HEAVY WINDSTORM HITS FLORIDA TOWN

(By International News Service)
WEST PALM BEACH, April 2.—Heavy reports indicate Vero, Fla., seventy miles north of here, was visited today by a terrific windstorm that uprooted trees, blew down houses, levelled telephone and telegraph wires and otherwise wrought havoc.

The wind was accompanied by a cloudburst.
Attempts to establish communication with Vero proved futile. It is not known if any lives were lost.
The storm broke at 10 a. m. from the northeast and covered 25 miles. At Fort Pierce, several houses were blown down. The light plant was put out of commission by overturning of high tanks and damages have caused a suspension in the water works plant.

Lovett Attacks

Holden Merger Plan

(By International News Service)
SAN FRANCISCO, April 2.—The plan of Hale Holden, president of the Chicago, Burlington and Quincy Railroad, to consolidate all railroads west of Chicago and the Mississippi river into four systems, recently proposed before the Interstate Commerce Commission, was attacked by Judge Robert S. Lovett, chairman of the Union Pacific system, at a hearing here before Commissioners Hall and Campbell today on the consolidation plan.

Such a consolidation, Judge Lovett declared, would create heavy unnatural alliances and would greatly strengthen the so-called "Big group" of railroads, at the same time, greatly weakening the so-called "Harrison group."

He declared the commissioner's plan of placing the Chicago and Northwestern with the Union Pacific will be the only logical grouping.
With reference to Holden's substitution of the Chicago, Milwaukee and St. Paul for the Chicago and Northwestern for consolidation with the Union Pacific, Judge Lovett declared the substitution would not only destroy existing routes and channels of trade but would run counter to another requirement of the law that competition be preserved as fully as possible.

Judge Lovett in opposing the suggestion that all lines in western territory be consolidated into four systems, said:
"Four systems comprising of thirty thousand miles each, and each extending from Puget Sound to the Pacific Ocean to the Great Lakes, to the mouth of the Mississippi river and the Gulf of Mexico and traversing most of the intermediate states present a situation which probably would be a source of much undesirable friction and in many ways a constant menace, especially in case of failure."

WET PAVING CAUSE OF MANY ACCIDENTS

Minor accidents were reported to police over the wet and. Several were due to the wet pavement.
C. E. Robinson who lives about six miles west of Anaheim and was going home from the local Free Methodist church about 12:30 p. m. was struck by a car driven by a Mexican of Los Angeles who was going north on Lemon street at a rapid rate. He said. Robinson said he had been drinking cider and it could be ascertained on his breath but that he was not drunk enough to "run in."

A severe accident occurred at Lincoln avenue and Garden Grove road in which Mrs. G. H. Rowley of Rowland received a sprained back. She was brought to the local sanitarium. G. H. Rowley was coming from the east. D. N. Crane of Santa Monica from the west and Elmer Turner of Garden Grove from the south. Turner's car is said to have struck both other cars, the other two did not strike each other. All three cars were damaged. It is that Mrs. Rowley was not badly hurt. She left the hospital yesterday.
M. J. Stangenberg of La Habra reported his Ford was backed into at a public crossing by a car owned by S. Morris of San Diego. He says Morris was backing up at the rate of 15 miles an hour. Morris flatly contradicts this, however, saying that his car was standing still and he was reading a sign, and Stangenberg's car ran into him from the rear.
O. E. Hedman of Anaheim reported that another car ran into a car that had stopped with all wheels on the pavement on Orangeflower avenue, and that his car ran into the other car.

A. J. Hollingsworth of El Modena and W. W. Scholling of Huntington Beach ran together on Orangeflower avenue.
The mud guard on the Hollingsworth car was damaged and a spoke was broken out of the wheel.
I. R. Kintley of San Pedro reported he was going west on Lincoln avenue and another car coming north on Stanton road, hit the left rear wheel of his machine. Both cars were damaged.

