INDUSTRIAL SPACES ALL RESERVED

Feature Exhibits Will Be More Numerous at Orange Show

All industrial spaces have been purchased or reserved, the feature exhibits of the main citrus tent will be more numerous than ever before—14 of them—and all three tents will begin to go up on Saturday.

These three important announcements, obtained today from Chairman Herman Stern, indicate the progress which is being made by the management of the annual California Valencia Orange Show.

The industrial exhibit will be the most complete the show will have enjoyed, comparing with that of much larger fairs in size.

In the citrus tent all of the feature exhibits have been entered or reserved, and only a very limited amount of rack space remains unsold. A wonderful lot of fruit will be displayed.

All but a dozen or less spaces in the auto exhibit also have been disposed of.

Newspapers of the Southland have been giving the show some very valuable publicity, all the way from Needles to Fresno, according to Stern.

Several additional decorative features now are being arranged for the space between the permanent entrance and the main citrus tent.

ARREST TWO FOR WOMAN'S DEATH

LOS ANGELES, April 23.—Arrest of a third suspect in the mysterious slaying of Mrs. Louise Unternaherr, Culver City dressmaker was expected late today, according to announcement of authorities.

The officers said they had gathered additional evidence which they believe will lead to a speedy solution of the murder, which followed a vicious assault upon the woman Wednesday night at Culver City.

Stanley Sharpe, 27, excavator and former sweetheart of the slain dressmaker, was grilled at length during the day. He claimed an alibi, but detectives said after questioning that his statements were conflicting and that he would probably be formally accused of the crime.

Lula Valdez, Mexican, another suspect, was also questioned, but according to officers, there was no evidence definitely linking him with the murder, and he will probably be released.

The third arrest, according to information at the county prosecutor's office will strengthen the case against Sharpe. The latter claims he attended a dance on the night of the murder, but police say he has failed to establish a satisfactory alibi.

LOS ANGELES, April 23.—The slaying of Mrs. Louise Unternaherr, 48, wealthy divorcee, continued to baffle investigators today, altho 3 suspects were under arrest in connection with the brutal crime.

Mrs. Unternaherr mutilated body was found near a roadhouse yesterday at Culver City. She had been attacked and beaten to death with a club.

Stanley M. Sharp, 27, who police said was a former sweetheart of the murdered woman, and Lewis Valdez, 35, a Mexican, were talled and charged with suspicion of murder pending further probe of the slaying.

Sharpe was arrested at a hotel formerly occupied by Mrs. Unternaherr.

The Mexican was arrested in the neighborhood of the slaying where he had attempted attacks on several small girls, according to police.

Mrs. Unternaherr, according to papers found in her effects, was divorced in Boise, Idaho, in 1910, from Antonio Unterahrer.

She was known here as the "woman of mystery," and according to police had lived at various times in Culver City and Los Angeles under a variety of assumed names.

An autopsy on the body of the slain woman revealed she had been attacked. This evidence, plus the fact that the woman's jewelry had not been taken from her, leads authorities to believe the slaying was the work of a moron.

Remove Remains of Collins from Cave

CAVE CITY, Ky., April 23.—Free at last of the 75 pound rock which held him captive despite the frantic work of hundreds of rescuers the body of Floyd Collins was to be lifted today from the depths of sand cave, where he died of hunger and exposure.

Expert mine workers who set themselves the task of removing the cave explorer's body from the floor of the cave have succeeded in jacking up the rock which pinioned his legs to the cave floor.

If it's condition will permit, the body may lay in state in a church near here for a day before being placed in its final resting place in Crystal cave, Floyd Collins' greatest discovery.

EXPLANATION OF SPEECH DEMANDED

VIENNA, April 23.—Jugo Slavia has decided to demand from Bulgaria an official and satisfactory explanation of Minister Rosseff's recent anti Serb speech, according to semi official advices from Belgrade.

An unsatisfactory answer may cause a break in diplomatic relations between Jugo-Slavia and Bulgaria and recall of the Serb ambassador from Sofia.

HEAVY SLAUGHTER

ATHENS, April 23.—Government troops defending the Bulgarian town of Houchtsouk against a determined attack by peasants were forced to use artillery today, with resultant heavy slaughter before the attackers were repulsed, according to Sofia dispatches. The Agrarian leaders, patramanzhief and Slavoff, were killed in the fighting.

CONSIDER RED ACTIVITY

LONDON, April 23.—The various department of the British government are preparing for the cabinet a comprehensive memorandum of alleged recent Bolshevik activity in Europe, Asia and possibly South Africa also, the United Press understands.

The cabinet discussed the situation in Sofia at its session yesterday.

PRISONS OVERFLOWING

CIENNA, April 23.—The prisons of Bulgaria are filled to overflowing. Cellars and dungeons—any place in which the thousands of prisoners taken by the government in its campaign to suppress its opponents can be penned—are being pressed into service as the house to house search goes on.

Suchis the picture of conditions in Bulgaria presented by Sofia dispatches and by a commission of three British members of parliament, who personally investigated the situation.

Charles B. Wilson, American ambassador, is reported to have joined other foreign diplomats at Sofia in a protest to the Zankoff government against such extreme measures.

CAILLAUX TAKES SEAT WITH CALM

PARIS, April 23.—Returning to the senate for the first time since he was condemned there by a high court to exile and loss of his political rights, Joseph Caillaux tranquility took a seat on the ministerial bench today, not the slightest disturbance marking his appearance. The calm in the senate this morning, with the galleries empty, was in contrast to the storm stirred up by Caillaux's arrival in the chamber Tuesday.

REGULAR DIVIDEND

NEW YORK, April 23.—Directors of the Bethlehem Steel Corp. today declared the regular quarterly dividends on the preferred stock. Earnings for the first quarter were announced as $1.66 a share on the common stock, against $1.91 in the same quarter last year and $1.07 in the quarter ended Dec. 31, 1924.

SEN. WHEELER DENIES ALL CHARGES

Closes Testimony After Five Hours Spent on Witness Stand

FEDERAL COURT ROOM, GREAT FALLS, Mont., April 23.—After five hours on the witness stand in his trial on a charge of misuse of office, Sen. Burton K. Wheeler concluded his testimony today.

He denied in detail allegations that he appeared before the department of interior in Washington for Gordon Campbell, Montana oil operator. His testimony was concluded today with an hour of cross examination.

After Wheeler left the stand Judge Frank S. Dietrich declared an indefinite recess until word is received from prospective witnesses being summoned in the east.

John L. Slattery, U. S. Dis. Atty. introduced a letter from Edwin S. Booth, solicitor of the interior department, dated June 16, 1922, when the name of George B. Hayes, star prosecution witness was involved.

"Hayes would have gone thru with an effort to finance Campbell's company, but they have told him they were dickering with someone else," Booth stated.

"When the list of companies found that Hayes was going thru they would have made a real deal."

It is Booth's contention and also Wheeler's that no effort was made to involve Hayes in any deal other than to obtain financial backing for Campbell.

Wheeler denied that he mentioned the Phil McGowan oil permit to William Spry, commissioner of the land office, when he saw Spry in Washington in March 1923.

"Governor Spry is mistaken," Wheeler added.

The only time he mentioned any permit to Booth was when he told Booth that Campbell and the Standard Oil Co., of California were agreed on some change in a permit which they intended to take up with him, Wheeler said. It is understood that any such action was in violation of law, as there were no dismutes over the permit and no need for Booth to handle the permit before the department.

When Wheeler concluded Carl Holt, Great Falls attorney, testified that Wheeler told him before going down to Washington 1923:

"I can't represent Campbell before any government departments. He merely retained me to try his cases in Montana courts."

After Holt had concluded, Senator Thomas J. Walsh, chief defense counsel told the court the defense was finished with the exception of evidence concerning an alleged telephone call of Booth to Hayes from Washington to New York in 1923.

Walsh has telegraphic evidence from the Washington Telephone company that there is no record of such a call. The prosecution has received telegrams indicating that all records of March, 1922, calls have been destroyed.

Additional telegrams have been sent by each side in an effort to confirm their contradictory evidence and Judge Dietrich recessed the court until answers to these telegrams are received. If these expected answers do not clear up the situation, and it seems doubtful if they will, the court will have to recess several days until witnesses can be brought here to testify.

Both sides expect replies this afternoon and the court may be called into session early in the day to have the matter straightened out.

WORST ELEVATOR BLAZE IN YEARS

CHICAGO, April 23.—Chicago's worst elevator fire in 20 years, early today cutted two huge structures and destroyed approximately two million bushels of corn and oats, doing damage estimated at $2,250,000.

Police are investigating a report that two persons are missing. The two structures destroyed were under lease by the grain marketing company, a farmers' cooperative association.

Spontaneous combustion caused the fire, it is believed.

