Ground Breaking Held at Site Of New Vacuum Cleaner Factory

With representatives of the city of Anaheim, Anaheim Chamber of Commerce and the Interstate Engineering Corp. looking on, L. D. Fedderman, IEC president, and Anaheim Mayor Charles Pearson today broke ground for the new IEC factory at E. Vermont st. and the Santa Fe tracks.

Included in the group of observers were the following IEC executives: Frank E. Booth, executive vice-president, treasurer and director; John E. Koster, vice president in charge of sales, secretary and director; James S. Gallagher, vice president in charge of production; Robert W. Linnecher, national sales manager of the Vacuum Cleaner division and slated to be general manager of the Anaheim plant; William Q. Heintze, divisional sales manager; Ralph Fliegner, credit manager; William Currier, controller; William Theis, chief engineer; Milton Thomas, industrial engineer; Ed Russell, design engineer and Humphrey Daniels, production foreman.

Other representatives of Anaheim included Councilman Bob Boney, City Administrator Keith Murdock, Building Inspector Homer Wallace and George Oelkers, Light, Power and Water department director.

Clyde Cromer, chairman of the Industrial division of the Chamber of Commerce, C. of C. officials included President Stan Whieldon, Secretary-Manager Earnie Moeller, AAIG Field Manager George Strachan, and Industrial Division Chairman Clyde Cromer.

Following the ground-breaking, the group attended a luncheon at Anaheim Elks club with Cromer in charge. He introduced the Mayor, who, in turn, introduced the members of his official family. Chamber officials were introduced by Cromer, followed by the introduction of the IEC men by Fedderman.

Cromer presented Fedderman with a gilded shovel, appropriately inscribed, as a memento of the occasion.

Others introduced during the meeting were Barney Jordan, manager of Security-First National Bank branch in Anaheim, who, according to Cromer, supplied the first tip that IEC was in the market for an industrial site; Jess Medaris, realtor, who handled the land sale; Ernie Hahan, of the contracting firm of Hahn-St. John builders of Anaheim's Korpark Homes and contractors for construction of the IEC plant.

Fedderman described his firm's search for a suitable site, which extended from Santa Barbara to the Los Angeles area. Santa Barbara had no sites, San Gabriel valley was too hot and smoggy. San Fernando valley wasn't suitable, which narrowed the choice to Anaheim and Santa Ana.

"As far as we are concerned, Anaheim won the toss because her people were 'on the ball'," Fedderman said. "That includes city officials, realtors, Chamber members and bankers. In fact," he stated, "Anaheim people we dealt with were more on their toes than those of any other city."

The 45,000 square-foot factory is to be constructed of brick, providing 4000 square feet of office space. $100,000 to $150,000 of equipment will be moved into it when production begins May 1, 1953, Fedderman said. The Anaheim division will be known as Interstate Electric Corp., and will devote its facilities to the manufacture of Compact vacuum cleaners and some defense items.

At the conclusion of the luncheon, names of all attending were thrown into a box and Mayor Charles Pearson drew one name to decide who would win a Compact vacuum cleaner and Polish-Aire attachment, the set up worth about $160.

Drawing a slip, Mayor Pearson handed it to Fedderman. Fedderman read the name in a loud clear voice: "Charles E. Pearson."

Sentence Delayed

RIVERSIDE (AP)—Sentencing of John Chauncey Lawrence, 37, convicted of murder in the sex-slaying of his 16-year-old niece, Kathryn Knodel, a Redlands high school girl, was continued yesterday until Dec. 12.

The continuance was granted after Lawrence's attorney made a motion for a new trial and said he would need time to prepare his argument.

Hearing Set for December 10 in Santa Ana Court

Filing of a murder charge yesterday against Mrs. Frances Constant Thorpe, 38-year-old Seal Beach nurse accused of shooting her husband to death on Thanksgiving Day, was followed by her arraignment and the setting of her preliminary hearing for Dec. 10 at 10 a.m. in Santa Ana Justice court.

Herman Theodore Thorpe, 52, the husband, who had operated a pool hall at Garden Grove for 26 years, was shot to death in the living room of the Thorpe home at Seal Beach at 2:35 p.m. Thanksgiving Day, according to his wife. She declared that he shot himself. The district attorney's office and Seal Beach police claim that she fired the two bullets that struck him.

One shattered his left forearm, the other entered his upper left chest, severed his jugular vein, and ranged downward and to the right, emerging low on the right side of his back. He could not have used his left hand, and the course of the bullet through his body showed that he could not have held his right hand in position to inflict such a wound with the weapon, officers contend. They also said there were no powder burns on his body, or clothing.

Mrs. Thorpe said that they had a minor quarrel and scuffled, while Thorpe was holding the gun. She fell and was knocked senseless, she said. When she recovered her senses at 6 p.m. she saw his dead body lying on the floor near her, she said.

Two former district attorneys of Orange county, S. B. Kaufman of Anaheim and Z. B. West of Santa Ana, are defending Mrs. Thorpe.

Atomic Age is Ten Years Old

CHICAGO (AP)—The Atomic Age is 10 years old today.

In late afternoon on Dec. 2, 1942, a group of scientists filed out of the University of Chicago. Several grinned, most had a look of work well accomplished.

A guard stopped one of them.

"What's going on, doctor, something happening in there?"

Something had happened.

The scientists had witnessed in a converted squash court beneath the west stands of Stagg Field the now-famous "Chicago Pile" experiment by which man first demonstrated that he could release the energy of the atom, and more important, could control it.

Anaheimer Found Guilty of Theft

Henry Lee Morgan, Jr., of Anaheim, charged with felony auto theft, was today awaiting hearing of his plea for probation Dec. 12 after being found guilty by a jury in one of the shortest trials Orange county courts have conducted.

The jury was selected and all evidence completed by 11:30 a.m., an hour and a half after the case was called for trial yesterday in Judge Robert Gardner's court. The jury then took the case and returned a verdict of guilty shortly after 2 p.m.

Morgan was convicted of stealing an automobile Oct. 18 from Carl R. McGinnis, when the car was parked at Broadway and Philadelphia sts., Anaheim. The car was recovered a little later in an eastern Fullerton residential section.

Dep. Dis. Attorney Robert P. Kneeland charged that Morgan had taken a number of other cars previously.

Called to the stand in his own defense by Public Defender N. D. Meyer, Morgan testified that he did not remember having taken the car, having been intoxicated at the time.

Italy's Orlando Dies at his Home

ROME (AP)—Vittorio Emanuele Orlando, last surviving member of the Big Four architects of the Peace of Versailles, died at home last night at the age of 92.

The man who steered Italy to victory in the first world war suffered a stroke a week ago. Although he clung tenaciously to life, he knew the end was near.

Before he sank into a coma Wednesday, the silver-haired Sicilian statesman, called "Premier of Victory" by the Italians, asked for the last rites of the Roman Catholic church.

SACRAMENTO (AP)—California's 32 Republican presidential electors will meet in the Capitol Dec. 15 to cast their votes officially for President-elect Dwight D. Eisenhower and Vice President-elect Richard M. Nixon. It will be the first gathering of Republican presidential electors in this state since 1928.

Two Unions Give Reuther Support For Succession

By NORMAN WALKER

ATLANTIC CITY (AP)—The rubber and oil workers unions early today threw their strength to Walter P. Reuther, auto workers president—just about assuring the 45-year old Reuther of becoming the CIO's new president.

