The request of the USO and the Anaheim Social Hygiene association to be included was denied by the directors.

Kick-off for this year's drive will be either September 30 or October 1 according to General Chairman John Shea. Louis Hoskins is budget chairman.

The budget by participating groups is as follows: Boy Scouts, $6,000; Girl Scouts, $6,000; Catholic Welfare, $2,078; Salvation Army, $1,500 and Visiting Nurse Association, $1,500.

Anaheim Men Aboard USS Valley Forge

Two Anaheim men, Chief Machinist Carl E. Scott, USN, husband of Mrs. Margaret M. Scott of 231 Evelyn drive, and John C. Nevin, chief teleman, USN, husband of Mrs. Gracie Nevin of 815 South Philadelphia street, are attached to the aircraft carrier USS Valley Forge which has just been awarded the Battle Efficiency Pennant and "E" for her general excellence throughout the fiscal year July 1, 1948 to July 10, 1949.

The award is a competitive one, based on overall battle efficiency. Each department of the ship is graded to determine the vessel's final mark in the competition.

The pennant is a red triangle with a black circle in the center and is therefore termed a "meatball." In addition to the "meatball" each enlisted man having served on board the Valley Forge for at least six months of the competition year is entitled to wear an "E" on the sleeve of his uniform and receives a cash award as well. This is an old peacetime practice in the Navy revived two years ago to incorporate into training the lessons learned by war and the "meatball" has once again become a coveted Naval trophy.

The Valley Forge is presently operating out of San Diego, California.

BLOOD DONORS TO RECEIVE CERTIFICATES

The Anaheim office of the American Red Cross this week is mailing to the more than 75 local blood donors their blood donors' certificates. These cards not only credit the contributors with a worthy deed but also serve as identification cards as each contains the blood type of the bearer.

Less speed and more courtesy in your driving will help.

Buy at Home

That old saying about the grass looking greener in the other field certainly applies to the buying habits of some people. They seem to think that they can do better by making their purchases in other towns or in the large cities.

This might have been true years ago, but in these days when smart merchandising methods are practised not only by the chain stores in small communities but by the alert independents as well, the local customer finds, if he looks into the matter, that he can do just as well in his home town as elsewhere.

The point is that the modern small community, especially here in Anaheim, is on its toes. Its merchants and citizens are in close touch with world developments. The local newspapers and the radio keep them informed; good highways and dependable transportation enable them to broaden their contacts; they enjoy good entertainment through the movies; they have available through the local banks all the financial services of metropolitan centers; their interests in cultural, political and economic affairs are broadened through close contact with national and international trends and events.

In short, Anaheim of today is definitely not small in its thinking, its outlook or its services. You have only to take a good look at our home town to see this for yourself.

Margaret Mitchell

Margaret Mitchell had only one story to tell. But she told it well —so fascinatingly well that both she and her story became world renowned. With fame she gained a fortune. What's more, she gained the affection of people everywhere —even among the "damned Yankees"—and created a better understanding of the south she loved so dearly. Miss Mitchell's "Gone With the Wind" holds, and will probably continue to hold, the record for the number of copies sold —something like 8 million. The Bible is the only book with a greater sales volume. Even now, 13 years after it was first published there are 60,000 copies of GWTW bought at bookstands each year in the United States alone. The book has been translated into 20 different languages and sold in 20 different countries. The movie production of it smashed box office records and the picture is still being shown. Margaret Mitchell's story will not be forgotten. Neither will she.

• • •

Boom or Bust

There seems to be more confidence in the belief that our country will not suffer a very heavy decline in industry for the rest of this year. Some of the leading authorities on our national conditions seem to share the belief that employment may yet climb to about 59,000,000 because there is now a continuing need for merchandise that is hard to get. But do not expect a "boom" after the bottom has been reached in the current decline. The prophets have all been interviewed and the results are that they see good business for this fall and winter.

• • •

Stop the Music

Whether or not the giveaway mania practiced via the radio will be curbed depends on the decisions of the courts. The broadcasting companies say they won't accept the restrictions planned by the Federal Communications Commission without a fight.

The broadcasters, however, might be wise to do a little curbing of their own. Giveaway programs have become so numerous that some of the better radio personalities—Fred Allen, for one—are giving up in disgust. Good as they are, they can't compete with the handouts.

The giveaways are also developing the something-for-nothing craze among a large number of our citizens who suffer frustration from one jackpot to another. If the time put in keeping one ear glued to the radio while the other listens (hopefully) for the phone were devoted to something more constructive it would result in greater individual satisfaction—and fewer giveaway programs.

Sudden wealth is a pleasant thing to contemplate. But the chance of winning is about one in 50 million. And even jackpot winners have found that between paying the tax collector and disposing of a lot of not-so-useful items, the lucky ones are those who don't win. The one sure way to get money is to save it. Every dollar you have tucked away in the bank around the corner is worth 10 thousand jackpot possibilities.

Few people get the jackpot, but everyone can have a nestegg.

States 49 and 50—

The marathon struggle of Alaska and Hawaii to achieve statehood has appeared near fruition on several occasions in the past year or two. But close doesn't count. They aren't states yet, and if we are to judge by present congressional inaction, they wont reach their goal for some time to come.

Last March the House Public Lands Committee voted almost unanimously in favor of the statehood bills. Now, the chairman of that committee says that no effort will be made to bring the measure to the floor of the House for a vote. Why? That isn't clear.

No less than eight congressional committees have reported that these territories are ready for membership in the Union. Reports were based on direct investigations. Washington opinion is that the statehood bills will be passed by an overwhelming margin if, and when, they come to a vote. But they are being kept tucked safely away in committee. That brings up the question again: Why?

Maybe it is just that congressional leaders don't want to spoil the record of this Congress by getting something done.

IN THE DAYS OF LONG AGO

By MRS. HENRY KUCHEL

75 Years Ago

September 5, 1874

Cards have been received by friends in Anaheim announcing the marriage in Trevise on July 26 of Herman W. Helman of Los Angeles to Miss Ida Heimann. Miss Heimann is a cousin of the Messrs. Heimann of the well known firm of Heimann & George. The happy couple are expected to arrive in Los Angeles about the middle of the present month.

We have been well remembered this month by our country friends. On Monday, Mr. Goedel of Coyote Creek presented the office with a mammoth watermelon measuring 72 inches in circumference one way and 51 inches the other. The next day Mr. L. Parker sent some large and luscious peaches and on Friday morning Mrs. Parker sent us a present of some fine apples and peaches.

The successful termination of Mr. Alex Henry's endeavor to obtain artesian water will be a great thing for Anaheim. The attempts heretofore made have been frustrated by coming in contact with a stratum of earth filled with large boulders and it was generally believed that on that account artesian wells could not be obtained in this immediate vicinity. Mr. Henry has obtained a fine flow of water at 320 feet. Being desirous of obtaining a greater flow he proposes to go still deeper.

Messrs. Roques and Gagner have leased the premises formerly occupied by the Challenge restaurant. Mr. Gagner is an experienced French cook and promises to keep the restaurant up to the high mark made by Felix Pauchot.

Mr. Chris Higby of the Planters Hotel returned on Wednesday from a brief visit to the Panamint mines. He is enthusiastic in his description of the untold wealth now being extracted from the different working shafts of that district and has for inspection many fine specimens.

Hunters report deer very numerous in the Santa Ana Mountains. Mr. John Azbil returned a few days ago with eight, the result of an afternoon and morning hunt.

An unsuccessful effort to rob the San Bernardino stage at a point near San Bernardino was made on Sunday. The would-be robbers were captured on the following day by a posse under the direction of Deputy Sheriff Yager of San Bernardino.

Mr. James D. Ott has been appointed agent of the Anaheim Lighter Company. Captain Robert N. White resigned.

The steamship Orizaba will leave Wilmington tomorrow on the arrival of the four o'clock train from Los Angeles.

Judge Clark leaves for Yolo county by steamer tomorrow. He will be absent between two and three weeks.

Divine services will be held at the Catholic church on Sunday, September 13 at 10 o'clock a.m. Rev. Loop of San Gabriel will conduct an Episcopal service tomorrow at 11 a.m. at Enterprise hall. Rev. Mr. Mosher of Wilmington will preach at the Presbyterian church tomorrow at 11 a.m. and at 7:30 p.m.

J. K. Tuffree has rented the unoccupied store beneath the Anaheim hotel as an office.

Ben Truman, the well known author, has written a book which he calls Semi-Tropical California.

50 Years Ago

September 7, 1899

The first train over the new Southern Pacific line up town was run on Tuesday morning when the early northbound train pulled in over the new road. Agent Forsythe has for his assistant Jim Balfour, who has returned from a two month's engagement at Mammoth Tank. G. E. Badgley is in charge of the west end station which will be known as Anaheim Junction. The running of trains up town will be greatly appreciated. The depot at Anaheim Junction being a mile away. The new depot is situated three blocks from the heart of the city and is within easy reach of all. The depots are substantially built and impart a spirit of business activity to that part of the city. New cement sidewalks will probably soon be laid to the depot.

The sugar beet crop at Los Alamitos is turning out much better than had been expected. Instead of the crop running 10,000 tons as was recently estimated, it will be at least 25,000. Instead of the factory having a run of less than four weeks it will probably be operated to its full capacity for at least six weeks.

Jerry Cole of Hardscrabble drove eight head of Jersey milk cows to Runcon on Saturday which he sold to J. Lancing Lane, a well known dairy man of that section. Mr. Cole took two days for the trip and camped near Mr. Kirby's place at Peralta. Good prices were realized for the stock, one of the registered cows bringing $100.

