EAST READY TO CONSUME VALENCIAS

Prosperity Evident in Large Cities, Says W. H. Schureman

East and mid-west will be in good shape to consume So. Cal.'s valencia crop when the first of the fruit arrives ten days or two weeks hence, W. H. Schureman, manager of the Anaheim Citrus Fruit Ass'n asserted today, following his return from a trip to New York and Chicago and intervening points.

Prosperity is evident in both those cities, and also at Albany, Buffalo and Detroit, all of which take considerable citrus fruit.

Schureman, judges principally from the volume of business in progress.

Severe weather, however, has visited most of this north-eastern section of the country.

Schureman went east principally to investigate at first hand the condition of oranges that had undergone the Brogdex and Brogdite systems which directors of his house recently installed. By these methods the fruit is treated for blue mold in a liquid and then the outer pores sealed with a film of parafine to preserve it.

Comparatively little decay was evident in fruit which the Anaheim manager examined at the various markets.

Market conditions are better even than they have been, and the fruit trade generally is optimistic.

WHEELER GIVEN TWO-YEAR TERM

Two years in federal prison at Leavenworth, Kansas, was the penalty imposed on Chas. B. Wheeler, former register of the U. S. Land Office, by Judge James.

The sentence will come as a strong surprise to many Anaheimers who have followed the case.

The charge against Wheeler was receiving government property—part of $23,000 taken from a pouch of the local postoffice on Dec. 27, 1922. He is declared to have received $8440.

Sentencing of Wheeler marks apparently the last chapter in the robbery and its aftermath, in which four well known Anaheimers were involved.

Mounted troops will patrol the roads leading into the dense woods where Woodward is believed to have held the girl captive for five and one-half days.

Can't Stay In Big Business And Enjoy Your Family Life

NEW YORK, April 30.—"Big business" in these high powered days is one per cent perspiration, and 99 per cent temperament, according to Delos W. Cooke, who has resigned as a director of the Canard Line "to get acquainted with his wife."

The workaday individual with hours from nine to five should look upon the man "higher up" with pity, not envy, he told the United Press today, as he left forever the high salaried position he had striven forty years to attain.

"Big business means demands 24 hours of one's time," he said. "I can say from experience that it is utterly impossible for a man in big business to devote the necessary time to his job, and continue to run his home as it should be run.

"We of big business scarcely know our wives. It's just one conference after another and you have to keep business on your mind every minute. Therefore, the only alternative, if one wants to get acquainted with one's wife and family, is to resign. That's why I have given up my directorship.

"Now just bought a new home in Westchester. Instead of devoting 24 hours a day to business, I'm going to give my time to my home life. That's where I expect to find my happiness."

DAWES TAKES CRUSADE TO COUNTRY

Tour Will Take Him to New England, Central and Western States

WASHINGTON, April 30 — Vice President Dawes will personally carry his crusade for changes in the Senate in all parts of the country this summer.

The vice president's tour will take him to Alabama, Kentucky, Indiana, Ohio, Kansas, the far west and probably again into New England.

His tentative schedule calls for a speech in Birmingham Ala., May 27, and thereafter speeches in Kentucky in June, Indiana and Ohio in June and July, Kansas in August, the far west in September or October and in New England later.

The fundamental strategy of the Dawes campaign is to speak in the states of Senators who are leading members of the senate rules committee, through which he must get his reforms before they can be adopted by the senate itself.

His speech in Birmingham is a tribute to Sen. Oscar Underwood, Democrat, and a member of the committee, who is the only Democrat who has rallied to his side in his fight, and likely to be the only one.

Kansas is the home state of Sen. Charles Curtis, Republican leader, who so far has not committed himself, and Indiana is the home of Sen. Jim Watson, assistant leader, also non-committal, and of Sen. Ralston, Democrat. All are members of the rules committee.

The far western invasion, the Kentucky and Ohio speeches are not strictly parts of this program of assault on the rules committee members but calculated as general to get acquainted with the country from separated points.

His friends expect him to invade New England once more because it is the stronghold of rules committee members, Hale of Maine, Moses of New Hampshire and Dale of Vermont.

The hostile attitude of Senator Moses to the Dawes campaign is believed almost certain to take Dawes north again to invite a showdown with Moses before his constituents.

KYLE, Tex., April 30.—Kyle's temporary hospital is filled to overflowing with persons injured in the storm which struck here late Tuesday killing two children. The dead are a boy and a girl, 12 and 14. Their bodies were found in a field, evidently blown some distance by the wind.

The number of injured ranges between 35 and 50.

Wade has filed two suits for damages, totalling $50,000 in superior court here as a result of losing the large toe on his left foot through an accident he claims was due to careless ness on the part of the fruit company.

"BIG THREE" WIN FIRST VICTORY

BERLIN, April 30—Germanys "big three"— Hindenburg, Luther and Stresemann — have won their first victory against those in Germany who would sabotage of the safety pact.

The combined forces of the president elect, chancellor and foreign minister were represented in Luther's speech before the Industrie Under Handelstag yes. terday and it was evident from comment today that internal opboteurs of the pact were beaten. This safety pact, which the chancellor defended against attacks of ultra nationalists, is one proposed by Stresemann. It would involve Germany, France, Belgium and England in mutual guarantees of safety and non interference.

(The French foreign office announced yesterday that negotiations regarding the pact would proceed. Austen Chamberlain, British foreign minister, told the House of Commons Europe was for the moment too unsettled politically for progress towards the agreement.)

Extreme Nationalists attacked the pact on the ground that it surrenders Alsace-Lorraine forever.

Addressing leading industrialists and business men yesterday Chancellor Luther announced that Germany would proceed with her part of the negotiations to bring about the security agreement. He was recognized he was speaking for Hindenburg, with whom he had consulted previously.

Politicians contend Luther routed foreign objectors to the pact by his announcement that Germany's foreign policy is to remain unchanged when Hindenburg becomes president.

Inauguration day has again been set back and Hindenburg now probably will take the oath May 11 or 12.

The president elect has asked that the ceremonies be extremely simple.

BERLIN, April 30.— A partial stoppage of work will mark May Day in the German capital but traffic will continue despite communist agitation for a general strike.

Three thousand gendarmes have been mobilized and two thousand new clothes men will mingle with the marchers. There will be similar parades in other large cities in Japan.

ORDER PROBE OF SANTA FE WRECK

LOS ANGELES, April 30 — Officials of the Santa Fe railroad today ordered a complete investigation of the wreck of San Diego bound train in Sorrento Canyon Tuesday night.

John Warboys, engineer, was killed, and three other trainmen may die from injuries received when the engine and two coaches were mysteriously derailed.

"Our first examination disclosed no reason for the wreck" W. K. Etter, general manager of the Santa Fe, declared today.

"Consequently we will have to make a thorough study of the engine and cars that jumped the track until we can satisfy ourselves of the cause."

SAYS $5000 OFFER FOR TESTIMONY

Asserts Attorney For Shepherd Plied Him With Liquor

CHICAGO, April 30—Earl P. Clarke, an important state witness against William D. Shepherd, testified today that Shepherd's attorney had "filled me up on Scotch whiskey and of. fered me $5000 to change my testimony."

Clarke's testimony came at the resumption of the inquest into the death of Billy McClintock, millionaire orphan. Shepherd is accused of innoculating the youth with typhoid fever germs in an effort to obtain the McClintock $1,000,000 estate.

"William Scott Stewart, Shepherd's attorney, met me in a newspaper office," Clarke said. "He filled me up on Scotch whiskey and then offered me $5,000 to change my testimony.

"He said that all I needed to do was to sign an affidavit denying all I had testified to previously.

"Stewart threatened to prosecute me for an abortion if I refused, but I told him to go ahead—he didn't have anything on me."

Clarke, who testified previously at the inquest, was the first witness to link Shepherd with Dr. C. C. Faiman, the dapper president of a questionable correspondence medical school. Clarke was once an employe at Faiman's "National University of Sciences."

As a result of Clarke's testimony, Faiman was arrested and confessed giving typhoid germs to Shepherd with instructions as to how they should be administered to Billy McClintock to cause death.