Next is "Be Kind To Your Dog" Week

J. A. Ecker, dog license collector, suggests that April 24 to 30 be observed by Anaheimers as "Be-kind-to-your-dog-week" since by actions of dog owners the life of Towser hangs in the balance. April 30 is the last day of grace in obtaining dog licenses, Mr. Ecker said. A dog pound is being prepared near the pumping plant for Towser's imprisonment prior to his execution and once in the pound, he can be recovered only by the full license fee, and one dollar a day for each day's imprisonment. The license is $1 per head for males and $2 per head for females.

DEMPSEY ILL OF POISON ATTACK

NEW YORK, April 23.—A proposition for a fight with Harry Wills will be put before Jack Dempsey by Tex Rickard, boxing promoter, immediately, Rickard told the United Press he would make the champion a definite offer.

NEW YORK, April 23.—Jack Dempsey, world's heavyweight champion, was taken suddenly ill at his hotel here this afternoon, shortly after he and his wife, Estelle Taylor, arrived here from Los Angeles on the Twentieth Century.

The champion immediately went to bed on advice of his physician. After examining the iron man of the ring, the doctor said that ptomaine poisoning was the cause of Dempsey's illness. They said it was not serious and that he probably would not have to remain in bed very long.

Mrs. Dempsey is with her husband.

En route to New York, Dempsey was slightly ill following a meal he had in the dining car. But by the time he reached here he was feeling all right and after presenting Estelle with a Polis Royal, started a tour of the city in the new car.

Besieged by newspaper reporters and photographers, the champion finally left the machine and posed for the battery of cameras. He had eaten a heavy luncheon and the exhibition of fistic maneuvers that he went through for the photographers under a summery sun proved too much for him.

Dempsey went to the hotel and to bed. The hotel had prepared an enormous wedding cake for the Dempseys, but Jack was too ill to admire it.

Announcement that the champion was sick came from "Joe" Benton, his private secretary.

The two most popular figures of the sport world—Babe Ruth and Dempsey—are now both ill in this city.

SUSPECT YOUTH OF STEALING CHICKENS

Louis Pacheco, 18, was arrested this morning by Marcus Andrade on suspicion of being implicated with Joe Lopez, Jose and Angel Vasquez, Mexicans, in alleged theft of chickens in this vicinity and in Chino. Confessions are said to have been obtained to the theft of 60 chickens in Chino Monday night, two of which are said to have been eaten, 12 disposed of in Placentia, and 36 at the Rosquet Grocery in Anaheim. The Mexicans are said to have brot 106 chickens to the Roquet Grocery since April 1, which aroused the suspicions of Mr. Roquet, and he reported the matter to the police. Chief C. B. Nichols said today that three of the Mexicans will be turned over to Chino officers for prosecution. The youngest will not be prosecuted.

"TUFFY" REID MUST HANG TOMORROW

Newsboy Slayer Today Loses Final Stay of Execution

SAN FRANCISCO, April 23.—Clarence "Tuffy" Reid must hang tomorrow.

The Los Angeles newsboy murderer of Charles Weingarten, trunk merchant, today lost his final battle for a stay of execution.

The state supreme court in rapid order denied a petition for a writ of habeas corpus and a request for permission to file a petition for a writ of error in the U. S. supreme court.

The court's ruling came within 30 minutes after the petition was filed by Mrs. Katie Reid, mother of Clarence, and attorneys acting in the case.

The jurists took the petition under advisement went into closed session and issued the denial after a brief consultation.

Mrs. Reid and her daughter, Agnes, sobbed aloud when the ruling was announced. During its consideration, the two women who have battled for months to save "Tuffy" paced the hallway outside the chamber.

With every avenue thru the courts blocked, a final desperate move to stay the hanging was revealed in the announcement that Warden Frank J. Smith of San Quentin would be asked to start insanity proceedings against "Tuffy."

Possibility of this course receiving consideration was swept away, however, by Warden Smith when queried over the long distance telephone by the United Press.

Upon what grounds will they plead insanity?" the Warden queried. "That's a fair question, isn't it?"

"No, such a request will not be considered by me. There are no such grounds for belief that 'Tuffy' Reid is insane. And I will not consider any such course of action as a means of stopping the execution."

Meanwhile, in his cell at San Quentin, "Tuffy" is pacing the narrow floor, waiting word of his fate.

This morning he ordered a light breakfast of eggs, bacon and coffee.

HANGS TOMORROW; LAUGHS AT WORLD

SAN QUENTIN, April 23.—With only 24 hours left to live, Clarence "Tuffy" Reid, 20, Los Angeles newsboy, laughed at the world today, following the first of two nights in the death cell.

The youth who tomorrow at 10 a. m. will pay for the murder of Weingarten, trunk merchant of Los Angeles, slept soundly, according to word from guards who watched him.

He is still optomistic, hopeful that something will occur to spare the death in the noose awaiting him.

BLAME PRICE WAR FOR EXPLOSION

PASADENA, April 23.—A price war between union and independent dairies was blamed by police today for the bombing of the De Luxe Dry Cleaners plant.

Several windows were shattered and part of the machinery slightly damaged when an explosive was set off on the roof of the shop last night.

The neighborhood was aroused by the noise of the blast, but no one was injured, and damage will not exceed $100.

The De Luxe plant was one of several in Pasadena and Los Angeles which refused to raise its prices to the level of those maintained by the dry cleaning association.

FAIL TO GET VOTES FOR GAS TAX

SACRAMENTO, April 23.—Unable to muster sufficient votes to assure a change in the attitude taken by the assembly yesterday on the one-cent gasoline tax increase bill, opponents of the measure today announced they had abandoned their plans to reconsider the votet. Assemblyman H. E. Dillinger, author of the motion to reconsider, said shortly after noon he would not press his motion.

"We would not have any more votes than we had before and I believe it would just be a waste of valuable time to attempt to put the motion across."

The measure now goes to Governor Richardson for executive consideration. The chief executive will have 20 days in which to study the matter.

FOOT BADLY HURT IN AUTO ACCIDENT

Mrs. William Sperber Jr., injured yesterday afternoon on W. Center-st., when struck by a car driven by Mrs. Blanche Osborne Keefe, 810 S. Philadelphia-st. was reported resting fairly easy today at the Anaheim Community Hospital. Mrs. Sperber's ankle was badly crushed, she received a scalp wound which required several stitches, and was considerably bruised. It was not known today at the hospital whether physicians would consider an amputation necessary.

An accident was reported from La Verne and No. Lemon-sts., in which a car driven by C. R. White and a car driven by J. D. Schofield both of Anaheim, collided. No one was reported injured.

YESTERDAY'S RAIN TOTALS .30 INCH

While the Anaheim district didn't receive enough rain yesterday to enable ranchers to omit irrigation for more than one or two weeks, .30 of an inch fell, according to the Anaheim Orange & Lemon Ass'n, bringing the season's total to 6.54.

Yorba Linda Citrus Ass'n reported .32 of an inch, bringing the season's aggregate to 7.53, the Placentia Orange Growers Ass'n of Fullerton .25, making 6.35 for the season and the La Habra Citrus Fruit Ass'n .30.

Boy Bandit Wounded, Another Captured, Third Escaped

GLENDALE, April 23.—A boy bandit was shot and wounded, another was captured and a third escaped during a running gun-battle early today with local police.

The trio led officers an exciting chase after robbing an oil station of $50. Two of them surrendered after an exchange of shots, but the third boy escaped.

Francis Clary, 18, was shot in the head, but the wound is not dangerous. He and Richardson Willetts, 16, were captured, and, according to police, confessed to the holdup of the oil station.

They implicated John Robertson, 18, who escaped after the officers ran down the young bandits' auto.

Police Chief Frazer declared he had evidence the baby bandits had performed a dozen recent holdups of oil stations here.

ASK WHY NO EFFORT TO SAVE LIFE

NEW YORK, April 23.—The British admiralty probably will be asked to investigate the conditions which permitted the Japanese freighter Raifuku Maru to go down with all on board last Tuesday while the White Star Liner Homeric as standing by.

Such an inquiry became virtually certain today when the Japanese consul here announced a preliminary investigation was under way in the belief that the ocean liner's captain may have been negligent in his effort to rescue the crew of the doomed steamer.

POLICE COMB SOUTH FOR EDITOR

Santa Ana Bank Claims To Have Been Loser On $6300 Payment

After almost 24 hours of intensive searching, officers throughout So. Calif. today had failed to apprehend Charles B. Wheatley, former city editor of the Santa Ana Register, who is alleged to have cashed a spurious check for $6300 at the First National Bank of Santa Ana and to have dropped out of sight with $2500 cash.

The getaway of Wheatley, former overseas grand commander, accomplished despite the fact that within an hour after he appeared at the bank, shortly before closing time yesterday, a warrant for his arrest had been secured and all available police and deputy sheriffs in Orange-co. had taken up the hunt.

All So. Calif. authorities as far north as Santa Barbara and south to the Mexican border immediately were notified to be on the lookout for the asserted fugitive, and a description and photographs of the man quickly were dispatched. Posses were out all night, stopping all busses, examining trains and patrolling many highways. All told the dragnet which was one of the most elaborate Orange-co. officials have tossed in more than a year.

