South Koreans Won't Accept Peace Plan

UNITED NATIONS, N. Y., Dec. 4 (AP)—South Korea turned down today an Indian compromise proposal for ending the Korean war as the president of the U. N. Assembly wrote an appeal to the communists to accept it.

Y. T. Pyun, foreign minister of the U. N.-sponsored Republic of Korea, announced here that his government could not accept the Indian resolution, approved yesterday by 54 of the 60 U.N. members, because "it is against the spirit of the Constitution of the Republic of Korea."

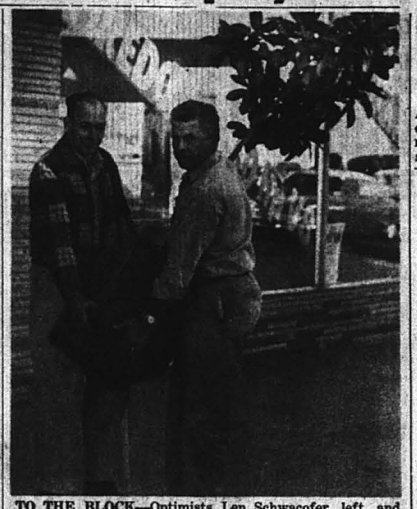

Western delegates said privately they would not worry about South Korea's stand if the communists did the unexpected and agreed to the proposal.

Pyun objected to the heart of the plan, which is a provision for sending thousands of North Korean war prisoners to a demilitarized zone from which they would be repatriated by a U. N. commission. Pyun said his government regarded the prisoners as liberated Koreans.

Those who desired to remain in the South should be liberated now, he added. The others are communists, he said, but they still are Koreans and are not alien prisoners of war. He said it would reflect on Korea's sovereignty to send them to the demilitarized zone, even temporarily.

Lester B. Pearson, president of the Assembly, told a news conference he was writing a letter to go along with the Assembly's resolution. This letter would explain the background of the resolution and would end with an appeal to Peiping and Pyongyang to accept it.

Pearson indicated he would prefer to have an envoy from some government stationed in Korea deliver the resolution and the letter. He said he thought this method would be better than sending a cable to Communist China.

TO THE BLOCK—Optimists Len Schwacofer, left, and Roy Kirk haul a young tree into Tex Middleton's showroom at 420 W. Center for the second night of the annual Country Style auction tonight at 6. Last night's bidding gave the Optimists $1400 for youth work. GAZETTE PHOTO

Committee Recommends Addition of Three Cities to OC Water District

Anaheim would become a part of the Orange county Water district if recommendations, which also propose a pumpage tax upon all water pumped from the Orange county basin, are translated into law through efforts of the Orange county Water Basin Conservation committee.

The committee has accepted "in principle" the recommendations of its legislative sub-committee that Anaheim, Fullerton and Santa Ana be included in the revised boundaries of the water district, which has been selected as the agency for administering a new water-buying program to replenish the local underground basin.

The recommendations, said a statement issued by the committee, which is headed by Walter Schmid of West Anaheim, will be approved as "a guide" to preparation of legislation required to carry out the program for spreading the cost of Colorado river water equitably among the users. Ross Shafer of Tustin is head of the sub-committee.

Recommendations propose that Anaheim, Fullerton and Santa Ana, only cities in the basin not already in the water district, be included, each as a separate division added to the seven existing divisions, and each represented by a director on the board.

Taxing proposals include a limited ad valorem tax for carrying on the ordinary affairs of the water district, as now exists. The district now has a rate limit of 15 cents per $100 of assessed valuation. The sub-committee recommended that the tax apply to real estate, improvements and other taxable assets.

The pumpage tax would be added, being levied upon water pumped from the basin, according to amount used, and would be devoted to purchase of outside water to replenish the local basin.

The report recommended that boundaries of the water district be made to coincide with the boundaries of the ground water basin, as nearly as possible, also including those areas outside the basin which take water from the common supply.

Searchers Sight Plane Wreck on Mt. San Gorgonio

SAN BERNARDINO, Dec. 4. (AP)—Aerial searchers reported today that wreckage and bodies were sighted 11,000 feet high on Mt. San Gorgonio, apparently sealing the fate of an air force C-47 plane missing since Monday night with 13 men aboard.

Maj. James McCall, March AFB pilot, reported to Capt. Howard K. Hoover, search mission commander, that he had sighted the wreckage and indication that the ship burned in the crash.

Marine helicopter pilots reported sighting bodies strewn about the wrecked fuselage.

The lettering "MATS" military air transport service was discernible on the tail section. Positive identification of the wreckage as that of the missing plane awaited arrival at the scene of ground parties.

SAN DIEGO, Dec. 4. (AP)—A total of 281,463 San Diego county ballots were cast in November election—setting a double record.

The registrar of voters, disclosing the official count figure today said it was the largest vote ever cast and that it represented 85.7 per cent of registered voters, another high. The previous peak of 84.6 was in 1944.

WSB Chairman Quits in Protest Over Coal Raise

WASHINGTON, Dec. 4. (AP)—President Truman tonight accepted the resignation of Archibald Cox as chairman of the wage stabilization board WSB and named Charles C. Killingsworth to replace him.

Cox quit in protest against Truman's decision to overrule the board in the soft coal wage increase case. Truman ordered approval of the full $1.90 a day increase negotiated by John L. Lewis. The board had voted against any increase beyond $1.50 a day, on the ground it would be inflationary.

Killingsworth, the new board chairman, is a 35-year-old economics professor from Michigan state college. He had been vice chairman.

Despite the speedy shift in Chairman, the wage board was unable to function because of a boycott by its six industry members, who had sided with Cox and the five other public members in the mine wage dispute.

The industry members called a meeting for tomorrow at which they may decide whether to follow Cox's lead and resign. Some of them at least were believed certain to pull out.

SAN FRANCISCO, Dec. 4. (AP)—The navy transport Gen. Daniel I. Sultan docked today from the far east with 1543 passengers—640 army, 282 air force, 310 marines, six navy and the rest dependents and civilians.

Churchill Announces Cutback in British Production

LONDON, Dec. 4. (AP)—Prime Minister Churchill today announced a new cutback in the British defense effort to minimize the entanglements of the nation's economy in an inflationary spiral.

He did not specify the size of the cut in his statement to a packed and attentive house of commons. But he made it clear the action was designed to protect Britain's financial solvency.

"Some curtailment must now be made," he said. "This will, to some extent, involve the cancellation or modification of contracts already placed.

"The reductions will, so far as possible, be brought about by spreading deliveries of equipment over a longer period. It will, however, not be possible to solve the problem by entirely spreading deliveries forward into future months of years."

This was the method used in the first cutback. Churchill's Conservative government announced last winter that Britain's long-range 13 billion dollar rearmament program, first put forward late in 1950, had been extended a year beyond the originally planned three years because of manpower and steel shortages and the effects of the nation's economic crisis. Last July Churchill warned that a further curb would be necessary to prevent "a plunge into bankruptcy."

Referring to aircraft, Churchill said today his government will reduce somewhat "the production of types now in service, but we shall continue to press forward as rapidly as possible with the introduction of the newer and still more advanced types."

He mentioned that progress in the medium bomber program would enable a curtailment of light bomber building.

Further, Churchill stressed that Britain is as determined as ever to carry her full share in the efforts of the North Atlantic treaty organization.

Britian is now spending 1,462,000,000 pounds, $4,093,000,000 a year for defense. More than a third of this goes for new weapons:

Under the original defense program the prices would have pushed to a total of 1,650,000,000 pounds, $4,620,000,000 this year, Churchill said, and to 1,800,000,000 $5,040,000,000 next year.

Churchill said this inflationary ballooning of the program could not be allowed. In other words, the more inflation there is, the fewer new arms Britain will have.

Dismissal Comes for Failure to Answer Questions of Senate Group

By STANLEY JOHNSON

UNITED NATIONS, N. Y., Dec. 4 (AP) — Eighteen American U. N. employees who refused to answer U. S. federal inquiries on subversion have been fired or will be dismissed tomorrow by Secretary-General Trygvie Lie, U. N. sources said tonight. Nine of them already have been fired for balking at questions of the U. S. Senate internal security subcommittee headed by Sen. Pat McCarran (D-Nev.) or queries of New York federal grand juries.

The other nine refused today to give what Lie regarded as satisfactory answers at his own follow up inquiry and are to be let out tomorrow, the sources said, when Lie makes a public report.

Six of those already bounced were ousted by the U. N. since the McCarran committee began public anti-Red dragnet hearings in New York in October. The other three of these were fired earlier in the year.

The nine expected to be fired tomorrow have been on special leave with pay by order of Lie since their McCarran committee appearances.

Of those already fired, Lie had announced six dismissals earlier from time to time. Three were new. It was the first disclosure of this total of nine fired.

A U. N. spokesman recalled tonight that Lie said when previously announcing some firings that he had acted only because of refusal to testify but on further evidence supplied to him by U. S. security agencies.

Since then Lie has had the advice this week of a three-man panel of international lawyers on how to deal with Americans under fire who work for him.

Gazette to Begin Sunday Publication

The next Gazette to be delivered to your home will arrive early Sunday morning, Dec. 7.

The management of the newspaper announces today that henceforth the Gazette's publication days will be Sunday, Tuesday, Wednesday, Thursday and Friday. No papers will be published on Saturday or Monday mornings.

Beginning Sunday, Dec. 14, the Sunday Gazette will include an eight-page colored comic section.

Look for church service announcements and other church news in the Sunday Gazette as well as the latest news of local doings on Friday and Saturday.

Optimists Reap $1400 for Youth Work at Auction

The first night of the Anaheim Optimists' annual Country Style Auction, held last night in Tex Middleton's showrooms at 420 W. Center st., was highly successful, the proceeds amounting to $1400.

The auction is held annually to finance youth programs maintained by the club. Last year's auction paid for the final touches on the club's Youth Center at 133 W. Chartres st. This year's proceeds will pay for remodeling and furnishing of the Boy Scout house, next door, for youth program purposes.

The Optimists reported most items sold well, including the deep freeze, Kelvinator and two living room sets. In fact, they said, all furniture went like hot cakes.

Biggest seller, believe it or not, was a batch of rubber baby panties. Poorest seller was three dozen bottles of leg make-up.

A pedigreed Boxer and two Cocker pups went fast, as did the two bicycles.

The Optimists assured the public that duplicates of most of the items will go on the block again tonight when the auction opens at 6 p.m. sharp.

