Weather

Southern California - Low clouds and local fog along coast areas. Mild rain or drizzle in moderate valleys during night and early morning hours as fog. Variable high clouds during Thursday but generally sunny days.

SAN FRANCISCO (AP) - A short, moderate earthquake - the second in 10 days - shook the San Francisco Bay area yesterday afternoon. It rattled windows and dishes but caused no damage.

MEXICO CITY (AP) - Mexico's Army is planning to hold its greatest maneuvers next month, with some 10,000 troops participating.

Pressure Brings Change in Order

TOKYO (AP) - Gen. Mark Clark under Pentagon pressure today reversed an order requiring battle front troops to stay in the line 9 1/2 months before they are eligible for rotation home. The time remains at nine months, or 36 points under the Army's system.

But Clark said rear area troops have to serve longer than previously because of a lag in replacements. No specific point quota was announced. Clark earlier had set it at 34.

Nation Faces Lengthy Strike by Miners Unless WSB Action Changed

WASHINGTON (AP) - A long coal strike - possibly extending past the presidential election - seemed in the air today with John L. Lewis insisting his miners get all of the pay raise they negotiated with mine owners.

Lewis appears to have turned down a dead-end street by saying striking soft coal miners will return to work only when they get the full \$1.50.

The government's Wage Stabilization Board has shaved 46 cents from the \$1.50 raise, saying only \$1.50 is allowable under inflation-control policy. Mine owners say they can't violate the government order.

Reducing of negotiated pay raises by the WSB has happened many times in the past, with the unions always accepting the decision, even though reluctantly.

But Lewis, in a letter to a chief industry negotiator yesterday, fired a bitter verbal barrage at WSB members and other stabilization officials.

Lewis said the WSB action was an "attempted robbery" of milk money from miners' babies.

There seemed no way out of the impasse.

All this posed a problem for the Democratic administration in the home-stretch of the presidential campaign. It is generally considered bad politics to have a big strike in progress at election time. But any yielding to Lewis is widely regarded as endorsing the Democratic presidential nominee, Adlai Stevenson, but some officials feel he is promising to do something of a liability to Democratic electorates.

Sen. Joseph R. McCarthy, Wisconsin Republican, blasted the whole coal situation on the administration in an Oak Hill, W. Va., campaign speech last night.

Coal operators were being edged on both publicly and privately by Lewis to try to persuade the government to reverse the WSB decision. There is no precedent for such an appeal. And it was widely predicted that if by any chance the WSB should be reversed, its members would quit.

TRICK RIDER - A headliner at the Halloween festival Indiana show the night of Oct. 27-28 at La Palma Park will be Smokey Chiam, internationally known trick rider.

A special feature will be the Victor MacLagen motorcycle corps. L. A. "Speed" Riggs, the tobacco auctioneer, will be master of ceremonies.

Indian Troupe to Present Stadium Pre-Parade Show on October 32

Twenty Indians in native regalia will present the fast-moving Indian variety show in La Palma Park on the evening of Anaheim's Halloween festival, Saturday, Oct. 32. Headliners will be the trick riding and roping team of Princess Sunbeam and Smokey Chiam, while L. A. "Speed" Riggs, of sputter, sputter, sold American fame will be the rapid fire master of ceremonies.

A big attraction from past years will be repeated when the Victor MacLagen motorcycle corps presents a new and colorful motorcycle riding exhibition.

The Indians will represent the Creek, Cherokee, Laguna, Navaho, Tewa, Hopi and Ojibwa tribes. They will perform in a series of ceremonial dances, chants, and war dances - all in full, colorful Indian garb.

Tidal Wave Strikes Savage Blow At Indochina Port City; 30 Dead

MANILA (AP) - The season's worst tropical storm killed at least 47 persons and injured hundreds in a wild sweep across the Philippines before it veered into the South China Sea.

Preliminary reports from the devastated provinces indicated the toll might rise higher.

Thousands were homeless. Crop damage ran into millions of dollars.

Across the South China Sea, nature struck another savage blow. A tidal wave ripped into the Indochina port city of Phan Thiet late Monday, killing at least 30 persons. It is feared the death toll may run into the hundreds.

The wall of water cut the town in two. Much of it still was under six feet of water today.

Manila reports said the bodies of 21 typhoon dead had been recovered in Sorogon Province.

The mayor of Legaspi City reported by radio:

"Sixteen dead, 90 per cent of private homes destroyed, public buildings destroyed, crops washed out and communications paralyzed."

