Delco-Remy to Build New Battery Plant Here

ARCHITECT'S SKETCH of the new Delco-Remy battery plant to be built west of Anaheim is explained by S. E. Skinner, left, General Motors vice-president, and H. D. Dawson, general manager of Delco, for the benefit of Mayor Charles Fearson and Chamber President Stan Whieldon, extreme right. (Gazette photo).

General Motors Officials Announce Plans at Lunch for Local Leaders

Delco-Remy division of General Motors Corporation will build a new factory west of Anaheim.

Announcement of the corporation's plans was made yesterday at a luncheon in Anaheim Elks club, given for local civic and business leaders by G-M, by H. D. Dawson, general manager of the Delco-Remy division, whose headquarters are in Anderson, Ind.

The plant, to be located west of Magnolia ave., between LaPalma ave. and the Southern Pacific railroad, will be devoted to the manufacture of automobile storage batteries, Dawson said.

The new 175,000 square-foot plant will employ about 300 persons. Its production will supplement facilities of the division in Muncie, Ind., and New Brunswick, N. J.

"We have been considering the possibility of a West Coast plant for several years," Dawson said, "and now we are very happy to see it become a reality in such a fine community as Anaheim."

Employees of the plant, he said, will come from Anaheim and its environs with the exception of a few key personnel of 12 transferred from other plants because of their experience in battery production.

Construction of the new plant is to begin as soon as National Production Authority approval has been received, and construction contracts can be let.

Anaheim dignitaries attending the luncheon included Mayor Charles Fearson and the heads of the city's department; President Stan Whieldon of the Chamber of Commerce and Clyde Cromer, Industrial division chairman.

General Motors officials present included S. E. Skinner, vice-president in charge of the Accessories division; F. G. Tykle, manager of the Real Estate division; H. F. Reich, director, Power section; and R. S. Withers, director, Customer Research section.

From Delco-Remy, the following were present: Dawson, W. C. Cotton, divisional comptroller, and H. J. Stadtlenbury, assistant manager of Delco battery operations.

US Charges Red UN Official Recruited Agents

UNITED NATIONS, N. Y., Dec. 15. (AP)—The U. S. has accused a Russian official, fired from the UN, of trying all last year to recruit agents in the U. S. for a Soviet spy ring, it was learned tonight.

His role was uncovered, it was reported, when he was caught trying to make a contact with a person outside the UN for espionage purposes.

The $8,000 a year Russian political officer, Nikolai Skvortsov, worked under an assumed name in his activities, the U. S. accusations are reported to have said.

Soviet delegation heads here and the Soviet government in Moscow were notified of the reason that lay back of Skvortsov's dismissal after he could not get a re-entry visa to return to his post from a home leave in Moscow.

The Soviet delegation made no public protest like the howl it raised when Yekesin Gubitchev was trapped as a spy in 1949 with government girl Judith Coplon and did not acknowledge the UN's notification.

Two More Red Prisoners Die As Result Of Sunday's Riot on Pongam Island

by SAM SUMMERLIN

PUSAN, Korea, Tuesday, Dec. 16 (AP)—The United Nations Prisoner of War Command reported today two more Communists had died of wounds received when Allied guards quelled a mass break attempt on Pongam Island Sunday.

It brought to 84 the announced prisoner dead in the organized riot by 3,600 die-hard North Korean Reds. The U. N. Command said many died of bayonet wounds. Some 120 prisoners were wounded.

Two U. S. and two South Korean soldiers also were injured by rock-hurling Reds who ignored all orders to halt and charged the guards in waves, the UN prisoner of war command announced.

The allied announcement was expected to bring angry new protests from the Communist truce delegation and blasts from the Red radio.

Pongam is the Communist riding pet (crowding by one the number of Red prisoners killed in a Feb. 18 riot on Koje island.

Pongam is a small, terraced, wind-swept island about one and one half miles off the southwest tip of Koje.

The UN command, in announcing the action Monday, said "orders warning shots and riot guns had no effect on the organized mob."

"When three waves of fanatical Communists advanced on the guards, individual weapons were brought to bear when their power became necessary to prevent the entire mass from breaking out," the command said.

The announcement did not further classify the "individual weapons" used, but presumably this included automatic carbines and sub-machineguns.

State Department Suspends Vincent For 'Reasonable Doubt of Loyalty'

WASHINGTON, Dec. 15 (AP)—The state department today suspended career diplomat John Carter Vincent after a government board found "there is reasonable doubt as to his loyalty."

The action is subject to review by President Truman and Secretary of State Acheson.

At the same time the department announced that the U. S. civil service commission's loyalty review board has found "no reasonable doubt about the loyalty" of John Paton Davies, jr., another key state department career officer.

Both Vincent and Davies have figured in repeated inquiries into charges of Communist infiltration into the government.

The department announced that Vincent, now U. S. minister to Tangier, Morocco, has been summoned home.

The loyalty review board recommended that Vincent be fired, the department said.

The department only suspended Vincent, however, and announced that President Truman will discuss the case with Acheson when Acheson returns from the NATO conference at Paris this weekend.

As for Davies, the review board said that regardless of "the wisdom or judgment of Mr. Davies as a foreign service officer," there was "unreasonable doubt" of his loyalty.

Davies is deputy director of the office of political affairs in the office of the U. S. high commissioner for Germany, at Bonn.

Vincent was accused by Louis Budenz, former editor of the Communist Daily Worker, in testimony before the senate security subcommittee of being a Communist and "under Communist discipline." He was criticized by the committee along with Owen Lattimore, Johns Hopkins university teacher, after Vincent underwent a four-day hearing early this year.

Britain Orders Consulate Closed At Tientsin

LONDON, Dec. 15 (AP)—Britain ordered closed, today one of her three remaining consulates in China as the Communist death-grip on her ancient Chinese trade continued unrelaxed.

The Foreign Office said the consulate-general at Tientsin will be folded up as soon as possible.

That means Britain's diplomatic representation in China has backpedalled under Peiping government pressure to only two positions: A consulate-general at Shanghai, across the Yellow Sea from Korea's southern tip, and the Consular Department of the embassy at Peiping.

Blasting the Peiping's government for a four-term drive to freeze British business out by obstruction and restriction, Britain already has shut the doors of her consulates at Amoy, Chunking, Hankow, Kunming, Nanking, Tsingtao, and Canton.

The two remaining posts are the formal diplomatic remnants of Britain's policy of recognizing Mao Tze-tung's Red Chinese government.

Meany Confers With Bob Taft

WASHINGTON, Dec. 15, (AP)—George Meany, newly elected president of the American Federation of Labor, conferred with Sen. Taft (R-O) today about labor lesislation which may be considered by the new congress.

Meany later told a reporter, "We had a nice general discussion, but did not get too specific on issues."

If China Won't Settle, Wage War, Douglas Says

NEW YORK, Dec. 15 (AP)—Supreme Court Justice William O. Douglas says the United Nations should seek a "political settlement" with Red China, and, if that fails, then wage "all-out-war."

Summarizing his conclusions drawn from a recent trip to Asia, Justice Douglas said in an article in Look magazine he didn't know whether political settlement with Red China was possible.

SEOUL, Tuesday, Dec. 15. (AP)—Chinese patrols jabbed at allied positions on the Kumhwa ridges of central Korea five times last night and early today. Each time they were driven back.

Eisenhower Plunges into Confabs On Europan Unity Against Reds

NEW YORK, Dec. 15 (AP) — President-elect Eisenhower, just back from his Korean "look and learn" trip, plunged today into talks on European unity against Communism.

Eisenhower conferred with John J. McCloy, former U.S. high commissioner in Germany, and John Foster Dulles, who will be his secretary of state.

The nature of the talks indicated the president-elect was weighing whatever plans he might have concerning Korea with the rest of the world picture.

McCloy, who lunched with Eisenhower and Dulles, said, "We talked about the steps that might be taken in relation to European unity, a subject we have all been engaged in and interested in for a number of years."

Asked if West German rearmament was discussed, McCloy said "not particularly, except in relation to other things."

The talks covered "a wide variety" of subjects, McCloy said.

McCloy was high commissioner in the former enemy country for three years marked by tension between Soviet Russia and the West, with Berlin as the focal point. He retired last August.

There was no amplification from Eisenhower's headquarters in his statement yesterday, as his plane arrived from Korea, that the enemy would not be impressed by words "but only by deeds—executed under circumstances of our own choosing."

Gee Whizz... Golly

We were embarrassed and proud today . . . we had more people tell us nice things about our MORNING NEWSPAPER and our SECOND SUNDAY EDITION than those who said "well MAYBE, but we will wait and see."

One thing was interesting . . . and MOST IMPORTANT . . . the praise and criticism was sincere . . . THAT HELPS US both ways . . . because we here at the GAZETTE can accept praise in deep humility . . . and accept criticism with a feeling of GRATITUDE for the interest shown in our efforts FOR ALL IN ANAHEIM that we try to serve, and because it serves to guide us in our future moves.

There is only one way we can say thank you for your interest and that IS TO SAY "THANK YOU."

Bunco Artists Cheat Woman of Funds

It cost Mrs. Jennie Cackler, housewife of 220-S. Broadway, Santa Ana, $3076 to gain first-hand acquaintance with the time-worn bunco game known as the "lost money" game, Santa Ana police reported today, as they searched for two young Negro women who "took" Mrs. Cackler for that sum.

Mrs. Cackler took $2600 from her safety box in a Santa Ana bank and handed it over to a Negro woman whom she had met for the first time a few minutes earlier, in a down-town store, and who promised to return it to her "in 10 minutes" with an additional $1200. The $1200 was supposed to represent one-third of a sum of $3600 the Negro woman had found. Later, Mrs. Cackler discovered further that her purse, containing $76, had been stolen.

Mrs. Cackler met the young Negress in a variety store where the latter asked her to help pick out a geranium plant, in order to strike up acquaintance. They proceeded on to the Penney store, chatting together. In the rest room there, they encounted another Negro woman, who was acquainted with the first.

"You still working for that man?" inquired the first Negress.

"Yes, I've been with him quite awhile, now!" responded No. 2, adding, "Do you know, I just found $3800!"

This announcement created proper surprise. No. 2 then added: "I took the money to my boss to ask him about keeping it. He said it would be alright, if I could get two other people to put up $1200 each. Then we would split the $3600 three ways, and be protected against anyone trying to claim it."

Negress No. 1 quickly spoke up and said she had $2500 right there in her purse, and would like to make $1200 with it. No. 2 took her money, telling her to wait a few minutes while she showed it to her boss. She returned in about 10 minutes and handed No. 1 her purse, with an additional huge roll of bills, said to be $1200. No. 1 demurred, saying she wanted Mrs. Cackler to get her share.

No. 2 then asked Mrs. Cackler if she had any money. Mrs. Cackler said she could get $3000 if she had to. She and No. 1 then went to the bank and got the $3000 returning to meet No. 2 at Fifth and Bush sts. No. 2 said they mustn't hand over the money there; too many people were about. So they followed No. 2 to the Mongomery Ward store at Fourth and Main, where she stepped inside the entrance and received the money from Mrs. Cackler, then departed, telling Mrs. Cackler she would return in 10 minutes, and to wait in the rest room. Mrs. Cackler and Negress No. 1 started for the rest room. When she arrived there, Mrs. Cackler found that she was alone. No. 1 had quietly disappeared after No. 2, and the $3000, and the purse, with $76.

Mrs. Cackler waited in vain.

A Good Story— But is it True?

Raymond Sanchez Palacios, of Costa Mesa, was walking past a bar in the 900 block on East Fourth street Saturday night when a voice came out of the darkness beside the building, saying "Hey, want a drink?"

Palacios wheeled without missing a stride and reached into the darkness for the drink. Instead there was a loud report and a large caliber bullet tore half his left index finger off. He hurried to the home of his brother-in-law at 615 Stafford st. and was taken to the county hospital.

That was his story to Santa Ana police. After failing to find blood at the scene and only one spot in front of 615 Stafford, and finding that no one in the bar heard a shot and discovering that Palacios is on parole from Merced, where he served 18 months for auto theft, police said "maybe" it happened that way.