Fritz Ruhman and Max Nebelung took their departure on Tuesday morning for Los Angeles, where they contemplate taking a trip to Mount Lowe. In Los Angeles they will be joined by Robert Thiele.

Adolph Heinzman has gone from San Diego to San Francisco where he will report to the training ship Independence and undergo a further examination for admission to the United States Navy.

Mrs. Lloyd Bailey and two children of Los Angeles are spending a few weeks in town visiting with relatives previous to their departure for Mazatlan, Mexico, to join Dr. Lloyd Bailey.

W. F. Botsford was in town one afternoon last week on his way to the Bolsa shooting grounds. He states the club has already laid out $50,000 worth of improvements and intend to transfer the place into the best appointed hunting lodge on the coast.

Charley Bauer has purchased the blacksmith shop formerly owned by Hank Stough and will conduct the business at the old stand.

B. F. Porter was in town some days ago from his home on Orangethorpe avenue and to a party of friends. Talked upon the appearance of black spots on walnut trees as well as on the nuts. He considers the trouble due to fungoid origin. Good scientific pruning and spraying with Bordeaux mixture will do the rest in keeping the germs in subjection. Mr. Porter is an authority upon this subject, having made a study of fungus disease of the walnut for a number of years.

Druggist Paul Derge left yesterday morning for his mine in Kern county to be absent ten days. During his absence A. C. Clark, an experienced druggist of Los Angeles has arrived to take his place and Arnold Hansen will also be on hand to wait upon the customers of the store.

Henry Hotebrink and Henry Burdoff, two of the solid citizens of the Placentia and Fullerton districts, were in town on Saturday afternoon.

Richard Coons, who for some years past has filled the position of postal clerk between Los Angeles and San Diego has been promoted to the overland run. His new duties taking him from Los Angeles to Alhuquerqe. His wife and child continue to reside in this city.

Ed Kraemer and family have returned from an outing at San Juan Capistrano.

Ben Danser left on Tuesday for a short vacation at Catalina Island.

Mrs. Frank Gates returned Monday from a two weeks visit with friends in Los Angeles.

25 Years Ago

September 4, 1924

F. C. Rimpau has purchased the West property at the corner of Los Angeles and Chestnut streets, adjoining the library, and will build a depot for one of the stage lines. The property has a frontage of 125 feet on Los Angeles street and 171 on Chestnut street. The purchase does not include West Bros., building on Chestnut street. (The building erected on this property by Mr. Rimpau is known as the Pickwick Hotel. Ed.)

Announcement is made of the coming marriage of Miss Mable Zeigler, daughter of Mrs. Mary Zeigler of North Clementine street, to Ted Masterson of Los Angeles, the affair being dated for the near future. In honor of the bride-to-be, Mrs. Frank Anderson, her sister, gave a party at her Placentia home Thursday afternoon. Guests other than the bride-elect were Mrs. H. Flagg, Miss Miriam Flagg, and Mrs. Margaret Huber of Santa Ana, Mesdames, Herman Schindler, Henry Schindler, B. A. Meinecke, Helen Anderson, Anna Pridhams, Emma McGregor, Sophie Eaton, Ralph Cox, Doris Bortz, Freida Hedges, Frank Tausch, T. Anderson, L. Witterman, Mary Zeigler and Miss Verna Lester.

John Kraft of this city and Miss Hulda Bakenhaus of Garden Grove were married at the West Broadway M. E. Parsonage Saturday, Rev. F. W. Elger performing the ceremony. Both bride and groom are graduates of Anaheim High school.

"Old Liz," the official car of the police department caught fire twice Thursday morning while officers Baxter and Tipton were patrolling the east part of town. The first time the fire department was called and extinguished the blaze, but a half hour later fire again broke out. This time Obie and Tip doused it with water from an irrigation ditch and saved it from destruction.

C. P. J. Johnson, rural carrier No. 5. is enjoying a vacation. Alfred Bonney is substituting for him during his absence.

Permit to build a $3,000 residence on North Janss street was granted to D. J. Guthrie and L. J. Schrode was given a permit to build on North Clementine, the cost being $3,000.

Mr. and Mrs. Kurt Epstein have returned from their honeymoon trip to San Francisco and other points north.

Mr. and Mrs. E. E. Rundstrum have returned from an outing at Crater Lake, Oregon.

Six divorces were granted by Judge F. C. Drumm Friday which is considered a pretty good average for the day.

The Coolidge and Davis club will meet at the office of Judge J. S. Harvard this evening. It is proposed to take an active part in the campaign between this and election date.

The old Henry Kroeger home built in 1872 at the corner of Center and East streets has been moved to front on East street and a new modern stucco house will replace it to occupy the site of the famous old homestead.

Exchange Outlines Program for Price Support

(Continued from Page 1)

part payment for the Federal fiscal year ending June 30 was 25 per cent of F.A.S. value.)

a. Orange concentrate—one million gallons.

b. Grapefruit single strength juice—one million cases.

c. Fresh oranges—four million boxes.

d. Fresh grapefruit—one million boxes.

The above activities to start with the beginning of the new crop year this fall.

Earlier in the year the Exchange asked that 400,000 gallons of orange concentrate be purchased for the School Lunch Program. Early in August, the Federal government asked for bids on concentrate, but the quantity desired has not been revealed.

Price Support

In the field of price support, the citrus industry makes the following requests:

1. Equal treatment for all segments of agriculture.

2. If price supports are continued, they be established at cost of production levels and not at levels which will encourage excessive production.

3. Continuation and broadening of the Agricultural Marketing Agreement Act, with authority vested in the growers of a given industry to develop and operate their own marketing agreements within the limitations of the law.

4. Protection of the present parity levels for purposes of operating marketing agreements and orders.

5. The use of Section 32 funds exclusively for those commodities not under mandatory price supports until such time as all commodities are treated alike.

6. A separate appropriation for School Lunch Programs.

7. Protection of those United States agricultural industries whose production is adequate to substantially meet domestic need against the importation of such commodities from abroad produced under conditions of cheap cost.

8. Use of United States funds appropriated for foreign rehabilitation, for the exportation of our surplus farm commodities to those countries in which they are not commercially produced.

TWIN GRANDDAUGHTERS

Mr. and Mrs. John W. McDuell, son and daughter-in-law of Mrs. Anna M. McDuell of West La Palma street, Anaheim, are proud parents of twin daughters, born Saturday night, August 20, at Sherman Oaks hospital. Maternal grandparents are Mr. and Mrs. John Morrell of Burbank.

CALIFORNIA Last Week

(Western News Service)

The Governor continued on vacation in southern California; addressed the American Legion Convention.

Miscellaneous: William G. Bonelli resigned as chairman of the state board of equalization giving as his reason his desire to assist in submitting an initiative to California voters which would separate liquor law enforcement activities from the state board of equalization. He declared in a board meeting that because of the administrative codes that the board is almost helpless to effect prompt enforcement of the state's liquor laws.

The Legislature: Assemblyman James W. Silliman's interim committee on governmental re-organization held a two-day meeting in Sacramento principally for organizational purposes, as did Senator Hugh M. Burns' interim committee on unAmerican activities.

The Departments: The California Highway Commission meeting in Sacramento adopted a resolution recognizing the work done by the late Senator Thomas McCormack of Solano county who died in a Sacramento hospital last week; the secretary of state started distribution of five and a half million 20-page booklets for information of the voters at the November 8 special election; agriculture reported declines in the amount of wool production for California this year; crop and livestock reporting service predicted a wheat crop of more than 13 million bushels; health said polio cases totaled 115 in one week.

The Courts: State Supreme court handed down a decision which nullifies a portion of the state public accountancy law, permitting corporations to engage in accountancy regardless of their California experience and despite the fact the law requires such experience to total three years.

To Mr. and Mrs. Samuel Cicconi of 11962 West street, a son was born on August 19 at Santa Ana Community hospital. The baby weighed 8 pounds, 7½ ounces.

What you are when no one is looking is what you are.

A son was born on August 18, 1949, at Fullerton General hospital to Mr. and Mrs. John Sandstrom of 114 East Alberta street, Anaheim.

Mr. and Mrs. Robert Love have announced the birth of a baby daughter. She was born August 21, 1949, at St. Joseph's hospital and weighed 5 lbs. 13 oz.

When you call the family taxi, need a telephone for any reason, have you noticed one always seems handy?

"Come get us, daddy, the movie's over"

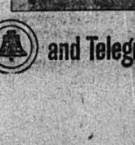

1. It doesn't just happen there's a public telephone not far away when you look for it. Locations have been carefully selected to make sure service is where it's needed most... in theatres, filling stations, drug stores, terminals. And special installations are often made to meet the needs of crowds—at conventions, fairs and the like. Today there are some 85,000 public telephones at work in the West.

2. More errands run, more jobs done, more time saved for you... telephone service has many duties. And public telephones make service still more valuable by putting all telephones, both residence and business, within convenient reach... no matter where you may be. More and more are going in, too... as we keep pushing our job of furnishing good, well-rounded telephone service to the West.

3. Good service for you comes from the big job of handling millions of calls every day. But the extras mean a lot, too—like putting telephone booths in handy places. They add up to keep your service one of today's best buys.

Your telephone is one of today's biggest bargains

Shirley Harling Exchanges Wedding Vows with Leland Henderson Sunday

Streamers and bows of white satin and a white runner down the aisle formed a path leading to the altar of the White Temple Methodist church where, on Sunday, August 21, Shirley Harling, daughter of Mr. and Mrs. Harold G. Harling of 401 North Janss street, became the bride of Leland B. Henderson, son of Mr. and Mrs. M. M. Henderson of 7191 South Euclid avenue, Fullerton. Baskets held arrangements of white gladiolus and with brightly lighted candles in tall candelabras used for decoration a lovely scene was set for the wedding ceremony which was performed by the Rev. Rollo Dunham.