Reuther, red-haired **union chief who has had a meteoric career in the labor movement, was regarded as having sufficient votes to win the CIO's top job easily, to succeed the late Philip Murray.**

Reuther claimed an "overwhelming victory," but forces backing Allan S. Haywood, CIO vice president, claimed they were still in the running.

President O. A. Knight of the oil workers told newsmen his union's convention votes would be cast in a block for Reuther.

L. S. Buckmaster, head of the CIO Rubber Workers, issued a statement similarly pledging to Reuther.

The two unions represent nearly a half million members.

Earlier, delegates attending the opening session of the CIO convention called for an end of government wage controls and applauded a suggested merger with the rival AFL.

Ike Completes Cabinet; Names Weeks and Durkin

NEW YORK (AP) — President-elect Dwight Eisenhower's cabinet was completed today with the announcement that he has designated GOP party official Sinclair Weeks of Boston for secretary of commerce and labor leader Martin P. Durkin of Chicago for secretary of labor.

Durkin is an AFL union leader and a Democrat who voted for Gov. Adlai Stevenson. He is the only member of the Democratic party in the cabinet.

He is general president, United Associated of Journeymen and Apprentices of the Plumbing and Pipe-fitting Industry of the United States and Canada, International Union, American Federation of Labor.

In Washington, he told reporters he was surprised by the appointment but believes Eisenhower will give full consideration to the problems of labor.

Proposed Residential Restriction In M-1 Zone to get Public Hearing

After extended debate and some argument yesterday afternoon Anaheim planning commission set public hearings for Jan. 5 and Feb. 2 on a proposal to exclude residential developments from sections of Anaheim zoned for industrial use.

Before arriving at their decisions, however, the planners argued nearly to basic concepts of the scope of a planning commission.

Commissioner Joe Thompson objected to the proposed change in the municipal code because he felt it would be depriving a citizen of his right to do with his property as he saw fit.

"We arbitrarily, on our own initiative, zone a piece of land as industrial," he explained. "Suppose the land sits idle because the owner can attract no industrial buyer. Should we have the right to tell him he cannot sell it to a subdivider for residential development?"

"On the other hand," argued Chairman Ralph Summers, "the whole idea of planned zoning is to protect all property in the city and to assign to it uses appropriate to its location, nearby facilities, and so forth."

City Attorney Preston Turner, called in to render an opinion, said he thought California courts would uphold such a restriction, provided that it can be shown that such zoning restriction is part of a well ordered plan for the development of the city designed for its general welfare and that of its residents.

Discussion of code changes in regard to parking requirements in the downtown area were postponed for lack of time, as were consideration of possible zoning for all areas in Anaheim's sphere of influence and in the proposed Acacia st. annexation.

The planners sent a recommendation to the council for approval of the Acacia st. annexation, now starting through the legislative mill for about the fifth time.

The variance requested by Stanley W. Heuser of Arcadia was granted. This will permit him to make two half-acre lots off a one-acre piece at 2218 to 2228 E. La Palma ave., subject to the following stipulations: Setbacks on the two lots must conform to setbacks on neighboring pieces of property and structures may not be set back from the property line more than 150 feet.

The variance requested by Fred S. Jones of Montebello to allow him to erect multiple dwellings on a strip of land between Lemon and Los Angeles sts., south of Vermont st., was held over for a study of possible reclassification of the parcel. Action will be taken at the next regular meeting, Jan. 5.

Seller Speaks to Anaheim Rotary

Vic Ekdahl, of Vernon, who put in 39 years "in the selling end" for Swift & Co., spoke to the Anaheim Rotary club at its regular noon meeting yesterday on "Selling is Like That."

His formula for good selling is to advertise, make friends, and "think about mom"—the heavy buyer for the family.

A "sin" in business, he said, is for employers not to talk to employees to bring out devotion and enthusiasm for the job and tieing them to the employees' capabilities.

As for advice to young people, Mr. Ekdahl said "decide you want to have a particular career and work like the dickens." Be what you want to be. "Play the game you like to play best."

During the meeting Joe B. Thompson, inducted Marshall McFie, assistant Anaheim postmaster, into the club. Dr. Ed Jordt, Ron Brandon, and Ray Alden all received prizes from the club's Christmas charity fund. Arch Baker presided at the meeting.

Optimists Prepare for 2nd Annual Auction Sale

Thousands of dollars worth of merchandise is again pouring into the Anaheim Optimist warehouse in preparation for their second annual Auction Sale scheduled to be held the nights of Dec. 4 and 5 at Tex Middleton's DeSoto-Plymouth showrooms at 420 W. Center st. Headed by co-chairman Bob Schooler and Al Garvey, the entire club is busy rounding up merchandise from manufacturers, wholesalers and business concerns all over Orange county.

A brand new gas range will be the delighted bargain of some fortunate housewife. Automatic washing machines, a dozen television sets and many other household appliances will go to a lucky bidder.

Furniture dealers all over Orange county have contributed living room upholstered davenports and chairs, dinette tables, lamps, coffee tables, bedroom sets, mattresses and articles too numerous to mention.

It should prove to be another field day for the home gardener. Listed for sale are innumerable choice azalias, camellias, pyracanthas, bird of paradise plans, split philodendrons, dichondra seed, and such necessary other items as fertilizers, garden hose, hand clippers and pruning shears.

Again some good used cars will be sold at auction to the fellow who needs a work car with a lot of serviceable miles left under its hood. Service stations are contributing auto polish, seat covers, batteries and gallons of high quality motor oil.

For the youngsters there will be bicycles, new and used, toys of every description and at least a dozen dolls. Jewelry from Anaheim's foremost jewelers is listed for sale. Clothing for both men and women will be on display.

Through the courtesy of the David Weisz Co. in Los Angeles a professional auctioneer, Harry Engleson, will wield the hammer. All proceeds will go for Optimist Boys work in the community.

62-MPH Wind Hits San Francisco; Waves Sweep Man from Fishing Boat

SAN FRANCISCO (AP) — Wind and rain beat over Northern California yesterday as blizzards drifted snow high in the mountains.

The storm contributed to several accidental deaths. Many streets and highways were flooded, power lines were snapped and some buildings were unroofed. High waves swept an unidentified man from a fishing boat off San Francisco. He was not found.

The main disturbance passed over Northern California and into the Central section during the day. Winds, which hit up to 62 miles an hour in San Francisco, and 60 at Sacramento, were expected to diminish.

But the Weather Bureau said a series of storms will push southeastward into California through a low pressure trough and there probably will be intermittent rain through tomorrow.

Storm warnings were flying from Southern Oregon's Cape Blanco to Point Conception, in Santa Barbara county.

There was 17 inches of snow at Donner Summit, on Highway 40, at noon, and it was snowing heavily. The California Automobile Association said snow over the trans-Sierra routes to Nevada made tire chains mandatory on Highway 40, and advisable over Echo Summit, Highway 50, where there was 10 inches of snow on the ground.

Several lumber mills closed in Humboldt county after gales ripped out power lines.

Two inches of rain fell in about three hours at Redwood City, for a time virtually isolating the business district from residential areas.