The Philippines News Service said eight were dead in Camarines Norte and Camarines Sur.

On battered Samar Island, which bore the full brunt of the 100-mile an hour winds, the mayor of Leont reported 80 per cent of the homes destroyed and crops "completely wiped out."

Widespread damage and destruction also was reported elsewhere on Leyte Island.

Manila was spared, but high winds ripped through the city. Highways, rail lines and bridges were cut. Coastal areas were flooded. Three island boats were sunk.

Employees Due Two Hours to Vote, Brown Says

SACRAMENTO (CNS) - The California working man will have plenty of time to vote Nov. 4, Attorney General Edmund G. Brown has ruled.

The attorney general ruled in response to questioning by Paul Scharenberg, director of industrial relations, that an employee of any firm, or of any government office, has an absolute right to take two hours off during his working day for the purpose of voting.

The opinion over-rides two previous opinions of the attorney general on the subject.

"Such an employee," said Brown, "has such a right without indicating a need or necessity for such a two hour period. The worker is entitled to the two hours off even if his usual work-day would allow him to take consecutive two hours, either before or after working hours, between the time of opening and closing of the polls."

Brown's opinion pointed out that in 1911, a bill was introduced in the legislature seeking to amend the present law so that the employee would be entitled to the two hours off only on a showing that he did not have two consecutive hours between time of opening and closing of the polls.

The measure was vetoed by Governor Warren, who said at the time he believed it is the interests of sound government to encourage the people to vote.

TOKYO (AP) - A volcano which rose out of the ocean 200 miles south of Tokyo Sept. 17 erupted again yesterday, said a report from the fishing boat Maru from the fishing boat Maru to the Yaku wireless station in Shizuoka Prefecture today.

South Anaheim Boosters Will Enter Float

South Anaheim Boosters, an organization formed to help with Halloween activities, will enter a float carrying an Indian theme in the coming Oct. 32 parade, according to Mrs. Lee Shaw, secretary-treasurer of the group.

Progress on the float has reached the point where decoration of the basic wooden framework can now begin.

The float will be carried by a jeep and will be decorated with gladioli, chrysanthemums, roses and other flowers in season. Flowers are being donated by Gernman's Nursery of Los Angeles.

Riding on the float, which is entered in the All-Fullerton division, will be Roland Field, as an Indian chief, and Ann Fabian and Paula Lande as Indian maidens.

Ray Field is chairman of the Boosters group and Lee Shaw is in charge of decoration of the float. Although the organization was formed specifically for the Halloween festivities, there is a chance it will become permanent, Mrs. Shaw said.

WASHINGTON (AP) - The Defense Department today announced the highest weekly U.S. casualties in the Korean War since the week ended July 2. The total for the week ended last Friday was 963.

This raised the total U.S. casualties in the Korean fighting to 122,117.

PACKING HOUSE RAZED - Fire, which broke out between 6 and 6:30 a.m. today, at 210 W. Walnut st., Fullerton. The building left only masonry walls standing of the Fullerton Mutual Orange Assn. packing house was a total loss.

Fire Reduces Packing House To Wreckage

Fullerton (AP) - Fire today razed most of the Fullerton Mutual Orange Assn. packing plant at 210 W. Walnut st., with damage estimated by Manager Tracy Wiles at \$350,000.

The brick structure caught fire about 6 a.m. from a shorted cooling motor in the basement. Flames swept quickly through the building but a fire wall saved the office section and records.

Wiles said most of the lost was in an early orange and lemon pack, completed last Saturday for winter shipment. Other nearby packing houses were blistered but undamaged, as fire departments from the cities of Fullerton, Brea, Anaheim and La Habra and Orange county fought the blaze.

During the fire, a freight train attempted to slide by on nearby tracks. Three box cars caught fire. The train was shunted to a siding while the blaze was put out.

'Get Out the Vote' Project Moves Into High Gear as Election Nears

It will be almost impossible for an Anaheim resident not to vote Nov. 4.

He won't be able to forget it - newspapers, radio, television, signs and posters will be full of the admonition, "Get out and vote!"

But that isn't all. All day, Nov. 3 and 4, an Anaheim junior chamber of commerce car will tour the city with a public address system and remind the citizenry to get out and exercise their franchise.

At 2 p.m., Nov. 3, a Jaycee-sponsored election parade will wind through downtown Anaheim, pointing out in every possible manner the benefits to be derived from voting and also warning of the dire calamity that can be promoted through failure to vote.

