Resume Hearing of Suit With More Witnesses and Depositions

LOS ANGELES, Feb. 24 — With several additional witnesses to be heard and depositions from New York theatrical men to be read into the records, Charles Chaplin's suit against Charles Amador, his alleged imitator, was resumed here today.

In the suit the noted film comedian seeks to restrain Amador and the Western Features Productions from using Chaplin's make-up, costume and antics, alleging use of them had deceived the public.

A deposition of Nathan Burkan, New York attorney and representative of Chaplin in the East, was read into the records by Chaplin's attorneys. Burkan stated that he had talked with F. M. Stanford, who was said to have represented himself as an official of the Western Features Productions, relative to showing some of the Amador productions and after inspecting Amador's advance literature and advertising had told him his plan was fraudulent and intended to deceive.

"I have never seen this entire ensemble, this combination of ill-fitting garments and this wistful and odd appearance used by any other actor" was a statement appearing in the deposition.

In a deposition of Lee A. Ochs, a motion picture exhibitor and former owner of New York, there was detailed a conversation Ochs said he had with Sanford relative to a "Charlie Aplin" product, "Aplin" being Amador's screen name.

Ochs stated he saw a screening of Amador's pictures and discussed showing it. Ochs said he told Stanofrd "it was impossible to get away with it," according to the deposition.

A large crowd of spectators which thronged the courtroom left when Chaplain failed to make an appearance, as defense attorneys prepared to open their case late today.

PICTURE STAR'S CONDITION GRAVE

PARIS, Feb. 24.—Four specialists were called in to consultation today at the bedside of Gloria Swanson, confined to a hospital after an operation. Two stood for another operation immediately but the others decided her weakness made it inadvisable now. Her husband, the Marquis de la Falaise et de la Coudraye decided to wait until tomorrow to ascertain the patient's condition, which was very serious.

The Marquise was cheerful today and her fever has subsided, but the physicians warned against accepting this as a favorable indication.

Her situation, they said was extremely grave and the crisis has not yet been reached in her illness.

PARIS, Feb. 24.—Gloria Swanson's condition was unchanged at 3:30 o'clock this afternoon, her physician announced.

PARIS, Feb. 24.—Gloria Swanson's condition was so serious today, after a turn for the worse last night, that another operation was considered probable. She will be in the hospital at least another month, it was predicted by her doctors.

The Marquis De la Falaise, her husband, said that plans for their sailing to America had been indefinitely postponed. He remains constantly at his wife's side.

Chinese Emperor Has Fled Peking

PEKING, Feb. 24. — The former boy emperor of China has fled Peking.

Deserting his refuge in the Japanese legation, Hsuan Tung, presumably disguised as a coolie, made his way by train to Tien Tsin. He was followed on another train by his wife and retinue.

The imperial party is now living in the Japanese concession at Tien Tsin pending a trip to Japan, it was learned today.

Threatening articles in the Chinese press are said to have precipitated the flight of the former emperor.

THREE DEAD, 20 INJURED IN WRECK

HARRISON, N. J., Feb. 24.—At least three persons were killed and between 20 and 30 injured when a Philadelphia express train crashed into the rear of the Havana Limited at Manhattan Transfer, the transfer point of the Pennsylvania Railroad, near here, today.

Both trains were from New York.

The engineer of the Havana Limited, known as the "Atlantic Coast Line Express," which runs from New York to Miami, Fla., and two railroad car inspectors, were killed, according to first reports.

The Atlantic Coast Line Express left New York at 9:15 a. m. The Philadelphia Express left five minutes later. The Coast Line train stopped at Manhattan Transfer to take on passengers. Something went wrong with the signal system, it was indicated at the Jersey exit of the Hudson river tunnel. At this point the Philadelphia train as to have slowed down but came along at its usual speed, according to eyewitnesses, and crashed into the rear of the train carrying passengers to Florida.

Most of the injured were in two rear cars of the Florida bound train and the first car of the train that crashed into it.

The last car of the Atlantic Coast Line Express was a diner. The crash occurred at 9:35 while the diner was filled with passengers eating breakfast. The impact of the crash could be heard for blocks. Instantly there was panic and almost indescribable confusion.

The diner was derailed and toppled on its side.

Women screamed and fought to get out. Passengers were hurled into the aisles while chairs and tables were overturned. Flying glass went in all directions.

Passengers in other cars hearing the screams of the injured in the diner, rushed to their rescue. Men and women were pulled thru broken windows.

DOCUMENTS LOST IN KEARNS CASE

LOS ANGELES, Feb. 24.—Concluding testimony in the $200,000 attack suite of Mrs. Tenney, movie "extra," against Jack Kearns, manager of Jack Dempsey, brot a sensation today, when it was disclosed that valuable documents covering the district attorney's investigation of the alleged attack had strangely disappeared. Jack Chrias, a district attorney's investigator, testified the files in the Tenney case had been missing for several months.

Dist. Atty. Asa Keyes, when called to the witness stand, related the story told him by Mrs. Tenney of Kearns' alleged attack upon her after she claimed to have been drugged in a Hollywood residence.

Neither Keyes or Chriss explained [illegible] documents in the district attorney's probe of the case had disappeared.

Keyes declined to criminally prosecute Dempsey's manager after Mrs. Tenney told her story to him last May.

SEEK ARREST OF WIFE'S SISTER

Bernice Day Will Not Live Thruout Day, Say Physicians

LOS ANGELES, Feb. 24—While Bernice Day was dying in Hollywood hospital from poison she swallowed after throwing acid in the face of her husband Darby Day, jr., son of the Chicago millionaire insurance company official, police issued a warrant today for the arrest of Mrs. Day's sister, Caroline Lundstrom, charging her with 'aiding and abetting" the alleged acid attack. Miss Lundstrom has been missing since last night.

The girl wife's condition was so critical physicians said she would not live thru the day.

Mrs. Day's acid attack and her attempted suicide came as the culmination of a day of petty bickering which became increasingly serious, police were told by Mrs. Day, sr., until finally the young bride rushed from her mother-in-law's home threatening death to herself and husband.

"I'll kill you and myself within two weeks," the 20-year-old girl cried as she fled from the house, the officers were told.

Mrs. Lundstrom this afternoon visited the hospital where her daughter was fighting for life but Mrs. Day was unconscious and the mother was refused admittance.

Day, sr., wealthy Chicagoan, was reported on his way here.

LOS ANGELES, Feb. 24.—"A woman scorned—"

That was the explanation given by relatives and police today of the wrecking of the romance of Darby Day, Jr., son of the millionaire Chicago insurance company official, and his girl-wife, formerly Bernice Lundstrom.

While surgeons battled to save Day's eyesight from the biting nitric acid thrown in his face by his wife, Mrs. Day was dying in a Hollywood hospital, stricken by poison she swallowed after disfiguring her husband.

Day will probably lose the sight of one eye, physicians said, and Mrs. Day was not expected to live.

"They had been having petty quarrels for weeks," detectives from a police station in fashionable Beverly Hills said. "He did something she didn't like; he bot the acid and tried to ruin his face."

Mrs. Grace Lundstrom, mother of Mrs. Day, declared her daughter had taken too seriously some slight rebuke or bitter word from her wealthy mate.

"They love each other dearly but some unhappy word or maybe just a gesture from Darby made my darling furious," declared the girl's mother. "They quarreled often, just as all young married couples do, but I don't think there was anything seriously wrong between them."

Caroline Lundstrom, sister of Mrs. Day, who police said accompanied her last night to the home of Day's mother, where the young wife attacked her husband after inducing him to meet her, was missing today.

"The missing sister can tell the whole story but we can't find her," detectives said.

DAY WEDDING WAS COMPLETE SURPRISE

CHICAGO, Feb. 24.—The marriage of Darby Day, jr., and the then Miss Bernice Lundstrum, whic hyesterday culminated in the acid throwing and suicide attempt at Los Angeles, came as a complete surprise to both families Sept. 29. No announcement had been made in advance and it was not until some time after the ceremony that the California honeymoon was arranged.

Young Day was one of the best known members of Chicago's younger social set. His father, an official of the Mutual Life Ins. Co., several times a millionaire, is one of the most active and prominent insurance men in the middle west.

The couple was accompanied west by Mrs. Day, sr., and the bride's mother and sister.

The bride's father was divorced some years ago and now is remarried and living in Florida. The Lundstrum home here is in charge of the bride's maternal grandfather, Chas. Gantzer who to-

Woman Dies While Ice Skating

LOS ANGELES, Feb. 24.—The thrill and excitement of ice skating beneath the golden skies of So. Calif. brought death today to Mrs. Ellen Rowena Eliot, Pasadena matron and sports devotee, a wealthy woman in her own right and former wife of John V. Eliot, Pasadena and Covina millionaire.