The purported brazen act came less than a week after two criminal charges were dismissed against him in Orange-co. courts. After a jury had deadlocked on the first trial, dismissal of a forgery complaint was made in the superior court, on motion of the district attorney's office in which a grand larceny charge pending in justice court. In the former case Wheatley was accused of being the man in disguise who attempted to cash a forged warrant for $5200 at the county treasurer's office, while in the second he was accused in connection with the disappearance of $10,000 from the treasurer's office last summer. The forgery case occurred two years ago.

Wheatley presented a $6300 check, drawn on a Los Angeles bank, purported to be Jew Tanko and Floyd Hall, escaped San Quentin convicts, have been trapped in a small thicket and surrounded by a posse of citizens and deputy sheriffs near Auburn in Placer-co, according to telephone advices here today.

The forgery case occurred two years ago.

Wheatley presented a $6300 check, drawn on a Los Angeles bank, purported to be signed by Wheatley by a W. L. Waters, when he appeared yesterday, bank officials aver. Securing the money he placed $1300 on deposit, paid off a $2500 note at the bank and pocketed the balance. Immediate check with the Los Angeles bank, however, showed Waters to be a fictitious person, the authorities contend.

While Frank Was, a vice president of the concern, was securing a complaint at the courthouse, city police officers lay in wait at Wheatley's expensive bungalow on East First-st, Santa Ana. Word to the various headquarters was to the effect that smoke was seen leaking from a roof, and police believing Wheatley was smoking on the premises.

When the warrant was secured, however, a search of the house was made, no one was in the house except his wife, formerly county statistician. She denied knowledge of the check incident and seemed surprised at the turn of affairs, officers were said to have reported.

All officers and leaders engaged in the search have maintained the greatest secrecy relative to their maneuvers, in order that their efforts would not be effected. Authorities in charge, however, expressed their confidence that capture of the asserted fugitive would be only a matter of time, at least.

What disposition, if any, has been made of a civil suit filed by Joplin, county treasurer, against Wheatley, asking judgment of $10,000 does not show on court records, it was stated authoritatively that funds of Wheatley, which had been attached, only recently were released. Settlement of the suit out of court, therefore, was said by court attaches to be imminent.

Many persons acquainted with the newspaperman saw him on the streets of Santa Ana yesterday morning and shortly after noon, while at least one person saw him leave the bank. All reported he was unusually well dressed and faultless groomed in spring clothing. The Wheatley coupe, parked on a downtown street, had not been removed late yesterday afternoon.

HARBOR CONTROL MEASURE ADOPTED

SACRAMENTO, April 23.—The San Francisco harbor bill transferring control of the port from the state to the city was finally passed by the lower house today by a vote of 48 to 22. Assemblyman William Hornblower of San Francisco made the initial talk.

Reconsideration of the vote by which the Swing-Johnson municipal water district bill was defeated yesterday will be taken up by the assembly at 3 p. m. Assemblyman Isaac Jones of Ontario made the motion for reconsideration and by a vote of 39 to 37 the house decided to take the matter up this afternoon.

A number of highway bills were passed finally by the senate today. They declare the following roads to be parts of the state highway system:

Antelope camp to Calaveras big trees.

Lincoln to New Castle in Placer county.

Sonoma to Mariposa.

Lonzvale in Mendocino-co. to the Pacific highway.

A bill by Assemblyman Hornblower and Burns prohibiting the painting of signs on public highways and providing that the highway commission shall erase all such signs was passed finally in the upper house.

Assemblyman R. J. Anderson's measure which will permit the citizens of Redding to work with other residents of that section in that construction of a road from the city to Lassen Park, was among the measures passed finally by the upper house.

The following measures were in the hands of the governor today for executive consideration following their final passage in the senate late yesterday:

Bill authorizing the sale of lands and buildings of the state teachers college at San Diego and the purchase of a new site and erection of new buildings.

Bill appropriating $190,000 for a California state building at the Nevada Transcontinental Highway Exposition, to be held at Reno in 1926.

Bill appropriating $67,500 for new cottages at the state hospital at Agnew.

Bill appropriating $75,000 for purchasing land for the Fresno state teachers college.

Bill appropriating $10,569 for new lighting facilities at the University of California, southern branch.

Bill appropriating $10,000 for the construction of a state armory at Griffith Park, Los Angeles.

Bill appropriating $225,000 to purchase land for the Agnew state hospital.

Bill appropriating $50,000 for construction and equipment at the California Polytechnic school at San Luis Obispo.

Bill appropriating $350,000 for operation expenses and loans to the Delhi Land settlement colony.

Bill providing for a reduction of 50 per cent in the price of land sold land at the Delhi settlement and for a revision of existing land contracts.

Bill labeling the interest on loans made by the state to settlers at the Delhi Colony for a five year period.

Bill appropriating $1,300,000 for the completion of the capital extension buildings at Sacramento.

INVENTIONS COMING FASTER THAN EVER

NEW YORK, April 23.—"The march of invention is faster in our day than ever before," President Coolidge told an audience of editors and publishers at the Friars' club.

The president as then at the White House, but his voice and the pantomime of the delivery of the speech were successfully presented to his audience by the "Phonofilm."

A motion picture of Mr. Coolidge in the act of delivering the speech was recorded with the words on one film at the south portico of the White House a week ago. In its presentation yesterday the illusion was so accurate the audience unconsciously applauded as the president spoke.

Chorus Big Feature in "The Prince of Pilsen"

One of the chief elements necessary for the success of an operatic production, besides the principals, is a well drilled and properly balanced chorus.

The Orange Co. Choral Union who are presenting "The Prince of Pilsen", an American comic opera, as their last performance of the 1924-25 season with the Community Music and Drama Asso., have a chorus of exceptional brilliance. It is regarded as doubtful whether any professional company can boast of a better group either in point of musical ability or appearance. Some of the best known residents of Orange Co. appear as members of the chorus of "The Prince of Pilsen." Previous presentations have given ample proof of this assertion and the coming event will prove no exception, the chorus in this instance being perhaps the best ever heard.

The plot of the opera is laid in Nice, where a party of American girls have recently arrived on tour. Word is received that a Prince is to visit the hotel, traveling incognito. Further, the hotel management, on receipt of the news of the coming of the royal guest, decide there is no money in a prince if he is known as such, so plan a great reception and broadcast the news of his expected arrival. In the excitement, Hans Wagner, a Cincinnati brewer, who arrives at about this time is mistaken for the Prince and the fun commences.

The role of Hans is in the capable hands of Maurice Phillips, whose ability to carry comedy parts of this kind is well known. From the moment he makes his appearance to the end of the opera, his efforts to exploit himself in the various guests, including the real prince who arrives, planned, complete, are certain to keep the house in continual uproar.

Flora Daley will be seen as Lady Evelyn, a charming widow with poise and vivacious personality especially fit her for portrayal of this role.

IRMA HUFMAN MAY
As Edith in "The Prince of Pilsen," by the Orange Co. Choral Union.

Garry Grooway, well known tenor of Orange, appears as the Prince and carries his role in a dashing and convincing manner.

The remainder of the cast are all well fitted for the portrayal of their particular characters.

The Choral Union production in Anaheim is being sponsored by the local Kiwanis club and the performance will be given in the High school auditorium Thursday evening, May 7. Tickets are now on sale by all members of the Kiwanis club, or at Kemp Bros. Pharmacy.

WHEELER GIVEN SENTENCE FRIDAY

Five years' imprisonment and $5,000 fine are the maximum penalties that can be inflicted on Charles R. Wheeler, former resident of Tustin, when he is sentenced on Friday by Federal Judge James of the U. S. District Court in Los Angeles, according to Sec. 195 of the Postal Laws and Regulations, covering the offense with which he is charged.

Receiving stolen government property was another charge and the currency of the local banks while in transit was government property, according to William P. Webb, jr., Anaheim attorney.

The section in question says: "Sec. 1595. Whoever shall receive, conceal, or aid in concealing, or shall have in his house or in his possession with intent to convert to his own use or gain, any money, property, record, voucher, or valuable thing whatever, of the moneys, goods, chattels, records, or property of the United States, which has heretofore been embezzled, stolen, or purloined by any other person, knowing the same to have been so embezzled, stolen or purloined, shall be fined not more than five thousand dollars, or imprisoned not more than five years, or both; and such person may be tried either before or after the conviction of the principal offender."

While much evidence came out in the recent trial which tended to show that Wheeler was equally guilty with J. R. Abernathy in the robbery itself, he was acquitted at the former trial of robbery and charged only with receiving stolen government property.

Wheeler's share of the stolen money was between $7350 and $7850 and money was between $7350 and

MAKE 'LAST DITCH' EFFORT FOR REID

SAN FRANCISCO, April 23.—Clarence "Tuffy" Reid, condemned Los Angeles newsboy, was to be moved into the death cell at San Quentin prison and his attorneys prepared to make a "last ditch" legal stand to forestall the execution set for Friday.

