VOL. XXVI—NO. 172 | Anaheim, California, Thursday, March 8, 1923 | TWENTY-SIXTH YEAR

WOMAN DIES OF FRIGHT WHEN MAD MAN SHOOTS FOUR

NASHVILLE, Tenn., March 8.—One woman was frightened to death, her husband was seriously wounded, and three other women were shot today by a paroled negro convict who ran amuck at Spencer, Tenn., entering the home of Secretary of State Ernest N. Heaton and fleeing after the shooting, which was the most sensational crime of its kind in the history of Tennessee.

More than 1000 angry and revengeful citizens pursued the negro when he fled from the scene of the shooting. A lynching is possible.

Mrs. Sam Haston, sister-in-law of the secretary of state, was in bed with an attack of influenza at the time the crime was committed. She became so frightened by the sound of the shots and the cries of her husband as he fell wounded that she died of heart failure.

Her husband was shot through the head and may not recover, and Mrs. George Haston, mother of the secretary of state, also was shot through the head and probably cannot survive.

Mrs. G. N. Shapiro and two other neighbor women were wounded, though not so seriously.

The negro, Lewis Dudley, had been paroled from the penitentiary and had been befriended by the Haston family and given employment on their farm at Spencer.

It is believed that he became enraged because of having been called to account for laxity in the performance of his tasks about the place.

SUPERVISORS PASS BUCK IN CHOOSING ORANGE-CO QUEEN

If you have a candidate for Queen of Orange-co. to appear as the county's representative at the American Historical Revue and Motion Picture Exposition, send her name to your local C. of C. or directly to Secretary Metzger of A. C. of C. and at the Santa Ana Chamber.

Nominations are now in order and they are to be made by popular vote. No, the supervisors did not make the nominations. They were too wise to assume such responsibility. They might decide on prize winners at baby shows, or even might take risks in other rauiresome matters, but when it came to saying who is the most beautiful girl and best fitted to be queen, discretion was acknowledged as much the better part of valor. Moreover, even if a supervisor had the courage to express his choice, he would be unable to decide among the many obviously fitted to wear the Monroe Centennial Crown.

According to a schedule some one had arranged without full official sanction the supervisors were to announce the nominations on Tuesday. Newspaper notices to that effect caused so many telephone conferences and so many suggestions of the danger of possible personal and political preferences that, after a meeting, the supervisors announced that nominations would be made by popular vote.

It was at first the plan to have three candidates, one from the east, one from the west and one from the center of the county, but now there will be a candidate from each supervisor district.

The Orange County queen will reign on the day especially assigned to the county at the Revue and Exposition. She will be a member of the distinguished party that will welcome the crowds at the Premiere and will have a conspicuous part in all the functions of the opening day. Her will be accorded all honors. She will reign in royal state for one day and during the entire exposition will have a place of distinction. Holders of patron certificates and they along will be entitled to vote for the election of queens.

Orange county has taken enthusiastic interest in the Monroe Doctrine Centennial and is sure of sending as its representative one of the loveliest of California girls.

ANAHEIM MOOSE INSTALL OFFICERS

—The Loyal Order of Moose Anaheim Lodge 1292 held installation of officers, the meeting being largely attended.

The following officers were installed: Dictator H. Nichols; Vice Dictator, F. W. Flower; Prelate W. A. Mattoon; Treasurer, R. C. Myers; Secretary O. Puchart; Trustee L. B. Stump; at a late hour a banquet was enjoyed by all.

The Moose will have initiation for there large number of elected candidates on Tuesday evening, March 13th. San Pedro Lodge team will put on the work.

BIG COUNTERFEITING PLOT IS UNCOVERED

NEW YORK, March 8.—An international counterfeiting plot, running into millions, was smashed by Secret Service Agents Diffore and Harris, who, yesterday emerged from Tombs prison. They arrested along with alleged ring-leaders of the band, and were committed to the Tombs on default of $10,00 bail. While in the Tombs they obtained information which led to the arrest of Enrico Schetino and Salvadore Esposito.

BIG BACK TAXES COLLECTED BY U. S.

WASHINGTON, March 8.—The bureau of internal revenue has collected $700,000,000 in back taxes since July 1, 1922, Secretary of the Treasury Mellon announced today. During the remaining four months of the present fiscal year these collections are expected to average $70,000,000 a month, bringing the total for the year to about $430,000,000.

FORTY ARRESTED AS BELGIUM PLOTTERS

BRUSSELS, March 8.—Forty communists were arrested here today, charged with plotting against the security of the state. It is reported that other arrests will follow.

Maximum 83 at 2 p. m.

Ring Lost in Box, Found in Winnipeg

That California citrus growers give full measure in every packed box of golden fruit, is evidenced by the fact that the Scott Fruit Company, in opening a box of Index Supreme oranges shipped by the Index Orchards of La Habra, affiliated with the Mutual Orange Distributorsfi found a 14 karat gold wedding ring. All the employees of the Scott Fruit Company, which is located in Winnipeg, Manitoba, being either married or confirmed bachelors, had no immediate use for the circle of gold so they informed Glen H. Florance, the representative of the M. O. D. in Winnipeg, of the strike.

An investigation proved that Mrs. Mabel Young, an attractive resident of the La Habra district, employed by the Index Orchards Co. had lost the ring. And so Dan Cupid's plans were not thwarted, and the ring is safely on its way to the finger that formerly bore it.

Thus worketh out the ways of fate. The Index Orchards Co., has announced that no further gold premiums will be placed in future shipments.

CHARGE FULLERTON STORES VICTIMIZED OF LARGE AMOUNTS

C. A. O'Brien, who has been advertising man for St. Mary's Catholic church and the parochial school in Fullerton is being sought by officers of the law following a complaint made by J. J. Prendiville, pastor of St. Mary's, wherein it is charged that he forged the name of the church to checks amounting to several hundred dollars, a number of Fullerton merchants being victimized.

He is also charged with giving a bum check of $350 to a Fullerton automobile dealer as first payment on a car which he drove away.

He left Fullerton last week, not giving his destination, and the forgeries were discovered by Rev. Prendiville following his departure.

R. R. SUES TO GET BACK RIGHT-OF-WAY

Mr. and Mrs. Alva E. Hargrove and Mr. and Mrs. Henry F. Schneider of the Anaheim vicinity were made the defendants today in a suit for $1300 and the right of possession to an alleged railway right of way when the So. Pac. Co. and the So. Pac. Ry. Co. filed papers, alleging damages of $100 per month since Dec. 1, 1921, from interference in the possession of the property.

The railway in its complaint declares that it is the owner of the road and the branch to Tustin, and that on or about the date mentioned the defendants ousted them from possession of the land, 1.03 acres or so, without their consent. Costs, general relief and re-possession are asked besides the cash damages.

It was declared on good authority today that the railway tracks are not on the Hargrove ranch. The crossing in question is where a private road to the Chambers ranch intersects with the tracks just west of the Hargrove house.

WILL ANAHEIM GET BRANCH OF COURT?

If Long Beach wins in its attempt to get a department of the Los Angeles County Superior Court established there, Anaheim and No. Orange-co can go ahead and claim one of the three Superior Court judges which the county may have.

Yesterday the Senate finance committee at Sacramento approved a bill giving Orange county a third judge.

If the constitutionality is decided of establishing a Superior Court department at Long Beach, then Anaheim can claim a department, also.

GIRL SKATES INTO STAGE

Grace Spielman, of 500 East Broadway, while skating on the side walk, ran into a Crown stage and being only slightly injured, according to a report to police.

W. P. Robinson Los Alamitos reported to police that he ran into a car which stopped in front of him on Westminster-rd, damaging the body of the other car. He had lost the name and number of the car he ran into. No one was reported injured.

STREET LIGHTS SHATTERED

Two light globes on a street lamp post near the Holland Electric Co. on No. Los Angeles-st have been shattered. Police have no report on the matter, but say it was done by a truck sometime before daylight this morning.

ADMINISTER OLD ESTATE

Harking back nearly 25 years, when Charles W. Wilcox died, an order was issued today appointing Mary E. Padgham administrator of the estate. The petitioner is a daughter. Wilcox died July 23, 1897.

Mrs. J. Surber of Whittier is a patient at the local sanitarium today.

HOLDUPS BUSY AT BREA

LOCAL SHOW WILL EQUAL GATE CITY'S

Third Cal. Valencia Expo as Large as 13th National Event

With the hanging of headquarters banners on Los Angeles-st and a large sign across Lemon-st pointing toward this year's site, the Third Annual California Valencia Orange Show plans took shape yesterday. Over 150 applications for industrial space have been received, without solicitation whatever, and Chairman Herman Stern reports that several new features displays have been promised, with little effort upon the part of the committee on citrus exhibits. Tomorrow, Messrs. Stern and Fraser will visit San Bernardino to arrange for the rental of the huge canvases necessary to house the 1923 show.

Artists are already planning designs for the orange exhibit department, but no contracts have been let. This year promises to be a good one for show enthusiasm. The recently closed National Show at San Bernardino reports a big attendance, with a comfortable surplus to carry over to 1924. This was their thirteenth venture. Anaheim, in its third effort, will be as large as the great San Bernardino offering, which bids fair to go down into exposition history as the best they have ever put on.

Nearly every industrial exhibitor of 1923 will again be represented at Anaheim this year, according to reports. An early opportunity will be given local firms and exhibitors, so that they may get proper locations. It is believed the space available in the City Park will be heavily taxed long before the 1923 California Valencia Orange Show opens, May 22.

23 BEFORE JUDGE BROWN LAST MONTH

In the monthly report for February filed today with the city clerk by G. B. Brown, city recorder, he reported 23 violators having been hrot before him. Fines amounted to $155. Two cases were for disturbing the peace, two for being drunk and the remainder were auto traffic violations.

FRENCH TO GRAB INLAND CITIES

MENTONE, March 8.—While Molla, Bjurstedt Mallory sulked on the sides, Mlle. Suzanne Lenglen enjoyed a laugh at her expense today.

The French girl with a smile on her face and without exerting herself at any stage of the game, easily disposed of Miss Cadle in straight sets.

Miss Cadle is the French girl who defeated Mrs. Mallory and put her out of the running for the championship.

SEATTLE LEADS COAST IN HORSE EXPORTING

SEATTLE, March 8.—Seattle is the greatest exporting point on the Pacific Coast for horses and mules, says G. W. Loveberry, manager of the Rainier stables. While most horse dealers of the old days converted their stables into garages with the coming of the gasoline engine, Loveberry has stuck by old Dobbin for more than 30 years.

Alaska absorbs the major portion of horses exported here, according to Loveberry.

SETTING OUT NEW VALENCIA GROVES

Ed Kelly, prominent orange grower, has increased his holdings to 60 acres with the purchase of ten acres of the vacant 80-acre sub-division at Brookhurst and Orangethorpe being marketed by M. F. Smith. The price was $10,000 cash. Kelley will set it out to valencias at once.

Carl Lewis has also purchased ten acres of the tract and is setting it out.

2 AVIATORS DROWN IN DELAWARE RIVER

PHILADELPHIA, March 8.—Two aviators were drowned yesterday when their plane fell into the Delaware river off Gibbstown, N. J. They were Lieut. Robert M. Farrar, who was a naval aviator, and Stephen F. Sullivan, his mechanic.

PRISON BOARD FIXES TERMS

In official statements the San Quentin prison board fixes one year as the term of Francisco Martinez for petit larceny and prior crime and five years as that of Jose Murrieta for burglary, the degree Martinez was sentenced on June 1, 1922 and Murrietta on Feb. 17, 1922.

ILLNESS ENDS TOUR

PARIS, March 8.—On account of ill health, Charles M. Schwab will sail for America on the steamship Aquitania from Cherbourg Saturday. He expected to make a tour of the Ruhr and unoccupied Germany, but is compelled to return.

All Able Bodied Turks are Drafted

LONDON, March 8.—All Mohammedans in Constantinople between the ages of 23 and 39 have been ordered to present themselves at recruiting stations not later than Sunday, according to an Exchange Telegraph dispatch.

In view of attempts by the extremist Turks to have the new Caliph, Abdul Medjid, call a holy war against Great Britain, the summons to the colors, including not only Ottomans but all Moslems, has caused great uneasiness in Canstantinople.

BENEFICIAL CITRUS PARASITE ON RUN; GONE NEXT SEASON

Aphycus, which last season saved citrus fruit growers in Orange-co. several times the $600,000 usually spent annually in fumigating, according to A. A. Brock, county horticultural commissioner, will be of very secondary benefit by next year. The reason is that the quayleae and ensemions, natural foes of the aphycus will have conquered the parasite.

At the present time citrus groves are cleaner of black scale than ever before, says Brock, some groves having no trace whatever of it. But this condition will not prevail many months longer.

Much of this information Brock gave yesterday to members of the Lemon Men's Club in Los Angeles in an address on "Is the Black Scale Being Controlled by Parasites?" Brock declared that Orange-co had been more successful last year with the aphycus than any other county producing oranges. Hundreds of thousands of acres were saved by the parasite.

Dr. I. G. McBeth, manager of the Bancroft ranch, presided and Dr. S. Woglum, entomologist of the California Fruit Growers' Exchange was one of the other speakers.

NUMBER OF INTEREST CHECKS NOT TAKEN

There are still a number of interest checks issued in June to subscribers to the 1921 and 1922 California Valencia Orange Shows which have not been called for. This report by the secretary of Anaheim C. of C. who states that these may be secured by calling at the C. of C. offices any time between 9 and 5 o'clock.

New certificates have also been issued to cover subscriptions to the 1923 show. Interest on these will be delivered upon surrender of the old certificate stubs.

The C. of C. will greatly appreciate it if subscribers will call for their checks and new certificates at their very earliest convenience.

NONOGENARIAN GOES TO PENITENTIARY

WALLA WALLA, Wash., March 8.—Thomas Robertson, 90, serving a sentence of from six months to five years in the penitentiary here for stealing the life of his 76-year-old son-in-law, is believed to be the oldest man ever incarcerated in a state prison.

Robertson was sentenced from San Juan county, in the northeast corner of the state. The long trip to Walla Walla was so hard that he was confined for some time to the prison hospital for medical attention.

Prison records show the aged convict is a "second timer." He was sentenced for second degree murder on April 26, 1902. The sentence was commuted Aug. 1, 1908 for good behavior.

ROW ON MONTEREY BAY FUND LOOMS

SACRAMENTO, March 8.—Protests were expected to pour in from the Monterey bay district against the suggestion of Senator H. C. Nelson, chairman of the senate revenue and taxation committee, that a fund of $200,000 appropriated some years ago for the construction of a dam in Monterey bay be used to meet the state's biennial expenditures. The money was appropriated contingent upon the appropriation of a like amount from the federal government.

TRADE LOSS GOODS TEUTONS TO INVENT

BERLIN, March 8.—Confronted with a heavy loss of world trade, the conviction is growing in Germany that only startling new inventions can push Germany to the front again in export trade.