According to physicians, Mrs. Eliot died from the excitement of her first lesson at a huge skating palace just completed here.

She was whirling over the ice in the arms of Alfred Dennis, an instructor, when suddenly she swooned. Efforts to revive the wealthy matron were fruitless.

Mrs. Eliot, expert golf player and rifle shot, was a daughter of the late patent medicine king, Benjamin Blossom.

POSTAL BILL CONFEREES FINISH

WASHINGTON, Feb. 24—Conferees on the postal salary and rate increase bill this afternoon completed their work of adjusting differences between the bills passed by the senate and the house.

The lower senate rates on newspapers and magazines were retained. They are: first and second zones, two cents a pound third, three cents; fourth, fifth and sixth zones, six cents; seventh and eighth zones, nine cents.

The bill was the subject of a White House conference today between Pres. Coolidge and Postmaster Gen. New.

It developed that the administration is dissatisfied with provisions of the bill which makes the increased salary start on Jany. 1, and the increased postal rates on April 15, leaving a period when there will be additional outgo with no income increase

The postmaster general estimated that the loss thus incurred would amount to about $20,000,000.

Except for second class, the conference retained, with slight parings, the house rates for the other schedules.

Senator Moses, Rep. of New Hampshire, chairman, estimated that the bill would raise approximately $61,000,000, about one million less than the postal workers' salary advances contained in the measure.

A two-cent service charge on parcel post packages was kept.

QUIZ 2 MEXICANS ABOUT ROBBERY

Ernesto Rosas, 26, and Carlos Mendoza, 25, Mexicans, were picked up late yesterday by Fullerton police for investigation on suspicion of being implicated in the recent robbery of the Stalmyer jewelry store, 112 North Spadra-rd, Fullerton. One says he lives in San Bernardino and the other in Los Alamitos. They are declared to have come into the store and one of them asked if the ring which his "cousin" bought last Tuesday was ready yet.

Mrs. Stalmyer thot he must refer to the one purchased by the two Mexicans who made the "lift" and had him to repeat it in the presence of witnesses. Then she told him yes, that it was ready, that she'd go into the back part of the store and get it. Instead, she went to a telephone and called the police, who took the two men to the police station.

They were well dressed. One had a $25 stickpin and a $100 diamond in his possession. Police "crossed" them in part of their statements but they consistently stick to their position that they know nothing of the robbery.

Police think that the two men who operated in Fullerton and Anaheim are only part of a well-organized "gang."

Albert Anglin and John Parsons, charged with vagrancy, were arraigned before Judge French and sentenced to 30 days each in the Orange-co jail.

Wilfred Clarke Says He Saw Uncle Years After Lincoln Was Killed

ANAHEIM WOMAN KNOWS NIECE OF LINCOLN'S SLAYER

Mrs. Charles R. Harrison, of 520 So. Resh-st., former Minneapolis resident, who knew well Blanche Debar Booth, niece of John Wilkes Booth, assassin of President Lincoln, today put her stamp of belief on the stories published Saturday and Monday to the effect that Booth was never slain and lived to a ripe old age.

Asked particularly about Miss Booth, Mrs. Harrison affirmed that the latter was thoroly honest, well-informed, of good habits, etc., and she knew of no reason why her stories should not be authentic.

Mrs. Harrison said in effect:

"She was a typical Booth, the picture of Edwin Booth, with dark hair, prominent nose, etc. She was a very large woman.

"She belonged to a theatrical company which disbanded about 15 years ago in Minneapolis. She is elderly now, around 70 years.

"She used to give benefit readings and was 'rich' one day and 'poor' the next. Dr. Richard Burton of the Univ. of Mich. used to sponsor some of her performances. She had a wonderful voice and read from Macbeth, Lady Teazle, the Book of Job, etc.

"I suppose she decided to let the true story out after she had met her relative."

LIEUT. WOOD RETURNS TO AMERICA

(Copyright 1925 by Intl. News Service)

SAN SEBASTIAN, Spain, Feb. 24—Lieut. Osborne C. Wood, son of Maj. Gen. Leonard Wood, whose disappearance from Paris and Biarritz and whose discovery here has stirred the French capital, caught the 10:52 a.m. train for Madrid today, with the announced intention of returning to America.

"Goodbye, Europe, I'm on my way to America," he shouted, as the train pulled out.

Before leaving, Wood showed a cable addressed to Sidney Schwartzkopf, at Manila, and costing 93 pesetas, advising Schwartzkopf not to send any more money because Wood's bank accounts were attached

Wood asked International News Service to take care of his valet.

The condition of his wearing apparel was giving Wood his chief source of annoyance today. He is a fastidious dresser, accustomed to three or four changes of clothes daily. When he left Paris, he took with him only a dressing gown, pajamas and toilet articles. His clothes since then, thanks to a constant rain, have lost their snap.

During luncheon, Wood lifted up one arm and exhibited his soiled cuffs.

"Look at them," he said ruefully. "Won't you telephone to Paris and have some one go to the Hotel Crillon for me to get some of my clothes?"

Shortly before train time, Wood learned from sources he would not reveal, that certain friends were willing to advance him money to pay his passage to America if he promised to leave Europe immediately. Yesterday, Wood, discussing his desire to leave Europe for America, said:

"If I had the price of a ticket I'd take the first boat. I'm willing even to work my passage home."

BIARRITZ, Feb. 24—The secretary of the Biarritz Casino told International News Service today that the Casino authorities had not decided whether to press extradition proceedings seeking the return of Lieut. Osborne C. Wood to France.

"We have done nothing further about the warrant for Wood," he said. "It is still in the hands of the police. I am going to Paris tomorrow and [illegible] some of Wood's friends there."

CHINESE SAY $10,000 WAS DEMANDED

Oakland Officials Probe Charges Made By Herbalists

OAKLAND, Feb. 24. — State Sen. Edward J. Hurley, Assemblyman Edward Smith and former Assemblyman William Brackett will be subjected to questioning by Dist. Atty. Earl Warren and Chief of Police Jas. T. Drew in connection with charges of Oakland Chinese herebalists that an attempted extortion of $10,000 was made recently.

This decision was reached this afternoon by Warren and Drew after a conference behind closed doors at which Brackett, according to Dist. Atty. Warren, admitted that he had visited the Chinese in an effort to obtain employment as a lobbyist to defeat the anti-herbalist bill now pending before the legislature at Sacramento.

Warren and Drew will go to Sacramento tonight to confer with Hurley and Smith, they announced.

Today's closed session came after complaints had been made by herbalists that $10,000 was asked in return from the promised defeat of the anti-herbalist bill. Unless the money was paid, the Chinese said, certain passage of the bill was threatened.

DEPUTY REVENUE COLLECTOR HERE

A deputy collector of internal revenue may be found tomorrow and Thursday in the council chamber on the second floor of the city hall, assisting those who desire help in making out income tax returns. This assistance is free. The income tax ruling says that single persons who have an income of $1000 or more, and married persons who have an income of $2000 or more must file returns. Heads of families are granted exemption from paying the tax, however, up to $2500.

ADOPT BUDGET FIRST THING

SACRAMENTO, Feb. 24—Adoption of a budget of state expenditures for the coming two-year period will be the first task undertaken at the final session of the 46th legislature which convenes here today, leaders of both agreed.

Altho a scramble to get thru special appropriation bills is expected after the general appropriation bill has been approved, the fight over the enactment of the budget promises to be a tame affair compared with the partisan skirmish of two years ago.

Gov. Richardson's budget regulations totalling approximately $101,000,000 net, will go thru with only minor amendments, veteran lawmakers predicted.

An absence of big issues save for the highway program and reapportionment was taken by many of the legislators as an indication that the session would be one of the shortest in history.

Frank F. Merriam, of Long Beach, speaker of the assembly estimated that session would run only seven weeks.

April 14 was fixed by Merriam as the date for adjournment, making a total of 70 days as compared with 101 days two years ago.

"Every day cut off the session save the taxpayers $1,000," said Merriam, "and there is no reason why the session should be prolonged."

INDIAN'S WIFE SUES TO CONTROL MILLION

LOS ANGELES, Feb. 24.—Anna Laura Barnett, wife of Jackson Barnett, Creek Indian, who was living in a tumble-down shanty until discovery of oil on his Oklahoma land brought him more than $1,000,000, was preparing today to leave for New York to press suit for control of her husband's wealth.

Her suit for control of more than $100,000 held in trust for her husband has already been filed against the Equitable Trust Co. in New York.

"This suit is just a test," Mrs. Barnett declared. "We want the interest on our money—a certain share yearly and there is no reason it should be paid to us."

