ity who is not. Just take notice of maps published and you will soon see we do not get proper recognition with the outside world.

Increase our taxes? Yes of course it will, but surely we will not allow a few extra dollars to interfere with our public spirit and our city's best good.

Then again, I am a booster for better churches in Anaheim. Some of our churches are a shame and a disgrace to the Christian spirit of our community.

Some of the workers who are at this time working for a new Methodist church have told me of a few little souls in Anaheim who are groping about in darkness. What if we do need a new church. Shame on such a one, they had better go over to the hills and take a Rip Van Winkle sleep and come back in 30 years and see how we can do things without them.

The most of us live in comfortable homes and surely we want the Lord, the bountiful giver of all, to have as good as we.

Last summer an out-of-town speaker, (who lives in our own county) said after making a tour of the Anaheim churches "Well, if I was a member of the Anaheim Methodist church or of the church I would worship out of doors rather than worship in such places." So let's rise up in our Christian dignity and boost for new churches in Anaheim or anywhere else that will put our little city in their rightful place—among the leading cities of Southern California.

Yours for a better Anaheim.

EXPERT WILL HELP ON INCOME BLANKS

If you are one of those fortunate enough to live in the Anaheim Front Belt where the only worry you have from one year's end to another is how to fill out one of these damned income tax blanks, you'd better plan to attend the regular monthly meeting of the Anaheim Front Belt.

Some of the workers who are at this time working for a new Methodist church have told me of a few little souls in Anaheim who are groping about in darkness. What if we do need a new church. Shame on such a one, they had better go over to the hills and take a Rip Van Winkle sleep and come back in 30 years and see how we can do things without them.

RETURN TO YORBA LINDA FROM OHIO

YORBA LINDA, Feb. 28.—Special.—Mr. and Mrs. Geo. Caulkins who have been spending several months at their old home in Ohio, returned to Yorba Linda during the past week.

The government registration of children will take place at the school house on March 15th. All parents please take notice.

Dr. Lester Keller, C. R. Selover and D. W. Dillingham were Yorba Linda representatives at the Associated Chambers of Commerce banquet in Fullerton on Wednesday evening.

Yorba Linda street grading is virtually finished. The entrance into the street has been improved to a wonderful extent. Among other noticeable improvements is the neat attractive appearance of the barber shop. The interior has been finished in white enamel, new plumbing of the most improved style has been installed, and it is now one of the cleanest, most attractive rooms in the trade in the county.

Mrs. Thurston is entertaining an old school chum, Mrs. Parks, and her small daughter of Fullerton, West Virginia.

Miss Murray a house guest at the E. R. Walker home, is spending the week visiting relatives in Pasadena. Mrs. G. W. Milburn will be hostess to the meeting of the W. C. T. U. on next Saturday afternoon at 2:30. Mrs. Yeoman of Anaheim, county president will be the speaker. Members and those interested in this work are cordially invited to be present.

Mr. and Mrs. William Martin, Mr. Roy DeWitt and children, Mr. Porter and Miss Mary Walton were guests of Mr. and Mrs. Max Schneider of Hollywood on Sunday.

Mrs. Carr went to Los Angeles to attend the Iowa picnic on Saturday.

Mr. and Mrs. N. W. Renker entertained at dinner Sunday. The guests were Mr. and Mrs. Clifford Davis, Miss Helen Holloway and William and Coral Holloway.

Mr. and Mrs. Ross Knight motored to Los Angeles last evening to attend a family dinner party at the home of Mrs. Knight's brother, Mr. Romero.

M. A. Quigley has erected a new portable bungalow on the property adjoining his own residence.

Mr. Clough Chapman has received his honorable discharge from the naval service and is at home again. Mr. Geisinger of Santa Monica, is spending a few days on his ranch here, supervising the picking of his orange crop.

Mr. E. N. Gage of Los Angeles, has recently erected a neat garage on his ranch.

A special meeting of the members of the Yorba Linda Citrus Association was held last Saturday afternoon at which time plans were submitted for the building of thirty-five houses to accommodate the association help. These houses are to be erected at Yorba, on property owned by the association near the Santa Fe railroad. The plans submitted at this meeting have not been formally accepted, but will be as soon as details are completed. The most prominent business men of the town have been interviewed, and expressed themselves as in favor of this step. In speaking of the improvements at the meeting Mr. Skidmore, manager of the association, said, "The improvements we contemplate making has been a necessity for our Mexican families for some time, but this will not relieve us of our ever present trouble here in town. We have no accommodations for our packers, graders, etc. It is costing us in the neighborhood of \$3.00 per day to transport these people from other towns. This town is howling for chambers and houses to rent. I could use twenty houses or apartments right now, for the help which comes from Brea, Fullerton or Placentia."

Mr. J. W. Hargrave, cashier of the First National Bank says Yorba Linda rental property is one of the best investments in the state. R. R. Walker, manager of the San Pedro Lumber Co. says that building prospects are extremely good for this summer, but as this covers only private residence property, it will not relieve the situation. We must certainly bestir ourselves if we are to keep up with the demand for houses. Yorba Linda is far to be the center of an oil boom before many months, and no better investment will ever turn up than rental property.

