Myrt Westering to Head 34th Anaheim Hallowe'en Festival

The staging of the 34th Annual Hallowe'en Festival was given the formal "go ahead" at a meeting of the Board of Directors of the Anaheim Chamber of Commerce, according to Manager George Strachan. Myrt Westering, president of the Red Wagon Company, Disneyland, was unanimously selected as this year's Festival chairman. Myrt did an outstanding job last year as Parade Marshal.

At the organizational meeting of the Hallowe'en committee held Wednesday night in the Chamber of Commerce office, several important matters were decided. Theme for this year's Festival will be "Look to the Future."

Virginia Gilmore was selected as Parade Marshal and it was unanimously agreed that the parade route would remain the same as last year. There will be five divisions and a vanguard.

Some new innovations will be added to this year's Festival. There will be a costume breakfast Saturday morning, Oct. 26. The Kids' Parade to be held at 1:30 p.m. on Oct. 29 will be the feature. The parade is slated for Hallowe'en night, Thursday, Oct. 31, at 7 p.m.

Myrt Westering reports wonderful cooperation from many civic organizations and citizens and expects the finest parade in the history of Hallowe'en.

BACK IN ANAHEIM
Mrs. Eva H. Boyd, 129 So. Olive Street, was recently released from Santa Ana Community Hospital, where she has been for several weeks after suffering severe injuries in a fall. She is recuperating at Garden Rest Home on East Center St., this city.

CALLING ALL CHEFS—Challenge has been issued to all county men by George Cearley of Santa Ana, to participate in the Orange Cake and Lemon Pie Regatta of the Orange County Fair, Aug. 9 through 18 at Costa Mesa. Cearley, who is looking forward to his third competition, is shown as he prepared to whip up his prize lemon pie in the final bake-off of last year's contest. He was lone man to reach the finals. Five major prizes, topped by gas ranges and gas outdoor barbecue units, are offered in each division by contest sponsors, Sunbelt Growers and Southern Counties Gas Co. No entry blank is required; details are available from the fairgrounds, from chambers of commerce and local offices of the Southern Counties Gas Co.

Fuchsia, Shade Plant Show Ready For Aug. 3 Opening

The Midsummer Fuchsia and Shade Plant Show of the California National Fuchsia Society will be held Saturday and Sunday, Aug. 3rd and 4th, at the Hollywood Turf Club in Inglewood. The hours are from 2 p.m. to 10 p.m. on Saturday and from 10 a.m. to 10 p.m. on Sunday. Admission is 45 cents, parking is free.

Branches of the Society from thirty different communities are planning to make this year's show better than ever. The displays will feature colorful garden scenes, outdoor living areas, unusual ideas and natural settings. Commercial displays will be exhibited to show the very latest in equipment and materials for the gardener.

Individual exhibits, open to the public as well as to members, will include fuchsias, ferns, African violets, begonias, gladiolus, bromeliads and other miscellaneous shade plants. There will be separate classifications for novices who have never entered plants in a show before and for experienced amateurs. Prize ribbons and trophies will be awarded in each classification.

Miss Molly Hubbell, daughter of Mr. and Mrs. Monroe Hubbell of Long Beach, has been chosen Queen of this year's show with the other lovely girls in the contest serving as Princesses. Miss Sandra Sorrick of Anaheim is the Orange County Branch Princess. William L. Taylor of Anaheim, is President of the California National Fuchsia Society and Loren Paulson of Inglewood is show chairman.

County to Train New Nursing Assistants

An intensive eight-week training course for prospective nursing attendants will be offered by Orange County General Hospital beginning in mid-August. Those enrolled will receive a \$70 monthly allowance during the training period and will be employed as nursing attendants at a monthly salary of \$221 upon satisfactory completion of the training.

Women with at least an 8th grade education may apply for the training.

The first class will be limited to ten students. Application must be made in person at the Orange County Personnel Department, 801-C North Broadway, Santa Ana, before Aug. 8. Aptitude examinations will be given Aug. 10 to all applicants.

APPEAR IN "KISMET"

Betty Stromquist of Anaheim, at Her Ayah, is among the members of the cast appearing in the sparkling play "Kismet" being presented in Orange Coast College auditorium for a three night run Aug. 1, 2 and 3. Also included in the cast is Marian Caracausa appearing as Mariah.

