SUBSCRIPTIONS POUR INTO INDUSTRIAL FUND

Senator Elkins Admits Buying Sinclair Stock; G. O. P. Leaders Urge Daugherty Quit

TO EXAMINE BOOKS OF WHITNEY

Coolidge Told Retirment Of Attorney-General Now Advisable

By KENNETH CLARK
I. N. S. Staff Correspondent.

WASHINGTON, Feb. 20.—President Coolidge was advised late today by a number of prominent Republican senators that the resignation of Attorney General Harry M. Daugherty would relieve administration forces in the senate of considerable embarrassment.

This new move aimed at Daugherty's resignation followed a secret conference held at the home of Senator Lodge, Republican of Massachusetts, last night, which is understood to have developed a consensus of opinion among the Republican senators present that Daugherty should resign.

Senators Lodge, Republican of Massachusetts, and Pepper of Pennsylvania, were formally delegated to go to the White House and confer with President Coolidge over the situation.

WASHINGTON, Feb. 20.—The senate oil investigators today decided to send expert accountants to New York, to examine the books of Harry Payne Whitney, multi-millionaire financier, and business associate of Harry F. Sinclair.

This decision was reached after a secret hearing accorded Whitney.

WASHINGTON, Feb. 20.—Senator Davis Elkins, Republican of West Virginia, one of the many prominent men in the official life of Washington whose names have been mentioned in the rumors and reports incident to the naval oil leasing scandal, issued a public statement today admitting that he had "from time to time purchased shares of Sinclair oil stock."

He denied, however, that he had taken any profit in his dealings.

Senator Elkins is reputed a multi-millionaire. He was a close personal friend and frequent golf companion of the late President Harding.

Senator Elkins later offered to appear before the senatorial investigating committee. He was obviously concerned over the latest revelations and denounced the whole investigation as "politics and propaganda."

His statement this morning followed the revelation that his name among others, had been disclosed to the senate oil investigating committee through examinations of the books of a New York brokerage house.

WASHINGTON, Feb. 20.—Secretly, behind closed doors, the senate public lands committee today delved deeper into its ever-widening investigation of oil stock deals by prominent government officials.

Additional stock books of New York brokerage houses, secured by the committee as a result of new clues involving prominent figures in official circles in Washington, were laid before the inquisitorial body for examination.

The committee worked on information and tips that the books would disclose wholesale secret stock deals just previous to the leasing of Teapot Dome by ex-Secretary of the Interior Albert B. Fall to Harry F. Sinclair.

At least one official in public life has already been found on brokers' books, as announced exclusively by International News Service Monday.

In addition to the new books, the committee called Harry Payne Whitney, millionaire turfman and business associate of Sinclair, to appear for cross examination.

Whitney was the first witness called by the committee when it met shortly before 10:30 o'clock. He appeared nervous as he went into the meeting room.

Whitney was closeted with the committee only a short time. When he came out he declined to make a statement. He was joined at the door by Senator Davis Elkins, Republican of West Virginia, who admitted today having bought and sold some thousands

Killed Year After Daughters Burned

ST. PETERSBURG, Fla., Feb. 20.—Each shot through the left temple, apparently, murdered as they slept, Mr. and Mrs. J. M. McDowell were found lying in a pool of blood in a bed at their home here today.

In the bed was a crumpled letter written on heart-shaped stationery. The writing was couched in religious language and referred to "sin washed away in blood."

It was one year ago today that the two young daughters of the McDowell's were burned to death on a kerosene soaked mattress at Decatur, Ga.

BOY ADMITS "SACRIFICE" OF FAMILY

ST. PETERSBURG, Fla., Feb. 20.—Frank MacDowell, 19, this afternoon confessed that he "sacrificed" his mother, his father and his two sisters "to expiate the sin of my blasphemy against the Holy Ghost when I was 12 years old."

Admitting firing the house in which his two sisters perished in Decatur, Ga., one year ago today, and confessing to the double murder of his father and mother in their home here this morning, the youth said he purposely committed the crimes on the anniversary of "his blasphemy."

Upon the "discovery" of his dead parents, Frank screamed, bringing neighbors, who summoned the police.

Frank exhibited a bump on his forehead, which he said he sustained when he was struck as he opened the door of the bedroom. The abrasion was slight and the bump disappeared in the course of an hour.

DECLARES PROBERS LIKE WOLF PACK

NEW YORK, Feb. 20.—"A lot of people are trying to run the American people off their feet in the investigation of the naval reserve oil leases," E. L. Doheny, head of the Pan-American Petroleum Co., was quoted as saying in an interview in the Wall Street Journal today.

"When I was on the stand in Washington," he said, "it reminded me of old times in the west when one of our dogs at mating season joined the wolves—the wolves would surround our camp at night and I could hear my own dog barking among the wolves as they howled around us.

"It seemed at Washington I could hear the bark of my own friends in a pack of political wolves."

$20,000 BUILDING

Plans were announced today by the Maxwell and Crooke Realty Agency for a business building by Eugene Durfee, architect at Rossllyn-ave. and So. Spadra-rd., Fullerton, to cost $20,000. It will be a one-story, brick, with a frontage of 95 feet and a depth of 60 feet, and will contain five storerooms.

SPECIAL ASSEMBLIES

A special assembly was held today at the Fullerton high school for the men's saxophone quartette from Immanuel Baptist church, Los Angeles. A special assembly is also planned for tomorrow in honor of Washington's birthday.

The school opera play, "Prince Jacund, Jr.," is to be given Friday and Saturday nights.

POLICE SHOT BY BANDITS IN L. A.

Two Gangs Swoop Down on Two Branch Banks In Metropolis Today

LOS ANGELES, Feb. 20.—Two police officers were shot, one perhaps fatally injured, as two bandit gangs swooped down on two branch banks in different parts of the city shortly before noon today.

The Merchants National branch bank at Seventh and Hoover Sts. was held up and robbed by masked robbers who shot the patrolmen as they fled to a waiting automobile.

Covering J. R. Coons, manager of the Security Trust and Savings branch bank at West Adams and Halldale Sts. with a revolver, two unmasked bandits obtained more than $800 in cash. The bandits then escaped after keeping Coons silent until their confederate arrived in an automobile. This is the second time the West Adams bank has been robbed within a month.

$200,000 LIQUOR HELD IN DENVER

DENVER, Feb. 20.—One thousand cases of bonded liquor valued at more than $200,000 were seized by the railroad yards here early this morning by a squad of policemen acting under orders from Sergeant Fred Reed.

Sergeant Reed had received a secret tip that a carload of bonded liquor, consigned to unnamed persons in Cleveland, Ohio, had been billed from a California point, as non-intoxicating wine.

The car arrived in Denver last night over the Union Pacific and was to have been transferred to the Rock Island line early this morning when seized.

Sergeant Reed refused to give the names of the parties involved, but it was the first step in the breaking up of a nation-wide booze ring which had been in operation for a year.

COOLIDGE CLUB MEETS THURSDAY

Orange-co Coolidge club will assemble in an important gathering tomorrow evening at McFarland's Cafe, Fullerton, according to an announcement which reached Secretary Frank Tausch of the local club today from Alcander Brownridge, secretary of the county organization.

The club is expected to endorse the candidacy of C. C. Chapman of Fullerton, "father of the Valencia orange industry," for the Republican nomination as vice-president.

All are urged to be present.

STAR PUBLISHERS SUE VANDERLIP

NEW YORK, Feb. 20.—Roy D. Moore and Louis H. Brush, owners of the Marion Star today filed suit for $600,000 against Frank A. Vanderlip, banker, for slander and libel.

The action was instituted in the U. S. District court and papers in the suit have been served on Vanderlip.

The suit is the outgrowth of the recent statements of Vanderlip regarding the sale of the Marion Star, by the late President Harding.

EARLY MORNING FIRE

The fire department was called at 6:15 a. m. to extinguish a fire on the outside of a garage in the rear of 211 So. Claudina-st. The fire is said to have been caused by burning trash where an underground plank ventilator connected with the garage burned all night. The fire was extinguished without serious loss. The place is owned by Mrs. M. Ross. Mrs. Lake Bevill operates a boarding house there.

SENTENCED FOR SPEEDING

Moses Ochoa was fined $25 and given five days in jail by Recorder Heathman for speed 50 to 60 miles while thru Santa Ana last Sunday midnight. He was taken in by officer Jaynes.

Worst Sleet Storm of Season in East

NEW YORK, Feb. 20.—The Atlantic seaboard today was in the grip of the worst snow and sleet storm of the season.

Three inches of snow had fallen by midnight. The storm was expected to last all day today. Drop in temperature was also expected.

Coast guard cutters remained in readiness today to dash out to the rescue of craft crippled by the storm.

TORONTO, Ont., Feb. 20.—For the first time in years, Toronto is practically snowbound. Schools were closed today, residential streets were blocked, car service tied up and railroad schedules away off.

COOLIDGE TO VETO DEMO TAX PLAN

By GEORGE R. HOLMES
I. N. S. Staff Correspondent

WASHINGTON, Feb. 20.—The threat that President Coolidge will veto the Democratic tax reduction rates that are now written into the new revenue bill in place of the Mellon schedules was definitely projected today in the congressional tax fight.

The sharp defeat of the Mellon program by a coalition of Democrats and insurgents was a distinct shock to the White House, despite the fact that it has long been apparent to observers that the Mellon bill could not be passed as written.

The White House was in direct touch with the capitol during the balloting late Tuesday.

A White House official, who usually speaks for the president, said today:

"The president will not recede one inch from his previously stated position. The Garner plan is fundamentally unsound. Its enactment would wipe out the $300,000,000 surplus now existing in the treasury and would, in fact, create a $300,000,000 deficit.

"The president would be more than derelict in his duty if he allowed a measure to become law that would take $600,000,000 out of the public pocket. The present $300,000,000 surplus has been carefully nursed into existence by the Harding and Coolidge administrations during a long series of rigid economies.

"If it is within the power of Mr. Coolidge to do it, the treasury will be protected."

A situation well nigh unprecedented in political history would be created if President Coolidge vetoes the revenue bill because it provides greater reductions all around than Mellon proposed. Many Republicans doubt the wisdom of a veto—at a time when the entire country has been buoyed up by the prospect of thrusting off some of the present heavy load.

WOULD CONSCRIPT ENTIRE COUNTRY

WASHINGTON, Feb. 20.—Conscription of the nation's entire wealth of man power for service in time of war was proposed in a bill offered in the senate this afternoon by Senator Capper, Republican of Kansas.

The bill had the endorsement of the American Legion and is said to embody the views of the late President Harding.

The measure is designed to prevent exemption and profiteering in time of war.