Traditional in white, the bride's gown was fashioned with a bodice of chantilly lace, high round neckline and with tiny buttons down the back. The graceful taffeta skirt with its overskirt of dainty marquisette was caught at the waist by a sash which formed a bustle in the back. Her fingertip veil fell from a halo of pearls and orange blossoms. A white orchid centered in a spray arrangement of bouvardia and lily of the valley, was chosen for the bridal bouquet.

Following that sentimental custom of something old, new, borrowed and blue, the bride carried a lace handerchief which had belonged to her grandmother and borrowed her veil and halo from a friend. She wore a dainty blue garter and a strand of pearls which were gifts from her maid of honor.

Orchid marquisette over taffeta, gowned the maid of honor, Mildred Harling, sister of the bride. Her dress was designed with a high neckline, bertha collar, a fitted bodice and a full flounced skirt. She wore mitts of harmonizing marquisette and carried a nosegay of shaded pink asters with a halo of the flowers in her hair.

Mr. Henderson was attended by Leland Steward as best man. Glen Minder and Melvin Bentjen acted as ushers.

Favorite love songs of the young couple were played as preludes to the ceremony with Marian Pickel at the organ. Soloist, Raymond Holt sang, "I Love You," "Oh, Promise Me" and "The Lord's Prayer."

At the reception following the ceremony the bride's mother wore a floor length navy blue crepe dress with a side drape and cap sleeves worn with elbow length lace mitts of navy blue lace. Her corsage was rose buds in a deep pink shade. The bridegroom's mother wore a gown of crepe in a soft moss green shade, fashioned with a tucked bodice and worn with gold accents and a corsage of yellow rosebuds.

A five-tiered wedding cake topped with a minature couple standlace arch centered the bride's table. Orange blossoms, greenry and crystal candelabras were used to decorate for the reception at which Mrs. Leland Stuard of Santa Barbara, cousin of the groom, and Mrs. Eleanor Bushy, a friend of the bride from Fontana, served the cake. Presiding at the punch bowl were the bride's friends, Miss Shirley Mass of Encinitas and Miss Marian Merrill of Anaheim. Also assisting in serving and hostess duties were Mrs. Edward Beard and Mrs. Don Vanderzyl, both of Riverside and Mrs. W. L. Hobro of Los Angeles, who are all aunts of the bride. Miss Ruth Demaree and Mrs. Russel Carlker, both friends of the bride from Anaheim, were in charge of the guest book.

The new Mrs. Henderson is a graduate of Anaheim Union high school and the University of Redlands where she was a member of the Spurs and the Beta Lambda Mu Sorority. The bridegroom attended Anaheim Union high school and graduated from Fullerton Junior College.

Albany, Oregon, is to be the couple's new home. Mr. Henderson will continue his studies at the Oregon State college, where he is a member of the Delta Sigma Phi fraternity. His bride will teach in an elementary school in Albany.

Heart-Warming 'Corn Is Green,' Scores at Tustin

Emlyn Williams' heart-warming play, "The Corn Is Green," the story of the attempts of a spinster schoolmarm to educate the boy miners in a Welsh coal town, is the current offering at Holiday Stage.

Mary Finney, the first lady of the Tustin group plays the schoolteacher Miss Moffat—a role made famous by Ethel Barrymore in the Broadway production and by Bette Davis in the Hollywood film version.

It's a role well-suited for the capable Miss Finney who turns in a creditable performance. Extremely touching and most convincing is Don Garner's portrayal of the boy who discovers a new world in books and learning.

His relating the inspiration received at Oxford when he at last is able to apply his tedious learning of the masters to his own life in reality is truly a gem of the theatre and a scene which will go down as one of the great dramatic moments of the 1949 season.

Versatile John Alvin scores as the aging John Goronwy Jones as does Delia Salvi as the husband-searching Miss Ronberry. Others in the completely satisfactory cast include: Peter Adams, Eve Halpern, Connie and Glenn Wells, Lois Rees Auer, Robert Burns, Victor Richards, Del Tenney and Manuel Perez.

Top technical credits are due Lillie Mae Barr for coaching the cast in speaking with a Welsh accent. The play, the second last of the season, was again under the competent direction of E. Alyn Warren assisted by technical director Barry McGee. The set design was by E. Williard Schurz; costumes were by Norman Mennes.—BOB FUNSETH.

Vincent Wagners, New Residents Here From Cleveland, O.

Arriving last week at the home of Casper J. Orient at 1112 Lincoln avenue were his daughter and son-in-law, Mr. and Mrs. Vincent Wagner, and their sons, Alan, 16, and Ronald, 14, from Cleveland, Ohio.

The Wagner's have purchased a new home at 1125 Pearl street. Mr. Wagner will assist his father-in-law in operating the Five Points Liquor Store and the boys have enrolled in Anaheim Union high school.

Ice Cream Social Set for Friday

An ice cream social to which the public is invited is to be held on the lawn of the Grace Lutheran church on Friday, August 26.

This affair will be sponsored by the Junior Leaders Association of the church and the booths will be opened from four to eight in the evening.

Hurst Insurance Agency

All Under Age 80 Eligible to Apply

Persons ages 1 to 80 are eligible to apply for registration under the Pierce Plan to eliminate funeral expenses. Those registering pay a few cents a day into the fund of an admitted legal insurer. In time of need, regardless of how little may have been paid in, the Plan pays the bill. For example, a complete funeral service was recently conducted when only $2.10 had been paid.

Any funeral director anywhere in the United States or Canada may be designated to perform the service. Recommended by leading mortuaries.

(Continued from Page 3)

Nuptial Vows Recited by Joyce Hays and Wallace James Duffy

The lovely strains of "Ave Maria," "Panis Angelicus," "Our Father," and "O, Lord I Am Not Worthy" played on the organ by Mrs. A. F. Faust, with Mrs. Arthur Kemper, aunt of the bride of Corona Del Mar, as soloist, and St. Boniface Catholic church beautifully decorated, using a gorgeous array of white gladiolus, set off with pale blue blossoms and lighted tapers in tall candelabra at the altar with potted palms and fern furnishing a background, a beautiful scene was set for the marriage of Joyce Ann Hays, only daughter of Mr. and Mrs. Fred L. Hays of 916 North Lemon street, this city, to Wallace James Duffy, only son of Mr. and Mrs. James Duffy of 933 North Clementine street, also of Anaheim, on Saturday, August 20, at 9:30 a.m. The double ring service was read by Father Paul Carrol with Farther Coleman assisting.

The bride was radiant as she came down the aisle with her father. Her bridal gown was of candlelight ivory slipper satin fashioned with a fitted bodice and long pointed sleeves of imported French Chantilly lace with a pointed peplum of the lace at the back of the waist giving a small bustle effect. Her headdress and finger tip bridal illusion veil was in a Mary Queen of Scots design.

Around her neck the bride wore a gold chain from which hung an antique blue Mosaic cross given to her mother years ago by a former pastor of St. Boniface on her confirmation day. The cross was blessed at the Vatican in Rome by Pope Pius X. A single white orchid entwined with a sterling silver rosary, a gift from her only brother and sister-in-law, Mr. and Mrs. Vern Hays, centered her bridal bouquet of a cascade of stephanotis.

In a gown made of a delicate shade of ice blue-grey satin and fashioned with a fitted bodice and gathered lace and net around a boat-shaped collar and shoulder effect, Mrs. George Seeley, only sister of the groom who came west from Ames, Iowa, for the event, was matron of honor. Her bouquet was a cascade of pale plue shattered carnations and the same flowers in her hair.

Wearing gowns identical to the matron of honor, the bridesmaids, Mrs. Vern (Truxaw) Hays and Miss Marilyn Rimpau, carried bouquets of shattered carnations in American Beauty red and had a tiara of the flowers in their hair. Their gowns were ice blue-grey satin with over-skirts of starched net.

Best man was Edmund Brunet, school friend of the groom. Ushers were Vern Hays, Fred Van Raes and George Garabedian. Like the bridegroom, all wore the conventional dark blue suits with boutonnieres of white carnations.

In the receiving line following the nuptial mass were parents of the happy couple, Mr. and Mrs. Hays and Mr. and Mrs. James Duffy. Mrs. Hays was attired in a wool crepe rose-toned taupe gown, with copper satin trim and accessories of matching shades. Her hat was in winter pink with ostrich and moline in matching shade. She wore a corsage of pink carnations. Mrs. Duffy was wearing a navy blue gown with navy accessories and a feathered, grey turban, a shoulder corsage of American Beauty carnations.

More than a hundred and twenty-five guests attended the reception at Capilla de San Antonio to wish the young couple a happy and prosperous life. A large tiered wedding cake was cut by the bride and groom. Assisting with hostess duties were three close friends of the bride, Mrs. Roy Merk and Mrs. Bil Flynn, at the punch bowl, and Miss Ruthie Zimmerman, Westwood, who attended the guest book.

For the honeymoon the new Mrs. Duffy chose an all wool tailored military grey suit with a small velvet cloche hat and veil and black accessories presenting a pleasing complement. Pinned to the coat lapel was the single orchid from her bridal bouquet.

