This Paper Belongs to the People and Serves Their Interests Better Than Their Outfitted Circulation Price In Anaheim and Orange County \$1.50

ANNUAL DISTRICT MOTHERS' CONGRESS AT GARDEN GROVE

The annual district meeting of the Congress of Mothers and Parent Teachers' Association will be held in the school house at Garden Grove on Saturday April 12th beginning at 9:30 in the morning. At the morning session the regular routine business will be transacted, also the election of officers for those whose terms have expired. There will be a very interesting program which will contain many special features. Miss Hazel Bennis, county chairman of Junior Red Cross, work will give a talk. A noon picnic lunch will be served each delegate contributing something.

The principle speaker for the afternoon will be Mrs. Hector Prenter of Toronto, Canada, who will give an address on "Some Idea of Education in Canada."

The hostess association will also have a part in the program.

There will be several guests from Los Angeles including Mrs. C. C. Noble, national and state chairman of membership; Mrs. Charles F. Gray, chairman of the Los Angeles Federation; and Mrs. J. W. Edgar, chairman of the Council of Presidents.

THE HELL CAT AT FAIRYLAND TUES.

Movie fans will be offered the treat of seeing that great star, Geraldine Farrar, in her great picture, "The Hell Cat," at the Fairyland Tuesday evening. This is the great Farrar's most wonderful triumph. There are thrills galore in this stirring drama of the western plains. Farrar's orchestra will furnish the music. There will be no raise in prices.

GO TO VICTORVILLE

Mr. and Mrs. Wm. Chambers, Miss Bertha Schmidt, and Mrs. G. O. Reid, motored to Victorville on Saturday and visited Mr. and Mrs. E. S. Goble who showed them thru the Victorville bank of which Mr. Goble is cashier. Mrs. Reid remained with Mr. Goble and the rest of the party went on to Harrow to visit John Chambers and family. They all returned yesterday afternoon and report a most pleasant and enjoyable trip.

TWO TRIALS ARE SET

E. T. Hodson will go to trial for bigamy May 7. He is charged with marrying an Anaheim girl when he already had a wife. The second trial of William Oliver, charged with murder of Joe Morales at Anaheim Landing, was set for May 14. On the first trial, the jury disagreed.

VISIT CAMP BALDY

Mr. and Mrs. C. A. Reeks, Miss Gladys Reeks, Harold and Frank Reeks, Mr. and Mrs. U. S. Amack, Miss Coy Amack, Wayne Amack and Miss Fern Quanton motored to Camp Baldy yesterday morning and spent a very enjoyable day snowing.

STUDY CLASS MEETS

The Business Woman's Bible Study class will meet this evening in the Y. M. C. hall, 5 Philadelphia. Cafeteria supper will be served at 6:15, followed by the study of the lesson.

RETURNS TO ANAHEIM

M. Skulbein, a former resident of Anaheim, who for two years has lived at Woodman, Oregon, has returned to this city to make his home. He owns a small property here.

Mrs. S. A. Rolley and son Leslie B. Rolley, of Los Angeles, came down Saturday and visited Mrs. Rolley's daughter and family. Mr. and Mrs. C. H. Butler and son, Charlie, they all motored to Long Beach returning by Los Angeles where Mrs. Rolley and Leslie Rolley remained.

ORANGE CO HARBOR ELECTION JUNE 10

County Clerk Backs is posting notices over the county calling persons who want to serve as election officers at the bond election for \$500,000 bonds for the improvement of Newport Harbor, which election is June 10.

All applications for appointment as election officers must be filed with the county clerk not later than June 5th. All applications filed past that time will be held for two years, and those who filed last year need not apply again at this time.

It was hoped that the election could be held the middle of May, but consultation with the district attorney brought out the fact that the state law requires publication to be made for three days previous to election calling for application for service as election officers. Because of that provision the election had to be set forward to June 10, which is the date now fixed.

T. HOLLINGSWORTH HOME ENTERED AND ROBBED FRI. NIGHT

Burglars who were hard up for clothing robbed the residence of T. Hollingsworth corner of Olive and Broadway, about 9:30 p. m. Friday night when the family was visiting a son in the Olinda off-shoot.

The burglars obtained two silk dresses, a silk coat or ulster, two or three pairs of shoes, about 15 yards of uncut gingham and three or four new boys' waists.

The only trace of the burglars found today was a pair of shoes which had been dropped in the alley between the Hollingsworths and the Olinda off-shoot.

L. A. MAN TO BUILD BUNGALOW ON RANCH

The ten acres owned by Mrs. A. M. Healy, northeast of town, have been sold to J. D. Harns of Los Angeles, who is to build a bungalow for a home.

The deal was made thru H. P. Tabin.

TRACTOR RUNS ALONE

A Ford tractor which was mangled, moved in a circle for a number of hours Saturday on the vacant lot just south of George Dutton's agency, was the object of considerable interest. The tractor was started in a circle of comparatively small diameter and then was left to run itself.

HIKE UP MOUNTAIN

The Misses Ida and Minnie Holshelmer, Ethel Harding, Mary Lederman, Kate Cordes, and Mayne Kanning enjoyed the week-end at Mt. Wilson, hiking up the mountain on Saturday.

TRUSTEES TO MEET

The retiring board of trustees of the Presbyterian church are requested to meet this evening at 7 o'clock in the study of the church with the newly elected board.

BACK FROM FRANCE

Alvin Schryer of Olinda but formerly of this city, arrived Saturday from the east. He has just returned from France where he was for some months.

BUENA PARK LADIES AID CHANGES NAME TO WOMAN'S CLUB

The Ladies Mutual Aid Society was delighted to entertain The Day after tomorrow at the home of Mrs. Blanche Le Morada with a large number of members present. The home was beautifully decorated with Marigolds and roses. This meeting, the second of the new year, was one of marked importance in the history of the society. The question of changing the name of the society had been on the table for discussion since the first meeting of the year and Thursday was the last meeting under the name of the Ladies Mutual Aid Society.

Which has stood for a grand work of improvement and charity in this community for 11 years. But as all things must change the members felt that a greater and broader work in the future lay in community improvement and social circles, so it was an unanimous vote of all members present that in the future what has been known as the Ladies Mutual Aid Society will be the Buena Park Woman's Club. The club hopes to enter the county federation in the near future and later be a member of the state federation.

After the interesting business meeting the hostess served dainty refreshments to conform with Easter.

R. C. Duncan was a business visitor in Los Angeles Friday.

Mrs. R. H. Myers, with daughter Ruth, spent the week-end at the home of her sister, Mrs. Leslie Connelly, in South Los Angeles.

Buena Park folk were much alarmed Friday evening just after dark, especially the fire chief and his staff, when the fire warning was heard and a large blaze came at the north end of the city. All who could, including every automobile in the community, rushed in, and had the fire finding it to be a large brush pile burning just north of C. L. McCombs' grove. The Boy Scouts were the first to see the flames and gave the fire warning. It has been some time since the fire department has been on real duty and it was a good chance to try out the new chemical tank.

The P. M. A. will meet at the school hall Tuesday evening. All members are invited to be present.

Mr. and Mrs. Skytie expect to leave for their home in St. Paul Tuesday. Mrs. Skytie has spent the past year here with her daughter, Mrs. J. H. Page. Mr. Skytie came in December.

Everyone should boost for a district library for the Park. That is what the Woman's Club is asking you to do.

N. D. McDowell is busy these days taking contracts of the tomato growers for the Campbell Canning Co. and which expects to start up at the beginning of the coming season in the old factory building recently taken over.

POMEROY AGENT FOR COLE AERO-EIGHT

L. F. Pomeroiy has obtained the exclusive agency for the Cole Aero-Eight in Orange-co and has taken the Victoria garage display rooms from Fred Kessel.

