

TOWN IN REVIEW

BY OLD TIMER

"Did you see the representative of that mattress factory?" inquired William B. Moody, chief of police, this morning.

"What mattress factory?" was the counter-inquiry.

"Oh, that Los Angeles mattress factory that sent a man down here to see Marcus. He had his mustache shaved yesterday," and Chief Moody tried to look serious, but his Irish just would out.

The subject was Marcus Andrade, popular patrolman, whose mustache has been one of his chief points of pride.

Nor was Moody slow in finding a plausible reason for Marcus' action. Marcus recently went on a vacation trip to San Diego, and Moody admitted it.

"The police down there have too good a description of him; he's trying to disguise himself. And do you know," continued Moody, "when you get the light to strike him just right now, he look almost human."

I DON'T know how to get in communication with Mrs. Wm. Knott but someone ought to tell her that while she's down at the beach bill's leaving that how Jordan stand out in the sun in front of the ship all day every day.

I don't know why Bill has to have it so handy while Friend Witz is away.

DR. J. W. THURKAW can help but think that Henry Ford is going to cut considerable figure in the next presidential campaign.

"When you stop to consider that more than half of all motorists drive Fords, you soon come to the conclusion that Henry would get a lot of votes," says the doctor. "Of course, every Ford owner will believe that Henry would soon have the government on a paying basis. It really would be nice for everyone to receive a nice dividend check along about Christmas."

But, doctor, would that be good business for Henry? Who would drive a Ford if he got sufficient dividends at Christmas to buy anything else?

INTRODUCING another Anaheim oil magnate, Mr. Johnny Fisher. When the Russell No. 3 at Santa Fe Springs came in Thursday giving 6000 barrels of 36 gravity, worth \$1.64 per barrel, Johnny was boosted to the blessed bondholding class for he has a substantial interest in the outfit.

A total of four wells will be drilled on the ten-acre lease. One stands cemented and rig is up for another. The news came as a surprise to the constabulary because Johnny kept his operations to himself.

"If he shivered I didn't want to get the rig," says Johnny, who ignored all hints of a celebration banquet but offered to buy a cigar.

FRANKING off well—George W. Hander wants to know if they're going to drill in the oil park.

"If derreck wouldn't look much worse than that stable at the head of Clementine-st," says George.

LACK of sympathy spoiled a good scarehead today. This is the way the press agent put it on the wire.

LOS ANGELES, Aug. 25.—Fearing for the safety of Colman Moore, Milton Mills, Elliott Dexter and several other prominent motion picture people, who had put to sea in a yacht in connection with having a picture, a power boat left early today from Balboa to search for the missing party.

According to studio advices the party should have returned to Balboa beach last night. Appreciation was caused also by a report that a fisherman from Santa Ana had reported at Balboa having filmed a yacht being fired at by another craft.

The way the 43-point head was written to play it out the front page.

FEAR FOR SAFETY OF FILM STARS IN BOAT OFF BALBOA

This is what they said at Rodgers' boat house at Balboa when it was that best to check up on the publicity man by telephone to sea-quarters.

"Now, those birds never got out with the boat tied to the dock and then went back to the studio this morning. A press agent is trying to slip you guys some free publicity."

FULLERTON SHIPS CARS DURING WEEK

Forty-nine cars of orange were shipped from Fullerton this week, a falling off from last week. Placette, Orange Growers moved 29 cars; Fullerton Mutual Orange Association eight cars; American Fruit Growers, Inc., nine cars; Bender Fruit Co., seven cars, and the Bantachy Ranch Co., five cars.

NAB STOCK SALESMAN

JOHN FRANCISCO, Aug. 25.—At 11 A. M. John A. Los Angeles stock man, is in custody here today on warrant for his arrest, based on Judge Lyle T. Jacks.

When Ayas accidentally justified Detective Harry Lubbock, the sleuth recognized Ayas.

BUILDING PERMITS

Malcolm Fraser, frame residence and garage at 899 S. Lemon street, cost \$1500.
G. C. Potter, frame residence and garage at 855 S. Lemon street, cost \$4800.
J. S. Schumacher, frame store at 325 W. Center street, cost \$1800.
C. H. Conliff, frame garage, at 222 S. 17th street, cost \$1000.

26TH YEAR—NO. 306.

Deputy Sheriffs Confiscate Quantity of Liquor in General Cleanup

FOUR ARRESTS LAST NIGHT

Still Not in Operation When Officers Made Their Visit

Starting a general cleanup, deputy sheriffs yesterday afternoon and last night made three raids, netting four arrests and confiscating a quantity of booze. The stills were not in operation. Further arrests under the new county ordinance forbidding illicit distilleries were also made.

Joe Lockner, 44, who lives between Anaheim and Buena Park, was taken in by Deputy McClellan and Elliott and Special Investigator O. K. Carr of the district attorney's office. He pled guilty today before Judge J. B. Cox and was fined \$100.

O. Keene, 35, and J. W. Roper, 25, were arrested at Huntington Beach for having liquor in their possession. Keene was fined \$500 or sentenced to 500 days in county jail. Deputy Stitt assisted the other three officers.

A Jones was captured at Seal Beach, and today pled guilty to possession and was fined \$200 by Judge Cox. McClellan and Carr conducted the raid.

L. W. Winston, 18 and C. A. Eldridge, 22, Greenville oil workers were fined \$50 each for alleged reckless driving. Officers charged they were intoxicated in the car.

S. Romero, 40, of Los Angeles was arrested by Santa Ana police charged with being drunk and having liquor in his possession.

Joe Johnson, 43, of Santa Ana, was arrested on the charge of drunkenness.

WARREN DECLINES DIPLOMATIC POST

DETROIT, Aug. 25.—Charles E. Warren, mentioned in dispatches from Washington as likely to be named ambassador to Mexico, cannot accept the appointment, he declared.

Warren went to Mexico City as the head of the joint high commission to negotiate terms on which the United States could recognize Mexico.

BOND ISSUE TALK

MANILA, Aug. 25.—The Philippine situation took a new turn today as Governor General Leonard Wood and Manuel Quezon, president of the Philippine senate, set down together as members of the board of control of the Philippine National Bank and in a meeting with representatives of American capital the island surplus interests discussed a proposed \$100,000,000 bond issue.

TURKISH SOLDIER'S WIDOW IN FIGURE IN NATIONAL ARMY

Lieut. Fatma Hanım.

Since the death of her husband a major in the army of Mustafa Kemal Pasha, Fatma Hanım, has followed the military profession. At present she holds a lieutenant's commission.

WORTHMORE TRACT

Phone Omaha People Typhoid Fever Fear

OMAHA, Aug. 25.—A frantic effort to check the spreading of typhoid fever, the feared result of the water famine in Omaha, people were awakened at all hours of the night by the telephone company and warned not to drink city water for at least ten days.

When City Health Inspector Pinto announced late last night that city water had greatly cleared in color "that was filthy," fairly alive with typhoid germs, city officials became alarmed and demanded telephone company officials to broadcast the warning at once.

As many as six families were connected at the same time and Pinto's warning read to them by telephone operators.

"We are facing the most appalling epidemic of typhoid fever in the country's history," declared Pinto. "The water must not be used for at least ten days."

FRUIT PRICES UP 25 CENTS THIS WEEK

Shipments of citrus fruit from the Anaheim district took another tumble this week, with a total of 75 cars compared with 89 last week. All but one, a car of lemons, were Valencia. The reduction is the result of local growers who have held back their fruit on advice of marketing organizations.

Prices gained 25 cents per box this week, which, on top of a 50 cent gain last, has renewed optimism of local growers who have held back their fruit on advice of marketing organizations.

Fruit at three cents a pound is looked for by the end of the season. The advance from now on will be steady, it is predicted, and the question now is how long to hold on to fruit, which is dropping to the usual extent.

Practically twice as much deciduous fruit was shipped from California this year as last to the middle of August. Thirty-six hundred cars of Alberta peaches alone have been moved.

Shipments from this Valencia crop continue steadily until as late as Nov. 15, the Anaheim Orange & Lemon growers predict.

The 1923-24 crop set by the California Fruit Growers' Exchange has not been increased and is not likely to be, it is said. Out of the estimated total of 25,000 cars of Valencia, approximately 7500 cars will remain to be shipped this Monday, according to the association.

SPEECH INDICATES CHANGE OF ATTITUDE

PARIS, Aug. 25.—Foreign office officials were hopeful today that Chancellor Stresemann's speech in Berlin yesterday is the forerunner of a change of attitude by Germany regarding the Ruhr and reparations.

LONDON, Aug. 25.—There is a disposition in official circles to regard Chancellor Stresemann's speech as virtual acceptance of the proposals put forward by England for control of German finances.

The next development probably will come from Belgium.

JAPS WON'T PERMIT FLIGHT IN FORMOSA

MANILA, Aug. 25.—Lester, the Belgian "around the world" aviator has been refused a permit by the Japanese government to continue his flight from Manila via either Formosa or Japan, he declared today.

The alternative itinerary is for him to proceed via Shanghai, Vladivostok, Alaska and Canada.

According to the terms of his wager, he still has one year left to complete his encirclement of the globe and win one million francs.

HARVARD PROFESSOR LAWYER FOR KING

SANTA BARBARA, Aug. 25.—Professor Francis B. Sayre, son-in-law of former President Woodrow Wilson, accepted the appointment as legal advisor to the King of Siam. It was learned here today.

A leave of absence of a year from Harvard University has been granted Mr. Sayre.

FILMS ACTION FOR \$300,000 DAMAGES

L. A. Attorney Charges Louis Henning With False Arrest

Charging that his professional reputation had been ruined by unfounded charges of grand larceny, William Summers, Los Angeles attorney, today filed suit against Louis Henning for \$300,000 damages. The suit was originally filed in the Los Angeles county court.

Summers declares in his complaint that on August 25, last year, the defendant swore to a complaint alleging that on March 9, previous, he, Summers, had stolen \$150 from him. A warrant for Summers' arrest was obtained the same day and on Aug. 28 at 11 a. m. Summers was put into the County Jail, remaining there until noon of August 29, when he gave bail of \$1500.

On Dec. 22 last after repeated consultations the case was dismissed.

On or about December 22 Henning, the complaint continues, and Alvin Cleaver who had testified to the alleged theft, and E. McQuinn, a grand juror, returned a true bill, charging false pretenses by Summers.

He was arraigned in the Superior court and bail of \$5000 was fixed, which he paid.

On Jan. 4 the case was dismissed on motion of the district attorney.

Summers alleges that he has been admitted to practice in all the courts of Michigan, Nebraska, Colorado and Washington and before the Supreme Court of the United States.

COOL RECEPTION FOR NEW CHANCELLOR

MUNICH, Aug. 25.—Chancellor Stresemann arrived here today following his address yesterday at Berlin, found an open expression of antagonism in the huge crowd that gathered at the railway station.

The populace was silent and silent with not a single cheer for the new government leader.

WOMAN PURSUED

DUBLIN, Aug. 25.—Mary MacSwiney, one of the women leaders of the Irish republicans, was chased from the platform by an angry mob at Swinford today when she made off with a bag of money.

"Collins was shot in a fair fight," she declared. "He was a man of more honorable death than he deserved."

GIRL FOLLOWS IN DAD'S FOOTSTEPS

MISS IVAH RAINE.