40 Bands Will Appear in Shrine Pageant

Among the more than 40 spectacular units to appear in the sixth annual Shrine Pageant at the Coliseum on July 31, will be the 100-piece Glendale Police Boys Band led by pretty and talented Majorette Dixie Freeman. R. H. Christensen directs the band.

Leading the band with control Majorette Freeman, dancer and model, will be Majorette Charlene Moore, and Jeri Ann Stack of Culver City. Miss Freeman recently appeared with Dick Stables' band at the Horse Show and at the National Orange Show.

The annual pageant is sponsored by the Al Malakallah Shrine Temple for the benefit of the Shrine Hospital for Crippled Children at 3160 Geneva St. The Coliseum event is the only Shrine Hospital appeal made during the year.

At the hospital over 935 children have been treated since 1932, when the institution opened, while outpatient visits by children numbered 1,540 last year.

Vacation Driving Can Be Enjoyable Says Highway Patrol

Vacation driving can be safe, simple and enjoyable, says the California Highway Patrol.

"Vacation trips by motor vehicle can be either enjoyable or irritating in accordance with the driving habits," declared Patrol Commissioner B. R. Caldwell. "Lack of planning, last minute departures, long tedious stretches of driving without rest and trying to squeeze in a few extra miles of driving each day are all conducive of irritation and accidental potential."

"The better and more enjoyable way is to plan your trip, allowing sufficient time each day to stop and relax occasionally," Caldwell stated. "Eat a substantial breakfast, but avoid heavy meals during the day to help eliminate the possibility of becoming lops or sleepy."

"If you leave the state, it is well to review the traffic rules and regulations of other states you plan to pass through," he continued. "And keep in mind always that traffic laws are safety rules worthy of your full consideration no matter where you drive."

TO GO, GO!—Pretty Majorette Dixie Freeman, 15, says go to the Coliseum, July 31, she will lead 100-piece Glendale Police Boys Band at sixth annual Shrine Pageant. It's the annual appeal for the Shrine Hospital for Crippled Children.

Toastmasters 1205 In Regular Session

Toastmasters Club No. 1205 of Fullerton, was entertained as well as instructed at their weekly meeting Tuesday evening of last week at The Mill Restaurant's Flight-Deck dining room. Four members of the club spoke on the inadequacies in our use of the English language. Bob Gallagher asked "Are We Winning or Losing?" and then expanded on the subject of citing and commenting on the poor usage by television announcers and others from whom we have a right to expect a better demonstration.

Don Sullivan, a member of the Northrop Club and guest speaker of the evening, demonstrated the difficulty of instructing a wholly uninitiated person how to accomplish a simple act, such as smoking a cigarette. Bob Knicker, club president, picked the curiosity of the membership by discussing the principles to be involved in his next speech.

Russ Sveien got to the core of the central theme in his speech, "Say What You Mean!" Sveien's speech was judged by vote the best of the evening. He also won in the voting as the most improved speaker of the evening. The two-minute speech of John Titus, involving the presentation of an imaginary accomplishment award, was acclaimed the best of that section of the program.

Toastmasters No. 1205 meet weekly on Tuesday evenings at 6:30 p.m. in The Mill Restaurant's Flight-Deck dining room and any man interested in this phase of self-improvement, good fellowship and rewarding effort is welcome to attend. Contact Ted Hahn at PR 4-0167.

ENDS TOUR OF DUTY

Navy Cmdr. William C. Minyard, husband of the former Miss Olive B. Spears of Anaheim, terminated over 26 years of Naval service on July 1st at the Naval Air Station in Patuxent River, Md. Entering the Navy in February, 1931, as an apprentice seaman, he became an aviation metalsmith in 1934, was promoted to warrant machinist in April, 1942, and in 1943, he served aboard the escort aircraft carrier USS Borne as Aircraft Maintenance Officer. Cmdr. Minyard was promoted to his present rank during his present tour as Maintenance Officer with Air Transport Squadron One, Patuxent River. He reported to the Maintenance Department in March, 1955. Cmdr. and Mrs. Minyard plan to reside in San Diego. He is to work in the Service Engineering Group of the Convair Corp.

Anaheim Planning Commission Give 12-Story Hotel Green Light

Anaheim Goes to Court with Dyke Water Co. Over Pipe 'Confiscation'

Stemming from an incident of several months ago, Anaheim city workers from the water department arrived at the tract at Katella Avenue and Harbor Blvd., early Tuesday morning and proceeded to cut lines allegedly belonging to Dyke Water Company, who had been servicing the tract prior to its annexation to the City of Anaheim. The city took over the servicing of 38 residents in the tract with the Tuesday morning move.