Weather

Southern California—Increasing clouds today; occasional light rain beginning Santa Barbara county early afternoon and light showers spreading southeast over coastal and mountain areas late afternoon and night; snow level 6500 feet at first; partly cloudy Saturday, few showers likely mainly around mountains; cooler Saturday.

Burlington Liars Are at it Again With Tall Tales

BURLINGTON, Wis., Dec. 4 (AP)—The improbable—and ingenious cropped out again today as the Burlington Liars' Club released samples of tall tales submitted in its annual contest to determine the year's champion fabricator.

The 1952 titlist will be selected Dec. 31 after judges have winnowed thousands of imaginative stories from all parts of the nation.

Up for consideration is the harrowing tale of Ray Snapp of Bedford, Ind., who said he found himself surrounded by timber wolves of Northern Canada in mid-winter with plenty of powder but no bullets for his muzzle-loader.

Snapp claimed he saved himself by breaking off frozzen balls of sweat from his brow and using them for bullets.

E. C. Rial, Shreveport, La., contended it rains so hard in his area that ducks dive under water when a storm approaches and thus save themselves from drowning.

J. C. Havens, Detroit, declared the mosquitoes at his summer place were so bad he used chicken wire for screening.

Present champion is the Rev. Arthur Kirk of Biggs, Calif., who won last year's crown with a tale of watermelon vines which grew so fast they wore out the melons by dragging them along the ground.

Funeral Tomorrow For Mrs. K. Otte

Funeral services are scheduled tomorrow for Mrs. Katherine Otte, 82, who died yesterday morning at her home of 47 years, 15612 Anaheim-Olive rd. A native of Marengo, Ia., Mrs. Otte moved to Olive in 1905.

Services are to be conducted from the Shannon mortuary in Orange at 2 p.m. with the Rev. E. H. Pflug of Zion Lutheran church, Anaheim, officiating. Burial will follow in St. John's Lutheran cemetery.

Mrs. Otte leaves her husband, Claus Otte; two sons, Walter of Olive and Arnold of Orange; four daughters, Mrs. Lillie Lemberg of Orange, Mrs. Ada Nelson of Glendora, Mrs. Esther Freese of Anaheim and Mrs. Ann Nieweg of Maywood; 18 grandchildren and six great-grandchildren.

Luptons Still in Serious Condition

Dr. E. A. Lupton, 7161 Monroe st., Anaheim and his wife, Mrs. Hazel Lupton, who were injured in a traffic accident last Sunday at highway 39 and Chapman ave., west of Garden Grove, both are still in serious condition at St. Joseph hospital, Orange, it was reported last night.

Mrs. Lupton was taken to the hospital from the scene of the three-car crash Sunday. Dr. Lupton's condition became so serious that he was taken to the same hospital Wednesday night.

The Lupton automobile was struck in succession Sunday by cars driven by Lawrence L. Nunn, 33, 330 Halesworth st., Santa Ana, and William Bagnell Skipwith, 44, of Long Beach. Skipwith and his wife, Gene, 41, and Nunn, all were seriously injured in the crash.

Marine Sentenced To Chino Prison

Pfc. Leonard E. Burkhart, 27, of the marine corps, was sentenced to Chino state prison yesterday by Superior Judge Kenneth E. Morrison to a term of from one to 10 years for felony assault on two men, including an Anaheim resident.

Burkhart attacked Lauro L. Elenes of Anaheim and John R. Jackson of Santa Ana with a knife last Sept. 13 outside an East Fourth st. cafe in Santa Ana. They said he had threatened them inside of the cafe and then followed them out, attacking them as they were getting into an automobile.

ATLANTIC CITY, N. J.—REUTHER CIO VICTOR — Walter P. Reuther (right), is proclaimed winner in election for CIO president. Allan S. Haywood, defeated for president and reelected executive vice president, holds winner's arm aloft. Next to Haywood is Jacob S. Potofsky, president of Amalgamated Clothing Workers. Above Reuther's hand is that of James G. Thimmes of United Steelworkers. AP WIREPHOTO

Dynamic Chief of United Auto Workers Chosen over Haywood in Hot Balloting

ATLANTIC CITY, N. J., Dec. 4 (AP)—Dynamic Walter P. Reuther was elected president of the CIO today in a political scrap winding up the labor group's annual convention.

Reuther, 45-year-old chief of the CIO's million-member Auto Workers Union, was selected in hotly contested balloting over Allan S. Haywood, veteran 64-year-old executive vice president of the organization. The voting was 3,079,181 for Reuther, and 2,613,103 for Haywood, based on the CIO's claimed membership of 5,692,284. Reuther thus won by 466,078 votes.

The red-haired Reuther, perhaps best known for his many proposals for social change in the United States, succeeds the late Philip Murray who had guided the CIO for a dozen years before his sudden death Nov. 9.

Despite the bitter battle between the opposing Reuther and Haywood forces, both sides pledged afterward to bury the hatchet and work together in the future.

In a speech accepting the CIO's top post, Reuther pledged to follow in Murray's footsteps and said he intended to build the CIO into a bigger and more effective labor organization as a monument to Murray's memory.

Reuther said, "the fat men sitting on plush cushions in the union league clubs across the country" will be fooled if they think the CIO will split apart.

"We are not going out of here divided," he declared. "We are going out of here united to carry on until we win."

He said when "reactionary managements" fail to "give the workers of America a fair share of the fruits of their work, we shall march down the picket lines of America together getting what is ours."

He promised a renewed organizing drive in industries and said he would concentrate, too, on "educating and unionizing the organized" union members to make them more militant.

Plans Filed for 2080-Home Costa Mesa Project

Plans for a huge subdivision development at Costa Mesa, ultimately to include 2080 homes, probably the largest project of its kind in county history, have been filed with the county planning commission by Republic Construction Co. of Beverly Hills, which expects to spend $16,880,000 on the project. This would include $1,300,000 in street and sanitary improvements according to E. A. Raulston, secretary of the company.

The tract site of 125 acres on the north side of 19th street, about 500 feet west of Placentia ave., on Costa Mesa's west side, will have 532 lots, as the first unit immediately proposed. Purchase of another 26 acres adjacent to the site, to contain 87 lots, will bring the total to 619 homes in one subdivision.

The company has started escrow proceedings on acreage south of Orange Coast College, on Harbor boulevard, where another 1078 homes are planned. Other scattered tracts are being purchased, to be subdivided into 380 lots.

The houses will have three or four bedrooms, Raulston said. The initial subdivision proposes to connect with sanitary sewers, if they are available through the Costa Mesa Sanitary District and County Sanitation District No. 6. Otherwise septic tanks or other means of handling sewage will be installed.

Raulston's announcement of the project took no note of the move by Newport Beach to acquire a public dump site in the area, a move that has aroused widespread objection in Costa Mesa. It had been reported that if the dump site is established, Republic Construction Co. would abandon its subdividing plans.

Fireball Cooled

LOS ANGELES, Dec. 4. (AP) — Betty Rowland, erstwhile "Ball of Fire" burlesque stripper, is out of jail and out of show business.

The 35-year-old dancer, sentenced Nov. 14 to four months in jail on a charge of indecent theatrical performance, was released tonight to enter a wholesale perfume business with her sister, Roselle Rowland, in Beverly Hills.

Municipal Judge Byron J. Waters, who sentenced her, said he thinks Betty has learned her lesson.

Ex-Mayor of HB Hurt in Wreck

Former Mayor M. M. McCallen of Huntington Beach was recuperating today from minor injuries he received when his car collided with a car operated by Haig J. Verounion, 38, Huntington Beach, and then struck a power pole on highway 39 near that city. He was treated at Hoag Memorial hospital and then taken home.

Simon Le Jeune, 31, Santa Ana, received serious face cuts and suffered extensive loss of blood when his car collided with the car of Henry T. Babylon, 41, Santa Ana, at Parton st. and St. Andrews place, Santa Ana, yesterday.

Walter E. Milligan, Costa Mesa, received minor injuries in a collision between his car and one driven by Olive C. Barnes, Costa Mesa, at Orange ave. and Old County rd, Costa Mesa.

Dr. Cain Named Medic Assn. Head

Dr. E. F. Cain of Anaheim has been named president of the Orange county Medical Association, it was announced today.

Others elected are Dr. Norton Donaldson of Santa Ana, vice-president; Dr. Chad Harwood of Santa Ana, secretary-treasurer; Dr. Harold Galbraith of Fullerton, trustee and Dr. Carl J. Paul of Orange, trustee.

Daily Living for Peace of Mind

Editor's note: This is one of a series of daily articles by Anaheim ministers and is published by the Gazette in the interest of the kind of daily living that leads to contentment and happiness in troubled times.

A Look at the Future

Rev. Wm. McKINLEY WALKER
Wesley Methodist Church

Dr. Arnold of Rugby, the great English school teacher, used always to salute his school children by taking off his hat when he passed them on the street.

"You can never tell," he said, "whether or not you may be passing a future prime minister of Great Britain.

There is little in a child or boy to indicate what he will become. There certainly was nothing about Jesus as He lay in the manger cradle at Bethlehem to show that He would become the Savior of the world. There was nothing to indicate that God had come in human flesh to share our sorrows, and die on the cross to redeem sinful humanity.

As we look upon the face of a child, we may be looking at a future Lincoln, or a George Washington, or a Madame Curie, or a Sister Kenny.

"Whoever causes one of these little ones who believe in Me, to sin" said Jesus, "It would be better for him if a great millstone were hung around his neck and he were thrown into the sea." (Mark 9:42)

Our recognition of the Divine in the child may help him to develop as God had intended. We may be saluting a future President of the United States.

BIG TRIP—Members of the Santa Ana football squad, shown above, will journey south of the border today to meet the Mexico City Poly grid team tomorrow. Santa Ana downed the White Burros 27-12 in their opening game of the season at the SA Municipal bowl. Six members of the traveling squad, Jack Moynihan, Kenyon Kohne, Augie Huesca, Eli Peralta, Dan Berg and Ed Liptrap, are residents of Anaheim.

Gazette SPORTS

FJC Football Banquet to be Held December 8

Honoring Fullerton junior college football players at the end of their most successful season in recent years, the Quarterback club will entertain them at the annual football banquet Monday evening, Dec. 8, at Ted N'Zella's club center in Fullerton at 7 p.m.