COURTHOUSE DOINGS

After they had been married almost 15 years, Archie Dibble declared Mrs. Dibble at Santa Ana, according to her suit for divorce on file today. Mrs. Dibble asks custody of an 11-year-old boy and $35 a month for his support.

Clarence W. Trigg, federal prisoner who finished a two-months' stence in the county jail following conviction of misuse of the mails, was to have been released Monday He could have gone, but he chose to stay until money he had wired for arrived.

However, A. H. Lawrence, who claims he was given a fictielous check for $5 by Trigg more than a year ago, secured a warrant for Trigg's rearrest on a check charge, so the bars again face the prisoner. His examination has been set for April 29 and in the meantime his mail has been set for $500.

John Yeargan, convicted on a charge of possessing liquor at Newport Beach, statewhile dry law operator employed by E. S. Ward of Los Angeles and asserted fugitive from justice because he failed to pay his fine or begin serving sentence, was in the county jail today prepared to stay 500 days unless his fine of $500 can be raised.

Following passing of sentence a stay of execution was granted, but the he was under $500 bail, Yeargan failed to make his appearance at the jail.

His bondsmen became anxious as to the outcome and located Yeargan at Pomona, where his arrest occurred.

COUTANT ARTISTS MAKE GREAT HIT

The four young ladies who represented Miss Claire Coutant's advanced pupils in dancing certainly made a tremendous hit with the California last night. Each is a capable young artist.

They will appear again for the final times tonight in conjunction with Doris Kenyon and an all star cast in "If I Marry Again."

A Ben Turpin comedy, "Romeo and Juliet" and an international News are also on the bill.

EXPLANATION OF SPEECH WANTED

(Continued From Page One)

It is pointed out that the government obviously has more prisoners already than it can care for but Sofia dispatches report arrests of suspects continuing. The Zankoff government is attempting to round up all its enemies, as well as to capture those suspected of participation in the cathedral bomb outrage.

Several new bombing attacks by peasants in the Varna district are reported today.

The British investigators, William McKinder and Colonel Malone arrived at Vienna at 6 a.m. today and were met by the United Press correspondent.

They confirmed the fact that even the worst atrocities in Bulgaria which have leaked thru the censorship are true in practically every detail.

Basing their statement upon their own observations, which were made as the result of a special visit to Sofia accompanied by Colonel Wedgewood, M.P., the Britishers said conditions in Bulgaria approximate medieval inquisitions.

"The terror is practically everyone of prominence in Sofia but were refused permission to see the leaders of the opposition, who are in prison in a two-hour interview which they were granted by Secretary of State Kalkoff, the latter insisted the government had given the whole insurrection was engineered in Serbia, "with the knowledge and consent and probable instigation of the Jugo-Slav government."

Kalkoff pointed out that emigres of the Stamboulisky regime had chosen to remain in Jugo Slavia, despite three ammnaties offered them. The military are in charge of Sofia. Secretary Kalkoff's statement to the effect that force would be employed by the troops when he attempted to grant the visitors permission to enter the prisons. Standing out side the prisons at public safety," the Britishers saw within five minutes at least 40 men and women prisoners brought in, some in auto trucks, others afoot.

Soldiers, escorting the squads of civilian prisoners were armed to the teeth and held drawn automatics.

The visitors saw men hustled out of the building and whisked away, presumably to be executed.

One of these condemned men was conveyed in an auto, the license plate of which was covered with a cloth, to prevent retaliatory assassinations.

Two civilians held revolvers to the sides of the prisoner. The latter was forced to keep his hands concealed.

"We were curious as to why this was done," McKinder said, when we questioned a bystander. We learned that the condemned man's finger nails probably had been torn off during the third degree torture. The government did not wish the populace to see this condition.

"We are definitely of the opinion," McKinder continued, "that Bulgaria's troubles are due to suppression of the freedom of the press and the outlawing of all decent parliamentary opposition.

"A distinguished foreigner explained to us that life was cheap in a Balkan street, where an assassination excites less attention than an ordinary street accident in New York or London.

"We were reliably informed that there have been executions almost daily since Stamboulisky was overthrown. Also, there have been hundreds in the third degree. For example, the wife of a man who was arrested in April was assured by the government that her husband was safe. His body, however, was found in the street, ears and nose cut off and with the finger nails pulled out. He had had no trial.

"The townspeople told us that every night recently truck loads of prisoners were carried to lonely spots outside the city and shot."

The soldiers and police were extremely rough, the Britishers said, and they themselves saw several prisoners beaten and kicked.

Is Housework Keeping You Tired and Weak?

Thousands of tired, nervous, rundown women who must daily perform the taxing housework and care for children, would be astonished to learn that in most instances their fatigue, headaches, nervousness and haggard appearance are now entirely unnecessary.

For physicians say that in an enormous number of cases these symptoms are due merely to the lack of sufficient iron in the blood. And now scientists have perfected a new combination of iron, like the iron in the blood, it is, in many cases, easily possible for people to increase their strength, nerve force and endurance in only two weeks time.

Any doctor will tell you that without sufficient organic iron, your blood loses its power to change food into firm, healthy flesh and tissue. So nothing you eat does you the proper amount of good. You become undernourished, weak, nervous, and lacking in physical force and endurance.

What you need, then, is organic iron—Nuxated Iron—to enrich your blood and give you strength. For Nuxated Iron is guaranteed to put life into your worn blood. Try it just two weeks and notice the astonishing improvement. Money back if not delighted. But be sure you get genuine Nuxated Iron with the letters NI on every bottle. This is the only kind sold under the absolute money-back guarantee. A well good druggists.

SOVIET MINISTER GIVES STATEMENT

(By Geo. B. Chicherin)
(Foreign Minister of Russia)

Copyright, 1925, by United Press

MOSCOW, April 23.—The United Press asks me for a statement regarding the declaration of the Bulgarian premier, Zankoff, that the explosion at the Sofia cathedral can be ascribed to the handiwork of the Soviet government.

This impudent lie of an adventurer who has seized power with the help of a negligible handful of conspirators and who holds it by means of uninterrupted mass murders, tortures and other acts of violence, does not surprise me. When the regime of horrors that weighs over the whole country leads to such clear expressions of popular desperation as the Sofia explosion, it illuminates for the whole world the complete incapacity of the regime of intolerable military terror and that the ruling adventurers, who lives from day to day by violence and lies, finds it necessary to put an imaginary external reason for the happenings and to invent a culprit.

In whatever part of the world the masses show their dissatisfaction, it is represented by the opponents of the Soviet government as its handiwork, and if there is an uprising anywhere the opponents of the Soviet union never cherish any doubt that it is the Soviet Union which is responsible for the uprising. Examples of this are too fresh to be worth mentioning.

The manufacturer of forged documents for the purpose of discrediting the Soviet government has become a customary measure of the Bourgeoise governments and should Zankoff in his slanderous outbursts against the Soviet Union refer to imaginary documents in his possession these should be counted in advance in the category of forgeries.

After the fact was exposed some time ago that the opponents of the government had ordered in one of the Baltic print shops blanks with illiterate reading of a non-existent department of the Communist (red) internationale and after the Bulgarian government had published the imaginary documents of the communist internationale printed on just such blanks, Zankoff's activity as a forger is exposed before everyone.

The real worth of Zankoff's accusations should be clear to every impartial man. I state most definitely and categorically that all efforts to connect the Sofia government are from the beginning to end invention and a shameless lie, and that there is no connection whatever between the Soviet government and the Sofia explosion.

OAKS DIVORCED

LOS ANGELES, April 23.—Louis D. Oaks, former police chief of Los Angeles, was divorced today in Judge J. Walter Hand's court.

Besides a decree, the court awarded Mrs. Josie M. Oaks, a house and lot and $2500 of the former police chief's money.

Oaks failed to appear in court, having left Los Angeles shortly after his wife filed suit.

Mrs. Oaks charged desertion. She also named Catherine Uribe, Oaks' former secretary, as co-respondent.

BOY WOUNDED IN HI SCHOOL PLAY

WAYNE, Okla., April 23—The dramatic climax in last night's rehearsal of a high school play here had been reached.

The villain rushed from the wings and fired a revolver at Thomas Leslie, 18, leading man. "I'm shot," cried Leslie, as he slumped to the floor.

His classmates, sitting as the audience, broke into applause at the realistic acting of the youth.

The applause was hushed suddenly as blood trickled from Leslie's side.

The youth was rushed to a hospital where his condition was critical today.

In some manner the revolver had been loaded with a real cartridge instead of a blank.

RANCHER STOPS FIRE DISTRICT

S. W. McCulloch, prominent Placentia rancher, who asked a restraining order preventing formation of a fire prevention district there and enjoining the county from collecting taxes for that purpose, is successful in his action.

