CREWS NARROWLY ESCAPE RECK AT FULLERTON

Two Santa Fe crews had narrow escapes from death and two big passenger locomotives were badly damaged Sunday in the Fullerton yard when the engines sideswiped and were derailed. The tracks were completely cleared before midnight and the disabled engines hauled to San Bernardino for repairs. Nobody was hurt, and the crews after changing locomotives proceeded on their way.

The accident happened at about 8:15 a. m. An eastbound freight train failed to wait for the incoming passenger train, No. 8, from Los Angeles for Chicago, and the two sideswiped. Engineer Jackson on No. 8 jumped for his life between the two trains before the locomotives came together and his fireman and likewise to the other side of his train. Engineer Hutchings and his fireman also got off just in time. Conductor Riley was in charge of the passenger train and Deems of the freight.

With a crash heard for blocks the two engines came together, tearing up the rails, shattering windows and clashing each other in iron embrace. Passengers shrieked, the air was filled with dense clouds of steam and for a few minutes all was confusion.

Both engines were of the large passenger type, and only the fact that they were proceeding at a slow pace prevented a much more serious accident. The passenger train consisted of nine cars, including a Pullman and the freight of 25 or 30 loaded with mixed cargo.

Within a short time after the crash Placencia was gotten on the phone and a locomotive attached to the freight train. The passenger train was drawn back from its locomotive onto the house track. The freight train was then moved to the main line and the passenger train was moved to the main line.

The extra freight engine also was obtained for the freight train. The freight train was then moved to the main line and the passenger train was moved to the main line.

It was then that Serrato threatened her life, she says. "Plaintiff verily believes that he would have carried out his threats had he not come to her assistance."

SOCIETY CIRCUS PROMISES RARE TREAT TO CROWD

ANAHEIM Elks lodge is making extensive plans for the society circus which they will stage Wednesday and Thursday, Dec. 6 and 7, for the benefit of the needy children of the district. As this district extends half way to Santa Ana and midway to Whittier it may be seen that there are many children who will be remembered if Santa Claus forgives.

All kinds of amusements and entertainment will be offered. Things that Barnum never dreamed of will include cages of wild men from darkest Africa, freaks of nature and dozens of curiosities. Many nice prizes will be given away, too, and they do say that a real live baby is to be one of them. A Christmas turkey, a ham or some other festive meal will be the lot of the unsuspecting patron of the circus.

The affair is not a carnival, but a society circus, and local interest is running high. Every ticket purchased to the circus means happiness to some kiddie and a good dinner for the family.

SANTA CLAUS AT WEBER'S SATURDAY

The annual first reception by Santa Claus at Weber's Book & Music Store Saturday was more of a success than ever. Apparently every kid in No. Orange-co was present to meet St. Nick. Each youngster was presented with a top by the genial gentleman.

Hundreds of children left letters telling how good they have been, minding their parents, and what their Christmas wishes. Below are three samples:

"Dear Santa Claus: Please bring me some of these things and I will thank you ever so much; a bicycle to ride to school; a thermos lunch kit, a knife, a fireiron, a pair of gloves, a spring-top, an iron dump wagon. I am seven years old and live at the first house on Brookhurst road north of county road and three miles west of Anaheim, 1 1/2 miles from school. Lovingly, Hugh F. Taylor, RFD 2, Box 25."

"Dear Santa: I want a steam boiler and a sandiger and a blackboard and a Christmas tree please don't forget Marlon.—Edward Cockman."

"Dear Santa: I want a steam roller and a car a blackboard and a sandiger please send sister a doll and buggy, I miss my mauna Robert."

WILL ROGERS IN HIS FAVORITE ROLE

"Everything comes to him who waits," according to the old maxim, and for once this came true in the life of Will Rogers, who plays the role of Ichabod Crane in "The Headless Horseman" or "The Legend of Sleepy Hollow," the scheduled attraction playing at the United Theatre for two more days.