Joyce Ann is a granddaughter of the late Mr. and Mrs. Albert Muckenthaler who were early settlers in Anaheim and Mrs. Anna Pember also of this city. She is a native of Anaheim, and attended the Anaheim schools. She graduated from Fullerton Junior college then went to the University of California at Westwood, where she received her Bachelor of Science degree in education. For four years she has been an the teaching staff at Ohio State University.

Her husband, Wally Duffy, was born in Wanaethee, Washington, coming to Anaheim with his parents at an early age. He attended St. Boniface school, Anaheim high school from which he graduated in 1943. He enlisted in the Army Air Force and served as a pilot with many missions over Germany to his credit. After the war he completed a course with the Pasadena Playhouse and from there he went to Columbia Studios where he played several bit parts. Having received his flying instructors license, he plans to continue work in that line during his spare time.

The Duffys will make their home in Compton where Mrs. Duffy will join the teaching staff of the Compton Junior college.

George Morley Weds Joanne Gilman in Yorba Linda Church

The Yorba Linda Methodist church was the scene Saturday evening, August 20, of the marriage of Miss Joanne Louise Gilman, daughter of Mr. and Mrs. Samuel F. Gilman of Yorba Linda, to George M. Morley, son of Mr. and Mrs. F. B. Morley of Anaheim.

The altar, to which the bride was escorted by her father, was candle lighted for the ceremony which was performed by the Rev. John Woodson.

Designed with a Peter Pan collar, fitted bodice and a full, graceful skirt falling to a train, the wedding gown was fashioned in ivory slipper satin. From her coronet of braided satin fell an illusion of fingertip veil. She carried as her bridal bouquet a white orchid centered in a nest of tuberous begonias and stepanotis.

Attending the bride were Miss Mary Pickens of Fullerton as maid of honor and Mrs. Robert Embry, San Diego, Mrs. Wayne Wooten, Fullerton, and Mrs. George Gilman, the brides sister-in-law, of Fullerton, as bridesmaids. They were gowned in powder blue taffeta of similar pattern to the bride's gown and carried spray arrangements of rose shaded gladiolus.

Carrying a basket of rose petals, Ann Morley, the bridegroom's niece, served as flower girl. She wore a pale yellow taffeta dress.

Best man was Richard Morley, brother of the bridegroom, of Anaheim. Ushers were Jack Royer of Fullerton, Noel Sweeney of Anaheim, and Claude Wilson of Ventura.

The bride entered Whittier college last fall after being graduated from Fullerton Union high school and Junior college. She plans to continue her studies at the Whittier campus this September. Mr. Morley is a graduate of Anaheim Union high school and Fullerton Junior college.

Mrs. James Patrick Is Shower Honoree

Pink and blue in flowers and decorations set the theme for a stork shower to honor Mrs. James Patrick of Claremont. The party was given last Saturday afternoon at the home of Mrs. W. W. Spencer on Whittier with Mrs. Robert Patrick, Jr., as hostess.

Floral arrangements of roses, asters and bouvardia from Mrs. Spencer's garden decorated the house and were centered on the beautifully appointed refreshment table. Assisting the hostess by pouring were Mrs. R. A. Patrick and Mrs. J. W. Patrick.

Those present were, Mrs. Dan Dodge, Miss Wanda Chambers, Mrs. F. S. Garrett, Mrs. George N. Watts, Miss Wilma Watts, Mrs. C. A. Sissen, Mrs. J. P. Critchfield, Mrs. J. K. Saville, Mrs. R. A. Patrick, Miss Patricia Loly, all of Anaheim; Mrs. John and Mrs. R. B. Spragne of Long Beach, Mrs. Charles Jacobs, Jr., of Ontario, Mrs. Laura Harrison, Miss Cecelia Mendys and Mrs. W. E. Spencer of Whittier.

Sending gifts but unable to attend were Mrs. Charles Jacobs of Ontario and Mrs. Alex Deverall, Miss Kathleen Austin, Miss Doris Fewks, Mrs. Don Garrett, Mrs. Bob Nugent and Mrs. Glen Butcher, all of Anaheim.

Rebekahs Hold Annual Assembly

(1 column cut)

CLAIR FREER

One hundred and seventy-five district members of the Rebekah lodge, with their friends, met Friday at the IOOF hall for their annual assembly. Introduced as honored guests of the day were Clair Freer, president of the Rebekah Assembly; Jennie Mae Armin, warden; Rene Dunkel, chaplain; Viola Rice, trustee of the orphans home and Henry Mane, past grand patriarch. They were escorted by marshal of the lodge, Theresa Clark. Other guests were escorted by conductor of the lodge, Metta Ragsdale who is district deputy president; and August Fitz, deputy grand master.

Representing each district lodge at roll call were, Dorothy Ross, noble grand of this district from Orange; Ruby Ross, Westminster; Ethel Smith, Costa Mesa; Mable Collean, Fullerton; Zella Hardesty and Millie West of Santa Ana; Billee Tinsley, Huntington Beach, and Geraldine Giles of San Bernardino.

Hazel Ryan, badges; Evelyn Evans, good fellowship; Rachel Newhall, board of control; Helen Zinke, banner bearer of the ladies auxiliary patriarchs militant and Ruth Bettinger introduced themselves as committee members. A presentation was made to the present district deputy president and her marshal and the noble grand and vice-grand of each lodge.

A comic reading entitled "Edna Phones," was presented by Mildred Bruebaker. Clair Freer was instructress for the day.

Luncheon was served at noon by Edna Young and her committee. Mildred Fitz was in charge of the dining room.

The evening session of the assembly met at the Church of Christ for dinner. Elsie Spaulding presided over the business portion of this meeting at which the main topic for discussion was the Odd Fellows home at Saratoga and the orphans home at Gilroy.

Evening's entertainment was presented by Jerry Bruntz at the accordion. Lovely refreshments were served at the close of the meeting.

The Carl Lindgrens' Vacation at Pinecrest Lair

The Carl H. Lindgren family, Rt. 1, 10735 Ball road are vacationing this week at the University of California's new alumni camp, the "Lair of the Golden Bear" at Pinecrest, 165 miles east of Berkeley at an elevation of 5,600 feet.

Unique as a recreation and relaxation spot, the Pinecrest Lair offers graduates the usual resort activities such as swimming, boating, fishing and hiking in addition to campfire discussions by their favorite Cal professors.

Accommodations include cabins and wood-floored tents; meals are served in a community hall.

Only a few types of mammals sweat.

Lois Reichard Is New Gazette Society Reporter

Miss Lois Reichard of Garden Grove is now associated with the Anaheim Gazette as society reporter, replacing Mrs. Grace Thompson Minder, who resigned several weeks ago.

Miss Reichard has lived in our neighboring city for the past three and a half years, coming to the southland from Turlock. She was formerly associated with the Garden Grove News in the capacity of a reporter and resigned her position when the paper was recently sold by Dahl Shearer, who had owned the plant for several years.

Lois will be glad to have all news from the clubs, parties, weddings and other items which go to make up a community newspaper. She will appreciate it if you will call her at 2206 and give her your social items, no matter how large your party or gathering nor how small it might be.

Victor P. Remillard Prepares for College

Preparing to leave for Washington is Victor P. Remillard, son of Mr. and Mrs. H. E. Remillard of 835 North Zeyn street, Anaheim, where he will take up his studies this fall at the Pullman campus of Washington State college.

Mr. Remillard attended Anaheim Union high school and following his graduation from the University of California at Berkeley he accepted a position in the engineering department at Douglas Aircraft. At Washington State he will work for his master's degree in history and for his teaching credentials.

The Leo Friis' Home From Northern Vacation Lands

Mr. and Mrs. Leo J. Friis, 600 North Clementine street, and their son, James, returned home this week from a two week's vacation trip in the north.

While away they visited points of interest in northern California and Oregon seeing the Redwood forests, San Francisco, Oakland, Portland, Eugene, Salem, Oregon, and many other cities.

Returning home, they followed the scenic coast route from Salem.

'Knickerbocker Holiday' to Close Season at Holiday

Final show of the Holiday Stage season at Tustin will be "Knickerbocker Holiday," a colorful musical comedy by Maxwell Anderson and Kurt Weill. Anderson is the creator of some of America's best plays ("Winterset"—"The Eve of St. Mark"—"Joan of Lorraine"), and Kurt Weill is now famous for his modern folk-inspired music. His "Down in the Valley" is known across the country as the best one-act ballad-opera of its kind.

"Knickerbocker Holiday" is set in the colorful 17th century settlement of New Amsterdam and relates the rise of the first true American, Brom Broeck (Oliver Cliff), who rebels against the town council and Peter Stuyvesant (Peter Adams) to proclaim his right to liberty. There is romance and a series of singable tunes. Janet Hamer, who played Cliff's sweetheart in "Green Grow of Lilacs" at Tustin, will sing and dance the leading feminine role in "Knickerbocker." Best-loved popular tune from the show is the well known "September Song." A cast of forty will support the leading roles.

DAUGHTER WELCOMED

Mr. and Mrs. James Dibble of 838 North Helena street, are the proud parents of a beautiful baby girl. She was born at Anaheim Community hospital on August 19.

IT'S A BOY!

A son, weighing 8 lbs. 13 oz., was born to Mr. and Mrs. Steve Muro at the Orange County hospital on August 22, 1949.

Anaheim merchants invite you

Costa Mesa Aggies Win Fair Honors

4-H Club awards for feature booth exhibits in the Orange County Fair were announced today by H. W. Longfellow of the agricultural extension service.

In the 4-H Agricultural Clubs the Costa Mesa Aggies led by Ira Hartshorn were first place winners, stressing the theme of vegetable crop production for southern California and showing the world origin of the different crops produced in this area.

