CALIFORNIA STATE LIBRARY

BLONG VIEWS

(From an Egg-Shaped Head)
By WALDO HUNTER, P.E.B.

✔ PRESIDENT EISENHOWER is being attacked by political opponents because he wants to get rid of ground squirrels which are ruining his golf putting green on the White House lawn. The protestors say it is cruel for the President to trap the varmints, and that his campaign against them sets a poor example.

I can imagine Ike right at this moment at his desk in the Oval Room trying to concentrate on a request from the U.S. Ambassador in West Gordovia for a higher allotment of pink tooth picks for the ambassadorial table. A shadow flickers across the Presidential brow. He is not concerned with tooth picks or ambassadors, but with squirrels tunneling into his putting green.

And being a golfer of sorts, I sympathize with Ike.

He should be allowed to rid his grounds of squirrels. Perhaps the best way to get rid of the squirrels, however, would be to lure them away with what lures them to Washington.

That, of course, would be some of those nuts on Capitol Hill.

●

✔ AS THE AMERICAN people have a sharp sense of value most of us felt that the hectic race in the automobile business would be won by Chevrolet—and that is exactly what happened. Even in the face of second-class business practices, second class merchandise did not top the leader for 19 straight years. In this area our hats are off to Cone Brothers Chevrolet for leading the field in the low-price group. Integrity always comes through.

●

✔ LATENT WITHIN us all is the primordial urge to sit in the friendly glow of an open fire. This vestigal link with our cave-dwelling ancestors, who kindled huge fires not necessarily to cook with but to fend off the bitter cold and the predatory beasts, is a natural one.

And it keeps a lot of brick masons today from selling apples in the streets.

If you see a brick mason today driving a Cadillac you may be sure he didn't borrow it just for the day. He bought it after putting in a fireplace for some yachtsman down at Newport Beach struggling along on a $50,000 a year salary.

●

ALTHOUGH OUR house out on Irving Place (the weed patch of Anaheim) is right tightly built, good for at least 15 years (on a 30-year loan) and comfortably heated by a forced air furnace which can drive us out into the street at the flick of a thermostat, we just HAD to have a fireplace. Roast chestnuts, pop corn, burn up old shoes, etc., set a spell by the hearth, and all that sort of thing.

So now we have one, adding immeasurably to the comfort and well-being of the brick mason, and also to the material gain of a certain banker with a steely-grey glint in his eyes, with ice-water coursing through his veins, and with his clammy hand in my hip pocket.

And just exactly what do we have? A monstrous brick thing in one end of the living room with an insatiable maw ever demanding of more wood. We didn't want one of those modern air-circulating types of fireplace. Just an old-fashioned one, with no gas jet "log starter" or any gimmicks of that kind.

●

SO, ON THOSE chill spring nights when the outside temperature plummets to somewhere around 50, we pile high on the hearth old pieces of two-by-fours, scrounged from various building sites and start the cheery fire.

In no time at all we have our own little holocaust raging in one end of the room, with a cat shriveled up on the rug before the hearth in the best, quaint old New England style, with the good wife standing by on the alert with a fire extinguisher, the dog whimpering behind the TV set, while I attempt to beat back the flames with wet gunny sacks.

●

THE BOY, having observed this cozy ritual before, has long since given up the idea of roasting pop corn at the hearth and sits aloof and safe on the couch, free of the fire zone, grimly munching a raw potato.

Meanwhile, neighbors across the way peer furtively from partly-drawn drapes, see flames spurting five feet high from our chimney and say, "well, that crackpot next door has got his West Coast Bessemer steel mill going again."

But in a few minutes it is all over, and the house again grows chill. We then revert to more modern techniques in household heating, reaffirm our faith in the gas company, make a mental note to take the boy out to a drive-in theatre for some real, hot, margarined pop corn the very next night, and trundle off to bed for some real and lasting warmth.

No, you can't beat a fireplace.

But it can beat you, with fire wood at $45 the cord.

PLANS FINALLY CLEARED FOR START OF ST. JUDE HOSPITAL CONSTRUCTION

All obstacles to the construction of St. Jude hospital have been cleared and contractors are expected to begin building the 125-bed hospital in Sunny Hills, Fullerton, around May 1.

Announcement of the date of construction was contingent upon completion of legal work involved in relocating an access road to a government flood control project next to the hospital property, and to revisions in the building plans.

The hospital plans and specifications require the approval of the State Hospital Board and the United States Public Health Service. The State Board has asked for a minor mechanical revision in the air conditioning system. The plans then are expected to receive approval of the Public Health Service, and contracts will be called for.

The architects' drawings and plans are expected to be approved by the government agencies this week. About three additional weeks will be permitted for contractors to bid on construction of the hospital. These contracts are subject to review by the government agencies.

The Sisters of St. Joseph have set the first week in May as the date of start of construction, although utility lines to the site have been under construction for several weeks and are nearly completed.

The plans call for an initial hospital structure of 125 beds on the 16-acre site. It may be expanded by 100 or more beds by construction of wings.

ANAHEIM DAY IS SET MARCH 29 AT SIERRA MADRE

Next Tuesday, March 29 will be Anaheim Day under the famous Sierra Madre Wisteria vine.

As an inter-community goodwill gesture, the Sierra Madre Chamber of Commerce, sponsors of the annual Wisteria festival and flower show, in cooperation with the Anaheim Chamber of Commerce, designated this day in honor of Anaheim.

Passes for this special day will not be needed for admission to the grounds of the vine. Visitors need only identify themselves as residents of this community, chamber officials said.

The vine, which covers over an acre of ground, is now in bloom. Located at 201 West Carter Ave., Sierra Madre, the grounds will be open to the public during the Wisteria Festival through April.

Knight's Request For More Taxes Is Questioned

"The 346,509 people of Orange county will be saved about $1,895,400 in taxes if the legislature balances the 1955-56 state budget without more state taxes," California Taxpayers' association said today.

"The state can carry on its present standard of services for this coming year without the new or increased state taxes which the governor is demanding," the Taxpayers' association declared.

"The 1955-56 budget as proposed involves a multitude of small 'sweetenings' in state activities—most of them already uncovered by the legislative auditor in his analysis of the budget. He recommends some $29,000,000 of reductions—out of a $1,529,000,000 spending proposal.

"The state would not run in the 'red' for there are large sums in 'extra' reserves which ought to be used before the state goes to the people for more tax money.

"The legislature this session should do two things:

"1. Balance the budget by economy and the use of some of the 'extra' reserves.

"2. Set up a citizen commission to study, evaluate, and recommend adjustments and economies in state government.

"Statistical 'smog' is obscuring the facts about the admittedly serious problems of the state and its general fund," the Taxpayers' association declared.

"Taxes are too high right now. The people of California should not be forced to pay taxes that are not absolutely needed. A state tax increase this year is indefensible.

Out-of-Staters Are Advised on Car Registration

New residents of California whose motor vehicle registrations expire in their former home states or provinces on March 31 or April 1 will have 30 days thereafter to comply with California laws requiring them to register their vehicles in this state.

Paul Mason, director of motor vehicles, advised that persons who have accepted gainful employment here or who have otherwise taken up residence privileges in California while displaying out-of-state license plates on their vehicles, are subject to this legal requirement.

Persons who believe their documents may be incomplete should consult motor vehicle registration clerks early for information as to the records that may be necessary in applying for a California registration.

LOCAL CO-ED HONORED

Georgia Drake, daughter of Mr. and Mrs. William Drake, 940 N. West St., Anaheim, has been named a member of the co-ed corps by member of the Air Force ROTC unit at Colorado State College of Education, Greeley.

Horace Mann P-TA Backs Bond Issue

Support of the special school bond issue election was voted at the Horace Mann P-TA meeting recently held in the auditorium. The flag salute was given by Cub Scouts of Den No. 3 and devotions were led by Mrs. Vergil Zarlingo. Ray Terry spoke on the need for funds to provide a better educational program for Junior High and Senior High Schools, and six captains were appointed to lead a distribution of brochures before the coming election.

Floyd Reberging's fifth grade presented a lively dramatization of a rado program and a folk dance entitled, "Modern Netherlands" was given by Brownie and Girl Scout troops.

Sgt. James Broadbelt of the Orange County Sheriff's Office showed a film on Narcotics. A question and answer period followed.

Refreshments hostesses were the mothers of the 2nd grades under the chairmanships of Mrs. Robert Loomis, Mrs. Thomas Sowder and Mrs. Glen Miller.

Bank of America Gives Red Cross Check for $100

Bank of America today delivered a check for $100 to Anaheim Chapter of the American Red Cross as its 1955 local contribution to the national Red Cross drive.

This is the chapter's proportionate share of the total contribution of over $73,000 of the Bank of America to the Red Cross directly and through various united fund drives throughout the state.

Local Women View Latest Spring Fashions

An appreciative audience of about 250 local women viewed a spring fashion showing at St. Boniface hall on St. Patrick's day as models from local stores were presented at a dessert benefit sponsored by the St. Boniface P-TA.

