Battle Lull On Rainswept Front

Anaheim's Biggest Fall Season To be Ushered in Next Friday

Anaheim merchants will observe "open house" next Friday (September 15) to inaugurate the opening of the fall season in Anaheim.

The stores will be open from 7:00 to 9:00 in the evening in order that all the folks of Anaheim and the surrounding area can see the new fall merchandise.

Stores will be open all day at their regular times, but will close at 5:30 so that the salesmen may eat dinner before returning to the stores for the grand opening at 7:00.

Plans are underway to make Anaheim's Fall Opening show one of the outstanding events of the season.

Store windows will be dark until 7:00 when the lights will be turned on to usher in the fall season with a blaze of light. Window decorations will be in tune with fall merchandise.

As an added attraction to their special displays, several stores will have models show their merchandise.

Discussion of the program took place yesterday afternoon at a meeting of Anaheim merchants. They all agreed the 1950 fall opening will be a gala event—offering much to interest the people of the Anaheim area.

The meeting also discussed plans for a huge Christmas season in Anaheim. Lights and decorations are scheduled to be in place on November 24.

Allies Look For New Red Smash

TOKYO, Saturday, Sept. 9 (AP)—Allied troops hacked out slight gains at opposite ends of the rain-lashed Korean warfront Friday against dangerously rebuilding red forces.

Little fighting took place on the whole 120-mile battleline. Americans surmised this meant a North Korean buildup during the lull for a new offensive smash.

A U. S. 8th Army spokesman said the red drive by 50,000 men on Taegu, main Allied base on the central front, had "petered out," probably from lack of supplies and sufficient manpower for the present.

The reds had pushed to within seven miles of Taegu before the U. S. First Cavalry Division and South Koreans broke the back of their drive.

General MacArthur's Tokyo headquarters summary early Saturday confirmed this general picture of the front. It said in the northern sector enemy pressure continued but had diminished while the defense front remained intact.

Near the east, it noted that Allied forces continued to hold Yongchun and advanced against slight enemy resistance.

General MacArthur's headquarters warned of a possible new offensive either in the southwest, north or east.

There were North Korean buildups in the southwest, in the north and to the east of Taegu, key central front base. One big red drive bogged down seven miles north of Taegu.

Masan, south coast port 27 air-line miles west of the main Allied port of Pusan, was ordered evacuated of non-essential civilians.

The order was issued when a communist buildup west of the city was noted and U. N. forces were warned 100 red agents in-

PROPOSED LINE—The heavy black line running along Magnolia avenue and Cannery street marks the path the proposed Magnolia Trunk sewer will take if the voters okay it in the September 18 bond election. Also pictured are the communities which the line will serve, thus relieving the pressure on the overloaded Euclid trunk. The area enclosed by the heavy rectangle marks the county-wide sanitation district, which will process and dispose of sewage for the entire county.

ANAHEIM'S '1950 Tide of Empire'

(This is the third of a series of articles on problems facing Anaheim in this period of growth in Southern California.)

Yesterday this series considered the forces at work which prevent Anaheim from deciding upon and following a clear-cut pattern of residential development.

Among other factors considered were the two schools of thought supporting (1) custom-built expensive homes, and (2) tract developments of attractive smaller homes.

It is difficult for some people to realize that there is nothing wrong with homes just because they are located in a large development. The trend, of course, is that way and it is difficult to buck it.

Large tract building, when used to its best advantage, offers the best home for the least money. Naturally, costs are reduced when building is on a large scale.

More importantly to the city planners, it assures some degree of uniformity not only in housing expansion but in the development of streets and utilities.

These factors, of course, must

be considered alongside the custom-built home. The custom-built home presents some problems in that it lends itself to a variety of sizes, shapes, architectural treatment, and costs, which can lead to irregular expansion. However, there is plenty of opportunity for the builder of custom-built houses, when such homes are figured into the neighborhood's scheme of planning.

Happily, most of both our "non-restrictive" and "restrictive" proponents concede that planned, orderly growth must be a goal—where streets, setbacks, minimum construction standards, sanitation standards, zoning, and other planning intended to enhance attractiveness and value are considered.