Clarke testified today that he was induced by a newspaper reporter to go to his office and there he met Stewart and had the conversation concerning the bribe. He said it ended when he offered to fight Stewart and the attorney refused.

Stewart, formerly an assistant to State's Attorney Robert E. Crowe, recently went into private practice with W. W. O'Brien as his partner. Shepherd retained both of them to defend him against the murder charge.

Cut Air Mail Time 24 Hours From Anaheim to New York

Effective Friday outgoing air mail from Anaheim will reach New York City practically 24 hours sooner than at present.

How this will be done J. H. Whitaker, postmaster, explained this morning. The plane which leaves San Francisco with mails from all California, will depart at 8:45 a.m. instead of 6:00 a.m., so as to connect with the Owl, S. P. train, from Los Angeles. The Owl pulls out of Los Angeles at 8:00 p.m.

Part of the quicker schedule is accounted for by faster flying time, but Anaheim should be in Anaheim postoffice by 2:30 p.m. daily of the very latest, Whitaker said.

While the saving of time will be greatest to New York City, considerably speedier schedules will be enjoyed to all points in the air zones affected, including Cheyenne and Chicago and destinations to which mail is distributed from them.

An example of the quicker schedule is afforded by mail which now leaves San Diego at 2:00 o'clock daily, the same train for which mail has to be in the Anaheim by 4:30 on Monday, say, or mail leaving Los Angeles at 6 p.m. These mails will arrive in Chicago at 7:35 a.m. on Wednesday, and in New York city at 5:00 p.m. Wednesday.

50 HEAVILY ARMED MEN IN FIGHT

Believe Scouting Party Has Cornered The Desperadoes

SACRAMENTO, April 30 —A posse of nearly 50 men was rushed to Hood this afternoon when the telephone operator at Courtland phoned the police headquarters that a gun battle was in progress in the brush near the Sacramento river at that point.

It was presumed the scouting party of five sent from here this morning had cornered Joe Tanko and Floyd Hall, escaped San Quentin convicts, who have been hiding in this section for several weeks.

Definite evidence that Tanko and Hall were in Sacramento was obtained today when detectives conducted a search of all rooming houses. Underwear of both men, bearing their prison numbers was found in a rooming house at 620 M Street.

According to the proprietor of the house, the men left there on April 21. This is the day on which policeman Clyde Nuhn was shot by two men presumed to be the bandits, while attempting to frustrate a holdup they were committing.

All of the men who were rushed to Courtland this afternoon were heavily armed and carried instructions to "shoot to kill."

No further reports were forth coming from the towns and it was not known whether anyone had been injured in the shooting.

A request that Gov. Richardson post rewards of $1,000 each for the capture of the two fugitives was made to the chief executive today.

The request was made by Chief of Police Bernard Meehan and H. C. Bottorf, city manager and was taken under advisement, it was announced after a conference in the office of the governor.

A reward of $500 has already been offered by relatives of Joe Ulzberg, a local merchant who was shot and killed when two bandits, believed to be those sought, attempted to hold up his store.

MOTHER RELATES TRAGEDY VERSION

LOS ANGELES, April 30.— Mrs. Elizabth Day, mother of Darby Day, Jr., whose face was mutilated by acid during a struggle with his wife, Bernice, gave her version today of the tragedy.

She told of the quarrel between the couple which preceded the acid shower at the Beverly Hills home of the Days, and of her premonition "something was going to happen."

"Bernice came to the house with her hand under her coat and asked for Darby," she said. "I thought she had a gun and was going to shoot him, and I forbade them to see each other.

"Later I looked out of the window and saw Darby get in the car of the automobile with Bernice sitting next to him. His face was bloody and I thought at first she had shot him.

"She never offered to help him, though he lie there moaning and blinded by the acid."

Mrs. Day, Jr., was slated to take the witness stand late this afternoon. Her attorneys said she would testify that the acid bath was accidental.

CONNOLLY HANGED AT FOLSOM JULY 24

FOLSOM PRISON, April 30.—John Connolly, convicted slayer of Francis Heenan, a Marysville policeman, will be hanged here July 24, it was announced by Warden J. J. Smith today.

WON'T RECOGNIZE ALTERED STAMPS

NEW YORK, April 30.—Third class mail bearing a one cent stamp and a half of another has been delivered here. Failure of the postoffice department to deliver supplies of the new half cent stamp to many offices of the country on the new regulations, gave stamp collectors an opportunity to bisect the one cent stamp and get away with it.

Postal officials made it plain, however, that in the future stamps which had been subjected to major operations would not be recognized.

FEAR COMMUNIST RIOTING FRIDAY

LONDON, April 30.—Fearing that arrival of May Day tomorrow might be a signal for concerted Communist outrages, police of France, Italy, Bulgaria and Esthonia, Hungary and the Rhineland today took action.

Special precautions also were taken in Great Britain and other countries of Europe, the authorities claiming evidence of a widespread international plot to foster "red" outbreaks.

Eleven Communists were arrested in Paris, with automatic pistols and ammunition in their possession. Raids conducted for the last three days throughout the French capital have disclosed stores of explosives.

A huge infernal machine was discovered in a railway station near Riga, apparently destined to wreck a special train carrying the Esthonian president and many government officials.

At Rome two tons of Communistic literature were seized, while police were active in rounding up suspects in Turin, Milan Naples, elsewhere. Fascisti militia assisted in a general roundup, during which a plot to establish Communist centers throughout Italy was unearthed.

The European custom is for workers to demonstrate May Day and Communists gradually have come to be the leading radicals.

At Cologne, Communists plan to parade tomorrow wearing Russian blouses.

Police of Sofia besieged a Communist stronghold yesterday and fighting lasted all day until 15 had been killed and 29 wounded. There were several other fights in the Bulgarian capital, which is expected to be one of the trouble centers tomorrow.

British officials were reticent to disclose precautions taken here. Workers' demonstrations, in accordance with custom, will be freely permitted, but special guards have been attached to members of the government. The authorities apparently are anxious to conceal details of the alleged plot to kill Austen Chamberlain, British foreign minister.

Representatives of the nations of the "little entente"—Jugo-Slavia, Czecho-Slovakia and Rumania—will meet at Bucharest May 9, to discuss concerted action against Communists. This meeting will be the result of recent courier exchanges, disclosed exclusively by the United Press last week.

French police will fly in airplanes over Paris tomorrow, reporting by wireless to headquarters any suspicious gatherings which they observe.

CLUES TO MURDER

TANKS IN MIMIC WAR PROVE USEFULNESS AGAINST LAND MINES, PHOSPHOROUS BOMBS AND AIR BOMBS

This photograph was taken at the moment a bomb exploded over one of the tanks engaged in a mimic battle staged at Miller Field, Staten Island, N. Y., by the First Division Tank Company. The battle tactics were arranged under the direction of Captain C. A. Osborne, commanding the tank company. The purpose of the drill was to prove the effectiveness of tanks against land mines and phosphorous and air bombs.

ALLEGED BANDIT PARTY ON TRIAL

Virginia Hymer, slender bobbed hair maiden, and her "night-life" companions, Roy Lane and Jack Lee, went on trial before a jury in Superior Judge Z. B. West's court today on a charge of robbery, arising out of a hold-up of J. R. Mayer, Santa Ana bank clerk, near Fullerton more than a month ago. A knife and $2.50 in cash was alleged to have been taken.

A fourth, W. A. Neuebourn, pleaded guilty to holding up a stage driver at Anaheim, when the four were captured, and is under sentence to serve twenty years at San Quentin.

Neutbourn, however, was brot into the courtroom from the county jail today, supposedly to testify against the other three, or else to defend them by taking the entire blame. All four were seated in a row.

Mayer said Neutbourn drew the gun on him, and that he was joined by Lane, the two committing the hold-up. He then identified Lane. Asked if Neutbourn was in the courtroom Mayer answered:

"No, he has been sent to San Quentin."

Deputy Dist. Atty. C. N. Morley, conducting the prosecution seemed startled for the moment, while attaches smiled.

Defense attorneys, however, did not question Mayer on this subject, on cross examination.