Mrs. E. J. Everett Dies in Home of Daughter Here

Mrs. Eliza J. Everett, 91, died Saturday at the home of her daughter, Mrs. Charles S. Smith, 742 N. Claudina. She was a native of Missouri, and had been a resident of Anaheim for the past 23 years.

Other survivors are two brothers, J. W. Lowe of Missouri, Dr. Fred Lowe of New Mexico, four grandchildren and three great-grandchildren.

Funeral services, under the auspices of the Christian Science church, will be held in the chapel of Backs, Campbell and Kaulbars mortuary, this morning at 10 a.m. Interment to be in Rose Hills cemetery.

Help defend your home against air bombings. Call the Santa Ana Filter Center at Kimberly 3-2643, itself.

SATURN'S RINGS AS SEEN BY 200-INCH TELESCOPE—This photograph of Saturn made with the 200 inch Hale Telescope on Palomar Mountain and then enlarged photographically, shows the ten-mile-thick ring system around the planet. The rings are composed of countless small particles the size of dust, each particle reflecting sunlight. Division between the outer and middle rings can be seen as dark marks near the outer edges. (AP Photo from Mt. Wilson and Palomar Observatories.)

CLOSE UP OF MOON—This 'closeup' picture of the Moon is one of several made in October with the huge 200-inch Hale Telescope on Palomar Mountain in Southern California, in 8 by 10 size, this reproduction is the same size as the original plate from the telescope. Large crater at lower right is Copernicus, one of the moon's best-known features. The Sun is lighting the moon from the left as the picture was made. (AP Photo from Mt. Wilson and Palomar Observatories.)

Hale Telescope Shots of Moon, Saturn Released

WASHINGTON, Dec. 15 (AP)—Now you can see the moon and several planets as they appear through the world's largest telescope.

The National Geographic Society today made public a few of the photographs of heavenly bodies taken during the last two years through the 200-inch Hale reflector atop Palomar Mountain in Southern California.

The society placed enlargements of the shots on display in its headquarters here and called attention to their publication in the January issue of its magazine.

Probably the most striking of the shots—all taken at the direction of Dr. Milton L. Humason, staff astronomer at Palomar and Mt. Wilson—is that of the moon's surface.

At first glance it looks like a rain-spattered mud creation of your young son.

But the scientists say it is a pretty sharp photograph of "a harsh desert ribbed with mountains" and "weird craters that appear to have been gouged by meteors."

Fog Descends

LOS ANGELES, Dec. 15 (AP)—Heavy fog that rolled inland from Santa Barbara to San Diego this afternon slowed automobile traffic and closed down the Los Angeles international airport.

The weather bureau said the fog is not expected to lift before noon or early tomorrow afternoon.

Planes were rerouted to the Lockheed air terminal in Burbank. Motor traffic moved cautiously.

No 'Compromise' Policy on Truce Laid Down By State Department

UNITED NATIONS, N. Y., Dec. 15 (AP)—The United States tonight laid down a "no compromise" policy on a Korean truce and served notice it cannot see any purpose in sending fresh plans to the Reds for settling the prisoner of war issue.

"The responsibility for whether there shall be peace in Korea clearly lies with the Chinese Communists and North Korea authorities and their supporters," the State Department said in an official statement after Red China rejected the U. N. plan for ending the Korean War.

Their study was being made against the background of U.S. President-elect Dwight Eisenhower's statement on Korea that, "We must go ahead and do things that induce the others to want peace also."

A British spokesman quickly followed with a statement that the Chinese refusal "raises serious problems which will require careful consideration by her majesty's government."

He promised that Britain will continue to stand by the U. S. in Korea in maintaining issues of principle, with the hope that "some way around this deadlock" can be found.

France stood with the U. S. The French delegation said the reply was, for the time being, "destructive of hope."

The U. S. statement came as UN delegates studied carefully the blunt rejection by Red China of the UN assembly's Korean peace plan and Peiping's stiff counter-proposals.

The terms laid down by the Chinese Reds are identical to those put forward earlier by Russia's Andrei Y. Vishinsky and rejected by the assembly in a one-sided vote.

The U. S. said it regretted the Chinese Communists "flouted" the views of the assembly and again rejected peace in Korea.

The United States government reaffirms its determination to continue to fulfill its responsibilities in Korea," the U. S. statement continued.

V. K. Krishna Menon, Indian delegate who wrote the assembly plan, commented that the situation is "not hopeless." He said the Red Chinese does not know that they are not willing to negotiate.

President Lester B. Pearson of the assembly received the Communist Chinese reply this morning and began work on a report to the general assembly. The problem uppermost in the minds of the delegates is: What next?

Red China's rejection was broadcast last night by the Peiping radio. Delegates were struck by the bitter terms in which Communist Chinese Foreign Minister Chou En-Lai denounced the UN itself.

5,209,692 Votes Cast in State

SACRAMENTO (CNS)—A record of 5,209,692 votes were cast in California in the general election last month, Frank M. Jordan, secretary of state, announced today.

This was a turnout of 86.85 per cent of the 5,998,300 eligible California voters.

The official count revealed that Dwight Eisenhower defeated Adlai Stevenson in the state by a margin of 699,762 votes, with Eisenhower garnering 2,897,310 and Stevenson 2,197,548.

In the election, Senator William F. Knowland polled 3,982,448 votes, the highest number ever received by any candidate in the state's history, Jordan declared.

ELKO, Nev., Dec. 15. (AP)—Bodies of the six victims of an air force transport plane crash in the Ruby mountains were returned here today.

Army Engineers Get the Nod on Flood Control

WASHINGTON, Dec. 15 (AP)—A congressional investigating committee recommended today that a bitter and prolonged intergovernmental battle be ended by turning over to the Army's Corps of Engineers primary responsibility for the nation's flood control program.

The Department of Agriculture, which for years has had conflicting authority with the engineers on flood control, would be limited to an upstream program of land development.

Even here, however, the congressmen proposed that the Agriculture Department be required to get Army approval before undertaking any construction which might have an adverse effect on a downstream flood control project of any other government agency. Such a department undertaking might be in connection with soil conservation.

Daily Living for Peace of Mind

(Editor's note: This is one of a series of daily articles by Anaheim ministers and is published by the Gazette in the interest of the kind of daily living that leads to contentment and happiness in troubled times.)

Mysterious Ways

By REV. WILLIAM McKINLEY WALKER
Wesley Methodist Church

I read somewhere that there are great oysterbeds in the mouth of the Rhine River. If that be the case where do the oysters get the lime for their shells?

After deep thought, I realized the lime must come from the far-off Alps to the lowly oysters in the North Sea.

The sun itself works for the oyster, for it lifts the vapors to the heights where they become snow. And the snow in turn becomes a glacier that grinds and pulverizes the rocks of the Alps into fine particles. Then hundreds of leaping waterfalls and roaring mountain brooks fling themselves down the heights carrying that much-needed lime.

Soon the thirsty Rhine, famous in story and song, flows past great cities and ancient castles, bearing the materials so essential to the oysters in making their shells.

Why do you worry about your needs? Surely if God so marvelously cares for the lowly things of His creation, how much more will He care for you, His child, made in His image.

Pick up your Bible now and read St. Matthew 6:25-34 and take Jesus at His word.

U of W Practices

SEATTLE, Wash., Dec. 15 (AP)—Washington opened its fourth practice session today for its Rose bowl clash Jan. 1 with Southern California. The drill featured passing and blocking.

The Huskies will practice at home again tomorrow and will leave Wednesday to plane for Pasadena where they will complete their allotted 10 days of practice.

Trainer Willie Moller is seeking his fourth championship as the nation's leading trainer. He won the honor four straight years before sinking into 1947.

CASE FINDING—Charles Shannon, Santa Ana Community Hospital X-ray technician, demonstrates sterotype X-ray technique used in the Orange County Tuberculosis and Health Association case finding program at the hospital. Chest X-ray Surveys of patients admitted to hospitals for treatment of other ailments than tuberculosis turn up ten times more active TB cases than Surveys in other groups.

STUDIES X-RAYS—Dr. Kenneth W. Taber, Santa Ana Community Hospital radiologist, studies X-rays of patient taken under the Orange County Tuberculosis and Health Association program. The new case finding plan at the hospital, financed by the Sale of Christmas Seals, is a four-way activity. The radiologist donates his time for the X-ray study; the hospital its equipment, the County Health Department the X-ray film; and the Orange County Tuberculosis and Health Association the administrative costs. "Continued sale of Christmas Seals will insure the life of the new case finding program, now in its first year," says George Tobias, chairman of the TB Association.

State Legion Commander to Attend Seminar

Bill White of San Francisco, state commander of the California department of the American Legion, will attend the American Legion's seminar here Dec. 21, exposing the menace of communistic infiltration into the entertainment field, according to word received today by Ray Murphine, chairman of the Legion's 21st district committee on un-American activities sponsoring the event.

The seminar, to which the public is invited, will be held at the Memorial Legion hall, 313 N. Birch st., Santa Ana, starting at 10:30 a.m., to continue throughout the afternoon.

Outstanding and authoritative speakers to appear on the program will include Martin Berkeley, well known screen writer; Ward Bond, prominent Hollywood actor; and Roy Brewer, international representative of the International Alliance of Theatrical Stage Employees, a prominent member of

A special invitation to attend the seminar is extended to all members of unit-ites, service clubs, parent-teacher organizations, civic, youth groups directors, educators, clergy and others.

Arrangements are being made to take care of a crowd of well over 1000 with a special press table with facilities for newspaper, radio and television representatives.

Difficult Driver In Psycho Ward

Omar Bennie King, 31, Negro, 1626 W. Sixth st., Santa Ana, was removed to the county hospital in handcuffs and leg irons and placed under full restraint in the psychopathic ward early Sunday, after battling by Santa Ana police who arrested him on charges of traffic violation, resisting arrest, and refusing to sign a citation.

King had made a u-turn with his car in the middle of a block and then ignored a police red light and horn. When stopped he refused to sign a citation and fought off arrest, finally being subdued and handcuffed.

In the county jail he smashed the wash bowl in his cell, then tried to smash the toilet bowl, and succeded in flooding his cell. Police and jailors then subdued him with handcuffs and leg irons transferring him to the hospital.

SA Freeway Nears Completion at Santa Ana End

Santa Ana's end of the big Santa Ana Freeway, ultimately to be the second-largest freeway in Southern California, is nearly three-fourths finished, and the entire freeway from Los Angeles to Santa Ana is half completed.

A. W. Hoy, assistant engineer of this district, for the state division of highways, said that the contract of Winston Bros. covering the 2½-mile strip through Santa Ana, is 72 per cent finished.

The Santa Ana freeway eventually will extend southward to the county line, but when it will be completed to that point cannot now be estimated, said Hoy, since budgeting for the project has not been completed.

The state already has spent $40,000,000 on the freeway, covering purchases of right of way; removal of 776 buildings, 3 bridges, 46 other buildings, and highway construction under 50 contracts, Hoy disclosed.

When completed to the San Diego county line, the Santa Ana freeway will be exceeded in length only by the combined Hollywood-Ventura freeway which will extend from Los Angeles to the Santa Barbara county line.

Rescue Operations on Ship's Stern Suspended until Daylight, Today

LEGHORN, Italy, Tuesday, Dec. 15 (AP)—Efforts to rescue 37 cold and weary American seamen aboard the shattered stern of their refrigerator ship Rommet Reefer were suspended until daylight early today.

Winds of gale force piled the ship upon jagged rocks 200 yards offshore early yesterday and broke her in two. Three of her crew were brought ashore by breeches buoy, but the line parted and the rest of the crew were left huddled precariously on the hulk.

The winds subsided into rainy 20 mph squalls after midnight, erasing immediate danger to the ship firmly wedged on the rocks.

Just before midnight Italian Navy men and U.S. sailors and soldiers from the U.S. base here started their fourth attempt in three hours to get a second cable aboard ship. They failed.