Officials of Dyke Water Company charged Anaheim with the theft of \$6,800.25 worth of pipe and water hydrants, and said that a "neaky" operation started about 3:30 a.m., the city had cut the Dyke lines and took over the servicing of their customers. In explaining Anaheim's counter charge at the Tuesday evening meeting of the City Council, City Attorney Preston Turner produced a photostatic copy of a work order signed by Dan Winkler, purchasing agent for the Teitz Construction Co. builders of the tract, on Dec. 28, last year, ordering the Leo Weller Company to remove the Dyke lines and requesting the City of Anaheim to connect their lines and start servicing the new subdivision.

The city installed its lines that day, Turner stated, and Dyke changed the water lines back to his company the next day. Turner also stated that "the Weller Company disconnected the Dyke lines as instructed while our crew stood by. Our men did not touch that line," he continued. "All we did was make our connection after the Weller Co. had completed their work."

Turner further explained that before this tract was developed completely, the area had been serviced by the city and according to a section of the Anaheim Municipal Code, "water shall be provided from the water system of the City of Anaheim. Water mains shall be constructed to serve each lot within the subdivision area and shall be such size and design as required by the city and approved by the superintendent of light, water and power, and all service connections shall be laid to property lines prior to paving."

Turner went on to say that Dyke has no permit or franchise from the City of Anaheim to furnish water in this tract. "They tied into this tract and serviced those people when the area was in county territory," he said. "But since that has all become a part of the city they have never applied for a permit and they have been illegally hooked onto that water line."

Upon receipt of the first water bills after the city lines were laid, residents of the Teitz tract challenged the bills, charging they were being serviced and billed by the Dyke Water Company.

"On investigation we found that our line had been smashed and the Dyke line had been reconnected," Turner stated, whereupon he showed pictures of the broken city line.

The city went out Tuesday to reconnect their own line to serve the area in accordance with the municipal code. It was later in the day that charges were filed against the Dyke company, charging them with a misdemeanor in violation of a section of the California penal code for breaking the city's water main.

Answering Mayor Pearson's inquiry as to why the crew started so early in the morning, City Utilities Director George Oelkers denied that work was started at 3:30 a.m., and stated that work didn't start until 6:15 a.m. This time was chosen because it would be of least inconvenience for the residents.

The publicized presence of police officers at the scene on Tuesday was a precaution taken in anticipation of work hampering by Dyke people, which had occurred the last time the city connected water mains in the area.

City officials denied that water rates would be higher. It was stated that Anaheim city water rate minimum is \$1.75, considerably less than that of Dyke Water Company. It was also stated that pressure now in the lines is 70 pounds, which Oelkers said is also considerably higher than the pressure served by Dyke. Arrangement in the controversy has been set for Aug. 8 in Anaheim-Fullerton Municipal Court.

At the regular Monday afternoon session of Anaheim Planning Commission, a \$20 million 200-room hotel was given the green light for construction plans. The matter now reverts to the City Council for further action in permits and granting of variances.

Request for variance was submitted by Triple A Mortgage Co. of La Habra, owner and developer of the enterprise. The application for a variance was signed by William Gribble, Jr., president of the firm.

Turners have been going around for several days of the proposed hotel for this area and the action of the Planning Commission now gives the developers something concrete upon which to start working on blueprints. The hotel site is located on the southwest corner of So. West Street and Katella Avenue, adjacent the south part of the parking area in Disneyland, the area now remaining an orange grove.

The developers have purchased the property at a reported price of \$400,000, from L. W. Siewert, a resident of the area for 44 years.

Reluctant to recommend the variance at first, the planners were assured the development had sufficient financial backing for construction of the hotel, which Gribble said would be one of the largest in the United States. Citing the disastrous outcome of the Motel of the Stars development, which sold shares at \$3 per share, and finally ended in court procedure because of bad management, the planners held up on a prior request until more positive assurance could be given that the new project would not be operated along these sad lines.

The structure will be 12 stories or a basement, ten floors and a pent house, will have 30 or more fine shops on the first two floors, including a gas station and specialty shops. Two swimming pools are included in the plans, one at each end of the flared "H" structure. The ten floors will each have 200 rooms. Included in the plan is a smart night club, which will book only top available talent. A convention hall seating 4000 persons is also planned for the second floor.