ASK FINAL RULING ON CALIF. INCOMES

SAN FRANCISCO, April 30.—The U. S. supreme court will be asked for a final ruling on decision of Federal Judge John S. Partridge here that California husbands and wives may file separate income tax returns, it was declared today.

Husband and wife share half and half in their community income, starting with income, said Judge Partridge's decision late yesterday in a test case, final ruling on which involves about $77,000,000 taxes paid by Californians since 1918.

A woman must file a separate return on half of her husband's income because of the rights she takes under the California community property law, Judge Partridge ruled. To tax the income as if it all belonged to the husband is to compel the wife to pay an additional tax on her just share, his decision said.

Decision came in the suit of R. D. Robbins, jr., and Sadie Robbins as executors of the estate of R. D. Robbins, sr., for a refund of the difference between an individual and separate returns on the 1918 income of the elder Robbins.

COLLECT TAXES ON BOOTLEG PROFITS

SAN FRANCISCO, April 30.—Tax liens on file in U. S. district court today seek collection by the government of $274,197.48 as income tax on alleged bootleg profits.

The amount sought is divided into three equal shares, against the Consolidated Exporters' Ass'n, limited, of Vancouver, B. C., The Canadian-Mexican Shipping Co., limited, of Vancouver, B. C., and owners of the vessel, Coal Harbour, recently seized by customs guards officials.

The liens will specifically operate against the seized property of the concerns, the ships Quadra and Coal Harbour, each valued at $500,000.

SETTLE CONTEST ON TRUSTEESHIP

A fight over the trusteeship of the Pacific Co.'s oil holdings at Long Beach has been settled by the district appellate court in sustaining Superior Judge Z. B. Williams's appointment of Atty. Ben Tarver, of Santa Ana, as against the appointment by the superior court in Los Angeles of James W. Clune.

A. J. Charle and other royalty unit holders of Orange, plaintiffs in a suit against the corporation, which has been submitted on briefs to Judge Williams, succeeded in having Tarver named receiver.

Another group, including stock holders of the corporation, and Mrs. Muriel Strode Lieberman, owner of the property leased for oil, thereupon succeeded in having Clune named receiver also.

Clune, thereupon, is stated to have thrown Tarver literally from the property.

When Judge Williams held Clune, Mrs. Lieberman and their attorneys, Roland H. and Phil M. Swatield, of Los Angeles, in contempt of court, the latter secured a writ of prohibition against the court and took the matter into the appellate court.

The appellate court, in its ruling, not only upheld Judge Williams' appointment, but also ordered the four into court to face contempt proceedings and upheld the interests of Charle and other royalty unit holders were prior to those of the stock-holders. Decision of this issue was to have been made by Judge Williams in the suit now pending before him, but now that the appellate court has so ruled, it was conceded that Charle's victory is complete.

Jones and family another party on Saturday night that were on the beaches after grunion. Other parties were on Mt. Baldy on Saturday snowballing.

The Santana school will observe May day with the usual attractions appropriate to the day. There will be a May pole and basket of flowers with a program rendered by the pupils later.

Mr. Z. Sistrunk left on Monday for the Father River valley in Sutter-co. where about a year ago he bought ten acres of land. He will build a house and garage and make other improvements before moving his family up there. Since purchasing his land Mr. Sistrunk has sold his ranch near Stanton to Mr. Hall, also the ten acres which he ran a few months and has sold recently.

Mr. and Mrs. Edwin Lupton of Los Angeles visited Mr. and Mrs. Fred Sawtelle on Sunday. They drove out in their car but went home on the P. E. leaving the car as a guest for Mr. and Mrs. Sawtelle. Mr. Lupton and Mr. Sawtelle are cousins.

Mrs. H. H. Hammond and grand daughter Margaret Scott drove to Corona on Saturday to spend the week end with Mrs. Hammonds sister, Mrs. E. R. Allen. On Sunday the party spent some time at Glenn Ivy viewing the improvements that are being made at that summer resort.

The Ladies Foreign and Home Missionary Society of the Alamitos Friends church met on Thursday afternoon with Mrs. Agnes Standley in Garden Grove.

Two new houses have recently been built in Hansen. One on the Chandler division on the Hansen road and one on the Woodward subdivision in front of the Superior Egg Farm. Arrangements have already been made for another house on the Woodward subdivision.

Lee Benson accompanied by his parents, Mr. and Mrs. C. C. Benson drove to Covina on Sunday to visit with Indiana friends located there. They took dinner with Mrs. Jack Carper and son Russell Carper.

Mrs. Carper's daughter and husband, Mr. and Mrs. Arthur Imbler of Los Angeles were also there. In the afternoon the party called on Mr. and Mrs. Martin Homan.

There is quite a strife between Stanton and Hansen over the road proposition. The two roads, one going through Stanton and one through Hansen are only a mile apart. Parties interested in each road want their road to be a section of the new boulevard to run from Huntington Beach to Whittier. Mr. Fred Bixby of Long Beach has four hundred acres along the highway that would run through Hansen and Mr. Alfred Hansen of Long Beach and Hansen has a large tract of land here at Hanson station. Both gentlemen were in Santa Ana on Tuesday in the interest of the Hansen section.

Mrs. Irene Coffer and two little children of Long Beach met with an automobile accident on Sunday while on their way out here to see her parents, Mr. and Mrs. Z. Sistrunk. The traffic was heavy on the Long Beach-Anaheim boulevard and progress was slow, and a party of six young people in a one seated car became irritated, like a fractious horse being curbed, and attempted to go around two machines. Not making it they turned in between the two machines. Mrs. Coffer, to avoid being hit turned her car and struck a telephone pole. The jar sent the older little boy through the windshield cutting his throat and a gash across one eye. They hastened the child to the Artesia hospital where he was attended to and later he was taken to an eye specialist at Whittier who is doing all he can to save the eye.

Traffic is heavy this spring but our automobile laws are so rigid that there is not much danger except from impatient driver and car machines.

BOY ELATED AT FATHER'S DEATH

DULUTH, April 30— Mello Ghibardi, Chisholm patricide, knows neither remorse nor penitence today.

Frankly admitting that he shot his own father, the 20-year old boy appeared to have more of a spirit of elation that he had accomplished the death of his parent.

"Sorry? What for?" the lad replied to an interviewer. "Not me," he went on with a queer laugh.

"I got back at him good and plenty and he had it coming, too." The patricide added more sternly.

Mello talked freely of the plot he laid to kill his father, Ercole Ghibardi, 49, a Chisholm village laborer.

"The old man had struck and scolded me all the time," Mello explained.

He related how he smuggled a shotgun into the basement of their home and how he lay in wait for his father.

"The old man was making moonshine," he went on. "I laid in wait for him and when he came down I let him have it.

"Then I went over to the body, saw that he was dead and stepped into some blood. I wiped this off and went upstairs and out to a pool hall, where the police picked me up later."

Observers believe Mello's mind is understood. He remained in under observation as an insanity suspect. His mother is in a state sanitarium.

When the St. Louis-co. grand jury meets May 12, the boy probably will be indicted for murder.

Ida, his 15-year-old sister, who discovered the crime, is prostrated with grief at the home of her uncle, Regito Giorni, in Chisholm. The elder Ghibardi was buried today.

COOLIDGE VACCINATED?

ASHINGTON, April 30.— The a great mystery is made about it at the White House. President Coolidge is believed to have been vaccinated as a precaution against the incipient epidemic of smallpox in the capital.

Nearly all the White House staff of secretaries and clerks and the police force have been inoculated and Edward Clark, the President's personal secretary, was vaccinated recently.

Three deaths from smallpox here brought the total since the first of tre year to 19 with 52 other cases in hospitals in the same period.

Say Sheriff Easy With U.S. Prisoners

CARSON CITY, Nev., April 30.—Sheriff J. B. Crane of Churchill-co is accused in a petition on file today in the federal district court of allowing federal prisoners in bootleg cases to come and go as they will from the county jail.

J. B. Turner and William G. Byrne, federal prohibition agents, filed the petition, accompanying it with affidavits allowed to attend picture shows, entertain friends in the jail, play poker without restriction and in some cases were given keys to the jail. It was also charged the sheriff was invited to "sit in" at poker games played by prisoners.

