

HOME OWNERS LOSE FIGHT ON VARIANCE

The long bitter fight waged by residents of a southwest Anaheim area was lost to the petitioners for a recall of a variance let several weeks ago at a restaurant, cocktail lounge and several shops in the midst of their drive, the Sherwood Forest subdivision on Brookhurst Road. Petitioned by residents to revoke the variance, the council had referred the decision to the city attorney last week and had requested a legal opinion of the revocation.

Donald and Eugene Wells, the builders, contend that the council had no right to revoke the variance, since it was granted following a public hearing at which no protests were made. The residents requesting the revocation insisted they had no opportunity to protest, since they were not notified of the commercial project planned for the site. They were informed that the reason they were not notified was the fact the home owners were not yet listed on the county tax assessor's rolls, although they had actually purchased their homes.

A compromise was reached when Wells agreed to build a masonry wall and planting a screen of trees between the restaurant and the homes. This was frowned upon by the petitioners, who insisted either upon a revocation of the variance or a high earthen mound separating the commercial area from the residences.

An hour long discussion was concluded when Mayor Charles A. Pearson insisted the only thing the city could do was ask the developers to build this wall and the tree screen.

Metro Bus Riders Get Reduced Fare

Reduced transportation costs for more than 3-million passengers on Metropolitan Coach Lines routes in Los Angeles, Orange, Brea and San Bernardino counties went into effect, beginning Sept. 1, the company announced today.

Metro President J. L. Haugh said the riders will save \$150,000 annually as a result of a decrease in the Federal ten percent transportation tax. Recently the exemption was raised from 35 cents to 60 cents under provisions of the Kean Act enacted by Congress and signed by President Eisenhower.

The legislation was supported by Senators Thomas H. Kuchel and William A. Knowland. Metropolitan Coach Lines carried a total of 60,000,000 passengers through its system. An effort will be made next year to eliminate all of the transportation tax.

The Crippled Children's Relief Association of Orange County has recently issued a call for volunteer nurses to carry on their work for another year. This group of citizens is primarily interested in Orange County youngsters who need assistance and whose parents are unable to provide the necessary medication.

In the month from Nov. 1, 1955 to July 1, 1956 they cared for 106 cases, 98 of which were old cases and the balance new cases. This accounted for 34 boys, 48 girls, 11 men and 15 women.

Some of the expenditures of the association included: dental chairs, \$1,034.71; dental splints, \$268.23; special shoes, \$38.78; surgery and hospital, \$1,479.71; glasses, \$206.50; dental, \$409.00; tonsillotomy, \$251.56; orthodontics, \$2,750.00; secretary expense, \$660.00; and medicine office visits, \$821.83.

School Driver Training Program Cost \$460,000

General Motors has contributed more than \$460,000 in support of driver education in the nation's schools for the 1955-56 school year, it was announced today by GM President Harlow H. Curtis.

The school driver training program, the corporation's assistance plan, the corporation awards auto dealers \$125 for each new automobile loaned to schools for driver training. This allowance helps defray offset vehicle maintenance and recordkeeping costs. Cone Bros. Chevrolet, 215 N. Los Angeles Street, is the local participating dealer in this program.

"The automobile is very much a part of American youth. In a society that depends more and more on motor vehicles, it is important that today's youth begin early to learn the fundamentals of driving safely and efficiently," Mr. Curtis said.

Swedish illustrated boys and girls with authorized driver education in high schools possess substantially better safety records than those who do not receive instruction.

"Last year the Patrol processed 198,206 traffic accident reports, some property damage accidents, and many times, these reports lacked vital information due to failure to file a proper report," Caldwell continued. "The financial responsibility report is, in addition to the police reports, mentioned here and is to be sent to the Department of Motor Vehicles."

Report forms and assistance in filling out the forms are available at any Patrol office," he said. "The Patrol subsidizes these reports for use in the accident prevention efforts of enforcement agencies, highway engineers and educators."

Walter Kyme Brown, 39 years of age, was killed instantly early Wednesday morning when the motorcycle he was riding collided with a car driven by Marine Jose B. Maldonado of Puerto Rico. Mr. Brown resided at 1779 Heather Lane, this city.