Mr. Pomeroiy will be assisted in the sales department by C. Shockley of Santa Ana.

The Cole comes in eight models all equipped with the Aero-Eight or under engine.

Mr. Pomeroiy is enthusiastic about the prospects for business, particularly in the vicinity of the Chapman oil tanker where the sales prices that have been paid for oil leases have made a large number of people in the market for a really fine car as the Cole Aero-Eight.

Mr. Pomeroiy already has demonstrated on display and will welcome the opportunity to show them.

POMONA HIGH WINS ORANGE BELT MEET AT S. A. SATURDAY

A "trick" by Fullerton made Pomona the winner of the Orange Belt high school track meet at Santa Ana Saturday. In the relay race the Fullerton runners were disqualified because one of them had his foot over the boundary line.

The scores: Pomona, 49; Fullerton, 43; Santa Ana, 21; San Diego, 16; Huntington Beach, 12; Orange, 1; Anaheim, 0.

The summary: 800-yard run—Saltfistall (F). Time, 2:3.4.

100-yard dash—A. Hawkins (F). Rose (SD). Spangler (SA). Time, 10 seconds flat.

150-yard hurdles—Anderson (P). Nichols (F). Meiser (P). Time, 16.2 seconds.

440-yard dash—A. Hawkins (F). Spangler (SA). Travis (F). Time, 54.1 seconds.

210-yard hurdles—Anderson (H). Fowkes (P). Arkliey (SA). Time, 27.3 seconds.

220-yard dash—A. Hawkins (F). Spangler (SA). Rose (SD). Time, 24.1 seconds.

1 mile run—Kerr (HD). Koeh (SA). Wright (F). Time, 4 minutes 55 seconds.

Half mile relay—Pomona, won; Santa Ana, second; Huntington Beach, third. Time, 3 minutes 37.4 seconds.

Shot put—Nichols (P). Harcraft (P). A. Hawkins (F). Distance, 42 feet 8 inches.

Pole vault—Reeves (P). Mackenzie (SD). Osborn (F). Height, 10 feet 10 inches.

Discus throw—L. Mackenzie (SD). Tyrrell (SA). J. Hawkins (F). Distance, 104 feet 9 inches.

Shot jump—McDonald (P). Rose (SD). Alfred (H). Height, 5 feet 5 inches.

Shot put—Nichols (P). Harcraft (P). A. Hawkins (F). Distance, 42 feet 8 inches.

Official scorers, Coach Nixon of Pomona College, Field judge, Coach Harry Trotter, Pasadena referee, Malcolm Finley, Santa Ana Announcer, Ralph Cole, Santa Ana.

THELMA DUGAN HAS VERY PRETTY PARTY

CYPRESS, April 7.—(Special)—Little Miss Thelma Dugan of Cypress was hostess to a number of her friends on Friday afternoon when she entertained with a party in honor of her 10th birthday anniversary. Different games were played by the young folks and before departing delectable refreshments were served.

A beautiful birthday cake came in for a large share of admiration. Those enjoying the hospitality of the young hostess were Edna Remie, Roberta and Blanche Cawthorn, Marjorie Cutler, Ida Pierra, Edith and Edna Johnson, Edna, Supplington, Irma and Wynada Bates, Virginia Morris, Lillie Green, Gladys Ledford, Evelyn Blanche, Edith and Rosie Prosser, Blanche and Ruth Edwards, Louise Blair, Edna Mae Preston, Andrew Gillison, Carl Boston, Albert Shirk, Walter Dugan, Jesse Dugan.

Mamuel Peralta has arrived safely here from overseas.

Mr. and Mrs. C. L. Spraker, who have been visiting in Indiana and Michigan since last July, have just returned to their home at Moody Station.

Mr. O. H. Woodfill of Nevada, Mo., is visiting Mr. and Mrs. C. L. Spraker and planning on locating in this vicinity.

LEASES RESTAURANT

R. Hueneberger has sold a two-year lease on the Anaheim Restaurant on No. 111 Angier-st. to Mrs. M. B. Tucker of Grand Valley.

Mr. and Mrs. C. B. Goodson, and his wife and wife, Mr. and Mrs. H. O. Goodson, of Fullerton, have just returned yesterday and took dinner with Mrs. C. B. Goodson's parents.

REGISTER YOUR DISCHARGE PAPERS

Following former war many discharged soldiers have lost their discharge papers and not infrequently denied government rights due them. It is suggested that discharged soldiers protect their future interests. It is being urged that all discharged soldiers have their papers recorded in the county court house. This will insure a permanent record from which a certified copy may be obtained at any time, no matter what happens to the original document.

To those who intend to send their papers to Washington it would be of advantage to have in addition to the above a photographic record made.

HERMAN LAWE BACK FROM FRANCE; SAW FIERCEST FIGHTING

Herman W. Lawe, former Anaheim boy, for a number of years employed by H. H. Gardner in the feed business, arrived here Saturday direct from France.

Lawe went over in June and was caught in the maelstrom rushed to Chauvau Thierry where he was in the hottest of action with a bunch of fighters from the Kingdom state to which he had been transferred.

He got his share and more of the fiercest fighting between that time and the signing of the armistice. He was in the hospital several weeks following concussion from high explosive shells.

He will spend some time recuperating in Anaheim with his mother, Mrs. W. Lawe, and sister, Mrs. Edward Lawe, when he plans to return to the gold mine at Kingman, Ariz. in which he is interested with a number of other Anaheim men and where he was engaged before entering the army.

HOSTS TO SHERWOOD MUSIC CLUB SAT

William Heger and Guy Duckworth were hosts to the Sherwood Music Club Saturday afternoon at the home of William Heger, 125 Zeyn-st.

These boys showed the rest of the club (18 girls) how well they can entertain by this delightfully planned afternoon. First was a short business meeting, followed by a very enjoyable musical program.

A clever musical guessing game was then enjoyed, after which pictures of the club were taken.

The subject for study at this meeting was "Practice" and each member gave helpful ideas on how to practice. Miss Schroetter also read an interesting article by Edith Sauer on "How I Practice the Piano."

Last but not least was the abundance of delicious refreshments which were thoroughly enjoyed by all.

SPINDLES BREAK OFF

While motoring thru Santa Ana Canyon Sunday, the front spindles on the Studebaker touring car, driven by W. E. Youell and family of Long Beach, broke and the car lunged over a steep embankment. Only the fact that the car was driving at a very low rate of speed saved them from serious injury.

NOTED MISSIONARIES AT ORANGE CHURCH

Two notable gatherings of Methodist workers are to be held on Friday and Saturday, April 5 and 6, at the Orange Methodist church, next Wednesday and Thursday, April 9 and 10, the 2nd quarterly meeting of the Pacific branch of the Women's Foreign Missionary Society and the San Diego District W. P. M. S. annual convention.

The Pacific Branch of the Women's Foreign Missionary Society includes all Methodist workers at the cities of Anaheim, Orange, and Yorba Linda. Mrs. G. O. Smith of Berkeley, Branch President, and will have through all Methodists will provide. Many prominent Methodist women will be present and have part on the program.

Among the notable missionaries to be present are: Mrs. Emily Harvey of Orange, Mrs. Martha Drummer of Anaheim, Mrs. E. J. Smith of Santa Ana, Mrs. E. J. Smith of Santa Ana, Mrs. E. J. Smith of Santa Ana.

Have you protected your wife and children? Have you taken out a life insurance policy? Have you taken out a life insurance policy? Have you taken out a life insurance policy?

BUILDING PRICES REASONABLE; HOUSE DEMAND INCREASES

There has never been such a demand for houses as there is today, and with the growth that Anaheim will make within the next few months the housing situation will continue to be an acute problem.

