HALT SCOTT DIVORCE HEARING

Depositions on Behalf of Wife Will Be Taken For Reading Mar. 30

ALPENA, Mich., Jan. 6—Judge Frank E. Merrick today abruptly terminated the Scott divorce hearing until Tuesday, March 20, indicating that he believes no further good could be accomplished by additional testimony now by either Rep. Frank D. Scott, who brought the suit, or the wife, Edna James Scott.

Additional depositions are to be taken on Mrs. Scott's behalf in the interval and, at the resumption of the case, these will be read along with that of Floren Dalaw, the Scotts' Filipino servant, which has been held up because of a technicality concerning its certification.

Mrs. Edna James Scott admitted under cross examination today that she had entertained in her rooms two "rivals" named by her husband.

Harry Wyckoff, cashier of the Scott's Washington hotel, and Captain Billy "Jazzbo" Sumner, both were received by Mrs. Scott in her apartment and she also visited Sumner in his quarters, she said.

"But there was nothing wrong in that," she added.

The dressing episode, in which Scott charges his wife was assisted by Wyckoff, was gone into and Mrs. Scott denied Wyckoff had helped her.

"Harry just fastened a hook on one of the shoulders of my gown," she testified she told her husband.

Visits of Maj. and Mrs. Harvey Burwell and Maj. and Mrs. John Herr to the Scott apartment in Washington, in Sept. and Oct., 1922, were also under discussion.

Both these men were in the air service.

Scott has charked that it was his wife's association with the military set and the officers at Fort Meyer, near Washington, that eventually drew them apart especially after her European trip in May and June, 1922, when she first met Captain Billy "Jazzbo" Sumner.

"Did you give Mr. Scott an explanation for each one of the charges he made against you on Dec. 23, 1923?" Atty. Irvine D. Canfield asked.

"Yes."

"Didn't you admit then that this young Wyckoff, the cashier of your hotel, had been in your apartment one day while you were dressing, and that he helped you get dressed?"

"No, I told him that Harry just fastened a hook on one of the sholders of my gown."

"Didn't you tell him also at that time that you had called out to him to hand you your corsets into the bedroom?"

"I did not tell Mr. Scott anything like that."

"Now, hadn't you admitted to Mr. Scott even before Johanna Fuchs came to Washington from New York on the twenty-third that both Wyckoff and Captain Sumner had been alone with you in your rooms and that you had also been to lunch with Sumner at the fort and afterward visited alone with him in his quarters?"

"Yes, I had told him these things. There was nothing wrong in them."

"But you didn't admit the burned kimona or Sumner's being drunk all night outside your apartment?"

"No."

"Did you give Wyckoff anything to drink in your room?"

"No, the first drink he had in our apartment was given him by Mr. Scott."

"But it was you who asked he be invited up for that drink, wasn't it?"

"Yes, but Mr. Scott gave drinks to other hotel employes, waiters, and bell boys."

"Why did you keep copies of your letters to Mr. Scott?"

"After a while, when I got no answers, I made copies because I was suspicious of his secretary, Jane Kennedy."

Miss Kennedy, Scott's secretary for 15 years, was a witness for Scott against his wife.

JEFFERSON, CITY, Mo., Jan. 6.—Harry M. Snodgrass, 28, St. Louis highway robber, who, thru the miracle of radio, was reborn as "king of the ivories" while behind penitentiary walls, steps into a $600 a week job ten days from today when he is released from prison.

Snodgrass has signed a year's contract with the Chicago Orpheum Co., it became known today. He will appear in concerts.

12 BOTTLES TAKEN FROM BOYS, GIRLS

Fullerton police last night broke up a "booze party" consisting of four Huntington Beach young people, two boys and two girls, some of them still within high school age. Officers found 12 bottles, nine empty, three filled with "white mule."

The boys, it is said, attempted to destroy the evidence by throwing the bottles to the pavement and breaking them, but succeeded in destroying only one before the officers stopped them. The bottle broken is said to have been filled, one of the bottles captured was filled and one gave evidence of a few drinks having been taken from it. The four are said to have been drinking but were not drunk. The boys, S. A. Wells, 22, and T. D. Porter 21, took all the blame for the liquor, and exonerated the girls. They were fined $250 each or sentenced to 250 days each in the Orange-co jail when brot before Judge French today. The girls were dismissed. Up until after noon today the boys had not been able to raise the fine money. The arrest was made by Leo Martin on So. Spadra-rd.

Paul McFadden, 18, was brot back from San Diego yesterday by Fullerton police to face a charge of petit larceny.

MANN OCCUPIES KIWANIS CHAIR

President Charles H. Mann of the Kiwanis club occupied the office for the first time at today's luncheon meeting. He made a little speech, as did Curtis Case, first vice-president, and in spite of being "razzed" considerably got thru with it.

Warren L. Ashleigh, secretary of the Y. M. C. A., sang a ditty which was a takeoff on prominent members.

An appeal was made for men to volunteer one or two evenings each week in the institute to be held at Santa Ana for six weeks, beginning with a dinner on Jan. 13, when instruction in the technique of Boy Scout work will be given.

Every phase of Boy Scout work will be gone into. The dates selected are besides the 13th, Jan. 20 and 27 and Feb. 3, 10, 11, 17, 21 and 24. Troop leaders' round table life saving and swimming, outdoor crafts at the County park and, on Feb. 24 the closing banquet will be features.

GERMANS PROTEST AT ALLIED NOTE

BERLIN, Jan. 6.—A storm of protest has been aroused in the German press by the allied note explaining the delay in the evacuation of Cologne.

The ambassador's note stated the allies hold proof that Germany had not lived up to the Versailles treaty, but had continued the manufacture of war materials and the storage of arms and munitions in quantities far above those permitted by the treaty.

The only exception to the general protests today was the Verwaerts, which said:

"Compliance with allied criticism and redressing of their grievances if justified, is the only way towards evacuation."

The Nationalist press, on the other hand, assails the government's "weakness" and urges an immediate reply, charging the allies with flagrant violation of the Versailles treaty. They point out that Germany's silence may be taken for the reticence of a guilty conscience.

Tageblatt calls the note a "cheap protest."

Germania, the organ of Chancellor Marx, says, it "reveals a policy of brutal force."

BOY BANDITS ROB STAGE DRIVER

J. Marshburn Relieved of Watch and $40 Late Last Night

Local police were searching today for bandits who last night held up a driver of the Motor Transit Co. in the Anaheim yards of the company, and escaped with his watch and about $40 in money.

The driver, J. Marshburn, drove the last Motor Transit car into town last night, getting here about 1:30 o'clock.

The two bandits, said to have been youths, were in the stage company yards on So. Lemon-st. Seeing that Marshburn was alone, they threw a revolver on him and searched him, taking the watch and the money.

It is thot to have been someone who knew that yesterday was Marshburn's pay day.

Police were given a description of the men.

Relates Details of Jury Tampering

LOS ANGELES, Jan. 6.—Details of what he construed as an attempt on the part of a gamblers' combine to influence his verdict while he was serving as a juror in the trial of "Kid" McCoy for the alleged slaying of Mrs. Teresa W. Mors were laid before the grand jury today by John J. Apffel.

Apffel was the lone juror who stood out for the acquittal of the "Kid" until the closing hours of the jury's record breaking deadlock.

The men who he declared attempted to "reach" him, beginning operations thru a telephone message, was well known to Apffel and when investigation of the circumstances was made by the district attorney's office at the time, detectives reported that the suspect was connected with gambling interests here.

The grand jury's probe into the allegation of jury tampering, which once halted the murder trial, was launched, with Apffel as leading witness, and his secretary, Miss Lee Burke, summoned to give corroborative evidence. Wilbur Campbell, said to be a broker, was also called before the inquisitors for examination.

Apffel claimed, it was reported, to have received an offer of "big money" to vote as instructed in the McCoy case.

YOUTH SENTENCED

ST. JOSEPH, Mich., Jan. 6.—Warren A. Morford, 18, became a convict today thru a blackmail charge, a means he took to aid his father, Allen R. Morford, former mayor of St. Joseph, to fight a bank robbery charge at San Diego.

Young Morford tried to obtain $5000 from J. O. Wells and $750 from Waldo V. Tiscornia, wealthy business men.

Judge Chas. M. White sentenced the son to one to two years in Ionia.

The elder Morford went west for his health two years ago and a year later was arrested as a bandit, who robbed a San Diego bank. He was given a short sentence in San Quentin. Young Morford returned east to obtain money for his father.