Gribble stated that a "top hotel chain" was interested in leasing the hotel following its completion. However, he was hesitant in naming the hotel chain and the financial firm who would furnish the capital, stating they did not wish their names mentioned at this early date.

When City Council grants the building permit, the hotel is scheduled to begin construction by the first of 1958.

Gribble, representing his firm, the Triple A Mortgage Co., and another firm in which he has an interest, the Westport Development Co. of Garden Grove, asked for a second variance on property at 1150 West Katella Avenue where they plan to build a \$275,000 restaurant, the Magic Well Steak Club. E. J. Cantillon and A. W. Rabalais are also interested in the latter company.

The architecture of the Magic Well will feature a slanting roof of Polynesian style and will have a number of other unique features. It will have 10,800 square feet of floor space and will seat 300 diners. It is reported the restaurant, when completely finished with all interior equipment added, will cost approximately \$500,000, and will be one of the finest in the southland. Ground-breaking is scheduled to take place about Aug. 31.

CHRISTIAN SCIENCE
A nationwide audience will be given a program entitled "A God at Hand" to be given on Columbia's "Church of the Air" series, in cooperation with the Christian Science Church on Sunday, July 28, at 8:30 a.m. over radio station KSTP (1050 kc.). The speaker will be Dr. Frederick G. Roberts of Wilmette, Ill., a Christian Science practitioner.

Lillian Rowlett To High Position In Telephone Co.

When Lillian Rowlett applied for a position as service representative with Pacific Telephone in October of 1941, the Anaheim exchange recorded a little over 3,000 telephones.

Today, Miss Rowlett has been appointed Anaheim public office manager—the first such telephone vacancy ever filled by a woman.

LILLIAN ROWLETT

In Orange County, And to date about 35,000 telephones saturate the 38 square mile exchange area.

The communications worker succeeds Jim Conn who has been named to staff supervisory activities in the company's Los Angeles headquarters. There he will coordinate number change projects in connection with the national direct dialing.

The new telephone manager's story dates back to the early 1940s when Miss Rowlett started out on a cross-country journey from her native Oklahoma, destined to seek out a place to call home.

"I found that spot when I drove through the heart of Orange County and saw the clean tree-lined streets and counted numerous churches in just a few short blocks," the manager said.

After serving an apprenticeship as business office representative, the appointee was named to a supervisory status in 1951 as an aid in effecting the Fullerton number change prior to the dial changeover the following year. She was later transferred back to Santa Ana as a full-fledged business office supervisor and remained in that status until December, 1955. She then had an extensive tour of duty in business office.

Co. Industries Hiring North American Men

Industrial executives of Anaheim County, which is becoming the "Electronics Center of the World," are trying to find employment for as many as possible of the North American Aviation employees being laid off at nearby Downey, a survey conducted by Orange County Industrial News and released from its headquarters in Santa Ana revealed today.

"Several hundred North American employees will be placed immediately in Orange County plants, and it is quite likely that within a few months several thousand will have found jobs here in electronics plants and other industries," North American Aviation, publisher of Industrial News, forecast after interviews with officials of 15 Orange County firms and officials of the California State Department of Employment.

From "a few" to as many as

7 Anaheim Men On 2 Weeks Air Reserve Duty

Seven Anaheim Marine Air Reserves, among more than 300 men, are currently undergoing two weeks of active duty training at the Marine Corps Auxiliary Air Station, Mojave, with Marine Air Reserve Fighter Squadron 241. The more than 300 officers and men normally train at the Alamos Naval Air Station. The Anaheim men are Maj. Russell A. Dow, 743 N. Janna St., and Capt. John Cosmo, 11162 Harcourt Ave., both jet pilots; Master Sgt. Louis A. Fecher, 1212 Trenton Dr., an ordnanceman; Staff Sgt. Darwin E. Van Steenwyk, 2111 Coronet Ave., Staff Sgt. Marvin L. Miller, 9872 Harvest Lane, Sgt. Patrick O. Fogarty, 11872 Post St., all jet mechanics, and Staff Sgt. Robert E. Sparks, 1775 Laurel Pl., Ordnanceman.

Problems of County Poultrymen to be Discussed July 30

Due to the crisis in the poultry industry, a meeting of representatives of the 20 large poultry producing states was held in Washington, D.C. this year to study the problems confronting the industry. At this meeting the United States Poultry and Egg Association was formed. They were instructed with the task of drafting legislation to combat mass over-production.