When her brother showed a disposition to take to the law and follow in his father's footsteps, Miss Ivah Raine of Tupelo, Miss., prepared herself, was admitted to the bar and made a partner in her father's firm.

ANOTHER SCANDAL SHAKES MOVIEDOM: FILM STAR'S BROTHER BADLY BEATEN

Anita Stewart and her brother, George.

Anita Stewart, popular film star, has rushed to the aid of her brother, George Stewart, now in a New York hospital as a result of a beating said to have been administered by Ralph W. Lee, movie dictator, during an auto ride. Lee declares he was justified in his actions.

"This new strike is hundreds of feet below any other successful working, and the fault, which has produced results for many years, has been overcome. The lost vein appears to have been found," says Curtis.

"The company is confident that future development will make it one of the most valuable silver mines in the entire west."

The strike was considered so important that a special meeting of stockholders was held this afternoon at the local offices of the company.

On and off for a century, the mine has been worked and high grade repeated efforts have been made to locate the ledge beyond an existing fault, but with fruitless results. A few hundred feet of top of mountain evidenced rich silver ore values, but a fault occurred and fortunes have been expended in efforts to find the lower portion of the vein.

For nearly three years, C. Stanley Chapman, of Fullerton, an active and well known fruit and oil man, together with Anaheim men, have endeavored to bring back this prospective valuable mine. This week their efforts have been rewarded. The ore body was found below the fault at top of mountain. It was found to be misplaced less than 300 feet and the ore body there encountered appears to carry the equal, if not better values, than had been found above the fault.

After the solution of the fault above, the Blue Light Silver Mine Co. president, owners of mine, have opened up the vein many hundred feet lower down.

After running a tunnel nearly 600 feet in a broken up condition, the company last Thursday opened up the first ore shoot or chimney. This ore shoot is now over eight feet wide and getting larger as advancement is made. Ruby or pure silver is shown in the ore and whole vein appears carry good values. There are eight known ore shoots to be cut by this tunnel and will require about 700 feet.

The company is confident that this old mine have come back and promise to become another wonderful asset to So. Cal. This mine is 24 miles from Anaheim.

Where the vein is opened at top of mountain, below the fault, a shaft sunk to depth of 63 feet shows a four foot vein of average value of 98 out of 100, some gold and a large percentage of lead. The Blue Light Co. feels confident that the great amount of ore to be developed in this development has not been spent in vain.

LOCAL MEN FINE CO. AT SIGNAL HILL

A number of Anaheim's expect to be casing in shortly on oil at Signal Hill. Rapid progress is being made on the Hall-Webber five-acre lease at Hill and Cherry-st since contract for tone wells was signed in the Gillespie Oil Co., which thinks so much of the prospects that it will take its pay from production.

The first well was spudded in four weeks ago. In the first ten days, using a new heavy rotary drill, 1000 feet were made. The hole now stands cemented at 3700 feet. Company expects to bring in a gusher within 30 days as there is heavy production on four sides. Oil has been flowing since the 3300 foot depth was reached.

The capitalization is only \$175,000.

Among interested Anaheimers are: I. Curtis, Max Nebelung, Charles Egan, Charles Hollingshead, Stark, Dr. J. W. Truxav, J. E. Fisher, Ray Fisher, John Fisher and Charles Walker.

COOLIDGE TACKLES FARMERS' PROBLEMS

WASHINGTON, Aug. 25.—President Coolidge tackled the agricultural problem in earnest today, conferring with the federal farm loan board, the agency charged with providing financial facilities for the farm-to-market crop movement.

Chairman Robert A. Cooper, reported the progress made in establishing the 12 new intermediate credit banks and assured the President that the federal farm loan board, the agency charged with providing financial facilities for the farm-to-market crop movement.

The board plan to increase the reserve of the intermediate banks by at least \$60,000,000 by bond distribution.

Members believed that the big wheat surplus would be dissipated when the crop actually began to move and there would be natural price adjustment benefiting the farmers.

LEGION PROTESTS GENERAL AMNESTY

WASHINGTON, Aug. 25.—A protest the granting of general amnesty to "political" prisoners was filed with President Coolidge today by John Thomas Taylor, legislative representative of the American Legion.

PHONE TO LAGUNA

The franchise and acceptance of it for a private telephone line between Laguna Beach and Irvine Station, were filed today by E. E. Cookman. The Board of Supervisors granted the franchise at its last meeting.

OVERCOME OLD "FAULT" IN RICH HILL

High Values, Broken Into Thursday, Continue to Improve

The Silverado mine, 12 miles from the county park, probably the oldest silver property in the state, has staged a comeback under the development of No. Orange-co men. I. O. Curtis, prominent stockholder of Anaheim and Los Angeles, announced today that on Thursday a long-sought main ore vein was opened up, rich with values.

"This new strike is hundreds of feet below any other successful working, and the fault, which has produced results for many years, has been overcome. The lost vein appears to have been found," says Curtis.

"The company is confident that future development will make it one of the most valuable silver mines in the entire west."

The strike was considered so important that a special meeting of stockholders was held this afternoon at the local offices of the company.

On and off for a century, the mine has been worked and high grade repeated efforts have been made to locate the ledge beyond an existing fault, but with fruitless results. A few hundred feet of top of mountain evidenced rich silver ore values, but a fault occurred and fortunes have been expended in efforts to find the lower portion of the vein.

For nearly three years, C. Stanley Chapman, of Fullerton, an active and well known fruit and oil man, together with Anaheim men, have endeavored to bring back this prospective valuable mine. This week their efforts have been rewarded. The ore body was found below the fault at top of mountain. It was found to be misplaced less than 300 feet and the ore body there encountered appears to carry the equal, if not better values, than had been found above the fault.

After the solution of the fault above, the Blue Light Silver Mine Co. president, owners of mine, have opened up the vein many hundred feet lower down.

After running a tunnel nearly 600 feet in a broken up condition, the company last Thursday opened up the first ore shoot or chimney. This ore shoot is now over eight feet wide and getting larger as advancement is made. Ruby or pure silver is shown in the ore and whole vein appears carry good values. There are eight known ore shoots to be cut by this tunnel and will require about 700 feet.

The company is confident that this old mine have come back and promise to become another wonderful asset to So. Cal. This mine is 24 miles from Anaheim.

Where the vein is opened at top of mountain, below the fault, a shaft sunk to depth of 63 feet shows a four foot vein of average value of 98 out of 100, some gold and a large percentage of lead. The Blue Light Co. feels confident that the great amount of ore to be developed in this development has not been spent in vain.

LAST AERIAL MAIL TEST ENDS TODAY

MINEOLA, N. Y., Aug. 25.—The last of the aerial mail tests ended today when Pilot C. H. Ames arrived from Cleveland at 11:17 a. m., eastern standard time today.

The relay flight began at San Francisco at 5:28 yesterday.

The elapsed flying time was 24 hours and 49 minutes, considerably over yesterday's record eastbound flight of 28 hours and 14 minutes a new record for crossing the continent.

The fast time was made despite a stop of nearly two hours in Chicago.

OLYMPIC STRIKES SUBMERGED WRECK

LONDON, Aug. 25.—The White Star Line announced today that the Olympic struck a submerged wreck while making port but was not damaged.

SHIP BODY TO U. S.

LONDON, Aug. 25.—The body of Mrs. Kate Douglas Wiggin, prominent American author, who died yesterday morning will be shipped to New York on the liner Leviathan, it was said.

BROKEN ARM CAN NOT SPOIL PARTY FOR LIVELY BOY

A FRESHLY broken arm on a fellow birthday is the best, says Master Melvin Randall, who yesterday passed his fourth anniversary, and that did not interrupt the plans for a party which was in the making before his accident, and he presided over a very lively party at the home of his mother, Mrs. C. H. Randall, who presided over the party.

The kiddies left rather early in the afternoon, as the mother's entertainment might be trying to the young host. He received many lovely gifts in remembrance of the day. They were placed at the dining table about 4 o'clock with tea and birthday cake. The table was very pretty with the bouquets of white Mums and roses. Mrs. Randall was assisted in the entertaining by Mrs. H. C. Rulick.

Drive 4500 Miles

Mr. and Mrs. W. S. Price have returned from a seven weeks' auto journey during which they drove 4500 miles. The drive was made along the Ridge route north to Portland and east to Twin Falls, Idaho, where they visited a daughter and another one in a nearby town.

Returning they stopped at Stockton for a few days, then on to Redwood park where they camped in Big Basin. Their stay there was most enjoyable, Mr. Price says, as they were two of 1200 campers vacationing in the lovely reserve. As there is a lot of highest kind among tourists, each night an impromptu program was presented in the natural bowl, which has been made thoroughly comfortable with huge log seats, and forming circles about the platform, also made of redwood.

Mr. Price passed his 57th milestone which he celebrated by smashing into an Indian wagon, and getting a broken leg and a broken arm. On the final day out he drove 250 miles, which he considers pretty good for a young fellow.

Entertain for Nebraska

Mr. and Mrs. Papp Tucker entertained a party of friends yesterday for the Lederman, mother of Mrs. Clyde Webb, who is a visitor from Grand Island, Neb.

Five hundred was the diversion of the evening. Mrs. Rulick, substituting for an absent gentleman, was first prize and Mr. Rulick, the consolation. Mrs. Lederman won first for the ladies, and Mrs. Webb second. Refreshments of pie à la mode and coffee were served.

Guests included Mr. and Mrs. H. C. Rulick, Mrs. Clyde Webb, Mrs. Lederman, Miss Helen Tucker and Mildred Messner. Mr. and Mrs. Papp Tucker, Mr. Webb joined the party later in the evening.

Notice to W. R. C.

The officers and members of the A. B. Paul Corps 184 W. R. C. of Anaheim, are requested to be present at the exemplification of duties Monday at Santa Ana. The meeting will be held in Legion Hall W. Fourth-st. Santa Ana and all who are going are requested to be in their places at 3 o'clock.

Initiate Class Monday

The Royal Neighbors of America will hold Monday afternoon as usual at 2:30. Initiation will be held later from the Christian church in and social hour will follow. The seconds are requested to be present, by order of the circle.

Party for Boy Pal

Johnny Penham entertained a party of friends at his home on Hill-st. last evening in honor of the birthday anniversary of Elmer Clough.

Dancing and games made the evening hours pass all too quickly for the young folks. Refreshments were served during the late evening hours.

Waiting Mr. Clough many happy returns of the day were Misses Annie Rayner, Katherine Montezuma, Miss Steffen, Ellen and Gladys Dickson, Moore, John Deane, Elmer Dickson, Mike Mattie, Johnny Clark, Johnny Steinman, Bill Hosack and the gracious host, Johnny Penham.

Week-End at Laguna

Mr. and Mrs. D. A. Davis and children and Mr. and Mrs. L. Miller and children of Cypress, are going to enjoy the week-end at Laguna Beach. The same party had been returned from Montezuma's where they had a pleasant vacation, and will spend the pleasures of their next period with a visit of the salt air.

To Seal Beach Again

The Terpsychore club will have the monthly dance at Seal Beach, Sept. 6. The dance and the orchestra has been engaged to furnish the music. The August dance held at Seal Beach proved to be such a success and the club officials decided to hold the next dance there.

Evening Meal in Park

Mr. and Mrs. Floyd West and children and their guests, Mr. and Mrs. Harold Harkness went to Orange-cook's last evening where they enjoyed a picnic dinner.