PICKWICK CO. BUYS CROWN STAGE LINE

Transfer Will Take Place About March 1; Price Given Was $100,000

The State Railroad Commission according to a telegram received today by President A. B. Watson of the Crown Stage Lines, had signed the order transferring the lines to the Pickwick Stages, effective about March 1.

Following the actual transfer, which is expected soon after March 1, at the latest, according to Watson, direct stage connections will be established between Anaheim and all points on the Pickwick concern's lines, from the Imperial Valley to Portland, Ore.

The Crown Stages already has taken steps to resume service between Anaheim and Huntington Beach, following the purchase of the Huntington Beach line.

There will be no change of depots anywhere on what is now the Crown Stage lines.

The purchase price of the Crown Stage Lines was $100,000.

ACCEPT PRINCIPLE OF REPARATIONS

By FRANK E. MASON
I. N. S. Staff Correspondent.

PARIS, Feb. 20.—The French government, as represented by Premier Raymond Poincare, today accepted in principle the reparations solution worked out by the two committees of experts appointed by the inter-allied reparations commission.

The program of the two committees has not been made public but probably will be next week. It will be discussed by the committees Saturday.

The Petit Journal, controlled by Minister of Public Works Loucheur, stated this morning that all the five parts of the provisional plan of the reparations committee have been accepted by the government.

JEROME HEADS STATE TAX ASS'N

County Audi or W. C. Jerome, newly elected president of the state association of county auditors, and County Tax Collector J. C. Bush, were back in their offices today after attending the state convention of their respective organizations at Monterey.

The 1925 convention will be held in Los Angeles instead of Santa Ana, which city had hopes of entertaining the two state associations next year.

New methods for making tax redemptions, designed to shorten and simplify the present system, were discussed, it was said.

SEEKS JUDGMENT AS SALE FALLS THRU

Transferred to this county from Riverside county, a suit instituted by Charles E. Sprouse against A. E. McLean of Fullerton was on file today.

Asking judgment for $2500 against McLean and court order to compel the Title Insurance and Trust company, Los Angeles, to turn over $1000 of McLean's money held in escrow, the suit is in connection with an alleged agreement by McLean to purchase property belonging to Sprouse.

EDISON MANAGER C. OF C. SPEAKER

Fullerton C. of C. members tomorrow evening will hear an address by R. H. Ballard, general manager of the So. Cal. Edison Co., one of the best speakers in So. Cal. His subject is to be "Community Development."

The regular 6:30 banquet is to be served, and the reports of committees received. A special musical program is also being arranged.

BRIDGE CONTRACT

Supervisors have let the contract for a steel and concrete bridge across the Santa Ana river along the new coast route between Huntington Beach and Newport Beach to McKay Engineering Co. on a bid of $63,131. Six bids were received, the highest $88,000.

Realty Men Plan State Industrial Conference

An industrial conference in Anaheim under the auspices of the State Real Estate Ass'n!

A unanimous vote in favor of outlining plans for such a meeting, which would be conducted along lines similar to those of the recent land conference at El Centro, was passed today by the Anaheim Realty Board at its weekly dinner in the Cherry Blossom.

If, after an investigation, the porject is found wise, the State organization will be asked to take it up. The board already has endorsed the move for industries here.

The industrial conference project and passage of a motion to consolidate behind a test case to fight the compulsive collection of the city occupational tax were the features of today's gathering. W. B. Allen, who has taken a leading part in the opposition to the tax, put the motion.

Allen said that 70 persons here opposed the tax, including lawyers and dentists. His motion called for the appointment of a committee of three who will interview Orange Community residents, also, if the case is carried to the Supreme Court. If necessary it will be carried to the State Supreme Court Allen declared.

Secretary J. L. Swarthout read a letter written by Attorney General U. S. Webb to Edwin T. Keiser, State Real Estate Commissioner, in which Webb intimates that an opinion from him on the legality of the ordinance would not be in place.

Jake Schumacher was the man who suggested the industrial conference after remarking on last night's successful dinner at the Elks' club. Schumacher's cake, which he bought for $16 at Monday night's Ebell club dinner, was part of today's luncheon.

Thanks from the Ebell club were received, in a letter also read by Swarthout, for the carnations which the board donated as favors. The board's advertising committee arranged the gift, President B. H. Sidon explained.

Referring to his recent arrest on the Brea-blvd while he was going only 20 miles an hour and in procession, Sidnam declared that the Fullerton City Council was beginning to take notice of the orriciousness of City Marshal Ruedy in going out of the way to make

17 HEIRS TO FORD ESTATE OF $356,595

There are 17 legal heirs to the $356,595 estate left by the late George W. Ford, according to a petition on file today seeking letters of administration. No will has been found.

The estate's valuation is given in the petition, which sets forth various items, as follows: 20 acres of walnuts in Santa Ana, valued at $100,000; 76 acres of walnuts near the county hospital, valued at $119,000; 150 acres of unimproved land, valued at $15,000; 2 acres valued at $10,000; 32 acres valued at $3,500; livestock and vehicles valued at $1200; 15 shares of Edison company stock valued at $1500; 58 shares of Bank of Italy stock valued at $5500; 65 bonds of the Walnut Growers company valued at $6,200; Liberty bonds and treasury certificates valued at $15,975; notes valued at $15,000 and household effects valued at $2,000.

The heirs, including the widow, four sisters and 11 nieces and nephews, are: Mary S. Ford, 65, of Santa Ana, widow; Margaret Hutsan, Ft. Benton, Illinois, sister; Mary E. Ford, 69, San Diego, sister; Olive E. Ford, 61, Rice, Ariz., sister; Edna E. Cochran, 39, San Diego, niece; Guy Ford and Roy Ford, sons of the late Theo. Ford, deceased brother, both residents of Orange; Homer, George, Anna and Myrtle Ford, children of J. R. C. Ford, deceased brother; all of San Diego; Leavitt Ford, Garden Grove, Lucille Richmond, Los Angeles, Harding, Louise and Mary Ford, of Santa Ana, all children of H. P. Ford, a deceased brother.

The law is understood to provide that the widow receives one-third of the estate, the remainder to be divided equally between brothers and sisters. The shares of deceased brothers or sisters, it is stated, be equally divided among their children.

FOOD FAMINE THREATENS ENGLAND

By DAVID M. CHURCH
(I. N. S. Staff Correspondent)

LONDON, Feb. 20.—A food famine threatens England today as a result of the dock workers' strike which has tied up the importation of food stuffs.

Government efforts at mediation have failed. Unsuccessful attempts were made to break the strike by arming lorries load army trucks with meat for soldiers.

The strike was rendered more severe today when the tugboat engineers joined them in a sympathetic walkout.

Members of the cabinet discussed the situation informally but took no acitom.

The dock workers at Belfast joined the strike, refusing to handle goods to and from England.

The labor troubles were increased, when 3,000 ship repairers at Southampton and 1,000 at Dalston went on strike.

It was estimated today that 100,000 workers are idle as a result of the dock strike.

Food prices appeared more stable today but dealers claimed they were selling at a heavy loss owing to the increased cost of transportation. Soldiers were pressed into service to unload food supplies from army transports to feed the troops.

FULLERTON GIRL HIT BY AUTOIST

Little Johanna Walker, Fullerton, was run over yesterday at Commonwealth-ave. and Spadra-rd., receiving a broken leg. The car striking her was driven by E. L. Murphy of Los Angeles who said that she ran immediately in front of him. She was taken to the Fullerton hospital, where she was reported today as doing fine.

Miss Jeannette Jamison of Fullerton was also a patient at the Fullerton hospital today.

Daring Photographer in Plane Flies in Mt. Vesuvius' Crater

NAPLES, Feb. 20.—Umberto Romagnoli, daring aviator-photographer, flirted with death today and came out of the crater of Vesuvius, the most feared of the world's volcanos.

Accompanied by a pilot, Romagnoli, camera man of a hundred thrilling episodes, flew over the blackened cone of Vesuvius, dipped into the crater and flew about for seven minutes, establishing a record.

Observers who saw the plane drop into the flaming pit thought that it had gotten out of control, and spread the alarm that it had plunged into the molten lava beds with its two passengers. No one apparently saw the plane come out and it was not until Romagnoli and his pilot arrived here with the story of their exploit that news of their safety became known.

They had been given up for dead

When the plane circled the volcano, the identity of its passengers was not known, but friends of Romagnoli claimed he had been making plans for such a flight.

BIG SENDOFF FOR $200,000 CAMPAIGN

"Could Have Sold Million Dollars Worth of Stock" at Banquet

Abandoning their private businesses, sixty Anaheimers set out at 8:00 o'clock this morning on a two-day drive for $200,000 with which to capitalize the Community Industrial Land Site Co., Inc.

The drive is scheduled to close promptly tomorrow evening, when reports will be presented. Neither the Blues nor the Greys, the two teams, had reported to their captains this afternoon.

O. H. Renner and R. B. Young are the team captains.

Thirty to forty thousand dollars already had been contributed toward stock in the Community Industrial Land Co., Inc., before the campaign started today.

This announcement was made by President Roscoe B. Young of the Merchants' Section of the C. of C. last night at the big dinner in the Elks' club.

The sum was collected among the team members themselves, Young declared.

The teams started today a two-day drive in which the entire $200,000 sought is expected to be raised up to time for the arrival Friday of the permit to sell stock.

An interesting sidelight of the meeting was the information furnished by John Ruether that the five acres or so of the Anaheim Beet Co.'s plant, which adjoins the 40 acres sought, cost his company $3500 per acre, and that was several years ago. The 40 acres can be obtained for $1700 per acre.

The point also was emphasized through the fact that the enterprise was distinctly a profit-making one—directly so—and that if any land had to be sold for less than $1700 per acre, the deficit would be made up on sales of the remainder.

The three transcontinental railways entering Anaheim voiced through representatives their willingness to cooperate unstintedly.

San Kraemer, multi-millionaire oil man, and now the principal owner of business realty in the city, was a prominent guest. It was made clear at the meeting that the proposed holding company is not to be the affair of a few wealthy men, however, and the latter are expected to contribute only as a good investment on its face and one that will bring big returns to them through factory payrolls and prosperous stores.

It wasn't a booster meeting last night. The enthusiasm wasn't forced, but to all appearances entirely spontaneous. Some of the coolest heads present voiced their conviction that $200,000 could be raised easily. So far as any enthusiasm was injected, Rev. Dr. J. A. Geisinger, the principal speaker, did most of the injecting. Most of the other speakers merely made mention.

"The most inspiring crowd" he had ever seen in Anaheim, was the way President Harry D. Riley of the C. of C., who presided, put it.