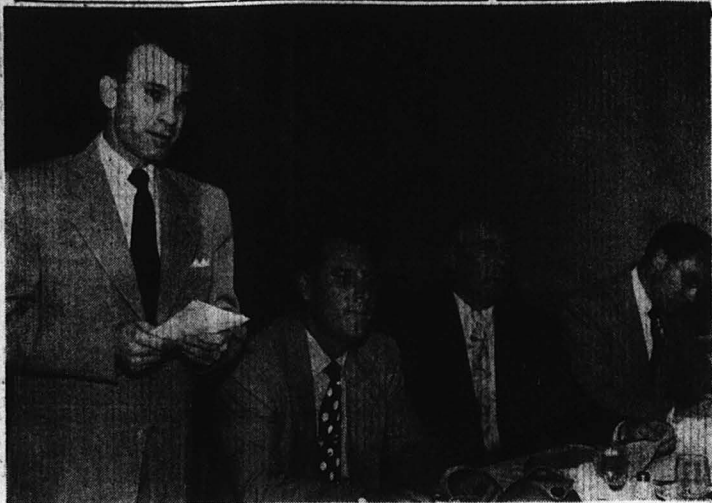

Another point of disension appears to be in the haste to be involved. Should the city charge ahead and seize upon all growth available? Or should Anaheim be cautious and accept tract building and annexations to the city only after long study?

Here, as in many of the other issues involved, the best course would be an intermediate one. The city must proceed with all speed—much faster than it is accustomed to—but through long-range planning and elasticity of action. Caution must be preserved too.

Basically, the following items appear to be the pitfalls, then, which have put brakes on sound, long-range planning in Anaheim. They must be overcome if the city is to grow to its best advantage.

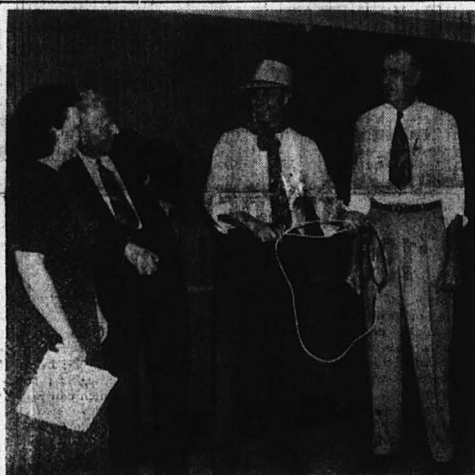

1. Attempts to force growth into abnormal channels. Efforts to build the city of Anaheim into

Cow Pokes and Pokettes Join Roundup Ranks

The ranks of YMCA Member-at-large and Cash Roundup campaign rangers swelled again today as Ranch Boss Bob Quast filed the list of cow pokes and cow pokettes turned in by his group of Ranch Foremen.

Advanced gift campaigning is already underway for the 1950 drive which has a goal of 1000 members - at-large and \$11,000 for YMCA operating expenses during the coming year.

Following are the hands signed by Quast's foremen: Mrs. A. D. Smith—Mrs. Emory Simons, Albert Stokes, Mrs. Milton Kohne, and Mr. and Mrs. John Mary; Dr. Brock Roberts—Dr. and Mrs. John Wilcox, Mrs. Katherine Hess, Mrs. Marion Pickel and Dr. Ken Heuler.

Foremen Wilbert Bonney and Sam Hilgenfeld had not reported at presstime.

Drizzles Dampen Southland Area

Soggy skies last night and this morning dumped "drizzles" of rain on Anaheim but it could all be measured as a "trace." It did wet the streets enough to make them slippery in some spots and some motorists enjoyed the luxury of turning on their windshield wipers.

The sprinkles were part of a drizzle over much of Southern California.

Rain in underground cables in Los Angeles caused a power black-out in a widespread area near the downtown district. Lights were off for about 90 minutes in a busy part of the city.

Crook Posing As Cop Gets \$3850 Haul

Posing as a plain-clothes police officer, a highwayman halted and robbed Loren Hargiss, Long Beach used car dealer, of \$3850 cash at Sunset Beach early today, when Hargiss produced his wallet to show the "officer" his driving license, according to Hargiss' report to the sheriff's office.

Hargiss said he was driving along Coast highway at 2:30 a.m. when a man in a two-tone gray sedan pulled alongside at 24th st., Sunset Beach, and ordered him to "pull over," he said.