COURT LISTENS TO LOVE LETTERS

A packet of love letters alleged to have wrecked the marital ship 16 years ago of Mr. and Mrs. W. H. Pillsbury of Anaheim were brought into Superior Judge F. C. Drumm's court this morning, where trial of a separate maintenance action is in progress.

The letters, it was revealed, were written to Pillsbury by a Miss Mabel Myers, who at the time lived at Pueblo, Colo. They caused the eternal triangle stamp to be placed on the married life of the Pillsburys, it was shown, but since 1909 all three have followed their separate ways.

Couched in endearing terms, the letters were addressed to "Dear Haskell." One admonished Pillsbury to go back to his wife, as, it went on, Mrs. Louise Pillsbury, the wife, was contemplating bringing a divorce action and Miss Myers did not wish to have her name attached to the difficulty.

Denial was made on the stand Pillsbury today that Miss Myers was in any sense a factor in trouble that arose between him and his wife. In fact, he added, his relations with Miss Myers were entirely platonic. Mrs. Pillsbury, he declared, deserted him without cause.

Mrs. Laura Resh, Anaheim real estate dealer, was in attendance at the hearing. Her name was brought into the action by Mrs. Pillsbury, who claimed she was in collusion with Pillsbury in an effort to prevent Mrs. Pillsbury to collect alimony from him.

Denial that he had an interest of $30,000 in Mrs. Resh's holdings, said to amount to $115,000, was made today by Pillsbury, under questioning by Atty. A. E. Koepsel. Likewise he denied Mrs. Resh owed him money, as claimed by Mrs. Pillsbury.

Mrs. Pillsbury in a previous action secured an interlocutory decrees of divorce from her husband but this decree has been set aside. Under a court order, alminoy was to have been paid to the wife, but when this became in arrears to the extent of $1400, Pillsbury was ordered to jail. He has been incarcerated two months and, according to jail records, Mrs. Resh has been a visitor almost daily.

Old-Time Remedy Best for Heavy Coughs

Stubborn, racking, deep-seated coughs that refuse to yield to other remedies are often checked overnight with the old-time cough medicine that our parents and grandparents "swore by." In spite of modern discoveries nothing has been found to replace good old Dr. Bell's Pine-Tar Honey for giving quick, sure relief for coughs, chest colds, bronchitis, spasmodic croup and other throat irritations. Doctors say that the pine tar quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing, while the honey not only gives a pleasant taste, but helps soothe irritation.

But be sure you get the original Dr. Bell's and no other. There have been dozens of imitations, but the original is still the best. It often stops the worst cough in 24 hours. Contains no injurious drugs, so can be given even to young children. Insist on Dr. Bell's. Only 30c at any good druggist's.

Mr. and Mrs. Jake Edwardson and daughter, Eileen, were guests at a dinner party in honor of Mr. and Mrs. Herman Melcher on Friday evening at the home of Mr. and Mrs. Harry Fellinge of Fullerton, formerly of Placentia. The occasion was the leather wedding anniversary of the popular young couple. The lovely Fellinge home was beautifully and appropriately decorated with the spring colors of pink and green carried out in the willowy sprays of peach blossoms and maiden hair fern. The festive board held a dainty pink and white bridal cake as a centerpiece. From the electrolier above came a shower of pink and white streamers, upon which had alighted numerous birds and cupids. Rosebud nut cups and cupid place cards completed the illusion. Little Miss Eileen Edwardson entertained the guests of honor with a beautiful "Snow Dance," in costume. The guests enjoying the cordial hospitality of Mr. and Mrs. Fellinge were Mr. and Mrs. Herman Melcher, Mr. and Mrs. Jake Edwardson, Mrs. Helena Smith and Mrs. Kenney.

A Washington party for the members of the Better Mothers' club was held Friday evening at the home of Mrs. F. F. Hill on Orangethorpe-ave. In spite of the rain, or maybe because of it, a good number were present. The spacious living room was decorated with red, white and blue. A birthday cake in these same colors held candles and a flag of the nation, all carrying out the patriotic idea. Even the games were patriotic in color or thought. At the end of an unusually jolly evening delicious refreshments were served by the hostess, assisted by Mrs. Sweeters and Mrs. Heinricks. The gay guests, many of whom were in colonial costume, took leave of their hostesses at a late hour.

Mystification and embarrassment were the result of the meeting in an afternoon frolic of a modern young man and several young ladies of colonial days in a delightful burlesque given by the dramatic section in their entertainment of the Round Table members on Wednesday afternoon. Lionel Wellman, the modern young man, known in everyday life as Mrs. Charles Hansen, fell asleep in his drawing room while waiting for the hour to arrive for a costume ball he was about to attend. On the wall beside him hung the picture of Miss Penelope Primm (Mrs. Arthur Andersen), a colonial sweetheart of Lionel's ancester. In his dream she steps out of the picture frame and they go back to the days when Miss Penelope attended Miss Susanna Love's (Mrs. H. S. Gaines) boarding school. They participated in an afternoon's frolic and the modern young man and the colonial young ladies play at cross purposes. Cross-word puzzles do not mix with prim young ladies who are so graceful in doing the minuet. The beautifully gowned colonial ladies who danced the minuet with the modern young man and Miss Penelope were Mrs. A. M. Christesen, Mrs. J. E. Scott, Mrs. C. E. Halber, Mrs. S. C. Harmony, Mrs. George Meyers and Mrs. Victor Robertson. This beautiful little play was directed by the talented chairman of the dramatic section, Mrs. Herbert Sullivan.

Seventeen members of the W. C. T. U. made up a surprise party on a former active member, Mrs. R. W. Howerton, of El Monte on Tuesday of last week. Leaving here about 10:30 the machines, with their loads, arrived in time for a pot-luck luncheon at noon. Miss Ruth Howerton knew of the surprise and was at home during the noon hour and sang a group of songs which were much enjoyed by her old friends. Mrs. Howerton also played and sang.

U. S. SMOTHERED WITH STATUTES

"Americans have such a passion for lawmaking the country is smothered in needless statutes which inspire rather than curb lawlessness. The craze for legislating has reached the point where the cringing citizenry will soon be told what they many and may not wear," so says ex-Senator Beveridge.

"The Nation and every State are well-night smothered with multitudes of laws," Beveridge said. "No human being knows or can know what these innumerable laws mean.

"Forty-eight legislatures as well as Congress are now in session; and when their work is done thousands of additional laws will have piled upon the mountains of legislation already in existence. Only a small number of these fresh enactments are really needed and the country would be better off if, for every one passed, old laws were repealed.

"We complain of lawlessness, but is not excessive legislation a basic cause of lawlessness? How can anybody obey every law when nobody knows or can know how many laws there are or what they command or forbid?

"Moreover the mass of American legislation is restrictive. We boast that ours is the land of liberty, yet the curious fact is that American business, American industry, American society—the American people, in short—are, by law, forbidden to do more things and, by law, ordered to do more things than was the case in Russia under the Czar or Turkey under the Sultan.

"Also the administration of these directive and prohibiting ukases of Congress, Legislatures councils, boards, bureaus and commissions has become peremptory, insolent, autocratic. The swarm of American public officials outnumber those of any other country. One out of every eleven of our adult wage-earning population is a government employee, and the agents of government boards, bureaus and commissions treat business firms corporations and individuals as suspected criminals.

"The citizen has thus become a cringing subject and the official vexatious tyrant. If this process of government regulation of human life continues, we may expect to be directed by law what clothes to wear and how to wear them, with government agents examining our wardrobes and dogging our footsteps to compel obedience.

"We have develped a passion for law making. We have made law a fetish, a spurious god; and we have cultivated a habit of looking to this false and artificial deity to relieve all our annoyances and supply all our desires. Gradually at first, but with increasing speed, we have shouldered off into statutes our individual obligations, responsibilities and duties.

"Let one group annihilate faith and confidence in one part of our Constitution, another group undermine faith and confidence in another part, a third group destroy faith and confidence in another part, and so on —let this happen and the basic ordinance of the Nation will be disintegrated."

About 20 girls of high school age have organized a girls' club. Under the direction of Miss Daley of Los Angeles, Mrs. J. C. Donald and Mrs. Mogridge, the Girls' Reserves club was organized under the direct management of the Federation of Presbyterian Girls' clubs. Some time ago the men of the church gave a mothers and daughters' banquet, at which time the girls decided to form a club, so the Girls' Reserves club is the outcome of this banquet. There are about 1000 girls reserves in So. Calif. in the 42 Girls' Reserves clubs of high school age. The officers of the local club are: President, Violet Johnson; vice-president, Marie Cline; secretary, Marie Cochran; treasurer, Frances Ipsen; service chairman, Laura Tolson; good times, Mary Mason. All girls of high school age are invited to join. As soon as the manse is vacated the girls will have one of the rooms to fix up as their clubroom. At present the club meets in the Presbyterian church every Thursday evening at 6 o'clock with a pot-luck supper.