Featured on the program will be a well known personality in football, said Robert E. Swanson, FJC dean of men. The speaker has not been definitely committed; therefore his name could not be announced as this story was released.

Each member of the football squad who was elected by his teammates as "Hornet of the week" will be presented a gift by the Quarterback club. The Singing Hornets, eight man musical ensemble, will present a short program. Master of ceremonies will be Walter Pray, sportscasting teacher at the junior college.

Coaches Dick Spaulding, Bud Dawson, and Hugo DeGroot will be introduced. Coach Spaulding will introduce the squad.

Six Anaheimers Included on Santa Ana Travel Squad for Mexico Trip

Six Anaheim residents are included in Santa Ana college traveling squad, 40 strong, which is scheduled to arrive in Mexico City by plane at 5:15 today for their season finale against Mexico Poly tomorrow. They are Jack Moynihan, Kenyon Kohne, Augie Huesca, Eli Peralta, Dan Berg and Ed Liptrap.

Santa Ana downed the stubborn White Burros 27 to 12 earlier in the season at the municipal bowl in the first two-game home and away series.

The team will set up headquarters at the De Soto Arms, and a light drill is slated for the team tonight. Sunday morning the Dons will visit the floating gardens of Xochimilco and that afternoon they plan to take in a bullfight.

Players making the trip are John Garcia, Los Angeles; Jack Elder, Garden Grove; Bob Smith, Orange; Al Chan, Santa Ana; Jack Wyatt, Kingsburg; Bob Gaskner, Santa Ana; Boyd Tayler, Laguna Beach; Dave Cole, Santa Ana; John Duchart, Garden Grove; Dan Lyle, Laguna Beach; Ed Lyle, Laguna Beach; Dean Peggens, Laguna Beach; Roger Hillman, Tustin; Tom Moore, Santa Ana, and Bob Rechtwig, Santa Ana.

Also Bob Griffith, Laguna Beach; Dave Sitton, Santa Ana; Frank Gentry, Tustin; Jim Prather, La Jolla; Don Henley, Laguna Beach; Jim Matsunaga, Garden Grove; Chuck Swinder, San Jose; Dean McCord, Laguna Beach; Wayne Schnakenberg, Orange; Chad Nelson, Los Angeles; Larry Nystrom, Kingsburg; and Frank Torres, Santa Ana.

Harvey Bryan, Santa Ana; Dusne Gustafson, Kingsburg; Darrell Fishburn, Santa Ana; Bob Bojorkland, Santa Ana; Bob Holder, Excelsior; Herb Schoenowitz, Brooklyn, and Don Stroud, Garden Grove.

Larry Lilley Sets Cycle Speed Record

Larry Lilley of the polishing department of Kwikset Locks, Inc., in Anaheim, recently established a new motorcycle speed record at the Santa Ana airport drag strip when he was clocked at 110 miles per hour. A short time before Lilley piloted his machine at 136.36 mph over a mile course at Dry lakes, near Victorville.

The Kwiksetter has won more than 35 trophies for his cycling during the past few years. He has races in Santa Ana, Pomona, San Diego, Dry lakes and elsewhere.

Larry says the sensation of riding a motorcycle at more than 136 mph is just a "smooth, quiet ride."

for high speeds. Instead of a seat, Lilley has installed a flat platform so that the rider may pilot the machine from a prone position. The "platform" is his wife's ironing board.

The high speeds attained by Lilley are remarkable because the engine in his British-made "Triumph" is small by American standards. The regular production model of the Triumph has a top speed of around 95 mph. However, Larry "hopped" up the engine to hit his high speeds.

He has turned the head around so that the intake is through the old exhaust ports and the former intake is now the exhaust. The two carburetors in front of the engine, biting into the wind, achieve a ram effect of super charging at high speeds. Larry has installed larger inlet valves, cams of his own design, and other features the racing cyclist builds into his vehicle.

The motorcycle recently was on display at the Motorama show in Los Angeles where it was awarded a plaque for "excellence."

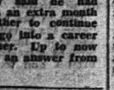

Sugar Ray Out

NEW YORK, Friday, Dec. 5 (AP)—The New York state athletic commission this morning vacated Sugar Ray Robinson's welterweight championship.

Commissioner Robert Christenberry of the commission in a statement said that the title was being vacated because of Robinson's not complying with a rule that says a champion must defend his crown every six months.

Christenberry said he had given Robinson an extra month to decide whether to continue his boxing or go into a career as an entertainer. By so now he has not had an answer from Robinson.

Bruin Footballers Set or Tie 28 Gridiron Records

LOS ANGELES — Coach Red Sanders' hard hitting 1952 UCLA football team set or tied no less than 28 national, Pacific coast conference and UCLA grid records in the greatest onslaught in Bruin history, according to statistician Chuck Weinstock.

Complete rundown shows that the Bruins, who tabulated a record of eight wins and one loss for one of its outstanding seasons, racked up one national mark, PCC and 25 UCLA marks for the books.

Nineteen of the records were team standards while the other nine went to individual members of the UCLA team. Fullback and defensive right half Bill Stits, the Lomita, Calif., star, hung up three records, himself, by snagging eight pass interceptions for 235 yards in returns and one touchdown.

Little Ted Narleski, who ended his Bruin career as the eighth ranking ball carrier in UCLA history, registered two records while singles went to fullback Cappy Smith, right end Ernie Stockert, right half Pete Dailey and left end Ike Jones.

Following is the complete tabulation of Bruin grid records:

NATIONAL RECORDS—The UCLA team tied the national record set by Washington in 1942 by losing only two of its own fumbles during the entire 1952 season. (This also ties Washington's PCCC record and sets a UCLA mark.)

PCC RECORDS—The UCLA team established a new record for fewest fumbles in one season—nine in nine games—to break the old record of 11 by Idaho set in 1938. (This is also a new UCLA record.)

The 1952 team tied Washington State's 1934 record of two safeties in one game by scoring a pair in the Oregon State contest. (This is also a UCLA record.)

The 1952 team tied Cal's 1948 record of "fewest first downs by opponents in one season" by holding nine to a total of 97. (This is also a UCLA record.

The 1952 team broke the PCC record for most yardage by pass interception returns—by catching 24 for 509 yards and two touchdowns. The old mark of 458 yards was set by Oregon in 1948. (The 24 interceptions was also a UCLA record only three away from Hardin-Simmons' record of 27 set last year.)

Fullback Bill Stits went 235 yards on eight pass interceptions to break Oregon Jack Leicht's 1945 record of 195 yards. (This is also a UCLA record and within 10 yards of the national record of 245 yards by Eddie Macon, of CDP, in 1951.)

Ted Narleski, the little New Jersey tailback, carried the ball 50 times (17 passing, 33 running) in the Oregon game to break Paul Cameron's mark of 48 times in the 1951 California game. (Also a UCLA record.)

UCLA RECORDS—"Most first downs by passing in a single game"—nine in the Oregon State game broke the record of eight set by the 1942 UCLA team and tied by two others.

"Most total first downs in one game"—24 in the OSC game broke the 1938 record of 23 which was tied by the 1950 team.

"Most first downs by passing in one season"—50 in nine games. The old record was 44 by the 1948 team.

"Most past interceptions in one season"—234 by the 1952 team (for 509 and two touchdowns). This breaks the old mark of 29 (for 283 yards) by the 1946 UCLA team.

The 1952 team, by winning its first eight games, extended to 13 its streak of games without a loss. (The 1951 team won its last five contests.) This was a new UCLA record, breaking the mark of 10 in a row set by the 1946 team.

Right half Pete Dailey (and the UCLA team) set a new record by kicking two field goals in one season. The former record of one was set in 1941 and tied in 1942 and 1947.

By catching nine passes (for 85 yards) in the California game, left end Ike Jones broke Ernie Stockert's mark of seven set in the 1951 Illinois game.

Fullback Cappy Smith tied a record by scoring three times by rushing against Washington. The old record was set by Joe Fleming in 1926 and tied by five others.

Fullback Bill Stits intercepted eight passes (for returns of 235 yards and one touchdown) during the 1952 season to break Bob Waterfield's mark of seven for 98 yards) in 1942.

Right end Ernie Stockert became the pass catchingest wingman in UCLA history by setting a new three-year receiving record of 69 catches (for 860 yards and 11 touchdowns) to break the mark of 53 set by Milt Smith, 1940-42.

TV'ers Drop Close Game to Dolphins

Ballman's TV'ers dropped their game against the San Pedro Dolphins last night by just three points, going down to defeat 76-71. It was a fast and thrilling game that had the spectators on their feet most of the time. Paul Smith, who scored 28 points for the Dolphins, put the game on ice with a hook shot just before the final whistle. Joe Bruce scored 18 points to lead for the locals.

Ballman's play's Pepperdine at Los Angeles tonight, their return home to meet the Santa Ana Marine Air Depot team at the High school gym. Game time is 7 p.m. and admission is free.

Golden Trout Policy to Bring Fishing Paradise

SACRAMENTO (CNS) — A paradise for the hardier fishemen of California who enjoy long trips into the back country of the High Sierra, was predicted today if the golden trout policy established by the state fish and game commission is carried through.

The commission is fostering an extensive study of the golden trout situation in this state. The fish are native to California and their streams of origin are in the high mountain areas of Tulare, Madera and Fresno counties.

Plans under way by the fish and game commission include the raising of fingerlings for planting in the native waters for rehabilitation, and for the stocking of certain other waters yet to be selected. Primarily, the waters to be stocked will be barren. In view of the tendency the golden trout has for hybridization with the rainbow trout.

The commission describes the golden trout as a "luxury" fish, that is a fish which it cannot afford to promote on as large a scale as the rainbow.

However, the golden species is a highly attractive sport fish, the commission says, characteristically and uniquely California and "well deserving of a secure place in our management program."

It is biologically sound, the commission says, to maintain the fish in their native habitat.

Consequently, the commission has designated a general area which comprises roughly the high mountainous areas of Madera, Fresno and Tulare counties, and has established this as a "golden trout waters of California." A reasonable number of barren lakes in the area will be held barren until they can be stocked.

Local Ikes Enjoy 10th Annual Banquet

Members of the Anaheim chapter of the Izaak Walton league held their 10th annual barbecue last night at the Olive civic center, with all those lucky enough to attend agreeing it was a complete success.

Besides the dinner, Ikes were entertained with music and magic, and later adjourned to their clubhouse to finish out the evening with dancing.