Riley declared that the need of factories had long been felt and that sites had not been available for factories seeking to locate here; Heinz canning magnate, was one of those who had become interested in opening a plant here.

Lack of industrial sites recently lost a 100-employee factory to the city, Riley averred. Secretary Reid had "run himself ragged" trying to put over the deal, which didn't involve purchasing stock, but without success, Riley said.

The money will be used to buy land and locate industries, Riley explained, not to buy stock or re-sell "defunct or run-down organizations," seeking to locate here.

The same conservatism will be observed in the future as in the past. The $200,000 capital will be divided into 2000 shares at $100 par. "No promotional interest will be asked for," ally, according to Riley, su

Sinclair Says it Looks Like "Politicial Investigation"

ABOARD THE U. S. S. PRESIDENT HARDING, NEARING NEW YORK, Feb. 20.—(By Radio to I. N. S.)—"It looks like a political investigation to me," was the only comment Harry F. Sinclair, millionaire American oil producer, would make this afternoon concerning the naval oil lease investigation in Washington which involves him as a central figure.

Sinclair did not seem to be deeply concerned over the revelations at the senatorial investigation.

He refused to say whether he would voluntarily give back the lease granted to him for oil production at Teapot Dome.

Sinclair said the fact that Harry Payne Whitney had testified at Washington had no significance to him.

Questions relating to all other matters connected with the Teapot Dome scandal brought negative replies.

NEW OFFICERS INITIATE EIGHT INTO AMARANTH

SEVENTY-FIVE members and visitors attended the meeting last night of Liberty Court, Order of the Amaranth, when a class of eight candidates was initiated by the new officers. The candidates were all from Fullerton and as Mrs. Mona L. Tanner, also of Fullerton, is presiding officer, the new members were especially honored. Several applications also were received.

As Washington's birthday is at hand, and Valentine day just passed, the motifs of the two events were used in decorations. The rooms were gay with hearts, etc., while the dining table was adorned with hatchets, smilax and other appropriate emblems. A light supper of salad, hot rolls, individual Valentine cakes and coffee was served by the committee, the Mesdames Inez Daniels, chairman, Una Heffner, Emmanuel Smith and W. S. Huddle and the Messrs Smith and Huddle.

Choral Society Party

The social hour following the business meeting of Anaheim Choral society last evening was particularly pleasant, with pastimes of cards and dancing. The members were all present and discussed plans for future work. The singers, who so ably presented "Ruth, the Moabitess," a week ago, are feeling well repaid turu countless expressions of appreciation from those who heard it, and now have in mind a concert of miscellaneous numbers for the not distant future. A complete report from the cantata proceeds has not yet been obtained, but the organization is feeling safe, financially.

The Idlor orchestra, composed of small Miss Ruth, her brother, Everett, and Mrs. J. C. Idlor, provided excellent dance music. The meeting was purely social, as the club felt need for relaxation after such steady work in the past months.

GRAIN CLOSES OFF

CHICAGO, Feb. 20.—The sagging of the grain market which became apparent after the first few minutes of trading held thruout the day and the market closed off.

News generally was bearish as weather reports. The market decline may be attributed to the continuance of the dock workers strike in England in part.

Wheat closed from ⅛ to ½ lower, corn ⅜ to ⅝ off and oats unchanged to ⅛ lower.

STOCKS CLOSE IRREGULAR

NEW YORK, Feb. 20.—The stock market closed irregular today. Adoption in the house of an amendment which makes profits from stock dividends taxable had an unsettling effect in the last hour.

Toward the close there was a small recovery.

Corn Products slumped over four points to 173¼. Losses of one point and more were made in Baldwin Locomotive to 120⅛; General Elec. to 20; Davison Chemical to 47¼ and American Can to 111⅝.

Steel common sold off ⅝ to 102⅝. Most of the oils showed a good tone, Pacific Oil proving 2 points to 52 and Houston Oil one point to 71½.

Government bonds unchanged; railway and other bonds steady.

Stock sales today 755,700 shares; bonds $8,481,000.

Spanish War Veterans

Under auspices of Camp Calumpit, Spanish War Veterans, and the ladies auxiliary of the camp, patriotic memorial services were held last evening in the Santa Ana high school. The birthdays of Washington, Lincoln and McKinley were commemorated in speech and song.

The Rev. William Roberts, of Santa Ana Presbyterian church, delivered the principal address, on "McKinley." Supervisor S. H. Findley's topic was "Washington," and Col. Bisby's, "Lincoln."

The Misses Elizabeth and Rose Donnelly played a long list of patriotic numbers, and by request of the G. A. R.'s gave that lively old air, "Turkey in the Straw." Miss Elizabeth also sang, "I Love You California."

Mrs. McCulley, of Fullerton, sang "America, the Beautiful," "The Court Martial" was an effective reading.

The entertainment was so great a success that it was decided to make it an annual event. A large audience of Legion men and their wives, Sons and Daughters of Veterans, Spanish War Veterans and the ever appreciative G. A. R.'s and their families received much pleasure from the program.

SOCIAL HONORS MANY FOR GUEST FROM NORTH

TO compliment her sister, Mrs. William Hadler who is visiting her from San Francisco, Dr. and Mrs. C. P. Tompkins entertained at bridge last evening.

An appropriate, attractive color scheme was arranged for the occasion. Prizes were won by H. D. Akermon, Mrs. R. Brandenphaier, firsts; Mrs. L. Dolan, consolation.

After a short period for conversation Mrs. Tompkins served very delicious refreshments. Covers were placed for Mr. and Mrs. H. D. Akermon, Mr. and Mrs. Clyde Webb, Mr. and Mrs. Glen Black, of Santa Fe Springs, Mr. and Mrs. R. Brandenphaier, of Whittier, Mr. and Mrs. L. Dolan, who are visiting the Blacks from Kansas City, and Mr. and Mrs. Tompkins, host and hostess.

Among other affairs planned for Mrs. Hadler, is a bridge luncheon by Mrs. Glen Black at Santa Fe Springs, Saturday and dinner with Mr. and Mrs. J. H. Tompkins, Friday at Santa Ana.

Teachers Have Playtime

Another of the delightful parties given by the high school faculty, was enjoyed last evening in the art rooms. The rooms were prettily decorated with Washington motif and as each guest entered the rooms, there were given a George Washington hat and other features. Among the special numbers of the evening was the Virginia Reel and grand march.

Delicious refreshments were served by the committee before the faculty members left for their homes.

Those responsible for the affair were Misses Helen Tropp, Pearl Edwards and Anna Cresalia.

Pomona Observs Lent

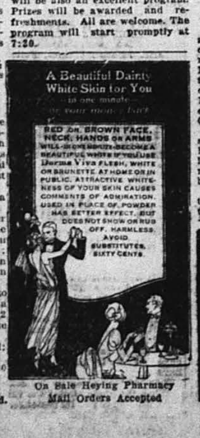

During Lent, Pomona college will continue the established custom of weekly vesper services each Thursday at 4 p. m. in Bridges hall of music. These services will open March 6th. Mr. Walter Hartley who has recently returned from six months absence and special study is arranging the programs and will preside at the organ. In addition soloists will be provided for each service and the scriptures will be read by the President James A. Blaisdell.

Tickets Going Fast

Many tickets have been sold for the Legion dance to be given at the Elks club this evening by the local post. The Music will be excellent and favors will be distributed. The usual jolly good time is assured.

Union Label Dance

Orange-co Union Label league will have an entertainment and dance at the K. of P. Hall, Santa Ana Thursday, Feb. 21. There will be also an excellent program. Prizes will be awarded and refreshments. All are welcome. The program will start promptly at 7:30.

MOOSEHEART DANCE PROVED GREAT SUCCESS

MRS. FRANK MACHLEB is in receipt of an invitation to an event which few persons are privileged to celebrate and which will certainly be unique. The two brothers, John and Nay Lindsay, and their wives, who were married fifty years ago, Feb. 25, are going to hold a double golden anniversary, party at the old family home where Mrs. Machleb and her brothers were born and grew up together.

The guests will include sixty children, grand children and great grand children, Mr. and Mrs. John Lindsey being parents of fifteen children all living. Among the few outside friends is the chum of Mrs. John Lindsay, who served as her maid of honor at the wedding.

This remarkable gathering will occur in Woodstock, Ontario, Canada, and is at the old family home now occupied by Mr. and Mrs. John Lindsay. Mrs. Machleb will be unable to attend, through uncertainty of weather conditions, there, but were it summertime, she would allow nothing to hinder her from participating in the unusual and certainly joyful event.

Dinner in Perris

A twenty-five pound turkey was the piece de resistance of a dinner served Sunday at the home of Mr. and Mrs. Adolph Dreager, of Perris to several of their Anaheim friends. After the big feast, everyone felt the need of strenuous exercise of some sort, so all took a horseback ride, with the desired result, for few of them are accustomed to that particular sport.

The congenial party was composed of Mr. and Mrs. Carl Vanatta, Mr. and Mrs. T. L. Roag, Mr. Fred Baum, who but recently arrived in Anaheim from Germany, and Mr. and Mrs. Dreager and Emil and George Dreager.

EXPECT MANY AT PICNIC

Ten thousand Orange-co. Iowans are expected by the Iowa Ass'n. of So. Calif. at the mammoth picnic reunion Friday, Feb. 22, in Lincoln park, Los Angeles. Seventy-five thousand are expected and of these Orange-co. is rated for 10,000. Everyone will be a booster for the best little county in California.

A fine program will be given, songs and addresses. The county headquarters will be open all day long. Picnickers will carry dinner and coffee also as it cannot be served by the association.

A great day is assured and thousands of tourists will meet tens of thousands of old friends.

EGYPTIANS STOP TOMB EXCAVATION

CAIRO, Egypt, Feb. 20.—The Egyptian government today cancelled the license granted to the late Lord Carnarvon for excavating the tomb of Tut-Ankh-Amen.

After the death of Lord Carnarvon the license was continued in the name of Countess Carnarvon. The work, however, was conducted by Howard Carter, head of the Egyptologists exploring the 3000-year-old tomb.

Cancellation arose from a dispute between Carter and the government. The former had closed the tomb after raising the lid of the sarcophagus and refused to observe the government's conditions for reopening it.

Benefit Musical Tea

The Music section of Ebell club is presenting a particularly fine musical program Monday afternoon when a benefit musical tea for the clubhouse fund will be held in the pretty W. B. Holland home, which its mistress has so graciously opened for the event.

Miss Folsom, of Santa Ana, a pupil of Leon Eckles, with more than promising future, will sing several numbers, with Miss Mabel Woodworth, whom all Anaheim has learned to love at the piano; Miss Gretchen Holland, a local daughter of accomplishment, and other enlightening musical features, will make up a wonderfully fine list.