According to the Highway Patrol, Brown was returning from his work at Long Beach Douglas Aircraft and crashed head-on with the Maldonado car, which was completely demolished, at 2:18 a.m. Wednesday morning at Kattella Street near Oak Street.

Deputy Sheriff Ed Johnson of Orange County, heard the crash and was at the scene in less than a minute. It was reported. Preliminary investigation by the Highway Patrol indicated that the motorcycle rider and his cycle were carried on the hood of the car.

The Maldonado car, which was a 1954 Chevrolet, was carrying two passengers, a man and a woman, who were not injured.

Accident Reports Must Be Filed

Be sure all required reports are made out if you are involved in a traffic accident, warns the California Highway Patrol.

"The law requires all injury and fatal traffic accidents in rural areas to be reported to the California Highway Patrol," declared Patrol Commissioner B. R. Caldwell. "Such traffic accidents that occur in incorporated cities are to be reported to the local police department."

"Last year the Patrol processed 198,206 traffic accident reports, some property damage accidents, and many times, these reports lacked vital information due to failure to file a proper report," Caldwell continued. "The financial responsibility report is, in addition to the police reports, mentioned here and is to be sent to the Department of Motor Vehicles."

Report forms and assistance in filling out the forms are available at any Patrol office," he said. "The Patrol subsidizes these reports for use in the accident prevention efforts of enforcement agencies, highway engineers and educators."

CALIFORNIA IS GOOD IN ANAHEIM OAZETTE

Vol. LXXXIII—Anaheim, Orange County, Calif. 11—Thursday, September 6, 1956 No. 14

PLANNING COMMISSION OKAY VARIANCES, RECLASSIFICATIONS

Four out of five requested reclassifications highlighted the business Tuesday afternoon when the Anaheim Planning Commission met in regular session. The only requested reclassification of a parcel of land in the Disneyland area. George O. Gregory, Pasadena, had requested a reclassification on a parcel of land lying 600 south of Orangewood Avenue on the east side of Harbor Blvd. from R-1 to C-2.

In denying the request, the planners made it clear they were not adverse to the commercial zone, but in order to better control the installations in that particular area, they would prefer to effect the zone change by means of a variance rather than by reclassification.

Approval for reclassification of two parcels of land adjacent to a newly purchased school and city park site was given William Friedman who intends to build a 30 to 40 unit apartment building. The parcels involved include separate lots, slated for construction of multiple units and the necessary necessary details and see that the program runs smoothly.

No tests or examinations. Participants only requirement is to read about 50 pages a week in three paper-bound books provided as part of the program. The usual formality of a classroom situation is further alleviated by participants sitting around a large table. The group will also be limited to 25.

There is no attempt to propagate or provide all the answers, only the attempt to stimulate thought and the exchange of ideas in the old-fashioned fashion of days gone by. Tuition for the course will be paid for individuals and the fee waived for the group.

Individuals interested in planning more information about the program should contact the Whittier College Adult Center for Adults at 605 S. 42nd or OX 4-3226.

Re-zoning of a parcel of land on the east side of South Spad Road, adjacent to the Houston Freeway, was granted to Dora A. Littlefield. At the request of the owner, the property was reclassified to C-3 or commercial, it is adjacent to a light industrial area.

A precedent was set when the planners granted a special use permit after a review of a request by Joseph F. Sarno of Garden Grove, who proposes to construct a deluxe trailer park on a parcel of land on the east side of Harbor Blvd. between Orangewood and Chapman Avenues.

To include a swimming pool, patio, masonry wall, lawn for each trailer space, shuffleboard courts and tropical landscaping, the projected park will have some 60 to 70 trailer spaces and will be designed to accommodate the largest trailers built.

Restrictions against small or obsolete trailers will be maintained and the park will be in accordance with the best practice of the trailer park association, stated Sarno.

It was brought out before the commission that the "in lieu tax," levied against mobile homes in lieu of real estate property tax, now is returned 100 percent to the community in which the park is located. With this tax divided equally between the county, city and the school district, Orange County received \$83,966 in revenue from this source last year, said proponents of the park.

The construction of two swimming pools were granted special use permits. The first pool to be open to the public for a fee, will be built on the south side of Ball Road east of Brookhurst Avenue. It will be 30 by 60 feet according to the promoter, William J. Masek of Brea. The second will be a private club and swimming school to be located on the north side of Lincoln Avenue, 660 feet east of Magnolia Avenue.