Hargiss obeyed and halted his car beside the highway. The man approached and demanded to see his driver's license. Hargiss produced the wallet, containing it and the \$3850 in cash. The "officer" helped himself to everything and dashed to his own car, making off before Hargiss could recover from his astonishment and give chase or reach for the .32 calibre gun which officers later found under the seat in his car.

Instead of pursuit, Hargiss went to a drive in cafe. Some half-hour later, after his meal, he decided to notify the sheriff's office. The trail was by that time very cold.

Temperatures

The temperature reading in downtown Anaheim at 2 this afternoon was 73 degrees. High temperature for the past 24 hours was 70 degrees at 3:25 p.m., yesterday. Low was 62 at 3:15 a.m., today.

Clerk Draws Jail Term for Embezzlement

With indications that a shortage originally stated to be \$11,500 may reach \$13,000, Frederick Miller Berghold, 46, former clerk in the sheriff's civil department, today was sentenced to San Quentin for a term of one to 10 years for embezzling trust funds in his care.

Superior Judge Raymond Thompson pronounced sentence and stated that a recommendation as to the exact length of sentence would be sent to the State Board of Prisons and Paroles by the court and District Attorney James L. Davis.

Berghold had admitted taking \$11,500 which he said he spent gambling, but a report from the County Probation department today said that an audit indicated more than that amount is missing from the sheriff's trust fund.

This fund is made up of cash deposited by plaintiffs in attachment suits.

Probation reports said that Berghold claimed he had lost approximately \$10,000 in the slot machines at the Santa Ana Elks club. He had already stated that he had gambled \$3000 of his own savings, before he started appropriating the trust funds.

He lost about \$1500 at the race tracks, the report said. His gambling at the Elks club was done at the 50-cent slot machines and he often cashed personal checks at the club to obtain funds. He later picked up the checks by paying cash taken from the sheriff's trust funds.

Berghold's remorse at his offense was mentioned in the probation report which said that he hoped to make restitution after he completes his prison term. He is not eligible to probation because the theft involved public funds.

Final Outdoor Church Service Features Band

The last in the series of 10 union outdoor evening services presented in the City Park Greek Theater by the Anaheim Association of Christian Churches will present the Salvation Army Congress Hall band from Los Angeles in a sacred concert this Sunday at 7 p.m.

Under the direction of Major E. K. Tobin, the band has won a reputation throughout the west. It appears annually in the Pasadena Tournament of Roses parade, presents many concert engagements, and is noted as one of the largest and finest Salvation Army bands in America.

Tommy Thompson, Anaheim YMCA secretary, will preside; the Evangelical-United Brethren church will provide the accompanist; and ushers will come from Wesley Methodist church.

Camp Expansion Plans Abandoned

Plans of Citrus Growers, Inc., to enlarge capacity of its housing for Mexican nationals at Anaheim from 400 to 1200 were abandoned today in the face of mounting opposition within the city of Anaheim.

Anaheim opponents of the expansion program poured into the County Planning commission quarters in the Court House Annex for the scheduled hearing at 2:00 p.m. today, only to find that Citrus Growers Inc., had withdrawn its application for a permit to expand.

Lateness of the withdrawal, which arrived this morning, prevented the Planning commission from getting notice to the public that the hearing had been cancelled.

The commission had received a formal protest from the Anaheim City Council and protest petitions signed by more than 200 residents of the vicinity of Vermont and East sts., at the southern city limits of Anaheim.

Citrus Growers, Inc., an organization of packing house managers, provides the housing for Mexican nationals imported to pick the orange crop.

Optimists Hear Russ Ex-prisoner

Dr. A. Renner, Corona del Mar physician, told the Optimists club about his experiences as a prisoner in Russia at last night's meeting at Mother's Kitchen.

Dr. Renner was a prisoner of the Russians for six years and during that time he served as a doctor in Siberia and he told of the mistreatment of prisoners and of fellow men. He also related how he bribed his way out of captivity and his subsequent flight to Shanghai. He is now an American citizen.

Dr. Renner was introduced by Fritz Forker, the program chairman, and the program was under the direction of Vice-President C. O. Garshewiler. Ralph Alexander was last night's man of the hour.

ON TAP—The noted Salvation Army Congress Hall band from Los Angeles will present a sacred concert Sunday night in the Greek Theater as the last of the current Outdoor Union church services.