This was given definite assurance when supervisors, in resolutions, authorized Dist. Atty. A. P. Nelson to stipulate that McCulloch may take the judgment prayed for. A second resolution authorized the county treasurer to pay back all taxes collected from persons in the district.

Action of the supervisors was taken after they were advised by Nelson, representing the county, that the proceedings taken to form the district were invalid.

McCulloch declared he would be a heavy loser were he required to pay taxes levied on his land when the city of Placentia itself would benefit most by the presences of a fire department.

It was understood new steps would be taken to secure fire protection for Placentia.

ORDER DISSOLVED

WASHINGTON, April 23.—Justice Hitz of the D. of C. Supreme Court today dissolved the temporary restraining order issued April 3 on request of the Pacific Mail Steamship Co. to halt the shipping board's sale of five government vessels to the Dollar lines. Counsel for the Pacific Mail are understood to be preparing an appeal of Hitz' dismissal of their petition for a permanent injunction on April 10.

LINEN SHOWER COMPLIMENTS MARCH BRIDE

A REPETITION of the tragedy of the maid in the garden, hanging out the clothes whose nasal appendage was amputated by the bloodthirsty blackbird was averted last night through having the clothesline hung in doors at the home of Dr. Bessica Raische. Then too, the maid was not a maid, but a matron a whole month since, and she took the clothes in instead of hanging them out.

It came about this way. Miss Johanna Erickson and Mr. Cornelius Carstens slipped away a month ago and were wed; then returned to Anaheim and tried to keep the happy secret, but a little bird chirped the news, and in "revenge" Mrs. Carstens was given a surprise linen shower last night by her close friends and coworkers at the clinic.

The guests were assembled when Mrs. Carstens arrived at the house and the surprise was complete.

Among the pastimes of the event was the flower romance, wherein Miss Hildagarde Brueggman won first prize and Miss Martin consolation. Other games were merrily played. Dr. Raische then recited the familiar ditty about "sing a song of sixpence," but stopped abruptly just beore the blackbird's arrival on his merciless errand and escorted Mrs. Carstens into the bedroom where a line hung with dainty packages was stretched. The honoree was instructed to collect these and everyone shared in the delight of inspection.

Pretty linen articles hand embroidered and varied in kind will add much to Mrs. Carsten's linen closet.

It then was Dr. Raische's turn for a surprise which was well put over by Dr. Hargrave when a beautiful birthday cake with the years all totalled into one big, shining candle was placed before her, in honor of her birthday anniversary, April 12. Of course Dr. Raische was pleased and enjoyed the surprise quite as well as the others.

Participating in this pleasant affair were "the Misses McKay, Mould, Teevan, Wulff, Martin-Pannier, Hoffman, Curtis Brueggman and the Mesdames Victor Teasley, Fullerton; J. S. Kerr, Ruth Henle, Otto Hilchers, George Rainey, Clyde Childers, Wm. C. Branff, the honoree, Mrs. Carstens, and Drs. Hargrave and Raische.

Choir Sings in San Diego

The League of Christian Endeavor has postponed the party scheduled for tomorrow evening, as the Evangelical choir will go to San Diego tomorrow afternoon. Leaving at 2 p. m. the choir will be served with evening dinner by the hostess church folk and later render the cantata, "The Great Light," which they have sung so effectively both in Anaheim and in Long Beach.

Postpones Meeting Night

The Philathea class of the Presbyterian Sunday school scheduled to meet Friday evening with Miss Doris Hawley, has been postponed to a later date. All members are asked to take notice of the change.

County Bureau Elects

Chapter BF, P. E. O., had a busy session yesterday meeting with Mrs. F. M. Waynick, and Mrs. D. D. Waynick at the home of the former. A delicious luncheon preceded the business session, where in reports of the reciprocity bureau meeting held April 10 in Huntington Beach were presented.

Election of officers at the beach meeting which included all P. E. O. organizations of the county, placed Mrs. Mary Jackson, of Huntington Beach, in the president's chair; Mrs. Elmer Hayward, Orange, vice president; Mrs. W. F. Crites, Santa Ana, recording secretary; Mrs. J. K. Langdon, Anaheim, cor. secy.; Mrs. A. Pritchard, Fullerton, treasurer.

Delegates to the state convention representing the local chapter are Mrs. R. B. Young and Mrs. J. S. Ward. The state body meets in San Francisco, April 27, 29 and 30.

The philanthropic committee had charge of yesterday's program. Following a parliamentary drill the ladies did mending and sewing to be donated to the needy. The next meeting will be held with Mrs. J. L. Van der Veer, with Mrs. Chas. Mann assistant hostess.

Present yesterday were the Mesdames B. B. Barton, F. T. Edmiston, J. K. Langdon, Charles Mann, W. W. Manter, H. M. Peterson, H. B. Pearson, J. L. Van der Veer, F. M. Waynick, D. D. Waynick, J. S. Ward.

Mrs. D. D. Waynick and Mrs. Chas. Mann gave a brief report of the party in Santa Ana Tuesday given by Chapter AB.

Celebrate at Grandma's

Master Earl Hoag, eldest son of Mr. and Mrs. T. L. Hoag, of So. Clementine, was given a birthday celebration at the home of his grandmother, Mrs. P. E. Hoag, at Compton, last evening. The downpour did not dampen the ardor of the youth and his brothers, Tommy and Jack, the only other children "in" on the party, and the drive to the scene was lots of fun, he said.

Earlier in the day his other grandmother, Mrs. Fred Presser, had brought him a lovely big birthday cake and some very nice gifts. But to find another fine cake, all trimmed and lighted up with ten candles, was more than a boy usually gets.

The dinner guests including Dr. M. E. Tabor, Mr. and Mrs. Hoag, H. Mason, T. Beaver and Grandma and the three boys made a most congenial company. More gifts, music and games made the evening pass merrily and this event became a happy memory for the boy all too soon.

Guests at Thimble Club

Lois Thimble club will hold the regular meeting tomorrow evening in Odd Fellows temple. As this is the annual meeting election of officers will be in order.

Fullerton Thimble club will be guests of the afternoon, about 30 having accepted the invitation from the local club. Mildred Allen is chairman of the entertaining committee and cordially invites all Rebekahs whether members or not to be present and enjoy the afternoon with the two clubs.

EVERY WOMAN IS WELCOME TO CO. FEDERATION

ALL club women, whether delegates or not, are urged to attend the thirteenth annual convention of federated county women's clubs in the pretty new club home of Fullerton Ebell, beginning at 9:30 a. m. tomorrow. This meeting is not for delegates alone and presence of every woman in the county who upholds club work, is urged.

Anaheim Ebell is sending three delegates, Miss Frances Backs, Mrs. J. P. Wilson and Mrs. M. E. Canby, with three alternates, the Mesdames C. C. Randall, J. W. Harpster and H. N. White. Miss E. Kate Rea, president, and Mrs. Nellie E. Terry, past president, are of the body by virtue of their offices.

It is advised that all desiring luncheon reservations notify Mrs. Albert Launer, phone Fullerton 160-M.

Mrs. E. E. Knight, president, will be in the chair. Morning session will be devoted to greetings good will, etc., the real events of the day in which Mrs. Maynard Force Thayer, state chairman of American Citizenship, will make the address, occurring after luncheon. Brea Community Program

Brea folk are looking forward with pleasure to the big community program which will be offered Sunday at 2:30 in the Red Lantern theatre in that city.

A pipe organ prelude will open the numbers, played by W. D. Shafer. The orchestra concert by Fullerton Union high school organization will continue 25 minutes and be followed by other contributions which are:

Prayer, Rev. Harry Tratt; reading, Miss Winnie Hardy; announcements; reading, Mrs. Nina Russell; address, "Complete Education," Dr. Robert Taylor, of Pomona college; pantomime, "The Holy Will," by six young ladies.

The program is free and everyone is cordially invited.

George Raymer, Fullerton C. of C. secretary, leaves tonight for Eureka to attend the state convention of C. of C. secretaries Monday and Tuesday.

Pictures Safety First

The Safety First campaign continually waged for children was accentuated by instructions to parents as well in the picture slides shown at the west side P.-T. A. Tuesday when Mr. Carl Harpster, of Intermediate school showed two reels emphasizing the slogan. The pictured story was of a child whose father had carelessly left a loaded gun in the home with the usual dreadful consequences avoided only by the slightest margin. The picture plainly placed the blame on the parent where it but too often belongs. Other lessons of caution were pictured.

Mrs. Kelsey, of Garden Grove, also went to the fountain head in her paper, urging the importance of parent-teacher co-operation for the good of the child. Mrs. M. A. Backs of the East Side association, gave an excellent report of the district convention, as the west side representative was not present at the meeting. George Jackson, of the Intermediate school, sang, "The Holy City," which gave him opportunity to prove his unusual ability as a soloist.

In absence of Mrs. H. G. Wells, president, who was ill, Mrs. C. R. Harrison presided over the meeting.

