NEW BALLET FORM is tried by a daring bull rider as a wild Brahma sends him flying. This is the same type of thrills that will be seen at the forthcoming World Championship Rodeo, being held in conjunction with the Orange County Fair at the fairgrounds, Saturday and Sunday, July 16 and 17.

PUSH BUTTON ERA

Contract Approved for Construction Of Modern Cypress Post Office Unit

Congressman James B. Utt has been advised by Postmaster General Arthur E. Summerfield that a contract has been signed for the construction and lease to the Post Office Department of a new building for the Cypress Post Office.

The successful bidder on the lease was Robert J. Ennen, 285 Bayshore Avenue, Long Beach 3. Ground breaking and construction of the new post office is expected to begin immediately, with completion scheduled about December 15, 1960. The lease will run for ten years with two five-year renewal options.

The modern new postal building will be located at the southwest corner of Walker and Bishop streets. It will provide 3,428 sq. ft. of interior space, a 240 sq. ft. loading platform, and 9,000 sq. ft. of hard-surfaced space for parking and truck maneuvering. Specifications call for new modern lighting and equipment, including a new, open patron-service counter.

Postmaster General Summerfield said, "This new facility will be another important step in the Post Office Department's Modernization Program which was authorized in the last session of the Congress with the valued assistance of Congressman Utt. The program is making significant improvements in postal services for the public by providing new buildings and equipment, designed for efficient and economical mail-handling."

The Postmaster General said that "Under the Post Office Department's Commercial Leasing Program, the Department is now awarding contracts for new postal facilities at the accelerated rate of over five buildings every working day. To achieve complete modernization of the postal plant, a total of 12,000 post offices must be modernized or replaced due to lack of space and obsolescence."

Adding further details concerning postal service today, he noted that "the more than 35,000 post offices are handling a total of 62 billion pieces of letter mail and parcel post annually. This is an all-time record and an increase of more than 24 per cent above the approximately 50 billion pieces handled annually only 10 years ago."

Mr. Summerfield said that the postal facility will be typical of many others going up elsewhere throughout the country. "These new post offices," he said, "con-

tain not only the modern patron-service counters and eye-saving fluorescent lighting, but provision is made for patron service after regular business hours."

It was pointed out that the new postal facility, one of 1400 new postal buildings to be constructed this year, will remain under the private ownership while leased to the Federal Government and hence will pay local real estate taxes to bear its share of the cost of local government.

The Postmaster General said that "Mail users will find mail service in the years ahead improved through an unprecedented five year program of scientific postal research and engineering."

"The Post Office Department has under development," he said, "a machine that actually reads addresses on letters and then sorts the mail in special slots — ready for dispatch. Another machine separates rapidly moving mail according to address by pushbutton keyboard. Still another cancels mail at speeds of 30,000 letters an hour. Now being considered for use is a new compact customer-operated 'Postal Substation' with mechanical devices that sell envelopes, stamps and money orders, accept parcel post and make change."

"Mail-handling on the workroom floors of our larger post offices is rapidly being mechanized which will end the old-fashioned methods of hand-labor, and the resultant clutter and confusion."

Mr. Summerfield further stated, "We are making great strides in speeding the mail into and out of our larger 'gateway post offices' by the installation of mechanical and electronic machines. Their installation in these large mail volume post offices will result in faster mail service to every other post office, whether it be in a large city or small town, bringing nearer the Post Office Department's goal of next day delivery of mail anywhere in the nation."

Baha'i World Faith Topic for Lecture

"The Baha'i World Faith" is the subject to be presented by Dr. Dwight W. Allen, research associate and lecturer at Stanford University, on Friday, July 15, 8:30 p.m., at the YWCA, 1411 N. Broadway, Santa Ana.

Consumer Spending Totals 313.8 Billion Dollars

A figure of 313.8 billion dollars was spent by Americans for goods and services last year. Expenditures for autos and recreation rose more than for education and religion.

Commerce reports indicate that consumer spending in 1959 was 6.9 per cent above 1958. But allowing for higher prices on many non-food items, the increase actually was only 5.8 per cent. This was far above the average gain of slightly more than 3 per cent for 1947-1959. The 1958 recession year increase was only 0.9 per cent.

Every major category of family spending shared in the expansion. Spending for transportation, mostly new cars, jumped the most—15.4 per cent to a record 38.9 billion dollars.

☆☆☆

THE COMMERCE Department reported a jump of 11.4 per cent in "personal business" spending. This included higher interest payments on installment debt—which hit a record last year—along with higher non-premium costs of life insurance and other financial charges.

Spending for food and tobacco rose 2.4 per cent to 85.2 billion dollars, the largest single item on the consumption total.

Other types of spending which went up more than the 6.9 per cent average were: private education and research 8.3 per cent, recreation 8.9 per cent, religious and welfare activities 7.5 per cent and foreign travel 7.7 per cent.

Clothing and jewelry expenditures rose 6.4 per cent, personal care 6.8 per cent, housing 6.6 per cent, household operation 6.8 per cent and medical care and death expenses 8.8 per cent.

Anaheim Man Finds Live Hand Grenade

A bulldozer unearthed an armed and "live" hand grenade in Santiago creek.

Pleas Poole of Anaheim, who was operating the equipment, notified Sheriff's deputies of his findings. The El Toro Marine bomb disposal squadron took the explosive to the base for disarming.

Song Dedicated To County Fair By Lyric Writer

The Orange County Fair can probably claim the distinction of being the only county fair in the world ever to have a song written for it by one of the foremost "writers" of Tin Pan Alley.

Johnny Mercer, acclaimed as one of the music world's best lyric writers, has banded out a typical, slinky, swingy lyric for the local fair.

The song, re-titled "The Pirate Queen" by Mercer, is actually an old tune dressed up in his new lyric. It originally was issued as the "Island Queen" written by Floyd Huddleston and Al Rinker.

Johnny Mercer recorded the old tune several years ago and when he was asked to knock off lyrics for the fair's pirate queen (beauty contest winner who will reign over the six-day fair), and "Pirate Queen" probably clicked for him.

Keystone Savings Resources Double In Past 12 Months

Keystone Savings and Loan Association, Anaheim, continues to set the pace in growth in the Orange County area, with the announcement by its president, R. W. Caspers, that the June 30 statement shows resources in excess of \$6,000,000, an increase of nearly 100 per cent over the same period a year ago.

"This is approximately five times the industry average," said Caspers, "and is one of the reasons we recently purchased property for a new main office opposite the Broadway Orange County Shopping Center."

At the last meeting the board of directors voted to continue to pay 4 1/2 per cent per annum for the third quarter ending September 3, 1960.

School Operating Funds Allotted

Anaheim School District has been awarded the sum of \$63,629 for school operating funds pursuant to Public Law 874.

Schools which are heavily burdened by the impact of Federal installations in their area are eligible for financial assistance under the Public Law.

The amount certified for payment is determined from the tentative entitlement for the fiscal year computed on the basis of information and estimates contained in the application. The total entitlement for the School District for fiscal year 1960 has been set at \$84,850, of which the above amount has been certified for immediate payment. Additional payments will be subject to such adjustments as may be required by actual data and by the availability of funds in relation to total entitlements for financial assistance. (Funds available for fiscal year 1960 will require proration of payments at approximately 85% of tentative entitlement shown.)

Magnolia Elementary School District has been awarded the sum of \$44,400 for school operating funds.

Distributor Gets New Anaheim Plant

Construction of a new 12,000 square foot Anaheim facility for Straub Distributing Co., Inc., by Co-ordinated Construction, Inc., is nearing completion at 1330 S. Claudina St., which, according to President A. O. Straub, "will provide for our future growth."

Straub Distributing is a 12-year-old firm which distributes both Anheuser-Busch and Olympia Brewery products in Orange County.

"We are not only situated in one of the county's best industrial sections but, because of our more central location and proximity with the Freeway and Southern Pacific, we expect to realize a definite cost savings," Straub noted.

The new facility, on a one-acre site, is constructed of reinforced concrete wall panels with laminated wooden girders and features extensive air-conditioned offices and a large, refrigerated draft box area which can handle over 1400 half barrels. Landscaping will include a large decorative planter for growing hops.

Nutrition Expert Suggests Better Diet for Indians

Dr. Wendell Griffith, UCLA nutrition authority, who will be home from a year in India, stated that Indians must be taught to eat properly.

Dr. Griffith thinks Indians need beans and peanuts and such foodstuffs to counteract protein malnutrition, prevalent among infants and small children.

He urges fortifying Indians with more protective foods instead of attacking them with such food staples as rice, wheat and other food grains.

He suggests poultry, fish and meat for the non-vegetarians and production and consumption of more milk and dairy products, legumes, leafy green and yellow vegetables, and flour from oil seeds like peanuts for non-meat eaters.

State College Dean To Televisize Series

Bernard L. Hyink, dean-elect of special services at Orange County State College in Fullerton, is conducting "Conquest of the People," a television series on Channel 2 each Monday, Wednesday and Friday from 6:30 to 7 a.m. The series is a joint KXNT-University of Southern California production. Dr. Hyink is professor of political science at SC.

GALA ATMOSPHERE

Exciting Entertainment Scheduled Daily at Fair

A jam-packed schedule of events awaits visitors to the 1960 Orange County Fair. Some of the free highlight features are listed for each of the days of the Fair, which runs through July 17.

WEDNESDAY
1:00 p.m.—Judging lemon pie baking contest.
1:30 p.m.—Judging FFA dairy cattle and 4-H dairy goats.
4:00 p.m.—Music concert at Carousel Bandstand.

FRIDAY
9:30 a.m.—Citrus Growers' Institute meeting.
5:30 p.m.—Bake-off for cake and pie contest.
8:00 p.m.—Awards ceremony for junior livestock trophies.

6:30 p.m.—Junior livestock auction at auction ring, public invited to attend and buy blue ribbon animals.
7:00 p.m.—Senior horse show in the arena.