BLOODSHED MARKS PA. MINERS' STRIKE

PITTSTON, Pa., Jan. 6—Bloodshed marked the strike of the 12,000 miners of the Pennsylvania Coal Co. today when Sam Pace, 31, secretary of a local union, was shot to death as he returned home here after attending a meeting of the miners' union.

Residents who heard the shots rushed into the street in time to see two men running away. Pace was a world war veteran and one of the miners on strike in this district for more than four weeks.

Save Papers with Anti-Fat Rules

Save your Plain Dealer during the Anti-Fat Contest. You may not be interested in reducing now, but there's no telling when you might be, as one local woman remarked, and it will be difficult to obtain back copies with Dr. Frank McCoy's instructions.

Down at San Diego, a girl in the circulation department of a newspaper who didn't read her product very closely, remarked to the circulation manager:

"Gee, but there's a lotta fat women interested in this Kid McCoy. They've cleaned me completely out of papers."

WHITTED OUT AFTER ONLY 6 MONTHS

New developments marked today's session of the grand jury at Santa Ana, where the district attorney's office has been accused of laxity in law enforcement, when Bert E. Dawson, a candidate for supervisor against S. H. Finley, and Mr. and Mrs. I. M. Owens of Santa Ana were called relative to affidavits circulated stating that pressure had to be brought before Dr. R. E. Whitted, prominent dentist, was prosecuted and convicted of a statutory offense against a daughter of the Owens.

The affidavits were put in circulation the day before the last election and Dawson, it was authoritatively stated at the time, let it be known that the Ku Klux Klan, which supported his candidacy, was responsible for the prosecution of the wealthy Santa Ana dentist by klan leaders appearing before Dist. Atty. A. P. Nelson.

The three were called before the jury at the instance of Nelson himself, it was understood, after the affidavits, purported to have been taken from Mr. and Mrs. Owens and perhaps others, had been tendered the jurors.

The jurors also got back to the dry raids in Orange-co and conditions of dry law enforcement when they called into conference Dr S. T. Montgomery, head of the Anti-Saloon league, and W. A. Weymouth, head of the federal dry squad that operated in the county at the time of the raids. E. S. Ward, chief investigator for the league, was in Santa Ana, but he was not to be called to testify before this afternoon.

Dr. Whitted, it developed today, has been paroled from San Quentin. His sentence was fixed at nine months by the prison board and on Dec. 31, after he had served six months and five days, he was given parole. Judge F. C. Drumm, who tried the case, fixed sentence at not more than 15 years. He was not at his Santa Ana home today, a visit to one of the city's finest residences disclosed, and it was said on good authority the dentist, who is about 45 years old, does not plan to return to Santa Ana to live.

CLAIM CONSPIRACY AGAINST ZINOVIEV

RIGA, Livonia, Jan. 6.—A conspiracy against M. Zinoviev, leader of the opposition to Leon Trotzky, has been uncovered in Moscow, dispatches from the Russian capital said today.

The military cadets, it is reported, all staunchly loyal to War Commissar Trotzky, formed the body of the conspiracy, led by several officers from Leningrad. The arrest of a few of these leaders is believed to have forestalled the assassination of Zinoviev on his arrival at the Leningrad station.

Two men were arrested at the station and are said to have confessed their intention of assassinating the soviet leader. They denounced their fellow conspirators, who included several high officials sympathetic with Trotzky.

WOMAN TO PRISON

ST. LOUIS, Jan. 6. — Joliet's gray walls, that loomed in the offing for "35 years," had no depressing effect upon Mrs. Elsie Sweetin, convicted poisoner of her husband, Wilford, when she stopped in St. Louis between trains today on the way to the penitentiary in custody of Sheriff Grant Holcom of Mount Vernon.

Dressed in her "Sunday best," she laughed and chatted with reporters who constituted a reception committee.

L. A. HARBOR GIVEN 6½ MILLIONS

California Project Fares Better Than Others From Congress

WASHINGTON, Jan. 6.—The Los Angeles item in the rivers and harbors authorization bill has been cut from $10,000,000 to $6,500,000, it was announced here today by Rev. Lineberger, Rep. of Cal., who led the fight in committee to secure federal aid for the development of the Los Angeles harbor.

Lineberger announced that while $3,500,000 had been lopped from the Los Angeles project, the California harbor had fared better than others on the bill which was cut from $53,000,000 to $40,000,000 at the instigation of Pres. Coolidge.

Under the amended plan $3,000,000 of federal funds would be used in dredging existing channels and $3,500,000 would be used in constructing one arm of the proposed two arm breakwater, local authorities to match this latter sum with a similar appropriation.

"It was a question of saving the project, California is badly outnumbered in congress and we farred better than others in spite of this lack of representation," said Lineberger in commenting on the measure.

JURY CRITICIZES CROWDING COUPE

A coroner's jury at Santa Ana yesterday took a slap at the practice of four persons riding in a coupe in deliberating on its verdict in the death of Miss Nellie Spencer, 16, of Alhambra, who, with her fiance, Cecil Burrows, 19, was killed when their coupe failed to negotiate a corner and leaped an embankment, near the county line on the Santa Diego highway early Sunday.

It is inimical to safety, the jurors declared, for four persons to crowd into such a machine, as was the case in this fatal crash, for Miss Hazel Hamm, 16, and William Clayton, 18, also of Alhambra, also were in the machine, headed for Tia Juana at 3:30 a. m. The jurors found the crash was accidental, but that the speed of the car, said to be 47 miles an hour, was involved in the fatality.

Miss Hamm, who was taken to the county hospital, was found to have been more seriously hurt than was thought yesterday. She has sustained internal injuries that will make her recovery slow, physicians determined. Clayton was able to go to his home today.

The body of the girl was taken from Santa Ana to Alhambra, while that of the boy, who was said to be engaged to marry her, was sent from Oceanside for burial.

WHAT'S A MILLION?

SAN FRANCISCO, Jan. 6.—W. M. H. Williamson, British subject and San Francisco resident, was considering today just what to do following notification that he had come into a delayed inheritance of a $2,000,000 estate left him by his father in the central portion of the famous watering place of Bath.

"Oh, it doesn't interest me, you know," Williamson said. "What's a million dollars? What's money? I can't be bothered."

However, at the insistence of friends, Williamson has decided to consider the next step he must take to secure possession of his fortune.

"I must write my book, though, you know," he emphasized.

TIMES CHANGING

SAN FRANCISCO, Jan. 6.—The Cliff House, famous San Francisco restaurant and landmark, where wine and money flowed freely in the bonanza days of the west, has been forced thru the circumstances of the times to discard the purple garnishments of the exclusive eating palace it once was and from today on it will become a coffee counter with doughnuts and "hot dogs" as its special attractions.

Announcement to this effect was made by Ritchie P. Roberts, who explained that "the times have changed and the Cliff House must change with them."

ANALYSIS OF GAS SUPPLY ORDERED

LOS ANGELES, Jan. 6—Chemical analysis of Los Angeles' gas supply was demanded today by Dr. George Parrish, city health officer, at a meeting of officials called to investigate the mounting toll of deaths here due to carbon monoxide gas poisoning.

"The heavy loss of life from the insidious 'sleep of death' has aroused a doubt in the minds of many persons as to the quality of gas used in Los Angeles and it is only reasonable to ask for an analysis," Dr. Parrish declared.

While the death list for the season remained today at 17, three persons were rescued from the "sleep of death" when found unconscious in their homes. They were rushed to hospitals and revived.

CLAIMS HUSBAND WAS "CAVE MAN"

Living in Fullerton is a "regular cave man," if charges made by Mrs. Leta Watkins, wife of Wayne Watkins, in her suit for divorce filed in Santa Ana, are substantiated.

For Watkins, his wife's suit alleges, threw her into the family bathtub while they were living at Fullerton last September, and as a result black and blue places appeared on the woman's head, she contends.

Her husband had a violent temper, Mrs. Watkins adding that on Dec. 10 he threw her on their bed, then jumped on her and implanted his knees on her back, the episode not ending, the wife's suit charges, until Watkins had threatened to kill her.

Christmas day Mrs. Watkins went to Anaheim to be with her mother, where she now is residing, and her husband threw her on the running board of his auto and held her there while he drove off, the suit contends. A similar alleged incident at Sawtelle was blocked, the wife charges, when some of her friends interceded on her behalf.

The couple married in October, 1923, and separated last December 23.

APPEAL TO KING

LONDON, Jan. 6.—Appeals were being made today to King Victor Emmanuel as guardian of the nation's constitutional rights, to take steps to restore civil liberty thruout Italy, according to private advices received here.

It is understood that the king, however, is fearful that any effort of the throne to force Premier Mussolini to give up his power would result in serious conflicts, particularly in northern Italy, between Fascists and regular troops.