Children serving as models were Greg Huarte, Jimmy Beeson, Arnold Barrington, Steven Nelson, Jimmy Thill, Ralph Livingston, James Warnes, Bobbie and Charles Schilling, Carol Steckle, Marie Brunat, Carol Revelle, Karen Reinbolt, Sheryl Freiberg, Patricia Ahern, Diane Plou, Cathy Shea, Julie Ann Henderson, Nancy and Annette Snow, and Jo Ann Jolissaint. Peter and Michael Galvin in their St. Boniface Drum and Bugle Corps uniforms served as honor guards and assisted the models at the stairs.

Among the adult models were Mmes. Leonard Liekhus, Carl Heinz, John Heinz, Bob Palm, Carl Rau, James Florance and Richard Young. A musical background was supplied by Mrs. Stephen Gallegher at the piano.

CHRISTIAN H. DESCH, 94 DIES AT HOME HERE

Christian H. Desch, 94, passed away at his home at 112 N. Janss St. Tuesday. He had resided in Anaheim since 1920. Mr. Desch is survived by three daughters, Miss Doris Desch, Miss Ruth Desch of Anaheim and Mrs. Anita Gipe of Baltimore, Md.

Disneyland Impact Seen on Post Office; Expansion Planned

Expansion of the Anaheim post office has been approved to provide facilities for handling the increased volume of mail expected after the opening of Disneyland in July.

The improvement will make for smoother handling of mail, according to Louis Hoskins, postmaster, who said that increased volume had already resulted in congestion on the main floor of the building, where all available floor space is now in use.

Under the new plan, the east room of the building's basement will be utilized, resulting in about one-third more mail-handling space.

Helping speed operations will be a chute, near the parcel post window in the lobby in which clerks will deposit mail for immediate processing in the basement.

The loading platform at the rear of the post office will be enlarged, and equipped with a reversible conveyor belt which will facilitate the handling of either incoming or outgoing material.

The problem was either to expand the present facility or rent another building, Hoskins said. Renting a building of the space needed would have cost approximately $3,000 yearly. Closer supervision of the receipt and dispatch of mail in the present building will be another advantage, he added.

The basement will be equipped with fluorescent lighting, exhaust fans for ventilation, and steam radiators for heating.

The Anaheim project is one of more than a dozen urged by regional industrial engineers following a survey of the most populous California cities.

U. S. Senator Thomas H. Kuchel of Anaheim and Congressman James B. Utt of Santa Ana have backed the program in Washington.

New 'Y' Officers To be Dined at Knott's Farm

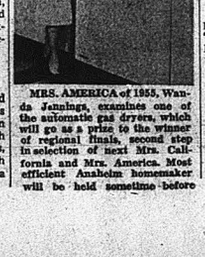

Y's Men's clubs of Orange county will join March 28 for a 7 p.m. Ladies' Night dinner in the Garden Room of Knott's Berry Farm for the installation of the new officers of the various clubs, according to Orlo Fast, president of the Anaheim Y's Men's club, host club for the occasion. Lester Humphries of Long Beach, past International president of Y's Men's clubs, will install the new officers.

The Triple Trio, from the First Presbyterian church of Anaheim, will entertain.

Assisting on arrangements are the presidents of the four clubs: Richard Van Wey of Fullerton, Orlin Overman of Newport, Clifford Peale of Santa Ana, and Orlo Fast of Anaheim. Hitoshi Nitta, district governor, will introduce the special guests.

Anaheim Housewives Eligible for Many Prizes in "Mrs. America" Competition

Anaheim homemakers entering the 17th annual Mrs. America contest will have a chance to vie for more than $25,000 in prizes, according to Paul Bruce, chairman.

MRS. AMERICA of 1955, Wanda Jennings, examines one of the automatic gas dryers, which will go as a prize to the winner of regional finals, second step in selection of next Mrs. California and Mrs. America. Most efficient Anaheim homemaker will be held sometime before

The Mrs. America committee of the Anaheim 20-30 Club has arranged for numerous merchandise awards for contestants in the contest to select Mrs. Anaheim. These will be in addition to the $25,000 in prizes to be given at the division, state and national levels.

Division winners, the committee reports, will receive automatic gas clothes dryers as well as a three-day stay, with their husbands, at a world-famed Los Angeles hotel, site of the state finals. Mrs. California and three other state winners will receive new automatic gas ranges.

The new Mrs. America will fall heir to more than $15,000 in prizes, highlighted by a complete "New Freedom Gas Kitchen and Laundry" including the special "Mrs. America" package kitchen, automatic gas water heater, deluxe automatic gas range, automatic "Ice Maker" gas refrigerator, automatic washer and gas-fired home incinerator. In addition, she will receive a one-week all-expenses paid vacation for herself and her husband at Ellinor Village, Fla., site of the national finals—and dozens of other prizes.

New Design Is Feature of Factory

A factory with indoor-outdoor living will be the architectural theme of the new Arcadia Metal Products national headquarters plant to be constructed in Fullerton, Ground should be broken for the new plant, which will be built on Acacia St., just north of Orangethorpe Ave., in Fullerton's new southeastern industrial development, in April, said Henry E. North, Jr., president of the firm.

Total valuation of the facility, including the 10-acre site, will be slightly under one-half million dollars. Offices and plant comprise nearly 50,000 square feet.

Pacific Telephone Expands Facilities

Work started last week on a $1,500,000 addition to Pacific Telephone's building at 217 North Lemon St., in Anaheim.

Herb Perry, telephone manager, said the building contract was awarded to the Beyer and Abrahamson construction company.

The two-story and basement addition will be made adjacent to the present building and a third floor will be added.

A partial two-story addition is now under construction at the rear of the building.

Perry said a total of 60,000 square feet of floor space will be provided by the new addition for KEystone telephone equipment, expanded long distance switchboards, a test center, and automatic accounting facilities.

White Temple Church To be Refurbished At Cost of $60,000

Remodeling of the main sanctuary at White Temple Methodist church is to begin on May 1. During a 4-month remodeling period, the congregation will worship in the new Fellowship hall.

When completed, the remodeled sanctuary will seat 580 persons (twice the present capacity) with a new lighting system, heating system, ventilating system, sound system and seating in pews.

A divided chancel area will have a "herring bone" choir seating arrangement so that singers will see the director without directly facing the congregation.

Restrooms will be provided at each of the chancel areas.

As part of the final phase of construction at the church, a new Youth Chapel with a seating capacity of fifty will be constructed on the second floor above the parlor, adjoining the new choir room.

Estimated cost of the project is $60,000.

Mr. and Mrs. Therman Rock attended a birthday celebration for Mrs. John Siewert in Placentia, recently.

Mr. and Mrs. Axel Jorgenson of Anaheim have announced the engagement of their daughter, Marilyn, and Ted Little, grandson of C. C. Thomas of Westminster.

Anaheim to Pay Homage to Industry; "Industrial Queen" to be Selected

38 Industries Asked To Participate

Invitations were mailed today to 38 large and small industries, and to the Departments of the City of Anaheim, asking them to join in the activities of Industrial Progress Week in Anaheim, May 9 to 13.

The announcement was made by heads of three of the committees for the Week: Bill Aldrich (Northrop), Industry Open House; Bob Daily and Bill Hudson (Delco-Remy), Education - Clergy Day; and Harold Smith (Smith-Reafsnyder Furniture), Merchant Participation.

In explaining the purpose of Industrial Progress Week, general chairman Walter E. Miller, Jr. (Kwikset) said the event will show the close integration of industry-agriculture, city government, and the general public.

Explains Purpose

"Our purpose," Miller said, "is to demonstrate to the community the functioning of our American enterprise system and how we all benefit from it. Here in Anaheim we have wonderful examples of the American industry-community team in action, but perhaps, we have not provided an opportunity to the public, our teachers, and clergymen, to see first-hand how industry operates.

"We know, of course, that Anaheim citizens believe in the free enterprise system, but perhaps some do not know exactly how it works. Since we all earn our livelihood under the American system of individual opportunity and enterprise, we are inaugurating the annual Industrial Progress Week during which we will try our best to explain industry's relationship to the individual and the community."

Many Firms Participate

The firms invited to participate in the Week are: Anaheim Cooperative Orange Assoc., Anaheim Valencia Orange Association, Mutual Citrus Products, E. A. Slide, United Processors, Bridgford Packing, Alex Foods, C. K. Adams Co., Marco Industries, Robertshaw-Fulton, Delco-Remy, Kwikset Locks, Photographic Products.

U. S. Industrial Chemicals, Electra Motors, Anaheim Foundry, Vista Furniture, Anaheim Hosiery Mills, California Hosiery, Trimfit of California, Schultz Tool & Machinery Mfg. Co., P & L Mfg. Co., Gelvatex Coatings, Rinshed-Mason, Dixie Cup, Northrop Aircraft, General Electric, Williams Manufacturing, Fleetwood Trailers, Viking Manufacturing.

Interstate Precision Products, Essex Wire, Boss Overall Cleaners, Anaheim Truck & Transfer Co., Merrifield Truck Co., Sioux Honey Association, Visco Products, Pacific Telephone & Telegraph, and the City of Anaheim.

A. B. Paul Relief Corps Has Meeting

Alice Robert presided at the A. B. Paul Women's Relief Corps meeting last week at which Florence Marriman of Orange was a visitor. The traveling flag of Pedestal No. 1 was presented to the Corps by Mrs. Koger, president of the Orange Corps.