CONVICT DROPS 2 STORIES, ESCAPES

LOS ANGELES, April 30 — George Stump, San Quentin convict, dropped two stories from the Hall of Records building here today, landed in a bed of roses and escaped.

Stump was in the prisoners' room waiting to be taken into court to receive sentence on five counts of burglary. His handcuffs had been removed for his appearance in court. He made a sudden dash from the room, ran thru a crowded courtroom into an anteroom and disappeared thru a window.

Deputies pursued him, but feared to draw their guns with scores of spectators in the line of fire.

When they reached the window Stump had dropped from sight.

The prisoner was brot here from San Quentin where he was serving two terms for burglary. Police said he was one of the most desperate criminals on the Pacific coast.

LONDON, April 30.—Plans for a bomb outrage in Rome, similar to that which cost more than 200 lives in the cathedral at Sofia, have been frustrated by officials, the latter believe, according to a Central News dispatch.

The Rome report says that a "Bolshevik" document seized by the police reveals a beautiful woman spy has been assisting "reds" in the Italian capital. She penetrates to the highest society and has made use of a dictaphone to gather information, the Central News correspondent reports.

YOUNG BANKERS ARE EXAMINED

Orange co. younger bankers are better qualified for their duties today than ever before.

For 28 weeks a class of 50 has been receiving instruction from a Los Angeles attorney, Henry Schaeffer, in the subject of negotiable instruments. Last night they took the final test, practically all the banks of the county being represented.

These tests, under the auspices of the American Institute of Banking have been going on all over the country, 40,000 students taking them, including 1700 in Los Angeles alone.

Orange co. never before has had a chapter of the Institute or enjoyed its benefits. A class will be conducted, probably on another subject, beginning in October.

Meanwhile the examination papers will be forwarded to New York City to be marked.

Comparatively few of the students dropped out of the class during the 28 weeks, those who did so being mostly girls.

On May 7, at the Elk's Club the chapter will hold its annual meeting.

MURDER MYSTERY BAFFLES POLICE

CHICAGO, April 20.—With the release of Frank Kocurek, former army cook, police confessed they were baffled by the Budlong Golf Course girl murder mystery. Kocurek was taken into custody when [illegible] told police he had heard Kocurek threaten to kill Mrs. Kocurek.

Stains on a knife and hatchet found in Kocurek's home proved to be paint and not blood as suspected.

The slayer of the girl removed her head, arms, legs and sex organs.

FEAR COMMUNIST RIOTING FRIDAY

LONDON, April 30.—Fearing that arrival of May Day tomorrow might be a signal for concerted Communist outrages, police of France, Italy, Bulgaria and Esthonia, Hungary and the Rhineland today took action.

Special precautions also were taken in Great Britain and other countries of Europe, the authorities claiming evidence of a widespread international plot to foster "red" outbreaks.

Eleven Communists were arrested in Paris, with automatic pistols and ammunition in their possession. Raids conducted for the last three days throughout the French capital have disclosed stores of explosives.

A huge infernal machine was discovered in a railway station near Riga, apparently designed to wreck a special train carrying the Esthonian president and many government officials.

At Rome two tons of Communistic literature were seized, while police were active in rounding up suspects in Turin, Milan Naples, elsewhere. Fascisti militia assisted in a general roundup, during which a plot to establish Communist centers throughout Italy was unearthed.

The European custom is for workers to demonstrate May Day and Communists gradually have come to take the leading part.

At Cologne, Communists plan to parade tomorrow wearing Russian blouses.

Police of Sofia bestead a Communist stronghold yesterday and fighting lasted all day until 13 had been killed and 29 wounded. There were several other fights in the Bulgarian capital, which is expected to be one of the trouble centers tomorrow.

British officials were reticent to discuss precautions taken here. Workers' demonstrations, in accordance with custom, will be freely permitted but special guards have been attached to members of the government. The authorities apparently are anxious to conceal details of the alleged plot to kill Austen Chamberlain, British foreign minister.

Representatives of the nations of the "little entente"—Jugo-Slavia, Czecho-Slovakia and Rumania—will meet at Bucharest May 9, to discuss concerted action against Communists. This meeting will be the result of recent courier exchanges, disclosed exclusively by the United Press last week.

French police will fly in airplanes over Paris tomorrow, reporting by wireless to headquarters any suspicious gatherings which they observe.

CLUES TO MURDER

GARY, Ind., April 30.—A charred scrap of paper bearing the name "H. Schmidt," and the upper part of a woman's stocking were the only new clues in the hands of police today to help in their attempts to solve the Chesterton murder mystery.

TANKS IN MIMIC WAR PROVE USEFULNESS AGAINST LAND MINES, PHOSPHOROUS BOMBS AND AIR BOMBS

This photograph was taken at the moment a bomb exploded over one of the tanks engaged in a mimic battle staged at Miller Field, Staten Island, N. Y., by the First Division Tank Company. The battle tactics were arranged under the direction of Captain C. A. Cosborne, commanding the tank company. The purpose of the drill was to prove the effectiveness of tanks against land mines and phosphorous and air bombs.

ALLEGED BANDIT PARTY ON TRIAL

Virginia Hymer, slender bobbed hair maiden, and her "night-life" companions, Roy Lane and Jack Lee, went on trial before a jury in Superior Judge Z. B. West's court today on a charge of robbery, arising out of a hold-up of J. R. Mayer, Santa Ana bank clerk, near Fullerton more than a month ago. A knife and $3.50 in cash was alleged to have been taken.

A fourth, W. A. Neuebourn, pleaded guilty to holding up a stage driver at Anaheim, when the four were captured, and is under sentence to serve twenty years at San Quentin.

Neutboom, however, was brot into the courtroom from the county jail today, supposedly to testify against the other three, or else to defend them by taking the entire blame. All four were seated in a row.

Mayer said Neutcboom drew the gun on him, and that he was joined by Lane, the two committing the hold-up. He then identified Lane. Asked if Neuteboom was in the courtroom Mayer answered:

"No, he has been sent to San Quentin."

Deputy Dist. Atty. C. N. Mozley, conducting the prosecution seemed startled for the moment, while attaenes smiled.

Defense attorneys, however, did not question Mayer on this subject, on cross examination.

ASK FINAL RULING ON CALIF. INCOMES

SAN FRANCISCO, April 30.—The U. S. supreme court will be asked for a final ruling on selection of Federal Judge John S. Partridge here that California husbands and wives may file separate income tax returns, it was declared today.

Husband and wife share half and half in their community income, starting with marriage, said Judge Partridge's decision, late yesterday in a test case, final ruling on which involves about $77,000,000 taxes paid by Californians since 1918.

A woman must file a separate return on half of her husband's income because of the rights she takes under the California community property law, Judge Partridge ruled. To tax the income as if it all belonged to the husband is to compel the wife to pay an additional tax on her just share, his decision said.

Decision came in the suit of R. D. Robbins, jr., and Sadie Robbins as executors of the estate of R. D. Robbins, sr., for a refund of the difference between an individual and separate returns on the 1918 income of the elder Robbins.

COLLECT TAXES ON BOOTLEG PROFITS

SAN FRANCISCO, April 30.—Tax liens on file in U. S. district court today seek collection by the government of $274,107.48 as income tax on alleged bootleg profits.

The amount sought is divided into three equal shares, against the Consolidated Enterprises Ass'n, limited, of Vancouver, B. C., The Canadian-Mexican Shipping Co., limited, of Vancouver, B. C., and owners of the vessel Coal Harbour, recently seized by customs guards officials.

The liens will specifically operate against the seized property of the concerns, the ships Quadra and Coal Harbour, each valued at $500,000.

STRUCK BY AUTO

Mrs. Sophronia Bock, 416 No. Olive st. was slightly injured when she was struck by a machine driven by Homer C. Taylor of Placentia, according to report to police. The report said Mrs. Bock stepped in front of the motor car.

SETTLE CONTEST ON TRUSTEESHIP

A fight over the trusteeship of the Pacific Co.'s oil holdings at Long Beach has been settled by the district appellate court in sustaining Superior Judge R. Y. William's appointment of A. L. Ben Tarver, of Santa Ana, as against the appointment by the superior court in Los Angeles of James W. Cline.