Brown Fined on Bookmaking Rap

Appearing in city court yesterday afternoon, Ralph W. Brown, 717 N. Philadelphia st., pleaded guilty to a charge of bookmaking and was fined \$500.

Brown was arrested earlier in the day by Chief of Police Mark A. Stephenson at 515 1/2 E. Broadway.

Christmas Block Chairmen Named

Anaheim Chamber of Commerce retail committeemen yesterday appointed block captains for this year's Christmas season decoration program. Block captains will contact merchants in their individual areas to collect funds for decoration purposes.

Chairman for the program is Joe Hurst. Individual block chairmen are: 100 block East Center, R. T. Parsons and Paul Nadorff; 200 East Center, Arthur M. Fisher and John Macloghlin; 100 block West Center, Al Cotler, W. E. White, Wallace Faprocki, and W. A. Sowder; 200 West Center, R. S. Parker and George Seelman; 100 block North Los Angeles street, Howard Schaeffer and Kenneth J. Bradley; 100 South Los Angeles, E. J. Sedlock.

All State Fires Under Control

All fires in the Mendocino forests were brought under control today.

The word came from Chief Ranger C. T. Campbell of the state forestry service at Willits. He said the 300 imported fire fighters, including 100 San Quentin convicts, would be released from the lines tomorrow.

Campbell said that although 78,000 acres had been burned over, the property loss, as related to buildings, was held to the Anderson and Jamison ranches in Sherwood Valley; the post office at Navarre, and two houses there.

There was no confirmed report of any loss of livestock.

There were showers during the night in the Mendocino forest area. Fires still blazed in the Stanislaus forest and in the Agua Tibia mountains in San Diego county.

The fires, since the Labor Day week-end, had caused timber losses estimated as high as ten million dollars.

One of the Mendocino forest fires yesterday covered 22,400 acres in Colusa and Lake counties.

Benefit Luncheon For Job's Daughters In Vincent Home

Janet Vincent, honored queen of Job's Daughters Bethel No. 5, entertained 19 members of the organization in the spacious patio of the Vincent home on E. Broadway Wednesday afternoon.

Proceeds from the luncheon were forwarded to the Grand Council of Job's Daughters for the educational fund which provides scholarships to Bethel members throughout the state of California. As one of her duties each year the honored queen is hostess at a small benefit party for the membership.

Guests included Eleanor Ausburn and Marie Hedblom of Lakewood, Joan Davenport, Carol Barnett, Jean and Joan Bastian, Diane Fagen, Georgianne Ehrle, Roycene Jennings, Joyce Shunk, Carol Owston, Janice Pullman, Joan Robinson, Sharon Nipp, Jean Foster, and Joan Sowden of Anaheim.

Arrangements were made to sell Christmas cards as one of the benefits for the year.

Each of the small tables was set with a brightly colored cloth with a small rose in the center. Assisting the hostess were her mother, Mrs. H. C. Vincent and Mrs. Charles Hedblom of Lakewood.

Stanton Items

Mr. Paul McGlashan of the MacGlashan Air Machine Gun Co., 10732 S. Stanton ave., left Wednesday for Washington, D.C. He will be there on business concerning a government contract for six weeks.

He was accompanied by his 22 year old daughter, Mary, who has been her dad's secretary this past year. Mary attended La Sierra College at Arlington for two years and will stay at Halcyon Hall while finishing her teachers course at Missionary Immanuel College.

Mrs. MacGlashan, 3923 Lime, Long Beach, will leave with her sister-in-law, Mrs. Lee MacGlashan, 3821 Walnut, Long Beach, and drive Mary's sister, Patricia, to the university at Walla Walla, Washington. She will study to become a laboratory technician. The MacGlashans will be in Washington 10 days.

Mr. and Mrs. J. A. Garracker and their daughter, Anna and five year old son, Dickie, drove Mrs. Karkacker's uncle, Theodore Eckert, and Janet Parra, daughter of Mr. and Mrs. Anthony Parra to Mammoth Lakes for a week's vacation. They camped at Twin Lakes. Karkacker is on vacation from John Mitchell and Co., Buena Park electricians.

Balboa Bay Club Setting for Benefit Fashion Show

Welcome news for Orange County women with a flair for fashion is the rapidly approaching date of the charity luncheon and fashion show sponsored by the Santa Ana Auxiliary of the Children's Home Society of California to be held in the Balboa Bay Club on September 14.