Important Miss Arrives

Mr. and Mrs. Donald Skinner of North Dickel-st., are proudly announcing the birth of a daughter this morning. The little tot weighs 7¾ pounds and is already queen of the household, Grandpa and Grandma J. D. Guy and the other grandparents, Mr. and Mrs. M. W. Skinner, are very proud of the little one as she is the first grandchild in either family.

Although the young mother has been quite ill with flu the past ten days, she is getting along nicely.

TEACHERS TESTED ON CONSTITUTION

Fully three fourth of the elementary and grammar school teachers required to do so have taken the regular examination on the federal constitution prescribed for the renewal of teaching certificates, C. C. Smith, superintendent, said today.

The test will be held on May 2 at these places: E. Willard Hi school, Santa Ana, according to R. P. Mitchell, county superintendent of schools.

All or practically all of the Hi school teachers have taken the test who were required to do so.

In the subject of civics, a college course suffices, without examination.

"Why! He's Nothing But Skin and Bones"
"Marry Him? Never"
"Quit kidding me, Agnes; when I get ready to land a man he's got to be a real man with plenty of good healthy flesh on his bones."
"Of course, I dance with Ed; He's a good enough fellow, and I just feel sorry for him, but no skinny, hollow cheeked, spindle shanked lath is going to sail the voyage of life with me."
Cheer up, Ed—things aren't as bad as they look to you right now. Many hundreds of skinny, gaunt, emaciated men looked even worse than you do till someone told them about McCoy's Cod Liver Oil Compound Tablets (the new way to take Cod Liver Oil) and how it would put pounds of good, firm, healthy flesh on their bones in just a few weeks.
Nothing like these health creating, weight producing tablets for skinny, underweight men, as thousands can testify. Start to take them today—60 tablets—60 cents at Jackson Drug Co., Heying Pharmacy, Orange Co. Drug Co., or any real druggist anywhere in North or South America.
And listen; If they don't put 5 pounds of good flesh on you in 30 days, get your money back—that's fair enough, but be sure—very sure that you get McCoy's Cod Liver Oil Compound Tablets—the original and genuine.—(Advertisement.)

CALIFORNIA'S HISTORY

This is California's Diamond Jubilee year. The seventy-fifth anniversary of this state's admission into the Union is to be celebrated this summer by historical festivals at various points in the state, culminating in the Diamond Jubilee celebration to be held in San Francisco in September.

In connection with the observance of this Diamond Jubilee year, it is especially fitting to stress the wonderful history of California. This state would be done an excellent service if its enthusiastic and loyal sons and daughters emblazoned to the world the chief facts in the history of this commonwealth in its seventy-five years of statehood. Here is what one influential California booster says—and his words are to be commended:

We have the climatic and the scenic attractions, now let us capitalize our historical features. People go to Europe to absorb history, the Eastern States make their historical spots a special lure for the entire country. Why not do the same here? We have the missions, the Spanish days, Fremont and the Bear Republic, Monterey and those wonderfully heroic days of '49 and the great gold rush, to offer people who want history. The trails of the padres and the trails of the gold-seekers are of world-wide fame. The land of Bret Harte has as big a drawing power as any other place on earth.

Economy is a harsh, cruel word to many a legislator.

Prosperity is coming, and not by slow freight, either.

It is dishonest to be able to pay an honest debt, and willfully refuse to pay it.

California's Diamond Jubilee year is being observed with an elaborate series of festivals in different localities throughout the state. Tourists who come to California this year will see the state at its best and will be greeted with typical California hospitality.

HEALTH AND DIET ADVICE

By Dr. Frank McCoy

Author of "THE FAST WAY TO HEALTH"

GOOD—STARCHES (Continued)

Baking the potato is probably the next best method of preparation, making a very wholesome and tasty potato dish, but it will be observed that the skin must be so well cooked by this method, in order to insure that the inside of the potato is sufficiently soft, that the outside is burned to such an extent that the nourishing part just under the skin is completely killed. It is true that just under this burnt material will be found some destroyed starch, but the organic salts will have been entirely destroyed. However, if sufficient salad and non-starchy vegetables are used, this deficiency of vitamines will not be felt, and the person eating the potatoes will not suffer for their lack.

Potatoes may be boiled after they are peeled, but this is never as desirable as if they were cooked in either of the above ways and the skin not removed. They should not be prepared by frying, but mashed potatoes may be used if made with cream and a very little milk, only remember they need thorough mastication.

HUBBARD SQUASH is a very tasty starch food and is equally as digestible, whether baked or boiled. If boiled and mashed, cream and butter may be added if desired, in the same way as with mashed potatoes.

A safe roof must be more than fire resistant. It must also withstand the beating sun, extreme cold and heavy rains and winds.

Flawless fire resistance is only a part of the function of Pioneer Yosemite Asphalt Shingles. Crushed stone, laid on asphalt, makes them 100% efficient. They prevent leakage that spoils plaster—eliminate seepage, that slowly warps and rots the very framework of the structure, and protect mansion and cottage alike. There is a specified type for every kind of roof and for re-roofing they go right over the old roof. Lumber, hardware and building material dealers sell them in red, green, blue black and golden brown.

"Inside and Out" Clean-ups Are Urged As Safeguards of Community Health By Authority Who Advises Millions

Spring cleaning should not be confined to the inside of the house, but should extend to the premises as well. Furthermore the cleaning of both should be periodic, rather than seasonal, in the opinion of Dr. J. Allen Patton, medical director of the Prudential Insurance Company at Newark, N. J. He makes this timely suggestion to the more than seventeen million policyholders whose interests he seeks to safeguard.

"Cleanliness should be external as well as internal!" Dr. Patton says. "In the matter of body cleanliness the tendency is to give more attention to the outside, while the opposite is true, ordinarily, of household conditions. A well-balanced program in both instances would be preferable and more hygienic."

"The ventilation of stuffy rooms makes for more healthful conditions by the removal of germs and stale air; a cleaning up or putting into condition of business affairs results in strengthened confidence for the business; by the same token a clean-up of the premises removes many breeding places for disease and safeguards the health of the family."

Such interest has been aroused in recent years in this phase of health protection that all sorts of folk, of all ages, are active in the campaigns as the accompanying pictures show.

"A wise housekeeper will make a detailed examination annually, note any unhealthful conditions and necessary repairs, and will then proceed to put his place in shape. Then it will stay that way, and the annual clean-up will be more or less a matter of form and the doing of the long-deferred, if the proper attention is given to sanitation from time to time."

"There are many seemingly small things that demand attention" he cautions. "Old cans and other potential receptacles for water which will furnish a breeding place for mosquitoes should be banished, even though so placed that they are not unsightly. In that way spring cleaning may preclude malaria or other summer complications. Garbage pails should be kept closed as well as clean, and must be inaccessible to flies."

"Oftentimes in rural districts barns, chicken houses and the like are in too close proximity to the house, which is particularly dangerous where water is furnished by the well on the back porch. These should be moved, and once moved they cease to be a menace, if properly kept. Yards should be raked and all refuse hauled away."

"And finally," Dr. Patton suggests, "make your spring clean-up a matter of daily routine."

DELAY GARBAGE HEARING 2 WEEKS

The garbage gatherers' hearing before Fullerton trustees was continued two weeks, the garbage collectors being represented by Sam Collins. They had been notified to appear and show cause why their contract should not be revoked in view of a large number of complaints that had been received regarding the gathering or the lack of gathering the garbage. Collins said that the complainants should be there and testify against them if they have cause. The case was continued and the complainants were instructed to appear and state their complaint in writing.

Collins protested that private garbage collectors were a menace to the proper collection of garbage, since he said they tipped over the buckets and left the trash for the regular garbage men. A motion was passed to abate this alleged nuisance.

The matter of the La Habra sanitary district joint sewer with Fullerton was discussed, and data ordered prepared.

Hugh Miller, representing the Fullerton post of the American Legion, appeared before the board and asked permission to make flagstaff holes in the sidewalks in the business district for the display of the American flag. Permission was granted.

Fullerton city officials accepted invitation to attend Harbor Exposition at Long Beach, Monday.

COMMENTS of the PRESS

What Editors Are Saying

DECENTRALIZING CORPORATE OWNERSHIP

Santa Barbara News

Herbert Hoover, in the course of an address before the National Civic Federation in New York declared that ownership of large utilities and manufacture had been divorced from management in the process of the diffusing ownership among millions of stockholders.

This is frank recognition of the fruits of economic and industrial developments which have been in progress for some years. It is the statement in a semi-scientific form of a fact that has been more crudely framed in this wise: "The captains of industry become little who owns the stock as long as they can control it and handle the funds."

In the past few years there has been a remarkable change in the ownership of industry, a sort of decentralization of ownership, which has not sacrificed control. The first step after the organization of a business on a large scale or the promotion of a utility is to sell the stock among small investors.

If the business is sound and successful, the profits are widely divided over the country. If it is not a success, then the loss falls on the individuals. In some instances, the promoters make liberal profits while the stockholders are left to hold empty sacks.

