TWENTY-SIXTH YEAR

$825,000 ALIMATOS SUGAR FIRE

137 ANAHEIM CARS IN S. A. PARADE

Large Number of Local Floats Will Participate in Armistice Day Celebration

The best committee of the year, in C. of C. activity, is that appointed by the members at their last monthly meeting, the Armistice Day parade committee, composed of A. Bayliss, F. K. Gresswell and Frank Tausch.

This body made a whirlwind campaign of the business district, Thursday, and got promises of co-operation amounting to 137 decorated vehicles for the Armistice day parade at Santa Ana, Nov. 11, including in the list are decorated floats of the local Legion, City of Anaheim, Anaheim Beef Co., Bake-Rite Bakery, California Theater, Anaheim Sugar Co., and C. of Co. among others.

The local vehicles will park along East Broadway, all to be in their places by 8:45 a. m., Nov. 11. They will take places on both sides of the street, extending as far toward Atchison-st as may be necessary. Advertising signs, which may be obtained either from Mr. Gresswell or Miller & Robbins, must contain merely the name of the firm entering, and a line stating the business, according to the instructions from Santa Ana. Many of the entrants, especially the auto agencies, are putting into line more than one car each. Decorations should include National colors, the colors of the American Legion, blue and gold, besides liberal foliage and floral festoons, if possible, and each car should have an appropriate sign. Sign orders should be arranged early, to avoid delay, according to the local committee.

BUICK AUTO BURNS ON PLACENTIA-AVE

A mass of twisted steel and iron stands on Placentia-ave today, the remains of a five-passenger Buick, which burned last night about 1:30 o'clock. Neighbors heard voices of men and saw the flames but no information was gained as to the car's ownership.

One of the several men who had been in the auto called at the home of George Pickering on Placentia-ave to phone the Anaheim fire department, but, the car being two miles out, the department could not answer. The occupants of the machine left the scene of the disaster with no word of their identity or destination.

Arrest Bootlegger Among Threshers

Sheriff Jackson and Deputy Zabel last night arrested Trinidad Berrera at Talbert for transporting liquor. Today, he pleaded guilty on two charges and was given 90 days on each.

Maria Vega, traveling in an auto with Berrera, was arrested for vagrancy, pleaded not guilty and will be tried at 10 a. m. on Dec. 1.

Following up well-grounded suspicions that bootleggers were plying their traffic among the threshers at Talbert, the sheriff was on the watch for four nights. He found that after threshers finished work in the evening, lights were put out and a bootlegger pulled up in an auto.

Last night when the lights were doused, the sheriff also pulled up, getting a bittle and making an arrest. Not much booze remained in the bottle.

C. OF C. SECRETARIES MEET SUBDIVIDER

Victor Girard, Los Angeles subdivider, has called a meeting of secretaries and other C. of C. officials of So. Calif. cities to discuss the possibilities of further developing their industrial and residential resources. The local chamber and those of Vernon, Whittier, Torrance, San Bernardino, Riverside, Ontario, Pomona and Santa Ana will attend this meeting at Walnut Park, 4 p. m. Friday.

In his call of the meeting, Mr. Girard, who has been one of the most energetic community builders in the southland, states: "Many of us, whose interests are bound up in community development, realize that in the race to push forward the claims of Los Angeles, opportunities which smaller communities offer to home-seekers, businessmen, and investors are very often subordinated and overlooked. Moreover, we are convinced that if these outside communities were brot together by representative men on a basis of co-operation, harmonious action, thru permanent organization, which would support their claims and voice their development aspirations, actual constructive benefits would accrue.

"Such an organization would not have interest inimical to that of Los Angeles, but, in fact, could serve the broader purpose of working to distribute rationally and evenly the development which is coming to So. Calif. and thus discourage its congestion into any one large community. There is obvious advantage in putting community development on a competitive basis, thus giving freer opportunity for the best that is in each community."

The idea has been recommended by the Hellmans, Fred L. Baker, L. M. Cole and other first-rank Angeinos.

2 ARRAIGNED TODAY FOR MURDER

Dist. Atty. Nelson Probes Claim Slayers Are Misrepresenting Their Ages

Robert Rosser and Chas. Handy were arraigned before Justice Cox, of Santa Ana, this afternoon on a charge of murder, following the verdict of a coroner's jury late yesterday blaming Rosser for the death of Mrs. May Ricketts near Anaheim Landing Tuesday afternoon.

County officials went thru the formality of certifying the two boys to the juvenile court, because they claimed their ages to be 15 and 16 respectively, and then certified them back to the justice court.

G. W. Wolfe, companion of Mrs. Ricketts, declared at the inquest that the boys had threatened his life just after Mrs. Ricketts was shot to death. This assertion was followed by a declaration from Dist. Atty. Alex. P. Nelson that the boys had misrepresented their ages.

According to Wolfe, young Rosser, after shooting Mrs. Ricketts, started to run away then turned around and pointing the revolver at Wolfe, declared:

"I might as well get you, too."

He pulled the trigger, but no shot was fired.

Mr. and Mrs. Wm. Rosser, of San Pedro, visited their son in the county jail yesterday. While the meeting was not witnessed, it was known to have been deeply affecting from their appearance upon departure. The mother appeared on the verge of collapse. Rosser is a furniture dealer at the harbor city.

The verdict of the coroner's jury was that Mrs. Ricketts came to her death at the hands of young Rosser, based on testimony of Wolfe and others, and upon the autopsy of Dr. C. D. Ball, performed a few minutes before the inquest. Dr. Ball stated the bullet entered the chest, pierced the lobe of one lung and the upper chamber of the heart, and lodged in the muscles of the back. Dr. Ball removed the bullet and displayed it to the jury.

The coroner's jury was composed of P. Patterson, Chas. Ward, W. S. Rose, W. M. Dunkin, Thos. Mann and G. D. Campbell.

Wolfe described the circumstances of Mrs. Rickett's murder, after they had been held up and after the woman had attempted to wrest the gun from young Rosser's hands. Other witnesses were City Marshal Burton E. Whittington, of Seal Beach; R. Funnell, of Long Beach, to whom the boys gave themselves up;; Deputy Sheriff Roy Ballard.

Marshal Whittington declared Rosser had told him he was 18 but that he was going to claim his age to be 15 so that he could be sent to the reform school instead of being tried for first degree murder.

It was in view of this that the district attorney decided to make a thorough investigation of the boys' ages. Both were being held in the county jail today. Yesterday, Rosser was held in the detention home.

After the inquest, the body of Mrs. Ricketts was returned to the Mottel funeral parlors at Long Beach, where the funeral will be held. Mrs. Ricketts had been married twice but was husbandless at the time of her death. The boys charged with her death assert she and Wolfe were making love to each other. Wolfe is a resident of Council Bluffs, Ia., who came to Long Beach for the winter. He said he met Mrs. Ricketts at the home of Mrs. S. J. Gray, Lemon-ave., Long Beach.

At the inquest yesterday, the six children of Mrs. Ricketts wept continuously.

GREENBURG CLOSES OUT $10,000 STOCK

Doors will be thrown open at 9 a. m. tomorrow at the Greenburg store on one of the biggest sales staged in Anaheim in recent times. All of the $10,000 stock is put on sale, nothing reserved, as the Greenburg people are closing out.

The store has been closed all day today getting in readiness for this event and plenty of clerks are ready to take care of the great numbers of patrons sure to be on hand bright and early tomorrow. Now is the time to buy fall and winter clothing and household furnishings at greatly reduced figures.

City Builders Series--No. 1

We DO as much business in one month now as we did in a whole year then," remarked Oscar H. Renner, of the S. Q. R. store this morning.

"Yes, Anaheim has grown rapidly and we've tried to keep up with it."

The S. Q. R. store was launched 16 years ago, in a building where the Golden State bank is now located, by Renner, August E. Schumacher and W. P. Quarton. There were two clerks besides the three proprietors then. Today, the store has a regular force of 21 and four extra clerks. Eight years ago Renner and Schumacher bot out Quarton and moved diagonally across the intersection of Los Angeles and Center-sts, to the present location. Since then, they have had to expand radically three times and are now looking for more room, with the only available direction being straight up—a second floor.

They first had the one storeroom on the corner to a depth of 100 feet then they added a second storeroom to the west and 30 feet more to the rear. Recently they added 20 feet more frontage on Los Angeles-st.

"See that stack of curtains and draperies," said Renner, pointing to a section of shelves, closely packed, "to display that satisfactorily, we should have a room 20x30 feet. That is the way it is all thru the store. We have an enormous stock here, the biggest we have ever had. We need more room."

Rnner is a pioneer. He says:

"I came from Michigan to So. Cal. in 1887. The train I came on was so crowded many of the passengers had no place to sleep. The trains coming to So. Cal. are still crowded.

"There was a boom on when I landed here. They used to put up a big tent, serve sandwiches, etc., and conduct an auction of subdivisions, people coming from Los Angeles and other points. That is the way they sold the Reiser tract where the Broad way school is and the Spoerl tract at the corner of West-st and County-rd. The latter was considered far out in the country.

OSCAR H. RENNES

Renner recalls entertainingly the mule car line on Center-st to the West Anaheim S. P. depot.

"It was a paying proposition for ten or fifteen years until the S. P. built a station on Los Angeles-st.," says Renner.

"There were two cars and a single track save for a switch at a point about where Fremont school is. Sometimes one car would be late and the other driver wouldn't feel like waiting, so he would proceed until they met when one would get out and lift his car off the track until the other drove by.

Renner started working in an Anaheim store, Federman's, in 1891. He was 14 years of age then. He has been at it ever since and has made good himself and been a big factor in the development of the city.

BIGHAM BUYS FRONTAGE AND WILL ERECT BLOCK

Dr. W. L. Bigham today purchased from C. L. Head and G. T. Ingram 58 feet frontage on the southside of Center-st between Lemon and Clementine-sts.