Beautiful Kathleen Terry, who will play the role of Mary Magdalene in "The Wayfarer," at the Coliseum, Exposition Park, Los Angeles, Sept. 8 to 15.

HONOR VISITORS WHO SOON LEAVE FOR TEXAS HOME

FOURTEEN members of the Women's club met Thursday for a gathering here in the laboratory. A pot luck luncheon was enjoyed at noon and in the afternoon, several more members of the class were present.

The affair turned into a social meeting and three guests were honored.

Mrs. J. W. Fields and her daughters Misses Dulin and Mae Fields. The ladies are guests at the George Dean home and leave soon for their home in Texas.

The afternoon hours were merited with sewing and conversation and late in the evening refreshments were served.

Marriage Licenses

Augusta Benally, 21, Angella Herrera, 17, Fullerton.

WORTHMORE TRACT

Mr. V. D. Johnson, secretary of the Orange Community C. of C., has written to the local chamber with an idea of enlisting local support in the presentation of a float depicting the Panama Canal Zone in the Armistice Day Parade, Orange, Nov. 11. Orange plans that each float is to represent an important historical event and the subjects are to appear chronologically in the form of a scenic parade. Each float will set forth in dramatic tableaux the subjects that have been selected.

The Orange people have an historical committee which has delved into the most important events in American history and has assigned to the various organizations of the country the carrying out of such.

Anaheim C. of C. directors will consider and decide on the local entry at its next meeting, Thursday, Aug. 10th, at the Elks club. The historical committee at Orange will render any possible aid in the working out of the several floats. The committee consists of Geo. C. Sherwood, chairman, Percy Christian, Mrs. J. O. N. Sam, Leon Whitcomb, Mason Fishback.

Take in New Members

Four new members were taken into the Orange-cook Auto Salesmen club at the regular meeting, when they held an unusually interesting meeting at the Elks club. Plans were discussed for another entertainment to take place next month, Sept. 1, which will also be held in the club house. A luncheon will be served at 12 o'clock and a speaker will be present for a short address.

Boys Enjoy Dinner

The boys of the Sunday class taught by Sam Walker, in the White Temple Sunday school, were guests of their teacher at his home on North street last evening. The boys included Roy Holmes, Maynard Holmes, Norman Redges, Edward Long, Robert Jayne and Charles Barker.

The boys had a "dandy" dinner, they said and enjoyed a big romp and merry time afterward. Their faces wreathed in smiles during the remembrance of the jolly evening.

Home From East

Mrs. Anna Burman, daughter, Elsie and son Albert, returned from a three months visit in Denver, Ia., with relatives. Miss Emily Fann, Mrs. Burman's aunt, returned with them and will make an indefinite stay at the Burman home southwest of Anaheim.

OBJECT TO BRITISH CONTROL

PEKING, Aug. 25.—Alarm over the tremendous British plans for foreign control of Chinese railways is taking serious proportions throughout China today.

French and Japanese opposition, believed by Chinese officials here, will probably be supported by the United States pursuant to America's policy of foreign non-interference in China.

PEKING, Aug. 25.—Japan is lacking in resources for handling the relations with China, therefore Japan has not found it necessary to use the "Lanchow" note to bring pressure to bear on China. Minister Yoshida declared today.

AFTERNOON GOWN OF UNUSUAL LINES VERY ATTRACTIVE

Mr. and Mrs. W. H. Holte, of Fullerton, are parents of a daughter born Thursday at the Retreat, and weighing 10 pounds.

Some baby girl, her daddy talks.

Mrs. J. D. Guy and daughter Paulina and Mrs. Shaw returned yesterday on business and pleasure.

Mr. and Mrs. Murray Boling of Los Angeles will be guests tomorrow of Mr. and Mrs. J. D. Guy and family.

Mr. and Mrs. Henry Ramm and son, Albert drove to San Juan Hot Springs for a short stay. Jess Berget, who had been there since Sunday, returned home with them.

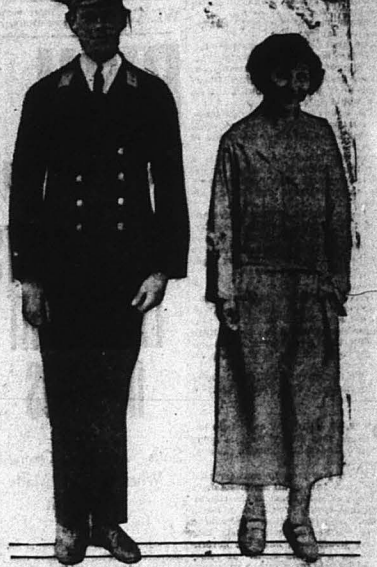

Mr. and Mrs. W. P. Quarter and Mr. and Mrs. W. H. Houts will leave tomorrow for Lassen Co. on a hunting trip.

Mr. and Mrs. Fred Peck and son Vernon went on San Bernardino yesterday where they were guests at wedding anniversary of the parents of Mr. Peck.

E. H. Brasser of the White Lily Bakery is planning a motor trip to Portland, Ore.

B. B. Bowen of the Union Oil Co. will leave tomorrow on a trip to northern California on a two weeks vacation. A. H. Shupler of the Union Oil, who has been taking a two weeks vacation, is expected back at work Monday.

Mrs. J. E. Matthews, of Huntington Beach, and G. C. Benson of Anaheim are patients at the local sanitarium.

Prince George and his fiancée, Lady Alexandra Curzon.

Britain's royal family soon may be related by marriage to the wealthy Lister family of Chicago. According to latest reports, Prince George, youngest son of King Edward VIII, is to wed Lady Alexandra Curzon, whose mother was a member of the wealthy Curzon Lister family.

MARITAL DISCORD AND CUPID IN DEAD HEAT

The goodness of cannibalism has been proved by the fact that their infant daughter, custody of the child and general rearing, they were married on Dec. 18, 1926, in Santa Ana this week. Marriage licenses issued on certain days totaled 25 or 30 per day, and today the county clerk's office had to be kept open considerably overtime to accommodate the throng of applicants.

Divorce or suits for their while leading to the county and naturally not so numerous, were far more plentiful than usual.

An interlocutory judgement of divorce was granted today in Superior court to Mary E. Lockhart from John L. Lockhart.

In the case of Irene L. Sherman vs. R. Roger Sherman, the plaintiff filed a demurrer to the defendant's cross complaint, alleging that the facts alleged were not sufficient to constitute a cause of action.

Guadalupe Cuadros filed suit against Benjamin Cuadros, alleging that the defendant during their married life of a few months, had forced her by threatening her life and that of her mother to keep house for him and his entire family, during all the day. Once at the Cuadros' home and once at the home of the wife's mother he had drawn a gun. The plaintiff also charges that the defendant had served a sentence of 30 days for stealing money and clothing from her mother. She asks support of \$100 per month.

The street car conductor's "Young Mother" with her baby in her lap handed him a half dollar.

Conductor: "Is that the smallest you've got?"
Young Mother: "Well, I've only been married a year!"
Kasper (Stockholm).

Five Out of Seven Need the Combination of Port Wine and Olive Oil PORTOLIVE

If you are health worried—if you fear secret ingredients in "medicines"—you have at last found a tonic and stimulant to assimilate in the juice of the grape combined with the oil of the olive.

Doctors, everywhere, and of every school, proclaim Portolive is needed for the purpose of dot of serum in the case of nervous tension and highly strung individuals.

Portolive contains port wine and olive oil and other natural body builders.

Hering's Pharmacy has it.

GEN. MARCH MARRIES

LONDON, Aug. 25.—In the Saturday morning wedding rush, Major General Peyton G. March, former chief of staff of the United States Army, and Miss Cora Virginia McEneaney, of Brooklyn, were married by deputy registrar T. Doll.

Seven couples were on hand when General March and his bride-to-be arrived and they took their turn, which came shortly after 11 o'clock.

GASOLINE AT 13 1/2c

Harland's service station on East Center street today announced the price of Richmond and Progress gasoline had been cut to 13 1/2 cents without coupon books or red tape of any kind.

With the autumn comes bread-cloth. The woman who wears a smartly made dress of breadcloth may rest assured that she is modestly garbed. Breadcloth lends a cool air to the wearer that many other fabrics do not give. The model shown here features a narrow surplus collar and a fairly wide panel in the back. The sleeves which are tight at the elbow and flaring at the wrist are very good this fall. The brown stitching gives it an individual touch.

FILM DIRECT FROM WEEK AT GRAUMAN'S

"Shadows of the North," a vivid drama of the great Northwest, directed from a week's run at Grauman's Million Dollar Theatre, Los Angeles, will be the attraction at the United Theatre three days starting Sunday.

It is a red-blooded romance of the Canadian Northwest gold trails that give Big Bill Desmond one of the most gripping roles of his career. William Desmond is surrounded by a cast of well known stars. Virginia Brown Faires, one of the most skillful of the younger emotional actresses of the screen, has the leading feminine role. Rita-Tin-Tin, the famous pelvis dog, appears also in a part that sure does credit to his well known ability.

It is a story of place making and chain jumping in the Northwest. Canada and much of the glory of the beautiful timbered hills of that region is reflected in the picture. The exterior scenes were taken in the Feather River country in N. Cal., which is noted for its scenery. The river itself has an important place in the story and it furnishes one of the biggest thrills. The hero, with the daughter of the leader of the claim jumpers at his prisoner, runs the rapids in a canoe and is shot. It was a daring stunt and all of its action was caught by the camera.

See the crashing picturesque drama, of the gold trails and the mining camps—big, colorful, spectacular, with a thrilling love story, a remarkable cast! The scenery will enthrall you—the romance will linger in your memory!

In conjunction with the feature picture, we will also show Buster Keaton's greatest side-splitting comedy, "The Haunted House," just one good long laugh.

BANK OFFICIALS HELD TO ANSWER

PHOENIX, Aug. 25.—With the filing of seven new indictments against officials of the closed Farmers and Merchants Bank of Tempe, near here, they are held today to answer on 15 separate charges.

The principal charge against all defendants is motivation and destruction of the bank's records.

Jones and President Kingsbury are held in custody in default of bonds.

NEW MORMON TEMPLE

LETHBRIDGE, Alta., Aug. 25.—President Robert J. Grant, of the Mormon Church, and some of his followers from Utah, Idaho, Arizona, Wyoming and Montana will attend the dedication tomorrow of the temple at Cardston, first erected by the Mormon church on British soil.

SMART LITTLE HAT OF GRAY TAFETTA FOR COLLEGE WEAR

Taffeta hats are always popular because of their adaptability to many needs. In dark colors they are ideal for traveling and in the brighter shades they serve as charming afternoon wear. This close fitting model is made of the popular dress gray taffeta trimmed with a band of taffeta and ribbon ornament of desert grass and a ribbon bow. Just the thing for the college girl.

PAYS \$150,000 FOR EL MODENA RANCH

A. E. Marmon of Fullerton, has purchased 84-acre McArthur ranch at El Modena for \$150,000. It was announced today. The ranch is devoted to lemons and oranges. Mr. Marmon expects to operate for profit, still residing in Fullerton. He says the deal was made directly with the former owner, being consummated yesterday.

Mr. Marmon recently sold the Marwood apartments to Miss Lillian Taeger.