All members of the club and their friends are cordially invited.

Visits Talented Uncle

Miss Christine Berghofer has returned from Los Angeles where she was visiting her uncle, Rudolph Hlawka, who is a sculptor of prominence. Mr. Hlawka recently arrived from Europe where he is known as a peer among artists in sculpture.

While in Los Angeles Miss Berghofer and her uncle attended several performances by the San Carlo Grand Opera company.

Patriotic Program

The program at the meeting of the local W. R. C. yesterday commemorated the birthdays of three of the nation's most prominent men, Wm. McKinley, whose birthday falls on Jan. 29; Abraham Lincoln, Feb. 12, and George Washington, Feb. 22. Mrs. Nettie Abrams read an interesting paper with McKinley as the topic; Mrs. Lulu M. Curran, one on Lincoln and Mrs. Branche Kistler, Washington. A solo, "Flag of Our Freedom," was rendered by Mrs. Estelle Ludwig, organist for the Orange county chapters.

At the close of the program Mrs. R. B. Herman "treated" the ladies to home made candy.

The program is also a credit to Mrs. Herman, as her position as patriotic instructor makes her responsible for all programs of the order.

DOUBLE GOLDEN WEDDING ON OLD FARM HOME

THE Women of Mooseheart Legion won laurels last night when Mrs. A. Zimmerman and her corps of workers carried to completion the Leap Year dance in Moose hall. There were no less than one hundred couples present and everyone had a jolly time.

One of the hard and fast rules obliged the girls to ask the gentlemen for the dances. Only one "men's choice" was permitted, and it is said there was the greatest rivalry among the men to draw attention to themselves and thus secure an invitation to dance.

Several pretty features were introduced. A shower of balloons was released from the ceiling, each dancer catching as many as possible, and after toying with th for a while giving them a smack to burst with loud reports. Serpentines and confetti were popular, also. Caps of many colors were presented as favors.

The spot dance prize, a bottle of toilet water, was awarded to Mrs. George Karas, of Fullerton. The Llewellyn orchestra provided the music and gave a fine program.

The affair proved such a great success that the committee was urged to repeat it and has set March 4, the day before Lent, for another one. This will be a St. Patricks dance and features will be in keeping.

Herman Sisters Notice

A meeting of the Herman Sisters will be held tomorrow evening, when a social program will follow the business meeting, opening at 7 p. m. All members are urged to be there for a card party and dancing will feature the later hours and a jolly time is sure to ensue.

Guests of Hermans

Mr. and Mrs. R. B. Herman are today entertaining Mrs. Alle Mae Taylor, of Glendale, Mrs. F. W. Lee, of Whittier and Mr. H. A. Potter, of Pasadena. They enjoyed a sumptuous dinner with the Hermans and passed the afternoon in discussing old times.

Cards and Dancing

interest amounts to 50 per cent of the total.

"No commissions will be asked for." These often amount to 20 per cent.

The directors are not asking a cent for their services. There will be no salaries.

And, finally, Anaheimers are "in on the ground floor."

Cash in full need not be subscribed. Twenty-five per cent will be accepted, the rest to be paid within a year with accrued interest at 7 per cent.

The company will be organized for profit.

Riley emphasized the fact that the mere rise in values of the land would make the purchase of the 40 acres well worth while. He stressed also the unique advantages of the location, with spurs from three transcontinental railways available.

Seventeen men will have the determining voice in control of the corporation—17 of the city's hardest headed and most successful business men.

Rev. Dr. Geissinger told of raising single-handed $50,000 for the U. of S. C. while pastor of the First Methodist church of Long Beach. In this connection, he told of how he received a donation from Sam Brown of 10 lots, which Brown asked him to set a value upon of $500 each, and which the university refused to accept, because, as one conservative old codger remarked, it would have to pay the taxes upon it. Now those lots are in the heart of the Signal Hill district.

Here are some of the things the pastor said, mainly in his own words:

We are here tonight to face a situation so big that it fairly makes you gasp. This isn't any booster meeting. I don't mind boosting, however. Someone has said that we Americans never do anything without cackling about it. Well, the only old hen I quarrel with is the old hen that cackles and doesn't lay any eggs. She ought to be turned into soup. But we are not here to cackle, but to think through.

* * *

I'm sold on Anaheim. I've been over California a good deal and met many of the leaders in the various towns, and have raised large sums of money in many of these hustling communities. But, I say it soberly, there are only two towns that I think of in comparison with Anaheim in achievement and outlook, and those are—Glendale and Long Beach. They jumped the gun, but we'll be with them when they come under the tape.

* * *

Some people say that our climate has made Southern California. Well, it hasn't hurt us any, and we do like it, and we notice that a good many others like it. You can divide all humanity into two parts: Those in Southern California and those who want to be there. But climate didn't bring the Owens River over the mountains. Nature didn't make Los Angeles Harbor. Nature left Southern California a stretch of sand dunes. And American pluck, initiative, energy, idealism, imagination, industrial creativeness and capacity for work, have turned that sand into a land flowing with oil and water and abloom with the flowers that make every June bride happy beyond the power of expression.

* * *

Providence has done a lot for us, but He doesn't expect us to sit up and sit. He expects us to git up and git.

I haven't the time to survey the whole situation as it is calling to us. But take one item alone—cotton.

The ultimate acreage availabue for cultivation of cotton, tributary to Los Angeles as a center, totals 11,000,000 acres; 750,000 acres are now under irrigation and 380,000 acres under cultivation. But that is worth $34,000,000 annually.

The whole area has a capacity annually of $900,000,000 raw material at the present price of cotton, and our total agricultural product is worth only $273,000,000 now. Besides cotton is being driven out of the South by the boll weevil.

We use 150,000,000 yards of coarse cotton cloth a year. If that is manufactured here $5,000,000 freight can be saved each year. We are already making about 12,000,000 yards yearly, but that is but a prophecy of what will be made here.

* * *

We have an option on 40 acres of land for an industrial site that will accommodate at least 15 large plants. One plant available, probably, will give us a pay roll of $25,000 weekly. We can get all the land needed for factories pouring a payroll of $100,000 weekly into the lap of our community. Doesn't that sound sensible to you men who have built store rooms and office buildings? Doesn't that listen good to you people who want to bring up your families in this city.

* * *

Some one asked me the other day if we can get the factories. Listen: approximately 250,000 people this last year came into the territory included in a radius of 25 miles, with Los Angeles as a center. At the same time 250,000 acres of productive land in the same area was cut up into subdivisions alone, not counting the land withdrawn from cultivation for the development of oil fields. It isn't what we want to do or might do. It's what we've got to do. We must bring more land under irrigation and cultivation in our So. California back country and we must produce more food stuffs and more of the necessities of life or starve to death.

God helps those who help themselves.

At the close of the pastor's speech, Riley declared that the deputy commissioner of corporations in Los Angeles had told him and A. B. McCord that the project was "the fairest he had heard of in years."

President Roscoe B. Young of the Merchants' Section of the C. of C. urged the need of diversification of industry here. He gave as an example of the benefits the town of Warsaw, Wis., which with its 65 factories employing 6500 men, never felt the depression of a few years ago. Seventy-five per cent of the people owned their own homes. One of the boys at the bench in his sash and door factory there actually had sought him out and called on Young here when he came west not long ago on a navy trip.

Mayor William Stark declared he had long thought Anaheim should do something for industrial development, and promised all the aid he could.

Other speakers were:

Fritz Yungbluth, president of the corporation; Henry Adams, who urged purchasers of stock not to wait to be seen; H. N. White, who called Riley the father of the movement, and criticised some of the prices asked by ranchers for site land; A .B. McCord, who said he had come for information and was "thoroughly sold on this"; H. H. Benjamin, who urged that the 60 acres adjoining the 40 sought be grabbed, also; Romaine C. Berger, realtor, who averred that nothing could help the real estate business more than getting industries here; A. E. Hargrove, who said "Amen" to Berger's remarks; Jake Schumacher, another realtor, introduced as the man who paid $16 for a cake at the Ebell club, who spoke in somewhat the same vein; O. H. Renner, one of the pioneers for new industries, who declared that we must "go after" what we want and not wait for it to come to us, and who gave Adams and Riley credit for the present plan for new industries; President B. H. Sidnam of the Realty board, who asked Dr. Geissinger to transfer his prayers for realtors, proposed at the Realty board's annual banquet, to the present project, and John Ruether, who said that North Adams, Mass., from which he came, had the same population in 1923 as it had had in 1903, because of one man who owned water power sites up and down the Housatonic river and wouldn't sell.

Secretary George W. Reid of the C. of C. asserted that he had talked "industries, industries, industries" ever since he came to Anaheim. Reid envisioned the future of Anaheim as a city of many times its present number of churches, with cattle and stock on the hills surrounding this valley, etc.

President Riley gave credit for the present project to a small group of workers in the C. of C. who had kept hammering away at the proposition. Incidentally Riley asked members to pay their dues a little more willingly to the two ladies of the office, who, he said, were working day and night at their jobs.

Answering questions, Riley told Romain C. Berger that the permit to sell stock had not yet been received. (It is expected here Friday.)

Tom McFadden, attorney for the project, declared that a few "high pressure salesmen" could have raised a million there and then. The company should pay 8 per cent at the end of the year, he averred. A corporation was organized for the sake of efficiency. There would be no overhead to speak of.

G. E. Harrison, assistant industrial agent of the Santa Fe, said that one of the difficulties which he had experienced in So. Calif. was that the price of land was too high. Industries were going to Oakland, where they could get cheap land. He told of opening the industrial district in Fullerton. The Santa Fe will "meet you at least half way and probably considerably more," he asserted.

Charles Adams, right-of-way and tax agent of the Union Pacific, said his company would cooperate in every way it could. Forty acres would not suffice, in his opinion. The tract was ideally located.

L. B. Valla, assistant industrial agent of the Southern Pacific, said his company would cooperate with the other railways in helping the project. He wished the venture success.

Romaine C. Berger referred to remarks of Thomas of the Pacific Electric, giving certain data. Secretary Reid, in answer to questions in this connection, said that there was available a four-inch gas main, with a capacity of 1,000,000 cubic feet of gas per 24 hours; 5,000,000 gallons of water each day; and power on a sliding scale of rates. Reid gave the present tax rates.

W.J. Carmichael, owner of a brick factory in the north tract, added to the city a few months ago, told of the prompt and courteous treatment he had always received from City Manager O. E. Steward. While he lived in Fullerton and was vice-president of the Fullerton C. of C., he asked to be allowed to help in the project. "When you build in Anaheim it helps Fullerton and when you build in Fullerton it helps Anaheim," said Carmichael. "We are working for Orange county."