MARSHAL FINDS SEVERAL DISCARDED POCKETBOOKS

Harry Allen and R. A. Sheffield, employees of the Union Oil Company at Brea, were relieved of approximately $150 in cash, a Waltham 17-jewelled gold watch valued at $50 and an Ingersol watch at about six o'clock last night by two Mexicans near Brea.

Sheffield told a friend, who is a clerk in Brea, that 10 different persons had been robbed by the same fellow, including a truck driver and a woman, whose name could not be learned. This, however, is denied by J. C. Looney, Brea city marshal. Looney declared, however, that he and his deputy J. F Burgeman, who were on the trail of the Mexicans from six o'clock this morning, found three purses, a bank book and a notebook. The bank book belonged to Sheffield, and two of the purses it is believed also were theirs, but the third is unaccounted for.

Looney says the Mexicans are professionals, and thinks they are the same pair who robbed Rohr E. Reed, manager of the Fullerton office of the Crown Stage, in Santa Ana early yesterday morning, taking $127.

According to descriptions furnished to Sheriff Sam Jernigan one of the holdup men wore blue overhauls and a jumper and stood about five feet seven inches tall. The other had on a black overcoat and black hat.

The Mexicans pulled out their guns and one of the pair covered Sheffield and Allen while the other cleaned out their pockets.

Sheffield and Allen were walking along the Pacific Electric tracks when suddenly at Madrona avenue, they were accosted by the holdup men.

Allen is said to have been by far the heavier loser of the two oilmen. The bank book was Sheffield's and was opened between 6:40 a. m., the hour when the car arrived, and 6:30 a. m., the hour of discovery. There were two Firestone touring cars, a sedan and other models in the car with the batteries, of which there were four in a box.

ROBBERS BUSY IN SANTA ANA; ENTER SUNSET DYE WORKS

The Sunset Dye Works of 904 W. Fourth-st., Santa Ana, today is checking over its garments to ascertain what losses it suffered last night or early this morning, when the place was broken into. The screen door at the back of the building was cut and the lock punched out, according to Deputy Sheriffs Joe Ryan and Jesse Elliott who made an investigation. Less than $100 worth of goods was taken at the outside, the proprietor said.

Tobacco and candy were stolen from H. G. Lycan's store at 803 S. Main-st., Santa Ana, during the night it was discovered when the place was opened for business today. The articles missing are half a carton of cigarettes, half a box of White Owl cigars, 12 Santa Fe cigars and a box of chocolates, according to City Marshal Claude Rogers. The cash register was opened, but had been emptied by the proprietor before he left. The thief or thieves entered by a south window of the building.

Two Willard six-volt batteries were found missing today from an automobile car on the So. Pac. tracks in Santa Ana, which had been opened between 6:40 a. m., the hour when the car arrived, and 6:30 a. m., the hour of discovery. There were two Firestone touring cars, a sedan and other models in the car with the batteries, of which there were four in a box.

AUTO TRADES WILL DINE AT NEW HOTEL

The next regular monthly meeting of the Fullerton-co. Auto Trades Ass'n. will be a dinner function at Hotel California, Fullerton, at 6:30 p. m., Friday, March 16. Advance reservations indicate a large attendance. Speakers will include Harry S. Mason of the Electrical Equipment Co., Los Angeles and Harry Bissell, Calif. Auto Trade Ass'n., and H. J. Banta, of the Banta Co., auto accessories, Los Angeles.

The motor car dealers craft will meet at 6:30 p. m., Friday at a dinner at James cafe, Santa Ana.

$100,000 ESTATE LEFT BY NEGRESS

CAMDEN, N. J., March 8.—Amanda Blackstone, negress, whose will was probated today, bequeathed $75,000 of her $100,000 estate to her brother, Howard Blackstone, in Howard county, Maryland. The remainder was left to other relatives and friends.

STEWARD ENDORSES ROAD SAVING PLAN

Commenting on Dist. Atty. A. P. Nelson's move to limit truckloading still more in an effort to save the county highway system, City Engineer O. E. Steward said today the present overloading of heavy vehicles was costing taxpayers three or four times the saving in transportation costs.

"The present highways would last a hundred years under ordinary automobile traffic," said Steward, "but to build a highway that will stand the heavy trucks for more than a few months is practically prohibitive.

"Truck loading should be cut in half. Taxpayers could well afford to pay twice the present price of trucking costs and avoid the enormous taxation cost of highway upkeep."

RUSSIA IS BUYING MILLIONS IN GUNS

LONDON, March 8.—Russia today ordered millions of arms from Sweden, Germany and Czecho-Slovakia, as a rebel movement, in which two divisions of Don Cossacks joined gained ground in fighting near Kieff, according to reports from Copenhagen and Helsingfors.

Three million rifles, 125,000 machine guns, and 40 airplans are reported to have been ordered as the red army prepares for a possible spring drive or revolution.

A rebel movement in the Donetz district spread today. The rebels took Waalko and moved on Kieff.

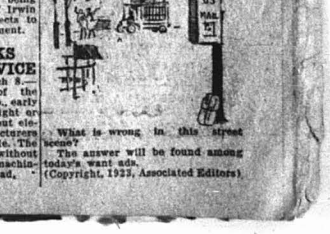

LOT DOUBLES IN PRICE IN YEAR

A lot on W. Commonwealth-ave., Fullerton, next door to the Taggart Garage, sold yesterday for $1,000 which is $7000 over what it brot a year or so ago. The lot was sold by L. W. Colton of Long Beach to G. W. Vinck of Fullerton, the deal being made thru the realty firm of Irwin and Rohrer. Mr. Finch expects to erect an automobile establishment.

EXPLOSION WRECKS ELECTRIC SERVICE

PROVIDENCE, R. I., March 8.—An explosion at the plant of the Narragansett Electric Light Co., early today left the city without light or power. Buildings were without elevator service, and all manufacturers using electric power were idle. The city's newspaper plants were without power for presses and other machinery. Telegraph wires were dead.

BLUNDERS

What is wrong in this street scene?

The answer will be found among today's want ads.

THE WOMAN'S PAGE

OF THE PLAIN DEALER, MARCH, 8, 1923

JUNIOR COLLEGE TEACHER TALKS AT CLUB TODAY

AT ONE of the most delightful luncheons of the club the Business and Professional Women had the pleasure of hearing Miss Isabel Anderson, of Santa Ana Junior College faculty. Miss Anderson was introduced by Miss Grace Burgess, chairman of the day.

As her subject the speaker chose "Friendship" and "Vocations for Women." Her talk was most inspiring and her hearers obtained plenty of food for thought. Miss Anderson is also secretary of the Junior College Y. W. C. A. She quoted several statistic reports concerning women engaged in gainful occupations in the U. S. and the number is most remarkable.

Mrs. Ruth Seitz appealed to the girls for more support to the Choral Society.

The meeting was opened by singing America and invocation by Mrs. Adelaide Goodson. Community singing was also featured during the meeting.

Former Townsfolk Dine

Mr. and Mrs. Wm. Miller of West Broadway, entertained at dinner yesterday Mr. and Mrs. George Weatherly and Mrs. Alice Weatherly, of Wilcox Junction, Ia., who is the house guest of her son. The Millers were former residents of the Iowa town and the afternoon was pleasantly passed in talking over old times and friends.

Mrs. Weatherly has been with her son's family for several weeks and will not return to her eastern home until the spring is well advanced. She plans to stop in Ft. Collins, Colo., en route, to visit a month with her son there.

May Make Home Here

Mrs. A. C. Monroe, of Oak Grove, Louisiana, and small son, H. T., are making an extended visit with their aunt, Mrs. George Minder, 217 North Olive-st. Mrs. Monroe is very much impressed with the climate and surroundings of Anaheim and will probably make this location her future home.

Hotel Valencia Guests

New guests at the Hotel Valencia include: H. G. Marks, San Francisco; C. A. Smith, Chicago; F. C. Sullivan, J. M. Hoffman, H. W. Derry, W. R. Booth, Gordon P. Felix, Julius Kahn, Dale Thomas, E. V. Pickett, W. L. Cowan, and Charles H. Kelso, Los Angeles; Carl J. Hayenah, San Francisco; George L. Harvey, Omaha; A. J. Cooper, Tucapias; J. W. Clenoweth, Ocean Park. J. H. Klein, Santa Ana. F. Hestera, Pasadena. S. P. Seirson, Pomona; J. P. Mc Clurken, Phillip Mayne, and J. A. McClurken, San Diego; S. Willhart, and Roy Humphrey, Bakersfield and H. R. Humphrey, Long Beach.

Old debts are never outlawed to the extent that payment is refused.

ORGAN RECITAL AT WHITE TEMPLE

Prof. James A. Shearer, noted pipe organist, who, with Mrs. Shearer, soleist, will give a concert in White Temple Thursday evening, March 8. The concert is free, but a silver offering will be taken.

Mrs. Backs Scored High

Anaheim members of the Wednesday afternoon Whist club were guests of Mrs. J. L. Abbott at Fullerton. The hours progressed with the games of whist. When scores were counted it was revealed that Mrs. Backs had made high, Mrs. Dietrick second. Mrs. Quarton received low.

A delightful luncheon was served after the games and the ladies enjoyed an hour of social conversation.

Guests of Mrs. Abbott included Mrs. Thomas Dietrich, Mrs. Minnie Palmer, Mrs. Carl Martin, Mrs. W. P. Quarton, Mrs. Alice Booth, Mrs. Clara Quarton, Mrs. Fred Mickle, Mrs. Herman Backs, Max Nebelung, Mrs. Len Witherill, Mrs. W. J. Jewell.

Rebekah School Saturday

Rebekah School of Instruction will be held in Santa Ana, with Sycamore lodge as hostess, Saturday, March 10. Many members from Lola Lodge, of Anaheim, will attend. The school will open at 10 o'clock in the morning and will continue thruout the day and evening. An elaborate banquet will be served at noon.

The hostess lodge will confer degrees upon a class of candidates in the evening. Almost all the grand officers will be present at the school, as they are now making their visit to the southland lodges.

AT HOTEL CALIFORNIA

New guests at the California Hotel Fullerton, include: R. L. Maser, Chula Vista; E. P. Willis, San Francisco; R. E. Helwick, Long Beach; Fred J. Allen, Los Angeles; C. P. Brice, Glendale; H. J. Lyon, Los Angeles; George L. Luftkin, St. Louis; W. C. DeLapp, Pasadena, and E. A. Gren, San Francisco.

Candy Sale Saturday

The King's Helpers class of the Baptist Sunday school will have a candy sale at Schneider's Market Saturday afternoon, March 10. Donations will be appreciated.

The Daughters of Ruth class of the Anaheim Christian Church will hold their regular business meeting in the new tabernacle Friday evening at 6:30, instead of 7:30 as heretofore announced. Business and plans for the future will be discussed.

Everyone's Welcome At Community Club

The Community luncheon at the Elks club Wednesday noon was a very interesting and enjoyable affair. Many things of interest to the community were fully discussed. Miss Wood of the Business and Professional Women's club reported 75 members, with about 40 attending their weekly luncheon Thursdays, at the Elks club. The hiking section is very popular, as will be the swimming in warmer weather.

Mrs. Davis, president of the P.-T. A., made a few remarks in regard to her work, and urged all to become more interested in the school and P.-T. A.

Mrs. Steelhead of the high school delighted the club with two piano numbers, "Ricardon" by MacDowell and "Barcarolle" by Preyer.

Mr. Arthur Coons of the high school gave an unusually interesting and instructive address upon the community movement, entering deeply into the various phases of the subject, especially speaking of the school and community. Advocating the substitution of Social Service for Socialism, and for Communionism—Community Activities.

Everyone in the community is welcome at these luncheons, it is not a private club, but community luncheon, where we get together, have a good meal (charge, 65c) have good speakers and music, and get acquainted. Strangers in the town are especially welcome.

Miss Randall of Palo Alto, Social Recreation Specialist of Community Service will come to Anaheim tomorrow and work with the committee to put on a Recreation Institute, three nights a week for two weeks, probably beginning next Tuesday night. This course is free and a wonderful opportunity to learn play leadership from one so well qualified. Both men and women are urged to avail themselves of this course and for further information Phone 512, Mrs. Nivet secretary.

Next Wednesday noon there will be an unusually interesting program of speakers and music and all are asked to feel free and come—Elks' club 12:10.

Octet at Bridge Club

Sickness interfered with the attendance at the Orangethorpe Bridge club meeting yesterday which gathered at the home of Mrs. Tom Waters, on Starbuck road, but the two tables which were played gave deep interest. Mrs. C. S. Spencer was most skilled of the eight ladies and won first prize and Mrs. Edith Mitchell secured second high number of points.

The rooms were pleasingly decorated with spring flowers, sweet peas and ferns holding favoritism. A three-course luncheon was served after games, the small tables being used. Covers were laid for the Mesdames L. M. Gardiner, E. Till, Roy Lovering, J. A. Schulte, C. S. Spencer, J. W. Dickensen, E. Wents and Edith Mitchell.

The next meeting will be held with Mrs. C. E. Smith, who has been ill, but who is now recovering from flu.

GOLIATH DEFEATS DAVID IN CONTEST

Calumpit Camp of the United Spanish War Veterans, held one of the most successful meetings Tuesday night that it has ever had.

"Goliath" outclassed "David" in the membership contest by bringing in twelve applications for membership to poor little David's none. However, David's side outnumbered Goliath's side in the numbers attending but not enough to even the count and so the first round of the battle goes to Goliath.

Five members were mustered into the camp as follows: D. D. Field, R. D. No. 1, Santa Ana; C. A. Lindquist, R. D. No. 4, Santa Ana; Thos. F. Gifutt, No. 512 E. 20th-st., Santa Ana; Leonidas H. Adams, No. 1056 E. Chapman-ave., Orange, and Dennis Donnelly, No. 115 No. Helena-st., Anaheim.

Robt. F. Clark, of Roosevelt Camp No. 9, a pension adjuster was present and spoke of pensions and war fed, lowed by Comrade Robt. M. Lee, of Brea and Trustee J. D. Jones of Santa Ana, who spoke on the same subject. A committee composed of Comrades J. D. Jones, Dan R. Mears and A. P. Dresser was appointed by the commander to arrange for a Patriotic Rally to be held on the 25th anniversary of the declaration of war with Spain.

Senior Vice Commander Henry G. Miller got busy fining everybody he could think of and wound up by fining himself two and a half times as much as he had fined the others. He stated, "I feel that much guiltier."

Tuesday, March 20th, the Camp and Auxiliary are to hold a box social for the benefit of the California Soldier's Widows Home at Sawtelle, the public is to be invited to attend and help a worthy cause.