For the present the king is said to be unwilling to take any step which might brink on civil war, even for a few days.

The anti-Fascists say that Mussolini knows of the king's dislike for the possibility of a civil war and that therefore he continually encourages threats of a revolution by Fascists.

Throughout some northern cities local Fascisti are reported to be mobilized and making sporadic attacks against opposition newspapers, Masonic lodges, Catholic organization, Republican and Socialist clubs.

MANY TRYING TO REGAIN FIGURE

Five thousand, four hundred ninety-seven pounds of avoirdupois carried by 33 Anaheim women, stepped on and off of the scales this afternoon prior to the lecture by Dr. Frank McCoy to a class in reduction of more than 100 persons at the opening session.

That not all the personal pride is stored in the heads of women was proven through the presence of a dozen men, all of them rotund beyond their desire. Not the younger men alone, either, for several snow white heads dotted the scene.

Before the appointed hour of 2:30 the Knights of Pythias hall was filled to the last chair with these overweight men and women who have resolved with the coming of the new year to throw off superfluous weight as one of their worst habits.

Just to show how cumbersome is a lot of fat, Dr. McCoy had the class do simplest exercises for a moment or two and when the panting, breathless class had dropped into its chairs, it was more firmly resolved than ever to "eat and grow thin."

Telling the two only reasons why persons get fat, Dr. McCoy explained just what sweets, starches and fats pile up in the form of fatty layers. Simplifying, he said starchy tubers and cereal foods were on the taboo list of foods.

"No woman should weigh more than 140 pounds to have a perfect figure and the best of health," said Dr. McCoy. He not only told of proper food combinations, but gave a list of simple exercises which are death to fat and consequent retarded locomotion and body action.

So much enthusiasm was demonstrated that every member of the class wa made happy when Dr. McCoy's intention to return Thursday, Jan. 16, was announced. Each one realizes he or she is a little weak when it comes to giving up the good things with which he has been wont to fortify himself merely to satisfy taste, and is sure that Dr. McCoy's presence in a week will strengthen the determination and be an incentive to keep steadily to directions as published in the Plain Dealer each day.

Photographs were made of the class in an exercise and a group at the scales. The pictures will be published in a day or two.

SENATE O.K.S COOLIDGE P. O. VETO

One Democrat Joins With Republicans in Backing Chief Executive

WASHINGTON, Jan. 6.—President Coolidge's policy of drastic government economy was endorsed by the senate this afternoon when it sustained his veto of the $68,000,000 postal pay bill.

The measure was vetoed by the president last spring because it failed to provide the revenue for increasing the salaries of postal employes. Since then, he had announced he would approve the wage increases if the revenues were provided in the same bill.

The vote was 55 to 29 in favor of passing the bill. One more vote for the bill would have resulted in passing of the measure over the president's veto.

Administration leaders announced immediately they would amend the Moses compromise postal bill, to strike out the wage increase provisions, and hasten its enactment to provide the $68,000,000 revenue thru higher postal rates.

On today's vote, senators changed their votes as compared to the original enactment of the bill.

On that occasion, but three senators opposed the measure—Fess and Willis of Ohio, and Borah of Idaho, all Republicans.

Of those supporting the president, 28 were Republicans and one, Sen. Dial, of S. C., a Democrat.

The Republicans were: Senators Ball, Delaware; Borah, Idaho; Bursum, New Mexico; Butler, Massachusetts; Cameron, Arizona; Capper, Kansas; Cummins, Iowa; Curtis, Kansas; Ernest, Kentucky; Fernald, Maine; Fess, Ohio; Greene, Vermont; Hale, Maine; Harreld, Oklahoma; Keyes, New Hampshire; McCormick, Illinois; McKinley, Illinois; Metcalf, Rhode Island; Norbeck, South Dakota; Oddie, Nevada; Pepper, Pennsylvania; Philipps, Colorado; Smoot, Utah; Sterling, South Dakota; Warren, Wyoming; Watson, Indiana; Weller, Maryland, and Willis, Ohio.

COOLIDGE POLICY AT ISSUE TODAY

WASHINGTON, Jan. 6.—The Coolidge administration's policy of drastic economy, was at issue in the senate today with a vote pending on the president's veto of the postal salary bill.

Administration leaders rallied their forces to save the president from being over-ridden and to sustain his decision that no postal pay increases can be allowed without a direct provision for raising the necessary revenues.

A direct vote on the veto will be reached by the senate at 4 o'clock this afternoon under a unanimous consent agreement. The outcome is still in doubt.

Both Republican and Democratic senators attacked the president's position on the pay bill. They contended the bill should be acted upon on its own merits and pointed out that the president himself was now in favor of the postal wage increases.

"The only issue here," said Sen. Hiram W. Johnson, Rep. of Calif., "is whether the United States is big enough, generous enough and decent enough to pay a living wage to its employes."

President Coolidge continues to bring pressure to bear on senators to sustain the veto and then to enact the new compromise postal bill, providing the same wage increases but raising the revenue from increased postal rates. In its first effort to arrange this substitution, the administration lost by a vote of 51 to 30.

The president's attitude met with censure from Democrats, Sen. Copeland, Democrat of New York, charging the executive with attempting to "becloud the real issue."

Director Opens Studio

Miss Holly Lash, of Santa Ana, will open a studio for study of expression and voice at the home of Mrs. Bert Steelhead, 825 North Palm-st., beginning Friday of this week.

That Miss Lash, who is a graduate of Cumnock School of Art and Expression, is entirely efficient, is attested in her unsurpassing success as director of the pageant, "The Light That Failed," presented through the holidays by the White Temple choir, of which she is director, and which was repeated by request. Miss Lash is assistant director of the Orange-co Choral Union and has been responsible in a large measure for its several renditions of opera.

A number of local young folk have been studying under Miss Lash for some time and through the need in Anaheim for a studio of the kind, she has made arrangements to handle a large class, applications for which she will happily meet either at Mrs. Steelhead's home or by phone.

Bible Study Class

The Bible Study class will meet tomorrow at 2 p. m. in the Presbyterian church, with Mrs. Jane Wilson as leader. Everyone is cordially invited.

District P-T. A. Meet

"East Side West Side, all About the Town," never had a fuller meaning than at present when the east side and west side Parent-Teacher Ass'ns are "sprucing" up a bit in anticipation of the Fourth District Federation meeting to be held in the High school here Saturday, beginning at 9:30, on the dot.

As the program includes nomination for first and second vice president, treasurer historian and parliamentarian, it is urged that the stipulated hour finds everyone in her place.

Mrs. Hugh Bradford of Sacramento, state president, will come with a message, and Mr. W. W. Wilson, of South Pasadena, chairman of the Welfare department, also is expected. She will bring suggestions for celebrating the national birthday on Feb. 17, of the organization. Other speakers will also be present.

There will be hot coffee and escalloped potatoes provided by the hostess associations and those attending are asked to bring along sandwiches, salads, cake, or whatever else they desire. The kiddies are also invited, and a nursery has been provided where their picnic luncheon which each is requested to bring, will be served and where all will receive painstaking attention.

Girl's Societies

A bevy of little girls from St. Michael's church formed an auxiliary for doing much good work the coming year and have received the designation of candidates branch of the Girls Friendly society. Miss Nell Grafton was elected treasurer and Miss Evelyn Laine, secretary. Mrs. A. G. H. Bode will serve as supervisor for the girls. They showed great enthusiasm and will hold their own sale, sewing bees, etc. They will meet once each month after school.

Their elders, the Girls' Friendly society, also elected last evening, choosing Miss Helen Grafton as secretary, and Gladys Gottrell, treasurer.

They will further their missionary and philanthropic work with sewing for a hospital in Wyoming and a settlement in Alaska, as a part of their busy lives.

Helpers' Guild

The Helpers' Guild will meet Thursday afternoon at 2:30, and as there is important work to talk over it is urged that all members be out. The ladies will prepare for the parish dinner set for Tuesday evening, Jan. 13, with the parish meeting following.

The Auxiliary will meet Wednesday in Guild hall for election of officers and transaction of other business incident to the first of the year.

Over 17 Million Jars Used Yearly

EBELL COVERS WIDE SCOPE AT FIRST SESSION

VARIED indeed, were the topics of discussion in Anaheim Ebell's first regular meeting of the year yesterday, again held in the ladies parlor of the Elks club. The attendance was unusually fine and the new year's activities apparently were launched with renewed vigor.