A. L. Charle and other royalty unit holders of Orange, plaintiffs in a suit against the corporation, which has been mismigitted on briefs to Judge Williams, succeeded in having Tarver named receiver.

Another group, including stock holders of the corporation, and Mrs. Muriel Strode Lieberman, owner of the property leased for oil, thereupon succeeded in having Cline named receiver also. Cline, thereupon, is stated to have thrown Tarver literally from the property.

When Judge Williams held Cline, Mrs. Lieberman and their attorneys, Roland H. and Phil M. Swafield, of Los Angeles, in contempt of court, the latter secured a writ of prohibition against the court and took the matter into the appellate court.

The appellate court, in its ruling, not only upheld Judge Williams' appointment, but also ordered the four into court to face contempt proceedings and decided the interests of Charle and other royalty unit holders were prior to those of the stockholders. Decision of this issue was to have been made by Judge Williams in the suit now pending before him, but now that the appellate court has so ruled, it was conceded that Charle's victory is complete.

LOCAL SWIMMERS ISSUE CHALLENGES

Challenges to swimfests to Long Beach Pomona, Caltex of Los Angeles, Huntington Park and Inglewood baths have been extended by L. E. Sutherland, assistant coach at Anaheim Hi.

In each instance there will be contests for boys and girls.

If challenges are accepted the meets will come off by May 15, says Sutherland.

Anaheim Hi also will be entered in the so. Calif. meet at Los Angeles about a month hence.

Decedent is survived by his widow, Mrs. Delsia Beach, three sons, C. R. S. R. and A. J. Beach; and two daughters, Miss Mae Beach and Mrs. Jessa Bush.

Helen Keller spoke last night at Fullerton H. S. auditorium in behalf of the Helen-Keller-fund for the American Foundation for the Blind. She was accompanied by her teacher, Mrs. O. S. Macy, and her secretary, Polly Thompson. Mayor H. H. Crooke of Fullerton was chairman. There was a full house.

FRENCH RETIRES

Will French, Fullerton city recorder for six year, retires today, George L. Story taking his place tomorrow. He reported that during April fines amounted to $360 of which $295 were for motor vehicles violations. This is about ¾ less than has been collected in one month in Fullerton for a long time.

Hanson News

HANSEN, April 30. (Spl.)—Some of the sports enjoyed by Hansen people the past week have been grunion hunting and snowballing. These sports were not found at the same place, or the same elevation. Mr. and Mrs. Walter Bitner and Emil Heine were one party out Friday night and Mr. and Mrs. Earl Lukins and family and Mr. and Mrs. D. A. Jones and family another party on Saturday night that were out the beach after grunion. Other parties were on Mt. Baldy on Saturday snowballing.

The Savanna school will observe May day with the usual attractions appropriate to the day. There will be a May pole and baskets of flowers with a program rendered by the pupils later.

Mr. Z. Sistrunk left on Monday for the Feather River valley in Butte co. where about a year ago he bought ten acres of land. He will build a house and garage and make other improvements before moving his family up there. Since purchasing his land Mr. Sistrunk has sold his ranch near Stanton and bought a store at Cypress where he ran a few months and has sold recently.

Mr. and Mrs. Edwin Lupton of Los Angeles visited Mr. and Mrs. Fred Sawtelle on Sunday. They drove out in their car but went home on the P. E. leaving the car as a present for Mr. and Mrs. Sawtelle. Mr. Lupton and Mr. Sawtelle are cousins.

Mrs. H. H. Hammond and grand daughter Margaret Scott drove to Corona on Saturday to spend the week end with Mrs. Hammonds sister, Mrs. E. R. Allen. On Sunday the party spent some time at Glen Ivy viewing the improvements that are being made at that summer resort.

The Ladies Foreign and Home Missionary Society of the Alamitos Friends church met on Thursday afternoon with Mrs. Agnes Stanley in Garden Grove.

Two new houses have recently been built in Hansen. One on the Chanler subdivision on the Hansen road and one on the Woodward subdivision in front of the Superior Egg Farm. Arranements have already been made for another house on the Woodward subdivision.

Lee Benson accompanied by his parents, Mr. and Mrs. T. C. Benson drove to Covina on Sunday to visit with Indiana friends located there. They took dinner with Mrs. Jack Carper and son Russell Carper.

Mrs. Carper's daughter and husband, Mr. and Mrs. Arthur Imbler of Los Angeles were also there in the afternoon the party called on Mr. and Mrs. Martin Homan.

There is quite a strife between Stanton and Hansen over the road proposition. The two roads, one going through Stanton and one through Hansen are only a mile apart. Parties interested in each road want their road to be in section of the new boulevard to run from Huntington Beach to Whittier. Mr. Fred Bixby of Long Beach has four hundred acres along the highway that would run through Hansen and Mr. Alfred Hansen of Long Beach and Hansen has a large tract of land here at Hanson station. Both gentlemen were in Santa Ana on Tuesday in the interest of the Hansen section.

Mrs. Irene Coffer and two little children of Long Beach met with an automobile accident on Sunday while on their way out here to see her parents, Mr. and Mrs. Z. Stetunk. The traffic was heavy on the Long Beach-Anaheim boulevard and progress was slow, and a party of six young people in a one seated car became irritated, like a fractious horse being curbed, and attempted to go around two machines. Not making it they turned in between the two machines. Mrs. Coffer, to avoid being hit turned her car and struck a telephone pole. The jar sent the older little boy through the windshield cutting his throat and a gash across one eye. They hastened the child to the Artesia hospital where he was attended to and later he was taken to an eye specialist at Whittier who is doing all he can to save the eye.

Traffic is heavy this spring but our automobile laws are so rigid that there is not much danger except from impatient driver and for machines.

BLOOD PERMITS UP

Fullerton building permits in April totalled $82,538. This month thus far totalled $57,602.

BOY ELATED AT FATHER'S DEATH

DULUTH, April 30— Mello Ghilardi, Chisholm patricide, knows neither remorse nor penitence today.

Frankly admitting that he shot his own father, the 20-year old boy appeared to have more of a spirit of elation that he had accomplished the death of his parent.

"Sorry? What for?" the lad replied to an interviewer. "Not me," he went on with a queer laugh.

"I got back at him good and plenty and he had it coming, too," the patricide added more sternly.

Mello talked freely of the plot he laid to kill his father, Egidio Ghilardi, 49, a Chisholm village laborer.

"The old man had struck and scolded me all the time," Mello explained.

He related how he smuggled a shotgun into the basement of their home and how he lay in wait for his father.

"The old man was making moonshine," he went on. "I laid in wait for him and when he came down I let him have it.

"Then I went over to the body, saw that he was dead and stepped into some blood. I wiped this off and went upstairs and out to a pool hall, where the police picked me up later."

Observers believe Mello's mind is undeveloped. He recently was under observation as an insanity suspect. His mother is in a state sanitarium.

When the St. Louis-co. grand jury meets May 12, the boy probably will be indicted for murder.

Ida, his 15-year-old sister, who discovered the crime, is prostrated with grief at the home of her uncle, Regito Giorni, in Chisholm. The elder Ghilardi was buried today.

COOLIDGE VACCINATED?

ASHINGTON, April 30.— The a great mystery is made about it at the White House. President Coolidge is believed to have been vaccinated as a precaution against the incipient epidemic of smallpox in the capital.

Nearly all the White House staff of secretaries and clerks and the police force have been inoculated and Edward Clark, the President's personal secretary, was vaccinated recently.

Three deaths from smallpox here brought the total since the first of tre year to 19 with 52 other cases in hospitals in the same period.

Say Sheriff Easy With U.S. Prisoners

CARSON CITY, Nev., April 30.—Sheriff J. B. Crane of Churchill-co is accused in a petition on file today in the federal district court of allowing federal prisoners in bootleg cases to come and go as they will from the county jail.

J. B. Turner and William G. Byrne, federal prohibition agents, filed the petition, accompanying it with affidavits alleged to afford photographs, entertain friends in the jail, play poker without restriction and in some cases were given keys to the jail. It was also charged the sheriff was invited to "sit in" at poker games played by prisoners.