Senior "Lame Ducks" of the Auxiliary, Bertha M. Dixon and Nannie Reed, carried off the honors in the membership contest in their order for taking in thirteen new applications for membership. Now hush, I'll whisper a secret, "The Lame Ducks" obtained and brought in and turned over to Dan R. Mears eleven of the twelve applications he received the credit for in the camp's contest." Captain Miller is now crowing around that the only way "Big Dan" could beat him was to engage the services of the ladies. Miller claims he is too gallant to beat the ladies so Dan carried off the honors.

Comrade R. H. Lee, of Brea, is commander of the Boy Scouts at that place and he invited the Camp and Auxiliary to hold one of their social meetings in their hall at Brea and plans are being made to hold one there in the near future, possibly on April 17th, next.

LOCAL WOMAN'S MOTHER DIES

Mrs. Rebecca Paine, mother of Mrs. Ella F. Dickson of Anaheim, died Tuesday at San Pedro. Funeral services were today.

FOR SMART SPORT AND SUMMER WEAR

This hat is white felt, trimmed with black and white plaid is the latest.

Home from Cuba

Misses Sarah and Clem Mattis returned last evening from a delightful trip to Cuba and other resorts. En route they stopped at Houston, Texas, and New Orleans, former home of Mrs. Mattis where they visited friends. They returned over the southern route. The girls left Anaheim Jan. 29 and had a happy time along the entire journey.

City Briefs

O. N. Brower was in Los Angeles yesterday on business for the Anaheim Municipal Band.

Mrs. N. Finley Paris of Ball Road, has just returned from New York, where she has been passing several weeks. Mrs. Paris was accompanied by Mrs. Florence Schuette, and two sons, William, Jr., and Robert, who are close friends of their hostess. They will make an extended visit.

Mrs. Helen Perry and son Raymond of Santa Monica visited friends in Anaheim last evening.

Mr. and Mrs. W. Moreland of La Jolla are guests of Mr. and Mrs. W. B. Lee.

Alvin Recknor is ill at his home on Brookhurst road with smallpox.

Mr. and Mrs. W. J. Smith of Pittsburg, Pa., is visiting Mr. and Mrs. George Ehrle.

The baby daughter of Mr. and Mrs. D. R. McDonald of Cerritos-ave. is ill.

Mrs. J. S. Ward, who is a surgical patient in the local sanitarium, is recovering nicely from a slight operation.

Mrs. O. M. Skinner of Orangethorpe, is ill with the fashionable ailment, flu.

Mrs. C. C. Smith, of N. Resh-st., who has been ill for almost two weeks, is again entering her usual activities in Anaheim club and social life.

Mrs. R. N. Thompson, of West Broadway, is confined to her bed with an attack of flu. One of the little daughters is also indisposed.

History and Travel Section

The History and Travel section of the Ebell club met with Miss E. Kate Rea yesterday, but on account of an executive meeting of the club following, the program was slightly shortened. With Miss Rea as leader, the study of Early Romans was resumed, and religion of the state and home and the form of government was discussed. The causes and effects of the first Punic war were studied, while occupied the allotted time.

The next meeting with Miss Rea will be held on the 21st of the month.

Prominent Girl Weds

Members of the two families and a very few close friends attended the wedding of Miss Helen Reinhaus to Mr. Paul Goldman, of Oakland which was an event of yesterday in St. Ann's Inn, Santa Ana, the ceremony having been read by Dr. Edgar Magnin, of the B'nai Brith Temple, Los Angeles.

The bride was attended by her cousin, Miss Helen Newbauer, and Mr. Stanley Reinhaus, brother of the bride was best man. After the ceremony an elaborate repast was served in the private dining room of the inn places being marked for twenty-five. The happy couple left in the afternoon for a motor honeymoon and will be at home in Oakland upon the return.

Mrs. Goldman is the daughter of one of Santa Ana's leading merchants and has a large circle of friends in the town where she has grown to womanhood. She also is quite well known in Anaheim, where she has visited many times. She was the recipient of many social courtesies after the announcement of her approaching marriage.

Nominating Com. Selected

The nominating committee from the Anaheim Ebell club consists of five members, two selected by the executive committee and three by the general club, according to the new by-laws. This committee, composed of Mrs. Emma Grimshaw, chairman, and the Mesdames G. M. Sharpson, Ida H. Dutton, A. C. Pearson and C. H. Chamberlain, must nominate one or more persons for the eleven offices named in the by-laws. These officers constitute the executive committee. The committee also nominates nine or more persons to serve as a board of directors.

Should anyone wish to be nominated for any of the twenty positions or should anyone desire to nominate another member, she is asked to please notify the chairman of the nominating committee before 2 o'clock tomorrow, as the committee will hold a meeting at the home of Mrs. Grimshaw Friday.

It is easy to hypnotize a husband, as the ad. says. The hard part is to keep him hypnotized four weeks after the ceremony.

FALKENSTEIN'S

A Little Talk on Thrift

(Oscar W. Straus, American Society for Thrift)

No matter how humble your position, how small your earnings or how restricted the circumstances in which you find yourself, there is always the possibility of bettering your condition through thrift. Progress may seem slow at first, but persistence and determination will win in the end.

There died recently in a New Jersey city a man whose life was an exemplification of the value of thrift as a means of rising from poverty and obscurity. For many years he had been one of the foremost manufacturers of the East. He had not only utilized his ability in the upbuilding of a great business, but he had become an art patron of note. Yet he began working at the age of ten in a Yorkshire cotton mill where he put in seventy-two hours a week at a weekly wage of thirty-two cents. By the time he was seventeen he had saved enough to pay his passage to America, and the Yorkshire firm where he had been employed made him a present of a five-pound note. His first job in this country brought him four dollars a week.

But he saved, worked hard and gradually advanced.

The story is not an unusual one, yet it illustrates thoroughly what can be accomplished through thrift.

It was the practices of those early days of his career when it was necessary to practice the most rigid economies—when his savings grew penny by penny—that brought about the success that came to him in his later years and enabled him to enrich and enable the lives of others.

When we gaze at a beautiful structure we are apt to pay little attention to the foundation. Often when we contemplate a successful life we think too little of the early struggles and hardships without which no man has ever really succeeded.

Bear in mind it is not the amount of money one saves that counts as much in the long run as the moral stamina and the indomitable will that are developed as a result of the processes of saving.

Letters from People

To the Plain Dealer—I beg to correct an error of our Cypress news editor. In which he stated that I, H. H. Covell spoke at the Farm Center meeting in favor of dairy inspection in Orange Co. I beg to state that I understood that an ordinance had been passed by our board of supervisors, that all dairys be inspected in Orange Co., by our county inspection be financed by an assessment of 50 cents per cow on all dairys in the county.

I am absolutely opposed to any such ordinance on the ground that a large portion of the milk in Orange co. is sold in Los Angeles, for which we have paid for our permit, and we are under the L. A. city inspection. And if the city of Santa Ana wants inspection of their dairys let Santa Ana city pay for such inspection. And I also second the motion that Cypress Center circulate a petition among their dairymen in protest against it. H. H. Covell.

WUXTRA! CHRISTMAS CAPTURED BY JAPS

TOKIO—It was a large Christmas —a large and luscious Christmas— in Japan.

Santa Claus captured the country with but little trying. He carried Tokio unanimously. He had a tremendous majority in every precinct in the empire, from tropical islands to frozen Hokkaido in the north.

The Japanese are keen for holidays. They are natural-born merrymakers. The love to celebrate and have festivals. They have been flirting with Christmas for some time and last year they simply took it over wholeheartedly. They made it their very own. They put Christmas, and all its trimmings, onto their calendar. They adopted it with the same joyous hospitality they had previously shown to baseball, derby hats, soda-fountains, highway robberies and other appurtenances of western civilization.

"Merry Christmas" postcards were on sale in every shop—and they went like hot cakes. The Japanese newspapers were filled with Christmas advertisements, with news stories about Christmas doings, and with feature yarns telling what it was all about.

YOUTHFUL HORSESHOE ENTRY

ST. PETERSBURG, Fla. — Alec Echeon Monday is the domestic science ica's youngest horseshoe pitcher, Harold Falor, the 15-year-old boy of Akron, O., is the most recent entry in the fifth annual mid-winter national "barnyard golf" tournament to be held here during the week of Feb. 19.

The boy marvel finished high in the midsummer meet, held in Des Moines last August, topping several stars of national prominence, including C. C. Davis, who won leasing honors here last February.

Young Falor is after the national title this winter and hopes to wrest the championship crown now being worn by Frank Lundin of New London, Ia.

FRENCH GLIDERS WITH SMALL MOTORS

PARIS—Following the achievement of Lieut. Thoret, the French aviator who remained in the air more than seven hours with motor cut off, the French government is going ahead with the construction of a number of glider-planes, equipped with small motors.

These motors will not be more than 25 or 30 H. P. enough to life the planes to a height of 100 meters, from where it will be possible to propel them in any direction by making use of the air currents.

Lieut. Thoret's record breaking flight took place in Algeria. He declared on landing that he could have remained in the air seven days as well as seven hours. He said there was no reason why an experienced glider could not float through the air indefinitely unless an absolute calm developed.

Success Marks "Special Weeks"

The pronounced success that has marked our "Special Weeks" so far in the new year has been gratifying, and it is our purpose to make each succeeding "Special Week" even more successful than those that have gone before.

Concentrating, as we do in those "Special Weeks" on merchandise that is both timely and necessary, our patrons have the advantage of large selections from which to choose and special purchase prices.

We are making these "Special Weeks" our predominent 1923 feature in all of our 371 Stores, and the large scale on which this is done increases the benefits to the patrons of each individual Store.

DAILY GREETINGS TO OUR READERS

No man knows what a day may bring forth in the way of opportunity nor at what point the door may be thrown open, which shall be the entrance into his great chance for life. —Christian Union.

Employment conditions throughout the country continue to be favorable. It has been a very prosperous winter, all things considered.

There is no wealth on earth worthy to be compared with the riches of health of body, health of mind and health of soul.

Agreements already reached indicate that there will be no strike of coal miners this year. This will be welcome assurance to the country. It augurs prosperity for industry.

There are more than 2,600,000 depositors having funds in state banks in California. In addition, there are large numbers of depositors doing business with national banks, building and loan associations and other financial institutions. Californians believe in banks and are liberal patrons of banking institutions.

California has almost endless possibilities in the construction of scenic highways. This cannot well be overdone. The number of tourists and sightseers coming to this state will increase constantly. As the state's reputation for having so many scenic highways spreads, more and more visitors will come—particularly autoists.

The Golden Rule should be displayed in every home, in every school, in every office, in every business house or factory. It should be kept before all the people all the time. It is the superlative principle for the guidance of human conduct. It is the universal solvent which, ultimately, will turn all things base and dross into golden deeds.

The making and re-making of the physical body of the earth are proceeding steadily. A single generation witnesses many notable changes in topography. These multiply, generation after generation, until, sooner or later, nearly the whole face of the earth is changed. Earthquakes, volcanic eruptions, tides of the sea, river floods, the action of water and frost and wind upon the physical face of the globe, all influence the remoulding of the body of benign Mother Earth.

Militarism dies hard. But it slowly is dying. Europe shows its belligerency occasionally. But underneath the surface of world events runs the placid current of intense love of peace, dwelling in the hearts of the masses of mankind. The war talk and the conditions which breed wars are from mis-representative leaders of the masses. The people should assert themselves in every civilized land and should demand that militarism cease and that there shall be no provoking of wars.

LEGISLATURE'S CHANCE TO DO GOOD WORK

The California Legislature, when it reassembles after the recess of thirty days, has its promising opportunity to do good work by not doing bad or doubtful work. It would be well if the legislators worked by a process of elimination—if they winnowed out the bills introduced and threw aside all of them which are of poor quality.

There is no crying need of a great deal of legislation at this session. California could get along with comparatively few new statutes. These should be considered with extreme care. This Legislature could make an enviable record by limiting the number of measures enacted and by scrutinizing very closely the quality of them. This should be the rule with all legislatures. There is far greater need of excellence and practicability in laws than there is in having great numbers of laws. In truth, the number of statutes is becoming alarmingly great. Even the lawyers are hard put to it to keep up with them and to keep conversant with them.

The California Legislature, it is to be hoped, will make its forthcoming session notable for the excellence of its enactments. The number of them need not be formidable. The fewer, perhaps the better.

SPECIAL OCCASIONS AS REMINDERS

The number of "days" and "weeks" dedicated to this, that or the other cause or movement are legion. Sometimes one hears complaint that there are so many of these "days," "weeks" and "drives." It is interesting, however, to contemplate the conditions and circumstances which make it necessary to resort to this species of reminding the public.

It is a fact that modern life is so complex as almost to daze the average person. There are so many things that are inherently good and worthy of public support, that the people cannot remember them all offhand. There are so many distractions, too, which carry the minds of the people away from these deserving movements. The special "day" or "week" serves to focus public attention upon the thing which stands in need of public support. Consequently the support is forthcoming on the designated "day" or "week."

Besides charitable and philanthropic movements, many deserving products and industries are promoted handsomely in this way. California has originated several notable "days" of this kind—particularly "Raisin Day," which is observed now all over the country.

Governing, in this country, should be an expert, highly developed business. The best business talent should be employed in governmental affairs, and the best business judgment should govern those who govern.

Abe Martin

Gran'maw Bentley has been married close ont' seventy years, an' she's never seen a railroad train or had a revolver in her hands. Where leaders Duncan got in bad was showin' in opery houses instead of at banquets.

TOWN IN REVIEW

When the Omaha (Neb.) stockyards burned, people miles away thot it was a bride cooking her first dinner, declares Tom Sims.

Mr. and Mrs. Humes, of Indianapolis are walking to California, and every man will wonder how many times Mr. Humes will turn around and yell, "Aw, come on, for the luvva Mike!"

You can't beat Henry Ford. He makes flivvers and then buys railroads so he can build more crossings.

WARNING!

Eight congressmen are threatening to tour the United States.

Tut! Tut! Tut!

Old King Tutankhamen, judging by the plunder taken from his tomb, enjoyed the topnotch of wealth, power, fame and luxury—as luxury was conceived in the crude life of more than 3000 years ago. No doubt he imagined that people would forever speak of him with awe.

We wonder what his reaction would be if he could come back and find facetious newspaper headlines calling him "King Tut." It's a superillustration of Father Time's irony. However, breezy Americans are giving King Tut their highest honor—a nickname. In America the slate is wiped clean each morning. We have respect only for the future. Prepare for Tut Dances and Tut Comedians in musical shows. A shrewd fashion house already is selling Tut Prints.

Marine Joke From Judge:

It happened at the marine barracks in one of the navy yards during the war. There had been unusual complaints about the "chow" and these complaints reached the ears of the commanding officer. One morning at assembly he addressed the company as follows: "Complaints have come to me concerning the meals that are being served this company and I want every man who is dissatisfied with the food to stepforward. COMPANY HALT!"

He Proved It

'Did you make him eat his words?"

"No. He turned out to be one of those fellows who would rather fight than eat."

PARAGRAPHS

(By Robert Quillen)

The French policy won't work unless Hedale will.