Door prizes were won by Mrs. Pete Wisser, Mrs. Gail Vary and Mrs. Wayne Held, who each received a turkey; Mrs. Floyd Wylie and Goldie Royle each won a sponge rubber cushion donated by Brown Upholstery; and Mrs. Tex Middleton took home a mirror donated by Dougan and Hylton Glass Co.

Arch Henry, chapter president, opened the program and then Wayne Held introduced the MC, Clyde Nichols. State officials visiting at the local Ike gathering were introduced by Nichols.

John O'Kane then told Ikes about the coming National Boy Scout jamboree to be held just outside of Corona del Mar. This gathering will be the largest youth conference ever held in California. Over 50,000 scouts from all over the nation will attend. They will live in a tent city the size of Santa Ana, O'Kane said.

Izaak Walton league will give each of the scouts a packet of seeds, which they are to plant as part of the Ikes conservation program. Ikes will also put on a big conservation display at the jamboree and will arrange for trips to the mountains for each and everyone of the visitors.

Some 250 guides will be needed to show the scouts Southern California mountains areas. Anyone wishing to act as a guide or one of the buses carrying the scouts should contact the local Ike chapter.

UCLA Starts Defense of Pacific Coast Cage Crown Against Beavers

LOS ANGELES — UCLA's defending Pacific coast conference champions begin defense of their crown this weekend, Dec. 5-6, in a two night stand against Oregon State at Corvallis.

Coach Johnny Wooden's Bruins will be shooting for their fifth straight Southern division title this year and their third PCC championship in four years. The series with the Beavers will mark the first time since Wooden has been at UCLA that the Bruins have opened on the road, and it will also be the stiffest opening test the Bruins have had in many years.

The Bruins will open their season exactly where they left off—at Gill coliseum in Corvallis. The Bruins last season lost to Santa Clara and Oklahoma City in the NCAA district playoffs in their last two games of the year.

Even Wooden admits that the Bruins are definite threats for the title again this year, but adds that every team in the conference is improved. Last year Wooden won the championship with two freshman and one sophomore on the starting five.

Back to bolster the Bruins this season is Dick Ridgway, all-coast as a sophomore in 1950. Ridgway, who won the division scoring championship and became the highest scoring sophomore in the SD history, was ineligible last season but played AAU ball and picked up valuable experience. Ridgway has come along slowly this year but Wooden expects the blond scoring sensation to be in top shape for the conference season.

Three starters are returning to give the Bruins a veteran nucleus. Ron Livingston, 5 feet, 10 inch guard who led the Bruins in scoring last year, will team with Don Bragg, converted forward from San Francisco to give Wooden excellent backcourt strength. Soph John Moore, dependable regular from Gary, Ind., will team with Ron Bane, husky sophomore deadeye, at the forwards. Mike Hubler, 6-7 center and a very efficient reserve last year, is the starting pivotman in Wooden's probable opening lineup for the Beavers.

Wooden plans to take a 14-man squad to Corvallis. The Bruins will leave Friday at 11 a.m. via United Airlines and will arrive in Corvallis at 4:30 p.m. Wooden will not name his traveling squad until departure time.

Black-Eyed Peas

It is traditional in many families of the Southeastern states to eat black-eyed peas and ham hocks on February 1st to insure good luck for the ensuing 12 months.

Origin of Term "Mugwump"

The term "mugwump" was first applied to political analysis when Republicans voted what was termed a Liberal Republican ticket in 1872. However, it became especially common in 1884, when applied to those who called themselves "Independent Republicans" and refused to vote for James G. Blaine for President.

Anaheim BPW Has Meeting in Meeker Home

The Anaheim Business and Professional Women's club met Wednesday evening in the lovely new home of the Cecil Meeker's on N. West st.

Ida May Walburg, president, presided at the business meeting, and plans were made for the annual Christmas party, which is to be held Sunday, Dec. 14, in the Anaheim Masonic Temple. Families of members will be invited guests.

After the short business meeting, followed by refreshments, Mrs. Meeker conducted her guests on a tour through the new home, which was beautifully decorated with red carnations, and red and yellow chrysanthemums.

Geo. Washington P-TA Board Makes Party Plans

The Christmas Spirit held full sway at the Wednesday morning meeting of the George Washington P-TA executive board as plans took shape for the Christmas party to be held at the school Dec. 19.

The party will feature a Christmas program presented by the children. A coffee hour beginning at 9:30 a.m. will precede the program which is scheduled for 10:30. The P-TA will provide Christmas treats for all the children, including the pre-school youngsters who may attend.

Mrs. R. A. Damerell will entertain the board at her home on Dec. 17 when the Christmas treats will be prepared.

Other projects to be sponsored by the P-TA for December include the making up of Christmas baskets for the needy, the contribution of new and used toys for hospitals and underprivileged children and a collection of left-over yarn to be sent to Los Angeles for making the crocheted garments used in polio therapy.

Mrs. Leonard Kiver reported on the unqualified success of the Thanksgiving basket project. Three large baskets were made up and presented to needy families. The committee wishes to express its appreciation to all parents who cooperated with such generous contributions of canned goods.

It was decided that the George Washington P-TA will begin publication of a monthly newsette in January.

The meeting was conducted by Mrs. Walter Meade, president, and was held in the school auditorium.

Job's Daughters Initiate Sixteen

Sixteen new members were initiated into Job's Daughters Bethel No. 5, when they met this week, with Janice Pullman, honored queen presiding.

Mrs. George Ehrle, guardian, and Donald K. Pullman, associate guardian, officiated in initiating the new members, who were: Susanne Pebley, Linda Mae Agren, Frances Baker, Montalee Spicer, Delores Kay Bourston, Marlene McCaul, and Donna Starmer.

Also initiated were: Pamela Stiratt, Mary Jane Lockhart, Linda Ann Wentz, Carol Lynn Van Verst, Grace and Charlotte Pruett, Geraldine Kirk, Joyce Boege and Vicki Hilcher.

Installation of officers will be held Saturday night at the Masonic Temple, at 8 p.m. Elva Lynn Glenn will be installed as honored queen, by Miss Pullman, who is leaving the group to be married. Janice, during her six months term as honored queen, established a record with 34 new members initiated.

Sandra Johannes was hostess chairman, assisted by mothers of the girls. Dianne Fagan, decoration chairman, created a clever arrangement of a miniature Christmas scene in the dining room.

The next meeting will be a Christmas party and gift exchange on Monday, Dec. 15.

NWCW Meeting Held Tuesday In Santa Ana

Mrs. J. P. Murphy of Santa Ana, president, presided over the general meeting of the National Council of Catholic Women, Orange county deanery, at Santa Ana Tuesday.

She announced that a retreat beginning Friday evening, Dec. 5 and closing Sunday afternoon, Dec. 7, would be held in the Holy Spirit retreat house for women, 1120 Westchester place, Los Angeles, and reservations are to be made with her, telephone KI 20305.

Mrs. William Krom of Fullerton, program chairman, presented Monsignor Michael O'Connor who spoke on the season of advent and our preparation for the coming of the Redeemer; he explained that advent was the time of expectation of Christ, the light of the world," and when Christmas comes there will be the realization of the joy that filled the heart of Mary when she presented the Savior of the world.

Father John McGuire, who was presented by Mrs. Krom, gave a very interesting and informative talk on Spain where he lived and worked as a chaplain for many years. Highlight of his talk was the religion in Spain, the persecution of the Protestants which has been stopped since 1930. When the republic was established in 1931, the ancient connection between church and state was dissolved; religious freedom was proclaimed. "Spain is the most Catholic country in the world," said the speaker. Father McGuire served as a chaplain in the navy.

Mrs. J. Selby, Spurck, National Council of Catholic Women chairman of war relief, spoke on war relief, which was inaugurated by the bishops of the U. S. for the purpose of replenishing the pope's storeroom. Thirty thousand people a month are supplied with shoes and clothes from the pope's storeroom. The real spirit of charity in sending clothes is to see that they are all clean, mended and pressed. Everything for children sent to the pope's storeroom should be new. Concentrating on "Bundles for Korea," she spoke of the great need for warm clothing for the Koreans, especially boys' clothing. Having visited many of the war torn countries she knows the existing conditions in these countries, and gave a very vivid picture of the great suffering and hunger of the Korean people, especially the children many of whom have become separated from their parents; she left the impression that the need for aid in Korea is very urgent. She exhorted all to continue and, if possible, to extend the apostolate of relief which has been carried on so zealously.

The next meeting of the deanery will be held in St. Joseph school hall, Santa Ana, Tuesday, Jan. 6.

Members attending from Anaheim were Mrs. Ray Ortez and Mrs. L. A. Benner.

Ami Tai Chapter Installs Officers

Ami Tai Chapter of the Eastern Star, Chapter 405, Fullerton, held installation ceremonies Wednesday evening at the Masonic Temple. The officers entered bearing the lighted jewels representing their respective offices. A tower of jewels was fromed in the East. Incoming worthy matron, Emma Parke and incoming worthy patron William Parke were escorted by their daughters Ruth Ann and Sara; they were installed by Grace Schafer and Malcolm Parker.

Other elected officers who were installed: associate matron, Catherine Schobel; associate patron, Walter Schobel; conductress, Edna Grigsby; associate conductor, Douglas Oliver; secretary, Stella Schulz; treasurer, Rosalee Rudd; soloist, Ikle Roseff; accompanist, Christen Dysinger.

Marion Bernie, past worthy matron and Malcolm Parker, past worthy patron installed the appointed officers, marshal, Ruth Parker; chaplain, Sara Parke; music, Ferne Marley; warden, Viola Quinleven; sentinel, Edward Kirk; The five rays of the star, Ada Joan Sorsabal, Ellen Olson, Olive Trook, Ruth Minnie Reagan, Esther Jean Pill, were installed by Wilma Mary Nichols, deputy grand matron.

Other officials assisting in the installation were Velma Elder, Rosalee Williams, Beth Collins, John Grigsby, and Esther Parker.

Past grand matrons, Helen Edwards and Blanche Buck and past worthy matron and patron, Lura Scovil and Charles Scovil were escorted to the East and introduced.

Following the ceremony the officers formed a cross while Janis Olson sang "The Old Rugged Cross." They then retired to the dining room to form the receiving line.

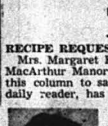

Refreshments of nut bread, nuts, mints, coffee and tea were served by hostesses of the evening, Juanita May, Bernice Jenkins, Dorothy Jenkins, Neddie Kirk, and Ruth Kohlenberger.