Following executive meetings, the lead pencil sale which has been under way for several weeks, was changed to an out-and-out sale and money paid in to the club under the former plan of selling will be returned, should the purchaser so desire. In almost every instance, however, the amounts have been donated to the club, many of the purchasers reasoning thus: "well, those Ebell women are entitled to a clubhouse—the only club of any size in the county not having a club home. I have not missed the amount paid for those pencils; I have used the pencils, and I'll just encourage them in their ambition to conform to the 'own-a-home' slogan, and forget that amount as ever having been mine." And every donation of the kind is most gratutiously received by the club, for it is an uphill proposition to finance the building.

Both lots owned by Ebell have been placed on the market, the one on Broadway and Clementine, 50 by 104 feet, at $5000 net, and the larger one facing the park on Cypress and Helena, 90 by 157, at $12,000.

Another evry important action was endorsement of the Fullerton Chamber of Commerce resolution in its effort to locate University of California, Southern Branch, in that locality.

In appreciation of the recent use of the highway "white line" the club voted its hearty approval and will so inform the supervisors of the county, to whom credit is due. All agreed that driving has been considerably simplified since the white lines have been in use and expressed the hope that every highway in the county will be so divided. The topic was brought before the club through the chairman of "Country Life," Mrs. A. K. Dahl, working in conjunction with Mrs. Pyle, county chairman.

Through the club, Dr. Bessica Raische advanced the cause of sanitation and cleanliness in auto parks, and public buildings as well, with the desire that any lack of such be reported. The recent agitation favoring adult physical examination at least once in two years, was presented as a logical and sensible movement. All children, even into their college entrance, are given physical examinations, why not their elders.

The Ways and Means committee, roused to action through their ambition to keep the club coffers jingling, are giving a card party Wednesday, Jan. 14, in the Angelina, when it is expected there will be not less than 50 tables played. The party is not for club folk exclusively everyone who cares for either bridge or five hundred, being cordially invited, and the suggestion was offered that anyone wishing to pay a social courtesy, reserve three or more tables and entertain her friends. The committee will arrange to have each company of guests play in their own circle, if desired, and the prizes are going to be particularly nice.

Reports from the various section leaders brought out the following meeting dates: music, with Miss Grimhaw, Monday, Jan. 26; literary, Mrs. V. D. Loly, Monday, Jan. 19; arts and crafts, with Mrs. Eva Boyd, Wednesday, Jan. 28; history, Mrs. F. G. Peek, Wednesday, Jan. 7.

New members, including the Mesdames O. E. Steward, W. C. Kilpatrick, O. Lee Shoemaker, O. E. York, Jennie Jones, C. R. Harrison, Blaine Huntoon, C. C. Lane and G. B. Greder were introduced and greeted.

A remarkably fine talk of Venice, Italy, was given by Dr. Harriet Bigham, describing so graphically the interesting and prominent arts of the city, which she likened to California, in that it is the only one of its kind on earth. Dr. W. L. Bigham, toured and photographed and did the ancient city to their hearts content about two years ago, and in her descriptions yesterday of the incomparable quality of Venetian arts, customs, native life, carried her listeners with her in thought. Dr. Bigham also generously brot to club many of her treasures in mosaic and photography for inspection.

Miss Evelyn Lindenholm, a talented high school miss, gave a Rubenstein piano number a delightfully descriptive tone number, one of the composer's group of more than 20. With characteristic quality, Mrs. C. S. O'Toole reviewed current events briefly, following a cordial new year's greeting.

And so the first Ebell meeting of 1925 goes on the records as one of the most important, most enjoyable of its history.

High School Notes

Mrs. C. M. Watson of the high school office force is expected to be alright again by next week. Mrs. Watson is suffering from a form of blood poisoning.

The businessmen's Y. M. C. A. class will resume its night sessions on Thursday. Calisthenics, volleyball and basketball are enjoyed.

Principal J. A. Clayes was given a handsome desk set by his office staff as a Christmas present.

Work on the Blue and Gold, the annual, is now well under way.

Definite announcement was made today by Bert Steelhead, journalism instructor, that the debating teams which won the fall county championships would be unchanged. The spring debate will be held March 13, the subject being "Resolved, that we Should Have State Censorship of Motion Pictures." Winston Smith and Billy Utter and Louis Kroeger and Stillman Drake compose the two teams.

Busy Day for W.R.C.

Following a patriotic address by the Rev. Thomas H. Walker, and installation of officers in the morning, W. R. C. Federation, meeting yesterday in Odd Fellows hall, with a banquet at noon, the afternoon session was filled with interesting events.

A program of music was contributed by Wm. Cruthers, with the violin and his mother, Mrs. Cruthers at the piano. Mrs. Hilda Skinner contributed a reading, "The Wreck of the Hesperus"; Miss Blenda Probst, one of her excellent reading numbers and tiny June Skinner gave two cute little contributions, "The Modern Flapper," and an encore. Mrs. A. L. Knipe, accompanied on the piano by Mrs. H. H. Knox, sang a number, closing the program.

Reports and a round table wherein each corps expressed its desire as to a federation activity for the coming year, was held. This brought out many splendid suggestions which will be put into action.

The next meeting will be held in Fullerton, the date having been changed from the first Monday in the month to the fourth, making the date March 23.

Honor Departing Brother

C. J. Mauerhan was in the hands of his friends last evening when members of the local Canton, all in uniform, "stormed" his home singing "Hail, Hail, the Gang's All Here," and demanded his presence at the lodge room. With no alternative he accompanied them, and there found congregated many other members and a large company of wives, mothers, sisters, etc. This was an expression of good will and to lessen the regret, if possible, of Mr. Mauerhan's departure tomorrow to the new home near Sacramento, where Mrs. Mauerhan will join him several weeks later.

After chatting and informal entertainment until about 9:30, refreshments were served and the company of 50 friends passed the remainder of the evening in dancing.

As a token of their esteem the lodge presented Mr. Mauerhan with a handsome watch fob.

This evening the Mauerhans will be guests at a family dinner party in Santa Ana at the home of Roy Ivans and tomorrow leave early in the day for the north.

DR. E. J. BULGIN ARRIVES FRIDAY

Inquiries have been received from all over So. Calif. representing the thousands of Bulgin enthusiasts and indicating also their purposed attendance upon these annual meetings.

E. J. Bulgin is well known in California, having held 88 revivals in the Golden State. These 88 revivals have added to the churches of Calif 440,000 members. He has just closed a meeting in a large town in Iowa and stirred the entire country with his wonderful messages.

This meeting is unusual, not because it will present a different message but because it originates and is sponsored by lay members of various churches. There is a growing spirit of determination that Jesus Christ shall be made known in all of His greatness and power to the people of the world. This meeting will be conducted as any other Bulgin revival. All Christians and ministers desiring to co-operate in an evangelistic program will be made as welcome as the flowers in May and on a basis of equality. No distinctions of any kind will be allowed but in a true democratic as well as a Christian spirit, support will be lavished upon what all Americans know an E. J. Bulgin campaign is.

Alvin Carter, the well known soloist and chorus leader, whose voice alone will fill the largest auditorium, will conduct a chorus of at least 300 voices.

The first service will be held Sunday night in a large tabernacle erected for that purpose on Wilhelmina and Claudina-sts.

URGES LABOR AND C. of C. COOPERATE

Secy. Geo. W. Reid of the C. of C. addressed an open meeting of labor men at the local labor temple last night on prospects for renewed activities in building and of getting factories here. Another open meeting will be held Jan. 19 and the speaker will be Dr. Walter F. McCaleb, president of the Los Angeles labor bank, People's Bank & Trust Co. of Los Angeles. Refreshments will be served. The public will be welcome.

GREETINGS TO ROMINGER

SACRAMENTO, Jan. 6.—Greetings to former State Senator Joe Rominger of Long Beach, who retired because paralyzed, were ordered dispatched by the senate today at the request of Herbert Slater, blind senator from Santa Rosa. After naming attaches, the senate and house both adjourned for a joint session tomorrow to hear the governor's message.

COOLIDGE FACES FOURTH VACANCY

WASHINGTON, Jan. 6.—President Coolidge today was facing the task of filling the fourth vacancy that has occurred in his cabinet since he came to the White House, and for the second time it is the attorney generalship.

Before him were a score of names from which to select the man who will succeed Harlan Fiske Stone in conducting the government's legal business. Announcement of his choice probably will not be made until the senate has acted upon Stone's nomination to the supreme bench, but that action is expected today or tomorrow.

The field of those whom the president has under serious consideration, it is said, has narrowed to five, with perhaps the leading figure that of Charles Beecher Warren of Detroit, former ambassador to Japan and Mexico, participant in the conference that resulted in recognition of Mexico, chairman of the rules committee of the Cleveland national convention and nationally prominent lawyer.