The relief report showed expenditures of $2 cash, $40 other than cash, $22 child welfare. Fifty-seven cards had been sent, three bouquets, and one funeral spray. The group had also made 22 calls on persons who were ill.

Announcement was made that Federation No. 1 will meet at the Anaheim I.O.O.F. hall at 10 a.m., on March 28.

Anaheim Man Is Advisor on Korean Affairs

Capt. Frederick M. Held, whose wife, Mary, lives at 605 S. Claudina St., Anaheim, is a member of the Korean Military Advisory Group.

American military personnel assigned to the advisory unit, a group of over 2000 highly trained officer and enlisted specialists, counsel the Republic of Korea army on all phases of military training, tactics and operations.

Held, an ammunition advisor, last served with the First Army at Fort Jay, N.Y. A graduate of Haaren High school, New York City, he entered the Army in 1942.

City Plunge to Undergo Repairs

The Anaheim Municipal plunge will undergo an overhaul shortly to adequately handle summer bathers which in seasons past have averaged four times the capacity intended when the pool was built in 1923. Repairs and additions are estimated to cost $45,000.

Planners Would Annex 1224 Acres To Anaheim City

An area of approximately 1224 acres would be annexed to the City of Anaheim, if recommendations of the Planning Commission were followed up by action on the part of the City Council.

Two proposed annexations are under discussion. One, comprising about 967 acres west of Anaheim, is bounded by La Palma avenue on the north, Gilbert street on the west, Ball road on the south and the eastern city limits.

This does not include the territory between Ball road and Lincoln avenue, Euclid and Gilbert, but does take in Freeway Park, a huge subdivision at Manchester and La Palma.

The Planning Commission also told City Council it favored annexing 257 acres bounded by Crescent avenue on the north, Lincoln avenue on the south, Dale avenue on the west and Anaheim city limits east of Magnolia avenue.

Frank Hemingway Slated to Address County Press Club

Frank Hemingway, noted newscaster, will address members of the Orange County Press club at a dinner meeting Friday at 7 p.m., in Greenbrier Inn, Garden Grove.

Hemingway, who has gained fame as a man of many voices and dialects, spent several years on the Broadway stage before turning to radio.

He has been with KHJ for many years. In addition to using dialects of Russian, English, German, French, Japanese and Scotch, he has developed many characters such as Hike the Heckler; Woodie Carter, Carter, Pigeon, Candidate Hem'n Haw, and Ezra Jenkins, the friendly country philosopher.

Phyllis Jackson of Newport Beach, president of the organization, today issued an invitation to all members of the working press in Orange county to attend the meeting.

Following dinner a short business meeting will be held at which time the trophies to be donated to high school students during the Santa Ana College Journalism Day, will be displayed.

Plan Selection of Industrial Queen

Two extra-curricular highlights in the observance of Anaheim's Industrial Progress Week, May 9 to 13, were announced today. They are:

1. The selection of a beauty queen, "Queen of Anaheim Industry," who will be chosen from among the female personnel of manufacturing plants participating in Industrial Progress Week.

2. A fashion show, featuring new summer clothing, emphasizing styles for women in industry and business—while they are on the job, or dressing for recreation and social events. The Queen of Industry will be one of the leading participants in the show.

Oscar Schultz, of the industry week committee, is chairman of the Queen of Industry contest. Personnel in manufacturing and food processing plants will select a queen from within their plants. These candidates then will vie for the Queen of Industry title.

Many Awards Planned

Schultz said trophies and a variety of awards will go to the Queen and her Princesses.

The style show will climax "public open house" at Anaheim industries on May 13. It is scheduled for 8 p.m. at the Anaheim Ebell club house, and is open free to the public, with special invitations going to women in Anaheim business and industry.

The show will be sponsored by the Kwikset Recreation association, and is under the general chairmanship of Marj Christensen, a member of the KRA.

Charlsie Evans, fashion expert of Hollywood and Los Angeles, has been retained by the group to supervise the show and to commentate the event.

The fashion show is to be a full-fledged affair, with orchestra, sage settings, flowers, and refreshments.

The models will include a group of women selected from the "production lines" and from offices of Kwikset. However, not only will women's fashions be featured, but also brides' wear and children's clothing will be on display.

In addition to Marj Christensen, the fashion show committee includes Phyllis Harrison, Ruth Spiro, Gerry Hill, Belle Welton, Shirley Forsgren, and Arlene Crowell.

Anaheim Marine Learns Protection Against A-Bomb

Now at the Atomic Energy commission proving grounds at Camp Desert Rock, Nev., for the latest series of atomic tests is Marine Pfc. Jerry R. Malone, son of Mr. and Mrs. H. A. Malone of 609 N. Olive, Anaheim.

Before entering the service in August, 1953, he attended Nixon Junior High school, Amarillo.

While in Nevada he will participate in an air-ground exercise during which an atomic explosion will be employed against hypothetical enemy forces. The Marines will test assault tactics relating to atomic warfare. Training in physical protection measures and indoctrination in the effects of atomic explosions on equipment are other important phases of the exercise.

Malone is a member of the 3rd Marine Corps Provisional Atomic Exercise Brigade which was flown to the desert site.

Water District Installs New Pumps

The Metropolitan Water District Board of Directors has approved a recommendation of Robert B. Diemer, general manager and chief engineer, that $5,000,000 be added to the present $75,000,000 expansion program to provide for another pump unit at each of the five pumping plants on the Colorado River Aqueduct.

Construction work is now under way to add two pumps at each of the plants at which were formerly equipped with only three pumps. The new pumps will bring the number at each pumping plant to six, each capable of lifting 90,000 gallons of water per minute.

"There will eventually be nine pumps at each pumping plant, including one pump at each plant for standby service to permit shutting down one pump at a time for maintenance and repairs. The ultimate capacity of the aqueduct will be in excess of one billion gallons of water a day," Diemer declared.

He pointed out that the total requirements for water within the next few years could exceed the amount of water that can be supplied with four pumps.

Total water deliveries for the current fiscal year to date as compared to the same period last year show an increase of 85 per cent Diemer said.

Delco Announces Two Promotions

R. A. Daily, resident manager of Delco Battery operations in Anaheim, announces the promotion of Jimmie Cowley, 504 N. Ohio St., to the position of foreman in the assembly department.

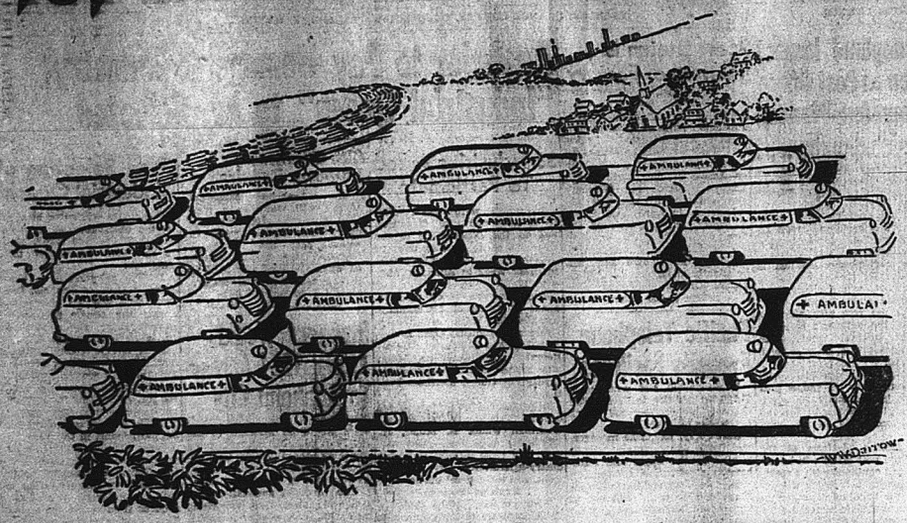

Cowley has been employed at Delco since April 28, 1954 and, prior to his present appointment, was a utility man in the assembly department.

John K. Berger was promoted to the position of foreman in the lead molding and oxide die department. Berger has been employed at Delco Battery Operations since March 24, 1954.

Mr. and Mrs. Berger live at 12732 Midway Drive in Anaheim.

IN THE DAYS OF LONG AGO

From the Files of The Anaheim Gazette

By MRS. HENRY KUCHEL

50 Years Ago . . .

March 1905

A large and enthusiastic mass meeting of citizens of this city and vicinity assembled at the city hall on Monday evening for the purpose of discussing the offering of a free site for the pathological station. J. P. Ahlborn presided and J. B. Neff was called upon to offer suggestions as to what is necessary to secure the station for this city. A lot 150 x 200 feet would be acceptable. A discussion was participated in by Messrs. Melrose, Collins, Baum, Grim, Miller, Adams and others, all of whom expressed approval of the plan to secure the station for Anaheim. About $750 will have to be raised.

An election will be held in school districts throughout the county next Friday. In the Anaheim district, Trustee Lewis' term expires and Trustee Clabaugh having been appointed to the vacancy caused by Mr. Maxwell's resignation will also retire. Mr. Lewis has announced his purpose not to stand again for the office. The names of Mr. Clabaugh and P. H. Krick are mentioned for the two vacancies. At Loara district Mr. Webster will probably succeed himself.