He will begin construction immediately of a modern business block, one-story. It will contain three storerooms. To show the demand for such buildings, Simpson Realty Co., who handled the deal, stated today they had eight applicants for leases on storerooms.

ERECTS RICHFIELD BUSINESS BUILDING

N. M. Durkee, of Tobin & Rurkee, Anaheim realty dealers, is erecting a brick business block, 50x50 at Richfield for J. A. Bilbro, proprietor of a general merchandise store. Durkee will move the old frame building, 28x36 that has been used for a store, to a side street and remodel it.

OIL STRIKE CALLED OFF LAST NIGHT

LOS ANGELES, Nov. 3.—Work was resumed today in all of the oil fields of the Bakersfield district, where production has been stopped for the past seven weeks because of a strike of oil workers.

The strike was officially called off late last night after the Kern River local voted to return to work. All other locals had voted to return to work the day before.

LONG SKIRTS HELP PREVENT INFLUENZA

WASHINGTON, Nov. 3.— Those women anxious to bring into style longer skirts for their sex have an ardent champion in Dr. Norman C. Glover, president of the Mid-Atlantic Osteopathic Assn.

"It is encouraging to see the trend of styles for the coming winter," said Dr. Glover. "Longer skirts to protect the limbs of women will certainly have their place in reducing the amount of influenza and allied diseases," he continued.

HUNTERS IN STATE KILL 20,000 DEER

RED BLUFF, Cal., Nov. 2—Approximately 20,000 deer were killed in California during the season this year, according to the estimate of the Sacramento office of the Fish and Game commission.

This number exceeds the estimate of deer killed in former years, during the longer seasons, it was stated.

Deer were more plentiful this year and increased interest in deer hunting thru the state, are the reasons given for the unusual number of the animals killed.

HOTEL GUESTS SAVED

DENVER, Nov. 3, — Seventeen persons were overcome temporarily in an early morning fire here that did slight damage to the Charles A. Schieren Leather Co.'s store. The persons overcome were guests in an adjoining hotel, but all were rescued without injury.

MEXICO BARS TAX DODGING FIRMS

LOS ANGELES, Nov. 3.—All American firms and individuals doing business in Mexico, who have failed to pay the "centennial tax" decreed by the Mexican government on gross incomes derived from Mexican sources for June, July and August, are to be barred from further operations in the neighboring republic, according to E. F. Gerreira, Mexican consul at San iDego, in a message sent to shipping men at Los Angeles harbor.

According to Gerreira, the last date for payment of the taxes by Americans was Oct. 29, after which a fine of five times as much as the tax is to be imposed on the "delinquents."

A close investigation of various firms at the harbor developed the fact that not one has paid the taxes demanded. And what is more, not a single individual firm or organization admits intention of paying the Mexican income taxes.

L. A. CRIME ACCIDENTS BREAK ALL RECORDS

LOS ANGELES, Nov. 3.—Despite the unusual effort being made by officers to curb recklessness in traffic, 43 persons were killed in Los Angeles city and county during the month of October, according to police records, and all previous records of fatalities were shattered.

Crime records were shattered during the month while the police and certain city councilmen were fighting for an increase of 500 police officers for added protection of life and property.

WOMAN ENDS LIFE; HANGS SELF IN BARN

LOS ANGELES, Nov. 3.—Eluding members of her family, Mrs. Nellie E. Cline, 47, early today committed suicide at her home, 1045 Ohio-ave, Long Beach. The dead body of the woman was found shortly after dawn hanging from the rafters in a garage at the rear of the house. She had climbed to some trucks, fastened a rope about her neck and then leaped into space.

BIG FACTORY WAREHOUSE TOTAL LOSS FROM FLAMES

Damage totalling nearly a million dollars resulted today when fire destroyed the big warehouse of the Los Alamitos sugar factory, eight miles west of Anaheim.

The warehouse was loaded to the roof with sugar. E. C. Hamilton, plant manager, estimated 150,000 sacks, each weighing 100 pounds, would prove a total loss from fire and water.

Sugar was selling today for $5.50 per 100 which would make the loss $825,000. The warehouse building represents a loss of $20,000 to $25,000.

The fire started about 7 a. m. It was discovered by Foreman Verback in the southeast section. When he returned with an extinguisher the whole warehouse appeared to be on fire.

The sugar company's fire department immediately responded and soon had 12 lines of hose playing on the intensely hot flames from the burning sugar. The Long Beach and Belleflower fire departments also responded. Within 45 minutes after discovery, the roof fell in. At 10 a. m. it was still burning, but apparently was under control. It was still smouldering late this afternoon.

The walls fell in early in the morning and the firemen redoubled their efforts to prevent the flames spreading to the sugar factory and seed house. Several streams of water continually played on these buildings.

A consignment of 15,000 sacks of sugar, loaded in freight cars which were to go out today, were saved.

There is insurance on the entire loss, it was stated.

Efforts may be made by insurance companies to salvage something by attempting to send the ruined sugar again thru the mill. What can be salvaged immediately, will be moved to Los Angeles until another warehouse can be erected at Alamitos.

The fire is thot to have started from a short circuit.

HOMEWARD BOUND AFTER CONVENTION

KANSAS CITY, Nov. 3.—The last of the delegates and visitors of the American Legion convention were fast hurrying homeward today. Marshal Foch and General Pershing, last of the distinguished guests to leave, pulled out of the city last night on a special train bound for St. Louis. The station lobby was packed and both were given a farewell ovation.

'CRAP SHOOTERS' IN BATTLE WITH POLICE

KANSAS CITY, Mo., Nov. 3.—A riot which raged for nearly two hours between convention visitors, hoodlums and police, badly wrecked the beautiful lobby of the Hotel Baltimore here early today.

The fighting began when officers attempted to break up a crap game on the lobby floor. Over 100 police were called and charged into the fighting mob which surged back and forth in the lobby. More than 100 shots were fired before the lobby could be cleared.

Another riot call brot all the police available. The officers cleared the lobby after mirrors, glass and furniture had been broken and fighting was then resumed in the street. Boards torn from a nearby fence around a partially constructed building were used as weapons by the rioters.

A check-up after the rioting showed that a score of policemen were suffering from bruises. No arrests were made.

SERIES MONEY BASE BALL STARS HELD UP

CHICAGO, Nov. 3.—The world series money of "Babe" Ruth, Bob Meusel and Bill Piercy, New York Yanks, who violated the rules of organized baseball by taking part in a post-season barnstorming tour, has been held up on orders of Judge K. M. Landis. The check for each amounts to $3263.26.

This is Landis' "ace in the hole" in his difference with "Babe" Ruth over the rule question and it is said to be one of the reasons why the baseball commissioner has been unusually slow in making a decision in the case of Ruth, Meusel and Piercy.

The situation as far as the ball players are concerned was not helped by the statement of Meusel in Chicago the other day to the effect that Judge Landis "can jump in the lake."

BOTH SIDES DESIRE DELAY FOR ARBUCKLE

SAN FRANCISCO, Nov. 3.—When "Fatty" Arbuckle comes to trial in Police Judge Louderback's court here Monday charged with having caused the death of Virginia Rappe during a party in the St. Francis hotel, postponement will be asked by both the prosecution, headed by District Attorney Matthew A. Brady, and the defense, of which Gavin McNab is chief counsel, according to a statement made by the latter today. The trial will be started Nov. 14, it is believed.

Word received from Chicago says defense investigators have secured affidavits from Dr. Maurice Rosenberg, who is alleged to have treated Virginia Rappe for organic diseases, and Miss Virginia Roth, who declared the girl had been a maternity home patient five times in two years.

CERRO VILLA TRACT STARTS WITH RUSH

Cerro Villa Heights, the newest and one of the last citrus subdivisions that will ever be placed on the market in Orange-co, has started out with a rush. Since it was first placed on the market, which was just a few months ago, practically one-third of the 360 acres which comprise the tract have been sold, mostly to local orange growers and business people.

The C. B. Berger Co., Anaheim realtors, are general sales agents for the tract for the owners, the Jotham Bixby Co. of Long Beach. Hugh Thompson and Willard Smith, well known engineers and horticulturists of Villa Park, did the development work, and they have not spared the large resources of the Bixbys in converting this little valley, lying in the foothills north and east of Villa Park, into one of the most highly developed orange grove properties in So. Calif. The plantings are all Valencia oranges, the stock having been propagated especially for this tract by Messrs Smith and Thompson. A mutual water company, comprising the owners of the groves in the tract, owns the water system, which is declared by experts to be one of the most efficient in the entire district. The distributing system is so arranged that no night irrigation will be necessary even when the groves will have reached the full bearing stage. Splendid macadamized road system is now under construction thruout the tract and the county recently extended the boulevard running north from Villa Park almost to the property. The climatic conditions in Cerro Villa Heights are known to be ideal for Valencia oranges, the property lying high with a south slope and being protected on the north by high foothills, and with a clear, open view of the ocean view on the southwest. Mr. Thompson, one of the engineers, and who has been manager of the Bixby ranch 28 years, has kept an accurate record of the temperature for many years and they prove that this particular location is especially adapted to the growing of citrus fruits, avocados and winter tomatoes and peas.

Some of the purchasers of groves in Cerro Villa Heights are the following, their groves ranging from 4½ acres to 15 acres; a number of them have built homes on their groves and others are planning on building on sites which are just being laid out in the foothills above and overlooking the tract and valley below: John Kogge and J. Roy Smith, of Orange; Nelson McArthur and W. Scott Elmer, of Santa Ana; A. Yturry, of Placentia; Dr. Thos. Warden, of Anaheim; C. O. Thompson, of Villa Park; Dr. M. M. Seymour, of Regina, Sask; E. H. Paddock, of El Modena; Dr. Leon Patrick, of Orange; Martin Hausladen, of Anaheim, two groves; and W. Curzen, of San Gabriel and Placentia, two groves.