An accident occurred yesterday afternoon at Lemon and Center-ada when a car owned by B. B. Holmes of near Orange collided with a car owned by Carlos Garcia of Wilmington. Both cars were damaged.
E. P. Smith of Anaheim backed out from the curb into a Dodge belonging to J. M. Chavez of Placentia, according to a report to police. Both cars were slightly damaged.

2000 WASHINGTON MINERS ON STRIKE

(By International News Service)
SEATTLE, April 2.—Union miners of Washington states are on strike today, 2000 strong, as the result of failure to secure a renewal of their contract with the operators.
Today the strikers are celebrating the 25th anniversary of their victory in the fight for the eight hour day. Stores are closed in the union mining towns while speech making, parades and merry-making prevail.

H. C. L. NOW 60 PCT. HIGHER THAN 1916

(By International News Service)
LOS ANGELES, April 2.—The cost of living is about sixty percent higher than in 1916, according to a report to the county civil service commission today by F. E. Doty, its secretary, after an exhaustive survey of county service compared with private concerns.
"Our present salary rates probably average about 60 percent higher than in 1916," Doty's report stated.

3 SMALL JURYMEN UP FOR CONSPIRACY

(By International News Service)
WAUKEGAN, Ill., April 2.—Three men were indicted here today on a charge of conspiracy to bribe the jury which acquitted Governor Small of misappropriation of state funds.
They are John Birnie Fields of Antioch, one of the jurors; Edward Courtney, an alleged gunman, and Edward Kaufman, an alleged bank runner.

The indictments contained 14 counts. Bonds were fixed at \$5,000 in each case and warrants issued for the arrest of the men. Grand jury proceedings were continued until April 31.
Indications that the activities of others of the Small jury are to be investigated were contained in one count.

PARAGRAPHS

A good man is who still seems

NEW YORK LETTER

NEW YORK, March 2.—The theory
that the albatross means bad luck
to the sailor is not true, on the au-
thority of a far in these parts. Mr.
Cheridge is responsible for the
statement on the bird in his famous
poem. A crewman at one of the Slip
hang-outs, was seen laughing an
annual tobacco pouch, which he ex-
plained was made from the web foot
of the ill-famed creature. "The
sailor is blown," That's all, yet, that
the albatross brings a hoodoo.
Go ask any offshore seaman. Po-
tential for albatrosses in a regular
part of a voyage around the Horn.
They're big birds—twelve feet or
more from wing tip to wing tip—and
they can bite like a horse. You
throw out a stout line with a bit of
pork bait. They fall for it easy.
The first thing to do when you pull
them in is to muzzle 'em, if you care
for your hide." Then he produced
further evidence. "His character,"
he said, "is a pipe stem made out of
the bottom of the wing. As if a sailor
didn't blow enough without going
into bird stories.

We have another French farce in
town, under the auspices of Brock
Pemberton. It is "The Love Habit,"
Louis Verneuil, and is all that you
expect, and more, in a French farce.
These compositions always concern
themselves with intrigues, and infatig-
ably, and mistaken identity, and all
the ingredients of the standard com-
pound, but this one has an unusual
flair both in construction and presen-
tation. Mr. Pemberton has brot
over two of his star actors from the
production of "His Character is
Search of an Author." Florence El-
fridge and Dwight Frye. They are
musical comic artists, and should go
far in the theatre. There are
James Rennie, one of our Broadway
favorites, and a veritable matinee
idol, and Ernest Cowart, of an older
school of acting, but capital. Miss
Pavia Marlow, who has long been
identified with foreign vamp roles,
completes a perfect cycle. Vive la
France.

Since society people, members of
first families and the best clubs, are
being set up for best legging, a
new variety pace has been set for
the members of that fraternity. The
hoop salesman has evolved in three
years from the gumman type to a
dresser. Formerly, to say that a man
was a hoopster was to conjure up a
flashy youth in a cheap checkered
suit and cap, both cut along ap-
proved lines. Now, however, the
hoopster is a young man of the
highest social standing, and he has
acquired the culture of his
clientele and for good business
reasons. The Park-ave dweller is not
inclined to receive into his home an
individual arrayed in all the colors of
the rainbow and of slouchy appear-
ance. He is likely to encounter a
flapper daughter, or flapper grand-
mother, and must be a suitable per-
son to receive an introduction. Hence,
it is that the boys are taking on all
the swank they can afford, and if
the price they charge for the con-
traband stuff is an indication, they
should take on plenty.