San Juan Capistrano will entertain the largest number of persons in the history of the old Mission, Thursday June 8. Knights of Columbus will be in Southern California from all sections of the United States at the time mentioned and it is planned to entertain them with a barbecue and bull's head breakfast, after the manner made famous by Col. Richard Egan, generally known as the King of Capistrano. John D. Mott and C. O. Desmond went to the Mission, Monday, to survey the situation preparatory to arranging details for the proposed feast among the features of which will be an address by Bishop County. In addition to Col. Egan, C. E. Lummis, J. C. Cline and W. R. Rowland will assist in making the occasion one long to be remembered.

Madame Modjeska and Count Bozenta, who have been living at their mountain home at Arden during the winter, depart next week for New York, when Modjeska will be given a monster benefit testimonial tendered by Paderewski, Sembrich, and other friends of the noted couple.

Ben Dresser, an old time Anaheim boy, has been in town a day or two from Portland. Ben conducts one of the largest retail grocery stores in the northern town and has done well since leaving here ten years ago. The old hankering after Southern California, exists with him, however, and it would not surprise his friends to see him locate here and go into business.

Annual meeting of the Ladies Aid Society of the Presbyterian church was held Thursday afternoon at the home of Mrs. Arthur Lewis. Officers were elected as follows: Mrs. J. B. Rae, president; Mrs. W. H. Spake, first vice-president; Mrs. T. S. Grimshaw, secretary; Mrs. L. E. Miller, treasurer. It was decided to give a picnic in Santiago canyon in the near future.

Don David Yorba was a visitor in town from his home up the river, the fore part of the week. Don David says the river is full of water and predicts the most favorable season the county has had in many years.

Chas. Willis, who for many years conducted a cooperage business here, died Monday of last week at the home of his son-in-law, Chas Albrecht, in Stalor, aged 68 years. He leaves a wife and daughter.

A. W. Danforth, some days ago, found water trickling into his well pit, which is 59 feet deep. The following day the water rose three inches, and at the latest reports was still rising. A few years ago water stood at a depth of 20 feet in Mr. Danforth's well, its present depth showing to what extent it has lowered. Mr. Danforth believes water will yet rise to its former level, with a succession of wet years, and in this belief he is joined by a number of pump men of the neighborhood.

A large crowd of art lovers assembled at Backs hall yesterday and the day before to view the art exhibit on display. Among scenes familiar to all were water color sketches by Miss Ingraham of Laguna and one of the old Bremerman place with strings of red peppers drying in the sun.

75 Years Ago . . .

March 1880

The following item is taken from the London Telegraph:—There is another of the American states which, as a producer of oranges will soon distance all competitors upon the Western Continent. California, taking its name from the Spanish, is said to be unrivaled in the deep black alluvial soil of its valleys and in the suitability of its climate for the production of fruit of all kinds. If travelers are to be credited, Los Angeles, in Southern California, will sooner or later be the center of the richest orange growing district in the United States. The number of oranges which are said to hang upon a single branch of the trees in and about Los Angeles surpass belief, and the quality, moreover, is finer than that of any fruit of its kind grown in other parts of the North American Continent.

The rainfall of Wednesday amounted to .44 and that of Wednesday night to .06, making the total for the season 10.65 inches. We gave the total last week as 10.36, when it should have been 10.15.

The buds on some of the early bearing vines have commenced swelling, and should the coming week be warm, the buds will be well advanced to be in danger of frost, should that dreaded April visitation appear this year. If the cool weather continues for a week or two, it would suit the people of this baliwick very well. (The vines referred to in the above item are of course grapevines—Anaheim at that time grew only grapes—Ed.).

We were shown the other day by Mr. F. A. Gates a small can of sugar which had granulated from syrup made from the Minnesota Early Amber cane. This sample he sent to San Francisco refinery for the purpose of learning what they can pay for it in large quantities. We will publish their reply when it is received. Farmers here are very hopeful of this industry and cane will be planted extensively this season.

The town authorities have during the past two weeks, built several foot bridges over impassable ditches.

Mr. Jothan Bixby of Los Animitos, with whom we had a conversation last Monday is inclined to the opinion that wool will reach thirty cents a pound this year. Wool will be exceeding clean and free from burrs and will reach the market in a better condition than it ever has before. Mr. Bixby does not remember any time when the prospect for sheep men looked so bright. Eight hundred acres of the Cerritos are seeded to wheat, mostly Australian and a full crop is expected.

Mr. H. J. McDermott has bought the large blacksmith shop on Lemon street which he has occupied for some years, paying Mr. Jordan $2,500 therefor. Mr. McDermott will now carry on business on a larger scale than before and as he is a superior workman and an excellent business man he will not fail to command success.

Mr. Tim Carroll has bought nine acres of Mr. Guinn's land near the depot and will begin at once to improve it. Mr. Carroll has done an immense business in Cypress trees this year and has found the transplanting of which he is the patnetee, a great help to him in his business.

The Directors of the Santiago Gold and Silver Mining Company visited their mine in the Santiago Canyon one day last week in a body and thoroughly inspected the ore, tunnels, etc., and discussed the prospects. The photographer, Mr. A. I. Pellegrin, took several views of the locality.

About 9 o'clock on Monday evening a brilliant meteorite was observed going oceanward about fifty or a hundred miles from Los Angeles. A small meteor was seen from Anaheim about 8:45 o'clock the same night. It came from a northerly direction and descending towards the earth exploded a short distance from Dr. Ferguson's sanatorium, throwing out a multitude of sparks.

A good shearer can shear from 100 to 200 sheep a day.

WISTARIA BY THE ACRE

SIERRA MADRE IS the Wistaria City. It is understandable when one gets a look at its principal attraction, the giant 63-year-old Wistaria Vine. This world's largest blossoming plant, covering more than an acre, is now in bloom and open to the public through April during Sierra Madre's annual Wistaria Festival. Helping to show off the vine is pretty Barbara Duffy, another Sierra Madre attraction.

Anaheim Co-eds And Mothers to Be Feted Guests

Co-eds at Anaheim Union High school and their mothers will be among the honored guests at the annual scholarship tea sponsored by the Panhellenic Society of Northern Orange county on May 1. The event will be held in the Fullerton home of Mrs. Charles Peterson. At that time, students of Fullerton, Placentia and Brea high schools as well as those of Fullerton Junior college also will be on hand to discuss sorority living with Panhellenic members, and two $250 scholarships for study at 4-year colleges will be awarded.

Forms for scholarship application will be distributed at AUHS this month, according to Mrs. C. B. Neighbors, scholarship chairman. Winners will be chosen on the basis of scholarship, character, participation in extra-curricular activities and need.

Mrs. Richard Lippi, president, has announced tea chairmen as follows: Mrs. Paul Baker, and Mrs. Robert Stevenson, co-chairmen; Mrs. R. Kenton Wines, school contact; Mrs. Donald Young, invitations; Mrs. Bert Harris, form distribution; Mrs. Hunter Piper, refreshments; Mrs. Jo Burditt, kitchen; Mrs. Karl Buck, decorations; Mrs. V. V. Hatch, hostesses; Mrs. Darwin Stockwell, music; and Mrs. James Carter, publicity.

Vets, Non-Vets Buy At Vermont Terrace

A free move-in plan for veterans and a low down payment price of only $750.00 for non-vets has made Vermont Terrace in Anaheim one of Orange County's most popular new developments, sales head Gene Mahaffey, reported this week.

The three and four bedroom homes also include many other "free extras" that make the modern ranch dwellings a "great buy for vet or non-vet," Mahaffey explained.

Along with the free vet move-in and low down to non-vets, the Vermont Terrace homes include to each buyer free built-in range and oven, free patio fencing, and free custom draperies for every spacious room. "These extras alone," Mahaffey said, "are worth nearly $1,000!"

Because the homes are rapidly nearing the sell-out point, visitors are urged to act quickly for best selection. To reach Vermont Terrace drive south on Los Angeles St., in Anaheim—the main street that crosses Center—to the Vermont intersection. Turn left (east) on Vermont and drive four blocks to model home.

IN ATOM BOMB TESTS

Pfc. Paul Hertfelder, 24, son of Mrs. Frieda Hertfelder, 1801 E. Santa Ana St., Anaheim, is one of 800 soldiers scheduled to take part in a tactical armored task force maneuver during the current atomic tests in Nevada at Camp Desert Rock.

Hertfelder, who entered the Army in January 1954, is regularly stationed at Camp Irwin, Calif., where he is a machinist with the 526th Ordnance Heavy Automotive Maintenance Company.

Fourteen Anaheim Students Awarded

Fourteen students from two high schools of this area have been named winners of Bank of America achievement awards by committees of teachers and principals in their own schools.

They were selected in the first step of a program in which the bank will divide $17,600 among 60 top senior students from high schools of the southland. Other awards are 500 gold cups and 1,500 achievement certificates. The awards are to bring public recognition and encouragement for achievement in scholarship, leadership, and promise of future service to society.