The Berger company handled the sale of the Peralta Hills tract, a few years ago, for the Bixbys, Messrs Smith and Thompson also being the engineers for that tract, and it was all sold out in a very short time. It is located a short distance up the Santa Ana canyon, on the boulevard and is now dotted with beautiful homes and bearing groves, and the owners value their properties at from $2,500 to $4,500 per acre.

WEDDING TODAY OF WELL KNOWN YOUNG COUPLE

SIMPLE but impressive was the ceremony which united in marriage Miss Viola Muckenthaler and Mr. Fred La Verne Hayes, both of Anaheim, the rites being read at 5:30 this afternoon by the Rev. Father Brown, in the parsonage of St. Boniface church. Only relatives and most intimate friends of the couple were in attendance.

The bride, a daughter of Mr. and Mrs. A. Muckenthaler, of West Center street, has resided in Anaheim for the past twelve years, and was a student in the local schools. She was very becomingly dressed in dark brown veldyne tailleur with accessories to match. She carried a half shower bouquet of pale pink Cecil Bruner roses, which looked especially dainty against the dark suit. The single ring ceremony was used.

Mr. Hayes is the son of Mrs. R. R. Pember, also of Anaheim. He was in the aviation service during the war, being located in the San Antonio, Texas, field Since his return from camp two years ago he has resided at the ranch home on north West street.

Immediately after the ceremony the young couple left on an auto honeymoon trip to the northern part of the state, planning to be absent about three weeks. After their return they will be at home in Anaheim, where they have a large circle of friends who wish them worlds of happiness and prosperity in their new relationship.

Guests at the ceremony were Mr. and Mrs. A. Muckenthaler, parents of the bride, and brothers, Lauwrence and Martin, and sister, Augusta; Mr. and Mrs. R. R. Pember, the groom's parents, and sisters, the Misses Valle and Esther Pember; Mr. and Mrs. Arthur Kemper, Mr. and Mrs. Walter Muckenthaler, Fullerton; Mr. and Mrs. Sam Kraemer and daughter, Geraldine, of Placentia; Mr. and Mrs. Gilbert Kraemer, Placentia; Mr. and Mrs. Sam Newnes, and Mr. and Mrs. Edward Backs, Placentia; Mrs. William Muckenthaler and daughter, Miss Gertrude, of Los Angeles; Mr. and Mrs. Victor Bonnat, Mr. and Mrs. William Junge, Miss Clara Nau, Miss Marie Hamman and Mr. Jack Kemper.

EXECUTIVE MEETING OF MEN'S BIBLE CLASS

The Howe Bibel class of the Christian church is growing most satisfactorily, fifty-one members being in their places Sunday morning. The executive committee will meet each week to further plans for the success of the class and tonight will gather at the church. The Ladies Aid society will serve the dinner, which promises to be a thoroughly filling one.

PRETTY NEEDLEWORK DISPLAY

Mrs. Pollyanna Smith, of 215 So. Palm street, is offering her friends and acquaintances a treat, when on tomorrow afternoon at her home, she will display an assortment of ladies dainty lingerie garments which will please the most fastidious.

Mrs. Smith is unusually clever with the needle, and the showing is her own handiwork. She specializes in trousseau and Christmas orders. A cordial invitation is extended to all Anaheim ladies who are interested in pretty things. Tea will be served.

CELEBRATES 78TH BIRTHDAY

P. E. Hoag, of Compton, who has been confined to his bed with illness for the past eighteen months, was given a happy reminder of his 78th birthday last Sunday when members of his immediate family gathered at the home to enjoy a fine birthday dinner and pass the day with him.

A big birthday cake was the feature of the dinner and he was presented many gifts as reminders of the anniversary. Helping him celebrate the day were Mr. and Mrs. Torrence Hoag and Mrs. L. Hoag, of Pasadena; Mr. and Mrs. Caison and Mrs. Daley, of Chino; and Mr. and Mrs. T. L. Hoag and children, of Anaheim.

MRS. JOHNSON HAS WHIST CLUB

Meeting with Mrs. J. Johnston yesterday, the members of the Wednesday afternoon Whist Club spent a very enjoyable time in conversation and playing cards. The prizes were awarded to Miss Thurrin, Mrs. Witherill and Mrs. Quarton, respectively. The pretty boquets of roses and greenery lent their fragrance and charm to the players. The big dining table was very nicely decorated in the orange and black colors. Marigold being used. The ladies playing yesterday were the Mesdames M. Neblung, Wade Quarton, W. P. Quarton, Alice Booth, E. Borchert, H. Backs, F. Mickle, C. W. Martin, Minnie Palmer, L. Witherell, Miss Ena Thurrin and the hostess, Mrs. J. Johnston.

CONSOLIDATED CLASSES MAKE MONEY

With more than thirty members of the newly formed Ladies' Bible class of the Christian church present, considerable business was transacted in their meeting yesterday. The class is a consolidation of the Live Wire and the Loyal Women classes. A very interesting feature of the meeting was the report of the moneys received during the two months' contest between the classes, closed a short time ago. Aside from all expenses, the sum of $433.01 was turned into the building fund for the new church.

Committees were appointed with the chairmen as follows: devotional, Mrs. Alexander; membership, Mrs. J. D. Wallace; social, Mrs. Callie Bowen; flower, Mrs. Loren Howe; calling, Mrs. H. G. Carlin. The committee to select a motto will be announced soon. The class is planning a cooked food sale for next Saturday, beginning at 3 p. m., and it will be held in Stroup's market.

BOYS HELP PAL CELBRATE HIS TENTH BIRTHDAY

MASTER PAUL GORDON, son of Mr. and Mrs. Eugene Gordon, of 112 Bush street, attained the age of ten years yesterday, and to properly mark such an important date on his calendar, he invited in several boys to enjoy the excellent dinner his mother prepared for the occasion.

The boys played games after school for some time, on the lawn and indoors but with no more enthusiasm than they showed when the call to dinner came at 5:30. The birthday cake was most pleasing to the boys' sight and certainly appealed to their tastes. After doing justice to the excellent dinner, as happy boys of that age can, they were taken to their homes by Mr. Gordon in his automobile, each fellow wishing that some of the bunch could manage a birthday about twice a week.

Passing the evening together were Leland Alpin, Ralph Ashen, Ralph Grefe, Lloyd Grefe, Louis Kroeger, Louis Brenner, Walter Steffens, Robert James, Leason Pomeroy, Wesley Weaver, Victor Schmelzer, and the young host, Paul Gordon.

HONORS VISITING MOTHER

Mrs. Harry Hughes, of Fullerton, complimented her mother, Mrs. Bowman, of Aberdeen, Wash., yesterday with an afternoon party, the guest list including friends from neighboring towns. The ladies played cards for diversion and at the close of games it was found that Mrs. Jarvis scored highest, Mrs. Richardson second, and Mrs. Mock, the consolation, which is quite contrary to her usual skill in winning first at recent parties. Those present were the Mesdames Spaulding and Brownfield, of Long Beach; Little, of Whittier, and Jarvis, Callan, McKelvey, Reese, Beningsdorf, Trippett, Strength, Dugas, Mock, and the honoree, Mrs. Bowman and hostess, Mrs. Hughes.

Yellow chrysanthemums were arranged in clusters in the rooms and hand painted score cards and place cards furthered the autumn motif. A two-course luncheon was served at the conclusion of games. Mrs. Bowman will likely remain with her daughter until after Christmas.

FORMER ANAHEIM DRUGGIST WEDS COLLEGE MATE

A COLLEGE romance beginning while both were students in University of California, resulted in the marriage yesterday afternoon of Miss Eleanor Gardner, of Los Angeles, to Mr. Jack Doty, formerly of Anaheim, now of Fullerton. The ceremony occurred in Wilshire Christian church, Rev. Howard Fagan officiating. Chrysanthomums and dahlias were used to further the beauty of the occasion.

The bride, who is a Marlborough girl, also of University of California, was beautiful and stately in her gown of white satin en train, heavily embroidered with pearls, and carrying a shower bouquet, orchids and lillies of the valley. Her tulle veil was of train length. Mrs. John Holcomb, of Fullerton, was matron of honor, wearing orchid velvet with silver trimmings, and the bridesmaids, the Misses Elizabeth Wheat and Zemula Pope, and Mrs. Raymond Smith, were dressed in georgette in pastel shades. Little Miss Mary Louise Crum was flower girl and Frances Gardner was train bearer. Mr. Doty was accompanied by Raymond Smith, best man, and the Messrs Joe Mullarky, Fred Owen and John Holcomb were ushers.

Fully three hundred uests witnessed the pretty service, after which a supper was served at the home of Mr. and Mrs. F. C. Gardner, parents of the bride. The couple left later by auto for San Francisco, where they will pass their honeymoon.

Mr. Doty is well known in Anaheim, having been connected with the Mullinix Drug Co., for more than a year, but later purchased the drug business in Fullerton, where he is now established. He is the son of Mrs. W. E. Renner, of So. Los Anceles-st., and a most promising young business man. Mrs. Doty is a young woman of charming personality and will be welcomed into Fullerton society circles, where she already has several acquaintances. They will be at home in Fullerton upon their return from the north.

CONFIRMATION SERVICES

On next Sunday the Right Reverend J. J. Cantwell, D. D., Bishop of Monterey and Los Angeles, will administer the Sacrament of Confirmation to ninety-five candidates, after solemn high mass, which will be celebrated at 10 o'clock in St. Boniface church. At 7:30 p. m., of the same day, Rev. Fathers Seymore and Brennan will commence a week's Mission.

CHAT 'N SEAU THEATRE PARTY

Going to the California Theatre to witness "Dangerous Curves Ahead," several members of the Chat 'n Seau club enjoyed the evening at a theatre party, then went to the new California Confectionery to partake of after-the-show refreshments. The evening was spent in merry chatter. Those enjoying this treat were the Mesdames H. K. Boyd, Fred Scott, R. E. Campbell, Gus Prescott, Welcome M. Ward; the Misses Viola Elliott, Mayme Dillon, Evelyn and Lillian Degryse.