The blustering gale and pouring rain caused many automobile accidents on Bayshore Highway, south of San Francisco. In one of those crashes, Ralph Lozano, 28, of Sunnyvale, died.

Waves swamped a 120-foot barge at a San Francisco pier, and about 60 barrels of lubricating oil floated into the bay.

On the San Francisco Peninsula, where two inches of rain fell in the morning hours, a number of families were driven from their homes and two men narrowly escaped death in a mud and rock slide.

The high wind battered light plants at San Francisco Airport, damaging several, and almost blew a parked Air Force C-47 into the bay. The plane's anchor lines snapped and it rolled 800 feet before miring in thick mud near the airport levee.

In the East Bay, auto and train traffic was stalled by flooded underpasses on approaches to the San Francisco-Oakland Bay Bridge.

Anaheim Welcomes Morning Gazette

Congratulations poured into the Gazette office yesterday following delivery of the first issue of the morning Gazette to every home in Anaheim.

One business man said that he became so engrossed in reading the paper with his morning coffee that he was very nearly late for work.

Congratulations came in by telephone and in personal visits of people to the Gazette office. Business executives expressed themselves as highly pleased with the first morning issue. (See Page 8.)

Along with the expressions of good wishes were many new subscriptions to the Gazette from people in all parts of the community.

The consensus of opinion was that Anaheim needs and is ready for a first class local morning newspaper.

November Permits Total $380,880

Building permits issued by the city of Anaheim during November totaled $380,880, according to the report of Building Inspector Homer Wallace.

The total was split up into 40 single family dwellings for a total of $309,500, two duplexes for $39,000, and the balance in miscellaneous permits.

November, 1952, ran slightly behind the same month last year, building-wise, $380,880 to $411,150.

The 11-month period during last year, however, permits totaled only $5,030,686 as against $6,821,501 for the same period this year.

Permits issued today included one for Al Davis, 715 S. Olive st., for a dwelling at 1447 Damon ave., to cost $11,000; and one for Donald E. Watt, 548 Sherwood dr., for a $16,000 triplex at 543 Hampshire st.

UN Committee Approves Indian Peace Proposal

By FRANCIS W. CARPENTER

UNITED NATIONS, N. Y. (AP)—Climaxing the most bitter battle in years, the U.N. Political committee last night approved overwhelmingly India's battered Korean peace plan endorsing the Western stand against forced repatriation of prisoners. The committee furthermore appealed to the communists to change their blunt rejection and accept the proposal as a just basis for an agreement ending the Korean war.

The vote was 53 to 5 Soviet bloc with one abstention, Nationalist China.

The resolution now goes to the full UN assembly, which is slated to meet tomorrow in a move to speed final approval and rush the UN action to Asia.

Just before the vote, Soviet Foreign Minister Andrei Y. Vishinsky doomed any lingering Asian hopes of an agreement on this basis by tongue-lashing India and the delegate, V. K. Krishna Menon, who moved-minded the proposal to the committee.

Menon appealed to Vishinsky to accept the plan in the name of peace, but Vishinsky shot back that the appeal was "pathetic" and "ridicrous."

The Soviet foreign minister said:

"We won't be carried away by any false and spurious appeals for unity, thus trying to turn eyes on us. No, the eyes are on you, Mr. Menon. You, by your resolution, are trying to push people into the holocaust of war . . . As best, sir, you are dreamers . . . At the worst, you, Mr. Menon, don't understand your own position as regards the Americans."

In brief, the committee resolution provides for:

1. A repatriation commission made up of Czechoslovakia, Poland, Sweden and Switzerland to effect the release and repatriation of all prisoners of war. In view of the Communist stand, Czechoslovakia and Poland are expected to refuse to serve on the commission.

2. Appointment of an umpire to serve with the commission and vote in the event of tie decisions. If the commission cannot agree on

Frisco Storm Hits Southland With Rain, Wind

LOS ANGELES (AP) — Heavy rain and wind swept over Southern California last night with heavy surf along the coast and snow in the mountains.

The storm hit Bakersfield and Santa Barbara at 6:30 p.m. and reached Los Angeles two hours later. Gusts of wind as high as 32 miles an hour were recorded at Los Angeles international airport.

A rough surf pounded the shore line at Redondo Beach, and a 6-foot 4-inch tide this morning was expected to add to the force of the sea.

Earlier yesterday light rains had fallen over the Los Angeles area, but the fall was heavier in coastal and foothill regions.

Occasional showers were forecast for today with heavier rain again tonight.

SAN FRANCISCO (AP) — The transport Marine Serpent is scheduled to dock here Wednesday with 933 Army combat veterans from the Far East.

Stop Your Praying!

Rev. BOB KEVORKIAN
First Baptist Church

"I cannot see the sense of praying to God. I have prayed but He never has answered any of them!" This is a good question. We hear so much about prayer. How does it affect God and us?

Prayer does not change the "will" of God. God's will can never be changed, otherwise He would be subject to error and thus relinquish His position as God. Prayer is important because it releases the will and mind of God. God wills to perform many things but He is restricted by our lack of faith and unbelief.

Jesus said, "Ye have not because ye ask not." Of course we would understand that this permits us to ask only for those things which would fall within His will. God is not a senile Santa Claus who hands out objects to people who do not know how to use them.

Good parents know how to discriminate in the requests of their children. So does God. Thank goodness He does not give us everything we want. What if He gave us a knife and we did not know how to handle it? What about money? Oh, be happy that He did not answer your request for an oil well. Maybe the riches would ruin you. Many people have jumped out of windows with five million dollars in their pockets. Maybe God's will is more important than your own. Maybe your will ought be to do God's will.

Michigan State Wins O'Donnell Trophy and First Place In AP Grid Poll

By WILL GRIMSLEY

NEW YORK (AP) — Michigan State, victor of 24 straight games, took the No. 1 place in the Associated Press' final poll today to win the O'Donnell trophy, emblem of the national collegiate football championship.

The trophy was donated by the Notre Dame Monogram club in honor of the late Rev. Hugh O'Donnell, former player and later president of the South Bend, Ind., institution.

Trophies have been awarded for the national championship since 1936. When a team wins the title three times the trophy is retired and a new one set up by that school.

The O'Donnell trophy was established in 1948 after Notre Dame had won its third championship. It is awarded yearly on the basis of the final Associated Press poll. Tennessee won it last year.

The Michigan State Spartans won the honor for the first time this year in a walloping ballot in which 271 sports writers and broadcasters took part.

Pre-season favorites, they received 207 first place votes and a staggering total of 2,249 points, one of the largest ever accumulated.

Points are awarded on the basis of 10 for a first place vote, nine for second, etc.

Georgia Tech, Sugar bowl-bound and the only other major unbeaten team in the nation, took second place in the final standings with 2249 points, followed by Notre Dame, the upset king, with 1,809, and once-beaten and once-tied Oklahoma, with 1685.

Then came, in order, Southern California, UCLA, Mississippi, Tennessee, Alabama and Texas.

However, Michigan State was virtually unchallenged as the new champion. Georgia Tech got the second highest total of first-place votes, 36-171 less than the Spartans. Oklahoma received 14 and the others were sparsely scattered.

Clarence L. Biggie Munn, economy sized Michigan State coach, received the news enthusiastically in New York where he addressed a luncheon meeting of football writers, but he proved modest.