Cup winners in their general fields of study, who also won certificates, from Anaheim Union High School: Clayton A. Gouyd, Jr.; science and mathematics; Lois Claussen, fine arts; David Stephenson, liberal arts; JoAnne Rees, vocational arts; from Marywood school: Rosalie Flynn, science and mathematics.

Certificate winners from Anaheim Union High School: Willard Heary, mathematics; Gary Bonner, music; Karen Brand, English; Bill French, foreign languages; Bette McIntyre, home economics; Duan Koesel, agriculture; Robert Bircher, trades and industrial; from Marywood: Donna May, fine arts; Patricia Nolan, liberal arts.

PRE-SCHOOL HEARING TEST GIVES CHILD BEST CHANCE

No sound . . . "I think I hear something" . . . "I DO hear!" . . .

These three dramatic pictures should remind parents this is the time of year to have their children's hearing tested before school opens in September. There are about two million children in the U.S. who suffer undiscovered hearing impairments, according to the American Hearing Aid Association. The non-profit organization urges parents to have their children's hearing tested by an ear doctor or reputable hearing aid specialist at the slightest sign of a hearing loss. It reminds parents to be especially alert since children often try to conceal hearing impairments because they want to be like other kids.

"The Politician" Is Subject of Talk

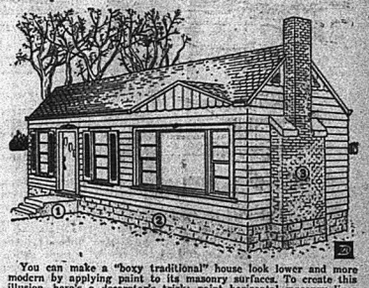

"The Politician" was the subject of Rev. Alexander McCandless' address Wednesday noon at the third in the series of YMCA Men's Lenten luncheons. Rev. McCandless, pastor of the Anaheim Evangelical United Brethren, was introduced by Walter F. Taylor, president of the Anaheim YMCA, who presided at the luncheon.

GORDON SCHWACOFER TO WED PATRICIA PREBBLE

According to an announcement made by the parents of the bride-elect, Gordon Schwacofer, son of the Leonard Schwacofers of 841 S. Philadelphia St., will marry Patricia Jo Prebble but no date has been set for the wedding. Miss Prebble is the daughter of Mr. and Mrs. Fred Prebble of White Cloud, Kansas.

The bridegroom-elect is a graduate of Anaheim Union High school and attended both Fullerton Junior college and Chaffey Junior college, Ontario. He is now in the Far East with the U. S. Air Force.

Optical Illusion 'Lowers the Roof'

You can make a "boxy traditional" house look lower and more modern by applying paint to its masonry surfaces. To create this illusion, here's a decorator's trick: paint horizontal masonry lines to contrast with the rest of the house, and vertical planes to match. Areas to color shown above are (1) concrete steps; (2) construction block foundation; and (3) masonry chimney. This styling has been gaining wide popularity since Martin-Senour introduced Colorset masonry paint in 144 colors, varying from light pastels to deep tones. It can be used on concrete, construction block, stucco, brick, or asbestos shingles. Another way to lower the house is to paint the masonry foundation the same color as the terrain.

Looks like Buick's Biggest Year

Riviera—Best Seller in the West!

In the Pacific Coast area, where "hardtops" hit a new high in preference, the Buick Riviera far outsells all others, bar none. And the '55 Buicks are now topping the popularity that has already made Buick one of the "Big Three" in total national sales.

It's been happening week after week.

More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. *More people than ever before in our history.*

That's why you see so many new Buicks on the road today. And that's why—to meet this unprecedented popularity—Buick production has been boosted to the highest levels of all time.

Buick Sales Are Soaring

The simple measure of it all is this: *Buick is so "hot" an automobile that it now outsells all other cars in the United States except two of the best-known smaller cars.* And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high—Buick interiors never so rich—Buick's great ride never so satin-smooth and steady.

But there's something else, too—something vastly different and exciting.

*Never before was there any motoring thrill like the thrill you get from Buick's spectacular new Variable Pitch Dynaflow.**

It lets you do what a pilot does—switch the pitch of your driving propellers—one way for gas saving in cruising—another way for instantaneous acceleration and getaway.

Your propellers are inside the Dynaflow unit, spinning in oil. *You* change their pitch merely by pressure on the gas pedal. *You* get action that was never in any earth-bound vehicle before.

No wonder we're writing up orders and selling Buicks at a rate that's making this the biggest year in Buick history.

And no wonder—when you see our price tags—that more and more people can afford the price of a new Buick.

For all the way up the line—from the budget-priced SPECIAL to the custom-built ROADMASTER—each Buick is a stand-out buy in its field.

Why not come in for a visit this week and get a down-to-earth look at the hottest Buick in history?

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Of People . . . and things

By JOAN S. WHITE

The Orange County Deanery Institute will meet on April 5 for a panel discussion to be conducted by the Los Angeles Archdiocesan Council of Catholic Women. The meeting will start at the St. Boniface Parish Hall at 10 a.m. Luncheon reservations are to be made with parish chairmen.

Thirty members of Mr. and Mrs. O. T. Waller's family were on hand at the Rainbow Angling club in Azusa to help this Anaheim couple celebrate their 55th wedding anniversary. They have lived in California since 1906 and have five daughters, two sons, 12 grandchildren and three great-grandchildren.

A touch of green will mark future birthday celebrations of two Anaheim infants. Born on St. Patrick's Day at St. Joseph hospital were a 7 lb. 14 oz. son to Mr. and Mrs. David A. Murray of 9672 Vancouver St., and an 8 lb. 13 oz. daughter to Mr. and Mrs. Jay Jaramillo, 23910 Esperanza Rd.

Mr. and Mrs. W. E. Chance, 415 S. Indiana St., recently enjoyed a visit in the home of Mr. and Mrs. W. W. Chance in Yorba Linda.

Miss Ella Marie Williams of 129 W. Chartres St., will wed Richard W. Stewart, son of Mr. and Mrs. C. C. Stewart of Brea on August 12. The bride-elect is the daughter of Mr. and Mrs. Carl Williams of Springfield, Oregon, and is associated with the Dixie Cup Co. of Anaheim. She attended Vancouver Business College. Her fiance is a graduate of Brea-Olinda High school and is employed by the Kirkhill Rubber Co., in Brea.

* * *

Mrs. Carl Hatfield will preside at a meeting of the Anaheim P-TA Council on Friday, March 25, when annual reports will be read and new officers elected. Officers and committee chairmen of P-TA groups in 16 local schools are expected to attend. Plans will be made for an installation meeting on April 29. Friday's meeting will begin at 9:30 a.m., at the Investment in Youth Building and a pot luck luncheon will be served at noon.

One of Anaheim's most talented pianists, Mrs. Darwin Stockwell, entertained a meeting of the Santa Ana Ebell Music section with a program of piano solos.

Members of the George Washington P-TA are reminded to save rags for the rag drive to be held at the school the first week in April.

Mrs. Astrid Oas of Anaheim, was a prize winner during an evening of cards which recently marked the first anniversary of the Freya Club, Auxiliary of the Sons of Norway.

Charles F. Bourne, son of Mr. and Mrs. A. E. Bourne of 756 N. Olive St., claimed his bride in an evening ceremony at First Presbyterian church. She is the former Miss Shirley Ann Lundblade, daughter of the E. M. Lundblades of Garden Grove, who will graduate from Garden Grove High school in June.

Teachers at Benjamin Franklin school will be honored at a noon luncheon at the YMCA by the P-TA on April 5. Mrs. Earl Rowland is the chairman of the event and has issued a special invitation to room mothers to attend.

Mr. and Mrs. McFarland Tolf have returned to their home at 615 N. Hawthorne St., following a short vacation in San Diego.

Mrs. Marie Getz, 619 N. Buttonwood St., has returned from a five week visit with relatives in Illinois.

On Feb. 27 Mr. and Mrs. Johnsnie E. Jones, 11911 Santa Cruz St., welcomed a baby boy in Santa Ana Community hospital. The infant's birthweight was 5 lbs. 10 ounces.

Twins, a boy and a girl, were born to Mr. and Mrs. Joseph Hinman, 1222 E. Adele St., in St. Joseph hospital on Feb. 27.

A junior play party has been scheduled at the Fellowship Hall of White Temple Methodist church tomorrow night (March 25) from seven until nine o'clock. There will be games, movies and refreshments. Sunday school children from third through sixth grade are invited.

Mrs. Elmer R. Hamilton will review current fiction on Monday afternoon, March 28, for members of the Ebell Book and Bible section. Tea will be served at the clubhouse.

Ralph Aldrich of Anaheim has been named commander of the Orange County Barracks 148, Veterans of World War I.

The newly elected board of directors which will take over the leadership of Fremont P-TA in April is as follows: President, Mrs. Ben Schroeder; first vice-president, Mrs. Robert Perryman; second vice-president, Mrs. Vernon Starr; recording secretary, Mrs. Oliver O'Brien; corresponding secretary, Mrs. Fred Krastel; treasurer, Mrs. M. G. Kannard; auditor, Mrs. Allen Rees; and historian, Mrs. Elmer Peter.