The principal reason for this condition is that the public mind believes that building material prices are exceedingly high and that there is going to be a very accurate statistic.

There have been gathered by the government which show the idea to be absolutely erroneous. Building material prices have advanced on the average only about 25 per cent over the pre-war prices, and as labor, fuel and other costs are only slightly higher than their cost it is going to be a long time before there is any considerable reduction, the only possible exception being a few lines for which there is an unusual demand during the war.

It is interesting to note that the greatest part of the buildings in Los Angeles were constructed when prices were higher than they are today. The reason for this is that because of war conditions the building trades have had to cut their prices to a minimum so as to offer all possible encouragement for construction.

The building trade in Southern California, therefore, and especially intelligent understanding about the part of the consuming public of these facts will go a long way toward improving general business conditions. An active and healthy market is absolutely dependent upon active building, and anyone who waits for a drastic reduction in prices before building will not only wait a long while, but will suffer a loss in doing so on account of interest on the money of rent, etc., whereas to BUILD NOW will not only be a good proposition for the builder but also for the community.

W. C. T. U. MEETING AT ORANGE TUESDAY

The Orange County W. C. T. U. convention will be held at Orange Tuesday, April 8, in the Christian church, starting at 9:30. Because the state convention will be held in Santa Ana, May 27-29, only one day's convention will be held.

The following is the program: 9:30—Devotional service. Reports by Mrs. McGill, President Orange County Union. Response: Roll Call. Appointment of committees. Reports of officers. Three minutes of silent prayer. Business. Election of officers conducted by Mrs. Sarah Brown of Tustin.

Lunch served in church dining room for 35 cents.

1:30—Memorial service, conducted by Mrs. Nellie Winslow. Solo, Mrs. Maude Whangberg. Victory March by local presidents. Collection. Music. Missionary business. Address, Mrs. Stella B. Irvine, State President. Resolutions. Adjournment.

An evening meeting will be held celebrating the 30th anniversary of the organization be the coming W. C. T. U. convention in Newark, N. J. Mills will have charge of the program.

SHOWS ECONOMY OF GAS IN TOWING CAR

Paul Hagerman drove to Bakersfield yesterday and returned with a second automobile. He used only two gallons of gas in towing the car with the second car in tow over the mountain roads that he used going up.

After establishing new records for towing a car in Bakersfield and March, Hagerman reports that April prospects are even better, starting off last week with nine cars sold.

THERE are many definite reasons for the smooth restfulness of the Cadillac.

Not the least of these is the element of physical and mental ease.

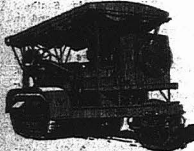

The Cadillac V-type engine is so free from sound and shock that those in the car are actually unmindful of its mechanism.

The power impulses, merging one into another, result only in a smooth glide or a swift spurt, depending upon the mood of the driver.

To ride and be unconscious of the power which bears you forward is one of the great joys of the Cadillac ownership.

BUILDING ACTIVITY INCREASES OVER ABOUT PLACENTIA

PLACENTIA, April 7.—Special things are stirring now in Placentia—things that grow. There is not a vacant dwelling nor a vacant store room in the town. But a lot of new dwellings will soon be under way, and W. E. Stradley will put up a new store building whenever any one wants it. Samuel Kraemer is planning to put up a group of bungalows and W. J. Jaeger will put up two or three. Since then O. C. Christensen has purchased from J. E. Bradford the lot next to the club house and has material ordered for a five-room cottage. W. E. Stradley is getting out plans and will build on his lot next to the Presbyterian church, and may build more.

After spending part of the honeymoon at Catalina Island, Mr. and Mrs. William Cober left Thursday for Murphysboro, Ill., where they will make their future home. Mrs. Cober, who was Miss Reba Farrar before her marriage.

There will be no meeting of the W. C. T. U. Tuesday on account of the county convention which will be held at Orange on that day, and which all the members are invited to attend.

Sergt. Howard Lutz sends a post card from Germany. He says he has seen it all—"between Treves, Coblenz, and Cologne," but he doesn't say a word about coming home.

J. Storch of Los Angeles, who recently traded for the Ashley building on Santa Fe avenue, is having the apartments on the second floor overhauled and will soon have them ready for rental. Gas fixtures are being installed, the plumbing repaired, and a new cesspool dug.

Mrs. Wright received a crate of lettuce last week from her son in Imperial. It was exceptionally fine.

Last Tuesday the 8-cent a mile rail road fare went into effect. The fare between Placentia and Los Angeles is increased from 86 to 93 cents, but between most points it is reduced a little. There will be no war tax on tickets costing less than 45 cents.

Dr. H. C. Wilhelm has invested in an Overland touring car.

Mrs. Roland Thompson writes to Placentia friends that Mr. Thompson is on his way home from France. He may be expected in two or three weeks and his friends will hope to see him re-locate in Placentia.

Mrs. Ollie Snell has purchased a lot on N. Main street, from F. D. Reyes. It is improved with a small house.

Stein & Fassell have a crew of men at work this week fitting up the room in the Baker Block which their store will occupy. It will be retinted, the front painted, and a new outfit of shelving put in.

Once more, after many moons, the song of the babbler and saw is heard in Placentia and it is sweeter music than any band could furnish.

Placentia's outgoing shipments for last month included two cars of sweet potatoes.

Two of W. J. Robertson's sons, Wilford and Jesse, arrived Sunday from Oklahoma and will make their home in Placentia. The father has been confined to his room several days with the grip, but getting better. J. H. Quaker was down from Brea Monday shaking hands with old friends.

Married at the home of Mr. and Mrs. Lee C. Ellis, Fullerton, Wednesday, April 2, William Leland Ellis and Miss Ethel Viola Vincent of Arizona. Rev. Frank M. Dowling officiating.

Miss Carrie Nelson has returned from Fullerton considerably improved in health, but not yet fully recovered.

Mrs. C. R. Kinsley is one of the happiest women in Placentia. Her two boys have come home on furlough from a trip to Canada and the other from France. "Shorty" Kinsley, with his wife and baby, has been in Canada

on a business trip of several weeks. On his return, he was accompanied by his brother, Earl, who has been in service four years, most of the time over there, in the Canadian army. He was wounded once, and seriously ill two or three times, but is enjoying good health, and is glad to get back to a peaceful land.

At last Friday's election, H. R. Leavitt was elected trustee of the grammar school by a practically unanimous vote. Rev. F. M. Dowling of Placentia and J. D. Stevens of La Habra were elected high school trustees.

The packing houses are all working steadily now, the fruit is running fine in quality, and the new valencias are coming on in good shape. Davies has been running on Valencia for some time, and the others are whittling up the sweets and St. Michaels this week. The shipments for last month totaled 86 cars, as compared with 52 cars for March, 1918.

Mrs. E. Penn has purchased the ice house formerly owned by S. W. Nilman and has had it moved to her confectionery store. When the warm weather comes she will keep ice on hand for the benefit of those who

are not regularly served by the gas on.

Rev. C. H. Brouillette has put some of his oil money into a hand-

some Ford coupe, with an electric starter, wire wheels and a lot of other trimmings, and good old Dobbin has been retired on a pension.

All Progressive Cities —are Confronted by the Housing Problem . . .

ANAHEIM, like other American cities is confronted with the housing problem, which grows more and more complex each year. The solving of which depends largely upon the citizens of the present day.

The business firms who are backing THIS BETTER HOMES MOVEMENT have but one idea in view, namely; to improve the lives and morals of our citizenship in general by educating the public to build better homes and for all times to come to settle the housing question. Watch this page each week for late practical designs of modern homes.