The second place winner was the Harbor Hoppers with a theme of rabbit production. Third place went to the Fullerton Foxy Feeders led by Maurice Phelps whose theme was efficient feeding of livestock. Fourth place went to the Yorba Linda Cloverleafs exhibiting bee production and fifth place to the Rancheros Futurous led by Mr. and Mrs. L. E. Horal.

In the community club group first place went to the Villa Park Beavers led by Mr. and Mrs. Vern Robinson. Second place to the Laguna Canyon Cackles. Third place went to the Irvine Community Club and fourth place to the Alamitos Pioneers.

In the home economics the first place exhibit winner was the Tustin Junior Livewires led by Mrs. Jack Bascom. Their theme was economy made possible by 4-H club girls in making their own clothing. Second place winner was the Babbling Busybodies whose theme emphasized juvenile proficiency. Third place went to the West Orange Community Club who exhibited clothing made for every event for the various times of day.

WEEK'S QUOTE:

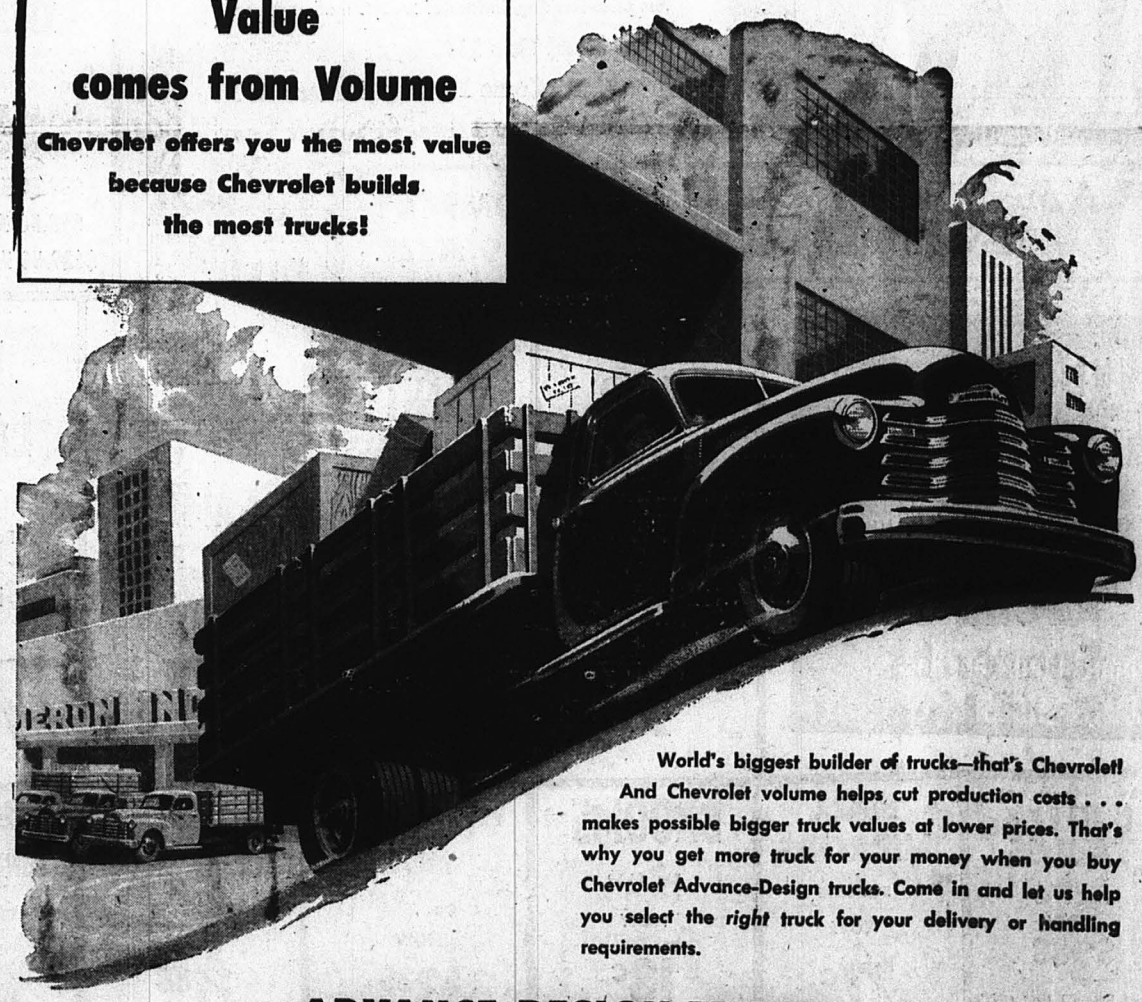

"The United Nations as it now stands is not only our best hope for peace, it is our only hope for peace."—Warren R. Austin, United States Representative at the United Nations.

The effects of old age appear earlier in very hot regions.

Flores Fights Semi-Windup At Hollywood

Sal Flores, promising Anaheim middleweight, jumps up another rung on the fistic ladder to success when he moves from the preliminary ranks to the semi-final spot to take on Morrie McFarland at Hollywood Legion stadium Friday.

Flores earned the spot by virtue of his KO over Hal Nelson two weeks ago in the same ring. It marked the local boy's return to action after a three-month lay-off.

The two middleweights fought to a draw a while back when both were amateurs. It will be their first meeting since turning professional.

Headlining the weeks card at the filmland arena is a ten round lightweight contest between Golden Boy Art Aragon and Bolton Ford. Aragon, currently enthroned in the prima donna's chair by the area fistic fans, has run an impressive KO record of 20 in 40 fights. Of these, 12 were put to sleep in the first round.

Baron Von Stumme, the bewhiskered gent who arranges the Friday night shindig at the Peroxide Palace has rounded out this week's card with the following four rounders:

Augie Yerrat vs Tommy Yamaoka, 124 lbs.; Bob Terrance vs Tello Cruz, 146 lbs.; Dan Nardico vs Don Smith, 175 lbs., and Ken Maeshiro vs Earl Roland, 140 lbs.

Ike Anglers Land 13 Albacore Thurs.

The weekly fishing excursion of Izaak Walton anglers netted a total of 13 albacore and 1 gray-shark last Thursday, August 18.

Sully Roquet's 24 pound albacore was good for the jackpot. His father, O. Roquet, had the thrill of hooking a marlin for a few brief moments before losing leader and hook.

The day's box score is as follows: Dick Martin, 1; Dr. Arnold, 0; Sam Christensen, 3; Fred Robin, 1; Bill Wallop, 1; Jim Kilduff, 1; Sid Hamon, 1; Pop Dinkler, 1; O. Roquet, 1; and Bob Williams, 3.

Bethel Baptist Beats White Temple, 4-2

Bethel Baptist moved into the finals of the Church League playoffs by virtue of their 4-2 win over White Temple in the City Park last evening.

The winners bunched all of their runs in a big fifth inning when they pushed four runs across home plate. Tallies came off a double by Bill Acton, a four-bagger by Bob Quast, a walk, a single by Ted Wedel and a triple by Al Hartman.

White Temple drew first blood in the tight play-off game in the third inning with a single run scored on a walk, fielder's choice and a single by Don Rees.

They scored another in the seventh on a single by K. Herman, a fielders choice and a single by Bob Hamilton.

LINE SCORE:

	R	H	E
Bethel Baptist 000 040 0	4	11	2
White Temple 001 000 1	2	6	4

Anaheim Cadets Awarded Expert Rifleman's Medals

Donald C Barnett, 17, of 607 South Palm and Alfred E. Lattin, 15, of 1204 West Pearl, won the Expert Rifleman's Medal, according to an announcement by the National Rifle Association, governing body of competitive rifle and pistol shooting of the United States.

Both riflemen have climbed steadily through the 13 lower rankings and need only one more to reach the top drawer of the junior shooters—the Distinguished Rifleman's Medal.

Barnett is a senior at AUHS and Lattin is a sophomore—both are members of the school's crack California Cadet Corps Junior Rifle team which won honors at the state meet in Sacramento.

Burbank, El Sereno Meet Friday For Legion Tourney Championship

It will be Burbank and El Sereno in the championship game of the Anaheim Junior American Legion tournament tomorrow night (Friday) at La Palma park.

Both teams went to the championship rung with semi-final victories last evening. Burbank topped Fullerton 7-6 in a wide-open contest and El Sereno socked Compton 11-4.

Fullerton scored four runs in the final frame and had the tying run on third when the final out was made. Burbank outhit the loser's 8 to 2 and misplayed only once while Fullerton had 8 boots.

El Sereno in winning broke a jinx that the lads from Compton had held over them in 18th district play this year. In two games played the Compton team had defeated the junior legionnaires from El Sereno.

Odds don't exist for the championship tustle—it's strictly "a flip a coin and take your pick," sort of a game.

Grace Lutheran Wins 13-Inning Play-Off, 2-1

Grace Lutheran came out on top of a thirteen inning tustle with Church of Christ in a Church League play-off, 2-1, in a game in which all runs scored were unearned.

Fred Liebe slammed a line drive through the right fielder for a home run and the game for Grace Lutheran in the bottom half of the 13th.

Both teams will see action again Monday evening with the winner meeting Bethel Baptist in the finals

Putting on the extended pitching duel were Lloyd Litchenwalter and Arman Hanson with Hanson giving up 6 hits in 13 innings and Litchenwalter giving up 8 in 11 innings. Jerry Dickenson hurled the last two innings for Church of Christ and was charged with the loss after a run scored on an error.

Church of Christ scored in the second when Duncan was safe on an error and scored when the catcher heaved a ball into center field.