SATURDAY
2:00 p.m.—First performance of three scheduled for RCA World Championship Rodeo. Other performances at 7:30 p.m. Saturday and 2:00 p.m. Sunday.
7:30 p.m.—Hairstyling show at Carousel Bandstand featuring models and hairdressers from major Hollywood studios.
7:30 p.m.—Micro-midget car races free at the Speedway on the fairgrounds.

SUNDAY
10:00 a.m.—Devotional services for junior exhibitors and general public.
2:00 p.m.—Final performance of benefit rodeo.
7:45 p.m.—Final performance of human cannonball.

8:15 p.m.—Final appearance of Hilo Hattie and her Hawaiian Revue.
10:00 p.m.—Gates close, but carnival midway and Hawaiian village remain open.
The fair offers a giveaway trip to Honolulu, with exciting side trips for sightseeing, on a daily basis. Some fairgoers each day will win a round-trip by United States Overseas Airlines DC-6B to Honolulu.

COUNTY DIGNITARIES AND STATE OFFICIALS were represented at the civic open house held by the Gas Company to celebrate the setting of the 200,000th gas meter in Orange County. Among those present were (left to right) Justin N. Kennedy, manager of Southern Counties Gas Company's Orange County division; Guy W. Wadsworth Jr., president of Southern Counties; Assemblyman Richard Hanna (D-Garden Grove), chairman of the State Assembly's Rules Committee, and Charles Pierson, chairman of Orange County's Associated Chambers of Commerce. The group is admiring the gold-plated gas meter symbolic of the 200,000th customer in the county.

6000 ATTEND

Glendale Federal Holds Open House

More than 6,000 Orange County residents attended open house activities held last week for the Fullerton office of Glendale Federal Savings, it was announced today by Gordon A. Klett, assistant vice-president and manager of the office.

The open-house was held in honor of the Fullerton office's opening in temporary quarters at 320 N. Harbor. A two-story Glendale Federal building which will permanently house the new office will be constructed adjacent to the temporary site soon.

The new office is the 10th opened by the association and its first in Orange County. C. Stanley Chapman, well-known Fullerton resident whose family was among early settlers in the Orange County area, welcomed the association to its new location.

College Float Wins

First prize for theme in the annual Huntington Beach Fourth of July parade has been taken by the Orange Coast College float for the third time.

Coast won the trophy in Class B. Two years ago the college float won the President's Trophy. This marks the 11th year that the college has entered a float in the parade.

"Conquest of the Desert" was the theme of the OCC float which portrayed the importance of water to the desert areas which now are transformed into garden spots because of water.

YORBA LINDA 'ON THE BALL'

Country Club Donates \$4,000 to OC Children's Hospital Project

Dodger Night Set For Anaheim Fans

Anaheim Junior Chamber of Commerce is sponsoring Anaheim Dodger Night, Saturday, July 23, at Los Angeles Coliseum. All residents of Anaheim and the immediate surrounding area are invited to attend a major league ball of driving to someone else. Ride the bus! Buses will leave the game. Leave the worries and cares Broadway Shopping Center at 6:15 p.m. sharp. Choice reserved seats for Saturday, July 23, are \$2.50. The cost of bus transportation, including return trip, is \$1.00; making a total of \$3.50.

Tickets are available at Anaheim Chamber of Commerce office, 136 N. Los Angeles St.; The Anaheim Bulletin, 234 S. Lemon St.; Langston Toy Store, On the Mall, Broadway Shopping Center; Reservation Center, Saga Motel, Harbor Blvd.; or Anaheim Dodger Night, P.O. Box 524.

This event is supported by the Anaheim Chamber of Commerce and the City of Anaheim. Mayor Schutte will throw the first ball. The Drum and Bugle Corps of Anaheim Boy Scout Troop 72 will increase the spirit of the Anaheim rooting section. Tickets must be purchased by July 19.

Orange County's campaign to build a much needed Children's Hospital received a big boost when the Yorba Linda Country Club presented a check for \$4,000 to the Children's Hospital Committee.

The money was raised through the Children's Hospital's All-Star Golf Benefit staged in May. Yorba Linda Country Club contributed half the proceeds to the Children's Hospital Fund. The Country Club also absorbed all promotional and operational costs of the tournament.

"Yorba Linda Country Club is extremely pleased to be able to help in this important project," stated Gene Davis, Host Pro at the Country Club, who represented Joseph H. Brown, owner of the Club, and Jack Hunter, General Manager, at the presentation.

Gene Davis presented the check to Dick Taylor, Division Manager of the Pacific Telephone Co. and General Chairman of Children's Hospital Committee, and Frank Michels, deputy to Supervisor William J. Phillips, Chairman of the Children's Hospital Golf Benefit Committee.

Nebraska Picnic

The Nebraska State Society will picnic Saturday from 10 a.m. to 4 p.m. at Bixby Park, Long Beach. Gov. Ralph Brooks of Nebraska has been invited to attend.

Civil Rights Excerpts Adopted By Democratic Platform Group

Excerpts from the 850-word, these constitutional rights. The civil rights plank adopted Monday by the Democratic platform committee are as follows:

"The Constitution of the United States rejects the notion that the rights of man means the rights of some men only. We reject it, too. The right to vote is the first principle of self-government. The Constitution also guarantees to all Americans the equal protection of the laws."

"It is the duty of the Congress to enact the laws necessary and proper to protect and promote

these constitutional rights. The Supreme Court has the power to interpret these rights and the laws thus enacted.

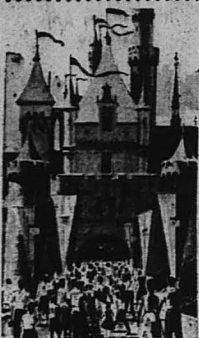

"In every city and state in greater or lesser degree there is discrimination based on color, race, religion, or national origin."

"If discrimination, in voting, education, the administration of justice, or segregated lunch counters are the issue in one area, discrimination in housing and employment may be pressing questions elsewhere."

WHAT'S DOING

Harvey Hendrickson, your Telephone Manager in Anaheim

One of Disneyland's most spectacular attractions is the Circarama tour of "America the Beautiful." For you're encircled by 11 screens as this unique movie takes you to Times Square at night, a New England village, the Grand Canyon and many other parts of our land. The effect is breathtaking... just like being in these places yourself. And it's free, too—part of an exhibit sponsored by Pacific Telephone and the Bell Telephone

System. If you visit Disneyland this summer, be sure you see Circarama, I know you'll enjoy it.

Most folks think that television is a recent invention. But this picture proves differently. That's the back of the television set that picked up the first city-to-city telecast. The year was 1927, and the program featured Herbert Hoover! Research by Bell Telephone Laboratories helped make possible that first telecast; and it was carried over a long distance telephone line. Today, telephone equipment still has a lot to do with bringing you television. Pictures from the entertainment centers of the nation travel to your local stations over our equipment—coaxial cables and microwave radio relay—before they're beamed to your home. While telephone research is always focused on bringing you better phone service, it is interesting how often its discoveries pay off for you in other ways, too.

Summertime. That's the time folks spend plenty of hours outdoors. And here's an idea we've come up with that can add a lot to your outdoor living. It's a portable phone that can move outdoors with you. We put in jacks for it near your garden, patio or pool so you can plug it in wherever you go. Think of the steps it can save! If you'd like more information about this handy portable phone, just give us a call.

Pacific Telephone

Swimming Lessons Set at City Parks

Registration for swimming lessons at Anaheim High School, Western High School and Pearson Park pool begins Saturday, July 13, at each pool area.

Lessons start Monday, July 18, at each pool. Class registration is scheduled from 9 a.m. through 1 p.m. Fee is \$3 per three-week daily session.

The summer aquatic program is conducted in conjunction with Anaheim Park and Recreation Department and the American Red Cross. Beginner and advanced instruction is by certified personnel.

Swim schedule at Anaheim and Western high schools list:

8:30 a.m.—Beginners, Intermediate and Swimmers, 10 years and older.

9:15 a.m.—Beginners, Intermediate and Swimmers, 10 years and older.

10:00 a.m.—Beginners and Intermediate, 9 years old.

10:45 a.m.—Ballet and Pre-school (each pre-school child must be accompanied by parent).

11:30 a.m.—Jr. and Sr. Life Saving, Advanced Diving.

12:30 p.m.—Beginners and Intermediate, 9 years old.

1:15 p.m.—Beginners in Intermediate, 9 years old.

2:00 p.m.—Pool open to public swimming until 5 p.m.

5:00 p.m.—Swim team practice.

6:00 to 9:00 p.m.—Pool open to public on Wednesday, Thursday and Friday.

6:00 to 7:00—Swimming for physically handicapped on Monday and Tuesday.

7:00 p.m. to 9:00 p.m.—Swimming lessons for adults on Monday and Tuesday.

Saturday and Sunday the Anaheim and Western high school pools are open to the public noon to 7 p.m. continuously.

Swim schedule for Pearson Park pool:

8:30 a.m.—Beginners, 8 years old.

9:00 a.m.—Beginners, 8 years old.

9:30 a.m.—Beginners, 7 years old.

10:00 a.m.—Beginners, 7 years old.

10:30 a.m.—Beginners, 6 years old.

11:00 a.m.—Beginners, 6 years old.

11:30 a.m.—Beginners, 6 years old.

12:00 noon—Beginners, 6 years old.

Benefit Breakfast To Be Held Today

Mary Louder, 203 N. Heleas St., is giving a benefit breakfast for the Women's Relief Corps on Thursday, July 14, from 8 a.m. to 10 a.m. Come one, come all.

"I'd pay my taxes with a smile—but the government insists on cash,"—Henry Morgan.

11:30 to 12:30 p.m.—Diving.

1:00 p.m. to 9:00 p.m.—Pool open for public swimming.

Lessons run Monday through Friday daily for 45-minute lessons at Anaheim and Western pools and 30-minute lessons at the Pearson Park pool.

Instruction is given by qualified certified American Red Cross water safety instructors.

California Highway Patrol Announces Examinations for State Officers

The California Highway Patrol announced recently that a civil service examination for state traffic officers will be held throughout California on September 24.

The examination will be open to men between the ages of 21 and 32 who meet the requirements in regard to education, citizenship and residence, physical condition, and character.