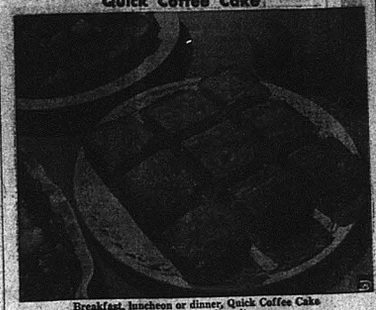

In pretty installation ceremonies in the lounge of the Lutheran Home for the Aged, the following local women took over the leadership of Zion Lutheran Women's League: Mrs. Edgar Ophelm, president; Mrs. Herbert Becker, vice-president; Mrs. Norman Koup, secretary; Mrs. Ralph Spencer, treasurer; Mrs. Howard Gilmore, parish council representative.

Anaheim Union High School and Marywood School students have been invited to compete in a poster contest sponsored by the Anaheim Ikettes. The theme is "Conservation." The city winner will be eligible to enter the state finals and will be exhibited at the Izaak Walton National convention in Chicago, March 31-April 2.

A 6 lb. 15½ oz. baby boy was born in Santa Ana Community hospital on March 19 to Mr. and Mrs. Hubert A. Sprague, 1307 W. North street.

The William C. Mathews family of 316 W. Victor St., enjoyed a two-day outing at Big Bear, this past week-end.

Quick Coffee Cake

Breakfast, luncheon or dinner, Quick Coffee Cake is sure to be a favorite.

You'll have no trouble with breakfast "skimpers" when you serve this Quick Coffee Cake. It is so tender and delicately delicious that finicky appetites will perk up for a second helping.

Because it's not too rich, this quick coffee cake makes a luscious accompaniment for luncheons and dinners too. Serve it with tender, juicy baked ham gone glamorous with golden pineapple chunks for garnish. Add garden fresh, cooked vegetables with plenty of melted butter or margarine. The coffee cake is so easy because it doesn't even require special shaping. Just pour the batter into a greased 8-inch square pan and pop it into the oven while the ham is baking.

Serving specialty breads with your meals is a simple way to add variety and taste appeal to menus.

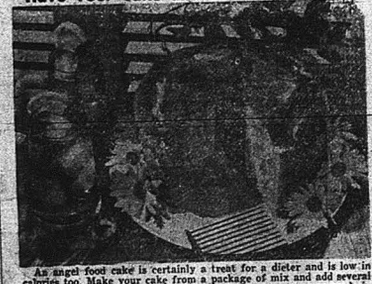

If you don't have time to bake a coffee cake yourself, your bake shop is sure to have one that will please your family. Check to see that your baker uses enriched flour, just as you do. Enrichment means extra nutrition for your family at no extra cost to you.

QUICK COFFEE CAKE

1½ cups sifted enriched flour
2 teaspoons baking powder
½ teaspoon salt
½ cup sugar
1 egg, beaten
½ cup milk
3 tablespoons melted shortening

Sift together flour, baking powder, salt and sugar. Combine egg, milk and shortening. Add to flour mixture, stirring until smooth. Pour into greased 8-inch square pan. Bake in moderately hot oven (400°F.) 25 minutes. Makes 1 coffee cake.

Have Your Cake and Low Calories Too

As angel food cake is certainly a treat for a dieter and is low in calories too. Make your cake from a package of mix and add several spices for a special flavor treat. Why not plan your summer meals in a low-cost, low-calorie way? Be sure to include iced tea, also way down on the calorie scale, and enjoy your diet days. Here is a special menu for this month:

Assorted Sandwich Fillings
Raisin Bran Bread
Low-Calorie Cranberry Sherbet — Spiced Angel Food Cake
Iced Tea with Aromatic Bitters

SPICED ANGEL FOOD

1 package Swans Down Angel Food Mix
½ teaspoon cinnamon
¼ teaspoon cloves
¼ teaspoon nutmeg
¼ teaspoon allspice

Prepare angel food mix as directed on the package, sifting the spices with the flour mixture before folding into the egg white mixture. Bake in ungreased tube pan as directed. Cool cake by turning pan upside down at once. Let stand until cool—1 to 2 hours. Loosen from side and tube with knife to remove cake.

Dick French Is Accorded Honor

One of the highest honors in the academic world came to Dick French, son of Mr. and Mrs. Earl French, 752 Paulina St., Anaheim, when he was elected to the Wisconsin Gamma chapter of Phi Beta Kappa at Lawrence college in Appleton on Thursday. Six seniors were named.

French has majored in classics, and has done a great deal of musical preformance on the piano. He has given recitals and appeared as guest artist with orchestras. He is secretary of Phi Mu Alpha-Sinfonia music fraternity, and a member of Eta Sigma Phi classical fraternity.

There are 40,000 kinds of fish known to sience.

HORACE MANN BROWNIES WIN COOKIE SALE

Troop No. 10, Brownies of Horace Mann, won the cookie sale certificate for selling the most Girl Scout cookies for the 4th grade level. Lois Higgins sold 72 boxes, Laree Stidham sold 55 and Patricia Parsons sold 48. Each girl in the troop sold one case or more, totaling 288 boxes.

The skit, Modern Netherlands, put on at the Anaheim High School for the Juliette Low program was repeated at the Horace Mann PTA March meeting. Girl Scout Troop No. 16 and Brownie Troop No. 10 and No. 41 participated.

The girls are taking sewing lessons at the Singer Sewing Machine Co. They will have four two hour lessons. They are working on doll dresses to enter in a doll fashion show. Due to the illness of their sewing instructor they missed a lesson and instead enjoyed a hamburger fry in the Everett Stidham back yard. They played games and took Kodak pictures.

Troop members are: Jane McHenry, Sheron Nelson, Patricia Platt, Lavone Knutzen, Judy Pollard, Patricia Parsons, Sherry Housen, Judith Baylor, Lois Higgins and Laree Stidham, scribe. Leaders are Mrs. Everett Stidham and Mrs. John Knutzen.

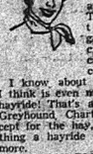

F. F. A. MEMBERS GET SCHOLARSHIPS

Three southern California Future Farmers have been awarded college scholarships for the Union Pacific railroad. These are known as the Carl Raymond Grey scholarships.

Recipients are, for Los Angeles county, Domald J. Reid, Norwalk; for Orange county, Allen R. Brase, Orange, an FFA member at Orange high school; and for Riverside county Raymond Watje, Riverside, member of the Future Farmer chapter at Riverside high school.

Letters of congratulations from President A. E. Stoddard of the donor railroad, are being sent to the winners. Certificates of Merit will also be awarded to the three boys.

TRAVEL SMILES
BY Merry Miles

Have you ever been on a hayride? Lots of fun, great! They're something more than that creates a warm, carefree spirit of conviviality.

I know about something that I think is even more fun than a hayride! That's a trip aboard a Greyhound Chartered Bus. Except for the hay, it's got everything a hayride has, plus much more.

DO AS YOU PLEASE

You and your group can relax in a comfortable, weather-conditioned Greyhound Chartered bus and do just as you please: Sing, play musical instruments, conduct a meeting, or just plain talk and watch the scenery. Your group can charter one bus or a hundred, for an evening or for an entire year. Furthermore, you can go wherever you wish, whenever you please, and make as many stops as you desire. The bus will pick up and discharge members of your group at the central points you choose.

And here is what I think makes Greyhound Charter Service stand head and shoulders above any similar service: Dependability. It gives you a warm feeling of security to now you're riding in expertly-serviced, first-rate equipment of the world's largest transportation system. And your "chauffeur" also happens to be one of the world's finest, best-trained drivers.

COST EXTREMELY LOW

The cost? It's often less per person than regular lower than low Greyhound fares. You may be wondering what type of groups use Greyhound Chartered Buses. The answer is: Every imaginable type. This includes clubs, lodges, churches, schools, convention groups, sports fans attending games, military units, big "name" bands and many more.

Next time your club or organization is planning group travel, just remember, "It's smarter to charter a Greyhound." Please see your local Greyhound Agent for more information.

So long for now. This is Merry Miles saying, "I'll be seeing you and you'll be seeing America . . . best by Greyhound!"

(Editorial)

Ever wish you had $1000?

Stop wishing—here's how you can actually have it—in just 5 years!

Maybe you've always thought you couldn't save up big money—well, now's the time to change your mind. Saving for big goals is as easy as signing your name, when you join the Payroll Savings Plan.

Best of all, you do more than just save—you *invest* your money and make it grow. The whole process is easy—and automatic. Here's how it works:

You name an amount to your company's pay office—a few dollars or as much as you want. Then each week, before you get your pay, this sum is saved out. (That way you're never tempted to spend money you really want to save.) And as they're set aside, these amounts are constantly invested for you in United States Series E Savings Bonds. The Bonds are in your name and are turned over to you.

Because Savings Bonds earn good interest—3% when held to maturity—they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as $3.75 a week and in 5 years you'll have over $1,000 *cash!* In 9 years, 8 months, you'll have $2,137!