Go west, young man, and you'll have a chance to boss the country.

There isn't much choice between a ruthless war and a truthless peace.

Another thing that puzzles us is the "stick" in Rev. Percy Stickney Grant.

Civilization is just a process of accumulating more play-pretties to look after.

Passive resistance works very well until a bayonet begins to prod it in the midriff.

If there are any horny hands in office, they probably got that way by using the whitewash brush.

At any rate these Pharonic gowns help us to understand why Joseph ran from Potiphar's wife.

A used car is just about as impressive if you move into a new neighborhood when you get it.

In this commercial age the hall of fame doesn't interest climbers so much as the haul of fame.

We have great pride in our merchant marine, but there doesn't appear to be anything else in it.

At any rate women never will learn the knack of shooting from the hip. They haven't any hips any more.

A bachelor is a man who isn't content to choose the kind of woman to which his imperfections would entitle him.

While college coaches are idle, they might get a few pointers by watching street car entrances during the rush hours.

You can say one thing for the Vandals. They didn't say they were doing it for the sake of the weaker peoples.

This criticism of college educations isn't new. Aesop expressed the idea with his story about the fox and the grapes.

What we can't understand is how a native of southern Europe pronounces his town if he doesn't care to sneeze at the time.

As a general thing, slang is up to the minute. But "frail" as a substitute for cane, shirt and chicken, came one sensation too late.

Correct this sentence: "My husband," said the meek little woman, "is always so gentle and considerate when he has had a bad day at the office."

WISE AND WITTY

Patience is an art in knowing when to keep it and when to lose it.

Luxury appeases vanity but starves the soul.

Man can see as far as he can focus his vision.

It is far easier to set one's thoughts right than to endure the blunders.

Unhappy women and hungry children are in crying need of nourishment.

New York Letter

NEW YORK, March 8.—New York society girls, who insist that they loathe being called that, by the way are editing and publishing a magazine called "The Younger Set," partly because it struck them as an interesting thing to do, but largely to correct the somewhat prevalent idea that society girls and society itself is flippant, frivolous and well-nigh scandalous. They hope to overcome the impression made upon those who do not know them by certain scandalmonging periodicals dealing with "Society's doings. They are doing the work on it, too, writing, editing, reading proof, typing and all the rest except what the printer does.

I am like all the rest in fearing the written lecture as a source of entertainment and instruction. I doubt seriously whether I would put myself out to hear William Jennings Bryan give his "Cross of Gold." So, recently when I had the opportunity of hearing a frail little woman address a convention on "Women in air," the fact that she had given the speech hundreds of times before did not make me listen with any greater interest. This tiny bit of femininity is Civic Secretary of the National Security League and Etta V. Leighton on by name. Yet as I heard her surge forth into a reckoning against every influence which operates to make our American women less patriotic and less willing to assume their burden in the country's business I became a devotee to at least one woman speaker. Miss Leighton has the essence of genteel womanhood and yet demonstrates the security we can feel if we have a like firmness of purpose in the problem of national defense as evidenced by her. No one could be a slacker in mind or body under the influence of her oratorical spell.

Mrs. Emily Stuart Wiltsee, formerly the wife of S. Taylor Wiltsee of our city, is the latest New York woman to bring a title within the city's circle. Mrs. Wiltsee will be married in May to the Duke de Cito, head of an old Neapolitan family. They will be married in Paris, with Ambassador Herrick as one of the witnesses for the bride.

I saw a letter addressed to Ernest Atmless as "Wild Two" and signed "One." The way these "kinsprits" get together. Oh yes, "kinsprit" is Cristopher Morley's coined word for kindred spirits.

During the recent campaign in New York, that old song, "The Side-Walks of New York" was revived as a campaign song of Governor Smith's cohorts, by a popular impulse. Governor Smith is a native New Yorker and more than that, he was born down on the Lower East Side, which lays special claim to the song, so there was always tremendous enthusiasm when a band would start up "East side, west side, all around the town." The other day, Governor Smith had a letter from Charles B. Lawlor, author of the song, telling him that as a result of the song's return to fashion on the wings of the governor's own opopularity, the author aged and blind, has been able to get a vaudeville engagement to sing the song after a long period of finding nothing to do. So campaigns do some good.

One of Manhattan's novelties in the way of tea rooms and restaurants is the Dark Room of one of our hotels. It's the darkest room I ever saw. It's a tea room opening from a brilliantly lighted corridor where hundreds pass during refreshment hour. The only illumination in the ark Room comes from the tiny dark-shaded table lights and the rays go no farther than the hands of the eating couples. A thick carpet makes the room as quiet as it is dark. It would be absolutely impossible, I should say, to recognize anyone a whole table away from you there. It isn't a rendezvous of people who don't want to be known, either, this hotel. It's one of our most respectable institutions, one of the few hotels in town, for example, where women are not allowed to smoke. I think it must have been hit upon as one way of furthering romance in this city where it is almost impossible for a couple ever to be alone.

What Becomes of Your Money Each Pay Day.

?

You Say:
"I Can't Save on My Salary"
Are You Sure?

You may honestly believe your salary won't stretch another point, but suppose for instance, your rent was raised $10.00 a month. You would find a way to pay it. What if your salary was reduced $10.00 a month. You would find a way to make ends meet. These things have happened, so it won't take much imagination on your part to make believe your rent has been raised, starting the first of the month. Then pay that $10.00 into a Savings Account and in twelve months you have $120.00 plus 4% interest.

MABEE FORCED TO CALL OFF GRAPPLE

Wrestling fans will greatly regret that Roy Mabee, Anaheim mat favorite, has been compelled to call off his match with Johnny Meyers, middleweight champion, at least for the present, because of an infection to his left arm.

After preliminary steps had been taken to advertise the match extensively and the Fairyland theater had been rented for March 15, Roy went to see a physician today. The examination did him he would be all kinds of a fool to wrestle in the next future.

Roy's elbow was skinned in training last week and the abrasion was enlarged when he took a sked off the mat onto the floor in his match with Tageson at Riverside the other night. Infection was extensive today and the medic told him that he was courting a bad case of blood poisoning if he got on a dirty mat again before the wound healed.

On top of that, Roy has been unable to shake off a severe cold with which he has been suffering for a couple of weeks and which has prevented training with his old time zest.

Roy greatly regrets missing the opportunity to meet the famous Johnny but has decided to listen to the advise of his physician.

DENY SLUR ON U. S. C. TRACKMEN

NEW YORK, March 8.—No slur on the eligibility rules of the scholastic requirements for athletes at the University of Southern California was intended when the Inter-Collegiate Amateur Athletic association turned down the application of the Pacific Coast university for admission, officials of the association said.

"The application was simply tabled for a year until the Southern California officials could submit information about the eligibility rules as enforced there."

Darnley Match Maker At Urbita Springs

Over San Bernardino way tonight, Billy Darnley, local club manager, also the Gate City club's matchmaker, has arranged an excellent program. The main event brings together Babe Orton, hard-hitting Redlands Indian lightweight, and Young Burton, former Anaheim colored boy who is now making his home in os Angeles. They will meet at 135 pounds and a whirlwind battle is looked for ward to. The winner has been promised a match with Jimmy Douglas, crack Phoenix lightweight.

Kid Louie, fast local Banty, meets a worthy opponent in Billy Murray of New York in the semiwindup. It gives promise of being a snappy affair. The special event brings together Cyclone Johnson, San Berdoo darky, and another ebony-hued gentleman from Los Angeles answering to Baby Green.

Other numbers are Tobby Montoya and Danny Herrera at 118 pounds; Pete Brown and Fred Perry, 135-pounders; Tony Sanchez of Anaheim, and Elmer Trimble of San Berdoo.

CRAVATH WON'T COACH PHILLIES

"Gavvy Cravath", of Laguna Beach, former manager of the Philadelphia Nationals and one time champion home run hitter of the National League, has refused a contract as coach and assistant manager of the Phillies.

Seniors Walk Away In Inter-Class Meet

Aided and abbetted by points registered by Art Mann, and Earl Zahl, Anaheim H. S. seniors began early to lead in the inter-class track meet last evening, taking more than three times the points of their nearest competitors, the juniors. They scored 21 points, sophomores, 17 and freshmen 1. The senior sum was 74.

All the field events were staged and rivalry was keen altho for a time it looked to be a junior-senior meet.

Victor Reese is is showing up fine in the high jump and should make a good showing in the county track meet. Art Mann was high, Zahl showed his stuff when it came to broad jump.

The results of the events held yesterday follows:

Mile—Daugherty (Sen.) first; Preston (Soph.) second; Feetham (Sen.) third. Time 5:29.

100 yard dash—Reese, (Jr.) first; Grigss, (Sen.) second; Mulvey, (Jr.) third. Time 11:04.

440 Yard Dash—Mann (Sen.) first; Hodges, (Jr.) second; Hile, (Jr.) third. Time 58:03.

High Jump—Reese, (Jr.) first; Dahlman, (Soph.) second; Zahl, (Sen.) third, heighth, 5 feet, 7 inches.

Shot put—Mann, (Sen.), first; Newkirk, (Sen.) second; Harris, (Jr.) third.

Pole Vault—Zahl (Sen.) first; Lusk, (Soph.) second; Dahlman, (Soph.) third; heighth, 8 ft. 9 inches.

220 Low Hurdles—Newkirk, (Sen.) first; Pannier, (Sen.) second; Hansard, (Jr.) third. Time 32:04.

Discus—Zahl, (Sen.) first; Mann, (Sen.) second; Newkirk, (Sen.) third. distance 90 feet, 9 inches.

Early in the afternoon he took first place in the mile run and was scheduled for other events. He probably will not be in condition to enter the Orange-so meet the last of the month.

HI SCHOOL ATHLETE SPIKED SERIOUSLY

Ralph Daugherty, prominent senior, was painfully injured yesterday afternoon in the inter-class track meet when spiked by another track artist in the 440-yd dash. Daugherty was taken to the rest room where his wound was dressed by Mrr. Hening, H. S. nurse. The cut was inflicted below the left ankle.

880 Yard Dash—Mann (Sen.) first; Preston, (Soph.) second; Walker, (Soph.) third. Time 2:21 3-5.

120 High Hurdles—Pannier, (Sen.) first; Dahlman, (Soph.) second; Grauer, (Jr.) third. Time 20:3.

220-Yard Dash—Griggs, (Sen.) first; Pannier, (Sen.) second; Newkirk, (Sen.) third. Time 28:1.

Broad Jump—Zahl, (Sen.) first; Reese, (Jr.) second; Mulvey, (Soph.) third; distance, 20 ft. 1 inch.

The senior relay team won the 4 man mile relay. The squad, Mann, Newkirk, Griggs and Zahl.

ANAHEIM HI GIRLS SHOW THEIR STUFF

Anaheim Hi baseball girls showed their stuff last evening when they defeated Garden Grove Hi, 25 to 6. The local girls got right in and played real ball last evening. Coach Jacques has not picked her school team yet and is giving all a chance to show what they can do.

Most of the balls went by the "fly" route and many outs were made in the field. Evelyn Cordes lead in scoring for the Anaheim girls. Miss Hudson lead in this department for Garden Grove girls. Home runs were made by Requarth and Adams, Anaheim; Allen and Patterson, Garden Grove.

(Figures in parentheais denote runs).

Anaheim line-up: Young (2) c.; Wright, (1), p.; Requarth (3) and Campbell, 1b.; Pieper (2), 2B.; Cordes, (5) and Brastad, (1) 3b; Nussbaum, (2) and Carner, (1) ss; Hartman, (2), lf.; McAlmond, (1) rf.; Adams, (2) lf.; Holsworth, (4), cf.

Garden Grove lineup: Allen (1), c.; Baker, (1) and Blachoider, p; Aslin, 1b.; Curry, 2b.; Hudson, 3b.; Howels, (1), and Nussbaum, rs.; Collins, (1) and Davidson, ls; Patterson, c, rf.; Arkley, lf; Hudson, (1) cf.

Runs by Innings:

Garden Grove	101	400	000—	6
Anaheim	316	551	025—	28

BUD NASH THROWS AWAY HIS CRUTCHES

Bud Nash, former Huntington Beach star now of Occidental College will don his track uniform Saturday and will throw the discus against his former team mates of Huntington Beach squad. Nash is track manager of the Freshman squad of Oxy. He was laid on the shelf with a fractured leg several months ago and has been going about on crutches. He has now tossed these aside to enter the meet. This event however, will be his only entry. As a Beach athlete, Nash won fame as a broad jumper, and general all around athlete. Nash was expected to do stellar work for the Tigers this year.

Among his Huntington Beach "buddies" with whom he competes are Milton Nash, his brother, Bickmore and Nicholas.

NEW COUNTRY CLUB COURSE

Santa Ana has purchased 150 acres in the Santa Ana Heights tract for a golf course for the new Santa Ana Country Club. The offer of $75,000 was accepted. The course will be of 18 holes and adequate club buildings will be erected. The Orange-co Country Club will be merged with the new club after its lease expires.

ORANGE WILL VOTE UPON SEWER BONDS

Two issues of bonds, one for $175,000 to look after the city's share in the cost of the outfall sewer of Anaheim, Santa Ana and Fullerton, and the other, $15,000, for an underground comfort station will be voted upon by Orange, if a recommendation of the Chamber of Commerce to the city council is adopted. The station would replace the fountain in the plaza.

LOCALS WIN THREE FROM JACOBY BROS.

Anaheim won three straight games from Jacoby Bros. of Long Beach on the local alleys last night. This keeps the locals at the top of the Interurban league. Scores:

Jacoby Bros.				
Lague	212	172	159	543
Madden	146	172	155	473
Hutchison	138	129	170	447

BEACH IMPROVEMENT CO. INCORPORATES

The Balboa Beach Improvement Co. today filed incorporation papers with the county clerk. The incorporators are Harry B. Tudar, Louis L. Garrigues and R. G. Burlingame, all of Balboa. The capital is $25,000 of which each man paid in $5000. The par of the stock is $1.

FULLERTON MEETS CHINO IN PAYOFF

Fullerton H. S. boys' basketball team played Chino H. S. this afternoon at Fullerton in the semi-finals. The winner in today's game plays for the championship of So. Cal.

Alhambra and Huntington Park meet this week in a similar contest.

ABOLISH EIGHTH GRADE

SOUTH BEND, Ind., March 8.—Changing conditions of the times is the reason advanced by the St. Joseph county board of education in abolishing commencement exercises for eighth grade students in the county schools. When the custom was started 38 years ago it was explained that it was the exceptional child who completed that grade.

AMERICAN LEGION INITIATES

Correcting the preliminary announcement of an officer that 12 candidates were to be initiated at Tuesday night's meeting of Anaheim Post of the American Legion, bringing the membership to 238, William P. Webb Jr., said today that only three candidates were to be initiated and only one actually was initiated. This brings the enrollment in good standing to 110. A supper was enjoyed after the meeting.