This is the first examination for state traffic officer to be given since the legislature enacted the Fair Employment Practices Act last year.

"A law enforcement patrol can only command the fullest confidence of the citizens it serves when no group among them has legitimate cause to feel that the force is unrepresentative or antagonistic to the members of that group. The Patrol wants the best men available and will not in any way discriminate against qualified men."

Full information and application forms may be obtained from any CHP office or by writing to the Patrol at P.O. Box 898, Sacramento 4. Final date for filing applications for the examination is Aug. 28.

AUTO REGISTRATIONS

There were 71,502,394 motor vehicles registered in the United States during 1959, reports the National Automobile Club.

QUARTER-FINALS

Lindbrook Bowling Tournament Holds Sensational Second Week Rounds

"Bombastic! . . . That's the action of the second week of the quarter-finals held at Lindbrook Bowling Center in Anaheim last Saturday night. An excited crowd of over 300 packed the "North 20" of popular Lindbrook Bowl where Bobby Ramirez and Bud Horn were sensational. The first game found Ramirez plagued with splits, on which Horn capitalized, leaving his opponent 30 pins behind. The second game, it was Bobby Ramirez all the way with a pair of spares and nine big X's for a whopping total of 278. The third and final game of the match, both bowlers hit the pockets with strikes galore. Horn got six in a row in the last few frames to take the game by 11 pins. But that big second game of 278 for Ramirez held up the match for him by giving him an 11-pin series edge.

The final results showed Bobby Ramirez 172-278-227, a total of 677; Bud Horn 202-225-238 for a total of 665. Top scores, top action, top entertainment. You just can't beat TV Bowling Tournament.

Next Saturday night TV Bowling Tournament originates live from Holiday Bowl in Los Angeles. Holiday Bowl, located in the Crenshaw shopping area, is spectacular in design and offers the very best in convenience for the Southern California public. Entering round three of the quarter-finals, Billy Myers faces Johnny Havelas. As an added attraction Judy Sakata will be on hand for a special interview with MC Dick Stoeffler.

There's gold in dem that bowling balls—that's the password these days as the Southern California public continues their fabulous search in the greatest of all tournaments, the Golden State Singles Classic. This week, Roy Kunitawa bowling in the "turnout" at Norwalk Bowl picked up a \$500 bond for a 300 game. The bond was presented to Roy on last Saturday's telecast of TV Bowling Tournament.

Senator Kuchel Is GOP Chairman

Senator Thomas H. Kuchel was elected chairman of the California delegation to the Republican National Convention.

Joseph Martin Jr., president of the San Francisco Public Utilities Commission, was named as national committeeman and Patricia R. Hitt, Orange, as national committeewoman.

Other delegation officials are Cecil Canyon, San Marino, vice-chairman; Lucille Hosmer, San Carlos, secretary; Jane Zimmerman, San Francisco, and Marge Acker, San Diego, assistant secretaries; Edward R. Valentine, San Marino, treasurer; Marco Hellman, San Francisco, assistant treasurer; Rep. Glen Lipcomb, Los Angeles, and Ruth N. Watson, Berkeley, members of the convention's resolutions committee; C. Arthur Smith, San Diego, convention credentials committee; Caspar W. Weinberger, San Francisco, rules committee; former Gov. Goodwin J. Knight, for the committee on permanent organization; and Shattuck as an honorary vice-president of the convention.

College Professor Ends Germany Tour

John Brown Mason, professor-elect of political science and government, Orange County State College in Fullerton, has recently returned to the United States after a tour of West Germany upon invitation of the West German government.

Dr. Mason traveled throughout West Germany, also Berlin, studying political and economic conditions. The professor-elect was formerly with the Department of State, United States High Commission, as chief of political affairs in Bonn and as chief of the Frankfurt Civic Affairs division. He also held key posts with the USIA in Germany and Bangkok.

Practical, realistic instruction is a basic part of courses at the Office of Civil and Defense Mobilization's Staff College in Battle Creek, Mich. This scene shows how students learn to meet typical CD problems given them while they simulate emergency duties, which government officials must be trained to perform under attack. Below, a class learns from a 3-dimensional city map how evacuation would be carried out if and when ordered.

\$25,000 DONATION

Chapman College for Physics Unit Irvine Foundation Awards Grant to

The James Irvine Foundation hard to find, but we have begun the search, and with the kind of backing this grant has given us, we are sure that we will bring an experienced and creative teacher to this department."

All of the funds are to be used for capital purposes and will be invested in new equipment and laboratory facilities.

In accepting the grant, Dr. John L. Davis, Chapman president, expressed the college's gratitude for the Foundation's "evidence of confidence in our program and concern for its improvement, especially in the much needed area of the physical sciences."

"We are determined to make this grant the basis for a truly superior program in physics at the College," he said. Well qualified physics teachers are extremely

Over 700 of the west's finest horses will be seen in action in a new arena during the Santa Barbara National Horse Show and Flower Show July 8-16. Over \$23,000 will be awarded for flower prizes.

Tennis Classes Set For Second Session

Registration for second session tennis lessons begins this Saturday, July 16, according to Kay Nelson, Anaheim Park and Recreation tennis coordinator.

Lessons are conducted for third graders through high school, daily Monday through Friday at Pearson Park, Anaheim High School, Western High School and Brookhurst Junior High School.

Class registration will be conducted on each area from 1 p.m. through 3 p.m. Classes begin Monday, July 18. Fee for the three-week session is \$1.

Lancaster celebrates July 4th in unique fashion with a "Stay at Home for the Fourth" program of children's swimming races. Miss Lancaster beauty contest, husbands versus wives softball game, prizes for oldest and youngest and most freckled residents, a dance and fireworks.

Burbank Angler Calls His Shot

Warden Tom Meagher, of the Department of Fish and Game, is still shaking his head over the cocksure optimism that paid off for the July 4 angler who brought the first sport-caught black sea bass of the season into Port Huene.

Marly Boddicker, 311 S. Sparks, Burbank, took off for Port Huene on Sunday night, towing a utility trailer which, he explained to his wife, he would need to haul home the black sea bass he figured on catching. At Huene he explained his need for the trailer to Warden Meagher, before putting out for Anacapa Island aboard the sportfishing boat "Retreat."

When the "Retreat" returned to port, one of the first anglers checked off by Warden Meagher was Boddicker, dragging a 185 1/2-lb. black sea bass—the first and only black sea bass brought into Huene so far this season.

After having the fish weighed, he plunked it into his trailer and hauled it home, just like he said.

Local Lad Admitted To 'Ortho' Hospital

Manuel Apodaca, 10, son of Mr. and Mrs. Ralph P. Apodaca of 7142 Corvino Ave., Anaheim, has been admitted as a patient at Los Angeles Orthopaedic Hospital, it was announced today.

Anaheim is one of the many Southern California communities which sends its handicapped children to Orthopaedic Hospital to become straight and strong.

While the hospital serves private patients no disabled boy or girl through the age of 21 who can benefit from orthopaedic care is refused admission regardless of race, creed, place of residence or ability to pay. Since 1920, more than 75,000 crippled children have been cared for at Orthopaedic Hospital.

Although operational funds are provided Orthopaedic Hospital through such sources as Anaheim United Fund, its capital funds for expansion and new building must be raised through public appeal, officials pointed out.

New 4-Cent Stamp Commemorates 150 Years of Independence for Mexico

The 4-cent commemorative stamp to be released Sept. 16 in Los Angeles, to mark the 150th anniversary of Mexican Independence, will feature the historic bell brought to Mexico City from Dolores, Mexico, where Miguel Hidalgo rang it in his church in his call for independence, according to Acting Postmaster Novel B. James.

This bell is presently located in a niche over the entrance to the Palacio Nacional (National Palace) in Mexico City, and is rung each year by the President of Mexico in impressive ceremonies. It hangs from a cross piece supported by the figures of two infants. Printing of this portion of the stamp will be in a shade of red simulating that used for the Mexican flag.

Across the top, in three lines, is the inscription "Mexican Independence 1810-1960," and at the bottom "Joint Issue Mexico-United States U.S. Postage" in two lines, with the denomination "4c" in larger size at the extreme lower left. All inscriptions are in dark Roman capital letters, and printed in the same green as used on the Mexican flag.

Printings will be on the Glori press, sheet-fed, and perforated by the L-type perforating machine. The stamps will measure 0.88 by 1.44 inches, arranged vertically, and issuance will be in sheets of 50 subjects. An initial printing order for 120 million has been placed.

As noted in the Department's release of May 25, 1960, the design represents the cooperative efforts of Leon Helguera of Mexico and Charles R. Chickering of the U.S. Bureau of Engraving and Printing. The same design, with modifications (30 centavos) will

be utilized by Mexico. The vignette was engraved by Charles A. Brooks and the lettering and numeral by Howard F. Sharpless.

Collectors desiring first-day cancellations of the 4-cent Mexican Independence commemorative stamp may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Los Angeles 52, Calif. A close-fitting enclosure of postal card thickness should be placed in each envelope and the flap either turned in or sealed. Envelopes submitted should be of ordinary letter size and each must be properly addressed. An envelope must not be sent for the return of first-day covers and orders for covers must not include requests for uncanceled stamps.

YOUR LEGISLATOR AT WORK

SENATOR JOHN A. MURDY, JR.
State Senator

YOUR LEGISLATOR - MURDY

A family is, and always will be, the basic unit of our human social structure. Its establishment and preservation is the subject matter of law which has been on the statute books of all nations since the beginning of recorded history. But there are still problems connected with families which require our legislative consideration.

Our present system of aid to needy children is administered by the counties, with supervision and financial support from the state and federal governments. Sharply rising costs and other disturbing factors have brought increasing criticism from local sources. To investigate the situation, the Senate committee on labor and welfare recently held a two-day hearing.

Answering in advance those critics who allege that the program has become a refuge for unwed mothers and their illegitimate offspring, for deserting fathers who let the taxpayers support their children, the department alleged that the hard core of the problem lies in two minority racial groups who have special difficulties with respect to employment and economic status. In these two groups, about 60 of each 100 children have unmarried parents, as compared to 25 out of the 100 children for the remainder of the caseload. One-quarter of these two groups have received aid for more than five years, only one-eighth of the others.