Warren, just before Christmas, was a White House visitor. No intimation was forthcoming at the time as to the nature of his visit. In view, however, of the speed with which Coolidge appointed Atty. Gen. Stone to the vacancy on the supreme court, it is assumed that he had been forewarned of Justice McKenna's determination to retire and had already made a decision as to his successor.

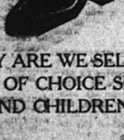

Also prominently mentioned are Solicitor Gen. James M. Beck, present acting head of the department; Robert Prentiss Rugg, chief justice of the Massachusetts supreme court, a personal friend of the president; Frank Dietrich, U. S. district judge for the district of Idaho, whom Sen. Borah urged for the post last year, and Secy. of the Navy Wilbur.

Wilbur may be shifted over from the navy to justice. He was chief justice of the California supreme court and an outstanding lawyer on the coast. And it is no secret that some high administration officials are not pleased with his administration of the navy department.

Tracey Curtis, from Covina, and Miss Lois Johnson, from Banning, were visitors at the home of Mr. and Mrs. Carl B. Hood New Year's evening.

On and after Jan. 11, 1925, we will be located at 162 West Center St., Anaheim, and at our Santa Ana office, 602 No. Main St.

MAY SEIZE RUM SHIPS ANYWHERE

SAN FRANCISCO, Jan. 6.—Counsel for the seized Canadian rum runner Quadra, owned by the Consolidated Exporters, Ltd., of Vancouver, B. C., were today considering the next step to be taken in connection with their efforts to have the ship released following the sweeping decision handed down here yesterday by U. S. District Judge John S. Partridge, holding that American prohibition officers have the right to apprehend suspected rum runners whenever and wherever found off the American coast, regardless of whether they are within or outside of the 12-mile Canadian treaty limits.

"Any nation," Judge Partridge held, "has the right to protect its coasts from the activities of a foreign vessel conspiring to aid its citizens in the violation of the law." The "three-mile or 12-mile" limit, he contended, were arrangements of earlier days, based mainly upon conditions in the narrow English channel, and with a bearing upon a vast body of water like the Atlantic or the Pacific.

The opinion was handed down in denial of a motion "to exclude and suppress evidence" in the case of the Quadra, captured off the Farallone Islands, outside the Golden Gate by the coast guard cutter Shawnee. Counsel for the Quadra contended that the vessel was outside of the jurisdiction of American officers at the time of her seizure.

In his opinion, Judge Partridge found:

1—The seizure of the vessel was not in contravention of the law of nations, or in strict accord with the treaty with Great Britain.

2—Her officers and crew were apprehended in the violation of the laws of the United States.

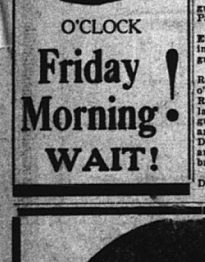

3—Being so engaged the court of the district into which they were brought has jurisdiction of the case.

4—The evidence being lawfully secured, cannot be suppressed or returned.

Judge Partridge supported his opinion by numerous quotations from the records of international law.

Mrs. F. A. Ball and little son Robby of Brea and Mr. and Mrs. Lawrence Ball and little son Donald of Portland, Oregon, have just returned from a very pleasant visit with relatives and friends in San Diego.

ASSEMBLY HOLDS SHORT SESSION

SACRAMENTO, Jan. 6.—With the main business of organization of the two houses disposed of, thru yesterday's election of officers, the legislature held a much abbreviated session today, waiting for the president officers to make their committee appointments.

Until this has been accepted not even routine business will be attempted. Tomorrow Governor Friend W. Richardson will submit his bi-ennial message to the sessions, which will be read before both houses of the state.

Advices from the executive offices are to be the effect that this will be one of the busiest gubernatorial sessions of record in California. There is some speculation as to how far the governor may go in this state document in laying his political opponents for the opposition that have given him in carrying out some of his policies.

Yesterday's battles over the speakership in the assembly and the president pro tem of the senate has left a few wounds that may require a little time to heal. Among the anti-administration forces there is considerable recrimination with charges flying back and forth. The defeat of Isaac Jones, their candidate for speaker, and on the other hand the refusal of some of the "drys" to vote for A. A. Brown, the "dry" who refused to support Republican candidates, declare the responsibility was thrown away by the "wets" who refused to support Assemblyman T. M. Wright, author of the dry law.

Supporters of the federal child labor amendment are here to urge ratification of that measure, which is scheduled to come before the legislature next Wednesday. Introduction of bills will probably not begin before Thursday or Friday of this week.

Any word defined in the text under "HORIZONTAL" will begin at its number, shown in the diagram, and will extend all the way across to the first black space to the right of that number. That is, the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterruptedly.

Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white spaces remain uninterruptedly.

BOMBAY—Public protests today were directed against cruel and inhuman treatment of monkeys shipped by the hundreds to Europe by agents of rejuvenation and surgeons for gland operations. The animals are herded into cages with little provision for the trip, it was charged.

BOMBAY — Hindu leaders in session here today reaffirmed their support of the Hindu rule that a member of one caste may not touch a member of a lower or higher caste. Ghandi, the leader of passive resistance, was declared a heretic for his recent advocation of abolition of the rule.

LONDON—The sinking of H. M. S. Monarch in compliance with the naval disarmament terms will be carried out with guns and torpedoes in the Atlantic ocean, instead of the English channel, Jan. 16, the Times announced today. S. F. PIONEER DIES

SAN FRANCISCO, Jan. 6.—Friends today were mourning the passing of Mrs. Russell J. Wilson, widely known San Francisco social leader and pioneer, who died at her home here late yesterday after a brief illness.

She was the wife of the late Russell J. Wilson, himself a pioneer and a prominent California attorney.

Mrs. Wilson was the daughter of James King of William, one of the most picturesque characters of the gold rush days in California and founder of the San Francisco "Bulletin."

She is survived by two daughters, Mrs. Orlew C. Pratt and Mrs. Geo. Cadwallader, and a sister, Mrs. S. F. Dutton.

Mr. and Mrs. C. R. McClure entertained with a big turkey, dinner Thursday. Their guests were Mr. and Mrs. Paul Egler and children.

DAILY GREETING TO OUR READERS

That they should seek the Lord . . . For in Him we live and move, and have our being.—Acts 17.27-28.

WORLD FLYERS TO GET RANK HONORS

United States Army aviators who participated in the historic first flight around the world, are to be recommended to Congress by Secretary of War Weeks, supported by President Coolidge, for promotion in rank and for honor medals. Capt. Lowell Smith and Lieutenants Wade, Nelson and Arnold are to be advanced—one thousand points for Captain Smith, and five hundred points for each of the others. Sergeants Henry H. Ogden and John Harding, second lieutenants in the Reserve Corps, will be given appointments in the same grade in the regular army. All members of the flight squadron will receive Distinguished Service Medals and will be given permission to accept decorations offered by foreign governments. These are the recommendations to be made to Congress. And Congress doubtless will respond by voting to carry out the recommendations.

The feat accomplished by these gallant young men deserves high distinction at the hands of the government of their country. Theirs is an achievement that will tower high in the history of the world. They have been likened unto Columbus. And well they may be. The discovery by Columbus opened a new world. The flight made by these daring aviators opened a new realm—the empire of the air—to possibilities the limit of which the wisest of men cannot foresee. By all means give these intrepid flyers—every one of them—the promotions and the honors which are fitting.

NEGRO RACE ADVANCES STEADILY

Sixty-two years ago—January 1, 1863—by the memorable Emancipation Proclamation of President Lincoln, the shackles fell from 4,000,000 slaves. The negro race became free. With each recurring anniversary of that historic event, American negroes and their friends jubilate. Emancipation threw a tremendous responsibility upon the negroes, as well as upon their white neighbors. But, hard and intricate as the problem has been, it is being worked out with honor and credit.

The American negro, heeding wise leadership among members of his race, stands before the world today, using his freedom worthily and creditably, to advance, through education, industry, respect for law and judicious adjustment to the racial conditions which prevail in this country. Educators and clergymen, of the negro race, with consummate wisdom and tact, have led and are leading their people along the ways that achieve material success for negroes and brings to them the respect and co-operation of the whites.

American negroes, by industry and thrift, have amassed a grand total of property possessions which is little short of miraculous, considering the tremendous odds against which negroes have had to strive.

POEMS THAT LIVE

OF CLEMENTINA

In Clementina's artless mien
Lucilla asks what I see,
And are the roses of sixteen
Enough for me?

Lucilla asks, if that be all,
Have I not cull'd as sweet before:
I still deplore.

I now behold another scene,
Where Pleasure beams with Heaven's own light,
More pure, more constant, more serene,
And not less bright.