ALL DAY VISIT WITH YORBAS

Mr. and Mrs. Ben. Yorba of Yorba, entertained an Anaheim party yesterday with an all-day visiting program. A delicious and sumptuous dinner was served at noon, guests present being Mr. and Mrs. Lee Leep, Mrs. Vanatta and Mrs. T. L. Hoag and children. Of especial delight to the visitors were the dahlias used in generous quantities about the rooms, which were raised in the garden of Mrs. Yorba, Mother of Mrs. Ben. Yorba. Of exquisite colorings and huge size, they were remarkably beautiful. The guests passed the entire day at the Yorba home, going early and remaining late.

NEIGHBORING MEMBERS

The members of the Embroidery club were charmingly entertained at the home of Mrs. John Cook at her country home on Walnut street. The ladies conversed about the different pastimes of the summer and with their embroidery work the afternoon was quickly passed. Roses and greenery were the decorations used. A delicious luncheon was served from trays. The members present yesterday were the Mesdames Wm. Wagner and Fleetwood Bell of Santa Ana; Lumblade and Duntley of Los Angeles; G. G. Richards, W. B. Denis, R. C. Chapman, Wm. Faber, E. W. Bolinger, C. H. Bell all of Orange, and W. H. Houts, B. F. Houte and the hostess, all of Anaheim.

"GOOD ENGLISH" WEEK WILL BE OBSERVED HERE

In preparation for "Good English" week, which begins next Monday, the English department in the high school as well as the grammar grades, are making elaborate preparations for observing the week. Slogans have been formed, and Miss Underwod, in the high school English department, has placed on the blackboards the common errors in English, written in red chalk, with the corrected in white. Essays on the value of correct English are in preparation, and English drills are held each day.

A playlet will be given in the high school Monday, in which a contest between "Good English" and "Common Errors" is read, in verse and staged in pantomime. "Mother Tongue's" effort to save her daughter, "Good Speech," from falling into the hands of "Common Error," required quite an earnest struggle, but she finally is victorious, much to the delight of other characters in the play.

Good English week will be observed all over the country next week. Two years ago the National Ass'n of English teachers instigated the week in which school children are especially trained in the use of the mother tongue. Last year it was successfully carried out and this year it is hoped even better results will obtain.

Yorba Linda News

YORBA LINDA, Nov. 2.—(Spl.) The neighbors and friends of Mr. Leroy Johnson gave him a surprize on Sunday that was a real surprize in every sense of the word. He was called to a neighbor's house to answer a fake telephone message and there was told the party could not wait but would call later. On arriving home again he found the house full of guests and two long tables all set for the 36 guests present. The menu prepared by the self invited guests included chicken pie, mashed potatoes, salad, cranberry jelly, tomatoes, rolls, butter, coffee, cake, pie and ice cream.

Mr. Johnson has entertained several times during the summer with big barbecued dinners and those enjoying them took this wey of showing him their appreciation. Out-of-town guests included Dr. and Mrs. Knight of Pomona, Mr. and Mrs. E. N. Gage and Mr. and Mrs. Geo. Knight of Huntington Beach.

Friends of Ross Johnson are congratulating him on his marriage to Miss Helen Everett of Fullerton which occurred the last of the week at St. Michaels, Fullerton. They will be at home, after a short honeymoon to their friends at Fullerton.

At 4300 feet the Ridge Oil Company continues to get the same showing of oil and gas, so it has been decided to cement again and then go on with a 4 inch pipe.

Mr. and Mrs. S. H. McFadden have had as their house guest the past few days Mr. B. Murphy of San Francisco.

Miss Edith Bemis and Mrs. Ben Selover entertained at the home of the latter at 6:30 dinner on Saturday evening, the members of the D. D. club, guests arrived in costume and were seated at the table which had places separated by yellow and black streamers. The house was lighted with candles in pumpkins and in carrot candle sticks. The table was pretty with place cards, favors, nut cups and candies commemorative of Hallowe'en. After dinner the guests all motored to La Vida Hot Springs and attended the masquerade dance there. Invited guests included Arthur Bemis, Chauncey Pichler, Mr. and Mrs. Howard Brown, Mr. and Mrs. Ralph Shook, Mr. and Mrs. Ed Taylor, Mr. and Mrs. D. M. Buckmaster, and the hostesses Mr. and Mrs. B. Selover and Miss Bemis.

BANDINI STANDING CEMENTED AT 3600

Whittier

All that seems to stand in the way of the Bandini becoming an oil well is the water problem. Drilled to 4050 this well has showed excellent indications of light oil. Water trouble at 3600 feet has prevented the well from [illegible] the showing it is believed it could make. At this depth the well is now standing cemented under pressure.

The Central Oil Co. operating in the Puenta oil field, has wells drilling. No. 67 shut off water successfully at 1871 and is now drilling at 1,855. No. 68 at 2180 is in the brown shale, and No. 66 is making hole at 1955.

Drilling on the La Habra Midway's wild-cat is now at 1767, the formation showing hard sandy shale. The showing of oil heralded last week was in the shale and consisted of colors only.

Standing cemented at 2345 the So. Calif. Oil Co's Sanderson No 1 is ready to go ahead. The lost tools were fished out and the hole is now in perfect condition.

Standard Operating Oil Property

The Murphy-Coyote famous for its big wells ten years ago, is still under heavy development by the Standard Oil Co. Drilling now includes ten wells. The drilling wells are Nos. 79, 80, 84, 85, 86 and 87. Nos. 89 and 90 are new locations.

On the Bastenchury lease the Standard has No. 1, a former producer, redrilling and deepening at 4475. No. 5 was put on production at 4738, and makes about 50 barrels.

Whitley Oil Company Drilling Two

ective drilling on the Whitley property no wincludes two wells. property now includes two wells. to 2565 is doing about 125 barrels. No. 6 at 2875 is in brown shale and is beginning to look favorable. At No. 7 the pipe froze at 1960 and the well is standing.

BAKERY ADDS EQQUIPMENT

The Sanitary Bakery on West Center-st. has added some new show cases to its counter, adding attractiveness to their establishment. The addition was made necessary by the steadily increasing business.

Grammar School Notes

Grammar school boys were very happy last night, when Placentia went home with the little end of the score. The game was very exciting. In the seventh inning, Anaheim had registered 9 and Placentia 2. The exciting part was in the last two innings when the opposing team scored six, making the tally at the end of the game, Anaheim 9, and Placentia 8. This was a return game for the one played at Placentia last week.

CALIFORNIA OFFERS WONDERFUL BILL

For genuine entertainment the Meiklejohn and Dunn vaudeville road show which is coming to the California theatre will be found hard to beat. Singing, dancing, comedy, in fact everything which goes to make up an entertaining vaudeville bill will be found on the program for tonight.

Ed Blondell and his company claim they have made half the world laugh. Those who have seen "The Boy From Home" agree that even in China there would be miles of smiles if this tubby comedian appeared there.

Davy Jamieson dances his way right into the heart of his audiences and he is sure that Anaheim will prove no exception to this rule.

That agile pair, Wire and Walker, smile as they thrill and their unusual offering is something new to the vaudeville stage, if such a thing is possible. Pretty costumes, special scenic investure and aparatus all go to make this one of the most enjoyable acts on the bill.

The patrons of Grauman's Million Dollar theatre were charmed by the beautiful voices of the Native Alpine Trio. Altho they have been in this country only a short time, this talented trio has played to hundreds of people thruout the country.

The photoplay which will be shown in conjunction with this unusual vaudeville program is "Moonlight Follies" in which that bewitching little sprite of the screen, Marie Prevost is to be seen.

MRS. OBENCHAIN MAY BE BURCH WITNESS

LOS ANGELES, Nov. 3.— Madalynne Obenchain, indicted with Arthur C. Burch for the murder of J. Belton Kennedy, may be called as a witness if the court grants the demands of Burch's attorneys that he be tried for his sanity before being placed on trial on the slaying charges, it developed today.

As a witness only to give her opinion of Burch's mental condition, Mrs. Obenchain could be compelled to testify to what might not endanger her position as a defendant in the case, it was pointed out.

Mrs. Obenchain's willingness to tell her story from the witness stand in support of a motion to admit her to bail was also taken as an indication that she could have no objection to testifying solely on the question of Burch's sanity.

While the possibility of Mrs. Obenchain appearing as a witness at Burch's sanity trial, if one is granted, was being discussed, it was reported that District Attorney Woolwine plans to re-indict her for the purpose of defeating the move of her attorney, Charles Eberstein in asking for a dismissal of the indictment now against her on the ground she was not brought to trial within 60 days after arraignment, as required by law.

CHALMERS PRICES DROP WITH SMASH

Effective Nov. 1, prices of the Chalmers automobiles, went down with a crash, putting a nice new Chalmers within the reach of almost everybody. Reductions range all the way from $760 to $4.75, and the cars which one year ago cost from $2245 to $3085 may be purchased today for from $1485 to $2620.

Notwithstanding the big reduction in price, hundreds of dollars' worth of equipment has been added, making a car embodied with skill, design and finish of which any dealer is proud to prove. L. F. Pomeroy, distributor for northern Orange-co, is anxious to show prospective auto buyers the excellent qualifications of the Chalmers.

AMAL. STARTS 2 AT HUNTINGTON BEACH

Huntington Beach

The Amalgamated Oil Co. started two new wells at Huntington Beach. On the Fowler lease No. 3 is building rig and a rig is going up for Huntington No. 7. Fowler No. 2 is deepening and is now at 3567. Huntington 1-A plugged the bottom at 3,411. Huntington No. 3 has settled down to a 225 barrel well. Huntington No. 6 is drilling at 3550 in hard sand. Pearce No. 1 is gradually increasing its production and is now making 500 barrels.

The Argonaut Oil Co.'s new producer Wilson No. 1 started off last week a 200 barrel well. The well in a week's time has doubled its output and is now making 400 barrels of 21 gravity oil.