The department said a multi-pronged legislative program to improve the program is being developed for consideration at our 1961 session. In the meantime, intensive activity by county law enforcement officers is keeping criminal violations at a minimum.

Local officers criticized the program severely. One declared that illegitimacy has extended through three generations of a family still receiving children's aid. It was said that the program has failed to weld family units together, which is its stated purpose. The system must be revamped, it was maintained, for the benefit of the needy children who are now reaping a whirlwind of moral deterioration under the existing law. It was even suggested that illegitimate children be removed from their parents and placed in foster homes to assure them better training and education.

Our children are the hope and the wealth of our future. It is certain that we Legislators will do our best to strengthen and improve his law to protect the needy among them.

Young Republicans Hold 3-Day Confab

William Asawa, Wilberts Gamelin, Betty Scott and Phyllis Herman, all of Anaheim, joined more than 150 other Young Republican leaders from throughout California for a three-day campaign strategy session held in Santa Barbara last weekend.

All of California's more than 500 YR clubs were represented at the meet, which headquartered at the new Santa Barbara Inn.

Featured speaker at the conference was George W. Milas, Republican State Central Committee chairman, who told the YR leaders that the final results of the June 7th state primary "clearly indicate the resurgence of Republican strength from top to bottom in the State of California."

Beverage Control Office for County

D. B. Weissel, Long Beach District Supervisor for the State Department of Alcoholic Beverage Control announces the scheduled opening of a branch office in Orange County, effective July 11, 1960. The new office is located at Room 12, 1619 West 17th St., Santa Ana. Phone number Kimberly 2-4741. All transactions with the Department of Alcoholic Beverage Control in Orange County after July 11 will be handled in the new office.

Anaheim Senior Citizen's Club To Co-Sponsor Camping Program

It looks like the kids who got left out of camp this summer will still get another chance at the outdoor fun—thanks to the Senior Citizens Club of Anaheim, a unique club whose only requirement is that members must be 50 years old but seem to average 70 years young.

Youngsters from seven to teenage can share the summer fun now that the Senior Citizens Club have embarked on their newest venture that of co-sponsoring a children's camping program with the Anaheim Park and Recreation Department.

Time to grab your duffel bag and bed roll and pile in the bus for the Big Bear Lake Camp located in the San Bernardino Mountains is July 30 to Aug. 6 for the first session of boys and girls in elementary grades, seven years and older, and Aug. 6 to 13 for boys and girls in grades eight to ten. Registration closes July 15 and the fee is a nominal \$28. Leave it to the "grandparents" to see that the youngsters get a real camp in the mountains with plenty of fishing, boating and swimming with a qualified staff and registered lifeguards. The Seniors, which in itself is

sponsored by the Anaheim Park and Recreation Department, maintains an active and personal interest in its other projects which include a Santa's toy mending and repair shop at 126 W. Charters where members dress dolls and mend toys for the Salvation Army and utilize scraps from the doll clothes to make quilts for the recent earthquake victims in Chile.

On the agenda also are painting and knitting classes. Taking pride in their newest interest, the Senior Citizen Board members have personally planned to visit their camp project. For information concerning the camp or the Senior Citizens club at the Anaheim Park and Recreation Department at KE 3-1321, ext. 85 or 86.

Grandmother Club To Hold July Meet

The Anaheim Grandmothers Club No. 380 will hold their July meeting at La Palma Park, Monday, July 18th, 12:00 noon. This will be a sack lunch to be followed by business meeting with a social hour afterward.

Orange County Lutheran Hospital To Encompass Modern Medical Center

Formal organization meeting of the Orange County Lutheran Hospital Association this week resulted in the election of Rev. Lester Muhl, Olive, president, and Anaheim businessman Clyde Crause, vice president.

Placenta—public accountant Floyd Previtt will serve as treasurer and Rev. Richard G. Schumm, Buena Park, secretary. The hospital association board will govern the affairs of the Martin Luther Hospital until a special hospital board can be organized.

Now under construction at 1201 N. Euclid Ave., Anaheim, the non-profit, inter-denominational, 150-bed hospital is expected to be open early in October.

Adjacent to the hospital, a medical center with space for 70 to 80 doctors will be built. Each doctor will be in his own separate building designed for his special needs and available to him on a lease-purchase basis.

The concept of a one-stop center for all medical needs will further be carried out in the construction on the Euclid frontage of commercial quarters which will house businesses relating to operation of the hospital and doctors' offices. These will include a prescription pharmacy, orthopedic office, uniform and orthopedic shop, flower and gift shop, surgery supply, dental supply, barber and beauty shop and coffee shop.

COME TO THE FAIR—Show chairmen, left to right, Martha Corey and Mary Ann Ridout, discuss the up-coming performance of the Anaheim Chorale with May Tompson, drama director for the musical group. The Chorale are presenting the program Saturday, July 16, in conjunction with the Anaheim Park and Recreation "Under the Stars" summer musical series featured each week at the Anaheim Greek Theater.

HERE AND THERE

By GINNIE BODNER

Mr. and Mrs. Walter E. O'Brien, 2429 N. Redwood Dr., Anaheim, were hosted to a weekend of festivities in celebration of their 25th wedding anniversary.

Dinner and dancing for close friends was held at the Red Hills Tennis Club. Open house was in order the following day. Mrs. O'Brien received guests attired in a pastel blue chiffon cocktail dress, trimmed in lace. She wore a beautiful orchid corsage, a gift from her husband.

A barbecue and swimming party was held in honor of the couple. Mr. and Mrs. O'Brien received many lovely gifts which included a beautiful stereo television and two money trees.

personnel in Orange County a chance to become acquainted with other mothers who have had or now have sons or daughters in the U.S. Navy, Marine Corps or Coast Guard.

The party is open to the public and reservations may be made by calling PR 2-1121 or KE 5-3251.

A new class in contract bridge got underway Monday at the Pool-side Room of Disneyland Hotel. The course consists of eight lessons in the Gomez point court system, designed for those who wish to play better bridge.

In another event of the padres, San Clemente holds the Fiesta la Cristianita July 22-24, a pagant re-enacting the first baptism in California, that of an Indian child by Father Crespi in 1769 near the present-day town.

Navy Mothers Set July Card Benefit

The Anaheim Navy Mothers Club No. 841, will hold a benefit "Dessert Card Party" at the home of Commander Mrs. Audrie Royer, 617 So. Dickel St., Anaheim, on Tuesday, July 26 at 12:30 p.m.

As we are the only Navy Mothers Club in Orange County, we would like to get acquainted with the mothers who have had or now have sons or daughters serving in the Navy, Marine Corps or Coast Guard.

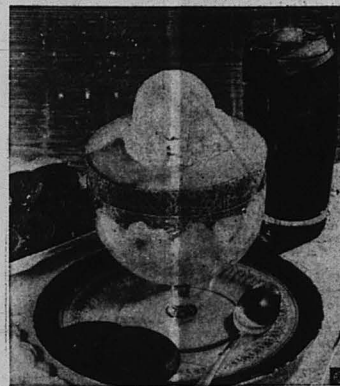

This party is open to the public. Donation \$1.00. Proceeds to be used for Navy personnel.

Make reservations by calling PR 2-1121 or KE 5-3251.

DON'T NEGLECT CUTS

Don't neglect small cuts, blisters, or rashes while on your summer vacation, advises the National Automobile Club. These can be serious.

Refresh With Iced Instant Coffee

In warm weather enjoy the refreshment of iced instant coffee. No need to put the kettle on! Just dissolve instant coffee in tap water, and add ice. Enjoy it between meals and with a summer favorite, such as cantaloupe or a la mode served with delicious cookies, easily made from a cake mix.

To make iced coffee just measure the instant coffee into glasses or a pitcher allowing about one heaping teaspoon of coffee and about 1/4 cup of tap water for each serving. Add a little of the water, stirring to dissolve, then add remaining water gradually. Add ice cubes or pour the coffee over ice cubes or cracked ice. To make the cookies just follow these simple directions:

Sugar Maple Refrigerator Cookies
1 package sugar maple cake mix
2 tablespoons finely chopped candied ginger or 1 egg
1/2 cup butter (at room temperature)
Empty half of cake mix into a large bowl. Add remaining ingredients and blend well. Then add rest of cake mix gradually, blending thoroughly. Form into 2 rolls, 1 inch thick. Chill about an hour. Cut 1/4 inch thick with sharp knife. Bake in moderate oven (375°F) 18 to 20 minutes. Makes 8 dozen cookies.

A New Season Bursts Forth

Warm balmy days... signs of green grass and peeping flowers mean spring is here. It's a delightful time of year... a welcome change after the long dreary days of winter. Appetites, too, are ready for a change!

Surprise your family with a new season treat... CHICKEN PINWHEELS. They'll love the tender rolls of succulent dough filled with chicken and sauced with smooth, golden canned chicken gravy. Here's a perfect menu for a perfect time of year!

Chicken Pinwheels
Green Beans with Silvered Almonds
Fruited Individual Coconut Custard Pies
Coffee

CHICKEN PINWHEELS
1 tablespoon minced onion
1 small clove garlic, minced
1/2 cup (1 1/2 ounces) chicken gravy
1 egg
1 cup finely chopped cooked chicken
Dash salt
Dash pepper
1 cup packaged biscuit mix
1 cup milk
1 tablespoon minced parsley
In skillet, lightly brown onion and garlic in butter; remove from heat and stir in 3 tablespoons gravy, chicken, and seasonings. In bowl, blend biscuit mix, milk, and parsley to form a soft dough; roll out on a lightly floured board to form a rectangle about 14-inch thick. Spread chicken mixture on dough; roll as for a jelly roll; cut into 8 slices. Place slices, cut side down, on a lightly greased cookie sheet. Bake in a very hot oven (450°F) about 15 minutes or until lightly browned. Meanwhile, in saucepan, heat remaining gravy; serve over pinwheels. Makes 8 generous servings.