Leslie S. Blank, 21, son of Mr. and Mrs. Lloyd H. Blank, 686 So. Philadelphia St., Anaheim, and whose wife, Roberta, lives in Ennis, Pa., recently was promoted to private first class while a member of the 3rd Regiment, 10th Cavalry, at Fort Ord. He entered the Army in September 1955 and completed basic training at Fort Jackson, S. C.

IN THE DAYS OF LONG AGO

75 Years Ago...

Sept. 5-1881
The grape buyers of the county have agreed to pay \$20 per ton for grapes during the coming vintage. The price will be paid for all varieties except muscats—a variety which wine-makers do not care to buy.

Seventeen cotton-tails, the same number of (we nearly said) road runners and a rattlesnake comprised the game bagged by Messrs. Leonard and Ferguson during a two hours hunt the other morning.

The fact was very convincingly demonstrated at the recent pigeon shooting match at the Landing that Anaheim can "get away with the pot" in that sport. The highest scores were made by Messrs. F. J. J. Schmidt and E. Dunham, both doing some remarkably fine shooting.

The Republican County committee has appointed Hon. R. M. Widney of Los Angeles and A. B. Clark of Orange delegates to the state convention which meets in Los Angeles on the 8th. The Democratic County convention has appointed as delegates Messrs. C. E. Thorn of Los Angeles and Victor Montgomery of Anaheim.

In the first quarterly apportionment of the state school fund Anaheim is allotted \$25,000. The teacher is assigned to each district for every seven census of children or fraction thereof, not less than twenty. Anaheim has five teachers. Santa Ana four, Orange two, Olive one, Yorba Linda two. Los Angeles has fifty-one.

Louis Mendelsohn, formerly of Anaheim, has been appointed to the office of Representante del Ministerio Publico in Lower California.

The new freight steamer "Bonita" took her first cargo of grain at Anaheim Landing on Thursday last. Captain Wilson of the Landing says she is the handsomest craft he ever saw and that she is well named.

Messrs. Dreyfus and company will open the wine making season on Monday, the Reising and Chaselas grapes being now ripe for the press. The Mission grapes are ripening fast and by the middle of September the vintage will be in full career.

We learn from Mr. J. Y. Anderson of Westminster that the sorghum will be up in two or three weeks and the work of crushing it will begin. He expects to make about 1200 gallons of syrup from his own cane and a like amount

from cane grown by his neighbors. Mr. F. A. Gates of Garden Grove will also make syrup this year.

Mr. E. A. Putney last week finished sinking three artesian wells for Mr. Jotham Bixby on the Cerritos Rancho, to supply the American Colony with water. One well is 154 feet deep and flows a nine-inch column of water over the top of a seven-inch pipe. The second is 96 feet deep and flows four inches over a seven-inch pipe, and the third also flows a heavy stream. Water from the three wells combined makes a large creek which flows into the ocean.

Rev. Mr. Robinson will preach in the Presbyterian church tomorrow morning at 11 o'clock. Subject of the discourse—"The Revised Testament."

Frank Eastman and Bert Annin returned yesterday from a week's hunt for deer in the Capistrano hills. The remainder of the party composed of George Dutton, Bob Sparks and George Nelson will remain another week. Mr. Eastman says he saw two deer, but they were too far off for the shot. There were plenty evidences of deer, but the game was unusually wild.

Delegates voted yesterday municipal water works on Friday by a vote of 102 in favor of the plan and 126 against it. The question involved the issue of \$35,000 bonds for the purchase of the private concern now furnishing the city with water and for enlarging and improving the system. Objection to acquiring the antiquated property of the old concern is given as the principal reason for defeat of the bonds.

Miss Sarah Crowther, daughter of Mr. Crowther of Placentia, died on Tuesday. News of her death came as a great shock to her many friends here where she passed her girlhood. Deceased was born at Santa Clara, California, December 24, 1864.

A. S. Bradford of Placentia, S. O. Walker of Buena Park and other Orange county delegates are at Santa Cruz attending the Republican State convention.

The bandstand has been moved to the vacant Strothoff lot on Center street. The band expects shortly to begin a series of open air concerts.