MANY ACRES ARE
PLANTED AT CYPRESS

CYPRESS, Feb. 28.—Special.—Again the farmers are happy. A gentle rain has fallen, the kind that makes things grow and grow and potato planters are at a premium. Many acres of alfalfa, alfalfa and many more are ready for the seed.

Master Durward, the three-year-old son of Mr. and Mrs. W. C. Miller, followed some dogs off in the wilds southeast of Cypress Monday. Cypress folks spent an uneasy half hour till the little fellow was heard of. J. P. Street was the hero of the day. He, it was, that rescued the little chap from the wild surrounding, Halcott City.

Chas. Trallich, our dental smithy, is the proud owner of a Chevrolet.

Jack Fuguey is out of commission with a sprained back. He was unloading some two inch pipe from an auto trailer, a piece of the pipe caught him on balance and the injury resulted. Dr. Potter was called from Arisala. It is that that Jack will be about in a few days.

INTERESTING LETTER FROM SERVICE MAN

E. H. Camp of the county road has received the following interesting letter from his nephew, Pvt. V. Combs, Co. F, 117 Reg. Engineers, A. P. O. A. E. F. He is a Los Angeles boy, graduate of the Los Angeles Polytechnic. He enlisted in May, 1917, and has been overseas since the fall of 1917:

Maysoch, Germany, January 29, 1918
Dear Uncle Edgar:
I received your letter of the 26th two days ago and was glad to hear you are both O. K.

I have been here since the middle of December except for last week when I was stationed down the valley about 35 kilometers from the Rhine. Did four hours on and 13 hours off and my post was a bridge. Will enclose a postal card showing the bridge and another showing the town here. We are in the Ohr valley. About half way down are two fair-sized towns, Abweiler and Neuenahr. The latter is a health resort, having hot mineral baths. I had one the other day and it sure was fine. There are a pile of candy and post card stores there and two or three places handle ice cream, the first I have eaten in Europe. It was really superb. I was really able to buy oranges at a mark and a half apiece. We were paid this month in marks, at the rate of 145 for a hundred francs. France are 5.45 on a dollar so that a mark is worth 12-13 cents, or about half par value. When we first entered Luxembourg we paid par for them but since then the market went as low as 166 for 100 francs.

We hiked 497 kilometers or practically 250 miles between the first of November when the last big drive started and the middle of December when we arrived here. The following is the official brief for the 42nd division and may interest you:
Arrived France November 1, 1917. Activities: Dombasle, Lunville, St. Clement, Baccarat Sector. Under French 8th Army, 7th army corps. Feb. 21-Mar. 23, 1918. Baccarat sector Mar. 18-June 21, 1918. Soissons and Esperance (including German offensive east of Reims 7-16-18) July 1-17, 1918. Trugny and Beauverden July 25-Aug. 3, 1918 (front of 4th army corps on Ourcq, north of Chateau Thierry). St. Mihiel sector September 12-30, 1918 (Arsauville, Essey, and Bois-de-Pannes). Argonne Meuse offensive, Oct. 12-21, 1918 (St. Georges, Landres-et-St. Georges, Cote-de-Chatillon, Argonne Meuse offensive, Nov. 5-10, 1918 (Auzouche, Granden, Armoises and Maisoncelle).

South of Sedan.
Total advance on front line, 95 kilometers.
Engineers: Officers 14; men, 1202. Artillery guns captured, 25; machine guns 485.

Quadrant in three colors—red, yellow and blue—"Rainbow Division" is the design.
Each division has its own insignia worn on the left sleeve near the top. The weather has been wonderfully mild this winter and up until this last week only one snow, that of two inches on Christmas. This last week has been colder with just enough snow to spot the ground.

The German soldiers living west of the Rhine had returned home before we got here and there are several ex-soldiers at this house. The people seem friendly and are all glad the war is over. Since the middle of November we have not had to use our "pup" tents but have gotten billets and now we live in the homes of the civilians. There are six of us in a room here with stove, table, chairs and electric light.

Some of the fellows are away on jobs at Neuenahs and other places but most of us are here. I am standing regimental guard today, two hours on and four off for 24 hours.

On the 15th two Red Cross girls from California were here and gave every man in the battalion a big Christmas package, a box of candy, a package of cigarettes, a magazine and a cup of hot chocolate sure more than the Y. M. C. A. ever got of giving.

We have never yet had any leaves and with the exception of one time when 10 per cent of the men got 48 hour passes not even a 24-hour pass has been granted anyone.

Well, we are hoping to be back some time anyway. I am well and fine, as ever.

Lovingly, your nephew,

The Car is Right, the Price is Right and the Service is Right

If you are in the market for a car, all we ask you to do is look the other makes over, then come to us and let us show you the best car in the U. S. today for the money. We have a car that is light in weight, strong in power and very cheap in upkeep.

The Oakland Sensible Six Weighs but 2160 Pounds

It is equipped with 32x4 tires, which are very much oversized for its weight, giving tire mileage from 8000 to 12,000 miles. In many cases mileage as high as 24,000 has been reported. Gas mileage from 18 to 25 miles per gallon and 1000 to 1500 miles on a gallon-of-oil, which puts the OAKLAND SIX in a class by itself in upkeep.

We do not ask you to take our word for these facts, ask any Oakland owner. You will find every Oakland owner an Oakland booster. WHY? Because they all know they have the best car value in the country.

Phone Sunset 70J or Home 422 for a demonstration.