The tendency to decentralize corporate ownership will probably continue. In fact, many of the larger utilities are systematically splitting their stock in small holdings as a matter of business and political policy. They feel that in this policy they are entrenching themseves against hostile legislation and building defenses against public ownership.

It would be a wise man who would undertake to say what will be the outcome of present business tendencies towards decentralization. Movements of this sort are more easily started than stopped.

There is a growing disposition among the holders of securities of all sorts to inquire more closely into matters of management than formerly. The enormous losses running into billions, that the holders of comparatively small blocks of securities have sustained tend to make them a little more critical than formerly.

In the organization of these same stockholders there is danger that control will be lost and pass into the hands of factory corporation committees. Who shall say that this is not the course on which industry is entering?

Your Cross Word Puzzle

HOW TO SOLVE THE CROSS WORD PUZZLE

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram.

Any word defined in the text under "HORIZONTAL" will begin at its number, shown on the diagram, and will extend all the way across to the first black space to the right of that number. Thatis, the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterruptedly.

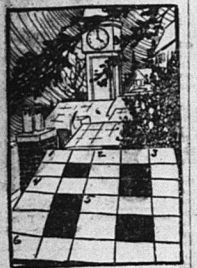

Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white spaces remain uninterruptedly.

CHILDREN'S PICTORIAL CROSS WORD PUZZLE

HOW TO SOLVE PUZZLE

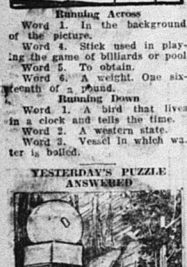

The words start in the numbered squares and run either across or down. Only one letter is placed in each white square. If the proper words are found, each combination of letters in the white squares will form words. The key to the puzzle—the first word—is given in the drawing. Below are keys to the other words

Running Across

Word 1. A bird that lives in a clock and tells the time.
Word 2. A western state.
Word 3. Vessel in which water is boiled.

OPINIONS DIFFER ON RESCUE WORK

NEW YORK, April 23.—Divergent opinions regarding the rescue efforts of the White Star liner Homeric in its efforts to save the crew of the Japanese freighter Raifuku Maru, were expressed by passengers on the liner as the aftermath of this latest sea tragedy.

The Homeric docked here last night.

Some of the passengers charged the Homeric did not uphold the best traditions of English sailors; others aver everything possible was done; but all were impressed with the stark tragedy of Tuesday's disaster.

While 123 passengers of the Homeric signed a testimonial praising Captain Roberts for conduct, many censured him for not remaining at the scene of the tragedy longer, in order to be doubly sure there were no men floating in the water.

Amos Pinchot, brother of Governor Pinchot of Pennsylvania, is one who thinks the captain was wrong.

"I saw several men in the water, either swimming or being carried toward the Homeric," he said.

E. C. Lipman of San Francisco added "We were in a terrific sea. You could hardly stand on deck."

MORE ASSASSINATIONS

UNCOVER PLOT FOR 'PERFECT ROBBERY'

CHICAGO, April 23.—A plot for "the perfect bank robbery" with millions of dollars as the stake, was revealed today by captain of detectives William Schoemaker.

Henry J. Fernekes, 22, midget bandit and killer, who has engineered numerous robberies and is accused of four murders, was preparing to descend on a loop bank when police killed the plan, Schoemaker said. Fernekes was arrested several days ago while in a library reading a scientific treatise.

A small army of men, tanks of deadly gases, a large quantity of fire arms, two automobiles, gas masks and smoke bombs were to have been used in the affair, Schoemaker said.

Large families are better. No one member is relatively important enough to pout and spoil everything.

MOTHER ALLEGED TO HAVE CONFESSED SHE POISONED 5 CHILDREN WITH ARSENIC

While being held in jail at Crown Point, Ind., charged with the murder of one of the five members of her family who have died in the last six years, Mrs. David Cunningham confessed that she poisoned three of her children, according to Sheriff Benjamin H. Strong. The bodies of two of her sons have been exhumed and found to contain arsenic. Mrs. Cunningham denied, however, that she poisoned her husband or a fourth child who died within the six-year period. The 40-year-old woman is being examined as to her sanity.

Girl Scout Head Revamps Councils

Miss Alice Conway, known to 100,000 girl scouts as national field director at large, is to start on a tour of southern cities reorganizing the scout councils. Miss Conway was an instructor in chemistry and nutrition at Columbia University before becoming a scout executive.

The third prize for faint praise goes to the man who said the metropolis is more tolerant than the town.

GUN CLUB WILL START SUNDAY

A general invitation is extended to trapshooters of Orange co to participate at the opening of the Edgebrook Gun Club on the McComber ranch at Buena Park at 9 a.m. Sunday. The first day's shooting will be a practice affair although there will be prizes offered. Later, it is planned to have registered shoots.

LOCAL GIRLS IN SWIMMING EVENTS

Anaheim Hi School girls will enter the swimming events only at Pomona College on May 2, when the annual gathering of Hi School students will be held, Miss Jaques, girls' coach, said today.

These girls will participate: Lorine Ingram, Mildred and Marjorie Latourette, Thelma Sanchez and Grace Holdsworth.

However, many girls, particularly seniors, will enjoy the events according to Miss Jaques.

The athletic program will occupy the hours from 9 to 12 luncheon and dance from 12 to 3 and music in Bridges Hall from 3 to 4.

At 4:30 the annual May masque will be held in the open-air Greek Theater.

BOULDIN ACCEPTS POSITION AS COACH

James S. Bouldin, police sergeant, has accepted a position with the Union Oil Co., as director of athletics in So. Cal. district, directing golf, tennis and baseball, and is leaving the local police service Monday. Bouldin was formerly athletic director in the A. E. F. in France. He has obtained a 30-day leave of absence in order that if he should become dissatisfied with his new position during that time he may return. His place is being taken by Ralph Younz.

Southland Sports

LOS ANGELES, April 23.—The most elaborate reception ever recorded an athlete in this part of the country was staged at the Santa Fe station here today when the greatest runner of all time, Paavo Nurmi, accompanied by Hugo Quist, his manager, paid his first respects to California.

Mayor Cryer, William May Garland, members of the United States Olympic games committee, and Jack Farmers, manager of the Coliseum where Nurmi is scheduled to race, headed a group of distinguished citizens whose sole purpose seemed to surround the fleet Finn and hide him from view.

Much speculation is rife as to just what Nurmi is going to do. He is scheduled to race the Sherman Indians Saturday during the big athletic carnival which will be held at the Coliseum under auspices of the Rainbow Division.

Nurmi doesn't speak English and therefore isn't able to answer the score of questions hurled at him by eager reporters. He refers all questioners to his manager and Hugo Quist is strangely silent.

Heavyweight boxers will grace the two top spots at the Vernon Coliseum next Tuesday. The card will bring together Floyd Johnson and Sailor Eddie Huffman. Nick Newman takes on Harvey Perkins in the semi-windup.

Ace Hudkins, newly created Pacific Coast lightweight champion, has received an offer to meet Sid Terris at the Queensboro club of New York City, according to Clyde, the champ's brother. Tom McArdle, matchmaker has offered to give ace 25 per cent of the gross gate.

Sam Crawford, coach, and 16 U. S. C. ball players are on their way to Arizona where the Trojans will meet the University of Arizona team in a three-game series. The first contest is scheduled for today.

A good, old fashioned grudge fight is promised customers at the Hollywood stadium Friday when Johnny Lamar and Frankie Garcia do their best in a ten round go.

FIGHTS AND FIGHTERS

CLEVELAND — Al Corbett, Cleveland, won from Edouard Mascart, European champion, on a foul in the ninth round. They are featherweights.

OAKLAND — Todd Morgan, of Vallejo, Cal., got out of a sick bed to go ten rounds last night with Stewart McLean of St. Paul, Minn., and got a draw. Sports writers said he should have had the shade.

SAN FRANCISCO — Freddie Hoppe, brother of Willie Hoppe, leaves Saturday for Los Angeles for several appearances in the ring.

3 BIG FEATURES AT THE UNITED

Manager Anderson of the United Theater has arranged a special big program for Friday and Saturday at Anaheim's most popular playhouse. "Down by the Rio Grande," a thrilling story of border love and hate with a splendid cast headed by William Fairbanks, Dorothy Revere, Olive Trevor and Jack Richardson. "The Covered Wagon" was supposed to have contained all the thrills of early days, but "Down by the Rio Grande" has more. A story filled with excitement and fast action that will hold you through every second of this picturesque film.

"Idaho," the startling new chapter play which will be shown for the first time, featuring Mahlon Hamilton and Vivian Rich, a thrilling drama of the gold rush days, a tremendously powerful story picturized in a magnificent way, an epic drama of the days when Idaho was in the making. Raw life of the Western frontier when men and women sold their souls for virgin gold, will also be a featured attraction.