Comrades Williams, Barr, Gates and Llewellyn have been at Huntington Beach this week attending

Motor Fuel Tax Gross \$284,024.557 For Fiscal Year

Gross revenues from the state tax on June wholesale distributions of gasoline and other light motor vehicle fuel in California amounted to \$263,616,763, according to figures released today. Gross revenues for the fiscal year ended June 30, 1934, amounted to \$284,024,557.

Tax refunds during June to purchasers of some 25,000,000 gallons of fuel for nonhighway use totaled \$1,555,423, or 5.8 percent of the gross tax liabilities accruing during the month. After these refunds, there remained \$262,061,340 of net revenues for construction and maintenance of state highways and local roads.

The gross revenues of over \$265 million, and the 444 million gallons of taxable distributions producing these revenues, were up 7 percent over the preceding month's figures and 10 1/2 percent over the corresponding figures for June 1933.

In the fiscal year ending June 30, California's auto and truck drivers purchased a record total of nearly 4 1/2 billion gallons of gasoline—about 750 gallons per vehicle. The state treasury was enriched by \$262,508,582 after refunds to purchasers for nonhighway use, to be spent in the building and upkeep of state and local roads.

the Grand Army encampment.

Theophilus Jones is running a new bus to the depot and will carry passengers to all parts of the city.

Mrs. Steckert was bitten in the leg by a vicious bryce yesterday and suffered painful injury. Her condition was reported yesterday to be improved.

Rev. Father Dubble was a visitor in Los Angeles yesterday going up to make final arrangements for the installation of a branch of the order of Knights of Columbus in this city.

The Republican state convention now in session at Santa Cruz will probably nominate J. N. Gillette for governor today on the first or second ballot. Orange county's fifteen delegates are for the prohibitionist man with the possible exception of a single delegate, who last night was looking for a soft spot to fall into the Gillette band wagon.

Both grammar and high schools begin on Monday. High school teachers are: J. F. Walker, principal; Mrs. Shafer, A. T. Vinache, Edna Wilde, Florence Bailey, Edna Ingraham, Edna Ames, Grammar grades; C. D. Waldorf, principal; Eleanor Parker, Serena Christensen, Hattie Spuner, Maud Carr, Altha Winn, Edith Knapp, Pauline Nemetz, Mildred Callaghan, Katella: Ruth Enearl.

H. L. Smith was in town yesterday after an absence of three years. Mr. Smith had the misfortune to lose his wife in February while residing in San Diego. He now lives at Ocean Park.

The Campbell place of ten acres opposite Caledonia Grove at West Anaheim has been purchased by Wm. Overholzer for \$5000.

Youth to Compete In Pomona Jr. Fair, \$37,136 in Prizes

It isn't often fairgoers can find a "fair within a fair", but this is exactly what they are offered during Los Angeles County Fair's seventeen day run in Pomona, Sept. 14 through Sept. 30. Since the fair's inception in 1922, special emphasis has been given to the popular Junior Fair which serves as an incentive for more than 2000 boys and girls preparing for their chosen field in life. Ten divisions with 137 separate classes are provided for the Junior set's varied interests. Prize money totaling \$37,136.75 has been set aside for winners in the many junior classes. Because of the large number of entrants, the mammoth junior fair building will feature two separate shows. From Sept. 14-21, 4-H clubs will display their projects and Future Farmers and college student groups will have their show from Sept. 22 until the closing of the fair.

C. A. Halleck to Speak at GOP Fund-Raising Fete

Congressman Charles A. Halleck of Indiana will headline Orange County's largest Republican event of the year—a \$350-a-plate fund-raising dinner—to be held Sept. 14 at 7:30 p.m. in the Balboa Bay Club, General Chairman Robert S. Barnes announced today.

Twelve hundred counties are expected to attend the event and lend their support to the GOP single-drive financial campaign being carried out by the Orange County Republican Central Committee.

Representative Halleck, as majority leader of the 83rd Congress, has been dubbed the "ball carrier" for the Eisenhower legislative team on Capitol Hill.

Chairman Barnes declared that teams of volunteer Republican workers are active throughout the county selling tickets to the Bay Club event. He said any who wished tickets and had not been contacted may obtain them at Republican Headquarters, 3501 North Broadway, Santa Ana.