AMERICA is entering upon a new era in her history—an era of saving and economy. Heretofore we have wasted and rioted—conserving neither our natural resources, products, or manufactured articles. "Come easy-go easy" has been our policy. We have been spendthrifts and wasters.

BUT THE DAY of wasting and needless spending is passed and in its stead we find economical buying, saving and thrift. Thrift to the average American has been an unknown virtue; those in the past who have practiced thrift have often been subjected to both ridicule and scorn, but today finds their efforts amply rewarded.

UNLESS THIS THRIFT movement now sweeping over our land is rightly grounded it will prove a boomerang like many other good reforms which have failed because of an unstable foundation. To save and economize most people must have an objective in sight on which to base their desires. Few Americans ever save money for the love of saving; they save only for the purpose of ultimately spending it.

BUILD A HOME.—That is an objective which will prove a wise investment of your savings. It will be a start towards an economical policy. Building a home will give employment to workmen and artisans thus keeping money in circulation. Being economical does not mean being miserly—for the prosperity of our country is dependent upon keeping money circulated in the right channels.

WISE BUSINESS management and the saving habit is readily acquired during the life of the payments which have to be met; one is naturally frugal and thrifty when paying for a home.

THE SAVING HABIT and the art of being thrifty are two virtues which must be adopted by American people—we know of no better teacher than home building. It will prove a benefit to both your family and the community, helping to inspire confidence in our city.
Build a home today—begin the practice of economy.

SOCIAL AND PERSONAL

Mr. and Mrs. A. J. Schwartz and family spent yesterday at Seal Beach. Frank Champagne and family spent Sunday at Talbot with relatives.

P. J. Walcott of Santa Fe Springs was a visitor in this city on Saturday.

Mrs. Ellen Peterson spent Sunday with her mother and sisters at Inglewood.

Miss Alice Ingram and Walter Burgess motored to Balboa yesterday afternoon.

Mr. and Mrs. Forrest Fowler and baby were visitors at Seal Beach yesterday afternoon.

Mr. and Mrs. Leo Vols and baby son of Huntington Park were weekend guests of relatives in this city.

Wm. Jeannum, Jack Cahn, Miss Mrs. Tiedahl and Miss Johanna Jeannum attended the Orange County Fair.

Mr. and Mrs. M. C. Gott and family and Mr. and Mrs. Wm. Locke motored to Balboa yesterday afternoon.

Mr. and Mrs. E. J. Owens, who have been confined to the home with a severe case of tonsillitis, is some better today.

Mrs. Libby S. Johnson and Mrs. Mary Luce were dinner guests yesterday of Mr. and Mrs. Thomas Dietrich.

Mrs. J. R. Benson of Santa Ana returned home yesterday from the Anaheim hospital after being there three weeks.

Mr. and Mrs. N. J. Kuhlman had as their guests last week their daughter, Mrs. H. A. Donahue of San Bernardino.

Anthony Matthews and Miss Rose Jones of Santa Ana motored to Orange County Park yesterday and enjoyed a pleasant day.

Mr. and Mrs. Wm. Falkenstein and family motored to El Monte yesterday and spent the day with Mr. and Mrs. A. Asher and family.

Mr. and Mrs. L. G. Yeoman, Mrs. E. J. Owens, and Mrs. M. Terry motored to Long Beach Sunday and attended the Brown revival meeting.

Miss Elizabeth Goetz of Los Angeles formerly of this city, came down the last of the week to spend several days with Anaheim friends.

Mr. and Mrs. Wm. Knott and two sons, Mr. and Mrs. D. H. Thompson and two daughters enjoyed yesterday picnicking in the Santa Monica canyon.

Mr. and Mrs. F. C. Eisenhauer and family motored to Los Angeles yesterday for the day. Mr. Eisenhauer recently purchased the Anaheim Pharmacy.

Dr. and Mrs. Clarence Beebe, Mrs. L. G. Butterfield and Elizabeth Beebe of Los Angeles were dinner guests yesterday of Mrs. Z. Bruce and Miss Dora Clarke.

Miss Mildred Waltman of San Bernardino came down yesterday and will remain some time with her brother and wife, Mr. and Mrs. Louis Waltman.

Mr. and Mrs. H. P. Tobin and family went to Los Angeles yesterday to visit Mrs. Tobin's relatives and then motored on to Glendale where Mr. Tobin's relatives were visited.

Mrs. Margaret Carrisosa, with sons, Albert, Arthur and Clarence, visited here last week from Catalina with her parents, Mr. and Mrs. J. L. Blecker.

Mr. and Mrs. A. M. Eagler, Mrs. P. L. Doane and J. B. Myers of Santa Monica were dinner guests yesterday.

MASQUERADE DANCE FRIDAY EVE VERY ENJOYABLE AFFAIR

YORBA LINDA, April 7.—Special
The masquerade dance given by the
dancing club on Friday evening at
Ley Hall was a very enjoyable affair.
The costumes were varied and most
interesting, and created a great deal
of amusement. An exceptionally
handsome Chinese court costume,
worn by Mrs. Bosworth, was award-
ed first ladies prize. Miss Mabrey
in a stylishly tailored spring suit cut
from gummy sacks won the second
prize, and Mr. E. A. Madson was given
the first gentlemen prize.

Mrs. and Mrs. W. A. Walker and
son, and their guest, Miss Helen Tay-
lor of San Diego, motored up from
San Pedro Saturday and spent the
week-end at their ranch.

The track meet Thursday evening
was especially well attended. About
three hundred people gathered to see
the single men beat the married men.
The events were well entered and en-
thusiastically received by the crowd.
The married men showed particular
excellence in the jumping event, and
considering that they had all experi-
enced quite a taste of married life,
it was not to be wondered at. The
events included a fifty yard dash,
hundred yard dash, two hundred yard
dash, high jump, standing jump, shot
put and pole vault.

Mr. and Mrs. Roy Runnells and
family of Tustin were visiting old
friends and neighbors in Yorba Linda
Sunday afternoon.

Miss Mabrey of Los Angeles has
been visiting her sisters, Mrs. Swain
and Mrs. Covington for the past week
and Mrs. Katherine Quirk spent the
week-end in Los Angeles.

Rose Knight and family motored to
Long Beach Sunday to visit relatives.
Mrs. Mary Altman, Mrs. Lucy
Quigley, Mrs. Gardner, Miss Maddox,
and Geo. Quigley motored to River-
side on Sunday.

Mrs. Max Schneider of Hollywood
was called to Yorba Linda Saturday
by the serious illness of her broth-
er's baby daughter, little Jean De-
Witt. The small patient is having a
very hard battle with a severe case
of double pneumonia, and although
she is not yet out of danger the out-
look is much more encouraging this
morning.

Mr. and Mrs. A. C. Drury who motored
from Goodrich, Ind., have been
visiting Mr. and Mrs. C. Drake.

Mrs. Rose Mahoney of Whittier was
a week-end guest at the Drake home.
Mrs. E. N. Gago came from Los
Angeles to see the masquerade
dance and was the guest of Mr. and
Mrs. Ben Selover Friday night.

Mrs. Vasco Mills and daughter Miss
Geraldine of Orchardland were visit-
ing in Yorba Linda on Sunday.

Mr. and Mrs. Raymond Andrade
are visiting Mr. and Mrs. William
Fassel. On Friday night the party
went grilling and Sunday was
spent enjoying angling at La-
guna Beach.

Miss Olive Walton was looking up
old friends in Yorba Linda on Sat-
urday. Her sister Miss Mary Wal-
ton returned to the city with her.

While going home from the grad-
uate store Saturday night, Miss Chas.
Selover lost a money pouch contain-
ing checks and \$19 in money. The
finder will be liberally rewarded by
returning same to owner.