RETREAT MOVES TO PRETENTIOUS HOME

The Retreat Maternity Home was moved today from its old quarters on Lincoln avenue to its pretentious home at 903 West Center street. The Retreat which has made an enviable reputation the last two years, is operated by Mr. and Mrs. T. B. Lawrence, and heretofore has received only maternity patients, but in the new location will be rechristened, Anaheim Community Hospital and will receive surgical cases of every kind as well.

The big house, which was formerly the A. Muckenthaler family home, has been leased for an extended period. The nursery and delivery room has been added to the lower floor. Private rooms and wards will provide at least 20 beds and it is the intention to provide others as rapidly as required.

The nursery has added several bassinets to its former equipment and the big sunny addition is most conducive to a healthy, happy start on life's journey.

The lower or obstetrics department will be entirely apart from the surgical rooms on the second floor. Private rooms, the operating room, bath, and a large solarium with heat and running water in each room forms the convenient arrangement.

The interior has been redecorated and furnished in bright eye maple. The homelike atmosphere gives the patient thorough contentment and everything for efficiency and comfort is at hand.

LOCALS OUTCLASSED
IN SEASIDE GAME

Anahelmers topped tea pins like mad last night at Long Beach but were outclassed by the B. F. O. E. team of that burg. Our home folks piled up a total of 2176, just one more than the seashore, but got only one of the three games. Better was the grand shiek of the evening when he rolled 221 in the third frame, helping his team to a 1013 total which was 123 better than Long Beach.

ARIE WINS GRAND AMERICAN HANDICAP

SOUTH SHORE COUNTRY CLUB, CHICAGO, Aug. 25.—Mark Arie of Chicago, Ill., 1922 Olympic champion, at the traps today shot himself into new honors when he won the grand American handicap with 98 breaks of 100 targets shooting from scratch.

Frank Hughes of Moline, S. D., also shooting from scratch, came within an ace of tying Arie. He was within three strokes with his last 25 to shoot, but had one miss and scored a 55.

H. R. Hunt of Troy and G. Payne of Tulsa, followed with 84. E. E. White of Gastonia, N. C., who led for a time with 72 at the three quarter pole, broke but lost in his last knock and finished ninth down with 91.

MRS. MALLORY WINS

BROOKLINE, Mass., Aug. 25.—Mrs. Mollie Mallory won the Longwood invitation singles today beating Miss McKane of England in straight sets, 6-3, 6-1.

Play was confined mostly to the back lines.

Mrs. Mallory played to the backhand of her opponent which proved the weakness of the English woman's game. The deadly forehand stroke of Mrs. Mallory helped her win.

RICHFIELD BOYS

PLAY PARADE

DUNDEE WILL HOLD OWN WITH LEONARD

PARIS, Aug. 25.—Johnny Dundee in the best boxer I ever saw. He will hold his own with Benny Leonard and when they meet Sept. 5.

It was Eugene Criqui, police of Verdun, speaking, just back from a disastrous and at the same time triumphant trip to America.

The French featherweight would not say that Dundee will defeat Leonard, but he looks for the Scotch lion to give a good account of himself.

Origin, a keen student of boxing, regards Dundee as supreme among the featherweights.

"He has promised a return bout and I still have high hopes of eventual success," is Criqui's only reservation to Dundee's greatness.

"Essential success," to Criqui means only one thing—re-winning the world's featherweight title. To that end Criqui will return to America probably in December, to prepare for a second assault on the featherweight stronghold.

TILDEN AND BRIAN WIN NET DOUBLES

BROOKLINE, Mass., Aug. 25.—The international team of William T. Tilden II of Philadelphia, and won the national doubles championship at the Longwood cricket club today by defeating R. Norris Williams II of Bryn Mawr, Pa., and Watson M. Washburn of New York by the score of 3-6, 6-2, 6-3, 6-7, 6-2.

BAMBINO NO LONGER

GIVEN GRAND RAZZ

NEW YORK, Aug. 25.—George H. Ruth, the well known left fielder who once was decorated with the Order of Youth Leadership at every public appearance, is now accepted by some of our best people, even in the hostile west, according to Col. T. L. Huston.

The colonel owned a half interest in the Yankees until recently and made the statement merely as an unofficial bystander. It is charged, however, that he has just returned from Horace Greely's favorite territory.

"What pleased me particularly," the colonel proclaimed, "was the attitude of the western fans toward Babe Ruth. They are with him to a man."

"There is no question in my mind of the babe's hold on the affections of the public."

Virtue, in brief, will have its reward, and abstemiousness its commensurate. Ruth, as far as known, has not broken his pledge to the American boy at large. He has been almost austere in his seclusion and in the slightly damp sections of Broadway is remembered merely as a ball player and forgotten as the rare good fellow of other days.

He is a great ball player today, no longer a freak, prominent for the fact that he could hit a baseball farther than any man living—when he hit it at all. If he continues to play ball as he has during the season up to and including this morning, Ruth will go down in the book as one of the greatest outfielders of the year and perhaps the leading hitter of both leagues.

When Jack Dempsey, heavy-weight king, and Luis Firpo, light international battler, of the century Sept. 14, you can put your volubly on boxing skill, science

and the art of ducking on the top shelf. For this battle's going to be a stink him or get sunk. The one who gets the big punch over first will win. For both Dempsey and Firpo are of the

both men fight there ought to be enough murderous punches torn loose to slay a Bulgarian army. The air should be sore and lame for a week, unless one of the boys gets cold feet.

Tagging All the Bases

A single by Frisch with the bases filled gave the Giants a fourteen-inning decision over the Cardinals 5 to 4. Donk of the Cards was the victim.

Loque pitched the Reds into a 4 to 6 victory over Brooklyn. Only 4 hits were made against the senior's driving delivery.

The Senators made merry at the expense of five Indian pitchers and won 40 to 4.

Fenwick left-handed his way to a 7 to 1 verdict over the Tigers, the Yankees hitting Fillette, Hallaway and Francis with indiscriminate ease.

Cy Williams smote his thirty-second home run of the season, equalling Ruth's total as the Phillies pulled out a six to five decision from the Cubs.

The storeroom of Ocean mingled with Pirate base hits, sent the Braves down to a 7 to 2 defeat.

COURTHOUSE NEWS

Marie Ferard, former companion of the late General Julius O. Roy of Los Angeles and Anaheim, is entitled to intervene in the suits of Louis Roy's widow, and Marie Louise Annunzio, the daughter, who are seeking to gain possession of the bulk of the stock of the Anaheim Investment Co., Superior Judge William D. Deby decided today.

New additions to the county jail the past two days include: Fred Ortiz and Rita Ortiz, of Mexico Beach, false pretenses; E. Martin, 18, of Santa Ana, vagrancy; and Gordon Middlebrook, 15, of Santa Ana, elevator boy at the Spurgeon building, burglary. Pending an investigation, information is being withheld regarding Middlebrook's case.

Eleven large Barred Rock hens, valued at \$5 each, were stolen from his ranch on 17th-st., near Westminster road, H. B. Anderson reported today to Sheriff Sam Jerigan.

The thief drove a car equipped in front with Fisk cord tires and in the rear with Pennsylvania vacuum cups. It was charged.

DELAYED 30 DAYS

Jesse McGee, arrested by Joe Marullo while hobnobbing from San Fernando Valley to Phoenix, was arraigned before Judge French in Palerton this morning. His trip was delayed 30 days, and in the meantime is to be given free board and lodging at the Hotel Jerigan in Santa Ana.

NO MORE COAL ORDERS

MAHANY CITY, Pa., Aug. 25.—The Philadelphia and Reading Coal and Iron Company today announced it will issue no more coal orders to employed miners until an adjustment in the trouble between the miners and operators has been reached. For many years it has been the custom of the company to grant an order to its workmen once a month whereby fuel may be purchased at reduced rates.

Today's order is general through the hard coal fields. Forty thousand miners are affected.

When Jack Dempsey, heavy-weight king, and Luis Firpo, light international battler, of the century Sept. 14, you can put your volubly on boxing skill, science

and the art of ducking on the top shelf. For this battle's going to be a stink him or get sunk. The one who gets the big punch over first will win. For both Dempsey and Firpo are of the

both men fight there ought to be enough murderous punches torn loose to slay a Bulgarian army. The air should be sore and lame for a week, unless one of the boys gets cold feet.

Tagging All the Bases

A single by Frisch with the bases filled gave the Giants a fourteen-inning decision over the Cardinals 5 to 4. Donk of the Cards was the victim.

Loque pitched the Reds into a 4 to 6 victory over Brooklyn. Only 4 hits were made against the senior's driving delivery.

The Senators made merry at the expense of five Indian pitchers and won 40 to 4.

Fenwick left-handed his way to a 7 to 1 verdict over the Tigers, the Yankees hitting Fillette, Hallaway and Francis with indiscriminate ease.

Cy Williams smote his thirty-second home run of the season, equalling Ruth's total as the Phillies pulled out a six to five decision from the Cubs.

The storeroom of Ocean mingled with Pirate base hits, sent the Braves down to a 7 to 2 defeat.

COURTHOUSE NEWS

TWENTY-SIXTH YEAR NO. 300

COAST LINKS PLANS ARE PUSHED

One Section of Road Opens
Today, Another to Be
Graded Soon

Plans for grading the Huntington Beach Newport Beach section of the coast highway now are being prepared by the State Highway Commission. J. L. McBride, County Engineer, said yesterday, and the work of grading, and graveling or paving will be pursued at an early date as possible.

It is still undecided whether it will be possible or practicable to have the new section this year because of the uncertainty of the fills. If it is paved, concrete will be used.

The section of the Placentia and Huntington Beach will be opened today and was not opened last Saturday, contrary to published reports. Huntington Beach itself has awarded the contract for the paving inside the city limits and the work was begun this week.

The section of the Placentia avenue extension between the Ball road and the State Highway, which was paved with concrete, is being thrown open in time for traffic tomorrow. The improvement is a convenient cut off for ranchers and for people of Placentia, Richmond, York, Linda and Olinda.

The Carbon road, which is being graded and oiled, will be finished within a week now. Instead of a gravel trail, drivers will have a smooth and fairly straight road to Chino and other points in the San Gabriel valley.

Supervisor W. M. Schumacher has ordered gravelled Rio Vista avenue, between the Olive and Wagner roads. The gravel will be drawn from the Olive pit near at hand.

McBride, on orders from the Board of Supervisors, is working on plans for the work at Placentia in Road Improvement District No. 11.

The Westminster boulevard will add about two and three quarters miles to the county's road system by Sept. 7. Work now is being completed.

The Supervisors have ordered widened Buena Park boulevard in Road Improvement District No. 12. The improvement will extend from Northern station to Orangeflower avenue. The paving will be laid from curb to curb in Buena Park itself.

SELL SLAIN MAN'S EFFECTS

The effects of Munio Spamineta, consisting of two Ford cars and an electric piano, were sold for \$850, Charles D. Brown, public administrator, announced in papers filed today. Spamineta was slain on a dirt road between Northern station and La Habra the body being badly hacked.

PRICE CUTS IN GAS WAR BRING JOY TO AUTOISTS

Getting thirteen-cent gas at a Los Angeles filling station.

