TRAVEL SMILES

By Merry Miles

The child on the Greyhound bus was four, and bright as a cricket. "I can read the signs," she chirped, and demonstrated on the next one we passed. "It says miles."

"What else?" I asked.

"Oh, I can only read how far," she said, "but not where to!"

Everyone likes Greyhound travel because it's so intimate and personal, as well as low in cost. You're close to everything—scenery, people, the towns, cities and countryside.

If you're getting a few days or a couple of weeks off this fall, ask Greyhound for free literature on the latest Merry Miles Vacations. You can go anywhere, be-

cause Greyhound serves all 48 states.

There are pre-planned trips in the West, to all the national parks, around the U.S. and also to Canada, Mexico and the Caribbean. Prices are surprisingly low because Greyhound fares are so low.

For example, a 13-day vacation to the Pacific Northwest and Canada costs only \$111.15, double room rate, per person, plus tax, from Los Angeles. That includes hotel rooms, sightseeing in San Francisco, Portland, Seattle, Vancouver and Victoria, steamship fares, and travel via Redwood Empire, Oregon Coast and Shasta-Cascades Wonderland. See Greyhound or your travel agent.

So long for now. This is Merry Miles saying, "I'll be seeing you, and you'll be seeing America—best—by Greyhound!"

SHE IS THE FAIREST OF THE FAIR

Pretty Sally Ann Scharfe, 19, popular coed at Mt. San Antonio College, has been selected as queen to rule over the festivities during the 17 days of the 27th annual Los Angeles County Fair in Pomona, Sept. 17 through Oct. 3. She will be surrounded by her court of ten lovely princesses. Sally, daughter of Mr. and Mrs. J. A. Scharfe of Duarte, is an outdoor girl and an accomplished horsewoman.

Enrollment up 40 Per Cent at S. A. College

A record increase of 40 per cent in enrollment has been registered at Santa Ana college for the fall semester, it was noted today by Registrar Genevieve Humiston.

The boost pushed enrollment past the 730 mark which is beyond the predicted figure for a year from now in September 1955. Most class sections are still open, although the enrollment has crowded classrooms and teaching schedules. Even the spacious college parking trees are crowded.

Dr. Daniel C. McNaughton, college director, said the broadened curriculum and expanded faculty are offering an even greater opportunity to freshman and sophomore students, particularly from Orange county communities.

Births

The newest member of the John Larson family, 1810 Sycamore st. is a baby girl, born in St. Joseph hospital on Sept. 11. Her birth weight was 8 lb. 2 oz.

Mr. and Mrs. Marvin R. Fennema have taken up residence at 407 E. Broadway. Fennema is the new minister of Music at White Temple Methodist church.

BIKE RIDER COLLAPSES WITH PATROL CAR

John Dierst, son of Matron Dierst of Anaheim, was seriously cut about the face on Saturday, when the bike he was riding collided with a parked car. He was taken to the Anaheim Community hospital for treatment, according to a report made by the Anaheim police department.

Reports on State General Fund

Cash condition of the State's General Fund as of August 31 was reported Sept. 20 by State Controller Robert C. Kirkwood, who said \$100,141,632 was the amount of cash on hand at that time.

This compared to \$149,189,053 on August 31 of 1953, and \$48,912,420 on July 31 of this year, Kirkwood said.

The Controller explained that the cash in the State's treasury is not a "surplus" and cannot be expended as such. It is merely the amount of funds available to meet the State's General Fund obligations, and its fluctuations reflect the amount of demand during the previous month, and the total revenue accruing to the State.

First two months of the fiscal year, Kirkwood said, showed a slight decrease in the amount of

sales and use taxes collected by the State. The revenues from this source were \$658,889 lower than for the first two months of the previous fiscal year.

A total of \$130,411,894 in unrestricted revenue was deposited in the state treasury for the two-month period, Kirkwood stated.

Electricity serves you...wherever you go!

You'd find it hard to list all the ways electricity serves you in your home—and even harder to list the services you get away from home.

Let's take, for instance, where you work. It is safe to say that electricity brings you light for seeing, air-conditioning for comfort, and power for machines which help you do your work more easily.

Today there isn't a store, office or factory which doesn't have at least some of these electrical aids. They're an important part of your electric service—helping to make your living better, every day.

1954 is LIGHT'S DIAMOND JUBILEE YEAR the 75th birthday of electric light.