A bill to provide for stabilizing the broiler and egg industries by instituting a program for marketing regulations has been completed. This bill is now in the hands of the Senate and House Agricultural Committees.

Robert W. Scott, Hawk River, N.C. was elected president of the USPEA. He is a son of Senator Scott of N.C. and also operates a poultry farm himself. Since he has been active in the work of this organization from its beginning, he has no doubt can better explain the bill and the work of this organization to the public than any other person.

Arrangements have been made for Mr. Scott to meet with poultrymen of southern California. Meetings are being held in San Diego, Los Angeles and Orange County. The Orange County Poultry Producers Association is sponsoring the meeting in Orange County. Poultrymen from Orange County and all nearby areas are invited to the meeting to be held Tuesday, July 30, at 8 p.m. at Fremont Junior High School, 608 W. Center Street, Anaheim.

Every effort is being made to secure a speaker who will be able to give the opposition viewpoint. Opportunity will be given to all present to ask questions.

Fuchsia Society Plan Potluck For Next Meeting

The regular July meeting of the Orange County Branch of the California National Fuchsia Society will be a potluck supper in La Palma Park, Anaheim, on Tuesday, July 30 at 6:30 p.m. Mrs. James Parks, 2143 Hawthth St., Anaheim is in charge of supper arrangements.

James W. Peters of the Lakewood Area Branch will be the speaker. His subject will be "Fuchsia," for which he is well qualified, being the owner of the Ramona Gardens in Bellflower where he grows fuchsias exclusively.

Orange County Branch members are urged to make individual entries in the Midsummer Fuchsia and Shrub Show at the Inglenook on Aug. 3 and 4. Entries may be made all day Friday, Aug. 2, and until noon on Saturday, Aug. 3. Orange County Branch will display a "Natural Area" in the Branch display, Mrs. Margaret E. Jackson is show chairman for Orange County.

At the July 30 meeting there will be the usual plant exchange and everyone, guests as well as members, are invited to bring a "dish," their table service, and attend the potluck supper.

"CALEXICANS" TO PICNIC More than 400 former Calexico citizens from all over California are expected to attend the sixth annual picnic of Sunday, July 28, at Ballona Park, Santa Avenue and Maple Street, San Diego. Harry E. Bowman, leader for the event, urges all former residents of that city attend this get-together.

he made all day Friday, Aug. 2, and until noon on Saturday, Aug. 3. Orange County Branch will display a "Natural Area" in the Branch display, Mrs. Margaret E. Jackson is show chairman for Orange County.

At the July 30 meeting there will be the usual plant exchange and everyone, guests as well as members, are invited to bring a "dish," their table service, and attend the potluck supper.

"CALEXICANS" TO PICNIC More than 400 former Calexico citizens from all over California are expected to attend the sixth annual picnic of Sunday, July 28, at Ballona Park, Santa Avenue and Maple Street, San Diego. Harry E. Bowman, leader for the event, urges all former residents of that city attend this get-together.

AIR CONDITIONING-TEMPERATURES MADE TO ORDER-AT NEW LOW COST. GET A DEMONSTRATION

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEVY... ITS BEST SHOWROOM IS THE ROAD.

Chevrolet's got a corner on these fine things!

Chevy's the only leading low-priced car with any of these advantages . . . the only car at any price with all of 'em!

SHORTEST STROKE V-8. Its advanced design is the key to Chevy's alive, alert performance.
BODY BY FISHER. No other low-priced car quite comes up to its craftsmanship and solid construction.

BALL-BEARING STEERING, STANDARD. It's a big reason for Chevy's sure control and handling ease.
POSTRICATION REAR AXLE.* Means better control and surer traction on any road surface.

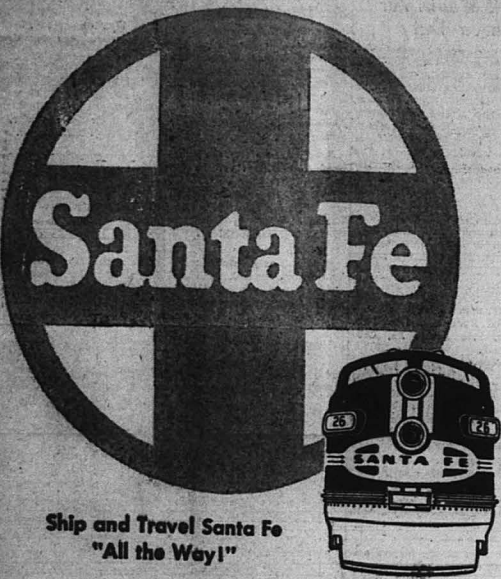

TRIPLE-TURBINE TURBOGLIDE.* No lags or jars; smooth from start through cruising.
 Your Chevrolet dealer will show you these and a lot more advantages any time you say!