Following the buffet service a parade of new fashion headlines whose exciting theme is "Fashions Born to Glow" will be displayed by Dorothy Preble's famous Hollywood models from whose ranks many motion picture players and starlets have frequently been recruited. Mrs. Leonore Shaw of Buffums' Fashion Shop will be commentator on the wide array of fall costumes, sportswear and accessories. "Fashions Born to Glow" will feature the new "narrow-as-an-arrow" silhouette for fall as expressed in rich-textured fabrics, deep-hued colors and jewel-toned accessories. Incidental music will be provided throughout the program by the popular Phil Horton Trio. The magic of mink highlights the news of gifts including a ranch mink scarf, Charles of the Ritz fitted case, Folan Katz umbrella, Revlon fitted case, Corocraft jewelry, brocaded evening bag, La Tausca pearls, Saybury robe and hostess to be awarded during the afternoon.

All proceeds from this benefit party will go to assist the Children's Home Society in this area. The Society provides adoption services to children of all races and creeds including services to parents wishing to consider adoption for their children, medical and psychological study and temporary care of children eligible for adoption, placement of children in homes best suited to them and continued supervision until adoption is completed and services to persons wishing to adopt children. The Society is a non-profit agency licensed by the California Department of Social Welfare and is supported entirely by private donations. The Orange county office of the society is located at 1104 W. 8th St., Santa Ana and is under the supervision of Mrs. Ora W. Chipman.

Tickets for the benefit affair are still available at Buffums' Santa Ana store and from auxiliary members. They will also be available at the Balboa Bay Club entrance on the day of the event. General chairman for the event is Mrs. Arthur B. Wade, who is being assisted by Mmes. Roy W. Potter, Perry Davis, John H. Gilbert, Jr., Clyde Higgins, Robert Banyard, Clarence E. Sprague, Daniel K. Brown, H. Glenn Wallace and William K. Lindsay.

Among those who have already contributed to this worthy charity by their purchases of tickets are Mmes. L. F. Moulton, George A. Horton, A. J. McFadden, R. C. Holles, Kenneth Reafsnider, Maurice F. Tent Revival In Second Week

Attendance is apparently on the upswing as the Old Fashioned Revival services move into their second week in the Big tent at Manchester and Stanton blvds., in Buena Park.

Meetings are currently being held daily at 7:30 p.m., and twice on Sundays at 2:30 and 7:30 p.m.

Demos Shokarian, Norwalk, has joined with C. W. Wise as co-chairman in an effort to bring top talent to the meetings. Shokarian has had considerable experience in this type of work, working at Anaheim last year, as well as in Los Angeles, Fresno, and in the William W. Freeman healing campaign, earlier this year.

The Rev. Ray Smith and the Rev. and Mrs. A. Paul have been the inspirational leaders thus far. Mrs. Rose Shokarian is the pianist and Miss Lydia Sallee the organist.

Stock Market

NEW YORK (AP)—Fresh demand for rail stocks touched off a broad and vigorous advance in the market today.

Rails dominated the trading most of the day. Individual stocks gained as much as \$1 a share or so and the group on average hit a new high since June 1946.

Gains elsewhere were distributed with lavish hand. Even radio-television and motion picture issues, which were ignored for several hours, joined the parade late in the day.

A number of low-priced issues did better than average, including some affected particularly by corporate or industry news.

Trading hit a comparatively fast clip, with turnover approaching 2,000,000 shares for the full session.

Lewis Rites Set Monday

plete head-to-toe wardrobe. All contestants will receive 20 per cent commission inasmuch as books containing five tickets, \$1.25 value are charged to each girl at the rate of \$1 each. Every fifth ticket they sell is their commission.

Each ticket has a double stub. The person selling the winning ticket also wins a trip to Mexico or \$150 in cash. Hence every ticket each candidate sells gives her a free chance.

For the sponsoring organization, the relative position of its Queen candidate when the final count is taken on October 21 determines the booth which that organization will occupy on the Fair midway. The Queen's sponsor gets first choice, second runnerup sponsor gets second choice and so on down the line.

Organizations rent booths from Pan American and then take home all the profits, under the setup. The rules state that sponsoring a queen candidate is the only way to be eligible for a concession.