SOUTH AMERICA EXPANSION FIELD

Regardless of any so-called saturation point or traffic congestion problems in this country, the automobile industry still has a wide field in which to expand, and this field is South American, according to Guy H. Peasley, sales manager of Olds Motor Works, Lansing, Michigan.

"From present indications South American countries will rank second only to the United States in the number of automobiles per capita," said Mr. Peasley. "In no part of the world is there more activity and enthusiasm regarding things automotive than can be found in the chief South American countries. Recently they sent a delegation here to study road building, and they are doing everything within their power to foster the use of the automobile.

"Another recent affair which indicates the interest evoked by the automobile was an endurance run made under the direction of Cassio, Muniz & Co., Oldsmobile distributors in Sao Paulo, Brazil. The run was a 1,000 kilometer driver in high gear (all other gears having been removed from the transmission) from Sao Paulo to Araraquara—somewhat similar to the trans-continental run made more than a year ago by Cannon-Ball in an Oldsmobile in this country. There was this difference, the Brazilian run was 'over some of the worst roads in the world,' to quote a Sao Paulo newspaper's account of the successful trip."

BRAN, CORN AND MILO PRICES DROP

Declines of approximately $2 per ton in the prices of bran, corn and milo last week, and the general price uncertainty, today are making Anaheim dealers wonder what is going to happen next.

WHY CAULIFLOWER IS MOVING WEST

NEW YORK, Feb. 24—Just why the best grade of cauliflower is moving westward into the land of perpetual sunshine and C. of C. statements was divulged today, coincident with the local announcement that Mickey Walker is to receive $25,000 win lose, draw or play tag, in his bout with Bert Colima this excellent evening in Los Angeles.

That is very important money to Walker or anyone else. It is more than he ever got for any other fight and at least twice as much as was his financial reward the night he took Jack Britton for the title.

Therein lies the interesting angle of the transaction. Walker's title will not be involved tonight He will be asked to step 12 decisionless rounds with Colima and if nothing happens nothing ill happen—except that the treasurer must make an early visit to the dressing room. It probably will be the last time a champion will appear in a California ring without taking his title with him, but Mickey should be concerned and grow a hair lip. He gets the $25,000 and the customers get a chance to sit down and rest their hands and feet.

From all accounts it well be just that kind of an occasion. Colima was in the East several years and showed nothing beyond the usual number of hands and feet and sleeve garters. He probably is better now that he was then, for the coast boxers at that time had been raised on the four round, slam-and-be-slammed game, and seemed to know little about protecting themselves at infighting which gets a heavy play in these parts.

But, in any case, Colima is far from a logical opponent for Walker. The bout wouldn't gross 50 per cent of Walker's guarantee if it was held in the East, and a promoter guaranteeing him more than $10,000 would be a promoter without his full supply of buttons, as it were.

That the Los Angeles arena can see its way clear to more than double this ante indicates one of two things, to wit: either, the Coast has something to learn about the demands of eastern boxers or it is the coming center of boxing in this country. If it can draw a crowd capable of paying $25,000 to Walker for a no-decision bout, what would it do for a Dempsey-Wills, for instance.

VISIT INDUSTRIES

Discussing a tour of inspection of local manufacturing plants made by a group of Anaheim businessmen, Secretary George W. Reid of the Anaheim C. of C., said today that the trip was designed to help those who participated in it to get acquainted and to secure useful information.

It was a trip of this sort which first aroused the Anaheim C. of C. to the need of an industrial program here.

Secretary Reid said he had never visited the Anaheim Beef Co. plant before, as several men who participated in the trip had not.

GENERALLY FAIR WEATHER TONIGHT

LOS ANGELES, Feb. 24.—Generally fair weather, following yesterday's rain storm, was forecast for tonight and tomorrow by the U. S. Weather Bureau today. Barometer readings from stations located thruout California indicated clearing skies would be general over the entire state, according to Col. H. B. Hersey, government meteorologist.

Orchardists thruout the southland rejoiced today when the government gauges showed that the total precipitation at practically all points thruout the citrus belt had brought more than double the rainfall figures at this time last year.

Tho the downfall was confined in most places to light, intermittent showers, the rain, it was generally stated, would prove of incalculable value to the orchards, thoroughly wetted during the day.

ELLIS ON TRIAL

Jurors being selected in the liquor selling case against C. H. Ellis of Huntington Beach, on trial today in Superior Judge Z. B. West's court at Santa Ana, were being asked if they were subscribers to the Anti-Saloon League funds and if they had any ideas of law enforcement as advocated by the league.

These questions were being put by Attorney John Mulligan, representing Ellis, as the prosecution, it was admitted, would rely on the testimony to be given by E. R. Wall, an operative of the Anti-Saloon League in Orange-co.

Mrs. Ellis, wife of the prisoner, is to go to trial for the same alleged offense tomorrow.

MONEY ORDERS UP

Three-dollar money orders are leaving Anaheim for Sacramento in considerable numbers these days. The annual auto license fees are responsible.

If the fact that a very small proportion of Anaheim money order business is in orders received here for payment is any index, business is in a pretty healthy state.

$250 SPEED FINE

Justice K. E. Morrison at Santa Ana today set $250 as his maximum sentence for reckless driving.

George Potts of Glendale, who was found guilty of the offense, paid this amount in Judge Morrison's court to gain his freedom.

SAY LIEUT. SHOULD NOT BE IN ASYLUM

SAN FRANCISCO, Feb. 24.—Thru application for a writ of habeas corpus in superior court here today a strange story involving an alleged naval scandal, the suicide of a naval officer and the incarceration in the Napa State Insane Asylum of another naval officer was disclosed. Attorneys Lloyd Lennon and Paul Miller applied for a writ of habeas corpus before Judge Percy S. King, demanding that Lieut. Frank E. Kennedy, now in the Napa asylum, be produced here in court for the purpose of showing that he is not insane. The writ was granted, returnable Monday.

Lieut. Albert Pierce Burleigh, who blew out his brains at Mare Island Feb. 15, was to have appeared as counsel for Kennedy in a trial sought by the latter to clear his record of charges made by a captain of a vessel in far eastern waters on which Kennedy served as navigation officer.

The application for a court martial was denied by Secretary of Navy Wilbur.

Mrs. Kennedy, wife of the lieutenant now in Napa asylum, charges that worry of her husband's case drove Burleigh to suicide. Following the Burleigh suicide, Kennedy, on duty at Mare Island, was driven in a naval ambulance to the Napa institution and held there "for observation."

His attorneys claim that he is not insane and should not be detained and promised if the case comes into court to produce sensational facts to support their allegations.

ONE OF PRIZE WINNING TWINS RESIDES HERE

MR. Paul Robert M. Culbertson, of the Durfee ranch, on Cerritos, and Mrs. Pauline Powell, of Long Beach, took the prize for being the eldest pair of twins entertained yesterday by the city of Long Beach, in big municipal auditorium.

The Culberson twins, as they were known back in their birthplace in Scott Co., Iowa, were born in June, 1852. They separated then quite young, each going his or her own way. The brother and sister did not see each other for more than 30 years. In the meantime the sister, Pauline, who had become Mrs. Powell, was widowed through the tragic death of her husband, in Alaska. She has made her home in Long Beach for several years, near those of to nephews and their families.

Mr. and Mrs. Culberson came to California nine years ago, and now reside on the ranch belonging to Mrs. Culberson's son, M. Eugene Durfee. The venerable twins visit every week and are supremely happy in their golden age in the golden land. Mrs. Powell has made many acquaintances here.

They posed for their pictures yesterday with the infant twins, Charles and Robert Gleckler, the youngest ones present.

Although Long Beach proclaims itself the champion twin city of the west, Anaheim has its share, for the Plain Dealer reporter located more than a dozen pairs in the grammar schools, while there are quite that many more grown-ups and several pairs of twin babies living here.

Entertain Notable Friends

Mr. and Mrs. F. Siegel entertained visitors from Los Angeles last Sunday including Mr. and Mrs. Trinkgelden and daughter, Elsa, from Wilshire; and the Messrs Fuerweg and Vogel, from Hollywood.

Mr. Vogel's father is an old time friend of the Siegels. He was minister at the former emperor's court and solemnized his recent wedding in Holland. He afterward sent Mrs. Siegel a copy of the wedding sermon. He was also chosen for educator of the younger sons of the family.

Young Mr. Vogel, who was a playmate of the young princes is touring the world and intends to stay in Los Angeles during the summer.