"Keeping up appearances" has
put more good people on the bum, in
New York, than any other device.

HOME BUILDING DOUBLES IN MARCH

Residential building in California
more than doubled in March, ac-
cording to the monthly report of E. S.
Reichman, building inspector, correct-
ed up to noon today. Ninety per-
mits were issued during the month,
the approximate improvement covered
amounting to \$290,025, all of
which was for residences except a few
repairs and garages. There were
no business blocks. The improve-
ments for March last year amounted
to \$200,225, but there was one per-
mit for the \$171,000 hotel. This
left the value of residential property
improvements less than \$30,000.

Springs Add 39,000 Total Production

Adding 39,000 barrels per day to
its output since Sunday,
Santa Fe Springs with its five
new wells, claims a new re-
cord in production. The daily
production is now near the
290,000-barrel mark.

The five new wells are averaging
nearly 8000 barrels a day.
Santa Fe Springs daily pro-
duction set a new record this

past week, when it climbed to
145,000 barrels. It is believ-
ed the peak of production for
the famous high gravity field
will not be reached until the
end of the year. The com-
mon practice of bringing in
4000, 6000 and 8000 barrels
and the big wells striding
close to their initial production
makes the Santa Fe field one of
the most profitable and wonder-
ful oil fields in the world."

ANAHEIM GIRLS' BETROTHAL TOLD AT CARD PARTY

A PARTY elaborate in detail, was given Saturday afternoon when Miss Anna Owens revealed her betrothal to Mr. Kenneth Naylor, which will be an affair of early summer.

The guests were bidden to a five hundred party and the afternoon was happily passed over the card tables. Miss Owens was awarded to Miss Elise Jesurun, first Mrs. C. E. Harbison, second, and Mrs. Bert P. Morley, consolation.

After the games the tables were set for a dainty two-course luncheon. Each table was attractively arranged with pastel shades which featured the entire color scheme and reflected the ability of Miss Owens as a designer.

At the conclusion of the first course when covers were removed, the guests found a tiny package under the plate, with neatly tied bow, which told the happy secret in the words, "Betrothal, Emma and Kenneth". Good wishes and congratulations were rained upon the hostess.

During the social hour Miss Owens showed the contents of her "hope chest," the pride of every bride-to-be. Mr. Robert Hattin assisted her sister with the entertaining.

Miss Owens is one of Anaheim's popular young ladies and her marriage will be looked forward to with considerable interest. She is a graduate of Anaheim High school class of 1921 and is an art pupil in a Los Angeles college.

Motor to Desert City

Mr. and Mrs. F. A. Fehman, Dorothy and Donald, returned last evening from Thermal, where they were the Easter guests of Mr. and Mrs. Beaslin on the 200 acre date and grape grove. They made the trip Saturday arriving early that evening, where they found Mr. and Mrs. Tom Lattin of Seaworth, Ill., former friends and townspeople of Mrs. Fehman, and whom she had not seen for twenty-five years and who have been wintering with their son.

The entire party drove to Coral Point, which overlooks the Salton Sea from the Easter prayer service, and heartily enjoyed the magnificent scenery. A delightful number on the program was the solos by Mrs. M. E. McVittz, of Pasadena, a soloist of note.

On the return to Anaheim the Fehmans were caught in a terrific down-pour near Banning, and in several showers nearer home, but arrived safely about 9 o'clock.

Spanish Menu at Dinner

With a menu of favorite Spanish dishes, Mr. and Mrs. J. W. Ritchie and Mr. and Mrs. J. W. Organ, of Beaver Crossing, Neb., were entertained at dinner Saturday evening at the home of Dr. and Mrs. C. O. Petty, in Pasadena. Spanish decorations adorned the room, with a combination of Easter novelties and dainties, gave a touch to the occasion in keeping with the season as well as the Christian holiday.