"It's the first such honor for Michigan State," he said, "and I am thrilled. However, the honor really belongs to the players and the assistant coaches on my staff. The O'Donnell trophy is an honor we will cherish forever."

Picked in a pre-season Associated Press poll, as the team most likely to succeed, the Spartans took charge the first week and held the No. 1 spot for nine of the 10 weeks of the campaign.

They were rooted out by Wisconsin the second week. But the following week they moved on top again and never were headed thereafter.

A well mannered squad which could throw in any one of three platoons without noticeably weakening its effort, Michigan State had only two tight squeaks. The Spartans barely beat Oregon State, 17-14, and Purdue, 14-7.

In other games, they downed Michigan, Texas A&M, Syracuse, Penn State, Indiana, Notre Dame and Marquette.

Runnerup Tech ran up an impressive string of 11 victories to win a bid to the Sugar bowl in New Orleans, where it will meet seventh-ranked Mississippi.

Notre Dame, a slow starter, established itself as a spoiler of champions, beating four major conference champions, and tying another. The Irish, as underdogs, thumped Texas, Southwest conference king, 14-3; Purdue, co-titlist of the Big Ten, 26-14; Oklahoma, Big Seven champ, 27-21, and Southern California, best on the Pacific coast, 9-0. They tied Pennsylvania, the Ivy league champion, 7-7.

The Irish lost to Pittsburgh, 22-19, and to Michigan State, 21-3.

Six of the top 10 are scheduled to play in major bowl games Jan. 1. Besides Georgia Tech and Mississippi, Southern California, No. 5, host in the Rose bowl to Wisconsin, No. 6; Tennessee, No. 8, meets Texas, No. 10, in the Cotton bowl at Dallas, and Alabama, No. 9, tackles Syracuse in the Orange bowl at Miami.

The leaders with total points based on 10 for first place vote, 9 for second, etc. First place votes and team won, lost and tied records in parentheses:

1. Mich. State (207) (9-0) ..2683
2. Georgia Tech (36) (11-0) ..2249
3. Notre Dame (4) (7-2-1) ..1809
4. Oklahoma (14) (8-1-1) ..1685
5. USC (14) (8-1-1) ..1404
6. UCLA (1) (8-1) ..983
7. Mississippi (3) (8-0-2) ..950
8. Tennessee (8-1-1) ..781
9. Alabama (9-2) ..633
10. Texas (8-2) ..454

Second 10: 11. Wisconsin (6-2-1) 281; 12. Tulsa (3) (8-1-1) 145; 13. Maryland (7-2) 87; 14. Syracuse (8-2) 56; 15. Florida (6-3) 35; 16. Duke (6-2) 48; 17. Ohio State (6-3) 46; 18. Purdue (4-3-2) 45; 19. Princeton (8-1) 44; 20. Kentucky (5-3-2) 41.

REDS SIGN EARLY

CINCINNATI (AP)—The Cincinnati Reds have a jump on their National league rivals if signing players before February has any significance. Among the Reds already signed to players' contracts for the 1953 season are Ted Kluszewski, Bobby Adams, Gus Bell, Ed Pellagrini, Barney Martin, John Temple, Ken Raffensberger and Frank Smith.

Rams' Waterfield Will Retire at End of Season

LOS ANGELES (AP)—The Los Angeles Rams' great quarterback, Bob Waterfield, is retiring at the close of this season.

"Waterbuckets," 32 and one of the all-time greats of pro football, is completing his eighth pro season, and ranks as the greatest field goal kicker in the business with 59 to his credit. He is the all-time top scorer for the Rams with a total of 454 points, and he has passed for hundreds more. He leads the Rams this year with 64 points.

Last year Waterfield led all National Football League passers with an average for net gains of 8.90 yards. Injuries have hampered him this season and he has slipped far behind the Rams' other quarterback, Norman Van Brocklin.

Waterfield played his college football at UCLA. He is the husband of actress Jane Russell, has appeared in several movies, and may try an acting career. He owns an electrical appliance shop in his home town, Van Nuys.

The Rams, now tied for first place in the NFL National Conference with Detroit, have two games to play, against the Green Bay Packers here Dec. 7 and the Pittsburgh Steelers here Dec. 14.

Bethel Baptist Wins in Only Church Game

Bethel Baptist cagers beat the Church of Christ basketball team 49-36 last night in a Church League game played at the high school gym. The game between Zion Lutheran and Grace Lutheran was forfeited by the Zion team, and a scheduled game between the Nazarene church and Calvary Baptist teams was postponed because of rain.

Henry Siefkan scored a fabulous 34 points, more than the entire opposition, to lead the Baptists to victory. High point man for the Church of Christ team was Bob Pickard, who pushed through 12 tallies. No one else on either team scored as high as 10 points.

The Baptist team missed the chance to increase their margin of victory by booting seven out of 10 free throws, while their opponents managed to miss seven out of 12 chances at the foul line.

Jordan Olivar Joins Criticism Of Notre Dame

LOS ANGELES (AP)—Yale University's football coach, Jordan Olivar, has joined sides with Southern California and Oklahoma in criticizing Notre Dame's "sucker" shift, which Olivar says, "violates the spirit of the rules."

Don Clark, Southern California assistant line coach, told the Football Writers' Association yesterday that Notre Dame wouldn't have scored its second quarter touchdown against the Trojans Saturday with-out the help of the five-yard penalty when USC jumped the line as the Irish shifted.

Mel Hein, the Trojan line coach, said he feels certain that the shift is intended for nothing more than drawing an opponent offside, isn't a part of the Notre Dame offense and therefore isn't ethical."

Head Coach Jess Hill of the Trojans and Bud Wilkinson of Oklahoma have stated their intentions of carrying their fight against the shift to the national football rules committee. Both lost to Notre Dame this season.

Olivar told the football writers: "I would resent the shift very much if it were pulled against my team. It isn't part of football; it's just a trick in which a team is not gaining a fair five yards.

"They've already ruled out the running shift. Perhaps they will do something about this. I sincerely feel it is either unethical or illegal or both."

NAVY GOES OVER FOR TOUCHDOWN—Navy's Fullback Phil Monahan (34) at left, cradles the ball close to him as he goes over for a touchdown in the first period of 53rd annual Army-Navy game in Philadelphia. Monahan went off tackle from the two-yard line to score. Army players are Tom Bell (46), Frank Wilkerson (71); Don Fuuqua (22) and Rox Shain (34). Navy won 7-0.

Fish and Game Commission Will Hold Public Hearings on "Hunter's Choice"

LOS ANGELES — California sportsmen's proposals for a hunter's choice deer hunting season in 1953 will be given public hearings in a series of January meetings authorized by the fish and game commission.

The two day either-sex hunt would come to the end of the regular buck hunting season in specified coastal areas. The move was favored by the Associated Sportsmen of California and the California department of fish and game as a means of boosting the hunter take and protecting the deer range in certain areas.

The public hearings are required before the commission considers the special season at its Jan. 30 regulatory powers meeting, when 1953 hunting and angling regulations are set.

Hearings will be held in Los Angeles Jan. 7; Santa Maria, Jan. 9; Salinas, Jan. 13; San Francisco, Jan. 14, and Santa Rosa, Jan. 15

The hunter's choice season would be held Sept. 14 and 15, 1953, under proposals to be made to the commission by the department of fish and game. It would apply in the traditional coastal deer hunting areas, except the counties of Mendocino, Lake, Glenn, Colusa and portions of San Luis Obispo, Fresno, San Benito, Kern, Ventura and Los Angeles counties.