It has always been, according to Mr. Rogers, his desire to play certain roles or represent certain characters in modern dramas. One of these was "Macbeth," the other was "Rip Van Winkle," and the last was Ichabod Crane in "The Legend of Sleepy Hollow." When asked why he liked the first two mentioned, Mr. Rogers re-

ALL-DAY MEETING

The monthly meeting of Orange-co group of So. Calif. district, Church of the Nazarene, will be held at the Cypress church, Tuesday, all day, beginning at 10 a. m. Luncheon will be served. Rev. J. E. Bates of Pasadena, district superintendent, will be the principal speaker.

Mr. and Mrs. Wm. H. Houts and daughter Pauline have returned from a week's outing at San Bernardino. Mr. Houts found that a person who was not good-looking could always make a bigger success when heavily disguised. He figured that in Rip Van Winkle the flowing whiskers would help cover up what he considered his lack of facial beauty and in "Macbeth," the darkness of the skin would act as a very good disguise.

UNITED

SANTA ANA OUT OF SO. CALIF. FOOTBALL CHAMPIONSHIP RACE

Santa Ana was put out of the race for the So. Calif. Intercollegiate football championship Saturday at Fullerton, when Santa Ana's team, the "Pirates," after a scoreless first half, defeated the neighboring city's eleven by 12-0. The visitors intercepted several forward passes of Quarterback Ed Wilcox and turned them into touchdowns.

Wilcox's first pass was to the left side of the line. Zwiener, San Diego fullback, dove for the ball on his own 15-yard line, freed himself of a couple of tacklers and aided by his mate, ran 45 yards for the first touchdown.

Later a bounding ball, after an exchange of punts, gave San Diego the ball on Santa Ana's 20-yard line. Wilcox again tried a forward pass. Quarterback Galindo matched the ball from a waiting Santa Ana, shook off enemy tacklers and ran to the Santa Ana line.

In the last few minutes of the final quarter Santa Ana got the ball down into San Diego's ground, but Galindo intercepted another forward pass and prevented scoring.

The lineup:
Santa Ana: L.E. Coffman, T.L. Thole, S. Stark, C. Sullivan, R.G. Dugan, R.T. Wood, R. McKain, Q. Wilcox, L.H. Lillard, B. Bowers, F. Jaba.

SANTA ANA DIDN'T LAST VERY LONG

By Saragun Sprout
Santa Ana high school footballers did not last long in the state championship race. San Diego had the breaks and ran away with the game. Santa Ana has a very good team but they do not see them as state champions. Up at Bakersfield the Oil Drillers have been rolling up large scores on every team they have played. This Bakersfield bunch looks to us as a very likely champion combination.

While the San Diego high school was annexing the south state honors a former star was stirring football victory in Columbus, Ohio. In a game of West with East, Brick Muller displayed the best of his skills as an American end. He blocked an attempted place kick and carried the ball 70 yards for a touchdown and the only score of the game.

Brick executed several of his famous punts and went the bright star of the day. "Boy" B. Muller, a teammate, ran second in honors.

CROWN CITY ELKS DEFEAT LOCALS 3-1 IN CHUCKERS' DUEL

Forty-two hundred semi-pro followers watched the ancient base-ball enemies—the Pasadena Elks and Anaheim Merchants—battle for the leadership of the double A Division at Brookside Park, Pasadena. Forty-two hundred semi-pro followers also saw Third Baseman Shorty Hammer out two circuit clowns which brought the league leadership to Lorin Ury's Crown City. Hammer out two circuit clowns which brought the league leadership to Lorin Ury's Crown City.

Jimmy McDowell, one of the prize of the Elks, and playing third base for the Anaheim Elks, came through with a triple in the first inning. Hurley Connolly rose to the occasion and showed his effectiveness by forcing McDowell to die on the third base. This proved to be one of the best plays of the game.