The list of concessions includes Ham and Bacon wheels, Piggy Bank wheel, Blanket and Novelty wheel, Country Store, Watch-ola, Hoop-la, Spill the Milk Bottle game, Penny Pitch, Cigarette Pitch, Glass Pitch, Dart Balloons, Gold Fish Bowl, Bingo, Food booths and Hot Dog Wagon.

In addition, the festive atmosphere will be enhanced by numerous rides, slides and amusements. It will be a fair and not a carnival. Overly emphasized, pointing out that the undesirable "Carny" element will definitely be excluded from Anaheim's extravaganza.

Last night's meeting was presided over by Festival Chairman Ken Hellyer. Hellyer introduced Community Fair Chairman Adolf Schoepe who in turn read off his list of committee members. The list included Robert S. Borden, finance and personnel; Oscar Solter, queen contest; Merle Soden, exhibit space; Harwood Larson, door prizes; W. L. Saunders, hobby show; Don Derr, kid's day; and Vic Ruedy, grounds.

More than 20 civic and service groups were represented last night at the meeting. The list included: Kiwanis, Ted Payne; Lions, Warren Schut; Rotary, C. H. Russell; Optimist, Tom Yellis; 20-20 club, Ralph Spencer; Junior Chamber of Commerce, Dick Morley; Elks, Lloyd Verry; American Legion, Bud Johnson; Legion Auxiliary, Lucille Johnson; VFW, L. T. Gamble; Isaac Walton, Nick Wingert; F. & A. M., Harry Bradley; Toastmasters, Ed Wright; Altrusa club, Dorothy Dickenson; Ebell club, Mrs. Milton Spencer; Junior Ebell club, Mrs. D. B. Baker; Rebekah Lodge, Barbara Meyers; Job's Daughters, Janet Vincent; VFW Auxiliary, Florence Carroll; Girl Scout Council, Mrs. John Schneider; League of Latin American Citizens, Knights of Columbus, Don May; Business Professional Women's club, Mrs. R. L. Baker.

BEACH FROLIC OR WOODS PICNIC

The new trick in this menu is the use of aluminum foil in broiling the hamburgers. The hamburgers are browned in the skillet at home, chilled well, then wrapped in foil, and stored in the refrigerator until time to leave. When you're ready to eat, just pop the wrapped burgers right on the grill, and in 10 to 15 minutes they're done.

Truman Signs Allotment Bill

WASHINGTON (AP)—President Truman today signed a bill granting monthly allowances of \$45 to \$85 to enlisted servicemen to help care for their families. This is in addition to their regular pay.

To be eligible for these allowances the enlisted men will have to allot part of their pay to their families. These allotments will range from \$40 to \$80 monthly, depending on a man's pay grade.

The allowances are retroactive to August 1. It is estimated that from that date to June 30, 1951, the cost to the government will be about \$300,000,000.

Enlisted men in the lower three pay grades will receive an allowance of \$45 for one dependent. Those in the four higher pay grades will be allowed \$67.50 for one dependent.

All seven pay grades will be granted \$67.50 if they have two dependents. Likewise all grades will be allowed \$85 if they have three or more dependents.

Enlisted men in the lower three pay grades are required to contribute \$40 from their monthly pay. Men in the next two higher grades (E-4 and E-5) will allot \$60, and those in the top two grades (E-6 and E-7) \$85.

Deductions from their pay remain the same regardless of the number of dependents.

Tide of Empire

(Continued from Page 1)

either a Beverly Hills or an exclusively factory-workers town are doomed to failure. Anaheim just isn't built on either foundation. Increase in the number of wealthier and middle income residents must be accompanied by increases in proportionate numbers of just the ordinary guy.

2. Resistance to change. Residents, planners, and developers must be always conscious of the fact that times are changing in Southern California. We seem to be living in a rocket age, not a horse and buggy era. We can shape and direct the change, but we can never prevent it. No city ever has.

3. Lack of sufficient planning and foresight. City officials must realize that prompt action with discernible goals well into the future is absolutely necessary. Planners must be prepared to deal promptly and efficiently with all conceivable types of growth. Zoning is but one phase of community planning.

4. Apathy of the people. Indifference of the public as a whole to the importance of planned, sound development of their city is always a bedrock problem. Not over two per cent of citizens have seen newly proposed re-zoning maps.

5. Hanging of groups over petty details. Personal prejudices and "no-compromise" attitudes have continually blocked prompt and effective action.