Backs Family Reunion

The F. A. Backs, Sr., home on N. Claudine-st was the scene of a jolly Easter party and family reunion yesterday. A magnificent dinner was served at noon and the after dinner hours were passed in hunting Easter eggs and other ways suitable to the day.

Others were placed for Mrs. Backs and daughter, Francis, Mr. and Mrs. W. Jackson and family, Mr. and Mrs. D. Walbridge, Mr. and Mrs. Fred Backs and daughter and Mr. and Mrs. Herman Backs and family.

Easter in Griffith Party

A motor party formed of Mr. and Mrs. A. C. Eaton, Santa Ana; Mrs. A. A. Smith, Orange; Mrs. Mary Dodson, Mrs. Albert, Andrews, and S. V. Whitaker, Anaheim, drove to Griffith park, Los Angeles, to pass Easter. A sumptuous luncheon, a visit to the zoo and drive over the Summit road were enjoyable features of the day. They were joined by Mr. and Mrs. R. J. Rogers and two little sons, Miss Virginia Neely and Lloyd Russell, all of Torrance, for luncheon and a short drive afterward.

Mr. and Mrs. C. N. Bahrenburg went to Bakersfield to pass the Easter holidays.

BARN DANCE AT BENSON RANCH IS JOLLY OCCASION

COUPLES attended the barn dance and entertainment provided by Mr. and Mrs. Lloyd Benson at their home on Katella road, Saturday evening. The spacious warehouse was used for dancing the main entertainment, with music furnished by a dance orchestra of Los Angeles. The latest steps the Paul Jones and old-fashioned square dances contained interest for the jolly crowd.

Tables were provided for those who cared to play five hundred and prizes were awarded Mrs. O. W. Perdue, Mrs. Mrs. Nibland for the ladies and Mr. Carner and Mr. Kaufman, the men's.

For the children, an egg race was staged. The ladies were given a chance to eat a cracker off the string, then while a quart from Los Angeles won the prize. In a gentleman's contest, Mr. Engel won a prize, the game was named "Are You There Casey?"

Tom Haster and Mrs. Cora staged several scenes from Shakespeare. The guests were all given varicolored hats and noise making contraptions which they used with a great deal of success.

Punch was served during the early hours and at midnight, tangle pie, coffee, and cakes and cake were served.

Party for S. S. Class

Easter was happily observed at Glendale ranch Saturday afternoon when Miss Alice Pannier entertained her Sunday school class of little girls of Salem Evangelical church with an afternoon party.

Egg rolling contests and Easter games made a list of lively entertainments, and the prize in one of the games was awarded to Esther Rehorn. Each child received a noody number of prettily colored eggs.

The merry makers were called into the dining room late in the afternoon where a beautifully trimmed table awaited them. With yellow and lavender streamers from the electric light, a pretty bow was formed. Favors of tiny baskets of eggs, with place cards in Easter colors, and a big centerpiece of flowers and eggs, were pleasing to the children who included the small Misses Grace Maerhan, Margaret Schneider, Thelma and Phyllis Zimmerman, Fern Heit, Frieda Frank, Esther Zabel, Evelyn Link, Esther Rehorn, Alice Jensen, and Anna Jensen.

Jimmie Thomas of Los Angeles was the guest Saturday evening of Mr. and Mrs. H. C. Rieck.

Easter Party for Pupils

A happy crowd of children were guests Sunday afternoon of the Lella Steadman, East Broadway, with piano teacher, at an Easter party. Each person was asked to bring a piano number on an informal program and afterward played many games.

Refreshments of ice cream and cake with lots of Easter eggs was served later in the afternoon.

Little Boy's Easter Party

Mrs. Clark Chamberlain and two little children, who have been the guests of Mrs. Chamberlain's parents, Mr. and Mrs. J. H. Enburt during the past week, were joined yesterday by Mr. Chamberlain for a week-end visit and all returned to their home in Los Angeles last evening.