Why You Will Want a FAGEOL

Foreword

ABOUT four years ago while trying to con-
struct a motor driven cultivator wheel, a
California farmer, and incidentally a mechanical
genius, suddenly realized he had discovered
a radically different construction principal
of drive wheels for Farm Tractors—one that
would give positive traction.

—Traction without surplus weight

—Traction without loss of power through
wheel slippage

—Traction without packing the soil.

These were attained without complicated moving parts,
requiring oil and grease and subject to excessive wear be-
cause of contact with sand and dust.

Through three years of experiment in actual farm
work, drawing all kinds of implements in all kinds of soil;
wet adobe, virgin sod, dry sandy loam, and even the bot-
tomless sand on the ocean beaches—this discovery was per-
fected into the big patented feature of the Fageol.

TRACTION

The most vital essential in any tractor is Traction!
Take, for example, two tractors guaranteed to travel at 2 1-3
miles per hour while pulling two 14-inch bottom plows. If
they were equally good in material and workmanship, at
first sight one would be as good a buy as the other. But a
tractor pulls its rated capacity only where the footing is
such that there is no slippage of the drive wheels on the
ground. How much does each one slip—in sand?—on wet
slippery clay—in soft, well cultivated ground?

Drive wheels of a certain size have to make a certain
number of revolutions to cover 2 1-3 miles, and in making
that number of revolutions will actually travel the whole
distance if there is no slippage. But when the necessary
number of revolutions to travel 2 1-3 miles have been made
and, due to wheel slippage, a distance short of 2 1-3 miles,
have been traveled, the tractor has done as much work and
consumed as much fuel and oil as if it had plowed the whole
distance. Do not confuse work done by the tractor with
the amount of plowing done. A tractor may do as much
work getting out of a hole as would plow a whole round
of the field. The amount of loss by wheel slippage varies
on poor footing from one-fourth to three-fourths of what
should be traveled. This means that one-fourth to three-
fourths of the money spent in gasoline and oil and repairs
on plowed ground!

FAGEOL TRACTION

Three things are responsible for the efficiency and econ-
omy of Fageol Tractors; the positive traction of Fageol
Grouser Wheels—the solid live drive axle operating through
individual Clutches in each drive wheel—and protection
of moving parts from dust.

DRIVE WHEELS AND GROUSERS

In the Fageol, actual contact with the
ground is obtained by gearing the drive wheels
to the soil, by means of legs or Grousers, deep
enough to reach ground solid enough for pos-
itive traction.

The drive wheels are two 28-inch drums fitted with two
rows of Grousers, sixteen in each row. Each Grouser is a
hollow wedge, 10 inches long and 2 1-4 inches across the
driving face. The entire weight of the rear end is sustain-
ed in these Grousers. Due to their penetration, they pro-
vide traction even in loose soil. There being four rows of
Grousers on the two wheels, it follows that in hard soil
there are always eight points in contact with the ground and
when the soil is loose and the penetration deeper, there are
from twelve to sixteen points in the ground with a weight
on the rear wheels of over two thousand pounds. With a
penetration of six inches, the actual area at right angles to
the surface of the ground available for pulling the load is
170 square inches.

CLUTCH AND SOLID AXLE

In order to utilize fully and allow immediate control of
the traction of the Grouser wheels, a solid live drive axle,
operating through clutches, is used, insuring that both
wheels will turn no matter what the conditions of foot-
ing either wheel may encounter. The wheel with the firmest
footing pulls the load. A solid axle is a positive guarantee
against one wheel slipping and absorbing the power while
the other remains idle.

In the drum of each wheel is a powerful clutch controlled
by its own pedal, allowing individual manipulation of
either wheel. The Fageol Tractor can be operated on a side
hill without sliding down hill, any tendency to slide being
counteracted by easing out the uphill clutch, throwing all
the power to the downhill drive wheel, which holds the
tractor up the slope. This manipulation is instantly pos-
sible in going forward across pulley and over ditch banks.
A turning radius of but seven feet is possible by releasing
the clutch on the side it is desired to turn, which throws
all the power to the outside wheel, bringing the tractor
around quickly without loss of power, thereby making easy
operation in tight places among trees.

The shape of the Grouser has been worked out by
many experiments. The tractor travels and rises on the
Grousers. Since each Grouser is a wedge, it is not possible
for the drive wheels to sink deeply even in loose sand. Their
shape is such that they withdraw from the soil without lift-
ing it, so that there is no tendency to dig in. On the con-
trary, there is a positive tendency to dig in. The two rows
of Grousers enter the soil. The two rows of
Grousers are staggered in relation to each other so that
in revolving there is practically no jolt as the Grousers
strike the ground. The points follow each other so closely
as the wheels revolve, that the driver has a pleasant ride.
The Grousers are interchangeable and in case of in-
jury are easily replaced by removing two bolts.

ECONOMY

The Grouser wheel and the solid axle with individual
clutches for each drive wheel deliver a remarkable per-
centage of the power developed by the motor to the im-
plement drawn. Not having to develop an excess of power to
take care of friction losses, it is possible to use a relatively
small motor in comparison to the work a Fageol Tractor
is capable of doing. Lightness of the whole tractor is a re-
sult, and therefore, oil and fuel economy. The fuel economy
is achieved by protection of the whole tractor against dust.
The Fageol does its work with little attention, easily
and economically. To farmers, men who buy farm ma-
chinery built for efficiency and not for a price, the Fageol
Tractor, with positive traction, will appeal.

SPECIFICATIONS

TRACTOR RATING—8 draw bar horsepower. 12 belt horse-
power at 2600 belt feet per minute.
Normal draw bar pull—1250 lbs. Maximum 2500 lbs. Two
14 in. bottom or three 10 in. bottom plows. 2 1-3 miles per
hour plowing speed.

DIMENSIONS—Overall length 107 in. Width 35 in. Height
48 in. Driving diameter 44 in. Diameter of front
wheels 30 in. Wheel base 66 in. Weight 3400 lbs.

MOTOR—Horsepower 18.23 S. A. E. at 1200 revolutions
per minute. Four cylinders cast in
block. Bore 3 3-8 in. Stroke 5 in. Piston displacement 118 cu.
in. Removable cylinder head and crank case. Lubri-
cation by automatic splash and impulse pump, operating on
camshaft. Crank case gauge and dash gauge. High ten-
sion magneto. Water circulation by centrifugal pump. Ball
bearing fan driven by link V belt. Water capacity of cool-
ing system, eight gallons. Fageol combination manifold
vaporizes kerosene or distillate as well as gasoline. Muff-
lers on exhaust line.

AIR CLEANER—Fageol type using oil vapor to settle dust
and dust bag to retain it.

TRANSMISSION—One speed forward; one reverse. Speed
variation from 3-4 to 8 miles per hour. Gears alloy steel,
machined teeth, case hardened, mounted on ball bearing
shafts and enclosed in dust tight case. Gears run in a bath
of oil. Master gear 10 1-2 in. diameter. 3 in. face. Live
drive axle 2 1-4 in. diameter, mounted on Timken roller
bearings. No differential.

CLUTCHES—Internal expanding, 25 in. diameter, 3 3-4 in.
face, located in drum of each drive
wheel. Individually operated by pedals. Clutch lining, as-
bestos copper woven material. Ample adjustment provided.

DRAW BAR—Fageol curved bar and roller to automati-
cally adjust side draft and allow ease
of turning.

DRIVE WHEELS—Fageol Grouser wheel, composed of a
drum and 32 legs or Grousers on the
rim. Wheel bearing acted by dust tight reservoir hub cap.
Drive wheels automatically cleaned.

FRONT AXLE—I beam section, pivoted at center to allow
steering for unevenness of ground. Lubri-
cated and provided to take thrust of wheels.