In the sixth Grace Lutheran knotted the ball game up when a single run scored on a long fly by Hedrick.

John Adams, second president of the United States, was the lawyer for the defense of the British soldiers arrested after the Boston Massacre, according to the Encyclopaedia Britannaca.

The present rate of erosion is sufficient to reduce the level of the entire Mississippi river drainage basin (1¼ million square miles) one foot in 6,000 years, according to the Encyclopaedia Britannaca.

The story is making the rounds that a rooster lived three days after he lost his head on the chopping block. Don't be surprised—some people have been running around that way for years.

Optimists Hear Need of Civic Responsibility

Dr. Kenneth B. Wallace, of Berkeley, speaking last Thursday night at the Anaheim Optimist Club dinner meeting stressed the importance of civic responsibility of service groups in the present unsettled world conditions. He stated that the world has taken a moral tailspin and that this has covered a wide field from treaty violations by nations to juvenile delinquency. "Only by thinking anew of our obligations and duties can we face these changing world conditions," he concluded.

The business portion of the meeting was devoted to last minute reports on the success of the current drive for funds for a Boys' Recreational Club House with Al Garey, co-chairman of the committee, describing the co-operation of the local talent groups and businessmen, and their help which has made it possible to present an excellent program for next Thursday night. J. W. Stephens reporting on the program gave a list of the talent which will appear on the program. Louis Larson, in his report, stated that all available space in the program book had been subscribed and that no further space was available.

Inducted into the club by Rev. Phil Selfridge, club chaplain, were Harwood Larson and Jerry Fleming. Rev. Selfridge, in his induction address, pointed out the necessity of building good citizens during their youth. "Building boys is easier, and far less costly, than mending men," stated Selfridge as he extended the welcome of the club to these new members.

Visitors included H. L. Deutsch of the Vista Optimist club, C. S. Holcomb, A. M. Bell, R. B. Myers, and John Lauritzen of the Whittier Optimist club and Paul W. Clark.

Deutsch told the group of the Optimist Boys' Camp at Vista, open to all youth groups. This park covers 26 acres and is improved with a central building, barbecue pits and other facilities built by the club with the help of local business men.

The meeting was under the direction of Walter Gooden, who was presented with an early American timepieces by Al Rigby. Program chairman of the evening was Doye Ford and door prize was donated by Dr. C. O. Patterson.

Due to the Talent Night program at La Palma Park, this evening's meeting will not include a dinner meeting, it was announced.

GI Insurance Dividend Forms Available Monday

Veterans will receive their National Service Life Insurance dividends in cash only, with sixteen million applications expected to be filed starting Monday, August 29 when application blanks are available, L. C. Chapman, manager of the Los Angeles Regional Office of the Veterans Administration, said today.

"Unpaid dividends cannot be applied on payment of NSLI premiums," Chapman said, "nor can they be allowed to accumulate at interest. However, a veteran may endorse his dividend check payable to the Treasurer of the United States and forward it in payment of premiums, provided his policy is in force." Veterans are urged to consider using dividend money to reinstate lapsed policies.

The VA warns that alleged application blanks may be offered before the legal issuance date of August 29. Only official forms made by the Government Printing Office will be accepted by the VA, and these forms will be distributed without charge at all VA offices, post offices, and veterans' service organizations.

Application forms carry complete instructions. If the veteran does not know his policy number, this space should be left blank, but all other information must be given as indicated. The VA Central Office will insert the policy number from its master index.

Persons entitled to dividends by reason of a deceased veteran's insurance need not file an application at this time. The VA will communicate directly with such persons.

LICENSE TO WED

An application for a license to be wed was made out Tuesday to Albert S. Baylor, Jr., of Costa Mesa, and Bernice C. Nelson of 115 West Alberta street, Anaheim.

GET LICENSE

Roy W. Geheres of 703 East Bay avenue, Balboa, and Lucille F. Bouchey of 906 North Lemon street, Anaheim, made application for a marriage license on August 23, 1949.

Rule McLain's Pension Group Not 'Charitable Organization'

By HENRY C. MacARTHUR
Western News Service

Sacramento (WNS)—The Citizen's Committee for Old Age Pensions, operated by George McLain, is a business which attempts to influence legislation and not a "charitable organization" and as such, must pay the state unemployment tax.

This was the effect of a decision announced recently by the California Unemployment Insurance Appeals Board following a hearing at which McLain, the old-age pension advocate and promoter of Proposition No. 4, claimed his organization was 'charitable,' and therefore should escape the taxes.

MacArthur

During the hearing, it was bought out through McLain's testimony that the organization was formed for "service to the old people who could come and have their pension rights and benefits explained to them."

$5 Per Year

The membership fee at first, he testified, was a penny a day, but later was increased to $5.00 per year.

Some of the activities, according to the testimony, were to handle the welfare problems of the members and the "handling of appeals to the state welfare board from decisions of the county departments."

"In connection with this activity," the decision said, "petitioner hired full-time welfare workers to interview the old people and make the necessary investigations.

"Another activity was the conducting of radio talks," which were broadcast six days a week by petitioner's chairman (McLain) and required the hiring of a radio script writer.

Pass the Basket

"Still another activity," said the decision, "was the conducting of meetings of elderly people throughout the state, which meetings were opened with a prayer and a salute to the flag, after which a basket collection was taken."

The decision said that in addition to the welfare workers, the radio script writer and speakers for the meetings, the petitioner has on its staff the editor of a monthly publication, a publicity director, a man in charge of mailing, and "maintains a staff to answer the correspondence received by the organization, amounting to an average of about 400 letters a day."

"Petitioner's chairman," said the decision, "receives a salary of approximately $1,700 per year, which is less than that paid some of the other staff members. He also acts as general agent for a life insurance company, but states that he devotes only about 15 minutes a day to this latter activity.

"During the sessions of the California legislature, petitioner's chairman spends most of his time in Sacramento as legislative representative of the organization.

"In his testimony, he stated he was not attempting to influence legislation, but that he did interview members of the legislature for the purpose of explaining to them the implications of bills dealing with old age and blind assistance.

Passage of Prop. 4

"In 1948, the organization was active in preparing and attempting to secure passage of Proposition No. 4. This activity consisted of drafting the proposed measure, conducting special fund raising drives, hiring a professional petition circulator and additional people to work out the radio programs and to prepare campaign literature, and to organizing and directing the volunteer staff of old people who addressed and stuffed the envelopes containing the campaign literature.

"The campaign for Proposition No. 4 was entirely financed by petitioner, and cost approximately $190,000."

In explaining its reason for its decision, the appeals board pointed out the unemployment insurstantial part of its activities the from exemption which has a substantial parto f its activities the "carrying on of propaganda or otherwise attempting to influence legislation."

After citing several decisions against other organizations which attempted to escape the unemployment tax, the board said:

"The petitioner was not organized exclusively for charitable or educational purposes and was not operated exclusively for such purposes, and further hold that during the periods in question, a substantial part of petitioners activities consisted of attempts to influence legislation."

We have no cliff dwellers today —but still plenty of bluffers.

WASHINGTON AS SEEN

By Congressman JOHN PHILLIPS

You know, if you want to appreciate this country, you don't even have to leave it; you can just talk about leaving it for a short time. The Capitol doctor tells you to get all sorts of inoculations, depending on the countries you expect to visit, and he gives you various pills and powders, for the conditions you'll have to meet. The bank looks up, for you, regulations about the money you may have with you, of the countries you visit. You'd better take soap, and toilet paper, and this and that, you're told. It won't be the same there, is the unanimous opinion.

Well, why won't it be the same? Is there some magic, that in America people can travel around, when and where they want? And cross state lines, farther apart than national lines abroad, without emptying their pockets, and displaying the money they have? And not to worry about the water, and the milk, and the sanitation? And buy soap and toilet paper, and a thousand other things the people abroad never had, and some of them never saw?

The United States as 7 percent of the world's population; but we have, on recent figures, 86 percent of the refrigerators; 83 percent of all the automobiles; 81 percent of the bathtubs; 79 percent of the radios; 76 percent of the vacuum cleaners and 78½ per cent of the insurance, but I don't know if that is face values, or the number of insured, probably both.

So, I was interested in a statement the V.F.W. put out a little while back. About Russia. Fine nation, Russia, according to all the red-hots, who want us to copy the comrades, just so those red-promoters don't have to go back and live there themselves. The V.F.W. figured out how long the comrades had to work, in the U.S. S.R., to get a few simple items.

For a pack of cigarettes the average employee would work 9 minutes in the U.S. (less, according to me) and in Russia, he'd work over 2 hours. For a quart of milk, he'd work here 10 minutes, and in Russia 1 hour and 18 minutes, with the germs thrown in, no carge. For a pair of shoes, the rade works 13 days, compared to the American worker's 1 day, and I can certify for observation on the spot, that shoes are scarce, and of inferior quality. Three hours would get you a shirt in America; 2 months in the workers' Paradise. A winter coat would take 25 weeks work, and they'd be limited to the bureaucrats (oh, they have theme there too), as against 75 hours here. A car? Broth-er, 40 weeks in the U. S. you should live so long in the U.S.S.R.

I rise to remark that it might be a good idea to send some of the fellow-travelers over there for a time. It might be worth the cost. The trouble is, they know it now—they simply want to take over the U.S. from the inside, and if you watch the trend of legislation, you sometimes wonder if they are not getting away with it.

I think it's about time for us to stand up and say America is the strong country, the free country, with the know-how, and the opportunity, and it's our country—not Russia.