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

Only franchised Chevrolet dealers **CHEVROLET** display this famous trademark

Champ Accordion Player to Appear At L.B. Festival

The world champion accordion virtuoso, Johnny La Padula, is the featured soloist at the formal concert that will climax the Western States Accordion Festival in the Long Beach Municipal Auditorium on Saturday and Sunday, Aug. 3 and 4, according to the DeBuschere Keyboard Conservatory, 1024 W. Center St., Anaheim; Ramon Little, 7521 Commonwealth Ave., and Milton Mann, 7057 Whitaker Ave., Buena Park.

The 18-year-old artist is the first American to win the world title in the annual contests in Switzerland, competing against a score of older finalists from many countries, after sweeping honors at the Olympics Contest of the American Accordion Association.

His repertoire ranges from the most difficult classics to brilliant modern items. He won his international laurels with Weber's "Concertstuecke," formidable even for piano, and has been a guest on the Ed Sullivan and Sid Caesar and other leading shows.

Festival contest winners in the solo, duo, combo and band classifications will be announced at the Sunday night concert. Coronation of the 1957 Accordion Queen will be held Saturday night, after the aspiring lovelies have faced two panels of judges, one for beauty and the other for musical skill.

Lillian Rowlett To High Position In Telephone Co.

(Continued from Page 1)
office service analysis work, which took her into many offices in Orange County and Los Angeles County.

Miss Rowlett is well known in the company for her work during World War II as a member of the Red Cross Motor Corps. She is presently engaged in many company-sponsored, out-of-hour activities and is an active member in church life and young-people's groups in Santa Ana. The communications worker is presently enrolled in a UCLA extension studies course in industrial relations.

Before coming with Pacific Telephone in 1941, the manager had five years sales experience with the coast to coast chain of Kress variety stores. She also gained office experience in working with the Packard Motor Car Company and prior to her trip west to California was an accountant in her own business.

Miss Rowlett will maintain her business address at 200 North Lemon Street in Anaheim, site of the company's recently completed \$640,000 office building.

There, she and her staff of service representatives, tellers, cashiers and order typists will handle daily customer contacts and transmit them to other departments. Subjects vary such as moving a telephone to a new address, adding extension telephones and list-

ings in the directories. They also will answer any questions pertaining to telephone service or equipment.

NATYMAN ADVANCES

William E. Carrett, of 9520 Palisade Road, Anaheim, a veteran of 16 years in the Navy, was promoted to ensign from his former rate of chief fire control technician. After entering the Naval service in 1941 at Pensacola, Florida, Carrett served one year on the east coast. His next duty was aboard the destroyer USS Thatcher, which was transferred to the western Pacific via the Panama Canal. In 1943, off Bougainville, the Thatcher was so heavily damaged by Japanese Kamakazi aircraft, that the entire crew was forced to abandon ship. Carrett was rescued, however, and spent the remainder of World War II aboard the transport USS Ormsby. During the Korean Conflict, Carrett served aboard the destroyer USS Herbert J. Thomas and the cruiser USS Manchester. In 1952 he was promoted to chief petty officer. He reported to the Roanoke in November, 1955. Ensign Carrett and his wife, Lynn, have three children: Sharon, 9; Michael, 6; and Nancy, 3.

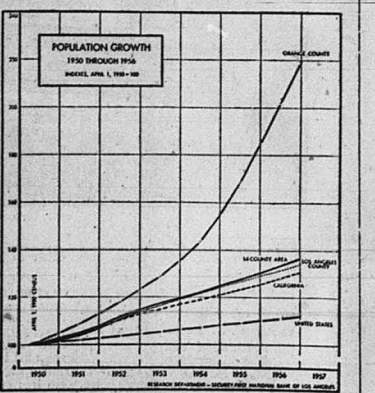

The average monthly payment in Social Security benefits to a retired worker and his wife both over age 65 is about \$105. A widow with two or more children receives an average of \$140 a month from Social Security.