Capt. A. F. White, Senior U.S. naval officer at the American supply base, then ordered operations suspended until 6 a.m.

The ship's first engineer, Karl F. Treudler, said the bulk of the crew still aboard had reported by radio they were "all okay." Treudler was one of only three rescued by breeches buoy from the Rommet before the buoy cable snapped.

Treudler said the stranded crewmen reported they were holding up well.

"Some of them have even gone to their bunks to try to catch some rest, they said," Treudler reported. "They are pretty worn out. They reported the engine room was still perfectly dry and the stern was holding together well."

The listing of the severed stern and a 60-mph wind snapped the rescue cable extending to the shore last night. About 75 U.S. sailors failed to snake a second cable out to the ship so rescue operations could be resumed.

Reorganized 40th Division Begins Drive for 5000 Men by Next Summer

A drive to recruit youths under 18½ years of age and to build strength of Southern California's 40th Infantry Division to 5000 men by next summer was launched today by Maj. Gen. Daniel H. Hudelson, commander.

With Selective Service announcement that drafting of 19-year-olds is to start soon, General Hudelson pointed out the draft does not apply to youth enlisting in the National Guard prior to reaching the age of 18½.

"The law calls for exemption of young men enlisting in the Guard between the ages of 17 and 18½," Hudelson said. "Selective Service designates such men as ID, a classification they retain as long as they are members of the Guard and maintain satisfactory attendance at training sessions."

Units of the 40th train for two hours one night a week throughout the year and at summer encampments of two weeks.

"The 40th offers a unique opportunity for a young man to fulfill his military obligation to the United States at home, for this exemption applies to no other reserve element of the Armed Forces.

"I have said before that, of couse, membership in the 40th does not provide an escape from Army service. This Division has served overseas in three wars. But I think it is obvious that if this Division is called again it will not be alone and that its members would have been ordered to active duty anyway," the General declared.

Hudelson said he had distributed a list of "twelve good reasons" for membership in the 40th to the Division's recruiting offices in Southland communities from San Diego to Santa Maria.

"For instance," he said, "men over 18½ may not be deferred from the draft but they have the opportunity in the 40th of qualifying as specialists and retaining those ratings if called for the draft later.

"There are plenty of chances for promotion to non-commissioned and commissioned ranks and, most attractive of all, there is now a generous pension for service of 20 to 30 years in the National Guard," Hudelson said.

Reorganization of the 40th started last September following defense service in Japan and combat in Korea.

Baganz Trio to Present Concert Of Sacred Music at Zion Church

This evening at 7:30 o'clock a sacred concert, featuring Christmas music will be presented by the Baganz Trio at Zion Lutheran church, Emily and Chartres sts. The trio was established in church concert work about 17 years ago. More then 4000 concerts have been played. The trio has successfully toured thirty different states. Return engagements have been numerous and are constantly in demand as witnessed by the fact that this trio was here in 1936.

With the chimes, vibraharp, marimba and harp being used as the musical instruments in this trio the music is very pleasing and unique.

The artists, Otto Baganz, harpist, and founder and principal of the group, is widely acclaimed a very talented and skilled musician. He began playing the harp at the age of nine years. He is a pupil of Enrico Tramonti, Edmund Echuecker, and Joseph Vito. **Through many years of study and faithful application he has acquired a marvelously brilliant technique on an instrument which** is one of the most difficult to master. With him as his son Ruben at the marimba and Ruben's wife Thoda at the vibraharp and chimes. Carefully trained both as to Christian character and musicianship these young people, together with their leader, find highest delight in playing the music of the church and in helping to foster and promote appreciation of what is noblest and best in the realm of good music.

'All are members of St. John's Lutheran church, Plymouth, Wis.—The Rev. H. Basmann, pastor, who is a classmate of Pastor Pflug.

Bagans' harp is very unique among harps. It was exhibited in the Hall of Religion at the Century of Progress Exposition, Chicago (1933-34), at the close of which Mr. Baganz purchased it at a cost of $10,000. It is truly a thing of beauty and excellence in construction, tone and volume. The marimba in the ensemble is a concert grand model, the largest and finest obtainable. It has a deep, mellow, organ-like tone. The vibraharp, also a concert grand, with is scintillating tones reminds one strongly of the German "Glockenspiel." The chimes, Cathedral orchestra type, are a production of the manufacturers of the Deagan Bells. They are made of English bell steel and are a masterpiece of beauty with perfect tone and tuning.

Sales and Use Taxes Net State $107,582,000; Autos Lose Ground

SACRAMENTO — (CNS)—Retail sales and use taxes netted the State $107,582,000 of the three and a half billion dollars which changed hands in taxable business transactions in California during the third quarter of this year, the state board of equalization reported today.

This was nearly seven per cent over taxable transactions during the same quarter of 1951, and 2.5 per cent short of the all-time high set in the fourth quarter of last year.

The figures are preliminary estimates based on a sampling of the 450,000 tax returns received, the board said.

Only one class—automobile dealers—lost ground during the period. The drop in auto sales was considered a reaction to heavy buying which followed release of credit restrictions last May.

Sales of home furnishings, appliances, farm implements and hardware went 15 to 30 per cent over third quarter sales in 1951, according to the board.

California's 33,000 eating and drinking places rang up $312,000,000 during the three month period—an average of nearly $10,000 each. Food store receipts went up 11 per cent.

Manufacturing, wholesaling and contracting dealings set a new high of $918,000,000, seven per cent over the third quarter of 1951 and 50 per cent over the same quarter of 1949, the year before the Korean war broke out, board officials stated.

Stamp Collectors Elect Anaheimer As Vice-President

George C. Rose of Anaheim was elected vice president of the Orange County Philatelic society at a meeting of the group late last week in Santa Ana when Herbert Thomas of that city was named president for the ensuing year.

Sidney P. Holland of Santa Ana was elected secretary, and Miss Mary E. Coffman, Santa Ana, treasurer.

An almost complete collection of Christmas seals of the world was on display at the meeting The collection, owned by Albert and Nellie Spencer of Costa Mesa, included some seals from Denmark printed in 1904, the first seals on record. They were originated by a Danish postal clerk. Spencer explained the multi-color process of printing seals.

First Christmas seals in the United States were printed in 1907.

ISOTOPES FIND PLUMBING LEAKS

CHICAGO, Ill. (AP)—Radio-active isotopes are being used by plumbers to detect leaks in piping, reports the Plumbing and Heating Industries Bureau.

Instead of ripping up floors or walls to find leaks, plumbing contractors inject radio-active iodine into the piping. Where the isotopes leave the pipe, that's where the leak is.

After the test has been completed, the pipes are drained and flushed with pure iodine which dilutes the isotopes and weakens their radiological power.

VISA Students Plan Yule Party

To exchange small, comical Christmas gifts and to plan for a program they will present at a San Diego Rotary convention, members of Visiting International Students Association (VISA), District 162, will meet at 3:30 p.m. Sunday, December 14, in the Study Hall at Fullerton Union High School.

Sponsored by the Rotary International, the foreign students group includes as members students who plan to return at some time to their own countries. President of the Rotary District 162 group is Nada Mariia, Yugoslavian student at Long Beach State College.

Other officers include Luis Restrepo, Columbia, Long Beach State College, vice president; Setsuko Shishido, Fullerton Junior College student from Hawaii, secretary; and Bill Mughil Zahawi, Transjordan, from Santa Ana College, treasurer.

At their December 14 meeting, the VISA members will practice numbers for a program to be presented at the Rotary District 162 meeting in San Diego January 10-11. Members from each different country plan to present numbers illustrating their customs, songs, dances, etc., said Setsuko Shishido, secretary.

CARS RIP FARMER'S FENCE

MARION, Ind. (AP)—It was an old story to Wilson E. White when a wrecker came to remove a wrecked car from his pasture beside a curve on Route 15 north of here. The car had mowed down 25 feet of fence.

"It's the fifth time in five months," White complained, "and 33 times in eight years." Besides repairing the fence, White said he has to hire searching parties to look for his cows that wander out.

Aircraft factories and oil refineries would be prime targets for enemy bombsights. You can help prevent this. Call Kimberly 3-2642 or visit the Santa Ana Filter Center, 1012 North Main St.

Garbage Cooking Edict Gets 'Dim View' Treatment

Requirements that all garbage be cooked before being fed to hogs as advocated by health authorities of the county and state, and the animal industry bureaus of the state and U. S. departments of agriculture, would not be acceptable to the city of Santa Ana unless it were first determined beyond question that such a step is a necessay safeguard to the health of hogs and humans.

City Administrator Carl Thornton of Santa Ana, expressing such a view, said that a ban on the feeding of raw garbage to hogs would create a serious financial problem to the city of Santa Ana, which has a contract with a private firm for the collection of garbage in the city. This garbage is fed to hogs.

Requirement that garbage be cooked before feeding to hogs would be so expensive that it might force abandonment of such plan of garbage disposal, Thornton point'd out.

Other cities and the state farm bureau are said to be opposing the recommended move until a thorough study proves that raw garbage is responsible for the epidemic of vesicular exanthema (VE) which originated in Orange county and has now spread to 24 other states.

State Visitors At High Level

SACRAMENTO — (CNS)—Although approach of winter shifted the flow of visitors entering California to southern highways, influx during November remained at the high level of 1,193,762 out of state cars bearing 2,931,702 passengers, the state motor vehicle quarantine stations reported today.

In addition, some 12,700 passengers arrived by bus during the month, of which an unknown number were from out of state. Californians returning by car or truck numbered 297,941.

Busiest points of entry in Southern California were Fort Yuma with 14,676 "foreign" automobiles, Blythe 14,675, Vermo 12,974, and Daggett 10,973.

In the north, Truckee, which last summer usually ranked second in the state, counted 10,274 cars from other states. Along the Oregon border, the Hornbrook station inspected 9,801 and Dorris 8,609, according to quarantine officials.

Employment Trend Takes Up-Beat

SACRAMENTO (CNS) — The upward trend of unemployment in California during the past five weeks broke off sharply with a 23 per cent drop in new unemployment insurance claims for the week ending Nov. 27, the state department of employment reported today.

The number of new claims fell to 161,178 from 21,021 for the week ending Nov. 20, while the total number of claims declined 15 per cent from 89,497 to 75,889. Volume of paid claims dropped off 12 per cent to 50,868.

A year ago, for the same week, 25,976 unemployed Californians filed initial claims. The total number of claims received stood at 127,836 and the number of claims paid at 85,326, according to employment officials.

The Santa Ana office received 197 new claims, compared with 234 the week before. It recorded 925 claims and paid 602.

Tidy Tidelands Sum May Accrue To California

SACRAMENTO—(CNS)—If the tidelands question is decided in favor of the states next year, California will pocket more than $50,000,000 in accumulated oil royalties, Thomas H. Kuchel, state controller, said today.

Kuchel said he looks for Congress to pass a bill giving the lands in question to the states in 1953, and for General Eisenhower to approve.

The money has been impounded since 1947, pending settlement of tidelands boundaries. In that year the U. S. Supreme Court decided the submerged lands belong to the federal government.

Are you on Uncle Sam's Christmas list?
IF YOU OWN MATURING SERIES E BONDS YOU ARE:
FOR NOW-THEY EARN INTEREST TEN YEARS
LONGER—AT 3%!

If you own United States Series E Defense Bonds maturing this month your government has a real gift for you—the chance to earn more interest for ten more years without even touching those same Bonds!

Yes, now you can just hold on to your Bonds and allow them to go on earning *at 3% interest*, compounded semi-annually! You don't have to do a thing to get this extra interest. No visit to the bank, no paper to sign. Just hold the Bonds.

If necessary you may still redeem any Series E Bond at any time after you've held it for two months. But you'll be smart to hold on to your Bonds if you possibly can, just as it's smart to hold on to savings *in any* form.

Why don't you start now—join the millions of thrifty Americans who are saving with Defense Bonds for dreams-come-true. Invest in Bonds regularly through the Payroll Savings Plan. Seven million Americans have found it's one *sure* way to save because it saves something out of every check before you have a chance to spend it.