Bronchitis Best Treated With Vapors

Direct Treatment with Vaporizing Salve Immediately Reaches Congested Air Passages.

If a cold has been neglected and has gone down into the chest, producing acute bronchitis, thoroughly redden the skin over throat and chest with hot, wet towels to open the pores. Then massage briskly with Vicks for five minutes, spread on thickly and cover with two thicknesses of hot flannel cloths.

For hours after Vicks is applied the vapors of Camphor, Menthol, Eucalyptus, Juniper Tar, etc., are inhaled directly into the infected air passages. At the same time Vicks is absorbed thru and stimulates the skin like a poultice or plaster.

Being externally applied, Vicks is especially good for children and is used by millions of mothers to prevent or relieve cold troubles.

NEW BRITISH PREMIER SNAPPED WITH LABOR AIDES

Seated (left to right): Arthur Henderson, Ramsay MacDonald, C. T. Cramp and Sidney Webb. Standing, second from ... is J. R. Clynes.

Headquarters of the Labor party in England has become the seat of government in the British empire with the rise to power of Ramsay MacDonald. Problems are threshed out in round table pow-wows, like the one shown here, among those present in this instance being Ramsay MacDonald and three aides who have just become members of his cabinet, Arthur Henderson, J. R. Clynes and Sidney Webb. Henderson is secretary for home affairs, Clynes is lord of the privy seal, and Webb is president of the board of trade. The photo was taken just before MacDonald was named premier.

OHIOAN SUCCEEDS GREGORY AS OIL LEASE PROSECUTOR

ATLEE POMERENE

Atlee Pomerene, Democrat, former Ohio colleague of Harding in the senate, and now a practising lawyer in Cleveland, has taken up the work of preparing the government's case in the oil lease scandal with Silas Strawn. The former senator was named as special counsel by President Coolidge after Thomas W. Gregory, former attorney general, resigned because of the embarrassing position in which he was placed by testimony of Edward L. Doheny, oil magnate, showing that Mr. Gregory had once been counsel for the Doheny interests.

Pauline and Anna Ferger and their stepmother, Mrs. Josephine Ferger.

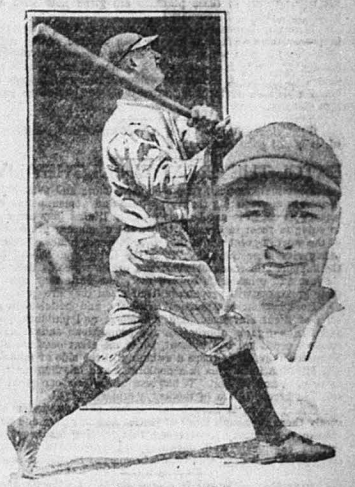

Psycho-analists are unable to find in photos of the face of Mrs. Josephine Ferger, New York woman, evidences of the strain of cruelty charges, proved against her in court, indicate she possesses. She was found guilty of having branded her two step-daughters, Anna and Pauline Ferger, 9 and 6 years old, respectively, with a hot iron "because they told lies." She gave the court a faultless story of how the branding was "accidental." The scars were exhibited by the little girls.

FIVE CLUBS DECIDE LOU'S A COMER BUT HE WILL WARM BENCH FOR YEAR

Two views of Lou Gehrig.

One of the most versatile and promising players brought up from the minors in recent years—his followers say—is sentenced to warm the bench with the New York Yankees this season. That is, unless the present situation changes. Gehrig can play the outfield, first and even pitch. The Yanks realize he is a coming star. They decided last fall he needed a year's seasoning in the minors, however, and have tried several times to get waivers on him. The last time five clubs put in claims for him. Rather than turn him over to some other club Huggins will hang onto him.

WONDER IF FINE APRONS MAKE FINE COOKS?

Nice aprons may not make the cooking any better but they do make the cook look pretty, and that helps some. On the left is a pretty porch apron and it might be made from cretonne or any other pretty flowered material. Blue chambray is used to fashion another charming one in the center. At the right is a new afternoon gown of crepe de chine.

MANNISH TAILLEUR CHIC FOR SPRING

A strictly tailored suit such as the one illustrated is the very smartest thing for spring. Short jacket, tailored lapels, slim sleeves and braid bindings are catered as well as the material which is men's suiting. A chalk stripe is used in this model but checks, too, are favored.

VARIETY IN STYLE IS THE SEASON'S WATCHWORD

Two overblouses and a one-piece afternoon frock constitutes the models illustrated today. On the left is a chenille cloth overblouse. It is long and bottles and has a little vest in a light contrasting color with edging of same on Dutch collar, cuffs and bottom band.

The popular plaid is illustrated in red and blue in the overblouse shown in the center. This is a blousy model with hip band, cuffs and trimming on the collar of plain dark material.

A one-piece afternoon frock is shown on the right. It is fashioned of black satin. A graceful use of ruffles makes the front of the skirt distinctive. The fullness at the side back is caught with a buckle. Sleeves are long, the cuffs coming well over the hand. An ideal bonton gown.

BE MORE CONSIDERATE OF GREAT MEN

Why are great men in this country not shown proper appreciation while they yet live? There is too much captious criticism of great men in public life. Too much nagging. Too much abuse. Too little demonstration of respect and appreciation. It has been so from the earliest days of the republic. The practice persists. From George Washington to Woodrow Wilson there has been grudging recognition of great national service while the great man lived. Only after death has dulled the ears and closed the eyes of the truly great, is the full meed of honor vouch-safed.

Goodly numbers, it is true, stand loyally and faithfully by great publicmen through the thick of criticism and calumny. But there are vast numbers, in this generation, and there were vast numbers in generations agone, that gave and give—but grudging recognition to greatness while the great are alive. What a comfort it would have been to the soul of Abraham Lincoln if there had been a great popular outpouring of sympathy and affection for him while he was in the flesh! How it would have warmed his heart to have heard the plaudits of his countrymen, as these plaudits are given now with each recurring twelfth of February!

Woodrow Wilson, too, would have passed his latter years in peace and satisfaction had be been assured of the regard of his countrymen which will be shown demonstratively after his death. There is a queer quirk in human nature that thus denies to greatness, living, the demonstrations of respect and honor which are forthcoming after the great parsonage passes into eternity.

Good citizenship is active. If not active and public-spirited, it is not good citizenship.

EXTOL THE GREAT WHILE THEY LIVE

Must the American people be given more and more object-lessons in appreciating their great men and women, before they become as eager to extol those great in life as they are ready to eulogize them in death? One word of sincere praise to or of the worthy great while they live, is worth hours of fulsome panegyrics after they die. It is the living who should have the support and encouragement and praise which is their due. Be just and considerate toward the great while they live—for their greatness will perpetuate itself when they are gone.

Here in America, political criticism, and criticism in general, of great statesmen, and publicists, and philanthropists, and heroic figures approaches the proportions and aspect of studied, persistent belittlement, while the great ones are alive. Not until they die is there a swinging to the side of laudation and appreciation. This is a deplorable and mischievous trend in thought and method. It has sent more than one great person and heroic figure to the grave broken-hearted.

Surely there is enough intelligence and discrimination—surely there is enough sense of justice and fair play and gratitude in this country to overcome this growing tendency to be critical captiously and outwardly unappreciative of almost every great personage who towers because of illustrious service.

Ownership of homes is commendable. California should keep on encouraging as many as possible to own homes here. This state should establish a reputation for home owning.

POEMS THAT LIVE

THE MOON

And, like a dying lady lean and pale,
Who totters forth, wrapp'd in a gauzy veil,
Out of her chamber, led by the insane
And feeble wanderings of her fading brain,
The moon arose up in the murky east
A white and shapeless mass.
Art thou pale for weariness
Of climbing heaven and gazing on the earth,
Wandering companionless
Among the stars that have a different birth,
And ever changing, like a joyless eye
That finds no object worth its constancy?

—Percy Bysshe Shelley

SONG

How many times do I love thee, dear?
Tell me how many thoughts there be
In the atmosphere
Of a new-fall'n year,
Whose white and sable hours appear
The latest flake of Eternity—
So many times do I love thee, dear.

How many times do I love again?
Tell me how many beads there are
In a silver chain
Of evening rain,
Unravell'd from the tumbling main,
And threading the eye of a yellow star;
So many times do I love again.

—Thomas Lovell Beddoes

DINNER STORIES

A certain Judge Smith sat on the circuit bench in Missouri many years ago. He was known far and wide as one of the most patient and long-suffering judges in the state. Procedure in his court was free and easy, and gross, indeed, was the offense if it called forth a rebuke from Judge Smith.

On one case it is told that the opposing lawyers settled down to their arguments before the jury without any time limitations and with a bountiful supply of chewing tobacco. While one argued the other one chewed, and while the second one talked the first caught up with his chewing. The two lawyers talked from 8 o'clock one morning until past 6 o'clock that afternoon. The jury listened patiently and the judge alternately slept and read. At last, however, the lawyers announced that they were through with their pleadings.

"And now, gentlemen of the jury," Judge Smith began, "these two gentlemen have spoken long and eloquently on the law in this case. However, you are not to take into consideration one way or the other any of their arguments on this point of law. The last legislature repealed the law, anyway!"

A minister met a parishioner and asked him the usual question:

"Weel, John, how are you today?"

"Gey weel, sir; gey weel," replied John, cautiously, "if it wasna for the rheumatism in my right leg."

"Ah, weel, John, be thankful; for there is no mistake you are getting old like the rest of us, and old age does not come alone."

"Auld age, sir," said John. "I wonder to hear ye. Auld age has naething to do with it. Here's my ither leg just as auld, and it's quite sound and sople yet."

RICHFIELD LOOKS GOOD ONCE MORE

Richfield looks good again with the Union Oil Co.'s Chapman 23 a 400 barrel well and good showings of deep production in Graham-Loftus 54. Chapman 23 at 4155 made a showing that duplicated in some respects the early days of the famous Richfield field and settled down to a 400 barrel producer. For a year the Union has been making an effort to find a heavy producing deep sand at Richfield and it appears now that No. 54 on the Graham-Loftus lease is going to reward the efforts. At 4700 feet No. 54 is looking very good.

In wildcat development Anaheim seems to occupy the center of the stage. Three wells are now drilling, the Standard Oil Co.'s Wagner, the Superior Oil Co.'s Brookhurst, and the Mariand Oil Oil Co.'s Sidnam. The Standard is the deepest of the trio having passed the 2400 mark. To date the Standard's well has not shown any oil indications, but is expected to do so before another 1000 feet of hole is drilled.