CHAVEZ FUNERAL FRIDAY

The body of Entone Chavez, who died last evening at his home on Hill St., Stanton, is at the mortuary of Backs Terry & Campbell. Funerals services will be held at 9:30 a. m. Friday in St. Boniface church, with interment in Holy Cross. Relatives from San Diego will attend the services.

NEW SANITARIUM CASES

New patients at the local sanitarium include: Mrs. J. S. Ward, Anaheim; Mrs. K. H. Day, Buena Park; Mrs. W. A. Gaines, Anaheim, and Mrs. J. L. Hurst, Brea.

1922 BEAN CROP NEARLY ALL SOLD

Five sixths of the State's bean crop is sold and the other sixth will be before the new crop comes in, J. Churchill of Oxnard, told the Lima Bean Growers' Ass'n at their annual meeting last night in Wintersburg. Madagascar limas now are being laid down cheaper in New York than the California product, said the speaker. Churchill is an expert on the subject. The association enjoyed a supper at the community hall.

E. F. Wheedon, farm bureau director, spoke on the bureau and its benefits. Field Inspector Davis of the association crop described conditions and discussed certain problems.

FARM CENTER MEETINGS

Following is the schedule of Farm Center meetings for the rest of March—Thursday, March 8th, La Habra, 7:30 p. m., school house. Thursday, March 8th, 7:30 p. m. Garden Grove, chamber of commerce. Friday, March 9th, 7:30 p. m., Costa Mesa, school house. Monday, March 2th, 7:30 p. m. El Modena, school house. Monday, March 12th, 7:30 p. m., Buena Park, school house. Tuesday, March 13th, 7:30 p. m. Anaheim, high school. Wednesday, March 14th, 730 p. m., Villa Park, Villa Park hall. Tuesday, March 20th, 7:30 p. m. Yorba Linda, Woman's club.

EXPECT 70 MORE VET. EXEMPTIONS

If Anaheim Post, American Legion, gets its share of exemptions from county taxes this year, more than 70 more men than were exempted last year will be included. This is assuming that the exempt are members of posts or indirectly looked after by the posts.

"The men a year ago didn't know about it," said Adjutant Art Cohen today. "Last year fatuout the county claims numbered 1250. This year they will number 1800, it is estimated.

Beginning this afternoon the County Assessor's office will be ready to receive claims. The sooner the affidavits are filed the better, altho the ex-soldier, his widow, or wife is actually allowed until the first Monday in July. A new affidavit must be made out for each year.

Real estate to be exempt must be on the county records not later than the first Monday in March at noon—that is, yesterday.

An exemption of $1,000 is permitted if the assessed valuation is not more than $5,000.

Veterans of almost any of the wars in which America has engaged are eligible.

NEWS!

Number One going strong, and making S-O-M-E footage; drilling yesterday below 3783, and bailed to pick up the Meyer gap at 4100. She's girdled by 5000 to 8000 barrel oil-spouters.

Number Two, drill-pipe is going in now, and Saturday the bit starts grinding through the cement and 400 feet into "old man Meyer" himself.

Number Three is the real "bambino." Drilling below 3600, and setting a record not equaled even by White Star One or Two. A few more days, and Three will be ready to set casing above the Bell, ready for the final plunge to the Meyer.

Phone us for information on the market prices of all three; every one is a "buy."

RHINE ROMANCE CULMINATES HERE

INDEPENDENCE, Kan., March 8.—A romance of the Rhineland which had its beginning two years ago in oBan, Germany, had its sequel when Mme. Asta Peters formerly a Swiss actress, and W. W. Clark, World War veteran, were married by Judge Elsie Coffman here. It was a case of love at first sight when Mme. Peters came to Bonn at the time Clark was with his outfit, the Sixteenth Railroad Engineers, as a sergeant.

FRENCH TO GRAB INTERIOR COUNTRY

LONDON, March 8.—Reports from both Paris and Berlin show that the French troops began a new movement into Germany today.

They advanced from the Ruhr and occupied the important German railroad and industrial center of Dortmund.

The French removed the German security police and occupied the railroad station, placing machine guns in position to command the streets.

The Light in the Window

At the close of the long, hard day, when you have left the office or shop, the most cheering and heartening experience you can imagine is to catch the first gleam of light in the window of YOUR HOME, where wait wife and children—the REST and Happiness.

Every man should provide a real home of his own for himself and family. Have you done so? If not, it is entirely possible for you to become a home owner. If you are able to pay rent, you are able, with a little perseverance and self-denial, perhaps, to build or buy a home of your own.

In order that we may be of real assistance to you, we are constantly adding to our Photographic Plan Service, already comprising a thousand designs, for your choice. Building materials are reasonably priced; we carry only the best.

COME IN AND SEE US AT YOUR CONVENIENCE; OR PHONE AND WE WILL HAVE A REPRESENTATIVE CALL ON YOU

BIG PRODUCTION IN SANTA FE SPRINGS

(With Oil Operators)

Big production continues to be in order at Santa Fe Springs. The week's production increase got a nice boost when the Amalgamated Oil Co. completed an 1800 bbl. well on the Dewenter property. This nice well was completed at 3917 feet in the Bell sand and is making 31 gravity oil.

Late reports from the Machris Bros. Bandini Norswing well has it that the drilling was stopped at 5500 feet and a string of 6 1-4 casing was set at 4800. It is the general opinion that the Machris Brothers have an oil well on the Norswing and will bring in something some day that will be a real surprise. The prediction for an oil well is based on the Hamilton No. 4 well which a number of months ago at 4695 feet. The Bandini Norswing is believed to be on the same structure.

The Tred B. Foster Co., henceforth is to be identified with the Santa Fe Springs development. The Foster organization took over the 48 Syndicate property, two pieces of property south and west of C. C. Julian's holdings, and plans call for immediate development. The 48 Syndicate property is located in the heart of the closely drilled section of the field and has a wonderful possibility for Meyer sand development. The properties west of Julian are promising and are regarded as good.

The north line of the Santa Fe Springs field does not push out and many operators believe the limits of the field are about to be set. The Standard Oil Company's Browning-Keller No. 2 has passed the 5300 mark and continue to exhibit no showings. The Shell Company's Blayden an off setwell to the Shell T.'s Marble No. 1 is nearing the 5000 mark and to-date is not showing anything. From the Shell well the north wog line is standing idle up to and including the Union Oil Company's Flood deep well. Indications seemingly are against this portion of the field and development will stand at a standstill until something worth while warrants the continuation.

Aside from the wonderful showings of the big wells now on production there was nothing spectacular at Huntington Beach this past week. The Amalgamated Oil Company's Fowler 2 scheduled for another big well is to be redrilled and deepened. Pearce 1 the world record deep producer has increased its production to 6400 barrels and is the greatest well the Beach field has yet produced.

The Selby-Root Oil Company has a well on the Clark property that is making a great showing on production. From a comparatively small well in the upper sands it was drilled to 4900 feet and came in with a registered output of 5000 barrels. The big producer is the product of Neil Anderson superintendent of the Petroleum Company, the Moser Special are the Selby-Root Oil Company.

The Petroleum Midway's contribution to the week's new production of Huntington Beach was a 1000 barrel well on the Barker property. The new well is making 25 gravity, clean oil. Savage No. 1 the largest Petroleum Midway producer for several weeks at Huntington was redrilled and brought in a 4000 barrel well at a depth of 4876. The well is not making the quality of oil here to jore identified with the deep sands, the gravity being only 22.

The Shell Company is about to wrest the world record for deep production from the Amalgamated Oil Co. The Amalgamated's record well is 4949, the Shell Company's Ashton 3 is now at 4990 and there is little out about it developing into a great well.

The Standard Oil Co. has a deep well at Huntington Beach that may cause all the operators to sit up and take notice of what can be done in the way of deep drilling. The Standard has deep test well on the F-2 lease that is 5010 feet deep, and is 20 feet deeper than anything so far drilled in the Huntington Beach field.

CITRUS MEN START ORANGE-CO SURVEY

The citrus survey of the orange orchards for Orange-co will start at Villa Park this week. Mr. Willard Smith heads the committee, with Mr. E. Bula and H. O. Upham assisting Thirty or forty groves in the Villa Park section will be recorded as to their fertilization and irrigation practices during the last decade. The same plan will be carried out in Tustin, El Modena, Anaheim Fullerton and Placentia. Sub-committees have the sub-committee are:

Tustin—C. V. Newman, chairman, Felton Browning, Arthur Lyons.

Fullerton—Dr. S. S. Twombly, chairman, L. E. Hampton, Frank Kirker, C. W. Coman.

Placentia—Louis Jackson, chairman, John Tuffree, Chas. Hanson.

El Modena—W. M. Mertz, chairman.

Anaheim—W. C. Mauerhan, chairman, J. B. Eaton, Wm. Pannier.

Another step forward was taken by the Citrus committee at their last meeting on March 2nd, in their action to put so-called "Tree Doctors" on a licensed basis similar to fumigators and sprayers. Growers have for sometime felt that this important work in the citrus grove should be done only by properly trained men and at their request the matter was taken up by the Citrus committee. A. A. Brock, horticultural commissioner presented the law to the committee of growers and assured them that if it was the sense of the majority of the growers to have this provision of law carried out with respect to "Tree Doctors," he would undertaken to enforce the law in this respect. This will require some form of examination on the part of the licenses. A resolution was passed requesting the horticultural commissioner to enforce the law with respect to "Tree Doctors."

More conservative pruning in citrus groves was also a subject of interest at the growers meeting and a resolution was passed requesting the Agricultural Extension Service of the College of Agriculture to establish a pruning school during the year for the purpose of standardizing pruning practice in the county.

Buy your city property through J. E. Schumacher Co., 212 W. Center.

IMPORTANT BOOK AT FULLERTON LIBRARY

One of the most important books of the year is to be found among the new books ready for circulation Saturday evening at the Fullerton library. It is the "Life and Letters of Walter Hines Page" edited by Burton J. Hendricks, in two volumes. Walter Hines Page was appointed ambassador to Great Britain by President Wilson in 1913. Beyond the first hundred pages sketching his early career, these volumes relate to the five years of his ambassadorship. He was a brilliant and tireless letter writer, and thruout these trying times he wrote full and frankly outspoken letters home, to his family, his friends, and the President with whose policy he strongly differed during the years before our entrance into the war. These letters are full of the most vigorous opinions on men and policies. They give most interesting sidelights, too, on London life and London people.

Other books of non fiction.

Raging California business laws and forms. Faulkner. What we hear in music. A course of study in music history and appreciation. Korzybski, Manhood of humanity. The science and art of human engineering; it sets forth the fundamental natural laws upon which the human relations are based. March. The charm of the Middle Kingdom. The author, who lived for some time in China, could both speak and write the Chinese language, had unusual opportunity for pursuing the study of things Chinese. His book is packed full of intimate glimpses of the East,—of its homes and gardens, its customs and its state of mind, its charm and its romance. Pym, Psychology and the Christian life. Very enlightening with regard to religious and conduct. Trevels, The Life and Letters of Lord Naaulay. Van Dyke, Companionable Books. Appreciative essays on well known authors and books that have stood the test of time.

Fiction

Arnim, The Enchanted April. Dumas, Louise de la Valliere. Evarts, Tumbleweeds. Haggard, Dawn. Hough, The Covered Wagon. McCarter, Homeland. McFee, Command. Mackey, Mist of the Morning. Ogden Then Came Molly. Smaith, Broke of Covenden. Widdemer, A Minister of Grace.

Juvinile Books

Everyday manners. A book of etiquette for boys and girls. What to do and when and how are explained cleverly and with humor in these chapters on manners at home, in school, in public places and in business. Carey, Boy Scouts at Sea. Heylinger, Don Strong, Patrol Leader. Holland, Boy Scouts of Snowshoe Lodge. Hornibrook, A Scout of today. Hornibrook, Drake of Troop One. Mathews, Boy Scouts Courageous. Quirk, Boy Scouts on Crusade. Taruston, Billy Burns of Troop 5. Wilson, Tad Sheldon, Boy Scout.

"PILLS FOR ILLS" ADVOCATES DOCTOR

LOS ANGELES, March 8.—Returning to Los Angeles after a five-months tour of European hospitals and clinics, Dr. Christopher Gelaves declared today he from his observations, pills and ointments continue to remain a necessary adjunct to the alleviation of human ills, despite Coue and Freud.

Dr. Gleaves stated, however, that his visit had strengthened a belief held by him for 20 years that the medical profession has too long ignored the important relation of the mind to the body in perpetuating and restoring health. He expressed the opinion that the time is near when psycho-analysis will be one of the essentials of a thorough diagnosis.

COUNCIL MEETS TONIGHT

Anaheim council will open bids tonight on road equipment including scarifier, dump-wagon and grader.

Mrs. G. Grant of Sunset Beach underwent an operation at the Fullerton hospital this morning.

Mrs. Kitty Mayes left yesterday over the Santa Fe for Omaha, Nebr.

Talbert Gets First Patron's Certificate

Chairman Tom B. Talbert of the Orange-co Board of Supervisors has the honor of being the first man in the county to possess a patron certificate for the American Historical Revue and Motion Picture Exposition.

F. W. Slaybaugh, secretary of the county advertising committee, bestowed the certificate on the supervisor with due formality last Tuesday when the little ceremony was photographed by Donald Parker, the official Monroe Centennial motion picture photographer who happened to be waiting in the vain hope that he could obtain "shots" of the nominees for the queen contest. Inasmuch as the supervisors wisely had passed along the responsibility of selecting the prettiest and most popular girls to the people of the county, Mr. Talbert and Mr. Slaybaugh will appear on the screen in the picture of giving and taking the certificate. When the queens are nominated the photographer will photograph them and with other scenes including that of the little certificate ceremony the motion picture will be shown in all the theatres of the county.

Patron certificates carry admission to the opening of the Revue and Exposition. For this Premiere a most elaborate program has been planned. Many distinguished visitors including the president of the United States have accepted invitation to be present.

BOTH HOUSES TO DISCUSS BUDGET

SACRAMENTO, March 8.—Both houses of the state legislature were scheduled to get together this afternoon for joint consideration of Governor Richardson's biennial budget.

Efforts to get separate budget meetings under way yesterday afternoon and last night met with little success. Mrs. Nellie B. Pierce, member of the board of control, which framed the document, declared her inability to appear before the senate and assembly committees individually for questioning and requested the joint series of considerations.

FIERCE BATTLES RAGING IN ERIN

DUBLIN, March 8.—The chief of staff of the Irish republican army and an entire unit of the rebels were captured today after the hottest battle fought in Erin for more than a year.

At the same time that this engagement was being carried to a successful conclusion by the Free State forces three converging armies were operating against a fortified position held by the rebels in the mountains near Carrane.

FIND RECLUSE'S BODY

LOS ANGELES, March 8.—Lying in a tent in a lonely part of Laurel canyon near Ventura boulevard, the dead body of Frank Mallee, 72, said to be a wealthy recluse, was discovered early today by ranchers who live in that vicinity, with a bullet hole in the brain.