Faith, on whose breast the Loves repose,
Whose chain of flowers no force can sever,
And Modesty who, when she goes,
Is gone forever.

HEALTH & DIET ADVICE

By Dr. Frank McCoy
Author of "THE FAST WAY TO HEALTH"

CHILDREN'S DIET (Continued)

If the baby seems subject to colds or the tonsils are enlarged above the normal, or if there is a tendency to over-weight, eliminate starches altogether until such tendencies are overcome. The child should not be allowed to eat between meals—not even fruit—and it may be said that if regularity of meals is ever important it is doubly so during childhood. Children should be taught what meals are best for them and encouraged to use such foods, rather than to constantly be told that certain things "are not good for them." If the parents do not understand the philosophy of feeding, they are not able to impart this knowledge to their children; but if they do understand and live according to strict dietetic rules, their example will be followed by their children.

If children learn that certain foods combined together make for good health, the impression made upon their minds will be just as distinct and permanent as when they learn in arithmetic that two and two make four. Try to make the child understand that eating the right food in proper combination with other food will give them the material out of which to build a strong body so that they will be able to experience the joy of winning contests both on the atheletic field and in the classroom, but do not expect your advice to be taken seriously unless you, as a parent, really believe what you are teaching and prove it by setting a good example before your children.

MENU: Suggested for children from breast-nursing to about two years:

At six and nine a.m.; twelve noon; three and six p.m., take four to six ounces of raw cow's milk, preceded by one or two teaspoonfuls orange juice. Milk should be sucked through a nipple, if possible. No feeding at night except warm water if desired.

Or ,as an alternative: At six and ten a.m., two and six p.m., take five to eight ounces milk, preceding by one or two teaspoonfuls orange juice ,as above.

"FAITH GAINS IN COLLEGES," SAYS REV. FOSDICK; CITIES FIGURES

A greater proportion of the students in American colleges today are more religious than a century and a half ago, the Rev. Dr. Harry Emerson Fosdick declared recently.

"I am just back from one of the great college campuses," said Dr. Fosdick, referring to his visit to Harvard, where he preached, "and once more I return more enthusiastic than ever over this splendid, bewildered, adventurous, hopeful new generation.

"Do not run it down. Do not be overanxious about it. President Hopkins of Dartmouth college is right when he says that the college men we are dealing with now are a cleaner lot than the last generation was.

"Some say that our colleges are filled with infidelity. It is not at all as bad as it used to be. From 1778 to 1782 Princeton college had only one Christian. Bowdoin in 1807 reported only one Christian. Yale went four years with only one man who acknowledged religious faith.

"The situation is very different now. In 1921 eighty of the state institutions of learning were polled—those so-called Godless universities—and out of more than 150,000 students 130,000 reported they possessed religious affiliations.

Must Not Dwell on Dogma

"Times have never been better for religion in the colleges than now. But if Christianity is going to maintain a real and dominant control over the lives of the new generation it must be vitally presented. There is no use talking to the new generation about religion in terms of formal ecclesiasticism, sacramental rituals or dogmatic theology.

"If the Christian church really believes that to be a Christian is to know Jesus had to be transformed into the likeness of His character it had better be saying that to the younger generation above everything else."

A rabbi was on a street car one day and got up to give his seat to a lady. Before the lady could take his place some man crowded in and got it. The rabbi stared hard, thoughtfully, and suggestively at the man, who winced beneath the stare and said:

"Well, what are you staring at? You're staring as if you want to eat me up."

"No," says the rabbi. "My religion forbids my doing it."

COMMENTS of the PRESS

What Editors Are Saying

STATE MUST SUPPORT SCHOOLS—School Life

A judicial decision of remarkable significance was rendered by the Supreme Court of Oklahoma on September 9 in upholding the validity of an act appropriating $650,000 to aid in paying teachers' salaries in districts that had levied the constitutional limit of local school tax, and still could not maintain school for an eight-month term.

The court held that the burden of education rests on the state; that such an appropriation is not so much state aid of districts as it is part of the fulfillment of the obligation to maintain a system of public schools placed upon the state by its constitution; that district tax levies are in the nature of aid to the state, and that the limit of district tax having been reached, the state must "carry on" to the point where a system with some degree of uniformity and equality of opportunity is maintained.

GLEANINGS

THE SUN OF WISDOM

I lately read a book in which the author attempted to summarize the wisdom of all ages.Not only the noted philosophers were included, but the sayings of common people which had persisted from age to age.

I noted that all seemed anxious to give warning that will keep others out of trouble; no one is willing to die, and purposely leave a message that will cause mischief.

In summing it all up, the advices of all ages seemed so simple, so much alike that one man might have written it.

This is a brief summary of it:

1. All insisted on the importance of good conduct;
2. All advocated temperance, fairness, industry, and thrift as first helps in making life as endurable as possible: not one recommended theft, drunkeness or idleness;
3. All advocated the adoption of simple, just rules, and observance of them;
4. Without exception all declared man is master of his own destiny, and that, in helping himself, he should respect the plain rights of others,

WHEREAS, the Clerk has submitted to the Board of Trustees of the City of Anaheim a Recall Petition demanding the election of a successor to E. H. Metcalf, Emory E. Knipe, Dean W. Hasson, and A. A. Slaback, the persons sought to be removed from office by said Recall Petition; and

WHEREAS, the Clerk has submitted to the Board of Trustees of said City a Recall Petition demanding the election of a successor to Godfrey J. Stock, the person sought to be removed from office by said Recall Petition; and

WHEREAS, said Recall Petitions were filed with the Clerk of said Board, and were found by said Clerk to be signed by qualified electors of said City equal in number to more than twenty-five (25) per cent of the entire vote cast within said City for all the candidates for the offices occupied by the incumbents sought to be removed at the last preceeding regular municipal election at which such offices were voted for; and

WHEREAS, said Recall Petitions contained a statement of the grounds on which the removal or recall is sought, and had attached to each separate paper consisting said Recall Petitions an affadavit made by a qualified elector of said City and sworn to before an officer competent to administer oaths, stating that the affiant circulated that particular paper and saw appended the signatures thereto; and that according to the best information and belief of the affiant, each is the genuine signature of the name which purports to be thereunto subscribed, and of a qualified elector of said City; and

WHEREAS, within ten (10) days of the date of filing said Petitions the Clerk examined, and from the records of registration ascertained that said Petitions were signed by the requisite number of qualified electors, whereupon he attached to said Petitions his certificate showing that as a result of said examination he found said Petitions to be sufficient.

NOW THEREFORE, the Board of Trustees of the City of Anaheim do ordain as follows:

SECTION 1. A special election is hereby called and ordered to be held in the City of Anaheim, State of California, on Tuesday, the 3rd day of February, 1925, for the purpose of submitting to the qualified electors of said City the question whether E. On such ballots, under each such question, there shall also be printed the names of those who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for such office unless the voter also voted on such question of the recall of the person sought to be recalled from said office.

In addition to the matter required to be printed on the official ballots, upon the sample ballot there shall be printed in not more than two hundred (200) words the reasons set forth in the Recall Petition for demanding the recall of said official, and upon the same ballot, in not more than two hundred (200) words, the officials may justify their course in office.

If a majority of those voting on such question of the recall of any incumbent from office shall vote "NO", said incumbent shall continue in said office; if a majority shall vote "YES", said incumbent shall thereupon be deemed removed from said office upon the qualification of his successor.

"HIJACKER" CONFESSES MURDER

SANTA BARBARA, Jan. 6.—Irving Denton, branded by officers as a "hijacker," late today confessed he murdered George Turner, "king of California bootleggers," according to deputy sheriffs.

Denton re-enacted the crime, according to the authorities, and told how he shot and killed Turner as he sat in his auto in a lonely grove near Summerland.

Wm. Keefe, the officers said, was Turner's true name. His brother, Joseph Keefe, resides at 1416 East 16th st, Oakland.

Turner or Keefe, is survived by a wife and two children believed to be living in San Francisco.

According to the confession said to have been made by Denton, Turner had quarreled with Denton over a liquor deal. Denton told the officers he killed Turner after the "bootleg king" drew a gun.

Denton, the officers said, admitted he had followed Turner into the lonely eucalyptus grove, where he was killed, to watch a gunbattle between Turner and Los Angeles "hijackers" who planned to rob him of a whiskey cache.

The man's confession was made, the officers claimed, after Herbert Thom, a Santa Barbara garage employe, went to the county jail and told a story which implicated Denton.

Whether Thom, L. C. Buntin and Ben Hoffman, arrested with Denton in connection with Turner's death, would be held for further questioning, had not been decided by the authorities late today. All of the men were charged with being connected with a "hijacking gang."