BOY SCOUTS PLAN EXTENDED HIKE

Eagle Patrol, Boy Scouts, met last night at the Wakers home. There was one visitor, Carol Slieger of the Panther Patrol. To the roll call all responded. Wilbur Wakers led the songs and Harold Slieger the yells. They were elected leaders last evening. J. Shea was elected secretary and treasurer. Leader Wakers introduced a new song, "The Mosquito's Serenade," which proved funnier than the title. Wakers and Ed Updyke passed parts of the second class test.

The boys planned a hike, but it will not be as lengthy as that of the Panther Patrol to Mexico.

The boys enjoyed delicious refreshments served by the members of the Wakers family.

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call it "Joint-Ease" because it's for Swollen, Sore, Painful, Creaky Joints Only

It took a good many years to get together a combination of pain subduing and swelling reducing agents decided to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain racked joints as good as new.

They call this new and wonderful preparation "Joint Ease" because the medical man who turned the trick, worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swollen, painful, creaky, distorted or stiff joint, whether it be in knee, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else. Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, neuritis, aching muscles, stitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint Ease." You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds rubbing. It surely is a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

Heying's Pharmacy dispenses it daily for about 6 cents a tube, as do first-class druggists everywhere.

What Editors Are Saying

MISERABLE MILLIONS—San Diego Sun

There seems to be no visible exception to the rule that a man cannot leave millions and a happy family.

Old Jay Gould sweat, dug, schemed, grabbed and gambled until he was able to leave an estate of $85,000,000—enough for millions for each of his children. Among the bequests which he didn't mention was a series of divorces and family fights, the latter the customary, if not the inevitable, effect of leaving millions.

Now, Helen Gould Shepard, one of the noblest and best-loved of American women, has to come forward and fight her brothers in a public lawsuit. She is joint trustee with her brothers, George and Edwin, and guardian of her sister, Anna, and charges that her brothers secretly sold millions of dollars' worth of the estate's securities. It is humiliating. It must sadly wrench Helen Gould's great heart.

But, the good and innocent suffer with the other in the tragedy of "Too Much Money," every time.

CLASSICS OF HUMOR

NONESENSE VERSES—By Edward Lear

There was an Old Man with a beard,
Who said, "It is just what I feared!
Two Owls and a Hen,
Four Larks and a Wren,
Have all built their nests in my beard!"

There was an Old Man in a tree,
Who was horribly bored by a bee;
When they said, "Does it buzz?"
He replied, "Yes, it does!
It's a regular brute of a bee!"

There was an Old Man in a boat,
Who said, "I'm afloat! I'm afloat!"
When they said, "No, you ain't!"
He was ready to faint,
That unhappy Old Man in a boat.

There was an Old Man with a poker,
Who painted his face with red ochre;
When they said, "You're a Guy!"
He made no reply,
But knocked them all down with his poker.

There was an Old Man who said, "Hush!
I perceive a young bird in this bush!"
When they said, "Is it small?"
He replied, "Not at all!
It is four times as big as the bush!"

REAL ESTATE AND BUILDING

YOU ARE INVITED TO BOOST FOR THIS HIGHWAY

The accompanying map shows the proposed truck highway from the Fullerton-Anaheim district to the harbor. Anaheim is preparing to pave thru the city limits to connect this route with Fullerton and regions beyond. Costa Mesa is moving to pave a distance of two miles at the south end of the route. When completed this road will form a north and south "main backbone artery" thru the county. It will relieve the growing congestion by way of Santa Ana. It will bind Anaheim and Fullerton closer together and bring the harbor five miles nearer to their newly forming industrial section. It will speed up industrial growth along the route, and especially at the points where the railroads intersect the highway, if proper advantage is taken of these locations. It will help Garden Grove grow eastward. It will cause Santa Ana to continue expanding southwestward. It will connect with the new coast highway and greatly accelerate development in the harbor district.

A little discrepancy will be noted in the map with respect to South Main Street, Santa Ana. It was necessary to condense in this case in order to include that important thorofare.

For free copies of this map address W. C. Spencer, Costa Mesa, chairman Road Committee Orange County Harbor Chamber of Commerce.

ACTIVITY IN BUILDING IS LESS

General Slowing Down on Coast, Southland an Exception

A slight seasonal reduction in building activity chiefly noted in the larger California cities and in inter-mountain states, is recorded for January in the Pacific Coast section of the National Building Survey of S. W. Straus & Co. This survey, however, shows a very substantial increase in the January figures over those of the same period of last year.

The grand total of building permits issued during January of this year in 54 principal cities of the seven Pacific Coast States is $38,440,947. This figure is 6 per cent less than the December, 1923, total for these cities, but shows a 22 per cent gain over the total for last January.

California's January total of $30,256,496, from 35 cities included in the S. W. Straus & Co. survey ,shows a 15 per cent gain over last January but a reduction of 17 per cent from the December figures. Of these 35 cities, 22 show gains for January over December while 13, including the larger cities, show reductions.

The Northwestern States report a remarkable activity, 12 cities reporting a total of $7,865,991, which shows a gain of 50 per cent for January over last January and a gain of 133 per cent over December.

Seven cities of the Intermountain States report $320,461 January, showing a reduction of 39 per cent from last January's figures and of 59 per cent from December.

Los Angeles issued $12,158,526 in building permits during January, 34 per cent of the grand total for the entire list of 54 cities in the Straus survey. This figure is 16 per cent greater than that of last January but 36 per cent under the December record.

Seattle reports a January total of $3,341,435, and shows a gain of 219 per cent over last January and 316 per cent over December.

Tacoma's total of $2,350,628 for January shows a gain of 57 per cent over last January and 58 per cent over December.

Long Beach, with a January total of $2,198,048, reports a gain of 131 per cent over last January and a gain of 154 per cent over December.

Portland, reporting $1,778,275 for January, shows a 15 per cent gain over last January and 23 per cent gain over December.

San Francisco reports $3,178,413 for January, showing reductions of less than one per cent from last January but of 32 per cent from the December total.

San Diego's January total of $738,431 is 38 per cent greater than last January's figure but shows a 29 per cent reduction from December.

Oakland, reporting $2,019,166 for January, shows a 9 per cent gain over last January but a loss of 21 per cent from December's figures.

FULLERTON BOARD DISCUSSED ROAD

The proposed new road between Anaheim and Fullerton connecting No. Lemon-st. with Harvard-ave. was discussed last night by Fullerton trustees, presented by George Raymer, secretary of the Fullerton C. of C. Mr. Raymer said that all the property owners along the way had signed up for granting the right-of-way, but one of them with the proviso that he be given $2000 and all with the proviso that the road be paved immediately. These devised vexed trustees who desire that the road be opened, but say that Fullerton at this time has no money with which to do paving. The matter was held over a week.

An ordinance prohibiting cars from parking on paved streets between the hours of 1 and 5 a. m. in order that the streets might be swept, and prohibiting cars from parking on newly paved streets for 90 days passed and was adopted.

A protest was made against ornamental lights on West Whiting and No. Richman-aves. The hearing was continued.

A petition was received from residents of East Brookdale-ave., asking that their street be included in the east side paving district. A motion was passed that the petition be granted.

The matter of widening Valencia Drive was brought up, but R. A. Marsden, trustee, who had been investigating the proposition, was sick, and the matter was continued.

An effort was made to revive action on the much mooted Starbuck-rd., but Mayor W. F. Coulter and other members of the board did not approve and the matter was dropped.

$5,000,000 LOST IN CROOKED SCHEMES

More than $5,000,000 has been taken out of Orange County by crooked stock selling schemes since say October, 1921, according to Franklin P. Steed, expert accountant.

Steed has handled the books of many such concerns in the County after investors have been fleeced out of their good dollars, the latest being the Keen Hat Stores.

Of his own knowledge, including companies which he has investigated, approximately $1,500,000 has been lost in this way, says Steed.

One reason why investors fell for the Keen Hat Stores plan was that it was theoretically sound. The only defects lay in the personal equation—the character of the trustees—and the fact that the trustees were given too complete control over the concern's finances.

But mineral stock of one sort or another, motor stock and what not has been sold with equal or greater facility here by clever salesmen. All the principal cities of the County have been victimized similarly, says Steed.

Close examination of the method of organization, in the accountant's opinion, would often protect investors. After that, look at the personnel of the promoters.

AGREEMENT STRICTLY BINDS

Builders Can't Dodge Sewer Contract, Steward Shows

Messrs. de Waard & Cobham will have a difficult time dodging the issue in connection with the ocean section of the outfall sewer, which already has cost them more than $20,000 over and above their contract price, City Manager O. E. Steward shows. Anaheim is interested, because the sewer in its entirety cannot be used until all sections are completed. The contractors are asking costs plus 15 per cent.

Here is a copy of Section XVIII of the contract which is apropos here:

Article XVIII—If the contractor shall fail to commence the work within the time specified or fails to prosecute the work diligently, continuously, and in good faith to completion (unless a suspension of the work is permitted by the city in writing) or if at any time during the prosecution of the work it shall appear to the engineer or to the city that the labor employed, plant, machinery, equipment and tools provided or the character or progress of the work or the materials furnished by the contractor are not such as will in the judgment of the engineer of the city, insure the completion of the work within the time specified and in strict accordance with the plans, profiles and specifications and the contractor shall fail, neglect or refuse, for five days after notice in writing given by the engineer to the contractor and his sureties, to commence or proceed with the work, or to supply additional labor, plant, machinery, equipment and tools, or to make such improvements in the character of the work or the materials as in the judgment of the engineer is requisite to complete the same within the time specified, and in accordance with the plans, profiles and specifications, then the city may by a declaration in writing to that effect declare this contract abandoned.

In case of the abandonment of this contract by the contractor as above provided for, the city shall, in writing, notify the contractor and sureties of that fact, and also notify in writing the said sureties that if it or they desire to do so it or they may proceed to carry out the terms of this contract, provided the same be commenced within five days after said notice. If the surety or sureties shall fail to commence the work of carrying out this contract within the time mentioned in said notice, or shall notify the city that it or they will not carry out this contract, then the city may declare the contract forfeited and provided to do the work contracted to be performed at the cost and expense of the contractor or may readvertise for bids for the doing or completion of the work.

In case this contract is abandoned by the contractor any or all moneys due or to become due the contractor hereunder shall be retained by the city and disposed of as hereinafter provided for.

29 Permits Are Issued Today

No peermits for large structures had been issued by the building inspector during February up to today, but permits numbered 29, showing a healthy state of activity in the city.

These 29 represent a valuation of $37,250, made up of small amounts, a few thousands at most, to be spent on new houses or repairs.