Drilling on the Eddystone Oil Co's Huff No. 1 is now at 4200 feet. The formation is showing sandy shale. Davenport No. 1 at 2630 is in the oil sand and looks good. Drilling on Ashton No. 3 is now at 2900 and in sandy shale. Davenport No. 2 is rigging up.

Progress, real progress is being made on the Edens Syndicate. 2250 feet of 8" pipe has been pulled out, the well recemented and now a water test is underway. The bottom of the hole is 2339.

The Golden Dome Oil Co's No. 1 now drilling at 2850 feet, is showing considerable gas in the blue shale. It is believed this well is not far from the productive oil sand.

The Gypsy Syndicate's new producer No. 1 is now rated a 200 barrel well. The figure is a tank gague and should be correct. Gypsy No. 2 has been recemented at 2315. No. 3 is rigging up and wil51 spud in soon

Huntington Central No. 1 is now back on the list of Huntington Beach wells. Redrilled and deepened to 2,345 the well went back on production and is making about 250 barrels. Huntington Central No. 2 stopped drilling at 3645 and set 8".

Huntington Owners No. 2, one of the first small company wells to go on production, has been off for a few weeks. The well is now being washed out and put in production condition again at 2369.

Satisfied that there is oil at deeper depths, the Huntington Midway Crude is getting ready to resume drilling at 2292 and go deeper. This well means much to the south side of the field and its progress will be watched with much interest.

Huntington Signal organized in the "boom" days of the field, is about to start drilling operations. The Orange County Drilling Company has the contract for the rotary work and has started rigging up.

On account of the sand heaving up into the pipe the recent cementing and water shut-off of the Huntington Union made at 3060 is a question.

Pumping a better quality of oil than ever before, Hurst Sol is back on production and is making about 225 barrels. The oil is carrying but little oil and the outlook for a good well is excellent.

The cement has been drilled out of Malis No. 1 at 2690 and the well is being bailed down to bring in. The bailing seems to indicate that the water has been successfully shut off and as soon as the hole is cleared of sand, Malis No. 1 will be ready for production.

Malis Syndicate No. 1 is drilling out the cement at 2590 and is about ready for a water test.

One of the nicest producers in the east end of the field is the Machris Brothers Syndicate No. 1. Drilled to 3595, this well started off with a flush production of a 1000 barrels. It has settled down to 700 barrels and is behaving beautifully.

E. J. Miley No. 1 continues to flow 750 barrels daily and has taken third place among the big wells at Huntington Beach. No. 2 is rigging up and will start drilling soon.

The Moore Syndicate was unable to recover from a complicated fishing job at 3100 feet, lost the hole and moved the rig 40 feet east. Rigging up has been completed at Moore Syndicate 1-A and the well spudded in yesterday.

Motor Oil and Refining Company No. 1 passed the Mining Bureau for a shut off at 2379, and is ready to resume drilling.

The Miley-Keck Oil Co. is busy with five wells at Huntington. No. 1 at 2590 is sidetracking pipe. No. 6 at 2600 lost the hole and now the rig is being skidded to a new location. No. 7 set 10" at 3431. No. 8 spudded in early in the week and shows 1500 feet of hole.

High School Notes

Students and faculty were given a rare treat this morning in the assembly room when two representatives from a Los Angeles department presented educational views from a steroptican. The first of the pictures showed the making of laces, the transfer of patterns, the machinery and all the essentials. They showed the people at work and the many breadths of lace that could be made at one time. They showed the process of washing the lace after it had been made and how it was put out to dry. The lace is not ironed, but is dried on the old fashioned racks as were used to dry lace curtains. The second part of the lecture was the showing of the various uses of sealing wax. The composition and how it was made was also very clearly explained.

The Skeeters from Orange came over the local grid this afternoon for a friendly little skirmish. Both teams are about the same weight and have had similar experiences. It was expected to make a good match..

Following was the line-up: End, Barnett and Welburn; tackles, Ross and Feetham; guards, Greggs and Warner; center, Walton; quarter, Hayes; halves, Mattis and Crist; full, Sweeney. This was a league game of the 130 lb. class.

DAILY GREETING TO READERS

Oh! would that love were ever still
the same—
Unchanged, unbiased, constant and
sincere;
Would that the heart, that owns a
sacred flame,
Might never dim its brightness with
a tear!
But human hearts, alas! too often
show
That love may sometimes banquet
upon woe.—Dawes.

Rejoice, kiddies! Santa Claus never goes on strike.

The country is sorely in need of more businesslike methods in government.

"Honesty is the best policy"—and it is to be hoped that it never will become the rarest one.

Make pessimism a going concern and keep it going until is goes clear beyond your horizon.

UNKNOWN HERO'S BODY ON WAY TO AMERICA

Some American mother's boy, who perished valiantly on the sanguinary fields of France, is to be honored with all the honors that a grateful Nation and an appreciative people can bestow. The mortal remnant of this gallant young American is on the ocean wave, being borne tenderly back to his country—to the land which he loved above his own life.

Only God knows whose boy he was—and is. Only God knows the identity of the devoted mother whose son thus is honored. But each and every mother who lost a son and whose identification is shrouded in mystery fondly may feel that this bit of dust may be the relics of her precious boy. Let them each and all have this thrill of motherly pride. In essence, it is the dust of each and every mother's son that went to death on foreign fields.

This remnant clay symbolizes all the nameless heroes of the American Expeditionary Forces who made the supreme sacrifice for country, and flag, and freedom. In a broader sense, it symbolizes all the millions of valiant men of the rank and file of the American forces in the World War—the faithful, daring legions that drove the grim enginery of war to the very heart of the enemy and hastened the victory which culminated on that memorable Eleventh of November, 1918. This nameless boy is essentially the son of every mother who sent her flesh and blood in the ranks of the American armies in 1917 and 1918.

AMERICA'S UNKNOWN TO RECEIVE HOMAGE

ends of sailors from the fleet and the submarine base at San Pedro will attend a reverent celebration of Armistice Day, Nov. 11, on the baseball grounds at the submarine base, where an empty, black coffin, symbolizing America's unknown, heroic dead of the World War, will be the center of interest, it was reported today from the harbor city.

Services will be conducted on a massive scale by chaplains from the submarine base and the fleet and by pastors of Los Angeles, San Pedro and Long Beach churches at 9:30 o'clock in the morning.

Music for the services will be pjrovided by a chorus of 100 voices ffrom the choirs of the various churches represented. Capt. C. H. Dickinson, fleet chaplain, will be celebrant, and Lieut. Henry R. Sanborn, submarine base chaplain, will preach the sermon.

COAL TO LAST LONG

British experts have estimated that the known available coal fields insure an adequate supply for the normal needs of the world for 400 years.

UNION SETS RECORD IN STARTING WELLS

Richfield

The Union Oil Co. is not waiting for the strike to be called off or the first o fthe year to roll around at Richfield. The Union set a record for starting new wells during the past week. The following new wells were started on the several leases as follows: Thomp-Goodwin two wells, Nos. 5 and 6. Stern two wells, Nos. 3 and 4. Ayers and Parsons two wells, Nos. 3 and 4.

On the Chapman lease No. 5 is redrilling at 4025 some seventy fet off bottom and in the oil sand will soon be ready for production. No. 11 at 2167 is also in the oil sand and looking good. No. 12 at 3222 is in hard sand. No. 13 spudded in and is drilling at 900. No. 14 is close to 4000 in brown shale. No. 18 at 3800 is in shale and shell. No. 19 at 37000 is in the oil sand. No. 20 drilling at 3078 is rotating in hard sand.

For the number of wells standing cemented at Richfield the General Petroleum holds the record. This company has 7 wells standing cemented. Davis No. 1 at 3247, Group 2-1 at 4088, Group 3-2 at 3295, Group 4-3 at 3222, Group 4-4 at 3184, Marsburn No. 1 at 3325, Stein No. 1 at 3244, Hugo No. 3 sq that the well can be brought into No. 2 shows 3000 feet in sand and shale production. Ong No. 1 is drilling at 1300 in shale and boulders. Walker No. 1 at 3256 is flowing water . Carpenter

$28,000,000 VALUE OF '21 OIL OUTPUT

"Black gold" production in Orange county will return producers this year approximately $28,000,000, according to estimates made today on the number of barrels of oil and by-products produced.

The estimate is based on data compiled by James Sleeper, county assessor, and oil men who are more or less familiar with the details of quantity and prices.

Oil offers one of the biggest sources of income in the county, exceeding in cash returns any of the large crops of agricultural or citrus production.

It is estimated that when the year is closed producers will have received an average of $1.35 a barrel for oil, the production being estimated at around 18,000,000 barrels. Gasoline and natural gas will swell the cash returns by $4,000,000 or $5,000,000, it is estimated.

Price for crude oil slumped a little in the past year, as compared with prices prevailing in 1920, when the average was from $1.50 to $1.60.

Quotations on crude oil are again advancing. Gasoline prices wholesale were advanced one cent in New York and two cents in Nebraska a few weeks ago, with a corresponding increase being paid to producers of crude.

Development of oil at Huntington Beach this year has boosted the county output materially and it is believed that the production of that field next year will be an important addition to the total.

Other fields in the county are being explored, and it is possible that important discoveries will be made that will open up new territory.

The number of wells on production in the county is estimated at 759 and the acreage at 8000 acres. With the exception of production in the Huntington Beach feld all of this year's output is from the northern Orange county fields.

20 NEW WELLS STARTED

Oil field operations reported the week ending Oct. 29, show 20 new wells started compared with nine during the past week; total new wells 113 compared with 713 the same date last year.

Tests for water shut-off 21, compared with 22 previous week; yearly total to date 1243; total to same date last year 1040.

Deepening or redrilling jobs 4, compared with 3 preceding week; total to date this year 571; total to same date last year 749.

Wells abandoned 9, compared with 7 preceding week; total to date this year 184; total to same date last year 174.