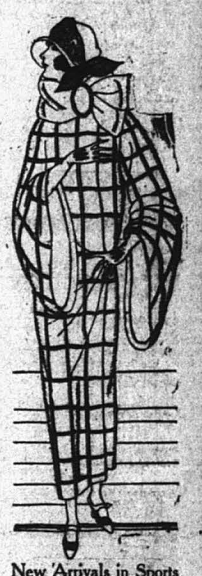

Mrs. J. L. Herbert of Fullerton was operated on yesterday at the Fullerton hospital.

BE PREPARED TO JOIN WITH THE

SENIOR CLASS

OF THE

ANAHEIM UNION HIGH SCHOOL

Friday, March 9th

IN A WHIRLWIND CAMPAIGN TO OBTAIN

EIGHT HUNDRED DOLLARS

For velvet curtains for the New Auditorium of the Anaheim Union High School.

In order to obtain this sum, the Senior Class of the Anaheim Union High School has decided to put on a campaign for Better Reading and Literature in the AMERICAN HOME, selecting the Literary Digest as being best suited to bring to the home, the business man and professional fraternity, in a concise form, the best of the World's Thought-Saying-Doing.

Special arrangements have been made with the Literary Digest, whereby, 25% of the subscription price, for either new subscriptions or renewals may be retained by the Senior Class, provided, 500 or more yearly subscriptions are secured. The Literary Digest is $4.00 per year, a trifle over 7½c per week. It covers every phase of the world's news, bringing only the best.

Subscribe or renew your subscription to the Literary Digest through the Senior Class of the Anaheim Union High School tomorrow. Join the Digest family of 2 Million Readers.

Be one of the Eight Hundred tomorrow and put it over.

THE SENIOR CLASS

ANAHEIM UNION HIGH SCHOOL

SO. CALIF. EDISON SPENDING $1,500,000 IN ORANGE COUNTY

"Over $1,500,000 is the proportion of the So. Calif. Edison Co.'s budget for 1923, allocated to the Santa Ana district, which consists of Santa Ana, Anaheim, Garden Grove, Huntington Beach, Laguna, Newport and Orange, and the intervening territory," said District Manager W. L. Delming today.

"Of this, $1,150,000 will be spent in the High Sierras and upon the transmission lines that bring power to Santa Ana, and about $409,500 will be spent in the district itself. Out of the company's total budget of $26,000,000 for 1923, about $16,000,000 will be spent in the mountains for new power development and for transmission lines to bring the power to points of use.

"A total of 125,000 new horsepower will be added to the system this year and about Ana district's portion when connected up and made to do service for various purposes will be adequate to take care of 5,700 new houses, 54 new factories, and to provide for an increased population of 28,000; beside providing for more intensive cultivation of 28,000 new acres of land that could be made more productive by electric irrigation.

"I do not believe, however, that this new provision for power, large as it is, will be more than adequate to take care of Orange Co.'s growth the next two or three years. These figures, which are based on well proven tables, illustrate how rapidly the community is growing and the responsibility which rests upon the utility which serves the public to provide new capital and build so as to take care of its electrical needs.

"New business additions are estimated to call for extensions of lines which will total up to $175,000," continued Mr. Demming, "while $61,700 will be spent on renewals. At Newport a substation will be constructed at a cost of $20,000. New switching arrangements at Los Alamitos and at Fairview will be effected at an expenditure of $108,000, while the Santa Ana Substation will be modernized. Increased capacity and production is to be provided at all stations and a modern new office will be provided at Orange. To erect a modern store building and garage, $31,000 is alloted, and a large amount of new feeder construction and old feeder reconstruction, reinforcements, etc., is provided.

Speaking of the company's general budget of $26,000,000 for 1923, which has just been approved by directors, District Manager Demming said: "The appropriation for 1923 of $22,500,000 was by far the largest that had ever been made up to that time by any western utility. The receipt of a large amount of cash from the city of Los Angeles in payment for the purchase of its Los Angeles distributing system, made possible a little speeding of even this enormous program. Actual expenditures for new construction for 1922 were $24,-000,000, an average of $2,000,000 for each month of the year. The present budget exceeds that colossal total by another $2,000,000. Of this sum, about $13,000,000 will be spent in hydro-electric development in the mountains; about $4,000,000 for transmission lines and system to bring the power to the principal points of use, and about $10,000,000 for local improvements in the various districts, such as new distribution lines, substations, offices, stores, garages and improvements of this nature."

CONTRACT FOR Y BUILDING

Santa Ana's new $125,000 Y. M. C. A. at Sycamore and Church-sts., is expected to rise now, with the signing of the contract yesterday by Frank Hudson of Los Angeles, the successful bidder. Equipment is estimated at $60,000.

It Pays to Advertise in the Orange County Plain Dealer.

Radio Department

So many questions have come to me, asking how it is that all these wonderful things we hear over the air can be received at such distances from the sending station, coming through walls, windows and all manner of obstructions, or to be brief, how does radio work?

For this reason, I feel that it will be doing a service to the readers of this paper, if some simple explanations of the elementary principals of radio were explained, which will at the same time answer the many questions asked.

I think that almost everybody in this day and age has at some time heard of the wave theories, used to explain many things which otherwise would be mysteries, but for the benefit of some who may be a little hazy about this I will tell of the transmission of sound first.

When we produce a sound by speaking, hammering, or any other means we set in motion a series of waves; just the same kind of a wave you would find in the ocean if you were far enough from land. These waves are travelling along on the air, in fact, they are air waves which, when they strike the ear drum, transmit to the brain a message that we have heard sound, and being so familiar with it, know at once, what caused it. It does not matter what obstruction they encounter, the air waves still penetrate, unless a specially constructed room is built, such as the so-called sound proof rooms, etc.

Keep this in mind when we come to speak of other waves which can be produced by various means and which differ from sound waves, as for instance, radio waves, light waves, which will speak of next week.

Q. Are there any receiving sets using crystal detectors with loud speakers?

A. Yes, the Deforest Leflex circuit uses a crystal detector with radio frequency.

Q. Is it necessary to have several wires in the aerial?

A. No. One wire about 150 feet long. The higher you put your aerial the better chances you have for picking up long distance.

TROOP TWO NOTES

(By Jack MacFaden)

Troop Two, Boy Scouts of St. Catherine's school held their weekly meeting last evening and sent in their report to Santa Ana headquarters of the monthly list, which places them on the honor roll. They invite all other troops in town to "sit up and take notice."

A program opened with two songs, "There's a Hole in the Bottom of the Sea," and "Ole' McTavish," sung in chorus by the boys. John Shea, senior patrol leader, who also is an Eagle scout, gave a talk on business matters and picked the athletic team for the contest with Troop Three in the near future.

A boxing match between Morgan Fine and George Bock resulted in a decision for Fine in the round. A wrestling match between Harold Boutletier and Paul Waldhubel brot a thrill and applause when the former was declared the victor after five minutes.

Another boxing match between Clet Carricart and Alex Martinez was won by the former in one round.

After a few more songs all the boys pledged allegiance to the flag and repeated the scout oath, which closed the meetings.

PREPARE TRUCK ORDINANCE

The city attorney of Fullerton was instructed last night to prepare an ordinance regulating the loading and unloading of trucks on the streets of Fullerton and also regulating the switching of trailers. It is said that many trucks unload for the stores on the streets when they could just as well use the alleys.

RICHFIELD'S DEEP SAND NOT LOCATED

(With Oil Operators)

The quest for a deep sand at Richfield has so far met with disappointment. The Standard Oil Co. has drilled a number of deep holes and failed to find anything good. The S. O. Co.5s deep test well as Kraemer 1-15A is now past the 5200 mark and continues in shale and shell. The Union Oil Company's deep test well on the Graham-Loftus lease has had a battle on with water for a number of months and seems unable to overcome the difficulty. The Union well was drilled to 3930 and repeated attempts to shut off water at 3900 have failed. It is understood a number of outside operators have taken properties in Richfield figuring on the Union's Graham-Loftus 53 making good. The holders of these leases are now getting a little worried.

The General Petroleum drilled its van Lew No. 1 at Torrance to 4610 feet in search for the deep sand that would bring new fame to the new field. The General Petroleum's venture met with disappointment, the deep sand was not there. Plugging back to 3675 the G. P. is attempting to produce from the top sand, but so far has only a water well. On the Dominguez property the Chanslor-Canfield Midway drilled a deep test hole and to date have had no success in developing lower sand production. These facts are not stated to belittle the field, but to call the attention to the fact that the writer has grave doubts about the Torrance-Redondo field having a deep sand. If it fails it will be the first oil field in So. Calif. not to have a deep sand.

The LaHabra Midway has taken on renewed hope and will drill its test well to 5200 feet. The drilling has passed the 5000 mark and to-date there have been no very strong indications or encouragements. The formation at 5007 is a light brown shale carrying perhaps a little more sand than formerly.

At Bellflower the Cal.-Petro Producers Syndicate has its No. 1 well drilling at 3800 feet, and at a point where something one way or the other will be showing up soon. It is the opinion of the writer that if showings are not found between 38 and 39 hundred the district will not become an oil field. Facts and figures on every field in Southern Cal. disclose the fact that production has been developed before reaching the 3800 foot mark. Also every wildcat well so far that has not developed production or a field has passed the 3800 foot mark and failed to produce. Examples of this are the Union Oil Company's Downey Community, the Standard Oil's Buena Park, the Shell Company's Turnbull Canyon well, the Chanslor-Canfields Puente Hills well, and a number of others. When a wildcat well passes 3800 feet and does not find the top sand it is the opinion of the writer that it is passing into the doubtful class.

The Pomona Oil Company will give its deep test well a production test and ring down the curtain. Drilled to 5168 feet, a string of 4 1-4 was set at 4915 and showings between these points will be tested out. It is understood that if the well does not produce drilling will be discontinued and probably another well drilled somewhere else on the property. The Pomona Oil Company has made a long and hard fight for success.

Immunization Optional With Owner of Canine

It is entirely optional with the owner of a dog whether he shall preserve the state quarantine or have the dog animal immunized with vaccine, Dr. W. Leland Mitchell, County Health Officer, said today.

The latest cases in the county are those of Lloyd Robinson, 14-year-old newsboy, who was bitten at Villa Park while delivering papers. The dog knocked the boy from his bicycle. Miss Flay Stevenson, 12, of Orange was bitten by a poodle dog belonging to Mrs. E. A. Honey.

DAIRYMEN'S LUNCHEON

A luncheon has been arranged for dairymen who meet at the Farm Bureau Office at noon Saturday, March 10th.

The program will include: Dr. Geo. H. Hart head of the division of veterinary science of the Univ. of Calif. who will speak on Control and Eradication of Tuberculosis and Contagious Abortion in Dairy Cattle.

Dr. J. J. Frey, in charge of Dairy Inspection Service, State Department of Agriculture, who will discuss the "Handling of Market Milk and the Newly Proposed State Dairy Laws."

And Miss Vera Huddleston from the California Dairy Council, who will talk on the Comparative Values of Milk and Nutritional Work Carried on in the schools.

Those wishing to attend should leave word at the Farm Bureau Office. Plates 75c.

Very absorbent toweling, worth 50c each on sale at 33c

SENIOR CLASS IN CAMPAIGN FOR $800

A whirlwind campaign will be put on by the senior class of the Anaheim Union High School tomorrow for $800 needed for velvet curtain for the new school auditorium. See ad in the columns of this paper.

Quoting from the "Anoranco" special senior class edition—"Since the time of our grandmother and grandfathers it has become customary to leave something to the school besides a name or initials carved on an already battered desk. This class of '23 has voted to leave for the school curtains for the large and small windows at side of the auditorium. It is the one touch needed to make the effect complete, and will enable us to use the motion picture machines left by last year's graduates. These curtains are to be blue velour with the class insignia of gold upon them, and they will match the stage drop curtains. The members of the class could think of nothing more useful, because the auditorium is what the majority of the public judges our school by. We wish to make it something to be proud of. From its stage, the students have heard addresses from nationally prominent men."

The campaign will start promptly at 9 a. m. tomorrow. It will be a campaign in the interest of education and better reading matter and literature for the public.

Special arrangements have been made with the Literary Digest, whereby a subscription campaign will be conducted by the senior class and in return for its efforts, a very liberal proportion of the subscription price will be retained by the class.

The Literary Digest was chosen because, it seemed best suited to bring to the home, the business and professional fraternity, in a concise form, all that is best of the world's thought-saying-doing.

It is the purpose to obtain from 800 to 1000 subscriptions, either new or renewals, as it is estimated that the curtains will cost approximately $800.

This is a novel way of raising money for a good purpose and at the same time, every contributor is receiving his money's worth plus improving his mind and keeping in close touch with everything worth while going on in the world.

24 NEW WELLS STARTED

Oil field operations reported week ending March 3, show 24 new wells started, compared with 31 previous week. The total new wells this year is 269, compared with 216 the same date last year.

Tests for water shut-off 43, same as previous week. Yearly total to date 312; total to same date last year 130.

Abandonments 8, compared with 2 preceding week. Total to date this year 42; total to same date last year 58.

ORANGE BOY FEARS RABIES

Floy Stevenson, 13, of Orange, today is receiving treatment at the Pasteur treatment, following a dog bite. Rabies germs were found in the brain of the dog owned by Mrs. E. A. Honey of 708 E. Almond-ave. At Airedale has been held in confinement for observation, following its attack on Floyd Robinson, 14, while the boy was delivering papers in Villa Park.

BREA NEWS

BREA, March 8.—(Spl.)—The Ladies Missionary Society of the Christian Church, met at the home of Mrs. F. J. Schweitzer in So. Madrona-ave.

The Congregational Missionary Society were guests for the afternoon. After the business session presided over by the president the following program was given.

Hymn, Bible study, Queen Esther given in story form by Mrs. Reynolds. Vocal solo, "Teach me to Pray," Dr. Blanche Scott. Circle of prayer by all. Papua and Eluplee Building Life in the Frontier by Mrs. Fanning. The Development of the Church, Mrs. Gill. A paper prepared by Miss Margaret Falconer on "The Negro" was read by Mrs. Sullivan and followed by a group of Negro Spiritual Songs, "Hard Times," and "The Old Ark a Moanin'," Mrs. Delweitzer. The social hour following the program was thoroughly enjoyed by all. Partners for refreshments were gotten through a guessing game, using Biblical characters. The refreshments consisted of home made ginger bread, whipped cream and tea. They were forty-five present besides the children.

A delightful surprise party at the home of Mr. and Mrs. Luther Estes on Stearns lease, in honor of their son Gordon's fourteenth birthday. A fine chicken dinner with all the appetizing things that go with it and angel food cake with ice cream. Decorations were very attractive in popies and violets, favors of after dinner mints. The guests were Mr. George Rayner and wife, Mr. Claire Raynor and wife, son Jack, Mr. and Mrs. G. H. Middleton and son Ray of Brea, besides Mr. and Mrs. Estes daughter Opal and the host, Gordon Estes.