CONSIDER BIDS ON CLUB WATER SYSTEM

According to a report from the executive offices of the Parkridge Country club, bids are now being considered from six responsible contractors for the installation of the complete water system for the club.

The water will be boosted to a height of about 250 feet from a well near the club grounds which is owned by the club. It will be located on an elevation in about the center of the golf course. The system will be a circulating system and the main will be large enough to insure adequate pressure to automatic sprinklers on the course.

WOMEN TO PUSH CHILD LABOR LAW

SACRAMENTO, Jan. 6.—Gov. Richardson today has selected Sen. Frank C. Weller of Glendale and Sen. Harry Chamberlin to introduce the joint resolution ratifying the federal child labor amendment tomorrow, he told Mrs. Ernest Wallace, representative of the California League of Women voters.

SACRAMENTO, Jan. 6.—With the forces of Gov. Friend W. Richardson in control of the key positions in both senate and assembly, following yesterday's hectic opening of the 46th California legislature, the program today called for a consolidation of the administration organization and then for the consideration of the usual quota of legislative business, including action on the joint resolution for ratification of the federal constitutional child labor amendment will take place as soon as Gov. Richardson, under the law, officially notifies the state legislature of the amendment's adoption by congress. The legislature will be urged by friends of the measure to ratify the amendment at once.

Five assembly women are actively engaged in backing the child labor amendment. They are: Miss Este Broughton, Miss Eleanor Miller, Mrs. Ray Chesbro, Mrs. Grace Dorris and Mrs. Cora B. Woodbridge.

Mrs. Woodbridge will offer the measure in the lower house, probably today, while at the same time it is introduced in the senate by Senators Herbert Slater, Daniel Murphy and J. M. Inman.

Administration forces today were rejoicing at their victories in the legislature yesterday when they succeeded in electing Frank F. Merriam of Long Beach, president pro tem of the upper chamber. Breed has been the incumbent president pro tem since 1922.

In the senate Gov. Richardson's control seems to be beyond a doubt, but in the assembly he will at all times face an uncertain quantity, in spite of the election of his candidate to the speakership, observers declare, because of the strong so-called progressive faction which is outspokenly hostile to many of the governor's policies.

"DON'T MARRY FOR MONEY" AT UNITED

To the average girl the beau ideal of her dreams is a handsome man, wealthy enough to give her everything she wants, and in love with her to the exclusion of all else in his life.

What a rare combination! And what a rarer consummation!

Yet Marion Wehinney (Rubye De Remer), who had a multi-millionaire husband—he was tall and handsome and loved her to distraction—was the unhappiest girl in the world.

Not that she did not appreciate the bountiful gifts Dame Fortune had showered on her, for she did. He had taken her from a Fifth avenue shop, where she had been a shop girl, and she was thankful for the job. But that little spark of celestial fire called conscience made her existence a joyless round of drab despair, because she had given herself—literally that—in marrying Peter Smith (House Peters) because of his wealth, with no thought of love, no urge but that of mercenary motives.

With the girl in this unhappy mood, starving for sympathy, understanding, companionship, advice—not realizing her husband really loved her, a domestic drama has been fashioned, engrossing the interest and appealing to the heart of the average woman, in a manner that has made "Don't Marry for Money" one of the most highly praised pictures of the year. This is the attraction at the United theatre tonight and tomorrow.

House Peters, it goes without saying, is superb in the role of the forceful, big business man, vibrant, virile, vigorous in courting his sweetheart; yet humbly worshipful at the shrine of her beauty. Rubye De Remer matches this performance, while her gowns and her own gorgeous good looks are a thing of joy and of beauty forever. Others in the cast are: Cyril Chadwick, Aileen Pringle, Christine Mayo, Hank Mann, Lydia Knott and others.

This is a splendid evening's entertainment; in fact, there is always a good show at the United theatre.

RAILWAYS MAKE LONG ADVANCES

NEW YORK, Jan. 6.—Speculative industrial stocks retraced a good portion of their lost ground today and in some cases added a little of good measures. The best records of the day, however, were made by the railroad stocks, which under the leadership of New York Central, Atchison, Reading, Southern Railway and So. Pac., were in higher priced ground for most of the session. N. Y. Central and Atchison shattered their best previous performances for a few years back, the latter at 122¾, making a new high record since 1915.

Stocks which bore the brunt of Monday's selling and declined from five to 15 points were unable to make up their entire losses, but active industrials which declined only a point or two made a better showing.

The market turned dull on reactions and the volume of trading in the first three hours was nearly half a million shares less than in the same period yesterday.

The movement in railroad stocks had the double stimulus of a favorable array of current net earnings and another dividend increase in one of the most active common stocks on the board—Atchison. Directors of this company at their meeting in N. Y. today boosted the quarterly dividend from 1½ to 1¾ per cent despite repeated denial by individual directors that such action was contemplated. Nor were the railroad companies alone in raising dividends. American Smelting and Refining was placed on a six per cent annual dividend basis and a special disbursement to stockholders of the Fajardo Sugar Co. Call money flowed into Wall Street today and the official rate was lowered to 5 per cent, the lowest since Dec. 22; wheat prices jumped nearly two cents a bushel at Chicago and cotton recovered about 30 points.

Movements in the industrial and specialty stocks were somewhat mixed in late tradings. Professionals were ready to sell on profit taking and switching to other stocks resulted in simultaneous rallies and declines in stocks equally popular as speculative mediums.

Copper stocks responded to the boosting of copper metal to 15¼ cents a pound and metal shares in general reflected the advance in prices of lead and tin.

Equipment stocks rallied under the lead of Car and Foundry which sold up to 200 for a recovery of eight points from Monday's close. Radio Corp. was comparatively quiet but the bulk of sales were made nearly two points above the opening price of 66.

Stock sales today totalled 1,823,700 shares; bonds 15,340,000.

GOLFERS FLOCK TO PARKRIDGE CLUB

The intense activity in the construction of the Parkridge Country club, which is located in the vicinity of Riverside and Corona, has caused the Corona Country club, an organization of some 20 years of existence and a closed membership of more than 50 members, to join Parkridge Country club in a body. According to a report from the officials, never in the history of the Corona club have the directors recommended any other similar affiliation.

It is not the intent or idea to disfranchise or lose the identity of the Corona club through joining the Parkridge Country club. For the fact that the Parkridge club offers such outstanding additional benefits has warranted the Corona club to take memberships in the Parkridge Country club, was the expression of H. M. Key, secretary of the Corona club.

SKELETON IN B. B. CLOSET RATTLES

NEW YORK, Jan. 6.—The O'Connell-Dolan skeleton in baseball's closet was playing castanets with its kneecaps today as a result of the action of Geo. Kelly and Sammy Bohne, of the Giants and Reds, respectively, in attempting to team up with the discredited Jimmy O'Connell on a Pacific Coast basketball team.

The action indicated that all is not eau de cologne in Denmark and crystallized sentiment in favor of Judge Landis making public the complete testimony in baseball's latest scandal, something he has declined to do to date.

Several minor leaguers were involved in the venture but that is of slight consequence. Neither is the fact that an attempt was made to evade the issue by having Kelly and O'Connell play alternate games nor that O'Connell was subsequently let out by the Coast management in order to save Kelly further embarrassment.

The thing that has smote the public right between the eyebrows, is that Kelly was one of three players absolved of complicity in the O'Connell business and that some 15 months ago Bohne was called upon the carpet to explain a story that appeared in a Chicago publication, charging him with attempted game juggling at the behest of gamblers. Pat Duncan also was involved in the charges. He has been wafted out of the major leagues in the last month or so, for reasons not altogether clear.

These are the men who planned to identify themselves with what John A. Heydler terms "a self-confessed faker". If John has his way he will suffer suspension, even though it be accepted in spirit and not the letter of baseball's dignity that was flouted. But the end is not yet.

JOHNSON WILL TRY AGAIN FOR CLUB

RENO, Nev., Jan. 6.—Walter Johnson, famous American league pitcher, was back at his home here today, following his brief trip to California, where he tried unsuccessfully to purchase the Oakland club of the Pacific Coast league. He declared that he would keep on trying to buy a western ball club.

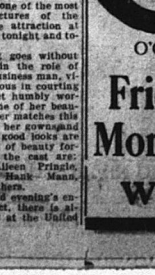

"I realize that my playing days are about at the end of the string," Johnson said, "and when I leave the Washington club, I want to stay out here in the west."

The great ball player added that for the present his plans were indefinite.

It is understood, however, that Johnson is still thinking over a reported offer made him by the Washington Senators, which he characterized late last week as "too good to be turned down without full consideration."