The excepted areas consist mostly of coastal deer country where large burns have occurred in national forests, or public domain lands that are of extremely easy, access, it was stated.

Commissioners at the same time authorized hearings to discuss the opening of three deer refuges to hunting in 1953. Sportsmen's groups recommend the opening of the Huntington lake refuge, Fresno county; refuge 1-M, Kern county; and refuge 1-G, Tehama county.

Favor Controls

NEW YORK (AP)—The National Collegiate Athletic Association's 10-man Television committee closed a two-day session yesterday with a hint that it favors continuation of restricted college football television in 1953.

Without making a specific recommendation, the group said it had made a thorough survey of results of the 1952 program and found "it worked satisfactorily."

This finding, a prepared announcement added, was "on the basis of opinion surveys and the overall reaction of the public press and the colleges themselves."

Too Much Football Too Bad for Bill

SAN DIEGO (AP)—It wasn't that Bill Jessup played too much football over the weekend. He just went too far doing it.

Naval Training Center authorities who saw television scenes of him playing for the San Francisco professional 49ers Sunday—after playing with the center team here Saturday—checked up on his pass.

It was only good for 150 miles from San Diego. San Francisco is better than three times that.

Jessup, in the Navy about a month, was not reported today. He was subject to probable restriction to the station for 20 days or so.

Before becoming a football professional, he played with Long Beach City College and the University of Southern California.

Ikes Schedule Annual Barbecue

Anaheim chapter of the Izaak Walton League will hold its annual barbecue at the Olive Civic Center at 7 o'clock Thursday night, with "some very fine food" as just one of the features of the evening.

A musical quartet headed by John Winiber and the appearance of a magician, Johnnie Faessel, has been arranged for by Wayne Held. Door prizes, donated by the members for the ladies, and two turkeys and a ham will be drawn for during the evening.

Children will be welcome at the festivities and tickets for the kids will be sold at the door for $1 for the ones under 12.

Following the food and entertainment the Ikes and their guests will return to the local clubhouse for dancing.

25 Eastern Gridders Named to Play In Annual Shrine Charity Classic

NEW YORK (AP)—Twenty-five outstanding Eastern college football players were named today to oppose a similar aggregation from west of the Mississippi river on Dec. 27 in the annual East-West Shrine game at San Francisco.

The selections were announced by Bill Coffman of San Francisco, general manager of the game.

Coffman has been in the East for the past week conferring with Clarence Biggie Munn of Michigan State, Ray Eliot of Illinois, Dr. Edward Anderson of Holy Cross and Andy Kerr, former Colgate coach, who will direct the East team in the game, which will be televised.

The players will gather in Chicago and fly to San Francisco Dec. 15.

The East squad:

Ends: Harry Babcock, Georgia; Paul Dekker, Michigan State; Tom Scott, Virginia; Bob O'Neill, Notre Dame; John Gurski, Navy.

Tackles: Victor Rimkus, Holy Cross; James Hietikko, Ohio State; Tom Roche, Northwestern; Roger Zatkoff, Michigan.

Guards: Chet Millet, Holy Cross; Tom Seaman, Notre Dame; Bill Shalosky, Cincinnati.

Centers and line backers: Richard Tamburo, Michigan State; Daniel Sabino, Illinois; Tony Curcillo, Ohio State.

Backs: Charley Maloy, Holy Cross; Thomas O'Connell, Illinois; Donald McAuliffe, Michigan State; Fred Bruney, Ohio State; William Reynolds, Pittsburgh; Gene Gedman, Indiana; Al Brosky, Illinois; Joe Fortunato, Mississippi State; Robert Haner, Villanova; Norman Montgomery, Purdue.

Sign Arizona

SAN JOSE (AP)—San Jose State and Arizona State at Tempe have signed a home and home contract for the 1953 and 1954 football season, San Jose's Athletic Director Bill Hubbard announced today.

The first game under the new contract will be played at San Jose, Oct. 10 next year.

San Jose edged Arizona State in a 21-14 thriller at Tempe, Ariz., early this season.

SAN BRUNO, Calif. (AP)—Fighting Jodo, the favorite, took command going into the home stretch to win the feature race at Tanforan yesterday by a length and a quarter. The time for the six furlongs was 1:12 1/5 on a track labelled sloppy.

Zoe Tee raced second and Pine Street was third.

Dallas Football Franchise May Go to Baltimore

PHILADELPHIA (AP) — Baltimore will be in the National Football League again in 1953 with a new franchise and the playing roster of the defunct Dallas Texans, it was learned here today.

The NFL and a Baltimore group are "very close to agreement" on conditions that would restore professional football to Baltimore, League Commissioner Bert Bell said.

The Commissioner inferred that unless there is a last minute change of heart by either side, Baltimore will operate in the NFL in 1953 with a veteran team. Baltimore will receive a new franchise, not the one recently forfeited by the Dallas Texans. Too, the Baltimore team will probably have a new nickname instead of Colts.

Bell is expected to go to Baltimore either Wednesday or Thursday to sign a new agreement. Negotiations for return of Baltimore to the league have been going on for more than a year. It is believed the fall of the Dallas franchise hurried the Baltimore deal.

The NFL isn't anxious to operate with more than 12 teams because of schedule problems. But, with Dallas out, the re-entry of Baltimore keeps the league at an even dozen. The Dallas franchise probably will be placed in mothballs unless an outstanding offer is received by the league.

A reliable source confirmed that the new Baltimore team would get the Dallas players and 1953 draft rights. The players currently are being paid by the league.

Bell took over operation of Dallas for the balance of the 1953 season when the Texans folded financially less than a month ago.

TIPS FOR HUNTERS IN THE OPEN FIELD

AP Newsfeatures

DES MOINES, Ia. — Janice Yates shows in this series of photos the correct procedure in carrying a gun on hunting trips. Above she removes her gun from its carrying case.

BEFORE climbing through a fence Janice carefully lays down her gun. If snow is on the ground hunters should lean the gun against a fence post with muzzle up, pointed away from them.

JANICE walks through a cornfield looking for pheasants. She carries her gun in the crook of her arm carefully pointed upward. This is one of the primary safety measures in the hunter's book.

WHEN she comes to another fence, Janice holds her gun and her father's gun until he reaches the other side. Then she carefully hands him each gun in the above manner. The finger is never on the trigger and the guns are always pointed away from the hunters. Attention to such safety measures may mean the difference between returning home alive or not.

Chansonette Trio Presented by Ebell Club

The Anaheim Ebell club ushered in the Christmas season at it's meeting yesterday afternoon in a warm Christmas atmosphere, spiced with a program that delighted and inspired a most appreciative audience.

Much credit goes to Mrs. Charles Bush, program chairman, and her committee for their inspiration selection of the Chanzonette Trio.

The Trio, featuring Martha Mortenson, harpist; Lorna Wren, flutist, and Jeanne Determan, lyric soprano were received with the finest tribute an audience can accord a performer, that of quiet, profound attentiveness. From the first lilting, airy little song of the little owl who wanted "to wit to woo," to the lovely, immortal "Silent Night," the girls were a delight to see as well as hear.