WHAT'S DOING

H. I. Perry, your Telephone Manager in Anaheim

Here's a new kind of "calling card." For telephone calling, that is. These odd looking cards are made by a process called "printed wiring." In certain kinds of telephone equipment they can form electrical pathways, replacing an intricate maze of wires. I expect you've heard about Automatic Answering Sets—phones that answer your calls when nobody's in. Well, they've got printed wiring in them. The cards eliminate a tremendous amount of delicate soldering and connecting, yet help us bring you better service.

Are you one of the newcomers to our growing city of Anaheim? May we extend a hearty welcome to you. Our fine city has nearly tripled in area since January 1954. Our present population is over 64,000, about double that of 1954. Telephone service has increased too, and many new services have been added. The very latest is our new Direct Distant Dialing. A few more pulls of the dial and you can reach your long distant number in a matter of seconds without placing the call through an operator.

Now you can buy big on a little-car budget

READ THIS STARTLING FACT

5 out of 10 smaller cars wear a Pontiac price tag—yet none gives you any of Pontiac's advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging hull and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavy-weight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of owning. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic... this is driving the smaller jobs can't duplicate!

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac... there's nothing in your way. Your Pontiac Dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

NOTE: If you want the ultimate in both economy and extraordinary performance, new 16-Porter Carburetor is available at extra cost on even the lowest priced Pontiac models! It's America's newest power advance and exclusively Pontiac's at so low a cost!

TRADING'S TERRIFIC RIGHT NOW!

Sixteen Candles and 40 million dreams!

She's out of blue jeans and into crinolines. Dad's favorite tomboy stepping out in a pink cloud on her sixteenth birthday. Ever since her first red-faced cry, your love has taken care of her—nursed her through infancy and childhood—even protected her future through your regular purchase of U. S. Savings Bonds. Small wonder you're pleased and proud!

It was just sixteen years ago this month that the U. S. Treasury's Infant Savings Bond program was born. Designed to raise money for national defense, it has now developed into the largest thrift program the world has ever known. And Savings Bonds have helped 40 million Americans do things they might otherwise not have been able to do.

What better way is there to protect your family than by investing regularly in U. S. Savings Bonds? It's the easiest way to save—one of the safest—and one of the best ways to make your dreams come true.

Part of every American's savings belongs in U. S. Savings Bonds

The U. S. Government does not pay for this advertisement. The Treasury Department thanks for their patriotic devotion, the Advertising Council and

AWARDED CERTIFICATE

Specialist, 3rd Class, George D. Fox of detachment 4, Transportation Terminal Command (7278) located at Sondrestrom, Greenland, has been awarded a Certificate of Achievement on the high school level by his Commanding Officer, Lieutenant Colonel Clifford E. Parr. The son of Mr. and Mrs. George Fox of Anaheim, he entered the military service in January 1953. Upon completion of basic training he was reassigned to Fort Lawton, Wash., where he successfully completed the Army Clerk Typist Course before reassignment to the Far East Command where he served 17 months with the Seventeenth Infantry Regiment in Korea. Specialist Fox wears the Combat Infantryman's Badge, the National Defense Service Ribbon, the United Nations Service Ribbon, the Korean Service Ribbon, the Distinguished Unit Citation and the Korean Presidential Citation. He is to be honorably discharged from the military service in September at which time he, his wife

and two children who are residing in Boston, will move to a new home in California.

COMPLETES NINE COURSE

Warrant Officer Harry R. Wilkinson, Jr., whose wife, Shirley, lives on Route 3, Tampa, Fla., recently completed eight weeks of specialized training in the operation of the Army's Nike air-to-air missile at Fort Bliss, Tex. Wilkinson's parents live at 8833 Kathryn Dr., Anaheim.

JOHN R. CLARK GRADUATES
John R. Clark, son of Mr. and Mrs. Ralph E. Clark of 818 Cottonwood Circle, Anaheim, graduated from recruit training June 29, at the Naval Training Center in San Diego. The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

MORE MAIL DELIVERY

According to an announcement by Congressman James B. Utt (R-28th Dist.) city delivery will be extended in Anaheim to include the 200-300 blocks of Coolidge and Kendor Drives, and North Dale Street, effective July 22, 1957. This extension will provide service to approximately 40 family residences.

"ROADBO" IN GERMANY

Army Pvt. Robert E. Kirby, son of Mr. and Mrs. William B. Kirby, 2602 Houston St., Anaheim, recently participated in the 54th Engineer Group's "Roadbo" in Germany. Kirby competed in the two and one-half ton truck division of the event. Kirby, regularly assigned as a truck driver in Headquarters and Service Company of the group's 22nd Engineer Battalion, entered the Army in February 1950 and completed basic training at Fort Knox, Ky.