The sum you set aside each week may be as little as 10c—or as much as $275. If you can save just $3.75 a week regularly through the Plan, in five years you will have $1,025.95! In 9 years and 8 months you'll have $2,137.30 . . . in 19 years and 8 months, $5,153.72. All in safe, sure Series E Bonds. *Improved* Bonds—for now every Series E Bond you invest in pays *better* interest in the early years and matures at an average interest of 3%, compounded semi-annually!

No matter how small your income, you can't afford *not* to put something aside for yourself. So join the Payroll Savings Plan where you work today. Strengthen your own future and that of your country by saving your money through U.S. Defense Bonds.

NOW EVEN BETTER! INVEST MORE IN DEFENSE BONDS!

John Bovee Named General Camp Chairman for Girl Scouts

It has been announced that John Bovee will be general camp chairman of the Girl Scout established camp committee. His duties will be to coordinate day camp, established and troop camping.

Others serving on committee will be: Mrs. Peter Schmitz, established camp chairman; Peter Schmitz, transportation; Mrs. William J. Bushman, secretary; William Bushman, camp repair; Mr. and Mrs. Max Hiltscher, recruiting staff; Mr. and Mrs. Oliver O'Brien, and Mr. and Mrs. Fred Klein, camp folder.

And, Rev. and Mrs. A J. Casebeer with Mr. and Mrs. Don May will have charge of the program; Mrs. Barney Jordan, publicity, Barney Jordan, finance, and Mrs. R. L. (Dusty) Baher, water front.

Mrs. Roberta McFarland, regional Girl Scout director, will be in charge of the recruiting staff and will also be camp director. Mrs. Conan W. Gray, Anaheim Girl Scout commissioner, and Mrs. J. F. Dutzi, vice commissioner, were present at the meeting.

Mrs. Wade Tapert of Fullerton Girl Scouts, gave a description of the new Fullerton Scout camp at Wrightwood.

A letter was read from Robinson of the Pasadena Boy Scouts, concerning Cherry Grove camp at Catalina. The board of directors voted to accept his invitation to attend his camp during the week of Boy Scout jamboree, July 18-25. The camp will accommodate 160 girls and only seventh, eighth and senior scouts will be eligible to attend. There will be boating and swimming with emphasis on a water front program.

A camp saving stamp plan will go effect immediately. Folders and stamps of five, ten, and 25 cents are available to leaders at the Girl Scout House now.

The next meeting is scheduled for Jan. 7.

Personals

Mr. and Mrs. Harry Nutt, 904 W. Broadway, drove to Oxnard yesterday for a Christmas party with their son and his family, Lt. Commander and Mrs. Edwin Nutt and daughters Sarah and Nancy. The Commander and his family are flying to Portsmouth, Va., where they will spend the holidays with Mrs. Nutt's parents, Dr. and Mrs. Oast. They will remain in the East for a month.

The C. R. Rogers Memorial VFW Post 9647 and its auxiliary have set Saturday, Dec. 20 as the date for their Christmas party which will be held in their hall on Lincoln Ave. Santa Claus will make his appearance at 8:00 p.m., and Larry Kelch, quartermaster, invites all members to attend with their children.

Mrs. Herbert Grimm of Fullerton was hostess to the Magnolia Junior study club recently, when they met at her home. Board members Mrs. Donald Hein, president, and the Mmes. Harold Leichtfus, Robert Ramm, George Howard and J. Robert Farmer, assisted as co-hostesses. Luncheon tables were attractively centered with a diminutive holiday scene. Installation of officers will take place in the home of Mrs. Hein, 3302 S. Gilbert, Stanton on Jan. 14.

Floyd Holland, president of the Korn Runkers 4-H club, has announced plans for the club Christmas party to be held in the Paul Pletz home, 7342 E. Ball Rd. on Wednesday, Dec. 17. Members are asked to bring canned food for the Christmas basket.

The board met at the home of Carl Korn, 7741 Ball Rd. last week and voted to send a CARE package, costing $17.50, overseas.

Mrs. Mary McBride of Cypress has returned from a visit of several weeks with her sister, Mrs. W. A. Stambough in Albuquerque.

Pete Zelepugas and his family had an enjoyable day in the mountains in the snow last week.

The Savanna school kindergarten will have a change in hours this week. All children will attend from 9:00 to 12:00 except Thursday, when they will arrive at 11:00 and go home at 2:00. Friday noon they will be served a turkey dinner in the cafetorium after which they will be taken home on the school bus for holiday vacation until Jan. 5.

The Cypress - Magnolia Farm bureau center will hold their regular meeting tonight at 6:30, in the Savanna school. The Rev. Charles A. White of the Community church will deliver a message at the Christmas party, a musical trio will entertain and a turkey dinner will be served.

The A. B. Paul W.R.C. will meet today at 1:30 p.m. in the IOOF hall. It is requested that those having gifts for the Norco Naval hospital party box, bring them to the hall at this time. Officers are to be in white.

A. B. Paul social club is sponsoring a sale of hand-made articles Wednesday, at 10:00 a.m. at 138 W. Center St., to raise funds for Veteran and crippled Children's Christmas projects. This is an ideal opportunity to select those last-minute gifts and at the same time, give aid to a most worthy cause.

A Little Dirt Never Bothers A Frenchman

By CYNTHIA LOWRY
Associated Press Writer

It is the honest opinion of most palate-wise Europeans, fortified by our own periodicals, that as far as food is concerned, Americans are nothing but a bunch of germ conscious barbarians.

Few Frenchmen would exchange their crusty, long loaves which encounter heaven knows what adventures during their naked route from oven to mouth, for a slice of our hygienic, double - wrapped, vitamin-impregnated bread. Most continentals regard with amusement our national preoccupation with sterile wrappings, our admiration of food prepared without resort to human hands, our dedication to refrigeration, chlorine and vacuum packing, or joy—depending on how you look at it—of food preparation, and our passion for saving time.

To the average American blessed with the normal complement of taste buds any appreciation of good food, the rather condescending attitude of the gourmet-type Europesn on American food habits smacks more of book-learning than eating.

As one who has sampled the fare of a number of countries with vast appreciation, I know that day in, day out eating in the United States is far better than it is elsewhere no matter how long the diner's purse. And I also know that the United States, for all its preoccupation with germs, is the only country where routine inquiry about the drinking water isn't necessary. And it's the only country I'll travel in without packing along, as standard equipment, bismuth and paregoric to mitigate pangs of a recurring, disagreeable ailment peculiar to travelers and expeditionary forces.

However, I believe that American pioneering spirit, as shown by a national interest in "trying something new," is likely to give the European a rather peculiar idea about our diet. Partly this is the fault of our newspaper and magazine writers who specialize in food and recipes. All of them are constantly in quest of something different and interesting to write about, and in a highly competitive field, sometimes food combinations sound strange.

Of recent date I've run across some pretty unusual food suggestions. Maybe they'd taste fine, but the mere contemplation of the recipes sent shudders down my American spine, and they probably will make fodder for critical European food conservatives for some time to come.

There was, for instance, a suggestion that ham be "iced" with confectioner's sugar before baking. Then there was the recipe for peanut butter cod-fish balls. And a salad made of sauerkraut and fruit.

I've heard talk about cola drinks and soda pop as the liquid in cake mixes, and there was some serious consideration given a ring mold which called for gelatine, cola drink and slices of bologna. Also cake made with tomato soup.

Recently it was suggested that doughnuts be used as the base of chicken a la king. I ate—and enjoyed, for goodness' sake — a shrimp curry served with baked bananas. Probably the rest of them are equally palatable, but my food thinking is still too far to the right of center, and the habit of years too ingrained to send me scurrying into the kitchen aflame with desire to combine, for instance, sauerkraut and fresh fruit in a salad. I'll continue to think of sauerkraut happily wed to spare ribs.

Meanwhile, I'd feel happier about the reputation of American food if our most violent critics would visit a few homes and restaurants and taste some of the hearty, tasteful and good food which is routinely srved.

Group Surprises Leader With Party

Mrs. Evelyn E. Goodman, president of the C. R. Rogers VFW auxiliary, was delightfully surprised when she entered the VFW hall for the regular meeting last week. Gifts from more than forty members and friends, under the watchful eye of the traditional long-legged bird, awaited her.

Mrs. Charles Knauss and Mrs. Donald Wedeking were hostesses and the Mmes. Annette Rosen, Fred Hutchins, Wallace Frazier and Patsy Hart won the game awards.

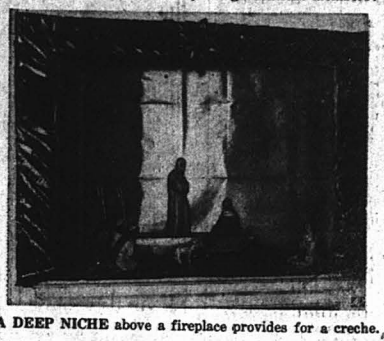

Mr. and Mrs. Goodman are known throughout the county for their work in the VFW.

CRANBERRY STAINS

Cranberry stains can be treated with boiling water, if it does not harm the cloth, and sometimes even warm water is effective. It is better not to use soap, as alkalies set some fruit and berry stains.

Garden Club Christmas Yields Aid to Charity

THE CHRISTMAS FIREPLACE inspires the wintertime decorative efforts of the Englewood, N. J., Garden Club. Members stage exhibits to collect funds for Christmas greens and flowers for veterans' hospitals. Here are two colorful decorations devised by the garden club members:

A DEEP NICHE above a fireplace provides for a creche.

A ROLLICKING merry-go-round pony spreads cheer here.

FJC Spanish Class Visits Padua Hills

Mexico's Christmas customs, the pinata, the naciemento and other traditions were observed by a group of Spanish language students from Fullerton junior college recently.

The group visited Padua Hills theater where they saw the current play, "Las Posadas," which illustrates a Mexican Christmas. After the performance, the group had refreshments in the restaurant and visited the shops.

Among those who attended were Ralph Cornejo, Orange, who was chairman of arrangements; Barbara Rilea, John Sturgeon, Barbara Harpster, Betty Loth, Barbara McManus, all of Fullerton; Dick Ogilvie and Clara Malher, Anaheim; Connie Chapman, Joyce Webber, George Thayer, Buena Park; Marilyn Lewis, Harold Shackford, Whittier; Diane Juneau, La Habra; Carol Weaver, Santa Ana; Arlyn Cruse, Brea; Anna Marie Soloria, El Modena; Setsuko Shishido, Hawaii. Miss Geneva Johnson, Spanish instructor, accompanied the group.

Keep Santa In Stitches

By DOROTHY ROE
Associated Press Women's Editor

Having Christmas budget trouble? Then stitch up some gay little gifts on the sewing machine. They can be done in little time, cost practically nothing and will please the recipients more than a store bought gim-crack.

Any woman, for instance, would welcome a practical apron with colorful trimming. Little girls will love a hand made doll or a wardrobe of doll clothes. And animal-head wash cloth mits with embroidered names are a sure-fire hit. Standard patterns for all of these are available in most department stores. Beginners can get quick instruction at local sewing centers.

Something for the boys: A stamp album (for the collector); photograph album or U.S. camera picture book (for the photographer); warm gloves (for the skier) skating enthusiast or outdoor man); warm socks (better if you knit them yourself); a good ski book, bird book or fish-lovers' handbook (depending on his hobby).

Plastic Ornaments: Christmas tree and ornaments for gift packages of plastic include a Santa Claus face, boot or snowman with die-cut eyelet at top. If these are put on the tree the Christmas tree lighs will enhance the color of the ornaments.

Something for the Girls: Crocheted evening gloves, (buy plain gloves and embroider with colored wool or gold or silver metallic thread); a colorful stole (make it of a strip of red, blue, green jersey—trim it with tassels of black wool); a group of etchings or good prints (for her room); a or good prints (for her vinegars or spices (for the careeer girl; wool-jersey pantelettes (for the outdoor girl; shoe bags or toiletries (for the traveler); matched makeup eyelash curler, nailpolish (for the glamor girl).