Mrs. Melvin Hilgenfeld's father, Mr. Show, who makes his home at Big Bear shot the boughs of fir down from the mountains, and graciously presented them to the club for the decorations. They were used to fill large Santa Claus boots which were hung on the walls of the club room.

The stage was decorated with two tall, lighted Christmas candles, tied with bows of silver ribbon. A swag of silvered fir and pine cones placed across the deep red velvet back-drop, made a dramatic and stunning background for the lovely trio.

Pouring at the candle-lit tea tables were the Mmes. Joe Thompson, president; William Rickel, W. E. Whiteman and Charles Bush, first vice-president.

Reading of the minutes was omitted, and no business was conducted, allowing more time for the program.

Kiwanis to Hold Christmas Party

Anaheim Kiwanians will skip their regular meeting this noon attending instead the club's' annual Christmas party at Santa Ana country club, Dec. 5 at 7 p.m.

Plans for the evening include a lively program for all members, their wives and lady friends. Reservations must be completed today. Chester Shirt will be master of ceremonies.

Outgoing board members attended a dinner last night at Lum's cafe, courtesy of outgoing President A. J. Schutte.

President-elect Bill Wylie announced that new board members will meet at Lum's today at 12:10 p.m. New directors include Duane Pediar, Cliff Beckler, Glenn Fry, Bob Barton, Leo Irwin, Tommy Thomason, Howard Loudon, Vice President Wayne Butterbaugh and Treasurer Bob Fowler.

New members inducted into the club last week included James T. Carter, Rev. Berthold Jackstelt, Ernest D. Rose, William Hall and George Stewart.

FJC Coeds 'Adopt' Indian Boy as Welfare Project

A family of hundreds of big brothers and sisters is what Harry Upshaw, 12-year-old Navajo Indian boy will have this year. The Associated Women Students of Fullerton Junior College have "adopted" Harry.

Harry does not "belong" just to the women students, says Jo Kemp (El Monte), AWS president, but to the whole student body. Every student will be given an opportunity, first on Dec. 1, to contribute clothing, toys, or money to the lad.

Each year, the AWS undertakes a welfare project, explained Jo. Harry is this year's project.

In a letter received from the Intermountain Indian school, Brigham City, Utah, where Harry lives, the facts of his life are given. His father died of tuberculosis in May, 1952, and his mother is awaiting a bed at the Sanitorium at Fort Defiance, Ariz.

The boy is next to the oldest of a family of five brothers and sisters. Since their mother is too ill to care for them, they are receiving care from the Good Shepherd Mission Home, Utah. At the Intermountain Indian school, says the letter, Harry "is a good student and a cooperative member of his dormitory. Harry feels keenly about the lack of material things and a real home. He is a manly boy, with a sense of responsibility toward himself and others."

Harry has already written a letter to the AWS cabinet. Members of the organization are planning to write to him, as are other Fullerton students, said Edith Myers (Norwalk), AWS publicity chairman. His letters will frequently be printed in the Weekly Torch, the junior college newspaper, for other students to read and answer.

Rebekahs Plan Bazaar Dec. 3, 4

The Rebekah Past Noble Grands are announcing a bazaar and food sale to be held Dec. 3 and 4, at the I.O.O.F. hall, 325 W. Center. A hot dish luncheon will be served both days, from 11 a. m. to 2 p. m. for the convenience of shoppers and anyone desiring a home-cooked hot lunch.

The bazaar offers a very convenient and practical answer to the Christmas shopping problem. Exquisite, hand made gifts are always nice to give and delightful to receive, a large variety of which will be available for purchase at the bazaar.

There's one big reason why this man takes pride in his work!

F. L. Dittman
10938 Bluffside Dr.
North Hollywood, Calif.

"Last summer I took a group of 35 Boy Scouts on a motor trip to Western Canada. We stopped at Union Oil stations all the way to the Canadian border. I was impressed with the helpfulness and enthusiasm of the men who waited on us. All in all, the Union Oil dealers seemed to take great pride in giving us really fine service."

F. L. Dittman

We appreciate your compliment, Mr. Dittman. This pride in giving good service that you mention is due largely to one thing: The *incentive* to do a better job that is provided by our American profit and loss system.

Take away this profit incentive and you eliminate one big reason for a man's pride in his work as well as the necessity for him to do the job better than his competitors.

Preserve the profit incentive and you encourage the very thing that has given the American people the best service and the highest standard of living the world has ever known.

CHP Asks Aid in Checking Dec. Traffic Deaths

SACRAMENTO—The California Highway Patrol today asked the public's help in a December drive to "actually reduce traffic deaths, not just talk about it."

Patrol Commissioner Clifford E. Peterson said he hoped any public indifference to the traffic toll would be lessened during the holiday season.

"People seem to be more responsive to humanitarian and sentimental appeals this time of year," he said, "and that's what we're banking on."

Peterson declared the patrol would do its part in the life-saving program by staging traffic checks, handing out safety literature and stepping up enforcement activity.

Last December 322 persons died in traffic accidents throughout the state.

"Just a single life saved this year will be worth any extra effort," Peterson said, adding that the toll could be materially reduced if every motorist and pedestrian would accept personal responsibility for his or her own safety.

As a positive step for drivers to take, Peterson suggested that they tighten up on their driving habits and obey all traffic laws.

"Year after year," he said, "our records show that in more than nine out of ten cases, Californians are being killed and injured in traffic because someone violates a law."

Kwiksetters Win Pins for Five Years of Service

Eleven Kwiksetters have been awarded pins by Kwikset Locks, Inc., for service to the Anaheim lockset manufacturing firm during the past five and three year periods, it was announced today by Walter E. Miller, jr., director of industrial relations.

More than 225 service pins have been awarded Kwiksetters since the company was organized seven years ago.

For five years' service with Kwikset, a gold pin with pearl inset is awarded. Personnel with three years' service receive a silver pin.

New five years members of the Kwikset Service club are:

Lillian Velten, cylinder assembly department, 851 N. Orange, Orange. James Thompson, polishing, 13809 S. San Pedro, Los Angeles. John Stevenson, shipping, 12139 E. Molette, Norwalk.

Three year pins went this month to:

Secundino Higuera, punch press department, 121 N. Ohio, Anaheim. Josephine McGinnis, cylinder assembly, 908 E. Broadway, Anaheim. John Manly, tool and die, 1691 W. Center, Anaheim. Eugene Anderson, die casting, 217 Florence, Anaheim.

Richard Holz, tool and die, 857 N. Lemon, Anaheim. Roland Dupuis, punch press, 726 Juniper place, Anaheim. Herbert L. Lathrop, polishing, 7536 E. Racine, Paramount. Ellis Sims, plant protection, 119 S. Main, Placentia.

Poets, Writers And Cartoonists Join for Panel

Prominent writers, cartoonists and poets of Orange county will participate in a four-panel discussion at Santa Ana College's annual Writers Festival tomorrow afternoon, conducted under direction of Miss Lota Blythe, instructor in creative writing.

Dedication of the Orange county Author's corner in the college library will take place following the panel discussion.

The fiction panel will include Allen Vaughn Elston, Santa Ana; John Weld, Laguna Beach novelist; Dr. Austin Roberts and William Colt MacDonald, Laguna Beach writers.