STEERING GEAR—Tiller lever and drag link type. Has
a turning radius of but seven feet.

PHANT WHEELS—Disc wheels beveled to avoid raising
dust. Bearings oil fed from dust-
tight hub caps. Wheels mounted on steering spindles.

POWER PULLEY—8 in. diameter, 6 in. face. Operated off
engine shaft by intermediate pulleys
and belt. Extra equipment.

ROAD BANDS—Steel bands made in halves and held in
place over Grousers by two bolts.
Extra equipment.

EQUIPMENT—Fenders, hood, tool box and tools. Ready
for operation.

OLINDA METHODISTS GIVE SURPRISE FOR PASTOR, REV. KENT

OLINDA, April 7.—Special.—Friday evening, Rev. Kent of the Olinda M. E. church was given a very pleasant surprise. They went to Santa Ana in the afternoon and when they returned they found the supper table all spread with a splendid supper and plenty of canned fruit on hand. A fine birthday cake was one of the main features of the supper, the day being Rev. Kent's birthday.

Alvin, son of Mr. and Mrs. Schryer of the Santa Fe lease surprised them by returning home Saturday morning instead of Sunday. He has been in France for some time.

Carl Lechler of the naval station at San Pedro spent the week-end at the J. M. Williams home. Mr. Miranda and daughter Mona of the Santa Fe lease accompanied by Mrs. J. M. Williams and children and Carl Lechler of San Pedro spent Sunday at Mt. Baldy. The snow was so near gone they had to climb very high to find any. The children had never seen snow and they were delighted.

Mr. Charles Johnston of Yorba Linda

took dinner with his brother, J. J. Johnston of Olinda.

Helen and Carl Johnston took their grandparents, who have been visiting them for some time, back to Long Beach. They attended the Brown Festival meeting yesterday.

Mr. and Mrs. Michor of Michigan are visiting with Mr. and Mrs. Trippe of the Orange lease.

Mr. and Mrs. Billy Robinson of Brea took dinner with Mr. and Mrs. Dan Scott of the Orange lease. In the afternoon they motored over a hundred miles.

Mr. and Mrs. Beauchamp and Mr. Ollie Scott of the Orange lease spent Sunday in Los Angeles.

Mr. and Mrs. Earl Abbott of the Columbia lease visited Mrs. Abbott's father, Mr. Ray of Alredia.

Miss Grace Jackson of Los Angeles is visiting Mrs. D. P. Scott and family and Miss Walker and Mrs. Nelson of the Columbia lease.

Mr. Dowell and family of the Columbia lease visited friends in Claremont, Sunday.

Mr. Walter Hilburn and daughter Louisa of the Columbia lease motored to their ranch at Covina, Sunday.

Mr. Soules one of the Olinda mine men spoke at Santa Ana Sunday morning.

Mrs. J. H. Wood of Olinda spent Monday in Los Angeles.

Mrs. Chas. Alkire of the Columbia lease was a patient for two days in the Fullerton hospital. She had 28 teeth taken out.

Fred Johnston who works on the Columbia lease spent the week-end with his family in Los Angeles.

Mr. and Mrs. Waller and son of the Columbia lease spent the week-end at El Segundo.

BOY HURT BY AUTO
Harley Nelms, three years old, sustained serious injuries to his leg Friday when he fell from the running board of an auto in front of his home at 611 East Adelaide. At first it was feared the limb had been fractured but this did not prove to be the case. He is expected to recover rapidly.

MOTORCYCLE BLAZES
Frank Wyle, of Anaheim, sustained serious damage to his motorcycle Sunday while riding thru Santa Ana canyon when a gas leak caught fire and practically ruined the machine before he was able to extinguish the flames by throwing dirt on it.

DATES GIVEN UPON PAYMENTS OF NOTES FOR VICTORY LOAN

In a telegram from Carter Glass, Secretary of the Treasury, received today at Liberty Loan Headquarters the dates upon which the payments will be required on the notes of the Victory Liberty Loan were made known.

The Victory notes call for a ten per cent payment upon application or before May 16th, ten per cent on or before July 15th, twenty per cent on or before August 12th, twenty per cent on or before September 9th, twenty per cent on or before October 7th and the balance of twenty per cent on or before November 11th with accrued interest on deferred installments.

A Victory Special exhibit train will tour Southern California during the Victory Loan. This train composed of six cars will carry thousands of exhibits including a German Albatross, six cylinder airplane, the first to be exhibited in the West, and one that was shot down in Flanders, a Whippert tank, one that was used by Pershing in breaking the Hun lines and four German prisoners. It is announced that though these German prisoners are complete in uniform, on account of not being able to get German uniforms to come to this country, the uniforms will be filled with tree to life wax figures.

This train will leave San Francisco April 12th showing in Santa Barbara April 15th, in Ventura, Santa Paula and Santa Monica April 16th, returning up the San Joaquin April 17th and then south again to Imperial Valley and Arizona. It is expected this train will arrive at the Imperial Valley Saturday May 3rd and the following day, May 4th, will stop at Banning, Ontario, Pomona and San Bernardino, on the 5th, Redlands, Riverside, Corona, and Santa Ana.

and on the 8th of May, Orange, Anaheim, Fullerton and Long Beach. Its arrival in Los Angeles has not been scheduled as yet but it is expected it will make a short stop in this city also.

Special prices on posters, programs and tickets for entertainment events. Wade Decker Printing Co. Anaheim.

BIRTHDAY DINNER
A birthday dinner was given on a recent date at the home of Mr. and Mrs. Selby Blocker in honor of Mr. Blocker's birthday. Those present were Mrs. Virginia Bobst, Emma and Mary Blocker, James Martin of Los Angeles, John, Henry, Blocker, John Powers.

THERE'S A SIZE AVERY TRACTOR FOR EVERY SIZED FARM

One Avery Sells Another —

It's Better to Own an Avery Than to Wish That You Did

Learn More About a Tractor—Free

In order that all those interested in Tractors may learn more about the care and operation of a Tractor, a Free Tractor Service School will be held on the following dates.

At Anaheim April 11th & 12th

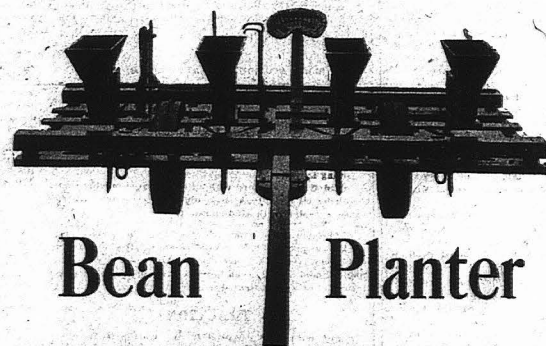

—This school will be taught by a trained instructor furnished by the Avery Company. Valve grinding, scraping of bearings, magneto repairing, carburetor adjusting, etc. will be fully explained.
—Whether or no you are a tractor owner makes no difference. Everyone interested in Tractor farming is invited. It will be worth the time of anyone to attend. The information you get at this school will mean real money to you. It will enable you to do your own service work and save you the expense of hiring special servicemen.

132 So. Los Angeles St., Phone Pacific 386 Anaheim, California

TOWNER'S

Bean Planter
THE TOWNER BEAN PLANTER is made of the best material, with heavy wood in front and back of frame to give it proper stiffness. It is well bolted and braced on axle blocks to hold the wheels rigid. The wood which hoppers are fastened to are installed with extra large screws and bolts which prevents them from working loose in hard usage. The pole is from large stock and is made to be detached from the planter when not in use. It has a good thick seat spring and a special hitch which is adjustable.

The planter is well balanced and the extra weight does not affect the stock.