HOME-MAKERS' FORUM

By The Gazette's Own Home Economist
JOAN S. WHITE

RECIPE REQUEST

Mrs. Margaret F. Brodie of 111 MacArthur Manor, has written to this column to say that she is a daily reader, has two persimmon trees and would like our recipe for persimmon cookies.

We enjoyed hearing from Mrs. Brodie and reprint the recipe she requested with the note that this column stands ready and willing to give help with home-making problems whenever possible. We are as near as your mailbox or telephone.

Persimmon Cookies

½ cup shortening
1 cup sugar
1 egg
1 cup persimmon pulp
1 teaspoon soda
2 cups flour
1 teaspoon baking powder
½ teaspoon cinnamon
½ teaspoon nutmeg
½ teaspoon salt

Cream shortening and sugar together. Add the egg, well beaten. Mash the persimmon pulp with a fork and stir the soda into it. Add pulp and soda mixture to other ingredients. Soft together the dry ingredients. Sift together the dry well mixed, drop by teaspoons on a greased cookie sheet. Bake about ten minutes at 350 degrees. This makes a nutritious cookie that even children who do not care for persimmons will relish.

* * *

GIRL SCOUTS

Leaders and mothers have put in a number of requests for uniforms at the scout house so the call is going out for used uniforms in good condition. If your child has one which she has outgrown, send it to the scout house with a price tag and your name and address. It will be appreciated.

The weather is fine for camping. All the patrols of troop 59, Horace Mann, have been camping at the Dude ranch at Fullerton. Mrs. John Bovee's troop No. 27 were camping at the Bovee ranch on Nov. 7 and 9, and Mrs. O'Brien's troop No. 59 went to Rankin's Dude ranch the same weekend. Mrs. Schneider troop is about to go out on their second overnight. We understand that several of the fathers were pressed into service as life guards and transportation chairmen and loved it.

The girls have been combining outdoor fun with Christmas preparations too. Perhaps the small fry in your household would enjoy making their brand of attractive gifts which last the year 'round.

* * *

GLASS PLANTER

Use any desired clear glass container such as a fish bowl, gallon jar, etc. Put a sprinkling of coarse sand in the bottom with a few small pieces of charred wood to keep the soil from getting sour. On top of this put one half to one inch of good soil. Plant with small plants, partridge berries and moss. Requires very little water if kept covered.

Red Cross Annual Meeting Date Set

At the regular meeting of the board of Anaheim chapter, American Red Cross, held Wednesday evening the date of the annual meeting was set for Jan. 14 at Ebell clubhouse. A dinner will be served by the canteen, under Mrs. M. A. Gauer and Mrs. Walter Rommel, co-chairman, which will be open to the public, with reservations to be made through the executive secretary, Mrs. Kathryn Wheeler.

Joe Thompson, chapter chairman, appointed a nominating committee to report at the annual meeting. They are Mrs. P. H. Nelson, chairman, Mrs. J. B. Kaubars, Mrs. L. H. Loudon, Mrs. E. H. Kersten and Mrs. Gauer.

For the blood program Mrs. Nelson reported that 168 donors had come to the blood mobile on Nov. 21. Chapter officials and those in charge of the unit felt this was a good response, but hope to have 200 donors at the next visit.

For first aid Hubert Ladig, chairman, it was announced that 11 certificates were issued during the month.

Mrs. Kersten, volunteer services chairman, presented her report, which showed that 42 volunteers gave 235 hours of service. This included those working in Production under Mrs. R. P. Clark whose quota is being handled, and will be ready for shipment to hospitals early in the year.

Miss Frieda Janss, camp and hospital chairman, reported on gifts and plans for Christmas celebrations in the military and veterans hospitals.

Farm Bureau Dinner Reservations Must Be Made Early

The Anaheim Farm bureau center announces that reservations for the annual Christmas dinner to be given Tuesday, Dec. 9, must be made immediately, by phoning 7505, 2329 or 4668.

The dinner will be served at 6:30 p.m. in the high school cafeteria. The turkey dinner will be furnished for $1 a plate, with a 25 cent plate for children under 12 years, but everyone is requested to bring his own table service.

William Garners Honored Guests Of Rebekah Lodge

Ethel M. Garner, president of Rebekah Assembly of California, and her husband William of Hawthorne were honored guests of Fullerton Rebekah Lodge on Wednesday. Noble Grand Mrs. Henry Patton presided during the evening.

Past presidents of the assembly Jennie Mae Annin, Fullerton, Nell Gartin, Huntington Park and Theresa Clark, Whittier, were introduced. Other distinguished guests introduced and escorted to seats of honor were Viola Wright, trustee of the Oddfellows Childrens Home at Gilroy, Henry Lang, past grand patriarch of the Grand Encampment, Ewen Fream, Marshal of the assembly, Martha Francis, inside guard of the assembly.

Also escored were district deputy presidents, Barbara Myers, Anaheim; Zella Byrd, Hawthorne; Mable Foster, Los Angeles; Marie Thompson, Norwalk and deputy district grand marshal, Harry Mansperger of Santa Ana; Evelyn Evans, Burbank; Agnes Altonordhof, Catherine Sproull, of Los Angeles; O. E. Ratovich, Charles Taylor, Elsie Steward of Santa Ana, and Maude Hamill of Gardena.

The staff of escorts, headed by Barbara Myers were from Lois Lodge, the Rebekahs of Anaheim; all wore green formals and carried hearts of pink roses.

Honored guest Ethel Garner was presented with a heart of white roses and a monetary gift from the lodge. Two members of the assembly correspondence committee, Ethel Evans and Agnes Altnordhof, entered the lodge costumed as mail carriers. Their mailbags revealed cards and gift from throughout California for Mr. and Mrs. Garner in honor of their 33rd wedding anniversary.

Election of next year's officers revealed these results: Noble Grand, Mrs. Kirby Spells; Vice Grand, Eleanor Campbell; recording secretary, Eileen Potter; financial secretary, Lois Annin; treasurer, Hazel Solesbee; trustee. Elizabeth Grathen.

A delightful choral program was presented by the Northrop Glee Club. Selection by the group were "I've Got Plenty of Nothing," "Bells of St. Mary," and "The House I Live In." LeRoy Reno sang the solo "Oh, What a Beautiful Morning"; the other soloist, Robert Young, sang "O Holy Night." Frank Ruff presented "Whims" as a piano solo. In honor of the Garner's wedding anniversary, their favorite song "Look for the Silver Lining" was sung by the group.

Tri-Hi-Y Clubs Plan Parties For Holidays

The Tri-Hi-Y clubs held regular meetings Tuesday evening. The senior Tri-U club began with a five o'clock barbecue at the YMCA for the officers, followed by a general meeting at seven with president Ann Risner in charge. Myrna Lewellyn and Betty Osborne reported on their recent trip to the Area Congress at Asilomar. Plans were made for a roller skating and slumber party Dec. 22, also a New Year's Eve party.

Tom Hoag was the speaker at the junior Zi-Chi-Phi club meeting with Kay Forbes presiding. His subject was "Communism." The junior Par-Y-Femini club made pom poms for the football banquet at the high school Wednesday night. Their Christmas plans are to go caroling at Orange County hospital the Monday before Christmas.

The new sophomore BeYs club, led by Miss Barbara Perry, is making Christmas corsages at their December meetings to sell uptown. They plan a slumber party Dec. 20, a pot luck get acquainted dinner with their parents as guests and a hospital visitation as their Christmas project. The sophomore Y-Collonettes are making plans to put on a talent show at a hospital before Christmas. The sophomore Electric Yers all make fudge and sold it from door to door to raise money for their treasury.

The four freshman clubs met and made plans to help others at Christmas time also. The Connie Yettes and the Bar-Yettes are making wreaths at their meetings and are decorating a tree to take to the elderly people at the Orange County hospital along with records and mistletoe. The Bar-Yettes are also having a Christmas party Dec. 16 with a gift exchange.

The Conna E. Pollocks, Starr st., Stanton, have as their guest for the winter, Mrs. Pollock's sister, Mrs. Belle Fitzgerald, of Detroit.

'DEAD MAN' ARRESTED — Alfred C. Zaccone (above), 25, whose Chicago draft board was notified that he was dead, has been arrested on a charge of failing to report for induction into the armed services. He was first notified of induction in August, 1950. Since then he has been summoned three times, but each time came back excuses. The final word was that Zaccone had died. Authorities checked cemetery records and finding no record of burial, checked his home. They found Zaccone at home.

Row Between Cities and Fringe Areas To be Presented to State Legislature

SACRAMENTO (CNS) — The row between the League of California Cities and the fringe areas of the state, represented by the California League of Unincorporated Communities waxes hotter as the time draws nearer for presentation of the controversy to the state legislature.

The League of Unincorporated Communities, which is headquartered in Temple City, just recently mailed to its members a three-page bulletin containing a resolution adopted by the League of California Cities.

The resolution contains primarily the requests the cities will make of the 1953 legislature, and, the unincorporated group asks its members, "What are you doing about it?"

The resolution proposed legislation to change the laws pertaining to annexation "to simplify the procedure required in order to force a vote on the question of annexation within urban fringe areas." The cities claim they do not propose mandatory annexation, but "we do propose compulsory decision."

They seek to have the city councils by resolution, rather than through petition of 25 per cent of the registered voters in the area, as required at the present time. The cities also want to abolish the right of the property owner to protest annexation, a right that is now contained in the law, and a measure of protection for the property owner who does not live in the affected area, and consequently, would have nothing to say regarding the annexation.

Through this demand, the League of Cities apparently favors taxation without representation, for if property owners who own lots or business establishments cannot vote or portest, they patently would have nothing to say concerning the requirement for additional taxes. Under the present law, it takes signed protests by 51 per cent of the property owners to stop an annexation election.

In addition to taking away the primary rights of a part of the citizenry to a voice in government, the League of Cities also wants to evade its responsibilities to a newly annexed area for a certain period of time.

"Provision should therefore be made in the law," the resolution says, "to enable the annexation proceeding to stipulate that full city services need not be extended until some future date, as long as a year and a half after the election."

The excuse given for this evasion of responsibility is that the city should have the newly annexed area on the tax rolls and actually paying taxes before services are extended. However, the league wants, in the event of delayed services, to exercise police powers over zoning, subdivision control, building standards and other items which cost no money.