Home Decoration Entrants Urged To Register

Mrs. Don Wedeking, who has been appointed chairman of the Cypress Christmas home decoration committee, urges all who intend participating to register with the C. R. Rogers Memorial VFW auxiliary immediately.

Several homes which were not registered last year could not be considered, so in order to avoid that disappointment this year, registrations must be made now. Boundaries are, Hansen St. on the East; Ball Rd. on the South; La Palma on the North, and Coyote Creek on the West.

Blanks may be obtained at the Central Feed store, Village Market, Essex Variety, Cypress Cleaners and the "C" Thompson Variety store.

Choir Entertains Local Rotarians

The a cappella choir of Fullerton Junior College presented a musical program for the Anaheim Rotary club at its meeting yesterday noon. The group, directed by Kenneth Helvey, sang a semi-classical program and Christmas carols. Gloria Daughterty assisted on the piano. Soloists were Charles Daugherty, and Dixie Lee Hopkins of Anaheim. Rotary President Baker introduced the program.

Calendar

TODAY

Anaheim Farm Center, Home Dept.—10:00 a.m. at home of Mrs. R. C. Hein. Christmas program and gift exchange.
Kiwanis Club—12:10 p.m. Elks Club.
A. B. Paul Woman's Relief Corp. Auxiliary to the GAR—1:30 p.m. at IOOF hall.
Anaheim Ikettes—6:30 p.m. pot luck dinner meeting, installation of officers and Christmas party at La Palma Youth Buildings.
Thomas Jefferson School—7:30 p.m. Christmas program at school.
American Legion Auxiliary—8:00 p.m. Legion Hall.
IOOF No. 199—8:00 p.m. meeting and first nomination of officers at IOOF hall.

TOMORROW

Alpha Nu Chapter of Delphians—10:00 p.m. at YMCA.
Ebell Club Contract Bridge Section a.m. at YMCA.
St. Boniface P.-T.A.—1:00 p.m. dessert luncheon meeting and gift exchange.

Junior Chamber of Commerce—7:00 p.m. at Elks club.
Sea Scouts—7:00 p.m. meeting at Investment in Youth Bldg. Meeting followed by activity at Sea Scouts base at 1235 Coast Highway, Newport Beach. Visitors welcome.
Fremont School—7:30 p.m. Christmas program at school auditorium.
Tripple F of White Temple Methodist Church—7:30 p.m.
BPO Elks No. 1345—8:00 p.m. Elks Lodge.

WANT CAVE ENTERTAINERS

NEW YORK (AP)—Rudy Turilli came to town recently to sign up some cafe entertainers to become cave entertainers. He wants them to help pep up long tours of the Meramec Cavern in Missouri. The five-level, 26-mile-long cave has a temperature of about 60 degrees. Turilli thought some bebeppers might help heat the place up a bit.

HOME-MAKERS' FORUM

By The Gazette's Own Home Economist
JOAN S. WHITE

GIFT COOKIES

Here is a wonderful gift suggestion for the women on your list, be they neighbors, relatives or friends. Every woman who keeps house will be delighted with this useful gift—a ceramic grease caddy packed with cookies, and all decked out for Christmas. It is practical too, because your home-made cookies will keep fresh in

the coffee can that fits in the caddy. After the cookies are eaten the coffee can and grease caddy can be used to store bacon drippings in the refrigerator.

If you are making cookies for gifts this Christmas, you might like to consider arranging them on an inexpensive cookie sheet, wrapped with cellophane so that the designs are visible. Some folks save candy boxes and the round oatmeal boxes through the year to cover with Christmas paper for gay cookie containers.

Cookies from your kitchen are a welcome gift for those "who have everything", for the lonely shut-in, for tradesmen who have given good service.

HOLIDAY BAKING

Anaheim food markets are well stocked with the ingredients that make delicious cookies. With special holiday baking in mind, it is a good idea to stock a few of the specially needed ones each time you shop. Things like flour, sugar, flavorings, spices, chocolate, chocolate bits, molasses, food colorings, fancy "sprinkles", candied fruits, and nuts purchased a few at a time are hardly noticeable on the food bill.

It is well to check over kitchen tools too. The most important of these are the cookie sheets. These should have no sides and be at least two inches shorter and narrower than your oven. If yours are the deep sided pans, turn them over and bake on the bottom of the pan for even distribution of heat. Pans that are too large to allow even heat circulation within the oven produce cookies that are too light on top and too dark underneath.

You might like to treat yourself to one of the new cookie presses that gives the professional touch with just a flick of the wrist. With only a little practice, you will rival even the exclusive French pastry shop.

There is something about making and decorating cookies that brings out the artist in all of us. Cookie cutters are getting fancier and fancier. If you cannot find just the cutter you want, cut your design from a cardboard, lay it on the cookie dough and cut around it with a sharp knife.

A small pastry tube filled with icing made of confectioners' sugar and cream can be used to make interesting designs for coats on gingerbread men and boots on Santa. Thinner icing painted on with a pastry brush is just the thing for solid colors like the blue in an angel's dress.

For cut out cookies, lovely to look at or comical for the kiddies, a white cookie which is easy to handle is a wise choice.

PATTERN COOKIES

3½ cups sifted all purpose flour
1 teaspoon salt
1 cup butter or margarine
1 cup sugar
2 eggs
1 teaspoon vanilla.

Resift the flour with the salt. Cream fat and sugar together until light and fluffy. Add eggs and vanilla and beat well. Add flour and mix only enough to combine ingredients. Chill. Roll out ⅛ inch thick on a lightly floured board. Cut with fancy cutters. Bake on ungreased baking sheets at 375 degrees about ten minutes. Makes about five dozen two inch cookies.

Christmas cookies, flavored with tangy California lemon juice, provide a welcome fresh taste after all the richness of holiday food fare. The following recipe can be made with fresh, canned or frozen lemon juice:

LEMON COCOANUT BALLS

½ cup shortening
¾ cup sugar
1 egg, unbeaten
1¾ cups sifted flour
½ teaspoon salt
¼ teaspoon cream of tartar
¼ teaspoon baking soda
4 tablespoons lemon juice
½ cup shredded coconut.

Cream together in a mixing bowl the shortening and sugar. Add the unbeaten egg and beat together until smooth. Then sift together flour, salt, cream of tartar, and baking soda. Add the flour mixture alternately with the lemon juice. Flour the hands and form the dough into small balls. Roll each ball into coconut or chopped nuts. Place the balls several inches apart on an ungreased cookie sheet and bake at 350 degrees for 8 to 10 minutes. Remove immediately from cookie sheet while still warm. This makes approximately three dozen cookies.

The lady-finger banana, a great favorite where it may be picked off trees and eaten fresh, may become better known in the United States if imported by the in Ecuador it is called the "little golden fruit."

USE OUR LAY-AWAY PLAN FOR CHRISTMAS

You can help defend against disaster. Call Kimberly 5-2643 now to find out how you can help in the air defense of Southern California.

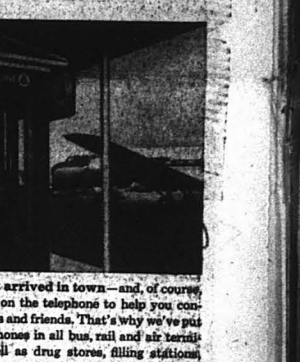

This veteran public telephone installation at the corner of Alvarado and Franklin in Monterey, California, has been busy serving the public since 1930.

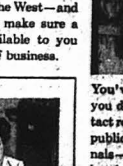

MEET AN OLD FRIEND ON "MAIN STREET"

For more than 70 years, public telephones have been on the job in the West to bring you service when you need it

One of the oldest landmarks along the "Main Streets" of the West is the familiar blue and white sign of the public telephone. And it doesn't just happen that you're never very far from one of these signs when you want to make a call. We now have some 92,000 public telephones at work in the hundreds of communities where we operate locally here in the West—and they've been carefully placed to make sure a telephone is always readily available to you away from your home or place of business.

You've just arrived in town—and, of course, you depend on the telephone to help you contact relatives and friends. That's why we've put public telephones in all bus, rail and air terminals—as well as drug stores, filling stations, hotel and theater lobbies and a host of other handy places. From any of these telephones you can be linked—swiftly and efficiently—with any telephone, anywhere. And we're installing even more public telephones every day.

Your telephone is one of today's best bargains

Making sure good telephone service is available when and where it is needed is just one more way we work to make your telephone ever more useful and valuable to you.

Pacific Telephone

Lions, Rams Prepare For Tie-Breaking Game

Gazette SPORTS

Detroit May Field First Stringers If Layne Ready

DETROIT, Dec. 15 (AP)—Quarterback Bobby Layne's fitness for starting duty in next Sunday's tie-breaking pro football game means the Detroit Lions will field their first string backfield for the first time in 11 weeks.

Line Coach Buddy Parker had feared a strained ligament might keep Layne out of the National Conference's post-season playoff here in Detroit against the Los Angeles Rams.

The game will be televised nationally. The winner will face the Cleveland Browns, champions of the American conference, for the National Football League title Dec. 28 at Cleveland.

The Lions licked the Rams twice during the regular season, 17-14 and 24-16, but couldn't do any better than the Rams in the overall won-lost figures. Each won nine, lost three.

As for Layne, he's the Lions' No. 1 sparkplug, No. 1 passer and No. 2 ball-carrier. He limped from the field Saturday after stretching a ligament in his left leg.

The smiling blond from Texas showed up at the Lions' office today, streamed past a crowd of hundreds waiting to buy tickets and said:

"My leg feels good. I'll play."

Starting with Layne will be right halfback Bob Hoernschemeyer, who missed the last two games because of bruised ribs; left halfback Doak Walker, who missed all but a few minutes of games No. 3 through 11 because of a leg injury; and fullback Pat Harder, who missed all of game No. 3 and part of No. 4.

They haven't been together as a starting unit since the second game of the season. In that game, they beat the Rams but lost Walker's services.

The Lions will resume workouts tomorrow. The Rams will arrive here Thursday and work in Briggs Stadium Friday and Saturday.

Ticket Manager Maurie Schubot believes a sellout 56,000 or more is possible, despite Michigan's wintry blasts.

THE KIDS BID FAREWELL TO WATERFIELD—Followed by scores of youngsters Quarterback Bob Waterfield of the Los Angeles Rams, leaves his home field for the last time after their game at Los Angeles yesterday with the Pittsburgh Steelers. It was Waterfield day at the Coliseum and among the many gifts he received to help him enjoy his retirement were a fishing boat, a shotgun, a rifle telescope lens, glass fishing rod, field glasses, a golfbag and balls and a television set. The Rams defeated the Steelers 28 to 14 before an estimated crowd of 75,000 persons. (Associated Press Photo).

Sprained Ankle Puts Ram's Lane Out Of Action

LOS ANGELES, Dec. 15 (AP)—Dick Night Train Lane is definitely out of the Detroit game. That was the bad news dished out today to the Los Angeles Rams' high command.

Lane, a rookie halfback from Scottsbluff, Neb., broke the National Football league record for interceptions against Pittsburgh Sunday, snaring three Steeler passes to run his string for the season to 14.

But he was hurt on the record-breaking 14th. Today doctors diagnosed his injuries as a badly sprained ankle and a badly wrenched knee.

Lane had figured prominently in Ram Coach Hap Fool's plans for stopping the sensational Detroit end Pieyce Box, who caught three touchdown passes Saturday as the Lions clinched a tie with the Rams and forced the western division of the pro loop into a playoff at Detroit next Sunday.

Lane's loss will be partly offset by the return of Herb Rich, who was out of the Pittsburgh game because 240 pound Ram Stan Rich, who was out of the Pittsburgh game because 240 pound Stan Watt stepped on his foot in practice. Puoi said today that Rich will play even if his smashed toe isn't entirely well.

There's a chance, too, that Elroy Crazy Legs Hirsch may get some duty in the deep defensive spot. Hirsch, a veteran halfback, in recent season was converted into one of the league's top offensive ends.