CONVICT DROPS 2 STORIES, ESCAPES

LOS ANGELES, April 30 — George Stump, San Quentin convict, dropped two stories from the Hall of Records building here today, landed in a bed of roses and escaped.

Stump was in the prisoners' room waiting to be taken into court to receive sentence on five counts of burglary. His handcuffs had been removed for his appearance in court. He made a sudden dash from the room, ran thru a crowded courtroom into an anteroom and disappeared thru a window.

Deputies pursued him, but feared to draw their guns with scores of spectators in the line of fire.

When they reached the window Stump had dropped from sight.

The prisoner was brot here from San Quentin where he was serving two terms for burglary. Police said he was one of the most desperate criminals on the Pacific coast.

LONDON, April 30.—Plans for a bomb outrage in Rome, similar to that which cost more than 200 lives in the cathedral at Sofia, have been frustrated by officials, the latter believe, according to a Central News dispatch.

SOCIETY

PAST O.E.S. HEADS ENTERTAIN AT EVENING PARTY

MERELY because they are past officers is no indication that former worthy matrons and worthy patrons of Orange co O. E. S. chapters are passe, which was indicated last evening when such officers of Chispa chapter, Anaheim, became hosts and hostess to similar officials of the seven other county chapters in Masonic temple.

With a 6:30 o'clock dinner in the banquet hall where 60 were seated, the affair had a jovial beginning. Jokes and funny experiences were related, and it happiness is conducive to digestion, surely there were no "banquet headaches" this morning. The color scheme was bright yellow, flowers, streamers, etc., the careful arrangement of a decorating committee.

Following the dinner all repaired to the chapter room where card tables were placed and the remainder of the evening passed over five hundred. The prizes were won by Santa Ana ladies and Huntington Beach men.

Mrs. H. T. Trueblood, of Santa Ana, president of Hermosa chapter, and past district deputy, made a short address. Mrs. A. L. Knipe and C. J. Dunham sang duets with Mrs. Dunham at the piano.

The Mesdames John Kellenberger, E. H. Metcalf, Guy Daniels and an energetic corps of assistants were responsible for the delightful arrangements of the evening.

Mr. and Mrs. Arthur McAuley of Placentia-ave., left this morning for a several days' fishing trip to Moreno dam, near San Diego. They carry their own camping equipment, their radio and their auto is arranged for sleeping quarters. All the neighbors are anticipating a fish breakfast upon return of the motorists.

Policeman to spooners in park: "What are you doing here?" Man: "Nothing." Policeman: "Coward."

Seeks Riverside Cupid

A marriage license was issued Tuesday in Riverside to Miss Mary E. Healey and Mr. Frank C. Harmon, both of Placentia district and both active in Placentia social and business life.

Miss Healey is the daughter of Mr. and Mrs. J. J. Healey, of Placentia-ave, near Orangethorpe, and is a graduate of both Fullerton high school and Fullerton junior college. For several months she was employed in a clerical capacity by the Southern Counties Gas Co., when the office was opened in Placentia about two years ago. She is a very popular girl in the community and has been honored with several pre-nuptial affairs, among them a shower on April 14, given jointly by Mrs. Clayton Landreth, Mrs. L. V. Steen and Miss Rena Beale.

Mr. Harmon has been assistant manager of the Harmon Motor Co. of Placentia, which recently was sold and is now associated with his brother, O. D. Harmon, in the Hudson Essex agency in La Jolla, where the young couple will probably make their future home. He is the son of Mrs. Mollie Harmon.

Printed silk and pleats are combined with telling effect in many of the new spring dresses. The fine pleating of the apron of this afternoon frock of Cheney Printed Silk from L. Bogen gives to the design an entirely different aspect than in the plain part. The frock is in tunic style and very well adapted to being worn with an ensemble coat lined with the printed silk. Buttons are freely used in a panel extending down the front of the dress.

CLUB HEARS WHY MEMBERS LOVE THEIR "JOBS"

THE Round Table Club held its regular meeting in their spacious club rooms yesterday. It was decided to buy a picture to present to the Sherman Indian school as a slight token of appreciation for the wonderful day the club members spent with them some weeks ago.

A delegate to the state convention in Santa Cruz next July will be appointed by the president, Mrs. E. E. Knight.

Reports of the county convention at Fullerton, given by Mrs. Herbert Sullivan and Mrs. H. S. Gaines, were so interesting that those who had not attended felt they had missed something worth while.

A suggestion by the Ways and Means Committee that a Garden party be given by the club on the club grounds and the proceeds go to the Redwood fund, was heartily received and the matter voted upon favorably.

The program for the day followed the business meeting. This was called Vocation Day and very appropriately started with the reading of a quotation from Carlyle, "Blessed is he who has found his work; let him ask no other blessedness."

In short five minute talks the following told why he or she loved his or her profession.

Dr. Beaufort Haines of Anaheim in a few well chosen words, told how her profession as a physician brought her in touch with the human side of life and the physical and sometimes mental troubles of mankind.

"The Rancher," Mr. S. W. McCulloch showed how much poetry and art are found in the rancher's and especially the citrus grower's life. Nature's art altogether unequalled.

"The Housewife" by Mrs. F. M. Dowling who said that in reality her profession was being a preacher's wife. With characteristic humor and cleverness she told of incidents which made her life work a fountain of joy to look back upon and forward to.

"The Attorney", was most ably represented by Mr. T. L. McPadden. Mr. Howell a lawyer of prize fighter rather than to a gymnast because both have to be on the continual watchout lest the opposing force knock him out and a lawyer once completely knocked out is apt to be "put on a shelf" as completely as fallen ring idol. He must be human as he comes in contact with all phases of human life and is asked to bear the burdens of all who come to him for advice. Mr. McFadden ended by saying that everyone must lay a firm, sound foundation for happiness in the next evolution by living according to the Golden Rule as laid down by the great architect and builder.

Miss Lillian Yeager was unable to tell of her business profession and Miss Anita Shepardson kindly consented to came in her stead. Miss Shepardson feels that its activities to come in contact with and even in a little and perhaps indirect way to influence or help mold the boys and girls who may come under her supervision.

Dr. A. M. Wricht of Fullerton spoke on the "Call to the Ministry" as being a God chosen work and not a real profession.

The Orion Quartette, Irving Long, Harold Ferguson, Rex Burkheart and Jack Harmony with Mrs. Pickenaugr as accompanist gave three delightful selections, "Rocked in the Cradle of the Deep," "Just Keep Smiling," and "Look Before you Leap," which were very well received.

Owing to the lateness of the hour Mrs. J. W. Newell refused to give her paper on Current Events.

Adjournment was followed by a social cup of tea served by the hostesses, Mrs. Fred Cline, Mrs. C. E. Lee, Mrs. Titus and Mrs. A. M. Christensen.

TAXI DRIVER SAVES GAS, MAKES MONEY RENTING CAB AS "SMOKE ROOM"

A thrifty New York taxi driver of Connecticut ancestry has discovered a way to keep the meter coming in without using gas and wearing out tires. Every day he parks his car in the theatre district and he has a number of regular customers who occupy it during the ten and fifteen minute intervals. They always insist upon paying more than the regular waiting as they enjoy their smokes more there than in a stuffy inside smoking-room. The photograph shows a pretty "fare" enjoying the comfort of the taxi smoke room.

INDIANA GIRL TRAVELS WEST FOR NUPTIALS

THE impressive Episcopal service united in the bonds of matrimony last evening at 6 o'clock, Miss Catherine E. Granger of Logansport, Ind., and Mr. Hugo A. Jacoby, of Walnut Park.

The ceremony was performed in St. Michael's church, Rev. A. G. H Bode, the rector, officiating. The bride wore a tan ensemble of gown, pumps, hose hat and gloves, and carried an arm bouquet of pink sweet peas. She had arrived here from her home city only last Sunday, the romance having begun during her visit to Anaheim about one year ago.

The groom is a brother of Mr. Charles Jacoby, 925 West Center St., and the only attendants at the ceremony was Mr. and Mrs. Jacoby. Upon returning to the brother's home a cozy little dinner party was enjoyed by the quartet. The table was centered with a great heap of choicest roses while baskets of Cecil Bruners marked each cover. The wedding cake was deftly cut by the bride, according to tradition and became a portion of the menu.