ILLINOISANS ANNOUNCE PICNIC

Thousands of LOYAL ILLINOISANS are waiting for THE PICNIC to be held in Sycamore Grove Park, Los Angeles, all day, Saturday, Nov. 12, with basket dinners at noon.

ARE MADE TO SPARKLE

Water and other beverages can be made to sparkle as they are being swallowed by a new electrical device to be attached to drinking glasses.

The Village Gossip

Anaheim is some pretty town, according to Mr. and Mrs. Art Ledbetter of Ft. Morgan, Colo. who are stopping at the local camping ground Mr. Ledbetter went to Newport Beach the other day, went out fishing and was so badly sunburned that he is having to keep his bed. He is all swollen up like he had been into a hornet's nest.

They are touring and looking for a location, too, intending to "settle down" if they can find a suitable place. They have been practically all over So. Cal., south of Anaheim. Mr. Ledbetter states that he has a number of friends here, boys from Fort Morgan, who are working at the sugar factory.

Anaheim is one of the cleanest little towns in the state, affirm Mr. and Mrs. R. T. Black, of Akron, O., who are stopping at the auto camp ground They declare it is the cleanest town this side of Ohio—they could not admit that it surpassed the towns of the presidential state along the lines of cleanliness. The camping ground is simply unsurpassed. They drove thru from their home town, attending the painters convention at Dallas, Texas. They are looking for a location. Mrs. Black has brot 14 canaries with her.

PEERLESS PET. SETS PIPE AT 2850 FEET

Huntington Beach

The Peerless Petroleum Company has granted permission to go ahead to 2800 feet and set pipe. The well is now standing cemented.

The Pacific Oil and Gas Company set the 8" at 2555 in the blue shale. The well has been showing up rather good.

Petifills Syndicate No. 2 came in a 200-barrel well last Monday, went up to 300 barrels and then sanded up. Cleaning out will put this one back in good condition and probably increase its initial production. The rig is going up for Pettifills Syndicate No. 4.

At 3360 the Petroleum Midway's Smythe No. 1 is ready to "blow" in and go on production. Water was successfully shut off at 3354. Smythe No. 2 is building rig. Towers No. 2 at 33375 looks like a real oil well. Water was shut off at 3354 and the drilling was resumed with considerable difficulty on account of the heavy gas pressure and large quantity of oil in the hole. Elliott No. 1 shows 1675 feet of hole. Ray Walker No. 1 is being held up for a cement job at 3005. Columbia 2-1 is drilling at 3225 in shale. The Petroleum Midway's big producers Vollmer-Meyer Nos. 1 and 4, are doing 350 and 1100 respectively.

Rhoades No. 3 (Edca) failed to flow at 2385 and the rods and tubing are now being put in. Drilled to 2945 the Edca well has been showing up rather strong and should make a 4 or 5 hundred barrel well.

The Sure Shot Oil Co's No. 1 is now on the beam. Completed at 2337 some cleaning out work had to be done with cable tools before the well went on production. On account of sanding up no figure on the production is yet available, but it is thought the well will make about 275 barrels.

The Sun Oil Co. of Calif. has had lots of trouble getting production at Huntington Beach. Its biggest producer is a 75-bbl well at No. 4. No. 3 is deepening and making hole with the rotary and is now at 2225. No. 1 stands cemented at 2485 and No. 2 is a rig standing.

Sand is proving something of a menace to the Standard Oil's Thompson. Drilled to 2905 feet this well started off at 200 barrels, but has had trouble to maintain this production on account of sanding up. The Standard is offsetting the Vista Del Mar No. 1 with a well on Farnsworth property, Torrance No. 1 the deep test well down 4485 is pulling the 4" pipe and will go on down. Surf No. 2 stands cemented at 3993. On the Huntington property No. 5 is cleaning out at 2970. A-7 at 2780 is making a water test. A-9 was recemented at 2535. Drilling on A-12 is at 2900. A-13 at 2921 is cleaning out. A-14 at 2950 stands cemented. A-15 at 2815 stands cemented. A-16 is also cemented, the depth being 1994. A-17 is drilling at 1654. On the Huntington B-1 lease No. 2 is drilling at 4200 and is a deep test well for the holding. B-5 is building rig. Huntington D-1 stands cemented at 2664. D-2 is a location. A rig is going up for D-2 and D-3. Huntington E-2 at 2741 is washing out the sand. E-3 is drilling on iron at 2352. E-4 is rigging up. On the Bolsa No. 4 is at 2500 drilling, and No. 5 is building rig.

The Talbert Oil Co's No. 1 has been on production now for a week and shows the capacity of a 200 barrel well.

Texas Holding Company No. 1 one of the big wells, quit flowing recently and now the tools are going into cleaning out. It was fund that the sand had filled the hole up some 200 feet. No. 2 shows 1700 feet and drilling in hard sand.

Vista Del Mar Oil Co. announces that a week from date an oil well can be duly expected to race No. 2. Drillin stopped at 2723 and production is expected from 2600 to 2723.

G. & J. Lease

Little Helen Dilken spent Wednesday with her aunt, Mrs. Dilken.

Glen Stone was a Los Angeles visitor Tuesday.

Mr. and Mrs. Gilford Hammore were dinner guests of their parents in Placentia Tuesday evening.

Mr. and Mrs. Frank Richard were visiting relatives in Los Angeles Saturday.

Mr. and Mrs. I. R. Hollis spent Saturday afternoon and evening with Mr. and Mrs. Frank Davis, of Los Angeles.

Little Buelah Murray who has been quite sick the past week with a poisoning of the stomach, is able to be out again.

Mrs. F. H. Stone, mother of Ira Ston of this place, who has spent the past four months in Kansas City visiting relatives and friends, has returned here last Tuesday. She enjoyed every minute of the time but was glad to get back home with her husband and children.

Mr. and Mrs. Will Pape and Miss Ruth Clegg have entertained the past week the latter's brother, Mr. Clegg, of Salt Lake City, Utah. Also their uncle, Brigam Clegg, and cousin, Neva Clegg, also of Salt Lake.

Mr. I. F. Stone while on his way to the Brea school Thursday, met with a narrow escape. Mrs. Hollis also of the lease, was with him when it happened. She was on her way to spend the day with friends in the canyon. The front wheels locked, throwing them into two other cars on the road. They all got out without a scratch, but three cars were badly damaged. The two were parked in front of the Oil Well Supply Co.

Mr. and Mrs. Oliver Bryan were Anaheim shoppers Wednesday.

Mr. and Mrs. George McCubrey and little daughter Virginia visited Mrs. Mc Elhany Wednesday afternoon.

Mrs. Outhouse entertained the Get-to-Gether club of this lease.

Mr. and Mrs. J. R. Hollis were dinner guests of Mr. and Mrs. Clyde Hopewell in Anaheim Monday evening.

Ray Weaver was married last week to an Anaheim girl. He will be leaving our boarding house soon. Best of luck, Ray.

Mr. Glenn L. Quinn was a dinner guest of Mr. and Mrs. Gilford Hammore Monday evening. They drove by for Miss Rachael Brawley and took in the show at Placentia after dinner.

George McAubrey had a narrow es-cape Monday night when the casing line became tangled around his leg and pulled him up into the derrick several feet, when his leg slipped out and saved him from being crippled. Billy Robison, formerly of Brea, was caught the same way some time ago and nearly killed. He was left a cripple for life. So Mr. Mc Aubrey felt quite fortunate.

Mrs. Chas. Johnson received the sad news Saturday night that her sister-in-law, Mrs. Dennis Gregory, of Chino, had passed away at 9 p. m. Saturday, in the hospital, after an operation. She left Sunday morning for that place to be with her brother. He has gone with her body for Chicago for burial with her people. Mrs. Johnson returned home Tuesday evening.

Mr. and Mrs. Pape and Miss Ruth Clegg entertained company for dinner Monday evening.

Mr. and Mrs. McElhany and Mrs. Tur-ner attended the oil workers dance in Brea Monday evening.

Mr. Stone, father of Mr. Stone on this lease, is very sick at his home, caused from a recent operation on his neck for a carbuncle.

Preston Varner is sporting a new Oakland roadster, the new sport model.

Mr. and Mrs. Julius Slay and Mrs. Sellers attended the masquerade at La Vida Springs Saturday night.

Mr. and Mrs. J. R. Hollis and Mrs. Clyde Hopewell of Anaheim, motored to Seal Beach, Long Beach, and from there to Los Angeles and home. Mrs. Hollis said above all places Long Beach takes the cake for congested traffic and bad traffic laws.

Mrs. Mayfield had a party in honor of her husband's birthday Monday night.

Mr. and Mrs. Everett Murray motored to San Bernardino [illegible] on business.

Mrs. Middleton, Mrs. Murray, Mrs. Jones and Mrs. Varner were four who attended the P. T. A. in Brea Tuesday afternoon.

Mr. and Mrs. William Loftus and son, George, of Whittier, and Mr. S. C. Graham, of Los Angeles, were visitors at W. J. Graham's Sunday.

Charles Graham came down from Taft and spent the week-end with his parents on the lease.

JOINTS PROVE STRONG

Tests of electrically-welded joints in a steel ship built in Sweden showed a tensile strength almost equal to that of the plate steel.

THEATRES

There will be a vaudeville road show at the California tonight, and also a moving picture program including "Moonlight Follies," starring Marie Prevost.

Max Linder will be seen in "Seven Years Bad Luck" at the Fairyland again tonight. It is said to be a regular scream from start to finish. There will be a comedy as an added attraction.

PLANS TENTH TRIP ACROSS ATLANTIC

BUENA PARK, Nov. 2.—(Spl.) Mr. A. Luebkeman is preparing to leave in about a week for an extended visit to foreign countries. This will make Mr. Luebkeman's tenth trip across. He will visit his old home at Oldenburg, Germany, also Belgium, Switzerland, British Isles, Holland and France.

Mr. and Mrs. S. W. Little spent Sunday with Mrs. Ben Moore and daughters at Hollywood.