War may be all General Sherman said it was, but then he never drove an auto in the midst of a gas war. Motorists throughout the country don't quite agree that war—especially a gas war that brings healthy price cuts—is just exactly what Sherman said. In fact, as far as American motorists are concerned, they would just as soon see the lift between the Standard and the independent oil companies continue indefinitely. Here cuts of from one to six cents a gallon have been made since the gas war started.

Wild Drivers Becoming Tame, Says Auto Club

Hard-boiled auto drivers are going out of style. Most motorists now are really "soft-boiled."

Synthetic chauffeurism is a "was." These deductions have been reached from recent investigations conducted by the safety and touring bureaus of the Automobile Club of Southern California.

There was a time, it is pointed out, when to operate a car in a hard-boiled and defiant manner, taking the right of way regardless of the rights of others, breaking through traffic at every opportunity, and cutting in, was considered not only smart but very stylish.

Synthetic or "dinted" driving of motor cars is largely giving way to experienced operation of automobiles and there are fewer bone-head operators, because of majority of potential auto owners have passed thru the kindergarten stage of motoring and have settled down to business-like driving.

Weeks of investigation as to the cause of accidents on the part of the Southern California club has resulted in the knowledge that the "hardest" driver is the newest driver. In other words, the owners of new automobiles are inclined to be more aggressive in the operation of their cars than are the seasoned motorists.

It is not only inexperience on the part of the new car owners which accounts for large number of accidents with new cars, say the authorities, but rather because of the tendency toward reckless driving when they begin to feel their oats.

**ENFORCEMENT
OF LAWS TO
BE RIGID**

Counties of South Unite in
Back of Concerted
Movement

First steps toward the establishment of uniform law enforcement throughout the southern counties of California have been taken.

That a vital necessity exists for cooperation among the various smaller towns, cities, and counties of the part of the state, is the opinion of traffic experts who are making their business to see that motoring is conducted in a harmonious manner.

At a recent meeting in Los Angeles county, officials of the various communities decided upon concerted action in enforcing the new Motor Vehicle Act. With this movement the Automobile Club of Southern California has signified itself as being in sympathy.

As things now stand, it is pointed out, one city may start a drive on illegal headlights and fail in its efforts because the surrounding communities are not making similar enforcement of the law. Other towns fall in their law enforcement because they do not have the cooperation of the entire territory in their work.

It is proposed that under the new system all counties and communities will be able to function on the same thing at the same time.

This will eliminate any hit-or-miss attempts to bring law-enforcers to time.

An plan now stands, every county will open with a committee representing the various communities so that the counties and the general committee will agree upon and indicate the concerted movement of the entire counties in enforcing various sections of the Motor Vehicle Act, such as glaring headlights, obscured license plates, and other infractions.

An inter-locking system will then be worked out between the counties so that every county will be functioning at the same time.

Thus, no isolated community will be endeavoring to enforce one section of the Motor Vehicle Act at one time and another at another, and so on. Glaring headlights which will be checked in one community will then be stopped in all communities, and so the law enforcer will have very little chance to escape. It is pointed out.

Good Business to Treat Patrons Well

"Making batteries last as long as possible is not simply good business—it's a duty reputable battery manufacturers and dealers owe the motoring public," says L. H. McGee, distributor of the Westinghouse battery in Anaheim and vicinity.

Free testing and filling twice a month are given patrons of McGee's lively little shop at 419 West Center, whether they use Westinghouse batteries or not.

SAN GABRIEL CANYON ROAD IS NOT ADVISED

There is a grade of 25 per cent for 75 feet over loose gravel, and the route beyond Old Follows Stage Station, is not recommended, says the Auto Club of So. Cal., in a special road statement issued Thursday on the San Gabriel Canyon road.

The road is passable on Assam-ave to the Stage Station, but at the latter point motorists are advised to park.

More than 1,300,000 motor vehicles licenses were issued in Great Britain last year.

SALES STILL BOOMING HERE

August Record Month for
Market—Studebaker,
Ford in Demand

The Anaheim Certified Motor Car Market has delivered more than 28 cars so far in August and fully expects to deliver more than 40, according to Manager C. P. Hamlin. This will be a record since the market was opened last February.

The Pullerton market, which Ham also manages, has delivered 20 cars and probably will deliver 30 all told, a record also for it.

Local dealers are enjoying a good business in spite of the mid-summer season. Much of this is due to the impetus given by the new Studebaker, Buick, Dodge, and other models.

With the Appleby Motor Co., distributors of the Durant and Star, August is showing up extraordinarily well, considering the fact that July was a record-breaking month for the company on both makes of cars. The new management, aided by Sales Manager Northland, has brought its organization up to as high level as any in the county.

August will be a better sales month than July if present signs hold good. Harry D. Riley's men reported yesterday. Deliveries have been good and inquiries regarding the new models of Studebaker indicate that business will continue to be good for some months to come. By tonight 17 or more cars will have been delivered.

Recent sales include: Touring car, A. J. Dutton of Anaheim; special touring to C. J. Lambin of Anaheim; touring to W. R. Shepperd of La Habra; coupe, to Postmaster Bill Hart of Orange.

Up to Wednesday of this week Bill McGraw had sold 39 Ford cars and three touring cars so far in August, according to C. P. Bacon, sales manager. Ford dealers are more than ever educating a new public to the value and pleasure of motoring. Bacon anticipates that the August

Motor Vehicle Output In U.S. Less in July

Production of passenger autos and trucks in July showed a falling off as compared with June, dispatches reaching here today showed. The aggregate number of vehicles produced in the United States was 327,102 in June and 322,700 in July.

Detailed and comparative figures of States are not yet available.

PRODUCTION GAINS 68 PER CENT

According to estimates based on shipping reports received by the National Automobile Chamber of Commerce production of motor vehicles in July was 318,000. "Though this is a 14 per cent slow down from June, a slight seasonal decline, compared with the extraordinarily large records of the previous months, compared with the corresponding month in previous years July set a new record gaining 29 per cent over July, 1922.

The weekly trend in production was upward during July, the last two weeks being larger than the first two weeks in the month.

Production of motor vehicles for the year ending July 31 totaled 3,235,000.

The output of cars and trucks during the first seven months of this year was 3,244,000, showing an increase of 68 per cent over the corresponding period last year, according to the National Automobile Chamber of Commerce.

Total will be larger than that of July.

Parts and accessories also are in demand. The stock has been considerably increased in recent weeks.

FURTHER CUTS ON TIRE PRICES?

Freezing Out of Little Fello
lows to So Result
Claim

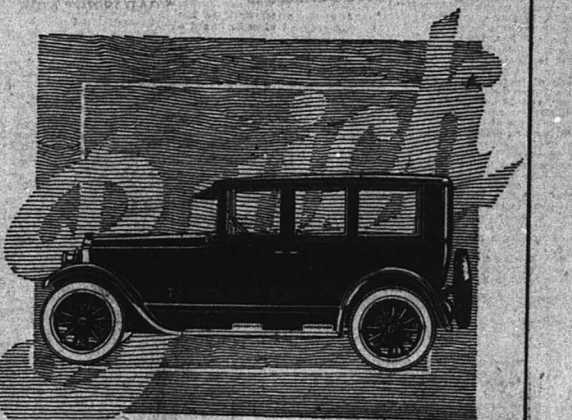

Indicating the unsettlement in the tire business, reports were current here this week, following visits of salesmen from Los Angeles, further cuts might be expected within the next few months. Estimates of the amount of the reduction coming went all the way to 25 per cent.

One representative, when reminded of the public statement of Harvey Firestone, that his company would make no further cuts, declared that that statement was no clue to the future market. This man declared that while stocks of crude rubber were diminishing, approximately 8,000,000 tires remained in storage, and that the dumping of tires on the market by small concerns "frozen out" by the big fellows was bound to take place again and again.

Different dealers received reports that one of the largest of the former "Big Five" was negotiating for the purchase of another member of the group. The would-be purchaser already has absorbed one of the largest manufacturers in the business. The Anaheim dealer declared that the while tendency was toward one or two big manufacturing concerns in the hands most of the business would be concentrated with the idea of ending ruinous price wars.

For the half year ended June 30, the Goodyear Tire & Rubber Co. reports net sales of \$55,479,531, net earnings before interest and other charges of \$6,947,078. After deducting interest and other charges and adding the profits of the California subsidiary, a balance of \$4,514,313 was carried to surplus and made available for dividends.

Fain Dealer Want-ads bring results.

The Buick Double-Service Sedan

Another 1924 Buick innovation—this six-cylinder double-service sedan—has been especially created for those who wish a combined practical business car and family sedan.

Its upholstery is comfortable, yet sufficiently serviceable to withstand severe daily usage. The power provided by its new Buick 70 H. P. valve-in-head motor is more than enough to carry it over the heaviest roads. Its staunch Buick four-wheel brakes assure ample safety whatever the driving conditions.

The admiration which you may feel for its service utility will be matched by the pride which your family will take in its comfort and suitability.

CORNERSTONE LAID IN NEW BUILDING

The cornerstone of the International school was laid this afternoon. John Cuykendall performing the act which became historic. There was no ceremony incident to placing the corner stone, the same one used in the old Fremont school and in an exact state of preservation.

The box contained all the material from the conversion of the old Central building laid in 1878, all that from the old Fremont building, placed in 1891; notes of the Anaheim Plain Dealer and other local papers, advertising matter from the Chamber of Commerce and a complete list of the 1923-24 faculty. The original box was made by J. P. Bomerich and released by Louis Bomerich, his son, who uses the abbreviated form of the family name. The cornerstone was made in Anaheim by C. A. Criss.

SPANISH ATTACK IS UNSUCCESSFUL

PARIS, Aug. 25.—A combined infantry, artillery, gas and airplane attack against the Riff positions at Alhucemas proved unsuccessful for the Spanish, according to information from the Moroccan front today. The Spanish were driven back and lost 200 men. The rebel losses were put at 600.

Fighting is in progress 25 miles from Tetouan. Abel Krim, the rebel commander has cut communications between Sousse and Tunis and is preparing to make an effort to capture Tunis.

CONTEST WINNER OUT NEXT SATURDAY

The winner of the name contest conducted by the Appleby Motor Co., Orange County Democrat and Star Distributors, will appear in next Saturday's issue of the Plain Dealer. Manager Sullivan said today. The management of the contest on Wednesday entertained the judges of the competition at luncheon at the Plaza Hotel. The contest was won by the name "The Automobile Editor of this paper is one of the judges."

YORBA LINDA

YORBA LINDA, Aug. 25.—The Eastern Star club met at the home of Mrs. Charles Murray on Thursday for an all day meeting. There was a large attendance and the ladies conducted a comfortable for the benefit of the Masonic orphanage.

A number from here motored to Glen Dry on Wednesday where they enjoyed a swim. Included in the party were Mrs. W. G. Cannon, Mrs. M. D. Taylor, Mrs. E. B. Snyder, Frank Tibbitts, Mr. and Mrs. Rocco, Clara, Miss Lauretta Oram, Miss Olive Cole and Mr. and Mrs. J. Brown.

Mr. and Mrs. Weston, Mr. Smith and family left Yorba Linda by automobile for a three weeks vacation, hunting and fishing. The party spent most of the time at the Mendocino Meadows.

Mr. Geo. Quigley took his children to the beach on Tuesday. This club is composed of enthusiastic youngsters and is a branch of the local Farm Center. Several of the mothers went along to help Mr. Quigley keep an eye on the children and all report a jolly day.