PHONE CALLS JUMPING HERE

Toll calls so far in February have averaged 366 per day, compared with 329 per day in January, according to Manager E. A. Beard of the Anaheim telephone exchange.

LDeal calls have increased from 11,000 to 14,000 per day.

In this connection Beard let it be known that all, not merely part or emergency calls to Long Beach, were now sent via Santa Ana instead of via Los Angeles. This puts an end to the long waits that patrons often have experienced in the past.

Facilities also have been increased to handle toll calls in greater volume.

Beard pointed with satisfaction to the fact that purchasers of stock in the American Telephone & Telegraph Co. had realized a good-sized profit in the past few months thru an advance in price.

If the contractor abandons this contract and the same be declared forfeited as above provided, and the work be done by the city, and it shall appear from the written statement of the engineer when the same is completed that the cost and expenses thereof have exceeded the contract price therefor, which statement shall be conclusive upon the contractor and the sureties, then any sum or sums of money due or to become due the contractor at the time the contract was abandoned, shall apply towards the payments of said costs and expenses; and in case there shall not be sufficient of said money to pay said costs or expense, then the contractor shall pay the difference in cash to the city on its demand. And in case there shall be no money due or to become due the contractor for work done, then the contractor shall pay the city in cash on its demand the difference between the contract price for the work and the cost and expense to the city for doing the same.

PLAN SECOND "STAMPEDE" AT BALBOA

C. C. Chapman and Francis Cuttle Among Speakers Feb. 28

Dr. C. C. Huston, President of the Harbor Chamber of Commerce, has issued an open invitation to those who are interested in Harbor matters to attend the "Second Stampede" of the members and friends of the Harbor Chamber. This "stampede" will be held at Balboa, in the old Lighthouse Cafe, on Thursday, February 28th, at 6:15 P. M. and the price per plate is one dollar.

Hon. C. C. Chapman is the chief speaker for that evening. As a member of the delegation which visited Washington in the interest of Newport Bay, Mr. Chapman can speak with authority of the Washington view and as a nationally known successful business man he can suggest the best methods and plans to be followed to bring about the county wide development of Newport Bay into Orange County Harbor.

A large representation from all over Orange County is expected to be present, and for this occasion the President of the Chamber has appointed a Special Committee to have charge of the sale of tickets, which must be secured well in advance in order that the proper accomodations may be provided. The Special Committee consists of: J. P. Greeley, Balboa; Andrew H. Wilson, East Newport; W. A. Irwin, Newport Beach; J. L. Ainsworth, Costa Mesa; Jack C. Hayden, Santa Ana.

Several prominent personages from different parts of Southern California are to attend, in addition to Mr. Chapman, Hon. Francis Cuttle, of Riverside, chairman of the delegation to Washington, will be present. Mr. Cuttle represents the close cooperation existing between the counties of Riverside and San Bernardino with Orange County, as upon his appointment to serve as one of the representatives for Orange County, he was immediately appointed by the proper officials to also represent the respective counties of Riverside and San Bernardino as well.

In order that proper provision may be made to accomodate all who wish to hear the valuable address of Mr. Chapman, it will be necessary to secure tickets well in advance. The tickets are now on sale by the members of the Special Committee or may be secured at the Harbor Chamber of Commerce, City Hall, Newport Beach.

The first "Stampede" was held at Costa Mesa a few weeks ago and the Harbor Chamber plans to continue these meetings up to and possibly throughout the summer season, and they are open to all who are interested in the Harbor, whether or not they are members of the Harbor Chamber of Commerce.

WILSON PARSONAGE IS STILL STANDING

CANONSBURG, Pa., Feb. 20.—Rev. Joseph Ruggles Wilson, father of the late ex-president Wilson, was at one time pastor of the historic Hill (Presbyterian) church, near here. The old house in which the former president's father lived while serving the Hill congregation is still standing.

Woodrow Wilson's father graduated from Jefferson College here in 1844, and after completing his theological course at Princeton became pastor of the Charlotte (Hill) Presbyterian church, one mile east of this city. This was his first charge, and he was located there for three years, from 1848 to 1851. At the same time he was professor of rhetoric in Jefferson College.

After leaving this vicinity, Rev. Joseph Wilson went to Handen-Sidney College. In 1865 he went to Staunton, Va., to become pastor of the Presbyterian church, where Woodrow Wilson was born December 28, the same year.

Dr. Joseph Wilson was a native of Steubenville, Ohio, and his wife was the daughter of Rev. Dr. Thos. Woodrow, for whom Woodrow, their firstborn, was named.

While Mr. Wilson was President he learned that the old ride-saddle which his mother used while she lived at Canonsburg was still in possession of one of the members of the congregation. He expressed a desire to possess it, and the owner, a Mr. Lyons, sent it to Him.

The Hill church is one of the oldest and most historic west of the Allegheny Mountains. It was founded in pioneer times by Dr. John McMillan, founder of Jefferson College, at Canonsburg, and a pioneer educator in Western Pennsylvania.

NO POOR IN LAKE, NO REICH MAY SWIM

CHICAGO, Feb. 20.—When Edward J. Kelly became chief of police of the expensive suburb of Wilmette, he swore to uphold the rights of the common people with considerable zip.

When the days grew hot flocks of steaming common people living on the fringes of Wilmette go in the habit of going to swimming in Lake Michigan, which proved to be quite annoying to the more expensive residents along the waterfront.

The lake shore inhabitants forbade the public to go in swimming, claiming that the beaches were private property and must not be trespassed upon.

Then the owners of the beach had the whim thing to themselves for several days.

Now Eddie Zipf is no keghead. He knew the lake was public property, more or less. So he forbade the rich people to go in swimming, since they wouldn't let the poorer do so.

What's more, he stationed policemen there to see that the order was enforced. Now the beaches are left to the exclusive enjoyment of the sand fleas and water flies.

KILLS 500 RATTLERS IN NINE YEARS

LUSK, Wyo., Feb. 20. — Mrs. Huston Sowers, who runs a farm near here, declares her property must be Utopia for rattlesnakes.

Beseeching help from the office of the state biological survey, Mrs. Sowers declared that 500 rattlesnake have been killed on her farm during the last nine years, but that the rattlesnake population seems to be on the increase, notwithstanding.

"We have so many rattlesnakes here," Mrs. Sowers complained, "that whenever I hear a hen cackle I have to run to her nest to get the egg before a snake swallows it."

Plans are under way by the biological survey to start an intensive campaign against the rattlers.

WOULD THEY DO IT?

PHOENIX, Feb. 20.—A federal law requiring every resident of the United States who is not a citizen to register is the idea advanced by A. E. Spurgeon, district immigration officer.

Discussing his proposed measure, Spurgeon said:

"It is plain to see that under this system we would have no difficulty in weeding out the illicit immigrant. The smuggled Oriental and the apostle of destruction who has found his devious way to America to preach the downfall of American institutions. The alien, unable to produce his identification card would be given a hearing, and if after a fair and impartial investigation, he was unable to establish his right to be in the United States, he summarily could be deported."

AUCTION HOUSE

In the presence of a sizable crowd, J. D. Martin, auctioneer, yesterday sold a 5-room house for M. O. Hensley on West La Verne st. The place brought considerably less than what it was really worth, according to friends of Hensley.

This is the second house auction that has taken place here.

LEGION LUNCHEON

American Legion and Auxiliary last night held business meetings, after which the auxiliary served a luncheon to the legion and presented an impromptu program. The lunch consisted of chop suey made by Mrs. L. R. Wilson, and apple pie and coffee.

The program included readings by Mrs. Minnie Sonntag, Mrs. Mary Betzold, Arthur Hebson and Mrs. Gladys Prescott, and singing.

ANAHEIM HI GIRLS BEAT MONTEBELLO

Anaheim H. S. girls' baseball team won 21 to 10 over Montebello here yesterday. The local girls are working hard for the pennant. It was lost last year to Fullerton.

Triples were made by Holdsworth, Heyne and Requarth of Anaheim, and Enyhart of Montebello.

Hazel Wright is developing into a wonderful pitcher and put out a number of players. Irma Young is receiver.

Runs by innings:

Montebello	020 204 011	—10

"DEFYING DESTINY" AT UNITED THEATER

"Defying Destiny," a captivating photodrama by that queen of scenario writers, Grace Sanderson Michie, opens tonight at the United theatre.

Besides a story which brims with thrilling incidents and romantic episodes, "Defying Destiny" is artistically screened and convincingly acted.

Monte Blue and Irene Rich have the leading roles and are admirably supported by Tully Marshall, Jackie Saunders, Z. Wall Covington, Russell Simpson, Frona Hale, Laura Ames, James Gordon, and George Rheems.

Louis Williams Chaudlet directed the production.

COLORUM UNREST SPREADS RAPIDLY

MANILA, Feb. 20.—The colorum unrest is spreading along the entire east coast of Mindanao, according to reports received here today.

Constabulary reinforcements are being sent to that region.

The governor of the province of Rizal, adjoining Manila, denied a report that only the presence of the cruiser McKinley prevented a colorum rebellion Feb. 6.

According to an interview appearing in La Vanguardia, a native daily, Colonel Bowers, interviewed in Surigao, declared "this is a veritable insurrection."

CUMBERLAND BIDS FOR BIG FIGHT

By DAVIS J. WALSH
(I. N. S. Sports Editor)

NEW YORK, Feb. 20.—The hustling, bustling, up and doing town of Cumberland, Md., hard by the site of the memorable dialogue betwen Barbara Frietchie and Stonewall Jackson, today entered a bid for the Dempsey-Wills heavyweight championship bout, thru the agency of one John Snyder.

At least John says it did. He is here, so he says, for the laudable purpose of persuading Tex Rickard to take over promotion of this enterprise and others.

Included in the latter is the proposed return engagement between Dempsey and Firpo, the well known human being.

Mr. Snyder talks a very good game of pool, so to speak. Among other things, he claims that Governor Ritchie has indicated official tolerance toward the two bouts and will not be a party to interference, premature or belated. He also declares that he has the backing of the Cumberland Chamber of Commerce, the mayor, the fraternal orders and the town in toto.

To show his sincerity of purpose, he was a visitor to Madison Square Garden yesterday.

Five years ago when Rickard was casting about for a spot on which to drop the Dempsey-Willard affair, he wavered between Cumberland and Toledo before electing the latter. The selection is said by Snyder to have been hastened by the fact that the then encumbent of the governor's chair hesitated too long with his sanction to suit Rickard. Governor Richie was attorney general at that time and was almost palpitant in his eagerness, says John, to have the fight go to Cumberland.