Afternoon With Music

Giving added pleasure to the ever successful meetings of the Music section of Ebell club, Mrs. B. Hartfield has again extended the hospitality of her beautiful home on West Broadway for the next meeting, and if environment is conducive to best results, surely there can be nothing left to desire.

Yesterday's meeting was very profitable to the members and guests numbering 14. Miss Alice Grimshaw, singing "Elegie," by Massenet, and two piano numbers, "Rondo Gavotte" Bach, and "Romance," Sibelius, by Charlyn Tedrick, and "Prelude in C Sharp Minor," DeKoven, played by Miss Lillian Hartfield, all were thoroly enjoyed.

Mrs. O. Lee Shoemaker, who was unavoidably absent, will have her contributions at the next meeting. As added study, Mozart and his works will be a topic.

The remainder of the afternoon was passed in discussing the coming entertainment by the Lyric quartet, under auspices of the music section, which takes place in the K. P. hall next Tuesday evening. Tickets may be obtained through Mrs. Pearson or any member of the section. All the general Ebell members and the public at large is cordially invited.

Club Visits Newlyweds

The Doolittles had quite a little to do last evening when they made a surprise call upon Mr. and Mrs. George Carlson, nee Rose Poyet, at their apartment home on North Philadelphia. They presented the pair an electric toaster to add to their already especially nice list of wedding gifts.

After quite a little time passed with five hundred and hearts everyone was taken to the Oyster Loaf for refreshments. Participating were the Mesdames Ralph Barnes, Alvin Swanson and the Misses Kate Deverell, Leona and Katherine Van Booven, Hildegarde Bruegman, Eunice Rainey, Helen Jordon, Eleanor Quill, Viola Lensing, Katherine Huarte, Lucy Ruettgers, Martha Schaeffler, and Mr. and Mrs. Carlson.

Cousins in Reunion

A motor trip developing into a surprise meeting between cousins who had not met in a quarter of a century was enjoyed the past weekend by Mr. and Mrs. O. N. Brower, of North Claudina. Mr. and Mrs. Brower left for San Diego to visit their cousins, Mr. and Mrs. Ray Pommier, and upon their arrival learned that another cousin, Carl Buschena, of Franklin, Ky., had recently been transferred to the air service maintained there and was eager to locate his relatives whom, he had been informed, were living in the southern city. The reunion which followed was a fine one and many good times together are planned for the coming year and a half which the young airman will spend here.

Pythian Social Events

Pythian Sisters are planning an entertainment and at home for their friends at the regular meeting Wednesday evening and each member is asked to invite whom she may choose. Radio and music will intersperse the chatting and social pastime. Each Sister is asked to bring along sandwiches enough to supply her guests and herself. The affair will be held in the club rooms on the third floor.

The box sociable enjoyed last evening by the Pythian Sisters and their friends was all that could be desired. Mitchell's five-piece orchestra provided the music for dancing between the hours of 8 and 11 p. m., after which the boxes were sold and the contents heartily enjoyed. The attendance was unusually large.

Community Shop Needy

Again the call is broadcast for more articles to replenish the stock at the Community shop. Mrs. Price has been obliged to buy much in the grocery line the past weeks, for there are many dependent families at present, and deep inroads have been made on the proceeds from the shop. There continues to be calls for clothing and furnishings for the meagre homes of many unfortunates, and Mrs. Price is hard put to supply even the barest necessities in many cases.

Another search through unused, outgrown articles of wear will be sure to yield a package from almost every home in Anaheim, and it is fervently hoped the appeal will not go unnoticed.

Get Luncheon Tickets

Members of the Ebell club are reminded that tickets for the luncheon next Monday at 12:30, must be reserved not later than tomorrow, and reservations should be accompanied by the money. This is compulsory through the necessity of knowing for just how many to prepare.

HOME WEDDING IS MARKED BY RAREST CHARM

ONE of the loveliest weddings or early springtime occurred today in Fullerton when the youngest daughter of Mr. Jacob Yeager, Miss Minnie E., was given by her father into the keeping of Mr. Harold C. Curtis, also of Fullerton. The ceremony was performed by Rev. Thornton, of the Christian church, at 10 a. m. and was followed by a three course wedding breakfast.

Immediately before the ceremony Mrs. E. W. Henderson, at the piano and Miss Clara Stevenson on the violin played "At Dawning," and Mrs. J. G. Gerald sang "I Love You Truly," with piano and violin accompaniment.

To the strains of the wedding march, the bridal party took their places before a bank of pink and white flowers intertwined with greens and flanked with palms, standing under a floral arch. The bride wore an ecru lace embroidered gown with large pink picture hat and carried a bridal bouquet of roses and lilies of the valley. She was attended by her sister, Miss Laura Yeager, in becoming gown of softest pink, with orchid hat and carrying orchid and pink sweet peas and roses. Mr. Curtis was attended by his close friend, Stuart Strathman, as best man. The bride went to the altar on her father's arm.

The breakfast table was beautifully appointed in pink and white, with a large white wedding bell above. Covers were marked for 19, the party including: Mr. and Mrs. Curtis, the bridal pair; Jacob Yeager, father of the bride, the Misses Lillian and Laura Yeager, sisters, and Charles and William Yeager, brothers of the bride; Mr. and Mrs. M. F. Curtis, parents of the groom, Mr. and Mrs. E. W. Henderson, sister and husband of the groom; Mr. and Mrs. J. G. Meeker, Mr. and Mrs. J. B. Nattinger, Mrs. Amelia Calkins, Miss Clara Stevenson and Mr. Stuart Strathman.

The wedding cake was a gorgeous one topped with open gates upon which two love birds were perched. The bride deftly cut the cake and served it with ice cream in dove shaped molds.

The young couple left this afternoon for a two weeks' motor honeymoon in a new model Dodge coach, the wedding gift of Miss Laura and Mr. Will Yeager. They will visit San Francisco and other northern cities, then return to make their home in Fullerton where the groom is associated with the Northern Orange-co Citrus Ass'n. Both young folks attended school in Fullerton, the bride graduating in '22, and has since worked in the office of the Lillian Yeager garage.

Mr. Curtis attended Oregon Aggie after graduating from a Los Angeles high school. A home on East Commonwealth awaits their return where they will greet their friends after the middle of March.

The tiny hat or turban of straw trimmed with ribbon and flowers is very chic for spring. The one above is fashioned of brown faille ribbon and trimmed with row of tiny yellow flowers. Brown Milan straw and taffeta are trimmed with a rhinestone pin in the second chapeau; while the third uses fine Milan straw with tete de negre faille ribbon trim.

NOTED ADVOCATE OF PEACE DEAD

LONDON, Feb. 24.—Hjalmar Branting, 64, formerly premier of Sweden, died today, according to a Central News dispatch.

Branting had been ill for weeks. Recently his condition took a turn for the worse and yesterday it was pronounced critical, but his passing today was entirely unexpected.

His illness led to his resignation from the premiership a few weeks ago.

He had hoped to take another portfolio in the Swedish cabinet after recovery.

Branting was president of the labor bureau of the League of Nations and was one of the world's foremost advocates of peace by international covenants. He was one of the pioneers in the crusade for disarmament and, because of this, was subjected to savage attacks by adherents of the conservative government and Ernest Trigger, its premier.

A brilliant speaker and a man of rare political acumen, Branting early cast his lot with the Socialist and Labor party elements in Sweden and rose to their head, finally becoming premier.

DAILY GREETING TO OUR READERS

Great is the faith that must save us! It is a faith in the infinite; a faith in the infinite love of God. . . . Creature of God's love! believe in that love which gave thee being. Believe in that love which every moment redeems thee from death, and offers to redeem thee from the death eternal. Believe in Gods' love, and be wise, be patient, be comforted, be cheerful and happy,—be happy in time; be happy in eternity!—Dr. Orville Dewey.

Fear the Lord, and serve Him in truth with all your heart; for consider how great things He hath done for you.—I Samuel 12.24.

GREATER LIMITATION OF ARMS SOUGHT

Peace news of great significance is abroad. The Washington government is seeking to extend the limitations of naval armament—as agreed upon in the historic Washington Arms Conference—to include auxiliary naval craft, such as light cruisers and submarines. Informal diplomatic conversations are being had between Washington and the capitals of the powers signatory to the Arms Conference compact. It is said that the sounding-out moves of the United States government have met with favorable reaction in London, Tokio and Rome. It is the attitude of France that is in doubt. Upon the stand which the Paris government shall take depends the fate of the present negotiations. President Coolidge, it is understood, will not summon a conference on this proposal unless it is assured in advance that all the powers concerned are favorable to the projected limitation.