Mr. and Mrs. Duncan C. Bowerman and little daughter moved this week to Placentia. They have resided here two years and leave a large circle of friends who are glad to have known them.

Mr. and Mrs. Stanley S. Collins and children spent Thursday with friends at one of the nearby beaches. It has been definitely decided that the local grammar school will open on September 17th. This will be interesting news to the children who have been anxiously awaiting word as to the opening day.

Mr. and Mrs. W. W. Cole moved this week to the Petrolite Motor Lease in order that Mr. Cole might be nearer his work. They resided on the O. A. Mann ranch on Redfield road.

Mrs. Berringer, who underwent a serious operation several days ago, was brought to her home today.

AN INVITATION

The members of the local ecclesiastical, International Bible Students Association, desire to extend an invitation to the people of this city and vicinity to attend the lecture by Judge Rutherford, of New York City, on the subject: "All Nations Marching to Armageddon," at the Coliseum Exposition Park, Los Angeles, Sunday, Aug. 26, at 3 p. m.

This lecture will be broadcasted by K. F. L. Earle C. Anthony broadcasting station.

Eric Messner in his glider at Yreka, France. The frail-looking glider attracted attention and surprised experts as its stability and success in the test.

TWO SIEGEL STOCK CO. ACTORS ARE ILL

With Drury, one of the leading actors of the Siegel Stock Co., which has been playing to capacity audiences at the United Theater three nights a week, suffering from pneumonia, Manager Roy C. Langray was compelled to announce today that there would be no stock offering this week and.

"There seems to be a scarcity of good actors right now," said Mr. Langray, "and we were unable to fill the vacancies on short notice, although we scoured Los Angeles."

"Within a week we hope to reorganize the company under the name of the United Stock Co. I am very sorry to disappoint our many appreciative patrons this week, but it could not be helped."

"We have arranged an excellent film program including 'Shadows of the North,' which has just finished a firm's run at Grauman's Million Dollar theater in Los Angeles. There will be a Buster Keaton comedy."

LA HABRA

Walter Brown, 22, son of Mr. and Mrs. J. H. Brown, of La Habra, was instantly killed last night at 4:30, when the auto which he was driving turned over four times, crushing him between the seat and the steering wheel.

Brown, who was driving with his brother, Jerome, Brown and Clyde Sharp, all of La Habra, on a short distance out of Downey on their way to Long Beach to visit Mrs. Brown, who is passing a vacation there. The accident occurred when he turned a corner too sharply.

Jerome Brown was considerably injured and was taken to the Downey hospital, but will be removed to his home today. Young Sharp received only minor injuries.

Mr. Brown is survived by his parents, a sister, who is on vacation in Santa Barbara, and who had not been located this morning and three brothers. He was a driver for the Standard Oil Co., and had contracted for a job to begin in a few days. The Brown family moved to La Habra two years ago from Oklahoma.

LEAVING FOR EAST

Mr. and Mrs. J. H. Brown, of La Habra, are leaving for the East today for a few days. Mr. Brown is going to the East to visit his parents, who are in the hospital, and to see his brother, who is in the hospital.

Mr. and Mrs. J. H. Brown, of La Habra, are leaving for the East today for a few days. Mr. Brown is going to the East to visit his parents, who are in the hospital, and to see his brother, who is in the hospital.

22 Booths in Auto Section at Co. Fair

Twenty-two booths will enclose the exhibit in the auto section of the Orange County Fair Sept. 25-26, according to Manager R. D. Flaherty, who added that the show would be under the auspices of the Orange County Automobile Trade Ass'n. The booths will each measure 15x30 feet.

Senator Hiram Johnson has been invited to deliver the principal speech at the opening of the fair.

MOTORIST CUT BY WINDSHIELD GLASS

Joe Nathan of West Hollywood told local police last night that his car collided with a Ford between Westminster and Garden Grove about 7:30 last evening, both cars being damaged, and the driver of the Ford being ejected out with flying glass. He did not give the name of the other driver.

An accident was reported yesterday in which Mrs. R. E. Sutton in backing out from the curb on Clarendon street into the bay where owned by H. B. Collins of Anaheim.

BALBOA'S WATER PAGEANT TONIGHT

The pageant of lights tonight at Balboa is an annual event for a radius of many miles out of the popular seaside resort and entries by the hundreds are already made. The several palatial yachts in the bay have been assigned places, and will be followed by other craft down to the small boats, all brilliantly lighted and beautifully decorated.

Valuable prizes are in waiting, among them a lot of new dresses, Balboa's sister city, silver cups, etc. According to chairman Joe Beck, every entrant will receive a prize.

Balboa has arranged to take care of the anticipated crowds and parking spaces have been provided for cars.

COURTHOUSE NEWS

C. L. Murrell pleaded guilty in Justice J. B. Cox's court at Santa Ana last night to his possession of a gun. He was fined \$50.

Justice J. B. Cox set October 31 at 10 a. m. for the examination of R. E. Shoen, charged with passing counterfeit checks for \$100,000 to the American National Bank of Santa Ana to S. Hill and Son.

An order to enter a default in the case of Minnie P. Linder vs. W. P. Linder was signed in Superior court yesterday.

The estate of the late Christopher C. Jennings is distributed as follows, according to the decree of distribution: To Beulah C. Barker, Bertha E. Barker, Leonard Dinkins and Edna Dinkins, \$500 each; to Ruth Dinkins and Prudence T. Barker, the residue of \$18,628.25 and share alike.

Petition for letters of administration was filed today in the estate of the late Charles G. Carlson of Placentia. The estate does not amount to more than \$500.

Louisa J. Evans was named administratrix of the late L. A. Evans of Anaheim who died June 26.

Sheriff Sam Jernigan is asked to arrest E. C. Granger on a felony charge, in a writ received from Sheriff C. L. Gillett at El Centro.

Only 98 prisoners were in the County Jail today, the smallest number in several months. Of 24 inmates, only 16 were in on felony charges.

LABOR LEADER HELD

BERKELEY, Calif., Aug. 25.—James Lord, labor leader, former vice-president of the American Federation of Labor, is today held by the local police for observation as to his sanity.

For many years Lord was one of Samuel Gompers' chief advisers. Mrs. Lord had complained to the police, declaring Lord had become so erratic lately she was afraid to live with him and yesterday a police conductor alleged he had been attacked, after refusing to accept a check for six cents fare, prosecuted by Lord.

ideas and improvements in gliders and showed that glider construction is still in its infancy.

BAPTIST CARNIVAL PROVES SUCCESS

The carnival held by the ladies of the First Baptist church of Fullerton on the J. H. Ellis lawn on N. Potomac avenue was pronounced a success, there being an attendance of about 100. Visitors were present from Brea, Whittier, Anaheim, Breafield and Placentia. Among the attractions were a fortune telling and popcorn, candy, ice cream and "hot dogs" stands.

Mrs. J. E. Ellis and Mrs. H. S. Berkey composed the committee in charge. There was a musical program. The affair was given to raise money to pay the ladies' pledge to the church building fund.

BARTENDERS' UNION RESTING IN PEACE

San Francisco, Aug. 25.—The Bartenders' Union has finally failed to obtain after years of litigation, a decision from the state supreme court in favor of its members.

John O'Connell, of the local labor union, announced that as a result of insufficient membership the bartenders organization had surrendered its charter and was now a part of Waters Union No. 41.

NON-MAGNETIC SHIP TO VISIT SAN DIEGO

SAN DIEGO, Aug. 25.—The non-magnetic ship Caracole, the vessel especially built by the Carnegie Institution to study cosmic variations and related phenomena in various parts of the world, will reach San Diego in time to participate in the general scientific observation of the total solar eclipse Sept. 10.

GOVT. LIQUOR BURNS

VICTORIA, B. C., Aug. 25.—Large quantities of bonded liquor were destroyed here early today as fire broke out in a warehouse operated by the government. Liquor control board damage to the building and stock is expected to run into six figures.

STOCKS CLOSE IRREGULAR

NEW YORK, Aug. 25.—The stock market closed irregular today after a rally, principally in the lower priced railroad and chemical stocks. The market developed an irregular trend and most of the active stocks held low; that in the first period, the previous session, of the week, Erie common and preferred stocks dominated the market for railroads. The volume of trading was exceptionally heavy. The common stock made a new high at 16 1/2, 1/2, and the first preferred advanced to 25 1/2, after which both issues were heavily sold and lost over a point.

Chemical and fertilizer stocks were in good demand and showed good gains. The Iron Chemicals advanced to 40, an advance of 10 points, over yesterday's low. Allied Chemical and Virginia Carolina were also active and fractionally higher. Further weakness developed in some of the oils.

The market developed a bullish trend the close of the session, and most of the leaders were offered at concessions of a fraction to nearly one point for the opening.

Government bonds unchanged; railway and other bonds steady.

Stock sales for the week 3,279,100; bonds, 125,433,000.

WHEAT CLOSSES STRONG

CHICAGO, Aug. 25.—Wheat closed strong on a heavier export demand and Liverpool cables of a seriously damaged Australian crop, while other grains were weak.

Evidence of country offerings in corn and oats taken to issue that the first crop movement was started as a bullish influence.

Wheat was 1/2 to 3/4 up at the close. Corn was down 1/2 to 3/4 and oats 1/2 to 3/4.

Provisions were quiet.

BANK CLEARINGS

San Francisco 119,700,000

LOS ANGELES, Aug. 25.—Butter, 30 1/2c; Eggs—Extra, 40c; case count, 27c; pullets, 25c. Poultry—Hens, 20c; broilers, 24c; fryers, 32c.

CHURCHES

SUNDAY TO PARSONS

The Plain Dealer will consider it a great favor if those responsible for the weekly church notices for Sunday services will hand in the announcements not later than 10 a. m. Editors' notices are published on Friday and as frequently as on Saturday, and it is the desire of the Plain Dealer that no church in the community be omitted.

Any church not now carrying a notice in these columns for the Sunday service is invited to send its announcement, and corrections to be made each week not later than Friday morning.

OAKLAND SALES WIZARDS IN MEET

Preparatory to the advent of the writer among the California Oakland Motor Co. distributors in So. Calif. for the Oakland six and its plans before its dealer organization at a banquet Monday evening in the Blue Room of the Athletic Club in Los Angeles at which Harry L. Turton, local Oakland dealer, was present.

The consistent growth of the Oakland Motor Car Co. in Southern California and the construction of a branch of the Plant, Body Co. in that city to manufacture closed car bodies exclusively for the Oakland were the topics of the evening.

July was the biggest month that Oakland has had in the matter of sale in So. Calif. and it is just another rung in the ladder of popularity.

The Oakland now ranks third in production among the General Motors group and it is climbing the production ladder by leaps and bounds. The recent visit of Henry Gattman, president of the California Oakland Motor Co., gave him a close insight on conditions at the factory and according to him, the future of Oakland is the most bright spot in the motor car constellation.

Representatives of 27 dealers organizations and more than that number of the organization of the California Oakland Motor Co. gathered around the table with Gattman as toastmaster. Each in turn recited his experiences with the Oakland in his territory, and to a man they claimed that nothing but success rewarded them for their efforts. The great reputation that this car has won for itself in the past two years have completely reversed the order of things in motor car circles, and if what Gattman told his guests is only half the truth, a new state will have arisen to shine in the motor car firmament.