SOUTH APATHETIC ON GRAIN EXCHANGE

There will be no Southern Counties Farm Bureaus' Exchange for grain growers unless acreage sufficient to yield a production of 10,000 carload tons annually is secured, R. D. Flaherty, former Assistant Farm Advisor and named to be manager, indicated today, following the meeting of the directors at Riverside on Saturday. Orange co growers have an acreage of 10,000 acres, which has been signed up, and the average yield from it is estimated at 5,000 tons per year, but the other counties have been somewhat apathetic.

Flaherty confirmed the suggestion that the exchange would be part of the State-wide exchange.

March 10 has been set within which to sign up acreage enough to assure the other 10,000 tons of grain. A rider is being attached to contracts to the effect that the project is off unless the ten 15,000 tons to sure. Los Angeles, San Bernardino, Riverside and San Diego are the other counties in the proposed association. John sterman of Santa Ana is president.

CHARGES CRUELTY

John Dupray "choked, struck and beat her" until she was unconscious on two different occasions, Nov. 11-12 last year, Mrs. Hirriett G. Dupray alleges in a complaint filed late yesterday for divorce. He also repeatedly threatened to kill her, she avers. They separated only six months and five days after their marriage in Santa Ana, July 26, 1922. There is no community property and no children, but she has a seven-year-old daughter by a previous marriage. She asks a divorce, temporary and permanent alimony of $40 per month, attorney's fees and the costs of the present action.

PETITIONS FOR PROBATE

Petitions for probate or letters of administration were filed late yesterday in the estate of the late Edward W. Jenkins, Ada Bay, Sam O. Anderson, Hattie Whaley and Sarah Anderson. The estate of Sarah Anderson is a little over $4,000, that of Sam O. Anderson not over $7,000 and that of Jenkins approximately $2,000.

"THE CHRISTIAN" AT THE CALIFORNIA

Goldwyn's super-feature, "The Christian," adapted from Sir Hall Caine's most famous novel, directed by Maurice Tourneur, is coming to the California theater Sunday for four days. This photoplay is a credit to everyone concerned in its production; it takes rank among the really big films of the year. Tourneur was selected by Goldwyn production executives to make the film because of his fine record of achievements in adapting famous novels to the screen. He has done a finished and inspiring job.

Director and principals were sent to England to make exteriors in London, at Cambridge, at the Derby at Epsom Downs and on the Isle of Man where the big thrilling climaxes of the story take place. The author gave his wholehearted co-operation in obtaining the correct atmosphere and in getting the consent of the London officials to photograph the big mob scene in Trafalgar Square, the first time such permission had ever been granted.

The story of "The Christian," is well known to readers and playgoers —it concerns the efforts of one John Storm, become a Christian Socialist, to live as Christ would live, and his struggle to free himself from his love for Glory Quayle. He meets the usual end that comes to all reformers and prophets—is mobbed to death.

KUSTINER SELLS HOME

The residence property of Mr. and Mrs. Joseph Kustiner 1123 West Broadway has been sold to Mr. R. U. Harris, of Los Angeles, who with his wife and three children of school age will occupy their new home about April first. Mr. Kustiner is a manufacturer of drilling tools and will commute to business each day.

Mr. and Mrs. Kustiner are planning to remain in Anaheim about two months longer and will find a temporary residence by the end of the month.

LEGAL NOTICE.

NOTICE OF FILING OF COMMISSIONER'S REPORT.

In the Matter of the Opening and Extending of North Zeya Street is said city of Anaheim from the East of West North Street to a Point Three Hundred Fifty and Seventy-five Hundredths (350.75) Feet Northerly Therefrom, also from the North Line of West La Palma Avenue to the Southerly Line of North Los Angeles Street.

Notice is hereby given that: WHEREAS, in pursuance to a resolution entitled: "In the matter of the opening and extending of North Zeya Street in said city from the northerly line of West North Street to a point Three Hundred Fifty and Seventy-five Hundredths (350.75) Feet Northerly Therefrom, also from the North line of West La Palma Avenue to the south line of West La Palma Avenue to the southerly line of North Los Angeles Street, Resolution ordering work," which said resolution was duly passed by the Board of Trustees of the City of Anaheim on the 14th day of September, 1922, and was approved by the President of the Board of Trustees of said City of Anaheim on the 15th day of September, 1922, I, J. J. Schneider, Jas. E. Stevens, the board of Trustees duly appointed commissioners to assess the benefits and damages and have general supervision of the proposed work or improvement referred to in said resolution, to-wit: Zeya Street in said city be opened and extended from the north line of West North Street, to a point three hundred fifty and seventy-five hundredths (350.75) feet northerly therefrom; also from the north line of West La Palma Avenue to the southerly line of North Los Angeles Street, until the completion of said proposed work or improvement in compliance with the law and the statutes in such cases made and provided and

WHEREAS, said commissioners have made their said report, assessing and damages and have made a written report thereof to the Board of Trustees of the City of Anaheim and have attached to said report a plat of the assessment district showing the lands to be taken for said work or improvement and the lands assessed, showing the relative location of each district, block, lot or portion of lot and its dimensions and said commissioners could reasonably ascertain the same, and that said commissioners have done all things by law required of them to be done and said report and plat contain all matters required by law to be done in the manner, form and substance as required by law;

NOW, THEREFORE, notice is hereby given that said report and plat have been filed in the office of the Clerk of the City of Anaheim on the 23rd day of January, 1923. Pursuant to the statute made and provided, the undersigned, Edward R. Merritt, City Clerk of the said City of Anaheim does hereby give notice of the said filing of said report and plat, and notice is hereby given that all persons interested may be and they are hereby required to show cause, if any they have, before the Board of Trustees of the City of Anaheim, on Tuesday, the 27th day of March, 1923, up to the hour of 8 o'clock P. M. of said last named day, why said report should not be confirmed and said last named day the same will be heard by the Clerk for that purpose. All objections shall be in writing and filed with the City Clerk of the City of Anaheim at his office in the City of Anaheim, County of Orange, State of California.

Reference is hereby made to said resolution above referred to, which was adopted by Board of Trustees of the City of Anaheim on the 14th day of September, 1922, and to the report and plat of said commissioners, all of which are on file in the office of the City Clerk of the City of Anaheim.

Dated, Anaheim, California, this 24th day of February, 1923.

EDWARD R. MERRITT,
City Clerk of the City of Anaheim.
Published Feb. 24, 28, 27, 28, March 1, 2, 3.

IN THE SUPERIOR COURT OF THE COUNTY OF ORANGE, STATE OF CALIFORNIA

In the Matter of the Estate of Christopher C. Jenness also known as C. C. Jenness, deceased.

Notice of Publication of Time of Proving Will, Etc.

Notice is hereby given that Friday the 9th day of March, 1923, at 10 o'clock A. M. of said day, at the Court Room of this Court, Department 1, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for the hearing of the application of Ruth Deakin, praying that a document now on file in this court, purporting to be the last will and testament of said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Ruth Deakin, at which time and place all persons interested therein may appear and contest the same.

Dated February 27th, 1923.

J. M. BACKS,
County Clerk.

Tipton and Cailor,
Attorneys for Petitioner.

CYPRESS NEWS

CYPRESS, March 7.—(Spl.)—The Community Club will hold the next monthly meeting at the home of Mrs. O. P. Bunyard, with Mrs. Wm. Abplanalp assisting in the entertaining.

The pupils of upper grades in Cypress grammar school are planning to attend the Mission play tomorrow afternoon. Only five machines have been offered and more are required, as about 30 pupils will go. Special rates are offered pupils for admission to the play.

Allen Sutherland is lying very ill at the Pacific hospital in Los Angeles following a critical operation. During his absence Mr. and Mrs. Harry Hughes of Los Angeles, have passed a portion of the time at the ranch with their mother, Mrs. Sutherland.

Mrs. C. L. Spraker, formerly of Cypress, narrowly escaped a severe accident in Los Angeles, when, in waiting at the crossing for automobiles to pass, she was struck by one which swerved out of line, and received slight cuts and bruises.

Mr. and Mrs. C. E. Day recently from Illinois, now of Inglewood, have been recent guests of Mr. and Mrs. James McBride.

Mr. and Mrs. C. L. McCracken, who have been visiting here for several weeks with Mr. and Mrs. James McBride, will leave about March 15 for their home in Manchester, Ill., stopping in New Mexico for a month at the home of another daughter.

Mrs. Otis McBride of Standard, near Fresno, arrived today to join her husband who is employed in Long Beach by the S. Calif. Drilling company, and to visit Mr. and Mrs. James McBride. Otis McBride has leased the lesser place and will make their home there upon arrival of their furniture from Standard.

Screen "Stage" Limited

"A stage actor's first difficulty before the camera is that it ranges his voice to an," says Carl Gantvoort, Benjamin B. Hampton "find," formerly an internationally famed light opera star, now appearing in "The Gray Dawn," Benjamin B. Hampton's all-star production adapted from the Stewart Edward White novel, now the feature attraction at the United Theater.

"When singing in light opera, I had no definite space in which to perform, but as a screen actor, I soon discovered that one must act in a camera angle."

Speaking of his experiences Mr. Gantvoort related how at one time he "ran out of the picture, and gave the cameraman an opportunity to only photograph his thumb and teeth —but since then I have learned that the camera's vision is limited.

Although "The Gray Dawn" is only Mr. Gantvoort's fifth picture, he has made remarkable strides in the art of motion picture acting. The success of his screen debut in Benjamin B. Hampton's "The Man of the Forest" is proof that he possesses a magnetic screen personality.

MEDICAL ASS'N. MEETING

The April meeting of the Orange co. Medical Ass'n., will be held at Fullerton.

LEGAL NOTICE

PROPOSALS FOR SCHOOL BONDS

Sealed proposals for the purchase of school bonds in the sum of Eighty Thousand ($80,000.00) Dollars of Buena Park School District of Orange County, California, will be received by the Board of Trustees of said County, up to 11:30 A. M., of Tuesday, March 27th, 1923.

Each of said bonds shall be dated May 1, 1923, and shall bear interest at the rate of Five (5) per cent per annum, payable semi-annually at the office of the Treasurer of Orange County, California.

Said bonds are eighty in number, of One Thousand ($1,000.00) Dollars each, payable as follows, to-wit:

Bonds numbers 1 to 8 inclusive, One Thousand Dollars each to run one year.

Bonds numbers 9 to 16, inclusive, One Thousand Dollars each to run two years.

Bonds numbers 17 to 24 inclusive, One Thousand Dollars each to run three years.

Bonds numbers 25 to 32 inclusive, One Thousand Dollars each to run four years.

Bonds numbers 33 to 40 inclusive, One Thousand Dollars each to run five years.

Bonds numbers 41 to 48 inclusive, One Thousand Dollars each to run six years.

Bonds numbers 49 to 56 inclusive, One Thousand Dollars each to run seven years.

Bonds numbers 57 to 64 inclusive, One Thousand Dollars each to run eight years.

Bonds numbers 65 to 72 inclusive, One Thousand Dollars each to run nine years.

Bonds numbers 73 to 80 inclusive, One Thousand Dollars each to run ten years.

Bonds numbers 81 to 88 inclusive, One Thousand Dollars each to run eleven years.

Bonds numbers 89 to 96 inclusive, One Thousand Dollars each to run twelve years.

Bonds numbers 97 to 104 inclusive, One Thousand Dollars, each to run thirteen years.

Bonds numbers 105 to 112 inclusive, One Thousand Dollars each to run fourteen years.

Bonds numbers 113 to 120 inclusive, One Thousand Dollars each to run fifteen years.

Bonds numbers 121 to 128 inclusive, One Thousand Dollars each to run sixteen years.

Bonds numbers 129 to 136 inclusive, One Thousand Dollars each to run seventeen years.

Bonds numbers 137 to 144 inclusive, One Thousand Dollars each to run eighteen years.

Bonds numbers 145 to 152 inclusive, One Thousand Dollars each to run nineteen years.

Bonds number 153 to 160 inclusive, One Thousand Dollars each to run twenty years.

The bonds will be sold for cash only and at not less than par, and accrued interest. The purposes for which said bonds were sold are for the following purpose of raising money for purchasing school lots, for building one or more school buildings, for improving school buildings, for supplying school buildings with furniture or necessary apparatus and for improving school grounds.

A certified or cashier's check, payable to the order of the Chairman of the Board of Supervisors, in the sum of one per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid said Board reserves the right to reject any and all bids.

The total valuation of taxable property within the Buena Park School District, for the year 1922 is $1,986,062.00 exclusive of operative property, and the outstanding bonded indebtedness is nothing.

By order of the Board of Supervisors of Orange County, California, made March 6th, 1923.

J. M. BACKS,
County Clerk and ex-Officio Clerk of the Board of Supervisors.

REVIVAL MEETINGS LARGELY ATTENDED

A large crowd attended the Nawter meetings at the Christian Tabernacle following the announcement that the revival would be continued because of the great interest manifested. It is predicted this will be one of the greatest weeks.

A musical treat is promised this week. Miss Reaves will sing some of her best solos.

The subject of last night's discourse was "The Gospel." The evangelist said that altho Paul was not an eloquent man he was really an orator, his masterpiece being the lecture on Mar's Hill.

"It was a masterpiece of logic and convincing statesmenta. His word painting on the resurrection was fine and Paul must have known his ability but it never knew that compared to the real intrinsic beauty of the gospel, Paul's oratory is nothing.

The evangelist commented on the beauty of the gospel and on its simplicity.

"The power of the gospel is shown in two ways," says Nawter. "In converting a man that neither the fear of the law nor appeal of friends can reach. The story of Mel Trotter was told to illustrate this point. No bunch of men and either in college or religious circles has been able to destroy the power of the gospel. Bibles have been destroyed and destructive critics have done their best to destroy it but there is always some one to find and set forth the gospel.

Dr. Nawter said that even if every one in the world today would quit the gospel, that tomorrow some one would read the New Testament, believe and go out and take it to others.

"The gospel is God's force to save and God is a God of power. Power is need in Romans 1:16 is an anglicised Greek word meaning dynamite. The conditions of the gospel were then set forth. A man was told to believe, repent, confess Christ's name be baptised into Christ and then live the Christian life."

A delegation from Corona will attend tonight.

WATER COMPANY TO ERECT NEW BUILDINGS

C. H. Dohm has assumed charge of the water system of the Anaheim Bonaiptus Water Company taking up his duties about March first. It is understood that the old buildings will be torn away and new ones built in their place. Other improvements to the equipment is contemplated. The water company is now serving about 750 acres of citrus lands.

SAYS HUBBY AWAY NIGHTS

Donald Loveridge was accustomed to leave for cause all hours nightly for protracted times, Ethel Loveridge declares in a divorce complaint filed late yesterday. He also objected to her having callers at the house. When she went out to a dance with him, he treated her as coldly as at home, she avers. Finally, on Jan. 3 last she was compelled to leave him. She asks for divorce and such other relief as the court may determine. They were married at Pomona, July 28, 1917. They have no children or community property.