This movement denotes lively interest in the furtherance of the cause of peace by cutting down armaments through international agreements. While the United States is taking the lead in this movement, its efforts are seconded strongly in several foreign capitals. Should this move succeed, the next step would be to bring the great powers together in conference to limit land armaments.

This great work should go on earnestly and zealously. Even though temporary defeats or haltings may ensue, the striving for the goal coveted by promoters of peace everywhere should go on. No cause so great as putting an end to warfare ever engaged the though and yearning and activities of mankind. Complete success is not to be expected at once. But the cause is so transcendently important that the work in its behalf should go on for generations, if need be, to bring the glorious consummation.

BETTER QUALITY, NOT SO MANY FILMS

Announcement is being made by prominent figures in the realm of motion pictures that a great many films are to be produced this year. Competition is keen among producers, and they are to vie with each other in turning out new pictures often.

This is regrettable. It does not betoken improvement in quality of pictures. Really great pictures cannot be turned out speedily, with mechanical precision. It takes time to produce great films. But it is time well spent. If there were fewer pictures—if stress were put upon the quality of the films; if pictures were produced for long runs to crowded houses, the motion-picture situation would be more hopeful and satisfying to those who earnestly desire the uplifting of the cinematic art.

I DRUNK AGAIN!

PARAGRAPHS

(By Robert Quillen)

Dignity is a mask men use to conceal their weaknesses.

The petting part starts before marriage; the petty part soon thereafter.

It is foolish to be unkind to strangers. Our neighbors are the ones who tell on us.

Hate is the sincerest form of flattery. It is nine parts envy, always.

The happiest people are those who have nothing to worry about except statle.

It pays to be upright. Look how the letter "I" has thrived among Welshmen.

Early success swells the head. Later on it affects only the midriff circumstance.

It is easy to tell a spurious southerner. He doesn't enthuse about pork fat.

Still, the only man who can make a fool of himself is the one who isn't a fool to begin with.

Let those who never break the speed law cuss congressmen for breaking the dry law.

Adversity is all right. Nobody ever became heavyweight champ by licking little fellows.

A writer asks what has become of the old-fashioned cook? She started a fire with gasoline.

Character enables a man to stand alone, but it's reputation that enables him to get a loan.

School kids didn't drink in the old days. Parents weren't too busy raising hell to raise children.

When we say people spend their money foolishly, we mean they spend it for the things we'd like to have.

Few great reformers were married men. Kicking the world's sins is the peculiar privilege of those who have no children's shoes to buy.

Correct this sentence: "Of course he doesn't drink, child," said the man; "he's a public official."

HEALTH & DIET ADVICE

By Dr. Frank McCoy
Author of "THE FAST WAY TO HEALTH"

SOME RULES ON EATING (Continued)

7. Drinking water during the meal or afterwards is allowable if the food is not washed down with the liquid. If there is much thirst it will be well to check up on your salt ration, as those who use plenty of leafy green vegetables will generally find sufficient water in their food unless too much salt is taken.

8. Eating only when feeling well, and never when suffering from nausea, pain, headache, fever, or any other distressing or discomforting symptoms of disease. Many serious ailments will never have an opportunity to develop if this rule is followed at the first sign of approaching danger. Whenever it seems necessary to miss a meal or two, remember to take one or two enemas, in order to cleanse the colon from fecal matter which will accumulate because of the absence of material in the intestines from meals which have been missed, and which if eaten would have helped to evacuate the accumulation of feces.

Serve yourself with only a small amount of each article of food, so that you may keep combinations correct and not overeat of any particular food. Do not fear that you will be insufficiently nurished if the proper kind of food is eaten. Not more than one half the amount of food at the ordinary meal is really necessary and the rest we eat at our peril. In all my experience I do not know of a single case of a patient who suffered because too small an amount of food was eaten, provided the food taken was of the proper class and quality needed for the body.

POEMS THAT LIVE

SOMEBODY'S CHILD

Just a picture of Somebody's child,
Sweet face set in golden hair,
Violet eyes, and cheeks of rose,
Rounded chin, with a dimple there.

Tender eyes where the shadows sleep,
Lit from within by a secret ray—
Tender eyes that will shine like stars
When love and womanhood come this way.

Scarlet lips with a story to tell—
Blessed be he who shall find it out,
Who shall learn the eyes' deep secret well,
And read the heart with never a doubt.

Then you will tremble, scarlet lips,
Then you will crimson, loveliest cheeks;
Eyes will brighten and blushes will burn,
When the one true lover bends and speaks.

But she's only a child now, as you see,
Only a child in her careless grace;
When Love and Womanhood come this way
Will anything sadden the flower-like face?

—Louise Chandler Moulton

DINNER STORIES

There was a queer old custom in England that compelled a person when making a certain kind of statement to add: "Except the mayor."

Foote, the comedian, having remarked at an inn: "I have dined as well as anyone in England," the landlord prompted him: "Except the mayor."

"I except nobody," said Foote boldly.

For this the landlord had him haled before a magistrate, who fined him a shilling for not conforming to the ancient custom. Foote paid the shilling, at the same time observing that he thot his accuser "the real fool in Christendom—except the mayor."

Feeling in unusually good form one day, an English sportsman who prided himself on his accuracy with the gun said to the boy who had the job of reloading his guns:

"Look here, my lad! for each bird I miss I'll give you a shilling!"

At the end of the day's shoot, when the boy had rejoined his pals he was asked what kind of day he had had.

"Well, fair!" was the reply. "I've made seven bob. I should have made a quid, only I had no more blank cartridges."

George F. Baker, financier, tells this story.

"The 'Mississippi Whale' and the 'Alabama Steamboat,' two New Orleans steamboats, were long-distance swimmers, and they agreed one day to have a race to the death. Some sugar brokers put up a purse of $10 for the man who should swim the longest distance.

"When the 'Mississippi Whale' turned up for the race he was in swimming trunks, and had an oil stove strapped on his back, and packages of bacon, coffee, bread, and so on tied on his head and around his neck. The 'Steamboat' stared at him in amazement.

"'Vittles? Vittles fo' what, said the 'Steamboat.'

"The Whale gave a shrug.

"'Doan yo' be astin me fo' nothing to eat on the way ovah, dass all,' he said. 'Mah fust stop is New York, and mah nex' is London.'"

COMMENTS of the PRESS

What Editors Are Saying

AWAITING A REPORT—Glendale News

A month ago a man known as the king of bootleggers was killed at Santa Barbara, and on his person were found papers which seemed to hint strongly of an understanding between him and an inspector of state motor traffic officers. One of the papers, and an inspector of the state motor vehicle department addressed on the stationery of the state motor vehicle department, advised the bootleg king where the inspector might be found "if you should want to get me by phone in a hurry." The other, written on the back of the inspector's card and bearing his purported signature read, "To state traffic officers: The bearer, George Turner, is a personal friend of mine, and any courtesy you can extend is a personal friend of mine, and any courtesy you can extend will be appreciated and returned by me."

The Santa Barbara Press calls attention to the fact that these papers have been in the possession of the superiors of this inspector for a month. The inspector still holds his position, performs his official duties and presumably issues credentials to his friends.

It is astonishing that the said motor vehicle department has not taken action in the matter. If the department has investigated and it has learned that this inspector is no guilty, his name should be cleared of the odium of suspicion at once. If he is guilty and no steps are taken to punish him, then there is a decided need for housecleaning in the motor vehicle department.

Cleaning Book Five

What Cicero practiced as the means of forensic success, requires to be imitated by all who study any subject in order to arrive at the truth. The greatest orator, save one, of antiquity has left it on record that he always studied his adversary's case with great, if not with still greater, intensity than his own.

He who knows only his own side of the case, knows little of that.

* * * *

It does not matter what the truth is, but our knowing the truth—that is to say our hitting of the most permanently convenient arrangement of our ideas upon a subject whatever it may be —matters very much; at least it matters, or may matter, very much in some relations. And however little it matters, yet it matters, and however much it matters it does not matter.

This is a whimsical, roundabout way of saying that every question has two sides. Know both sides and you are in position to know the truth.

* * * *

There's a reverse side to all this.

"The cry of liberty never is an honest cry," declares an Easterner (I regret I cannot give you his name.)

"From the beginning of history men have struggled for liberty, and having achieved it have at once set about the business of enslaving other men.

"Let a slave be made free and his first desire is for a man Friday to polish his boots."

"The cry for liberty is a cry for the right to snub those who snub us. The first business of a revolution is to overthrow those who now have authority; the second business is to affix chains to them.

"There have been many revolutions. The outstanding achievement of all has been the setting up of a new set of bosses"

Here's something worth thinking about.

FIGHTING GAME BACK WITH BANG

SAN FRANCISCO, Feb. 24.—The fighting game has come back in California financially as well as legally.