"It is the ideal place for a big fight, what you might call a focal point," he declared. "It is within two hours of Baltimore, three hours of Washington, five of Philadelphia, eight of New York, three of Pittsburgh and eight and one-half of Cleveland. We do not want to make money, all we want is the fight. Rickard can promote the bout to suit himself and the profits are his. We, of course, are prepared to co-operate in every way."

If Mr. Snyder is not dealing in applesauce, Cumberland is the first town in three long years to speak audibly for the services of Harry Wills against Jack Dempsey.

H. B. GETS COUNTY MEET APRIL 5TH

Lack of facilities cost Anaheim the Orange-co. track and field meet. It was decided at the coaches' meeting last night at Orange to hold the annual meet April 5 at Huntington Beach. It will be five years before Anaheim again has a chance at it.

Coach Fitzmorris has arranged several practice meets: Montebello at Anaheim Feb. 29; Tustin at Anaheim March 7; Anaheim at Orange March 14.

Tri-county invitional meet, Huntington Beach, March 22; Anaheim at Huntington Beach March 28; and the big county meet at the beach city April 5.

This year A. H. S. track outlook is the best in many seasons, and Coaches Sutherland and Fitzmorris are working continuously. Barnett is training faithfully to be Anaheim's all-around star and is going strong. Others that look good to the coaches are Crawford, Dahlman, Ochoa, Hall, Lenz, Grauer and Wells.

Santa Ana and Fullerton are not members of this league.

130-POUND TEAM WINS FROM K. OF C.

Anaheim's crack 130-pound basketball crew trimmed the K. of C. quintet 24 to 14 in a practice fray last night. This aggregation is keeping in trim for the game with Colton tomorrow evening at 7 o'clock at the gym. The game will be the first round for the So. Calif. basketball title.

U. OF C. MOPS UP

LOS ANGELES, Feb. 20.—U. of C. basketball quintet today had hopes of making a clean sweep in its two-game basketball series with U. of S. C. following their 25 to 16 victory over the Trojans last night in the first of the two games to be played here.

The second game will be played tonight.

SENATOR ADMITS BUYING SINCLAIR

(Continued from Page One)

plunged into the molten lava beds

They had been given up for dead of shares of Sinclair oil stock, and together they repaired to Elkins' office.

Whitney, who previously testified, was a member of the group of 15 financiers which handled the financing of stock of the Mammoth Oil Co., a Sinclair subsidiary formed to operate the Teapot Dome lease.

Whitney was subpoenaed Sunday night and was requested to come before the committee yesterday, but did not appear. Yesterday after several hurry-up calls were sent out to locate Whitney, his personal counsel informed the committee he would appear today.

Besides questioning him about stock detals of government officials, the committee desired to confront Whitney with reports of the million dollar "slush" fund alleged to have been sent to Washington by financiers to reimburse public officers for losses in stock plunges in an independent western oil company.

Reports also persisted that before the adjournment, the committee would call E. B. McLean, wealthy newspaper publisher, to the stand. He has been under subpoena since last week and his attorney has been in conference with members of the committee.

While confirmation is lacking, it was reported that a subpoena would be issued immediately for Sinclair, who was scheduled to arrive in New York today from Europe.

The committee was divided as to the procedure to follow regarding the oil magnate. Certain members wanted him called to Washington at once, stating that they wanted to examine him before any pressure was brought to bear. Other members held that Sinclair should not be questioned until Senator Walsh, Democrat of Montana, dominant figure in the oil inquiry, returns next week to Washington.

All agreed, however, that if today's testimony revealed the sensations expected, Sinclair would be directed to come to Washington on the first available train.

WASHINGTON, Feb. 20.—Attorney General Daugherty was the target today of a senatorial attack that eclipsed even that which forced the resignation of Secretary of the Navy Denby.

Temporarily blocked by a senatorial objection, foes of the attorney general planned to force a showdown within 24 hours on the Wheeler resolution authorizing an investigation of Daugherty before an "insurgent controlled" special committee. Their action promised to precipitate a bitter parliamentary fight

Democrats and insurgents supported the proposal of Senator Wheeler, Dem. of Mont., but administration leaders held out for appointment of an investigating committee by the President pro tem, Cummins, Republican of Iowa.

Over this issue the senate was split into two bellingerent camps, with each side eager for open warfare.

Daugherty's friends today renewed their declarations that the attorney general did not contemplate resigning from office and that he would not resign while "under fire." They asserted the attorney general welcomed the senate investigation but "balked" at being "tried" before a hand picked jury.

The Wheeler resolution, referred to a minor committee on a technical objection, authorized an investigation in to the alleged failure of Daugherty to prosecute violations of the anti-trust laws, war fraud cases and persons involved in the oil scandal.

Wheeler also made the following verbal accusations against the attorney general:

1—That Daugherty was connected with the Teapot Dome "oil scandal" and permitted E. L. Doheny, H. F. Sinclair and E. B. McClean to meet in his apartment during the negotiations.

2—That Daugherty used his high office "to protect crime and criminals."

3—That the late Jess Smith, an intimate friend of Daugherty's, was given a special position in the department of justice where he accepted money in connection with various cases before the department."

4—That "other friends and confidential advisers of the attorney general were collecting money to use their influence with Daugherty in quashing criminal prosecutions.

5—That the attorney general, "if he didn't get the money collected for him by his friends, was a bigger fool than the country thot he was."

Wheeler announced today he would make a "finish fight" for the naming of his personally selected investigating committee. His selections included himself, Senator McLean, Republican, Connecticut; Jones, Republican of Washington; Brockhart, Republican, Iowa, and Ashurst, Dem., Arizona.

REALTY MEN PLAN STATE INDUSTRIAL CONFERENCE

(Continued from Page One)

arrests, and things may reform before long.

Bird V. Beebe, aided by W. J. Elliott, gave an intensely interesting report on the visit of a party of realtors and their ladies to the Imperial Valley in connection with the El Centro land conference under the auspices of the State Ass'n. The party included Beebe, Mr. and Mrs. W. B. Allen, George Allen, Mr. and Mrs. W. J. Elliott and Mrs. Jane D. Helmsen.

One of the peculiar features in the valley is that ranches that can be purchased at $300 per acre are rented at $45 per acre, said Beebe. To produce cantaloupes a careful rotation of crops is necessary. Cantaloupes can't follow cotton, but must follow alfalfa or pasture, for example. Because of such preparation or the lack of it, as the case may be ranches side by side may be worth, one $400 per acre, the other only $210. Cotton growing on a small scale appears to be hardy profitable.

One of the vastest ranches is that of Harry Chandler and associates, measuring 60 by 70 miles.

The land on these big ranches is supplied with rich silt by means of pipes connecting the land at the dredges with the river.

From information obtained by Beebe, the break in the Colorado river in 1916 was due to carelessness in leaving a small break, which was rapidly widened by the river itself. According to Beebe, trains, engines, thousands of tons of rock, etc., were dumped into the break finally.

The entire south end of the valley now is higher than the north end partly in consequence of the break.

W. J. Elliott, interrupting, told of the movable dam which is used consisting of huge V shaped sections that are strung on chains and quickly carried to points where they are needed and where they sink into the mud.

Beebe, at Elliott's suggestion, told of the methods of financing. In his opinion the large ranches never will be thoroly profitable until they are cut up into ranches of 10 to 40 acres each, financed by the big owners. The valley will never be developed as it should be in any other way Beebe declared.

CALLS ON JUDGE TO QUIT OFFICE

Rev. L. L. Myers, pastor of the Christian church, today in a letter to the Plain Dealer, voiced his hope that G. B. Brown would resign from the office of justice of the peace, before further steps were taken against him.

"We are hoping, yes and even believing, that he will be willing to voluntarily step into the ranks of 'private citizen,' said the pastor.

Regarding Wid Lemen, efforts to see whom yesterday were unsuccessful, the minister voiced his regret at having brought him into the affair of ousting Brown. "Ziegler is responsible for statements upon which the article was based," said Pastor Myers.

Ziegler, he went on, is a carpenter who had a private grudge against Lemen. Ziegler sent a letter to Judge Brown, which Brown thew away, in which Lemen was accused of evading payment of a bill of $40 in Colorado from where he had moved to Anaheim. Lemen's Colorado record was entirely clean, according to the pastor.

Ziegler was dealt with yesterday by Lemen and McCulloch, business agent of the carpenters' union, and since, according to Myers, has left town.

McCulloch today made it clear that his union had taken no stand for or against Judge Brown's fitness to occupy his office.

DECLARE RICKARD IN WITH SCALPERS

LOS ANGELES, Feb. 20.—Charges made by Tom O'Rourke before the ways and means committee on the Lord bill at Albany, N. Y., yesterday, that Tex Rickard was in with the scalpers, were backed up here today by Gene Doyle, who was associated with Jess Willard when he made his comeback.

"I saw the contract that Rickard submitted to Willard for a return bout with Jack Dempsey and it called for a guarantee of $60,000 in cash, a percentage of the gate over $400,000, an interest in the pictures and a percentage of the scalpers profits," said Doyle.

"I asked Willard what that clause was about where it mentioned a percentage of the scalpers profits and he stated that he was wise to the way they did business in N. Y. and he was going to get all that was coming to him and that Rickard turned over thousands of seats to scalpers to beat the law governing the prices of the fight tickets.

"Willard asked me to change a clause in the contract that called for $2500 training expenses to $5000, which I did and I signed the contract as a witness, but Willard never sent the contract back as he wasn't satisfied with the time they had given him to train for the bout or the date set for the encounter."

Orange-Co. Bank Deposits Total $35,127,439; Capital $3,080,100

The banks of Orange-co closed 1923 with total resources Dec. 31 of $41,559,981.31, and with deposits in the tidy sum of $35,127,439.09, on capitalization of $3,080,100.00.

Furthermore the men, women, boys and girls were thrifty in 1923, for the savings deposits Dec. 31 totaled $8,242,918.73.

All of which causes the average Orange-co optomist, (and his name is legion) to smile contentedly when some individual fresh from the east tries to tell him that So. Calif. is going too fast, hence riding to a fall.

"The man who falls into a bed with the mattress made up of 35,000,000 dollar bills will not suffer from stone bruises," says Secretary B. D. Johnson of the Orange Community C. of C. who compiled the figures.

AUNT JULIA'S ROCKING CHAIR

"You'll never see anything but the backyard"

"If you spend all your time looking out the kitchen window," says Aunt Julia, "you'll never see anything but the back yard.

"And some women seem to me to have back yard minds. Their chief interests in life are the price of potatoes, the cellar window that needs to be fixed, and what time the Metzger girl came home Tuesday night and who she went out with.

"They ought to take enough time off their housework to see how the world looks from the front porch or the parlor."

Using the laundry is one way women can find time to take a "front porch" look.