Left Fielder Peddicord, the first Pasadena performer to face Harry Hughes, was given a base on balls. At this point Shorty Hammer made himself very much of a hero by getting a hold of one of Hughes' curves and hitting it out of the lot for a home run.

To show the natives that his first home run was not simply a gift from the God of Fate he passed out another home run in the fourth inning with the bases empty. This was all the scoring Ury's crew put across.

Anaheim's only marker came in the fifth frame when Bush and Rudy pulled out base hits.

The locals were weakened by the loss of Starnes and lacked the punch with men on bases.

The game was a pitcher's battle between the veteran Harry Hughes and "Rip" Connolly who goes to the White Sox in the Spring.

Rickard and Burton made sensational catches, keeping the Anaheim-Elks from crossing the home plate.

LADY SILVER VAMPS DOG, STRONGHEART

There is a new vamp in motion picture. A year ago she was a public character in Denver, Colo. Today she has a record of having "vamped" one of the greatest stars on the screen and created a role that is right up to date; for she is a flapper.

Her name is Lady Silver and until Laurence Trimble, of the Trimble-Martin productions, acquired her for a role in "Brawn of the North," the production just completed starring Strongheart, a First National attraction, at the California theatre she was one of the exhibitors of Siberian wolves at Denver zoo.

She is a wolf and a fair-haired beauty of that kind of most beautiful creatures that ever appeared before a camera. Her entrance into pictures was more or less accidental for Mr. Trimble had wanted another inmate of the Denver Zoo known as Bob and made arrangements to purchase her.

When the time for delivery of her she had been a gift to the zoo and could not be sold. Accordingly, the zoo officials shipped one as nearly like Lady Bob as possible and Lady Silver made her debut.

In "Brawn of the North" she is the motive that impels Brawn, the part played by Strongheart, to desert his human mistress, a desertion which later causes a baby to be carried away on a runaway sledge pursued by wolves. Lady Silver's part in the picture is that of all vamps, for she is desecrated and lonely when Brawn returns whole and home.

In real life however, she is a favorite of Trimble-Martin collection of animals.

Harney Hoyt, of the law school at U. C. was the guest of his mother, Mrs. W. A. Hoyt, over the week-end.

MABEE BEGINS TO TRAIN FOR STANTEL

By Saragun Sprout
Mabee will begin active training for the coming Santel wrestling match this week. Roy will do most of his mat work at the Elks Gym. There's a bunch of muscled in Cyprians who have signified their willingness to help Roy out so a mat is going to be put down and Cyprian fans will be the great Roy fans who come to see the match.

The difficult problem facing Roy is how not to over train. Roy is such an energetic cat that he over does. For his first meeting with StanTEL, he had to be trained to rest in the preparation to the second meeting, when his good friends threatened to box him if he went on the mat before the match. Roy could hardly follow instructions but we all know what a bear cat he was when he boxed the first Italian the last time.

For the coming match Roy should cut out all mat work eight or ten days before the match. Light road work will keep up his wind. He is below weight and should not do anything that would take his strength for several days before the match.

Tells this Fact

That Anaheim People came expecting a fulfillment of promises made in our first advertisement.

That the people were pleased at that time is established by the fact that since that time we have continued to grow and grow.

Well! it is known that no game of deceit can prosper for a length of time nor can misrepresentation bring gain.

That there was MERIT in our policy—that there was TRUTH in our statement is manifested by the accorded success we enjoy at the hands of the people of Orange County because they came and continue to come.

It is the source of Inspiration, we have in giving to you these four pages of super values this 5th Birthday Sale.

That Word
SALE

A word so often wrongly used that many stores have departed from the use of the word SALE. However this store determined upon establishing the true meaning of SALE in the course of its advertisements and why a SALE was held unusual values predominate the whole store. A customer recently remarked to the management, "What is it that causes crowds to respond to your sales, go to sales and I do not note such response of other stores." The answer Sebastian Brothers conduct SALES THAT ARE REAL.