THE HOPPER BOXES are well made, bound together on the top with steel straps to prevent splitting off when filling or warping. The rear bar is of one inch steel with heavy brackets well bolted. The arms are of a new type to prevent breaking and are held in place by large set screws. The levers are hand made and will stand the strain in the heaviest adobe soil. Hook bolts on planter boots are special and the boot is equipped with the heavy points. Boot braces extra.

THE PICKUPS are of the standard type used in all planters.

THE WHEELS are built with a six inch flat tire with a rib in the center to prevent slipping, twelve 9-16 in. spokes, cast hub, oil pipes for oiling eliminating wheel trouble.

THE MARKER is standard with chain, rings and hooks ready for immediate use.

For tractor use we build to order shorter frames so two or three planters can be used end to end.

UNION TRIES FOR WILDCAT EAST OF CHAPMAN GUSHER

WITH THE OIL OPERATORS
As the Chapman well can be re-
garded as a wildcat plunge pure and
simple, so in the move of the Union
Oil Company made Monday when it
went out on a mile further east and
located a new well in section 21 of
the Yorba Linda tract. Here the Union
has secured a substantial acreage
and will begin active drilling in less
than sixty days.

Union Spends Work on Chapman
The Union Oil Company is busy
working on two new wells on the
Chapman property. Nos. 2 and 3 have
been located. The lumber for both
is being placed on the ground and the
building has started.

Amalgamated Drilling Two Wells
The Amalgamated on the Ibbittson
has succeeded in shutting off all surface
water at 2550 feet and has re-
sumed drilling. The depth of the
well is now 2373 feet, the formation
is sandy shale, with no oil showing
as yet. On the Yorba property
No. 1 is drilling at 225 feet in brown
shale.

Fullerton Oil Co. Good Showing
One of the fastest and most suc-
cessful drilling jobs of the new oil
field is the Fullerton Oil Company's
No. 1 in the Travis tract. The well
is now making hole at 2000 feet, the
sandy shale formation at this point
is showing oil in very pleasing quan-
tity.

General Petroleum About to Start
The General Petroleum has com-
pleted the work of rigging up and
is now putting the finishing touches
on a boiler plant for the drilling of
well No. 1 on the Wilson tract. Drilling
will be under way now in a short
time.

River Bank Oil Co. Causes Stir
The River Bank Oil Company
started its friends and backers by
drilling a considerable amount of gas
at a depth of 800 feet in the sand
three miles west near Placentia. The dig-
ging is of the hardest kind. The con-
glomerate is so compact and resisting
that as many as six fish tails are used
in a single lot.

Petroleum Development Co. Gets Busy
Acting under contract the Petrol-
eum Development Company is rush-
ing preparations for the immediate
commencement of two wells on the
Bradford properties. Lumber is being
put on the ground for two wells, and
rig building is to start at once.

Standard Makes All Records
In less than ten days the Standard
Oil Company closed negotiations for
the leasing of 200 acres of property
from the Kramer ranch, hauled in the
lumber, made the grade, set up a
boiler plant, built a rig, rigged up,
struck a considerable amount of gas
and commenced drilling and made 200
feet of hole. This is the record
made on the starting of the Kramer
2-1 well. The property is in charge
of Ralph Winger and certainly shows
a speed unexcelled by any company
in any field for a fast getway. So
quick were the preparations made
that when drilling commenced the
Southern Counties Gas Co. could not
keep up with the demands for a line
to furnish gas for firing the boilers.

The Standard Oil Company did not wait on the gas corporation a minute.
Wood was hauled to the well in big
trucks, the boilers fired up and the
drilling started.

Standard Leases Collins Ranch
The Standard Oil Company has
closed a deal for the Collins ranch
property, a promising piece of oil
land in the immediate vicinity of the
Union's Chapman well. The lumber
is now being put on the ground.

PLACE YOUR WANT ADS BEFORE THE MOST READERS

MEXICO
War heavy over, far seeing investors are looking to Mexico. They predict a great boom there. The writer just returned with some farmers who bought and are returning to cultivate their land. We have a number of American farmers who are located there at present and are only too glad to explain the richness of this great valley with the many possibilities for the small investor that can not be obtained elsewhere, only 30 miles from the border, on the main line of the Southern Pacific Railroad, cheap land, cheap labor and low taxes. Good land in Mexico is bound to raise in price soon. Now is the time to buy. Call and let us explain our plan of colonization to American farmers.

A. M. CONARD, 707 E. N. Van Nuys Building, Los Angeles, California

have a new one which was recently placed on their office on Ocean ave.

Mr. and Mrs. Monte Preston, formerly of Garden Grove, left Anaheim last Thursday for Downey where Mr. Preston will assist in a drug store.

G. W. Pickle of Fullerton was looking over conditions in this locality the first of the week with a view of investing in real estate near Garden Grove.

Mrs. W. A. Wheeler, who has been staying in Long Beach for the past week on account of the illness of her father, returned home Saturday evening.

Miss Helen Holstrom entertained Misses Alma Phillips, Glore Clock and Hilda Wedberg, members of the Redlands Glee club at her home Friday and Saturday.

The W. G. W. U. County Convention will be held at Orange Tuesday, April 8th, at the Christian church, beginning at 9:30 for an all day session.

Seckford P. B. Winters, who was among the first from Garden Grove to respond to our country's call for men, and who for the past seven months has been in France, is expected home soon.

"Win my Chum" week was observed by the Epworth League of the Methodist church last week. Meetings which have proved both pleasant and profitable were held every evening.

Baker & Stillens have sold the J. C. Boyman 15-acre orange grove southeast of Garden Grove to Mr. Kernner of Brea, who has gone onto the place and will develop and improve this splendid piece of property.

An illustrated lecture on "Ancient History" was delivered at the Baptist church Tuesday evening. Rev. J. M. Craig, of Los Angeles, who has been holding special meetings at the church, was the speaker.

Mrs. F. B. Winters visited friends here Tuesday.

Mr. and Mrs. W. B. Harper received a telegram Tuesday morning stating that their son Wilbur, who has been with the 364th Infantry Supply company in France, had arrived safely in New York. He expects to return home within the next two weeks.

The P. T. A. met Tuesday afternoon. The opening number was a character song by the pupils of the first grade.

A piano solo by Miss Frances Dungan, daughter of Mr. and Mrs. H. E. Dungan. A reading, "History Lesson," by Glad Collins, which is typical of the boy and his relation to the study of history, giving the event which he knew happened in 1492, beginning with Columbus and ending with Barbara Fritchie. One feature of the business session was planning for the convention of the County Federation P. T. A. and Mothers Congress to be held in the school auditorium Saturday April 12th, the Garden Grove P. T. A. as hostess. Delegates elected were: Misses Harper, Bossey, P. J. Newsome, King and Miss Crutchfield.

Mrs. Goodall, president County Federation was then introduced and gave a very helpful talk on the work, after which she conducted a round table and many questions were discussed.

The members took home the remaining Junior Red Cross garments for completion. Next meeting is election of officers.

LADY MACABEES OF BREA WILL GIVE DANCE FRIDAY EVE

BREA, April 7.—Special.—The Lady Macabees will give a dance Friday night, April 11, at Sewall hall. The admission will be \$1.00 per couple, plus 10 cents war tax. Extra ladies and children over 12 years of age will pay 10 cents war tax. The service's jazz band will furnish the music.

The P. T. A. have made arrangements for a feature film every second Friday evening, beginning May 9. The first number will be the famous "Jack and the Beanstalk," which had such a fine run in Los Angeles.

"J. W. Time" was here last week from Tatt on business interests, returning home Thursday. With him were his brother, Ross, who has just returned from France. He was a member of the Balboa division and was wounded in the battle of the Argonne forest.