IKE SHARPENS UP GOLF GAME—A determined looking President-elect Eisenhower fires an iron down the fairway on Kaneohe golf course during his Hawaiian visit on the way back from Korea. Eisenhower, well-rested on his cruise aboard the Cruiser Helena, managed to sandwich in a round of golf between conferences with top advisers. (AP Wirephoto).

Charles TKOs Buford

BOSTON, Dec. 15 (AP) — Ex-world heavyweight champion Ezzard Charles of Cincinnati scored a technical knockout over young Frankie Buford of Oakland, tonight in 2:13 of the seventh round of their scheduled 10-rounder in Boston Garden.

Charles had dropped Buford for a 4-count with a two-fisted attack in the sixth and then referee Joe Zapustas stopped it after a straight right to the jaw felled Buford for eight in the next session. Charles weighed 187 to Buford's 202.

The 24-year-old Buford—whose most notable ring feat was a verdict over Clarence Henry for the California heavyweight title—was on the defensive most of the way, but Charles was unimpressive as he tried to attack in the early going.

The 31-year-old former champion had Buford's nose and mouth bleeding in the third round and stung him with a half dozen hard right hands in the fourth.

The crowd of 5095 was stamping its feet for action in the fifth session, which like all the others was Charles' handily. In the sixth, Charles started to show his advertised new slugging style.

In that session Charles banged both hands to Buford's head and body and dropped him in a corner for a four-count interrupted by the bell as Buford knelt with his gloves on the canvas.

Charles slammed both hands to Buford's head in the seventh and then shot a smashing straight right that landed flush on the Californian's jaw.

Buford struggled to his feet at the count of eight, but Zapustas stopped the one-sided battle as one of Buford's handlers tossed in a towel to indicate that Buford had taken enough punishment.

First Baptist Team Leads Church League Win Trio

Grace Lutheran, Nazarene and the First Baptist church were winners last night in Church league basketball play.

Topping the victors' performances was the First Baptist team which trounced the Church of Christ 67-28, in a one sided contest that saw the victors leading all the way.

The last quarter was the biggest for the First Baptist team which racked up 26 points in that canto.

Grace Lutheran administered decisive drubbing to Bethel Baptist by a 51-17 count.

Gene Gibson led the scoring for Grace Lutheran by chalking up an individual tally of 19 points which included eight field goals and one free throw.

Don Nivens was high for the losers with seven points.

The game between the Nazarenes and Zion Lutheran saw the two teams tied at the end of the first period, but the former pulled away to end the game with a commanding 51-32 score.

The Nazarenes really got going in the third period when they racked up 14 points to end the period 38-26. In the last stanza, the victors racked up 14 more points while holding their opponents to five tallies.

Lions, Rams Game To Be Televised

NEW YORK, Dec. 15 (AP)—The playoff game in Detroit next Sunday between the Los Angeles Rams and Detroit Lions for the divisional championship of the National Football League will be televised nationally by the Dumont Network.

Dumont announced today it had purchased rights to telecast the game which will determine the National Conference winner.

Detroit and Los Angeles finished the regular campaign yesterday in a tie for the divisional title with 9-3 records. The playoff victor will meet Cleveland, champion of the American Conference champions, at Cleveland Dec. 28, for the league championship.

Salkeld Is Named To Manager Post

STOCKTON, Dec. 15 (AP)—Bill Salkeld, former major league and Pacific Coast League baseball catcher, has been signed 1953 player-manager of the Class C California League Stockton Ports, it was announced tonight.

Salkeld, 36, played with the Pittsburgh Pirates, Chicago White Sox and Boston Braves in the major leagues. He has played with five Pacific Coast league teams: Sacramento, San Francisco, San Diego, Seattle, and Portland.

'I Think I Can Beat Maxim . . .' Moore Training Hard For 'Dream' Fight For Title

By MURRAY ROSE

ST. LOUIS, Dec. 15 (AP)—Archie Moore has to pinch himself every now and then just to believe that he's actually getting a crack at Joey Maxim's light heavyweight title here Wednesday night.

"Year after year I went along knowing that I deserved the chance at the title and hoping that I would get it and nothing happened," said Moore as he wound up training. "Then all of a sudden I've got it—and it seems so sudden, just like a dream."

Now that he has his opportunity, the husky 36-year-old Negro intends to make the most of it. He's trained harder and longer for this 15-rounder than for any other scrap in his 16-year pro career.

"I've put in nine weeks training and have boxed between 120 and 140 rounds," said Moore. "I'm ready now as I'll ever be and I'm going to take that title. That's what I've been working for these years.

"I think I can beat Maxim—I know I can. I think I'll stop him. I've seen Maxim fight and I always did believe I could beat him even in his best days."

Long hailed as the "uncrowned champion" as titleholder after title holder passed him by for easier opponents, Moore feels that at 36 he's as good now and maybe better than ever before.

"I knew that if I ever was going to get my chance that I would have to keep up with the current contenders," he said.

In the last three and a half years, Moore has lost only once in 28 fights and has scored 19 knockouts. His victims included heavyweight contenders Clarence Henry and Jimmy Bivins.

His sole loss was to rugged Harold Johnson, the Philadelphia 175 pound contender on Dec. 10 last year. He avenged that defeat by whipping Johnson a month and a half later. He had beaten Johnson twice previously.

"When I'm the champion, I'm going to fight them all," added Moore. "Anyone who deserves a chance will get it. Take that Harold Johnson. The road has been just as tough for him. If he wants a shot, I'll give it to him. I'll put some life in the division.

Sugar Ray Nearly Ready To Retire

NEW YORK, Dec. 15 (AP)—Sugar Ray Robinson was back in town today from Boston and there were fresh reports that his retirement as middleweight champion is only hours away.

A close friend and adviser of the 31-year-old titleholder said Robinson has prepared his retirement announcement and is ready to submit it to Abe Greene, commissioner of the National Boxing Association.

N. Y. City College Coach Ready To Fight Suspension

NEW YORK, Dec. 15 (AP)—Describing the fight to lift his suspension as City College of New York basketball coach, as a "battle of life or death," Nat Holman said flatly today the charges which led to the suspension are false.

"I've never done a dishonest thing in the game in all the years I have been connected with it," the veteran coach told the Metropolitan Basketball Writers association at their weekly luncheon. "I have always fought hard and to the best of my ability and there is no one anywhere who can point to a single demeaning thing ever done by Nat Holman."

Holman, assistant coach, Harry Bobby Sand, and Prof. Frank S. Lloyd, chairman of the faculty athletic committee, were suspended Nov. 17 by the New York board of higher education on charges of unbecoming conduct. The charges were brought by a committee which had been investigating the 1951 "fix" scandals in which several CCNY players were involved.

"It is no exaggeration to say that for me, who has devoted his entire life to basketball, this is in every sense of the term, a battle of life or death," Holman said. "I will meet these charges such as they may be, with every ounce of energy, with every bit of fight, that I possess."

Rosters Complete For North-South Football Game

MOBILE, Ala., Dec. 15 (AP) — Rosters for the Jan. 3 Senior Bowl football game here were completed today with the addition of two men from the North squad and a Vanderbilt lineman for the South.

The 23-man North squad was rounded out with the addition of Joe Schmidt, linebacker from Pittsburgh, and Stewart Sheetz, Penn State tackle.

Bob Hines, Vanderbilt end, completed the 23-man South squad.

Drills will get under way Dec. 29.

Steve Owen of the New York Giants pro team will coach South team.

Paul Brown of the Cleveland Browns was signed conditionally to coach the North. Since the Browns copped the championship of the National Football League's American Conference yesterday, coaching duties probably will fall to Buck Shaw of the San Francisco 49ers, his alternate. Brown will be required to coach one of the teams in the Los Angeles Pro Bowl.

USC To Present 'Innovations' In Rose Bowl Game

LOS ANGELES, Dec. 15 (AP)—Southern California's football team will present a few "innovations" in its attack against Wisconsin in the Rose Bowl, Coach Jess Hill promised today.

Appearing at the weekly luncheon of the Football Writers local chapter, Hill said he had noted a comment by Wisconsin's coach, Ivy Williamson, to the effect he planned to implement the Badger offense.

"We are going to work on a few innovations ourselves which I hope will improve our game," Hill declared.

Naturally Jess didn't divulge any secrets, but he did say that he plans to use big Desmond Koch exclusively at fullback after his brief fling at the left halfback position.

Sophomore Armis Dandoy figures as an alternate at left half to All-America Jimmy Sears.

Hill scored pre-game odds which favor the Trojans by a touchdown.

"I think the teams will walk into the Rose Bowl exactly even," Hill declared. He said he viewed the contest the way he felt about the USC-UCLA game—dead even. USC won, 14-12.

He said he believes Wisconsin probably is the best ground gaining team the Trojans will have played. He ridiculed the point that UCLA defeated the Big Ten co-champions, 20-7 pointing out that one of their stars, Harland Carl, was unable to appear in that game, and the UCLA benefited from a couple of game breaks.

USC Back Jim Sears, sitting alongside Hill at the session, was presented the W. J. Voit Memorial Trophy as the "outstanding" player on the Pacific Coast this year.

Connie Mack Runs Out On His Party

PHILADELPHIA, Dec. 15 (AP)—Connie Mack ran out on his 90th birthday party while his sons, Roy and Earle, weren't looking.

The grand old man of baseball is taking in the warm sun of St. Petersburg, Fla., these days and probably will spend his 90th birthday Dec. 22 with his son, Connie, jr., a shrimp boat owner at Fort Myers.

"Dad snuck out while we were at Phoenix, Ariz., attending the baseball meetings," Roy Mack said today.

Roy was a little perturbed since he had planned a special birthday celebration for the aged president of the Philadelphia Athletics.

"Gosh, I had figured on making this year's party real special. After all you're 90 only once."

Commissioner Says 'No Tie' In Game

PHILADELPHIA, Dec. 15 (AP)—The Detroit Lions and the Los Angeles Rams will play until somebody wins next Sunday. There will be no tie game.

Bert Bell, commissioner of the National Football League, said that should the score of the play-off game for the National Conference title at Detroit be tied at the end of the regulation game, the teams will start a fifth quarter and the first one to score wins.

Bell also named Norman Duncan of UCLA as one of five officials to work the game.

Anaheim Loser In Off-Postponed Tennis Match

The often postponed match between Fullerton No. 1 and the Anaheim Mid-Cities B League tennis teams was finally played off yesterday on the Anaheim City Park courts with the Fullerton team taking a 5 to 4 decision from the local netters. Sunday's near-perfect weather was in sharp contrast to the previous three Sundays of rain and wind which had forced cancellation of the match originally scheduled for November 23. Santa Ana was declared the official winner of the five-team league and will represent the Mid-Cities League in the Southern California play-offs to start next Sunday, probably at the Long Beach City College courts in Lakewood.

Results of yesterday's Anaheim-Fullerton round, with local players being listed first were: Bob Simon lost to Lew Ertle 6-0, 6-0; Bob Hoskins won from Ed Conger 6-4, 6-2; Ep Ebarhard lost to Herman Anderson 7-5, 6-1; Mike Bouck lost to Tex Middleton 6-2, 6-3; and Melva Williams defeated Joan Alsup 6-4, 6-3. In the men's doubles Bouck and Hoskins lost to Conger and Ertle 6-1, 6-1, while Mrs. Williams and Eberhard were beaten in the mixed doubles to Miss Alsup and Anderson 6-3, 6-2. In addition to the actual wins, Anaheim also picked up two points by default, one for fifth men's singles and the other on the second men's doubles.

Tennis activity through the Christmas week will be limited to informal practice on Saturday from 10:00 o'clock to two o'clock at the park courts, weather permitting.

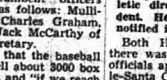

Solon's 'Losers' On Money End

SACRAMENTO, Dec. 15 (AP)—President Eddie Mulligan revealed tonight that the Sacramento Solons lost "about $90,000" last season in the Pacific Coast League.

The disclosure came at the annual stockholders' meeting at which the incumbent officers were reelected as follows: Mulligan, president; Charles Graham, vice-president; Jack McCarthy of San Rafael, secretary.