As Thursday was the second birthday anniversary of Master Enburt, the two year old son of the Chamberlains, his grandmother Enburt arranged a nice little Easter party in his honor. The invitation list included Mrs. Leo B. McGovern and daughter, Ruth; Mrs. William Webb and daughter, Nancy; Mrs. Ben Yerba and son, Bernard; Mrs. Arnold Enburt and son, Donald.

The small sister of the honoree, Barbara, the little folks had a happy time while their elders visited and exchanged ideas on "baby culture."

Refreshments of Easter sweets, with Easter colored used in decorations in the Enburt home, gave a seasonable touch to the party.

Surprise Birthday Party

Mr. and Mrs. Ed Martin surprised Saturday evening when a large party of friends called on her to help celebrate her birthday anniversary. The crowd gathered at the C. W. Martin home and went over there in a body. They took their own flowers and decorations, including bouquets of poinsettias and ananias. After the customary subdued, Mrs. Martin was presented with several pretty gifts in remembrance of the day.

Five hundred was the diversion of the evening hours and prizes were awarded Mrs. Witherill and Mr. Hatfield, first; Mrs. Nebelung and Mr. Martin, consolation.

Thoughts then turned to dancing and this was enjoyed until late after which delicious birthday refreshments were served. Mrs. Martin's birthday did not occur until Sunday but the affair was celebrated Saturday evening.

Included in the party were Mr. and Mrs. Len Witherill, Mr. and Mrs. Fred Mickle, Mr. and Mrs. E. A. Hatfield, Mr. and Mrs. C. W. Martin, Mrs. Max Nebelung, Mrs. Herman Backs, Mrs. Walter Mickle, Mrs. Bert Perdue, Mr. Heffner, Misses Lucille Hatfield, Stella Friend, Amanda Dumple, Anita Martin and honoree, Mrs. Martin and Mr. Martin.

EASTER CANTATA BRINGS PRAISE FROM HEARERS

THE large throng of Easter Sunday worshippers at the Presbyterian church enjoyed some of the best choral and solo work that has ever been heard in Anaheim when the choir rendered at the morning service J. S. Pearl's cantata, "Easter Angels". The theme of this sacred composition is found in the presence of the angels of heaven in the various phases of the Christ's crucifixion and resurrection. In contrast to many cantatas this work gave opportunity for a range of both tone and combination, there being 1700, duets, and solos, equally harmonious with the choral work.

Opening with a baritone solo "Angel Guards" by Mr. Wm. Askin and a soprano solo "Angels at Gethsemane" by Mrs. Walter Ross, the theme was traced through the sufferings of Christ to the resurrection, when Mr. Maurice C. Waugh sang a tenor solo "The Angels of Life Resurrection". The power of the quartet was revealed in the chorus "The Victory is Won" followed by the sweet contralto and solo by Misses W.Walker. "There is Joy in the Mansions of Light". The final chorus "The Angel's Adoration" brought to conclusion the glory of the theme of the cantata.

At the evening service Sandermon's cantata, "Victory", was sung with all the beauty and harmony of tone and quality that characterized the morning service. A short piano prelude opened the composition and the chorists sang "Gethsemane" and "The Way of the Cross" so easily and so well, and "Weep not for Me". Then responsively and in unison Miss Elizabeth Waugh and Mr. Walter Ross sang "When I Survey the Wondrous Cross" depicting the death of the Christ. This ended the narrative portion of the cantata and from this point on in powerful praise was rendered "Lift up your Heads, O Ye Gates" and "The Gates are Standing in Glory to the King". Showing the marvelous range of her sweet voice Mrs. Waugh sang a soprano solo "Crown Him" and the chorus joined in on the final praise "Rise Crowned with Light". In technique and in impression the Easter music was of a very high grade and speaks well for the musical judgment of Mr. J. S. Pearl, who accompanied it both services.