Growing Plants in Tubs New Fad

Growing plants in tubs is considered a "new fashion" in gardening, although it was popular in Europe a century ago. Nurserymen report that plants in tubs make handsome accents on terraces and patios. They "roll up" doorways, make good screens and enhance foundation plantings. Thanks to their portability, you can create new garden effects in minutes, or move your garden wherever you go—just as you'd do with the living room furniture. They offer the gardener a chance to control moisture, exposure and soil so that he can grow a variety of plants in tubs which wouldn't flourish in the natural environs. And yet another advantage of growing plants in this manner is that they are more attractive at certain times of the year—and can be kept in the background when not at their best.

Tubs of all sizes, along with plants, can be purchased at nurseries. The container must drain well—with holes provided for this purpose and coarse gravel at the bottom of the box. It must be big enough to allow the roots to spread out. One vital point is to use rich soil. A good mixture will include: compost or soil; manure; sand; leaf mold or peat moss. Proportions vary according to plantings, so it's best to consult your C.A.N. nurseryman for precise information.

Most all roses do beautifully in tubs; and with care they can be grown for several years without being repotted. Regular watering and fertilization will help keep plants healthy. Floribunda and tree roses are popular types for growing in containers.

Shrines throughout Orange County will hold a stag party at the Palms Restaurant in Anaheim tonight.

Several outstanding vaudeville acts from Hollywood have been booked for this social event.

Ten thousand Girl Scouts attended the Orange County Fair yesterday, which was designated as Girl Scout Day. All girls wore uniforms for the event. Many of the girls brought picnic lunches while others ate traditional food of fairs... hot dogs and hamburgers.

Friday, July 15, Covenant B'nai B'rith women will service the Pello Clinic at Garden Park General Hospital, 9922 Gilbert St., Anaheim.

Congratulations to Mr. and Mrs. Gaylord Gogensen, 217 E. Clifton, Anaheim, on the birth of their baby daughter.

Tickets to the Anaheim Dodgers Night set for July 23 at the Memorial Coliseum are still available. Dodger seats are \$2.50 apiece and are available at the Chamber of Commerce.

A dessert card party will be held at the home of Mrs. Audrie Royer July 26 to raise funds for U.S. Navy personnel.

The event is sponsored by the Anaheim Navy Mothers Club 841 and will afford mothers of Navy

Begonia Group To Show Color Films

A colored-sound film entitled "Essential Oils of Africa" will be the feature when the Orange County Branch of the American Begonia Society meets for its regular meeting tonight at 7:30 p.m.

The public is invited to attend the meeting held in the Garden Grange Hall at Century Blvd. and Taft Ave. in Garden Grove. This film is a travelogue compiled and commented by Dr. Ernest Guenther, vice-president and technical director of Fritzsche Bros., Inc. of New York. The film shows the growing of various flowers and trees that are used for extraction of various perfumes and flavor oils. These oils are extracted by primitive stills. There are sequences concerning the pygmies, the Watutsi 7-ft. warriors—native miners and their tribal dancers near Johannesburg, the ostrich farm, Victoria Falls, etc. This will be one of the few showings of this film outside the perfume industry. They have been recently taken to England and the Continent by Dr. Guenther and shown before various professional groups there.

Choice plants from Rudolph Ziesenhof will be available on the plant table. Expert advice on begonia and other shade plants will be given by Don Horton and Tony Todaro.

Veterans' Auxiliary Sets Potluck Dinner

Anaheim Barracks 1235, Veterans of World War I and its Auxiliary will hold a potluck dinner and card party on July 20, at the Anaheim American Legion Hall, at about 6:30 p.m.

All veterans of World War I and their families are invited to attend. Also open to the public.

"DANERAMA"

Great Dane Club to Stage Fashion Show and Dinner at Disneyland Hotel

Plans are presently underway for the first annual "Danorama" to take place Aug. 12, in Disneyland Hotel.

The Fashion Show and Dinner to be sponsored by the Great Dane Club of California will be attended by both men and women with accent on lavish decorations and delectable cuisine.

Top flight models will present fashions and a large statue of a Great Dane, made entirely of flowers, will dominate the dining room.

Door prizes will include vacations for two in Las Vegas and Apple Valley, Disneyland tickets and numerous gifts from local stores.

Several club members will join professional models in the showing of fall fashions. Proceeds will benefit the club's Great Dane Rescue Fund. The fund was established to save lost, abandoned and impounded animals and care for their needs until placement in permanent homes.

Mary Grove Elected Convention Delegate

Mary Grove of 427 Sunkist St., Anaheim, is among the delegates of the Midwestern Region, Soroptimist Federation of the Americas, Inc., convening at the Sheraton-Cadillac Hotel in Detroit. The convention theme for the week is "Soroptimists in Orbit."

Miss Grove is president of the Soroptimist Club of Anaheim. Main topic of the convention will be the consideration of preliminary plans for the 50th anniversary of the Soroptimist Federation to be initiated in 1970. Amendments to the by-laws, discussion of policies, and election of officers will be included on the business agenda.

Tickets for the event will be on sale at the door or may be obtained by contacting Mrs. Dwight Allcott, KE 3-1276 or Mrs. Lee Borden.

RADIANT BRIDE

First Christian Church Setting For Lois Mae Casebeer Wedding Rites

Miss Lois Mae Casebeer and Larry Ellis Mattox took their wedding vows July 1 at the First Christian Church in Anaheim.

The bride is the daughter of Rev. and Mrs. Al Casebeer, 312 W. South St., Anaheim. She graduated from Anaheim High School and Orange Coast College.

Her husband is the son of Mr. and Mrs. Guy Mattox of Westminster.

The bride was given in marriage by her father. She was attired in an exquisite organza wedding gown which tapered into a chapel train. The bodice was embroidered lace which was fashioned with a scalloped neckline and long sleeves that reached her wrists.

A crown of seed pearls held her finger tip veil of bridal net in place. The bridal bouquet was white rosebuds surrounding white orchids. Mrs. Bob Pickard of Garden Grove was matron of honor. Miss Janet Leach, Miss Linda Agren and Mrs. Jerry Sanders, all of Anaheim, were bridesmaids. James Goode of Anaheim was best man.

The bride's mother selected a silver-gray lace jacket and dress ensemble for this memorable occasion.

Mrs. Mattox appeared in a light blue silk sheath with matching shoes and gloves. Her attire was complemented with white pearls, a mother-of-pearl purse and a white orchid corsage.

The young couple honeymooned to Northern California. The new Mrs. Mattox chose a beige silk jacket dress with beige gloves and hat plus melon shoes and purse.

Summer Mulching Protects Shrubs From Sun's Rays

In the summertime, there are many shrubs in your garden which depend upon you to give them a mulch to protect them from old sun's rays. The California Association of Nurserymen explains that a mulch is any loose material used to cover the soil for protection against extremes in weather. It also supplies additional nutrients to the soil; as well as aids in controlling weeds.

Hibiscus, hydrangeas, fuchsias and Princess Flower are but a quartet of the many summer blooming shrubs which will thank you for "air conditioning" their bases with a mulch. It will keep the roots of these shrubs comfortably cool, while the tops bask in the filtered or full sunshine needed to promote best blooms.

The rose garden is another area which will benefit from summer mulching. Its chief value where roses are concerned is in conserving water and controlling weeds. Peat moss makes an ideal mulch for roses as well as for many other plants, as it looks well, is easy to apply, stays in place, and improves the soil as it decomposes—incorporating with it.

"Small-Fry Special"

Sunny Graham Stacks On Sticks

Good fun to make and yummy to eat! That's the story of "Sunny Graham Stacks on Sticks," a special summertime treat for all the small fry in the family. This new easy-to-do dessert is a crunchy sugar honey graham crackers and thin slices of vanilla ice cream, dunked in melted chocolate—is so simple that even the youngest cook in the house can make it with just a tiny bit of help from Mother. Wonderful idea for birthday parties or hot summer afternoons! Here's how:

Sunny Graham Stacks on Sticks
24 1/2-ounce Sunshine Sugar Honey Graham Crackers
1 pint (square) vanilla ice cream
2 square unsweetened chocolate
8 wooden skewers

Break crackers sections apart. Count out 22 of the sections and set aside. Crush remaining crackers into crumbs. Slice ice cream into 12 thin slices; then cut each slice in half, making thin ice cream slices about the shape of the cracker sections. For each stack, put together four of the crackers and three slices of ice cream, alternating, with one cracker on the bottom and one on top of the stack. Press together gently. Insert a skewer well into one end of the center slice of ice cream of each stack. Place in freezer. Melt unsweetened chocolate squares in top of a double boiler over boiling water. Hold each stick by the skewer, quickly dip it into the melted chocolate, coating it about one inch up from the bottom. Roll the chocolate coated end in the crumbs. Freeze until chocolate is firm (about 5 minutes). To store for several days, wrap each stick in moisture-proof freezer paper and keep frozen. Makes 8 "stacks on sticks."

Gala Starlight Benefit Concert Is Planned in Popular Irvine Bowl

Civic and cultural leaders of Orange County have announced plans for the Gala Starlight Benefit concert scheduled for Saturday evening, August 27, in the Irvine Bowl at Laguna Beach.

Harry Farberman, musical director of the Redlands Bowl season and associate conductor of the St. Louis Symphony, will be the guest conductor of the Summer Festival Symphony of Orange County, which, with distinguished soloists will present the benefit concert. Eugene Ober, conductor of the Anaheim Symphony Orchestra, which is collaborating with the festival Symphony, will appear as conductor, opening the program. The Acting in his behalf, Mrs. The Kling Sun, president of the Anaheim Symphony, welcomed Mr. Farberman, at a recent luncheon.

Farberman has a distinguished record as a musician, becoming famous as a violin virtuoso, touring this country, Europe and South America. He was acclaimed in his tours as conductor of the Farberman Sinfonietta, before accepting his post in St. Louis, which he has held for eight years.

The Laguna Day Nursery, a non-profit corporation, with the Anaheim Symphony Association, benefits from the significant musical evening.