Mulligan said that the baseball club hoped to sell about 3000 box seats in advance, and "if we reach this goal we will be in good financial shape for next season."

Hassle Over Official May Cancel St. Mary's-USC Basketball Game

MORAGA, Calif., Dec. 15 (AP)—Friday night's scheduled basketball game between St. Mary's and USC may be cancelled because of a disagreement over the assignment of a game official, St. Mary's Coach Tom Foley said tonight.

Foley told newsmen that Frank McCormick of Los Angeles, Pacific Coast Conference supervisor of officials, "arbitrarily assigned an official unacceptable to St. Mary's to work the game, second half of a double bill at San Francisco's Cow Palace. La Salle and Santa Clara clash in the opener.

Foley made it clear that St. Mary's did not object to the personality of the official, whom he did not name. But he said the man was not on the approved list of the California Basketball association of which St. Mary's is a member. Other members are Santa Clara, USF, San Jose State and College of the Pacific.

"This is a matter of principal," the fiery, red haired coach declared. "We cannot use that official. It is against league rules."

"Moreover we are the home team and we're paying for the officials. Why should McCormick tell us whom we should use? This is autocratic rule by one man and I'm not going to be dictated to.

"The college backs me up on this. Unless that official is replaced by one on our list, St. Mary's will not play that game."

Foley said he talked with McCormick by telephone this morning, but was told that the game officials have already been notified and must be used.

This afternoon, he telephoned Forrest Twogood, USC coach, and was referred to Bill Hunter, USF athletic director. Hunter said he couldn't do anything about the beef, but suggested Foley call Vic Schmidt, PCC commissioner.

Foley said Schmidt told him the PCC officer never was advised that CBA members desired to name their own officials. Therefore nothing could be done about Friday's game.

Foley thereupon contacted Denny Heenan, Santa Clara athletic director and CBA president. Heenan said the PCC was notified in a Nov. 12 letter.

Both Heenan and Foley said there was no objection over the officials appointed for the La Salle-Santa Clara game Friday night or the Stanford-La Salle, USC-Santa Clara double bill Saturday night, since all but the one in question are on the SBA approved list.

But when it was suggested the Friday night officials switch games, Santa Clara Coach Bob Feerick said he would have the same objection as Foley.

"I can't allow that official to work my game. It's still against league rules."

If the Friday night St. Mary's-USC game is cancelled, then the Saturday night Santa Clara-USC game may be, too. Foley said he was told by Hunter that USC couldn't afford to come north for just one game.

C of P Gets Ready For Sun Bowl Game

STOCKTON, Dec. 15 (AP)—College of Pacific began football workouts today in preparation for the New Year's Day Sun Bowl game with Mississippi Southern at El Paso, Tex.

The Tigers will drill all week.

K State Romps On San Francisco U

MANHATTAN, Kas., Dec. 15 (AP)—Kansas State romped past San Francisco University, 81 to 60, tonight before 11,500.

Wildcat center Dick Knostman sparked the K-State attack with 15 points. Bill Vukicovich led San Francisco, which now has dropped five straight games, with 16.

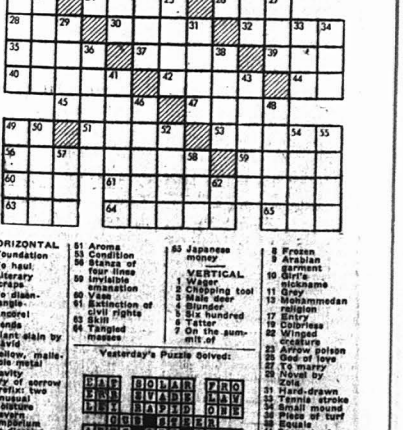

Kansas State held a comfortable 38-18 halftime margin.

Yesterday's Puzzle Solved:

CHRISTMAS RUSH—It's on again, in Anaheim post office as well as in every other one across the nation. Above, long lines of package and greeting-bearing Anaheimers await their turns at the stamp and parcel post windows of the local office. (Gazette photos).

Anaheim Post Office Staggers under Usual Avalanche Of Christmas Packages, Letters and Yule Greetings

By JOAN S. WHITE

"Do your Christmas mailing early," is advice handed out not so much to help the post office department as to help your packages and letters reach their destination by Dec. 25 in the best possible condition. Multiply the 16,000 packages handled by the local post office in 20 days last year by the number of post offices across the country and you have some idea of the bottlenecks which may ensue.

This year Christmas promises to be a $40,000 business at Anaheim's first class post office. Our post office is first class not only from the standpoint of size but from the high quality service rendered by 55 regular employees and some 50 temporarily on duty for the Christmas rush under the very capable direction of Postmaster L. H. Hoskins.

Here in Anaheim the volume of outgoing and incoming mail each Christmas has been larger than the previous one. Due probably to increases in Anaheim's population, October and November have already shown a 22 per cent increase. Since the peak day for letters last year showed a count of 84,010 on Dec. 17, the count is expected to go well over 100,000 on at least one day this week. And this figure does not take into consideration the "meter" letters used by 15 large industrial concerns whose volume of business rates a special stamp that does not require the use of the cancelling machine.

Additional Floor Space

Our local post office is fortunate to have floor space sufficient for the increased needs although rearrangement of cases and racks has been necessary to make additional space on the floor to handle the volume of packages.

"It is gratifying," says Postmaster Hoskins, "that in recent years there has been a tendency for early mailing of both Christmas cards and packages and it is hoped that this will be the case for this Christmas period. Patrons of the post office in greater numbers have come to know that if all Christmas mail goes in late, the terminals become so congested that delivery of part of the mail has to be made after Christmas is over."

As always, there will be no mail delivery on rural or city routes on Christmas day but all Christmas packages that have arrived prior to Christmas day will be delivered.

Stamp Windows

There are now two stamp windows open and three employees receiving packages at the parcel post counter. Although this means even faster service than last year, postal employees note that the best time to make use of these facilities is either in mid-morning or mid-afternoon. Noon time is bad presumably because so many people try to do Christmas mailing during the lunch hour.

The rate on Christmas cards, unsealed with no written message on them, is the same as last year—the 2 cent third class. This may be satisfactory if you have a complete address. However, if there is any doubt do use the first class 3-cent rate. Cards sent first class may contain a written message, may be sealed, and will be forwarded on to a new address if the addressee has moved.

Weight Limits

By now everyone should be familiar with the different weight limits from Anaheim to different classes of post offices. Keeping in mind these restrictions will save inconvenience in repacking to smaller or lighter packages if the post office is unable to accept them within their regulations.

From Anaheim to another office of first class, it is possible to mail 40 pounds to the first and second zones and 20 pounds to the third through the eighth zones.

From Anaheim to offices of second, third and fourth class, you may still send packages that weigh up to 70 pounds. This 70 pound weight limit also applies to packages to military installations and to men in the armed forces overseas.

Information, Please

What happens to the packages that break open because the sender did not visualize the condition to which they would be subjected in ordinary course of handling and did not use adequate packing? If insured, a claim is made and the sender reimbursed accordingly—but the gift does not make the Christmas deadline.

What becomes of letters addressed to Santa Claus? These are sorted from the other mail and sent to the local newspapes for publication.

Are there any temporary jobs still available at the post office? More applications for this work have been received that can be used so there are no more jobs to be given out at this Christmas period.

ON THE WAY—J. K. Haines, mail messenger, throws one of the last sacks of a load of packages on the truck before taking off for the depot. There are about 130 sacks on the truck and Haines makes five round trips per day. Assistant Postmaster Marshal McFie, right, sees Haines off with the load.

SORTING—The thousands of greeting cards and regular letters sent out yesterday had to be sorted out according to destinations. Shown above at the job are, from left, Donna Barnes, Theresa Littrell and Marquita Dixon, at Anaheim post office.

County Airport Opens Paint Shop

Equipped with the latest safety features, a new paint shop for aircraft has just been opened at the Orange county airport, latest facility added in the airport building program.

The new $10,000 building, measuring 40 by 60 feet in dimensions, has sufficient size to house most small private planes, according to Airport Manager William Nichols. As a safety measure, all electric switches have been sealed off from the interior of the shop, and a 42-inch blower is installed at one end of the shop to draw off gaseous fumes.

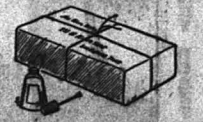

The St. Louis Cardinals came up with four fine rookie pitchers last season in Stu Miller, Ed Yuhas, Harvey Haddix, and Wilmer Mizell.

A Few Tips on Mailing Christmas Packages

First of all, we want to wish you and your family a very Merry Christmas!

A milk carton makes handy mailing container for cookies. Cut top of milk carton on three sides. Pack cookies together with a few marshmallows which act as humidors to retain moisture, keep cookies fresh longer. When filled, seal top of milk carton with tape.

Wet cord before wrapping packages for mailing. As it dries, cord shrinks, making tighter, safer package. Names and addresses on packages will remain legible if you give them a coat of clear nail polish, before sending. Thanks very much for your patronage of our local business during this past year. And Happy 1953!

U. S. Entering Era of Empire, Utah Political Scientist Tells Group

RIVERSIDE, Calif., Dec. 15. (AP)—A political scientist told the 29th Institute of World Affairs today that the United States is entering into an era of empire.

"Western Europe is already a ward and protectorate of the United States, as are also Japan, the Philippines, Australia and New Zealand," said Dr. Grover [illegible] of the department of political science, University of Utah.

"America's productive capacity is now far greater than our normal peacetime needs," said Dr. Rich.

"We are no longer self sufficient in a number of critical materials. Our surplus capital seeks foreign outlets. Our military commitments cover the globe. These conditions express themselves in such policies as the Marshall plan, the North Atlantic treaty organization, and point four, all of which are signposts along the path to empire.

Dr. Norman A. Graebner, professor of American history at Stanford university also addressed the meeting, sponsored by the University of Southern California in cooperation with universities and colleges of the Pacific area.

He said President-elect Eisenhower will begin his administration with good prospects for interparty harmony on foreign affairs. In advocating bi-partisanship on foreign matters, Dr. Graebner criticized partisan congressional debates on this subject. He said partisan debate miseducates and misleads the public, that it can as easily mislead and confuse our European allies.

Nation's Officials Attend as Harry Truman Dedicates Archives Building

WASHINGTON, Dec. 15 (AP)—President Truman dedicated a magnificent new shrine for the Constitution, the Declaration of Independence and the Bills of Rights today and warned that the ideals of liberty they represent are in a world struggle for survival.

Freedom, the president said, is menaced both by Communists and by some who hate Communism yet "want the government to regulate matters of the mind and spirit."

Chief Justice Vinson of the U.S. Supreme Court joined the president in hailing the three historic documents as living and vital, not just treasured relics of the past.

"This is a time for sharpening to the glistening point the aspirations which we have for them," Vinson said.

The president and chief justice were the leading figures in a ceremony at which the three parchment papers were installed formally in a marble, bronze and glass shrine in the National Archives Building.

There they are preserved in sealed cases, under filtered light, to protect them against the ravages of the years. And, if need be, they can be lowered swiftly into what the builders call the world's biggest safe, a 50-ton mass regarded as entirely secure against bombs, fire, water or thievery.

Heavily guarded, the Constitution and Declaration of Independence were brought to the Archives Building from the Library of Congress saturday in armored cars escorted by tanks. The Bill of Rights was there already.

U. S. CONSTITUTION MOVED TO NATIONAL ARCHIVES—A military escort carries the Constitution of the United States into the National Archives building, Washington, D. C., after its transfer from the Library of Congress. In background is the armored car in which the priceless documents were transported under military guard. The documents are encased in six helium-filled cases and will be permanently housed in what is believed to be the World's largest safe. (AP Wirephoto).

Holds Yule Party

LONDON, Dec. 15. (AP)—Queen Elizabeth II tonight threw a real family and staff Christmas party at Buckingham palace.

The queen, wearing a gown of silver and gray lace and a diamond tiara, gave her first waltz to the yeoman of the glass and china pantry at the palace, Percy Benhalm.