SUES HUSBAND FOR $1000

Suit for $1000 plus interest for one year at six per cent is brought by Irene M. Howell against Edwin C. Howell on a complaint to enforce a foreign judgment filed today. The two were divorced in Polk County, Iowa and she was awarded $1000 permanent alimony, enforceable by a lien on real property. She is informed that her erstwhile husband has an interest in the Alice Lyster place in Fullerton and in an auto, and also owns two lots in the Modjeska home tract. She adds cost of the action to her previous claims.

ABDUCTED DOCTOR CHARGES DOPESTERS

OKLAHOMA CITY, March 8.—Dr. B. Cheston Goldberg, who was abducted by four, unmasked men from his garage early this morning and taken away in an automobile, returned today. He told police he was robbed and thrown from the car when it reached the country.

He said he believed "dope fiends" after narcotics in his medicine case were responsible for his kidnapping. Search for the four men continues.

Beautiful Beverly Tract

For years the tendency of Anaheim's growth has been towards west and it's only a question of a few years and West Broadway will be the dominating residential section of this wonderful growing city.

We have therefore carefully planned to get in line in time and acquired 20 acres of business and oranges in the very heart of town, 7 block from Broadway, 2 blocks from high school, Fremont and Kindergarten schools, for subdivision purpose. We were able to obtain this land at what we consider a bargain price and today we are in a position to let you have the benefit of our investment in selling the lots at prices unheard of in Anaheim for years past.

The improvements of the lots in Beverly Tract consist of electricity, gas, water, sewers, cement walks, curbs and good oiled streets, all these improvements will be completed within a short time from now.

The prices of this full sized 50 feet front lots run from $1,200 up to $1,400. While the corners are considerably larger and you can have the terms to suit you.

The restrictions will protect you as well as your neighbor, Beverly Tract as well as all surrounding tracts is well restricted. There is the finest kind of soil 10 feet deep.

The ideal location for Beverly Tract, it's unique beauty, low price and terms within the reach of everyone tend to make this tract Anaheim's most popular residential section.

If interested act quick, for at this price these homesites will be sold soon.

Shifting from Low to Reverse

At 20 Miles Per Hour

PLAN ATTRACTIVE BUNGALOW-ST UPON ODD-SHAPED LOTS

Contractors Wilson & Bever are plannnig a novel bungalow-ct on an L-shaped tract fronting on Citron and Chestnut-sts. A 42-foot lot facing on Citron-st runs back 157 feet and joins with the rear of a 50-foot lot facing on Chestnut-st. An attractive cement driveway will follow around the "L" on which will face eight modern and separate stucco bungalows of four rooms each. Lighting the driveway will be an ornamental light on each front porch.

The idea might well be copied by owners of other deep and odd-shaped lots of which there are a number by reason of the generous proportions of the original city tracts.

Each bungalow will have small lawn and walk at side and rear with individual clothes lines. The houses, which will be 22x24, will have living room, bedroom, kitchen with breakfast nook, bathroom and enclosed laundry porch with stationery tub and room for washer. The latest built-in features will include wall bed, and there will be tiled floor in bathroom and tiled drain board in kitchen. A feature will be an ice-box into which the ice may be placed from an opening in the side of the house. Another feature will be an opening from the bathroom for soiled linen.

Because of the reasonable price at which the odd-shaped real estate was obtained, the total investment will not be more than $28,000 which will permit very reasonable rentals.

"I am more than ever convinced that the crying need of Anaheim is reasonable rentals," said L. R. Wilson today. "My father started construction of a small house on the rear of a lot a week ago. Since, then he has had at least 20 opportunities to rent it."

PLACENTIA

PLACENTIA, March 8.—(Spl.)—Mrs. Lisle R. Morehouse and Mrs. Lewis Edwardson were hostesses to the Jolly Nine on Friday evening at the home of Mrs. Edwardson. The evening started off propitiously with a chicken dinner which everyone fully appreciated. Five hundred was the diversion of the evening, the spacious rooms being delightfully cosy with the card tables and the gay assemblage present. Pink and green, carried out in sweetpeas, roses and hyacinths added to the general effect and gaiety.

The Ladies Social Circle held its regular meeting on Friday afternoon in the church parlors at which they completed considerable work.

The No Name Club was entertained at the C. P. Smith home Thursday evening. Five hundred passed the time until dainty refreshments were served. Members present, beside the host and hostess were Messrs and Mesdames Delmar Salesbee, Keith Kennedy, R. A. Eisenhower, Shaw of Anaheim, Mrs. Annie Faust and Mrs. Stanger of Bres.

The friends of Mrs. C. W. Blattner will be very sorry to hear that she received news of her mother's death on Friday.

Mrs. L. G. Elvy of N. Main-st., entertained the bridge club on Thursday afternoon. Luncheon was served at one o'clock, followed by bridge and afternoon tea at five o'clock. The luncheon was served in the dining room and celebrated Washington's birthday anniversary in the decorations. Axes for plaster cards cherry trees in bloom, and flags and favors to correspond, made the daintily appointed table very pretty.

Those enjoying Mrs. Elvy's hospitality were Mesdames M. W. Martenet, L. Z. Krocger, F. Tauch, W. J. M. Heinze, A. S. Erickson, J. Kirsch, Jr., and Elmer E. Brus all of Anaheim.

A few friends attended the funeral services of Chas. E. Fuller's mother at Rosedale Cemetery in Los Angeles on last Tuesday afternoon.

Mrs. Grover Murdick had the misfortune to break a toe one evening last week, it is going around with a decided limp. Though not dangerous, such a fracture is decidedly painful.

Mr. and Mrs. J. E. Scott, Mr. and Mrs. C. P. Smith, Miss Alice Keay and Miss Bernice Bacon attended a banquet in Los Angeles Wednesday of the Orange County Associated Banks and were shown through the Federal Reserve Bank after listening to many very instructive addresses about the bank system.

Harry Fellinge and Jake and Lewis Edwardson spent Monday at Balboa.

Mr. and Mrs. Ole Christensen of N. Melrose-ave., are the proud parents of a son.

Dave Loucks and family are moving to their ranch at Buena Park as soon as their home here can be sold.

Mr. and Mrs. Joachim Quesyel and baby daughter are guests of Mr. and Mrs. Lewis Edwardson on Saturday evening.

EBELL SELLING DRY HAND MOPS

Now that housecleaning time is here the Ebell club of Anaheim is again reminding the housewives that a dandy mop may be secured through the club which does the work and does not soil the hands. The Dry Hand Mop, which the ladies handled last spring and which was successfully demonstrated in a number of business house lobbies by the ladies themselves, is the best on the market, as the club members will prove thru demonstration and by word from purchasers.

The price has been reduced this year, the club to receive 50 cents on each sale. The proceeds, of course, belong to the clubhouse fund, which is slowly but surely growing. The club has exclusive sale of the mops, which are thoroughly sanitary, and one of the valuable and useful article may be secured by telephoning any member.

It Pays to Advertise in the Orange County Plain Dealer.

Persimmon Growers Plan Organization

At a preliminary meeting of representative growers from Orange, Los Angeles and Santa Barbara-cos, held at Whittier, unanimous action was arrived at to organize the persimmon growers of So. Calif. into a department of the Farm Bureau. The functions of this department will be intercounty. A temporary organization was perfected at this meeting, with the following officers H. E. Wahlberg, Santa Ana, chairman and W. S. Rosecrans of Los Angeles, secretary. Committees were appointed to submit to the next meeting a desirable constitution and by-laws for the proposed organization, and also a program of work for the coming year.

Mr. Geo. W. Sherwood of Fullerton, a representative from Orange-co, declared that one of the principal projects of this organization should be that of organizing the marketing facilities for this crop.

Other delegates from Orange and Los Angeles-co pointed out that owing to the lack of information on cultural practice the Persimmon Growers Department should adopt an educational program to begin with, in order that present and prospective growers might have a better fund of scientific information available.

The next meeting of persimmon growers will be held at Whittier Saturday, April 7th at 10 a. a. All growers interested in this organization are invited to be present. Further details may be obtained from the Farm Bureau office at Santa Ana. Invitations will be sent out to the list of growers that is available.

FOSTERS ABANDONE LONG BEACH WELL

(With Oil Operators)

The Fred B. Foster Co., had the courage of their convictions to abandon at Long Beach when the outlook did not look encouraging. The Fosters abandoned the Barry well now known as No. 38. The well at 5010 feet did not show any oil and the Foster organization did not feel like going ahead and spending any more money on a well that did not look like it would make a producer. The Fosters have been censured some for the move, but some day the kickers may change to boosters.

The Barham Oil Co., has produced its second well at Long Beach. The company brought in a 2200 barrel well at 3865 feet. The Barham Oil Co., is one of those little concerns that got a foothold in the field famed for the small operators and was only a few months getting production and getting the company on the dividend basis.

The Cooper Petroleum Company seem to be having considerable difficulty in getting their No. 1 into production. The well was drilled first to 4003 feet, and on account of water trouble was plugged back to 3900 A production test at 3900 feet resulted in a mud and water flow, with some oil. The Briggs well the Cooper Petroleum Company's second well is showing nicely and will probably make the company its first real production. Briggs No. 1 under 3000 feet is showing considerable oil and gas.

Without a doubt the General Petroleum's next big producer at Long Beach will be the Bixby well. Bixby was drilled to 4421 and plugged back to 4324 to take care of some bottom water. The well has made a flow and has the earmarks of a good producer.

The Hub Oil Company is making a splendid showing at Long Beach. The company in addition to having two nice producers has five well drillings and has just added another property called the Beck to its holdings. The Hub Oil company went into the northwest section of the field when that part of the district was looked upon as semi wildcat, developed a lot of good property and made a good record.

Local press reports claim showings of oil for the Lynes Syndicate formerly called the Northwest Extension. Up to and including 4100 feet the Lynes has had no special or important showings and it is the consensus of opinion now that if production is obtained on the extreme south west section of the field it will be at great depth. The Lynes Syndicate is being drilled by the Braddock Drilling Co. Braddock made his reputation in Richfield and if the oil is there he will get it.

E. J. Miley's test well west of American avenue on the Mills' organization property is now nearing the 3000 mark and there have been sufficient evidences of oil to justify the prediction of production. E. J. Miley has a record behind him that is enviable, and the Mills Organization are very fortunate in securing his interest and co-operation in the development for the Flood Controls property.

The Shell Company's Alamitos 4A the second well to get into the deep sand on the discovery property at Long Beach is now the field's greatest producer. The well was completed at a depth of 4427 and is making 4300 barrels, gauge, a barrel for every foot drilled. The big well is producing 28 gravity oil.

The Standard Oil company has abandoned the idea of trying to make a producer out of its Bolsa No. 9. The well is to be abandoned at 4036 feet and converted into a water well. Drilling on Lomita 2 continues at 4800 feet, the showings to date have not been encouraging.

The White-Behr Petroleum Syndicate has entered the Long Beach field. The company came into the oil lime light about six months ago when it brought in the first big deep producer of the central section of the field at Huntington. The White-Behr took over the Neete well one of the Moore-Tobias holdings and will resume the drilling.

PENNSYLVANIA PICNIC

The mammoth annual picnic reunion for all So. Calif. Pennsylvanians will be held in Sycamore Grove Park, Los Angeles, Saturday. All the usual picnic features are planned and all picnickers will bring basket dinners.

County registers, hot coffee and program will be provided. Tourists from the home state will be made welcome.

HARRY, TOM and JERRY

THOSE THREE HARMONY FIENDS

TONIGHT VAUDEVILLE-MILO'S MINSTRELS AND OTHER BIG FEATURES

Theatre Flowers Furnished by Ye Colonial Shoppe 214 East Center Street

AN IDEAL PRINCESS IS GLORIA SWANSON

A motion picture actress must often reverse, in practice, the theory of reincarnation, says Gloria Swanson, famous Paramount star.

And to prove that it can be done, she dons a bejewelled costume and headdress, steps into a setting representative of the architecture of the ancient race of the Incas in South America and becomes to all appearances an Inca princess of hundreds of years ago.

The sequence is a cut-back vision in her latest Paramount picture, "My American Wife," which will be shown at the California theater starting tomorrow and in which she plays the role of an American girl in a romance with a young Argentine sportsman and aristocrat. In a love scene between the girl and the man, played by Antonio Moreno, the hero points out an old portrait hanging on the walls of his estancia or country mansion and tells her the story of the subject of the portrait, one of his forebears; how he came over with the early Spanish conquistadores and after his conquests won for himself a beautiful Inca princess as a bride. In the scenes depicting this story, Miss Swanson plays the role of an Inca princess, while Moreno portrays the Spanish warrior.

Buena Park News

BUENA PARK, March 8.—(Spl.)—Albert Riley had tonsils and adenoids removed at Buena Park Sanitarium on Sunday.

David Brosnan has bought a new Ford.

There will be an election at the school hall on March 30th for a trustee for a three year term.

Mr. and Mrs. H. E. Warren motored to Pomona College on Monday to see their son Thomas Warren.

The Lonesdale Brothers who recently purchased the Meyer chicken ranch have bought a new Chevrolet.

Mr. and Mrs. D. B. Brown and son Charles motored to Sawtelle on Sunday to visit with Mrs. A. P. Van Wagoner.

Mr. and Mrs. Jack Golden went to the opening of the new tract called Aldridge near Huntington Beach on Sunday. Jack bought three lots on the opening day.

The Woman's Club will go to the home of Mrs. Charles Preston at Tustin on Friday to celebrate the 34th birthday of the club. There will be a pot luck dinner at noon. Cars will be at the Community Hall ready to leave at ten o'clock. Any one desiring to go please be on time and there will be room for all.

Miss Gilada Roman of Los Angeles will give a program at the school hall on Friday evening under the auspices of the P.-T. A. There will be a candy booth where the ladies will sell home made candy.

Among the patrons at the California theater on Tuesday evening were Mr. and Mrs. Earl Dow, Mr. and Mrs. L. Calaway and son Leanie and Miss Hilda Calaway.

Collector Urges Speed In Paying Income Tax

The final date for filing of individual tax returns, March 15, is approaching rapidly, Collector Rex B. Goodcell is urging taxpayers to file their returns at the earliest possible date, in order that the department may be able to give the best service.

It has been necessary to turn back to the taxpayers a large number of returns which have been filed without signature, or because they have not been sworn to before a deputy collector or notary public and the questions answered at the bottom of page 2 of the return. Taxpayers are warned that returns filed with such omissions and necessitating the correction of these items may render the return incomplete and the taxpayer liable for the penalty for delinquency.

To avoid penalties, returns must be in the office of the collector not later than midnight of March 15, and it is hoped that this district will make a record in the small number of delinquent taxpayers, and will go over the top in the amount of taxes