Willard Hanzlik, Assembly candidate from the 75th District, has been named by Barnes as Honorary Chairman for the dinner. Head of the program committee is Max Sturges of Newport Beach; Mrs. E. H. Booth, Jr., of Fullerton, is chairman of the decorations committee; Jean Ferrell-Minnetti is publicity chairman, and David Aaron of Buena Park, head of the arrangements committee.

THE BEST OF RIDES—FOR FOLKS OR FREIGHT

Congressman James E. Urt, of Santa Ana, addresses the statue of Thomas Starr King in the Capitol in Washington.

Congressman Urt Discusses Capitol Statues

"California has honored two men by having statues of them placed in the Capitol in Washington," explained Congressman James E. URT of Santa Ana. The picture above shows the statue of Thomas Starr King, a Unionist-Minister of San Francisco. Upon his death, the California legislature resolved that he was "the man whose fearless oratory saved California for the Union."

Congressman URT is seeking re-election to his third term in Congress. As a former member of the Ways and Means Committee, he had much to do with the record tax reduction granted in 1934. He has opposed Big Government with its wasteful spending, and supports true American Constitutional Government. He solicits your vote in November.

CHERRY PIE

(8-inch—2 crust pie)

Pastry:
2 cups sifted enriched flour
1/2 cup shortening
1 teaspoon salt
4 tablespoons water

With pastry blender or two knives, cut shortening into flour and salt until mixture is fine and evenly mixed—about the size of coarse corn meal.

Sprinkle water over mixture, a spoonful at a time, tossing with a fork until it begins to hold into a ball. With hands, work pastry until all particles hold together and leave bowl clean. Divide pastry into two parts. On lightly floured surface, using light, short strokes, roll dough into circle. Line pie plate with pastry and trim even with plate.

Cherry Filling:

4 cups fresh pitted cherries
1 1/2 cups sugar
2 tablespoons flour
2 tablespoons cornstarch
1/2 teaspoon salt
1 tablespoon lemon juice

Combine cherries with sugar, flour, cornstarch, salt and lemon juice. Place in pastry lined plate. Top with pastry which has had small steam vents pricked in the top. Trim edges to 1/4 inch beyond the edge of plate. Fold edge under, seal and flute with fingers or a fork.

Place pie on trivet or small cake rack in Dutch oven over medium heat. Cover, and bake 1 hour and 15 minutes or until done.

80-Day Waterfowl Season in Calif.

For the first time in several years the Fish and Game Commission has set an 80-day, straight waterfowl season for most of California.

The Commission made only two exceptions to a season beginning Oct. 20 and running straight through Jan. 7. These are the Tule Lake-Lower Klamath area in Siskiyou and Modoc, which coincides with the Oregon season of Oct. 13 to Dec. 31, and a narrow strip along the Colorado River. The latter area coincides with the Arizona season of Oct. 28-Jan. 15.

The Commission also provided for a 105-day coot and gallinule season running from Nov. 17-Mar. 1, except in the areas coinciding with Oregon and Arizona. Coot seasons there will be the same as for the adjoining states. Bag and possession limits on these are 25 birds.

Bag and possession limits on ducks will remain the same, with

10 ducks, of which three must be sprig or widgeon or three in the aggregate. Only one wood duck and one hooded merganser may be included in the bag and possession limit.

Bag and possession limit on geese is six, of which three must be white species and three dark. In district 22 which includes Imperial and parts of Riverside and San Bernardino counties, only one Canada goose or its subspecies may be included. Canada geese may not be taken in district 22 after Dec. 15. Ross's geese are protected in all areas.

Black sea brant may be hunted Dec. 1-Feb. 10, with a bag and possession limit of three birds.

The Jacksnipe season is Dec. 1 through 30, with a limit of eight.

have your car
Duracleaned
by handcraftsmen

Duracleaning restores beauty to your car interior, prolongs life of the fabrics, maintains the trade-in value, protects clothing, and keeps your car livable. Auto upholstery and interiors are revived and cleaned with the same care that we Duraclean fine furniture and Oriental rugs. You cannot afford to let accumulations of soil, grease and perspiration deteriorate your car interior. It is economy to Duraclean.