Also, the resolution continues, there should be laws adopted to force the annexation of any undeveloped or contiguous land when the same is subdivided to urban land use. Such legislation would prevent a subdivider from marketing lots with the attraction of no city taxes.

The League also would prevent the formation of small, special districts, such as are provided for in the Community Services Act adopted by the 1951 legislature.

The resolution is headed as a "proposal for systematic elimination of the problems created for cities by development of unincorporated urban areas," which would all be nicely solved by handing the unincorporated areas to the cities!

Yesterday's Puzzle Solved:

LATEST THING — Casey-Beckham Pontiac, 336 S. Los Angeles st., today joined in nationwide showings of the new line of Dualstreak Chieftain models for 1953. The sleek beauty, a product of Pontiac division of General Motors, features longer wheel base, increased visibility and new curve-control front suspension. Shown above is the new Custom Catalina, one of 11 body types in three Chieftain series.

Pontiac Division of GM Unveils New Line of Cars

PONTIAC, Michigan—First of the General Motors units to announce new models, the Pontiac Motor Division today unveiled its 1953 line of Dual-Streak Chieftain cars in a nationwide program of simultaneous dealer showings, according to Pontiac General Manager, and General Motors vice-president, Robert M. Critchfield.

For 1953 Pontiac introduces a completely new line of automobiles with new roomier bodies, mounted on longer wheelbase chassis, with important improvements incorporated in styling, riding qualities, ease of steering, and equipment; and, in the case of the six cylinder model, substantially increased power, Mr. Critchfield says.

Eleven body styles are incorporated in the new line in three series, the Special, Deluxe and Custom. Thy include two and four door sedans, three station wagons, a convertible coupe and two new Catalinas. An addition to the line is the two seat station wagon with folding rear seat arrangement. Each series is introduced with either eight or six cylinder engines.

Featuring the new bodies, which are immediately distinguishable from previous models by their large one piece wrap-around rear windows, one-piece curved windshields, high deck contour, modern rear-fin fender design and completely revised styling of sheet metal and trim, are new luxurious and highly practical interiors.

In addition, such engineering advances as power steering, as optional equipment, modified Curve Control front suspension, ignition key starting, electronic headlight dimmers, improved Dual-Range Hydramatic transmissions, and other technical developments characterize the new cars.

While roomier, the new Pontiacs are more streamlined than heretofore and are characterized by a marked increase in driver and passenger vision. Elimination of the dividing strip on the windshield and adoption of one piece wrap around type rear windows has increased both forward and rearward vision by as much as 39 per cent, eliminating blind spots and contributing substantially to the sense of safety and security of passengers and operator. The useful glass area is 254 square inches more than in previous models with the new curved glass in windshield and rear windows of the safety type as before.

As a result of the longer wheelbase and new interior dimensions, two and four door sedans have approximately 2¼ inches greater rear compartment knee room. Also deeper rear seat cushions and greater hip room and hat room have been provided. By repositioning the accelerator pedal, the engineers have provided more leg room for the driver, which, combined with adjustable front seats, permits maximum driver comfort.

The impressive appearance of the interiors of deluxe models is the rich beaded nylon material which upholsters the seat cushions and top of seat backs. This material is used in conjuction with durable wool broadcloth and attractive chrome stripping to provide a new degree of luxury inside.

Front ventipanes are now crank operated and there is a new instrument panel with improved functional styling and new positioning of controls and dials for better visibility and simplified operation. Control knobs are narrow plastic with stainless steel inserts. An improved green anti-glare lighting illuminates the operating controls, which may be dimmed by rotating the headlamp switch.

PHOENIZ, Ariz., Dec. 4. (AP)—Sacramento and Portland clubs of the Pacific Coast Baseball league swapped a pair of ball players apiece today.

The Sacs traded southpaw Glenn Elliott and righthander Orv Grove to Portland for outfielder Joe Brovia and pitcher Marion Pieretti.

Cal Educators Prepare for State Meeting

SACRAMENTO (CNS) — California educators today were preparing for the state-wide conference on educational television, which will be held in Sacramento Dec. 15 and 16.

The conference was called by Governor Earl Warren recently at the request of a smaller group of educators which seeks utilization of eight channels tentatively allocated to the state by the Federal Communications commission, for non-commercial use.

The proposed channels, it was pointed out, will revert for use as commercial television station channels unless they are taken up by the state or some of its subdivisions, such as a school district, or combination of districts, by June, 1953.

The governor has appointed Julian A. McPhee, president of the California State Polytechnic college at San Luis Obispo, as general chairman of the conference.

According to preliminary schedules, the conference will review financing, administrative and programming problems of educational television, and will make recommendations concerning the desirability and feasibility of applying for available channels.

Legislative leaders, however, have indicated that there will be no additional funds from the state to prvide educational television for California, in view of the extensive costs involved, the impact such an action would have on private industry, and the added school costs involved in the adoption of Proposition No. 2 by the people in November.

Monitor Writer Visits SA Campus

Collecting data for a series of articles, Christian Science Monitor staff writer Richard D. MacCann accompanied by Dr. B. Lamar Johnson, professor of education at UCLA today toured the Santa Ana college campus and conferred with SAC director Dr. Daniel C. McNaughton. Aubrey L. Berry of the teacher placement bureau of UCLA, accompanied Dr. Johnson and Mr. McCann.

Dr. Johnson is currently touring Southern California junior colleges collecting first hand material to aid him in training junior college teachers Mr. McCann is collecting data to be used in a group of articles for the Monitor on junior colleges in California.

Dr. Johnson is also editor of the magazine "General Education in California Junior Colleges," and has been in charge of the junior college workshops in general education during the past several summers at UCLA.

PHOENIX, Ariz., Dec. 4. (AP)—The Los Angeles Angels announced the sale today of first baseman Ronnie George for an undisclosed sum to Des Moines of the Western association.

DEATH CANCELS FINE—Ens. Marvin S. Cohn (above), navy jet pilot, recently received a traffic ticket in Fairfield, Calif. Later he wrote that he would be unable to appear as his ship was sailing for Korea and any financial demands should be made quickly, as "jet flying is dangerous business." A letter sent Cohn was returned stamped "addressee deceased." A notation said he died when his plane crashed while on training maneuvers.

Placentia Man Visits in Japan

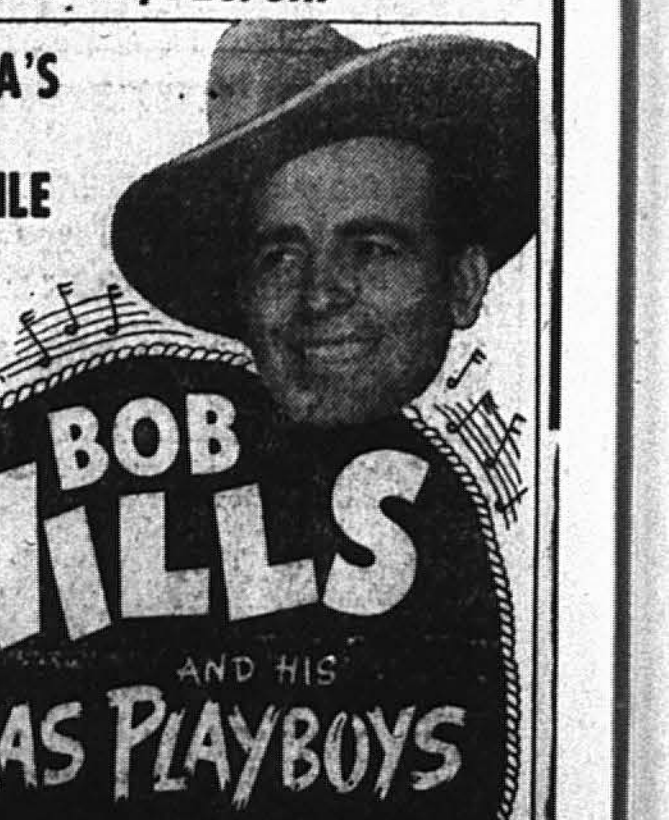

WITH THE 2ND INFANTRY DIV. IN KOREA—First Lt. Daniel G. Kraemer, son of Mr. and Mrs. Gilbert V. Kraemer, 5931 Kraemer ave., Placentia, Calif., recently had an opportunity to catch up on his Christmas shopping in Japan while on a five-day rest and recuperation leave from the 2nd Infantry Division in Korea.

The vacation is part of the Army's policy to give front-line soldiers respite from combat. At the same time soldiers at the "R and R" hotels have been afforded opportunities to visit the well-stocked Army stores (Post Exchanges) established for their convenience and holiday shopping. Packaging and mailing services are set up at most of these centers.

Kraemer, a battery executive officer, entered th Army in March 1951 and joind the 2nd in April of this year.

KITCHENS like the above are planned to be both decorative and functional at Norpark Homes, fast-selling Hahn-St. John development of three-bedroom, two-bath dwellings at East Center and Evergreen streets, Anaheim. Priced from $12,450, with veterans' down payments $481, plus costs and impounds, 40 homes are now sold and occupied and 40 remain, including a few FHA deals.

3rd Place Steer Brings Record Sale Price

LOS ANGELES, Dec. 4 (AP)—A little Shorthorn steer named "Enchanted Hills," winner of only a third place ribbon in the Great Western Livestock show, was sold today for more money than any other animal in the closing auctions.

The 917-pound fellow was sold 13 times, in fact, for a final total of $3159.

The reason was that "Enchanted Hills" was entered by blind children of the Recreation for the Blind, Inc., camp near San Francisco. Proceeds of the sale are for funds for the camp.

Therefore each buyer, in turn, donated "Enchanted Hills" for resale. The final buyer, Paul Gebbia, paid 55 cents a pound for the steer.

Miss Rose Resnick, blind founder and director of the camp, was near tears of gratitude as the sale price mounted. The steer was given as a calf to the blind children to raise by the Vernon Lions club.

Illinois was the first state in the union to ratify the Woman's Suffrage amendment to the Constitution.

Norpark Units Selling Fast Under New Credit Terms, Developers Say

Forty families have moved into their three-bedroom, two-bath dwellings at Norpark Homes and an equal number of residences remain still available at the fast-selling development in Anaheim, it was announced yesterday by Hahn-St. John, the developers.

Of the 40 remaining homes in the new community at E. Center and Evergreen sts., only a few are FHA deals, the builders announced. The homes are priced from $12,450, it was noted.