Approximately 20,000 persons paid $40,000 to witness a lightweight 10-round elimination bout in the first tryout of outdoor boxing under the new state boxing law.

As a result Harry Morrison, father of the boxing bill and promoter of the Jack Silver-Joe Benjamin fight today "pointed with pride" to the success of both the measure and the fight and at the same time added heavily to his bank account.

Benjamin won easily in a fast, clean, hard-fought battle. He had a clear margin in most of the rounds over Silver and in the second almost scored a knockout. The Los Angeles boy won not only the Pacific coast lightweight championship thru his victory but also the right to represent the far west in the national elimination tournament to find a successor to the crown of Benny Leonard.

The whole fight program was good and pleased the big crowd. There were many women present at Recreation Park and quite a smattering of notables of the world fistiana.

Silver and Benjamin each received $3000 for the main bout. The sums paid the other boxers were not announced.

The federal government took about $4000 in tax from the receipts and the state boxing fund was enriched to the extent of about $2000.

Insurance companies were enriched to the extent of $1800, having agreed in return for that premium to pay Morrison and his copromoters $10,000 had rain stopped the event.

Only one thing marred the event and that was the hurling of cushions and may result in rules being adopted by the boxing commission stopping their sale.

SARGUM SPROUTINGS

If Fullerton is successful in landing the Southern Branch, U. C., it will have done much for the sport word of Orange-co. In fact, no greater boost could be given. It will mean big football, baseball, tennis and all the other college sports.

If the branch is located where there is plenty of room for expansion, it will in the course of a few years become one of the largest institutions for learning in the world. Our climate and natural assets will far out shadow anything the northern college has to offer. As the college grows so will the athletic side. It is not far fetched to dream of world's championships being staged right here in our own back yard.

The local high schools will be benefited by the location of the Branch U. C. at Fullerton. There will be many families settle in the nearby towns and cities, the advanced members will attend college while other members will attend the high schools. We are all pulling for Fullerton to be successful.

Friday night will see another real championship fight at the Hollywod arena, when Ace Hudkins meets Pat Mills. These boys are lightweights and should be reckoned in with the bunch that are laying claim to Benny Leonard's vacated throne. Our fighters, like our college athletes, are not considered by the eastern powers that be.

Judge Landis, the supreme power of the baseball world, is supposed to be impartial but his actions concerning our western problems stamps him to be as nearsighted as any of the other eastern athletic powers. President Harry Williams asked the "Judge" to substantiate some of his assertions which was not done. Last week he handed Vernon a package in the Courtney deal. The Cubs handed Vernon damaged gods in Courtney and took a wad of real money for the same. The Cubs knew that Courtney was through. Vernon asked for her money back and the unwritten law governing such deals between gentlemanly ball clubs would have given her the money back, but the Cub owners are at outs with the Vernon management and were backed up in handing Eddie Maier a package by the "Supreme One."

The local racing fant that traveled over to Culver City for a thrill Sunday received their money's worth. There were three spills, with tail spins and all the rest. These three wrecks caused the track to become dangerous and the race as called off for the day. All those present were given rain checks to come another day. Fortunately none of the drivers of the wrecked cars was badly hurt.

Frank Elliot was the first to start the mixup. He was crowded into the rail on the south turn while going at the rate of 128 miles per, in trying to right his car it went into a spin. Another driver seeing the whirling car in front of his dodged too closely to the lower guard and he also did some skidding. The track had become oil soaked from the first wreck and a third driver lost control of his mount. The officials wisely stopped the race at this juncture.

This ending will be a great boost for the racing next Sunday. Everybody and his brother will be on hand to get another bunch of thrills.

All up and down our southern coast is heard the sound of bat and ball today. All of the Coast League teams are beginning the limbering up process. In a few days the St. Louis Cardinals, Pittsburg Pirates and Chicago Cubs will also be doing their spring stuff. In about two weeks the writers will be picking the weak spots of all the teams. In about three months the same writers will be hedging on their mistakes. Baseball is a grand old game and easy too dope until the game is played, then it is easy to dope why the dope did not run true.

And so, my friend, at your suggestion,
I bought that stuff for indigestion.
Your legger said one vial would cure
But I bought two to make it sure.

STOCK MARKET PRICES MIXED

NEW YORK, Feb. 24.—Mixed price movements prevailed in the stock market today. The general list made little progress and brilliant movements in the specialty stocks even with pool support lacking. Railroad and equipment stocks led the way to higher price levels and were more successful than the industrials but in most cases they were unable to retain their higher positions and were extremey sensitive to profit.

The bears were cautious and bulls were not venturesome. The bulls made little or no effort to boost the prices of their favorite stocks, the pool in Savage Arms being the only one to show an aggressive spirit. Oil stocks were not wanted, except at good concessions in prices.

The loan position of the commercial banks needed readjustment, due to the deficit of $35,000,000 in the surplus reserves of the clearing house banks last Saturday. This necessitated some calling of loans and consequently the call loan rate moved up to 4½ per cent, a full point above last week's ruling rate.

Ruling rates, even the remote prospect of a reduction in income taxes, was a pleasing contemplation for Wall-st, to which was added the certainty of the adjournment of congress week always a bullish factor in the stock market.

Earl profit taking created an irregular price movement in the majority of active stocks from which the first to emerge were the specialty stocks, including Savage Arms, Radio Corp., Wright Aeronautical and American Can. Then the railroad stocks were taken into hand, New Haven leading a strong and active movement in which it sold up 2 points to 35 3-4 which was the highest since 1920. The Van Sweringen railroad stocks responded to reports that formal application had been filed for the new charter. Nickle Plate when issued, on the curb, New York, Chicago and St. Louis and Erie on the big board sold at gains of a point or more.

Stock sales today totalled 1,330,100 shares; bonds $13,224,000.

BUSINESS IN FINE CONDITION

What are the prospects for American business? Never better, is the almost unanimous belief of American business leaders. Below are excerpts from recent statements by experts in various lines of industry and finance.

"I believe we are beginning an economic period during which practically every total measuring business activity will far supass former records" — Frank A. Vanderlip.

"The oil industry is in a very sound position today. It is the soundest I know of. Increasing needs have caused surplus stocks to diminish. Oil prices have advanced further. With a dry fall there has been a very heavy demand for gasoline. I am very optimistic regarding the industry for the year 1925."—F. E. Powell.

"The upholding or the mining industry has been accomplished in America by the strong right arm and courage of her individual citizens. The industry will not wish the injection of government into it It would destroy the primary initiative that has made and will make the industry."—Herbert Hoover.

"The money situation never was so sound. Business is in a liquid state. There is an opportunity for sane development such as we rarely have had presented."—J. Theus Munds.

"I believe we are now facing an industrial and economic revival that may be so long continued as to be termed an industrial renaissance. I myself look for greatly improved business."—Bernard Baruch.

GIBBONS AND WILLS MAY FIGHT FIRST

NEW YORK, Feb. 24—Question of the priority of the challenges of Harry Wills and Tom Gibbons for championship bouts with Jack Dempsey still was undecided at today's meeting of the state athletic commission before which challenges were formally filed by Wills and Gibbons.

Geo. E Brower, chairman of the commission, was indisposed, and altho he attended the meeting he declared he did not feel equal to the discussion today. He announced the matter would be decided next Tuesday. There is a possibility that neither challenge will be given preference, but Wills and Gibbons matched, the winner to meet Dempsey.

ALMA RUBENS IN HER BIGGEST ROLE

It is a very old and truthful conception that life constitutes continual buying and selling. Everything under the scope of human activity or human need has its value and to possess anyone of these things one must pay the given price.

Who has not at some time found himself in a situation where great sacrifice is needed—times when money can purchase the right to live, and yet other times when left itself is in danger of being offered away?

Such a situation, truthful to life in every sense, is presented in "The Price She Paid," starring Alma Rubens, which is the attraction at the United theatre tonight and tomorrow.

It is the story of a refined, educated young lady whom circumstances compell practically to sell herself in matrimony to the highest bidder. The vanity of an unreasoning mother and the influence of an insincere step-father drive her into this predicament—and there is nothing to do but accept her fate.

Alma Rubens is superb in the emotional role of the daughter who was sold. She is ably supported by Frank Mayo. Others in the cast are Eugene Bresserer, William Welsh, Lloyd Whitlock, Freeman Wood and Wilfred Lucas.

BREATH EASIER WITH CHANEY OUT

NEW YORK, Feb. 24. — With the echo of Tommy O'Brien's sensational knockout of K. O. George Chaney still reverberating up and down Brodway, the second episode of the lightweight elimination tournament will take place tonight with the meeting of K. O. Jaxson and George Lee, who has been installed a favorite in the betting.