There will also be given away free a $200 homesite lot facing on the lake front in Big Bear Valley. This is a program well worth the price of admission of any theatre, and one that will be enjoyed by everyone both the old and the young.

Watching Scoreboard

Yesterday's Hero — Simmons, Athletic outfielder, doubled in the 11th inning and drove in the run that beat the Red Sox 6 to 5. Boston filled the bases with none out in the tenth and did not score.

Johnny Morrison held the Cubs to five hits and rapped out two triples in a pinch, the Pirates winning 6 to1.

Hornsby, Holm and Bottomley got two hits each in the first inning when the Cards scored eleven runs which gave them a 12 to 2 victory over the Reds.

Doubles by Joe Bush and Johnny Tobin in the tenth inning scored the run that gave the Browns a 3 to 2 victory over the Indians.

Urban Shocker was knocked out of the box in the sixth inning, the Senators beating the Yanks 10 to 1. Meusel's double off Walter Johnson saved the Yankees from being shut out.

The Boston infield blew up through a bunting attack in the ninth and the Giants won 8 to 5.

The White Sox beat the Tigers 3 to 1.

Burleigh Grimes, making his first start of the season, was not effective and the Phillies beat the Robins 8 to 7.

SKIRMISHES FOR BIG FIGHT DATES

NEW YORK, April 23.—Early Skirmishes for dates have started a first class battle among the boxing promoters in New York that will result in some serious bar-holding before the end of the outdoor season.

The schedule, as it now stands, calls for three big bouts between May 29 and June 19 and even the size and spending disposition of a New Yorker can hardly pay the freight on such a cargo.

Paul Berlenbach and Mike McTigue meet for the world's light heavyweight championship on May 29 in the Yankee stadium. Tom Gibbons and Gene Tunney are matched for June 5 at the Polo grounds and on June 19 a benefit fund at the Polo grounds will bring Harry Wills and Charley Weinert and Mickey Walker and Harry Greb together.

"Gibbons and Tunney are getting $175,000 and the match won't draw that much," Rickard said. "I used Gibbons, Tunney and Greb in the Garden when they were going good and they didn't draw more than $70,000. None of them has a big following in New York."

"The card at the Polo Grounds for the Italian Hospital will cost more than $225,000 and I don't see when there will be anything left for charity. Wills is getting $60,000, Weinert $25,000; Greb $50,000 and Walker $30,000 and in addition the rent of the park has to be taken out and the other incidentals of promotion which are very costly."

It is likely that the Gibbons-Tunney match, which is caught in the middle, will be postponed until the middle of the season. It was a very attractive match when it was made but it is bound to suffer from competition with the other two matches.

NURMI WILL RACE AGAINST INDIANS

ALBUQUERQUE, N. M., April 23.—Paavo Nurmi the flying Finn will match his speed here May 8 against three uni and three Hopi Indians.

Final arrangements were made late yesterday at Gallup, N. M., when the six Indians were presented to Nurmi and details of the race outlined by Hugo Quist, Nurmi's manager, and Mike Kirk, for the Indians.

Nurmi was on his way to Los Angeles for races there. According to present plans the local event will be over a distance of five miles and will be run on the University of New Mexico's quarter mile course.

SPORTING EVENTS

STANFORD UNIVERSITY — Final decision will be made tomorrow as to whether the Stanford track and field team, Pacific Coast dual champions, will enter the I. C. A. A. A. A. meet at Philadelphia May 30 or the Pacific Coast coference meet at Seattle on the same date.

NEW YORK—Babe Ruth will not be permitted to leave St. Vincent's hospital for another week, attendants said today. He is recovering rapidly, but the doctors will not discharge him until he is perfectly sound. It may be late in May before he will be able to play ball again.

DES MOINES, Iowa—Athletes and officials began arriving here today for the Drake relays, which begin tomorrow. More than 200 athletest are entered. Officials have announced failure to reach an accreement with Willie Ritola, Finnish runner, for a special race with Joie Ray, scheduled for the final day of the meet.

CHICAGO.—Articles for a heavyweight championship wrestling match between Ed "Strangler" Lewis and Wayne "Big" Munn are expected to be signed here today at a meeting between their managers and promoter Floyd Fitzsimmons of Michigan City.

SAN FRANCISCO—Willie Ritola, Finn runner, will arrive here tomorrow in preparation for a two mile match event with Paavo Nurmi here May 3. Nurmi is expected here April 30.

STANFORD UNIVERSITY — Stas deciding third game of the Stanford-U. C. baseball series will be played, after once being called off. The rival varsity nines will meet here Saturday afternoon, after state university players complete examinations at Berkeley.

STOCKS DISPLAY EASY TENDENCY

NEW YORK, April 23.—After yesterday's abrupt recovery, stocks developed a pronounced tendency to drift in today's session.

Trading experienced marked contraction in volume and price movements through the first four hours were without significance. In the late afternoon, however, indications that the general list was in firmer grounds was afforded in the action of pivotal issues whose advancing tendencies demonstrated that the Bear element had to bid up prices on themselves having found that liquidation was not forthcoming.

With the main body of stocks moving aimlessly throughout the greater part of the session, however, the speculative community was forced to give its principal attention to special issues. Sharp advances took place in United States realty, Western Union, Foundation Company, Ludlum Steel and Atlantic Gulf and West Indies, American Sumatra were depressed in the morning hours by the difficulties concerning the company in the shape of a bond maturity due June 1, but the influence of the heaviness of these stocks was brief and the movements which created the greatest activity in the remainder of the session were on the side of raising prices.

NEW YORK CITRUS

NEW YORK, April 23.—Twenty-five cars oranges, one car lemons sold. Oranges easier and slightly lower on 216 cars and larger, steady on smaller sizes. Averages $4.02 to $6.64. Highest price 164 boxes "Kenilworth" Gold Buckle and Mahala, $7.

Lemons weak; averages $3.80.

Weather fair; 8 a. m. Temperature 52.

CHICAGO ORANGES

CHICAGO, April 23.—Oranges 15 cents off best $2.00 to $6.65; medium $3.00 to $5.80; lemons 15 cents up; best $6.40 to $6.60; medium $4.30 to $5.00.

GRAIN MARKET ERRATIC

CHICAGO, April 23.—Grains continued erratic in today's session on the Chicago board of trade. The close was irregular—lower for wheat and generally higher for coarse grains.

Wheat staged a good rally shortly after midday and brought prices out of the morning slump. The market, however, failed to firm up and on late liquidating by longs prices dropped back to new low levels. The phenomenal bulge was due to an oversold condition and moderately bullish crop advices from the southwest.

Corn moved up with wheat and managed to sustain a goodly portion of the gain, despite the leading cereals' late weakness.

Oats moved upward fractionally. Removal of hedges against grain destroyed by last night's elevator fire created a strong undertone.

Provisions sagged lower on profit taking.

LOS ANGELES PRODUCE

LOS ANGELES, April 23.—Butter 43; Extra eggs 35; Case count 33; Pullets 31; Peewee eggs 25. Live poultry, unchanged.

FRUITS AND VEGETABLES

LOS ANGELES, April 23.—Trading today continued moderate. Few price changes were made while supplies generally liberal. Bunched vegetables were scarcer on account of rain. Fancy asparagus is firmer but ordinary stock is cleaning up slowly. Strawberries cleaned up with little change in prices. New onions are weaker with heavy truck receipts from Coachella valley.

JACKIE COOGAN AND VAUDEVILLE

A wonderful treat is promised the patrons of the California Theatre in the big program booked at that popular photo-play palace for Friday and Saturday.

There are five select acts of Big Time Vaudeville, each one of which is a headline act.

Stanley & Frank, two marvelous athletes present an European novelty of spectacular and comedy feats that you will enjoy.

Lee Hartley offers a musical novelty that for great entertainment can't be beat.

Billy and Virginia Brown in "Echoes from the Farm" have a laughable creation in their comedy imitations of different animals on the farm.

Reynolds and Rogers in "Harmony As You Like It" are a happy combination of spice and personality. They have a choice repertoire of carefully selected numbers intermingled with bright comedy talk.

"Frolic Land" is a snappy comedy revue consisting of five girls and two boys who offer late popular songs with classy bits of dancing and some real comedy situations.

For his fourth picture on his Metro-Goldwyn contract Jackie Coogan has a contrasting story as different from "Little Robinson Crusoe" as "A Boy in Flanders" was from Jackie's "Long Live the King."

Instead of the glitter of the South Seas and the palm and jungle clothed islands of the equatorial zone, the East Side of New York is the locale of "The Ragman," which is coming to the California Theatre for Friday and Saturday, and the episodes are those characteristic calif metropolitan. The appeal of the narrative is intimate, and grows out of the singular association of little Tim Kelly, (Jackie Coogan), and Max Ginberg, the latter a dealer in rags, sacks, bottles and old iron.

Walter Hiers, in one of his latest comedies, "Raring Romeo" and an Aesop Fable are on the program.