Miss Josephine Moore returned with the Littles to visit here for a couple of weeks.

Mr. and Mrs. John Johnson returned home on Tuesday night from a two weeks motor trip to San Francisco.

Mrs. D. D. Lusier of Richfield called on Mrs. L. J. Robertson on Sunday afternoon.

Mr. and Mrs. F. Wurtenburg and Mr. and Mrs. Walter Wurtenburg of Downey were Sunday guests of Mr. and Mrs. A. Luebkeman and family.

Mr. and Mrs. E. P. Mann and son Donald, motored to Rialto on Sunday and visited Mrs. E. E. Shaw.

Mr. Walter Luebkeman was a business visitor to Los Angeles on Monday.

Mr. and Mrs. H. C. Conthon and daughter motored to Anaheim on Tuesday.

Mr. E. E. Thurman left on Wednesday for Palm Springs, where he will spend the winter. Mrs. Thurman left about a week ago.

Mr. Dudley Pratt of Huntington Beach visited with his cousin, David Allen, on Tuesday evening.

Mrs. Frank Bell and children of Artesia spent Tuesday with Mrs. W. A. Smith.

Some improvements are being made at the library in the way of new magazine racks and more shelves for books. A new desk and chair are also to be added.

Mrs. Grace Minch and daughter, Mary Louise, have rented a house in Norwalk and have moved there.

URGE EXTENSION OF P. E. THRU ANAHEIM

Representatives of the local C. of C. and the newly-organized chamber at Orange have made an appointment with D. W. Pontius, vice-president of the Pacific Electric railway, for Saturday, 11 a. m., to discuss the possibility of connecting both cities with the line now terminating at Fullerton.

Orange is dissatisfied with the present stub, connecting her with Santa Ana, and the businessmen are as one in the belief that direct communication will add greatly to their publicity value as well as increasing travel thru their doors. There is no immediate probability of the extension being built but the importance of the move will be thoroly put before the new vice-president, who has taken the position recently laid down by H. B. Titcomb, called to higher duty as president of the S. P. de Mexico.

ORANGETHORPE

ORANGETHORPE, Nov. 2.—(Spl.) Dr. and Mrs. M. M. Henderson of Anaheim has bought a ten acre improved orange ranch one half mile south of Orangethorpe-ave on Bishop-ave. They are remodeling the house and expect it their permanent home. Dr. Henderson is a son in law of Mr. L. B. Stewart of Garden Grove-rd.

Mr. Geo. Gano and family of Fullerton have moved to a house on the corner of West Commonwealth and Magnolia-aves.

Miss Nina Jolly and Mr. Joe Lockner Jr., spent Sunday in Los Angeles.

Mr. and Mrs. R. Schofield and Mr. and Mrs. Howell of Fort Collins, Colo. spent Sunday with the J. R. Schofield family.

Mr. and Mrs. O. A. Mason and daughter Anabell moved Tuesday to Fullerton to make their home there.

Miss Mae Loughborro spent Sunday evening in Seal Beach.

Mr. and Mrs. Leonard Pebbley of Red Bluff, Tehema-co spent Saturday evening visiting with Mr. and Mrs. L. N. Cookson.

Mr. Albert Corliss spent the week-end at his ranch home on Magnolia-ave.

Miss Ruth and Myrtle Brown and Mr. Joe Slaybough, of Huntington Beach spent Friday evening visiting at the Meyer ranch.

Mr. and Mrs. Ray Harland were calling on Orangethorpe friends recently.

Mrs. Ethel Warren and little son Georgie of Portland, Oregon are spending the winter with Mrs. Warren's father Dr. H. H. Hoyt of Orangethorpe-ave. Later Mr. Warren is expecting to join them.

TARIFF PROTECTION CHEERS COTTON MEN

BOSTON, Nov. 3.—Production costs will be the subject of open discussion in the first session of the annual meeting of the National Ass'n of Cotton Manufacturers which will open here tomorrow in connection with the International Textile Exposition.

A general relief over the prospect of tariff protection was noticed among the cotton men here to attend. It was pointed out that during the war the big struggle eliminated European countries as competitors in the cotton trade, but now the manufacturers of the country welcome protection as a result of indications of renewed competition from abroad.

It was stated today that the cotton manufacturers of New England do not contemplate any immediate wage reductions, although it was admitted that the question of wages and labor costs were being studied.

Cotton trade developments in Central Europe are being closely watched, it was learned, because of the possibility of Germany becoming a dangerous competitor in the textile industry.

Cerro Villa Heights

It is one of the very last subdivisions of strictly high-class young Valencia oranges that will ever be placed on the market in Orange County—

Most of the purchasers of groves in this tract are experienced orange growers of this section, and all of them are thoroughly familiar with local conditions and values—

Here are the names and addresses of some of the purchasers of groves in Cerro Villa Heights,—in Cerro Villa Heights, at the present price, because they know they are the best value in this entire section, and they are buying now because they realize the present price is the bed-rock bottom, and that values must steadily increase along with development and growth—

NEWS OF FULLERTON

FULLERTON FAMILY BACK FROM EUROPE

Snyder Ross, who with his wife and daughter, has just returned to his home in Fullerton after a long motoring trip in Europe, tells of some very interesting experiences while abroad.

The Ross party left Fullerton in May of 1920 and spent nearly a year and a half motoring in Europe, visiting England, Scotland, France, Italy, Spain, Sicily, and even penetrating Africa some 350 miles from Algiers.

Ross had a new car shipped from New York for his use, as he preferred an American made machine and was uncertain of his ability to get a car after reaching Europe on account of the shortage of automobiles on that side of the Atlantic. While Ross was touring Europe in 1914, he happened to be in Germany at the time of the outbreak of the war and his car was detained by the authorities and permission to ship it out of the country was refused. After about seven years he received permission to remove it from German soil, but it had been stripped of tires and other things that the Germans had need of, and it would hardly pay to transport it anywhere, so he expects to sell it there.

Road conditions in Europe are reported as very good for touring and have no such congestion as is found on the highways of California. In fact, Ross reports passing drivers of huge two wheeled carts on the roads over the Alps who never even woke up when his Klaxon blew, but left it to the horses to turn out and let the Studebaker pass.

The party crossed the Alps over a road that was built by Napoleon and climbed to an elevation of nearly 10,000 feet. The summit of the Alpine pass is but 35 feet less than the summit of the Tioga pass over the Sierra Nevadas, which is perhaps the highest mountain pass over which an automobile can travel anywhere in California.

Mountainous country was preferred by the motoring tourists for the scenery was more delightful and to take full advantage of the Pyrennes in Spain they crossed them three times at different points. While the roads were fine, garage service is not on a par with that given in California for there is little or no compressed air for tires and hand pumping has to be resorted to for which a time charge is made by the garages. There have been a few gasoline stations installed in England and the Britishers are quite proud of the novelty but there are perhaps more supply stations in Orange-co. than in all of England at present.

Because Ross is 72 years old he was told time after time that it would be impossible for him to handle the car himself on many of the trips he had planned but he states that even though he drove the car day after day, they were always ready to start the next day's trip refreshed and full of pep. He was warned to go thru Sicily with a gun in each hand as the bandits would get him ,but he drove unarmed and unharmed through the turbulent country.

While in Scotland the party wanted to visit Skiboo castle, the country home of Andrew Carnegie, but they were not allowed to drivve into the surrounding park nor take a kodak with them if they walked in, so they decided to forego a visit to the castle of the Duke of Sutherland, where they were welcome to motor through the grounds and make as many pictures as they wished.

After some 23,000 miles on the continent, to which they added another 2000 miles in England and Scotland, Ross shipped his Studebaker to New York, where he traded it on another of the same size but a later model. This new car he drove to California and until he reached Colorado over the Santa Fe trail found no poor roads. Through this state and in Arizona the roads were miserable on account of recent storms but the Studebaker was able to pull itself through all of the bad places without outside assistance.

While recounting the interesting experiences of his trip to one of Harry D. Riley's Studebaker salesmen, Ross repeatedly referred to the excellent manner in which the car thathemade all of the necessary adjustments while covering 23,257 part which broke while in England was quickly replaced from the stock of parts carried in London and when he was ready to have the car shipped to New York it was given a thoro inspection in the London branch of Studebaker. One bolt had to be replaced but the repair shop could find no other repairs necessary.

Ross says that his purchase of another Studebaker of a later model just like the one he had driven so far is ample evidence of his confidence in the big six to take himself and family wherever they desire to tour.

LEGION DANCE TONIGHT

The Fullerton Post of the American Legion will give a benefit dance tonight at their Fullerton club, the proceeds to be given to the Red Cross, and the Salvation Army.

TALKS BY MISSIONARIES

Mr. and Mrs. Turner, active missionary workers who are leaving soon for South America, gave interesting talks last evening in the Congregational church on The work of the Missionaries in South America. Members of the different churches had been invited.

ALL-DAY MISSION MEETING

The Missionary society of the Christian church held an all-day meeting at the church yesterday. The morning was spent preparing for their bazaar which is to be held Dec. 6, in the Log Cabin on the church grounds. The afternoon was then devoted to missionary work in India, the program being in charge of Mrs. C. Harvey. Mrs. Sullivan gave an interesting talk on Life in India., while Mrs. Spicer spoke on the Missionaries' work in India. Dr. Scott then closed the program with a beautiful song, "India". After the program the ladies went out to the arbor where they were served with refreshments of ice team and cake.

The ouija board lost its reputation when some fellow tried to make it work in a poker game.

FULLERTON DOCTORS' OFFICES ENTERED

The office of Dr. H. B. Mitchell over the Doty Pharmacy at the corner of Spadra-rd and East Commonwealth-ave was rifled last night, some clothing, a suitcase, and some dental tools being taken. The thief or thieves are supposed to have entered b ythe door. The Fullerton police have obtained no clue.