Social Security pays retirement benefits and survivor benefits to qualified workers and their families. Beginning July, 1957, Social Security will also pay disability benefits.

Only persons who have severe long lasting disabilities and who meet very strict work requirements may qualify for social security disability benefits.

TAKES RADIO WORK

Pvt. Edward C. Larson, 22 year old son of Mr. and Mrs. Ellis A. Larson, 702 W. Center St., Anaheim, whose wife, Louise, lives at 14272 Hoover, Westminster,

recently completed the radio teletype operation course at the Army's Southeastern Signal School, Fort Gordon, Ga. The 15-week course trained Larson to operate radio transmitting, and receiving sets in combination with teletypewriter equipment. He entered the Army last December and completed basic training at Fort Ord.

In 1956, an all-time attendance record was set at the California State Fair and Exposition in Sacramento, with a total of 523,887 persons. The previous record was \$12,204, established at the 1954 state fair.

The man credited with founding the \$200,000,000 wine industry in California nearly a century ago was Col. August Haraszthy, who was sent to Europe by the State Agricultural and Viticulture Societies and returned with the grape cuttings that paved the way.

California's State Fair and Exposition was established more than a century ago as the official show of the newly formed State Agricultural Society in San Francisco's Musical Hall.

The present grounds for the California State Fair and Expo-

sition in Sacramento comprises 327 acres. The new site across the American River, to be developed in time for the 1960 or 1961 fair, will total 1,050 acres.

Most domestic employees are covered by Social Security. People who hire cooks, housekeepers, baby sitters, etc. are required to file social security tax returns if they pay their employees \$50 or more cash wages in a calendar quarter.

The oldest continuous Horse Show in the West is part of the California State Fair and Exposition. The show dates back to 1903.

TUNA FLAPPER

(Serves four to six)

Cheese Flapjacks:

- 2 cups flapjack, pancake and waffle mix
- 1 cup (4 ounces) grated processed American cheese
- 3/4 cup milk
- Mix flapjack mix and cheese in bowl. Add milk slowly and mix well. Pour batter on hot, lightly greased griddle. Bake, turning only once. Fold as soon as they are removed from griddle. Fill with Creamed Tuna.

Creamed Tuna:

- 1 tbsp. butter
- 1 tsp. flour
- 1/4 tsp. pepper
- 1/4 tsp. salt
- 1 cup undiluted evaporated milk
- 1 cup (7 ounce can) well drained tuna
- 1 cup chopped celery
- 1/4 cup chopped green pepper
- Melt butter in top of double boiler, over direct medium heat. Add flour, pepper and salt. Stir until smooth. Slowly add evaporated milk, stirring constantly. Place over boiling water. Continue stirring until thickened (about 10 minutes). Add tuna, celery and green pepper. Continue cooking over hot water about 5 minutes longer. Serve at once folded in Cheese Flapjacks, piping hot.

GRAPE PIEZ

- 2 tbsp. concentrated grape syrup (or 3 tbsp. frozen grape juice concentrate)
- Soda water
- 1 scoop vanilla ice cream (about 1/2 cup)
- 1 tsp. sugar, optional

CHOCOLATE ICE CREAM

- SODA
- 2 tablespoons chocolate syrup
- Milk
- 1 scoop vanilla ice cream
- Soda water

ORANGE WHIZ

- 2 tbsp. concentrated orange syrup (or 3 tbsp. frozen orange juice concentrate)
- Soda water
- A few ripe blueberries or fresh strawberries, sliced
- 1 scoop vanilla ice cream or orange sherbet
- 1 to 2 tsp. sugar, optional

TALL TART COOLER

- 2 tablespoons concentrated lemon and lime syrup (or 3 tbsp. frozen lemonade concentrate)
- Soda water
- 1 scoop lemon or lime sherbet
- 2 tsp. sugar, optional

Measure syrup or juice into a 10-ounce glass. Add soda water to fill glass half full. (When making Chocolate Soda, fill glass half full of milk.) If desired, stir in sugar. Then add sherbet—and berries, where specified—and carefully fill glass with soda water.

FINISHES "BOOT" TRAINING

Charles E. Mackensen, son of Mr. and Mrs. Richard S. Mackensen of 638 N. Hawthorne St., Anaheim, completed recruit training the first week in July at the Marine Corps Recruit Depot in San Diego. Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.