Announce Farm Radio Programs

The agricultural extension service announces the following subjects and speakers to be featured next week on its daily broadcast over KVOE (1480 kc) at 12:15 p.m.

Monday, August 29. "Miscellaneous Topics for Homemakers." Miss Anne Girod, assistant home demonstration agent.

Tuesday, August 30. "What About Irrigated Pastures?" W. M. Cory, assistant farm advisor.

Wednesday, August 31. "Avocado Diseases." R. E. Puffer, assistant farm advisor.

Thursday, September 1. "4-H and Agricultural News Items." Misss Anne Girod, assistant home demonstration agent.

Friday, September 2. "Pest Control Situation in Orange County." Agricultural Commissioner.

HAAG SINCE 1910 WASHER

Here's a new Haag model that will satisfy your washday needs for many years. The name "Haag" guarantees its quality and dependability, for Haag has built good washers exclusively for more than 30 years.

LOOK At These Features

WRINGER. . .Is of the most modern type, fully rust resistant . . . Extra large balloon rolls of live rubber. Feather touch release—quick action re-set.

TUB . . . large capacity, holds 25 gallons to the rim, 19 gallons to marked waterline. Special design assists in the clothes cleansing process.

AGITATOR . . . newest type gets ALL the dirt out of soiled garments in a hurry. Flexes and turns each piece in the wash, assuring proper washing action of the cleansing suds.

MOTOR . . . special over-size electric motor gives plenty of power for operating Washer and Wringer at the same time. Motor is rubber mounted.

LEGS and CASTERS . . . Legs are styled to match the beauty of the Washer, and are EXTRA STURDY. Free rolling casters assure ease of moving Washer even when loaded.

FINISH . . . The new Haag is a handsome Washer, finished in White baked on enamel. It will retain its new appearance for many years.

Open Saturday Nights Until 9:00 p.m.

Governmental Lobbyists Big Problem; 100 on Taxpayers Payroll Says Waters

By EARL G. WATERS
Western News Service

Sacramento (WNS)—One side of the lobbyist story which has been left untold in the current "exposes" is that dealing with the activities of various state and local governments.

Yet, this type appears to be the most serious aspect of the entire lobbyist story for the extensive operations of these governmental agencies multiply the cost of state government by the hundreds of thousands of dollars.

Waters

And, unlike other types of lobbying, the legislature itself is responsible for the unrestricted employment by government of representatives before the assembly and senate. Either or both houses of the legislature could greatly curtail these activities practically overnight.

100 on Payroll

There are in Sacramento, during the legislative sessions, more than one hundred persons paid with taxpayers money to influence legislation.

In the last session of the legislature more than 60 per cent of the measures introduced were sponsored by these persons.

As more than one member of the legislature has noted, the record length of the 1949 session, which lasted until July 2, could have been cut almost in half had the so-called departmental measures been eliminated.

The activities of these publicly employed lobbyists are one of the big reasons business must maintain the expensive lobbies in Sacramento which are now the target of current magazine and newspaper articles.

$½ Million Payroll

While much has been made over the "huge' payments received by lobbyists it should be known that the state itself does not take a back seat in the matter of remuneration for this type of work. The annual payroll of state and local governments for persons who engage in lobbying activity totals well over the half million dollar mark.

Of course, not one of these publicly employed persons is designated a "lobbyist." All have perfectly respectable titles but the fact remains they are just as active in their efforts to secure or stop passage of legislation as anyone of those privately employed persons who do own up to being "lobbyists."

The big difference is that the private interests are here openly at their own expense in legitimate efforts to protect their respective businesses. The publicly employed lobbyists do not even have to register with the legislature as such. They are here at the taxpayers' expense and many times are doing nothing more than promoting legislation which will rebound to their own personal benefit. Often times the measures they seek to have adopted are actually to the public's disadvantage.

Seek Special Privileges

Case after case of such measures can be cited to show how these public employees operate to obtain legislation which either will give them special privileges or in some way work against the best interests of the taxpayers who foot the bill.

Further, some departments are able to perform or withhold services of great importance to individual members of the legislature and the districts which they represent. This in itself is a far more powerful weapon and one of greater danger than the mere contribution to a campaign fund which is admitted by some of the private business interests and their lobbyists.

Nor is lobbying by government confined to the regular agencies of government such as the state departments and the county and city governments. Almost every class of public official has its own organization with the taxpayer paying the freight for most of these groups.

Hence the supervisors, district attorneys, tax assessors, supervisors, municipalities, coroners and county clerks all have representatives or lobbyists in Sacramento. So, too, have the state employees and the teachers and even the judges.

The most simple accounting of the individual activities of some of these governmental lobbyists offers an explanation of why business interests must necessarily maintain representatives in Sacramento.

"HANK" SAYS . . .

The Air Force Aviation Cadet training program will expand this fall with the opening of a new aviation cadet navigators school at Ellington Air Force Base, Tex. The school, designed to train navigators for the latest types of transports and bombers, will be patterned after the aviation cadet pilot program, but the physical requirements will be less rigid.

The first class will begin on November 1, with new classes following each month. Approximately 100 students will be accepted for each class. During the year course of intensive training in the latest methods of navigation, the cadet navigators will receive 184 hours of training in the new "flying classrooms."

A new type of Air Force training, the T-29 will be utilized for this purpose. The T-29 is a navigation-adapted version of a twin-engined Convair airliner.

Successful graduates of the navigator training course will receive commissions as second lieutenants in the Air Force reserve, and aeronautical ratings as navigators.

A former Anaheim Navy veteran who enlisted in the Army last June paid me a visit the other day. He is Edward A. Barnhart, who on account of his former navy training was authorized to enlist in the regular Army in the equivalent grade that he held in the Navy. He finished a refresher course at Ft. Ord and is now on leave before reporting to Ft. Bliss, Texas, for assignment to an anti-aircraft unit.

Ed said he was well pleased with the treatment received at the Ft. Ord training center and had high praise for the training schedule there. He informed me that he thought he might take advantage of applying for Officer Candidate School in the near future.

If any other of you Navy vets who have been thinking of enlisting in the Army, you may still be able to enlist in your former Navy grade as the special anti-aircraft recruitment program is still open at the present time.

Right now, men with no previous service can enlist directly for five big Army outfits. There's the field artillery, the armored cavalry, the engineers, the infantry, or the coast artillery.

To qualify you have to be 17 to 25, physically and mentally fit, and be able to pass the Army entrance examination. After that you'll be sent to basic training and then right into the type of outfit you've picked.

There won't be any slip-ups either. If you pick the engineers, for instance, you'll GO to the engineers. The peacetime Army is interested in seeing that men get the jobs they want and are best suited for.

Don't forget: I've got a big job list down at my U. S. Army and U. S. Air Force Recruiting Office at 128 South Los Angeles street here in Anaheim and anytime you'd like to drop in, I'll be glad to talk over career opportunities with you.

State Sends Out 5½ Million Election Booklets

Sacramento, (WNS)—Distribution of five and a half million, 20-page booklets containing arguments for and against twelve constitutional amendments and initiative proposals, started last week.

Secretary of State Frank M. Jordan said the booklets, which will be used for the November 8 special election, are being forwarded to the state's 58 county clerks and registrars of voters, who will in turn, distribute them to registered voters along with sample ballots.

Copies of the booklets, Jordan said, also are obtainable at his office in the state capitol.

Things don't just happen, someone makes them happen.

Orange Display Takes 13 First Prizes at Fair

Thirteen first prizes have been added to the trophy case of Mutual Orange Distributors for their entry in the Orange County Fair just closed on Sunday evening after a four day run. An excellent display arranged in three beautiful scenes was made from top quality oranges, lemons and grapefruit with packaged boxes completing the arrangement at the front and bottom of the special arrangements. It was one of the most outstanding displays on exhibit during the fair.

Officials of MOD, in arranging the display, stated it is another service rendered to advertise Orange county and its fine Valencia oranges. They advise all growers who are interested in their own welfare to visit the MOD juice plant at 1460 North Olive street, this city, and see the latest equipment in the processing of fruit

Salvation Army Starts Ecuador Clothing Drive

Two hundred and eigthy thousand persons in the earthquake stricken country of Ecuador are in need of immediate aid, according to information received in the office of the Salvation Army social service center serving this area.
As a result, an appeal for men's, women's, and children's clothing and shoes of all kinds is being made by Brigadier Fred Ohrn, manager of the center, for shipment to the disaster torn peoples of Ecuador.
Telephone calls from those wishing to donate articles of clothing and shoes to the project will be received at Anaheim 4631. Salvation Army Red Shield trucks will pick up the material, Brig. Ohrn said, and bring it to the social service center where it will be shipped direct to Ecuador. Donators may mark their contributions if they wish, he said.
According to President Galo Plaza Lasso of Ecuador, the earthquake has incurred damage estimated at $67,500,000 and directly affected 280,000. Of these, 100,000 are homeless and without clothing, food, or shelter. It is to fill the need for clothing and shoes that Salvation Army social service centers are cooperating in gathering and shipping donations from the public.
"Your contribution of all kinds of clothing for this relief project will be picked up by a Red Shield truck," Brig. Ohrn emphasized, "if you will telephone Anaheim 4631. This is an opportunity for us all to put that 'Good Neighbor' policy to work."