BENCHLEY TO SHIP 100 CARS WALNUTS

It will take all this month to finish the walnut season at the Benchley Fruit Co. packing house, William Benchley stated this morning. This packing house will ship 100 cars of nuts this season instead of 75 cars as was at first estimated. This is not due to the that the packinghouse is independent. shorter than at first anticipated, but hat this packing house is independent, and buys from all sections, including San Luis Obispo, Santa Barbara, San Bernardino, Ventura, Los Angeles, Orange and Riverside-cos.

HOUSER TO PREACH UPON "NEXT WAR"

"The Next War" has been announced as the subject of Rev. John T. Houser of the First Christian church of Fullerton at the services Sunday evening at 7:30. The last war which was looked upon as the most horrible in all history because of the deadly instruments of war used, the poison gases and the liquid fire was not a beginning to what the next war will be, except disarmament be brot about and nations devote their time and talents to peace, Rev. Houser will point out.

He will quote freely from the military experts of all nations. America has invented a poison gas ,one bomb of which dropped upon a city the size of New York would kill every human being in the place. This would have been tried on Berlin had not the war ended when it did.

Germany has invented a bomb which will start a fire that water cannot put out. Had not the war ended when it did these would have been dropped on Paris.

Dreadnaughts will be useless in the next war, since there will be so many large submarine that a whole fleet would soon be put out of business. Aircraft will make the life of the people of warring nations a terror. Rev. Houser declares that the world has reached a point in deadly inventions where war is unthinkable. The world cannot afford another world war, he declares. A similar address delivered by Prof. Taubman of the Long Beach Taubman Bible class was heard by 3,000 people.

FULLERTON ADOPTS MERCHANT POLICE

Marshal Golden, who has been doing night police work for the city of Fullerton for five years, has given up his city hall job to embark in the merchant police business, the new deal becoming effective yesterday.

Golden has made arrangements with the merchants of the town to patrol the business section nightly and keep a general oversight of their property, both as a matter of fire and burglar protection, in return for which service they each pay him a stipulated sum per month.

He is succeeded on the city police force by D. M. Bay, a Fullerton man, who has had some experience in police work.

SANTA ANA SECONDS DEFEAT FULLERTON

The Santa Ana second team followed the example of the first team yesterday afternoon at the Santa Ana gridiron and gave the Fullerton second team a walloping, the score standing 21 to 3. Fullerton is going to boost for Santa Ana anyway to bring the chompionship to Orange-co.

LETTER MAN'S CLUB MEET

The Letter Man's club of the Fullerton high school which was recently organized held a meeting Tuesday evening at the high school in a luncheon. The boys were addressed by Rev. F. M. Dowling of Placentia and Carl Brueckner. The club holds its meetings every two weks on Tuesday evenings. The officers are: George Osborne, president; Raymond Earl, vice president; Thomas Ward ,secretary treasurer.

An educational film will be shown tomorrow at the Fullerton junior college showing the making of lace at the factory. It is loaned by the Hamberger store in Los Angeles. The Fullerton business men have been invited to attend the performance.

ARMISTICE PROGRAM SUNDAY

The regular weekly luncheon of the executive committee of the Houser Bible class was held at noon today at the church parlors. The Men's class next Sunday at the Armistice Sunday program will have a number of extra speakers, and also a number of extra songs will be sung.

LEGION ADDRESSES COUNCIL

Fullerton-Post ,American Legion, has sent two communications to city trustees, one endorsing the proposition to give the site to the hotel committee, and the other having to do with the Armistice Day parade in Santa Ana.

In the latter it was set forth that the legion would be very glad of the cooperation of the trustees in the matter of Fullerton's representation in the line, suggesting that an official float might be desirable.

The letters were ordered filed without comment or any official action on the suggestions set forth as to the Armistice day matter.

FULLERTON BRIEFS

The order of the White Shrine is going to Los Angeles this evening where they will be served with a 6:30 dinner in the Masonic hall. After the dinner initiation for Los Angeles order will take place.

Mr. J. Carlson of Bakersfield cousin of Mr. Howe is visiting here for several days.

Miss Frances Molleda was in Talbert yesterday interviewing her new school principal as she will start teaching there Monday. She will have the first and second grades and feels certain she is going to like her new work very much. She will live in Huntington Beach for the school year.

Mrs. L. R. Odell of San Francisco is the guest of Mr. and Mrs. W. J. Morgan. Mrs. Odell is the half sister of Mr. Morgan and she intends to make an extended visit here.

Mrs. L. R. Jenkins and daughters of Pasadena, are the guests of Mr. and Mrs. Karl Parks for several days.

Mr. George Tartton and son, Glen expect to leave in a few days for Big Bear where they will be gone a week.

SPORTING EVENTS

FAST CARD REOPENS BOXING AT DELHI

For the Delhi Athletic club's re-opener over at Santa Ana last night the new management treated the fans to an excellent card. In the main event, Billy Cappelle and Chet Neff fought to a hard, fast four-round draw with the shade to Capelle. Kid Louie, of Placentia, again lost to Young Garcia of Los Angeles, this time by the decision route. The last time they met several weeks ago Louie took the count in the second round. If Louie had been inclined to take his time and cover up so much, he not only might have got by with a draw but would have undoubtedly beaten the Los Angeles lad. At that it was a good scrap and pleased the big crowd.

The real fight of the evening was the set to between Young Burton and Eddie Young, of Long Beach. Both boys lit into one another hammer and tongs from the beginning and at the end of the fourth there was little to choose. The first two rounds went to the colored lad by a big margin, he having scored three knock downs and almost had Young out at the end of the second round, the bell saving him. Young came back strong in the third and with a well placed right cross on the point of Burton's chin dropped him for the nine count. Burton showed great gameness as did Young and a return match would be appreciated by Delhi fans. The draw decision of Referee Neal of Santa Ana was well received.

K. Oless Swall of Santa Ana and Geo. Moss, he of the Ancestral Days, boxed a slovenly four-round draw. Moss was entitled to the verdict, for what fighting was done Moss did it. In the curtain raiser, Teddy Cruz of San Pedro sent Young Rose of Long Beach to the canvas for the count in the second round.

LOCAL FIGHTERS AT SAN BERDOO TONITE

Al Sparks and Billy Darnley of the Anaheim Athletic club left today with Jack Iman and Albert Leo for San Bernardino where Iman and Leo are billed for the Gate City's boxing card tonight. Iman is boxing Tommy Torbett while Leo meets Kid Moody of Redlands in a return match.

There will be a general meeting of the Ebell Club tomorrow afternoon Besides the regular business meeting a good program will be given.

Mr. W. C. Isbell of Fullerton and Mrs. Mann of Placentia submitted to operations this morning at Fullerton hospital.

ANAHEIM TO PLAY ORANGE FRIDAY

Confident of adding another scalp to the string started with Whittier's Anaheim high gridsters go to Orange tomorrow afternoon for a league game. A big detachment of rooters will accompany the team.

Coach Yongman announced this afternoon he would start the following lineup:

Ends, Seims and Newkirk; tackles, Gutosky and Giese; guards, Ingram and Betzold; center, A. Hile; quarter, Clayes; halves, Kitchens and Brown; fullback Cook (Captain).

MEYER & KETCHELL READY FOR BATTLE

Both Johnny Meyer and Young Stanley Ketchell, who figure in tomorrow night's main event out at Spark's fistic farm, are reported to be in shape good enough to put up the battle of their lives. Interest is keen in this match as both boys have a host of followers among local fans. It looks like it will be "some battle."

The same can be said for the semi-windup between Jack Iman and Bill Burns of Olinda. Both are strong and husky fellows and each carry a wicked wallop.

The prelims are out of the ordinary for this week's card and some sweet milling can be looked forward to with safety. Young Burton clashes with Clarence Rubidoux and Joe Chaney meets Joe Cappelle while Paul Darden of Huntington Beach tackles Young Frankie of Placentia fame.

Reserved seat sale is now on at the United Cigar Store, 123 W. Center-st., Phone 53.

NAME MEN TO PLAN FOOTBALL CLASSIC

PASADENA, Nov. 3.—Announcement is made that the tournament of roses committee which is to arrange for the great annual "East and West" football classic will, this time, be composed of W. F. COUNT TREUVILLE COMING TO ANAHEIM

Quick, girls! Primp up your hair, apply a touch of rouge and a dab of powder, adding a sweet smile and a graceful pose, for Anaheim is to be visited by a ,real count, Trenville, who will arrive in this city next week. He is a descendent of the royal blood of France and is making his first visit in this country. He is well known thruout the social circles abroad and is a great sportsman.

A pair of eyes and a dimple or two are his great downfall. Why is he paying Anaheim a visit is the question being asked by hundreds. It is simple to answer.

He is a personal friend of Miss Miller and is making the trip in order to play a special engagement in the cast of "Miss Dolly Dimpels to be seen at the California Theatre Nov. 14 under the auspices of the Elks for their Xmas Charity fund and you will see one of the cleverest productions over staged as well as helping the good cause, so be a good booster for it is to be some show.

SOCIETY

ANNOUNCE WEDDING DATE

At the pretty home of Mrs. S. J. Chapman, of 515 S. Alexandria street, Los Angeles, Mrs. Chapman and Mrs. H. F. Dierker of Fullerton were joint hostesses at an announcement party in honor of Miss Lulu Ruble who is to become the bride of Robert A. Kitchens of Arkansas. The affair was an afternoon tea.

The pretty home was made more lovely with the very pretty flowers that were used. The beautiful mahogany colored dahlias were used in the reception room and the yellow dahlias in the library. In the dining room were the beautiful big pink pom pom chrysanthemums.

Miss Ruble is a favorite among the social set of Los Angeles and her marriage on the twenty-third of this month will be a social event of the season. She is also well known in Fullerton. They will leave immediately after the ceremony for New York, going via the Panama Canal.

Numerous bold postal robberies, with large sums taken, have stirred the postoffice department at Washington. But with all the precautions taken to safeguard the mails, these Uncle Sam is relentless, however. Crime waves which affect any department of the national service are crushed, soner or later.