So why not stop wishing and start saving today—in the Payroll Savings Plan? Or, if you're self-employed, ask your bank about the Bond-A-Month Plan. *If you want your interest as current income, ask your banker about 3% Series H Bonds that pay interest semiannually by Treasury check.*

Saving is simpler than you think—with U. S. Savings Bonds on the Payroll Savings Plan!

Radishes Easy to Raise for Average Home Gardener

Harvesting the first radishes gives home gardeners a thrill

The first radish he harvests thrills the home gardener more than the first robin. Three weeks, more or less, from the time the seed is sown, round red spicy roots are ready to serve, bringing to the menu a zest which stimulates winter-jaded appetites.

Yet many home gardeners have trouble devising a radish program which avoids the waste that comes when a planting is too large, and only a fraction can be used before the roots turn pithy, and must be thrown away.

The cause of this is the very short season that early radishes remain edible. The earlier they are the shorter this season, because they are growing fast, and quickly pass by the edible stage on their way to the goal of all plant life, the production of seed.

With radishes, as with other crops, you must sow according to what you need. Figure out the number you will use in a week, and estimate that twelve early radishes can be produced in a foot of garden row. Then sow a week's supply of an early variety at a time.

Midseason radishes will be usable for two weeks, so two weeks' supply of them can be sown. the early varieties do not grow well in hot weather.

If you want a supply all summer, sow a late, summer variety for that season. But frequent sowings in small lots is a good rule for all except winter radishes which take two months to mature and remain good for six weeks. They grow very large, some weighing several pounds.

One way to grow early radishes is to mix them with the seeds of parsely, parsnips, carrots and beets, all of which are slow to germinate. Not more tha a tenth as many radishes as the other seeds should be used. The radishes will germinate quickly, "marking the row" where the other seeds lie, which will assist you in cultivating. Be sure to pull and eat the radishes as they mature before they can crowd the slower crops.

SURGERY CONSULTATION — William K. Friend, M.D., center, Santa Ana physician chosen to co-ordinate the surgical and tissue committees of the four major Orange county hospitals, confers with Lawrence F. Whittaker, M.D., of Huntington Beahc, left, chief of staff of Hoag Memorial hospital in Newport Beach, and Maurice M. Rice, M.D., of Santa Ana, hospital pathologist, a few minutes before a scheduled opration is begun. Dr. Friend heads the hospital co-ordinating committee, representing Hoag, Santa Ana Community, St. Joseph and Orange County General hospitals. The committee is concerned with maintaining the high professional standards necessary to prevent error in diagnosis, practice outside the physician's training, and unnecessary surgery.

CYPRESS AVE. TO BE CLOSED FOR 30 DAYS

The State Division of Highways announces that because of change in contract requirements it will be necessary to close a 3/4 mile length of Cypress Avenue between Anaheim and Fullerton south of Orangthorpe Avenue for a period of approximately 30 days beginning 8 a.m. Monday, March 28, 1955. During this period public traffic will be detoured over Placentia Avenue.

Island Honeymoon For Local Couple

Honeymooning in Hawaii are Mr. and Mrs. C. R. Young who were married in Capilla de San Antonio on Saturday, March 20. The bridegroom, son of Mr. and Mrs. C. R. Young of Anaheim, is a graduate of Valencia High school and Fullerton Junior college. His brother, C. L. Young attended him as best man.

The bride is the former Lula Mae Upchurch of Santa Ana.

What an Easy Way to Save for a "Rainy Day"!

Warns of New Law On Payment of Property Tax

A reminder that the deadline for payment of the last-half installment of real property taxes has been moved up is being given the public by tax collector Don S. Mozley.

The final installment of the 1954-55 tax bill must be paid by 5 p.m. April 11 or be subject to a 6 per cent penalty, under a new California law.

The legal deadline for payment is set for April 10, but since that date falls on Sunday this year, taxpayers will have an extra day of grace. Previously, the payments could be made by April 20.

Mozley said the state controller's office has advised him that mail payments must be postmarked before 5 p.m. on the final date, and he warned those planning to mail in their checks they should place them in the post office in plenty of time to be sure. There is no provision in the law to accept late payments without the penalty, the controller's office informed the tax collector.

KATELLA FARMERS ENJOY PANEL DISCUSSION

The Katella Farmers 4-H club enjoyed a panel discussion of 4-H work at the recent meeting held at Katella school, according to club reporter Allan Voigt. Panelists Cheri Jeannerett and Arnold Voigt answered questions concerning 4-H work and projects, asked by members and guests.

Club leader, Y. S. Hammatt, gave a brief account of the recent leadership meeting. Refreshments were served by Billy Panler and Charles Remeg.

Wolf-hunting was a favorite pursuit of the ancient Britons.

An evening ceremony at Zion Lutheran church united in marriage Miss Ruth Buckert of Fullerton and Helmut Fetter, son of the Leonard Fetters of Anaheim.

The bride has been making her home with Mr. and Mrs. Elmer Buckert and was given in marriage by Buckert. Her mother and father reside in Schruelm, Germany.

SEE THEM FRIDAY! **New Chevrolet Task-Force Trucks!**

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout!

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

New styling in trucks

Fleet, functional styling that fits your job! For the first time in any truck line, *two* distinctly different styling treatments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet truck will be a profitable advertisement-on-wheels for you and your business!

A new outlook for the driver

Truck driving was never like this! The new Flite-Ride cab is everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel and controls are the last word in truck driving convenience!

Six new "high-voltage" engines

With a new 12-volt electrical system for quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new

Like the smoother, load-steady ride . . . new High-Level ventilation . . . tubeless tires, standard on ½-ton models . . . Power Brakes* for all models, standard in 2-ton models . . . new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive* and Hydra-Matic*. New Power Steering* for all models. Come in and see the newest things in trucks!

*Optional at extra cost. Overdrive available on ½-ton models. Hydra-Matic on ½-, ¾- and 1-ton models.

Make your retirement a real reward for your work!

Start now to buy the ease and comfort you've always wanted—through U.S. Savings Bonds

LOTS OF PEOPLE seem to think that if they never look ahead, they'll never see the time when they retire. But sooner or later, that time rolls around anyway, for all of us. So look ahead! You can make your retirement a wonderful reward for your work—if you have the money. And the best way to have it is to start investing now—in U. S. Series E Savings Bonds.

Why Savings Bonds? Because for your retirement, you want the surest, safest investment you can get. Another reason. You want an investment that earns good interest for you. U. S. Savings Bonds do that — earn 3% compounded semiannually when held to maturity. You'll be surprised how fast your money piles up!

And there are no other securities you can purchase more conveniently. Just sign for the easy, *automatic* Payroll Savings Plan where you work. Or if self-employed, invest in Bonds regularly where you bank.

Start now to make your retirement dreams come true, through U. S. Savings Bonds!

Give Pedestrian A Break, Says Patrol Chief

One out of four of California's traffic victims last year was walking.

California Highway Patrol Commissioner B. R. Caldwell cited this fact today after reviewing a Highway Patrol statistical survey which shows that 706 of the 3104 persons killed in the state last year were pedestrians.

"The report definitely indicates that many motorists are failing to accept their responsibility where pedestrian right of way is concerned," Caldwell declared.

Southland Business At High Level

Stability at a high level characterized the business picture in Southern California during February, according to James F. McWaters, manager of Security-First National Bank's Anaheim Branch.

Quoting from the Monthly Summary of Business Conditions in the Southern Half of California as compiled by the bank research department he stated that most measures of economic activity in this area last month showed little change from January.

However, practically all economic indicators showed very favorable comparisons with February 1954—the low month of the 1953-54 readjustment period.

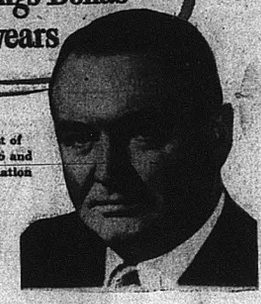

Allowing for the fact that population in Southern California has increased approximately 4 per cent during the past year, the index is still about 7 per cent above a year ago on a per capita basis, the local banker said.

The current business index adjusted for population exceeds the average for 1953—the peak year of per capita business volume.

(Editorial)

A prominent banker tells you

Why it's wise to hold U.S. Savings Bonds more than 10 years

By Homer J. Livingston, President of The First National Bank of Chicago and President, American Bankers Association

LIKE MILLIONS OF OTHER AMERICANS, you probably know that our government's Series E Savings Bonds rank among the surest, safest and best investments in the world. But I wonder if you realize that an extremely attractive feature has been added.

You can now hold them for as long as 19 years, 8 months and U. S. Series E Savings Bonds will return you a total yield of 80% on your investment!

If you invested $37.50 in a Savings Bond ten years ago, it could be redeemed for $50.00 today. You would make $12.50. But if you keep that Bond for ten more years, you will make a total of $29.84 on your original investment. In other words, if you hold your Bonds for double their original period, *your total yield is considerably more than just double.*

So, if you can possibly arrange it, hold your Bonds for the maximum period—19 years, 8 months.

And, of course, go on investing in U. S. Series E Savings Bonds regularly.

There's no finer investment an American can make.

If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

Now even better!
Invest more in Savings Bonds!