Plans for a Jaycee motor pool to haul citizens who need assistance to the polls are complete and ready to be put into operation. Any Anaheim who needs a ride to the polls has only to call Anaheim 1235, and a driver will be on his way.

The motor pool headquarters will be the chamber of commerce office, 136 S. Los Angeles st. and residents may also obtain a list to the polls by calling at the office in person. Police Chief Mark Stephenson has agreed to reserve three parking places in front of the office for use of the motor pool.

But that isn't all, either! In addition to all this, the Jaycees have even thought of motherhood. If she is stuck at home with a couple of children, the Jaycees have the answer for her, one, too. They'll provide a baby-sitter. Or, to be more accurate, Anaheim union high school principal, Paul Demaree, has consented to permit high school girls to take over baby-sitting chores on election day for voters who utilize the Jaycees' motor pool service.

The only thing the Jaycees haven't arranged for is a portable polling place. However, don't be sure they're not busy laying out to "Get out the Vote!"

One of the most popular spots in Anaheim of an evening is the reading room of the public library. The price of current magazines being what they are, many folks go to the library to enjoy the latest issues. Home-makers particularly revel in Harper's Bazaar, Vogue, Good Housekeeping, Ladies Home Journal, House Beautiful and Parents magazine.

POPULAR PLACE
How to do it books are enjoying popularity second only to the magazines. Brand new is Sunset's patio book. How to plan your patio is discussed to the full extent with many, many pictures of Southern California to illustrate planning, paving, shelter, pools, play areas and so on. Easy to follow directions.

New, too, is Mary Thomas's dictionary of embroidery stitches, now in its sixth printing. This is a delightful handbook for the home-maker who is a devotee of the art of embroidery. Whether expert or amateur, she will find this a very useful and interesting book, a complete reference work that reveals every move, from needle and thread with clear, simple illustrations.

The ink is scarcely dry on Kay Hardy's "How to Make Your Own Slipcovers." This book includes all types of slipcovers: chairs, couches, various shaped cushions and bolsters, dressing tables, ottomans and benches. It tells you how to measure the required yardage, includes a table of recommended fabrics and colors, shows how to cut and fit the slipcover, how to select trimmings for your slipcovers and how to make your own trimmings.

You will find these how-to-do-it books and scores more at the Anaheim public library.

It is a tasty new version of French SOUP's onion soup that is really something special. Developed by a well-known soup canner, it needs only the addition of water and ten minutes simmering to bring out a marvelous flavor.

Nice to serve at lunch time when the children come home from school. As a prelude to dinner, serve it before meat, sizzling chops or mince steaks. French onion soup is traditionally poured into individual little earthenware bowls, topped with toasted bread rounds. (French bread is best). For a final touch, dust the toast and soup surface generously with grated cheese.

Your oven baked to capacity saves you time, saves on fuel bills. Next time you save a ham set the OVEN temperature gauge at 325 degrees. There will be MEAL room for a big dish of scalloped potatoes and a baked dessert. Temperature is just right for apple crisp which is easily made by filling a buttered baking dish with four cups of sliced apples. Sprinkle the apples with a teaspoon of cinnamon and a dash of salt. Add four tablespoons of water. In a separate bowl, toss together one cup of sugar, five tablespoons of butter or margarine and 1/2 cup of flour. When well mixed and crumbly, sprinkle over the apples and bake about 45 minutes. Serve warm with whipped cream or ice cream.

Careful spacing will still leave room for from four to six halves of acorn squash layed cut side down on a greased cookie sheet. Bake until tender. Then turn cut side up and add a lump of butter and a sprinkling of brown sugar to each one. Continue baking until brown and bubbly.

Fall 1937's biggest fashion fabric—jersey—can now be had in cotton! And what is more, it can FASHION your yard for home sewing FABRIC. The cotton jersey has texture and draping qualities that lend themselves to all types of garments: afternoon gowns, cocktail dresses and the casual clothes with which we most often associate jersey.

Still is has all the advantages of cotton, is non-raveling, easy to sew and comes with a nylized permanent finish which gives it a rich lustre and faster drying qualities.

Where the pattern calls for an abundance of shirring, as is often found on bodice and skirt of the fashionable tight ribbed empire dress, cotton jersey drapes well. The sweater type jackets which can be self bound with a contrasting fabric or ornamented with pearls and other glitter is another jersey "daring" as is the wrapped blouse with diagonal front closing which ties at the side.

Unpressed pleats on four gore or straight skirts are natural as well as straight skirts with back fullness. All shoulder and sleeve treatments whether tailored or soft are recommended.