Ida F. Dutton Death Ends an Active Career

Residents of Anaheim were saddened this week to hear of the passing of a very prominent citizen, Mrs. Ida Florence Dutton, who died Saturday evening at the age of 92 years, at the Orange County hospital after an extended illness.
Mrs. Dutton was a native of Ohio, she and her family moving to California in 1893, settling in Anaheim, which for the past 41 years has been her home. The family residence is at 727 North Claudina street. She was well known here for her work with clubs and civic activities being a past president of the Anaheim Ebell Club and also a past president of the Orange County Federation of Women's clubs.
Surviving are two sons, Earl C. Dutton of Yorba Linda and Costello C. Dutton of Anaheim; one brother, Elmer E. Linscott and one sister, Mrs. Flora Hale, both of Iowa; four grandchildren and three great grandchildren.
Funeral services were conducted from Hilgenfeld's chapel on Wednesday afternoon. The Christian Science service was read by Mrs. Josephine Pendleton, with cremation following.

Christina Schacht Passes Away Wed.

Christina Schacht passed away last Wednesday night at the home of her daughter at 13506 Dyer street, San Fernando, after an extended illness.
Mrs. Schacht was born in Frankfurt, Germany, in 1887. She came to this country 64 years ago and had lived in California for 60 years. For 45 years the family home was in the vicinity of Anaheim and for the last 15 years she had made her home with her daughter.
Surviving are three daughters, Mrs. Bertha Cain of San Fernando, Mrs. Nels Nelson of Midway City and Mrs. Clinton McElheny of Van Nuys; two sons, Herman and Hery Schacht, both of Anaheim; 11 grandchildren and four great grandchildren. She was a member of the Bethel Baptist church.
Funeral services were conducted from Hilgenfeld chapel Saturday at 2 o'clock. The Rev. O. R. Schroeder, former pastor of Bethel Baptist church officiated. Final resting place was in Loma Vista cemetery.

Mr. and Mrs. William Tram are the proud parents of a daughter, born August 22, 1949, at Fullerton General hospital.

Everybody welcome

CHRISTIAN SCIENCE
"Who hath known the mind of the Lord? or who hath been his counsellor?" These questions propounded by Paul to the Romans are the Golden Text of the Sunday Lesson-Sermon on "Mind" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.
A Scriptural selection from the Psalms reads, "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper."
In the Christian Science textbook, "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible." A knowledge of the Science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms."

Cornell College Dean Is Union Service Speaker

Sunday evening, August 28, the Anaheim Church Association union service will be held at the White Temple Methodist church at 8:00 p. m. The speaker will be Dr. Albion Roy King, Professor of Ethics and Religion and Dean of Men at Cornell College, Mt. Vernon, Ia.

Dr. King was educated at Southwestern college and Boston University. After study and travel in Europe and teaching at West Virginia Wesleyan college, he went to the University of Southern California as instructor and received his degree of Ph. D. in Philosophy from that institution in 1932, and has since been at Cornell College.
He has specialized in the problem of Ethics from the standpoint of modern research in personality psychology. He is the author of "The Psychology of Drunkenness" and of numerous contributions to periodical literature. He is a regular contributor to "The Christian Century" and is a commentator on Iowa-Nebraska news. He is a member of the American Philosophical Association, National Association of Biblical Instruction, Phi Beta Kappa, American Legion and Lions club.
Dr. King's topic at the union service will be "Moderation and the Christian Witness." The union choir under the direction of Miss Gania Demaree and accompanied by Mrs. Joe Burk will sing its usual beautiful choral number. William Fackiner will sing "Come, Ye Blessed" by Scott. The song leader will be "Tommy" Thomason, and the Rev. Howard Congdon, of the First Presbyterian church, will preside.

SWEDISH-AMERICANS HOLD ANNUAL PICNIC
La Crescenta picnic grounds, Dunsmore at Honolulu, La Crescenta, will be the setting for the annual picnic for Swedish-Americans and their friends in California as sponsored by the Vasa Order, nationwide fraternal organization. The date is August 28. During the day there will be children's games and appearance by Swedish folk dancers in their colorful costumes. Walter G. Danielson, Swedish Consular in Los Angeles, will deliver a message during the afternoon program. Refreshments will be served all day and there will be dancing in the evening.

A yawn may be bad manners, says a writer, but is an honest opinion.

Special Union Service to Feature Music

"A message For Our Age," a unique program of choral music and modern dramatic techniques will be presented Wednesday evening, August 31, at 8:00 p.m. at the White Temple Methodist church by the combined choirs of Anaheim. Under the direction of Miss Gania Demaree, the 40 voice group will perform some of the great choral works of religion. A spectacular and dramatic presentation of Herman Hagedorn's epic poem, "The Bomb that Fell on America" is also to be included. The program is entirely in the spirit of the newly born Atomic Age and will forcibly impress its implications for and the need of a United Christendom upon all who attend. Colored slides and a motion picture will vividly portray these new inescapable facts that face our world.
As an act of brotherhood which will carry out the summer union service theme, "Christianity and One World," all who come to the service are invited to bring, if they can, clothing, soap, toilet articles or school supplies for a Christian school in Hiroshima, Japan.
Soloists on the program are Robert Larson, baritone who will sing the "Twenty-Third Psalm" by Malotte; Arnold Lewerenz, tenor, who will sing "There is No Death" by Geoffrey O'Hara; and Ruth Demaree, contralto, who will sing "The Heart Worships" by Gustav Holst. The organist will be Mrs. Joe Burk.

There seems to be no way out of the present world dilemma except the way that Christ would take were he to assume the responsibility of a modern statesman. When men try their way, they become confused, bewildered. We need to learn to follow the Way. The church provides the neecssary teaching. Why not accept the invitation and COME TO CHURCH NEXT SUNDAY?
—Rev. L. Carl Yoder.

Our Preacher Says

By Carl Yoder

To find the will of God is man's greatest discovery; to know the will of God is man's greatest knowledge; to do the will of God is man's greatest achievement. In the light of this statement, the will of God is of greatest importance; history proves that God's purpose is the main thread connecting all events. Sooner or later God's purpose will be seen and the one who has aligned himself with the will of God will emerge in final triumph.

Dreary moralizing is poison in the cup of holy water.—D. C. Peattie.

The soul would have no rainbow had the eyes no tears.

. . . DO YOU KNOW . . .
1. What is the longest Psalm?
2. What are some of the synonyms used for "the law"?
3. Give a notable example of restraint from revenge.
4. What verses in the 119th Psalm teach liberty through obedience?
5. Finish this sentence, "Let the words of my mouth and the meditations of my heart . . ."

. . . Do You Know Answered . . .
1. The 119th.
2. Testimonies, precepts, statutes, commandments, judgments, word, ways.
3. I Samuel 25:39.
4. Verses 41 to 48.
5. ". . . be acceptable in thy sight, O Lord, my strength and my redeemer."

Revisions to Auto Responsibility Law Allow Motorists More Time to Comply

(EDITOR'S NOTE: *This is the second in a series of articles concerning the revised Financial Responsibility Law.*)

Sacramento, Calif., Aug. 18.—More time has been granted to motorists in reporting and meeting security requirements under terms of the revised Financial Responsibility bill now in effect.

As amended at the 1949 session of the Legislature, drivers will have 15 instead of 10 days from the date of a reportable accident to file their reports with the Department of Motor Vehicles in Sacramento.

This will provide them more time in which to obtain complete information on the accident, including supplementary reports and estimates of injury or damage.

In addition, the suspension of a driver's license for failure to report was made permissive instead of mandatory.

Further assistance was given to the motoring public in meeting terms and conditions of the law by providing that the Department of Motor Vehicles shalltake action on a case within 76 days instead of 60 days as provided in the original law. The driver now has 50 days from the date of an accident to establish his exemptions from security before issuance of a security deposit order.

Minors Cleared

The revised bill also corrects situations involving minors which had become intolerable under the old law.

One enables the Department, for the purposes of the Financial Responsibility Act only, to accept releases on behalf of minors without court approval. Because the regular court approval procedure was required in the past, court dockets have become overcrowded with a large number of petitions submitted for no other purpose than to clear the suspension of a driver's license because a minor was involved in an accident and was willing to grant a release.

Furthermore, a driver no longer will be required to furnish security on behalf of his minor child or spouse. Nor will it be necessary for the Department to require a security deposit on behalf of a person who has not submitted evidence of the extent of his injury or damage.

However, in any case where supplementary information is submitted, the Department may reconsider its action in a Financial Responsibility case.

The law also was amended to permit the Department to accept evidence of payment by or to an insurance carrier as relieving a driver from certain security requirements.

Also stated in the law for the first time was the fact that a covenant not to sue shall relieve the signatories of the need to deposit security.

(The third and last of this series on the Financial Responsibility Law will appear Aug. 18).

Mrs. G. Von Velsen Passes on Friday

Mrs. Gertrude Von Velsen, a resident of Anaheim for the past year, passed away at her home at 502 East Center street, last Friday, August 19. Born in New York City, she was 74 years of age.

Surviving are her husband, William, of the home; two sons, Walter C. Von Velsen of Grand Rapids, Mich., and Richard T. Von Velsen of Anaheim; two grandchildren and one brother, Andrew A. Smith of Long Island, N. Y.

Funeral services were held Monday afternoon at 2 o'clock from Backs, Campbell and Kaulbars mortuary with the Rev. Rollo E. Dunham, pastor of White Temple Methodist church, officiating. Interment was in Anaheim cemetery.

STOCKWELL'S HAVE SON

At Fullerton Cottage hospital on August 16, 1949, Mr. and Mrs. Darwin Stockwell of 206 Kroeger street, Anaheim, welcomed a 6 lb. son. Douglas Ray was chosen as the baby's name with the approval of the proud grandparents, Mr. and Mrs. Ray Satchett of 206 Melrose avenue and Mrs. Alice Stockwell of 210 South Illinois street, this city.