OAKLAND PARTS OBTAINABLE HERE

Oakland owners in Northern Orange county now have a convenient Oakland service station near at hand in Anaheim and soon will have a parts department where they can be supplied at short notice. Harry L. Turton now is opening a parts department in his garage on South Los Angeles street. Parts of all models of the car will be available. Turton not only has received many inquiries regarding the Oakland since he took it over about two weeks ago, but is still providing Maxwell and "chalmers" service to local owners and

Battery Mystery To Most Drivers

To most automobilists the inside of a battery is a subject of considerable mystery. Most of them know that the box does not contain a series of gears and pistons such as are found in the transmission, but aside from that their knowledge is more or less nil, says A. Bevilard of the Anaheim Ignition Depot.

Although the extensive use of the automobile today has necessitated a general all-around knowledge of the elementary mechanical working of the machine, few people bother to find out what makes the battery do the excellent work it does.

"Service station men all over the country are united in a desire to educate every car owner as to the inside workings and the proper care of the battery. It is to their interests that car owners should be able to get the maximum use from their batteries. Bevilard, of the local Willard service station, says that they make it a point to explain the construction of the battery to every person who will take the time to listen. And it is surprising how many remark that they didn't know this thing or that thing about batteries before."

HERE'S A WAY TO IMPROVE THAT FORD

Alvin Kent Ignition and a Rayfield excubator are recommended to Ford owners by Robert V. Jensen, local distributor, if they want to see their cars exhibit their best power.

The Alvin Kent Ignition is easily installed and adaptable to any Ford car, of new or old model. The radiator doesn't have to be removed, and on Ford equipped with starting and lighting the L. A. system is operated on the current from the storage battery, using one Ford coil with vibrator screw down tight. This leaves three spare coils for emergency.

The advantage of the Rayfield excubator is that after it has been once adjusted, no further adjustments are necessary on account of reasonable weather changes. This is made possible by use of the thermostat air shutter, for which patent has been applied for, which is a feature of this battery only, says Jensen.

The air shutter is made of all alloy of expansive metals which expand or contract with heat or cold. Former patrons of Turton and Lumsden's battery store appreciate their consistent business.

NO HOKUS POKUS ABOUT "BIG MOMENT" IN CIRCUS

EMIE, ONE OF THIRTY-TWO PERFORMING TIGERS WITH RINGLING BROS. AND BARNUM & BAILEY

Those of us who see the movie over the circus rings. Complete copies of Nubian lions, Bengal and Sumatran tigers, black panthers, all grown tigers, jaguars and polar bears are exhibited. These splendid animals ride upon swiftly running horses. "About the circus," they through hoops or over objects their height of their trainers' heads, and some at tables with their teachers.

Europe has been combed to obtain its biggest and most exciting wild animal acts and its foremost trainers. Other recently imported displays present 200 trained horses. In addition, 750 men and women stars and scores of more familiar animal acts, such as forty elephants, monkeys, dogs and seals, will be seen when the double circus exhibits in Santa Ana Tuesday, Sept. 11.

NASH FOUR DOOR COUPE MAKES HIT

Outspoken admiration has been expressed by those who have seen the new Nash four door coupe which typifies Nash ingenuity in the creation of original body types. Shipments of 12 models comprising the new Nash line have been going forward now for several weeks, and the cars are on display at dealer points throughout the country. Advancements and improvements both in engineering and equipment have been embodied in these new models with no advance in price.

"There is no question but that the new four door coupe is an outstanding leader in closed car field," said E. H. McCarty, general sales manager of the Nash Motors Co. Its design impels admiration while its appointments and riding qualities are in thorough keeping with its handsome appearance."

Through use of every interior inch the car has been made spacious for all passengers and yet it is so compact that handling is greatly facilitated. The body, which is built on a new chassis, is set off with black running gear and fenders. Five main round disc wheels, with the fifth wheel mounting at the rear are standard equipment. There is a rear view mirror, kick plates to protect the paint, an instrument board with all instruments under glass and included in the instruments is a clock of select time keeping quality.

At the rear of the car is a sturdy trunk, built-in, white strong nickel plated bars add a decorative note to the trunk and the rear of the body and permit strapping on of additional luggage without injury to the coach finish. The upholstery is of mohair and tape in color. Other features of the new Nash four door coupe include, vanity case, smoking set, dome light, two reading lamps, wide door pockets, heater, automatic windshield wiper, robe strap and foot rest.

Stevens left for the east again this time for a three month rest, as prescribed by his doctor. He will visit the summer home of W. G. Durant in Michigan and rest there. He will try to forget about business for a while, and the only trouble they are having here is to get enough automobiles to fill their orders.

The factory is booming, and Star sales have grown enormously too. Plain Dealer Want-Ads bring results.

5,704 AT BUICK FACTORY IN DAY

Five thousand seven hundred and four persons visited the show rooms of the Buick branch on one day to view for the first time the open model of the Buick 1924. From early morning until late at night there was a constant stream of people attracted by the fast spreading news that Buick was showing the greatest line of cars in its history. Actual orders, aggregating 150, were filed in the Buick branch during the day.

More than 2,000 people entered the doors of the branch on another day, according to a statement reaching the Anaheim Auto Co., local distributor.

Before the week was ended, scores of brand new Buicks were seen on the street and on every corner groups were discussing them.

The things which visited the branch not only looked over the cars with the keenest interest, but either placed orders or promised to do so.

Of the six-cylinder body models one is known as the "Double Service Sedan." It is pointed a durable black and the interior is lined and upholstered in easily cleaned material. The result is a car that can be used for the roughness of business and at the same time quickly adaptable to social purposes.

The five-passenger brougham touring sedan is the other extreme of the Buick line in every respect. It has appointments of an ultra-modern character, and an equipment unusually complete.

CROSSTOWN BUSES HELP L. A. TRAFFIC

Crosstown bus service—long the subject of much heated discussion on one side to the solution of Los Angeles traffic problem—has at last become a reality.

Last Saturday regular crosstown service was inaugurated by a motor bus company on Western avenue, between Los Feliz Blvd and Glendale avenue. Prior to the inauguration of the service, 11 of the buses took part in a monster parade.

These 11 buses, the first of a large order placed for future delivery, included Morandale, all of the most advanced type of motor construction.

It is interesting to note that the buses are a Western product, both being manufactured here in California. Already 50 of the buses have been ordered from the Morandale Truck Co. 10 of which have been delivered. These 10 are all Godfrey equipped with 16½ horsepower, and have dual tires on the rear. The combination of Morandale trucks—"Best for the West"—and Godfrey tires—"Los Angeles Made for Western Trade"—certainly speaks well for the foresight of the officials of the motor bus company who specified them.

ALEMITE GUN TO BE INSTALLED HERE

The Public Garage, which recently opened in the new building at 120 South Los Angeles st., carrying the Morandale truck, sold one of the big machines this week to the Santa Ana Lumber Co.

In line with their policy to make their service second to none, this new day and night garage is preparing to install a big Alemite gun, said to be the only one to be installed here. It requires the staff at 5,000 pounds pressure.

The garage is distributor of the Peaslee motor oil and Speedol greases. All kinds of service on all kinds of vehicles.

COURTHOUSE NEWS

General denials were made in separate answers filed by the Leach-Bittworth Motor Car Co. and M. A. Leach to the likely of the Golden State National Bank, in connection with a promissory note alleged to have been given by Blanche L. company. The alleged note was not received, the defendants declare.

Stevens left for the east again this time for a three month rest, as prescribed by his doctor. He will visit the summer home of W. G. Durant in Michigan and rest there. He will try to forget about business for a while, and the only trouble they are having here is to get enough automobiles to fill their orders.

FIRST CLASS MAKE OF CAR, TOURING OR ROADSTER, \$950 OR LESS DELIVERED HERE. NEW MODEL OF OLD CAR

Differential between open and closed models to be kept at minimum.

Where Will It Be Found

Radio Parts and Equipment. Ford Batteries, \$17.00. ROBT. V. JENSEN. Carburetor and Ignition Works. 242 East Center St. Anaheim, Cal.

New Riding Qualities Appeal to Prospects

It is evident from the expressions of buyers and prospective buyers that a decided improvement has been made in the riding qualities of Dodge Brothers Motors Cars. No one who sits at the wheel to inspect the new line misses an opportunity to sit in the deep and roomy seats and comment on their exceptional comfort. The seats and body are considerably lower than before, not only adding to riding ease, but affording much more leg room.

In addition, the gear shift lever has been moved forward, giving an unusual amount of room; the instruments have been grouped on an attractive panel, and the leverage of the clutch pedal has been altered in such a way that the slightest pressure of the foot answers the purpose. The latter improvement is of especial interest to women who find it a great convenience in driving is heavy traffic.

OLDS STILL BREAKS HILL CLIMB RECORDS

All the way from Corner Hill at Beacon to Summit Hill at Central Washington; from East Second St. to Fairmount, Minnesota, to Fairfield Hill at Shreveport, Louisiana, old hill climbing records have been shattered and new ones established in their places by Oldsmobile drivers, says V. V. Vandercip, local distributor.

These tests, on the country's hardest hills, prove the amazing power of the Oldsmobile four engine. But a powerful engine such as this can function only in a chassis built proportionately strong. Every vital chassis feature of the Oldsmobile four is over-size for strength.

The frame is seven inches deep instead of the usual five and one-half inches; the rear springs are 5½ inches in length, while the over-ride for cars of this type is 50 inches. The axle cross members and shackle bolts are larger than usual for cars of this type and price.

Drivers of the Oldsmobile four buy not only great power and hill climbing ability, but a measure of construction and superiority of materials which insure long life and satisfying performance.

SAWYER PHYSICIAN FOR FREE COOLIDGE

WASHINGTON, Aug. 25.—Brigadier General Charles E. Sawyer, who was personal physician to the late President Harding, will continue in that capacity for President Coolidge, it was announced today. Sawyer is also chairman of the federal hospitalization board.

DODGE BROTHERS ANNOUNCE

Important improvements in the appearance and riding comfort of their motor cars.

Through use of every interior inch the car has been made spacious for all passengers and yet it is so compact that handling is greatly facilitated. The body, which is built on a new chassis, is set off with black running gear and fenders. Five main round disc wheels, with the fifth wheel mounting at the rear are standard equipment. There is a rear view mirror, kick plates to protect the paint, an instrument board with all instruments under glass and included in the instruments is a clock of select time keeping quality.

At the rear of the car is a sturdy trunk, built-in, white strong nickel plated bars add a decorative note to the trunk and the rear of the body and permit strapping on of additional luggage without injury to the coach finish. The upholstery is of mohair and tape in color. Other features of the new Nash four door coupe include, vanity case, smoking set, dome light, two reading lamps, wide door pockets, heater, automatic windshield wiper, robe strap and foot rest.

Stevens left for the east again this time for a three month rest, as prescribed by his doctor. He will visit the summer home of W. G. Durant in Michigan and rest there. He will try to forget about business for a while, and the only trouble they are having here is to get enough automobiles to fill their orders.

The factory is booming, and Star sales have grown enormously too. Plain Dealer Want-Ads bring results.

DAILY GREETINGS TO OUR READERS

Perfect consecration is the doorway out of the most intractable unbelief. This is also the perfect cure for doubt.—Daniel Steele.