The various lightweights entered were breathing easier today as the result of the elimination of Chaney, the owner of more than 100 knockouts. He dropped O'Brian for a count of nine in the first round and seemed on the verge of an early victory when O'Brian, in spite of a broken right hand, crossed the member to Chaney's jaw in the fifth.

The latter barely lasted to the bell and was knocked down twice in the fifth before succumbing. O'Brian will be out of the rest of the tourney, according to the official club physician, who examined the broken hand.

Jimmy Goodrich, however, remained in the running, although many disputed his victory over Eddie Kid Wagner. The spectators thought the latter was in front at the end of ten rounds but the judges ordered two extra sessions and here Goodrich won easily.

SPORTS DONE BROWN

BY NORMAN E BROWN

This lightweight tournament that Tex Rickard is trying to stage is going to be a great big juicy bust, judging from the situation right now.

Sid Barbarian, who ranks as one of the real contenders for the title, has withdrawn from the tourney because of matches made previously in other sections of the country.

Sid Terris and Sammy Mandel have taken their dolls and gone home. Before they met they had both decided that their battle should be the one to decide the proper man to acquire Leonard's mantle (not that old rose dressing gown he wears on the stage, however). Rickard couldn't see that of course. He looks for much money to pour into the cup in the Rickard cupboard before the "logical successor" is announced and officially sanctioned by the busy New York commission.

Then Johnny Dundee, who was put in to furnish some color and draw a few of his faithful adherents to the tourney, decided to get mad because he was criticized for his actions abroad and quit the tourney cold.

The 12 remaining "eligible" gentlemen can proceed with the tourney. But victory will mean little to the winner to win the round robin.

Give Joie Ray, America's track star, credit for being a great runner and game to the core. But he follows a will o' the wisp when he believes that he can match speed with Nurmi, under the proper conditions, and beat him.

True, Nurmi has beaten Ray at odd distances oftener than at the mile, Ray's own distance, but the flying Finn has shown clearly that he is Ray's master from gun to tape.

Nurmi runs an entirely different type of race from Ray. The latter follows the usual style of setting a good stiff pace but reserving enough strength for a spurt at the end. Were Nurmi and Ray to go into the last lap or two of one of their races even up, Ray probably would best the Olympic wonder. But Nurmi beats Ray and all other opponents by setting such a gruelling pace from the start that they cannot keep up with him.

If they let him set the pace for them and attempt to follow they find themselves exhausted before the final laps. Their sprint is gone. If they run their usual race Nurmi laps them once or twice in the middle of the race and at the finish has piled up such a commanding lead that their sprint is wasted.

Joie is a great runner. He has an iron heart. But Nurmi is more than a great runner—He is a super-runner.

Nurmi has proved that he is Ray's master at the mile, as a matter of fact. They met in the first race Nurmi ran on American soil and the modest Finlander set a new world's record for board tracks of 4:13 3-5 for that distance.

KENT AGAIN CHAMP DOG TEAM DRIVER

ASHTON, Ida., Feb. 24.—Tud Kent is again champion dog team driver, having been successful in his supreme effort to "come back" yesterday by winning the American Dog Derby in the closest finish ever witnessed on the snow trail classic. His win yesterday afternoon was the climax of two years' work up in Targhee forest to raise and train a dog team that would defeat the drivers to whom he lost his championship two years ago.

His time for the 25 miles was two hours 18 minutes and 18 seconds. Smoky Gaston finishing second followed by the 18-year-old former champion, Olcott Zarn, and Tom Morefield who finished fourth.

Kent, by virtue of his victory gains a second leg on the American cup which must be won three times for permanent ownership.

TWO HIGH SCHOOL TENNIS LEAGUES

Two County Hi School tennis leagues, for boys and for girls, will be organized again this year, according to Assistant Coach Sutherland, who said he hoped his teams again would win both championships.

The local young folks now are playing among themselves, in order that the proper classification may be given to each player, preparatory to picking the two varsity and other teams. This classification they will be able to change later by defeating an opponent in the first or second class above them.

The county league tournament will not open until April 1.

ANAHEIM AND S. A. B TEAMS CLASH

The Anaheim Hi School's B class team will play Santa Ana this afternoon. This will be a practice game only, the regular league games being finished.

The first of the semi-final games in the So. Calif. camp series will take place Thursday, when the D team meets that of Montebello here.

A big crowd of rooters is expected out this afternoon to witness the game between the C's of Anaheim and Orange. The winner will play Huntington Beach's C's on the winner's field.

WALKER FAVORED

LOS ANGELES, Feb. 24.—Regarded as the biggest boxing attraction in California since the state's long bout law went into effect, Mickey Walker, welterweight champion of the world, was scheduled to make his far western debut here tonight in 13 rounds against Bert Colima, California Mexican middleweight.

Mr. Walker's golden crown will be safely tucked away in mosquito proof satin in his New Jersey home, the bout having been arranged as a no-decision affair. Walker will weigh 147 pounds against about 155 for Colima. Walker was an 8 to 5 favorite.

NURMI WINS AGAIN

BALTIMORE, Feb. 24. — The flying Finn, Nurmi, stopped here long enough last night to add another world record to his collection. Competing in the regimental games, Paavo stepped 2000 yards in 5 minutes, 54 3-4 seconds, which is 2 1-5 seconds faster than the old mark held by Al Shrubb.

The Finn hung up the new mark in the course of a two-mile race, which he won, although not in record time.

CRIPPLE ADMITS THEFT FROM STORE

Theft of a woman's coat from a Santa Ana department store was admitted today by Alfred Austin, crippled, who received sentence in Justice K. E. Morrison's court at Santa Ana of 60 days in the county jail.

Austin, according to Deputy Sheriff J. G. Yoder, who arrested him, went into the store with a woman, who has not yet been apprehended.

CHANGES PLEA

With a jury empaneled, Paul Lang, arrested at Sunset Beach when a still was raided, changed his plea to guilty in Justice K. E Morrison's court at Santa Ana today and was fined $500. Unable to pay that sum, Lang went to jail under sentence of 500 days.

When Lang was arrested by Deputy Sheriffs H. S. Warner and Louis Heffner he claimed he was only the employe of a Long Beach man, who was able and willing to pay his fine.

The employer, however, had not made his appearance in court since Lang was arrested.

Approximately 50 gallons of asserted liquor were taken.

SEVERE EARTHQUAKES

VICTORIA, B. C., Feb. 24—The most severe earthquakes since the Japanese disturbances were recorded on the Gonzales seismograph at Victoria, it was announced this morning by Prof. Dennison. He declared the shocks to have been of a most severe character, located 1500 miles northwest of this city. They lasted two hours, coming at 3:58 p.m. Monday and ending two hours later. No agitations are noted on the instruments today. In Prof. Dennison's opinion the reported disturbances at Seward, would not indicate the worst part of the trouble.

FILM MATCH TO 'COVERED WAGON'

Thousands of cattle, but not a cent in the bank—that's the way the Texans found themselves in the days of reconstruction that followed the Civil War. Texas was in a bad way The only thing it needed to make it boom was a market for its herds and when the news came of such a market up "north of 36" what a scene there was!

Forty-five hundred cows, sixteen more or less human cow hands, 115 saddle ponies and all the rest, which young Taisie Lockhart, boss of the ranch, at their head hit the trail—a trail that brought them through Indian territory, through fire and water and after many months to the little Kansas town, if we might call it such, that was to mean their salvation.

We couldn't begin to mention here the trials, the sufferings and hardships this little band underwent during the drive. Tho not as well known as the famous trek of the covered wagons westward, this great cattle drive was no less dangerous an adventure.

"The Covered Wagon" is a picture many people thought could not be mode and "North of 36" a new Irvin Willat production for Paramount showing until Friday at the California Theatre is its twin.

The cast portraying the principal roles is in keeping with the bigness of the story. Jack Holt, Ernest Torrence, Lois Wilson and Noah Beery are featured. Other prominent names appear in support. Emerson Hough, author of the "Covered Wagon" wrote the story.

A very funny Felix Cat Cartoon, "Felix All Puzzled," and a late issue of the International News complete the picture program.

George E. Turner, concert organist, is playing a special number by request

DISMISS CHARGE

Marcil J. Dietrich, one of those arrested in Probation Officer R. R. Miller's proclaimed drive on "shieks", today secured a dismissal of one of the three charges against him.

When it was shown that he had given Mrs. Uarde Dietrich, his wife, $25 for her support and that of her child for a period of two weeks, Justice K. E Morrison dismissed a charge of non-support.

Dietrich still is being held in the county jail on a statutory charge involving a 15-year-old girl, for which similar alleged offense two other youths have been arrested, and three youths and a woamn are accused.