A special meeting of the Lady Macabees was held last Monday afternoon at which time Madames Mabel Kuenzel and Hazel Dittell were elected delegate and alternate to the state convention, at Oakland, April 22-23. Arrangements were made for the dance to be held April 11.

The local Lady Macabees revival will go in a body to Los Angeles on April 17, it being the occasion of the visit of Miss Blain M. West, the founder of the order and at present the supreme commander. Miss West is to address the visitors who will be entertained by the Los Angeles ladies.

Thos. McGraw and Fred Krutz are still employed at Santa Marie on construction work.

Mrs. C. F. Myers returned last week from a visit with her brother, R. G. Stanton at Oxnard.

The latest from Missor G. Keith, master engineer, is that he was in Coblenz, Germany, and enjoying good health and spirits.

The oil from the new Chapman well is now being pumped directly through to Stewart Station. It is of exceptionally fine quality.

Mrs. L. Smith, niece of Mrs. G. R. Loney, here from Cincinnati, Ohio, on an extended visit. She is the sister of Herbert Humphrey of the Union Oil Company.

Corporal Ernest Hadenwig is back with us again, after several weeks of active service in France.

Mr. and Mrs. J. C. Sullivan are rejoicing over the fact that the 51st division of the 364th Infantry has landed in New York, as it doubtless means that Mrs. Sullivan's brother, Ross Crawford, who was a member of that division, will soon be back home. Mr. Crawford was one of the local boys who was in the fight in the Argonne forest.

Mr. and Mrs. C. H. Parry, sometime residents of Brea, left last week for Calexico, in the Imperial Valley, where they will make their future home.

Mr. and Mrs. W. G. Seavley, residents of Brea for the past eight years, but who for the past six months have been living in River-

bank, Calif., returned here last week and will make this their future home.

Several ladies of the Congregational church went to Whittier Thursday afternoon to assist in the Plymouth Congregational church, of that city. This was in the way of a return visit to the ladies of the Whittier church who were in Brea about a month ago. Most delightful time was enjoyed, their being a fine program and tasteful refreshments.

E. E. MacTherson, manager of the R. H. Herron Co. store in Brea, was on the sick list for several days, but is again attending to business.

Invitations are being sent out for a social event to be held at the home of Miss Esther Casser next Wednesday night and to be given by the Brea Nine club.

Miss Esther Casser was one of our local girls who enjoyed the pleasure of being on the honor roll of the Fullerton Union High school last month.

The regular meeting of the Brea Nine club was held Tuesday evening at the home of Mrs. Jesse Mitchell. A good time plus refreshments was the result.

Mr. and Mrs. Julius Dettel went into Los Angeles Tuesday evening to attend a birthday anniversary dinner of Mrs. Dettel's sister, Mrs. Jack Jettler.

James Dooley, lately connected with the Coca de Ora Company, left Monday for Maricopa where he has accepted a position with the Interstate Oil Company.

Mr. and Mrs. S. G. Hambleton are happy over the news that their son, Walter, is expected home about the first of May. He sailed from Bordeaux, France, April 1, and has been away a year last month.

Mrs. M. A. Robertson has received word that her son, Ernest, had arrived in New York from overseas service, and she is expecting him home now within a few days.

FRAHMS ENTERTAIN

Mr. and Mrs. P. Frahm and family entertained yesterday afternoon and evening for a number of friends and relatives. Those present besides the host and hostess and family were Mr. and Mrs. H. S. McGregor and Miss Ella Frahm of Los Angeles, Mrs. L. Augustus and sons Ray and Harry of Whittier, Mr. and Mrs. L. Frahm and family, Mr. and Mrs. Wm. Sanderfeld and family, Mr. and Mrs. Chas. Flecher, and Miss Florence Grim.

Orange County's largest music house, Schmidt Music Co., Anaheim,

and son, Alvin Scherrer, of Oxnard, Miss Eva Drake of Fullerton, Lyman Davis of Placentia, Floyd Curtis of San Pedro, and Miss Alice Kierler. Ice cream and cake was enjoyed by all in the afternoon.

LADY MACABEES OF BREA WILL GIVE DANCE FRIDAY EVE

BREA, April 7.—Special.—The Lady Macabees will give a dance Friday night, April 11, at Sewall hall. The admission will be \$1.00 per couple, plus 10 cents war tax. Extra ladies and children over 12 years of age will pay 10 cents war tax. The service's jazz band will furnish the music.

The P. T. A. have made arrangements for a feature film every second Friday evening, beginning May 9. The first number will be the famous "Jack and the Beanstalk," which had such a fine run in Los Angeles.

"J. W. Time" was here last week from Tatt on business interests, returning home Thursday. With him were his brother, Ross, who has just returned from France. He was a member of the Balboa division and was wounded in the battle of the Argonne forest.

The oil from the new Chapman well is now being pumped directly through to Stewart Station. It is of exceptionally fine quality.

Mrs. L. Smith, niece of Mrs. G. R. Loney, here from Cincinnati, Ohio, on an extended visit. She is the sister of Herbert Humphrey of the Union Oil Company.

Corporal Ernest Hadenwig is back with us again, after several weeks of active service in France.

Mr. and Mrs. J. C. Sullivan are rejoicing over the fact that the 51st division of the 364th Infantry has landed in New York, as it doubtless means that Mrs. Sullivan's brother, Ross Crawford, who was a member of that division, will soon be back home. Mr. Crawford was one of the local boys who was in the fight in the Argonne forest.

Mr. and Mrs. C. H. Parry, sometime residents of Brea, left last week for Calexico, in the Imperial Valley, where they will make their future home.

Mr. and Mrs. W. G. Seavley, residents of Brea for the past eight years, but who for the past six months have been living in River-

bank, Calif., returned here last week and will make this their future home.

Several ladies of the Congregational church went to Whittier Thursday afternoon to assist in the Plymouth Congregational church, of that city. This was in the way of a return visit to the ladies of the Whittier church who were in Brea about a month ago. Most delightful time was enjoyed, their being a fine program and tasteful refreshments.

E. E. MacTherson, manager of the R. H. Herron Co. store in Brea, was on the sick list for several days, but is again attending to business.

Invitations are being sent out for a social event to be held at the home of Miss Esther Casser next Wednesday night and to be given by the Brea Nine club.

Miss Esther Casser was one of our local girls who enjoyed the pleasure of being on the honor roll of the Fullerton Union High school last month.

The regular meeting of the Brea Nine club was held Tuesday evening at the home of Mrs. Jesse Mitchell. A good time plus refreshments was the result.

Mr. and Mrs. Julius Dettel went into Los Angeles Tuesday evening to attend a birthday anniversary dinner of Mrs. Dettel's sister, Mrs. Jack Jettler.

James Dooley, lately connected with the Coca de Ora Company, left Monday for Maricopa where he has accepted a position with the Interstate Oil Company.

Mr. and Mrs. S. G. Hambleton are happy over the news that their son, Walter, is expected home about the first of May. He sailed from Bordeaux, France, April 1, and has been away a year last month.

Mrs. M. A. Robertson has received word that her son, Ernest, had arrived in New York from overseas service, and she is expecting him home now within a few days.

FRAHMS ENTERTAIN

Mr. and Mrs. P. Frahm and family entertained yesterday afternoon and evening for a number of friends and relatives. Those present besides the host and hostess and family were Mr. and Mrs. H. S. McGregor and Miss Ella Frahm of Los Angeles, Mrs. L. Augustus and sons Ray and Harry of Whittier, Mr. and Mrs. L. Frahm and family, Mr. and Mrs. Wm. Sanderfeld and family, Mr. and Mrs. Chas. Flecher, and Miss Florence Grim.