Mrs. Walter Ross deserves special praise due to the fact that she substituted for Miss Grimshaw at late notice, whose sudden illness made it impossible for her to appear. Mr. H. L. Potter and Mr. M. C. Waugh sang a baritone and tenor duet as offertory.

Miss Euphonia Deane of Van Nuys is spending the week-end with Miss Ruth Pannier at Glen Rose, southeast of Anaheim.

STREET IN STUDIO FOR 'SINGED WINGS'

A short picture, exhibition street, along the sides of which are the most beautiful buildings, here a fountain and there a statue, exhibiting the most beautiful scenery along the San Francisco coastline on a beautiful and picturesque setting for "Singed Wings." Famous Standard production for Paramount, featuring Bebe Daniels and Conrad Nagel, at the Fairland theatre starting tomorrow.

An entire district of the North California city was copied stone for stone and brick for brick at the West Coast Paramount studios for scenes in "Singed Wings." Although the company traveling to San Francisco to take certain scenes in which San Francisco Bay served for a background, it was necessary to build a replica of the San Francisco waterfront inside the studio.

A sound of sixty decorative, transparent, plastered, painted, and other technical employees of the Paramount studios erected the set. Crooked, dirty streets, made more real by tin cans, papers and rubbish, crowded the ghettos of the work. More, springing from the eaves in the buildings and spreading along the sidewalks, added the touch of age. Paint was stripped from a weatherbeaten shack which leaned precariously over the water.

CALIFORNIA WOMAN DIES IN LONDON

(By International News Service) LONDON, April 2.—Mrs. Mary Melton Bowie, formerly of California and understood to be the wife of an American millionaire, died a lonely traveler in a hotel today.

Papers found in her room indicated she had traveled widely since she left San Francisco two years ago. Since arriving here she kept entirely to herself.

The body was found by her maid, fully garbed in evening dress decorated with resplendent jewels. Mrs. Bowie died sitting in a chair.

SAN FRANCISCO, April 2.—Mrs. Mary Melton Bowie, was well known in San Francisco before the fire as Jessie Hayman.

During her thirty years residence here, she amassed a fortune estimated from a quarter of a million to a million, all invested in real estate except \$100,000 in diamonds.

She had been on a world tour.

BREA PLANS NEW SCHOOL ADDITION

Brea would spend \$50,000 for an addition consisting of six classrooms and an assembly room to its grammar school. The money would be appropriated probably by a bond election.

R. E. Mitchell, county superintendent, will consult with the board next Thursday evening.

NEW PLAN AGAINST MOTOR VIOLATORS OFFICIALLY ON JOB

G. B. Brown, justice of peace and city recorder, has a plan to make the law against auto violators much more effective. He would have a new form of operator's license with the principal offender marked in it, and each time the law was violated the offense would be marked on the license. In this way, the judge would always have the record of the defendant before him.

A record of these offenses would be kept in the motor vehicle department of the sheriff's office, and any new license issued would be marked or punched at the former one.

He would have a small time imposed for the first offense, the license revoked for 30 days for the second offense, and the license revoked permanently for the third offense.

The idea is not original with Judge Brown, but was communicated to him by John L. Breen, an oil producer and deep thinker, who has holdings at Yorba Linda, and Judge Brown is planning to take it up with the legal department of the Auto Club of Co. Cal., in an effort to bring it before the state senate.

HAWKEYE WANTS TO BUY CHICKEN RANCH

A series of questions regarding chicken raising has been received from Dr. Scott Covall, of Council Bluffs, vice president of the Southwestern Poultry Association. He writes to Mrs. Dora Pell, of Cypress, whose name he secured through a poultry association, stating a desire to leave his Iowa home for California and inquire as to the price of five to seven acres of land for raising green fowls, the cost of eggs, average price of eggs throughout the year, day old chicks and pullets, average wholesale and retail price of eggs, building cost of pens, etc.

Anyone in the community desiring to give the information quite as full as he can, will confer a favor upon the town and pull an important string for Orange-co.