Two brilliant soloists, Marilyn Horne, soprano who returned July 1st from triumphs in Salzburg, Vienna and other European centers and Edith Schuller, pianist, will be outstanding solo features of the starlight event. Miss Horne will also be the soloist in the Hollywood Bowl, July 19.

C. Robert Hubbard, who recently came to Orange County as the owner of the Rankin Stores in Santa Ana and Fullerton, and who was president of the Albuquerque Symphony Assn. was appointed general chairman of the Starlight Concert.

Villagers Club Fetes Recreational Night

The Villagers Woman's Club of Anaheim sponsored "Red Garder Night" last night.

A Western playlet titled "Incident at Three Rocks," written by Brando Averi of Orange, highlighted the evening's entertainment. Several skits were enacted, following by community singing.

Ladybugs do not die at the end of the season as many other insects do, but hibernate for the winter, according to the National Automobile Club.

Nursing Review Slated By OCC

Working with local hospitals in an effort to relieve the nursing shortage, Orange Coast College will offer a nursing review course for registered nurses in September. The course will give registered nurses who have been inactive or who are from other states an opportunity to review their nursing skills and learn the latest developments in nursing medicine.

Mrs. Jessie Watson of the OCC professional nursing facility will teach the course which will be offered on Mondays, Sept. 12 thru Jan. 23 from 7 to 10 p.m.

The course will include lecture, demonstration and discussion on new methods and procedures, new equipment, new drugs, nursing trends and legal aspects.

During the last 15 weeks of the course, each student will schedule a minimum of four hours per week of nursing practice in a hospital of her choice. Supervision for this clinical experience will be offered by the hospitals. Each trainee will be assigned to Orange County Hospital for training in the rehabilitation center.

Nurses enrolling in the course must be licensed registered nurses in California or another state. For nurses licensed in other states, a temporary RN license must be secured.

Temple Beth Shalom To Honor Newcomers

On Friday evening, July 15th, at 9 p.m., Temple Beth Shalom of Orange County will honor new residents of the County at a special Sabbath Service at the Temple, 206 E. Eighth St. Special letters of invitation are being sent to unaffiliated families throughout the County.

Temple Beth Shalom, which is planning construction of a new edifice at Tustin Ave. and Fairhaven in the Tustin area, has also scheduled a new membership drive under the direction of Morris Shute of Fullerton, first vice president of the Temple.

At services on July 15th, Rabbi Morton C. Pierman, spiritual leader of the congregation will devote his sermon to explaining the religious, cultural, educational and social activities of the congregation.

Following the service a reception honoring the invited guests will be held in the Temple Annex.

Funds Okayed for Santa Ana College Science Building

Authorization has been given for a \$300,000 physical science building by Santa Ana College trustees, to be completed before the start of the spring semester, 1982. It was announced by Dr. John E. Johnson, SAC president.

Reconstruction also is underway on expanded facilities in the botany building and providing an entire building for the Adult Education department offices.

Construction is near completion on a new wing of the Student Center, providing expanded facilities for the book store, snack shop and business offices. The original building was designed a dozen years ago when the college had less than 500 students, soon will be enabled to adequately serve the student needs of more than 2000 students expected to enroll in September.

SA College Offers New Fall Program

Start of fall semester classes at Santa Ana College next Sept. 12 will bring addition of small business, German, physics, education and psychology courses in an expanded evening program.

Dean K. N. Griffin said the extended day curriculum will be boosted from 66 to 90 classes to keep pace with a rapid growth of enrollment for persons employed during the day.

There will be an emphasis on a broad group of management, supervision and business classes, including psychology for supervisors, organization and management, labor-management relation, small business management, accounting, advertising-selling, introduction to marketing, business law, business organization.

Fall classes start Monday, Sept. 12 with counseling and registration beginning in August for new students. Counseling appointments can be arranged by telephone, KI 2-7226 in late July.

El Paso, Texas, has the distinction of being the only border city with three international bridges and four international border crossings within its city limits, reports the National Automobile Club.

Local Girl Wed in Impressive Rites

Nancy Rose Ruchumok and Michael Fredrick Warner were united in marriage at St. Justin Martyr Church.

Tail baskets of white gladioli and stock provided a lovely setting for the double ring ceremony which was witnessed by 100 relatives and friends.

The bride is the daughter of Mr. and Mrs. Stephen Ruchumok of 9751 Santa Ana Ave., Anaheim. She graduated from Anaheim Union High School and attended Orange Coast College. She is presently employed by the Selectronics Co. in Anaheim.

Her husband is the son of Mr. and Mrs. Charles F. Warner of Garden Grove.

The bride was given in marriage by her father. She was radiantly lovely in her beautifully tiered gown of silk organza and re-embrided Alencon lace. The neckline was daintily scalloped with pearls and rhinestones.

She carried a beautiful bouquet of a dozen white roses tied with

Local Youth To Enter Cal-Poly

POMONA — Ricki Val Lichtenwaller, son of Mr. and Mrs. Lloyd M. Lichtenwaller, 1411 Birchmont, Anaheim, has been accepted as a freshman agriculture business major at the Kellogg campus of California State Polytechnic College, school officials have reported.

Rickie graduated from Anaheim Union High this spring, and he will enter Cal Poly for the fall quarter beginning September 19. His first week will consist of orientation activities, tests, physical examination, and registration. Decorated streamers floating from the bouquet.

She wore a magnificent dainty silver necklace with a natural pearl in the center. This was a gift from the bridegroom.

The couple left for a honeymoon at Carmel.

MARINELAND, CALIF.—Bubbles the whale is introduced to "Smokey Bear" by William F. Monahan, vice president and general manager of Marineland, and the big ocean animal wishes the forest service mascot "good luck" in the campaign to remind people to guard against mountain blazes in the coming dry season.

Anaheim Optimists Hold Installation

The members of the Optimist Club of Anaheim and their wives held their installation dinner and program Sat. June 25. The enjoyable affair, held at Cape Cod restaurant on Harbor Blvd., was for the purpose to install the new officers for both clubs, Optimist and Opti-Mrs. for 1960-61.

The MC for the evening was capably handled by Past President Robert Martin. He in turn introduced Verg Pontious as installing of the men and Mrs. J. Slater, Past President of Opti-Mrs. as installing the Opti-Mrs.

Taking over the duties as president was Robert Gallagher who served as first vice president the past year having worked up from secretary-treasurer, Boys Work,

then second vice president. The other officers, Gus Combs, first vice president; Robert Schooler, second vice president; William Cochran, secretary-treasurer for second year; Richard Slater, Boys Work chairman; Don May, publicity and Bulletin; Harold J. Botts, retiring president, will be safety bicycle chairman. The new board of directors are Cliff Elliott, Walter Gooden, Robert Martin, Joe Nitti, Robert Morton, Frank Smouse, Richard Slater, Hermon Smouse, and Martin McDaniels as sergeant-at-arms.

Peak Enrollment At Summer Session

Unprecedented response to evening summer session offerings at Santa Ana College has brought an enrollment of 1106 college-credit classes and 728 in Adult Education high school courses, topping by far all previous summer records.

Dean K. N. Griffith of the college summer session disclosed that virtually all of the 32 courses were full to capacity, with a high percentage of better students taking advantage of the eight-week session to fulfill required subjects and obtain electives. Among the students were Kyla Lyon of Occidental College and Joel Vandezande, of Redlands University, who ranked first and second in the 1959 graduating class.

Other groups represented in the enrollment are teachers seeking enrichment units, adults of varying ages preparing for miscellaneous careers, students making up deficiencies and El Toro Marines and other military personnel.

News About Our Service Men

GREAT LAKES, ILL. (FHTNC) Norman A. Nance, seaman apprentice, USN, son of Mr. and Mrs. Neal A. Nance of 3139 W. Tyler Ave., Anaheim, graduated from the Optical and Instrument School at the Naval Training Center, Great Lakes, Ill., on June 24.

The school trains students in the repair and upkeep of navigational instruments, night vision goggles, rangefinders, and submarine periscopes.

SAN DIEGO (FHTNC) — Richard L. Prater, fireman, USN, son of Mr. and Mrs. Norman L. Prater of 8882 Siesta Dr., Anaheim, is helping to prolong the life of a victim of aplastic anemia while serving aboard the anti-submarine warfare aircraft carrier USS Bennington operating out of San Diego.

The crew of the aircraft carrier learned that a Mrs. Verna Merritt, stricken with the ailment, required continuous transfusions of whole blood. The wife of Convair employee, Mr. David Merritt, she has been through more than 500 transfusions in five years and has wiped out the family's savings, leaving them in debt by 1000 points to the San Diego Blood Bank.

Mrs. Merritt was "adopted" by the Bennington sailors who organized "Voyage for Verna" to supply her with whole blood for the rest of her life.

CAMP PENDLETON, Calif. Marines Pvt. Terry L. Smith, son of Mr. and Mrs. Max H. Smith of 425-F N. Magnolia; Pvt. John A. Fusco, son of Mr. and Mrs. Albert J. Fusco of 1704 S. V. Ave., and Pvt. George A. Rice, Jr., son of Mr. and Mrs. G. A. Rice of 951 Keystone, all of Anaheim, departed San Diego, June 21, aboard the attack transport USS Enrico with a displacement battalion of First Division Marines bound for duty on Okinawa.

QUANTICO, VA. (FHTNC) — One of 187 warrant officers who graduated June 23, from a ten-week course of instruction as company grade officers at Basic School, Marine Corps Schools, Quantico, Va., was Marine Warrant Officer Allyn A. Humphreys, son of Mr. and Mrs. Ben Utz of 540 S. East St., Anaheim. He attended Compton Junior College.

MEDITERRANEAN (FHTNC) — Sherman A. Rives, electronics technician second class, USN, son of Mr. and Mrs. Anton J. Rives of 551 Lexington Pl., Anaheim, is serving aboard the guided missile destroyer USS Gyatt operating with the U. S. Sixth Fleet in the Mediterranean.