The honeymoon trip has been deferred until later in the summer when the groom will have his vacation. He is connected with the Lucky Young's Markets in Los Angeles, in an executive capacity, which prevents an absence at this time. He has a home prepared in Walnut Park where they went last evening following dinner.

The bride has been a close friend of Mrs. Charles Jacoby for several years and has made many acquaintances in Anaheim during her visit here.

DEMPSEYS VISIT BRIDE'S MOTHER

WILMINGTON, Del., April 30. Jack Dempsey, heavyweight champion, and his bride, Estelle Taylor, movie star, arrived in Wilmington last night. They drove from New York and went immediately to the home of Mrs. Harry Han, Estelle's mother. They intend to remain here until tomorrow, when they leave for New York and on Wednesday, May 6, board the steamer Berengaria for France for their honeymoon.

When asked as to where they will reside upon their return, Dempsey said, "We might go back to California. New York or even come here to live as it is Estelle's home."

At any rate calf love is the real thing, not bull.

DAILY GREETING TO OUR READERS

The eternal God is thy refuge, and underneath are the everlasting arms.—Deuteronomy 33.27.

A life of mere pleasure! A little while—in the spring-time of the senses, in the sunshine of prosperity, in the jubilee of health—it may seem well enough; but how insufficient, how mean, how terrible, when age comes, and sorrow, and death.—Edwin H. Chapin.

CORRECT LIVING BEST CORRECTIVE

The unit of sound government, after all, is the individual citizen. And the theater of government is not the seat of political power and action, but in the home and place of business—in the daily life and conduct of the individual. President Coolidge stressed this in his address to the Daughters of the American Revolution. "There is only one way in modern civilization," said he, "with its broad privilege of the franchise, with its representative legislative bodies, to avoid the constant interposition of the government into practically all the affairs of the people, and that is for the people to adopt a correct course of action, to provide the proper standards of conduct by their own motion; if they do not want government through public action, they must provide it through private action."

This is a thought that should impress the people. Children should be impressed with this. Teach them to govern their own conduct in such measure and manner that the government will not have to interpose with correctionary laws and regulations. This country needs the largest measure of self-rule as to individual citizens living correctly, there is little left for government to do, correctionally.

WAR MIMICRY IN MIDST OF PACIFIC

An "enemy" holds the Hawaiian Islands—theoretically. The flower of the American Navy is proceeding toward the strategic group to recapture Hawaii and to drive the "enemy" out. This war game is conducted with rigid adherence to actual facts of war. Should the fleet fail to recapture the islands, the fact would be admitted. This is the only way to derive good from the big maneuvers. The purpose is to reveal the strength and weakness of America's defences in the Pacific. To be useful, these war games must be honest and sincere. There must be no cloaking or whitewashing of results.

Let this fact be kept in mind and impressed: These maneuvers are not designed as threats to any nation or people. There is no nation or people that needs fear anything from the United States in the way of bullying or aggression. This country is maintaining its armed strength solely for defensive purposes. The only country that needs fear the United States is the country that contemplates attacking the United States—should there be any such country. The American people hope and pray that there is not, on the whole face of the earth any nation or people harboring grudges against the United States and planning to make war upon it. This country is not intentionally provoking any country or people, nor is this country seeking war with any country or people.

PARAMOUNT WILL DIVIDE PROFITS

HOLLYWOOD, April 30—Paramount Motion Picture representatives will hold their second international convention in Paris.

They brought their first conference to a close here with an extravagant banquet at Famous Players-Lasky Studios, attended by officials, stars and approximately 200 "extra" girls.

The business end of the convention was featured by announcement of a bonus and savings plan for employes modeled after that of the Standard Oil Co. Under this scheme the movie workers will share in Paramount's enormous earnings.

It was also decided to produce 40 new pictures the coming six months, two-thirds of them at the Lasky studio here and the balance at the Long Island branch in the east. These productions, it was announced by Adolph Zuker, president, would avoid "sex appeal" and be largely stories of western and home-life.

HEALTH AND DIET ADVICE

By Dr. Frank McCoy

Author of "THE FAST WAY TO HEALTH"

GOOD STARCHES—(Continued)

BAKING POWDER BISCUITS—The only way in which white flour may be used is when it is cooked in the form of baking powder biscuits. These should be made with flour, eggs and milk, adding baking powder as in the preparation of corn meal muffins. They should be made very thin so that they can be thoroughly cooked through. They should not be used in addition to any other form of starch at the meal, but should supply the main starch food, and be properly combined with non-starchy and salad vegetables.

WHOLE WHEAT BISCUITS—can be made out of the entire whole-wheat flour in the same way as the baking powder biscuits are made. This whole wheat flour, made from the entire grain, is not obtainable in the grocery stores, but must be secured from some Health Food store which they have a special grinding machine for grinding the entire whole-wheat grain. The whole-wheat flour sold in most grocery stores is a mixture of a low grade of white flour with "middlings" added. It is called "Graham", whole wheat, cracking wheat and entire wheat, according to the mixture of middlings or bran which it contains. If you can not obtain the real whole wheat flour from your grocer, I will be glad to furnish you the names and addresses of different pure food companies who will send it to you by parcel post. Muffins made out of the whole-wheat flour must be made thin and cooked very slowly, otherwise they will not cook thoroughly.

What Editors Are Saying

LEAVE RAILWAYS IN PRIVATE HANDS—San Bernardino Sun

The Boston & Maine Railroad system in New England is petitioning the Interstate Commerce commission for permission to abandon or to transform into motor truck highways, roads on which traffic has so decreased that they are now operating at a loss of more than half a million dollars a year. It argues that in order to keep those branches running and to make its accounts balance, it is compelled to charge the patrons of its other lines higher rates than it otherwise would, so that it is making the patrons of some lines pay for the service rendered to those of other lines. That argument is obviously sound, and indicates a state of affairs that it is difficult to justify.

It is interesting to speculate upon what would happen if that railroad system were owned and operated by the government. Would the people of the whole country be taxed to cover the deficits on lines that did not begin to pay the costs of operation but were kept running for the accommodation of just a few persons or for the benefit of a few towns? If the government undertook to abolish them, as the Boston & Maine company wants to do, it is easy to imagine the political agitation and wire pulling there would be against such a measure. The case presents a strong argument in favor of leaving the roads in private ownership.

THE HAUNTED HOUSE

TALES about it were as numerous as its dark, broken windows. Trees shadowed it thickly; winds sucked through its halls. The shutters sagged and were ivy-eaten—the windows giving in to an emptiness at once foreboding, dreadful.

Excitement ran agog when the place was bought. School children huddled to watch the rooms renovated. A sign swung out: "Stop here for tea." Lights sprang up. It became a frequent pleasure to drop in of evenings. In time, the towns-people lived the place. The inviting sign, the cleanliness, the light, banished fear.

Many a product you didn't know and might not have trusted, has become intimate to you through the clearness of advertising. Family standbys in your medicine chest, baking powders, extracts—products that might endanger if less than pure—you know to be pure because widely advertised. You are sure of their quality wherever you buy. You feel safe in using them—in using any product that invites, through advertising, the test that proves its worth. Your one-time fear is now a willing confidence.

For 28 weeks a class of 50 ...as been receiving instruction ...rom a Los Angeles attorney, ...lenry Schaffer, in the subject ...f negotiable instruments. Last night they took the final test, practically all the banks of the county being represented.

These tests, under the auspices of the American Institute of Banking have been going on all over the country, 40,000 students taking them, including 1700 in Los Angeles alone.

Orange co. never before has had a chapter of the Institute or enjoyed its benefits. A class will be conducted, probably on another subject, beginning in October.

Meanwhile the examination papers will be forwarded to New York City to be marked.

Comparatively few of the students dropped out of the class during the 28 weeks, those who did so being mostly girls.

On May 7, at the Elk's Club the chapter will hold its annual meeting.

HOOT GIBSON IN REAL THRILLER

Never before has a picture been made in such an elaborate atmosphere as "Let 'er Buck", Hoot Gibson special, which will be the featured attraction at the United Theater on Friday and Saturday.