The queen's husband, the Duke of Edinburgh, stepped out on the fancy floor with Miss Isabel Ross, palace housemaid.

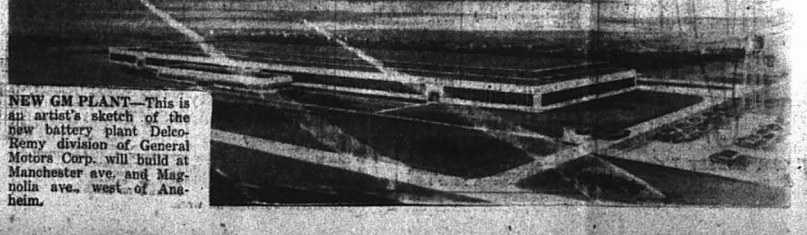

And Princess Margaret, the queen's sister, glided across the dance floor with Inspector F. A. Kelly, the duke's personal police officer.

Two Tugs to Try To Free Yorkmar

ABERDEEN, Wash., Dec. 15. (AP) The tug Sea Lion reached here tonight from San Francisco and prepared to team with another powerful tug, the Salvage Chief, in a dawn attempt tomorrow to free the grounded freighter Yorkmar.

The Yorkmar, a liberty ship, ran aground a week ago at the mouth of Grays harbor, 24 miles west of here. All efforts to pull her loose have failed.

The crew of 37 remained aboard.

NEW GM PLANT—This is an artist's sketch of the new battery plant Delco-Remy division of General Motors Corp. will build at Manchester ave. and Magnolia ave., west of Anaheim.

The only all-private-room streamliners between Los Angeles and the East

the famous Santa Fe Chiefs

Privacy is part of the luxury you enjoy on Santa Fe's famous *Chief* or *Super Chief*.

No coaches are carried on these two famous daily streamliners. If you wish, you may eat, read and relax—undisturbed in your private room or room-suite.

When you feel like roaming, enjoy the cheery lounges or spacious observation cars with non-fogging windows to give you a better view of the scenic Santa Fe route. And at mealtime, a wonderful choice of fine Fred Harvey meals.

For the utmost in thoughtful service and travel comfort, ride the Chiefs—deluxe, delightful and daily.

SUPER CHIEF

...setting a new world standard in travel. Enjoy the crystal Pleasure Dome "top of the Super, next to the stars." And the intimate Turquoise Room, only private dining room on rails. All private rooms. Extra fare.

THE CHIEF

...featuring through sleeping-car service to New York, Philadelphia and Washington, D.C. Ride relaxed coast to coast—without changing cars! Observation, lounge, dining cars. All private rooms. Extra fare.

Santa Fe

For information and reservations, call W. E. FENNELL, Agent Santa Fe Station, Phone 5107 ANAHEIM, CALIF.

IN THE DAYS OF LONG AGO

From the Files of Anaheim Gazette

By MRS. HENRY KUCHEL

25 Years Ago

Misses Rose and Elizabeth Donnelly entertained at a delightful bridge party on Saturday afternoon at their home on Lincoln ave. Dainty refreshments were served at the close of the game. Miss Beryl Kennedy made high score, and Miss Isabel Dolan was second. Those present included the hostesses and their mother Mrs. D. J. Donnelly. Misses Isabel and Geraldine Dolan, Beryl Kennedy, Mildred Henry, Bernardine Schlosser, Helen and Hazel Manter, Marcella Weber, Margaret Dauser, Margaret Bradley, Helen Daly, Jessie Palmer, all of Anaheim and Claire Sharpless of Santa Ana.

50 Years Ago

Frank Fox was passing around cigars yesterday on account of the arrival of a new son and heir at his household, who made his appearance on Monday. This makes four, two boys and two girls. Frank says they are pretty nice things to have around the house.

Fritz Rukman went to Los Angeles on Tuesday to see Buffalo Bill's show. Fritz used to be a sailor on the Flying Dutchman and takes great interest in athletics and broncos, and Injuns, and such things. But he says the ground at Agricultural park, where the show was held was so dusty that he could not see much of it.

75 Years Ago

Our Spanish school is attracting a great deal of attention just now. We understand that the pupils are progressing well, notwithstanding their pronunciation of the Spanish alphabet is quite what peculiar. One worthy has mastered the pronunciation of "y" (ee-gree-a-gah) which he invariably insists on giving as Macgregor.

The Alden Fruit Dryer is now at work on potatoes, turning out 600 pounds of the dried article daily. This is equal to 3100 pounds of green potatoes. The force of 13 men are kept constantly at work—eight being required to peel and slice the spuds previous to placing them in the evaporator. The stock of potatoes will hold out for a couple of weeks yet, and then the pumpkins will be utilized. Mr. Heiman informed us yesterday that he is endeavoring to make arrangements to secure a live agent in San Francisco who would peddle the products of the Anaheim Alden Works from house to house and thus bring the articles directly to the notice of consumers. It strikes us as a very good idea.

The following freight was shipped from the depot this morning: two kegs beer; 200 boxes raisins, 5 pipes wine, 25 sks potatoes, 7 cars sheep.

The schools are now under the charge of Mr. J. M. Guinn, Miss des Granges and Miss Austin.

The Board of Town Trustees met yesterday, all present except Langenberger. M. L. Wicks sent in his letter of resignation as clerk, which was accepted. H. Blanken and A. W. Steinhart applied for vacant position, but a consideration of the question was postponed until the next regular meeting. After transaction of the regular business, the board met as a Board of Equalization. They will continue meeting from day to day until the assessment list is gone through with.

John P. Zeyn was taken to San Francisco yesterday by Dr. Hardin. His disease has assumed a very serious aspect.

(Pub. Anaheim Gazette, Dec. 9, 16, 23, 30, 1952)

STEPHEN F. GALLAGHER,
Attorney at Law,
Bank of America Building,
Anaheim, California,
Attorney for Executrix.

Anaheim Gazetteer

by JOHN S. NEUBAUER

Strew on her roses, roses,
And never a spray of yew.
In quiet she reposes:
Ah! would that I did to.
—Matthew Arnold.

• • •

WISH I SAID—**"He who has great power should use it lightly."** But Seneca thought of it 1900 years ago.

• • •

OVER THERE — From somewhere in frozen Korea where the cold war gets pretty hot came a Christmas card with its Merry Christmas jingle and a GI's greeting: **"Here's wishing you a Merry Christmas for bringing us a Credit of Anaheim in your columns. Keep it up. An Anaheimer."** To which we'd like to add—Merry Christmas and a Peaceful New Year to each and every one of those Anaheimers who find themselves so far away from home at Christmastide.

• • •

PASSING — **John Clark,** the Anaheimer who recently sold a hunk of real estate for another industrial enterprise, tells us that **Belle Benchley,** executive manager of the San Diego Zoo, will have a pair of California condors. The Department of Fish and Game permitted the capture of a pair of these oversized cousins of the turkey buzzards. A condor has a wing-spread of 9 to 11 feet, a body of 45 to 55 inches long and is a carrion feeder. State Game Biologist **Don McLean** says there are about 150 condors left. The bird was once abundant when this was a cow country. Anaheimers are particularly interested in Mrs. Benchley's career as she was once identified with Northern Orange county and is well known locally.

• • •

BRIEFLY—**Irvin Millirat, Jr.,** the telephone lineman, had a close shave with the man with the sickle. He fell off the telephone pole on which he was working. "This is it," he thought as he fell, but when he landed with a jolt he knew it wasn't . . . **Howard Hoffman,** the electrician, figures Irv's experience isn't as bad as the Santa Ana pole jockey who was hit by a bolt of lightning and jolted from his perch in a recent storm . . . That's something like **Bob Drysdale's** experience on a powerpole just south of Anaheim. The man was "burned up" but he lived to tell the tale.

• • •

PASTIMES—**Dino Sbardellati,** like all papas of small fry, takes special interest in Christmas shopping for the **Anaheim Ford.** Likewise, enjoys the Yule Tide, because it is something the kids take to so naturally . . . **Homer Wallace** has done a banner business this year issuing building permits. It's quite a chore . . . **Bob Larson,** former Anaheimer, is now an outstanding young Santana civic leader. Just about a year ago while on a trip to New Zealand, the Santanans named him the man of the year . . . Which reminds us that **Lloyd Ruiteel,** another Anaheimer, is being boomed for a mighty important civic role in Fullerton . . . **Howard Elmenan,** another local boy who made good, is an engineer with the State Department of Highways. He's trying to unravel the mystery of metropolitan traffic. It can't be done. Traffic will get a whole lot worse before it gets any better.

• • •

PETS— **Elmer Williams** is looking for a cat to replace Smokey, a black cat that had a mind of its own. Maybe we should make him a present of our pedigreed Heinz-57. This is a cat! It won't eat meat, but prefers a diet of corn and other vegetables. Guess it wouldn't harm a mouse unless the mouse ran in its mouth. Never seen the likes of it.

• • •

MEMO—Santa Claus is coming! Only eight more shopping days left in which to do your Christmas shopping in Anaheim's friendly stores.

NEWS EVENTS OF 1952 IN PICTURE REVIEW

BY THE ASSOCIATED PRESS

A MAN AGAINST THE SEA—A mighty drama unfolds in January as Capt. Kurt Carlsen, clutched, battles stormy Atlantic in vain for his sinking command, the Flying Enterprise.

IKE'S THEIR MAN—Republican supporters leave no doubt about their choice as they parade with balloons and banners when Dwight D. Eisenhower's name is placed in nomination for President at Republican National Convention in July at Chicago.

CLOSER AND CLOSER—Proximity of troops and observers to heart of atom blast on Nevada's sands in April was closest man experienced since Hiroshima and Nagasaki.

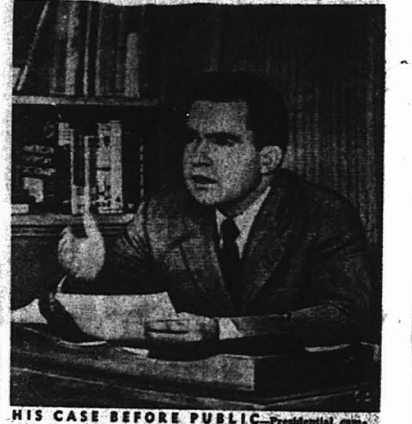

SPOTLIGHT ON SOLE—Communist issue was used by presidential campaign orator Democratic candidate Stevenson [illegible] a quick trip to Detroit Labor Day audience.

HAVING HIS SAY—Marcelino Rodriguez [illegible] to relief from July GOP convention ovation by delegates chastised how by pronounce Puerto Rican issue in delegation poll.

WINNER AND WIFE—President-elect Eisenhower and Mamie acknowledge supporters' cheers on election night in New York as GOP marks first presidential victory in 24 years.

HIS CASE BEFORE PUBLIC—Presidential campaign hits emotional peak as Sen. Richard Nixon explains his expense fund to millions of television viewers in September.

WAR WITHIN A WAR—Weapons and personal effects litter ground in Koje Island's Compound 76 as Red POW's die past Allied guards after June uprising was crushed.

DEATH FROM THE SKIES—Planes plow from homes struck by airliner in January, second of three such crashes in Elizabeth, N. J., which cost lives of 119 within three months.

ROYAL NURSE—Dethroned King Farouk busies himself with his son and successor, King Ahmed Fuad II on Capri where he settled in August after losing Egyptian throne.

INCOMING AND OUTGOING—With election over, President Truman and President-elect Eisenhower meet in White House in November to effect change of administration.

HAVEN IN FLOOD WATERS—Ravaging Missouri River mercifully creates island refuge for [illegible] near South Sioux City, Neb., as Spring floodwaters cause untold damage.

A WOMAN'S LOT—Royal family's grief is personalized by three queens, his daughter, mother and wife as King George VI's body arrives in London for February lying-in-state.

COMMUNISTS RIOT IN JAPAN—Police use clubs, guns and tear gas to repel Red demonstrators on May Day in Tokyo as they rioted, damaging U. S. and native property.