Voice Studio Holds Recital at Chapel

The Albert M. Cranston Voice Studios presented the following voice students at Melrose Abbey Chapel last Sunday: Florence Barraga, Lori Cranston, Diane Drake, Janie Hitt, Teri Johnson, Carolyn Laver, Linda La Marinal, Betty Meeder and Denise Trofianto. They were assisted by William Gould, organist; Linda Blake and Esther Haddad, accompanists. Special numbers included "With Love In My Heart," "Brahms Lullaby" and "Ave Maria."

BOOKS In Review

Weekly book listings presented by the Anaheim Public Library, 241 S. Los Angeles St., Anaheim.

FICTION

THE AFFAIR by C. P. Snow. A story about mixed up human emotions and about a young scientist who is the victim of the machine and is dismissed from his college fellowship on the charge of faking a scientific item in a photograph.

THE FEAR MAKERS by Wilfrid Schilling. A rather startling novel about a young anti-Nazi who is prosecuted by former Nazis who seem to have gained positions of power in the Germany of today.

NON-FICTION

ARTHRITIS AND YOU by James Brooke. Complete guide for laymen about this crippling disease, what it is, the kinds there are, what can be done about them in light of today's knowledge.

CARP AND REPAIR OF YOUR OUTBOARD MOTOR by Hank Bowman. A very good troubleshooting manual for the outboard motor enthusiasts who want to work through all maintenance routine step by step.

COMPLETE BOOK OF HOME FREEZING by Hazel Meyer. Preparing and wrapping dairy products, vegetables, meats, for home freezing. Contains recipes used in home freezing.

COMPLETE BOOK OF OUTBOARD CRUISING by Robert Scharf. Equipment in your cruiser, rescue at sea, how to conduct a cruise, navigation, buoy markings, charting, engine maintenance.

FLAGS OF THE U.S.A. by David Engenberger. Colored plates of all the great historic flags, flag code and customs, background material on how these flags came to be historic.

HOW TO RUN A SUCCESSFUL INVESTMENT CLUB by Raymond Trigger. How to set up an investment club; how to keep it going; includes a history of one investment club and how it operated.

TENSION'S CAN BE REDUCED TO NUISANCES by Edmund Bergler. Has a list of techniques on how to handle tensions, depressions. Written in fairly easy language for the layman.

UNDERCOVER TEACHER by George N. Allen. A newspaperman becomes a teacher in order to get the view from the inside about what takes place day by day in the lives of teachers, pupils, administrators. Very good reading.

Education Defined In Baha'i Writings

An interesting quotation on education from the Baha'i writings, states Robert C. Moore, press representative for the Baha'i Spiritual Assembly of Anaheim, as follows: "Education is of three kinds: material, human, and spiritual. Material education is concerned with the progress and development of the body, through gaining its sustenance, its material comfort and ease. This education is common to animals and man. Human education signifies civilization and progress; that is to say, government, administration, charitable works, trade, arts, and handicrafts, sciences, great inventions and discoveries of physical laws, which are the activities essential to man as distinguished from the animal. Divine education is that of the Kingdom of God; it consists in acquiring divine perfections, and this is true education; for in this estate man becomes the center of divine appearance, the manifestation of the words, 'Let us make man in our image and after our likeness.' This is the supreme goal of the world of humanity."

Adult Swim Classes Conducted in Area

Registration is still open for Monday and Tuesday evening adult swimming lessons at Western and Anaheim high school pools. Lessons start at 7 p.m. and run through 9 p.m.

Beginner and intermediate swimming lessons are conducted by certified American Red Cross water safety instructors. Fee for the five-week session is \$3.

Registration is taken at both Anaheim and Western high schools on Monday or Tuesday evenings before the classes begin. Persons must be 18 years or older.

"How to Succeed"

By PASTOR WAYNE R. DAVIDSON

Failure! Our world today is filled with sounds and signs of failure. The minister is constantly reminded of personal failure in his daily counseling program. The nation's press is filled with stories of our failure at home and abroad.

We are history's richest nation and have given more to other peoples than any other nation on earth, closer yet we have not made friends. Failure! With a standard of living that is the envy of the whole world we have the highest crime rate, one of the highest divorce rates and are among the highest in the incidence of mental illness. Failure!

Thousands are asking, "What's wrong?" We seem to be drifting toward the brink. We have lost our aims and goals. We are lacking in purpose as individuals and as a nation. For the individual and consequently for the nation how can we become the success in life we want to be?

I think that there are rules or principles we must learn and follow if we are to succeed. This list may not be complete, but it is a starting point. And these simple rules will help any person toward a more successful life.

ONE: Learn the formula for success! It is simply: Desire plus Belief minus Doubt equals Success. DESIRE. Here is the point of beginning for anything worthwhile. You must WANT to succeed! And the more you want anything, the more likely it is that you will succeed.

BELIEF. Few if any ever succeed without some sort of faith. Man has great desires, but he does not have any faith in their ability to accomplish those goals. Hard work, as vital as it is to success, cannot take the place of a simple faith in one's person and one's goals and desires. If you believe that you can do it, you will come a thousand miles closer to the target than the person who labors without faith.

DOUBT. Here is the robber that sneaks in and ruins many a march toward success. Just a hint of doubt can destroy your faith and cheat you out of the goal. A man I know was on the pinnacle of success. The world was at his feet. Then he began to doubt his ability, his religion and his purposes. In less than a year he was a failure.

TWO: Discipline. St. Paul said in Romans 6:12 and 13, "Let not sin therefore reign in your mortal body, that you should obey it in the lusts thereof."

"The family that prays together stays together" This message sponsored by the following leading Orange County firms.

B4-Anaheim Gazette (Anaheim, Thursday, July 14, 1960)

Hi-Y Members Present \$200 Check To Local YMCA Building Fund Campaign

With a prediction of victory in the North Orange County YMCA Building Fund Drive, Chairman Joe Johnson accepted a check for \$200 from Hi-Y members today.

Dan Gibbs, president of the Inter-Club Hi-Y Council for the entire North Orange County district, presented the check to Johnson on behalf of the more than 100 high school youths.

Johnson explained that subscriptions now exceed \$201,785 in the drive for \$350,000 to "Build a Home" for the YMCA.

He said there are still more than 3,000 subscriptions as yet unreported. Figuring on the basis of the number of cards in, the drive could well exceed the goal by the July 14th deadline.

"There are now nearly 1,000 so-

lutions with uncompleted subscription cards," Johnson declared. "When these cards are in, we will be over the top, judging from past indications," he said. "We must have all cards in by July 14th, now set as an absolute deadline," he said.

Body Torque

Watch out for body torque when you are driving in an inside lane on a busy highway, warns the National Automobile Club.

If a driver coming toward you in the other inside lane has come to a sudden stop, his throwing his weight on the brake pedal will tend to make him twist his steering wheel so that his car veers into your lane.

How Green is Your Thumb?

TEST YOUR GARDENING KNOWLEDGE ON THESE SIX QUESTIONS PREPARED BY THE MAKERS OF "EVEREADY" ROSE DUST.

1. DAWN IS THE BEST TIME TO SELECT ROSES FOR INDOOR USE... TRUE OR FALSE?
2. ROSE DISEASES ARE BETTER CONTROLLED BY SPRAYING JUST BEFORE RAIN... TRUE OR FALSE?
3. TRUE BULBS ARE GREATLY ENLARGED BUDS... TRUE OR FALSE?
4. MULCHES ARE USED ON ROSES IN WINTER TO DISCOURAGE INSECTS... TRUE OR FALSE?
5. WHEN CUTTING BACK ROSES IN SPRING, CUT THE WEAKER STEMS BACK MORE THAN THE STRONG ONES... TRUE OR FALSE?
6. CHEMICAL WEEDKILLERS ARE USUALLY SPRAYED OVER ENTIRE AREA... TRUE OR FALSE?

Geraniums Give Color Splash To Calif. Gardens

Showiest of the many fine show-otis in California gardens are geraniums. Can you think of any other family that makes a bigger splash in the sea of color that Californians grow? Or, over a longer period and with less trouble to the gardener?

The common Zonal Geraniums, so named for the varied zones of light and dark in their leaf patterns, are journeymen of color bearers and have been so for generations of Californians. The testimony to their usefulness has come in recent years with the development of new and better varieties in which the color has tended to be softened... better for blending in the landscape.

These zonals are easiest of all the geraniums to grow. Small plants set out this spring from nursery pots will give good growth and bloom this summer. And after cutting back each winter, they will continue blooming for years.

Zonals are favorite pot plants, too. Buy them in pots from your local member of the California Association of Nurserymen and keep some of them in pots for color on decks. As the plants grow they

African Violets Ideal House Plant

Although the African violet was first commercially developed about 1923 in Los Angeles, it has spread in fame and popularity until today it's recognized as the most popular house plant from coast to coast. Any gardener who has been bitten by the "violet bug" can tell you why growing these plants is such a rewarding hobby. Their flowers come in white or variegated as well as many shades of purple, pink; and their fuzzy, heart-shaped leaves grow in rosettes. New developments are constantly being offered. Prepared potting soil mixes are available at nurseries.

could be potted-on to larger pots for continued growth and added bloom.

Most delicate and most varied in color—are Martha Washington Geraniums. Botanically, all geraniums mentioned here are in the Pelargonium family, but common usage has given the name Martha Washington geraniums alone.

Their delicate blooms are marked by the deeper shadings in the throat. And their bloom, while not as long as zonals and geraniums, is nonetheless long enough for a fine show of color in late spring and early summer.

Clobber Weeds Early

Here's a tip on clobbering weeds in new lawns. After you've prepared the seed bed—just before you get ready to broadcast the seed—water heavily and leave the future lawn site alone for about ten days to two weeks. During this warm weather you can expect weed seeds to germinate fast.

Then is the time to hit them with the weed-killing sprays so that they can be knocked out before they have a chance to come up in the lawn. Wait another week—and then sow your seed.

This lets your brand new lawn off to a good weed-free start. Much easier than getting down on your prayer bones and pulling out pesky dandelions and others of this ilk by hand.