Reforms Handicapped by Unwise Methods

Why do they do it? Why do the zealous friends of reforms and of reformers embarrass the work of reformation by talking too much about it? A case in point: Chief of Police Vollmer, in Los Angeles. This noted expert in criminology was brought from Berkeley to "clean up Los Angeles." If given a free hand and wise support by the better elements in the community, he doubtless could make the reforms which Los Angeles feels that it needs.

But the unwise thing is being done in proclaiming to the world what the new police chief is going to do; in making extravagant pledges and claims; and in handicapping the new chief by overpraising him. The first reaction from this will be disappointment. A great many friends of reform are sure to be disappointed. Because the reformatory process necessarily will be somewhat slow. Brought up to extreme heights of expectancy by the great claims and the effusive pledges now being made, there will be expectation and ultimately demand that Chief Vollmer do that which only a miracle could accomplish—work over and improve conditions in Los Angeles in swift order. It can't be done. Chief Vollmer can't do it, and no other man can. There might be a semblance of betterment quickly, but the work of real reform must go deep down, and this is a gradual process.

The forces of vice and crime do not proclaim to the world their intentions. They proceed quietly. And their very quietude and secrecy help them to accomplish their ends. Some of the same method should be used in combatting these evil forces. Let the reform proceed quietly and discreetly. Let the reformer keep the enemies of law, order and decency guessing, and his work will be more effective and his task will be done more quickly. Do not handicap the reformer and his reforms by talking too much about them. Let the works of reform speak for themselves.

California is observing "Egg Day." Let it be "Ham Day" next.

Polar Flight Planned by R. Amundsen

Captain Roald Amundsen chose discretion as the better part in connection with his projected flight across the North Pole. The airplane and equipment which he had planned to make the aerial dash early this summer were not satisfactory and did not assure safety. Consequently, the renowned polar explorer postponed the flight.

Captain Amundsen, according to reports, is planning to try the flight next year, starting from Spitzbergen instead of from the Alaskan side. He is taking note of the different types of machines, and will be in position to judge of the relative merits of the different models.

Flight across the Pole is certain to be accomplished by somebody. Captain Amundsen doubtless will be the fortunate one to make this memorable achievement, which should be of great importance to science. This intrepid Scandinavian will rank among the greatest explorers of all time. He discovered the South Pole; he discovered the magnetic pole; and he was the first to voyage a ship through the Northwest Passage.

Of course, the irresistible punster is sure to remark that observance of "Egg Day" is a hard-boiled notion.

Co-Operation Is Given in Reclamation

The Reclamation Bureau of the Federal Government is adopting more generous measures toward settlers on reclaimed lands. There has been lack of co-operation between the federal officials and settlers. This new policy should be conducive to betterment of conditions all around.

For one thing the Reclamation Bureau is to encourage the subdividing of large holdings into small farms, where such proceeding would tend toward better farming. This is commendable. There should be encouragement of small farms and intensive methods of farming.

The development of reclaimed lands is a matter of concern to the whole country. It means productive riches. This producing brings much added wealth into the community and distributes it generally.

Good deeds speak more eloquently than mere words.

Europe is paying dearly for its indulgence in militaristic folly.

Militarism should be thundered out of existence by the right words of the peace-loving masses.

The grade crossing menace will not be better until the people demand its betterment. And the only way really to better it is to abolish it altogether.

FEARS AND HATREDS

PARAGRAPHS

By ROBERT QUILLEN

Nearly every successful man has debts. The failure's debts have him.

If his name appears in print without the "Mr.," it means that he is a nobody or a somebody.

Another objection to Prohibition is that the bootlegger never has a little dish of clover.

If he sits and dreams and whistles, he is a leader. If he omits the whistling, he is a foreman.

The difference between Bolshevism and Fascism is that a different crowd feels the pinch of transit.

If you will work hard and save, you may in time become rich enough to say: "Bah! What is mere money?"

About the only exercises a cake-eater gets is the coughing between cigarettes.

Now that various church denominations are uniting, there should be no obstacle to a mere League of Nations.

The two best ways to succeed in business are to begin at the bottom and to select the right father-in-law.

All you need to run a summer resort is some kind of climate, an itching palm, and a supply of postcards.

Towa girls demand military training. These stories are no exaggerated. All they ask is the right to bare arms.

A prominent educator says school teachers make the best wives. Ah, well; they are accustomed to housing inferior.

Sophistication is the quality that keeps you from hoping for much when the pinch hitter advances swinging four bats.

The only two people accorded uniform respect in every part of the civilized world are a King and a cook.

When children are permitted to develop their "personality," a stranger can't tell whether its personality is impudence.

This "enlightened self-interest" the statesmen talk about isn't new. Years and years ago the nation grabbed colonies.

Correct this sentence: "Let's turn the car here and go back," said the flapper: "I promised mamma to be in by 9 o'clock."

"There is not enough experience in America to make the Fascists successful." For that matter, there isn't enough cancer oil.

The "melting pot" theory doesn't always work. Sometimes the egg doesn't help much if there is one bad one in the lot.

ABE MARTIN

Mr. Clifford Moots did not attend the convention at Vincennes as he couldn't find no one to keep her term. Our idea o' th' unequal distribution o' trouble in this life is 't have one daughter graduate an' one git married all in th' same June.

POEMS THAT LIVE

WHAT QUILE IS THIS?
What quile is this, that throes
her golden tresses

She doth attire under a net
of gold;

And with sly skill so cunning
by them dressed;

That which is gold or hair
may scarce be told!

Is it that men's frail eyes,
which are too bold;

She may entangle in that
golden snare;

And being caught, may craftily
enfold

Their weaker hearts, which
are not self aware?

Take heed, therefore, mine eyes,
how ye do stare

Henceforth too rashly on that
guileful net,

In which, if ever ye entangled
are,

Out of her hands ye by no
means shall get.

Fondness it were for you, be-
ing free,

To cover fetters, though they
golden be.

Edmund Spenser.

DINNER STORIES

A certain painter is confined in an asylum, says Art Horner. To persons who visit him he says:

"Look at this; it is my latest masterpiece."

They look, and see nothing but an expanse of bare canvas. They ask:

"What does that represent?"

"That? Why, that represents the passage of the Israelites thru the Red Sea."

"How paradoxical, but where is the sea?"

"It has been driven back."

"And where are the Israelites?"

"They have crossed over."

"And the Egyptians?"

"Will be here directly. That's the sort of painting I like—simple and unpretentious."

Little Johanne, aged six, had been to church and had displayed more than usual interest in the sermon, in which the origin of Eve had been dwelt on at some length, recited Tit-Bits.

On his return, from service, there being guests at dinner, he had also displayed a good deal of interest in the tables, especially the pie and cakes.

Some time afterward, being missed, he was found sitting quietly in a corner with his hands pressed tightly over his ribs and an expression of awful anxiety on his face.

"Why, what on earth is the matter?" asked his mother in alarm.

"Mama, I'm afraid I'm going to have a wife," little Johanne replied.

A man came in and asked if he could see the boss, says the Louisville Courier-Journal. They told him he would have to wait, that the boss was in conference.

"Very important," added the attendant.

"I know that," said the stranger. "I heard the cork pop."

According to his father, young Lew is the unluckiest fellow alive.

"Consider the last case," declared the old man to the American Legion Weekly editor.

"Lew goes to the city and falls in love with a girl that lives out in one of the suburbs. And then she drops him down."

"That's nothing," remarked an auditor. "There's lots of girls."

"That ain't the point. The point is that the girl threw him down on his second trip to her place, and he'd want to work and bought a fifty-ride commutation ticket."

The man of the house in name only mopped the bald spot in front where his forehead should have been and gazed with jealous hatred at his wife a few steps ahead, according to Judge. It seemed evident that he was about to divulge a confidence, and the hotel clerk leaned toward him with a friendly, expectant glance.

The grumbling one came nearer to the clerk and said: "When I got married her folks told her not to do it and my folks told me not to do it. Said it was a mistake and we wouldn't stay together a week. Mistake nothing! I've been married twenty years and I can't even get out for one night!"

COMMENTS OF THE PRESS

EDITORS ARE SAYING

HUGE ARMY IN CIVIL SERVICE—Barkeley Gazette

Those who have the say about the expenditure of tax money frequently speak of the wastefulness of armies and navies. They wish as does everyone else, that such national safeguards were unnecessary and that the funds needed for their maintenance might be diverted to serve other purposes.

But as a rule they have very little to say about our standing army of tax collectors and spenders, which is more than five times the size of army and navy combined. In this connection the recent report of the taxation committee of the Michigan Bankers' Association is particularly interesting.

The committee asserts that in the past fifteen years, more than 1,600,000 laws have been passed in this country to control the lives and business activities of our people and that one individual in twelve of our population is supported by the tax-paying public in one way or another. In the state of Michigan, 50 per cent of the wealth newly created every year goes to pay for government, state, local or national.

The United States government pays salaries to 700,000 civilians and the several states have more than twice that number on their payrolls. Add their families and dependents, and you will understand the surprising totals and the cost of our governmental housekeeping.

Is it any wonder that tax-free securities are popular, and that so many supposedly upright citizens are to be suspected of forgetfulness in the matter of their tax returns? Is it any wonder that most business men hold up their heads in horror at the thought of government ownership or operation of utilities?

ONE SPUR IN THE MOMENT

SO THIS IS PEACE!

Lord Carson takes his pen in his hand. The German cabinet walks out. And writes a note to France. And revolution's rift. The anarchists now gaily shout. He wants Poincare to understand. And urge the coming strife. He's getting his last chance. The Russian troops, a million picked. The Turk upon his boundary. They're getting ready to get fence. Makes faces at the Greek. In some long-hoped-for fray. They're only waiting to commence. With each and every foreign race. The usual battle of the week. We think that Europe is no place just now for Uncle Sam.

Secretary Mellon has recently been made a doctor of law. Well, heavens knows there are plenty of laws that need doctoring.

One woman down at the seashore has the right idea. When she writes to her hard-working husband here in town she calls him "sweetheart."

ANOTHER PRODIGY

Dear Roy—To help my leg know by some of your delinquent contributors, let me tell you that this "Bird" girl, who operates the typewriter with only four fingers, has nothing on me. I can do it with two.—Huntley Peck.

Los Angeles man has lost one wife eight times. But she has always come back. Probably he believes nine times will end it.

Each of us owes \$36 of the public debt, according to statistics. We have paid our share several times over this year in income tax.

We are deeply dismayed by the latest news from London—news of an international importance. It happens to strike close home. The news is that the dinner jacket, or, as Americans call it, "Tuxedo," has passed entirely out of style, and all also—indeed, now wear tail coats in the evening for every sort of function. Recently it was noted that during the supper hour at the Savoy not a dinner coat was to be seen. We take this as personal privation. Only about a month ago we went and bought a new dinner jacket with a swell satin collar, and we paid \$28.75 for the outfit, which, of course, is now just money thrown away. The old tail coat is out of existence out of existence year ago by the month. We hardly know what to do about this, but we have a word of cheer from the gentlemen down in the basement of our house who press clothes. He claims he can fashion a couple of tails onto this dinner jacket, but, of course, the grating point will always show. The life of a man of fashion is cluttered up with difficulties, because, of course, if dinner jackets are taboo in London, far be it from us—