Under reduced terms for veterans, the down payment is now $481, plus costs and impounds, instead of $1033, as formerly.

Four model homes, furnished are the Aaron Schultz stores, are displayed daily and Sunday from 10 a.m. to 8 p.m. In all, there are 40 different architectural styles represented in the development, affording a wide variety of choices.

Of particular interest to viewers, it was stated, were the special kitchens, with exhaust fans over ranges, island hanging cabinets of smudge-free knotty-pine, easy-to-clean Hermosa ceramic tile around work areas, spacious breakfast nook areas, Waste-King garbage pulverators.

The new community's homes, nestling among Anaheim's orange groves, also feature the Lennox central heating plant, gas-fired and thermostat-controlled; wood-burning fireplace, stall shower, glass-enclosed-tub, television outlets, colored bathroom fixtures and pullman bath cabinets.

The devolpment is near key employment centers of Orange county, Long Beach and Los Angeles.

Kurt Koesel New Firm Director

SACRAMENTO (CNS) — California firms filing articles of incorporation today with the secretary of state included the following Orange county concerns:

Tropi-Paya Corporation, a $200,000 fruit juice business. Directors are Kurt Koesel, Winston rd., Anaheim; Lytle Young, Los Angeles and Louis Reister, Inglewood.

Home Mortgage and Investment Company, Inc., an $18,000 corporation. Directors are Frank L. Woodland, 539 Tustin ave., Newport Beach and Gean C. Eastman and David Farrell, of Santa Ana.

Valley Pollination Service, with $[illegible] authorized. Directors are Charles B. Reed, Olive; A. L. Innes, Saugus and W. F. Huston, Corona.

Christmas Tree Lot Brings Holiday Air

The holiday air pervaded downtown Anaheim in earnest today as the Anaheim Y's Men's club opened their Christmas tree lot for the second consecutive year at the corner of Lemon and Chestnut sts.

A far larger enterprise this year than last, the sales corner will offer a complete assortment of trees including 750 silvertips hand picked by Y's Men on a recent High Sierra trip. More than 1500 Douglas fir trees are in the first club order on the regular "Christmas tree."

The lot will be entirely restocked at three intervals between now and Christmas, according to club president, Bill Talevich.

This year the Y'smenettes club, wives auxiliary, will additionall offer a Christmas shopping center booth on the lot selling wreaths, small gifts and other Christmas wares.

All proceeds from sales go toward the furthering of the YMC program in Anaheim and at Camp Oscola. Last year's proceeds gave the new Citron st. LMCA building a paved patio, athletic court and other facilities.

Advance tree tickets, which allow purchasers advance notification of fresh tree shipments in exchange for a dollar deposit, are currently being sold by the members of the teen-age Y club. Money from these sales go into youth club treasuries.

The lot will be open daily from 9 a.m. to 9 p.m.

Two Promoted

The Inspector Instructor, U.S. Naval Reserve Training Center, Los Alamitos, California has announced the promotion of several Naval Reservists who have successfully completed their examination. You will be pleased to know that these young men in your community are preparing themselves for the Nation's defense and are to be congratulated upon their advancement.

- C. E. Huff, 9312 Western ave., Anaheim, from SA to SN.
- G. E. McCarthy, P.O. Box 16, Anaheim, from SA to SN.

Indiana's First Settlers

The first permanent settlement of whites in the state of Indiana was made at Vincennes in 1734 by emigrants from Canada.

How would you like the fun of Christmastime to last all the year through?

That's the way it seems to be when you call this Buick beauty your own—what with the constant cheer it brings to you week after week, month after month.

The cheer of traveling in style that's bright and gay as a holiday wrapping.

The cheer of having rich and spacious comfort—plus the cheery thought that nowhere else can you get as much room for the money.

The cheer of knowing abundant and mighty able power is on call, with all the solid thrift of a Fireball 8 Engine that's valve-in-head—and also high-compression.

The cheer of riding wonderfully buoyant, level and steady—with a ride that *feels* like the million dollars it cost to perfect.

The cheer of taking your travel free and easy—with Dynaflow Drive* doing the chores in letter-perfect smoothness—with Power Steering** assisting to make parking and slow-motion maneuvers no task at all.

Even the price is a cheerful note here—low enough, you'll find, to crowd the so-named "low-price three."

That means action is called for this very week, to make the most of this good deal while it lasts.

Why not drop in today or tomorrow and see how much cheer is to be found in a Buick showroom right now?

*Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. **Optional at extra cost on Roadmaster and Super only.*

Salvation Army Appeals to Citizens For Help for Needy at Christmas

TAKES OVER—Lt. Col Marcos Perez Jiminez (above), of Venezuela, is the nation's new president. He took office as three-man junta resigned following announcement pro-government party was leading elections for constituent assembly. Perez Jiminez was a key member of the junta.

Letter appeals to several thousand leading citizens for funds to assist 40,000 needy people at Christmas time were today released by Lt. Col. George W. Johnstone, Southern California divisional commander for the Salvation Army.

"Our organization is swamped with requests from many quarters for seasonal assistance on behalf of those who cannot afford to provide Christmas necessities for their loved ones," Johnstone said. "The Salvation Army believes that a meagre Christmas has a demoralizing effect upon families, especially upon children and the Salvation Army will do everything possible to provide a merry Christmas for every family on our list.

"We are also planning Christmas joys for the lonely aged, the homeless, the handicapped, the so-called 'forgotten' man and for many thousands of patients in military and other hospitals," he said.

"In order for the Salvation Army to render this service, it will be necessary for us to receive $60,000 at least in our mail appeal. Income from the 'boiling pots' on the street corners will not nearly meet the needs.

"We have placed our problem, which is really the problem of many people who look to us for help, before our friends through the medium of a frank, straightforward letter setting forth the scope of the task, the financial needs of the Salvation Army, and our plans for disbursing the fund, and we have a strong confidence that the people of Anaheim will be willing to share their Christmas happiness by dividing their good things with the needy," he said.

Those desiring to send contributions to the Salvation Army Christmas fund may address them to the Salvation Army, 832 West Ninth st., Los Angeles 15. An early response is hoped for in order to permit Salvationist workers to make preparation in time, Johnstone explained.

The Alamo

The Alamo, located at San Antonio, Texas, wah originally a mission house erected by the Franciscan fathers in 1718.

Jail Promoter For Selling Without License

Accused of violating the corporate securities act of the state by selling mining securities without a license, John Harper, 57, Ensenada, Mex., mining man, was held in Orange county jail yesterday after allegedly collecting $3000 from one Santa Ana physician and $1000 from another. He reportedly sold them an interest in a mine at Kingman, Ariz.

His third prospect, J. C. Fortner of Santa Ana, became suspicious and called attention of Santa Ana police to the case. Fortner had been asked to invest $5000 in the mine.

He knew the mine, the Dalton Rubinette, and said it had value. He telephoned its owner and verified that Harper had negotiated for its purchase, for $100,000, and was to pay $10,000 on the deal by Dec. 10; also that Harper had given the owner $2000 for repairs on the access road to the mine. Fortner further checked Harper's references at an Oklahoma bank and received a favorable report.

Police became suspicious, like Fortner, despite these disclosures, and called in Special Investigator John P. Powers of the state division of corporations. Powers was handed the contracts made with Dr. Myron Mickelson, who had invested $3000, and Dr. Kenneth Brigham, who paid $1000. The contracts, when submitted to the state agency, were pronounced violations of the corporate securities act.

The physicians and Fortner had been told by Harper, it was claimed, that he planned to get the mine back in production where it would repay its investors $10 per day.

Police apprehended Harper when he called on Fortner yesterday. Harper refused to make a statement until he consulted an attorney. Dep. Dist. Attorney James P. Deving ordered him booked at the county jail.

DOUBLE feature: Marilyn Monroe and Jane Russell team up in dance routine in coming "Gentlemen Prefer Blondes" movie.

TOUGH TUB of fiber glass is walloped with hammer by inventor, Carl S. Strand of Birmingham, Mich., to show it won't chip. It weighs but 20 pounds, and was introduced at National Trailer Coach exposition in St. Petersburg, Fla.

HOLD THAT TIGER! Big-hearted Bella gladly took on extra motherhood duties for this abandoned tiger cub, but has her own gentle way of restraining him when her own German shepherd dog offspring are dining!

ON THE ALERT—A Republic of Korea soldier from atop the capitol building in Seoul is alert as he watches other soldiers and police reservists being put through their paces in courtyard below in preparation for the expected visit of President-elect Eisenhower to Korea.

BIRTH OF A BABY TELEVISED—Gordon Campbell Kerr was born, by Caesarian section, to a young Denver, Colo., couple as television audiences across the nation looked in on the hospital delivery room. The happy father, Sgt. John R. Kerr (left), and the public saw the infant lifted from his mother (right), cleansed, wrapped in blankets and then heard his first cries. Sgt. Kerr nervously watched the screen in the basement of the Colorado General hospital as his five-pound-seven-ounce son came into the world. The history-making event was sponsored by a pharmaceutical firm during the American Medical Association meeting in Denver.

Strike Losses Show Big Drop

Production losses caused by strikes during November were 50 per cent less than during the same month last year, the Merchants and Manufactures Association announced today in its monthly strike roundup.

Strikes kept 881 employees away from their jobs for 6284 man-days of production last month, compared to 12,653 man-days in November, 1951.

AFL unions were involved in four of the disturbances, independent unions in two.

There were 10 other disturbances, during which no employees left their jobs and no production time was lost, involving picketing and other forms of union protest, the M & M said.

Before 1799 the U. S. Senate held secret meetings only.

British Journal Tells Existence of New Russ Plane

LONDON, Dec. 4 (AP) — Soviet Russia has developed a mother plane which can carry two jet fighters around at high altitude until they are needed for combat, Jane's "All the World's Aircraft" said today.

The unofficial but authoritative aviation handbook described the flying aircraft carriers as a modified version of the four-engined TU4, a Soviet copy of the U.S. Air Force B-29 Superfortress.

Jane's editor for 1952-53, out today, said the TU4s have been fitted with a girder-type structure on the leading edge of each wing to which MIG-15 jet fighters —the kind met by U.S. pilots in the air over Korea—can hook themselves after takeoff. The fighters can disengage when enemy planes are sighted.

The object of the mother plane-fighter combination is to conserve fuel which the short-range jets otherwise would have to burn while climbing into action.