Hartfield Contest Set for Sept. 30

Because of the great number of entries that is continuing to pour in, Jack Hartfield announced today that the drawing for prizes in his appliance and television contest has been moved to September 30 at 7 p.m.

The drawing was originally scheduled for tomorrow.

Entries in the contest have been coming in regularly ever since the beginning of the contest early in August. Because of this, Hartfield decided to delay the drawing in order to allow everyone to participate who so desired.

Helen Weir, Queen of the Orange County Fair, will make the drawing.

Larry Doby of the Cleveland Indians struck out five times in one game in 1948.

DANGER IS THE KEYWORD! The inadequate sewerage in Orange county puts in danger the health of our children and ourselves. It endangers our properties, the future growth of our community and our industrial possibilities. Already some communities find that they cannot expand further without additional sewer disposal facilities and new industries are afraid to take a chance. The unsanitary conditions that result from overflowing sewers may easily lead to disease or serious illness to the community. Your ballot in favor of the Magnolia-Cannery trunk on Sept. 18 will correct this condition. Your vote is the answer.

Fullerton Sets Courses in Sales Personality

A new series on the Sales Personality will be inaugurated in Fullerton starting September 19, by the State Bureau of Business Education in cooperation with the Fullerton Chamber of Commerce and the Adult Evening School, it was announced today by Logan Wheatley, director of Adult Education. There is no enrollment fee. Jean Paul Peute, field coordinator with the State Department of Education, will conduct the meetings which will be held from 7:30 to 9:30 p.m. in room 317 on the junior college campus each Tuesday evening, beginning September 19 and ending October 10. All salespeople in the community and others who plan to enter the sales field are urged to take advantage of the conferences, which will feature active group participation and open discussions. Motion pictures involving the sales personality in action will be shown.

A voice recorder will be used and group members who wish may test their voices. Those who attend the meetings will be given charts, reference and other material in order to aid them in getting the most out of the work.

The program: Meeting 1—The Sales Personality—Considering the traits to cultivate and the traits to avoid. Assets and liabilities of personality.

Meeting 2—What Each Trait Is—Analyzing each trait in relation to what it means to the salesperson. Self analysis; friend's analysis.

Meeting 3—Completing The Trait Analysis—Developing in detail the most important factors of personality, strong points, weak points. How they function in sales work.

Meeting 4—Improving Our Sales Personality—Method and techniques which develop the practical and valuable traits resulting in the right sales personality.

In calling attention to the series, Logan Wheatley declared that sales psychologists have found that more salespeople lost their jobs because of a deficient personality than for any other cause. Helping people in this field to weed out undesirable personality traits and substitute those that help them get along with customers and fellow workers, is the aim of the conferences.

Farm Center Meets Tuesday

Entertainment, a potluck dinner, and two reports are scheduled for next Tuesday's meeting of the Anaheim farm center. The meeting will be in the Anaheim High school cafeteria at 6:30 p.m.

Ross Shafer, Tustin, will be the evening's principal speaker, talking for 30 minutes on the war situation in an attempt to clear up any problems that may still exist for voters. A. J. Schutte will also deliver the directors' report.

Entertainment will be provided by The Mysterious Mr. Mower, a slight of hand artist.

SUBSTANCE CHRISTIAN SCIENCE LESSON THEME

"Substance" will be the Sunday Bible Lesson subject in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text from Malachi reads, "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing that there shall not be room enough to receive it."

According to a Bible story from The Acts "there sat in the window a certain young man named Eutychus, being taken into a deep sleep; and as Paul was long preaching, he sunk down with sleep, and fell down from the third loft, and was taken up dead. And Paul went down, and fell on him, and embracing him said, Trouble not yourself; for his life is in him. . . . And they brought the young man alive, and were not a little comforted."

Mary Baker Eddy asks in "Science and Health with Key to the Scriptures": "Are material means the only refuge from fatal chances? Is there no divine permission to conquer discord of every kind with harmony, with Truth and Love?" Again she states, "Under divine Providence there can be no accidents, since there is no room for imperfection in perfection."

PAGING MAJORETTES
All majorettes who are in high school this year are urged to try out for positions with the AUHS band Tuesday, after school, at the AUHS band building. Bill Cook, director, and Jo Burdick, head majorette, will make tryouts as simplified as possible. Candidates bring suitable clothing and batons.