Melba Ferguson

Melba May Ferguson, 59, a native daughter, her birthplace being at Ramona, and a resident of the state almost continuously, died Saturday evening March 19, at St. Joseph hospital after an extended illness. She was a graduate nurse and for nearly 30 years she served in the hospitals of Orange county.

She is survived by three brothers, Kenneth B. Ferguson of Palm Springs, James B., of Long Beach, and Harold W., of Anaheim; one sister, Mrs. Ruth M. Sherman of Modesto; three nieces and one nephew. Funeral services were conducted from the Hilgenfeld chapel Wednesday at 10 a.m. Rev. Alexander McCandless, pastor of the Anaheim Evangelical-United Brethren church officiating, and entombment made in Melrose Abbey mausoleum.

Exchangette Club Auxiliary Elects

Officers recently elected to lead the Anaheim Exchangette club in the new year are as follows: Ruth Carter, president; Mary Bouas, vice-president; Louise Casey, secretary; Joyce Baker, treasurer. They will be installed at the April 12 meeting to be held at Goodwin's in Fullerton.

Dorothy Priday presided at the elections, and led a discussion which ended in a vote to have the club sponsor an Exchangette delegate to the Exchange club convention in June at Santa Cruz.

William F. Click

William Frederick Click, 77, a native of Kentucky, who was brought to California when a child, and who has lived in Orange county continuously, his late home being on Coast Highway, in Capistrano Beach, died Saturday, March 19, at the Orange County hospital after an extended illness.

He is survived by one sister, Mrs. Fannie Henderson of Michigan and one brother, George Click of Anaheim. Funeral services were conducted from the Hilgenfeld chapel Tuesday at 10 a.m. Rev. William McKinley Walker, pastor of Wesley Methodist church officiating and burial was made in the Anaheim cemetery.

MRS. CHARLES BROCK ELECTED PRESIDENT OF WESTERN P-TA

Mrs. Charles Brock has been elected president of Western P-TA, and will be assisted during 1955-56 by Mrs. Gerald Milbourn, first vice-president; Mrs. Cleo Mossman, progress chairman; Mrs. William Todd, budget and finance; Mrs. Dick Bakker, secretary; Mrs. Clayton Hosea, treasurer; Mrs. Milton Taylor, auditor; and Mrs. Nicholas Freck, historian.

A busy year is predicted since the new school, built to handle 800 students, already has an enrollment of 915.

The Footlighters of White Temple Methodist church are holding dress rehearsals for their newest, most ambitious production entitled "Family Portrait." The three-act drama by Lonore Coffee and Joyce Cowen has a cast of 16 directed by the Rev. Frank E. Butterworth. It will be shown first at Newport Beach on April 4, and at the home church on Easter Sunday evening.

WHAT'S DOING

H. I. Perry, your Telephone Manager in Anaheim

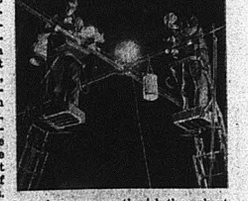

Mrs. Jamison, Your Chief Operator

Because the heavy volume of calls handled here in Anaheim necessitates a large staff, we have two Traffic Offices. Each has about 125 people on the payroll. Pat Starr, whom we introduced last month, heads up one unit, while Dorothy Jamison, pictured here, is Chief Operator of the other. Dorothy has worked in Orange County since 1925, although for a four-year period shortly after World War II she worked in San Bernardino. In fact, her telephone experience dates back to a five-year period with an independent company in San Jacinto shortly after World War I. She has seen this area grow from sprawling citrus country to the busy community of homes and industry it is today, and has many friends here.

Dorothy and her husband live in Anaheim and enjoy the fine fishing which its proximity to the Pacific offers. But her first and most exciting "hobby" is her grandson — and we understand this is about to be expanded with the advent of another 'bundle from heaven' in th near future. We feel Dorothy enjoys a full and exciting life and has contributed much to her community and her country in being a good housewife and mother, as well as taking an active part in the growth of its communication system, its life line.

Cable "doctors"—they roll out day or night

Fortunately, this scene isn't common. Telephone cables can usually be fixed in daylight. But once in a while, on the quiet streets here in town, you'll see cable "doctors" taking care of an emergency at night. For along with policemen, firemen, and the like, telephone people help keep the night watch while the rest of the community sleeps. Operators, testmen, and repairmen are on the job throughout the quiet hours. Indeed, one of the big values of your telephone service is that it never rests. Your telephone is ready to serve you whenever you need it, 'round the clock. Pacific Telephone works to make your telephone a bigger value every day.

Number one in a series: **INCOME**

Statewide?

...SURE, BUT LOCAL TOO!

Here's another way we serve Orange County...

You may not realize it but Bank of America pays more than $1,600,000 annually in salaries and dividends to employes and stockholders living in Orange County. It contributes every day to growth and development of the Orange area. This money buys food, clothing and other necessities from local merchants. It helps pay city and county taxes. Here is another way that Bank of America serves Orange County.

This Kind of Garden Produces both Flowers — And Stuff for the Table

When space is limited an attractive garden can be made where veegtables and flowers grow together.

A treat for eyes as well as appetites, can be enjoyed by home gardeners who place on their tables flowers as well as vegetables grown in their own gardens.

Not that a well-kept vegetable garden with its straight rows of plants in varying tones of green, needs floral adornment. It delights the heart of its possessor to look upon it.

But in the eyes of a visiting friend it may be even more beautiful, if among the vegetable plants and along the paths and boundaries, flowers have been skilfully placed.

Flowers like to grow in a vegetable garden. They like the sunshine, the regular watering, abundant room, the clean cultivation. These are conditions rarely found in crowded borders, too often overshaded.

This is so true that many flowerspecialists, who start out growing their favorites in decorative borders, for landscape effects, soon abandon this method in favor of straight rows, which are so easy to keep clear of weeds, to water and fertilize, and which insure each plant an abundance of root-room.

Instead of landscape effect, they find their pleasure in perfect plants, and ideal flowers which are usually cut and carried into the house to enjoy. Much the same attitude should govern the amateur who selects flowers to grow in vegetable garden rows. They should be the kind that make fine cut flowers, growing upright on strong, long stems. These will keep their proper place, and will not interfere with cultivating.

On the boundaries of the garden, and bordering the paths, sprawling plants can be grown, but keep them out of the row section. The plan which accompanies this discussion shows an attractive way to lay out the vegetable plot. Alysum and petunias are used for border planting; bachelor buttons, calliopsis and giant zinnias for row planting. These are all excellent subjects for the purpose, and should be included in any planting, but there are many other annual flowers cut flowers, growing upright on strong, long stems. These will keep their proper place, and will not interfere with cultivating.

Break Ground For New Hotel At Disneyland

Groundbreaking ceremonies for the new $10,000,000 Disneyland hotel and Motor hotel, to be erected by the organization headed by Jack Wrather of Los Angeles and Mrs. Helen Alvarez of San Diego were held Friday on the 30-acre site in Anaheim adjoining the new Disneyland Park.

Mayor Charles Pearson, Herbert Perry, president of the Anaheim Chamber of Commerce, members of the Tnaheim city council, and civic and business leaders of Anaheim joined in the ceremony.

C. V. Wood, Jr., vice-president and general manager of Disneyland, Inc., represented Walt Disney at the ceremony. William Pereira, of the architectural, engineering and designing firm of Pereira & Luckman, who are designing the structure, represented the architects.

Mrs. Jack Wrather (actress Bonita Granville) assisted Mayor Pearson in turning the first shovelful of dirt. Mayor Pearson then presented Wrather with the gold-plated shovel used in the ceremony as a souvenir of the occasion.

Following the ceremony the group, some 30 in all, moved to the Water Wheel restaurant in Anaheim for an official luncheon at which Clyde Cromer, chairman of the industrial committee of the Anaheim C. of C., acted as master of ceremonies, and Mayor Pearson welcomed the new enterprise to the community.

Anaheim Union High School won two places in the Anaheim-Fullerton Elks Lodge 1345 "Youth Leadership Contest." Awarded $50 checks based on their activities and essays entitled, "Why I Consider Myself a Leader," were Dave Stephenson, senior, and Harriet Hoffner, junior.

A 5 lb. 4 oz. girl was born on Feb. 26, in St. Joseph hospital to Mr. and Mrs. Coy Austin of 510 W. Ball Rd.

Michael Hein

Michael Hein, 80, a native of Poland who came to America in 1912, and who has lived in the Anaheim area continuously, died on Friday evening at the Garrett House, 1914 N. Main St., Santa Ana, after a brief illness.

He is survived by his wife, Otilia Hein, of the home at 9692 Hansen Rd., Anaheim; four sons, Fred, of Anaheim, Adolpt of Santa Ana, Jonathan of Lemore, and Daniel of Fresno; four daughters, Mrs. Olga Schuh of Elk Grove, Mrs. Helen Fields of Ontario and the Misses Lydia and Mary Hein of the home address, and nine grandchildren. He was a member of Bethel Baptist church, Anaheim. Funeral services were conducted from the Hilgenfeld chapel Tuesday, at 2 p.m. Rev. Berthold Jacksteit, pastor of Bethel church, officiating, and entombment made in Melrose Abbey mausoleum.