In the non-fiction panel will be Velma Dunlap, Los Angeles Times; Marian Pickes, Orange, feature writer; Dorothy Banker Turner, writing teacher, Pomona; Michael Jackson, feature writer, Laguna Beach; Louis Pollock, radio-TV writer, Laguna Beach; and George E. Hart, press bureau, Santa Ana.

The panel for light verse includes Ethel Jacobson, Fullerton; Vesta Lukei, formerly Santa Ana, now of Redlands; Emly Alleman, Ruth Christiansen and Betty Isler, all of Santa Ana.

Cartoonists Burr Shafer of Santa Ana, Tom Hudson of Orange, and Robert Armstrong of Laguna Beach, will handle the cartoon panel.

Couple Regains Gambling Loss

Complaint by a Buena Park couple that they had lost $80 in games of chance in one booth at a carnival conducted in Buena Park last weekend, resulted in the closing of seven booths by deputy sheriffs.

Mr. and Mrs. Bruce C. Woods, 6511½ Western ave., Buena Park, who lodged the complaint regarding their loss, were refunded their $80 by Ernest A. Martin, proprietor of the carnival, when the investigation took place.

Investigating officers said they ordered the closing of the seven booths because they violated the state lottery laws.

Infant's Funeral Services Held

Memorial services for Sheryl Ann Wheeler, infant daughter of Mr. and Mrs. Ray N. Wheeler of 500 Bedford st., La Habra, were conducted at the Hilgenfeld chapel Sunday afternoon at 3:30.

In addition to her parents she leaves one sister, Marsha G. Wheeler; paternal grandmother, Mrs. Mildred Wheeler Kelly of Brea and maternal grandparents, Mr. and Mrs. A. F. Bowden of Perris. Calif. Rev. W. Paul Kirk, pastor of the Temple Baptist church, officiated.

Articles Filed

SACRAMENTO (CNS) — The secretary of state today announced filing of articles of incorporation for the Anaheim Holding Company.

The company has 1000 shares of no par stock. Directors are Carl P. Jensen, Lynwood, John C. Crean, Garden Grove, and H. C. Keyes, Bellflower.

Transfer of Judicial Authority to Highway Patrol Questioned by Writer

SACRAMENTO (CNS)—Usually it's the minor things of life that develop sometimes into the larger issues, and a case in point is the current practice of the California highway patrol in its policy of issuing "warning notices" to violators of certain provisions of the motor vehicle code.

Having received what was termed a "warning notice" last August from a highway patrolman near Placerville for failure to have a trailer license, this writer promptly purchased the required license, and the court was notified. The matter was dismissed as one which would require no further attention.

However, three months later, notice was received from the Placerville justice court to the effect that $10 bail was necessary to avoid issuance and service of a warrant of arrest for the violation.

A check with the California highway patrol office here disclosed the fact that the officer had actually issued a "citation" to the court, although at the time, he indicated that purchase of the licence would settle the matter satisfactorily both to the patrol and the court.

Further a questioning develops the fact that there is no provision in the motor vehicle code, or at least none within the knowledge of the inspector in charge of the office in the absence of Commissioner Clifford Peterson and his patrol chief, Raymond Cato, permitting the highway patrol to issue a warning notice at all!

Which means, in effect, that the highway patrol has assumed the duties of the courts and on the the face of it, this would be an assumption nullifying the intent of the legislature, which has said that violators of the code such as failure to have a license, driving without a taillight, or with one headlight, is a misdemeanor.

Thus the patrol tells the violator, or alleged violator, that he merely must correct the particular violation, all is forgiven, and no punishment exists for having committed the violation in the first place.

This apparent transfer of a judicial function to a law enforcement agency may be a matter for further investigation on the part of legislative committees on motor vehicles.

The highway patrol contends that long adherence to the custom of the warning notice has made it a general practice throughout the state. Literally thousands of notices have been issued by the highway patrol in different sections of California, and on different highways, primarily for mechanical defects.

As mechanical defects in an automobile normally constitute a hazard both to life and property, some observers contend the courts should have opportunity to determine the penalties for failure to comply with the requirements of the state law.

Leo Franklin Named to New Post at Kwikset

Leo Franklin, 420 N. Citron, Anaheim, has been named superintendent of Kwikset Locks' Center st. plant, it was announced today by Adolf Schoepe, president of the Anaheim lockset manufacturing firm.

In his new position, Franklin will be responsible for production and fulfilling all contracts at the plant located on E. Center st., across the railroad tracks from the Anaheim Santa Fe station.

Kwikset's Center st. plant, which has been operated by Kwikset for a year both as a warehouse and later as a production facility, employs more than 175 persons.

Previous to being named plant superintendent, Franklin was in charge of mortar shell production at the plant. He joined the Kwikset plant in May 1948 before the manufacturing plant moved from South Gate to Anaheim. He served as foreman and night superintendent of lockset production at the main Kwikset plant on Santa Ana st., before transferring to the Center st. facility.

Also named to new posts at Kwikset are Carl Baker, 703 S. Palm, Anaheim, and Arthur P. Fabre, 1255 W. 87th st., Los Angeles, both of whom have been appointed to the research and development department of the engineering division of the main Kwikset plant.

Baker will be director of research and development and Fabre will be research and development technician. They formerly were assigned to the Kwikset Center st. plant. Both men came to Kwikset in January, 1952.

Ford Estate is Willed to Wife

The late Elmer L. Ford, proprietor of Ford's Liquor store at 315 E. Center st. willed his estate, with its $9000 annual income, to his wife, Kathryn Ford, of 331 N. Palm st., Anaheim, it was shown late yesterday when his will was filed for probate in Superior court at Santa Ana.

The petitioner, Mrs. Ford, also asked letters of administration with will annexed. The estate consists entirely of personal property, valued "in excess of $10,000," the petition stated.

SACRAMENTO (CNS) — The contractors state license board today announced that Kirkhart General Building Contractors, 532 S. Zeyn, Anaheim, has qualified for a general building contractors license, which will be issued in 20 days if no written protests are filed.

BRITAIN'S GLAMOR STAMPS—An unprecedented glamor portrait of Britain's lovely young queen adorns these new postage stamps, first of the new Elizabethen reign. The three-quarter view portrait of Queen Elizabethan reign. The three-ture made by a London professional photographer, will replace the traditional staid portrait reached from a painting. Proud British postal officials explained: "We want to represent the young reign in new, fresh terms."

INVENTOR—Are you familiar with the career of **Leo Fender,** the Anaheimer who became an electronicts expert? He is the nation's leading manufacturer of electric guitars and amplifiers who is now building a three-unit factory on the property he acquired from **Archibald Edwards.** As a kid, Leo got interested in radio. He built his first cat's whisker, crystal set under the direction of **H. P. (Horsepower) Holmes,** former Anaheim elementary shop instructor, and since has been working on various kinds of electric gadgets. During the war (1941-45) Fender came up with a record player, but manufacturing concerns shelved it for him. That little experience turned him into a manufacturer in his own rights. And while he has a backlog of orders, he is not a rich man. He is constantly plowing the profits back into the business. What more, he is an outstanding example of what a handicapped individual can do if he makes up his mind to do it.