BASKETBALL GETS UNDED WAY HERE

Several basketball games have been arranged for this week by Coach Fitzmorris at the high school gym. Tonight the varsity saw first team from Huntington Park will play the first-and second local teams.

Wednesday night the Excelsior Union high varsity team will play here and Friday evening the local varsity will play a return game there.

Regular track practice will begin next week. A little work is being done already, and a few boys are practicing baseball, too.

Thirty girls now have come out for hockey, including the same bunch on last year's team, while the basketball girls are also making a hard try for places.

Miss Jaques' hopefuls will play the Santa Ana hockey team at the Fullerton high school some day next week. The teams of Long Beach, Pasadena, Glendale, Riverside and Whittier College also are in the line of future engagements.

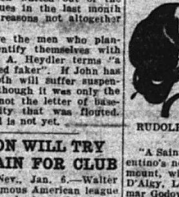

The girls' coach regards this game as even better than basketball as exercise and a strength builder. But it's a more complicated game, and requires several seasons for proficiency. The game is superior in developing team work, says the coach. Under careful training it is not dangerous, in her opinion.

Mildred Latourette has been chosen captain. She plays center half. The manager will be named within a few days. Practice is going on at least four times weekly.

Class baseball practice has started in preparation for the class games the latter part of this month.

Basketball is over except that a few games may be played with championship teams of other leagues. The winner in So. Calif. won't be decided except unofficially, as Norma Brastad, manager, has issued four or five challenges to such teams. The San Diego team probably will meet the local county champs.

Valentino Seen Last Time Tonite

RUDOLPH VALENTINO AND NITA NALDI

"A Sainted Devil," Rudolph Valentino's new production for Paramount, with Nita Naldi, Helen D'Algy, Louise Lagrange, Dagmar Godowsky and others playing in support, was shown last night at the California Theatre and will play again tonight for the final time. The story is by Rex Beach. Joseph Henabery, who made "The Stranger," directed.

"A Sainted Devil," is "The Sheik" and a sort of Spanish "Robin Hood" combined—a fascinating love-drama, with the star in the role of a young Spaniard who roams South America in search for a notorious bandit who had stolen his bride on his wedding night.

As Don Alonso Castro, Valentino is the Valentino of old—the Valentino of "Blood and Sand," the Valentino the fans like to see. As the "mysterious stranger" he terrorizes the country in his endless search for the bandit gang—and for revenge.

None but Valentino could play such a role as he does this one. He loves and fights as only he can. And Nita—she's neater than ever. Miss D'Algy, great society newscomer on the screen, is a surround 'find.' Louise Lagrange, you remember her with Ernest Torrence in "The Side Show of Life," is also unusually well cast while Miss Godowsky has a high-power vamp part.

Felix the Cat and Pathe News round out a very good evenings entertainment.

The music score for the picture was exceptionally good and the Novelty Musical Number by Geo. E. Turner received a great deal of applause.

CROWLEY BETTER

SAN FRANCISCO, Jan. 6.—James Crowley, star backfield man of Notre Dame's famous "four horsemen," who is in the St. Francis hospital here suffering from a collapse as a result of the Stanford-Notre Dame football game at Pasadena New Year's day, is progressing "favorably" today and will probably be able to follow his teammates back to South Bend, Ind., by the end of the week, physicians at the hospital reported this morning.

The rest of the squad departed for Indiana yesterday after a two days' entertainment program at the hands of enthusiastic San Francisco gridiron fans.

SEATTLE BIDS FOR FOOTBALL PLAYER

BEATRICE, Neb., Jan. 6.—A bid from the Seattle club of the Coast league was under consideration today by Elbert Bloodgood, 1924 varsity quarterback of the U. of Neb. football team. Blood good, who was recently declared ineligible for another year of collegiate football because he played as a freshman at Depauw University, performs as an outfielder in baseball and is exceedingly fast running bases.

Playing with Butte last year he was the leading slugger of the Missouri Industrial league.

Invasions change few fundamentals, and the radio hasn't affected anything except headlines.

NURMI WILL SHOW SPEED TONIGHT

NEW YORK, Jan. 6.—Paavo Nurmi, possessing the finest set of running legs in the history of athletics, will display his flying shanks before the American public for the first time tonight at Madison Square Garden in what has been termed "the race of the century."

Just what race is referred to is not made clear. Nurmi will go to the post in two races, a mile and 5000 metre event, and in each he will be pitted against the greatest runners this side of the Atantic.

He will be a lone Finn against the flower of America's best, yet the man who won four races at the Paris Olympics will have the crowd with him. He will find Willie Ritola a fellow countryman waiting for the run in the 5000-metre race but not with the extended hand of friendship. The compatriots are bitter enemies.

On form alone, Nurmi would be an odds—on favorite to win both events. But with the existing conditions, the critics give Ritola better than an outside chance to defeat Nurmi at 5000 metres and also look for the rejuvenated Joie Ray to give the Finn the race of his life at the mile. Jimmy Connolly, Lloyd Hahn, Walter Higgins, Leo Larrivee and Lowendahl a second string field, make up the rest of the field in this race.

PACIFIC COAST MILITARY SURVEY

LOS ANGELES, Jan. 6.—The first step in a mammoth movement by the U. S. government to establish a stone wall military and naval defense on the Pacific Coast against invasion by a foreign power was taken in Los Angeles today when 35 bankers and business men of southern California cities made preliminary plans for an intensive industrial military survey.

In answering the war department's demands for Pacific Coast defense by launching a gigantic system of war preparedness to encompass every activity in the southland, millions of tons of food, clothing and general supplies will be checked for information to be turned over to the war department for use in the equipping of armies in the event of possible war in the future, it was announced.

HOPES TO SETTLE ALL CONTROVERSY

LONDON, Jan. 6.—The British foreign office was disappointed by the refusal of the United States to join the American war claims to be arbitrated, it was said today in diplomatic circles here.

Chancellor of the Exchequer Churchill departed today for the allied financial conference in Paris. He intimated that he did not believe the Paris conference which opens tomorrow will reach any concrete conclusions. He does hope, however, it was said, that out of the Paris conference will come an inter-allied conference to settle all war debt controversies.

The British post office looks to the Paris conference to see if perchance the American war claims situation, it was said. Pending the result of the Paris conference, there will be no British reply to the American note, it was stated.

Proposals that an allied debt conference be held in Brussels in March or April, with the United States invited to attend, have met with no official sanction, the foreign office said.

CELEBRITIES MAKE APPEARANCE HERE

Manager Anderson of the United theatre announces that William Desmond, Eileen Sedgwick, Hedda Holmes and Hughy Mack with the entire cast of "The Riddle Rider" will appear in person upon the stage at the United theatre Friday night of this week.

It is seldom that a personal appearance of the star and his known group of stars is seen in Anaheim, or, in fact, anywhere. It was thru the kindness of Don Mitchell, manager of the Universal Film Exchange, that this courtesy was extended to Manager Anderson.

"The Riddle Rider" is a startling chapter play of the old west in which horsemanship plays a prominent part. Eileen Sedgwick, who holds the ladies' championship for riding and lassoing plays the leading feminine role. William Desmond, known to everyone in So. Calif., in fact all over the United States, for his portrayal of he-man roles, both on the screen and on stage, is the star of this production.

The lovers of action, thrills and the great outdoors will find in this the greatest chapter play ever produced.

NO ROSY PATH TO FAME ON SCREEN

Hard luck followed both Norma Talmadge and her leading man, Eugene O'Brien, during the filming of her latest picture, "The Only Woman," showing at the California tomorrow and Thursday.

Many of the scenes, depicting a thrilling shipwreck in mid-ocean, called for unusually vigorous action on the part of the pair. As the picture will show, they are forced to cling to the frail railing of a yacht which is being tossed about like a feather while huge ocean waves sweep over them. The danger lay not only in being swept overboard, but also in exposure to the cold salt water.

All one night the couple battled a fierce gale in Long Beach, out from Los Angeles and finally were compelled to abandon the yacht, which was washed up on the rocks of Catalina Island and was fast disintegrating.

As a result of being soaked to the skin both Norma and O'Brien caught severe colds, as well as other members of the company of sixty which participated in the scenes. Eugene was threatened with pneumonia, and it was necessary to postpone the filming of the picture for a week, pending his recovery.

More hard luck followed when, later, an iron cable slipped from its fastening in the United Studios and struck Norma. Her injury was painful, but not serious, and after treatment at the Community Hospital she was enabled to continue with her work.

Louise Fazenda in a very funny comedy, "Dizzy Daisy," and the International News are on the program.