The new method seems to adapt a ferrying idea used in experimental work of other nations in the past. An F-84 Thunderjet was dropped last spring from a U.S. Air Force B-36. B-29s have been used in launching speedy research planes such as the X1 and the Navy Skyrocket.

Jane's said a new Russian jet fighter now in production is believed to be slightly faster than the MIG-15, itself in the speed of sound class doing 10 miles or more a minute.

The plane was said to be closely similar in appearance to the Focke-Wulf TA-183, which German Designer Kurt Tank had under development when Germany surrendered in 1945. Jane's said a few of the planes have been spotted flying over Soviet-occupied East Germany.

The handbook also passed along a few new reports about the Russian Type 31 bomber, a six-engined monster believed by the U.S. Air Force to be capable of flying from Russia to American targets and back.

Existence of this plane was confirmed this year by Thomas K. Finletter, U.S. air secretary, and Gen. Hoyt S. Vandenberg, chief of staff of the U.S. Air Force.

Jane's said the plane, a swept-wing type driven by either six jet or six turbo-prop engines, is believed to be in production in a factory in Central Russia. A turbo-prop engine is one in which the power of a jet is used to turn a propeller, with some loss in speed but considerable saving in fuel compared with a standard jet.

Armored with five gun turrets, the bomber was said to carry two complete crew, each of 11 men, who would alternate on duty on long missions.

The approximate wing span was reported to be 223 feet and the length 167 feet.

Jane's said the designer was reported to be Dr. Inge Baade, formerly one of the top men in Germany's Junkers Company.

Anaheimer Gets Advance in Rate

WITH NAVY AMPHIBIOUS FORCES IN THE FAR EAST (Delayed) (FHTNC)—While serving on board the attack cargo ship USS Skagit, James Kelley, son of Mr. and Mrs. Joseph M. Kelly of 9232 La Palma ave, was advanced to engineman third class, USN.

The promotion was received after successful completion of a Navy-wide examination given in competition for the advancement.

The examination tested leadership ability, capability in a specialty and many other facets required to assume the responsibilities which come with the promotion.

Goat Exchange To Meet Here

Anaheim will be honored Sunday, Dec. 7, with a fairly unique sort of visitation.

Members of the Orange county Goat Exchange will hold their third meeting at the Pembrook ranch, 14502 La Jolla ave., Anaheim.

Membership, they say, is open to the world. All one has to have to attend is a list of goats for sale, trade or service, or a list of goats one wants to buy. Or, one can even attend just to talk over problems.

Jose Lopez Jr. Serves in Korea

WITH I CORPS IN KOREA—Pcf. Jose A. Lopez, Jr., whose parents live in Anaheim, is serving with the 1092nd Engineer Combat Battalion, which soon will mark its second year in Korea.

A West Virginia National Guard unit now filled with men from all parts of the United States, the 1092nd distinguished itself last winter with one of the most difficult engineering feats of the Korean campaign.

Construction specialists from his battalion maintained the only floating bridge which stayed in place across the turbulent Imjin river, often fighting ice several feet thick.

Lopez, a driver in Battery C of the battalion, entered the Army in July 1950 and arrived in Korea last March.

Staggered Plan For Registration Will be Dropped

SACRAMENTO (CNS) — Plans for staggered motor vehicle registrations in California will be dropped for awhile, Assemblyman Richard H. McCollister, Marin county, announced here.

McCollister said the assembly committee on interstate cooperation has been considering recommendations for the staggered plan, whereby automobile licenses would be issued monthly, thereby avoiding the jam-up at the first of the year.

Investigation, however, the assemblyman said, indicated such a system for this state would require about $500,000 more annually than is being expended at the present time for issuance of the licenses.

Neither would there be relief for car owners in the form of shorter waiting lines and administration of the law would involve many complications.

The committee was informed by A. H. Henderson, director of motor vehicles, that three states which invoked the staggered plan have indicated they will drop it as being too costly.

Meanwhile, the department is about ready to mail more than five million potential automobile registration certificates, which will reach the public just after Christmas.

Anaheim Elks to Conduct Memorial Service Sunday

The Anaheim Elks club will conduct their annual Memorial service, Sunday, Dec. 7, at 3 p.m. in the lodge room.

This service honors members who have died, particularly those within the past year.

The Rev. Al Casebeer, of the First Christian church will be the speaker; soloist Donna Lee Capp will sing the Twenty-third Psalm and the Lord's Prayer by Malotte; Olive Kempin, organist, will accompany the soloist and play two organ solos, "My Task," and "Prayer Perfect."

Officers of the lodge will have a short ritual. Invocation and benediction will be conducted by the Rev. William McKinley Walker, of Wesley Methodist church.

Al Raymond, exalted ruler, will preside. Bob Wurgaft is general chairman in charge of the program and arrangements.

St. Michael's to Be Repainted

Tomorrow at 8 a.m. the members of St. Michael's church will begin on a voluntary basis painting and staining the building, inside and out. Steve P. DeGennaro and Sons, painting contractors, will supervise the members as they clear the building and pews in the nave of old paint and varnish, and re-decorate the church, which was built in 1875. The work will continue each Saturday, all day, beginning at 8 a.m. until Christmas.

Anaheim Gazetteer

by JOHN S. NEUBAUER

These be
Three silent things:
The falling snow . . . the hour
Before the dawn . . . the mouth of one
Just dead.

—Adelaide Crapsey.

* * *

TOLERANCE—**"Keep thy tongue from evil, and thy lips from speaking guile.**—Psa. 34:13.

* * *

SURVEY — Anaheim women have no enthusiasm for housework. According to our survey homemakers consider it a necessary evil that takes up 40 hours of time each week, and while Mrs. Anaheimer isn't too enthusiastic about it all, she wouldn't trade it for a regular job. She does this besides working to bolster the family exchequer. Hubby helps around the house and while he may disapprove of her working, she does so because of necessity rather than choice. By and large, Anaheim woman actually has had more schooling than her husband, but she does not feel that her academic education prepared her sufficiently for her role in life as a homemaker. This she had to learn by trial-and-error.

* * *

RECORD—They tell me that **"Red" Rheinhart** has piloted a truck for nearly 30 years without so much as a fenderbender. Do you know of anyone who boasts a better driving record? Not unless it's **Amigo Rios** who's never had an accident. And to what does he attribute this? "Well," he said as a grin wrinkled his 60-year-old face, "Maybe it's because I didn't ever drive a car." Walking is safer . . . Anaheim's Recreation department under the capable direction of **Don Derr** had a record-breaking year.

* * *

PERSONALITIES—**Elmer Williams**, the expert mechanic, gets up at the break of day. "Got used to it on the aqueduct," he explains telling the part he played in getting water to Southern California . . . **Alex Morales** is an Anaheimer who's always been interested in supercharged hotrods. Nice hobby. Must be something like owning a racehoss . . . **Earl Rice**, the Northrop maintenance engineer, used to own a couple of claiming platers which he ran at Agua Caliente and on the fair circuit. Sold 'em at a nice profit, too, after he got tired being a sportman . . . **Otto Ruff** is a versatile Anaheimer. After years of tickling folks palates with wonderful sausages, he switched to contracting.

* * *

ODDITIES—There's a dentist whom you know who hasn't had a hairout in years. He cuts his own . . . Then there is an Elk bandsman who extracts his own teeth. He's removed three without antiseptic other than a slug of John Barleycorn . . . Do you know any Anaheimers more versatile than these.

* * *

QUICK QUIZ—Queries a client: Isn't **Joe Flores** the greatest fighter who ever lived in Anaheim? Uh-uh! **Ted Morgan** was the greatest fighter to reside in Anaheim. He had the championship belt in his trophy case. **Bert Colima**, the Whittier leatherpusher, was the most popular fighter who ever came to the old home town, though. He actually drew larger crowds than **Jack Dempsey** when he came to the Old Valencia Orange show . . . Are there any historical sites in Anaheim? There are two according to **Westways**: The Mother Colony House and the Northgate Site . . . How many miles of State hiways are there in California? Over 14,000 miles. The first 3000-mile section was begun in 1912.

* * *

REMEMBER—**"Error will slip thru a crack, while truth will stick in a doorway."**—H. W. Shaw.

OBLONG VIEWS

(From an Egg-Shaped Head)
By WALDO HUNTER

Good Morning.

Once again we enter a busy Christmas season, and once again it will be a Christmas season marked by war communiqués, strife, turmoil and ferment in all quarters of the world.

One must be a man of deep faith, indeed, to consider the great underlying theme of Christmas: "Peace on earth, good will to men" and not dilute it with just a tinge of cynicism.

This Christmas promises to surpass all others in volume of business, and one can sense the gradual build-up of that peculiarly American buying frenzy called the "Christmas rush" which begins at about Thanksgiving and mounts in ever-increasing crescendo up to that eleventh-hour splurge the day before Christmas.

Christmas Day itself is getting to be largely anti-climactic, and it is a sobering commentary on one of the world's "church-going-est" peoples that so many of us on that day, weary and worn, sigh: "Thank goodness it comes only once a year."

* * *

But let's take a look at some of the new gadgets on the market this season . . . some things mighty enticing to the Christmas shopper.

The toy makers have come up with a few new ones. They have a jet plane for little Junior which shoots six lead pellets at rapid intervals from a gun mounted in its nose. This would be the ideal gift for the child of someone you owe a grudge.

In the toy line also is a ghastly looking green grasshopper with long, springy legs. Set the thing down and in a minute or so it outs loose and slams into the ceiling. But the least said about this thing, I suppose, the better.

At one toy counter I overheard a woman say to another: "Oh those horrible looking space suits! I wouldn't have my child seen in one."

I was forced to bring to bear a marked degree of self restraint to keep from remarking: "Lady did you ever look at yourself wearing a mud-pack?"

The toys, by and large, however, are in tradition. The wind-up and the push-type cars, trucks and tractors are equipped as usual with just the proper amount of protuberances to scratch hardwood floors, gouge base-boards and macerate table legs. They also are as usual, fashioned perfectly to throw you for an eight-vertebrae loss when you step on one while groping for the bathroom in the wee hours.

The toy manufacturers have yet to put on the market the toy for the four-year-old which will not be busted to pieces by Jan. 12. What I have in mind is a steel ball eight inches in diameter.

The doll makers are also going all-out. Not only do they make dolls that will cry, sleep, and wet, they are even putting dolls out now that will eat! Obviously, this leads on to major complications, and this time, brother, they have gone too far.

Oh well, happy shopping.

Presenting