HISTORICAL NOTE — The Anaheim fire department was organized in 1872 with a hook and ladder, buckets and a hand-drawn hose wagon. The total cost of the fire fighting equipment was $500 . . . Only 96 votes were cast in Anaheim's first municipal election in 1870 when **Max Von Strobel** became mayor. In 1871 Anaheim was bankrupt and was unincorporated by an act signed by California's Gov. **Newton Booth** (1871-75). A drought and a depression were contributing factors to its unincorporation.

* * *

PASSING—**Howard Hall,** the Anahi journalism instructor, is doing an outstanding job teaching the fundamentals of newspapering. No wonder that the Anoranco is one of the best hi-school papers in the country . . . **Larry Quille,** the personal Anahi orientation instructor, has reinforced himself to classroom technique. He has a world of experience and know how gained in the newspaper and construction field to impart to his students. He also spent sometime in a Japanese prison during the war. While not exactly a service-man, he saw service on Wake island in 1941 . . . **Wayne Payne,** the Fullerton gridder, has a name that rhymes . . . **Miss Louise Hitt,** Anaheim's able dramatic coach, will have the senior class players present a professional like amateur production Dec. 12.

BIRTHPLACE—Ninety nine per cent of births now take place in hospitals. I was born in La Mirada, Calif., which to this day does not boast a hospital, but may it that $4,500,000 development goes through. Incidentally, the only time I've ever been in a hospital was to see a sick friend, but, with automobiles being what they are there should be more hospital space available. There should be another well staffed hospital in the Anaheim-Fullerton area.

* * *

FISHERMAN—**Herman Schacht,** who claimed to be a shirt-tail relative of the German financial wizard, is quite a fisherman. When he goes out fishing, he insists that his partner be absolutely quiet. It annoys him (and the fish) if his companion breathes too loudly.

Anaheim Business Leaders Read the Morning Gazette

HE LIKES IT — Reynolds Meade of the Meade & Sons paint store, shown here in his store, says he became so engrossed in reading the first issue of the morning Gazette yesterday that he very nearly didn't get to the store on time. "I thoroughly enjoyed reading the Gazette with my morning coffee," he said.

STAFF READS GAZETTE—Members of the staff of Walburg's store are interested readers of the first issue of the morning Gazette yesterday. Reading from left to right they are Mrs. Helen Hauser, Mrs. Irene Peacock, Mrs. Maud Fowler, employees of the store, and Mrs. Ida May Walburg.

McMAHAN'S EXECUTIVES — Joe Carr, at left, assistant manager, and Walter Meade, manager of McMahan's Anaheim store, are interested readers of the first morning issue of the Gazette. They were snapped by a Gazette photographer as they read the paper yesterday morning.

Leaders Laud New Morning Gazette

Anaheim business people paused during their regular morning routine yesterday to look over Anaheim's new morning newspaper, the Anaheim Gazette. Favorable comments on the service and pleasure offered to the community by the new Gazette were frequent and everyone agreed the first issue was ably handled.

The Gazette is the only a.m. newspaper published in Orange county and the change from afternoon to morning publication came after all concerned on the paper's staff agreed that such a move would offer better service to the Anaheim area.

SCENE AT SQR—Ernest West, manager of the first floor; Mrs. Martha Schumacher, one of the owners of the SQR store, and Harry Coughlan, advertising and display manager, are shown, left to right, as they looked over the first morning issue of the Gazette. They expressed themselves as favorably impressed by the news and advertising content of the paper.

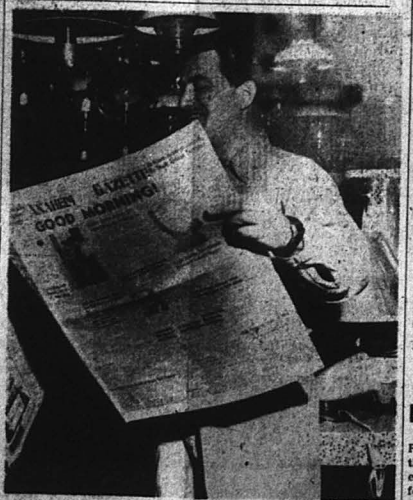

READ MORNING ISSUE—Snapped by a Gazette photographer as they looked over the first morning issue of the Anaheim Gazette Monday were, from left, Clayton Allen, manager of Swanberger's store for men, and Walter Swanberger, store owner and chairman of the Retail division of Anaheim Chamber of Commerce.

PARTNERS READ GAZETTE — High in their praise of the first morning edition of the Anaheim Gazette were the owners of the Smith-Reafsnyder furniture store. They are from left, Ray Reafsnyder, Wayne Reafsnyder and Harold Smith.

PENNEY EXECUTIVES—A Gazette photographer took this picture of George S. Stewart, left, of the J. C. Penney store in Anaheim, and Robert Burns, assistant manager, as they looked over the first morning issue of the Anaheim Gazette yesterday.

CREDIT TO COMMUNITY—Barney Brodie, owner of the House of Lights store, was snapped reading the first issue of the morning Gazette. "The paper is a credit to the community and I certainly offer my congratulations to everyone connected with the Gazette," Brodie said.

LIKE MORNING GAZETTE — Johnny Kaiser, manager, at left, and W. E. White, co-owner of the A. B. Richardson & Son variety store in Anaheim, expressed themselves as greatly impressed with the first morning issue of the Gazette, which was delivered to every home in Anaheim yesterday morning.

Call Conference

MIAMI, Fla. (AP)—A committee of Easterin Airlines flight engineers and a member of the national mediation board remained in conference early today in an effort to end a wage dispute that grounded EAL's Constellation fleet throughout the eastern United States.

Leverett Edwards, member of the mediation board who called the conference, began conferring with union leaders shortly after 5:30 p.m. yesterday.

Dignitaries Witness Mexico Inaugural

MEXICO CITY (AP) — Adolfo Ruiz Cortines was inaugurated president of Mexico today and promised he would do everything in his power to reduce the cost of living.

Special missions from 57 foreign countries attended the brilliant ceremonies in the Bellas Artes Theater where Ruiz, 62-year-old veteran government administrator, took the oath of office for a six-year term.

He succeeds Miguel Aleman, the first civilian president in 80 years to finish his term and yield the reins of government to another civilian.

In his inaugural address, Ruiz said:

"I will do all possible to bring the cost of corn, beans, sugar, fats and cloth within the reach of the whole people."

He added that his administration will try to build up farming, transportation and industry.

Britain Accuses Russia of Arms Buildup

LONDON (AP)—Britain accused Russia tonight of nearly doubling the size of firepower of a modern east German land, air and sea force within the last six months.

A press statement issued by the foreign office said the east German "people's police" Bereitschaften now is developing into a well organized force with modern weapons and closely supervised by Soviet officers.

The statement constituted a warning that rearmament of western Germany was vital to the defense against the threat of Communist aggression.

The three arms of the force constitute cadre nucleus units with a high proportion of officers, and, as such, can be swiftly expanded if present coercive methods of recruitment are intensified, the statement said.

Nabob to Wed

MADRAS, India (AP)—The second son of the fabulously wealthy Nizam of Hyderabad soon will marry for the second time, close associates of the Indian prince disclosed today.

The son is Prince Mauzzam Jah. His bride-to-be is the daughter of a Hyderabad nobleman.

The new daughter-in-law will receive several million dollars worth of gold and jewels as gifts.