And all because this production was made in Pendleton, Oregon, while that city's famous Annual Roundup was in progress in consequence there was available for atmospheric purposes, a collection of the most skilled cowboys, the most vicious bucking horses, the danger-wise steers and a host of other elements all of championship standing when it comes to sports on the cattle range.

Many of the daily events on the three day program were filmed into the action of the picture story, and there are times when the film shows the entire huge arena, with horses sending cowboys flying thru the air, steers being roped and bulldogged, the while thousands upon thousands looked on from the grandstands.

Many of the Universal ranch riders, who were with the Gibson unit entered the championship contests, some of them former champions in the Roundup.

The supporting cast of "Let 'er Buck" includes Marion Nixon, Josie Sedgwick, G. Raymond Nye, Charles French and William Steele.

Also on this program for Friday and Saturday, will be seen the second chapter of that intensely interesting chapter play, story of the early gold rush days, "Idaho."

WARRANTS ISSUED FOR GOV.'S SEC'Y.

TUCSON, Ariz., April 30—Warrants have been issued here for the arrest of H. S. McCluskey, secretary to Gov. G. W. Hunt, and George Eberle, purchasing agent of the Arizona Highway department, on a charge of violating the prohibition law.

The warrants were issued on complaint of M. P. Cosby, federal dry agent, and were forwarded to Phoenix, where they are to be served today.

The officials are charged with possession and transportation of liquor. It is claimed liquor was found in Eberle's car at Nogales, Ariz.

WEDS WOMAN WHO WAS SUING HIM

SAN FRANCISCO, April 30.—Manuel Silva, 49, wealthy Stockton dairy man, and Miss Hazel Mercedes Duarte, mother of his two children, who was suing him for $100,000 damages for breach of promise, were married today and are "very happy."

The wedding ceremony was performed by Justice of the Peace Frank Deasy in one room, while upstairs in another room Superior Judge Timothy I. Fitzpatrick waited for the couple to decide whether it was right or "marry."

"I was poorly advised, but I'm very happy now," said Silva's bride after the ceremony.

"We always loved each other, you see," she explained.

Watching Scoreboard

Yesterday's heroes—The Detroit Tigers, after dropping seven straight games, finally won one, beating the Browns 11 to 5. Geo. Sisler hit safely in his 15 consecutive game.

Weak pitching by Dean, Greenfield and Barnes gave the Phils a 13 to 9 victory over the Giants in a wild game, during which two Philadelphia pitchers were also shelled out of the box.

Thomahlen, Rush, Hubbell and Oeschger couldn't hold the Braves in check and the Robins were dropped by a score of 10 to 3.

U.S. UNAFFECTED BY RUHR DISPUTE

WASHINGTON, April 30 Any dispute between Germany and the Allies concerning continued French occupation of the Ruhr as affected by Hindenburgs election, will not concern the United States, a high official of the administration indicated today.

Referring to the Dawes plan and the London agreement providing for the evacuation of the Ruhr before next August, this official said that the United States government had no formal connection with or responsibility for the Dawes plan or the London agreement and its provisions.

This government did not sign the London agreement and in signing the latter Paris agreement obligated itself merely to accept payment from Germany without becoming in any way responsible for the collection of reparations, according to the view expressed.

WASHINGTON, April 26—The state department is not expected to act directly upon the question of felicitating Field Marshal Von Hindenburg on his election as president of Germany, it was learned today.

Unless an unforeseen factor arises, the United States charge d'affaires in Berlin will be allowed to decide without instructions from Washington and to join with the representatives of other powers there in felicitating the field marshal, according to the view expressed.

AGED MAN DIES AT RELATIVE'S HOME

Edwin Virgoe, 72, died early this morning at the residence of J. P. Mayhew, 446 West Center-st. following a serious illness of a week, although he had been in failing health for several years. Mr. Virgoe is survived by a son, Geo. Virgoe, of Orange, and a daughter, Mrs. R. C. Orr, of Yreka, Calif., who was at his bedside.

He was a native of England but had lived most of his life in this country and had been a resident of Anaheim for 16 years. It was here his wife and son died several years ago.

Services will be at the Huddle chapel Saturday at 2 p. m., the Rev. Harry J. Hill, pastor of Orances Christian church, officiating with burial in the family plot in Anaheim cemetery.

COHAN MAY BUY BROOKLYN TEAM

NEW YORK, April 30 — Brooklyn's National League franchise, the most valuable in the league next to the Giants, probably will be sold as the result of the death of Edward McKeever, the second president of the club to die within two weeks.

Stephen McKeever, 71, who held a half interest with his brother, is now the only living owner. It is very doubtful that he will care to assume the responsibilities as he has been little more than a silent partner.

Following the death if Charles H. Ebbetts, it was reported that the McKeever brothers would buy his holdings in the club, and became sole owners. It is understood now that the Ebbetts state cannot take over the other half interest in the team and that it will be sold.

Many prominent New York sportsmen have been mentioned as probable purchasers.

George M. Cohan, prominent theatrical man and a great baseball fan is being mentioned as a purchaser. He has been wanting to get into baseball for years and now has the opportunity as his theatrical activities have been curtailed greatly.

Since 1916 the owners of the Brooklyn team have made a small fortune. The team has patronage almost as good as the New York Giants and the property upon which the ball field is located, is one of the most valuable tracts in the residential district of Flatbush.

LOVE AND THRILS IN 'AS MAN DESIRES'

Red-blooded romance and drama can best describe "As Man Desires," the First National feature which opened last night at the California Theatre and which will be shown again tonight.

"As Man Desires" is drama with action and punch. In the role of Captain John Craig, a British secret surgeon stationed in India, Milton Sills is in a characterization such as we like to see him. Sills was in his element in "The Sea Hawk" as a gentleman pirate, the scourge of the seven seas. He is just as well cast as the embittered soldier who, falsely accused of murder, flees to the South Sea Islands to hide and to forget.

Co-featured with him is Viola Dana in a most charming and acceptable part, that of a bewitching and flirtatious native dancing girl.

A Circus Comedy, International News and Special musical numbers by Gruet, Kramer & Gruet concert organist completes the program.

WONDER WHISTLER AT CALIFORNIA

There are five very clever acts in the big vaudeville road show at the California theater Friday and Saturday. They come here from big time bookings where they have all scored phenomenal success.

Bascope, the "Wonder Whistler" is without doubt the best whistles in the world, as he whistles in five distinct tones. He also has a very good singing voice.

Beck and Barry in "The Wrong Number," are a pair of clever entertainers who have a novel offering. They present bits of everything in their bright skit in a manner that will certainly make a hit.

Gruet, Kramer and Gruet offer "A Circus Day in Georgia" a splendid bit of entertainment in which comedy and music predominate. They have a combination of excellent instrumental numbers, graceful, dancing, and the snappiest kind of comedy.

Silvers and Ross in "You'd Be Surprised" is an act built specially for laughing purposes. These two clever comedians are the hit of any show with their clever songs, classy dances and comedy talk.

The Crawfords present "Odds and Ends", a novelty combination act of stack wire walking juggling, tumbling and trapeze work.

Remember the Scarecrow? and the Tin-Man? and Little Dorothy? and the Lion? and the Wizard? and the cyclone and all the other thrills and fun in the land of Oz? Well, they are all brought to life in the Chadwick Pictures Corporation screen version of the world's most famous fantastic spectacle, L. Frank Baums' "Wizard of Oz" which is the feature photoplay for Friday and Saturday.

This famous story has been familiar to the world for twenty years. Adults have been fascinated and charmed with its whimsical humor which is worthy of the pen of a Barrie; children have been delighted with it, reading it again and again.

The screen's greatest eccentric comedian, Larry Semon, portrays the role of the "Scarecrow," originated by Fred Stone and it is said that Mr. Semon characterization is one of the most remarkable portrayals ever given in motion pictures.

Lige Conley in a Mermaid comedy "Fast and Furious" and an Aesop fable are on the bill.

Troubles seldom shrink; they just seem smaller as you grow larger.

Doubtless the spring sadness is inherited from Adam. He had no fish hook.