Mulberry Provides Nice Shade Trees

Now that summer is here, you may find that you could use another shade tree for greater comfort in the garden. Mulberry is fine for rapid growth in producing nice shade. Its rich, shiny leaves (with no messy fruit) offer a welcome respite from the sun. One of the dressy, unusual eucalyptus such as the dollar-leaf variety is also an excellent shade-producer. Check your nursery for these and many other shade trees which will spend their boughs to make your summertime outdoor living more enjoyable.

Spectacular Home Exhibit Slated at LA County Fair

Plans are being completed for the first annual "Greatest Homes on Earth" show, a spectacular \$100,000 exhibit of Southern California tract and custom homes along with the world's most famous homes such as the White House, Buckingham Palace, the Taj Mahal and the homes of motion picture stars which will be a feature attraction of the Los Angeles County Fair, Sept. 16 through Oct. 2.

Occupying an entire 23,400 square foot building, the exhibit of homes available in the Southland will be one of the largest ever displayed at the Fair. It will be sponsored by the Building Contractors Association of California with the cooperation of the Southern California and Southern Counties Gas Companies.

Fair visitors will have an opportunity to compare the comfort and livability of homes in all price ranges currently available in Southern California with the world's famed homes. Don N. Schneider, B.C.A. president, disclosed.

"Most people will be agreeably surprised to find that modestly priced homes here are more comfortable and have greater conveniences than do many of the famous homes," he said. "They do not realize the exceptional construction value and the advances in design, construction and facilities that are contained in Southern California homes."

A series of special events will be scheduled for the stage area of the building and newest models of appliances will be shown.

Individual displays of custom and tract homes being offered by

builders in all price ranges and in all areas of Southern California will be keyed to a huge map with the locations of the home indicated. A telephone will be mounted at each building display corresponding to the home locations on the map which the visitor may pick up to hear a full description of the homes he is interested in.

At designated times daily during the 17-day fair, live demonstrations of interior decorating, landscaping, kitchen planning, cooking, fashion shows of clothing for living and entertaining at home, and other subjects of interest to present and prospective home owners will be presented.

Each home exhibit will feature a large colored and brilliantly lighted reproduction of the home as well as drawings and photographs of rooms and a complete account of the features, financing and other particulars.

Gardener's Check List

By the California Association of Nurserymen

1. A good list of vegetables can be planted now for fall, many of them as easy-to-transplant seedlings from nursery flats.
2. Give Azaleas and Camellias another feeding of acid food if it has been over a month since the last feeding.
3. How often should you spray roses? For mildew, before it shows up—for aphids and other pests, the day they do, say most nurserymen. Some rosarians follow a weekly spray program.
4. Begonias are shade plants, but don't overdo it. Deep, dense shade makes for spindly, lack-luster plants that often drop their buds.
5. Spiking a shabby and compacted lawn usually makes all the difference. And spiking is easiest with modern equipment. Ask your nurseryman about it.

W. A. FURUGLUTI, President

Mrs. C. H. Burns, Jr., Southern California housewife

"This is the only home I've ever really been comfortable in," Mrs. Burns told us. "We're most thrilled with it."

The enthusiasm at the Burns' home begins with the electric radiant heat. It warms the whole house evenly, from "head to toe." No drafts. So quietly, they never know it's on. So cleanly, too.

You couldn't pay Mrs. Burns to change from flameless electric cooking. Pots and pans stay cleaner, pastel kitchen stays brighter. Mr. Burns says the food tastes better.

Since they've moved into their all-electric Medallion home, Mrs. Burns believes the whole family has enjoyed better health. And like the Burns

family, you, too, can enjoy truly modern living if the home you buy has won the Medallion Award.

Only one new home in five qualifies for the Medallion—an award which assures you:

1. All-electric kitchen equipped with major electric appliances, including range and oven.
2. Housepower wiring to make modern electric living possible.
3. Light for Living—lots of light for comfort, safety and beauty.

ON THE GO with DORIS

Anaheim Gazette-B5 (Anaheim, Thursday, July 14, 1961)

The PARISCENE in Orange County is the spot... Here, you will consistently be given shows in the Las Vegas style... The SALMAS BROS. are appearing nicely. If you haven't caught their act, you're missing something... If you have, then I know you will go back... Check the ANAHEIM BOWL regularly as they are planning sensational acts that you won't want to miss... The ANAHEIM BOWL also has three of the most beautiful and best equipped banquet rooms in this area. Don't forget if you or your organization are planning a get-together...

A favorite dining-out place of mine is VICTOR HUGO on Broadway in Long Beach... This restaurant has splendid fine food (inexpensive), outstanding service, and Keith Carver at the piano... Keith has a marvelous personality as well as being an excellent entertainer... So the singer, pianist, song writer this latest is "Film Flam," now on the juke boxes, also actor, etc... One of my favorite dinners at VICTOR HUGO is Beef Stroganoff with rice pilaf, and mixed green salad, garlic bread and beverage for that low price of \$2.75. You will be amazed at their low, low prices... Your expert host is Lou Furst...

Have you dined at Frank Bilas' KETTLE RESTAURANT in Anaheim on Anaheim yet? Why not? The food is great (that is why this is a favorite eating place both for lunches and dinners... Tony Bright at the piano, organ and vibes is something to listen to... This fellow has talent... Take your best gal or guy... Dine to lifting music, just the right touch... Yes... One of the top entertainment

IN THE DAYS OF LONG AGO

From the Files of
The Anaheim Gazette
By MRS. HENRY KUCHEL

63 YEARS AGO
May 13, 1887

Placards have been tacked up about town by Marshal Steadman warning bicycle riders that they must observe the provisions of the city ordinance imposing a fine of not less than \$10 for riding bicycles on the sidewalks. Many complaints have been brought to the authorities of late of this nuisance and it is time it should be abated. Pedestrians have some rights and bicyclists must keep off the sidewalks or they will be arrested and punished.

County surveyor Kellogg has completed a survey of the picnic grounds at Santiago canyon recently donated to the county by James Irvine. The grounds comprise 160 acres and include the most picturesque picnic grounds in Southern California. The supervisors may appoint a keeper for the grounds at a nominal salary later on.

Senora Dona Ygnacia de Gallardo, a well-known Santa Barbara vocalist, was the guest during the week of Mr. and Mrs. Theodore Rimpau. The current number of Pacific Town Talk, a literary and musical journal of San Francisco, contains a photograph of the lady, together with a very flattering mention of her musical abilities.

Mrs. John Hartung entertained a number of friends at "Hearts" last Tuesday afternoon at her home on Broadway in honor of Miss Delmas, of San Jose, who is her guest. The parlors were decorated with a profusion of sweet peas and carnations. At the conclusion of the game refreshments were served. Prizes were awarded the following young ladies. The first prize, a handsome bon-bon box, fell to Miss Jessie Melrose, the second a Japanese handkerchief box, to Miss Zelma Bailey, and the consolation, a dainty pin tray, to Miss Winifred Melrose.

William Crowther returned on Monday evening from attendance upon the grand lodge of the Legion of Honor, which convened in San Francisco.

Mrs. L. E. Ledger and young son of Los Angeles, visited with relatives and friends in town last week, the guest of Mrs. Lloyd Bailey.

Mr. and Mrs. Paul Derge leave on Monday next for a visit with Mr. Derge's parents in Wisconsin. They will visit in Chicago and other places of interest and will be absent a month or six weeks.

Montgomery Hamilton, of Santa Ana, a nephew of Victor Montgomery of Santa Ana was drowned while bathing in the lake near

Laguna on Sunday afternoon. He was 19 years of age.

Billy Conolly has purchased the backsmithing business of John Gardiner at Fullerton and will hereafter be a resident of that flourishing burg.

Mrs. Wm Konig returned on Sunday from Los Angeles where she has been for some weeks past undergoing treatment for a sprained ankle sustained while learning to ride a bicycle.

Miss Marie Skinner and Cyrene McCormick drove down from Alhambra on Monday to make a short visit to the family of L. F. Lewis.

63 YEARS AGO
May 6, 1887

Rev. James Stone was installed as permanent pastor of the Presbyterian church on Tuesday evening in an impressive and long to be remembered service. Rev. Hopkins of Santa Ana conducted the exercises and preached an impressive sermon. Rev. Parker of Orange delivered the charge to the pastor, and Rev. Campbell of Los Angeles delivered the charge to the people.

Otis Skinner and wife (the former Miss Maud Durbin) were in Anaheim Monday, visiting friends. Mr. and Mrs. Skinner are the guests of Madame Modjeska and Count Boreta at Arden, Modjeska's mountain home in the Santiago canyon where they are enjoying a short vacation after the arduous but successful theatrical season.

The young ladies' social club was entertained delightfully by the Misses Zejn on Saturday afternoon. The parlor was handsomely decorated with Duchesse roses and ferns. A game of progressive euchre engaged the attention of the young ladies during the afternoon. The first prize, a pearl and silver paper knife, was awarded to Miss Winifred Melrose. The second, a silver letter opener, fell to Mrs. Laura Roller. Refreshments were served after the game.

The eagle eye of the reporter caught a glimpse of Chet Holcomb riding on Sunday with one of Anaheim's fair daughters. A little bird whispers to us something about Chet, that that's all right—the public "don't need" to know what it is.

William Crowther left on Tuesday from San Francisco to attend the grand lodge of the Legion of Honor. He informs us he will pay a visit to British Columbia before his return, and will incidentally pay a visit to our old friend Harry Gray while in San Francisco.

Henry Westenfeld, Herman Backs and Henry Knapke visited China over Sunday. Everything is fine over there and the sugar factory people look forward to a six months run of the sugar mill.

William and Samuel Hill are making preparations to begin the heading season in the La Habra valley and elsewhere. The season will begin about the 15th.

Dr. F. H. Houck, a young dentist from southern Oregon, a cousin of C. O. Rust, is in town with a view to locating permanently and opening an office.

Mrs. Lionel Browning was down from Los Angeles visiting with friends and relatives in town during the week.

Linn L. Shaw of the Santa Ana Herald has mortgaged his printing plant to George F. Hogle for the sum of \$2000.

Harrison Yarnell and Josh Parker were over from Orange on Friday afternoon visiting with Druggist Derge, brother-in-law of the former gentleman.