Anaheim Gazette

by JOHN S. NEUBAUER

FOOTNOTES—Joel Newkirk is an ANAHEIM lad who is being reared in Fullerton. The 13-year-old schoolboy wants to become a baseball player so badly that he has even learned to be a lefthander. What more—he is ambidextrous. . . . Another ballplayer who grew up west of ANAHEIM, Bob Ross is a southpaw by choice. A natural lefthander never thinks right handed, that is. . . . Heavenly Helen Weir, might have been Miss ANAHEIM and the Queen of the Orange County Fair, but Monday morning she'll be another ANAHEIM high co-ed again. . . . Tech Sgt. James Heffron hasn't given up his baseball career. He will commute from Camp Cooke weekly (if he can get the required leaves) to play for J. F. Lemon's team. The little ANAHEIMER was the sparkplug of the team. . . .

PROFILES—ANAHEIM is fortunate indeed to have such an outstanding Christian leader as Dr. Frank Butterworth to serve as an inspirational leader. A man with courage and determination, Dr.

Butterworth's magnetic personality wins everyone's wholehearted cooperation in building a bigger, better and more prosperous ANAHEIM.

GAZETTEER—Yes, it is possible for you to help the GAZETTEER serve you and ANAHEIM better. You can call the GAZETTEER's attention to newsworthy items that we miss. You can tell us about your friends and relatives. . . . You can ask questions. . . . If the GAZETTEER makes any statement with which you do not wholeheartedly approve, let us know. . . . When we err, or overlook some important item, we want to know about it. . . . A columnist's duty is to serve and inform his readers to the best of his ability. The GAZETTEER will not knowingly offend anyone or any group and will be as impartial as is humanly possible. . . . The purpose of this column is to praise and not condemn. If the GAZETTEER can not say anything good about anyone, he won't say anything at all. . . . It is only natural, then, that we solicit your wholehearted cooperation in keeping us posted. Drop us a line or a card. Tell us about yourself or your friends. Everyone—no matter who he (or she) may be, likes to see his (or her) name in bold face type. The GAZETTEER is for and about ANAHEIMERS. . . . Yes, do help the GAZETTEER serve ANAHEIM better by your whole-

hearted cooperation. . . . Just write: John Neubauer, P.O. Box 501, Anaheim. . . . Thanks. . . .

COMMENTARY—Most ANAHEIMERS seem to agree that there should be summer band concerts in the City park Greek Theater. Some are rather indignant with their remarks concerning a band. They agree that most folks like the stirring rhythms of a band, but they can't understand why interest has been allowed to wane and the City band disappear from the scene. There were many nostalgic comments, too. It doesn't take an old timer to remember those band concerts "back home" and how the folks used to gather at the park square on Saturday night for a friendly get together. . . . "You know, I kinda miss all that," one ANAHEIMER wrote. "We used to have our band concerts, and all the people in town used to turn out and have a downright good time visiting with one another. I remember how Ma used to slick us up, and how the old folks used to gather around in huddles and talk things over. I remember, too, how we used to look forward to those Saturday nights when I was growing up, because we'd always meet our best gal at the band concert in the park. . . . "Folks nowadays have lots of conveniences—radios, television, movies and stuff like that—but give me the good old days, the happy carefree days when we used to have all-day picnics, bandconcerts and a lot more happiness and content-

ment. . . . I want to thank you for having brought back fond memories of my youth, of the days that used to be—days to be treasured in memory forever. . . . Thanks, Mister, for the kind words, but let's get together and work for a bigger and better ANAHEIM—an ANAHEIM with an ANAHEIM City band.

REMEMBER—Every knock may be a boost but hardly as welcome as a compliment.

TB Field Exec Gets Permanent County Post

Miss An Katherine Haney, formerly field consultant with the State Tuberculosis and Health association and, since last June, serving as interim executive secretary of the Orange County Tuberculosis and Health association, has been officially appointed to the post, it was announced here yesterday.

Miss Haney's headquarters are in the Santa Ana Community center.

The Tuberculosis association is engaged in the three-fold program of preventive work, case finding and research. The Orange county association some time ago provided the x-ray truck that gives free chest x-ray examinations in schools, industrial plants and elsewhere.

Work of the Tuberculosis association is completely financed by sale of Christmas seals.
